TEAM ROPING ACTION--Last Saturday afternoon, during the annual Mule Day Festival, many 'headers and heelers' took part in the team roping events at the mule rodeo. Here a calf breaks from the chute, diligently pursued by a cowboy and his mule. Spectators enjoyed the ideal weather conditions for the annual presentation. Weather cut participation, but those who attended, expressed their pleasure at all the events.

Wet Weather Dampens Some Mule Day Activities

*** Fall Classes For Adults Are Offered

Muleshoe I.S.D. will be offering several courses from area colleges and universities this fall and spring at the Muleshoe campus, according to Elizabeth Watson.

South Plains College, Level-land, will be offering undergraduate courses this fall if at least 15 people register for each class. "United States and Texas Government," (required for teachers), "Speech," and "Beginning Spanish," are scheduled to be offered.

Wayland Baptist University will be offering two graduate courses this fall - "Psychology of Learning" and "Teaching English as a Second Language" (E.S.L. Endorsement). Two classes will be offered this spring - "The School in a Multi-Cultural Society" and "Contrastive and Descriptive Linguistics" (E.S.L. Endorsement).

Texas Tech University will be offering a graduate level course in "Computers" (Introduction to Small Computer Application in Education) this fall.

Muleshoe I.S.D. will offer a non-credit course - "Introduction to Computers" which will be taught by Britt Gregory, a new teacher in the high school math department. Several local citizens have inquired about this type of course and have expressed a definite need for such an offering, said Mrs. Watson. There is no prerequisite and the fee will be approximately \$30 if there is a minimum enrollment of 20 people.

H. John Fuller, superintendent of the Muleshoe Schools, is an advocate of continuing education for the Muleshoe and surrounding area and is pleased to make the school facilities available for these courses.

Wet, muddy weather put only a slight 'damper' on the annual Mule Day Festival last Saturday. Only one event was cancelled outright due to the heavy rains which fell Wednesday, Thursday and Friday in the area. The hot air balloons had to be cancelled as they could not take off from the muddy fields.

Events got started off Saturday morning with the 4-H omelet rodeo, and good crowds began to show up for the turtle races. A total of 74 turtles of all sizes were in the races this year.

Portable seats which had been moved to the staging area adjacent to the big blue barn quickly filled, and spectators encircled the bright orange tarp serving as a race track.

Various heats were run by the turtles, and when it was all over, in first place was Jake Scott. Second place winner was Dustin Herbert; third place winner was Tiffany Angeley while Colin Tanksley took fourth place.

Heavy showers peppered down at the Festival around 10:30 a.m., but the rain stopped before the Odessa Chuck Wagon served a noon barbecue to more than 600 persons.

Entries in the parade dropped off as many persons who had signed up, decided not to bring their entry to the parade, expecting events to be cancelled because of the weather. However, persons who viewed the parade, expressed their appreciation to the entries who showed up.

Also dropped off due to the weather, were the entries for the annual Mule Rodeo. It got underway, and the many spectators enjoyed the cool weather for the annual presentation of the rodeo.

Good crowds stayed at the barn for the Old Fiddler's contest.

First place winner in the 0-21 age group was Bart Trotter of Odessa, with Randy Pelfrey of Whitthael, second.

Ricky Boen of Odessa was

first in the 22-46 age group; Karen Medlin of Amarillo, second and Doyle Haggard, Lubbock, was third.

In the 46-64 age group, Weldon Turpin of Lubbock was first; Cecil Caldwell, also of Lubbock, was second and Lindy Durham, Hobbs, N.M., third.

Alva Parker, Portales, N.M. was first in the 65 and over age group; Bill King, Shamrock, second; Buster Payne, Eunice, N.M., Third and Glen Nelson of Hereford, fourth.

In the championship of all four age groups, in first place was Ricky Boen of Odessa; second was Bart Trotter, also of Odessa; Weldon Turpin, Lubbock was third and Alva Parker, Portales, fourth.

Mike Henderson of Big Spring was first in the guitar contest; Darrell Boen, Odessa, second and Ollie Miller, Jayton, was third.

In the evening miniature golf tournament, seventeen individuals played. At the end of regulation play, and going into the playoffs, Linda Elder was leading with a 41; followed by Alton Carpenter with 42, and Brandon and Toby Carpenter with 44 each.

Granny Elder was scorekeeper for the playoff and Linda Elder came up with a 50, while the three Carpenters, father and two sons, each had 45, thus throwing the game into a sudden death playoff.

Brandon took first place with a hole-in-one; Alton was second with two strokes and Toby came

Scheduled Here Farmer's Market This Saturday

This Saturday, August 18, the Muleshoe Chamber of Commerce and Agriculture will sponsor a 'Farmer's Market' at Roy Whitt's Used Car Lot at West 13th Street and American Blvd.

It is expected to open at 8:30 a.m. and will conclude when all produce is sold.

Toni Eagle, manager of the Muleshoe CofC, said all producers are welcome to bring their fruit and vegetables to the Farmer's Market, at no charge, and sell them to interested persons.

Last year, the producers were all sold out of their fruits and vegetables before noon, and Mrs. Eagle said she hoped for a lot more farmers and growers to have produce in the Farmer's Market this year.

Farm Measurement Time Running Out, Says USDA

Danny Noble, county executive director for the U.S. Department of Agriculture, has issued a reminder. "As soon as we get your farm measured," he said, "you will be notified of the measured acreages and only have five days in which to

adjust (if any) and certify your acres to this office. Failure to meet your certification date, the farm will be ineligible for price support loans and deficiency payments. Also, liquidated damages will be assessed plus loss of history credit."

