# Local, Area Banks Show High Deposits

Tuesday night, playing in the Sectional Tournament at Dimmitt, the Black team from the Bronco League in Muleshoe defeated Hereford, 14-8, to advance further in their quest for a state, then national title.

Tonight, Thursday, they will be taking on the winner of Tuesday night's Dimmitt-Amarillo game. The team won district honors in Muleshoe last week.

Muleshoe firemen were summoned to the Dinner Bell Restaurant early Wednesday morning for a fire.

The fire was quickly extinguished with little damage, as restaurant patrons continued their breakfast, unperturbed by the fire in the kitchen.

Gloria Mallouf Dancer of Boling, formerly of Muleshoe, was released Monday from M.D. Anderson Hospital following surgery on Thursday. She is the daughter of Junior Mallouf of Muleshoe, and attended the Muleshoe schools.

Corene Mallouf told the Journal that she would love to hear from her friends in Muleshoe. Her address is Gloria Dancer, P.O. Box 633, Boling, Texas 77420.

Muleshoe's Civic Clubs are preparing to go to battle-against each other. They are going head-to-head in a 50-50 golf tournament at the Mule-Putt Miniature Golf Course.

Play will be on August 15, and there will be 10 teams from each of the following organizations: Jennyslippers, Kiwanis, Rotary, Lions and the Muleshoe Chamber of Commerce and Agriculture.

This is a partnership tourney, with the members of the various clubs to have as their partner their spouse or other partner of their choice.

The Chalksong Players will be in concert at Circle Back Baptist Church, Sunday, July 28, at 6:30 p.m. The group will present gospel music and do a chalk talk under ultraviolet, according to the pastor, Ron

The Chalksong Players are from New Home.

Following the evening service there will be refreshments served, and the pastor said everyone is invited.

Circle Back is located four miles east of Needmore at the intersection of FM298 and FM3397.

Lazbuddie ISD Board of Trustees will meet in special session at the school on Thursday, (today), at 8:30 p.m.

Items on the agenda to be considered, include to purchase equipment; consider a trustee vacancy; maintenance items and consideration of personnel.

Gregory Dean Harrison, spring animal science graduate, has earned "Distinguished Student" status at Texas A&M University.

Recipients of the "Distinguished Student" honor must be registered for at least 15 semester hours and earn a 3.25 grade point ratio, out of a possible 4.0 during the most recent grading period.

First Baptist Church of Plainview will host a Fourth Sunday Singing on Sunday, July 28, 2-4 p.m. in the First Baptist Church Chapel in Plainview.

Robert Black, music director of the church, said the church is located between Seventh and Eighth Streets on Baltimore. He says to park on the west side of the building.

Lazbuddie ISD has opening for teacher aides and for cafeteria workers for 1985-86. Interested persons are asked to call 965-2156 or go by the school for an application.

TOWN AND COUNTRY STORE NEARS COMPLETION -- The new Town and Country Food Store, located at 'The Crossroads,' the intersection of Hiway 84 and SR214 in Muleshoe is nearing completion at this time. If good weather continues, the store expects to be completed, stocked and open for business around August 1. This is just one of the new structures being built in the city at

# Furrow Diking Can Conserve Farmer's Water And Money

The utilization of furrow dikes is a growing practice among High Plains irrigators. One of the contributing factors to the increased use of dikes may be initial investment to use this technique may be recovered within the first season.

A survey of the number of High Plains Underground Water Conservation District No. 1, reveals that there were approximately 365,000 acres utilizing furrow dikes in April of 1984. The furrow dikes installed in the month of April, which is prior to the growing season for summer crops grown in the area, were being utilized to collect and store water in the soil for mid or late summer use.

According to a U.S. Department of Agriculture report by Dr. Glen L. Wistrand, furrow diking equipment requires an initial investment of \$140 to \$300 per row. A producer using a nine-row tool bar to dike all furrows would need to invest \$1,500 to \$3,000 for the diker unit and dike removal mecha-

A one-year cost would be about \$3.09 per acre. Average equipment utilized for seven years on 640 acres would cost approximately 44 cents per acre

#### '85 Fair Catalog Is Now Available For Participants

Fair time is almost here, and the Bailey County Extension office has just released the 1985 West Plains Fair catalog for persons interested in entering any or all of the varied exhibits

Scheduled September 12, 13 and 14 at the Bailey County Civic Center and Coliseum, divisions in the fair will include Agriculture, Horticulture, Culinary, Canned Fruits and Vegetables, Crafts and Hobbies, Fine Arts and Small Pet Show, which is a new addition to the

fair this year. Bailey County Agent Spencer Tanksley said catalogs have already been mailed to persons who entered the fair in the past, but catalogs are available for person who perhaps would be interested in entering this year for the first time.

The fair entries are open to persons who live in Bailey, Lamb, Cochran and Parmer Counties, and the divisions are divided into age groups: Adult (18 or over); Youth (under age 18) with a special division for 4-H youth.

Booths will be available also for commercial displays

throughout the fair, he added.

