City Council Adopts New 84-85 Budget Water And Garbage Homecoming Activities Planned Rates Are Increased

Bonfire, Queen **And Football**

Tomorrow night, Friday, will be homecoming for Muleshoe High School. The Mules will meet the Frenship Tigers in football action. This will be the first time the two teams have met on the field, and a lot of fwst, furdhus action is expected.

The Mules will be without the service of three of their major players, however, as Jeff Mc-Carty, Hector Flores and Jerry Gleason are all out with knee injuries.

Head Football Coach Windy Williams and his staff have been busy this week shifting players and filling in for the empty slots left by the three injured players.

Homecoming activities get off to a start with a big bonfire and pep rally tonight, Thursday, at the Boy Scout grounds on south Main Street.

Everyone is encouraged to be

at the bonfire and pep rally and show your support of the Mules. On Friday afternoon, a pep rally is scheduled at Muleshoe High School in the gym at 2:15 p.m. The pep rally is open to the public and they ask that you please attend.

Muleshoe High School DECA will serve a meal of barbecue

brisket and sausage prior to the LIONS PRESENT CHECK TO AMERICAN HERITAGE ASSOCIATION -- Monday morning, Les Irvin, president of the Muleshoe Lions Club, presented a check in the amount of \$5,233.18 to the American Also prior to the game, at Heritage Association to be used to help move the Santa Fe Depot. day morning approved a budget for 1984-85 that will be \$255,018.00 larger than the amended 1983-84 budget. An increase was noted in the general fund of \$150,227.00. The 1983-84 budget was \$1,076,534.00 in the general fund, and the projected budget figure for 1984-85 is \$1,226,762.00.

The general fund is used for operating expenses and capital outlay of the City Government.

Next largest increase is in the Water and Sewer Revenue Fund for the paying of operating expenses, capital outlay, and debt service for the Water and Sewer Revenue Fund. Last year, the budget figure was \$406,914.00, increased by \$111,327.00 to the figure of \$518,241.00 for the next year.

Revenue Sharing Funds have been increased only \$500.00 for operation of the City Government. This year, the budgeted figure for 1984-85 is \$80,103.00, compared to the figure of

the General Debt Service Fund to pay accruing interest and redeeming serial bonds and warrants as they mature.

One item with a sharp decrease will be the Airport Fund. Last year the figure in the budget was \$43,538.00, reducted to \$5,520.00 for the newly approved budget, for a decrease of \$38,018.00.

The new budget begins on October 1, 1984 and ends on September 30, 1985.

An ordinance adopted by council members approved a tax rate of 49 cents per \$100 valuation. The rate is down four cents from the 53 cents of last year, however, with a re-appraisal, the actual taxes will be somewhat higher.

Also, other ordinances along with the new budget will be to increase the garbage and sewer assessment by \$1 per customer, per month; also, the current \$5 minimum for 1,000 gallons of water has been changed. Under a new ordiance, the \$5 minimum will be a service charge, and the user will be charged for. all the water he uses, including from the very first gallon.

Two representatives from Santa Fe Railway met with the council members to request that the 30 mile per hour speed limit for trains be increased to 45 Con't Page 6, Col. 4

Don Richards Visits Here

Visiting in the Journal office early Tuesday afternoon was Don Richards, of Lubbock, who is the democratic candidate for U.S. Representative.

Richards said he had been in Friona, Farwell and Lariat earlier in the day before joining the Muleshoe Rotary Club at noon on Tuesday as a guest of Harvey Bass.

The candidate said that last Friday evening during a banquet in Plainview, he received the endorsement of Congressman Kent Hance, whose seat he is seeking. He said that Cong. Hance made the endorsement while acting as speaker for the evening.

Richards cited his record as the candidate with the lowest spending record for a candidacy in the nation. He said his candidacy at this time has cost him \$1.67 per vote.

"I have been real busy," he said, "Labor Day kicked off the fall campaigning and I have been working in the rural areas, as well as the Lubbock and Odessa areas."

Richards also said he had received the endorsement of Congressman Kika de la Garza, who is chairman of the House Con't Page 6, Col. 2

Copleys Win 'Top' Prizes In Parade

The Copley brothers, Trent, age nine, and his four year old brother, Brandon, sons of Joe and Lela Copley, walked off with the top honors in the annual Bicycle Parade and Watermelon Feast last Saturday

Led by Deputy Sheriff Hal Bynum, the gaily decorated bicycles wended their way down Main Street last Saturday afternoon to the old city park where the participants, families, and others enjoyed fresh cut watermelon provided by local producers.

