Fire Department Sets Open House; Dedication

Mule Skinners Will Honor Mule Sunday

Tuesday morning, Muleshoe Mayor Darrell Turner signed a proclamation designating the

Riding high on a 6-0 record for the season, the Three Way Eagles will be hosting Cotton Center for homecoming activities Friday night at Three Way School. Three Way is leading their district at this time in six-man football.

Tom Johnson said the seniors will be serving a meal both before and after the game, which he said will begin promptly at 7 p.m.

Halftime activities include the crowning of the homecoming king and queen.

Airman Eddie B. Perez, son of Mr. and Mrs. Robert Perez of Muleshoe, has graduated from the U.S. Air Force air cargo specialist course at Sheppard Air Force Base, Texas.

During the course, students were taught methods for handling and storing air freight. They also earned credits toward an associate degree through the Community College of the Air Force.

Perez is scheduled to serve with the 62nd Aerial Port Squadron at McChord Air Force Base, Wash. He is a 1985 graduate of Muleshoe High School.

Visitors in the home of Mr. and Mrs. Auston Floyd and Tommy during the past weekend were: Mr. and Mrs. Edward Burns, Munday; Mr. and Mrs. Benny Floyd, Brandy and Curtis, Plainview; Mrs. Johnny Fulgham, Crystal, Angela and John David, Clovis, N.M. and Mr. and Mrs. Dale Griswold, Steven, Chad and Kimberly, Muleshoe.

The 1985 Harvest Festival in Brownfield is planned for Saturday, October 19. Festivities begin with a parade at 10 a.m., followed by an afternoon of activities, including continuous entertainment.

A fiddlers contest will be held, along with the crowning of the Harvest Festival Queen and a \$750 shopping spree in Brownfield will be given away.

The Terry County Fair is also held in conjunction with the Harvest Festival. Exhibits will be open to the public on Friday, October 18, 1-7 p.m. and again on Saturday from 11 a.m.-6 p.m.

week of October 20-26 as "Mule Week" in Muleshoe. This was in keeping with the national designation of October 26 as "Mule Appreciation Day" in the United States.

In conjunction with the designation, the Mule Skinners, a two month old local organization, have special plans for Sunday afternoon. At 3 p.m., mules pulling wagons, and carrying riders will pull out of the Mule Memorial site for an afternoon of traversing the streets of Muleshoe.

Donald Harrison and Jack Templar said the wagon train will be going all over Muleshoe, with no special streets designated. Local resident who wish, may go for a ride in one of the mule-drawn wagons.

Six local teams will be in the mule train, and several are expected from out of town. At 6 p.m., all of the participants in the wagon train will arrive at Jeff Smith's barn where they will be fed a supper of calf fries and all the trimmings.

It was in 1785 that the first mules were sent to the United States. They were a gift to President George Washington from the King of Spain. The two jacks were used by Washington to breed the American mule.

All residents are urged to participate in celebrating the 200th birthday of the American mule, this Sunday, and through the week. The mule has played a very vital part in developing the United States in the past 200 years, and this will be a special tribute to a special animal, according to the 15 members of the Mule Skinners Club.

Rotary Selling Tickets At \$2 For Fun Vehicle

Clifton Finley was in charge of the program for the Muleshoe Rotary Tuesday at noon and introduced a group of children from DeShazo Elementary School who presented musical selections for the group.

Discussed during the meeting was the upcoming Yamaha four-wheeler fun vehicle, to be given away by the Rotary Club on Saturday, December 7, following the Christmas parade.

Tickets are available from any member of the Muleshoe Rotary Club, at \$2 each. The Rotarian who sells the most tickets will be presented a Case hunting knife.

Guests at the meeting include Charles Christian, Harry Sheets and David Skaggs.

OOOPS--Last Sunday afternoon, while trying to turn a fire truck around nearly five miles west of Muleshoe on FM1760, female firefighter Robin Bonham, right got some practical experience. Driver Scott Churchman got stuck in the ditch and Bonham helped another fireman push the vehicle from the muck.

City Council Members Approve Resolutions

Tuesday morning, the meeting of the Muleshoe City Council lasted for only about 45 minutes. That's all the time necessary to take care of the six items on the agenda.

In the meeting, the council members approved a resolution supporting the Texas Water plan. City manager Dave Marr explained that the proposed amendment would greatly benefit small communities, although it would not help cities such as Dallas and Houston.

The resolution reads as follows:

RESOLUTION NO. 448A
"WHEREAS, Rapid economic expansion and population growth are taxing the state's existing water resources to their limits; and to meet the current and mid-term needs of the state will require the construction of at least 44 new reservoirs, 200 major wastewater treatment systems and scores of

systems and scores of large-scale flood-control projects; and

"WHEREAS, city governments, which historically have borne the major part of the responsibility for financing water resource facilities, will be required to carry an even greater share in the future due to reductions in federal aid; and

"WHEREAS, the cumulative cost of the water resource facilities that need to be provided between now and the year 2030 could approach \$100 billion -- an amount that far exceeds the ability of local governments to finance without

Cont. Page 6, Col. 1

Noriega Duo, Shanks Lead Contest Now

Looks like it's goint to be quite an interesting contest this year. What contest? The annual merchant's football contest, that's what. At this time, a husband and wife, appear to be battling it out for top honors.

Newcomer to the contest Donna Noriega took first place for the first two weeks, while her husband was held to one third place win. However, he has come back strong, and Victor Noriega is the first place winner for the sixth week of the annual contest.

That gives Donna Noriega a total of 20 points, and her husband, Victor, now has 14 points toward the grand prize. For the latest contest, he missed only two games with his predictions, and in fact, was the only contestant to miss only two games.

Both the second and third place winners missed three games each, as well as two other contestants, who fell by the wayside because of their point spread in the tiebreaker scores.

Gerald Shanks, who has been a faithful contestant for many years, was the second place winner this week. He missed three games, and was only five points off the double tiebreaker scores. With a previous first place win, he now has a total of 16 points.

In third place is Oscar Villarreal, who also previously had a third place win. He missed three games and was 13 points off on the tiebreakers. Villarreal now has a total of eight points.

Barbara McCamish also missed three games, but was 38 points away on the tiebreaker scores, while Alene Bryant, who also missed three games, was 26 points off.

So, as you can see, there's still several weeks to determine a winner, and who will win the \$100 grand prize, so be sure to get your entry in.

Saturday, October 19, will mark another milestone for the Muleshoe Fire Department. Scheduled for that day will be open house and dedication of the new fire station, located at the corner of East Fifth Street and American Boulevard.

The new building is 'a dream come true' for the members of the Muleshoe Fire Department, who have long operated from cramped quarters. For many years, the fire department met on East Avenue B, in a building that was hardpressed to hold just the fire trucks.

After the fire department just completely 'outgrew' the old department, they moved the office and meeting space across the street when the new city hall was constructed. This lasted until the Muleshoe City Police Department was moved to their building, further cramping the evergrowing fire department.

Finally, a new building was approved, and construction got underway several months ago. The building was completed, almost, and firemen then started 'putting on the finishing touches.'

They are now ready to show off their new facility to the public, so each and everyone in the community has been invited to attend the open house and dedication, along with a ribbon cutting by the Muleshoe Chamber of Commerce and Agriculture around 11:30 a.m. Saturday.

A very special dedication ceremony is scheduled during the afternoon, as the fire building has been named, Earl M. Ladd Fire Station, honoring longtime Muleshoe fireman and former fire chief, Earl M. Ladd Sr.

Chief and Mrs. Ladd moved to Muleshoe in 1935 from Sudan, where he had already served as a volunteer fireman for five years.

The Ladds had met at Memphis, married and moved to Dallas for awhile before making the move to Sudan, where Ladd was employed with the bank.

They moved to Muleshoe, where Ladd was employed at Muleshoe Elevator. Ladd Implement was first established at a location where the former St. Clair's Department store has a parking lot on the north side of the building. In 1945, they constructed their present building.

Ladd served for more than 20 years as fire chief. During that time, the Muleshoe fire department constructed much of their

equipment at Ladd Implement, working at night and on weekends. Among the major pieces of equipment constructed at Ladd Implement for fire departments included one major pumper, two mini-pumpers, the present Unit 11 used by the fire department and the fire truck in use by the Maple Fire Department.

Ladd's late son, Earl Ladd Jr., designed and constructed a water fan, which could be set up between a burning building and an adjacent building. Although it is not in much use at this time, the water fan served its purpose at the time.

Firefighting is just a way of life among members of the Ladd family. Earl Ladd Jr. was a fireman. He died about three years ago at the age of 50. Both his sons were firemen. They are Tom Ladd, who is the president of Earl Ladd and Sons, Inc. and the late Earl

Christmas Card Project Getting Underway Soon

It's almost time for the annual Muleshoe Hospital and Nursing Home Auxiliary to get underway with their "Community Christmas Card" project, and everyone in the community is invited to participate, says Dorothy Green, Memorial Project director.

"The Muleshoe area has always contributed very generously to the Muleshoe Hospital and Nursing Home Auxiliary in support of our work in the nursing home and hospital," said Mrs. Green.

"With your support through the years, we believe we have accomplished so much. We feel that we have made life for the nursing home residents more comfortable and enjoyable. We have enlarged their day room into a more spacious room which is used for many occasions."

She added, "They especially enjoy the wood burning fireplace. Soon the dayroom and entire home will be decorated in the Christmas theme which will give them a little bit of home atmosphere. We have installed an AM-FM radio with speakers in the halls and dining room. Soon they will be enjoying Christmas music to add to the holiday season."