More details will be released as fair time nears, said the county agent. For a catalog, please contact the Extension office in the Bailey County courthouse.

Assuming that the tractor used to pull the furrow dikers is not grossly overwhelmed by the additional weight and leverage of the dikers selected, operating attributed to the fact that the cost for diking in conjunction with other operations is estimated at 43 cents per acre per year.

Total cost then is 44 cents per acres furrow diked in the acre fixed and 43 cents per acre 15-county area served by the operational cost, a total of 87

## **Rotary Hears About Cancer** Danger Signs

Judy Costello, field repre-sentative for the American Cancer Society, from Lubbock, was guest speaker for the Muleshoe Rotary Club Tuesday at noon.

She showed a film, and explained many of the services available, at no charge, to cancer patients and their families in this area.

Many services can provided free to cancer patients and their families, including, hospital beds, side rails, wheelchairs, walkers, commode chairs, bath seats and other

Also, adhesive tape, ostomy supplies, stoma bibs, bed pads, egg crate mattresses, sheep skin, plus transportation for ambulatory patients to treatment center.

Also varied dressings. These services are provided with consent from the patient's

Ms. Costello said Mrs. Les Irvin is the service chairman for the American Cancer Society for this area, and she can be contacted at 272-4583 to provide service and information. Or a person can call the Lubbock office at 794-5808.

The field representative discussed the seven warning signals for cancer including, change in bowel or bladder habits; a sore that does not heal; unusual bleeding or discharge; thickening or lump in brest or elsewhere; indigestion or difficulty in swallowing; obvious change in wart or mole and nagging cough or hoarseness. She cautioned that if more than one symptom is present, see your doctor.

According to the field representative, Texas, alone, will see 47,000 new cases of cancer in 1985, with an estimated 16 of

these being from Muleshoe. Some 50 cancer patients in Muleshoe will be alive after successful surgery, or chemotherapy through early detection of the disease.

One important factor often overlooked, said Miss Costello, is the importance of nutrition to help avoid cancer. Research has pinpointed several nutritional factors to be aware of: avoid obesity; cut down on fat intake;

Cont. Page 6, Col. 4

cents per acre per year. The installation of furrow dikes may afford conservation,

and more efficient use of land, water and energy resources. Researcher plots at Bushland,

compared dryland furrow diked Bank decreased grain sorghum to open furrow at two locations. The diked plots during a study period from averaged 1.7 inches of runoff. last of June this year. In one of the years of study, the At First Bank (formerly First undiked dryland had 3.4 inches National Bank), deposits show a of runoff, while the diked had

Every acre-inch of water held with no energy cost required to pump water from the acquifer. year. For instance, if 1.5 inches average rainfall runoff is saved and the need for irrigation is reduced a like amount, the cost of energy needed to pump the same amount of water would range from \$2.50 to \$5 per acre.

The potential for economic savings is even greater for retaining irrigation runoff. Runoff saved due to furrow diking in a Limited Irrigation Dryland (LID) system test represents a potential savings of irrigation water of \$12.50 to \$25 per acre.

The amount of irrigation water pumped can be reduced by an amount equal to the amount of precipitation retained by furrow dikes, consequently Cont. Page 6, Col. 3

As reports come in for the second quarter of 1985, it is evident that the two local banks, along with six area banks, are showing an increase in deposits, while loans have dropped considerably.

For the eight banks, deposits at the end of June this year are shown to be \$220,762,351.29, an increase of \$23,982,567.12 over the figure for the same time last year of \$196,779,784.17.

During the same period of time, loans for the eight banks show a total of \$90,307,787.64, down by \$9,250,922.20 from the \$99,558,709.84 shown at the same time a year ago.

For the two local banks, deposits have increased by \$2,787,876.24 during the past \$68,148,000.00 shown on deposit at the end of June this year, compared to the \$65,360,123.76 on deposit closing out June of

At the same time, loans for the two banks have dropped by nearly \$7 million. Loans at the end of June this year were \$31,386,000.00, compared to the \$38,098,288.87 a year ago at this time, for a difference of \$6,712,288.87.

From Muleshoe State Bank, deposits were up by \$2,953,876.24 during the past year, with \$36,760,000.00 shown on deposit closing out June, 1985, and at the last of June, figure was 1984, the \$33,806,123.76.

Loans for Muleshoe State \$3,317,288.87 during the same period with loans had no crop season runoff \$22,367,288.87 at the end of June, 1984 and a total loan 1975-80, while the undiked plots figure of \$19,050,000.00 for the

decrease during the past year of \$166,000.00. A total \$31.554.000.00 was shown on in place and not permitted to deposit to close out June, 1984 runoff is available for cropping and \$31,388,000.00 was on deposit at the end of June this

Loans for First Bank also decreased during the year. Loans at the end of June last year was \$15,731,000.00, de--creasing by \$3,395,000.00 to the \$12,336,000.00 to close out June this year.

