## China Hall

E. HERTZ BE RG

Hong Kong, June 28.—The former apathy respecting the arrival of American commissioners has changed to deep interest and gager inquiries at Pekin as to the object, scope and seriousness of their errand, and as to the powers intrusted to them. Throughout China anxious feeling is expressed in consequence of their visit being coincident with those of Spanish and Brazilian evyoys. A peculiar suspiction of joint operations prevails. Jeweler and Optician. SPECIAL attention paid to repairing FINE WATCHES, and ENGRAVING.

Uneasy Feeling in China on Account of the American Commission— And Other Matters of Interest. London, July 26.—The English steamer Derwent, which has arrived at Havre from the West Indies, has yellow fever on board. Turee persons died from the fever on the passage and 18 are convalescent.

Lendon, July 2d.—Accounts of the cause of the recent death of Mrs. Annie Weimere, an A varican tady, in Paris, are conflicting. A Paris dispatch says Mrs. Wetmere was 30 years old, and of great personal beauty. She made the acquairfiance of an Englishman of title, who prevailed on the to obtain a divorce in order to marry him. She agreed to do se, and obtained the divorce, but just a she received information that a decree in her favor had been granted, she heard that the English lord was about to marry another woman. A stormy interview took place between them, at which the lord offered her pecuciary indemnity. This final outrage

prevails. Russian naval reinforcements are expected in these waters. Prolonged conferences are being held out Tren Esin between Mr. Wade, British minister, and Si though Chang. Viceroy, on the subject of possible war with Russia. Mr. Wade strongly urged ponce. Si generally agreed in the theory, though strongly discomposed by frequent secret dispatches from Pekin. The quastion of a Russian war is still undecided. Opinions totally at variance are expressed with equal force and conviction in circles where opportunities of knowledge are The question of a Hossian war is still undercided. Washington July 23. - Admiral Wyman r Washington July 23.—Admiral Wyman reports to the navy department from Port
Royal, S. G., that he has investigated the
alleged firing upon American phips by the
Spanish corvette Canto in the West Indian
waters, and finds that the ships fired on were
within three miles of the coast, the limit of
jurisdiction claimed by the governments of
all maritime nations, and that the Spanish
authorities had no intention of insulting the
American flag, or committing any act at variance with the usage of civilized nations.
Admiral Wyman expresses the opinion that
there is nothing in the case to warrant further inquiry. She Has an Angry Interview With

THE Controville Quill of Sunday last is mainly devoted to The Expanse, and what it calls its "grash" over the Trevino-Ord affair. This will prove a great relief to the readers of the Quill, who for work and sunday last is ment of the legislature, and who not long random the provention of the legislature.

We congratulate the Quili's readers on the happy change.

The treasury department has received instrument on the Uniformation through the state department that the Italian government intends to put a high tariff upon cotton-seed oil imported into Italy from this country. It is said that a large quantity of this oil is made in the cotton-ten states of the south and southwest and exported to Italy in bottles, prepared so that it resembles olive oil, and then sent back to this country and sold as gennine olive oil. The Italian government propose to protect its clive oil industry by keeping the cotton-seed oil out of the country.

The Reberts men, who have talked themselves into the belief that they would have things all their own way throughout the state, have been "pointing the finger of corns" at any one who would suggest the probability of a boil in the event of lioberts being triumphant in the convention. The first boil of the season is recorded, and it was by the Roberts men of Pullac country. They couldn't have things their own say.

accepted in nearly all of them by me. The same decorations were seen in every stat that are seen here to-night. The Union flag floated over us everywhere, and the eyes of the people are as familiar with its colors as yours, and look upon it as guaranteeing to all the rights and privileges of free people, without regard to race, color, or previous condition of servitude."

specious pleadings or a successful manipulate specious pleadings or a successful manipulate ston of the delegates in convention. We know that there are private interests to be subserved, but however eloquently these private interests way be presented, we do not believe a majority of the delegates can be brought to consider them as more weighty than the literests of the general public.

As near as we can learn the majority of the delegates can be brought to consider them as more weighty hacks, under the proprietorship of our gential friend, L. N. McCaughan. Arrive at Carrizo Springs from San Antonio on Tuesdays, Thursdays and Saturdays and inte planting. We have known some person to succeed well with a fall crop from volu teers in the old bed, for which purpose, digging the crop, potatoes enough are left the ground to insure a stand.

The Prossian Crown Prince is a wise and The Prossian Crown Prince is a wise and-thrifty gentleman. It is related that the officers of a regiment which is annually inspected by him have been in the habit of inviting
him to luncheon after parade. Last year the
entertainment was of the most elaborate and
costly kind. The prince would touch nothing, and even refused the wine offered to
him, observing that "he only drank champague on extraordinary occasiona." Thereproof told, and this year when the Prince
entered the guardsmen's mess-room after the
inspection he found only a modast repast of
sandwiches, light claret and beer awaiting. nd unceremonious manner imaginable,

The strains of Coote and Timey's band mingle in one's consciousness with the delicious perfume of this blossome. Great banks of moss, ferns and feathery grasses give an effect of coolness to the atmosphere, at d but for the music, the drip, drip of that pretty fountain in the conservatory at the end of the vista could be heard. The freplaces are filled with tropical plants, around likes and other growing flowers. On the stairs, the landing, the balconies and nearly every dress in the room are flowers, real in almost every case. Some of the dresses appear to be more than half made of them, and nuncipy practices he aris upon her mother as a sort city flower. That a girl is an enchantress by instinct, Alles, PORTER, Ere— SAN ASTONIO, TR most every case. Some of the dresses ap are to be more than half made of them, and an eroses are the favorite blossoms.

