Muleshoe Fine Arts Boosters will be sponsoring a bake sale just in time for Thanksgiving.

Cakes, pies and other baked items will be on sale at ServAll Thriftway and Pay-N-Save on Saturday, November 23, beginning at 9 a.m.

All proceeds from the fund-raising venture will be used by the fine arts departments of the Muleshoe schools.

Melba Irvin, publicity chairman said, "The Fine Arts Boosters would like to thank Muleshoe residents for their continued support throughout the current school year."

\*\*\*  
The Bailey County Extension Homemakers Clubs are celebrating 50 years of service in the county with their recent publication of a cookbook.

The cookbook contains recipes gathered from women throughout Bailey County and will be a 'valued' addition to your recipe collections.

Cookbooks are available from any member of the Extension homemakers clubs or from the Bailey County Extension office in the county courthouse in Muleshoe. The cookbook is selling for only \$5 per copy.

\*\*\*  
Youth of the Calvary Baptist Church are conducting a pre-Thanksgiving bake sale. Special orders may be called to Betty Freeman at 272-3745 or Jana Jobert at 272-5414.

## Sesquicentennial

### Historic Dress

### Workshop Set

A workshop is scheduled for January 8-11, 1986, at the Inn of the Hills in Kerrville. The program will be conducted from 9-4 daily, and will focus on 'Decades of Texas Historic Dress.'

On January 8 - Texas Historic Dress, 1830-1950; January 9 - Conservation of Historic Costumes; January 10 - AM - Costume Reproductions and Community Involvement for the Sesquicentennial; and January 10 - PM - as well as on January 11 - Detail Techniques for Reproductions-Tatting, Needlepoint and Battenberg.

Deana Finck, County Extension Agent-Home Economics said for more details, contact the Bailey County Extension office at 272-4583.

**NEAR HEADON INJURES TWO**--Sunday morning, Tammy Flores, driver of the vehicle above, and Angela Davis were injured in a near headon in the 1900 block of West American Blvd. Flores was treated at WPMC and released and Davis was hospitalized for observation. Investigating officer Dwayne Haney of the Muleshoe Police Department said the driver of the second vehicle in the background was wearing seat belts and was uninjured. Neither of the occupants of the vehicle in the foreground were wearing seat belts, and both were taken to the hospital for treatment of their injuries.

## Tax Rebate Check Adding To Totals

State Comptroller Bob Bullock Friday sent checks totaling \$115.2 million in local sales tax to the 1,010 cities that levy the one-percent city tax.

Muleshoe's check was in the amount of \$24,477.48, compared to the \$24,643.59 for the same payment period last year. This brought 1985 totals to \$210,102.93, up by 10.81 percent over the \$189,611.36 from the same time a year ago.

In Cochran County, Morton received a check for \$5,027.00, down considerably from the \$6,583.35 for the same time last year. Their yearly total is up by 4.32 percent from last year at the same period. This year, the total payments are \$47,408.32, and were \$45,444.15 for the same period of time a year ago.

Littlefield shows a reduction of 0.22 percent in receipts for the past year. Their total at this time in 1984 was \$246,387.42, down to \$245,835.45 at this time. Their current payment was \$28,125.16, down from the \$29,310.25 at the same time a year ago.

To the north of Muleshoe, Friona also shows a 10.63 percent increase in taxes reported for the past year. Their current payment of \$12,061.54 is slightly above the \$11,436.36 from a year ago. At this time last year, Friona had received \$94,267.44, up to the \$104,291.14 for the same time

this year.

Houston's check for \$17.7 million was the largest, bringing total payments this year to \$141.1 million, up four percent over last year. Dallas' payment was \$13.4 million for a 1985 total of \$104.7 million, a 13 percent increase.

San Antonio received \$7.4 million, pushing 1985 payments to \$52.7 million, up 14 percent

## Water District

### Election Changes

### Are Discussed

On November 14, the Bailey County Committeemen of the High Plains Underground Water Conservation District met to discuss the upcoming January election, changes that are necessary in the election procedures to comply with House Bill 332 and other matters of interest to the committeemen.

Currently, Bailey County residents are represented on the county committee by: Tommy Haley, Lewis Scoggin, Jay Herington and Sam Harlan, all of Muleshoe; and D.J. Cox of Enochs.

During the meeting, staff members informed the committee men that in order to comply with legislation passed during the last legislative session, changes would need to be made in the years in which the committeemen were elected.

The staff explained that on August 5, the District Board of Directors approved an amendment to Rule Four, which modifies current election policies. This rule states that beginning in 1986, each county will elect committeemen only in years when District Directors are chosen for the District Director's Precinct in which the county lies.

The amendment to this rule states that counties in Precincts No. Three and No. Four will elect committeemen in Presidential Election years beginning with 1988, and that counties in Precincts No. One and No. Two and No. Five, will elect committeemen in the even-numbered years between Presidential election years beginning in 1986.

In its action, the Board stated that the purpose of these changes was to re-establish staggered and overlapping terms in office for committeemen.

Additionally, the staff discussed the passage of Constitutional Amendments No. One and No. Two, and other programs and activities of the District.

