MEET "POOCHIE". HE'S A SPECIALIST--"Poochie" a golden retriever, and his handler, Lt. Dave Heard, proved just how quick he could find stashes of drugs Sunday afternoon in Muleshoe. In a demonstration at Muleshoe High School, Poochie found a stash of marijuana in less than 30 seconds. Also in the picture is Dave Elliott, president of Allstate Security Industries, who spoke to a crowd of some 200 persons about dangerous and illegal drugs.

Recreation Workshops Planned

Bailey County Extension Agent-HE, Deana Finck, asks, "Are you involved with the responsibility for providing recreation of leisure time programs?"

There are two workshops available for such persons, she reminds. Both workshops will be held at the Texas 4-H Center, 12 miles north of Brownwood.

The CEA said, "Longhorn Recreation Laboratory for Leadership Training and Program Development for ages 18 and older, will be held March 10-15, 1985. Included in the program will be: Learn to lead and develop programs in recreation as well as the philosophy and techniques of leading recreational activities. Some of the session will also include: recreation leadership, clowning, outdoor games, party planning, adaptive camp programming, outdoor interpretation, and much more. This is all included in the \$125 cost."

The second workshop opportunity is Longhorn Recreation Lab Weekend Workshop. Recreation Leadership Training for Volunteers and Professionals, ages 16 and older, on March 8-10, 1985.

"This is a training opportunity designed specifically for volunteers who are actively involved in planning and con-

A very quiet crowd of some 200 persons listened carefully Sunday afternoon to the taped voices of eight or ten local high school youth as they discussed the drug situation among young people in Muleshoe.

The students had been taped by Juvenile Officer Keith Madole, and included both boys and girls, most around 17 years of age.

As their voices came over the p.a. system onstage, the adults and young people in the auditorium heard them agree, unanimously, that there is very definitely a drug problem among young people here. The estimates ranged from 50 percent to 90 percent of the young people as regular users of drugs of varying types.

Most of the drugs discussed included marijuana and acid, although they also talked about cocaine, LSD and speed, as well as alcohol.

They told briefly of seeing their friends become involved in drug use, and said the when young people tried to stop using drugs, they were mistreated, hassled and virtually ostracized by their friends and peers.

Also discussed by the young people who were taped was the relative ease in obtaining drugs, and how they can be found all over Muleshoe, with all groups included, boys and girls, rich and poor, and all ethnic groups. No one is excluded, the young people say.

Madole was introduced by Danny Kelley, a member of Citizens Against Substance Abuse (CASA) who sponsored the meeting. Acting as interpreter for the meeting was Fernando Ramos.

Guest speaker following the tapes was Dale Elliott, president of All-State Security Industries, Inc. of Amarillo, who brought one of his drug sniffing dogs, Poochie, and Lt. Dave Heard, Poochie's handler, to the auditorium to display his prowess in finding drugs.

Before Poochie was brought into the school building, marijuana was stashed, and when Poochie was told to find the drug, it took him less than 30 seconds to find the plastic bag containing approximately one-quarter ounce of marijuana. Young people at the meeting were encouraged to become friends with Poochie, a golden retriever, who doted on all the attention.

Elliott reiterated much of what he had told members of the Muleshoe Rotary Club last Tuesday, in citing the costs in the billions of dollars just for the purchase of drugs and drug paraphernalia in the United States each year. Drugs are ranked among the largest of corporations in money generated, according to his figures.

Elliott also told the parents, and others, what symptoms to watch for in young people to detect drug use, and handed out flyers listing various symptoms of drug use.

According to the list, things to be aware of include: Abrupt change in behavior; diminished drive and ambition; moodiness; shortened attention span; impaired communication such as slurred speech, jumbled thinking; significant change in quality of school work; deteriorating judgment and loss of short-term memory; distinct lessening of family closeness and warmth; sudden carelessness of appearance and inappropriate over-reaction to even mild criticism.

