## Cool, Wet Weather Slows Cotton Growth

### Corn Still In Fields; Harvest 'Crawling Along'

### Large Crowd At School Meet

Speaking to a near capacity crowd at the Muleshoe High School cafeteria Monday night, Muleshoe School Superintendent John Fuller said, "If there is one thing I would like for you to take home with you tonight, it would be that the number one thing that would improve the lives of our children would be for parents to be more 'positive' with their children.

"Wake them up with a smile in the morning; praise them; encourage them; assure them; let them know they are valuable to you and valuable to the world and always, stand beside them."

He also commented, "If every individual in the State of Texas knew where we are in education at this time, an alarm would go out."

The superintendent, all members of the board of trustees for the Muleshoe Independent School District, principals from all four Muleshoe Schools; many teachers, concerned parents and interested individuals were on hand to hear the explanation of the multi-changes mandated for education throughout the State of Texas.

Fuller briefly explained many of the changes mandated by the State Legislature.

The superintendent told the group that before the legislation was implemented by the State of Texas, the Muleshoe School System board of trustees and school officials started looking at the system a year and a half ago and studying how to improve the system.

"We have had a lot happen to us in a very short time," he commented, "But the important thing to remember is this—we must not forget what business this school is in. We are here to educate our children. We want to show people that Muleshoe is one of the best school districts in the State of Texas.

He spoke on the new state-wide curriculum, as mandated by HB 246, and said the new bill will be implemented in the 1985-86 school year.

"In the State of Texas, the essential elements in every course will be the same. The same time must be spent on all subjects in the state, whether it be in Muleshoe, or San Antonio, or Houston," said the superintendent.

**BAND RECEIVES 'OUTSTANDING' TROPHY**—Last Saturday at Lubbock, the Muleshoe High School Mighty 'M' Marching Band received three Superior Ratings, and was named the 'Outstanding Band' in competition. Pictured with the trophy are from left, standing, Ronnie Perez, freshman representative; Chris Hernandez, president; Joey Cox, senior representative; Jeff Hagins, vice president; Alan Finney, assistant drum major. Kneeling from left are Leah Bell, sophomore representative; Jessie Holmes, junior representative; Shelly Sain, drum major and Barbie Seaton, secretary. Not pictured is Leah Irvin, chaplain. The band will compete in UIL contest on Saturday of this week, again at Lubbock.

### Doyle Weir Takes Contest Lead

Well, ladies and gentlemen! We have another change in the first place winner in the weekly merchant's football contest this week. For the first time, at least this year, Juan L. Garza has moved to the forefront in the contest. He was the only person to miss below four games in the weekly contest.

Garza missed the Mississippi State-Kentucky game; the North Carolina-Wake Forest game, and was among the 100 percent of the entrants who failed to guess the Texas-Oklahoma tie game.

Garza will receive a check in the amount of \$6., 10 points toward the grand prize and the

chance to be among the strong finishers for the \$100 check at the end of the contest.

But, the strangest contest side-effect has just shown up. Doyle Weir of Lazbuddie had a second place win in the second contest of the season. This week, he had another second place win, and not only does he receive a check for \$3, but, at the same time, an additional six points. Now, add six points for the second contest and six points for this week, and any way you look at it, that comes

### Youth Group Plans Dinner Before Game

You're invited! All area residents are encouraged to take advantage of a special dinner being served in Muleshoe Friday evening.

From 5:30-7:30 p.m., the Student Community Action Club (SCAC) of Muleshoe High School, will be serving a chuckwagon dinner in the Muleshoe High School cafeteria. Serving of the dinner will continue until gametime between the Muleshoe Mules and the Dimmitt Bobcats.

What will make this dinner different, other than the western dinner are western decorations, and live western entertainment during the meal.

On the menu will be ham, western red beans, cornbread, potatoes au gratin, tossed salad with ranch dressing and peach or apple cobbler. All you can eat will cost \$4 for adults and \$2.50 for children under the age of 11 years. Take out orders will be filled, although there will be no home delivery.

All proceeds from the dinner will be given to the Muleshoe Heritage Foundation to help preserve some of Muleshoe's heritage. SCAC was formed to help make Muleshoe a better community, so they are asking for support from the community.

up to 12 points.

So, what? Well, at least for now, that makes the Lazbuddie farmer the leader, by two points, in the contest. Of course, the way it switches about, that could be changed with any one of the weekly contests before the end of the season, and end of the contest.

Weir missed four games, and was 22 points away on the double tie-breaker score.

In third place was Harold Cowan, who also missed four games, but was 25 points away on the double tie-breaker score. Cowan had a second place win in the third game, so his six points from that contest, combined with the four points from this week, makes him be right up there with the other leaders in the contest.

Coming in close was James Hanson, the only other contestant to miss only four games. He had a good showing, but was 32 points off on the double tiebreaker score.

A total of six persons missed

### Scouts Tour Talk Plant; Go Camping

A total of 43 Cub Scouts and adults from Pack 620 went to Southwestern Public Service Co. Talk Station Thursday afternoon. They viewed a film and toured the facility.

Saturday morning, seven Webelos and two Cub Scouts went to Bull Lake for the 1984 Scout Camporee. They enjoyed competing in a full day of activities such as compass reading races, setting animal snares and learning how to start a campfire.

The day ended with a bonfire, during which time the local Pack was awarded a third place ribbon. The Webelos Scouts stayed and camped overnight.

Pack 620 will be sponsoring skating Friday night at the Civic Center from 7-9 p.m.

**PHIL GRAMM BRINGS CAMPAIGN TO MULESHOE**—Congressman Phil Gramm, who is seeking the Republican nod for U. S. Senator in the general election, brought his campaign to Muleshoe Wednesday morning. He is pictured, at left, greeting Ken Box. In the background, left are Sam Damron and J. D. Cage.

Cool, damp weather is beginning to concern some producers, while others are wearing a big, broad smile.

Cotton producers are especially concerned, according to Bailey County Extension Agent Spencer Tanksley. He said that at this time, there is a 'good potential' for cotton, especially the early May cotton, where producers will probably realize good quality, along with good quantity at harvest. This depends, however, on the right weather to allow the cotton to develop, he added.

Recent wet weather is beginning to cause cotton that is open it start stringing, and falling out of the bolls, added the county agent. Also, he said the rain is getting into the opening bolls, tinging the cotton, which reduces the value.

### Christmas Parade Scheduled

"Believe it or not," said Toni Eagle, manager of the Muleshoe Chamber of Commerce and Agriculture, "It is time to start thinking about Christmas."

The Muleshoe Chamber of Commerce and Agriculture is pleased to sponsor the 25th Annual Christmas Parade, she added. The parade is scheduled for Saturday, December 1, at 2 p.m. Theme for this year's parade is "Christmas: Past-Present-Future."

Muleshoe CofC will be a warding cash prizes for the top winners of the float division and trophies in all other categories. Other categories are antique cars, riding clubs, commercial, mules and individual riders or walkers.

"Since this is Muleshoe's 25th Annual Christmas Parade," added Mrs. Eagle, "let's try to make it the biggest and best parade in the history of Muleshoe! Let's all get involved and start planning our Christmas parade for 1984."

Get your entry from the Chamber of Commerce and Agriculture office at 215 South First or call 272-4248.

"Farmers are currently faced with a dilemma," said Tanksley, "they need good weather, and at this time are unsure as to whether or not to use a desiccant or defoliant, or just wait for 'Jack Frost' to naturally desiccate their cotton."