## Circle Back Baptist Plans Celebration

\*\*\*  
"A Special Day - Thanksgiving" will be celebrated at Circle Back Baptist Church on Sunday, November 24, according to Ron Linebarger, pastor.

Morning Bible study begins at 10 a.m., followed by the morning worship service at 11 a.m. Music will be provided for the morning service by the Anchor Brothers. Emphasis of the service, according to the minister, will be "America, Family and God."

At 12:15 p.m., a dinner will be served at the church, followed by an Anchor Brothers Concert at the church at 1:30 p.m. Ventriloquist Ron Linebarger and his wooden-headed chum, 'Harry Heckle' will accompany the Anchor Brothers during the concert.

"Everyone is invited to attend," said the minister. "If you would like to bring food to help with the dinner, please feel free to do so."

Circle Back Baptist Church is located four miles east of Needmore and 10 miles South-

## Thanksgiving Services For Community Set

Sunday, November 24, is scheduled to be a very 'special day' in Muleshoe. During the evening, the Bailey County Ministerial Alliance will be sponsoring the annual Community Thanksgiving Service.

Activities start at the First United Methodist Church at 5:30 p.m., with the Community-

## '85 Contest Nears End; Enter Fast

It's right down to the wire, folks, and if you plan to win the \$100 grand prize check in the annual merchant's football contest, you 'better get crackin'.'

This is it, the final chance, this week to become the grand prize winner. At least for this year.

And, again this week, there's a flip-flop in the three top winners. Each of the winners missed only two games, and were the only contestants to miss just two games. The tiebreakers were used to determine the three top spots, in order.

Winning first place was Donnie McDonald, who was 66 points away on the tiebreaker scores; in second place was Barry Lewis, who was edged out of first place by one point, with 67 points on the double tiebreaker and third place winner was James Hanson, who also missed two games, but was 71 points off on the tiebreaker scores.

Scott Calvert and Jerry D. Gleason were barely out of the contest, each missing three games, and several people missed four games in the weekly contest.

Donna Noriega is still leading with 20 points. Donnie McDonald has 17 points, followed by Gerald Shanks, who has 16 points. With 14 points are Victor Noriega and Debbie Weir.

So, this is it, get those entries in.

There will be one more contest this year, a one time 'shot' at the annual Bowl Game Contest, which will be out in December for the college bowl games, with a one time prize of \$50 for the winner.

With the first reports coming in from team captains heading up a fund raising drive for the Muleshoe Heritage Foundation, many persons from this area are interested in becoming 'charter members' of the Foundation.

Roy Whitt, who is chairman of the fund drive, said he is very pleased with the results thusfar. To this time, \$2,000 has been turned in and many cards with pledges have not been turned in as yet.

Whitt said the goal for the drive is \$50,000, and the special 'thermometer' set up on the courthouse lawn is expected to be climbing as more memberships are turned in.

"It is very gratifying to see the interest shown in the planned Muleshoe Heritage Center," said Whitt. "Most people contacted want to be involved."

R.A. Bradley, Heritage Foundation board member commented "We need all the help we can get. The Foundation needs your membership and contribution. They also need you to 'pitch in' and help with the hard work that is going to be needed to get the depot remodeled to the extent that it will be a comfortable, attractive place for senior citizens to have for a meeting place."

Adding additional comments asking for assistance, and members, was Roland McCormick, another Foundation board member.

Jenne McVicker, secretary, said that everyone who joins the

Heritage Foundation, now and in 1986, will be charter members.

She reminds that there are several membership levels; the Wrangler is for one year and is \$15; Muleskinner is one year

## Smoke-Out Adoption Is Urged

It's almost time for "The Great American Smoke-Out" and you are invited and encouraged to 'adopt a friend', or relative' on Thursday, November 21, and help them not smoke on that day.

Locally sponsored by the HERO Chapter at Muleshoe High School, the students will be adopting their parents, teachers, employers, friends and others as they encourage everyone to join 'The Great American Smoke-Out' for the day.

The 1985 goal of the Great American Smoke-Out is to get at least one in every five smokers to give up cigarettes from midnight to midnight on Thursday, November 21. However, those getting a late start on Thursday will be permitted to extend the 24-hour period as long as necessary past the midnight deadline in order to get in a full day.

The Great American Smoke-out is in its ninth year as an annual nationwide celebration. The first mass movement by smokers to give up cigarettes was led by Lynn R. Smith, editor of the Monticello (Minn.) Times in his hometown in 1974.

Smith's idea, "D-Day", quickly spread throughout Minnesota. In 1976, it skipped west to California where it became known as the Great American Smoke-Out. In 1977, the Smoke-Out was observed for the first time nationwide.

According to the American Cancer Society, in 1984, more than one third of American smokers attempted to give up cigarettes on 'Smoke-Out Day.' According to a survey conducted by the Gallup organization, almost 10 percent (5.4 million) succeeded for a full 24 hours. One to five days later, more than five percent (3.1 million) were reportedly still not smoking.

The local HERO chapter has adoption papers available. Contact MHS and ask for adoption papers, agreeing to taking up a smoker for that day, and help them forego cigarettes for 24 hours. HERO will provide the adoption as per requests. Help them help a smoker.