Also, secretiveness about whereabouts and personal possessions; friends who avoid introduction or appearance in the child's home; use of words that have odd, underworld connotations; secretiveness and/or desperation for money; rapid weight loss or appetite loss; 'drifting off' beyond normal daydreaming; extreme behavioral changes such as hallucinations, violence, unconsciousness, etc., could indicate a dangerous situation is at hand needing fast medical attention; unprescribed or unidentifiable pills; strange contraptions or hidden articles and articles missing from the house. Child could be stealing to pay for drugs.

The speaker stressed over and over, "We are not out to 'bust' kids'. We stress educating kids against the use of drugs, and use the dogs as a teaching tool. We have failed in our efforts if the dogs find

Trustees Approve

Contracts

At its last regular meeting, the Trustees of Muleshoe I.S.D. approved administrative contracts for all administrators as recommended by the superintendent of schools, H. John Fuller.

The following individuals were recommended for employment and granted a two year contract: Elizabeth Watson, Assistant Superintendent for Curriculum and Instruction; Tom Jinks, Assistant Superintendent for Business and Finance; Wayland Ethridge, High School Principal; Fred Mardis, Jr. High Principal; Bill Taylor, Elementary Principal; Betty Jennings, Director of Special Education; and Georgia Pena, Director of Special Programs.

Barbara Finney was employed earlier in the year as Elementary Principal, replacing Milton Oyler who will be retiring at the end of this school year.

These individuals along with the superintendent are considered to be the administrative staff for the Muleshoe Independent School District.

Chamber Of Commerce Promises 'Top' Speaker For Banquet

Everyone who plans to attend the annual Muleshoe Chamber of Commerce and Agriculture banquet on Thursday, March 7, will be in for quite a treat, with Michael Broome scheduled as the special speaker for the evening.

Toni Eagle, manager of the CofC said the banquet will get underway promptly at 7 p.m. with the dinner being served in

the Muleshoe High School cafeteria.

Advance tickets have gone on sale at this time, and are \$10 for adults and \$7.50 for students. Tickets at the door will be \$12 each, said Mrs. Eagle.

Special awards during the evening will include awards for "The Man of the Year," "Woman of the Year," "Farm Family of the Year", and "Conservation Farmer of the Year."

Mrs. Eagle commented, "Michael Broome is one of those rare individuals who is making a living doing what he always wanted to do -- talk.

"But this unusually gifted and talented performer does more than just deliver thought-provoking messages. He drives home his points by the use of humorous characters, pantomime, imitations, and superb acting."

He is considered to be an old-fashioned orator with a modern approach to motivational appearances. His unique, and different, style has led to early success on the lecture-seminar-banquet circuit where he is considered one of the nation's top young speakers, she added.

Broome made his first speech when he was 21, and he incorporated numerous showmanship tactics to emphasize his points. He was an instant hit and has been at the microphone ever since.

"His presentations are exciting, entertaining, and informative, and he can move an audience to a wide range of emotions," said Mrs. Eagle. "On stage, he has the fiery delivery of Billy Sunday, the conservative wryness of Paul Harvey, the sincerity of Art Linkletter, the dramatic ability of Orson Welles and the humor

of Red Skelton."

Broome's subjects run the gamut from free enterprise to effective leadership to personal motivation and stress management. All are inspirational in nature. Broome adds himself, "On the day a lot of people are born and the doctor cuts off their umbilical cord, they spend the rest of their lives trying to find some place to plug it back

Three Way FFA Chapter Celebrating

Members of the Three Way chapter of the Future Farmers of America are uniting with FFA'ers from across the United States to celebrate National FFA week. Beginning February 16, local members have been participating in a schedule of activities to salute and promote their organization.

Brett Stegall, chapter president, says Three Way is planning its activities around this year's theme -- Keep Agriculture No. 1, Support FFA and Vocational Agriculture.

"We're excited about telling the community what we're doing," says Brett. He explains that FFA is an organization of students of vocational agriculture who are preparing for careers in agriculture.

"Our involvement in FFA now means people are getting ready to work in the agricultural industry in the future," he says.

Cont. Page 6, Col. 3

LEADING THE WAY--For the 3-Way FFA are the following officers: Seated from left, Elbert Zapata, sentinel; Brett Stegall, president; and Mike Whitehead, secretary. Standing from left are Robert Zamora, treasurer; Matt Sowder, vice president and Oscar Guillen, reporter.