PROVEN YIELDS

If you intend to prove an actual yield for 1985 or future years, bring your production evidence in as soon as possible, added Noble. "If you intend to prove your corn yield, it must be appraised prior to cutting for silage. There will be a charge of \$30 for the first plot plus \$15 for each additional plot."

FARMER OWNED RESERVE
Reserve IV and V corn is no longer in release. All producers who have existing corn Reserves IV and V agreements should be receiving a letter from the ASCS office giving 10 days to repay their loans if wishing to redeem it.

INTEREST RATE

The Loan interest rate for August is 12.125 percent.

WHEAT DIVERSION PAYMENTS

Noble continued, "We are in the process of computing 1984 wheat diversion payments. The first batch will be mailed out August 10, 1984. If you will bear with us, we should have all payments completed within three weeks."

WOOL AND MOHAIR

The support prices for wool and mohair have been established for the 1984 marketings.

The support price for shorn wool is \$1.65 per pound and mohair is \$5.169 per pound.

FAC COMMITTEE ESTABLISHED

Bailey County has established an FAC (Food and Agriculture Council) committee. This committee is made up of USDA agency leaders in the county,

Con't Page 6, Col. 1

Rainfall Amounts Begin To Lessen During This Week

Officially, eight and one-quarter inches of rain have been recorded in the City of Muleshoe during the past week.

Beginning with .11 last Tuesday, the moisture amounted to 3.43 on Wednesday, followed by an additional 3.90 on Thursday and Friday. Just .15 was recorded on Saturday and again on Sunday. The next rain fell on Monday, when .51 was officially recorded.

Some areas have received more than 10 inches of rain since it all began just a week ago.

At mid-week, bright sun was shining, and little to no rain was in the National Weather Service forecast. Farmers express their appreciation for all the rain, but are very grateful for the hot, dry days, which are expected to help the cotton crop.

WINNERS IN THE TURTLE RACES--Mike Hill, background, was coordinator, along with Richard Hawkins for the Turtle Races at the Mule Day Festival. Pictured are from left, 'Abe' Hebert and his son, Dustin, who won second place; Jake Scott, first place; Tiffany Angeley, third place and Colin Tanksley, fourth.

Cheerleaders Bring Home Fourteen Camp Awards

Muleshoe High School's 1984-85 varsity cheerleaders attended the Universal Cheerleaders Association Camp July 29-August 2, at Southwest Texas State University in San Marcos. Approximately 1,500 girls, 150 squads attended this camp, says Gwen Murray.

"The Muleshoe squad did an excellent job and earned many honors," added Mrs. Murray. "This particular camp is an extremely difficult camp and most squads attending had exceptional talents.

Mrs. Murray said the MHS cheerleaders won a total of nine superior ribbons, two excellent ribbons and three spirit sticks. They were also chosen out of 20 varsity squads to participate in the "cheer" finals.