He added, "For nine out of ten years in this area, there is nothing done about desiccants as Jack Frost takes care of that. If we get by this week, without extreme weather, I believe we will see more harvest aids used on cotton."

Tanksley estimates that about 50 percent of the cotton is to percent open at this time and 20 percent of the cotton is 80 percent open. A frost will not hurt the cotton at this time, said Tanksley, but a freeze will damage the late cotton. He said a considerable amount of the cotton, especially cotton planted in June, needs more time.

If the weather cooperates, the county agent believes that cotton may produce 350-375

### Absentee Votes

### Can Be Made Through Mail

County Clerk Barbara McCamish said Tuesday that voters who are disabled, or 65 years of age or older, may mail written requests for ballots to the County Clerk's office, or they may vote in person in the courthouse prior to the general election.

She reminded that absentee balloting was to begin on Wednesday, October 17, and would end on Friday, November 2 at 5 p.m.

Also, added Mrs. McCamish, anyone expecting to be out of town on election day should cast their vote in person at the courthouse.

She concluded, "Anyone recently moving to Bailey County, but registered in another county, may also vote a limited ballot in the County Clerk's office, upon presentation of voter's registration from previous residence."

**THREE WAY HOMECOMING ROYALTY**—Elbert Zapata, son of Mr. and Mrs. Casimiro Zapata, was named homecoming King last Saturday and Nancy Hatla, daughter of Ms. Doris Hatla, Homecoming Queen, other contestants included Donae Parker, daughter of Mr. and Mrs. Don Parker; escorted by Wayne Williams, son of Mr. and Mrs. C.W. Williams; Gena Pearcey, daughter of Joan Pearcey, escorted by Mike Whitehead, son of Mr. and Mrs. Maurice Whitehead and Irma Banda, daughter of Mr. and Mrs. Fidencio Banda, escorted by Brett Stegall, son of Mr. and Mrs. Frank Stegall.

# Congressman Phil Gramm Campaigns In Muleshoe

U.S. Rep. Phil Gramm of College Station, campaigning here today, said the 1984 Senate election offers Texans a clear choice between a conservative who shares traditional Texas values and a liberal who is closer to Ted Kennedy that he is to Texas.

Gramm, who co-authored President Reagan's economic recovery program, is probably best known as the congressman who resigned his seat in Congress and sought re-election as a Republican after Tip O'Neill and the liberal National Democratic Party denied him his seat on the Budget Committee in retaliation for Gramm's

successful efforts to control government spending.

"The differences between my opponent and me on the key issues are stark," Gramm said.

"I have worked six years to control spending so the working people of Texas can keep more of what they earn. Lloyd Doggett is committed to raising taxes so the government can go on spending as usual."

Congressman Gramm also noted that on his first day in Congress, he introduced the balanced budget amendment to the Constitution while, by contrast, Doggett "voted against the Texas Legislature's resolution urging Congress to adopt

the balanced budget amendment. He opposes the balanced budget amendment for the same reason Tip O'Neill and Ted Kennedy oppose it -- they want more spending, not more restraint."

Gramm also stressed that reciprocal trade agreements for agriculture products should be made with other nations.

Touching on defense, Gramm pointed out that the two budgets he co-authored in the House provided for both a strong defense and for audits "to assure we get our money's worth."

"But Lloyd Doggett opposes virtually every element of our effort to strengthen national defense, including the MX missile, the B-1 bomber and the Pershing II missile," Gramm noted. "He even called it 'gunboat diplomacy' when our troops rescued the Americans trapped on Grenada last year."

Congressman Gramm also discussed several other issues, including these:

--Right to Work. "I'm for it, he is against it."

--Voluntary prayer in school. "Again, I am for it; he is against it."

--Gay Rights Bill, legislation that would mandate affirmative action in the hiring of homosexuals. "I'm against it, but Lloyd Doggett is for it."

"On these issues and on many others, there is a clear choice," Gramm said. "It is a distinction between the traditional values of Texans and the liberal philosophy of Lloyd Doggett and the National Democratic Party."

Congressman Gramm vowed that he would "always put the interests of the people I represent before any partisan or political interests."

"If you elect me as your senator, I will always put your interests and the citizens of Texas first," he said.

The congressman said the message he is carrying to Texans is clear: "We are putting together a coalition of Democrats, Republicans and Independents -- people who work hard for what they earn -- and I want you to be a part of it."

## Regents endorse Proposition 2 on November ballot

COLLEGE STATION — The Texas A&M University System Board of Regents has formally gone on record in favor of passage of the proposed constitutional amendment for higher education assistance to be put to a statewide vote in the general election Nov. 6.

The nine-member governing board, which oversees the operation of four universities, has unanimously passed a resolution stating it "wishes to go on record in support of the proposed constitutional amendment to create a special higher education assistance fund and restructure the Permanent University Fund."

In their resolution, the Texas A&M regents note the proposed constitutional amendment would allow all parts of The Texas A&M University System (TAMUS) and The University of Texas System to participate in the Permanent University Fund (PUF). It also would provide a separate fund for construction and related

needs of the 26 state universities that are not part of the Texas A&M or UT systems.

The proposed constitutional amendment is an outgrowth of legislation passed earlier this year intended, according to the regents' resolution, "to provide an equitable means of financing construction at all of the state's public universities."

PUF provisions currently allow few uses of the fund other than construction and exclude Texas A&M and UT system institutions that are not specifically listed in the state constitution. For the most part, the institutions are not listed because they were not in existence at the time that the constitution was last amended.

A resolution similar to the one adopted by the TAMUS regents was previously passed by the Coordinating Board, Texas College and University System.

## Town & Country Food Stores Are Celebrating

Town & Country Food Stores, Inc., reached the century mark when it announced the opening of its 100th store at 712 N. Chadbourne, San Angelo, Texas, on October 1, 1984. A two week company wide celebration is planned to commemorate this event.

Steve Stephens, President and co-founder of Town & Country had this to say about the occasion: "Our company has successfully been in business now for 19 years. While our growth has not been spectacular, it has been steady and very solid. We started 19 years ago on a shoestring, badly under capitalized, but with a good opportunity and a lot of hope and ambition for the future.

Thanks to our faithful and loyal customers over the years, our suppliers and a capable and hardworking family of employees, Town & Country has prospered. We have tried to put a part of ourselves and our company back into the communities that have given us the success we have enjoyed. After all, that's what good West Texas living is about: people working, sharing and prospering

### Lewis Named To Position With Agency

Mike Lewis, son-in-law of George and Lois Washington, has joined the staff of Waddington Advertising Agency in Lubbock as copywriter/producer.

He was formerly employed at KLLL radio as an air personality and Assistant Production Director.

He is the son of Bob and Gloria Lewis of Fort Worth and a graduate of Texas Tech University. Lewis lives with his wife, Lana, and a 10 month old son, Dustin, in Lubbock.

together." Town & Country Food Stores was a struggling Austin, Texas based company when San Angeloan Harold Gibbs selected and acquired five locations for the convenience store chain in 1961. In 1962, the San Angelo stores opened, and F.L. (Steve) Stephens was chosen as the first district manager of the San Angelo area.

In 1965 when the Austin company found itself spread too thin, Gibbs and Stephens joined together to purchase the six San Angelo stores and one in Del Rio. Within a few months, the Austin company sold the rest of the stores and by agreement, the new Gibbs/Stephens company received the name TOWN & COUNTRY FOOD STORES.