MOCK TRIAL COMPETITION--The Civics Class, under the direction of Jean Allison, will compete in Mock Trial competition Saturday, Feb. 23 in Lubbock. The case on trial will be the probate of a will. Participants will be Preston Scoggin, lawyer for contestant; Ray Vinson, lawyer for contestant; John Isaac, lawyer for proponent; Honorable Jack Young, seated (Presiding Judge); Jeff Kline, witness; Betsy Lunsford, lawyer for proponent; Linda Elder, legal advisor; Mary Norman, alternate; Becky Mardis, witness. Not pictured, Jamie LaFebre, alternate; and Gary Watkins, student assistant.

Agriculture is America's number one industry. It consists of farming, raising animals, marketing, sales, management, research & much more. Your local FFA chapters help young people develop the technical skills they will need, strengthens their leadership abilities, and contributes to their knowledge of the many different aspects of the agriculture industry.

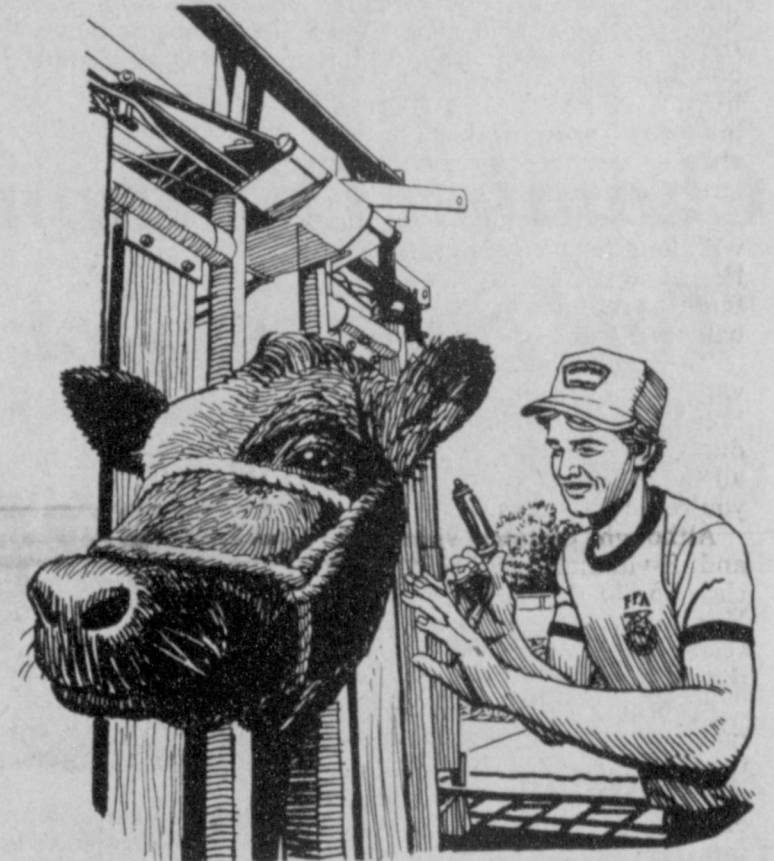

Our investment in the education of the young people involved in the diverse fields of agriculture will help to insure America a productive edge in the world.

Tamara Gore In Sudan Senior Spotlight

This week the Sudan Senior Spotlight shines upon Tamara Suzanne Gore, 17 year old daughter of Mr. and Mrs. James Gore. Tammy is 5'3" tall and has brown hair and green eyes. She was born in Littlefield on June 4, 1967.

Tammy states that her favorite subject at SHS is computer and her favorite teachers are Mrs. Fisher and Mrs. Lance. "Stuck on You", Lionel Ritchie, and Huey Lewis and the News are Tammy's favorite song, singer and group.

Footloose and Police Academy are her favorite movies and "Dynasty" is her favorite show. Tammy's favorite actor and actress are Sylvester Stallone and Ann Julian.

Her favorite food is steak and color is purple. Her favorite season is spring, month is June, and sport is football.