First State Bank at Morton reported deposits \$30,810,509.79 at the close of business on June 28, an increase of \$3,881,892.04 over the figure of \$26,928,617.75 for the same time last year. Loans for the bank have also increased by \$1,091,210.86 during the past year, with \$9,061,277.18 shown on deposit at the close of business at the end of June this year, and a total \$7,970,066.32 shown for loans at

the end of June, 1984. At Farwell, Security State

Bank shows an increase in deposits and a decrease in loans. Deposits at the end of June this year, showed Security deposits \$34,383,113.91, \$8,060,146.23 over the figure at the same time last year of \$26,322,967.68. At the same time, loans dropped by \$3,222,290.53. Loans at the end of June last year were \$7,707,581.15, down to the figure of \$4,485,290.62 at the

end of June this year. Citizens State Bank of Earth has shown in increase in both deposits and loans for the year. Deposits at the bank closing out June this year show to be \$13,411,339.00, increasing by \$2,081,856.95 over \$11,329,482.05 shown for the same time last year. Loans have increased by \$1,476,146.04 for the same period. Loans at the end of June, 1985 were \$10,763,225.00, compared to the \$9,287,078.96 for the same time last year.

At Friona, Friona State Bank deposits \$48,357,208.00 for the close of June this year, \$40,295,430.05 for the same time last year, a difference of \$8,061,777.95. Loans at the bank only show a slight increase for the year at \$21,706,816.00 this year, to the \$21,633,994.00, an increase of only \$72,821.92 for the year.

First State Bank of Bovina has shown a decrease in both deposits and loans during the past year. First State shows Cont. Page 6, Col. 1

LUIS FABIAN

## Jamaica Promises Food, Entertainment For This Sunday

This Sunday, July 28, will be celebration time at the Immaculate Conception Catholic Church in Muleshoe, It's time for the annual Jamaica, with festivities scheduled to begin at noon, to the east side of the

Live entertainment also begins at noon, with the kickoff of the Jamaica.

Some of the musical groups to be performing during the afternoon will be well-known to this area, but one very special entertainer will be on stage in the afternoon 4-6 p.m.

Luis Fabian, a native of Monterrey, Mexico, and now of Houston, will be singing in his unique style, "El Romantico De La Cancion."

He has two albums released, and is currently working on a third album, which he expects to release in the near future. He said he has performed in Chicago, New Orleans, Fort Worth, Dallas, San Antonio, Lubbock and will be performing in the eastern New Mexico and West Texas area for awhile.

At the present time, he is basing his operations out of Morton while in this area. He can be contacted at 266-5898 or 266-5921.

Included, along with the live entertainment throughout the afternoon of the Jamaica will be

food booths; the ever-present 'jail;' game booths; games for kids and raffles, along with other entertainment. Plan now to attend the annual

Jamaica at Immaculate Conception Catholic Church on Sunday afternoon, there will be something for everyone.

#### Kakawate Completed; Now A State Highway to State Representative Gary Students, business people,

and others who travel to Portales, N.M. from the Muleshoe area, have long-despaired over the disrepair of the highway known as the Kakawate Road in New Mexico, or the Portales Cutoff.

However, following a recent complete renovation and rebuilding of the highway, the road is completely passable, driveable and safe at this time. In conjunction with the renovation, the road was turned over to the State of New Mexico for maintainence.

The following story is from the Friday, July 19, 1985, edition of the Portales News-By Craig Massey

News-Tribune Staff "County road A-160, better known as Kakawate road, officially became State Highway 202 and the responsibility of the State Highway Department today at the State Highway Commission's monthly meeting

in Clayton. 'Bill Lee, the District 2 commissioner and vice chairman of the commission, made the motion to accept the resolution during the meeting and the transfer was unanimously ap-

proved. 'Lee presented a state road sign with the number 202 on it

Robbins and Roosevelt County commissioners Jay Turney and Steve Howl. Also making the trip to Clayton this morning were Portales City Manager Mike Obrey and Dallan Sanders, the director of housing at ENMU. Jim Parrish, Roosevelt County's other commissioner was unable to attend the meeting.

"The State, in return for responsibility of Kakawate, will turn over State Roads 440 and 86 to Roosevelt County. State Road 440 is a 13.2-mile stretch of paved road which runs south from Elida. State Road 86 is a 13.6-mile stretch of dirt road which runs from Tolar north to

"Roosevelt County's \$840,000 project to resurface Kakawate was also a part of the deal.

"The decision by the State Highway Commission to accept responsibility for the 13.6 mile stretch of road ended years of work and lobbying by Portales and Roosevelt County officials.

"This proves that if you give the process time and have patience and good cooperation, the system will work," relieved Robbins told the commission. It was Robbins' 1984 bill which would lead to

Chairman, gave out awards for the month, June 26th-Best Poker Hand to Ruby Hart, Jeanetta Precure and Mary Francis Holt. Those Having water balls were Ruby Hart, Lynn Campbell, Sherri Shipman, and Jo Rempe-July 3rd was beat the Pro Day-those doing just that were Marlene St. Clair, Helen Templeton, Claudine Elliott and Argilee Millen, July 10th-12 holes-Shirley Hicks.