**SPINA BIFADA BENEFITS FROM BASKETBALL**--It was all in fun -- for a very serious cause, when the Muleshoe coaches played the Harlem Thrillers in a benefit basketball game last Friday night. Spina Bifada patient (in the wheelchair) Chris Funk, was on hand again this year. Shown with him is his father, Terry Funk. They are from Shallowater.

**IT'S TIME FOR COTTON GIN FIRES**--Monday night, firemen from several local and area fire departments responded to a call for 'help' from the Clay's Corner Gin. Fire broke out in a mote trailer and quickly spread to several trailers of cotton waiting to be ginned. Trailers were hauled across the highway from the gin and the cotton dumped, allowing firemen to easier extinguish the stubborn fire. Five or six cotton trailers were involved in the fire.

**Soybean Prices Could Improve**

Although worldwide oilseed stocks are still bulging, soybean prices could improve a bit in the coming months.

After a long downward trend since last spring, soybeans prices appear to have bottomed out, points out Johnny Fearan, economist with the Texas Agricultural Extension Service, the Texas A&M University System.

Feagan says the following factors should help the soybean market in the next few months: the U.S. dollar is finally decreasing in value, making exports more competitive; an abundance of oilseed supplies are available at a bargain, and lower prices tend to encourage purchases for present and future use; and the demand for soybean meal has increased considerably.

Feagan expects soybean exports to increase a bit in 1986 over this year, and he also anticipates some increase in domestic usage of soybeans. Both of these situations should help reduce U.S. stocks to a degree. Also, more soybean meal should be used in animal feed in the coming year due to

an improved soybean meal-to-corn price ration, says the economist.

Soybean harvesting is currently under way in the Midwest as well as in Texas although recent rains have caused delays in the Texas plains, in East Texas and along the Upper Coast. Only about 30 percent of the Texas crop is in, with lodging causing some losses and wet weather reducing bean quality.

Texas farmers could end up harvesting only about 300,000 acres this fall, 50,000 less than were planted, notes Feagan.

Every time an official makes a decision, at least half of the participants in the contest will be adversely affected. It's the nature of the job, and it demands a special type of courage and discipline. The only time we agree with the official is when the call goes our way. This season, make a special effort to express to the officials your appreciation for the outstanding job they do every week.

**Michigan, Ohio State Scramble For Title**

The scramble for the title in the Big Ten Conference is still going on, so we'll only pin-point the game involving two of the scramblers, Michigan-Ohio State.

The Rose Bowl and league championship may not be the prizes for the winner this year as in the past, but it's very probable. Either the Buckeyes or Wolverines have represented the Big Ten in 15 of the past 17 Rose Bowls.

Ohio State beat Michigan in the traditional finale last year 21-6, then lost to Southern California in the Rose Bowl. This year, Michigan has been tied by Illinois and beaten by Iowa. Ohio State was beaten by Illinois. The Wolves are this year's host, and we're picking them to be this year's winners.

With Southern California ineligible for anything in the Pac-10 Conference, it appears that only two, possibly three teams still remain in the title picture, U.C.L.A., Arizona State, and Washington. However, if the Sun Devils and Bruins are both upset on this final Saturday of league com-

petition, then get out the computers. Key games feature Arizona State hosting Arizona, U.C.L.A. at Southern Cal, and Washington entertaining pesky Washington State. And we're still too stubborn to pick a conference champion.

The Harmon Picking Percentage is staying rather static: through Saturday, November 9th, the rights out-numbered the wrongs 1,336 to 478 (there were 39 ties) for a .736 average.

Texas is at home against Baylor and S.M.U. plays at Arkansas. These are two big-decision games in the Southwest Conference that relate directly to the conference crown. Texas A&M has the week off. Favorites: the Razorbacks and Baylor Bears.

Finally, Oklahoma whipped Nebraska last season 17-7, and the home-standing Sooners are favored to do it again. However, Oklahoma still has Oklahoma State on the immediate horizon next week. The Sooners must win both for the Big Eight championship.

Mr. and Mrs. Harold Layton of Dell City came Thursday night and visited his mother, Mrs. Etta Layton and son Robert, her daughter, Mr. and Mrs. Jerry Nichols and family in Muleshoe.

Mrs. Louise Newton visited her mother, Mrs. Zelma Fred in Morton Sunday.

INTERESTING NEWS OF THE BUILDING OVER OUR CITY  
The new court house will soon be completed and will be a thing of beauty and the pride of the whole county. It is expected that the finishing work will be completed about Christmas. Workmen have been busy for the past few days straightening up the grounds around the building. The concrete walks around the square add much to the looks of the building and grounds.  
The new high school building has been completed and school has moved in and is well organized by this time. This building is a credit to a town of many times the size of Muleshoe.

## Senior Citizens

Twenty-five members of the Muleshoe Senior Citizens met at the fellowship hall of the First United Methodist Church for a covered dish luncheon with two guests from the nursing home, Mrs. Roark and Glen Williams, who gave the invocation. Dorann Jones, Church secretary, and Mary Nunn, Church Youth Director, were also present.

Glen Williams gave the program on "Thanksgiving". "Reminded us of the tremendous price the Pilgrims paid to celebrate Thanksgiving the second year they were in the United States. We have so much to be grateful for-daily we should Thank God for the Freedom we enjoy as American Citizens."