During the late sixties and throughout the seventies, Town & Country grew steadily across West Texas... south to Junction, east to Comanche, north to Lubbock, and west to Pecos. In 1978, Town & Country expanded into New Mexico and acquired five stores in Hobbs, which operated under the name ROADRUNNER FOOD STORES.

This expansion continued into the eighties: Plainview, Sonora, Midland/Odessa, were added to the growing list of cities served by Town & Country. Considering the sparsely populated area of West Texas and eastern New Mexico, Town & Country turned its eyes east as it opened a store in Copperas Cove, Texas close to Fort Hood.

Town & Country Food Stores are in convenient locations, open seven days a week from 6:30 a.m. until midnight and some locations remain open 24

hours a day. Gasoline is available at all Town & Country Food Stores.

As the American public has become more mobile, Town & Country saw the need to help feed these hungry, working people. Approximately one-half of Town & Country's stores now have Country Kitchens, full service deli's which include chicken, burritos, corn dogs, sausage, and breakfast items.

A by-product of the steady growth was the need to find a stable source of supply of ice. Town & Country operates West Texas Ice, located in San

Angelo, that has a capacity of producing 44 tons of ice per day, which supplies the needs of half the stores, as well as many other retail and institutional customers.

Another integral part of the company is its Supermarket operation. Town & Country operates four supermarkets under the name of VILLAGE

MARKETS. These stores range from 4,000 to 14,000 square feet, and provide needed services to residents of smaller cities of West Texas. The success of this operation has

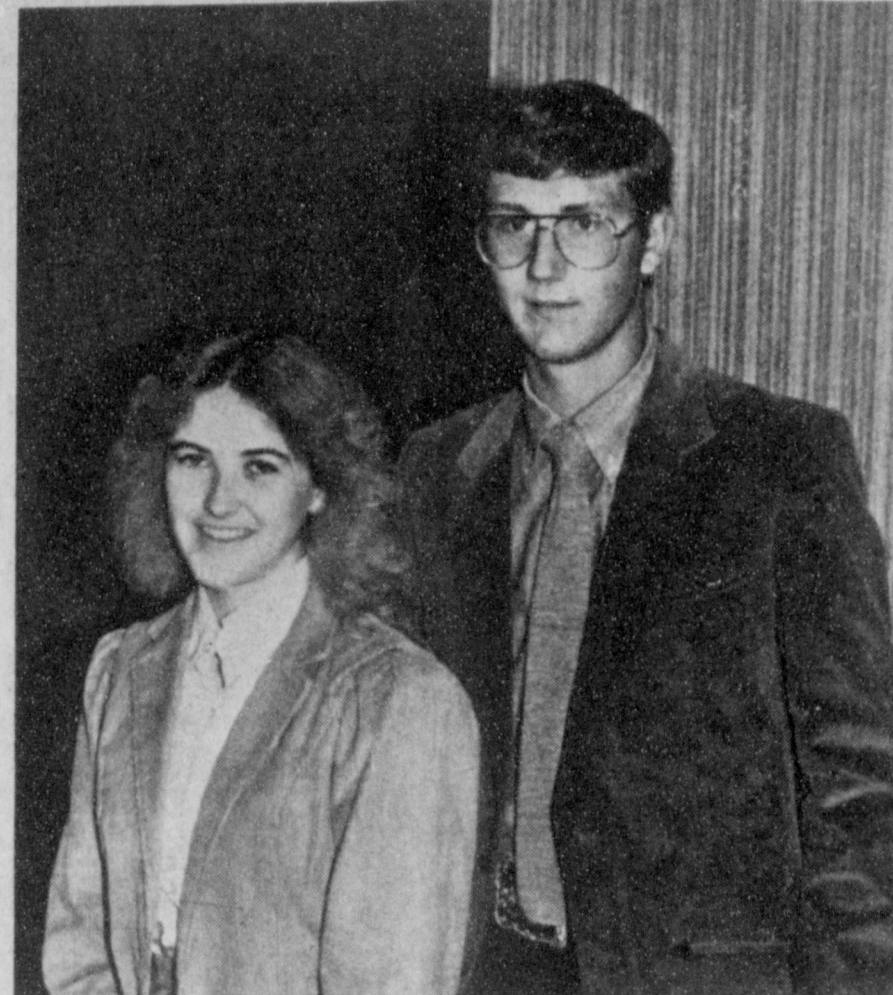

initiated the addition of three more Village Markets currently under construction.

TOWN & COUNTRY FOOD STORES, INC. is a closely held corporation, in which only employees own stock. H.C. Gibbs recently retired as Chairman of the Board and F.L. Stephens is President as well as assuming the position of Chairman of the Board. Other officers and staff include: Don A. Allison, Executive Vice-President-Operations; J.R. (Jim) Little, Vice-President - Physical Resources; James McDougall, Vice-President - Personnel; Walt Matzek, Director of Marketing; Tommy D. Winter - Treasurer and Controller; Lloyd Norris, Merchandise Manager.

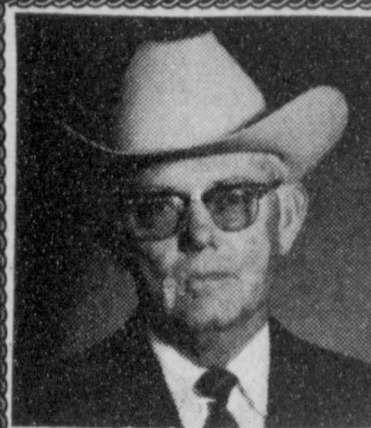

In addition to the supermarket division which is headed by Bill Heller, the company currently operates two convenience store regions: Lubbock, Texas, headed by Drex Vincent and San Angelo, headed by Ernest Ramsdell. Town & Country employs over 700 persons throughout its operations, a welcome plus for the West Texas economy.

To celebrate its 100th store and to say thank-you to all its

customers for their faithful patronage, Town & Country is having a two-week celebration which will be recognized at all 100 stores, which will include numerous specials, a drawing for 100 prizes, including a Honda ATC 110 3 wheeler, a color TV set, video cassette recorder, radio, cameras, 1,000 gallons of gasoline, plus many other prizes. No purchase is necessary--everyone is encouraged to come in and drop in an entry for the drawing.

## USDA Beef Grades Explained

Many consumers buy USDA graded beef without knowing what the different grades labels really mean.

The United States Department of Agriculture (USDA) grades meat according to the number and size of flecks of fat found in the red meat portion of the cut, says Marilyn Haggard, a food and nutrition specialist with the Texas A&M University Agricultural Extension Service.

The more Flecks of fat--or "marbling"--the higher the grade of meat, she explains.

"One reason why people become confused about the grading system is that they're used to thinking in terms of lean for determining the quality of ground beef," says Haggard. But even in ground beef, a certain proportion of fat is needed or the taste drops off, she adds.

Each USDA beef grade is a distinct level of quality:

Prime grade beef has abundant marbling which enhances both flavor and juiciness. It's the most likely to be served in fine restaurants, and the most costly retail grade.

Choice grade beef and slightly less marbling than Prime, but still of very high quality. Choice grade is produced in the greatest volume and widely sold on the retail market.

Good grade beef lacks some of the juiciness and flavor of higher grades because it has less marbling. Some stores sell this quality beef under a house name rather than the USDA grade name.

Standard grade beef has a high proportion of lean meat and little fat. Because it lacks marbling, this grade of beef will be somewhat dry unless prepared with moist heat.

A recently completed nationwide study funded by the Texas A&M Agricultural Experiment Station, USDA and some cattlemen's associations, showed that

consumers can detect differences in the palatability of beef steak among USDA grades, even though the steaks were not identified by grade.