The ladies divided into teams for their monthly scramble. These scrambles are really enjoyed by all of us-the team Mae Wilterding presided over winning this month were Cookie Bamert, Dorothy St. Clair, Helen Templeton, Ruby Hart, read and approved. Since there and Jo Rempe. They really played well as a team and not brag to much.

Lynn Campbell brought in a bird's feather that actually came signed to be sent to Ray from a bird that Shirley Hicks hit on one of her shots. That was really a birdie.

Also, we were all happy to have Melzine Elliott out playing again after her recent illness. She's doing great.

The Tool Box pictured in our Summer Time Savings Circular is not the correct picture. The price is correct. The Tool Box on Sale is 161/2" long x 8" deep x 61/2" high. It does not have a tote tray. We are sorry for any inconvenience this may have caused you.

Mary Crane and Betty Jo Beaty have been playing some cool morning golf. We are real pleased that Betty Jo is playing now. Another new face was that of Alice Liles. She played in our scramble too.

The ladies enjoyed the four new ceiling fans that we purchased for our dining room. They were greatly appreciated by the club.

#### **Enochs News** by Mrs. J.D. Bayless

Mr. and Mrs. Robert George of Lubbock stopped to visit her parents the E.N. McCall's Friday afternoon on their way to their cabin in the Capitain Mountains.

Mrs. Audra Hill and Mrs. Calra Williamson of Lubbock came Thursday to visit their sister, Mrs. Wilma Petree.

The Baptist Revival will be August 4 - 11. Rev. Barry Bradley will be the evangelist and Grady Sorley will lead the music. Every one is invited. the morning service will be at noon following lunch and night services will be a 8:00 p.m.

Mr. and Mrs. J.E. Layton visited her sister, Mrs. Oleta Burris, last weekend their son, Mr. and Mrs. Jarrol Layton, visited her parents last weekend then joined his parents at his aunts, Mrs. Burris, Sunday.

Bro. Mike Heady and wife, Connie, took their children, Travis and Kari, to the Wild Life Refuge July 4th for a picnic and looked at the baby owls and other things.

Kelly Mosser of Slaton, spent the week with his grandparents, the E.N. McCall's. They took him home Saturday and visited their daughter, Mr. and Mrs. Steve Mosser and children.

Mrs. Omas Petree of Levelland spent Sunday night with her sister-in-law, Mrs. Wilma

Travis Heady went to Camp at Floydada and spent four days, he enjoyed it very much.

Diane and Tom Sulak of Temple visited her parents, Mr. and Mrs. Edward

Saluting We Believe Our Youth Of Today Will Provide Effective Leadership Tomorrow

LEADER OF TOMORROW---Our Leaders this week are Megan and Stacy Harlan the twin daughters of Sam and Jean Harlan. They will be in the first grade next year at Dillman Elementary. They have one brother, Barak, who will be in the second grade. The girls are very close and really watch out for each other. They were both good students and were very popular with their classmates. Megan enjoyed art activities, writing the alphabet, and she especially enjoyed Toy Day each Friday. She says she would like to be a "Mommy" when she grows up. At school, Stacy liked learning the alphabet, playing outside and coloring. At home she enjoys the trampoline, playing with Barak's toys and riding bikes with Megan and Barak. She also enjoys playing with their dog, cat and four kittens. We are proud to recognize these young ladies as "Leaders of Tomorrow.

Re: Bathroom and Plumbing Remove existing plumb ing and re-locate under house - properly insulated. Water pipes are exposed - at top of walls. Completely remove existing bathroom - Relocate plumbing to new bathroom - back to back with kitchen (and its water and sewer) Plumb the new bathroom for the water heater, commode, lavatory and shower stall. (We will put in shower at future date) Build a large storage closet across inside wall of new bathroom. With a door that locks. Build a vanity table from the half-wall beside the commode to the storage cabinet wall.

## Girl Scout Hut Getting Renovation

If you haven't noticed lately—there's lots of activity going on at the Girl Scout Hut in the 800 block of West Second. After a period of inactivity for a year, the Girl Scouts and Brownies reactivated last fall under the leadership of Betty Ashford and Linda Tucker. Their enrollment has reached 18 and enthusiasm

is growing.

A couple of activities recently have included a swimming party, which was well attended, and after deciding to enter a float in the July 4th "Freedom Parade" the Girl Scouts won third place.

However, the main activity is a complete renovation of the Girl Scout Hut. A clean-up campaign has already begun, with mowing, raking, cutting of weeds and brush. A new roof has been installed and volunteer work is now underway, which includes both adult volunteers and Girl Scouts.

Saturday morning, a work day was held, with the painting of the outside of the building to be done with paint contributed by

Fry and Cox, Inc.

Friday morning, during a meeting of the Kiwanis Club, with Nelda Merriott, coordinator of the renovation of the Girl Scout Hut, as speaker, Ben Green contributed a used refrigerator and R.A. Bradley contributed a cook stove for the Girl Scouts.

