A source of gentlemen interested in the proposed New Mickigo colored colonization scheme, called on president Gerfield last week. Dr. Harvard, secretary of Howard university, stated the university was interested in a large tract of land in New Mexico, and it was proposed to have it examined with a view to its settlement by colored emigrants from the south. For this purpose it was deemed necessary to have a delegation visit the territory to inspect the land, and the president was requested to sid them by furnishing a small eccort of coldfers to insure the safety of the exploring party. Compliance with this request was not objected to by the president provided army rules would allow it.

A Local Health Resort.

Gentlemen interested in the possession of property in the vicinity of and north of San Pedro Springs, are talking seriously of the practicability of constructing a sanitarium in the vicinity of the Springs. The locality where the breezes of springs and summer would be fully enjoyed and in all their purity. There is thought to be no good reason for persons to go beyond San Autonio in search of seme good, healthy stopping place. The hotels have not suitable accommodations for invalida, and it is thought that by building a structure especially for the previous of the induced to come to this city.