Providing the watermelons were Luther Fields, Max Bush, Jack Bates, Clif Mardis and Roy Locker. The Jennyslippers, sponsors of the annual parade and watermelon feast, said they would like to express their appreciation to the persons who provided the melons, and to Johnny Ziegenfuss of the Muleshoe Fire Department, who 'hosed down' the site following the frast.

Trent Copley won the Best Overall Division in the kindergarten through' second grade division and Brandon Copley won the same honor for the most original entry.

Other winners include in preschool, second place was Leisha Wallace and Josh Ziegenfuss won third; kindergarten through second grade, Farah Black was second and Jake Caswell third; on third through fifth grades, Rebekah Green was first, Courtney Graves, second and Jason Ziegenfuss was third; and in the sixth grade and up division, Brenda Medford won first as the only entry in that group.

nve games, but the Schools tiebreaker scores were used to determine the winners. **Dismiss Early**

Lonnie Scott was off by a total of 39 points to be 'way out front' in determining the first place winner. He receives the weekly check for \$6, plus 10 points toward the grand prize at the end of the contest.

A familiar name in the winner's column in contests over the past several years, Doyle Weir of the Lazbuddie community, won second place, with his 60 point spread on the tiebreakers. He receives a check for \$3, plus six points and another familiar name in the contest, Hazel Gilbreath, with her 62 point difference is the third place winner. Mrs. Gilbreath will be receiving a check for \$2, along with four points toward the grand prize.

One other entrant missed five games, but his 66 point spread difference in the tiebreaker scores knocked him out of the money and points this week. Gerald Shanks was the fourth person to miss only five games. All other entrants missed

to organize development of curriculum around the essential elements in Chapter 75 of the Texas Education Code, he added.

Superintendent Fuller also said school will dismiss early on Monday, September 24 for the students to be allowed to attend the South Plains Fair. School will not be dismissed all day for students to attend the fair, according to the superintendent. However, he said it is the hope of the school administration that the early dismissal will accomodate students and allow them to attend the fair on this special student day. Tickets for free admission on September 24 will be distributed through the schools, he added.

Fuller expained that on early dismissal days, students meet Con't Page 6, Col. 3

Terry Frakes of the Tobacco Institute conducted a Lobbying Workshop Friday evening. He taught the members how to organize for lobbying, which legislators and Congressmen to contact, who to leave alone, when to act, and how to put the right pressure on the right people at the right time.

There were two other workshops during the three-day Convention. Dr. Gary Nelson, Texas A&M, conducted a Farm Safety Workshop. Agriculture is a highly hazardous occupation. The chance of a disabling accident is one in five per farm

Heart Association **Regional Workshop** Held In Lubbock

The American Heart Association, Texas Affiliate, held a Regional Workshop Wednesday, Sept. 12 at the Holiday Inn-Civic Center in Lubbock. Attending from Muleshoe was Hugh Young, president of the Bailey County Division.

On hand for the workshop was Pauline Hefley, chairman of the board of the Texas Affiliate of the American Heart Association. Mrs. Hefley, from Amarillo also presented awards to the County Division. Bailey County was presented an award of achievement for raising at least 51 cents per capita in fundraising. Bailey County also received certificate for Honorable Mention in the Public Information Catagory. A demonstration of the Jump Rope For Heart was put on by the West Texas Skippers, a local group of kids who performed for the members in attendance.

Fred Lundgren, Texas Department of Agriculture, promoted TDA's conception of a Payment-In-Kind Insurance Program in which losses of yield from natural causes would be paid in kind from a pool of surpluses of that commodity. The plan would pay up to 90 percent of established yields on small farms--larger farms proportionally less-- starting at 11 percent of loss. There would be a 15 percent acreage set-aside and premiums would be a portion of the crop. He also had some good material about how figures released by the government translate into actual numbers for farmers that are far, far different from what is indicated.