Other items needed by the Girl Scouts include dishes, cookware, tableware, linens and other items. They need plumbing fixtures, insulation, screen doors, storm windows and volunteers for plumbing and carpentry work. A fence is needed, along with long tables and chairs.

Volunteers hope to complete the major part of the renovation during this summer, and a membership drive is planned for September. Girl Scouts are

Sirl Scruts Thursday.

Scouts...

Cont. From Page 1

discussing inviting nearby Scout groups to Muleshoe for a meeting as soon as the work is competed as they are becoming very excited about 'showing off' the new Girl Scout Hut.

Mrs. Merriott said, "We really appreciate those persons who have volunteered work or supplies to help the Girl Scouts and Brownies, and we know there are others just as willing to help."

Letter
To The
Editor

May I please make a Correction and an Apology? The refrigerator was donated to the Girl Scouts by Eddie Barron at the Kiwanis meeting Friday morning - and not Ben Green, as I previously reported. My apology, Eddie. I'm supposed to know both of you - and realized my mistake after I saw it in print. Special thanks to you and all of the Kiwanis for your

consideration and concern for the Girl Scouts.

MAINES BROTHERS BAND--Saturday night, the Maines Brothers Band of Lubbock, will make their second appearance this year in Muleshoe. The show and dance will be at the Bailey County Civic Center, sponsored by KMUL. In April, the band proved to be so popular here, they have been booked back into Muleshoe by popular demand.

## Maines Brothers Band Will Be Here

Band made their first appearance in Muleshoe for a "Flatland Fling." This proved so popular, that this Saturday night, the Maines Brother Band

#### Banks...

deposits at the end of June this year as being \$16,055,170.78, down by \$1,733,747.02 from the figures shown at \$17,788,917.80 for the same time last year. Loans at the bank decreased by almost \$2 million during the past year. Loans were \$10,961,726.27 at the end of June last year, and were \$9,079,681.80 to close out June this year, for a difference of \$1,882,044.47.

First National Bank of Sudan shows deposits of \$9,597,009.81 to close out June this year, an increase of \$842,764.73 over the \$8,754,245.08 at the same time

last year. Loans at First National at Sudan show a slight decrease during the past year; with \$3,825,497.04 being on loan at the end of June this year, compared to the \$3,899,974.19 at the same time last year, for a decrease in loans of \$74,477.15 during the year.

In April, the Maines Brothers will appear again in Muleshoe, sponsored by KMUL.

They will begin at 9 p.m. at the Bailey County Civic Center, which will give the arena area time to 'cool off' some before they start playing their many and varied favorites with local

Billed as 'family-oriented' entertainment, the Maines Brothers Band tickets will cost \$7 for anyone above the age of 12; \$3 for those youngsters between the ages of 7-12 and children six and under will be admitted free.

Some of the music you will hear will include "Everybody

eat more high fiber foods; include foods rich in vitamins A and C in your daily diet; include crucifereous vegetables, such as cabbage, broccoli, Brussesl sprouts, kohlrabi and califlower, in your diet; eat moderately of salt-cured smoked and nitritecured foods and keep alcohol comsumption moderate, if you do drink.

Miss Costello strongly urged people who have cancer in their family to contact the American Cancer Society, to seek the help that is available at no charge, to them, regardless of financial status, race, or ethnics.

Buck Campbell was in charge of the program for Tuesday. Guests at the meeting includ-ed Charles Aycock, Marcum Woodall, Mrs. Annette Bonds,

Jimmy Nail and Bill Shannon. New members installed were Dick Chitwood, Vic Coker, Curtis Shelburne and Todd

Items discussed were the upcoming Civic Club golf tournament; the renovation of the Girl Scout Little Hut; the upcoming County Fair and Mule

#### Highway...

Cont. from Page 1

the repaving of Kakawate and eventually the trade.

Kakawate Road, which links U.S. 70 to Texas Farm-To-Market Road 1760, is heavily traveled because of its shorter link to Lubbock than the route through Clovis and Farwell,

"It's always best if the State has responsibility of the roads with a lot of traffic and leave the roads with less traffic to the counties," said Sosimo Padilla, chairman of the Highway Commission.

"Padilla, Lee and State Highway Department Administrator Larry Larranga were in Portales on July 8 to accept the resolution but the trade wasn't official until the board approved the transaction today.

"The previous commission offered to give the highway department \$625,000 as well as assuming maintenance of State Roads 440 and 86 for the state's acceptance of Kakawate in May, 1984. But the highway commission refused the trade until the county brought Kakawate up to certain stantests dards."

AMBULANCE BUILDING GOING UP-- Taking advantage of the dry, hot days, workers are going right up with the building to house the West Plains Ambulance Service, located on the west side of the hospital on Second Street. The building is expected to be ready to occupy in the near future.