Tammy serves as FTA president, FHA president and band vice president. She is also head twirler and a member of the National Honor Society.

Her hobbies are twirling, cruising main, listening to music and watching the Dallas Cowboys. Tammy's goal in life is to be happy and successful in whatever she does.

The most important people in her life are her family and

friends. Tammy states "It's really been fun! I've had a lot of great times with a lot of great people!" She plans to attend Angelo State University upon graduation.

Tammy attends Circleback Baptist Church. She has one sister, Shelley Denise Gore.

LABEL TERMS ON WOOL CLOTHING--When shopping for wool clothes, look first for the woolmark, which may be on the label or a hang tag, says Texas A&M University Agricultural Extension Service specialist Beverly Rhoades. In addition, certain descriptive terms on the label may indicate wool origin or quality, she says. "Virgin wool" has never been used before. The term indicates use only and not quality. "Reprocessed wool" has never been worn but is remanufactured from fabric scraps and is usually of lower quality than virgin wool. "Reused wool" has been remanufactured from items used before and is usually of lower quality than reprocessed wool.

MINERALS NEEDED IN DIET--"Minerals are essential for good health and growth," says Texas A&M University Agricultural Extension Service nutritionist Dr. Alice Hunt. Some minerals, such as calcium, phosphorous, sodium,

chloride, potassium, magnesium and sulfur, are needed in relatively large amounts. In this case, a "large" amount ranges from milligrams to one gram. Other minerals, called "trace minerals," are needed in small amounts, Hunt says. Iron,

Nutrition And Stress

Some people overeat when they're under stress while others avoid eating.

"Either of these responses can hurt the body's ability to cope with the stress," says Texas A&M University Agricultural Extension Service nutritionist Dr. Alice Hunt.

For short term stress, like that faced before an important business presentation or athletic event, the best foods to eat are those that are easy to digest, she says.

Stress diverts the blood supply away from the stomach and intestines where it is needed to aid digestion. So you may feel uncomfortable if you eat foods that take longer to digest.

Carbohydrate foods such as bread, cereals, spaghetti, macaroni, rice, potatoes and fruits leave the stomach earlier and are digested more readily than fats or protein, observes the nutritionist.

Foods that are high in fat take longer to be digested. Hunt recommends avoiding rich cookies and cakes, peanut butter, nuts, frankfurters, luncheon meats, gravy, yellow cheese and ice cream when stress levels are high.

"The best menu for coping with long-term stress created by financial difficulty, work or family problems is simply a balanced diet," she maintains.

"A regular routine of eating a variety of fruits, vegetables, breads and cereals, dairy products and protein, will supply all the nutrients you need when you're under stress."

