Around Muleshoe

Ted Barnhill presented the program for the Rotary Club at noon Tuesday. He showed a patriotic film dealing with the development of farming in Mid-West America.

Guests present were Michelle Finney, Alan Finney, Allison Field, Kevin King, Starla Ellis, Jack Bloomer, and Dennis Miller.

A praise service and fellowship is scheduled Sunday, June 30 at 6:30 p.m. at the Circle Back Baptist Church. Singing, piano music and praise will be followed by homemade ice cream, pie and cake.

Bailey County Commissioners Court will meet in special session in the Bailey County Courthouse Friday, June 28.

The meeting will begin at 10 a.m. and will continue until all business is concluded, with the following items on the agenda:

1) Approve the minutes of the previous meeting, 2) payment of routine county bills, 3) consider an order authorizing the Judge to take bids for a new van for the aging department, 4) review departmental reports, 5) consider budget amendment to FY 1985 budget, and 6) miscellaneous items.

Mickey Powell, a senior Finance Major at Texas Tech, made the Deans list for the Spring Semester. Powell, an employee of Texas Bank and Trust in Lubbock is the son of Mr. and Mrs. Elvis Powell of Lazbuddie.

The vocational nursing program at South Plains College will discuss the upcoming August LVN program in the Muleshoe Public Library, 322 West second, from 1-3 p.m. tomorrow, Friday, June 28.

It was reported that this year's program will be made more accessible by using a difference concept. The discussion will also include information regarding the Associate Degree Nursing Program (Registered Nurse Program, which will be starting the fall semester at SPC and the availability of this program for the LVN.

Eighteen hundred students at Texas Tech University qualified for the President's and Dean's honor rolls in the university's six colleges during the 1985, spring semester.

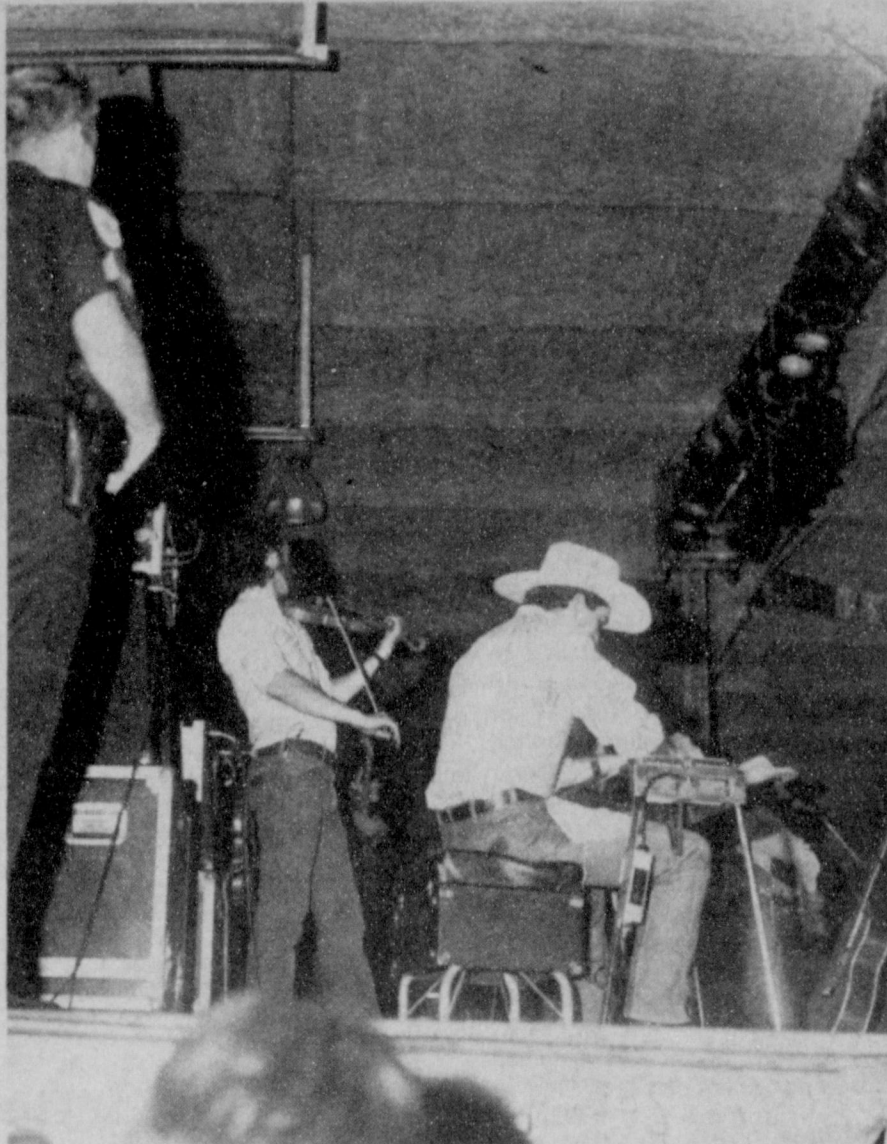

Students making the honor rolls included the following from Muleshoe: President's List -- Kelly Hamblen; Dean's List -- Kacy Henry, Donna Horn, Sherri Henry, Toni Wheeler and Arnold Muysbondt.

Two students from Muleshoe received their degrees at Texas A & M University's spring commencement exercises.

John W. Guner III received a master's in land economics and real estate, and Gregory D. Harrison received a bachelor's degree in Animal Science.

Youth, Mexican and County and Western dances are to be

Cont. Page 6, Col. 3

GEORGE STRAIT CONCERT--The George Strait Concert sponsored by the Muleshoe Chamber of Commerce last Friday night was deemed a success. According to Gerald Reid, president of the Muleshoe Chamber of Commerce, the Chamber of Commerce cleared enough money to finish paying for the fireworks for the Fourth of July Celebration plus some other projects. Reid also said that George Strait was very well pleased with Muleshoe and that they would return.

Muleshoe Babe Ruth Wins Over Friona

On Monday June 17 the Colts looked over their home corral as Friona Benger traveled to town. Omar Sanchez went up against Julian Mendoza as these two teams met for the first time. The Ponys got out of the gate late as Benger had them down 1-0 in the first inning. In the second Friona scored two more times but the Colts squeezed out two men.

In the third, Friona went down 1-2-3. The Colts couldn't get rolling as they went three up and three down. Score after three innings was Friona four to the Colts two. At the top of the fourth, Benger flew around for four runs. The Colts wasn't going to let them get completely away as they ran for three.

The fifth inning Benger was stopped by Sanchez and his infield then the Colts scored another run. Score at the top of the sixth was Friona eight and Colts six. Colts pitcher, Sanchez was relieved by Tim Lust in the sixth, while Benger pitcher Mendoza was replaced by Ricky Ramos.

Lust and his fellow teammates held the Friona team off in the sixth as Colts chalked up two runs to a tie game at 8-8. In the seventh the Colts sent Benger back to the dug-out striking out two of the last three batters.

The Colts got two runs in, in the bottom of the seventh, then second baseman Timmy Shipman drove in the winning runs. Final score Friona Benger eight

and Muleshoe Colts seven.

Colts pitcher, Lust and Sanchez had 10 strike outs and Friona pitchers Mendoza and Ramos had four. Friona had 11 hits to the Colts 10. Colt hitters were Timmy Shipman 3, Daryl Bruns, 2, Omar Sanchez 4. This was the Colts third winning game for the season.

Since the Colts were holding Cont. Page 6, Col. 1

Accurate Acre Count Important

Final certification dates, maintenance of ACR acreage and eligibility of commodities for loans take the focus of the monthly report of Danny Noble, county executive director of the Bailey County ASCS office in Muleshoe.

His report is as follows: **FINAL CERTIFICATION DATE** Don't forget, warned Noble. The final date to certify or request aerial measurement service for spring seeded crops and ACR is July 15, 1985. A complete acreage report must be filed, including all program crops: sunflowers, soybeans, alfalfa, vegetables, and other crops by this deadline.