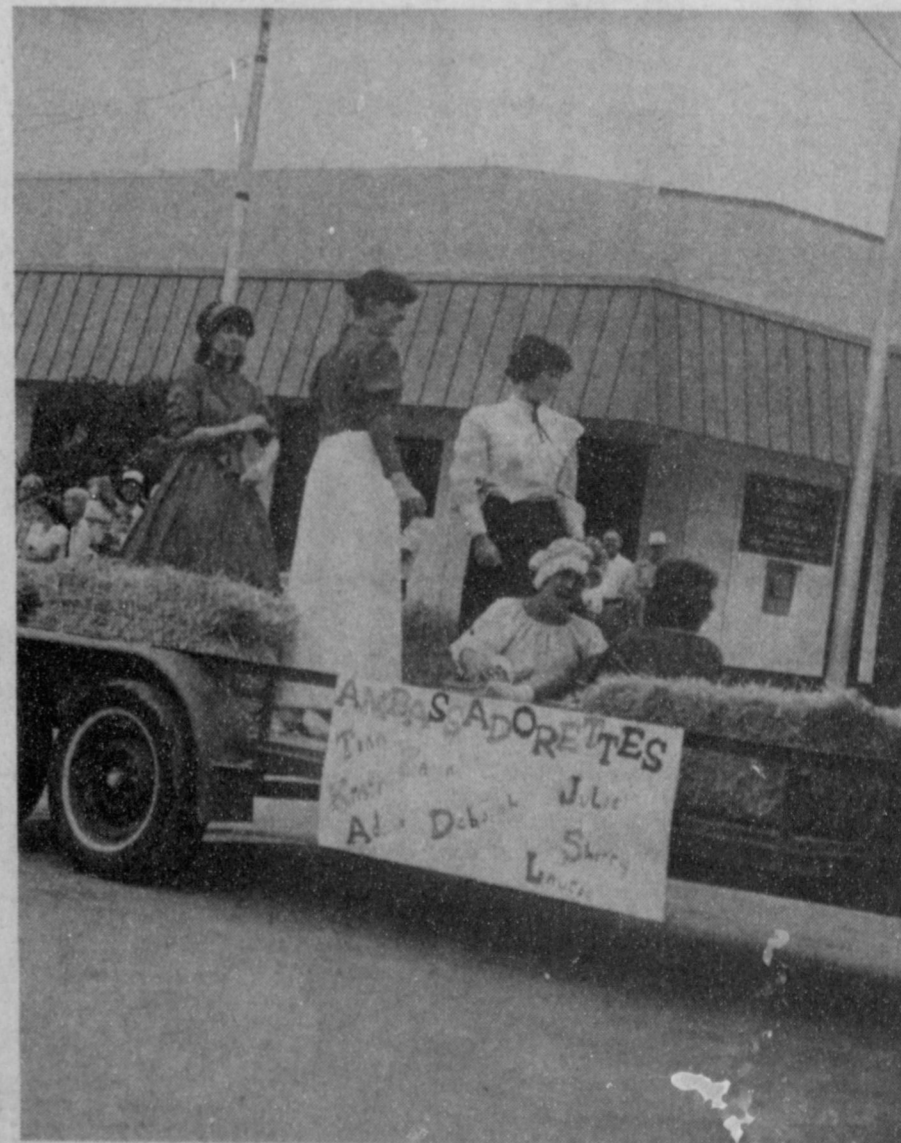

On the final day, 10 trophies were given and a superior trophy was presented to Muleshoe for "Most Improved Cheerleading Program."

According to Mrs. Murray, the camp is well known for its outstanding mascot program and Muleshoe's Mighty Mule, Polly Harrison, won two spirit sticks and five superior ribbons.

"Muleshoe should be very proud of these girls, as they worked extremely hard and represented our town magnificently," commented Mrs. Murray. "It is an extreme honor that they were awarded a trophy out of 150 squads."

Cheerleaders at the camp were Kristi Campbell (head cheerleader), Laurey Grant, Shelley McMeans, Trisha Burgess, Stacy Smith, Becky Acosta, and Polly Harrison (mascot).

"The cheerleaders would like to thank Muleshoe for contributing to their moneymaking projects which enabled them to go

AMBASSADORETTES ON PARADE--One of the entries in the annual Mule Day Festival last Saturday was the float entry by the Ambassadors of the Muleshoe Chamber of Commerce and Agriculture, all decked out in their pioneer costumes.

Kristi Morris, secretary at Watson Junior High School, said sixth, seventh and eighth grade students may pick up their class schedule at the school on Friday, August 17, 1-3, p.m.

Students may pick up their schedules at that time, or since it is not mandatory, may wait until Monday, August 20, the first day of school.

Visiting with Mr. and Mrs. Ray Terrill during the past week was his brother, Durwood Terrill of 100-Mile House, B.C., Canada.

Terrill was here for the Terrill family reunion held Saturday August 11, at Clovis.

The Rev. Jeff Pool, son of Roger and Billie Pool of Seminole, and grandson of Jewel Pool of Muleshoe, has been awarded a Divinity School Fellowship from the divinity school of the University of Chicago.

Pool was one of only five in the entire divinity school of 100 to be selected for the award and was the only one of 80 selected in the study of theology.

Charles Briscoe, son of Mrs. Pearl Briscoe Fluellen, will graduate with a B.S. degree in Education from WTSU on August 18 in the Amarillo Civic Center.

He has accepted a coaching position in Big Spring, where he will be the sophomore coach, varsity secondary and assistant track coach.

Briscoe was a former Muleshoe High School and West Texas State University standout athlete.

The Lazbuddie Young Homemakers' community "playground fix-up day" is scheduled for Saturday, August 18, at 9 a.m. on the Lazbuddie School playground.

All interested persons are encouraged to be present. Refreshments will be served.

The Third Annual Brownfield

Infants, Toddlers Drown In Bathtub At Home

More infants and toddlers drown in bathtubs each year than in the ocean. In 1983, 10 Texas children under the age of four drowned in bathtubs—five of those infants were less than one month old.

These statistics make water safety as important at home as it is in pools and lakes. Children can drown in very small amounts of water in just a few unsupervised minutes. The smaller a child is, the quicker he will drown or suffer brain

damage. Bathrooms are on of the most dangerous places for toddlers to explore. Baylor College of Medicine pediatricians offer these safety tips: Never leave children, even together, alone in the bathtub. Keep toilet seat covers down to prevent toddlers from playing with the water; they may fall in and injure themselves. Set the hot water heater temperature between 105 and 120 degrees to decrease the chance of scalding. Watch toddlers carefully on slick floors or other surfaces because it is easy for them to fall and suffer a head injury. More than 500 Texans died last year during recreational water activities. Half of them were adults, many of whom did not know how to swim. Recreational water accidents, like home accidents, can be prevented by following suggestions such as these:

Take swimming lessons offered by community organizations or at least learn how to "dog paddle" or float. Equip home pools with a first-aid kit, a life preserver, a long pole and a list of emergency phone numbers. Secure home pools with a four-foot-high fence and a locking gate. Avoid diving into shallow water which can result in a broken neck and permanent paralysis. Never swim or dive while under the influence of alcohol. Stock all boats with life jackets designed specifically for passengers' weight and height. A free brochure offered by Baylor College of Medicine can help families learn more about home and recreational water

safety. The brochure, entitled "Enjoying The Water Safely", is available free of charge by writing to: WE CARE FOR YOU, P.O. Box 13567, Houston, Tx. 77219.

The only sin which we never forgive in each other is difference of opinion.

Three-Way News
by
Mrs. H.W. Garvin

The community has received about 4 inches of rain the past week.

Funeral services for Perry Lynskey was held Thursday at the First Baptist Church in Morton with burial in Morton Memorial cemetery. Mr. Lynskey was a resident of our community many years.