He also reported on the progress and use of the van for Senior Citizens--Meals on Wheels and what work is still going on to re-vamp the Depot and to get Muleshoe Ranch House and Cook House moved into town.

The meeting was presided over by Mae Wilterding. Minutes of the September meeting were read and approved. There was no meeting in October.

The next meeting will be on Dec. 16th, at which time election of officers for next year will be held.

Meeting was adjourned with the singing of "Blest Be The Tie".

## Creative Living

with Sheryl Borden

Information on the Reynolds Cooking Fold, pain clinics, and buying a hot water heater will be presented on "Creative Living" on November 26 and 30. Vickie Jones, Marketing Home Economist with Southwestern Public Service Co. in Roswell will discuss some important considerations for buying a hot water heater.

Cathy McCreery, home economist with Reynolds Metals Co. in Dallas, Texas will demonstrate a fast, easy way to prepare delicious healthy meals. It's called the Reynolds Cooking Fold and it is a high temperature cooking method for preparing light individual entrees.

One of the guests is Dr. Richard Sternbach, La Jolla, California, and he is recognized as one of the country's foremost experts on pain and pain management. He will be joined by Dr. David Schwartz, who is the Director of the Margaret W. Strong Pain Clinic in Santa Fe, and they will talk about pain clinics and what they hope to accomplish.

Colorforms toys and games, chic paper bag art and using Dairy Sweet will be discussed on the show on November 28. Diane Creston is the spokesperson for Colorforms and the Vice President of Richard and Edwards Public Relations, Inc. from New York. Diane will show some of the new line of

products from Colorforms, which is based on the same design concept of basic shapes and primary colors.

Butch Krutchik, the New York artist who works with brown paper bags to create chic paper bag art, will be back to show ideas and suggestions for home entertaining ideas.

The first guest will be Helen Pruett, home economist with the Milnot Co. from St. Louis, Missouri. She will demonstrate a new product, Dairy Sweet, that will provide the same flavor and consistency as the more expensive brands of sweetened condensed milk.

**Be Cautious With Freezer Meat 'Bargains'**

Well-advertised "bargains" on freezer meats may not save you any money, says a Texas A&M University Agricultural Extension Service Specialist.

When buying meat in quantity for a freezer, price alone doesn't tell the story, says nutritionist Marilyn Haggard.

A 300-pound carcass at 49 cents a pound will cost \$147. But you can lose one-third or more in cutting and trimming. So the 200 pounds of meat actually cost 73½ cents per pound, she says.

"Many low-priced carcasses will give meat suited only for hamburger, stews and similar dishes," notes the specialist. "Steaks and roasts from them would be tough and disappointing."

Haggard explains that even in high-quality carcasses, one-fourth of the meat can be expected to be steaks. Another fourth will be roasts (most of them chuck), another fourth stew meat and hamburger. The remainder is loss in bone and fat.

The specialist encourages shoppers to look for a stamp shaped like a shield rolled in a long line down the length of the carcass. The stamp will say "USDA Choice" and indicate very good table quality.

"Much of the meat sold at bargain prices is not choice, in spite of advertising claims," she adds.

"Buying in large quantities can be convenient, but may not save you any money," observes Haggard. "When you consider the loss in cutting and questionable meat quality of many bargain offers, you could do as well or better to simply shop at the sales in local markets."

**Jackson Presents Study Club Program**

The Muleshoe Study Club met Thursday, Nov. 14 in the meeting room of K-Bob's with Mrs. Joe Costen as hostess.

Mrs. Ruby M. Jackson from the State Department of Highway and Public Transportation showed slides on why seat belts should be used.

Mrs. Jackson stated that automobile accidents is the No. 1 killer in the state. "There are 40 to 50 thousand deaths a year and this is equal to a 727 jet liner crashing every day. There are five deaths every 10 minutes."

"There are 18 million accidents a year, one each time your heart beats. A life expectancy has reached about 75 years at this time and in this life time we could be in two accidents. Statistics show that one out of every 60 people born will be a fatality in an accident."

"It is against the law to drive any faster than safe conditions allow, even if there is a speed limit. The faster you travel, the greater the chance you may have an accident. When you drive from 20 to 60 miles an hour, the impact is nine times greater."

"Speed wastes gas. At least 4000 lives have been saved

since the speed law went into effect.

"When in an accident, you could hit the dash at 10 times your speed, if you don't have your seat belt fastened. There is less than one half of one percent of accidents that are followed by fire or being submerged."

Do you need seat belts in town? Three out of four accidents happen within 25 miles of home.

"Compare yourself to a quarterback on a football team—he can be sacked at anytime. So you can have an accident at anytime."

"Approximately 3500 people die in automobiles that are equipped with safety belts. About half of these would be saved if they only would "Buckle Up". The "Click" of the safety belt may mean the difference in life or death."

Due to the illness of Mrs. Shain, Mrs. Doyle Turner called the meeting to order. Mrs. White read the minutes of the previous meeting.

Members present were Betty Jo Carpenter, Mrs. T.R. White, Mrs. John Agee, Mrs. Wesley Glover, Mrs. Turner and the hostess, Mrs. Costen.