Mrs. Green continued, "Again, this year we are asking you to participate in Project Christmas Card, with your donations. We are encouraging you to make a contribution instead of sending Christmas cards locally. Then, in the Christmas issue of the Muleshoe

Journal, your name will appear on a large Christmas card page, greeting your friends and expressing concern for your fellow man. And, after all, isn't that

Cont. Page 6, Col. 1

Circus Coming! Elephant Race Up In The Air

Just in case you have forgotten! There will be a big circus in Muleshoe on Sunday, October 27, for two performances, at 1:30 and 4:30 p.m.

And, also, just in case you have let it slip your mind! A big elephant race is expected to precede the first performance at the Boy Scout grounds on South Main Street.

At presstime, Mike Raider, KMUL-DJ, had not indicated whether or not he would be participating in the race. Although he had been 'volunteered' some two months ago by his employer, Gerald K. Reid, who is also president of the Muleshoe Chamber of Commerce and Agriculture, Raider appears to be somewhat (very) reluctant to climb aboard one of the elephants.

If Raider has a bad case of 'cold feet', the other person who is expected to race, Cleta Williams, may be looking for an opponent brave enough to ride against her.

MULE APPRECIATION PROCLAIMED--In keeping with a national celebration on the 200th anniversary of the American mule, Muleshoe Mayor Darrell Turner signed a proclamation designating October 20-26 as Mule Week in Muleshoe. Looking on from left are Toni Eagle, Mule Skinner secretary; Donald Harrison, Mule Skinner president and Jack Templar, Mule Skinner vice president.

Hornets Win 20-13 Leave Wolverines Howling

by Laurie Damron

TheVarsity Hornet squad hadn't beaten Springlake-Earth since 1978. The seniors said they hadn't beaten the Wolverines since eighth grade. Coach Henley told them they had one more chance.

Well, the seniors and the other Hornets played great and capitalized on their chance as they chalked up a 20-13 win to even their record at 1-1.

After a scoreless first quarter the Hornets started the scoring. Three minutes and three seconds into the second quarter Brent Kirkland ran the quarterback sneak from the one yard line to put six on the board. Billy Smith later ran in one yard and after the extra point from Dan Randolph was good Springlake-Earth took the lead. Then 1:57 before halftime the Hornets' offensive line blocked the Wolverine's defense and opened a hole for John Taylor. Taylor broke away and sprinted for a 60 yard touchdown. Sudan went into halftime with a 12-7 lead.

The Hornet swarm rallied again with 6:42 to go in the third quarter when Kirkland threw a 27 yard pass to David Wood. Jeff Kinnie and Kirkland connected on the 2-pt. conversion and the Hornets added eight to lead 20-6. Sudan's defense held the Wolverines' offense. But Springlake-Earth's offense did manage a TD from Mitchell Lowe from the one in the fourth quarter.

Leading the rushing from Sudan was John Taylor with 86 yards. Ronald Williams had 80 yards and Brent Kirkland finished with 63. Gordon Martin ran for 47 yards and Jeff Kinnie 32. Kirkland completed 2 passes for 60 yards, both receptions caught by David Wood. Total offense for the Hornets was 368 yards. Named offensive player of the game was Manuel Limon.

The Sudan defense did a superb job as they held the Wolverines to 13 points, 53 passing yardage, and 170 yards in total offense. Mike May, John Taylor, Johnny Montez, and Ronald Williams had six tackles. Dean Richards finished the night with 5. Williams had an interception and Montez recovered a fumble. Defensive player of the game was Gordon Martin.

Hustlin' Hornet was Brent Kirkland.

"We were very pleased with our victory over Springlake-

Earth. We were especially pleased with our defense considering the amount of turnovers on our part," Coach McAdams said after beating the Wolverines.

Lazbuddie has a lot of ammunition and will be ready to fire when they come to play the Hornets, September 27 at 8:00 p.m.

The Longhorns are loaded with experience. Starting as quarterback will be Tim Lust. Lust is 6-2, 145 pounds and only a sophomore but has started since his freshmen year. The starting experience in the backfield includes seniors David Schacher (5-7, 150), Guy Brockman (5-10, 150), and Todd Daniels (5-10, 150). Omar Sanchez, a 5-7, 150 pound sophomore, is also expected to see significant playing time. When Lust does unload, his primary target will be Paul Gonzales, who is a 6-2, 140 pound senior. Gonzales was a state finalist in the 110-meter hurdles last year in case anyone doubts his speed.

To lead the defense the Longhorns have 6-1, 210 pound senior Scott Holt. To help Holt will be Kurt Miller a 5-10 senior weighing 160 pounds.

Coach McAdams believes if the Hornets keep going in the direction they are traveling, Lazbuddie may need more than experience.

"If we can continue to improve at our present rate, we will be tough to handle in coming weeks."

Manuel Limon seems to understand the Lazbuddie Longhorns really well.

"Lazbuddie seems to have an improved ball club. They don't have much size, but they are quick. If we contain their quickness we will be victorious Friday night," says the 5-6, 168 pound senior.

Some people like scare tactics better.

"We worked hard to beat Springlake-Earth and we're going to work hard to beat Lazbuddie. We'll work hard enough to beat any cotton pickin' team that thinks that they are brave enough to battle the Sudan Hornets. So if you want some excitement and you want some fun, you come out and we'll show you how it's done," warns Dean Richards a 5-11, 180 pound senior.

Never, no never, did nature say one thing and wisdom say another.

Sudan News by Evelyn Ritchie

Edith Humphreys has been released from the Methodist Hospital where she underwent surgery last week.

Calvin Jordan was released this week from the Methodist Hospital following a lengthy stay after he and his wife were both seriously injured in an auto accident several weeks ago.

Mr. and Mrs. Edw Harper visited in the Methodist Hospital recently with Calvin Jordan prior to his release.

Muriel Crouch has returned from visiting in Paris with her sister, Effie Samples who has been seriously ill. It has been reported that she is doing much better.

Warrena Clark has returned home from visiting in Wellington where she and some 30 family members attended an Open House for the 80th birthday of her brother-in-law, Lee Roark. They all attended a family dinner in Childress on Saturday evening also. She accompanied Mr. and Mrs. Jack Young of Muleshoe.

Cheryll Harvey of Wayland Baptist College was home during the weekend, with her parents, Mr. and Mrs. Halbert Harvey. It was previously reported that she is attending Howard Payne College.

Mr. and Mrs. Gary Ray have returned home from a horse show in Montana.

Mrs. Wayne Doty and Mrs. JoAnn Chester have been in

Lubbock most of the week to be with their father, J.C. Wells who has been hospitalized at Methodist.

Mr. and Mrs. Wiley Mudgett have returned from California where they visited their son, Mr. and Mrs. Mike Mudgett and family.

Mr. and Mrs. Glen Cardwell were in Andrews the first of the week to attend funeral services for her niece, Melva Jean Carter who died Sunday.

Mr. and Mrs. Bobby Jack Markham were in Tulia during the weekend to attend an art show/sale.

Killer bees no more dangerous than domestic bees, wasps

COLLEGE STATION — African killer bees, discovered recently in California, present no greater danger to humans than domestic bees and wasps, says a state entomologist here.

"There's no stopping the bees from entering the country," says Dr. Paul Jackson, a Texas A&M University entomologist and chief apiary inspector for the Texas Agricultural Experiment Station, "but people shouldn't be any more worried about their arrival than bees that are already here." He pointed out that more people are killed in the United States each year from bee and wasp stings than from poisonous snakes.

Jackson said the bees moving toward the United States should be less inclined to swarm and attack as they cross-breed with more docile natives of Europe.

Those who are allergic to bee stings will have to be more cautious of the killer bees, however, because they attack in large numbers.

TTI study shows more children properly buckled up

COLLEGE STATION — A car safety survey shows that the proportion of children riding buckled up in safety seats or safety belts has almost doubled since enforcement began for the Texas child passenger safety law.

The survey, conducted by the Texas Transportation Institute (TTI) at Texas A&M University under contract to the State Department of Highways and Public Transportation, included observation of 12,596 children in vehicles at shopping centers and day care centers, said Nancy Hatfield of TTI.

Compared to observed usage rates in 1984, the proportion of children under the age of five who were properly buck-

led up more than doubled in five of the 11 cities surveyed, she said. The cities were Amarillo, Austin, Brownsville, Bryan/College Station, Corpus Christi, Dallas, Houston, Lubbock, San Antonio, Tyler and Waco.

The greatest proportion of children riding safely were found in Austin and Bryan/College Station, with almost 50 percent usage. The lowest usage was recorded in Brownsville with less than 10 percent using safety seats or safety belts, she said.

The sea lion is susceptible to sunburn.

LEADERS OF TOMORROW

To Our

We Believe Our Youth Of Today Will Provide Effective Leadership Tomorrow!

LEADER OF TOMORROW—Our "Leader of Tomorrow" this week is Jill Noble, daughter of Sandy and Deborah Noble. Jill is a 6th grader at Watson Junior High and enjoys basketball, swimming, track, being with her friends and looking at "cute" boys. Her favorite subject is English and she enjoys eating pizza. We are happy to recognize this young lady as a "Leader of Tomorrow."

PROUDLY PRESENTED BY:

Jennyslippers Quarterly

Meeting Held Tuesday

Muleshoe Jennyslippers met at 7 p.m. Tuesday, Oct. 8 in the community room of Summit Savings for their quarterly night meeting. Twenty-four members and three visitors, Betty Ashford, Patricia Cook and Sandra Williams, were present.

Sesquicentennial caps, visors and T-shirts have been purchased and will be sold on Dec. 6 in conjunction with the annual Bar-B-Q dinner at the Arts and Crafts Bazaar.

The Jennyslippers will sponsor a Halloween Skating Contest on Oct. 25th. Prizes have not as yet been determined.

It was reported that Nancy Kidd is chairing the March of Dimes Mother's March to be held January 24-27, 1986. This will be a door to door campaign for pledges and she asked members to please help with this. A meeting for volunteers will be announced at a later date.

