Thursday August 9, 1984

HOW WOULD YOU LIKE TO REVERSE YOUR AGE?--J.C. Pearson Sr. surely has reversed his age. Since May, he had been dropping years and right now, he is 75--going on 16. Pearson attributes his youthful attitude to the newest members of his family, and the youngest members of his family. They are in the forefront of this picture, and are named Pete and Kate. The mules were obtained in Arkansas and seem quite happy in their new home. Mrs. Pearson, on the wagon, also enjoys participating in her husband's new activities.

## He's Getting Younger -- With A New Family

He's 75 -- going on 16, and all that has happened since the addition of two new members to the family of J.C. Pearson Sr. who resides northwest of Muleshoe.

All boys, seventh grade through varsity, who plan to participate in any sport activities in school are required to take a physical, said Athletic Director Windy Williams.

All these athletes will be expected to be at the football field house at 1 p.m. on Sunday, August 12, to take their physical. Doctors from West Plains Medical Center will be administering the physicals.

The Anchor Brothers Band, gospel singing group from Sudan, will be in concert at the Muleshoe Assembly of God Church on South First Street, at 7:30 p.m. on Sunday, August 12; again at the same time on Tuesday, August 14 and Wednesday, August 15.

The Muleshoe Pep Squad will have a 'Back-to-School' party on Thursday, August 9, (today), at 7:30 p.m. at the new city park.

A hot dog supper will be served and a short business meeting held.

### 3-Way School '84 Schedule Is Released

Three Way Schools will have several new personnel this year. New to the Three Way ISD is C.W. Williams, head coach; Greg Jeffcoat, assistant coach; Ruthie Daniel, business teacher; Gay Williams, second grade teacher; Beth Hatla, sixth grade teacher; Kathy Haddeland, resource teacher; Gail Jeffcoat, Title I aide and Chris Hodnett, Library aide.

The 1984-85 school year will get underway at the school with students reporting for classes on Monday, August 20. Teacher workdays will be held August 16-17.

First holiday for the school will be on Labor Day, September 3, and the first six weeks will end on September 28. On November 7, the second six weeks will end. Thanksgiving holidays will be observed on November 22 and

Pearson got Pete and Kate, who are nearly two years of age and nearly three years of age, and years started dropping off his own age right away.

In May, the Pearsons went to DeQueen, Ark. and brought Pete and Kate back to Muleshoe. "I used to farm with mules," said Pearson, "so thought it would be fun to have some mules to play with."

After acquiring his mules, he started out to obtain wagons--not to 'hitch his wagon to a star' -- but to hitch it to his mules. He made one bed on a chassis obtained from R.B. Cunningham.

### City Clean-Up Gets Started, More Is Slated

Although Muleshoe Chamber of Commerce and Agriculture Manager Toni Eagle was informed Tuesday morning that "Good Morning, America" film crews would not be in Muleshoe this Saturday to film the Mule Day Festival, Mrs. Eagle was elated over progress made in "cleaning up Muleshoe."

She said the GMA officials had decided that Muleshoe was too far from other planned filming locations in Texas, so was passed over the events for this weekend.

Expressing disappointments, Mrs. Eagle commented, "we are still pleased about the response so far to cleaning up our city. We realize there is a lot more to do, and realize that the four hours spent Saturday morning could just 'scratch the surface,' we are pleased with how well this first effort went."

Volunteers who came out to help included Terry Marricle and Rose Crosswhite from the Muleshoe Young Homemakers; Lonnie Merriott, who came out with a tractor and mower and mowed all morning; Nelda Merriott; Muleshoe CoFC Ambassadorette Zanna Huckaby, Linda Huckaby and Toni Eagle.

Others who could not help, but did pay for young people from the Youth Employment Services (Y.E.S.) included Roy Farley, Ronnie Shafer, American Association of Retired Persons and Myrtle Creamer.

Y.E.S. workers were Ronnie Perez, Richard Ring, Tommy Lucero, Lily Cavazos, Ruben Leal Jr., Charles Bomer, Curtis Ward and Cynthia Cavazos.

Refreshments were provided for the workers by Cliff Allen and Inez McWilliams.

Con't Page 6, Col. 3

He also acquired a red wagon in Buffalo, Tenn.

Next came the problem of teaching the newest members of the Pearson family. When he got Pete and Kate, they were not even broke to lead. He started training them to lead, to stand for harnessing, and then to pull the wagon.

At first, when he started teaching them to pull the wagon, that brought on another problem. The mules would 'go' but they would not 'whoa.' When they started walking -- they just kept on a walkin'.

But, that little problem all got worked out, and found that his mules do not like to be approached by anyone on the ground. They really do object to that. Pearson thinks that will be worked out in the near future, though, and that his mules will be docile and just enjoy making their trips pulling one of his wagons.

Up to just two weeks ago, the mules would not stand still, and would just keep on walking when he had them hitched up. Pearson

### Football Reserve Seat Options Are Released

Football season is just around the corner, and football practice is about to get underway in Muleshoe. Persons who held reserve seat tickets for the 1983 football season may pick up their options on the tickets beginning Monday, August 13.

Options may be picked up at the school business office at 514 West Ave. G through Friday, August 31. Persons whose names appear on the chart may pick up their tickets in person; by mail with ticket holder's personal check or by third party if tickets are purchased with ticket holder's personal check.

Beginning September 1, all remaining tickets will go on sale on a first come, first serve basis. Reserve tickets may be purchased at the School Business Office during regular office hours from 8 a.m. - 5 p.m.

Reserve Season tickets for the five home games will be \$17.50. Any reserve seats remaining after the season starts will be \$4 each for each home game.

Large schedule placecards with a place to record may be picked up at the school business office or the athletic office.

