Around Muleshoe

Muleshoe High School junior and senior students and their dates have been invited to attend the Junior-Senior prom, sponsored by the parents of the seniors and juniors on May 17 at the Civic Center, 10 p.m.-1 a.m.

Formal dress will be required and tickets are \$11 and may be purchased from Sue Bessire at Bobo Insurance Agency; Linda Washington or Rosemary Bell at Lookin-Good or Melba King of Western '66'

Music and entertainment will be provided by Hi Fi Jam Box, a disc jockey from Lubbock, who features special effects and different types of music.

On Sunday night, Sheriff Bob Henderson, along with Deputies Jerry Hicks and Jim Esquibel, were called to the Bula community to investigate a domestic problem, reported to involve a shooting.

One shooting victim was apparently taken to a Littlefield hospital by private vehicle before being transferred to a Lubbock hospital for treatment of shotgun wounds to a foot.

The officers said the investigation, which apparently involved family members, was continuing.

Sunday morning, Mrs. Weldon (Monnie) McBride of Plano; and Mrs. Kirk (Carolyn) Herrington; Mrs. Don (Gayla) Malcolm and Candy Malcolm, all of Cozad, Neb. returned to their homes after visiting for several days in the home of their mother and grandmother, Myrtle Creamer; and with Cleta Williams a sister and aunt. ***

The class will conclude on August 21, and will be conducted on Mondays and Thursdays, 6:30-10:30 p.m. at Citizens State Bank in Earth. Cost for the EMT course is \$165, plus \$18 for the textbook. Students should plan to pay at least one third of the tuition on the first night of the class.

EMS personnel who are with a rural volunteer service qualify for enrollment in these classes at no tuition charge. Continuing education credit is available for currently certified personnel at \$2 per clock hour.

Navy Seaman Recruit R.G. Bennett, son of Mr. and Mrs. R.G. Bennett III, had completed recruit training at Recruit Training Command, San Diego. During Bennett's eight week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the navy's 85 basic fields.

CHANTEL ROBISON **Lions Sweetheart** Will Participate In 2T2 Pageant

Muleshoe Lions Club Sweetheart, Chantel Robison, will be among 28 high school girls attending the District 2T2 Lions Club Convention and Queen Pageant in Lubbock, Friday and Saturday, April 25-26. Scheduled for 3:30 p.m.

Saturday, the Queen Pageant will be at the Holiday Inn Civic Center. The Pageant will be followed by the Governor's Banquet.

Chantel is the daughter of Mr. and Mrs. Wendell Robison. She is a junior of Muleshoe High School.

Final Baseball Signup Slated Thursday Night

Last and final signup for the 1986 Muleshoe Youth Baseball season will be Thursday, April 24, 7-8 p.m. at the Muleshoe Fire Department. A meeting will follow, and all coaches are asked to attend, in order to discuss the season, schedules, umpires and teams.

Any player not signing up on or before April 24, will be charged a penalty fee of \$5 to special order the shirt and cap, or uniforms.

One group is lagging! Interest is needed in order to field girls' softball teams. Very few are signed up and more are needed. If there is to be a girls' softball league, then definite interest will have to be shown - and quickly. Discussion will be held on lowering the age bracket so more girls can play. Any interested parties need to attend. the meeting.

Anyone interested in umpiring, either full or part time, please attend the meeting or contact Jerry Redwine.

Uniforms, shirts and caps will be ordered on Monday, April

Tryouts for Bronco League will be Saturday, April 26 at 2 p.m. at Roger Miller Park. All new players in Bronco League will be asked to attend and to bring a glove.

Cont. Page 6. Col. 1 Heritage Plans Are Explained **To Rotarians**

Curtis Shelburne had the program Tuesday at noon for the Muleshoe Rotary, and introduced Roland McCormick and Magann Rennels of the Muleshoe Heritage Foundation.

They explained the background of the Muleshoe Heritage Foundation and told how the group was formed and for what purpose. The duo explained the plans the Foundation has to make the former Santa Fe Depot a Senior Citizens Center.

They also announced plans for the Muleshoe Ranch Cookhouse, scheduled to be moved to the Heritage Center east of the Bailey County Coliseum.

McCormick and Rennels also discussed the upcoming celebrity auction to obtain funds for renovations of the buildings being moved to the Heritage Center location.

Guests at the meeting were Mark Williams, Velda Wilcox, Dr. Henry Muyshondt and Annette Bonds.