McMurtury Presents

Art Association

Program

Muleshoe Art Association met Tuesday, Oct. 8 in the community room of Muleshoe State Bank with Charlotte McMurtury, guest artist, giving a demonstration in water colors.

It was announced that the fall art show will be held November 7-10, being open to the public on Saturday and Sunday, November 9 and 10.

Those present at the meeting included: Ginnie Seftor, Cara Juan Schuster, Beth Watson, Blanche Lenderson, Kathy Embry, Erold Gross, Joannah Gartin, Betty Embry, Charlotte McMurtury, Madelle Martin, Mildred Williams, Thelma Davis and Shirley White. Guests were Adelle Ford of Portales, N.M. and Lois Fox.

Jennyslippers try to do something about getting a memorial of some sort for all who have served in the armed forces and those who have lost their lives in the service of our country. Muleshoe does not have anything of this nature. Vivian White was selected to look into this. It is hoped that this will be ready by Memorial Day.

The lack of handicapped parking in Muleshoe, which is required by law, was discussed. A committee, consisting of Donna Noriega, Joy Williams and Jim Ella Clemmons, was appointed to see just what the legal requirements are and to see what needs to be done to correct this problem.

Running Water

Draw Art Show

Dates Set

The Running Water Draw Art Show is scheduled for Friday, Saturday and Sunday, Oct. 17, 18, and 19 at the Hale County Ag Barn.

Erald Gross reports that there will be all kinds of art work being shown by 125 artists.

Among those showing will be Denese Bland and Erol Johnson of Muleshoe; W.O. Johnson, Quinelle Pickrell and Brenda Chislem, all of Sudan; James Cowart of Olton; and Joy Runyon of Earth.

BEST OF PRESS

Outside

The safest side for a man to take in an argument between two friends is the outside. -Eagle, Dothan, Ala.

Always

Nothing in what direction a tax is hurled, it always hits the ultimate consumer. -Herald, Omaha.

MEMBERSHIP DRIVE WINNERS—Jim Ella Clemmons, center, president of Muleshoe PTA, presented Jane Foster, left, a check in the amount of \$25.00 which her classroom won in the recent "PTA Membership Drive" at Mary DeShazo School. Pat Angeley and her classroom received a \$10.00 check as runner up, also at Mary DeShazo School.

Miss West Texas National

Teen-Ager Pageant Dates Set

The 15th Annual Miss West Texas National Teen-Ager Pageant will be held at The Centre/Holiday Inn Holiday, Odessa, Texas on April 25, 26, 27, 1986. Young ladies between 13 and 18 years of age, who are interested in competing for over \$40,000 in scholarships and prizes, are invited to participate. Finalists are judged on scholastic achievement, poise, personality and appearance. There is no swimsuit competition.

This program is the Official Regional Preliminary to the Miss Texas National Teen-Ager Pageant which will be held at Texas Christian University, Fort

Worth, June 6, 7, 8, 1986. The winner of the Miss West Texas Pageant will receive a \$500 Cash Award, a \$2,400 Scholarship to Wayland Baptist University, Plainview, Texas, among other prizes. The newly crowned West Texas queen will be attending the State Pageant in Fort Worth along with the 1st and 2nd runner-up.

The reigning West Texas National Teen-Ager is Stacey Bradley of Denver City. Stacey also reigns as Texas' National Teen-Ager and recently was named 4th runner-up at the Atlanta Pageant held in Atlanta, Georgia.

West Texas teenagers who wish further information may write to: Debra Barnard, 601-2 Harwood Road, Suite 221, Bedford, Texas, 76021.

The church and politics should not be mixed, but unfortunately they too often walk hand-in-hand.

Auxiliary Buys

VCR For Muleshoe

Nursing Home

The Muleshoe Hospital and Nursing Home Auxiliary have a memorial fund, which is a special fund set up to be used for something specific either in the hospital or nursing home.

"It is a lovely way to memorialize a loved one deceased, or to honor one living," said Dorothy Green, Memorial and Project Director. "We accept memorial gifts to honor specific occasions, such as birthdays, anniversaries or in appreciation of friendships. An appropriate card will be sent to whom ever designated-your gift is tax deductible."

The Auxiliary recently purchased a VCR and television for the nursing home residents. They are now building their own "film library." They especially enjoy movies of Lassie, The Alamo, cartoons, Laurel and Hardy, etc.

Memorials are now being accepted by the Auxiliary for use in purchasing movies of this type. Acknowledgement cards are sent to the donors, also to whomever designated for the honor or relatives of the one memorialized.

Muleshoe Squares

By Mary Alice Ramm

The start of the second quarter of the square dance year was Thursday night, Oct. 10. We had our salad supper and celebrated our caller James Pettus' birthday.

We had seven full squares and liked one couple having eight squares. We had the Circle Eights from Littlefield, Starlighters from Portales and Circle Eights from Clovis visiting with us making it a great square dance night.

We are missing lots of our regular square dance members. We know that the harvest has kept lots of them away. We hope to see all of you soon.

Elinor and Chester Yerby, and Linda and Donald Powell went to the Lubbock Federation Dance Oct. 6th. The Muleshoe Squares will sponsor the Federation Dance in Lubbock on Nov. 2. Everyone will have a job to do, so when you're called on be ready to say yes.

Dates to remember: Saturday night Oct. 12 James Pettus will be calling at the Chapparral Center in Hobbs, N.M. at 8 p.m. Peanut Festival square dance,

Friday, Oct. 18, 7-9 p.m. MST, E.N.M.U. Campus Union Ballroom, Area Callers. Hosted by Starlight Swingers. Rounds by Herschel Wall.

Friday night, Oct. 25, Community Center, Hereford, Halloween Costume dance. Park Ave and Ave C at 8 p.m.

Saturday night, Oct. 26 old Y.M.C.A. building Plainview. Anniversary Dance 8 p.m. Roy Johnson and Sid Perkins callers.

To all members be sure and come Thursday night, Oct. 24 to our Costume Halloween Square Dance at the American Legion Hall 8 p.m.

Hosts couple for Oct. 10 were Jeannette and Johnny St. Clair. Door prizes were won by Rusty Otwell and Lewis Wayne Shafer.

Visitors are always welcome to come and watch us dance or square dance with us.

On the first and third Thursday night we are learning plus square dances.

GOLDEN GLEAMS

I have but one lamp by which my feet are guided, and that is the lamp of experience.

-Patrick Henry.

Experience is the mother of all things.

ICE SUNDAY NIGHT: FROST MONDAY NIGHT
Mr. Jack Frost has come at last to lay away the green vegetables until spring. Sunday night we has a light crust of ice over the lakes and standing water. Monday night we had an old time frost all over this territory putting the fixings to the green vegetables.

Most of the farmers were ready for the frost and had their crops taken care of.

FIRST BALE AT PROGRESS

TUESDAY

First bale of the season for Progress gin came at 3 p.m. Tuesday. It was grown by E.A. Bass, who resides about three quarters of a mile north of the gin.

The bale weighed 443 pounds and there was 750 pounds of seed; lint cotton weighed 1770.

The gin turned out the bale at no cost to the grower and paid him 50 cents per pound for the bale.

ART LOFT WILL SCHEDULE ITS FORMAL OPENING SOON IN MULESHOE

Muleshoe's newest and most artistic enterprise is the Art Loft located in the upstairs rooms of 2nd and American Blvd.

The official grand opening will be Nov. 14 when the five proctors of the object art will hold an open house from 1 to 5 p.m. with the general public invited.

Inspired by a visit to an artistic retreat, a shack in Clovis rented for a place to paint, the idea grew not only to include a work studio but a gallery to show their own as well as other artists paintings. Added with time and thoughts included gift items to be sold to visitors of the gallery.

WINTER KNOCKS
Old Man Winter slipped in Friday night, dropping the temperature down to 28 degrees, bringing with it a little rain, sleet and snow early Saturday morning.

CORN HARVEST NEAR END, YIELDS GREAT

What may be the largest corn crop in the history of Bailey County will soon be harvested and delivered to area elevators. Truck load after truck load of corn has been lining up at the elevators located in Muleshoe and Boon Allison of Farmers Co-Op estimates the average yield to be approximately 9,000 pounds of dry corn to the acre. He is speaking of yellow corn.

Charisma Girl

Pageant Set

At Amarillo

Charisma Girl Pageant, a national scholarship pageant, will hold an Amarillo preliminary on Nov. 2 at the Best Western Villa.

It was reported that all young girls ages 5 thru 25 are invited to participate. Winners will represent their hometowns at the state finals where they will have the opportunity to win \$500.00 cash college scholarships, \$500 personal appearance contracts, national entry fees paid, free hotel accommodations at the National Finals for winners and chaperons plus an all expense paid trip to Puerto Vallarta, Mexico.

Charisma Girl is a program dedicated to the educational, social and cultural development of youth to help girls attain their educational goal through scholarships, to build self confidence through social graces and grooming seminars and personal appearances, and to encourage involvement in community and civic projects. It is their aim to give the young girls outstanding recognition for their achievements and to reward them with scholarships and prizes for their accomplishments.

An added feature of the Charisma Girl Pageant is the Baby Contest for boys and girls ages 3 thru 12 months and 1 to 2 years old; tot (2-4 years old) and a Mr. Charisma Pageant for boys 3 years and up.

For entry form and information, write Executive Director, Charisma Girl Pageant at 2200 Grisso Drive, Seminole, Oklahoma 74868 or call Joe Guttery (915) 653-5203. Charisma Girl is a member of the Seminole Chamber of Commerce.