He said an accurate certification is very important, so he urged, DON'T GUESS! The reported acreage cannot differ from the measured acreage by more than the larger of 1.0 acre or five percent, or the commodity is ineligible for program benefits.

FAILED ACRES Any cotton that has failed because of the excess rains and hail or for any other reason,

Three Local Karate Students Promoted Recently

On June 16, three members of West Texas Karate Academy received Promotions to higher rank. They were Debbie Nickels promoted from Red belt to Black Belt, Ricky Wall was promoted from Purple Belt to Red Belt and Esther Acosta from Purple Belt to Red Belt.

Each student had to preform advanced techniques in blocking, kicking and punching. Also in one-step sparring, weapon self-defense, forms and free fighting multiple attackers.

Testing was conducted by Danny Kelley, head instructor and Royce Hamilton, Assistant of West Texas Karate Academy, now located at Muleshoe Fitness Center.

RECEIVES PROMOTIONS--Three members of the West Texas Karate Academy received promotions to a higher rank recently. (L-R) Ester Acosta, Ricky Wall and Debbie Nickels.

1985 Wheat Crop Well Above Average

★★

Fun Filled Days Planned During July 4th Celebration

Another big Fourth of July Celebration is scheduled for this year according to Toni Eagle, manager of the Muleshoe Chamber of Commerce and Agriculture. On July 3rd a sidewalk sale will kick off the events. Also on the third a miniature golf tournament will begin at the Mule Putt Course.

At 7 a.m. on Thursday, July 4, registration will begin for the 10K and two mile run, which will begin at 8 a.m. at KMUL Radio Station.

The World's Championship Mule Shoe Pitching will begin at 9 a.m. behind Ben Franklins Store. Registration begins at 8:30 a.m.

Kids activities, booths fun and food and entertainment can

be found at the Bailey County Civic Center, when the doors open at 10 a.m.

County Civic Center, when the doors open at 10 a.m. And you won't want to miss the parade which will be downtown, beginning at 5 p.m.

Scheduled at 6 p.m. in the New City Park will be a barbecue supper and entertainment. Entertainment scheduled includes: (6-7p.m.) Cliff Allen Group, Old Western Singing; (7-8 p.m.) Chubby Ray and Comancheros from Sudan; (8-9 p.m.) The Gospel Notes, Muleshoe Church of Christ; and (9-10 p.m.) The Anchor Brothers from Sudan. Other entertainment will be scheduled.

Booths will also be set up in Cont. Page 6, Col. 2

"This has really been a good year," said E.N. McCall, manager of the Enochs branch of Farmers Cooperative Elevator. McCall was referring to the 1985, wheat crop around Enochs.

"Most of the wheat around Enochs is dryland and this year's crop has just been wonderful. We have had a good grade of wheat and the farmers have reported making from 18-40 bushels per acre. This year's crop is like having two crops in one year", he continued.

No Fireworks Allowed In City Limits

As the July Fourth Independence Day approaches Sergeant Wayne Holmes of the Muleshoe City Police Department reminds everyone of the laws concerning fireworks within the City Limits of Muleshoe.

Sergt. Holmes stated that complaints of fireworks within the city limits have already started coming into the Police Department. According to a city ordinance it is a violation for any person, or firm, company, corporation or association to cast, throw or fire any squib, rocket, cracker, torpedo, grenade or other combustible fireworks of any kind within the City of Muleshoe.

It is also a violation of this ordinance for any person, firm, company, corporation or association to exhibit or have in his possession with intent to give away or sell or offer for sale or sell within the City of Muleshoe, any squib, rocket, cracker, torpedo, grenade, or other combustible fireworks of any kind in the City of Muleshoe.

John McFarland of Lariat reported that the wheat crop in that area was down slightly, yielding about 75 bushels per acre, but it has been a good year. All of the elevators in this area reported that with pretty weather they will be through harvesting the wheat within the next few days.

Cont. Page 6, Col. 3

Although the wheat crops were not as spectacular in all parts of Bailey County as they were in Enochs, some of the farmers have reported as much as 50 bushels per acre on dry land and up to 95 bushels on irrigated.

Robert Johnson, Manager of the Muleshoe Cooperative Elevator, said that this was a very good year with the wheat yields being more than they have been in the last several years.

He reported that the dry land wheat around Muleshoe was averaging from 25-35 bushels per acre, up approximately 30 percent, and the irrigated was averaging about 70 bushels per acre. "Even though the yield is down a little, so was the cost of production."

Tracy Angeley, manager of Clay's Corner Elevator, reported that the wheat crop in that area is almost all harvested, expected to be finished in a few days, and the yields are good. "Most of this wheat had very little irrigation, maybe once or twice, and the yields are averaging 63-80 bushels per acre" he said.

One Lazbuddie farmer reported a yield of 40-45 bushels on strictly dry land wheat.

John McFarland of Lariat said that the wheat crop in that area was down slightly, yielding about 75 bushels per acre, but it has been a good year.

All of the elevators in this area reported that with pretty weather they will be through harvesting the wheat within the next few days.

CofC Donkey

Softball Game

Date Set

Do you need a little excitement in your life? If the answer is yes, mark your calendar for the Muleshoe Chamber of Commerce and Agriculture's Donkey Softball Game.

The game is scheduled for Saturday, July 13 at 7:30 p.m. Members of the Chamber Board will soon be selling tickets. These tickets will be \$2.50 in advance and will be slightly higher at the gate.

Toni Eagle, manager of the Chamber of Commerce and Agriculture, said "Plan to be there and see who is chosen to ride and play for the two teams.

STATE CHAMPION--Kristi Spies, 18 year old daughter of Ronnie and Ronda Spies, attended the Texas High School Rodeo Association Finals in Seguin, Texas, June 16-22. She was named Girls Cutting 1985 State Champion. Miss Spies will be on the Texas Team at National High School Rodeo Finals to be held in Rapid City, South Dakota, July 21-28. Her horse "Annie" is owned by Glenn and Jo Anne Chester of Sudan.

TSTA, NEA Hire Firm To Study Bill

The Texas State Teachers Association and the National Education Association today announced that it has retained the services of three law firms to review portions of House Bill 72 as it relates to competency testing of practicing teachers.

Representing TSTA and NEA will be the Washington D.C. firm of Bredhoff and Kaiser and the Texas firms of Schwartz, Waterman, Fickman and Van Os of Houston and Austin and Daves and Hahn of Tyler. Karen Johnson, TSTA general

counsel, will coordinate the efforts between the state and national firms and Bob Chanin, NEA general counsel, will be the counsel-of-record.

TSTA President Becky Brooks said she anticipates suits to be filed this summer in both state and federal courts challenging the decertification provisions in the current law. Teachers are scheduled to be tested the week of March 10, 1986.

Brooks said that should the lawsuits fail to eliminate the testing or if a decision from the courts is not made in time, TSTA is preparing to offer free test preparation workshops to its members throughout the state. Approximately 250 trainers are being secured to conduct the workshops.

Stress On Farm And Ranch Families

The bitter economic realities of low prices, high debt loads and increased bankruptcies translate into stress for farmers, ranchers and their families.

"Even a strong family can be temporarily disorganized under stress," says Texas A&M University Agricultural Extension Service family life specialist Dorothy Taylor. "When pressure become greater than the strength of the family, or stress uses up all the family's resources, devastating effects like alcohol and drug abuse accidents or suicides result."

The specialist says that early signs or symptoms of too much stress are dreading to go to work, feeling tired all the time without cause, a change in sleeping habits and problems

Texas A&M offers new degree program in land development

COLLEGE STATION — Texas A&M University has developed an unusual graduate degree program designed to prepare students for what has been described as "one of the few remaining frontiers" in the business world.

Texas A&M's new Master of Science with a major in Land Development (MSLD) combines aspects of design, engineering, construction and finance to "give people the background they will need as entrepreneurs in private land development," said Dr. W.G. Roeseler, professor of urban and regional planning.

"This is a high risk field for people with a lot of guts and determination. It is one of the few remaining frontiers (in business) where you can win it all or lose a pile," said Roeseler, who helped develop the degree program. The degree is offered through the Department of Urban and Regional Planning in the College of Architecture and Environmental Design.

with digestion.