Mr. and Mrs. George Tyson spent the past week end in Lubbock visiting their daughter the Tommy Durhams. Mr. and Mrs. John Flinn from Phoenix Arizona is her mother Mrs. H.W. Garvin. Also spending Friday night with their mother were Mr. and Mrs. James Gillingham from Lubbock.

Mr. and Mrs. Monte Toombs and children from Vernon spent the week end with their parents the H.C. Toombs.

Several families from the community spent the past week camping in the mountains.

Mike Sowder took several youth to Lubbock Friday to a gospel concert.

Mr. and Mrs. S.G. Long spent the past week in Amarillo taking care of Mrs. Longs sister Oleta Boff who is recovering from surgery.

Mr. and Mrs. Ralph Davis from Lubbock spent Sunday with their daughter the Bill Dolle family.

Mr. and Mrs. Lamar Pollard and boys from Whitherrell spent Sunday with her parents the Rayford Mastens to help her father Rayford Masten celebrate his birthday.

TRU-TEST PAINTS
PAINTING HELP SPOKEN HERE.

By Uncle Bob

Dear Bob,

We have lived in the same house for 20 years and have always had the exterior professionally painted, using an oil paint. This time, however, my kids are big enough to help so I am planning to use the easy clean up latex paint. Do I need any special tips before we begin?

Joe S.

Dear Joe,

First, get everybody out to clean off the old chalk that is a natural weathering characteristic of oil paints. Latex really is easy to work with, rapidly dries and will retain its beauty for years, IF it can grab onto a dull, dust free surface. Wash one side at a time with Tru-Test Siding Cleaner (XC-12) and rinse well. Run your hand over the surface to make sure that no chalk remains. Second, get up early after the dew has evaporated and follow the sun and your kids around the house as they paint, beginning on the north side in the morning, progressing to the west side by late afternoon.

Bob

ATTENTION MR. FARMER

Plant The New Variety Of Wheat That Made The Big Yields Plus High Grazing!

IF YOU'RE GOING TO GRAZE CATTLE, PLANT THE NEW VARIETIES OF WHEAT CERTIFIED MUSTANG, CERTIFIED HAWK, CERTIFIED RAM

These wheat are wide bladed have high grazing potential plus yield potential of over 100 bushel per acre on irrigated land.

David Watson Kress, Texas made over 115 bushel acre on certified mustang and over 106 bushel acre on certified Hawk.

The state of Nebraska says that you can increase your yield from 3 to 7 bushels per acre over non-certified seed by planting certified WHEAT seed.

One bushel increase in yield will more than pay for the certified seed over using your own seed. The extra increase is profit to you.

WE HAVE THE FOLLOWING VARIETIES OF WHEAT SEED:

- | | | |
|-----------------------|-------------------------|-------------------|
| Certified Hawk Wheat | CERTIFIED NEWTON WHEAT- | We Also Have |
| Certified Rocky Wheat | Certified Sage Wheat | Available Hybex |
| Certified Wings Wheat | Certified Vona Wheat | Hybrid Seed Wheat |
| Certified Mustang | Certified TAM 105 | |
| | Certified Ram | |

Muleshoe, Texas

1984 Muleshoe School Bus Schedule Given

"The time has arrived for all Muleshoe area residents to observe safety measures relative to children riding school buses and children walking to school," says Mr. Tom Jinks, Assistant Superintendent for Business Affairs.

The bus drivers have just completed a 20 hour course of instruction taught by David Gray, a high school instructor. The Texas Education Agency certifies these drivers upon completion of this course.

School officials have outlined the general rules to be obeyed by all citizens to assure the protection of students in the area.

Obey speed limits, especially in the school zones -- the limit is 20 miles per hour;

Drivers stop completely for unloading students when red flashing lights on the bus are in operation;

Watch out for small children on their way to and from school; Make complete stops, especially where crosswalks are painted;

Parents should have their children at the assigned pick-up points on time or a little ahead of time;

Parents of Dillman Elementary students need to help supervise your children at loading or unloading zones and at your pick-up or drop-off points. Please don't let these children cross the highway by themselves;

Please do not park in loading zones at Dillman Elementary, DeShazo Elementary, Watson Junior High and High Schools; and

Drive as if YOUR child's life depended on it -- it does!

The Muleshoe School District operates 14 buses and covers 1100 miles in the area each day. This is a big operation and every measure has been taken to have maximum security, but the cooperation of everyone is needed to provide safer transportation of school children.

BUS SCHEDULE

The Muleshoe Independent School District School Buses will stop at designated stops only, for eligible bus riders to the Mary DeShazo and Dillman Schools.

By Larry Combest

Six Point Plan for Fair and Effective Farm Policy

Part 1

In my last column I talked about the regional meeting held by Agriculture Secretary Block to listen to farm representatives' views before writing the 1985 farm bill. I was invited to speak at the meeting and used the opportunity to tell the Secretary what I'd heard in my travels throughout the 19th district. I organized my message into six specific proposals for future farm programs. I'll discuss the first three in this column and the remaining points next time.

First, State and County ASC Committees must have more discretion and authority. National programs must be able to respond to local conditions. In the South Plains area, recent weather and a severe cost/price squeeze have created a situation in which only a flexible, responsive program can be administered fairly.

Second, farm bill sign-up should be extended until at least April 16th. This year the sign-up deadline was March 16th and the ACR program was binding. This does not allow farmers enough time to effectively consider price prospects, financing, weather and other factors. In contrast, the deadline in 1982 was April 16th and sign-up was non-binding. This allows farmers the opportunity to make the most intelligent decision and encourages greater participation in farm programs. The deadline for sign-up should be no earlier than April 16th.