County Extension Home News By Deana Finck

Looking for an affordable, sensible, livable plan for changing your lifestyle? LaMesa is a program of serious education and practice in fitness, weight control, nutrition, stress and time management and healthful living for adults. It is designed and conducted by specialists with the Texas Agricultural Extension Service who want to help you revitalize and improve your life, looks, and health.

The program will be held at the Texas 4-H Center on the shores of Lake Brownwood in two time frames: a thorough week-long session from January 20-25 and two intensive week-ends, January 24-26 for singles and January 31-February 2 for couples.

Participants will have the opportunity to 'get away from it all' and concentrate on themselves and their health. Each day will include at least four hours of various exercise and four hours of instruction for men and women in areas of nutrition, food and drug interaction, color and wardrobe, hair and make-up trends, stress and time management, personal diet consultation and other areas. Each participant will receive an individual stress test and consultation with the doctor and dietitian.

The families of the participants are also invited to a support and motivation session on the final day of the program.

LaMesa, a new concept in fitness, offers maximum benefits for a minimum price. Contact the county Extension agent's office for more information and registration details.

Shopping For A Manufactured Home

The first step in shopping for a single-wide or double-wide manufactured home shouldn't be a sales lot, but the land you intend to put it on, says a Texas A&M University Agricultural Extension Service housing specialist.

"Don't put money down or sign an agreement on a manufactured home before you have a contract with a park or subdivision, or you have purchased your own land," cautions Dr. Jane Berry.

"Otherwise you run the risk of having a house that doesn't fit the lot, or being unable to put the house where you want to live."

Since a manufactured home can be the most expensive consumer product you buy, next to a conventional home, the specialist recommends careful comparison shopping.

"First check out the reputation of the dealer," says Berry. "The dealer's assistance, service and care-- or lack of it -- will have a great affect on your satisfaction with the manufactured home."

She suggests checking the dealer's reputation with a local credit bureau, Better Business Bureau, or bank.

As you look at manufactured homes, consider both price and financing, says the specialist.

"Dealer financing is often the quickest and easiest, but comparison shopping among the dealer, your bank, savings and loan association or credit union for the best financing option can save you money in the long run," remarks Berry.

Also determine the services you will receive, says the specialist.

"Find out what type of delivery, setup and leveling services are offered by the dealer," advises Berry. "Ask who will make needed repairs during the warranty period and check to see if the home can be re-leveled after six months if this is necessary."

The service provisions of the sales contract shouldn't be an important part of your buying

decision and a basis for comparison among dealers, she remarks.

The housing specialist also points out that repossessed or foreclosed manufactured homes can be a good buy for consumers on a tight budget and those who can't qualify for credit on a new manufactured home.

Bailey County 4-H's Plan Food Show

4-H's will match foods and nutrition expertise against each other in the Bailey County 4-H Food Show, October 26, at the Bailey County Civic Center in Muleshoe.

Approximately 40 youth will compete in senior, and junior divisions. The awards presentation will take place at 11:45 AM and all entries will be on public display at this time.

Senior division entrants must be from the age of 14 to 19, while junior 2 division is for age 11 to 13, and junior 1 entrants are from 3rd grade to age 11. The theme for this year is "4-H for Youth - for America", ica".

For the contest, each 4-H participant will compete in one of four classes, including main dish, fruit and vegetable, bread and cereal, and nutritious snacks and deserts. Because the food and nutrition program puts emphasis on nutrition, each contestant will be required to

"But beware of any pressure tactics to get you to purchase a new or used manufactured home," cautions Berry.

"High pressure tactics often indicate a phony deal, so don't be pushed into buying just because the dealer claims someone else is interested in the home or the price is going up next week," she adds.

The public is invited to attend the Bailey County 4-H Food Show which is sponsored by the Texas Agricultural Extension Service and the Texas A&M University System.

state assistance; and
 "WHEREAS, the 1985 Texas Legislature approved a new proposed Texas Water Plan that, upon voter adoption, will establish a sound methodology for addressing the state's diverse water problems, and create a major new role for state government in helping finance the solutions to those problems; and

"WHEREAS, the Texas Water Plan will appear on the November 5, 1985 statewide constitutional amendments ballot as Amendments 1 and 2, and, if adopted, would:

"(1) Create a \$400 million state fund to guarantee water resource bonds issued by municipal governments, thus saving city taxpayers tens of millions of dollars in interest costs;

"(2) Allocate \$400 million in funding for state participation in the cost of oversize capacity of reservoirs and other facilities that exceed immediate local requirements, thus alleviating short-term financial strains on local governments;

"(3) Authorize the issuance of \$580 million in state bonds to be used for loans to cities and other local governments, including \$190 million for water supply facilities, \$190 million for wastewater projects and \$200 million for flood-control facilities; and

"(4) Establish a state loan fund to assist farmers with the purchase of water-efficient irrigation equipment, and provide state financing for agricultural water conservation research programs; and

"WHEREAS, state legislation that will be implemented upon adoption of Amendments 1 and 2 would enhance the preservation of the state's water resources by establishing safeguards for bays and estuarine areas; providing incentives for water conservation; and by

authorizing the creation of voter-approved mechanisms to protect underground water supplies; and
 "WHEREAS, voter adoption of Amendments 1 and 2 is essential to insure the state's future wellbeing and the continued prosperity of Texas cities;

"NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MULESHOE, TEXAS:

"THAT the City Council of the City of Muleshoe endorses Amendments No. 1 and 2 and urges their adoption by the citizens of Muleshoe, Texas at the November 5 constitutional amendments election."

In other action, councilmen approved a resolution which will enable the city to participate in establishing 'staggered' two year terms for the city council member who is designated as representative for the city on the Bailey County Appraisal District board.

An ordinance was approved which repeals all of Chapter 2 of the Muleshoe City Code of 1974, regarding the City of Muleshoe Municipal Airport Rules and Regulations.

Transferred delinquent accounts to bad debts was the total of \$997.35.

Muleshoe Fire Chief Jack Dunham also visited briefly with the council, and issued an invitation to the council members to attend the open house and dedication of the Earl M. Ladd Fire Station Saturday.

Open house will be all morning, with the dedication around 11:30 a.m. Weather permitting, pumper races, hose lay races and water polo will be held in the afternoon.

Comment On Sports

FOOTBALL *****

By Pete Fritchle

WASHINGTON, D.C. --

The fall of the Washington Redskins is one of the big stories in the National Football League this season. Before play began, Washington looked very strong; the team won exhibition games in stride.

When Dallas wrecked the Redskins in the opener, many felt the Redskins had, in effect, given the game away—with six turnovers. Fans still believed that John Riggins was the league's premier short-yardage runner and that the addition of George Rogers made the team even stronger this year.

But Riggins' back is suspect. He was thinking of quitting over the winter, but was lured back for another year by a \$1 million dollar contract for one season of play. The idea behind that was that with Riggins' and Rogers' running, and Joe Theismann's passing, the team was assured a berth in the Super Bowl.

However, not only is Riggins' back suspect, it turns out that Rogers has a bad back. He has recently been in traction. Add to that Theismann's less than normal performance, and there is the making of disaster.

Disaster seemed to be on the horizon when Philadelphia whipped the Skins one Sunday and Chicago murdered them the next. That made it three losses in four starts; the much-heralded offense wasn't doing the job.

Three-Way News

by Mrs. H.W. Garvin

The Maple Church of Christ women attended a ladies retreat at Holiday Inn in Lubbock over the week end.

Mrs. W.E. Latimer, Mrs. S.G. Long, Mrs. Wilma Petree and Mrs. Ima Roberts were in Clovis Wednesday shopping.

The Three Way football played Southland on the home field Friday night with Three Way winning their 5th game. The Three Way high school juniors served supper both before and after the game. The Three Way junior varsity team played Smyer here Saturday morning winning the game.

Open House...

Cont. From Page 1

Ladd III, who lost his life about five years ago at the age of 25.

At LaPorte, the other Ladd son, John, who is a chemical engineer with DuPont, is also a fireman as are John Ladd's sons, David and Donald. They also have two other children, Bob and Paula, and two grandchildren, the Ladd's only great-grandchildren, at least at this time.

Chief Ladd retired as fire chief in the fall of 1974, and H.E. Reeder was named fire chief, a position he held for four years. He had previously served as assistant fire chief with Chief Ladd.

Reeder currently serves as president of the Muleshoe Fire Department and Jack Dunham is fire chief. Assistant fire chief is Donald Harrison.

Another milestone passed was the election of the first official female firefighter for the department, Robin Bonham.

Robin Bonham is the wife of Richard Bonham, a sergeant with the Muleshoe City Police Department. She serves in the legal offices with the United States Air Force at Cannon Air Force Base, Clovis, N.M.

Farmers Are 'Warned' To Keep Weeds Down

Danny Noble, county executive director of the ASCS office, says there are several very important messages to pass along to county producers for this month, including:

MAINTAINING ACR

ACR spot checks are still being made and since all the rains, there is a lot of ACR land that needs plowing as soon as it is dry enough to plow. Please remember, says Noble, that ACR (set-aside) land MUST be maintained in a workmanlike manner throughout the calendar year (free of weeds).

1986 FARM PROGRAM

Noble commented, "We are getting a lot of phone calls and counter traffic asking about the 1986 Farm Program.

"As of this date, we know nothing of the 1986 Program. We will let you know what it is as soon as we know."

FINAL DIVERSION PAYMENTS

"We hope that we have made all final diversion payments," said Noble, "except for the ones that had aerial measurement service and have certified the past several weeks. If you will bear with us, we will have the remaining final payments out in the next two weeks."

Al Griffin from Colorado visited Mrs. Minnie Dupler Monday afternoon.

Mr. and Mrs. Adolph Wittner were in Lubbock Thursday afternoon shopping and visited her sister the Roland Nitchers.

