Garfield replied that the extract did not show his full meaning; that all he said or meant to say was that the democratic side of the house, including the chairman, was act-ing under the moral duress of a caucus dic-tation, and that in saying so he meant noth-ing personal.

he had never seen or heard read the amendments until they were presented in the committee, and that no member was bound by the action of a caucus. There was a good deal of excitement throughout the discussion, and Blackburn was frequently applauded on the democratic side, as Garfield had been on the republican side. always willing to publish anything that may have happened in this section, I have taken the liberty of addressing this letter to you. Some weeks ago I found a trail in my pasture on the Hondo, and followed it to Bear creek, near Patterson's ranch, on the Frio, where the parties escaped from me in acedar brake. I at once sent word to Capt. Dolan, of the state troops, informing him about it, thinking that I had found a clue to the murderen of Wm. Thompson. That efficient officer at once took up the pursuit, and canght the parties near Fort Clark. They proved to be three Mexicans—one dark colored, tolerably fieshy, hair a hitle gray, has a scar over one of his eyes. Another, a young man, with very large eyes, dark colored and sparse built—no peculiar marks by which to identify him. The other is rather light-complected, medium size high cheek bones, and says hin name is Andreas. I did not learn the names of the other. Capt. Dolan turned them over to the sheriff of Uvalde county. They had with them when captured three horses of the following description: One, a light bay horse, saddle-marked, right hind leg white, branded D on shoulder. One brown mare, white hind feet, and white strine from Fore.

The Woolgrowers' assumed to the Uvalde Respectan.

A meeting of the Uvalde Woolgrowing association, Mr. J. P. Rheiner president, was held in the town of Uvalde on the 1st of this month. Many who were interested were present, among whom were Messra Rheiner, Weymiller, Nussle, Mescham, H. C. Griner, Wish, and John Kennedy. Important business was transacted, among it the framing of a seab law for the purpose of having i presented to our legislature for enactment the same in full for the benefit of