Tickets costs for this year are: \$17.50 for reserved seat tickets; \$7.50 for student season ticket; \$3 for adult general admission and \$2 for student general admission.

Con't Page 6, Col. 3

## Mule Day Festival Will Be 'Big' Day

Light Showers Dot Entire Area Early In Week

By presstime on Wednesday, apparently the Muleshoe National Wildlife Refuge had received the most moisture from showers during the first part of the week. They reported .42 rain on Tuesday and had received .19 on Monday, for a total to Wednesday morning of .61 inches of moisture.

At Lazbuddie, Demp Foster of Foster Fertilizer said they had only received 'light showers' thus far this week.

Floyd Davis, who resides near the New Mexico border west of Coyote Lake, said he had recorded .2 on Tuesday, with just light showers since that time.

At Circleback, Mrs. Jerry Damron said they received about .2 rain on Tuesday morning, and just very light showers since that time.

Mrs. Robert Hunt in the West Camp community said they had received light showers and a very slow drizzle, not enough rain to measure at presstime.

Mrs. Reuel Kirby of the Goodland-Maple area, said they had received .2-.3 moisture during the first part of the week.

A flash flood watch issued for Bailey County around 4:25 p.m. on Tuesday failed to produce even a shower in the Muleshoe area, but the watch was again issued for Wednesday after the cool front bearing the wet clouds did not push across into Texas from New Mexico. Heavy rains were reported in New Mexico during Tuesday night and early Wednesday morning.

Wet weather was expected to linger in the area going into the weekend when the weather was expected to clear.

### Regional Red Cross Has Expanded Program

With the recent formation of the South Plains Regional Chapter of the American Red Cross, the variety of Red Cross services available to Bailey County residents will undergo a major expansion, according to Carl Hill of the Lubbock office. He commented, "These programs include aid to disaster victims, service to military families, and a number of health and safety courses."

Once service is in place, Red Cross Disaster Action Team volunteers will respond on a 24-hour vasisto disasters such as single-family fires or tornadoes, added Hill. The Red Cross will provide free assistance to disaster victims: first aid, food, clothing, and shelter. The team will also provide first aid and other support to fire fighters during major fires.

He added that the Red Cross will continue its function as a world-wide communications link between service families and military authorities. It will provide verifications for emergency leave, inquiries about health and welfare, and other military reports.

The Red Cross is currently arranging First Aid and CPR classes in Bailey County, said the Lubbock officials, and public classes will be held regularly. According to Hill, businesses, churches, and other groups may schedule separate eight-hour classes. Instructor training courses are also available.

Working with public and private club pools in Bailey County, the South Plains Red Cross will seek to expand and improve the county's water safety training programs. These classes range from Beginning Swimming to Advanced Life-saving and Lifeguard Training.

Community Health courses will be available to provide training in E.B., sitting, Preparation for Parenthood, Stress

### Full Schedule Expected To Draw Thousands

It all started all small, and rather private, according to Jeff Smith, coordinator of the Mule Day Festival, scheduled for Saturday, August 11. But, as the years rolled by, kept getting bigger and bigger, until now, a full-scale production is expected for this year's staging of what is fast becoming a major event for the Muleshoe area.

Last year was the largest celebration ever, with several thousand people taking advantage of many of the all-day activities. Smith reported gross proceeds of around \$20,000, and by the time all expenses were paid, including construction of the new rodeo arena two miles east of Muleshoe on Highway 70, some \$5,000 was given to Girlstown, U.S.A. at Whiteface.

Smith said he appreciates all the contributed supplies by the many people who help with the celebration, and he also appreciates all the voluntary help to hold the Mule Day Festival each year. "There is no way we could have this large a celebration without the help of all the people who willingly donate their time, talents and services to this year," he commented.

Events get underway Saturday with the 4-H Omelet Rodeo located in the "big blue barn" at Jeff Smith's place two miles east on Highway 70 and one-half mile south. 4-H members will be preparing and serving breakfast for all the early risers, and say they would welcome you.

At 6:30 a.m., the hot air balloons will take to the air for the hot air balloon race, with several balloons expected to be here for that event.

At 8 a.m., two events get underway. A scramble golf

tournament will begin at the Muleshoe Country Club, and a 10-K run starts from West Eighth Street in front of KMUL Radio.

A large number of golfers and runners are expected for those two events.

And, beginning at 8:30 p.m., a major event takes place. The ever-popular fast-growing event -- the turtle races -- will start. Now, folks, the turtles have been in training, waiting for their chance to star at the Mule Day Festival. It is possible that more than 100 turtles will be entered this year, and many have had their turtles undergoing training for the event. A number of trophies and prizes will be awarded.

Art lovers will enjoy the arts and crafts show, which will be held at the 'barn'. Many top artists will be displaying their paintings, sculpture and other art for viewing, and purchase.

Parade participants will begin their line-up at 9 a.m. and be ready for the big Mule Day Festival parade in downtown

Con't Page 6, Col. 1

### Police Vehicle 'Toted Out' In Accident

A rash of late Sunday night fights resulted in arrests, and injuries to a Muleshoe City Patrolman and one other person from an accident indirectly related to the fights.

Muleshoe City Police Officer Eugene Porras was treated at West Plains Medical Center, following an accident with another vehicle while he was responding to a 'fight call,' at West American Blvd. and 17th St.

Porras and a female from the other vehicle were both injured, with Porras being treated for lacerations and bruises and released. The driver of the other vehicle was hospitalized overnight for observation with leg and head lacerations.

DPS Troopers Lacie Kirk and David Blackerby investigated the accident, and said their investigation had not been completed.

Shortly after the first fight report, at least two other reports were received by the Muleshoe City Police Department reference fights breaking out in other locations.

One hit and run accident was also reported on the Friona highway during the time of the investigation of the fights and the vehicle accident involving the Muleshoe City patrol car.