Becoming extremely critical, developing negative attitudes about everything and everybody, withdrawing from people, becoming self-centered, being unusually worried about your health and losing faith in other people and yourself are also signs of stress, she says.

"Farmers and ranchers who are going through stressful times and realize they are struggling unsuccessfully with their difficulties may fear they cannot regain control over their situation and become depressed, confused or fear a nervous breakdown," Taylor observes.

Stress in farm or ranch families is not unusual, considering their close working relationships and the overlap of their personal, family and work lives, she notes.

But those families with open communication, shared decision-making and long-range planning seem to handle it better than those with little communication, authoritarian decision-making and day-to-day planning.

Developing communication, decision-making and planning skills may help families better cope with stressful situations

Taylor says. But if farmers or ranchers notice the signs of severe stress in themselves or other family members, they should seek professional help.

Aerobic exercise can help relieve PMS symptoms

COLLEGE STATION — Regular aerobic exercise may help relieve some of the physical and emotional symptoms of premenstrual syndrome (PMS), a Texas A&M University study indicates.

Anne Canty, a doctoral student in health and physical education whose area of research is the menstrual cycle and its influence on the body, bases her conclusion on an extensive review of existing research on the psychological and physiological effects of exercise and non-scientific surveys of female students.

"I am suggesting that aerobic exercise can relieve the symptoms of PMS — mainly mood change, depression and tension," said Canty.

The women who do experience symptoms following ovulation and prior to the beginning of their menstrual cycle are not a minority, said Canty. It has been estimated that 40-90 percent of women are affected by PMS with 2 to 4 percent believed to be severely affected.

Enochs News
by
Mrs. J.D. Bayless

John Snitker of Levelland, visited his grandparents, Mr. and Mrs. Clifford Snitker last Sunday.

Harold Layton of Dell City came Wednesday and his daughters, Mrs. Jerry Nichols and children and Mrs. Mark Derrington and children visited in the home of Mrs. Etta Layton Thursday.

Mrs. Edward Crume visited her sister, Mrs. Juanita Snow in Muleshoe Thursday.

Rev. and Mrs. Mike Heady and children drove to Dallas Monday 10th to attend the Baptist Convention they also visited their parents, Mr. and Mrs. P.M. Cardwell and Mr. and Mrs. L.T. Heady at Aledo, Texas, and they did some fishing.

Fidel Delarosa had an open heart surgery recently at Saint Marys Hospital in Lubbock he was dismissed Sunday.

Mr. and Mrs. J.D. Bayless were in Muleshoe Tuesday morning and visited in the home of a sister-in-law, Mrs. Clara Coffman.

Mrs. Etta Layton visited her sister, Mrs. Juanita Snow in Muleshoe Friday.

Mrs. Winnie Byars has her granddaughter Dena Sue Parr of Lubbock and great-granddaugh-

ters, Anna Ski and Serah Lyn Reanner of Austin here to spend the week with her.

Guy Sanders isn't well at all he was in Lubbock to see his Dr. last week.

The Hazel Family will sing at the Baptist Church Sunday Morning and in the afternoon following lunch ever one are invited to attend.

Mr. and Mrs. Bob Newton had all their sons and families home for Fathers Day, Mr. and Mrs. Dennis Newton of Dimmitt, Mr. and Mrs. Tom Newton of Morton, and Mr. and Mrs. Steve Newton of Shallowater.

Mrs. Robert George of Lubbock, Chris, Kim and Kerry and Kelly Mosser of Slaton visited Mr. and Mrs. E.N. McCall in route from the Capitan Mountains Friday.

Mrs. Roger Jones and children of Nacoma, spent Monday night with Mrs. Lorella Jones and Wendell and Brady stayed to spend a while with his grandmother, and Wendell.

Mrs. Zelma Fred of Morton spent Thursday night with her daughter, Mr. and Mrs. Bob Newton.

Mr. and Mrs. Bob Newton spent Friday till Sunday at Ruidoso, New Mexico.

Mrs. E.N. McCall also her sister, Mrs. Fred Locker of Littlefield visited their brother and wife Lee Kelly who was in the hospital in Plainview Friday afternoon.

The world would be happier if men had the same capacity to be silent that they have to speak.

-Baruch Spinoza.

SANDHILLS PHILOSOPHER

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Creek comes up with a novel idea for preventing airplane hijackings.

Dear editor:
Airlines have tourists sections in their planes, first class sections, smoking sections and non-smoking sections, but have never figured out where to put a terrorist section.

The awfulness of the recent hijacking has put a lot of people to thinking about how to prevent such barbaric acts.

Some say security has got to be tightened at airports, which seems hard to do. Metal detectors and x-ray scanners will detect pocket knives, cigarette lighters and loose change, but terrorists with guns and hand grenades keep on getting aboard.

One or two terrorists with guns can hold a whole plane load of passengers hostage, an obviously unfair advantage. One way to equalize this would be to issue guns to all passengers. This might cut down on hijacking but it'd practically eliminate air travel. Who'd want to fly with a plane load of inexperienced gunfighters?

I have an idea for positively preventing all weapons from getting carried on to a plane.

When a passenger arrives for his flight he is shown to a private room where he removes all his clothes and is handed a pair of freshly laundered coveralls. His clothes are put in a barracks bag, tagged with his name, and stored in the plane's luggage compartment, along with all suitcases, handbags, etc. All passengers have to do this, and everybody boards the plane dressed alike, all pistol-free, hand grenade-free, switch-blade-free.

On arrival at their destination un-hijacked, passengers are ushered into private dressing rooms and handed the bags with their street clothes. They can dress and emerge feeling free and at least partly civilized. I have no idea what to do with a passenger whose barracks bag has been lost, especially if he lands in chilly weather.

This is a good idea but it won't be adopted. Most people would object to it. Wouldn't put up with it. But those who object won't be among those who've been terrorized by hijackers before.

Yours faithfully,
J.A.

Non-Quota Peanuts Appear Risky

Because of a record peanut crop last year that pushed stocks to huge levels, U.S. farmers likely will keep 1985 plantings within their allocated quotas.

Peanuts are the only crop grown under government quotas, which are designed mainly to control production and maintain price, points out Johnny Feagan, economist with the Texas Agricultural Extension Service, The Texas A&M University System. Quota peanuts are supported by a government loan rate, which is \$559 a ton for 1985 basis grade peanuts, up \$9 from last year.

Farmers may plant additional acres of peanuts, but these are supported by a government loan rate of only \$148 per ton to discourage production. That rate was \$185 per ton last year. Additional peanuts designated for edible use in the export market only are supported by a loan rate of \$425 per ton, the same as in 1984, notes Feagan.

Peanut shellers, crushers and processors are showing little interest in contracting for additional peanuts this year, the economist points out, so farmers need to look closely at the risk of planting non-quota peanuts. Feagan expects this situation to result in an overall decrease in U.S. peanut acreage.

Texas farmers will likely plant from 220,000 to 240,000 acres of peanuts this year, about 90 percent of their allocated quota. Other peanut-producing states also will average about 90 percent of their quota.