The Keynote Speaker for the Convention was Bart Kaderly, International Marketing Specialist, Texas Department of Agri-culture. He spoke of TDA's work in setting up international markets by connecting consumers--foreign and domestic -directly to producers. The department hopes to contact individual farmers and groups of farmers who have commodities they would be interested in marketing this

Art Association Artist Of Month

Elizabeth Black, a local artist and member of the Muleshoe Art Association, who paints under the name of Valentine has been named Artist of the Month at the Muleshoe Public Library. Some of her paintings will be on display at the library all during the month of October. Ms. Black opened the art departments in Muleshoe High School and Watson Junior High some 20 years ago. She retired from high school teaching at the end of the 1982, fall term, but

she says that she still delights in following the progress of many of her students, who began their early art studies under her supervision and have continued to widen their endeavors to a professional status.

She added that she has but one purpose in her own artistic achievements, and that is to give pleasure to the beholder.

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks. The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 prooses a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (3% for The University of Texas System and ¹/₃ for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin.

House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is

agencies and institutions of higher education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a 2/3 vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Addi-

tionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects. Except in the case of fire or natural disaster and in other extraordinary cases, verified by a twothirds vote of each house of the

legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official constitution) for the use of those spouses and dependent children of duty.' **PROPOSITION NO. 4**

ON THE BALLOT Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

constitutional The proposed amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate.

The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

City Tax Rebate Check Shows A Little Increase

State Comtroller Bob Bullock late last week sent checks totaling \$52.4 million in local sales tax payments to the 990 cities that levy the one-percent city sales tax.

'I don't know of a city official in Texas who doesn't lick his lips this time of the month,' Bullock said.

Muleshoe's payment for this month was \$7,893.88, down from the \$12,675.44 for the same time last year. The latest payment brings the city's total to \$150,028.58 for the year, down by 1.42 percent from the \$152,188.56 at the same time last year.

From Morton, the reported check is \$2,329.49, down slight-

organization to formally organize and preserve the Santa Fe Depot, along with other historical artifacts from this area.

Other members of the American Heritage Association include Mike Perez, John Gulley, Roy Whitt and Jean Allison. There is also a school organization, made up of youth from Muleshoe High School. The SCAT group from MHS is headed up by Preston Scoggin. The SCAT youth are currently planning fundraising activities for the organization.

Lion Irvin explained that the \$5,233.18 check represented proceeds from the big Lions Club pickup giveaway in 1983. The pickup was given away during the Lions Club Pheasant Hunt Breakfast last year.

He said the money was

ly from the \$2,268.67 last year for this month. For the year, Morton has received a total of \$35,178.04, up by 5.45 percent over the \$33,360.91 received at this time last year.

Littlefield reports an increase of 8.44 percent in city tax rebate checks over the same period last year. Their latest payment was \$18,072.94, up from the the \$15,297.40 at this time last year. This brings Littlefield's yearly payment to \$200,950.16. up from the \$185,305.22 received at this time in 1983.

A hefty increase was noted in city tax rebate payments to Friona at this time of year. They received a check in the amount of \$7,025.93, up from the \$4,550.26 at this time last year. To date this year, Friona has received payments of \$75,651.44 up by 10.28 percent from the \$68,602.07 received at this time last year.

Houston received the largest check, \$8.6 million, upping Houston's yearly total to \$107 million, Dallas' check for \$6.6 million was 27 percent over their September 1983 payment. San Antonio received \$3 million, and Austin's \$2.6 million check is 64 percent more than the city received last September.

Fort Worth's check for \$2 million is 66 percent more than the September 1983 payment. The Corpus Christi payment was \$967,000 bringing the Corpus Christi total for the year to \$11.9 millioh.

Bullock also sent checks to the state's four Metropolitan Transit Authorities, Houston MTA received \$9.6 million, bringing the yearly total to \$124

"I intend to remain the lowest spending candidate," said Richards, "We need to rebuild confidence in our government spending system, and I don't believe people appreciate massive spending by the government.' "The American Dream is to work hard and have a good organization, and I have that,' he added. He said he believed that he could be more influential and effective as a young freshman Congressman, as the House will be controlled by democrats for the next 20 years, according to Richards.

Lubbock Man **Rotary Speaker**

Three new members were initiauted into the Muleshoe Rotary Club on Tuesday, including Larry Hancock, Glen Green and Ted Barnhill.