Most of the dresses are white, but about a father before she is out of pinafores. (We had almost asid pantalets. But only the old sont from England for three or four years suld fail to be actualished at the form and the dresses. Even the my accurate these contributions that there is the dresses. nake of the dresses. Even to my acousintervention of the lord chamberian. Another is clad in what appears to be a pink satin corset, Jaced down the back, and a skirt so tight that at every turn of the troisemps I expect her knees to come through it. A dress—if that can be called a dress which looks absumingly like an uttor absence of dress was a terminal to the control of the control o which looks alarmingly like an utter absence of dress—worn by a well-developed lady, is of the color called nymbae cauce, which is to exact in imitation of pink flesh first that, combined with its extra tightness and shortness, it is not a matter of surprise that several dancers, on first catching sight of it, stepped short so suddenly as easily to upset the couple immediately behind them. The ensemble was none the less startling from the fact that the steekings were also of color nymphe enue, with no lines of embrodery to distinguish them from the veritable cutted which they so thinly covered and confaithfully initiated.

Seme other of the dresses proved how becoming the present style may be whon not took have described and confaithfully initiated.

What He Notteed.

Mr. Factandfancy has noticed—
That the Latin language is a prime necessity in commencement programmes.
That without it the apothecary would be unable (perhaps) to sell common sait, charcoal and elin bark at a hundred per cent.

save two classes—those who never studied it and those who have finished studying it. and these who have fluished studying it.

That a mother with a lively boy resemble a notbing in nature so much as the hen with a duckling.

That it is amusing to see her worrs and fret while the little imp goes through his liftimitable programme, without seeming to remember that rubber balls and small boys.

that they will stand and watch another labor, forgetting for hours all thoughts of saif in their enchantment.

That women admire men, while men sim; - OFFICE OF THE DAILY AND WRESLY EXPRESS That love usually descends, or thinks it

The seeme is picturesque, and some of the That it would be good logic but bad morals relight of mixed merchandiac, to ome are so framed in with flowers that That a kick lives longer in the memory of ahingles.

her nature to love anything that teases her make of the dresses. Even to my accustomed eyes they seem to have grown tighter and shorter within the last two months. As the dancers fly past in the whirl of the waltz, one or two figures stand out with starting, less loved.

distinctness. One in a flesh-colored jetsey, out low in front and at the back, would probably, if seem on the stage, suffer from the intervention of the lord chamberiain. Another loves his girl because—be-

That a father loves his girl because—be-anse—ob, nonsense! no sensible person rould ask for a reason.

That notwithstanding old people think roung people fools, very few old people out would run the risk of being fools, probut would run the risk of being fools, pro-vided they could be young again.

That inasmuch as everybody tells his own

In the property of the dresses proved how becoming the present style may be when not carried to an extreme. A fair girl wore a white dress with stomacher of real white roses. Her hair was not so tightly arranged as is usual, and drooped loosely at the hock with a few rosebuds apparently entangled in it. A fringe of begonia leaves and forgettine not edged a dress of pale sea green.

u' quiet; miands, 6 13-164; Orleans, 6 1; ceipis 24,000 bales; American 15,200 bales; American 16,200 bales; Liverpool, July 26, 3, p., m.—Uplands, middling clause, July defevery 163,41; July August 6 11-161; August and September & September and October 6 18-261; November and October 618-261; November and Oc

are made for knocking around.

That everybody has his peculiar sphere of summence.

That the great worker cannot be expected to be a great tworker cannot be expected to be a great tworker.

That at any rate, the two attributes are seldom combined in the same person; but That inasmuch as the great taker believes himself to be also a great tworker, he is without doubt just as contented with himself as if he were the greatest of great workers.

That most men so love work that they put off all they can till to-morrow, that they may never be out of the employment they so much delight in.

That few men care to put off their cating and drinking; which shows them more provident in the matter of working than is cating.

Anat love usually descends, or thinks it does. That is to say—
That the one who considers himself the better loves his supposed inferior.
That the mother loves her child, the man he woman.
That an over the supposed inferior.

The week opens with a prudential check general business. The threatening sky was exquent shower only served to make a "cline or "."

Business showed little activity to the proposition of shower little activity.

better loves his supposed inferior.

That the mother loves her child, the man the woman.

That most men would rather be thought good than be good.

That those we think the most of we try to deeive the most.

That because we love ourselves the best does not disprove this proposition.

That he as a rule, those whom we succeed in deceiving in regard to ourselves put the twenty found at unchanged prices. The receipts of a rule dealy relieve to the receipts in good domand at fell relieve the most.

That because we love ourselves the best does not disprove this proposition.

That he as a rule, those whom we succeed in deceiving in regard to ourselves put the highest value on us.

That it would be good logic but bad morals twenty-four hours.

The tit would be good logic but bad morals to say, therefore, deceive all you can.

The Roberts men of San Antonio are now like the Grant men were after Garfield was made the standard-bearer of their party.

The "cast side" young men's democra-

ARE THEY CONFIDENCE MEN'S

Sunday evening, Capt. Shardein and assistant marshal Cardenas took into costody two men who had just arrived in this city from Laredo. The arrests were made on the strength of a telegram from U. S. deputy marshal Goldwater, now at Laredo, to Capt. W. McMaster, alleging that the parties had passed counterfeit money at Laredo. There were said to be three men in the party, though but two were caught. Those arrest-ed registered at Hord's hotel, one as F. C. Dunkin, and the other as Charles Edwonds. They are said to have sailed under several aliases, Lewis, Anderson and Basset being abown upon the letters found in their possession.

THE ETPRESS en joyed a call yesterday from