And third, individual farm yield calculations must reflect true production capability. In recent years, weather has significantly reduced yields in the South Plains area. It is essential that these farms' individual yields are not calculated so low

that their payment yield becomes out of proportion to their ability to produce. Some adjustments in the system have helped; however, the present mechanism does not provide a realistic picture of the individual farm. A more responsible method of calculation would lead to a stronger agricultural economy for the farmers and residents of the South Plains.

These three proposals ask for nothing more, or less, from Washington than a farm bill that is fair and effective for all farmers. If this is accomplished, more West Texas' producers will participate in the program and the nation's farmers and farm economy will benefit.

I want to hear your comments on these and other proposals for fair and effective farm policy. Write to me at 1606 Avenue X, Lubbock, 79401. We must make certain that the voice of West Texas is heard when Washington writes farm legislation for 1985.

Larry Combest is a fourth generation West Texan raised on a West Texas farm. He served as area President of the F.F.A. and received the Sante Fe Award at the National F.F.A. Convention in 1963. He served as legislative aide for agricultural policy for Senator John Tower and is a candidate for U.S. Representative, 19th District.

The Marvels of God's Creations

WHY DO FISH LIVE IN WATER? We can answer this question partially by saying: that their lungs were created to draw oxygen from the water. However, to know how and why, we must look to God's word. "In the beginning God created the heaven and the earth." ... "And God said, let the waters bring forth abundantly the moving creature that hath life . . ."

Attend Church and worship the one who created these marvels.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Eastern Star

Founder's Birthday Celebrated Here

The regular meeting of Muleshoe chapter No. 792 Order of the Eastern Star was held Tuesday evening, Aug. 7 in the Masonic Hall with Eulaine Phillips, Worthy Matron, and Bob Phillips, Worthy Patron, presiding.

The Bible was opened upon the Altar, Pledge of Allegiance was recited in unison and "America" was sung. Routine business was transacted.

The birthday of the founder of Eastern Star, Dr. Rob Morris, was observed. Dr. Morris, master builder, of the Order of Eastern Star was born August 31, 1818, and each year all Eastern Star chapters observe his birthday during the month of August.

A resume of his life was given by the Worthy Matron and Jewell Strong gave the high points of the life of Electa, his favorite Star Point.

Margaret Epting gave a report of her year as Worthy Matron and Lavonne Hinkson won the prize for having the

highest number of points in the Jewels of Opportunity program.

The group received an invitation from the Hereford chapter to their Friendship Night to be held at 7 p.m. September 8.

Happy birthday was sung for Mary Farley, whose birthday is August 20.

In closing, a circle was formed around the altar, and the Obligation was repeated in unison.

Refreshment hostesses were Pam Miller and Kanetha Foster, with Louise Williams assisting.

Friendship Club

The Friendship Club met in the home of Mrs. F.W. Watts with 10 members present. Katherine Cole presided over the meeting and Mrs. Gladys Dorsey gave the program. Refreshments were served and Mrs. Swafford said the closing prayer. *****

People who were yelling for warm weather a few months ago are getting what they thought they wanted.

Journal Files

1924

Twenty-nine pupils have been transferred to the Muleshoe High School from surrounding districts--eight from Y-L, four from Baileyboro and 17 from Hurley. Those who are close enough will be hauled in a school truck.

The school board will work the old truck over and buy a new one also as there will be to many pupils for one truck to handle.

1934

Owing to the continued drouth of this section efforts are now being made to secure classification of Bailey County in

the primary drought relief area for cattle buying and money loaning for feed purposes by the Federal government.

1954

After a 30 day leave here with his parents and other relatives and friends, Doyle W. King has been based at the White Sands Proving Grounds. Previous to his leave, Doyle has served one year in the Far East.

1964

Anne Camp has been named librarian at the Muleshoe Public Library. The Library will be open to the public weekdays between the hours of 2 and 6 p.m. and Saturday from 9 a.m.

to 12 noon.

1974

Kenneth Henry and his family and Curtis Walker and his

family recently returned from a fishing trip to Platora, Colo. They were gone a week during that time caught about 81 trout.

HONORED AT RECEPTION--Linda Mullin was honored at a reception Friday morning in the commissioners court room at the Court House. Hosting the reception were the ladies at the court house, who presented Ms. Mullin a crystal bowl. They served cake, do-nuts, chips and dips. Friday was Ms. Mullin's last day as Bailey County Home Demonstration Agent. She will be moving to El Paso to go into private business with her sister.

REGIONAL MEETING--H&R Block's Texas Regional Satellite meeting was held in Amarillo recently. Attending the meeting were Mike Blanton, regional director; Walt McAdams, satellite director; Doris Wedel, franchise owner of the Muleshoe H&R Block office; and Art Johnson, district manager.

INTRODUCTION TEA--Jonathan Roy Bolding, son of Bill and Sharon Bolding, was honored at an introduction tea Tuesday, Aug. 14 from 10:30 a.m. until 12 noon in the home of his grandparents, Roy and Johanna Wrinkle. Coffee, juice, sweet breads and fruit kabobs were served to friends who went by to meet Jonathan. Jonathan was born June 21 in Midland.

Need A Cure

Most women could be cured of jealousy if they'd just take one good, impartial look at their husbands.