SMASHED POLICE VEHICLE--Early Monday morning, Muleshoe City Patrolman Eugene Porras received injuries serious enough to require medical treatment following the smashup of his patrol car. He was responding to an emergency call when the accident occurred. One other person was injured in the accident.

## Creative Woman

by Sheryl Borden

Two topics will be presented on "The Creative Woman" show on August 14 and 18. Viewers will learn about sewing quilted fabrics and making cannoli. Ann Silva, owner of Ann Silva's Bernina Sewing Center in Albuquerque will discuss and demonstrate sewing techniques for quilted fabrics. The popularity of pre-quilted fabrics has grown, especially for use in garments. Many types of fabrics are available and some manufacturers also make available companion coordinated non-quilted fabrics.

"Cannoli" means pipe and

this dessert item can be made at home and filled with delicious fillings or purchased already made. Sarah MacDonald-Smith is a nutrition consultant with the Associated Milk Producers, Inc. in El Paso, Texas and she will demonstrate making and serving cannoli. It's very elegant but easy to pre-prepare, although it is somewhat expensive.

On August 16 and 19, the topics will include part two of the pants fitting segment and information teenage food habits. Susan Pletsch, home economist and sewing expert with Palmer/Pletsch Associated in

Portland, Oregon will conclude her pants fitting demonstration by showing how to use a gingham pant shell for final fitting. McCall's Pattern #8173 is the one recommended for the pant shell and Susan will show how to analyze fitting problems and how to make necessary adjustments.

Dr. Alice Hunt, Food-Nutrition Specialist with Texas Agricultural Extension Service in College Station, Texas will discuss characteristics of teenage food habits including snacking, skipping meals, meals away from home, weight control for teenagers and the dangers of poor food habits and food fads.

"The Creative Woman" is produced and hosted by Sheryl Borden. The show airs on Tuesday and Thursday at 12 noon, at 2:00 p.m. on Saturday and at 5:00 p.m. on Sunday on KENW-TV, Channel 3, Portales. (All times are Mountain Standard).

Viewers can request copies of printed materials offered on the show by calling on KENW-TV's

### In Fashion

One of the newer shoes, which is quite popular, is the airy, squishy, soft and comfortable jellies.

They can be worn in sunshine or rain because the super light plastic isn't harmed by dampness.

There are many, many styles—strappy or cut-out—in bright colors or opalescent hues.

toll-free telephone lines. The numbers are: New Mexico: 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales and Roosevelt County: 562-2112.

## Young Homemakers Tour Talk Plant

Lazbuddie Young Homemakers met on Monday, July 30, for a special summer session. They took a guided tour of the Talk Plant. The Texas Young Homemakers organization has added "energy conservation and natural resources" to the list of awareness objectives for local Young Homemakers chapters.

In keeping with that objective, the Lazbuddie chapter has made an effort to learn more about energy production and conservation in this area and has promoted energy conservation awareness in the Lazbuddie School by giving ribbons for conservation posters in the elementary grades.

After what the members said was an interesting tour of Talk Plant, the club members went to

the Pizza Hut for lunch and a summer business meeting. President Lana Copp, called the meeting to order.

Plans were made for attendance at the Area I meeting in Plainview on August 25.

Also discussed were several new projects for the coming year.

They are also getting ready to start selling pecans and the last of their cookbooks.

A special topic of discussion at this meeting was how they could best use the money to be donated to the Lazbuddie School for playground equipment. Members voted to provide supplies

and refreshments for a community playground work day on Saturday, August 18.

Attending were Janice Bradshaw, Marca Morris, Debbie Weir, Cindy Cargile, Reta Mimms, Debbie Magby, Lana Copp, Vickie Burch, and advisor, Cassandra Cargile.

**A WIERD RITUAL?**--No, just two high-spirited young men balancing an egg (raw) between their noses during the celebration at Amherst last Saturday. A good crowd was on hand for the all day festivities.

### MEXICAN RICE SALAD

- 9 hard-cooked eggs, chopped
- 3 cups cooked rice
- 1/2 cup sliced green onions, including tops
- 1 cup sliced celery
- 1/4 cup chopped canned green chiles
- 1 cup grated Cheddar cheese
- 1 cup sour cream
- 1 tablespoon lemon juice
- 1/4 cup picante sauce,

- optional
- 2 teaspoons salt
- 1 teaspoon seasoned pepper
- Salad greens
- 1 large fresh tomato, chopped

Combine eggs, rice, onions, celery, chiles, and cheese in large mixing bowl. Blend sour cream, lemon juice, picante sauce, and seasonings. Pour over egg mixture; mix well. Chill. Serve on salad greens and top with tomato. Makes 6 servings.

### WHO KNOWS

1. How long is the Mediterranean Sea?
2. By what other name is the state of Idaho known?
3. Herbert Hoover was born on what date in August?
4. Name the 13th president of the U.S.

### Answers to Who Knows

1. From Gibraltar to Palestine, 2,100 miles.

## COMBEST COMMENTS

By Larry Combest

### Working for Fair and Effective Farm Policy

Last month I was invited to Dallas to join a group of farm representatives in a meeting with Agriculture Secretary John Block. Secretary Block's stated purpose in calling the meeting was to hear our recommendations on rewriting farm policy for 1985.

Tommy Fondren, representing the Texas Association of Cotton Producer Organizations, spoke about federal laws that increase our costs of production, laws that foreign producers do not have to contend with, and that hinder our ability to compete in the world market.

S. M. True of Plainview, president of the Texas Farm Bureau, told how important exports are to the future of America's farmers.

And I presented six proposals to help make future agricultural policy more fair and effective

for the people of the 19th district.

In some ways I was encouraged by the meeting in Dallas. This was the fifth regional meeting and others are planned before the policy is written next November.