The next meeting will be at Mrs. T.R. White's home with a Christmas dinner for members and their guest. Gifts will be exchanged and also gifts for Girlstown will be collected.

Formed some six years ago, The Anchor Brothers Band is home-based in the Sudan area. Members include Kenneth Richards, vocal and bass guitar; Reydon Stanford, vocal and keyboard; Dean Richards, vocal and percussion; Jerry Howard, lead guitar and W.T. Watson, steel guitar.

Kenneth Richards said the band plays for only two reasons; first, to proclaim that God is not dead; and secondly, to be an uplift to the believer through gospel music.

The Anchor Brothers Band averages about 70 concerts yearly, singing at churches, banquets, civic meetings, gospel meetings, and the South Plains Fair at Lubbock.

They have just released their seventh album, a special Christmas album entitled "A Christmas Card In Song." Included on their recordings are several old-time favorites, as well as new arrangements written by members of the band.

Kenneth Richards and Reydon Stanford received honorable mention in Nashville for their song, "He Knows My Name" and for the last two years consecutively, The Anchor Brothers have been nominated as "Group of the Year" of the Southern Gospel Music Association for the State of Texas.

year's total to \$31.8 million, up 11 percent. El Paso's November check for \$2.6 million pushed total payments to \$19.6 million, 16 percent over 1984 payments.

Bullock also sent checks totaling \$50.2 million to the state's five Metropolitan Transit Authorities. Houston's MTA received \$20.9 million for total payments of \$162.5 million in 1985. Dallas' DART check was for \$19.2 million, bringing 1985 payments to \$144.6 million.

Austin's Capital Metro's third check for \$5 million brought yearly payments to \$9.9 million. VIA in San Antonio received \$3.9 million for a 1985 total of \$29.1 million. Fort Worth's MTA check for \$1 million pushed payments this year to \$7.5 million in 1985.

November checks represent taxes collected on sales made in September and the third quarter and reported to Bullock by October 20.

Mrs. McVicker said many people are interested in the two major memberships as a memorable way to give a 'special tribute' to loved ones, now deceased. She added that all contributions are tax deductible.

As a final note, Whitt said, "when you are contacted by a term captain, please give your contribution with very careful consideration, because the Heritage Foundation needs your help with this very worthwhile project, which has been undertaken. I would also like to thank each of you who has contributed and every team captain and worker who is helping with this drive."

**4-H Offers Leadership; Youth Skills**

With around 140 different projects to choose from, boys and girls are actively sought to enroll in 4-H, say Bailey County Extension Agents Spencer Tanksley and Deana Finck.

Boys and girls in the third grade, or between the ages of nine and 19 and who are interested in real-life experiences and gaining skills in home economics, agriculture, or related areas, are eligible to join 4-H.

Tanksley and Finck say 4-H youth are an organized group of boys and girls who participate in projects and activities, elect officers, and develop their own programs with the help of adult volunteer leaders.

There are no membership fees, however, each member finances his or her own projects. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

According to the extension agents, 4-H helps boys and girls become better leaders and citizens, to take part in group activities with friends, learn new skills and ideas, and to become well developed individuals through wise guidance in varied experiences and projects.

For more information, contact the County Extension Agent's office in the Bailey County Courthouse or call the Extension office at 272-4583.

For the month of November, ASCS County Executive Director Danny Noble has released the following information:

**LIEN SEARCHERS**

If you intend to get a commodity loan prior to January 1, 1986, be sure to come in to the ASCS office as soon as possible because lien searches will be a hold up, reminded Noble.

He said they are required to search for liens on every loan disbursed. They are also required to search the records in every county where the person seeking to obtain the loan has a farming interest, plus the Secretary of State's office in Austin.

Where liens are recorded, a lien waiver will be required. The producer may be able to speed up the service on the loan by bringing a lien waiver in when they first go in to the ASCS office.

Noble said, "Be sure and don't wait until the last few days of this calendar year and expect your loan to be disbursed prior to January 1, 1986."

**INTEREST RATE**

The Loan interest rate for November is 8.000 percent.

**MAINTAINING ACR**

Noble also commented, "Please remember that the 1985 farm program does not end until December 31, 1985, as far as proper maintenance of your set aside acreage is concerned.

"We will continue to spot check this acreage throughout the remainder of this calendar year. So please do not fail to properly care for your set aside (ACR). It could cost you

program benefits."

**FINAL DIVERSION PAYMENTS**

"We hope you have made all final diversion payments as of

this date," continued Noble.

If for some reason you did not receive a diversion payment and think you should have, please contact the ASCS office in Muleshoe.

**FARMERS AND RANCHERS**

Farmers and Ranchers, have your creditors been "Sweet Talking" you into voluntary liquidations by playing on your guilt feelings? Many creditors are pressuring to remove their "Shaky" patrons by applying pressures (psychological) to try to "Talk" you into throwing in the towel and putting you in a mental state which encourages you to give in. Are you or are you not a good manager to operate your business profitably in decent economic times? Of course you are, so why not do something to save your operation? Don't allow these people to "Sell you down the river" with o without consulting the experts who know how to help you save your assets.