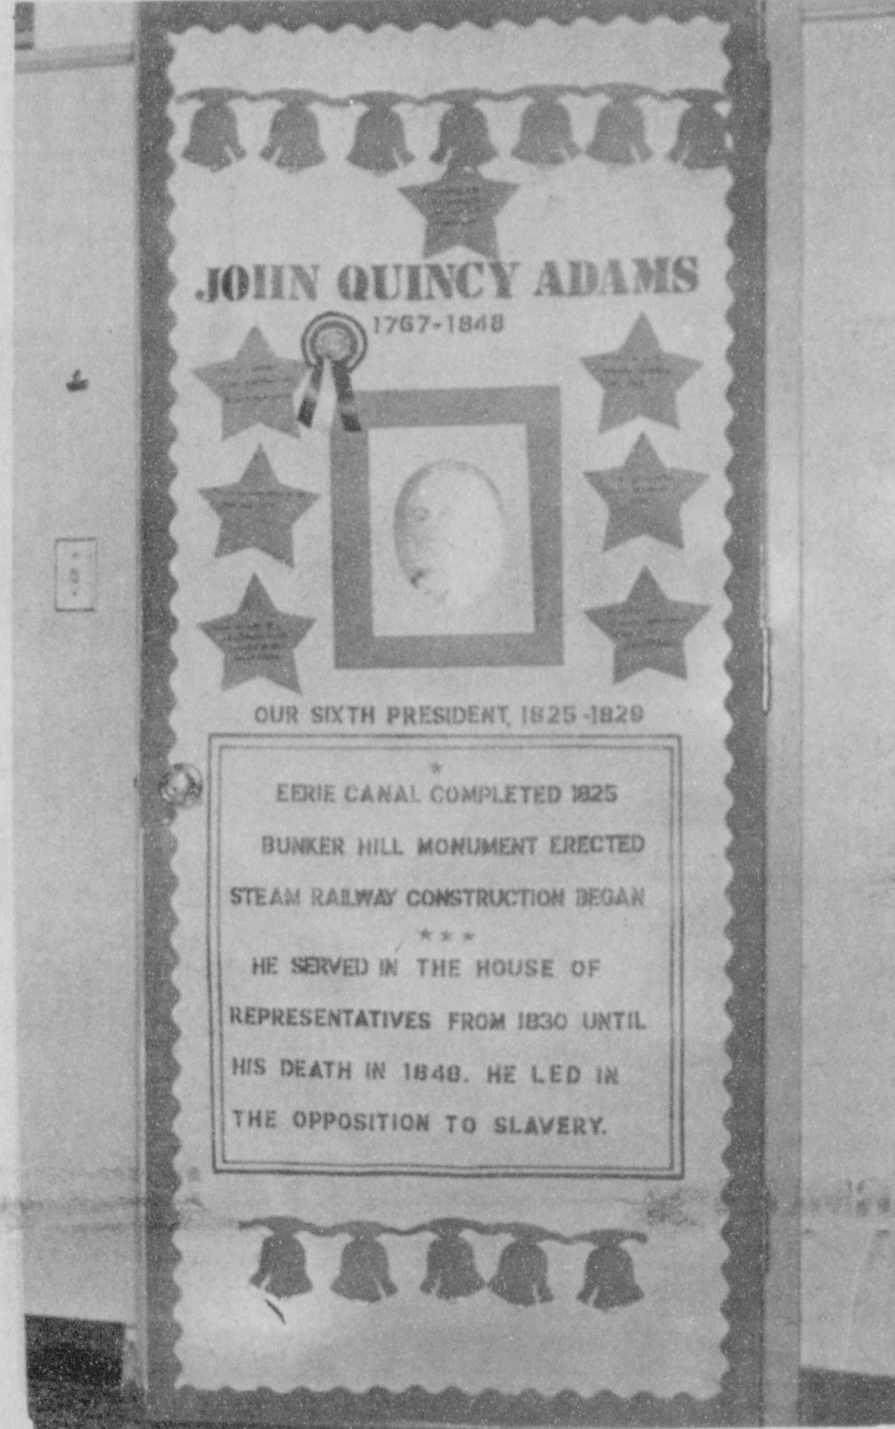

Although protein, vitamin C and B-vitamins are sometimes claimed to be stress-fighters, Hunt says there is not enough scientific evidence to support those claims.

According to the nutritionist, many people are unaware that the Recommended Daily Allowance (RDA) are already designed with a built-in margin of safety.

The RDAs make generous allowances for supplying the nutritional needs of most people--including those under stress. That's why special vitamin supplements are not needed.

But following a well-balanced diet that includes a variety of foods may improve your ability

to handle stress, Hunt says, since you can devote your energies to coping and not tax them with physical problems caused by poor diet.

THIRD PLACE--Mrs. Ethel Allison and her third grade class at Mary DeShazo were the third place winners in the door decorating contest and received five dollars for their efforts. Doors were decorated in observance of Patriotic Week.

Study Club

The GFWC Muleshoe Study Club met February 14 in the Muleshoe State Bank community room with Mrs. Betty Jo Carpenter as hostess.

There were nine members and four guest present. Those attending were Mrs. Charles Shain, Mrs. Doyle Turner, Mrs. J.U. Dawson, Mrs. H.S. Sanders, Mrs. Joe Costen, Mrs. Wilma Thompson, Mrs. J.G. Arnn, Mrs. Mervin Wilterding, Mrs. Horace Blackburn, Mrs. Rufus Gilbreath, Mrs. Harold Wyer, Judy Costella, and the hostess.