These "listening sessions," as Block calls them, are a step in the right direction for the administration. Listening to farmers is essential to building a foundation for good farm policy. But there was something the secretary said at the meeting that concerned me as I'm sure it did many others there. Block said the meeting should "help us understand why everyone can't always have everything he wants." This made me wonder if he'd fully understood the needs we presented.

The common thread that ran through the statements of almost

every representative there was that agricultural policy should be fair to all farmers. West Texas farmers don't need the government's help to understand that "everyone can't always get everything he wants." We don't want or expect anything more than we deserve from Washington—an effective agricultural policy that realizes farmers must make a profit, a policy that gives all farmers a fair shake on government programs.

In my closing statement I invited Secretary Block to conduct a similar hearing in the South Plains area. I did this to give him the opportunity to hear from the many outstanding farmers who could not attend the Dallas meeting and to let him know we intend to make sure he keeps the promise he made to us that day: "In the end, we will all get together and write the farm legislation."

Larry Combest is a fourth generation West Texan raised on a West Texas farm. He served as area President of the F.F.A. and received the Sante Fe Award at the National F.F.A. Convention in 1963. He served as legislative aide for agricultural policy for Senator John Tower and is a candidate for U.S. Representative, 19th District.

## Mrs. David Dominguez, Baby Honored With Baby Shower

Mrs. David (Sylvia) Dominguez and David John Dominguez, Jr. were feted with a baby shower at 7:30 p.m. Friday, August 3 in the meeting room at Summit Savings.

Rachel Hodges greeted guests as they arrived and they were registered by Connie Dominguez.

Carolyn Hodges and Beatrice Garcia served cake, millionaire cookies, mints, peanuts and punch from a table laid with white lace and centered with a ceramic bassinet filled with yellow and white daisies. The serving table was outlined with greenery.

The honoree was presented a yellow corsage, complemented with ribbon and baby booties. Special guests included Mary Hodges, grandmother of David John Dominguez, Jr.; Virginia Gonzales, aunt; and Rachel Hodges and Carolyn Hodges, both aunts.

Hostess gifts were a high chair and a play pen. Hostesses for the shower were Mariana Murillo; Connie Dominguez, Mary Pedroza, Susie Soto, Virginia Paez, Dolores Salcido, Maria Alfaro, Martha Alvarado, Rachel

Hodges, Virginia Gonzales, Janie Saldana, Ramona Sanchez, Bertha Mendoza and Ermila Pineda.

## Lazbuddie Homemakers Set Workday

Lazbuddie's Young Homemakers are asking for community help in their efforts to upgrade the Lazbuddie Schools' elementary playground.

The club is donating money to buy supplies for the building of

some new playground "tire tunnels". The Young Homemakers have set up a playground "fix-up-day" for Saturday, August 18.

They will have supplies at the Lazbuddie School playground and will also provide refreshments to the workers.

A spokesperson for the Young Homemakers said, "We know what we want to build for the kids, and we've raised the money for supplies, but we don't have the muscles to put it together."

They are asking that anyone who is willing to help with this worthwhile project, plan on being at the Lazbuddie School at 9 a.m. on Saturday, August 18.

### BUILDING A STEP FAMILY TAKES TIME

Rearing children is tough, but rearing someone else's children is even tougher. "Today a parent who divorces or becomes widowed is likely to remarry. And the new spouse may have children by a previous marriage too," says home economist Dr. Dolores Steglin. Combining two families in a new marriage may be extra complicated because old and new relationships, attitudes and beliefs are involved, says Steglin, a specialist with the Texas A&M University Agricultural Extension Service. "Members have not shared past experiences and the new family may have to redefine rights and responsibilities to fit their individual and combined needs," she continues. Time and understanding are the key allies in making a successful transition to a new family, says the home economist. But if problems do occur, deal with them openly and seek professional counseling, step-family organizations or support groups, if necessary, she advises.

## Mrs. Lupe Olivarez Feted With Birthday Party, Reunion

**FAMILY GATHERS TO HONOR MOTHER, GRANDMOTHER**--Mrs. Lupe Olivarez, who resides on South First Street, was honored on her 65th birthday last weekend when all of her children were home for the first time in several years. Mrs. Olivarez, seated in the chair, has been blind for the past two years, and has enjoyed getting to visit with her children. Pictured around her are several of her sons, their families, and children of their children.

### Seconds And Irregulars Save Dollars

Careful shopping for seconds and irregulars can save consumers money, if they know how to look for signs of quality, says a Texas A&M University Agricultural Extension Service home economist.

Many manufacturers set standards for their products, says Bonnie L. Piernot. When those standards aren't met, they don't discard the items. Instead, manufacturers label the imperfect product a "second" or an

"irregular" and direct stores to sell it below regular retail price, she explains.

A factory irregular is usually only slightly below the manufacturer's standards, says the home economist. Irregular stockings, for example, may be not quite standard size. Irregular towels may be not quite perfect in color or weave and there may be a slight oil spot on an irregular shirt.

"Often you won't be able to

spot the defect in a factory irregular," says Piernot.

In general, you're more likely to find damaged goods among products labeled as seconds, she observes. A second is often broken, torn or poorly made and the defect is easily identified.

But it can pay to carefully examine seconds, says Piernot, because sometimes they are perfect. Occasionally a company wants to clear out some goods at sale prices without having to lower prices on similar items. So the company calls the goods seconds and sells them at a lower price.

To get irregulars or seconds that meet their needs, consumers should determine the marks of quality for the product they're buying, advises the home economist.

Whether the product is a kitchen appliance, sweater or carpet, there are specific indicators of quality that can guide the purchase decision, she points out. Reading about the product in consumer books or magazines and comparison shopping in person or by catalog can help consumers discern these quality features.