## Band Beats It's Drum

The Mighty "M" is really working hard! They have been having fun while practicing for their upcoming concert. They have also had Jazz Band tryouts and started jamming on some really awesome music.  
 The Christmas Concert will be on December 19 at 7:00 p.m. in the High School Auditorium. Beginning Bands through High School Band, plus Jazz Band, will be performing.  
 The band is also planning a Christmas Banquet. It will be on December 17 at 7:00 p.m. at Leal's. They have chosen as their speaker "Mother" Bartley. He was in charge of the daily assemblies at Texas Tech Band Camp and was extremely interesting. He has a great sense of humor and promises to be a lively addition to the party!  
 Besides practicing and planning for the banquet, the band still honors a different student weekly. This week Diana Martinez was honored as Player of the Week. She is a senior and she plays alto sax. She is also a member of the Jazz Band. We would like to encourage her and the others to keep up the good work!!!

## Eighth Grade Ends Season

The 8th grade boys went into their last game with confidence. Tulia and Littlefield had had a good game. Tulia came out with the win 12-0. The 8th Mules played Tulia in Mule "Territory" the next week; they defeated the Tulia Hornets 6-0. Last year they beat the Mules 26-6 and the Mules were in Hornet territory. So there was much confidence as the Mules went onto the Littlefield football field. The start was good as the Mules scored on the kickoff but

it was called back because of a clipping penalty. The Mules played a good defensive game most of the night the 3rd quarter when the Wildcats scored. The Mules had to come back. In the fourth quarter with 1:41 seconds the Mules were on the 18 year line and threw for several completions for 82 yards and scored! The extra point attempt was no good and the game was over with a score of Wildcats 8 Mules 6.

## Mules' 'B' Team Ties Hart

Thursday night the eighth grade B-team Mules traveled to Hart to take on the Longhorns. The Longhorns had only lost one game all year and so they knew it would be a tough game. The Mules received the opening kickoff and confidently moved the ball down field by a combination of running and passing. Frank Precure, Dante Coone, Lonnie Wilhite, and Clarence Lewis were accounted for most of the Mules yardage.

The drive was stalled by three consecutive fumbles and Hart took over. The more experienced Longhorns took command of the game on long runs. They led 27-0 at the half.  
 The second half was a different story. The Mules played Hart to a 6-6 tie for the second half. The Mules scored on a 40 yard by Dante Coone. The final score was 33-6. It was the Mules best game of the year.

## Seventh Grade Ties Littlefield

Last Thursday the seventh grade Mules traveled to Littlefield for the last game of the season. The Wildcats received the ball, driving down the field for the first touchdown of the game. The Wildcats made the two point conversion and the score was 8-0. The Wildcats kicked off to the Mules and Rodney Reynolds took the ball and ran it to the Littlefield 10. Eric Richardson then scored the Mules first touchdown. The two point conversion failed and the score was 8-6 at half time. In the third quarter the Wildcats scored again bringing the score 14-6. The Mules scored again in the fourth quarter with a pass from Larry Gonzales to Beto

Diaz. John Paul Garza ran for the two point conversion giving the Mules 14. The game ended in a 14-14 tie.

## Mules Thank Their Coaches

The Mules started the season badly with five straight losses, but was soon to come back with a 42-6 win over the Bobcats. The next game provided a 6-0 win over the Hornets. The last game was good, but not good enough with a 6-8 loss to the Wildcats. (An added comment by the 8th grade Mules-"we are going to be sad by leaving Jr. High and Coach Donaldson and Coach Carver, but we'll be looking forward to a good Freshman year!!) The 8th boys would also like to thank Coach Donaldson, Carver, and Nelson for being three of the best coaches ever!!!

## G/T Provides For Activities, And More Skill

G/T provides skills for the above average student. These activities are not offered in the regular class.

This class goes beyond average assignments. These assignments provide such educational skills as productive thinking, creative problem solving, and analysis and evaluation of advanced reading.

The class goes on fieldtrips, has special projects, and studies movies using video cameras for projects. The class does creative or intellectual puzzles and learns advanced vocabulary. They use kits and learning centers for independent study. The G/T class does many interesting and educational activities.

## Migrant Program Provides 'Extras' For Some Students

The Migrant program provides supplementary educational services to students who have moved from one school district to another with a parent who is seeking temporary or seasonal work.

In Jr. High, there are currently 110 migrant students, each of whom has made a migrant move during the last six years. Sixty-four of these students have come to room 21 (the Migrant station) for tutoring in one or more of their school classes.

Mrs. Espinoza, Mrs. Reyna, and Mrs. Gardea are available to help the students who are sent from regular classes, or come from study hall.

In our Migrant program, we try to help students learn to succeed in their regular classes.

## Caution Given On Who's Who; Possible Scam

Over the years we have had numerous inquiries from students and parents who have been asked to fill out questionnaires for possible inclusion in a "who's who" publication.

The following is quoted from the bulletin of the National Association of Secondary School Principals who investigate and approve or disapprove contests involving students.

