ARTESIA, NEW MEXICO

VOL. 14 NO. 39

President Wilson's Appeal to Farmers

In his proclamation President Wilson says:

Upon the farmers of this country, therefore, in a large measure rests the fate of the war and the fate of the Nation. The time is short. It is of the most imperative importance that everything possible be done and done immediately to make sure of large harvests."

Back of the soldier stands the farmer. And united effort to make the land produce abundant food supplies is a national duty to which the farmers of this section will, we are confident, enthusiastically respond.

FIRST NATIONAL BANK
Artesia, New Mexico

"THE CLARION CALL TO THE COLORS"

Issued by the Governor of New Mexico and the Council of Defense

To the Loyal and Patriotic People of New Mexico:

The President has by proclamation designated Tuesday, June 5th, as Registration Day, "The day upon which the manhood of the country shall step forward in one solid rank in defense of the ideals to which this nation is consecrated."

In order that there be perfected in each community in the quickest possible time, a working unit, it is suggested that a registration Day Celebration committee composed of the following be organized at once: The Mayor as Chairman, and the representatives of the local War Committee, the Chamber of Commerce or Commercial Club, the Schools, where existing Womens Auxiliary of the Council of Defense otherwise some woman selected by Registration Day Committee, the Press, the G. A. R. and the Clergy. (Where any or all officials or representatives above mentioned are not available it may be left to the discretion of the people of each community to form such a committee from the persons present who, in their judgment, can best perform the required service.) It is further

suggested the County School Superintendent, County Clerk and the Sheriff be a part of this committee and charged with the responsibility of organizing Registration Day celebrations and distributing honor badges, in the outlying districts. These badges of honor are now in the hands of your County Clerk. 2. Registration Day should be celebrated as a consecration of the American people to service and to sacrifice. It should be a welcome to those registering. It should be a public expression by each community of willingness to offer its son to the country for the service they are each best fitted to render. 3. Registration Day should be celebrated in a serious spirit and kept as Registration Day ONLY. It must be distinguished from the ordinary holiday. No other objects should

be allowed to intrude thereon.

4 It is suggested that the Committee see to it that every eligible young man presents himself for registration. A large number of auto owners have signified their intention of loaning their machines for any war business. These should be pressed into service.

5 It is suggested that all stores and saloons be closed on Registration Day.

6 Elaborate and costly decorations should be discouraged. The spirit of volunteer service in all preparations for and activities of the day should be foremost.

7 Where possible the celebrations should center around registration places, and those registered should be especially distinguished.

8 The registration places should be decorated with the National colors.

9. At seven in the morning, the hour of the opening of registration booths, church and fire bells should be rung and whistles blown.

10. Bands, where procurable, should be playing near the registration places and the parades should make a feature of stopping thereat. The men of registration age should occupy the place of honor in the parades and should be escorted where practical, to the registration places with patriotic music, by their kinsfolk, neighbors and friends. At the registration place public speakers should read to the eligible young men assembled in a body, appropriate portions of the President's proclamation and explain the purpose of and regulations governing the registrations.

11 To each man registering a badge of honor will be given having thereon the, "The Colors Call; I Have Answered!" It is suggested that a committee of girls, women and G. A. R. men have this honor task. In each community the local committee is asked to furnish suitable red, white and blue ribbon to tie on the badges.

12 At suitable time and place, preferably in the afternoon, where the parade is held in the morning and near the registration place, during the hours of registration, should be held large public gatherings with patriotic speeches, songs, music and the reading of the proclamation and message of the President.

13 In communities where there are considerable groups of the foreign born who do not understand English, posters explaining the registration should be printed in foreign languages and broadly circulated.

14 On Sunday June 3rd, the churches should conduct special patriotic services. In fact it is earnestly requested that from the pulpit and press, the school room and in all public gatherings, every effort be exerted to impress upon all citizens their duty at this vital crisis in the history of OUR COUNTRY. Let the words ring forth: "The World Must Be Made Safe for Democracy"

BOMBS DROP ON ENGLAND

BIGGEST TOLL OF LIFE SINCE START OF THE WAR.

WOMEN AND CHILDREN VICTIMS

Twenty-Seven of the Former and Twenty-Three of Latter in List of Dead and Three of Sixteen German Aircraft Brought Down.

German air raiders inflicted greatest toll of dead in any aerial sally since the beginning of the war when they made an attack on England late on the afternoon of May 25.

Sixteen aircraft participated. Their victims, as announced by the commander of the home department, Lord French, were 76 killed and 174 injured. Dead include twenty-seven women and twenty-three children, and among the injured are ninety-three women and nineteen children.

The raid occurred over the southeast coast. Most of the damage was done in one town, but bombs dropped in several places. A number of houses and shops were seriously damaged. No warning was given.

On their return from their raid the air fleet encountered a number of British royal naval air service machines. Over the sea a thrilling battle occurred, one British airplane engaging three hostile ones, destroying one. Other encounters are reported along the Belgian coast in which two twin-engine German machines were brought down. All British machines are said to be uninjured.