For the first time in many years, the children of Mrs. Lupe Olivarez all gathered at her home to "wish her the best" on the occasion of her 65th birthday. It turned into a real family reunion.

Mrs. Olivarez has been widowed and has lived alone since 1957, and has been blind for the past two years.

She expressed happiness that all her children had gathered around her, along with her grandchildren, and two great-grandchildren.

One of the sons said that following his father's death on May 3, 1957, his brother Lupe, took over at that time and helped raise the younger children. "He led us like a father and a brother," said the son, who credited his brother with whatever success the family has achieved in life.

Children of Mrs. Lupe Olivarez feted her on Sunday with a

birthday party on Sunday, August 5.

They and their children include: Salvador, of Big Spring, father of Blanca, Christine, Ernestine and Michelle; Lupe of Muleshoe, father of Irma, Andy, Salvador, Jaime, Lupe, Jr., Pablo and Francisca; Julie, of Dallas, who has no children; Chavelo of Kalamazoo, Mich., father of Lucinda, Chavela and Elisa and Filemon, also of Muleshoe, and father of Filemon, Jr., and David.

Also, Johnny of Dimmitt, father of Christopher and Maria; and stepchildren, Paul of Lake Charles, La., and father of Paul Jr. and Veronica; Anita of Houston, mother of Irma and Pablo and Salvador, also of

Houston, father of Frank.

Mrs. Olivarez also has two great-grandchildren, Toby Lee Olivarez, son of Christina Olivarez of Muleshoe and Joshua David Hernandez, son of Erma Hernandez of Booker.

Most of the family was due to leave for their homes during the day on Monday -- but, Mrs. Olivarez has had a birthday to remember.

\*\*\*\*

It's nothing short of remarkable how the candidates recommend themselves.

\*\*\*\*

It's amazing how many products continue selling in spite of their TV commercials.

Brandon Trey Magby

Mr. and Mrs. Russell Magby of Lubbock welcomed the birth of their second son, Brandon Trey, on Wednesday, July 24 at 8:43 p.m. at Lubbock Methodist Hospital.

Brandon Trey weighed seven pounds and eight ounces and was 21 inches long. He has a brother Blake, 21 months old.

Grandparents are Mr. and Mrs. Lee Magby of Muleshoe and Mr. and Mrs. Barry Huffines of Dimmitt. Great-grandparents are Mr. and Mrs. Richard Magby, Muleshoe; Hazel Jacobs, Muleshoe; Mr. and Mrs. J.W. Hawkins of Haskell and Grace Huffines, Amarillo.

### Time can't take these away from you.

Time makes your kids into adults and takes them away to lives of their own. You can't stop time. But you can freeze memories, with beautiful photographic portraits. Many mothers have them made every year so they can remember their children just as they were at a given point in their lives. And the price of those portraits is so reasonable, almost every mother can afford to have them done.

## Festival

Con't From Page 1.

Muleshoe. The parade will begin at the Boy Scout grounds, travel north down Main Street to Avenue B, turn west on Avenue B and south at South First Street.

Prizes and awards for parade winners will be given at the mule rodeo in the afternoon at 1 p.m.

The Muleshoe Pioneer Celebration will be held at 10:30 a.m. on the patio at Jeff Smith's home. All pioneers of this area, and other interested persons will be welcome to attend.

Odessa's Chuck Wagon gang will serve a barbecue lunch at Jeff Smith's at noon, with the Old Time Fiddling contest expected to get underway at 12:30 p.m.

Afternoon events kick off with the mule rodeo, with prizes to be awarded and the annual Mule Day Festival Queen from Girlstown will be introduced.

The rodeo will feature steer roping, a cutting contest, calf roping, barrel racing, steer stopping, pole bending, hide

### Family...

Con't From Page 1

and Mrs. Pearson, who also enjoys the newest members of their family, both enjoy getting out in the wagon and going for a leisurely ride around their country location.

They moved, with their family into Bailey County in 1944 from Pettit.

They farmed in the Enochs area for 25 years before moving northwest of Muleshoe to their present location in December, 1970.

Their children include Mrs. Bob (Ruby) Henderson; J.C. Pearson, Jr.; Mrs. Darrell (Linda) Nowell; Mrs. Don (Nita) Hall; Lee Pearson and Jim Pearson.

Watch for the Pearson's and their two youngest family members in the Mule Day Festival parade this Saturday.

dragging, coon mule jumping and mule pulling. All the events will feature mules.

Jackpot team roping will be at 8 p.m. on Friday, and stalls can be provided for mules Friday and Saturday night.

During the day, Eddie Barron and Troy Stegemoeller will provide airplane tours of the City of Muleshoe at \$5 per passenger. They encourage everyone to come to the airport and take a 15 minute plane ride over Muleshoe. Bring your camera and take pictures as you ride. They are donating all proceeds to the Girlstown, U.S.A. fund for the festival.

Skydivers will perform an exhibition at 5 p.m., followed at 6 p.m. by the mule races at the arena.

Beginning at 7 p.m., a miniature golf tournament is scheduled, again with all proceeds to go to Girlstown, and trophies will be awarded for first, second and third place wins in the individual tourney.

Scheduled at 7 p.m. will be the annual party for all persons wishing to attend the meal to be served by the Muleshoe Volunteer Fire Department.

Closing out the evening will be the annual dance.

Most of the events for the day will be free. There is a small charge for the three meals, and for the rodeo. Remember! All proceeds go to Girlstown, U.S.A. You are encouraged to help support this non-profit home for girls.

## Know Your Chamber Of Commerce

Toni Eagle, Mgr.

### WHAT DOES THE "LITTLE GUY" GET OUT OF THE CHAMBER

A good question, because smaller business must know that a return can be expected on most dollars invested. And dollars for Chamber membership are an investment! What are the dividends?