After refreshments, Mrs. Shain called the meeting to order and then led the Club Collect and Mrs. Carpenter led the pledge of allegiance to the Flag of the United States of America.

Judy Costella, from the American Cancer Society presented the program for the day. She showed a film on colorectal cancer. The name of the film was "The Cancer No One Talks About." This type of cancer is second to Lung cancer by comparison. It can be cured if caught in the right stages.

There are seven warning signs to watch for in cancer. They are:

1. Change in bowel and bladder habits,
2. A sore that does not heal,
3. Unusual bleeding or discharge,
4. Thickening or lump in the breast or elsewhere,
5. Indigestion or difficulty in swallowing,
6. Obvious change in warts or moles,
7. Nagging cough or hoarseness.

When you make a donation to the American Cancer Society 40 percent of this money goes to research. Some is used for numerous items to help patients. Some of these things

being hospital beds, wheel chairs, walkers, even transportation to the Doctor. If you need assistance of any type, contact the American Cancer Society in Lubbock and they will let you know how they can help you.

Friendship Club

Members of the Friendship Club met in the home of Jewel Griffith with Maud Young as co-hostess, on Thursday, Feb. 14.

Katherine Cole, president, called the meeting to order. Roll call was answered by five members, Katherine Cole, Gladys Dorsey, Sammie Ethridge, Jewell Griffith and Maud Young.

Minutes of the previous meeting were read by Sammie Ethridge, secretary. Reports from different committees were heard.

Mildred Bartley gave the program, showing pictures and telling of their tour into Canada.

Refreshments of cake and ice cream was served to the five members and three visitors, Mildred Bartley, Lou Davis and Opal Robinson.

The meeting was closed with a prayer by Maud Young.

Sudan CofC Banquet Date Set March 9

Sudan Chamber of Commerce and Agriculture met Tuesday, Feb. 5 at 7 p.m. in the community room of the Sudan First National Bank.

Tom Rigsby, president, presided over the business meeting. The minutes of the previous meeting were read and approved as read. Rigsby welcomed Mike McDonald, new minister of the local Church of Christ, as a new member of the chamber.

Plans were finalized for the annual Chamber of Commerce banquet to be held on Saturday, March 9 in the Sudan old cafeteria at 7 p.m. The theme for the banquet is to be "Sudan You've Got Spirit."

Banquet speaker will be Tommy Stewart of Tulsa. Nominations for the farm family, man and woman of the year and citizen through the years are being accepted by Tom Rigsby at the bank or Pudd Wiseman at the Shamrock Station. When making a nomination, everyone is asked to please state their reasons they think that person should win the honor. This year a new category is being added to the awards—the outstanding boy and girl. They will be selected by their teachers.