According to Dr. Robert Branson, director of the research study, the consumers' satisfaction with a steak increased as the grade increased, but 25% of the consumers in the study also rated leaner Choice grade beef as palatable and indicated they would buy it.

Some people may prefer this leaner meat since it cuts calories and fat in their diets, and food costs, suggests Haggard.

But simply trimming the visible fat from the outside edges of any grade of meat will probably do the most to reduce fat intake, she says, and the flavor produced by marbling in the meat itself can still be enjoyed.

### Arts And Crafts

### Bazaar Scheduled

### At Dimmitt

Dimmitt Young Homemakers will sponsor an Arts and Crafts Bazaar on Saturday, Dec. 1 from 9 a.m. until 4 p.m. in the Castro County Expo Building at Dimmitt.

Sherri Kenworthy said "This is our annual Christmas Bazaar which we have had great success with in the past. The turnout will be good as there are many things going on in Dimmitt that Day."

Booth fees are \$20.00 for a single display or \$35.00 for double occupancy, and are due by Nov. 20.

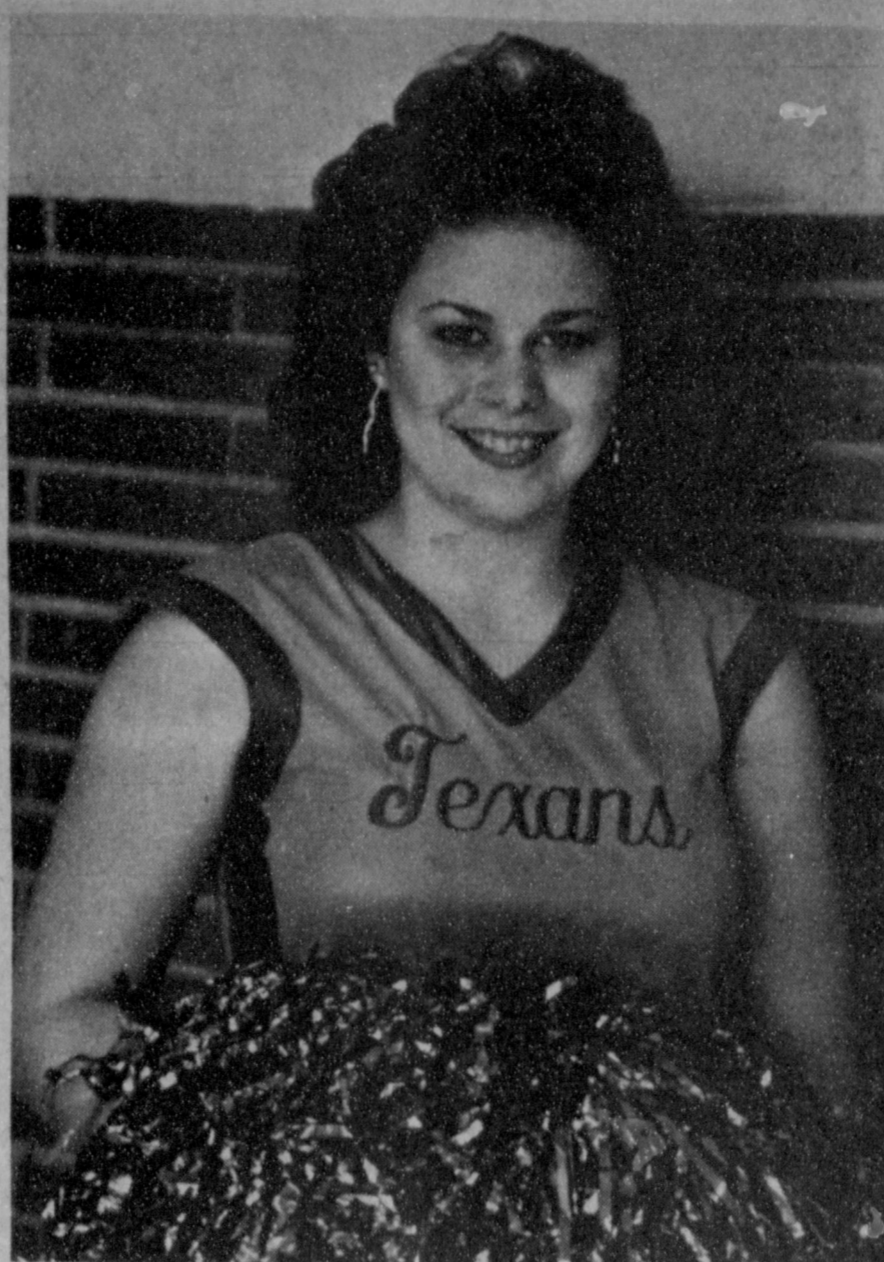

Set-up time will be from 7:30 until 9 a.m. For more information you may call either Sherri Kenworthy at 647-5596 or Darendra Bentley at 647-3521.

A soap made for hands can be handy in the kitchen or bathroom. It's great for cleaning surfaces such as bathtubs, stoves and refrigerators because it's not abrasive. To use, just sprinkle some on a damp sponge and apply to surface.

You can use it to cut road film the next time you wash your car by adding 1/2 cup of the powdered soap to a pail of warm water for a clean machine.

In the laundry some Borax powdered handsoap can be used for pretreating stubborn stains before you wash. Simply wet the stained area with cool water, sprinkle with powdered soap and rub or brush. Rinse, then toss in the washer with the rest of your laundry. It works to remove stains including chocolate, oil and catsup.

## Creative Woman

by Sheryl Borden

The topics to be presented on "The Creative Woman" show on October 23 and 27 are energy-saving window treatments and stuffed pork chops. Paulette Gehrke, Extension Home Economist from Eddy County in Carlsbad will show how to make a one-hour window quilt good way to conserve energy. She'll also present other ideas for making window treatments attractive as well as making them more efficient.

Whether you're cooking for two or twenty, pork cookery is easy when you know a few basic steps and contrary to what people once thought, you can successfully broil pork chops. Jayne Hager is the consumer spokesperson for the National Pork Producers from Des Moines, Iowa and besides showing us how to stuff pork chops. Mrs. Hager will also discuss nutritional aspects of pork.

On October 27 and 28 the show will consist of a health update and ways to make extra money. Hazel Wallace is the Consumer Affairs Director for the Food and Drug Administra-

tion in Dallas, Texas and she'll discuss several of the most recent findings of the FDA. She'll also discuss the status of cyclamates, saccharin and other food additives, EDB, caffeine, sodium content and labeling, Mexican vanilla, color additives, and other points.

Jim Sais is the Urban Horticulturist with the Cooperative Extension Service in Albuquerque and his topic is called "Cash Crop in your Backyard".

According to Mr. Sais, raising vegetables is one way to make extra money. He will explain how to grow certain items, suggest ways to market them and show lots of interesting examples that are "best sellers".

"The Creative Woman" is produced and hosted by Sheryl Borden. The show airs at 12 noon on Tuesday and Thursday, at 2:00 pm on Saturday and at 5:00 pm on Sunday (All times are Mountain Standard) on KENW-TV. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines.

**SOME COTTON READY FOR HARVEST**-Some very white cotton fields are beginning to show up around Bailey County, as a few farmers have defoliated their early cotton, and wait for dry weather to harvest this year's crop. This field is one mile south of Needmore and was produced by Jesse Ybarra, who defoliated recently. The crop is located on the Rudolph Moraw farm.

pounds of lint per acre.