Spy Hunt More Rigorous.

Admiral Sims' report from London that Germany by some means learned that American destroyers were bound for European waters at least four days before they reached Queenstown has strengthened the government's determination to search out spies and close channels of military information apparently still existing between United States and Germany.

Try to Dynamite.

An attempted dynamiting at Rio de Janeiro of a government depot by Captain Vending and eight German seamen from the interned German ship Coburn caused tremendous excitement and added to the war spirit against Germany. The men were arrested.

Many Married Men Subject.

By a census bureau estimate classifying the more than ten million men within the military draft limits, number of single men is placed at 5,372,400 and the number of married men at 4,545,900.

TORNADO HITS KANSAS.

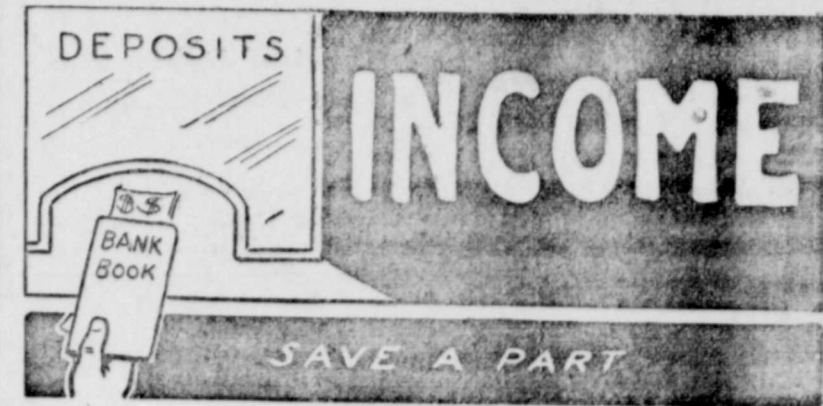

ANDALE HEAVIEST SUFFERER, DEATH AND CASUALTY LIST LARGE.

A tornado passed through Sedgwick and Harvey counties, Kan., in south-central part of the state. Death list was reported at thirty and injured over fifty.

Andale, a village of less than three hundred inhabitants, fifteen miles from Wichita, bore the brunt, eighteen persons being killed. A blinding rain fell. Nine lives were lost near Sedgwick. Fifteen fatalities occurred in the Newton section, three at that city. Damage to crops and houses was considerable.

OTHER STATES LOSE MANY MORTALS

Illinois, Indiana, Kentucky, Arkansas and Tennessee were also visited by windstorms. At Mattoon, Ill., 54 persons were killed and 500 injured. At Charleston, near there, 38 fatalities occurred and there were 150 casualties. Country for miles was strewn with debris and dead bodies of livestock. At Dublin, Ky., 3 were killed and 17 injured. South Dyersburg, Tenn., re-

ported 6 killed and a number injured in Dyer county. Near Blytheville, Ark., 9 were killed and a dozen hurt. Hebron, Kouz and other Indiana localities report 7 dead and many hurt. Farm implements were badly damaged and crops in many sections ruined. Property loss in the storm-swept districts is estimated at \$5,000,000.

Earthquake Shock in California.

A severe earthquake shock was felt throughout southern California Sunday night. At Brawley a schoolhouse in which religious exercises were being held was rocked so severely that several women and children fainted and a panic was narrowly averted.

TO OUST THE KAISER.

PROPAGANDA FORMED IN THIS COUNTRY FOR THAT PURPOSE.

Liberty-loving Germans of America have organized a national propaganda at New York to dethrone the kaiser. Under the title, "Friends of the German Republic," a provisional revolutionary committee has established headquarters at 140 East Nineteenth street. Everything possible, it is said, will be done to have the kaiser meet the same fate as his cousin, the former czar of Russia, who is hoeing potatoes. Circulars in English and German, written by J. Koettgen, are being mailed to German-Americans, urging them to co-operate.

Leaders believe this movement will solidify the German-Americans behind our government more than anything.

Food Bill Passes House.

First food bill of the administration passed the house without record vote. It carries approximately appropriations of \$14,770,000 for a survey and stimulation of the food supply.

REGENTS AND GOVERNOR MEET STUDENTS OF THE UNIVERSITY ALSO HAVE A DEMONSTRATION.

Six regents of the University of Texas and Governor Ferguson held an executive session on university matters. Adjournment was taken by the regents to meet at Galveston.

University students, headed by their band, paraded with banners through the capitol and down Congress avenue, the girls and boys singing, "The Eyes of Texas Are Upon You." Banners had on them: "We Are Opposed to One-Man Rule;" "Kaiserism Is a Menace

Abroad and Kaiserism Is a Menace at Home." The governor ordered latter banner taken off capitol grounds by Chief Game Warden Sam Johnson and a state ranger, but the students continued marching with it, and just before leaving the capitol grounds gave three cheers for University President Vinson. "Ain't this fine!" said the governor to former State Senator T. H. McGregor. Latter counseled him "not to lose his head."