Also discussed during the meeting was the District Assembly, to be held on Saturday in Plainview. Members planning to attend are asked to contact Bill Liles.

Jennyslippers Re-Schedule Walkathon

Due to cold, windy and rainy conditions in Muleshoe last Saturday, the annual Muleshoe Jennyslippers Walkathon has been postponed to this Saturday. May 26 at the new city park, at 2 p.m.

With the one week extension, the Jennyslippers said there's still time to pick up a sponsor sheet at the library, the schools, Poynor's, Perry's and Ben Franklin and enter.

Following the Walkathon, pledges are to be turned in by Wednesday, May 7 at the Muleshoe Public Library and prizes will be presented on the courthouse parking lot on Sat-urday, May 24 at 10 a.m.

The Jennyslippers hope to be able to obtain enough funds to pay for the July 4th fireworks, as well as to help with other projects, including the Texas Sesquicentennial.

A&M Head Athletic Trainer Speaker For Aggie Muster

What is luck? According to ment, "Luck comes by work, of the year is scheduled, and a lot of hard work." unplanned and unannounced

Pickard was special guest for the second year in a row for members of the Texas "Aggies," when he spoke to the local group at the annual Aggie Muster on Monday night.

"Our footbal! players worked very hard to be lucky." com-mented Pickard when speaking of the team that won the Southwest Conference Title, then went on to win the Cotton Bowl contest on January 1.

Luck, as defined by Pickard, included having a coach like Coach Sherrill, who the speaker said has never received the recognition he deserves for outstanding work with the football teams.

"Since Coach Sherrill has been there (A&M) he has been responsible for obtaining play-ers with character," added Pickard. "Recently, 106 players were in Dallas for eight days and stayed at the Hyatt-Regency Hotel. Not even so much as a washrag was reported to be missing. The players tore up nothing, and it is all due to Coach Sherrill."

The more than 35 local and area people at the banquet enjoyed Pickard's humor as he told different stories about athletics and the athletic department of Texas A&M.

How does irrigation pumping plant efficiency affect water cost?

Every irrigation pumping plant consists of a pump and a power unit. Deep-well turbine pumps driven by internal combustion engines, that is, engines using natural gas, diesel, propane, or gasoline for fuel, have a third component, a right-angle gear drive.

Each part of the pumping. plant has an efficiency less than 100 percent, which means that part of the fuel does not produce useful work. An efficiency standard established for irrigation pumping plants states that a diesel-powered pumping plant should have 20% overall operating efficiency, or better. The overall efficiency for electric-powered units should be at least 66% and for natural gas-powerded units, 17%. Thus a "good" diesel-powered pumping plant "wastes" 4 out of every 5 gallons of diesel fuel consumed.

Tests of irrigation pumping plants on farms show that the typical unit achieves an efficiency equal to only 65 to 70% of the standard. This means that fuel costs for the typical pumping plant are 30 to 35% more than they should be. Some pumping plants are "fuel hogs," using as much as eight times more fuel than they should.

Poor performance may be the result of improper pump or power unit selection or wear on the pump or power unit, or both. Poor performance may go unrecognized unless irrigation water is measured and records kept of pumping plant operation and fuel consumption. Operators of irrigation pumping units are encouraged to evaluate the performance of these units. If a pumping plant is found to have low overall efficiency, consider having it repaired. Estimate potential fuel cost reduction and compare this with the cost of the power unit and/or pump repair or replacement. If several pumping units are available, use the ones with higher operating efficiency. Operate those with low efficiency only if absolutely necessary. Can furrow diking really improve crop yields? Furrow diking has brought tremendous increases in crop yields in western areas of Texas, particularly in cotton and sorghum. In the Rolling Plains, sorghum yields have been doubled by diking each furrow, while diking alternate furrows has increased yields by 50%. Cotton yields have been boosted by 35% in the Rolling Plains and 15 to 20% in the High Plains. Yield data is still being collected in other areas to determine if furrow diking is a feasible operation. Added production costs in-volved with furrow diking are minimal --less than \$1 per acre if the practice is done in conjunction with other field operations, such as bedding, planting, or cultivation.

yields. So any practice that farmers can use to store more moisture for crop use is helpful for improving crop yields and stabalizing crop production. Basically, furrow diking is a practice that should have applicaton throughout the state, and it is being tried in most regions.

How can a producer cut herbicide costs and still maintain adequate weed control?