LEADERS OF TOMORROW

We Believe Our Youth Of Today Will Provide Effective Leadership Tomorrow

LEADER OF TOMORROW--Monica Swint is a good leader and sets good examples for others to follow. She gets her work in on time and makes excellent grades. She has almost perfect attendance and is never tardy. She represented Mary DeShazo Elementary in two UIL Contests, Expressive Writing and Picture Memory. Monica wrote a perfect paper in Picture Memory for which she received an award from the state. Not only does Monica excel scholastically, she also participates and enjoys sports. More importantly, she is a good sport. Other activities include G.A.'s at the First Baptist Church and baby sitting. Monica is generous, dependable, considerate, a starter and finisher, and is not conceited. She's a hard worker, and she helps others. All of these attributes should help Monica develop into an excellent "Leader of Tomorrow." She is the daughter of Mr. and Mrs. Chuck Wales, the Grand Daughter of Mrs. Imogene Tiller, and the sister of Bryan Swint all of Muleshoe.

PROUDLY PRESENTED BY:

RETIREMENT RECEPTION--Mrs. Mildred Neeley was honored at a retirement reception Wednesday, Aug. 9 from 1-3 p.m. at the Muleshoe State Bank hosted by the employees at the bank. Punch and cookies were served to a number of friends and relatives. On Tuesday night, Aug. 8 the bank employees and officers honored her with a backyard barbeque at the home of Troy Stegemoeller. The bank presented Ms. Neeley a glass door china closet and the bank employees gave her a brass clock. Ms. Neeley began working at the bank on Feb. 1, 1957 in the bookkeeping department. At the time of her retirement, she had been in the note department since 1973.

Computer Receipts Can Help With Food Budget

Computerized price scanning systems provide grocery shoppers with speedier checkouts, and can mean lower grocery bills -- if you read the receipts. "Many people throw away the computer generated receipts listing each item, size and price without realizing that they provide an ideal way to keep track of food costs," says Texas A&M University Agricultural Extension Service home economist Bonnie L. Piernot. Consumers can use the receipt information to determine how much they spend in certain categories, such as food and non-food items; or meat, veg-

etables, packaged products, convenience foods and staples, she says. Reviewing the scanner receipt helps identify categories where spending could be cut. You might find, for example, that you're spending substantial amounts on non-food items that cost less at other types of stores, notes Piernot. Scanner receipts also reveal impulse buying. Since impulse purchases make up about two-thirds of all supermarket decisions, reducing these costs can cut overall grocery expenses, says the home economist. Regular review of scanner receipts permits consumers to track prices on products they frequently buy. Armed with a good knowledge of prices, shoppers can better detect true specials in weekly advertising and unadvertised specials in stores, she explains.

Canned Foods Compare To Fresh And Frozen

When it comes to nutritional value, fresh and frozen vegetables are good -- but not necessarily better-- than canned vegetables, says a Texas A&M University Agricultural Extension Service nutritionist. A study by the National Food Processors Association and the U.S. Department of Agriculture shows that the levels of nutrients in fresh, frozen or canned vegetables are nearly comparable, reports Mary K. Sweeten. Researchers compared prepared fresh, frozen and canned lima beans, peas, spinach, sweet potatoes, carrots and squash for levels of thirteen minerals, eight vitamins and fiber, she explains. The study shows very little difference in the vitamin A content of any of the products. In the case of peas and spinach, the canned product was even a little higher in vitamin A than the fresh produce. Analysis also showed very little difference in minerals and fiber content between fresh,

frozen and canned samples, says the nutritionist. Sweeten attributes the comparable vitamin and mineral levels to the fact that vegetables are preserved in cans within hours of harvest. "Vitamin A is very light sensitive, and can be destroyed by artificial light or sunlight, and vitamin C can be lost by heat and exposure to air," she notes. Cans also protect against nutrient loss that occurs in shipping and handling produce between field and home. Few nutrients are lost if fruits and vegetables are eaten directly from the garden, says Sweeten, but the nutritional quality of fresh produce in the supermarket depends on the care it receives during harvesting and shipping, as well as shipping time. Earlier studies compared canned vegetables with uncooked vegetables. Since canned vegetables are "cooked in the can" during the canning process, it's more appropriate to compare them with cooked produce, she observes. This research considered the most important nutrient loss due to home cooking of fresh vegetables, says the nutritionist. The comparisons were made between canned foods cooked in their canning liquid and drained, and unpeeled fresh and frozen foods cooked in as little water as possible to avoid the necessity of draining. The fresh vegetables handled and shipped as the produce in most retail outlets and homes. With their gourmet names and fancy packaging, today's "upscale" frozen dinners seem quite different from the ordinary TV dinner on an aluminum tray. But that difference is mostly a matter of cost and type of ingredients rather than nutrition, says Texas A&M Agricultural Extension Service nutritionist, Dr. Alice Hunt. According to research conducted at Cornell University, calorie count among both premium and TV dinners is relatively uniform, she reports. Most contain 28 to 32 ounces. The weight loss promised on many of the low-calorie meals is mostly a matter of portion control rather than low-calorie cooking, says the nutritionist.

Tri-State Fair Plans To Admit Some 'Free' Groups

The Amarillo Tri State Fair, September 1-8, has instituted special days for this year's fair that will allow free gate admissions to certain groups of people. On Tuesday, September 4, college students and military personnel will be admitted free with I.D. card. On Tuesday, Wednesday and Thursday, September 4-6, Amarillo school teachers and school employees will be admitted free with passes. Amarillo school students will be guests of the fair with passes valid for Wednesday and Thursday, September 5-6. Senior citizens will be admitted to the grounds free with Medicare card on Thursday, September 6. On the last two days of the fair, Friday and Saturday, September 7-8, area school students and teachers from 26 counties will be admitted free with special passes.