Fatal for Mother and Son.

Mrs. J. M. Pressler and son, Leonard, were killed, and Miss Ollie Belle Pressler, sister-in-law of the dead woman, seriously injured, when their automobile turned over half a mile from Bullard, Smith county, overturned. A second son of Mrs. Pressler escaped injury.

More Texas Regiments.

Many new regiments must be added to the national guard organization to bring it up to the standard desired by the war department plans. Texas must raise four new regiments of infantry, one regiment (less one squadron) of cavalry, two regiments (less two batteries) of field artillery, of engineers (less two companies) of engineers, one field battalion signal corps.

Protest in Vain.

The petition for an injunction to restrain the city officials of Oakland from enforcing the registration of citizens of military age was denied by the California supreme court. The petition was based on the allegation that the act was contrary to the thirteenth amendment to the constitution of the United States, prohibiting involuntary servitude.

Now is the Time to get your **Seeds**

Garden and Field Seeds.

Local Agent.

Said They Were Miled.

Eighty-four members of the Farmers and Laborers' Association of America living in Jones county, Tex., turned over all papers and other data in their possession to the authorities, who are investigating the association's anti-conscription activities. In joining the organization they stated they had been misled. Eighteen men arrested on charge of being members of the association were jailed at Sweetwater.

**Summer Session
Normal School
Silver City,
New Mexico,**

June 4th to July 27th, 1917. One and one-third fare for the round trip from all points in New Mexico to Silver City.

Certificate Plan.

Certificates showing the purchase of going tickets on June 1st to 7th, inclusive, and June 15th to 17th, inclusive will be honored for return passage for one and one-third fare, up to and including August 18th, 1917.

Be sure and secure official receipt when purchasing your one-way ticket on the going trip.

FAVORS HANGING OF PRESIDENT

JOHN GOODE ALLEGED TO HAVE MADE SERIOUS THREATS.

EAST TEXAN WOULD GIVE ROPE

Van Zandt County individual is Accused of Saying Reading of Assassination Headlines a Delight Would Be to Him.

John Goode of Van Zandt county Tex., was arrested on a complaint that was sworn to by Deputy United States Marshal J. L. Satterfield charging that Goode had made threats to take the life of and inflict bodily harm to President Wilson by using in part the following language:

"That he would give anything in the world to see big headlines in the press that President Wilson had been assassinated and that if someone would take it upon themselves to hang him, the ----, that he would gladly furnish the rope."

The arrest was made by Deputy United States Marshal Bud Lyons and Deputy Sheriff Bryant Beard. Goode was released on \$1,000 bond to await the action of the grand jury.

Accused of Treason.

Accused of treason in connection with an alleged nation wide anti-conscription conspiracy, five citizens of Detroit, Mich., were arrested by government agents. The specific offense was distribution of handbills bearing the caption, "Kill the Draft," and announcing a Socialist mass meeting for June 3 to this end.

ESAU, SNAKE EATER, IS KILLED

CIRCUS CLOWN AND FREAK PHOTOGRAPHER SHOT TO DEATH.

Jesse B. Beverly, claimant of the original title of "Esau, the snake eater," circus clown and freak photographer, was shot to death at Dallas. One bullet penetrated the right breast, going through the body and striking the heart.

Ben W. Straham, a car repairer, was arrested. He is a brother-in-law of the dead man, admits doing shooting and claims self-defense.

Straham said Beverly had refused to go to a drug store for Mrs. Straham. Beverly's sister, and that latter had tried to throw her out of bed. He said Beverly attacked him when he remonstrated.

Officers and a doctor found Mrs. Straham in a hysterical condition. She had been ill for some time and medical attention was necessary to quiet her.

Beverly had traveled all over the world as a circus clown and freak photographer. Recently Chief of Police Ryan of Dallas had refused to let him parade the streets garbed as "the devil." At that time he was advertising a moving picture show.

For some time he had conducted a make 'em while you wait picture gallery at Dallas.

According to officers, Straham fired five shots at Beverly, only one taking effect.

Means No Trial.

At Cincinnati United States District Judge Hollister sustained the demurrers to the indictments which charged ninety-nine men with having violated the election laws at that city last November. This action serves to throw the cases out of court without trial. It was held the federal court lacked jurisdiction. United States District Attorney Bolin said the cases would be appealed to the supreme court of the United States. Sixty men of the ninety-nine who pleaded guilty and have in jail at Dayton awaiting sentence it was stated would be returned to Cincinnati and after changing their pleas released.

Refuses Recruiting Fees.

E. G. Keese, postmaster at Stamford, Tex., returned to the navy recruiting station at Dallas two vouchers for five each in payment for securing a couple of recruits, saying he believes it his duty to render this service without pay. "I have sent quite a number of recruits for each service," he wrote Lieutenant Kemp, "and have returned all vouchers sent me back unsigned." For each recruit sent in by them postmasters are entitled to five dollars.