The Three Way home ech room was the scene of a wedding shower Saturday afternoon honoring Mr. and Mrs. Beauchamp. The former Sheryl Waltrip.

Mrs. Carrol Fort from Brownwood was a visitor in the Three Way Baptist Church Sunday.

Mr. and Mrs. Jack Lane attended the funeral of an aunt in Sudan Thursday.

Mr. and Mrs. Chester Huff and son from Welch and Steve Huff and children from Lubbock spent the week end with their parents, the Bud Huffs.

Robin Kindel, a student from Angelo State University, spent the week end at home with her parents the Bobby Kindel family.

Mr. and Mrs. George Tyson were in Portales Saturday shopping.

The Three Way football team played Silverton Saturday afternoon at Silverton with Three Way winning. Three Way has won all six games.

Gena Percy, a student from Angelo State University, spent the weekend with her uncle and aunt the Jack Reeves family.

The Three Way Baptist church had breakfast at the church Sunday morning. It was the beginning of Sunday School Week.

Mr. and Mrs. Mike Sowder were dinner guests in the home of his parents, the Joe Sowders, Sunday.

Belinda Dolle from Lubbock spent the weekend with her parents and sister, Mr. and Mrs. Bill Dolle and Darla.

Mrs. Nettie Quesenbery from Muleshoe spent Tuesday night with her daughter, the Jack Lane family. Wednesday Mrs. Quesenbery, Mrs. Jack Lane and Mrs. Jana Damel were in Lubbock shopping.

Harvest-Aid Boosted For '85 Cotton Crop

Recent cold, wet weather across the High Plains caused heavy damage to cotton leaf tissue and essentially eliminated prospects for further fiber development. As a result, cotton producers must decide whether to terminate the crop with harvest-aid chemicals or wait for a killing freeze to desiccate and condition the crop for harvesting, advises a cotton specialist with the Texas Agricultural Extension Service.

Applying harvest-aid chemicals adds an expense that many producers would rather avoid, noted Dr. James Supak, the Extension specialist. However, it is quite possible that a killing freeze may not occur for another three to five weeks, he warned. "Additional exposure of open cotton to weather elements could result in weight and quality losses that would more than offset the savings incurred by not applying harvest-aid chemicals. A recent analysis by Dr. Jackie Smith, Extension economist and farm management specialist, indicates that yield and quality losses can easily result in losses of \$4-5 per bale each week," he noted.

Although the cotton plants were heavily damaged by the extreme weather conditions, the plants are still alive and capable of carrying out certain functions, Supak said. At this time, the most important of these involves the natural dehydration (hardening) of the bolls. This process will eliminate the possibility of extensive freeze damage (formation of ice crystals within the boll that eventually result in rotting of the boll) and enable the bolls to open normally, Supak added.

Desiccants will be needed to dry and condition plant materials for harvest. These chemicals can be applied once the boll hydration process is essentially completed, Supak said. He recommended that the use of desiccants be delayed until 75-80 percent or more of the bolls are open and the remaining bolls are essentially mature.

"Generally, bolls are mature when they are too hard to be dented when squeezed between thumb and fingers, too hard to be sliced with a sharp knife and when the seed coat becomes light brown in color," he explained.

Desiccants which are approved for use on cotton are paraquat and arsenic acid. These can be used alone or can be tank mixed with Accelerate, the Extension specialist said. Recommended use rates for these chemicals are 1-2 pints paraquat per acre; 1-1.5 quarts arsenic acid per acre; tank mix of 1-2 pints paraquat plus 1-2 pints Accelerate per acre; and a tank mix of 1.5 pints arsenic acid plus 1.5 pints Accelerate per acre.

"In some instances, even lower than recommended rates may provide adequate desiccation," Supak said. "The optimum rates must be determined by trial and error and are likely to change with variations in weather and plant conditions. With adequate soil moisture, some regrowth is likely upon the return of warmer, more open conditions. Arsenic acid is the more effective desiccant in controlling regrowth."

For best results, desiccants should be applied when winds are relatively calm, temperatures are in the 70's or higher, and 3-5 days of open, mild weather can be expected, Supak said. "Good spray coverage is essential for effective desiccation. Surfactants should be used to allow better distribution

of the desiccant on plant parts. Where ground equipment is to be used, the addition of drop nozzles should be considered to improve coverage."

Desiccants constitute a production expense that farmers could avoid by waiting for a freeze to kill and condition the crop for harvest, the Extension specialist said. "Unfortunately, delaying harvest after the crop is ready can prove to be substantially more costly than the cost of the chemicals needed to prepare the crop for timely harvest."

Local School Receives Grant For Teachers

"Muleshoe ISD was officially notified this week by the U.S. Department of Education that a grant totaling \$16,430 has been approved," said Muleshoe ISD Superintendent H. John Fuller.

"The grant involves classroom teachers in grades K-12, along with professors from Texas Tech University and a graduate assistant (not yet identified). The professors from Texas Tech include Weldon Beckner (Educational Administration) and David Welton (Elementary Education) and former Texas Tech professor, Anita Pankake (Southern Illinois University)."

Superintendent Fuller added, "The purpose of the grant is to support a planning project in Muleshoe ISD to develop enhancements and supplements to the formal career-ladder merit pay system currently mandated in Texas."

"Means of rewarding instances of teachers' meritorious performance without requiring placement on the formal career-ladder will be investigated."

"Attempts to identify ways to minimize competition between and among teachers, to foster harmonious relationships among teachers, and between teachers and supervisors will be a part of the project. The development of a model for dissemination in other school districts will be the final product," he added. "The objectives of the grant will be accomplished through the collaborative efforts of teachers, administrators, and university personnel. Strategies will include: research, peer observation, colleague/supervisor coaching, group decision-making, and other techniques determined appropriate to the project."

The key descriptors given for the project include: non-recurring performance incentives, incentives for individual staff development, discretionary nomination for meritorious service awards, collaborative effort to identify incentive structure (peer review, group decision-making, and appraisal team review). The major products of the project will include: a model for career-ladder alternatives, local plan for incentive structure for meritorious performance, and peer review system for identification of exceptional performance, added the superintendent.

According to the superintendent, the project was initiated as a cooperative effort between Muleshoe ISD and Texas Tech University School of Education. It is a distinct honor, said the superintendent, for both Muleshoe ISD and Texas Tech University to have the grant proposal funded through the U.S. Department of Education Secretary's Discretionary Program.

ACTION AGAINST IDALOU--Mule defense tightened up last Friday night in action against the Idalou Wildcats. Despite what may have been their most impressive showing of the year, the Mules still fell to the Wildcats by a score of 40-0. This Friday night, the Mules will travel to Dimmitt to take on the Bobcats.

Bell Sesquicentennial Calendar Goes On Sale

Southwestern Bell Telephone has developed a unique Sesquicentennial calendar that features a local attraction--Muleshoe's monument to the unsung mule.

The company is selling 1986 calendars to help Texas celebrate its 150th birthday. The calendars feature sketches of Muleshoe and other notable sites and historical landmarks, including the Alamo and the State Capitol.

All proceeds from the calendar sales will benefit the Texas Independence Express, an antique touring train which will be a major activity during the state's Sesquicentennial year.

Other Panhandle-High Plains attractions depicted in the calendar are a cattle feedlot in Amarillo, Perryton grain elevators and the Old Tascosa courthouse/Boys Ranch in Oldham County.

The detailed pen-and-ink drawings were done by Texas artist Norman Baxter, who for years illustrated many of Southwestern Bell's Yellow Pages directory covers.

"As a company that traces its roots back 110 years in Texas, we wanted to help pay tribute to our state, its rich legacy and its people," said James R. Adams, president of the company's Texas Division.

"The year-long celebration of the state's Sesquicentennial will give all Texans an opportunity to learn more about our history and allow us to showcase our state for the millions of visitors who are planning to join us for the birthday observance."

The calendars are available in desk and wall formats. Each of the drawings is accompanied by a caption describing past and present day history of Texas.

The desk calendar features 51 Baxter drawings which represent more than three decades of Houston artist's work. The Muleshoe landmark appears on one of the February pages. The desk version sells for \$9.95, plus \$1.45 for postage and handling. The wall calendar includes 12 Baxter drawings. Price is \$4.95, plus \$1 for postage and handling.

"The calendars also contain a detailed schedule of special Sesquicentennial events planned for next year," Adams said. "This special feature makes the

Water Game Planned To Help 'Conservation'

Spreading the word concerning the water resources of the High Plains and ways to conserve those resources in both a rural and urban setting is one of the principal goals of the Board of Directors and staff of the High Plains Water District. Two of the newest tools developed by the district to further this effort are the "Water Wizard", an informative and educational game resembling a pinball machine, and a working scale model of a surge irrigation system.

The "Water Wizard" game challenges both children and adults to test their knowledge of home water use. Each player is faced with answering questions about daily water use in and around the home. Some of the questions asked of participants are: "How much water does it take to wash a load of clothes?" "How much water is needed to take a bath?" "How much water is used when you brush your teeth?"

Each player selects one of the questions and is then challenged to match the correct answer from the answers provided on the game board. If the player chooses the correct answer, small water drops leading to the drop marked "Yes" light up and bells ring. However, if the player selects the wrong answer, lights leading to the "No" water drop illuminate and an unpleasant buzzer sounds to let the player know that he had better guess again.

The game is fun and informative, but as exhibited by players at the Amarillo Tri-State Fair, the game is not as easy as it may seem. Water District staff member, Obbie Goolsby, who helped man the exhibit booth noted that many participants guessed that it takes only two gallons of water to wash a load of clothes. This is much less than the 60 gallons actually required.

For rural residents, particularly irrigation farmers, the district developed a working model of a surge irrigation system for display at the Panhandle South Plains Fair in Lubbock.