Corn producers are expressing concern over the corn still in fields, and unharvested. Tanksley estimated that only about 50 percent of the 1984 corn crop has been harvested. He said harvest has been delayed due to heavy dews, light rain and drizzle which has kept harvest crews out of the fields.

He said most corn is still standing, however, as harvest continues to be delayed, he is beginning to be concerned about winds knocking the corn

### School...

con't from Page 1

"will have a very, very positive influence on education in the State of Texas," added Fuller.

He spoke on the high technology in the state, and how the very specialized industries are relocating to Texas, because of the technology being taught in public schools in the state.

According to the new curriculum, a "Well-Balanced Curriculum" will include English Language Arts, Social Studies, Physical Education, Economics, Mathematics, Vocational Education, Science, Fine Arts, Health, other languages, Business Education, Texas and U.S. History and Computer Literacy.

According to the new legislation, a number of new requirements 'must' be implemented into each school system in the state.

A real bright spot under the new legislation will be that Muleshoe will be getting \$700,000-\$900,000 to help implement the new programs. This is because 'poor' school districts (without oil, industry, etc.) will get a larger share of 'the pie' to help where funds would not otherwise be available.

Following the explanation period, the group broke up into groups, and visited several rooms in the high school, visiting with school personnel and asking questions.

(Editor's note: Because of the importance of the new legislation. The Bailey County Journal will have a mini-explanation of each piece of the legislation on Sunday, October 21.)

down, resulting in a loss to the producer.

Vegetables have served their purpose for this year, said the county agent, most vegetable harvest is over, and you can see lots of pumpkins going out at this time.

Wheat growers are very happy about the recent weather. Wheat thrives on cool, damp weather, said Tanksley, and wheat is looking great right now, with some wheat getting the best start it has achieved in a number of years.

The county agent said he knows of five-week old wheat that is ready to graze.

The county agent said the crop that looks the best is grain sorghum. Some producers are looking at 1,500-2,000 pounds per acre, with some grain sorghum producing from 3,000-4,000 pounds per acre.

He reminded that this year, farmers have produced some of the most economic crops ever grown here due to the good crop weather conditions. Most irrigated farmers have not had to operate irrigation systems as much as they have in years past, as adequate rainfall since June has boosted the economy for producers.

"Right now," concluded Tanksley, "the farmer has a 'wait and see' attitude. He's trying to figure out where he's going from here due to weather conditions. In order to get corn, grain sorghum and cotton out of the fields by Christmas, we're going to have to have harvest-type weather, with dry conditions and sunshine."

## Trey Ellis Is Assigned As Trooper

The Texas Department of Public Safety has commissioned 84 new troopers and assigned them to various duty stations throughout the state.

Trooper Frank H. Ellis, III, 31, of Muleshoe, received his commission in a special graduation ceremony in Austin. Colonel Jim Adams, director of the DPS, presented the badges to the new troopers.

Trooper Ellis is to report to the new assignment in Friona immediately to work in the Highway Patrol Service.

Adams said the new men and women of this graduating class have been given some of the best police training available during their 18-week course at the DPS academy in Austin.

"Due to the variety of law enforcement related situations facing our troopers we provided detailed training in criminal law, civil law, traffic accident investigation and dozens of other related police topics," Adams said.

"The trooper is traditionally a well-trained individual who is charged with the responsibility of providing the public with courteous service and the protection the citizens deserve," added Adams.

In addition to the basic law enforcement training, the recruits were instructed in first aid, firearms use, traffic management, defensive survival techniques, drug identification and other law enforcement courses.

### Entomologists doubt ultrasonic flea collars will control insects

COLLEGE STATION — Entomologists from the Texas Agricultural Extension Service said they have doubts about a new ultrasonic flea collar which reportedly bugs insects so much "they migrate toward the pet's tails and jump off."

According to a recent report in the Wall Street Journal, a Miami inventor has developed a collar using a watch-sized device that emits a high-frequency, high-intensity sound. The device is available through mail order catalogs and has been described by the inventor as a "pet-care breakthrough."

But the Texas A&M University System entomologists point out previous studies indicate ultrasonic devices aren't effective in controlling insects. They doubt the new pet collar will work either.

## Around Muleshoe

In celebration of National Textile Week, October 21-27, the Textile Research Center at Texas Tech is sponsoring a Unique Production on Thursday, October 25, at 7 p.m. in the Texas Tech University Center Theater. The production will be exciting, said Deana Finck,

FRANK H. [Trey] ELLIS, III

County Extension Agent for Bailey County, appealing to all ages, educational, free, and several door prizes will be given during a drawing.

Prizes will be donated by stores participating in the show. Emphasis will be placed on the wide spectrum of textile products "Crafted With Pride in the U.S.A.," concluded Miss Finck.

During the weekly meeting of the Muleshoe Rotary Club on Tuesday, President J.D. Cage reported on the Inter-City meet in Lubbock last Tuesday night, including 'Happy Hour.'

John Isaac was present to discuss the SCAC chuckwagon dinner to be served before the Muleshoe-Dimmitt football game Friday night.

Guests at Rotary included Martin Chandler, Bill Gibson, Pete Perez; Todd Ellis and Gene Paul Jarman.

Clifton Finley was in charge of the program and introduced Barry Bradley, pastor of the First Baptist Church of Muleshoe.

Rev. Bradley discussed a book written by former president, Jimmy Carter, entitled "Why Not The Best."

It was announced that when a Rotarian is absent and does not make up Rotary, he will be automatically fined.

According to Danny Noble, County Executive Director of

the ASCS office in Muleshoe, to participate in the 1985 upland cotton program, a producer must limit the planted acres to not more than '70' percent of the farm's cotton base and devote '20' percent of the base or .2857 percent of the planted acreage to ACR plus '10' percent of the cotton base for diverted acreage for payment.

### USAF seeks funds to implement plan developed by TEES

COLLEGE STATION — The Air Force is seeking funds to build working models of equipment that would quickly convert commercial airliners into medical evacuation planes for soldiers wounded in overseas battle, say officials with a think tank here which developed the ideas.

The Center for Strategic Technology, part of the Texas Engineering Experiment Station (TEES), took on the job at the request of the military, said project coordinator Dr. Dan Bragg, the center's assistant director.