The work of the Chamber benefits business, large and small. Everyone benefits from a

### School...

Con't From Page 1

23. December 20 will mark the end of the third six weeks and also the end of the first semester, with a teacher workday being held on December 21.

Christmas holidays at Three Way will be observed December 24 through 31 with a New Year's holiday on January 1. A teacher's Inservice day will be held January 2. Classes will resume on January 3 and the fourth six weeks will end on February 13.

A spring break is scheduled for March 11 through 15 and April 3 will signal the end of the fifth six weeks. April 19 and 22 are set aside for bad weather days. May 16 will be the end of the sixth six weeks and the end of the second semester. Junior High graduation will take place at that time. On May 17, there will be a teacher workday and High School graduation.

### Clean-up...

Con't From Page 1

The group cleaned from West 13th Street and American Blvd. to the Mule Memorial, and some businesses have now asked for Y.E.S. workers to go ahead and clean up around their businesses. Mrs. Eagle, who worked right along with the others on Saturday, added, "We really want to thank everyone for helping. I hope this really catches on, and everyone cleans up to show we are proud of our city."

strong economy and a healthy business climate, not to mention the benefits from a strong the benefits of a more livable city for our families.

Belonging to the Chamber adds to your staff. You have, in effect, "hired the Chamber" when you join.

A small businessperson sometimes feels like a "voice in the wilderness" when he or she wants to get action or speak out on issues. The Chamber is the amplifier, forum for the viewpoint of small business. Through the Chamber, the small firm can unite with other businesses with similar concerns and get things done which would be impossible if tackled alone.

Larger companies develop clout of their own, identity of their own. Small firms identifying with prestige and clout by association.

Contacts with prospects and customers -- a natural benefit from membership. The Chamber is a business organization. When business people get together,

you can bet they are doing business. Besides, you usually have inside track on what's happening by getting the newsletter, attending meetings, involvement on key task forces and committees.

Some of Muleshoe's greatest, largest and most successful firms began small. Through organized activity--The Chamber--they helped create a city which enables them to grow and prosper. If you are small today,

you have the same opportunity to grow because of a strong, aggressive Chamber of Commerce.

\*\*\* It never occurs to some that others have sense enough to manage their own affairs.

by Mrs. H.W. Garvin

Mr. and Mrs. Rayford Masten were in Lubbock Friday evening to attend a cousin reunion of the Mastens.

Mr. and Mrs. Bill Dolle and Darla attended the Dolle family reunion in Lubbock over the weekend.

Mr. and Mrs. Jackie Dupler and children from Mount Vernon visited her parents the Jackie Duplers last week.

Mr. and Mrs. George Tyson and Mrs. H.W. Garvin spent the weekend at Brownwood Lake attending the 29th annual Tyson family reunion.

Mr. and Mrs. Rayford Masten attended the Masten family reunion at Lubbock Sunday.

Mr. and Mrs. Bill Dupler and Eugena spent Sunday and Monday with the Bobby Sinclairs in Monohans.

Mrs. Bobby Kindle spent part of last week in Roswell with her mother Mrs. J.T. Lemons.

Mr. and Mrs. Adolph Wittner and B.J. Emerson had lunch Sunday with the Troy Young family in Portales N.M.

Mrs Jack McCarty and children from Rose Bud N.M. are visiting her parents the Joe Sowers and canning vegetables.

Mery Ann and Melissa Toombs from Muleshoe spent the weekend with their grandparents the H.C. Toombs.

Brian Pollard from Whitherrel spent the past week with his grandparents the Rayford Mastens.

**Adult Probation Business Meeting Scheduled Friday**

The Texas Adult Probation Commission will hold a business meeting Friday, August 10 at 9:00 a.m. in the University Room of the Holiday Inn Civic Center at 801 Avenue Q in Lubbock, Texas.

The Commission is the state agency charged with the responsibility for establishing statewide standards for adult probation services and funding local adult probation departments which are in compliance with those standards.

On the agenda for the state agency Friday are requests for funding from 18 local adult probation departments. The requests which total more than \$6.8 million are designed to assist departments unable to provide minimum basic probation services and to continue to establish more innovative probation services such as specialized case-loads, residential services, and restitution centers. Included among local adult probation departments requesting funds are departments in Hale, Hockley, Moore, Hutchinson, and Taylor counties.

The restitution center program, which has received wide spread publicity since it was created by a bill sponsored by Representative Pete Laney of Hale Center during the last session of the Texas Legislature in response to the prison overcrowding, is administered by the Commission. Restitution centers are facilities which house non-violent offenders in the local community. The program requires the residents to work to repay their victim and the community. During their typical stay of 9 months to a maximum of 1 year in the center, the residents, who must not have an extensive history of drug or alcohol abuse, are closely supervised.

Texas currently has 6 restitution centers operational. The centers are located in Fort Worth, San Antonio, Beaumont, El Paso, and Houston, which has two.

At Friday's meeting the Commission will hear requests from adult probation departments seeking funds to continue operating the centers and will also consider a request by the adult probation department in Cass county to establish a regional restitution center.

Other business on the Commission's agenda include requests for budget adjustments from local departments, consideration of proposed changes to statewide standards, and review of reports an adult probation activities.

**Little Girls, All Stars Take Third In Tourney**

The Muleshoe Little Girl's Softball League would like to recognize the Muleshoe Girl's All-Star's Softball team for their effort in the All-Stars tournament in Hereford last weekend. The All-Stars managed by James Brown and Coached by John Williams took third place in their perspective age division in the tournament. Many of the Muleshoe fans enjoyed the four games that the All-Stars played in the tourney. The All-Stars, although, knocked out of the tournament played good defense and offense in all the games played.