#### Director Quits; Needs More Time

Dr. Emmie Craddock, chairman of the Texas 1986 Sesquicentennial Commission, nounced today that she has accepted with regret the resignation of Randy M. Lee, executive director of the Commisision since its inception in

Lee, whose resignation is effective Octover 31, 1985, expressed the need to devote more time to personal business and family interests.

"It has been a sincere personal privilege to have participated in this once-in-a-lifetime opportunity and to have had the support and cooperation of tens of thousands of activists and planners of the Texas Sesquicentennial, our state's greatest event," said Lee in a statement to Craddock. "I thank you, the members of the Commission, and the leadership of this state

for having the confidence in me to develop and implement this important program."

'It is with greates regret that accept the resignation of Mr. said Craddock. "Under his guidance, the groundwork has been laid for a celebration that will be truly for all Texans. We all owe a great debt of gratitude to Randy for the dedication, enthusiasm and spirit he has shown in the planning of this great event."

#### MEESE ON RULING

Attorney General Edwin Meese, calling recent Supreme Court rulings on church-state issues "a bit bizarre," accused the justices of making public policy rather than interpreting the Constitution.

Canyon residents were killed.

#### Odessa Man Is Sentenced After Trial

On May 18, 1984, three members of a Canyon family were killed in an accident near Odessa, resulting in involuntary charges being filed against an Odessa man. Killed in the accident were Wesley Durr, 26, the husband of the former Laverne Carpenter of Muleshoe: and two of their three children. five week old Cody and three year old Erica.

Durr died at the scene of the accident and the two children died at Odessa Medical Center soon after the accident. Mrs. Durr and another daughter were critically injured in the same accident.

Mrs. Durr is the daughter of former Muleshoe resident, Jimmie Carpenter, and Betty Carpenter, who still resides in Muleshoe.

This week, a trial was held in Odessa for the man accused of being the driver of the vehicle that collided with the Durr vehicle and another vehicle.

The following story appeared in the Friday, July 19, edition of the Lubbock Avalanche-Journal:

#### Sheriffs Office Report

Five arrests for driving while intoxicated have been recorded in the jail book at the Bailey County Sheriff's office during the past two weeks.

Booked into jail. released on bonds include Joe Luis Flores, Greg Hernandez, Aureliano Gonzalez, Manuel Flores Jr. and Jack Tillema. Each was released after being charged with driving while intoxicated.

Other arrests included one released on a \$500 bond after being charged with theft; two charges of assault, with the subject released on \$400 bond; one released on a \$1,000 bond after being charged with resisting arrest; one individual arrested on two warrants; and six persons jailed on charges of public intoxication.

# Report

City Police

Activity reported by the Muleshoe City Police Department during the past week have included, six persons questioned after being found in the Country Club swimming pool at night. The six were released following questioning by a city police

Two accidents have happened during the past week, both in the 2000 Block of West American Blvd. The first accident on July 17 produced no injuries, while three persons were taken to West Plains Medical Center by ambulance on July 22 for treatment of very minor injur-

On July 17 and on July 21, individuals were arrested on, 'bad check' warrants. One paid the check in the amount of \$29.37, as well as a \$65 fine; while the second individual paid \$25 for the check along with a \$65 fine.

On July 20, Ince Oil Co. reported criminal mischief -- 1 damage to a vehicle side mirror and on the same date, J.G. Arnn reported the loss of tools from a tool box in his pickup, amounting to \$220.

Muleshoe Schools reported the loss of an amplifier and three telephones from the press box at the football field, valued at \$375 and on July 22, the City of Muleshoe reported the loss of two sprinklers, valued at \$50, from the east city park.

#### PUBLIC NOTICE

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice that a Private Coin Service Tariff has been filed with the Public Utility Commission of

Under the proposed tariff, Private Coin Service would be offered for use with a customer-provided, instrument-implemented coin telephone at the request of the customer. The new service is scheduled to become effective on November 16, 1985, or upon approval by the Public Utility Commission of Texas.

The matter has been assigned to Docket No. 6309.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757.

Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 (512) 458-0227, (512) 458-0221 teletypewriter for the deaf.

Mr. and Mrs. Gib Dupler from San Antonio spent Sunday night with the Bill Duplers.

1. What is the shape of an obelisk?

2. What year did the first ship pass through the Panama Canal?

3. Which states are included in what was known as the "Oregon Territory"? 4. When did the U.S.

postal service begin? 5. Name the capital of Vermont.

Answers to Who Knows

1. A pointed pillar.

2. In 1914. 3. Oregon, Washington, Idaho and parts of Montana and Wyoming. 4. July 26, 1775.

5. Montpelier.

Steer Is Not All Saleable, Says Agent

Why does a producer receive only \$65 per hundredweight for a steer when the consumer pays \$2.99 a pound for sirloin steak at the store?

It's due largely to the fact that only a part of the steer ends up as saleable beef, says Spencer Tanksley, county agent with the Texas Agricultural Extension Service, The Texas A&M University System.

Marketing of livestock requires a change of measurement, a change of form, a substantial decrease in weight, and a high degree of perishability, he says.