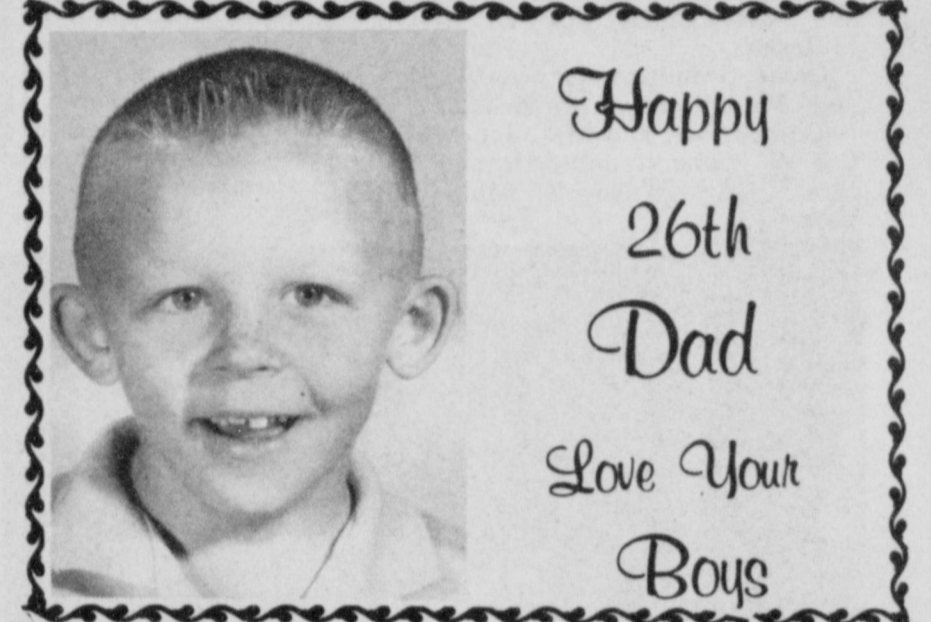

With rising production costs and declining loan rates for additional peanuts, farmers need to have a contract in hand before growing peanuts outside of their allocated quotas, says the economist.

Feagan believes that domestic use of peanuts will be up slightly in 1985 compared to last

year due mainly to large available supplies and a slight decrease in price. However, total use will not have much effect on the large supplies of a commodity that has a relatively short storage life.

Blessed is the man who having nothing to say abstains from giving us wordy evidence of the fact.

-George Elliot.

Independence Day Celebration Scheduled Saturday

Plans have been finalized for the annual Sudan Pioneer Independence Day Celebration to be held Saturday, June 29. This year's theme is "Sudan's Diamond Jubilee."

Activities begin at 8:30 a.m. with a children's coin dig. There will be boxes for three age groups: 2-4 year olds; 5-6 year and 7-8 years.

An arts and crafts show for all ages will be held in the Senior Citizens building on the square. Exhibits should be brought to the Senior Citizens building between 9 a.m. and 12 noon on Friday, June 28. Ribbons and cash awards will be given to school age children.

At 9 a.m. the doors of the Sudan Hotel Heritage Center will open to receive pioneers and guests. A pioneer is anyone living in Sudan before 1955. Special pioneers to be honored just prior to the parade are those people who came to Sudan before Sept. 28, 1925.

Turtle races will also begin at 9 a.m. on the north side of the park underneath the water tower. Ribbons will be awarded for the 'best decorated' and the fastest turtles. This event is for all ages.

Merchants of the Sudan community have donated many gifts to be given away beginning at 10 a.m. You must be present to win. Tickets purchased from the Senior Citizens, Heritage Committee, Lions Club, 4-H club, SHS Twirlers and the Firemen's Auxiliary will be used for the drawings.

A tractor pull for children age 3-7 also begins at 10 a.m. with the Young Farmers furnishing the tractors and in charge of the pull. This event will take place in front of the Community Center.

Pumper team races conducted by the Sudan Fire Department will begin at 11 a.m. This will be held on 1st Street between Commerce and Furneaux just east of the Sudan City Hall.

Live entertainment begins at noon and will continue throughout the day. There will be many concession stands to satisfy your 'hunger pains' during the day.

Food booths include: hamburgers and cokes, band; Tamales, St. Mary's; Snow cones, baseball; lemonade and tea, Methodist Youth; cakes, Sesquicentennial; ice cream, Young Homemakers; Senior Citizens both, sandwiches and tickets for drawing for 1/2 beef. Organizations desiring a booth at the celebration should contact Mary Ann at the First National Bank in Sudan.

The Senior Citizens will sponsor Bingo beginning at 1:00 p.m. in the community center.

At the same time the Sudan Fire Department will sponsor a Hose-Lay. This event will take place on 1st Street. There will be divisions for men, women and children with trophies awarded to the winners.

Line up for the parade will begin at 2 p.m. on the school parking lot. Horses are to be unloaded on the dirt road south of the football field. The bicycle riders will meet on the Baptist Church parking lot at 2:30 for judging. The parade will start at 3 p.m. and be led by the Color Guard from Reese Air Force Base of Lubbock. There will be riding clubs, bands, antique cars, floats, bicycles and riders, fire trucks and other special participants. Winner will be announced at 4 p.m.

Water Polo will begin at 4 p.m. in front of the Chevrolet building. Trophies will be awarded in mens, womens and

rod for 30 cents per foot.

Drink at a sanitary soda fountain. Our fountain is open for inspection to everyone. A poney malt 10 cents; a frozen malt 10 cents; double dip frosted root beer 10 cents; triple dip jumbo cream soda 15 cents; giant milk chocolate 10 cents.

Take home some ice cream today, quarts 50 cents and pints 25 cents.

Blood cell research may lead to increased functional life span

TEMPLE — A Texas A&M University medical researcher credited with discovering how the body rids itself of billions of old red blood cells each day says her work may ultimately help extend people's "functional" life span. "This might mean people would be in relatively good health until age 80 or 90—with less time spent in hospitals or nursing homes due to slow healing, Alzheimer's disease or secondary infections," said Dr. Marguerite Kay of the Teague Veteran's Center, which is affiliated with the Texas A&M University College of Medicine.

"If the aging process of the cells could be controlled, you would see a more active and mobile older generation," explained Kay, associate chief of staff for research at Teague Center and director of geriatric medicine for Texas A&M.

The studies hold potential for slowing deterioration of blood stored for transfusions if some way is discovered for "turning off" the production of the special antigen that appears on old red blood cells and singles them out for destruction, she said.

July, 1985

July ushers in the second half of the calendar year.

The month was named for Julius Caesar (it was formerly Quintilis); it was the month in which Caesar was born.

LEADERS OF TOMMORROW

We Believe Our Youth Of Today Will Provide Effective Leadership Tomorrow

LEADERS OF TOMORROW---Cindy and Cheryl Martin are the 7 year old daughters of Darrell and Barbara Martin. They have one older brother, Jeremy, who is 13 years old and an older sister, Charlotte, who is 9 years old. Cindy was in Mrs. Faver's first grade class and Cheryl was in Mrs. Grigsby's first grade class. They are both hard workers and enjoy learning. They enjoy using math manipulatives, reading and computer activities. They are actively involved in the Calvary Baptist Church and enjoy traveling with their father in his ministry. We take this opportunity to salute these young ladies as Leaders of Tomorrow.

Baby Shower Honors Mrs. Jimmy Wedel

A baby shower honoring Mrs. Jimmy (Susan) Wedel was held Saturday, June 15 in the home of Mrs. Terry Marricle.

Greenhouse A Popular Home Addition

A solar greenhouse is becoming a popular home addition in Texas, says a Texas A&M University Agricultural Extension Service housing specialist.

Most homeowners install solar greenhouses off the living room, but more are used adjacent to kitchens, bathrooms and bedrooms, says Dr. Peggy Owens.

An increasing number of greenhouses are being used as spa enclosures for hot tubs or whirlpools, she adds.

Kits of pre-fab greenhouses are available in a variety of sizes and shapes, but may be too complicated for the average do-it-yourselfer, cautions the specialist. For that reason, many homeowners prefer to deal with an experienced greenhouse contractor.

If you're thinking of installing a solar greenhouse, Owens offers the following tips:

- Check on summer shading or screening for greenhouses that use sloped glass.

- Double-pane glass is recommended in most cases, and if the greenhouse is part of living space, find out how to insulate the glass on winter nights.

- If the greenhouse is a separate structure, add a door to close off the unit from the main living space.

With an average cost of \$10,000 for an 8 by 13 prefab solar greenhouse, homeowners should carefully plan for this addition, she says.

The serving table was covered with a crocheted lace tablecloth over white linen featuring a centerpiece of a white wrought iron double candelabra entwined with a pink and blue trailing silk flower arrangement.

Strawberry slush punch, assorted miniature muffins and nuts were served from silver and crystal appointments.