First of all, a producer may band herbicide applications rather than broadcasting them. This cuts costs by 1/3 to 1/2. Using spot sprays also reduces costs. This can be done relatively easily with specialized equipment that is available today, such as rope wicks and electric eyes. Varying herbicide application rates for different soil types also help keep costs down. And applying chemicals as close as possible to the time they will be used to control weeds increases their effectiveness. A key to keeping chemical costs under control is to properly calibrate spray equipment before using it.

Why are crop chemicals so expensive?

Crop chemicals are expensive because of the amount of money required to get them labeled --\$35 to \$40 million per product. From discovery to evaluation and labeling requires 5 to 10 years. Because of this expense factor, many chemicals with good weed control potential but limited situation use do not get registered.

Why do chemical weed control practices vary so widely in their performance?

Application technique is probably 99% of the difference. An individual producer's equipment, soil type, soil conditions and even application rates vary, and all these have an effect on the degree of weed control. Careful evaluation reveals poor application as the culprit in ineffective weed control from chemicals. Stopped-up or worn spray nozzles as well as improper agitation of the spray mix are but a few of the things that can have an impact on the effectiveness of chemical weed control. How can a producer be sure that he is getting the maximum benefits from a chemical weed control application? Always leave a check plot with no treatment. This enables a producer to determine if there is any crop damage from the chemcial as well as the degree of weed control in the treated field. A farmer might also want to conduct a mini-test by varying the rate of chemical on a small plot to see if there are differences in weed control. **Muleshoe Journal** USPS 367-820 Established February 23, 1924. Throughout its seven-year history, the Lubbock Arts Festival has earned the reputation for being the outstanding all-indoor "Celebration of the Arts" in the Southwest. Offici-als of the 1986, Festival have announced the dates for this year's event will be April 25, 26, and 27 with the opening Gala set for April 24.

Held annually in the spacious Lubbock Memorial Civic Center, the Festival combines the best of arts and crafts and the performing arts. Fine art if offered for sale in the Gallery and Exhibits areas, and additional art and many craft items are sold in the Artists' Market section. There is a special area for work by seasoned Senior artists and an array of media demonstrated by craftsmen working right before the eyes of. spectators. Another popular feature of the Festival is the Children's Area where young Festivalgoers can learn by doing under the guidance of local art teachers and volunteers. An

"Mesa Rosa," a painting by Santa Fe artist David Barero, will be featured on the fine arts poster promoting the 1986, Festival. The artist will be present for the Gala and will sign copies of the poster. The original work will also be on display.

An announcement will be held shortly naming the star of the "Spotlight Performances" to be held Friday and Saturday evenings at the Festival.

The 1986 Lubbock Arts Festival is sponsored by the Cultural Affairs Council of the Chamber of Commerce and Civic Lubbock, Inc. Russell Hughes, executive director of the Council, is the Festival coordinator. Co-chairmen for the Festival are Lynn Forbess and Jerry Griffin. They head an organization of more than 2000 volunteers who work on the Festival.

1976 ART LOFT OPENING APRIL 24-25

The Muleshoe Art Loft will have its formal opening Satur-day, April 24 and Sunday, April from 1 to 5 p.m. Two 25 paintings will be given away.

Registration is now underway for these paintings.

The Art Loft was started little over 10 years ago by Inez Bobo, Marie Lenau and Arline Phelps, in a small upstairs building. It is now in a long multi-level red-wood building. The Art Loft contains European and Ameri-can antiques, paintings by Texas, Southwestern and European artists, art supplies, ready made frames, a custom framing department and interior design service.

770 audition centers from coast to coast with more than 115,464 piano teachers and students participating.

Each entrant plays from three to twenty memorized pieces and is given a rating by the judge. Awards for students participating in the auditions include certificates, pins, diplomas and scholarships. Incentives and awards help increase the skills and knowledge of students due to the effort put forth getting ready for the auditions.

Elaine Damron states, "Mrs. Nystel, the adjudicator, is a very highly-respected piano and theory teacher in Lubbock. Her impressive musical background began with piano lessons at the age of four. She had a number of fine teachers of piano, voice and organ, including Ida Selby, a student of Rosina and Josef Lhevinne. Her undergraduate study was done at the University of Southern California. She earned her B.M. degree from Texas Tech University with honors and her M.M. degree: from Texas Tech in theory.'

Mrs. Nystel has served as president and other offices in the Lubbock Music Teachers Association. She has also been president of the Lubbock Music Club and president of Mu Phi Epsilon Music Honorary. She has conducted workshops and served as adjudicator for many auditions, contests and festivals throughout west Texas.