Because surge irrigation continues to capture the interest of area furrow irrigators, the district's Board of Directors felt this exhibit would provide valuable information to producers who might be consider-

ing the purchase of a surge valve and time control mechanism.

Continued testing and demonstration of surge equipment has emphasized that surge irrigation can reduce deep percolation water losses and eliminate tailwater runoff, explained water district officials. Surge users tell them that 10 to 40 percent less water is used to irrigate their fields than with conventional furrow irrigation systems. More importantly, stressed the district, surge systems offer furrow irrigators a chance to improve their water-use and application efficiencies, and the surge irrigation value offers the irrigator an opportunity to save water and time while reducing his energy costs.

Surge irrigation also offers cost effectiveness as a major benefit. With most surge equipment being sold for approximately \$1,000, users frequently report a pay-back period of one irrigation season.

Democrats Will Meet October 22

Bailey County's Democratic Executive Committee has announced a general planning session and forum for October 22 at 7:30 p.m. in the meeting room at the rear of Summit Savings.

Chuck Smith, chairman, Bailey County Democratic Executive Committee, said "The Bailey County Democratic Executive Committee would like to encourage all interested Democrats to attend this meeting."

"In addition to the Executive Committee, the Democratic elected officials of the county have been extended an invitation to this meeting."

"It is hoped that as a result of this meeting, a new enthusiasm for the Democratic party will arise."

Smith said several topics of importance will be discussed, along with changes in the election code, precinct chairmen for Voting Precincts Six and Seven and other related matters.

According to Smith, "Bailey County Democrats are urged to attend this meeting and bring forth their ideas."

Letter To The Editor Policy

The Muleshoe Journal and Bailey County Journal welcomes letters to the editor on issues of concern to readers. Such letters must meet certain qualifications in order to be considered for publication.

Letters must bear the writers signature, address and phone number in order that the authorship may be confirmed. Under some circumstances we will delete the name of the writer, if, in our judgement, the request to do so is justified.

Letters should not exceed 250 words and must meet standards of good taste as well as legal guidelines. Letters attacking another person, a church or specific religion will not be published. Comments on issues are encouraged in order to maintain a forum for discussion of public views.

CONTEST RULES:

1. Pick the winner of each of the games contained in the advertisements on this page. Write the name of the teams you think will win opposite the game number in the blanks provided on the official blank.
2. The contestant must be 12 years of age or older.
3. Only one entry per person may be made for any one contest.
4. Bring your entry blank by The Journal office by 5:00 p.m. Friday, or, if mailed, the entry must be postmarked no later than 5:00 p.m. Friday. Write "FOOTBALL CONTEST" on the mailed entry, and mail to P.O. Box 449, Muleshoe, Tx. 79347.
5. Pick and write in the score of the tiebreaker game. This score will be used to break weekly as well as grand prize winners. Decision of The Journal's scoring judges will be final.
6. Check the team you think will win; 10 points for first place, 6 points for second place and 4 points for third place.
7. To count for grand prize, entries must be on official blank printed in the paper.

Proper Stocking Rates Lessens Extra Feed

Careful adherence to proper stocking rates may be the best solution to minimizing supplemental feed purchases.

Annual pasture forage is generally an inexpensive feed source, but seasonal and annual variation in production, quality and availability make it difficult for many ranchers to know how many animals can be adequately maintained, says Dr. Larry Boleman, Texas Agricultural Extension Service beef cattle specialist.

Boleman says most ranchers eyeball a pasture and with experience estimate how many animals to graze. Often, however, these estimates are over-optimistic, resulting in stock and pasture stress and ultimately lead to supplemental feed purchases.

Boleman advises Texas ranchers to evaluate pasture carrying capacity each year during the three critical periods of October, March and June. Since rainfall normally peaks in May and September, two growth and stress periods occur.

"October is the traditional adjustment period with sale of spring calves and limited winter forage growth", he notes. "At this time a rancher knows how many animals he plans to hold over. Animal condition, remaining forage, birth rates, and amount of feed purchased are evidence of a rancher's success in balancing numbers into March when spring growth should begin."

Boleman says the March range evaluation provides hindsight of success and a plan for how long forage will last if spring growth is late. The June evaluation indicates how much spring growth occurred and if adequate forage is available to last during the summer drought until September rains grow new

forage.

Finally, if September rains

Earlier Harvest Stalling

Heavy rains stalled early harvesting on the Texas High Plains. Growers in southern and eastern counties had used harvest-aid chemicals hoping to get better-than-average grades before weather could affect their seed cotton, according to Mack Bennett, Area Director for USDA's Marketing Services Office at Lubbock.

The Lubbock facility had classed 891 bales for the season through Thursday, October 10. The season's predominant grades were grade 52 at 47 percent followed by grade 42 at 21 percent. Less than one-half of one percent was reduced one grade because of bark.

Predominant staples were staple 32 at 35 percent, staple 33 amounted to 27 percent and staple 31 was 24 percent. The average was 32.05 thirty-seconds of an inch.

Micronaire 35-49 accounted for 56 percent, 33-34 was 19 percent, and 20-32 amounted to 21 percent. The average was 35.

HVI breaking strength averaged 24.9 grams per tex for the season at Lubbock.

None of this season's early ginnings had been reported as sold.

Gins paid growers \$40 to \$50 per ton for cottonseed, basis as is.

USDA's Crop Reporting Board announced Thursday that the estimated 1985-crop production will amount to 13.67 million 480 pound bales, almost unchanged from September's estimate.

fail or inadequate forage is available to carry the foundation herd during the summer and into winter, early weaning in June or July may be necessary to market quality offspring and reduce nutritional requirements of livestock for maintaining reproductive ability for future income.

To better evaluate the forage supply during these critical periods, Boleman says a rancher must first know how many animals of different nutritional requirements are on hand at any given time and the acreage of grazable forage. The rancher then calculates how large an area will be required to feed one animal unit for one day during the period in question. Pastures are then evaluated in an unbiased manner to determine if enough grazable forage actually occurs on the "animal unit area" to meet forage requirements with some residue remaining to maintain range health.

Boleman says the seasonal and annual variations in forage supplies are primarily due to rainfall and stocking rates which require ranchers to adjust management practices to insure satisfactory animal performance and reduce supplemental feed costs.

New book recognizes private black colleges as centers of black culture

COLLEGE STATION — The subject of much criticism and little acclaim in the past, Texas' private black colleges are now seen as vital dynamic centers of black culture and pride for their times, according to a new book, "Private Black Colleges in Texas, 1865-1954," published by the Texas A&M University Press.

In the 210-page book, author Michael R. Heintze of Clemson University examines the schools' backgrounds, curricula, finances and contributions.

Much of the criticism of black colleges stemmed from their inability to establish strong financial bases. But what other authors overlooked, Heintze believes, is that the colleges drew most of their support from the most impoverished segment of American society.

The major sources of income for these colleges were denominational contributions, tuition and fees, room and board charges and organized philanthropy. "Private Black Colleges in Texas, 1865-1954," (\$27.95 from the Texas A&M University Press) is the third in the Texas A&M Southwestern Studies series and is available at bookstores throughout the state.

ONE MINUTE SPORTS QUIZ

1. Name the quarterback for the Chicago Bears.
2. Who won the British Women's Open Golf Championship?
3. In what sport was Gordie Howe known?

Absentee Ballot Provides Necessary Voting Option

By Secretary of State Myra A. McDaniel

Barriers do exist that prevent some people from voting at their local polling place on election day. However, the voting process has changed to accommodate the varied needs of the public, so there are no longer barriers that prevent any registered voter from casting a ballot.

An inaccessible polling place may be a roadblock for some of the approximately 1.2 million disabled Texans of voting age, but state law mandates that polling places in elections at all levels be accessible by January 1988. Although that deadline is two years away, any eligible voter, who because of sickness or disability is unable to appear at the polling place, can vote absentee.

To encourage Texans to continue voicing their opinions as they grow older, state law permits any of the approximately 1.5 million residents age 65 or older, who are registered to vote, to cast an absentee ballot.

Absentee ballots are also available to registered voters who anticipate being out of town on election day, making it impossible for them to vote at their local polling places. Even those Texans who are unable to show up at the polls because of their religion can vote absentee.

The option to cast an absentee ballot provides everyone with the opportunity

WHO KNOWS

1. How do the states pass in review at the presidential inaugural parade?
2. Who destroyed Solomon's temple?
3. What was the "panic of 1929"?

Answers to Who Knows

1. In order of their admission to the Union.
2. Nebuchadnezzar.
3. The stock market crash, October 24, ending the post-war prosperity after World War I.

to vote in all elections. Voting absentee is a simple process and may be done by personal appearance or by mail.

Absentee voting by personal appearance for this Nov. 5 general election is conducted at the county clerk's office or any branch office during business hours beginning Oct. 16 through Nov. 1. If the clerk's office is not accessible, you can ask the clerk to bring a ballot to the curb, where you can vote it. The clerk then takes the ballot and deposits it in the ballot box for you.

If you prefer to absentee vote by mail you must first mail in an application for an absentee ballot. The deadline for receiving applications, if you wish to vote in the Nov. 5 general election, is Nov. 1.

Application forms are available from the secretary of state's office and county clerks. However, it is not necessary to use the printed application form when applying for an absentee ballot. You can simply write to the county clerk or absentee voting clerk and request an ab-

sentee ballot. Along with the request you must include the following information:

- your name
- residence address
- address to which the ballot is to be mailed if you will be out of town
- that you wish to vote in the November general election
- your signature
- your voter registration number or a statement that you have lost or mislaid your voter registration certificate

The clerk will send you an absentee ballot as soon after Oct. 16 as your application is received. In order for your vote to be counted it must be mailed back to the clerk and received by Nov. 5.