Special guests included Mrs. James Wedel, Mrs. Don Kidd, Mrs. Melvin Bock, Mrs. Floyd Morrid, Mrs. Allan Davis, Mrs. Kyle Wesley and Miss Barbie Sanders.

Hostesses were Mrs. Terry Marricle, Mrs. JoAnn Herington, Mrs. Gloria Herington, Mrs. Lana Bomer, Mrs. Dorann Jones, Mrs. Wanda Shafer and Mrs. Sherry Wisian. Their gift was a blue calico maxi-taxi stroller.

Sandhills Arts, Crafts Show

Planned At Olton

The Sandhills Arts & Crafts Show, sponsored by Olton Young Homemakers of Texas, will be held Saturday, October 5th.

Requests for applications for a booth may be made by contacting Sandhills Arts & Crafts Show, Box 759, Olton, Texas 79064 or by calling Pam Roberson 285-7728. The cost for a small booth is \$25.00 and \$35.00 for a large booth. Acceptance is contingent upon media and application date. Deadline for receiving applications is July 10. Notification by Jurying Committee will be July 15.

Young Homemakers of Texas is a non-profit association sponsored by the Texas Education Association for the purpose of community service and adult education.

Come And Go Shower Fetes Mrs. Winkler

Mrs. Paula Winkler was feted with a come and go baby shower Saturday, June 22 from 2 to 4 p.m. in the community room of Summit Savings.

Guests were registered by Betty Ashford. Vickie Garner and Connie Haight served assorted breads, pineapple cream punch and nuts and mints from amber crystal punch bowl and matching plates with silver appointments.

The serving table was covered with a beige tablecloth with delicate embroidered spring flowers and accented with a large bouquet of assorted spring

flowers. The honoree's corsage was made of white daisies with lace baby socks and a care rattle.

The hostesses gifts were a play pen, Swyn-go-matic Baby Swing, nursery lamp and matching wall plaques, and a three tiered stack storage cart.

Hostesses for the event were Opal Talley, Martha Gallegos, Bobby Harrison, Mary Francis Perez, Jeanie McDaniel, Nita Griffiths, Vickie Garner, Sandy Pena, Terry McCamish, Anita Flores, Connie Haight and Betty Ashford.

MRS. PAULA WINKLER

The Creative Woman

By Sheryl Borden

Information on using aluminum foil in the microwave oven, safety with major home appliances, and the infra red microwave will be presented on "The Creative Woman" show on July 2 and 6.

Cathy McCreery, home economist with the Reynolds Metals Co. from Dallas, Texas will explain and show how to use aluminum foil in the microwave oven. She will eliminate some of the old myths about the use of foil in the microwave oven. It can be used for shielding, for defrosting and even in cooking.

Another guest will demonstrate a new microwave oven on the market that uses an infra red sensor with microprocessor. Debra Block is with Toshiba, Inc. from Wayne, New Jersey, and she will explain some of the new features and demonstrate cooking in this technologically advanced microwave oven.

Joy Schrage, spokesperson for the Whirlpool Corp. is from Benton Harbor, Michigan, and she will discuss safety with major home appliances. Mrs. Schrage works with the Appliance Information Service which helps consumers with the safety aspects of their electrical appliances.

Beef in a bag and wedding veils and headpieces will be the topics on the show on July 4. Merle Ellis is the spokesman for the Beef Industry and he will explain what beef in a bag is, and how it can be used to stretch the beef dollar. Bulk

purchase savings will usually range from twenty to fifty cents per pound.

Karen Dillion, sewing instructor for Palmer/Pietsch Associates is also the author of a book called "Sew a Beautiful Wedding." She feels a lot of money can be saved by making the wedding veil and headpieces --even if the wedding gown is purchased. These savings can be over one hundred dollars. Ms. Dillion will talk about the different types of veiling fabrics available, explain the most common lengths for the veils and show examples of the three basic styles. By making the wedding veil and headpiece, it can be a one-of-a-kind and really provide the finishing touch to the bridal outfit.

"The Creative Woman" is produced by Sheryl Borden. The show airs on KENW-TV at 12 noon on Tuesday and Thursday and at 2:00 pm on Saturday. (All times are Mountain Standard). "The Creative Woman" is fed via satellite and distributed by the Pacific Mountain Network to PBS stations across the country.

Viewers can request copies of printed material offered on the show by calling on KENW-TV's toll-free telephone lines. The number for New Mexico is 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales and Roosevelt County: 562-2112. Viewers are asked to call between 8:00 a.m. and 5:00 p.m. Monday through Friday.

CONTAINERS FOR FREEZING FOODS--If you're planning on freezing the surplus produce from your garden, remember to use proper packaging materials. Freezing materials should be airtight, moisture and vapor-resistant, clean and durable and not add flavor or odor to the food, says Texas A&M University Agricultural Extension Service nutritionist Marilyn Haggard. Suitable containers include standard freezing or canning jars, polyethylene freezing bags, rigid plastic containers designed especially for freezing, and heavily-waxed cardboard freezing containers, she says.

Journal Society Policy

A processing charge of \$3 is made when a photo accompanies any wedding, engagement, or anniversary with the exception of anniversary of 50 years or more.

Five dollars will be charged for any shower picture taken by the Journal and \$3 charged for any shower picture accompanying a story. Pictures may be picked up after the article appears in the paper.

Wedding, engagement, and anniversary stories must be in the Journal office by Monday noon for the Thursday paper, and by Thursday noon for the Sunday paper.

After that time, stories will be run on a space available basis. Any wedding more than two weeks old, when received, will be edited and only the basic information will be included.

Shower pictures will not be taken without a 24 hour notice and copy must be in the office by 5 p.m., Monday for the Thursday paper and 5 p.m. Thursday, for the Sunday paper.

NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PABX or other similar stored control switch capable of common control processing or other features commonly associated with a PABX "Smart" switch.

These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$.025	\$.015
7	14 miles	B	.035	.021
14	21 miles	C	.050	.030
21	28 miles	D	.070	.042
28		E	.090	.054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to tenants.

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest. Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumers Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.

Babe Ruth Wins

Cont. From Page 1

down the home front, the Cats went to Friona to stalk their prey. They had heard things about the Friona Cattelowns they didn't like. And like the pesky Colts to play around until the fourth of fifth inning they jumped on the Cattelown early scoring nine runs in the first two innings. Friona had only scored two.

In the third the Cats licked their paws looking over the situation as Cattelown out scored them 3-0 in the third inning. Then in the fourth they swished their tails and showed Friona what they were noted for scoring eight runs in the fourth and fifth to the Cattelowns one. The game was called on 10 run rule after the fifth. The final score was Cattelown 6-Cats 17.

Friona logged four strike outs, Cat pitcher Perez had three. There was some great infielding plays made by both teams. Friona had three hits to the Cats 17. Hits and runs batted in for the Cats were Mendoza 1, Tony Quintana 1, Micahel Duncan 1-2, Richard Ring 2, David Wooten 1, Ronnie Perez 3-5, Johnny Garcia 4-1, Bryan Morris 2-2, and Roque Flores 1-2.

On June 20th the Colts again looked out of their stable and saw a ship load of pirates coming in from Dimmitt. Recognizing some of the teams after playing them in Dimmitt, they knew water was going to be rough. As the anchor was dropped and the pirates came ashore, Colt Pitcher Lust showed them his right hoof. In the first inning the Pirates went down 1-2-3 but the Colts also didn't score.

In the second the Pirates scored one run and the Colts went three up and three down. Not to be outdone in the third, Dimmitt again went down 1-2-3 while the ponies began to get warmed up scoring four runs. In the fourth the Pirates slashed away scoring two to the Colts one.

The score after four complete innings was Dimmitt 3 and Colts 5. In the fifth inning both teams again showed their aggressiveness as they both scored one run each.

Then in the sixth as Sanchez had took over for Lust and Rodrigo Jackson had took the deck for Ronnie Calderon it was all defense for both teams. The Pirates walked the plank after six and one half innings losing the battle 6-4.