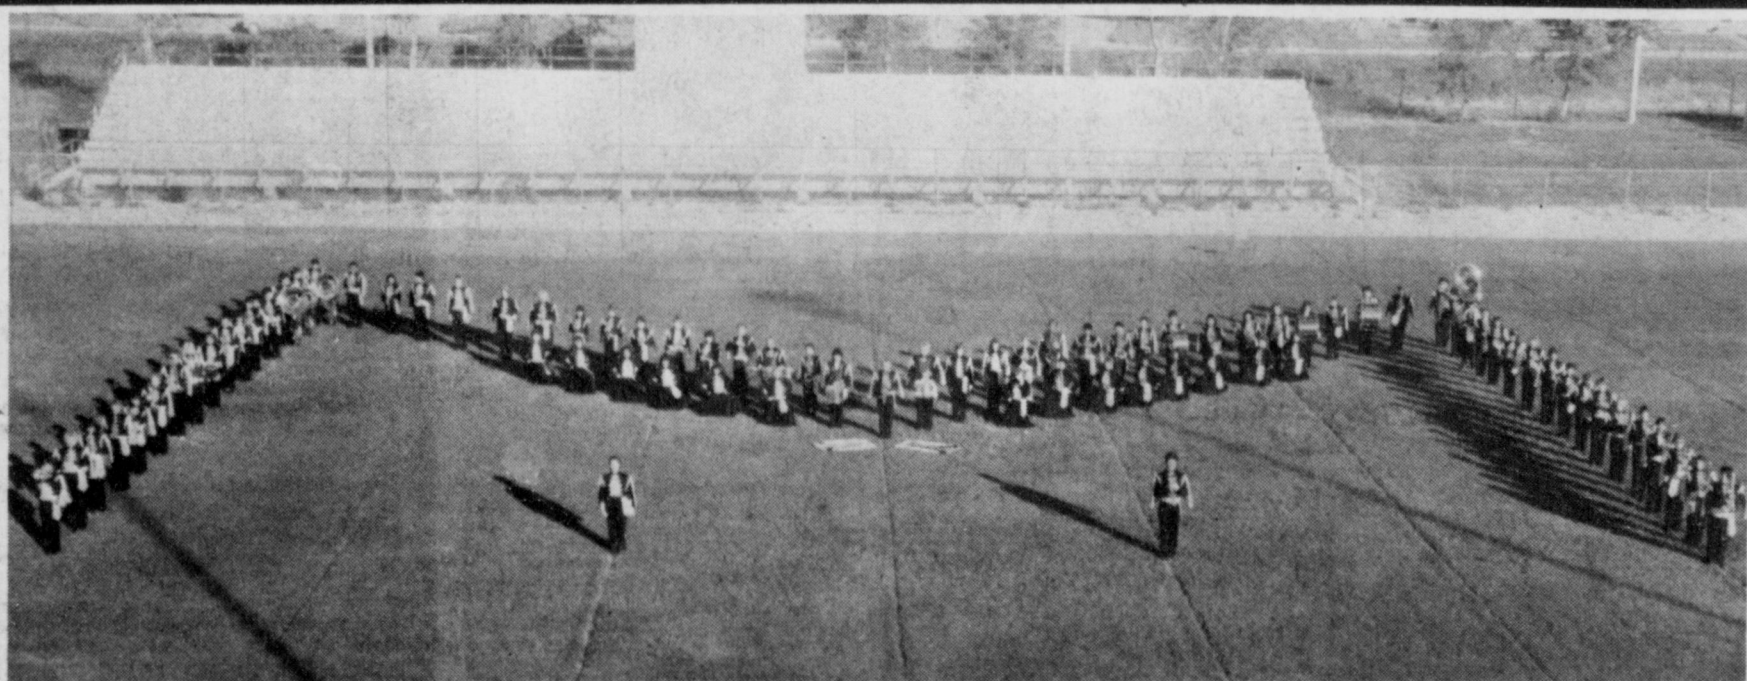

TEES is the engineering and technology research arm of The Texas A&M University System.

Editor: Susan Lunsford

Official Publication of Muleshoe High School Written and Edited by Students of the Muleshoe Schools

**BAND OFFICERS WITH TROPHY**-Last Saturday, the Muleshoe Mighty 'M' Marching Band won the Outstanding Band trophy after winning three 1 ratings at Lubbock. Pictured with the trophy are from left, standing, Jessie Holmes, junior representative; Leah Bell, sophomore representative; Shelly Sain, drum major; Joy Gabbery, flag captain and Barbie Seaton, secretary; kneeling from left, Joey Cox, senior representative; Chris Hernandez, president; Alan Finney, assistant drum major and Jeff Hagins, vice president.

## Mighty 'M' Marching Band Outstanding In Contest

The Muleshoe Mighty "M" Band participated in the Texas Tech Marching Festival at Jones stadium last Saturday. The Band received three superior ratings of division one. There were also separate judges critiquing flags, and percussion. The percussion line received a score of 80 out of a possible 100 points. Muleshoe was selected the outstanding band in conference AAA over the incoming favorite Denver City. Denver City was the runner-up and was the only other band to receive three ones, however, their percussion line received a score of 78. Mr. Gibson commented

"I knew we did very well and were in the running for a trophy but I was as excited as the rest of the band. I am so glad that the Muleshoe band got to taste the sweet flavor of victory!!! We have even a bigger challenge this week to improve on the small aspects that will make us great." Miss Anthis commented, "It feels good to be a winner I can't wait till Saturday to have the opportunity to do it again!!"

The Directors and member of the Mighty "M" Band would like to thank the fine arts boosters and the participating sponsors for making this over-

night trip and very successful contest a reality. Furthermore the band would appreciate any attendance this Saturday at the UIL marching contest at 3:50 p.m. at Jones stadium.

Final results from the Marching festival were as follows: 5A-Coronado High School first, Monterey High School, runnerup; 4A-Lamesa High School first, Idalou High School, runnerup; 3A-Muleshoe High School first, Denver City High School, runnerup; 2A-Plains High School first, Tahoka High School, runnerup; 1A Jayto High School first, Anto High School, runnerup.

**RESOLUTION**  
Be it resolved on this Eighth day of October in the year nineteen hundred and eighty four that the Trustees of Muleshoe Independent School District recognize and commend the Mighty "M" Muleshoe Band for their outstanding performances thus far this year and further wish them and their directors the very best in the upcoming University Interscholastic League Contest.

Attested by a unanimous vote on this 8th day of October, 1984.

### Idalou Falls To Freshmen

Thursday, October 11th, the freshman Mules came out and really showed their stuff by defeating the Idalou Wildcats 23-0. The Mules scored on the first play of the game with a 58 yd. pass to Michael Harrelson from Johnny Garcia. Michael also scored on a 70 yd. pass from Johnny, and Armado Del Toro added another T.D. on a 65 yd. run. Defensively the Mules pounced on an Idalou player in the endzone for a safety. The Mules had 173 yds. rushing and 214 yds. passing.

Coch Scott commented, "We started out real well and stalled in the second quarter. We came back in the second half and played really well. Defense was a main key in the game because they made key plays which boosted the offense."

### Speech Plans Fall Shows

Kerry Moore is at it again with the 1984-1985 fall shows. Tryouts for "The Curious Savage" were held Monday, September 10, in the high school auditorium. The cast and

### Poets' Corner

Poems Written By MHS Students

Let me live my own life; I think I have done well so far.

Do not correct my every wrong, For I will learn only from my mistakes.

Let me be who I am, Not who you want me to be. You have taught me the principles of life.

Now let me show you how well you did.

Lead me through the door of "right," But please, do not pull me.

By: Susan Lunsford

### DIVORCE

Divorce is like a lion ready to pounce upon an innocent baby deer.

Its huge claws dig in and tear the heart into millions of pieces.

Its teeth cut off any flow of life that might remain.

It shreds away the coverings which protect and shelter.

It feeds on the residue until it is totally obliterated.

It then strifes off, complacent that its job is done until the morrow.

### Muleshoe SCAC To Host Dinner Preceding Game

The Student Community Action Club would like to invite you to their pre-game supper.

The entire menu includes: ham, Western red beans, cornbread, potatoes au gratin, tossed salad with ranch dressing, and either peach or apple cobbler; you are welcome to eat all you can. The cafeteria will be decorated in an old Western style and a

live Western band will provide entertainment.

The proceeds from this supper will help the Muleshoe Heritage Foundation to preserve old historic buildings around Muleshoe; including the Muleshoe Depot and Janes' Ranch house. So please come on out and support your community.

### Coaches Comments

Last Friday night the Mules played one of their toughest opponents. The Idalou Wildcats were ranked 20th in the state in class AAA. In the first half of the game the Mules played well, but a few offensive and defensive mistakes allowed Idalou to take a 17 to 0 lead.