Special guests at the meeting included Lt. Col. Don Watson, Don Richards, Ray Day, Walter Hughes and Charles Aycock.

It was announced that the Rotary Club would sponsor wrestling in Muleshoe at 3 p.m. on Sunday, at the Bailey County Civic Center. Tickets are available at Poynor's White Stores.

Ronnie Dent was in charge of the program for the day. He introduced Shelly Bossman, a native of Springlake, now with Stotler and Co. of Lubbock.

Bossman explained to Rotarians the basics of the commodity market and the farmers approach to marketing. He pointed out that commodities could be a great management tool for the farmer if used correctly.

The commodities broker exlained that farmers have a difficult time with the hedging approach to commodities.

He said U.S. farmers can now out-produce any other farmers in the world. However, they spend most all of their time on producing, and very little effort on marketing.

Bossman said the entire world is affected by the farmer's markets and future farmers are going to have to become aware of what is going on in the rest of the world so they will be up-to-date on what affects their livelihood.

where 30 mph is required. Other towns such as Post and Snyder allow the trains to go through at 50 miles per hour. Lubbock has no limit. City council members talked

with the Santa Fe representatives about the 'very rough' railroad crossings at all but one location in Muleshoe. The duo said they would check each of the crossings before leaving Muleshoe and plan for repairs as soon as possible.

The proposed increase in speed of the trains will be considered during the October city council meeting.

Also, the city approved a new insurance program through the Texas Municipal League, which increases the city's insurance to \$5 million. With increased court segment going through town cases, it was determined by a

Paul Law, an evangelist, missionary, and speaker, will be the minister for the revival. He was raised in the Congo until his missionary father's death in 1964.

Upon graduating from Asbury College, Paul Law returned to Zaire (Congo) in 1968 for mission work. After nine years, the Laws, Paul and his wife, the former Martha Stoneking, returned to the United States to attend Asbury Theological Seminary. There Law received a Master of Divinity degree. From 1981 until June 1984, Law worked with the staff with the Barnabas Foundation in a discipleship ministry and will return to Zaire in January, 1985 to plant churches in an unchurched region.

He also recommended bonds for city officials be retained and increased to \$25,000, as well as \$25,000 bond for the city treasurer.

Total cost for the new insurance program as approved by the Muleshoe City Council will be \$23,000 per year.

Briefly discussed was the public hearing on the proposed spending of Revenue Sharing Funds. City Manager Dave Marr explained that during a recent public hearing, no one showed up to have any input in how the funds were to be spent.

He explained that almost all of the Revenue Sharing funds are used for seal coating city streets, street maintenance, patching materials and asphalt, which benefits all citizens. At one time, approximately half of the funds for one year were used to help purchase a new fire truck for the city.

North Carolina, Boston

Spell Out 'Big' Trouble

North Carolina was literally coasting last year, underfeated after its first seven games, and had rolled up 257 noints in its seven wins. Then the Tar Heels hit Big Trouble: Maryland, Clemson, and Virginia. Carolina lost all three. North Carolina finished in the runner-up spot in the Atlantic Coast Conference and played Florida State in The Peach Bowl. This Saturday, in only the second game of the season, NC faced Big Trouble again-outside the conference-in Doug Flutie and the Boston College Eagles. The Eagles finished 9-2 in 1983, and lost by a point to Notre Dame in Liberty Bowl. The Tar Heels hosted Navy last week while BC whipped Western Carolina in its opener, then came from behind to beat Alabama two weeks ago. It all points to an outstanding game in Foxboro this week with strong for the Tar Heels.

entertains Big Eight champ Nebraska. The Cornhuskers amassed 624 points in winning 12 games without a loss during the regular season in 1983 including a 42-10 win over the Bruins in Lincoln. Nebraska is favored again and the score just might be a repeat.

Iowa and Ohio State meet in a Big Ten Biggie in Columbus, and Arizona State and Southern California clash in Tempe in an early Pac-10 match-up. The Hawkeys nipped the Buckeyes last year 20-14 en route to a third place finish in the conference. The Sun Devils trounced the Trojans 34-14 but neither team finished high enough in the league standing to be invited to a post-season bowl game. We're picking Iowa and Southern Cal.