Dimmitt pitchers struck out nine Colts while Colt pitchers put down 13. The Pirates had three hits to the Colts five. Daryl Bruns had two hits for the Colts while Omar Sanchez had three.

On Friday while the concert marched into town the Cats were creeping out of town to play a tune of their own. This was the first meeting of Amherst and Cats. Amherst being part of Muleshoe charter was determined to play tough. They realized the Cat pitcher Perez wasn't going to give them anything as they capitalized early in the first inning to score on errors. Both teams were to display fine defense as it was the top of the third before the Cats tied the game at 1-1. In the fourth both teams scored a run apiece as the dual continued.

In the fifth inning Amherst saw for themselves the Cats scratch as they clawed out five runs. As the sixth started the Cats realized they had not been able to purr through this one. Members were going through the dug-out as this was only the third time they had had to play more than five innings this season.

The Cats scored one more run in the sixth inning. Amherst was now at the mercy of the Cats as they couldn't get on the score board again. The final was Amherst two and the Cats eight.

Cat pitcher Perez had 15

strike outs and Amnerst pitching recorded eight. Perez allowed Amherst only two hits for the night. Cat hitters were Richard Ring 1, Mendoza 1, Johnny Garcia 2, Ronnie Perez 2, David Wooten 1, Roque Flores 1, Tony Quintana 1.

Junior Babe Ruth will complete their schedule this week with the possibility of an end of season tournament starting June 27. There is still time to see some great baseball action.

The Senior Babe Ruth traveled to Dimmitt on June 18 seeking revenge for their first three opening games. It was the third inning before either team made a score. Dimmitt coming out with 2-1. In the fourth Muleshoe went down 1-2-3 but held Dimmitt to no runs either leaving the bases loaded.

Then in the fifth inning Muleshoe opened up a lead of 5-2 after scoring four runs. Both teams left runners in scoring positions in the sixth and seventh but couldn't get them in. Muleshoe pitcher Norman Perez went all the way as did Todd Durham for Dimmitt. At this point Coach Gerry Pierce said his team was improving, making less errors and hitting the ball better. The final score was Muleshoe 5-Dimmitt 2.

On June 23, Muleshoe again traveled to Plainview to play a double header. Looking to continue their pace in the first inning Muleshoe couldn't score, a man left on base. But pitcher Norman Perez put down Plainview 1-2-3. In the second both teams scored one run each. The third was still a defensive game as both teams came away empty.

In the fourth Plainview edged out two runs to lead 3-1. In the fifth Muleshoe loaded their bats and scored six more runs. Plainview couldn't capitalize at the bottom of the fifth and Muleshoe won the first game 7-3.

In the second game Plainview had blood in their eyes as they scored three runs in the first inning and held Muleshoe off. In the second Darren Shaw and Co. sat Plainview down 3 up and 3 down.

Muleshoe got on the scoreboard with one at the top of the third. Muleshoe went to work and locked up three runs but Plainview came back with four. In the fourth Muleshoe tied it up at 7-7. At the bottom of the fourth Plainview squeezed out one more run and at the top of the fifth Muleshoe went down defeated 8-7, in a very well played game.

Muleshoe Senior Babe Ruth continues to improve each game. After starting so late they are having to get it together in a hurry and are doing a good job, according to their coach.

Camp...

High Plains Underground Water District Adopts Rule

The Board of Directors of the High Plains Underground Water Conservation District No. 1 has recently adopted a new rule regarding the "Permitting and Regulation of Drilled or Mined Shafts" within the 15-county, 5,215,600 acre service area of the Water District.

Board President James P. Mitchell explains, "this rule prohibits the construction, whether by drilling or mining techniques, of any new shaft where:

- * the depth of the excavation is greater than its diameter,
- * the excavation penetrates into or through the base of the fresh-water aquifers, and
- * where the primary purpose of the excavation is the transportation of workers and materials to and from a destination, at depth, for the purposes of geologic studies, access to exist-

ing and planned subsurface mine workings, safety, or for ventilation of those workings, unless a permit in compliance with all applicable permitting requirements has been applied for and received from the Board of Directors of the District.

Rule 23 applies to all drilled or mined shafts located within the District which are drilled after June 10, 1985, which was the effective date of this new rule, or which are modified or converted to a new purpose after that date. This rule does not cover potable ground-water wells.

A complete copy of the new rule is available upon request from the Water District's Lubbock office by writing to High Plains Water District, 2930 Avenue Q, Lubbock, Texas 79405, or telephone 806-762-0181.

held in the near future at the old Gibson's Building on West American Blvd. sponsored by Simone Chavez and Loy Dominguez.

Chavez told The Journal that all youth dances will be chaperoned by at least five adults and no alcoholic beverages will be sold or served.

He also stated that the building will be available for rent for weddings, reunions and private parties.

"The first youth dance is scheduled for tomorrow night, Friday, from 8 p.m. to 12, midnight. This dance will be a disco for youth from the sixth grade through 19 years. Admission will be three dollars and once in the building youths may not leave unless it's an emergency," Chavez said. "A snack bar will also be available."

A Mexican dance is scheduled for Saturday night. Security will be provided for all Mexican and Country and Western Dances.

Teacher evaluations

valuable in detecting learning disabilities

COLLEGE STATION — Learning disabilities, which are estimated to affect up to 10 percent of American schoolchildren, can be predicted at the kindergarten level as well by teacher evaluations as by costly screening tests, a Texas A&M University study indicates.

However, psychologists Emily Davidson and Thomas Ward also found that neither teacher evaluations nor screening tests are much more than 50 percent accurate in predicting learning disabilities, which are generally defined as difficulty in learning

to read.

The researchers' conclusions are based on a comprehensive review of existing research on techniques used in predicting learning disabilities. They conducted the research for the Texas Legislature in connection with the possibility of adopting measures to screen kindergarten youngsters in the state for learning disabilities.

Most children are classified by screening tests as normal. Since most children do learn to read, most are therefore correctly classified by the tests, said Ward, an assistant professor of psychology. The problem occurs when up to half of the 5 to 10 percent of children who do experience problems are misdiagnosed by screening tests and teacher evaluations.

Oil Production Rate Continued At 100 Percent Market Demand

The Railroad Commission has continued the Texas oil production rate for July 1985 at 100 percent of market demand.

Chairman Buddy Temple and Commissioners James E. (Jim) Nugent and Mack Wallace continued the top production allowable after reviewing oil companies' nominations to buy a total of 2,249,823 barrels of Texas oil per day. The July nomination total, a decrease of 10,666 barrels daily when compared to June purchaser nominations, indicates market demand. July 1984 nominations totaled 2,382,913 barrels daily.

Although next month's state total for the permissible rate of production is calculated to average 2,864,337 barrels per day, actual production is estimated to reach 2.25 million barrels per day. Actual production in July 1984 was

Effie Jennings Longtime Area Resident Dies

Funeral services for Effie Jennings, 91, of Lazbuddie were held at 2 p.m. Monday, June 24 in the Ellis Funeral Home Chapel of the Chimes with the Rev. Lew Burris, pastor of the Lazbuddie Methodist Church, officiating, assisted by the Rev. Al Ewing Jennings.

Burial was in Bailey County Memorial Park under the direction of Ellis Funeral Home of Muleshoe. Mrs. Jennings died at 10:10 p.m. Friday in the Muleshoe Nursing Home.

A native of Milbourn, Ark., Mrs. Jennings was born on July 13, 1893, and had lived in Lazbuddie since 1922, moving there from Floyd County. She married Oris M. Jennings on Dec. 25, 1912 in Milbourn, Ark. He died in 1969. She was a member of the Lazbuddie Methodist Church.

Survivors include two sons, James H. Jennings of Lazbuddie, and Elvie T. Jennings of Friona; two daughters, Nerine A. Malone of Muleshoe, and Helen L. Carthel of Clovis, N.M.; 14 grandchildren; 27 great grandchildren and seven great-grandchildren.

The family suggests in lieu of flowers give to your favorite charity or the Lazbuddie Methodist Church.

EFFIE JENNINGS

2,302,374 barrels of oil per day.