The Little Girl's All-Stars played Clovis in their first game and lost by a score of 8-11 in favor of Clovis, the second game was a whole different story with Muleshoe winning the game against Hereford with a score of 26-8 in favor of Muleshoe. The third game was much like the second with the score a little more higher than the second one they played against Portales with a score of 37-6, with Muleshoe on top.

The fourth and last game of the All-Stars was a little on the lighter side with a score of 12-14 with Clovis coming out on top.

The All-Stars supported by many fans of Muleshoe came out of the tournament in third place out of six teams. The teams would also like to thank all the people who helped them through the tournament, without them they would not have gone far. Thank You.

The majestic serenity of the cross is a marvelous thing to behold. Nowhere throughout the pages of history do we find a symbol which has meant more to man than the cross. The early Christians carried it before them as they were driven to their deaths in the blood-stained Roman arenas. The Crusaders under its banner turned back the infidel enemy from the shores of Europe. During the cruel Nazi occupation of France, the Cross of Lorraine was the rallying point of all who fought against tyranny.

The church, your church, is the bulwark behind which the freedom loving people of the world have always gathered and through their combined efforts and the guidance of Almighty God have marched triumphant against every enemy of mankind. The church needs you, but more importantly... you need your church.

**The Sign of God**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long preserve and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# C.R. Anthony Celebrating Birthday

100 years ago Charles Ross Anthony was born in Gibson County, Tennessee on August 10th, 1884, and the 300-store company that bears his name is celebrating the anniversary of his birthday.

Company President Bob Anthony announces that the C.R. Anthony Company Board of Directors has authorized a \$100,000 total contribution from C.R. Anthony Foundation and the C.R. Anthony Company to support medical training and research for the well-being of children everywhere.

C.R. Anthony was the embodiment of the "rags to riches" story, born and raised in rural poverty, orphaned, then founding a major American retail company from one small dry goods store in 1922 in Cushing, Oklahoma. Anthony's hard work

and natural business instinct had already been recognized by James Cash Penney, who offered Anthony a store within that successful company. Anthony served as a J.C. Penney store manager in Idaho for several years, and after leaving, incorporated many Penney business methods into his own company.

That first Anthony store in Cushing was known as the "Dixie Store". Originally planned as part of the J.P. Martin store chain, for whom Anthony was working at the time, the store became Anthony's after Martin decided not to enlarge his chain. Anthony bought out Martin's share in the store and from then on was in business for himself.

The "Dixie Store" blossomed into a fast-growing chain which was incorporated in 1926. The

C.R. Anthony Company then moved to new headquarters in Oklahoma City, where Anthony became as well-known for community leadership as he was for his dedication to business. Among his many civic honors were induction into the Oklahoma Hall of Fame in 1959, plus recognition by the Oklahoma City United Fund and the Big Brothers Organization.

Perhaps the most significant and appropriate award C.R. Anthony received came in 1963 when he was presented the Horatio Alger Award, given each year to the Americans who overcome humble beginnings and adversity to achieve unusual success in their fields.

C.R. Anthony died on June 16th, 1976, at the age of 91. Over 7,000 employees and some 300 stores in 21 western states are the heart of the C.R. Anthony Company, which today still involves Mr. C.R.'s children and grandchildren. Son Guy Anthony served 8 years as company president; his son Bob is now the third president to serve. Mr. C.R.'s oldest son, Ray, is presently Chairman of the Board.

Several other Anthony family members serve on the Board of Directors and as company executives.

C.R. Anthony left a legacy of the Oklahoma pioneer spirit and a true example of American free enterprise. He also left a philosophy that his company follows today: "Just work hard and tend to business, and you can be managing a store before you know it."

Mr. C.R. Anthony not only was a civic leader who envisioned a great future for Oklahoma, he was also a family man who enjoyed his children and grandchildren. "His 100th anniversary will focus on that love of children and on his concern for the future of America," states his son Ray

Anthony. And, says grandson Bob Anthony, "With the gift of \$100,000 to medical research for children, those children will be assured the opportunity to grow in good health. My grandfather would have wanted it this way."

Many men who think they have closed their eyes to temptation are only winking.

### Letter To The Editor Policy

The Muleshoe Journal and Bailey County Journal welcomes letters to the editor on issues of concern to readers. Such letters must meet certain qualifications in order to be considered for publication.

Letters must bear the writers signature, address and phone number in order that the authorship may be confirmed. Under some circumstances we will delete the name of the writer, if, in our judgement, the request to do so is justified.

Letters should not exceed 250 words and must meet standards of good taste as well as legal guidelines. Letters attacking another person, a church or specific religion will not be published. Comments on issues are encouraged in order to maintain a forum for discussion of public views.

## Hightower, White launch Family Farm and Ranch Security Act

(DEL VALLE)-- Governor Mark White has joined Texas Agriculture Commissioner Jim Hightower in launching a state program to help farmers get the financing they need to buy land and enter the business of agriculture. "The Governor and I know that these are exceptionally hard times for agriculture, so we are ready to announce implementation of the Texas Family Farm & Ranch Security Act," Hightower said. "These family operators certainly deserve a pat on the back, but Texas agriculture also needs a helping hand, and this state program will give some farmers a boost that will pay off for all Texans in the long run."

"Ninety-seven point six percent of us Texans are eaters, rather than growers of food, and we count on the other 2.4 percent of our population who now bring dinner to the table. But there is not an endless supply of farmers these days, and the future of our dinner is very much in question, since we're not sure who will be there to produce it 10 years, 20 years and 30 years down the road. The average age of Texas farmers and ranchers today is 52 years and rising, because the number of young Texans entering our most basic industry has slowed to a trickle. There are plenty of qualified, capable individuals out there who want to farm or ranch, but the combination of depressed commodity prices and skyrocketing production costs has just slammed the door on them."