In two other top attractions, Miami will beat Florida State in Boston College being a bit too what might be a repeat of its 17-16 win last fall, and West In an inter-conference match-Virginia will nip Maryland, last up, Pacific-10 titleholder and year's Atlantic Coast Confer-Rose Bowl champion U.C.L.A ence champion.

School Board Hears **Report On Junior High**

Muleshoe Independent School District Monday night, a number of reports were given to board members.

Coach Donaldson gave a presentation regarding the Watson Junior High School athletic program. He said the highlights of the program in-clude the goals of the program, including teaching the spirit of competition, and allowing all students to participate, as well as allowing students to reach their physical potential, and to teach competition and respect for rules, others and self.

The coach also pointed out that there are 49 seventh grade boys in athletics and 47 eighth grade boys involved, making a total of 96 in the program. Superintendent H. John

Fuller said that due to unavoidable circumstances, a presentation on the proposed track renovation was not given to the

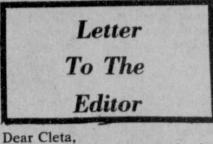

Ernest Bartlett Former Muleshoe Resident Dies

Funeral services for Earnest V. Bartlett, 79, of Crosbyton are pending with Adams Funeral Home in Crosbyton. Bartlett died at 2:30 p.m. Monday, Sept. 17 at Crosbyton Hospital following a lengthy illness.

A native of Tennessee, Bartlett married Vada Harrison March 16, 1924. He moved to Crosbyton from Garza County in 1941. He had previously lived in Muleshoe and Friona and at White River Lake. He was a member of the board of trustees of the Muleshoe Independent School District. He was a member of the First United Methodist Church of Crosbyton. Survivors include his wife, Vada; two sons, J.R. of Lake Charles, La., and Houston of Bovina; four daughters, Jimmie Flowers of Ralls, Frances Allen of Plainview, Pat Brown of Lubbock and Geneva Gustin of Friona; three brothers, Thruman of Muleshoe, Lee of Brownfield and Cecil of Lubbock; two sisters, Lucy Owens, of Seymour and Ella Mae Gregory of Crane; 14 grandchildren; and 22 great grandchildren.

During the monthly meeting truetees. Fuller said that of the Board of Trustees of the because of medical reasons, the presentors could not be at the meeting, and a later date would be set up for the presentation.

Elizabeth Watson gave a brief summary of the Inservice program and the Continuing Education efforts in Muleshoe. Mrs. Watson emphasized that several teachers attended workshops and training beyond the minimum eight days of training required by law. Also, Mrs. Watson reported that over 100 people are already involved in

the Continuing Education program sponsored by the Mule-shoe ISD. A financial report was also

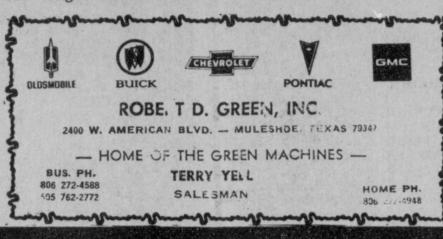

given by Assistant Superintendent Tom Jinks. Trustees approved the hard-

ship transfer for one student from Farwell and two from Springlake-Earth and soliciting bid proposals for ceiling insulation (ceiling fans) at Dillman Elementary, DeShazo Elementary and Junior High School.

Trustees tabled action on policies relating to school interruptions and elected to receive input from student council members at both junior high and high school before implementing policies. They also seek input from faculty members and parents.

The resignations of teacher

aides Cynthia Noble and Euleta Rashid Karami, Leba-Stockard were accepted and non's Prime Minister contracts were approved from "The United States Debra Ann Green, junior high aide; Martha Stroud, DeShazo aide; Margaret Gleason, De-Shazo teacher and Donna Krey, DeShazo teacher.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God Coleman Adv.

The Mules selected captains for the '84 season. Those selected are John Isaac. Mark Moton, Hector Flores, and Jeff McCarty, all seniors.

John Isaac: "I feel we have a very exceptional team this year and I am very excited about being a part of it. We have the potential to be a state playoff candidate. All we must do is work, improve, and perform to the best of our ability.

Mark Moton: "I think that the Mules will have a great season this year. We worked good in the scrimmages and when the games come around, and we stick to it I feel we should "whip" up on some people."

Jeff McCarty: "If we can pull together and play as a team we have the potential to go a long way.'