Please call Energas Company 48 hours before you dig in streets, alleys or easements.

Energas Company will mark the location of underground pipe-lines with yellow-topped stakes, Now flags or yellow spray paint

600-pound carcass. The remain-

ing 40 percent is killing loss, by-products, hide and offal. A food retailer purchasing the 600-pound carcass also loses weight when he breaks the carcass into various retail cuts. About one quarter of the

carcass can be cut into steaks, one quarter into roasts, another quarter into miscellaneous cuts

Let's start with a 1,000-pound Such as hamburger and stew Choice steer. When slaughtered, it yields about a waste-cutting loss, shrinkage, meat, and the remainder is bones and fat trimmings. That leaves only about 450 pounds of saleable retail beef cuts from the original 1,000-pound steer.

The retailer must then price individual cuts in line with their demand. These separate cut pieces, weighted by their pro-portion to the carcass, provide the composite average retail

A life, like a boat, can be steered in an infinite number of directions, but all ways are not equally good. The wise person wants to know what life is all about, which way leads to genuine fulfillment and which ways lead to the shoals of destruction.

The Church is God's appointed agency to give us guidance for life. The primary nature of that guidance is to assure us of God's good will toward us. The secondary step is to call us to love of our fellowman as God has first loved him. The two directions for fulfillment in life are trust in God and responsible love for one's fellowman. Let the Church help you direct your life in the right

Thus physically and us, with its usual dry, cool humidity directly affects air, we feel good. The drier our comfort.

#### "The Real Scoop on Ice Cream"

One of the joys of summer is the enjoyment of America's favorite dessert-ice cream. In fact, 88% of all U.S. households purchase ice cream. Congress and the President even declared July as National Ice Cream Month. To help you enjoy the tasty ice cream days of summer, here are some little known ice cream "scoops" to tease your brain and tempt your tastebuds

1. BELIEF: "More ice cream is eaten in the warmer climates of the country."

FACT: Actually the weather is not the only factor in ice cream sales. In fact, the Northeastern part of the country has some of the highest per capita consumption figures (over 20 quarts). Many states in this region are

dairy states by heritage. 2. BELIEF: "If so much ice cream is eaten in the Northeast, this region must pro-

duce the most ice cream also." FACT: California is the largest ice cream producing state (over 100,000 gallons a year on the average). California is also the home of the company which has created the most ice cream flavorsover 500-Baskin Robbins.

3. BELIEF: "Ice cream is junk food. I know it's not good for me.

FACT: Ice cream, like milk, supplies a large share of the body's nutrient needs. It is a good source for calcium, phosphorous, protein, and vitamins such as riboflavin, vitamin A and thiamine

tastes so good, it must be at least 400 calories per scoop.' FACT: Ice cream is not only a nutritious food, it's also relatively low in calories. A scoop of a flavor like Baskin-

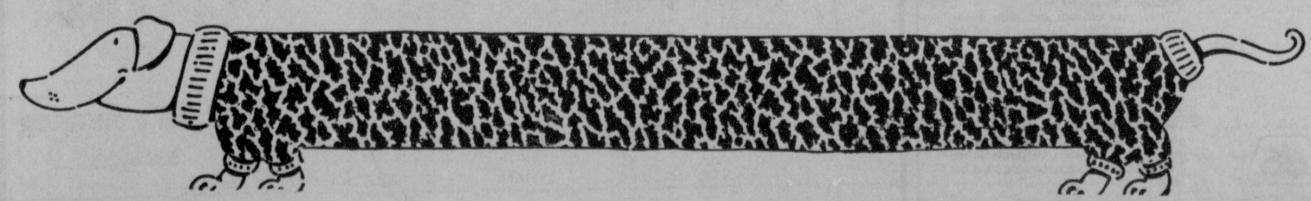

Robbins Strawberry ice cream has only about 140 calories per 2.5 ounce serving. 5.BELIEF: Ice cream with high butterfat content is richer by nature, so it must

taste the best. FACT: For a flavor craver, a high butterfat ice cream may not always be the answer. Butterfat tends to coat the taste buds and dull the flavor impact. The quality and quantity of the ice cream ingredients, such as the nuts and ribbons in Jamoca® Almond Fudge, may help define

a real flavorful experience. 6. BELIEF: "Ice cream is so all-American, it had to have been invented in the

United States." FACT: History tells us that ice cream evolved from the times of Roman Emperor Nero in the fourth century B.C. Nero mixed ice and snow from nearby mountains with nectar, fruit pulp and honey. Ice cream finally hit America in the eighteenth century.

If You've Got It, We Can Sell It.

Letter To The Editor

Muleshoe Journal, Muleshoe, Texas

The opportunity to share in many memories of the past has come and gone. The fun time of a 40th reunion with those long ago classmates brought back many smiles and joyful thoughts with also a feeling of sadness. There was sorrow in being unable to look into faces of school mates unable to attend because of distance, health and death. The joyful times were remembered in seeing friends and renewing acquaintances.