"There's no need pretending that this one program is all that is necessary to restore full prosperity back to Texas agriculture, but it will give people who work the land the opportunity to own their land." Under the Act, the Commissioner of Agriculture may guarantee a lender or seller up to 90 percent of the amount due on family farm and ranch security loans; or if the borrower makes a downpayment of 10 percent or more, the full amount of the loan can be guaranteed. Applicants, together with spouse and dependents, must have a net worth of less than \$100,000, excluding residential homestead, and must use the farm or ranchland as his/her primary occupation. Not eligible for the guaranty are loans to refinance an existing real estate debt; loans to purchase equipment and livestock; and loans to provide operating capital.

"We're now open for business," Hightower said, "and we welcome applicants." He announced that Larry Strange, an eight-year veteran of public finance, has been hired as administrator of the guaranteed loan program, and that Susan DeMarco, Sal Valdez, Katie Bond and others on the Marketing and Agriculture Development

staff of TDA will provide the support necessary to make the program successful. Named by Gov. White to the Family Farm and Ranch Advisory Council were Virginia Ann Armstrong of Dimmitt, Randall C. Dixon of Groesbeck, Alfred L. Parks of Cypress, and Harold R. Pruett of Slidell. Mrs. Armstrong is assistant vice president of the Plainview Production Credit Association. Dixon is president of the First National Bank in Groesbeck. Parks is head of the Department of Agricultural Economics and Rural Sociology at Prairie View A&M University. Pruett is a farmer.

"This much-needed program to help the state's family farmers and ranchers purchase the land they work will help put this important state industry back on the road to recovery," the Governor said in making the four appointments.

The Council will advise both the TDA administrator and the Commissioner on how the program should be run, and on whether or not to approve individual applications for loan guarantees. White and Hightower announced implementation of the Family Farm & Ranch Security Act on "Texas Agriculture Day," a festive event held on the 3,000-acre Dan Berdoll farm, about 16 miles east of the State Capitol. The grain and swine operation was selected in 1980 as a demonstration project to determine, both technically and economically, the feasibility of replacing traditional fuels with farm-produced methane and alcohol.

After announcing details of the Family Farm and Ranch Security Act Program, White and Hightower hosted invited guests to a "Taste of Texas" luncheon. Those guests included various farm organization leaders, state legislators and members of the Future Homemakers of America.

Later on Ag Day, the Texas Department of Agriculture hosted a reception at its Austin offices, featuring a special exhibit of black and white photographs that capture the "culture" of Texas agriculture.

Twins are common to the species of monkey known as marmoset.

Puppies often whine and howl at night. A ticking clock next to the puppy's box will often keep it quiet.

The Family Farm and Ranch Security Act is open for business and ready to begin accepting applications for loan guarantees on land purchases, State Agriculture Commissioner Jim Hightower announced on Texas Agriculture Day. Flanking Hightower from left to right are Gov. Mark White, Austin State Rep. Gonzalo Barrientos and Dan Berdoll, on whose energy-efficient farm near Austin the Ag Day announcement was made.

**Former Resident  
Leonard Estep  
Is Buried Here**

Leonard Leslie Estep, 88, died in the Placious Hospital in Placious on August 3 following an illness. He was a former resident of Muleshoe, moving to Markham from Muleshoe in 1977.

Leonard L. Estep was born May 4, 1896 in Whitley Co., Ky., and was retired from the Santa Fe Railway.

Funeral services were conducted at 2 p.m. Tuesday at Ellis Chapel of the Chimes with Rev. Barry Bradley, pastor of the First Baptist Church, officiating. Burial was in Bailey County Memorial Park under direction of Ellis Funeral Home.

He was married to the former Iva Lena Cocanougher in Oklahoma and she preceded him in death on Nov. 30, 1976. He was a member of the First Baptist Church of Markham and served in the U.S. Army during World War I.

Survivors include two daughters, Mrs. Helen Cunningham, Levelland; Mrs. Wanda Sanders, Seminole; four sons, Edward Estep, Portales, N.M.; Kenneth Estep, Markham; L.D. Estep, Belen, N.M. and Bill Estep, Lubbock; two brothers, Ancil Estep, Denver, Colo. and Harvey Estep of California; fifteen grandchildren, 24 great-grandchildren and one great-great-grandchild.

**Clara Ricket  
Funeral Services  
Held On Monday**

Funeral services for Clara A. Ricket, 86, of Farwell Convalescent Center, were conducted at 2 p.m. in Muleshoe on Monday, August 6 at Ellis Chapel of the Chimes. Officiating was Rev. Steve Lord, pastor of Fairview Nazarene Church of Clovis, N.M. Services were conducted at 2 p.m. on Wednesday, August 8, at Ebenezer Evangelical Congressional Church at East Greenville, Pa. with Rev. Phil Walck officiating, followed by an interment in schoenerville Cemetery in Lehigh Co., Pa. Local arrangements were under direction of Ellis Funeral Home of Muleshoe.

Mrs. Ricket had moved to Bailey County two years ago from East Greenville, Pa. where she was retired as a music teacher from the East Greenville Public Schools.

Mrs. Ricket died at 7:28 p.m. Friday in the West Plains Medical Center where she had been a patient for several days. She was born May 16, 1898 in Catasauqua, Pa. Clara Adell and A. Raymond Ricket were married on August 16, 1927 in Catasauqua, Pa., and he preceded her in death on May 14, 1974.

She was a member of the Ebenezer Evangelical Congressional Church of East Greenville, Pa.

Her survivors include one son, Dale Ricket of Clovis, N.M. and one grandchild.

Malcolm Baldrige, Commerce Secretary:

"I don't know how you could write a script for a better recovery than you have right now."

Ronald Reagan, President, answering Mondale's tax raising statement:

"I have no plan for a tax increase. I believe it would be counterproductive for the economic recovery."