The Commission first went to the ceiling level for oil production in April 1972. It applies to all fields in the state except those that are assigned lower legal rates of production so that reservoir pressures will not be depleted before the maximum amount of oil has been recovered.

Temple also reported that July nominations for the purchase of Texas gas totaled 21,281,123 Mcf/d (thousand cubic feet of gas per day). June gas nominations totaled 21,739,332 Mcf/d. July 1984 nominations amounted to 21,672,316 Mcf/d.

The next statewide oil and gas production allowable hearing will begin at 1:30 p.m. on Monday, July 15, at the Railroad Commission headquarters building at 1124 S. IH 35 in Austin.

Major purchasers filed these July nominations from the floor at today's meeting:

Amoco Production Co., 168,000 barrels daily, down 2,000 barrels from the previous month; Chevron U.S.A., Inc., 42,500, unchanged; Exxon Co., U.S.A., 279,400, up 2,725; Gulf Oil Corp., 116,500, unchanged; Mobil Oil Corp., 166,800, up 900; Phillips Petroleum Co., 76,000, unchanged; and Texaco Refining & Marketing Inc., 87,500, unchanged.

Other purchasers with significant changes in oil nominations for next month included:

Arco Petroleum Products Co., 95,500, down 1,350; Citgo Petroleum Corp., 57,720, up 1,645; Conoco Inc., 69,000, up 1,400; Encore Oil Corp., 3,000, no nomination last month; Koch Oil Company of Texas, Inc., 80,529, up 1,958; Matador Pipelines of Texas, Inc., 76,525, down 3,911; Shell Oil Co., 84,000, down 2,000; Sun Refining & Marketing Co., 79,850, down 4,300; Tesoro Crude Oil Co., 34,234, down 3,427; and UPG Falco, 34,918, up 2,248.

Gladys Lambert Funeral Services Held In Kerrville

Funeral services for Gladys Lambert, 76, of Marble Falls, formerly of Kerrville, were held Monday, June 24 at 11 a.m. in the chapel of the Kerrville Funeral Home with the Rev. Richard Ryan officiating.

Interment was in the Garden of Memories Cemetery under the direction of Kerrville Funeral Home. Mrs. Lambert died Friday afternoon.

She was born Feb. 22, 1909, in Lone Star, Texas and was a member of the Church of Christ.

Survivors include her husband, Nolan "Doc" Lambert of Marble Falls; five daughters Rita Baker and Nan Mosty, both of Kerrville, Linda Petty of Houston, Pat Pruett of College Station and Sally Carney of Rogers, Ark.; three sons, James Lambert of Houston and Jerry and Joe Lambert of Victoria; 17 grandchildren; and eight great grandchildren.

Chairman Temple reported that crude oil and petroleum products imported into the U.S. averaged 5,572,000 barrels per day for the four weeks ending May 31, a decrease of 98,000 barrels per day from the same period last year.

Local Woman's Father Dies At Lubbock

Funeral services for Paul C. Campbell, 74, of Lubbock were held at 2 p.m. Monday, June 24 in Resthaven Chapel with the Rev. Lee Roark, associated chaplain of Methodist Hospital, officiating, assisted by the Rev. James Price of the First United Methodist Church.

Full Masonic graveside rites followed at Resthaven Memorial Park, conducted by members of the Masonic Lodge 903 in Brownfield under the direction of Resthaven Funeral Home. Campbell died at 4:30 a.m. Friday in the Methodist Hospital following a sudden illness.

He was born in Hamilton, Mo. and had lived in Lubbock for the past 17 years. He was a member of the Masonic Lodge No. 903 in Brownfield and of the Scottish Rite of Lubbock. He served in the U.S. Navy during World War II. He married Edwina McPeck on Dec. 31, 1936, in Breckenridge, Mo. He was a member of the First United Methodist Church.

Survivors include his wife; two daughters, Charlotte Holt of Muleshoe and Linda Stephens of Lubbock; two brothers, Ernest of Chico, Calif., and Clyde of Breckenridge, Mo.; a sister, Mrs. Frank Potts of Cowgill, Mo.; and three grandchildren.

The family suggests memorials to the Ronald McDonald House of Lubbock.

Gladys Morrow Services Held In Montana

Funeral services for Gladys Morrow, 68, were held at 2 p.m. today, Thursday, June 27 in the Dahl-Brown Chapel in Billings, Montana with the Rev. John O. Tweeton of Shepherd Lutheran Church of Shepherd, Montana officiating.

Burial was in Mountview Cemetery at Billings, Montana. Local arrangements were under the direction of Ellis Funeral Home of Muleshoe. Mrs. Morrow died at 6:30 a.m. Monday.

She was born on Oct. 5, 1916, in Vernon County Wisconsin and had been a resident of Muleshoe five years, moving here from Billings, Montana. She married Gordon H. Morrow on Oct. 12, 1935, in Iowa. He died in 1974. She was a housewife and a member of the Shepherd Lutheran Church of Shepherd, Montana.

Survivors include one daughter, Mrs. Dorothy Hanes of Muleshoe; one son, Dale Morrow of Park Rapids, Minnesota; five sisters, three grandchildren; and one great-grandchild.

Gladys Goodwin Services Conducted In Earth

Services for Gladys M. Goodwin, 80, of Earth were held at 11 a.m. Monday, June 24 in the Earth United Methodist Church with the Rev. Jimmy Nunn, pastor, officiating.

Burial was in Earth Memorial Cemetery under the direction of Parsons-Ellis Funeral Home of Earth. Mrs. Goodwin died at 6:45 a.m. Saturday in the Methodist Hospital at Lubbock following a lengthy illness.

She was born on July 15, 1905, in Sweetwater, Okla. and had been a resident of Earth since, 1929, moving there from Sweetwater, Okla. She was a housewife and a member of the Earth United Methodist Church. Her husband, Clyde Goodwin died in Oct. of 1959.

Survivors include two sons, C.C. Goodwin of Earth and Lovd Goodwin of Ft. Worth; one sister, Mrs. Rena Swain of Brownfield; one brother, Glen Rutherford of Sweetwater, Okla.; and four grandchildren.

No Saturday Work.

The mailmen want to eliminate Saturday deliveries; will the baby doctors be next?

Watch Work Habits During Hot Weather

Hot, humid weather which typifies Texas summers can be dangerous to your health, particularly if you work outdoors.

Outdoor workers often suffer from such physical disorders as heatstroke, heat exhaustion, heat cramps and fainting, says Dr. Gary Nelson, safety engineer with the Texas Agricultural Extension Service, The Texas A&M University System.

Such disorders occur most often when workers do not take time to adjust to the heat, notes Nelson. Summer hot spells, the first few days of work for new

workers, and the first day back on the job after a vacation or illness are likely to be times when workers suffer the most from heat-related problems.

The combination of high temperatures and high relative humidity can be especially dangerous, says Nelson. Now the National Weather Service has come up with a "heat index" or "apparent temperature" -- warn to outdoors people to take it easy.

For example, a temperature of 100 degrees F. and a relative humidity of 50 percent have the same effect as if the temperature hit 120 degrees. The human body cools itself by perspiring, but problems can develop when high relative humidity prevents the evaporation of perspiration from the skin, Nelson explains. The "apparent temperature" takes into account the reduced cooling ability caused by humidity.

To avoid potential health problems during the hot summer weather, he offers these suggestions for farmers and ranchers and others who work outdoors:

--Rest periodically in a cool place; rest is most beneficial when breaks are short but frequent.

--Drink fluids every 15 to 20 minutes. Water intake must equal perspiration loss, so drink more than enough to satisfy thirst. Rely on meals to replace salt.

--Wear loose garments of thin cotton fabric to enhance air circulation near the skin and to

allow body heat to escape.

--Slow down work speed or distribute the workload evenly over the course of the day.

--If possible, postpone non-essential work for cooler periods.

--Transfer workers to help from other jobs or obtain extra helpers. Younger and more physically fit workers might take over.

--Where possible, shield workers from equipment heat sources, use exhaust fans near heat sources, and provide open windows and cooling fans for maximum air flow around individuals.