"The committee does not list organizations or programs that solicit student names and claim to honor students by publishing their names in volumes usually titled 'who's who,' 'distinguished,' 'outstanding,' or the like, and who derive much of their revenue from sale of these publications. In the committee's opinion, any recognition accorded students through mere inclusion in such a publication is of little or no value. The committee has also found that most of the organizations sponsoring these programs are commercial in nature, having no connection with educational, philanthropic, or professional associations."

Typically, these organizations try to sell these books to the students who names they have included, and this is the only "honor" the student derives from it.

## RECIPE

By Sarah Ann Sheridan

### Stuffed Hotdogs

- 1 pkg. hotdogs
- 2 c freshly mashed potatoes
- 1 T butter
- 3 or 4 T hot milk
- 1 egg, well beaten
- salt and pepper
- 1/2 c grated American cheese
- Two or three kinds of canned vegetables
- Seasoning for vegetables

Heat but do not boil the hotdogs.

Add butter and milk to mashed potatoes. Whip until very fluffy. Add egg, and season with salt and pepper.

Split the hotdogs lengthwise without cutting all the way through. Heap the potato mixture on the hotdogs. Sprinkle cheese

over the top.

Place in a baking pan brushed lightly with salad oil. Arrange the hotdogs in the center and bake in an oven 450 degrees until the potato is nicely browned. Remove pan and arrange vegetables that have been heated and seasoned to taste around the hotdogs.

Whole kernel corn, butter beans and whole beets are a nice combination.

Your high school has joined approximately 1160 other schools across Texas to establish and maintain minimum standards for athletic participation. These standards insure that contests remain educational, equitable and purely amateur. When the game has ended and the season passed, the participants will have more to show for their many efforts than sore muscles.

## Damp Weather 'Slows Down' Cotton Harvest

Fog and generally damp weather covered the Texas Plains most of this week. Harvesting slowed sharply. Several gins caught up quickly, because backlogs of seed cotton were small. Others continued to operate from modules, said Mack Bennett, Area Director of USDA's Marketing Services Office at Lubbock. Open weather returned Friday.

USDA's Lubbock office classed 94,400 samples during the week ended Thursday, November 14. This brought the season's total to 133,000 and compares with 116,000 classed by the same date last year, Bennett continued.

The week's predominant grades were grade 42 at 50 percent and grade 52 was 39 percent. About 18 percent was reduced one grade because of bark.

Predominant staples were staple 31 at 33 percent followed by staple 32 at 28 percent and staple 33 was 17 percent. The average was 31.8 thirty-seconds

of an inch. Micronaire 35-49 was 73 percent, 33-34 was 14 percent and 30-32 was 10 percent for an average of 37.

HVI breaking strength averaged 24.7 grams per tex at Lubbock during the week ended Thursday.

Growers sold some 1984 crop loan equities at \$5 to \$10 per bale, mostly \$5. Light volumes of 1985 crop of mostly grades 42 and 52, staples 31 and 32, mike 35-49 brought growers 100 to 200 points over loan.

Gins paid growers \$46 to \$80 per ton for cottonseed, mostly \$55 to \$56. The average was \$60.

USDA's Crop Reporting Board estimated U.S. cotton production for this season at 13.875 million 480 pound bales. The estimate was based on crop conditions November 1 and was up 233,000 bales from a month earlier. The Texas crop reporting district number 1 (covering the Texas High Plains) was estimated at 2.275 million, up 185,000 bales.

### Quincy Standmire Services Held In Morton

Funeral services for Quincy Standmire, 73, of Morton were held at 2 p.m. Wednesday, Nov. 20 in the New Trinity Baptist Church of Morton with the Rev. Lou Balenton, pastor, officiating.

Burial was in Morton Memorial Cemetery under the direction of Ellis Funeral Home of Morton. Standmire died at 8:30 p.m. Saturday in the Methodist Hospital in Lubbock.

A native of Coolidge, Standmire was born Sept. 1, 1912, and moved to Morton in 1952, from Groesbeck. He married Birdie Mae Kelley on Aug. 6, 1933, in Groesbeck. He was a general laborer.

Survivors include his wife, Birdie Mae; two sons, Willie Roy Standmire and Kriece Standmire, both of Morton; five sisters, Olivia Johnson of Groesbeck, Cora Smith of Mexia, Pinky Slayton of McCamey, L.T. Butler of Groesbeck and Mable Standmire of Houston; two brothers, Willie Irvin Standmire of Hempstead and Herbert Stroud Standmire of Waco; 10 grandchildren; and six great grandchildren.

### Fred E. Peat Services Held In Kansas

Services for Fred E. Peat, 94, were held at 2 p.m. Wednesday, Nov. 20 in the Christian Church of Fowler, Kansas with the Rev. Tom Walters, pastor, officiating, assisted by the Rev. Martin Selley of Oakley, Kansas.

Masonic graveside services were held in Fowler Cemetery at Fowler, Kansas. Burial was under the direction of Ellis Funeral Home of Muleshoe. Peat died at 6:35 a.m. Sunday in West Plains Medical Center.

A native of Conway Springs, Kansas, Peat was born on Aug. 24, 1891, and had been a resident of Muleshoe one year moving from Fowler, Kansas. He was manager of Co-Op Grain Elevator at Ensign, Kansas from 1933, until his retirement in 1959.