More information about absentee voting can be obtained by calling your county clerk or elections administrator, or the secretary of state's elections division at 1-800-252-VOTE (Voice/TDD).

Voting involves some tough decisions. Make a tough decision. Decide to vote.

**SANDHILLS
PHILOSOPHER**

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Acres claims Washington is worrying about the wrong problem when it worries about the national debt.

Dear editor:
From the time George Washington was President down to 1980, the country ran up a national debt of one trillion dollars, which, if you've got enough zeroes on hand, reads \$1,000,000,000,000. In the last four and three-quarters years, the national debt has doubled to two trillion dollars, and went up several more million while you were reading this.

**Former Resident
Gets 'Top' Award
For Cooperatives**

Jimmy R. White, of Dalhart, and formerly of Muleshoe, and manager of XIT Rural Telephone Cooperative, Inc., has been named the first recipient of the Neville Haynes Award, the Texas telephone industry trade association's highest honor.

White was presented the award at the annual convention of Texas and Oklahoma telephone companies in Tulsa, September 18, according to Vaughn Aldredge, executive vice president of the Texas Telephone Association.

Manager of XIT Cooperative since June, 1975, White has served as a member of the Board of Directors of the TTA since September 1982. He also is a director of the Texas Exchange Carriers Association, which administers the pooling of more than \$550 million of interstate long distance revenue annually.

A frequent spokesman for the 26 subscriber-owned telephone cooperatives that serve some 100,000 members in rural Texas, White is a former president, secretary-treasurer, and director of Texas Statewide Telephone Cooperatives, Inc.

He is a member of the Government and Industry Affairs Committee of the National Telephone Cooperative Association, a Washington-based trade group which represents some 400 cooperatives and small commercial telephone companies.

The Texas Telephone Association, founded in 1905, is the trade association of the 71 companies that provide local telephone service in Texas.

Established in 1984, the Neville Haynes Award recognizes exceptional individual contribution to the good of the telephone industry and its Association. It honors the memory of the late Neville Haynes of Alpine, a former Texas Telephone Association president and longtime board member.

Before joining XIT Co-op, White was a consulting engineer with Hicks and Ragland Engineering Co. in Lubbock, and had served as an employee of the Bailey County Electric Cooperative and Five Area Telephone Cooperative in Muleshoe, and Rusk County Electric Cooperative in Henderson.

White and his wife, Betty, reside in Dalhart and have two sons, Joe and Jimmy Lee. He is a member of First Baptist Church and the Dalhart Lions Club.

October 14 - Betta Lancaster, Muleshoe, Janna Skaggs, Muleshoe, Alpha Laney, Muleshoe, Petra Najera, Muleshoe, Melvin Daniell, Muleshoe, Robert Mayo, Muleshoe, Helen Padilla, Friona, Louva Kersey, Bovina and Roy Willis, Muleshoe

Washington worried. "Why", one said "we don't even have computers big enough to handle such figures."

This indicates some of the slow thinking in Washington. They're worrying over the wrong problem.

The problem is not that the debt is too large but that our computers are too small. Forget the debt and get to work on bigger computers. Do you realize the danger the country could be in if the national debt got so big nobody could write it down?

Another example of slow thinking involves the silicon chip people. For a while the high-tech chip business was booming but lately it has fallen on hard times.

You see, the chip people became so expert that they managed to build a chip about the size of your thumbnail that'd store a million pieces of information.

This was brilliant engineering but slow thinking. It didn't occur to them that if they could build one chip the size of a thumbnail or at least a toenail that'd store a million pieces of information and then kept on

building the things, before long they'd run out of information to store. They've produced themselves out of a profitable market. They should have asked farmers about the sorrows of producing too much.

Back to the national debt that has jumped from one trillion to two trillion in four and three-quarters years, plus the millions more it went up between the first paragraph of this letter and this one.

We are told not to worry about it, that things are going well, inflation is whipped and it's morning in America.

It should be remembered however that there are people who have waked up on a bright,

sunny morning to discover they have a terrific hangover.
Yours faithfully,
J.A.

Nature is no spendthrift, but takes the shortest way to her ends.

-R.W. Emerson.

Nature, which is the time-vesture of God and reveals Him to the wise, hides Him from the foolish.

-Thomas Carlyle.

PARROTS DO TALK... BUT!

SO DOES A RECORD PLAYER

Our Nation faces a serious threat of communism just off our shores. At the same time within our nation, they are seeking to undermine our faith in God. There are many sayings and expressions going around in our country that are communist inspired. In order to prevent "parroting" these sayings, that weaken our nation... attend church regularly, and study God's word so that the truth is more easily recognized.

"Put on the whole armour of God, that ye may be able to stand against the wiles of the devil."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

OCTOBER 20-26
CELEBRATE MULE WEEK

At Muleshoe Junior High

KMUL, 5-Area Host Gifted, Talented Class

On Tuesday, October 8, the Gifted and Talented class of Watson Jr. High went to Five-Area Telephone Cooperative and toured the building. Hugh Young took them along the tour. The class was first shown the offices and then taken to the first computer room. In this room, the class was shown a map of all of the area that Five-Area covered. Five-Area buries as much of their cable as they can.

The class was shown how they get a telephone number and how they check a telephone at a residence or business without leaving the building and then go repair it. They finally went to the machine room and learned something about computers at Five-Area Telephone.

The following day, Wednesday, October 9, the class went to KMUL. They had been there one week earlier having a tour of the radio station, but now they were going back to do more. The class had been writing Public Service Announcements for the past few days.

Seventh Grade Still Unbeaten At Season End

Thursday night the seventh grade mules traveled to the home grounds of the Floydada Breezers. In the first quarter Eric Richardson scored a touchdown on a halfback pass. There was no extra point because of an illegal motion penalty. Floydada scored before the half on a pass. During the second half John Paul Garza ran for a touchdown. The seventh grade mules had yet another victory.

Recruits cite patriotism most often as reason for joining military

COLLEGE STATION — Patriotism, when defined as a desire to serve one's country, may be a bigger draw to military service in the United States than economic reasons, a Texas A&M University study indicates.

Dr. James Burk, an assistant professor of sociology, concluded that a desire to serve one's country is a strong motivation to join the military after analyzing data from more than 1,000 in-service military personnel and new recruits who participated in the 1980 National Longitudinal Survey of Youth (NLS).

One of the most frequently given reasons for joining up — when the participants were allowed to give more than one answer — was desire to serve their country, he said.

It was the most frequently given reason for enlistees not yet serving and ranked fourth among current servers. Among enlistees, 83.1 percent gave desire to serve as a reason for joining.

They went back and, first of all, played records with the help of Reydon Stanford. Then they read the news on the air and finally got to tape the Public Service Announcements with the help of Mike Raider.

The members of the Gifted and Talented class are Virgil Snell, Shane Kirk, Cory Collins, Corley Hutton, Jeremy Bruns, Dayna Hamilton, Monica Swint, Stacy McElroy, Amber Green, Wendy Green, Kimberly Harris, Kelly Conklin, Carissa Sanderson, Adelaido Godinez, Jake Scott, and their sponsor Alice Liles would like to thank Hugh Young and all the people at KMUL for their time and help.

Eighth Grade To Be Seeking Fitness Award

In Watson Jr. High, this year's eighth graders will be allowed to participate in the Presidential Academic Fitness Award program. Eighth grade students will have to maintain a B+ average or above. Also students will have to score at least 80% on the CAT test that will be given in March. Students completing the criteria will get an award signed by the President and a lapel pen.

Enochs News by Mrs. J.D. Bayless

Mrs. Artie Jennings and Melissa Snitker of Lubbock visited in the home of Mr. and Mrs. Clifford Snitker Thursday.

Mr. and Mrs. Buford Peterson are home from a visit with their son, Mr. and Mrs. Morris Peterson and family at Hillsboro, Texas.

Mrs. E.N. McCall drove to Lubbock Thursday to get her grandson, Kelly Mosser for him to spend the weekend with them.

Rev. and Mrs. Gerald Moore from Las Vegas, New Mexico came Thursday and spent the night with her brother, Mr. and Mrs. Clifford Snitker.

Mrs. Vinnie Adair and daughters, Hulene Mansell and Jane Reed of Lubbock were dinner guests in the home of Mr. and Mrs. J.D. Bayless.

Visiting Mr. and Mrs. Bill Key Tuesday were Bill's sisters, Mrs. Lola Gamons, Mrs. Mildred Butler of Weatherford, Texas and Mr. and Mrs. Robert Butler and Mrs. Juanita Howard of Littlefield.

1985-86 Mighty 'M' Flag Corps

Mule's Tale Featuring Mighty 'M' Flag Corps

The 1985-86 Mighty "M" flag corps is "Rising Again" to success. Introducing the girls and their "Favorite Things" are:

Andrea DeLeon, age 17, senior, is the daughter of Andrea Jaramillo. Her activities include playing basketball, FHA membership, HECE-1st period class president, and praying to go to college and major in photography. Andrea commented, "This is my last year and so far it's been great! I hope we go all the way to state because we deserved it last year."

Caryn Durben, 17, senior, is the daughter of Margaret Durben. Her activities include band. She plays the flute during concert season and is a flag girl during marching season. Caryn commented, "I think this is one of the best years for the flags. We have really been working hard to be the best in the district."

Yolanda Garcia, age 17, senior, is the daughter of Raul and Delia Garcia. She is quoted as saying, "I've been in band three years and it's been fun. Last year we almost made it to Austin. This year I hope we do make it all the way." Yolanda's activities include band and DECA.

Zanna Huckaby is the 17 year old daughter of Lyndon and Linda Huckaby and is a senior at MHS. She is in band, 4-H, and is the co-captain of flags. She stated, "I'm really enjoying band this year. I'm ready to go to Austin and show them we can do it!"