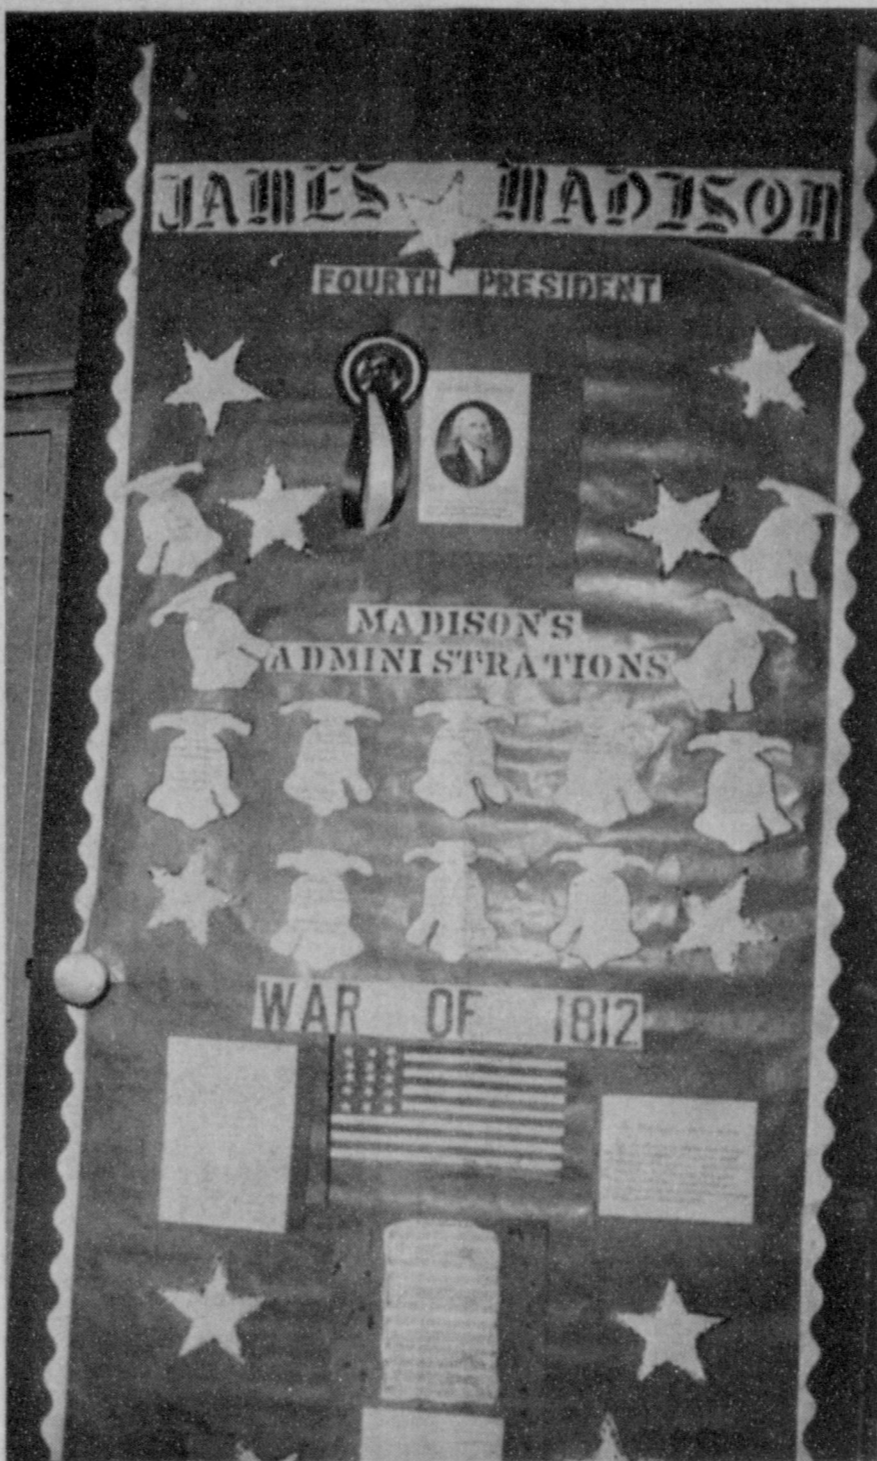

Officers from last year were re-elected by acclamation. They are Tom Rigsby, president; Adrian Martin, industrial vice president; Hoyt Robertson, agriculture vice president; and Jonelle Bandy, secretary/treasurer.

The next meeting will be on Feb. 27 at 8 p.m. at the bank to work on the programs for the banquet. The next regular meeting will be on March 5 at 7 p.m. in the community room of the First National Bank.

Those present for this meeting were Pudd Wiseman, Mike McDonald, Kenneth Richards, Jerry Ray, Hoyt Robertson, Norma Burnett, Ila Ruth Gilreath, Tom Rigsby and Jonelle Bandy.

In Fashion

American women no longer depend on Paris designers. American designers are now satisfying the life-style of American women. The well-dressed woman now chooses the hemline that is most flattering to her.

SECOND PLACE--Mrs. Wilma Smith and her fifth grade class at Mary DeShazo won second place in the door-decoration contest in observance of Patriotic Week. They received \$10.00 for their efforts.