Peat was a member of the Christian Church at Fowler, Kansas, a charter member of Ensign, Kansas Masonic Lodge 63 year member and Past Master, a member of the Eastern Star, other Masonic Orders, Shrine Consistory, Scottish Rite at Wichita, Kansas, Knights Templar Dodge City, Kansas, Moose Lodge at Dodge City, Kansas. He married Lilith Reed on June 4, 1916, in Fowler, Kansas. She died July 31, 1984.

Survivors include two sons, Clinton Peat of Muleshoe and Llewelyn Peat of Garden City, Kansas; one daughter, Mrs. Mildred M. Edbert of Goodland, Kansas; eight grandchildren; and 11 great grandchildren.

High school sports help young people learn the importance of working together, not only on the playing field or court, but in day-to-day living. Each athlete has earned the right to participate by meeting minimum eligibility standards and by agreeing to abide by a demanding code of behavior that stresses self-discipline and places the concerns of the team above self-interests.

**A HOLLOW SHELL**

What a profound symbol of emptiness, a hollow shell from which the life kernel has been removed.

Its purpose for existence is gone; it is fit only to be cast on the rubbish heap.

Sometimes life is like that — an empty shell from which the life force has been removed. It has no meaning and no purpose; it seems to have no conceivable end but the grave. This is a picture of life without God, a shell from which the kernel of meaning has been removed.

God has made us for Himself and we are empty until filled with His presence. Only God can make human life meaningful. God's gift to lead us to this meaning is His Church. Go to Church Sunday and open your life to the One who will fill it with significance.

EVERYONE IN THE CHURCH  
THE CHURCH IN EVERYONE

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure.

Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church in everyone!

## SANDHILLS PHILOSOPHER

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Acres reacts to Royalty this week.

Dear editor:  
I remember reading somewhere a good while ago that right after the American revolution when the United States was getting started some people wanted George Washington to become a King instead of a President.

Apparently there are people around today who wish he had.  
I base this on all the hoop-la stirred up by the recent U.S. visit of Prince Charles and his wife.

For example, Brooke Shields, who I'm told is a movie star and blue jeans salesman, on getting to attend a dinner for the royal couple, said "This is like a dream come true." I guess she

hadn't been sleeping well and was hard up for dream material.

She wasn't by herself. Congressmen, cabinet members, movie actors, socialites, all were biting their nails and pulling strings to get invited to dinner parties for the royal couple so they could I guess tell their grandchildren they got a close-up look at a young couple who have all the tax-supported luxuries you can imagine without having to hit a lick of work. You see, being a Royal Prince in England is like being a Vice President in the United States. There isn't much to do that matters.

Some people point out that getting excited over royalty is normal and they cite the widespread custom in this country of electing Homecoming Queens, Blackeyed Pea Queens, Cucumber Queens and, as far as I know, Cumquat Queens. But nobody takes it seriously.

In England, the King and Queen business is taken very seriously. I guess it's something to do, since they don't have professional football.

Yours faithfully,  
J.A.

## Three-Way News by Mrs. H. W. Garvin

Mr. and Mrs. Adolph Wittner were in Lubbock Monday shopping.

Mr. and Mrs. H.C. Toombs were in Lubbock Thursday and Friday where Mrs. Toombs attended a postmasters seminar at Holiday Inn.

Mrs. Bobby Kindle spent the week end in San Angelo visiting her daughter Robin Kindle who is a student at Angelo State University.

Mr. and Mrs. S.G. Long returned home Saturday after a weeks vacation at Durango, Colorado with the Carl Millers of Canyon.

Rev. and Mrs. Floyd Bradley from Plainview spent the week end with the Adolph Wittners. Dr. Bradley is teaching a prayer seminar at the Three Way Baptist Church.

## ABOUT YOUR HOME

Use juices from canned vegetables to flavor soups and gravies. They add vitamins and minerals.

Water your evergreens now even though the weather is cooler. Ample water now will prevent yellowing of leaves in February.

What a mess when food boils over in the oven. Sprinkle a little salt over the burned surface. This will stop smoke and odor and aid in cleaning.

Keep toddlers entertained when it's time to prepare the evening meal by giving them various sizes and colors of plastic containers and lids. This gives them a feeling of being a part of kitchen activity.

Is your iron beginning to stick to starched clothes? Rub it over a piece of waxed paper.

## Comment On Sports

**BASEBALL** By Pete Fritchle

WASHINGTON, D.C. -- The rule change suggested by baseball commissioner Peter Ueberroth for utilization of the designated hitter is desirable.

As the World Series is played today, one year a DH is used, the next he isn't used--in all seven games. Ueberroth would change that to make it work like this:

In games played in American League parks, the DH rule would always apply. In games played in National League parks, National League rules would apply. Makes sense. That avoids handicap-

ing American League teams in all seven games in any year. It's logical and would even out--for three games are scheduled in one league every other year, and vice versa.

American League pitchers shouldn't be forced to hit in all seven games of any World Series. The A.L. team is then playing the whole series, the most important in the game, at a disadvantage.

For National League clubs, the use of a DH isn't that much of a handicap; all clubs have a good hitter that can do a better job at the plate than a pitcher.