--Provide maximum opportunities for outside workers to work in well ventilated, shaded areas.

Heeding these suggestions and keeping tabs on the daily temperature and relative humidity can go a long way to preventing heat related disorders during summer weather, says Nelson.

Know the true value of time; snatch, and enjoy every moment of it. No idleness, no laziness, no procrastination. --Lord Chesterfield.

There is nothing done by the hands of man which sometime or other time does not destroy. --Cicero.

Time is a file that wears and makes no noise. --H.G. Bohn.

Time is our consciousness of the succession of ideas in our mind. --P.B. Shelley.

Head injury symptoms can alert parents to need for medical help

TEMPLE — A familiar family quandary — what parents should do about children who bang their head in a fall or other accident — can be helped if the parents look for certain signs that mean medical treatment is required, says a Texas A&M University expert on emergency medicine.

A persistent headache or uncontrollably severe vomiting mean a doctor should be consulted, said Dr. Kenneth Hackney, chairman of emergency medicine at Scott and White hospital in Temple and a member of the Texas A&M medical faculty.

Dizziness or blurred vision are other symptoms indicating medical treatment is needed, he explained.

"If the pupil of one eye is larger than the other and will not get smaller when light is shined into it, the child should be evaluated by a physician," he said.

Other signs of a serious head injury are loss of hearing, facial weakness or drooping of the eyelid on one side of the face, clumsiness or weakness, paralysis or numbness in the arms or legs, slurred or confused speech, irregular breathing patterns and loss of consciousness or convulsions.

Crying, although a sign of pain, is not necessarily an indicator of a more serious problem, Hackney explained.

In young infants, a persistent bulging of the soft spot on top of the head can indicate excessive pressure, said Hackney. Such bulging may occur normally when the infant cries, but physicians should be notified if bulging persists because it could be a sign of injury or infection.

Sarah A. Kelton Services Held Here Wednesday

Services for Sarah A. Kelton, 101, were held at 2 p.m. Wednesday, June 26 in the Ellis Funeral Home Chapel of the Chimes with David Alessandro, minister of the Muleshoe Church of Christ, officiating.

Interment was in Muleshoe Cemetery under the direction of Ellis Funeral Home. Mrs. Kelton died at 7 a.m. Monday in the Chapparral Nursing Home at Clovis, N.M.

A native of Joplin, Missouri, Mrs. Kelton was born on Dec. 26, 1883, and moved to Bailey County in 1929, from Steigler, Okla. She married J.T. Kelton in Ft. Smith, Ark. He died Sept. 16, 1958. She was a housewife.

Survivors include a daughter, Mamie Provence of Clovis, N.M.; two sons, Robert Kelton and Acie Kelton, both of Muleshoe; a sister, Nora Parker of Spiro, Okla.; 14 grandchildren; several great grandchildren; and a number of great great grandchildren.

Three Way News

by Mrs. H.W. Garvin

Mr. and Mrs. Robert Shuck from Arizona spent Sunday night with his aunt Mrs. Minnie Dupler.

Mrs. Nelson Carlisle underwent Surgery Thursday at South Park Medical center in Lubbock.

Mrs. Bill Dupler underwent Surgery in Methodist hospital Wednesday.

The Three Way Baptist women went to Morton Thursday and served cake and punch to the residents in the Roberts nursing home.

We wish to express our sympathy to the L.P. Lynsky family on the death of Mr. L.P. Lynsky Friday morning at Lubbock General hospital. Funeral services are Monday morning at Three Way Baptist church with burial in Morton.

Mrs. Jack Lane and Mrs. Ima Roberts will take the Baptist G.A. Girls to camp at Floydada this week.

Mr. and Mrs. Robert Kindie, Mr. and Mrs. Bobby Kindie and girls and Mrs. and Mrs. James Kindie and children attended the wedding Saturday of Roberts niece Stephana Martin at Shallowater.

Farmers in the community are very busy finishing the wheat harvest and working the row crops after the rain Monday night.

Mrs. Bulah Toombs spent Thursday and Thursday night in Seminole visiting her daughter C.W. Hinds family.

The Three Way school reunion will be held at the Morton activity building in Morton Saturday June 29th, starting at 2 p.m. all students and ex students families teachers and parents are invited.

Mr. and Mrs. Jimmy Gillentine and Eric from Abilene and Mrs. James Gillentine from Lubbock spent Monday visiting their mother and grandmother Mrs. H.W. Garvin.

Panhandle-South Plains Fair Adds New Shows

Approximately 6,700 catalogs plugging the 68th annual edition of the Panhandle-South Plains Fair are being distributed throughout the South Plains and eastern New Mexico areas, general manager Steve L. Lewis has announced.

The catalogs, boasting a record premium list totaling more than \$80,000 are being sent to potential exhibitors, officials, the chamber of commerce and information services at City Hall, Lewis said.

A junior beef heifer show has been added to the judging calendar this year and will offer premiums totaling \$6,000. Competition is open to all Future Farmers of America and 4-H Club members in the state.

One new wrinkle this year is the judging schedule, which has been rearranged due to education reforms throughout the state. Most of the student-related activities has been moved to weekends to avoid

school conflicts, Lewis said. Otherwise, the usual exposition fare is included in the 136-page catalog.

Eight stage shows instead of the usual seven have been booked for Fair Park Coliseum. The lineup includes: George Strait, 7 p.m. and 9 p.m., Sept. 21; The Statler Brothers, 3 p.m. and 7 p.m., Sept. 22; Andrus, Blackwood & Co., 7 p.m. only Sept. 23; John Schneider, 7 p.m. only Sept. 24; The Nitty Gritty Dirt Band, 7

p.m. only Sept. 25; The Vern Gosdin Show, 7 p.m. only Sept., 26; The Judds and the Maines Brothers, 7 p.m. only Sept. 27; and, Janie Fricke, 7 p.m. only Sept. 28.

Tickets for the Andrus show are \$3, while tickets for the Schneider, Dirt Band, Gosdin and Judd shows are \$8. Tickets for the remaining stage attractions are \$10 each. All seats are reserved. Mail order reservations may be sent to Show Tickets, P.O.

Box 208, Lubbock, Texas 79408. Requests will be processed in the order in which received and orders will be filled after July 1. Mail orders must be accompanied by a stamped, self-addressed envelope.

Three? Sam says: "There are three women in the world for every man—one to marry him, one to understand him, and one to ruin him."

Thank You

We would like to extend our thanks to everyone who expressed their condolences upon the recent loss of our beloved mother. A special thanks to Dr. Allgood, the staff at the nursing home, to pastors Steve Davis & Paul Brigham & the congregation of the Assembly of God Church. Nelda Crawford

Such a familiar cry to any parent, and who could resist such an appeal. Many times the cry of "I'm thirsty" is a genuine one, but there are times when it is a scheme to linger a little longer, the result of a strong desire to remain awake and play with the dolls and toys that loving parents have provided.

While meeting the physical, play, and comfort needs, don't forget the need for "Living Waters." Take the family to church, where all may hear of, and be drawn closer to our loving Father.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

A&M researcher says crowded conditions not always bad

COLLEGE STATION — A crowd is not a crowd is not a crowd, says a Texas A&M University psychologist who has spent the last 10 years researching what conditions make people feel crowded and why.

Dr. Stephen Worchel's most recent research indicates that during crowded arousing or exciting events — such as a funny movie — people attribute their feelings of stimulation not to the elbow-to-elbow conditions but to the event. In fact, he said, crowding may enhance the pleasure of the event.

"People generally think that crowding is totally based on the amount of space a person has," said Worchel. "What came to my attention was that at sports events like basketball and football games people had almost no space and didn't seem to feel crowded."

In order to verify his observation, Worchel showed groups of subjects four film or television clips — a comedy, a boxing match, a sexually explicit episode, and an ecology piece on the Florida Everglades — under crowded and uncrowded conditions.

"I found that people who watched arousing movies under conditions that violated personal space enjoyed the movie more and felt less crowded than those who had watched the non-arousing segment under the same conditions," he said.