At present Louise Nystel is organist for the First Church of Christ Scientist in Lubbock. She, has several compositions to her credit and is a graduate teaching assistant at Texas Tech

'Dummy - Up' Through **Ventriloquist** Training

Ventriloquist Ron Linebarger (also pastor of Circle Back Baptist Church located near Muleshoe) is telling the residents of Muleshoe, Texas to dummy up. He wants them to dummy up for a professional "how-to" seminar on ventriloquism that will be held in Muleshoe this summer. He plans to hold similiar seminars in several other South Plains cities including Lubbock and Levelland. This will be a "once-in-a-lifetime" opportunity for those in the South Plains area, said the minister.

"Ventriloquism, can be a major asset to just about anyone's career or interests," said Linebarger. "One can entertain or communicate information to individuals...not just children. I have seen it used by teachers, counselors, pastors, nurses, doctors, salespeople and students, just to name a few. Who knows, a person might want to put some words in their boss's mouth."

What is necessary to learn ventriloquism? according to Linebarger, "only three things

are necessary: First, a person must be able to speak normally. Second, a person must be capable of dialing a telephone, and thirdly a person must want to learn. Ventriloquism is not a talent, but a learned skill. Almost anyone can learn ventriloquism.

"In the past there have been several things that kept people from becoming ventriloquists. To begin with, there was usually no one to teach them on a professional level. Also, the cost was as high as \$2500.00. Most ventriloquists, professional or amateur, do not like to teach others their trade. I'm breaking from this tradition.

"If we can put together a class containing twenty people, their investment would only be slightly over two hundred dollars. This may get me kicked out of the ventriloquist association of which I'm a member, but ventriloquism needs to be more widely known. I have been told that there is one ventriloquist for every 24,000,000 people and this includes amateurs and

professionals worldwide.

Muleshoe Journal, Muleshoe, Texas, Thursday, April 24, 1986, Page 5

"I hope that there will be civic organizations and individuals who will give scholarships in order that some of the high school students in Muleshoe, might take part in this. It would please me very much to look at my television in the future and see an adult or a young person from Muleshoe entertaining on National TV.

"This would be an excellent opportunity for parents and grandparents to give their children and grandchildren a skill they could use all their lives.

"This seminar will not be limited to only young people. I have already had a number of adults, including several farmers, interested in attending. Others, outside of Muleshoe are also invited to participate.

"The "how-to" seminars will probably take place on Tuesday and Thursday nights from 6:30 p.m. until 10:30 p.m. for a period of six weeks. Details will given later.

"If you would like to attend or desire more information call Ron Linebarger at (806) 946-3676. Hopefully, scholarships will be available.

City Police Report

Reports were scanty on the media board at the Muleshoe City Police Department on Monday night.

Only three reports were shown, including the spectacular truck accident from Saturday afternoon. According to the report the driver, John Mark McGuire of Arlington, was hospitalized following the accident, then released to officers on Sunday morning.

McGuire was released from the Bailey County jail as investigation is continuing into the Saturday accident.

In another report, a vehicle hit a road sign, but no injuries resulted; and the third report was of an arrest for worthless check charges.

Greetings from the Nursing Home. We have had a good week I feel. Our rose bushes are putting on leaves and are looking very healthy. The red bud tree is in full bloom, so is the little apple tree. The Iris' that we set out last fall, given to us by Delmar McCarty, are starting to bloom. Springtime is exciting and full of promise.

Thursday morning Clara Jones, Zora Mae Bellar and Lois Ethridge lead our misic Devotional. Thursday afternoon Theresa Davis, LaVerne James, Rita Shipp and Eva Atwood played 42 and Skip-Bo with the residents. Friday morning Lena Ruthhardt showed a film in the Day Room from the Library. Friday afternoon Mr. and Mrs. Harold Carpenter from the Oklahoma Lane Community came to entertain the residents with "good ol" songs as well as stories of humor and truth. Saturday J.C. Shanks came for Barbershop. Sunday morning Earl Peterson came for Bible Study. Sunday afternoon the Muleshoe Singers came to sing Gospel music. Monday Clara Jones and Lois Ethridge entertained the residents with music. Monday afternoon LaVerne James, Theresa Davis and Ruth Clements from the Hospital and Nursing Home Auxiliary, came to play Bingo with the residents and Irene Stienbock came for Beauty Shop.