Hector Flores: "It's going to be an exciting year. Everyone is pumped up and full of energy. We are healthy and looking strong. This year should be a

year of fulfillment for the Mules. We have set some goals and we are not stopping at

The annual Staff is going to be printing clues to the theme for the 84-85 Muletrain annual. These clues can be found somewhere in the Mule's Tale Page. If any student thinks he or she has guessed the theme, write your name, class, the date, and the theme title on a sheet of paper and give it to Mrs. Adrian or Mrs. Watson. The first one to turn in the correct answer will receive a free annual.

The Muleshoe High School

Pep Squad is off to a "peppy" start. The pep Squad is a very important asset to the cheerleaders and the Mighty Mules. This is a high spirited group

that yells and cheers along with the cheerleaders at all games and pep rallies. Each week the

Pep Squad will honor an outstanding offensive player, defensive player, and coach. They will also conduct a spirit activity each week during the district games and would like everyone to take part.

Officers for this year are. President, Janna Wuerflein; Vice-President, Linda Recio; Secretary, Sandy Saldana; Treasurer; Heather Merritt; Reporter, Cynthia Cavazos; and Student Council Representative, Shannon Springfield. Sponsors include Mrs. Nell Bleeker, Mrs Marilyn Miller, and Mrs. Nonette Robinson.

Business Courses claim the largest enrollment figure for elective courses in Muleshoe High this year. Enrollment **Cross Country Team Is** figures for Typing I, office

The coach for the boys and girls cross country team is Jerry Johnson. He commented "looking at the boys" Cross Country team, we are looking forward to a third consecutive state championship. We have all of our runners returning from last year with the exception of Aldo Almanza. We have several young runners who will be able to replace Aldo. They are Carlos Reyes, Norman Perez, Joe Mendoza, Jose Sanchez, or Greg Garcia. The girls' team is looking forward to start a tradition in girls' cross country to match the tradition of the boys. Our girls' cross country team is double in size this year and we are looking foward to winning district and advancing to the state meet for the first time in Muleshoe history."

Procedures, Accounting I, Shorthand, and Personal Business Management total 179 students or 41% of all students. Second place in elective courses is the Home Economics Department with 161 students

or 38%. Home Economics I has 87 students; Home Economics II has 8; Child Development, a new popular elective one-half unit course, has 43 enrolled; Foods and Nutrition has 23.

When asked by Alan Finney, Mules Tale Reporter, which department was the most popular according to enrollment as compared to the past, Wayland Ehridge, M.H.S. principal, quickly named foreign language. Although this department only ranks third in the school by enrollment, Ethridge stated that he was most thrilled with this department. He stated that there are 154 students taking foreign language; 39 in French I and 115 in Spanish I. This represents 35% of all M.H.S. students. Ethridge ex-

plained that the new require. ments of Chapter 72 passed by the legislature requires 2 years of a foreign language for the "Academic" diploma. However, he made mention that the house bill was not the only factor. "We have more sophomore, Juniors, and Seniors taking foreign language so that their transcripts will show the accoplishment, even though they will not graduate under the new graduation plans." Regardless of the reason, many students can be heard using phrases of Spanish and French trying to learn the pronounciation and have lessons ready for the next day.

Other elective courses this year that students have chosen are computers, science courses, speech courses work-study programs, athletics, and vocational courses. Computers currently have 68 enrolled for the fall semester with 50 wanting computer science the second semester; band has 83 enrolled; work-study programs 71; all athletics 170; science electives 42; speech 56; agriculture 34, English electives total 38 students; 28 in Vocabulary and 10 cnrolled in Research and Techanything to reach them. The Mules are loaded for the Wildcats this year."

When asked concerning second semester electives courses offered, Ethridge stated that a survey will be taken the last week in November asking students which one-half unit electives they desire for the second semester. Some that definitely will be offered are; Personal Financial Management, Practical Writing Skills, Individualized English Studies, Computers, and Home man-agement. Others will be listed on the survey. Of course, all full-year electives in which students are currently enrolled will continue for the year. It is possible that some first semester courses in math and English may be taught the second semester for students who may not be passing those subjects this fall. By doing this, students who may need to repeat a first semester course may be able to repeat it the second semester rather than having to wait until the new fall semester.

The new seven period day has put much more flexibility into scheduling and many more one-half unit courses are offered.