The second half of play was a different story. The Mules offense gained most of it's total offense in the second half, and the defense all but stopped the Idalou offense. As well as the Mules played in the second half, it was still not enough to secure a win. As always though, the effort was great.

This week the Mules play a much improved Dimmitt team. The Dimmitt team has both a good offense and defense. The Dimmitt line is big and their backs have good speed. Their best athlete is probalby their QB, who runs and throws well.

This Dimmitt team presents a challenge to the Mules this week, but the Mules have more than enough of what it takes to come out on top.

### BEST OF PRESS

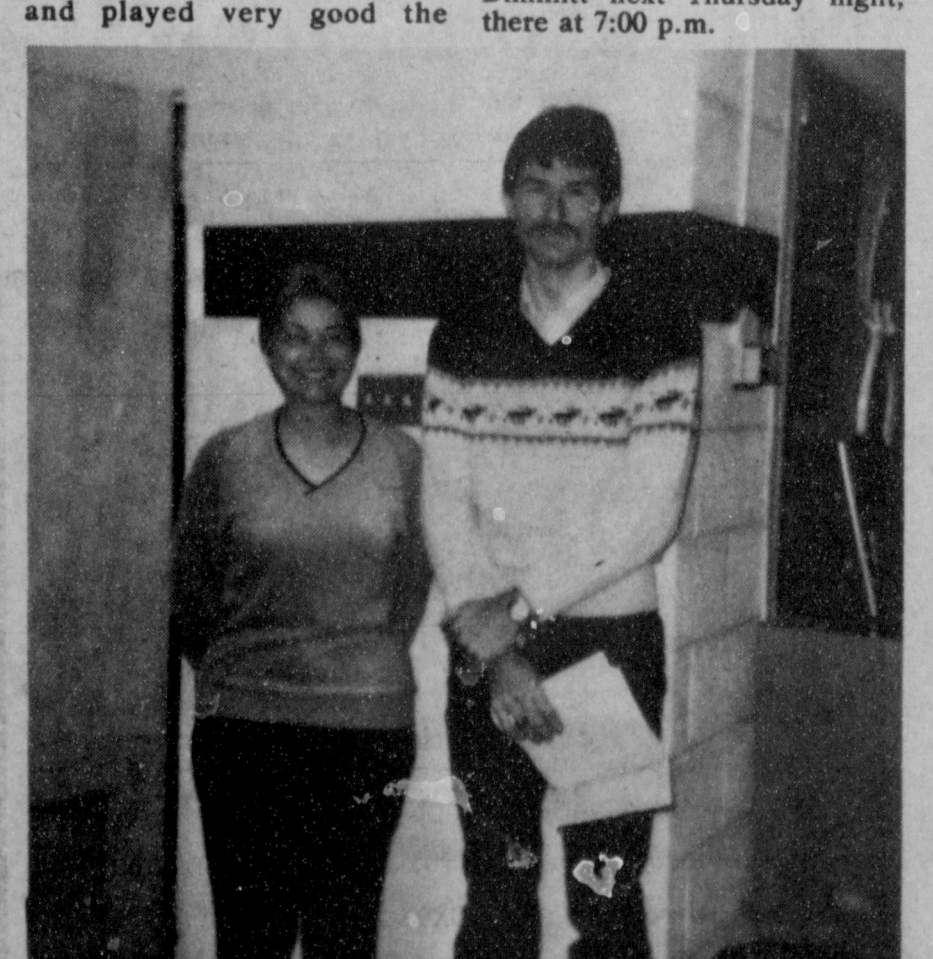

Too Bad It's too bad that the future generations can't be here to help us spend their money.

### J.V. Mules Blown Away By Idalou

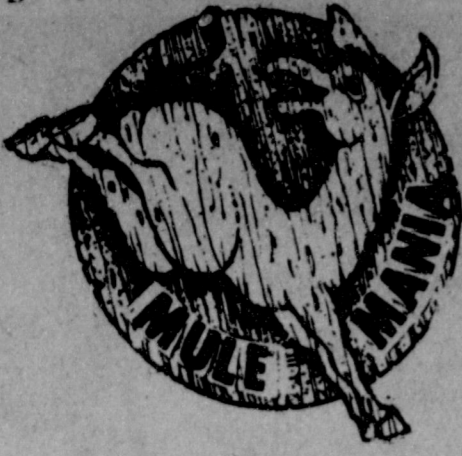

The J.V. Mules played Idalou a good defensive game. Although the Mules lost the game 30-0, they outhit Idalou from the kick-off to the final buzzer. The Mules recovered three fumbles and played very good the

second half. The Mules offensive game included many new people, therefore, it is not surprising that they did not play a good offensive game. The Mules had 85 yards for their total offense, and had one interception and two fumbles in the game. The J.V. Mules play Dimmitt next Thursday night, there at 7:00 p.m.

### Nursing Home News

by Joyce Stancell

Thursday afternoon was "re-union" Day in the nursing home. Mr. Millsap, Lavern James (of the aux.) and Joy Stancell went to Farwell on the Sr. Citizens bus to get our "X" residents who were able, to spend the afternoon visiting and playing Skip-Bo at the Muleshoe Nursing Home. Those who were able to attend were Ora Roberts, Alma Henley, Louise Sullivan, Cordelia Cochran.

### SANDHILLS PHILOSOPHER

Editor's note: The Sandhills Philosopher on his Johnson Grass farm on Sandy Creek is started to learn of a new invention, his letter this week shows.

-30-

Dear editor:

I was flipping through a magazine and ran across a page ad showing a man walking along Wall Street in New York talking on the telephone.

The ad explained he was using a portable telephone small enough to carry with you and capable of reaching any phone anywhere in the world. You can put it in your pocket and carry it with you to and from work, on the golf course, at lunch, maybe I suppose take it to bed with you. I don't know about in the shower.

The ad went on to say it took 14 years to perfect the phone.

It's possible the company could have spent its time doing something else.

Having to answer a phone that's tied to the wall in your own home is bad enough, but having to answer one you've got in your pocket is too far out for me. Seems to me if you were sitting peacefully on a river bank fishing and the phone went off, you'd jump as though a frog had gotten up your pants leg.

I suppose there are people so important with so many irons in the fire they need to be reached by telephone immediately and constantly 24 hours a day but I've never met one and would avoid the opportunity if it arose.

The telephone is a great invention useful every once in a great while but, like 50,000 cars trying to park in only 25,000 spaces, can become a nuisance.

For me, a phone in my pocket will never replace my pocket knife.

Yours Faithfully,  
J.A.

Bertie Hendrix. We were also happy to have our new friends from the Farwell Convalescence Home to visit us. They were Thelma, Dolly Spell and Terry Stovall.

Our thanks goes to Mr. Millsap and our Hospital and Nursing Home Aux. for helping to make this all possible.

Friday morning we had a painting class in the day room. The residents painted plaques that we had molded. Residents participating were Lois Ethridge, Edith Bruns, Edith Goucher, Ernest Kerr, Rosa Holland, and Margaret Beard.

Friday afternoon, Mr. and Mrs. Odom, Ruth McCarty, Lena Hawkins. Mrs. West came to have a Devotional with the residents. Refreshments of homemade cookies and juice were served. We really thank these lovely people for being so gracious to do this. They were called on short notice and their response was wonderful.

Sunday morning Mr. Peterson came to have Bible study with the residents.

The Muleshoe Singers came Sunday afternoon to sing to the residents.

Thanks to the "Truth Seekers" of the First Baptist Church for their donation to our craft class. We really appreciate it.