My sincere appreciation to all of those whose efforts made this memorable event possible.

Dear Tonie:

We at Bamert Seed Company would like to take this opport-unity to say thanks to the four Ambassadorettes that took the time from their busy summer activities to help us with the recent tour we had.

Meeting new people is often difficult, but meeting people from foreign countries with a language barrier is really difficult. I was really impressed with each of these girls and their conduct and willingness to be of

We are so thankful to them for helping to answer questions about our city and their help in showing our quest around the farm and serving refreshments.

I feel we some times take our youth for granted and feel they need to be recognized for the good things they do for us.

A hearty thanks to: Zanna Huckaby, Laurie Grant, Sherry Stovall and Jana Brown.

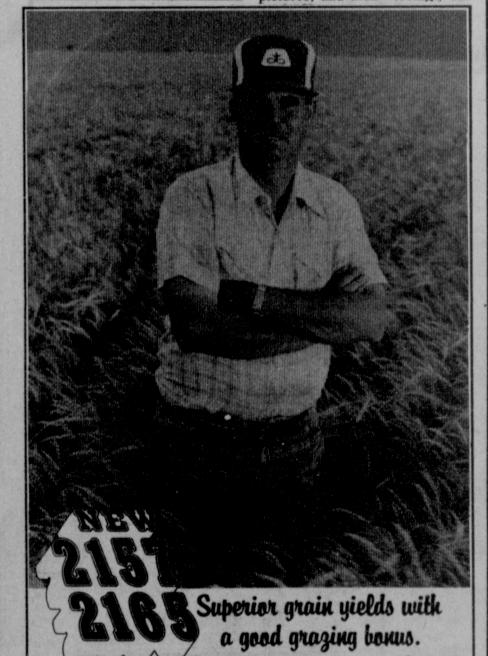

Sincerely, Carolyn Harris Bamert Seed Company

Muleshoe Girl Scout Troop Leaders, Betty Ashford and Linda Tucker, have been overwhelmed by the interest shown by the community in the renovation project of the Girl Scout Little Hut. Muleshoe has shown, once again, that they truly care about our kids and our community. And if Mule-shoe knows... Muleshoe cares. This is why we are also grateful to our three news services, KMUL, Channel 6 and the Muleshoe Journal.

When I took a story by KMUL, left it on the front desk, got back in my car ( with my radio tuned to KMUL,) the story was already on the air as I drove away! KMUL is available, in the car, at work or at home with the latest news and our favorite music. How enjoyalbe!

The Channel 6----What other town has their very own T.V. channel, where we can see our own local events - We have the benefit of radio programming and news available when we turn on our T.V. set and even the time and temperature. I turned on Channel 6 and there was a picture of a smilling Girl Scout - telling everyone about our local Scout Hut renovation project. How neat!

And the JOURNAL- with all our local news in print - So we can sit down with a cup of coffee and read of local happenings, advertising we want to take advantage of, look at the pictures, and then - lovingly cut

Excellent straw strength, too! Our researchers were impressed by the tremendous pasture production and grain yields from these new varieties during testing. And now that the varieties have stood the test of actual production on many farms under many conditions, the proof is in!

They grow off well and show strong resistance to SBMV, leaf rusts, fungal leaf

blights, and the Hessian fly.

. New 2157 gives you good, early grazing, then stays with you through the winter. And the grain yields are right up there with anything you care to compare it against. Choose 2157 for dryland or limited water production.

. New 2165 works with your irrigation program to make the most of all you put into the crop. Pasture comes on strong in the fall and grain yields are among the best you'li find, bar

See your Pioneer dealer right away. He'll show you yield results and interesting new facts about the advantages of pure seed.

of flattery."

ferent, each performing

Our hats off to our three news

back home.

There are a lot of things in the world that're none of my business. One of them is a computer I read about that can do over 1 billion mathematical operations per second. You almost have to repeat that to get a hold on it. Over 1 billion a

There's bound to be a use for such a machine but it'd take another computer to find out. I guess you could figure up the square root of the national debt with it, if you're tired of

working crossword puzzles.

The article I was reading about that monster computer quoted a scientist saying that with it you can do in one second

what it took a year in 1952.

I did some figuring with a lead pencil and found that if you can do a year's work in one second with that machine, you could work 60 seconds at age 21, run up 60 years worth of work in one minute, and knock off for the rest of you life. If that thing can be adapted to a farm, I'm intersted. How much electricity does it use?

On the other hand, by the time you got say 10 seconds in, or 10 years worth of work,

suppose the billion-a-second the man who made that computer blew a fuse. How long would you have to wait for a

repairman?
White it may be true that man has perfected a machine that'll do a year's work in one second, this is offset by men who are now doing in three hours what some men used to

do in one. But what is more disturbing,

one-billion-a-second machine is now working on one that'll go at the rate of eight billion cal-

culations a second.

Anybody who can think up a problem that needs solving at the rate of eight billion answers a second would not be welcome in my house.

Yours faithfully,