Creative Woman

by Sheryl Borden

Topics to be presented on "The Creative Woman" on August 21 and 25 include single parenting and greek cookery. Jan Newquist, home economist and dietician with the Associated Milk Producers, Inc. in Albuquerque will demonstrate two greek dishes -- one is very involved and time consuming, and the second one is a quick version of the first. According to Mrs. Newquist, spices are what distinguishes greek foods from Italian foods.

Today in the United States, almost six million women rear their children alone. The plight of single mothers is one of the most serious social and economic problems of our time. Carolyn Ruiz, a counselor with Mental Health Resources in Clovis and Portales will talk about women as single parents.

On August 23 and 26, the topics will include "2+2+5=30" concept of wardrobe planning. The guests will be Priscilla Salpeter, Regional Fashion Coordinator for Casual Corner in Dallas, Texas, and Barbara Edwards, Manager of Casual Corner in Lubbock. They'll be talking about the new fall colors, new fabrics and explain how investment dressing is for everyone -- whether they work outside the home or at home.

Another guest will be Nina Swan, Director of Consumer Relations with the National Oats Co. in Cedar Rapids, Iowa. Ms. Swan will demonstrate making fruit crisps, which are nutritious, as well as delicious and quick and easy to make. The recipe has lots of variations.

"The Creative Woman" is produced and hosted by Sheryl Borden. The show airs at 12 noon on Tuesday and Thursday, at 2:00 p.m. on Saturday and at 5:00 p.m. on Sunday on KENW-TV, Channel 3, Portales. (All times are Mountain Standard). Viewers can request copies of printed materials

offered on the show by calling on KENW-TV's toll-free telephone lines. The numbers are: New Mexico: 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales and Roosevelt County: 562-2112.

Muleshoe Fireman Attends School At College Station

Bob Copeland, volunteer fireman for the Muleshoe Volunteer Fire Department of Muleshoe, attended the 55th annual Texas Fireman's Training School on July 22-27. The school, attended by nearly 2,000 students representing about 750 cities from more than 25 states, was held on the Texas A&M University campus.

Fireman can choose their course at the school from a list including Fire Fighting, Fire Prevention, Fire Department Officer Training, Fire Department Pump Maintenance, Specialized Fire Protection, and Disaster Rescue Training.

USDA...

Con't From Page 1 according to Noble. The role of this committee is as follows:

Being prepared to assist in food and agriculture emergencies. Ensuring that all farm and ranch operators are aware of USDA programs and how they work.

Fostering and assisting rural development to ensure quality in rural life and strength in the rural economy.

The objectives of the committee are to promote strong and effective interagency coordination and cooperation among USDA agencies, concluded Noble.

sponsored by Bailey County Farm Bureau and Texas Farm Bureau Insurance Companies by contributing toward the cost of the school. Since volunteer fireman are interested in attending this school, said a Bailey County FB spokesman, 100 County Farm Bureaus and the Texas Farm Bureau Insurance Companies in the statewide program have sponsored 100 fireman at the school.

"The Farm Bureau Insurance Companies believe volunteer fire departments have been very effective in reducing the amount of loss involved by fire in rural areas," said President S.M. True, Jr., of Plainview. "It is our hope in sponsoring this program that the fireman will help the Muleshoe Volunteer Department to better serve the residents of Bailey County."

Mule Days...

Con't From Page 1 in third with three strokes.

Another shower had briefly threatened the evening activities, but, the rain stopped, and the activities went off without a hitch, culminating in the big annual party with the Muleshoe Fire Department serving the evening meal, followed by a dance with a live band.

One more time, the Mule Day Festival became history -- and Girlstown, U.S.A. will benefit from additional funds once the bills are paid, and all contributions are tabulated.

Farm Group Plots New Lobbying Effort

The National Farmers Union is establishing legislative action groups in Congressional districts across the country, readying for the debate on the 1985 Farm Bill and other issues affecting rural Americans.

This is according to Mike Moeller, President of the Texas Farmers Union, recently appointed by National Farmers Union President Cy Carpenter to head the National Farmers Union Congressional Legislative Action Committee (CLAC) project.

"There is a pressing need for rural America to be better represented in the political process of this nation, and our CLAC project will help fill that need. Not only will members of the Farmers Union be involved in these local committees, but representatives of rural lenders, senior citizens, electric cooperatives, businessmen and women, and youth; these local committees will truly represent the diversity that is rural America," claims Moeller.

The National Farmers Union has plans to establish a committee of six or seven individuals in each Congressional District in each active Farmers Union states. These committees will be assigned the task of meeting with their respective Congressman (woman) on a regular basis every year, and briefing their U.S. House member on Farmers Union positions concerning not only agriculture, but other economic and social topics. Members of the CLAC pro-

gram will be nominated by local Farmers Union officials and selected by the state president, many in time to have input with their Congressional representative on rural America's attitude on the 1985 Farm Bill.

Youthful Duo Report To Rotary On Camp Ryla

Alan Finney and John Isaac, who were sponsored to the Rotary Youth Camp, Camp Ryla, spoke to the Muleshoe Rotary Club at noon Tuesday, to report on activities while at the camp.

According to the two young men who attended the camp, it was very educational and very interesting.