Kathy Mudford, the 16 year old daughter of Jerry and Pat Mudford, commented, "If we put a lot of hard work into our practices, I know we can make it to Austin." Kathy is a senior and is in band, HECE, FTA, and Student Council.

Sylvia Posadas is the 17 year old daughter of Alfonso and Margarita Posadas. She is a senior and is in band, DECA, and Student Council. She is flag captain and band senior class representative. Sylvia stated, "We have come a long way from when I got in band. This will be my third year and every year it gets better. The flag corps adds a lot of color and attraction to the band. We really try hard to have a good performance and we hope everyone enjoys it. Our show is really different this year. It has a lot of meaning in it, so kick back, relax, and catch the Mighty "M" spirit!!"

Connie Perez, age 15, is the sophomore daughter of Andy and Tina Perez. Her activities

include band and athletics. Connie commented, "I like being a flag girl and I love band! I also love to play basketball."

Rachel Pineda is the 15 year old daughter of Manuel and Teresa Pineda. She is a sophomore and her primary activity is band. She said, "Band has been a lot of hard work but I hope it pays off!"

Our "Common Man," Mr. Anthony Gibson, Mighty "M" band director, has worked really hard with the flag girls during summer band and their extra rehearsal periods. Mr. Gibson stated, "Again we have an exceptional group of girls in flags and they are doing a tremendous job. The routines they are doing are very advanced and marching most of the time they twirl. That's tough and they're doing a super job. They add so much to our overall group appearance and I appreciate their hard work and extra rehearsals. Thank you, parents, for your patience and support. Let's "do it to it," Flags; I'm behind you all the way!"

"I'm so proud of these flags this year," says Martha Anthis, assistant band director. "They are upholding an outstanding tradition by performing very difficult routines and making them look so easy and entertaining. Thanks, girls, for all the

hard work. Let's go, Flags!"

Much of the success of the flag girls goes to Victor Mellenger, who made up the routines and worked with the girls. Victor is studying in pre-law at Texas Tech. He was a flag instructor at Tech for three years and was a drum major for the Skyriders (a drum corps). He participated in drum corps for several years. Victor comes from Big Spring, Texas, and he was an instructor of the state championship color guard from Big Spring. The Flag Corps, Mr. Gibson, and Ms. Anthis all thank and appreciate Victor Mellenger for his time and patience.

"The flag corps adds interest and color to the band performance," says Mrs. Jean Allison, a faculty member at MHS. "Keep trying for perfection and the band and flag corps will be winners!" she adds. Another faculty member, Mrs. Nonette Robinson, supports the corps by saying, "Keep doing such a good job." Further praise is added by Mrs. Linda Marr, high school counselor, who stated, "It is fantastic to see the flags adding so much to the performance this year. The hard work and determination of these girls is obvious. Congratulations and thanks for giving Muleshoe something else to be proud of!"

Homemaking Classes Choose New Officers

Homemaking I classes have elected officers in each class to conduct FHA meetings. Meetings are held on the last Friday of each month during class and students are responsible for all leadership roles.

Officers elected in Mrs. Robinson's classes were: 1ST HOUR: President, Gina Lopez; 1st Vice-President, JoAnn Gutierrez; Secretary, Melinda Reyna; Treasurer, Christy Mata; Parliamentarian, Darren Lopez; Historian, Debbie Brown; Vice-President Public Relations, Bobbi McCray; Vice-President Recreation, Kim Elliot; Vice-President State and National Projects, Louisa Recio; Inspirational Vice-President, Brenna Roberson; 2ND HOUR: President, Jamie Reyes; 1st Vice-President, Salvador Olivarez; Secretary/Treasurer, Mona Quesada; Parliamentarian, Kristi Houston; Historian, Rudy Pena; Vice-President Public Relations, LouAnn Galan; Vice-President Recreation, Rosemarie Quiroz; Vice-President State and National Projects, Renee Jurado; 3RD HOUR: President, Mona Quesada; 1st Vice-President, Maria Sanchez; Secretary, Sandy Saldana; Treasurer, Twila Downing; Parliamentarian, Sidney Lewis; Historian, Shannon Berry; Vice-President Public Relations, Rachel Martinez; Vice-President State

and National Projects, Gina Lopez; Inspirational Vice-President, Cecy Vasquez; 6TH HOUR: President, Mary Helen Orozco; 1st Vice-President, Norman Perez; Secretary, George Alvarado; Treasurer, Mary Jane Recio; Parliamentarian, Jeanette De Palma; Historian, Ramona Murrillo; Vice-President Public Relations, Tere Cheshire; Vice-President Recreation, Jesus Agundis; Vice-President State and National Projects, Janie Kiser; Inspirational Vice-President, Julie Seymour; 7TH HOUR: President, Esther Acosta; 1st Vice-President, Thelma Jord; Secretary, Marivel Ramirez; Treasurer, Stacey Haley; Parliamentarian, Jor Orozco; Historian, Connie Garza; Vice-President Public Relations, Mary Espinoza; Vice-President Recreation, Alberto Diaz; Vice-President State and National Projects, Petra Rodriguez; Vice-President Inspiration, Adelita Reyes.

Our first meeting was held September 28, 1985. JoAnn Gutierrez, 1st Vice-President asked C.R. Anthony's Assistant Manager, Chubby Ramos to come and explain the fashions of today. Everyone was cooperative and enjoyed the presentation. FHA would like to thank Mr. Ramos for contributing his time and effort.

Band Beats It's Drum

The month of October is a hectic one for the Mighty "M" Band. Starting out the month we held a clinic on October 3 with Fred Hardin, the band director at Monterey High School. Phil Anthony, the director at Coronado High School, came on October 9 and held a fun but hard-working clinic.

On Saturday October 12, the officers and some band members traveled to Odessa for their district U.I.L. Marching Contest. The trip was obviously interesting and was much fun. Everyone seemed to have enjoyed it.

Tuesday October 15, was the Tech Marching Festival. We played in Jones Stadium at 9:55 p.m. the lateness of the time was due to the fact that Tech has several home games at once, causing the contest to be on Tuesday. The contest was late in the evening because the Tech football players had practice. The Mighty "M" competed against approximately seven other bands.

The officers in the band have tried to keep the enthusiasm high, so they have had a Player of the Week, and a Player of the Month. This month it happened to be Richard Muyschondt. They also had a picnic at the bandhall before the Idalou game for the Big Brother-Big Sisters and the fish.

The last event for the month of October is our district U.I.L. Competition. The competition is October 26 at Jones Stadium. We warm-up at 2:00 p.m. and play at 3:10 p.m. The small bands play in the morning and 3-A is in the afternoon. The judges are Norvil Howell of Clovis, Ray Meza of San Antonio, and Jim Van Zandt of Ft. Worth. The schedule is as follows:

2:40, Brownfield, Rob Lovett and Barbera Lovett directors; 2:50, Roosevelt, Rich Weatherby director; 3:00, Seminole, Tom Woodt and Doug Gorman directors; 3:10, Muleshoe, Anthony Gibson and Martha Anthis directors; 3:20 Friona, Jim Parker director; 3:30, Frenship, C.A. Bundrant and Danny Noris directors; 3:40, Littlefield, Dennis Feasdale director; BREAK: 4:00, Lubbock Cooper, Steve Hinman director; 4:10, Denver City, David Riker and David Rollins directors; 4:20, Idalou, Byron Morgan director; 4:30, Dimmitt, Todd Parker director; 4:40, Slaton, David Mooney director; 4:50, Floydada, Paul Stapp and Jett Cheek directors; 5:00, Post, Will Burks director; ANNOUNCE RATINGS.

We would like to wish the Mighty "M" good luck and we hope they have a good year!!!

NHS Discusses Years' Projects; Plan Activities

National Honor Society is an organization of students that have at least a 3.0 point average. These students demonstrate leadership, character, scholarship and service. It is a very big honor to be a member of the National Honor Society.

Members of the Muleshoe organization include, Jarrod Embry, Wade King, Mike Holt, Sherri Stovall, Caice Hendrix, Jessie Holmes, Deborah Nieman, and Mike Harris. Sponsor of the group is Mrs. Lucy Faye Smith.

The group met October 8th, at Leaf's. Members discussed ways to go toward scholarships for the NHS members. The group also decided to operate the concession stand at several of the home basketball games, as a means of money-raising projects.

Coaches Comments

Coach Dale Keeling offered the following comments after the Muleshoe vs. Idalou game. "As coaches, we felt our kids played as well as they have played all year. We really played well the first quarter and a half. During the second half of the second quarter, Idalou played extremely well, and the great running back that they have, broke several long runs which really hurt. We came back out in the second half and played very hard, even though we were down by a large margin. We are still very proud of our young men, and believe something good will happen to them before the season ends. We also appreciate the fan support we were shown on Friday night."

Coach Dale Keeling

Calendar Of Events

- October 15 - Texas Tech Marching Festival
- October 16 - Report Cards go home!
- October 17 - Freshmen play Dimmitt 5:00 Here, Junior Varsity play Dimmitt 7:00 Here
- October 18 - Varsity play Dimmitt There 7:30 p.m.
- October 19 - Cross Country, Dumas Junior Varsity Boys and Girls, Cross Country, Midland Varsity Boys and Girls
- October 22 - FFA Meeting 8:00 p.m., PSAT Test
- October 24 - Freshmen play Tulia There 5:00, Junior Varsity Tulia There 7:00
- October 26 - Marching Contest, Lubbock Cross Country District Meet Lubbock, Varsity and J.V. Boys and Girls
- October 25 - Junior Class pre-game supper, Varsity play Tulia Here 7:30

Hard Job

One of the hardest jobs of reconversion is making a school pupil out of a vacationer. -Gerald, Boston.