### Washington Is Favored In Game With Oregon

It's much too early to predict just which way the title pendulum is going to swing in the Pacific-10 Conference race. However, this weekend should provide a few clues. Washington just got into the thick of league action two weeks ago with a 19-7 win over Oregon State. The Huskies met Stanford in Palo Alto last week, and they take on Oregon Saturday. Washington is favored. Stanford dealt U.C.L.A. an early blow to its title hopes, beating the Bruins two weeks ago. U.C.L.A. should just nip California Saturday. Arizona, Arizona State, and Southern California started their conference games earlier with the Wildcats from Tucson already sporting a 3-0 record in the league. The Trojans of USC host Arizona this week in a game that's almost a toss-up. Give the edge to Arizona. Finally, Arizona State, 1-2 in the conference, is favored over Oregon State, and Stanford will edge Washington State.

West Virginia challenges Boston College Saturday, and

Alva Shofner was visited this week by her son Mr. and Mrs. J.T. Shofner. Her daughter, Mr. and Mrs. D.E. Bellar, Mr. and Mrs. granddaughters, Melba Bratcher visited her last week and brought her a beautiful rose. Mrs. Shofner sat it out where we could all enjoy it. We thank her for sharing the beauty of the rose with us.

Mr. Fred Peat got to visit the Heritage House Inn with his family. He says it is just as pretty on the inside as it is on the out. Carol Sexton and children, visited Mr. Peat Wednesday.

Ernest Kerr's brother and sister-in-law are here visiting.

Ruth Hall read some of the History of Bailey County to the residents in the Day Room Wednesday morning. This was enjoyable and interesting.

Effie Smith and Minnie Berry visited Tuesday morning.

The Lazbuddie Young Homemakers came Tuesday morning to decorate the Nursing Home for Halloween. They really did a good job and we are enjoying all the friendly spooks. Our thanks to Debbie Magby, Cindy Cargile, Joann McDonald, Mandi Seaton, Lona Copp, Debbie Weir for doing a fantastic job.

Mr. and Mrs. C.W. Wilhite, Mr. and Mrs. Ray Edwards

visited the Nursing Home Wednesday afternoon.

Cleo Bellar returned to the nursing home this week after being hospitalized. Welcome back Cleo. We really did miss you.

We have two new residents that we would like to welcome to our nursing home family. They are; Blanche Cotton, her birthday is October 4, 1904 and Arnold Morris.

Lois Ethridge was visited by her brother Bruce Slayden.

Mr. and Mrs. Arnold Morris was visited by their daughter Barbara Wednesday.

We are all happy to see Helen Free, our D.O. N. back at the nursing home after being on a few days, well deserved, vacation.

### Cowboy memoirs published in book from Texas A&M

COLLEGE STATION — Old Texas cowboys get to tell their own stories in their own words in a new book from the Texas A&M University Press.

Based largely on a Depression-era oral history project to employ out-of-work clerks and writers, "Texas Cowboys: Memories of the Early Days" (233 pages, \$15.95) presents contemporary accounts of life in the Old West.

Edited by the West Texans Jim and Judy Lanning, these stories from the Federal Writers' Project archives represent how old-time Texas cowhands — black, white and Hispanic — and the women of the period felt about their life.

The book is reportedly the first publication of these particular FWP narratives.

Every story relates some bit of cowboy humor or joke, usually played on the newcomer.

Sometimes the grizzled veterans got it, though. One time a complete stranger approached a cowhand and said, "I've been looking for you for a long time. Here's your dollar." When everyone looked puzzled, the stranger explained, "This dollar was given to me six years ago and I was instructed to give it to the next fellow I met who was uglier than I was ... so here it is."

VISITORS AT SCHOOL PUBLIC FORUM--Mrs. Katherine Sanders, right, retired teacher from the Muleshoe Independent School System, goes over some of the recent legislation mandating changes in the Texas schools. Several hundred people attended the public forum Monday night.

**The Protecting LIGHT**

This lighted tower is a light shining in the darkness to guide sailors and ships through the night. Our Lord is our light who guides us faithfully through life, even though it be as a stormy sea — He knows the way. His word, as proclaimed in His church, will light your way and bring peace, joy and comfort.

"Thy word is a lamp unto my feet, and a light unto my path." Psalm 119:105.

EVERYONE IN THE CHURCH  
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**18. Legal Notice**

**NOTICE**  
Energas Company hereby gives notice of its intent to implement new rates for domestic and commercial type customer classes residing in the unincorporated areas of its West Texas System. It is anticipated that the new rates will result in approximately a two tenths of one percent (2%) increase in Energas Company's gross revenues, which increase is not a "major change" as defined in Section 43(b) of Article 1446c, V.A.T.C.S.

A Statement of Intent to change said rates was filed with the Railroad Commission of Texas on or about September 21, 1984, and is available for inspection at the Company's Amarillo office, 301 S. Taylor Street. Further information may be obtained from the Railroad Commission of Texas, Gas Utilities Division, P.O. Drawer 12967, Capitol Station, Austin, Texas 78711.

The proposed increase will not become effective until or except to the extent that the same rates are approved for service within the municipalities on the West Texas System.

**7th Grade Mules Pluck Chiefs**

On Thursday, September 27, 1984, the Mules kicked off to the Friona Chieftains in Friona. The Chiefs fumbled and the Mules were quick to recover. After a 53 yard drive, the Mules ran a sweep putting them close to the goalline. Andy Langfitt ran the ball 8 yards for the first Mules touchdown. On the PAT, Andy Langfitt ran up the middle for the extra two points. On the Mules next possession, Jaun Robledo scored on a 22 yard run. Langfitt again scored the PAT to put the Mules ahead 16-0.

After a Friona fumble was recovered by the Mules, the Mules pressed down the field another 43 yards. On a 5 yard run, Langfitt moved into the end zone to score the last touchdown for the Mules. (22-0)

In the third quarter, Friona scored on a sweep, but the PAT was no good. The remainder of the game was tough. In the fourth quarter, Friona scored again to make the score 22-12. Again the PAT was no good. The leading rusher for the Mules was Andy Langfitt with 125 yards. The offensive player award went to A.J. Liles; the defensive player was Abel Leal.

**8th Grade Mules Still Undefeated**

The undefeated 8th grade Mules took on the Friona Chieftains Thursday, September 27, 1984, to shut them down 14-0. David Wooten, tailback, gathered the most yards with a whopping 135 yards. David Sanders, wingback, had 35 yards, and Mike Dunham had 23. David Wooten put the first touchdown on the scoreboard in the second quarter. He broke through the middle for 97 yards to make the score 7-0.

On a quick pitch to David Wooten, the Mules added another score in the fourth quarter. The final score put the Mules on top 14-0. Salvador Olivarez was named the most valuable offensive player. The "most tackles" was earned by Mike Dunham with 18 tackles; David Sanders was next with 16. Coach Donaldson commented: "For our defense, we did great; we held them each time."

**WJHS Gets Computer Aide**

Mrs. Debbie Green has joined the staff at Watson Junior High as the computer aide. She accepted the position after Cynthia Noble resigned. She works on the computer doing work reports, student assignments, and lists. She commented that she wanted this job because she enjoys working with students and computers. Mrs. Green aids 406 students with their computer work.

Mrs. Green has two children: Shaun, a seventh grader; Chad, a fourth grader. She moved here from Salida, Colorado. Her favorite color is peach, not "green". When asked if she had another choice to aid some other subject, she said it would be P.E. Welcome, Mrs. Green.