They heard eight to 10 speakers each day, speaking on leadership and patriotism. "It was a very good experience," they commented. "We think the camp was very worthwhile."

Also at Camp Ryla, the two participated in various sports, including volleyball, softball, touch football, shooting, horses and other activities.

In charge of the Tuesday program was Olan Burrows.

Guests included Barry Bradley, Jack Bloomer, John Bryan, Jarrod Embry, A.J. Liles, and Cindy McCarty.

Jeff Smith reported briefly on the Mule Day Festival.

NOTICE OF SETTLEMENT TO D.P.S. REGION 5 CLASS
TO: All persons of Hispanic descent who, while in the panhandle of Texas (D.P.S. Region 5), have been questioned, arrested, detained, incarcerated, or charged by the Texas Department of Public Safety (D.P.S.) for alleged violations of the immigration laws or for investigation of your immigration status.
A class action lawsuit has been filed on your behalf alleging that the Texas Department of Public Safety had no authority to arrest or charge people with violations of the U.S. immigration laws. In order to settle this lawsuit, D.P.S. has agreed to pay a total of \$40,000.00. If a D.P.S. trooper ever questioned, arrested, detained, incarcerated, or charged you with being in the country illegally while you were traveling in the Texas panhandle area, this lawsuit and settlement may affect your rights. You may be entitled to claim a share of the \$40,000.00.
00. You may also be entitled to object to the settlement. For more information about the terms of settlement and your right to claim money or object to the settlement you must write or call:
Texas Rural Legal Aid, Inc.
1406 W. Highway 60
P.O. Box 2223

Issued and given under my hand and the seal of said Court at Muleshoe, Texas, this 13th day of August, 1984. Nelda Merriott Clerk, District Court, Bailey County, Texas e18-33t-1tc

18. Legal Notice

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Charles Dewayne Chapman, Respondent:

GREETINGS: YOU ARE HEREBY COMMANDED to appear and answer before the Honorable District Court, Bailey County, Texas, at the Courthouse of said County in Muleshoe, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days

from the date of service of this citation, then and there to answer the petition of Whittie Joy Chapman, Petitioner, filed in said Court on the 10th day of August, 1984, against Charles Dewayne Chapman, Respondent, and said suit being numbered 5213 on the docket of said Court, and entitled "In The Matter of Marriage of Whittie Joy Chapman and Charles Dewayne Chapman", the nature of which suit is a request to Divorce.

The Court has authority in this suit to enter any judgment or decree dissolving the marriage and providing for the division of property which will be binding on you.

The Court has authority in this suit to enter any judgment or decree in the children interest which will be binding upon you, including the termination of the parent-child relationship, the determination of paternity and the appointment of a conservator with authority to consent to the children's adoption.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Noticed and given under my hand and the seal of said Court at Muleshoe, Texas, this 13th day of August, 1984. Nelda Merriott Clerk, District Court, Bailey County, Texas e18-33t-1tc

NOTICE OF RATE CHANGE REQUEST AND STATEMENT OF INTENT

Notice is hereby given that BAILEY COUNTY ELECTRIC COOPERATIVE ASSOCIATION ("The Cooperative") intends to change the design of its Irrigation Rate and its Cotton Gin Rate. The Cooperative is not requesting additional revenue from either of these two classification of service. The filing is to change only the method of collecting the annual revenue amounts presently ap-

proved by the Public Utility Commission.

The proposed change in the Irrigation Rate are as follows:

The facilities charge of \$7.50 per installed horsepower per year which is billed in twelve (12) equal installments will remain unchanged.

The present demand charge of \$5.00 per operating horsepower for April through September is proposed to be changed to be \$22.80 per installed horsepower during the on-peak season, which shall be billed in six (6) equal installments from April through September billing months. Customers shall have the option of requesting that the electric meter be disconnected for the entire on-peak season, in which case the customer will not be assessed the demand charge, provided that a written request is received by the Cooperative prior to the end of the customer's March billing month. The Cooperative will reconnect the customer's meter after the end of the on-peak season, if so requested by the customer, at no charge to the customer.

The present demand charge of \$2.00 per operating horsepower for October through March is proposed to be changed to read "no demand charge for installed horsepower for the off-peak period from the October through March billing months."

The present energy charge of \$0.04234 per KWH per month is proposed to be changed to \$0.04247 per KWH per month. It is proposed to eliminate the present energy charge of \$0.0719 per KWH for non-irrigation usage.

It is further proposed to determine the installed horsepower to be the manufacturer's motor nameplate rating, but for billing purposes this shall not be less than five (5) H.P. for the three-phase service, and not less than three (3) H.P. for single-phase service.

The proposed changes in the Cotton Gin Rate are as follows:

For the Ginning Season (October

March)

Customer charge of \$75.00 per month unchanged.

The present demand charge of \$3.00 per KW of peak demand per month is proposed to be changed to no billing demand per month.

The present energy charge of \$0.0531 per KWH per month is proposed to be \$0.0645 per KWH per month.

The annual minimum charge of \$15.00 per KW of peak demand and the non-ginning season (April - September) rates will be unchanged.

With these proposed changes, the date the irrigation and cotton gin meters are read will make no difference in the bills.

The proposed changes are applicable to all irrigation customers and all cotton gin customers of the Cooperative.

The classes and number of Cooperative customers affected are as follows:

IRRIGATION 2908 COTTON GIN 25

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change is available at the general office of the Utility located at 305 East Avenue B, Muleshoe, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400 N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 telewriter for the deaf.