Saluting LEADERS OF TOMMORROW
We Believe Our Youth Of Today Will
Provide Effective Leadership Tomorrow

LEADER OF TOMORROW--Chad McCormick, the eight year old son of Tim and Greta McCormick, has been chosen as this week's Leader of Tomorrow. He has one brother, Robert. Chad is in the third grade at Mary DeShazo Elementary. His favorite subject is science. His favorite foods are steak and green beans. Chad enjoys playing football and would like to be a Dallas Cowboy when he grows up. He would also like to visit China some day. We are pleased to recognize this young man as a Leader of Tomorrow.

drugs, and as we proved here today, if the drugs are there, they will find them. We believe, that by using the dogs, you can eliminate drugs from the schools entirely, not only from inside the schools, but also from the parking lots of the schools, and the surrounding areas. No one, not even principals know when we will be at the school with our dogs, because in high school we would be making five visits a month.

"Regardless of who funds the program, we answer to the school board," he added.

Cost for the program would be 2 cents per class per student each day, or 12 cents per day, per student, or something like \$2 per student, per week.

Although a nine month program would cost in a school the size of Muleshoe, \$39,750, Elliott said he would conduct the program year round for that amount, "because it looks like you really have a problem here."

In introducing some of the people at the meeting, it was found that present were H. John Fuller, superintendent; Wayland Ethridge, high school principal and Bob Graves, assistant high school principal. Gordon Wilson was the only school board member present;

in." The local CofC said Broome came to the attention of the CofC as "one of the best speakers ever booked for this part of the country."

His speaking engagements have taken him all over North America and his current schedule is filled with a variety of programs. He is expected to address 300 audiences this year.

all members of the Bailey County sheriff's office were there, as was Lt. Wayne Holmes, the only representative for the Muleshoe Police Department. Also attending was Juvenile Officer Keith Madole, several ministers; school teachers, parents, and a very good representation of young people.

Other meetings will be planned in the near future, as the CASA group has committed to attacking the drug problem found in Muleshoe.

For more information call: Juvenile Probation Dept. (806) 272-3316, Muleshoe Counseling Center (806) 272-4433, Charter Plains Hospital (806) 744-5505, and Texas ClearingHouse for Drug Information 1-800-252-9642.

ducting programs for youths and adults," she said. "This workshop will bring together persons from a wide variety of recreation programs for a stimulating exchange of ideas and techniques. This year the workshop focuses on a team approach. Groups are encouraged to send or come as teams of four."

Some of the sessions: developing leadership through recreation; how-to-sessions on leading games, leading songs, party planning; in-depth sessions on quiet games, ceremonies, active games, and new games; and much more for a cost of only \$50.

For further information, or to register to attend one of the sessions, contact Deana Finck at the county Extension office in the Bailey County courthouse.

Sen. Lugar, Foreign Relations head, says no aid for Nicaragua.

UIL WINNERS--UIL Story Telling winners from Dillman Elementary School included: April Sawyer, first, Donnie Matthews, second; Jodie Foster, third; and Genny Eggers, alternate. These second grade students will compete in UIL District Competition on March 2 in Floydada.

Three Way

Cont'd. From Page 1

Scheduled activities have included Monday-Locker Chums and Birthday Party; Tuesday-Program for Farmers and Students and Mr. and Ms. Teacher Pageant; Wednesday-Teacher's Day; Thursday-Hamburger Fry between FFA & FHA, Convict Day and Friday-Hats, Sunglasses and Bandana Day.

National FFA week coincides with the date of George Washington's Birthday. Washington was recognized as a master farmer on his Virginia plantation, and the National FFA Center in Alexandria stands on land that was formerly part of his estate.

The Three Way FFA reminds that FFA has been preparing young people for careers in agriculture since 1928. With over 8,300 local chapters and nearly half a million members, today the organization realizes the importance of reaching and maintaining a level of ex-

cellence. With its attention for preparing for tomorrow, the FFA intends to reach and maintain a standard of excellence that will keep agriculture No. One, here and abroad.

MANMADE

A man made this beautiful little waterfall and improved his part of a little stream that ran by his house. Another man on another stream threw trash in the water and let weeds grow up around it so that the beauty of the creek was obscured. Man fashions many things out of that which God has created. Beauty or ugliness can result from our decisions as to what we will do with divine raw materials. Dedication to God and the desire to emulate Him usually makes the difference in what we do with what God has provided. Let God find you in His church.
