ME TWENTY-THREE

ARTESIA, NEW MEXICO, FRIDAY, FEBRUARY 8, 1924.

NO. SIX

## WEEK'S REVIEW OF THE OIL FIELD

There is not as much excitement prevailing here as there was after the big gasser came in this age, drilling in the field progressing satisfactorily and the majority of the wells are being drilled. The excitement has abated to some extent, but the big gasser, visitors consist the well. In fact the well has been given such wide publicity that it has attracted prominent oil men in the valley over the prospects. Well No. 2 is still capped. It is expected that plans will be made for the progress shortly, probably on the arrival of Van S. Robinson, Ill. Well No. 3 is being put down rapidly. The well is operating the drilling day and night. Work thus far has been very satisfactory according to the local manual.

The Oil and Gas Co., of Tulsa, Okla., has moved a larger rig to a location 6 miles east of Artesia, section 12-18-27. The large rig will replace the one now operating. The rig is being moved to the Illinois well.

The Windsor well in Sec. 12 is being held up temporarily by the arrival of material to the water sand.

Regular Board Meeting

A regular meeting of the Board of Directors was held at the home of the president, Mrs. Tarbet, on Monday afternoon.

Among other business Mrs. Hewett, the librarian, was re-elected to her position by the city council to put the library building for the public. Arrangements were also made for a social at the board, which will take place on a stunt night, and which will be held at the library building on Tuesday night.

Mr. and Mrs. J. E. Higley, of Artesia, visited Tuesday afternoon at the home of Mrs. W. H. Reading, Sr. Mrs. H. H. Hiatt, Mrs. W. H. Reading, Jr., Messrs. Buck Reading, H. C. Richards and Jimmy Page White.

## I. O. O. F. Convention Here April 26th

The convention for the Pecos Valley Oddfellows will meet in Artesia on April 26th, according to announcement by C. Bert Smith, grand secretary of the Oddfellows' lodge. A number of committees were appointed to arrange details of the meet. It is expected that many out of town visitors will be here on that occasion and both Oddfellows and Rebekahs are making big preparations to show all visiting guests a most enjoyable time.

The occasion for the convention is the anniversary of that order. The Oddfellow lodge met last Tuesday evening at which time the preparations for the convention were discussed. After the business meeting, the "Spelling Bee" contest was held, which was very amusing as well as educational.

## LET'S CLEAN UP.

Artesia will be hostess to several prominent men on two coming occasions. The two occasions are the Chamber of Commerce Banquet and the Oddfellows convention. Naturally the visitors will form some sort of an opinion of our town and it should be no fault of ours if it is not a good looking one.

It may be unfortunate in some cases, but first impressions of a stranger we should spare no effort to make them welcome and at the same time put the town in as presentable appearance as possible. The clean up part can be done with a little effort on our part. Let's put the business section in order so that we may have a good word from these gentlemen when they go to their homes.

## New Candidates This Week.

In this issue of the Advocate appears the name of several new candidates. They are, Dillard Wyatt, Roswell, present District Attorney, candidate for re-election, Ernest K. Neuman of Carlsbad, candidate for Probate Judge of Eddy County, C. N. (Nib) Jones of Carlsbad, candidate for sheriff, J. D. Josey of Hope candidate for commissioner, Second district. We will have more to say about the new candidates in our next issue watch for it.

Mrs. W. H. Reading, Jr., was hostess at a delightful lunch Monday afternoon at 6:30. The lunch was served at Syferd's cafe to the following: W. H. Reading, Sr. Mrs. H. H. Hiatt, Mrs. W. H. Reading, Jr., Messrs. Buck Reading, H. C. Richards and Jimmy Page White.

## APPLICATION MADE FOR GAS FRANCHISE

A formal application to pipe gas to Artesia has been made according to an announcement late Thursday afternoon by a member of the firm asking for the permit. The members constituting the natural gas company are: Thos. Flynn, V. S. Welch of Robinson, Ill., and Martin Yates of Artesia. The application is now in the hands of the City Clerk, Ed. Stone. It is understood that the City Commissioner will act at once on the permit at the next regular meeting.

The announcement as it did will be good news to many residents here. We have heard rumors to the effect that a company would apply for a permit, but would print nothing until the rumor could be confirmed.

Gas will be piped to Artesia in time for next winter's supply. Plans will be made to get the bids on a line as soon as the City Commission acts on the proposition. The same company also plans later to extend the line south to Carlsbad and north to Roswell if these towns will grant permission, however so far as known the company has not yet requested a permit for either town.

J. R. Blair and B. F. Young of El Paso are in Artesia this week. Mr. Blair will be remembered by all of the old timers here as he once lived here and owned extensive interests in Artesia and at Dayton. In fact we believe one addition to the town of Artesia was named after Mr. Blair. Mr. Young is proprietor of a furniture establishment in El Paso and Mr. Blair is engaged in the fed and fuel business there.

## Library Board Meeting.

The regular meeting of the Board was held at the home of the president, Mrs. Tarbet, on Monday afternoon.

Among other business transacted Mrs. Hewett, the librarian, was re-elected for another year and Mrs. Jeff Hightower was elected to membership on the Board. Arrangements were made for a Party or Stunt Night, which will be held at the Library next Tuesday evening.

## FARMING EXPERTS HERE FEBRUARY 18

State College, New Mexico, Feb. 5. — "The Cow, Sow and Hen Demonstration Train of the Santa Fe Railway completed a four weeks' campaign in Texas February 1st," says J. D. Tinsley, General Agricultural Agent. "The train had a very successful run, making 106 stops in south and east Texas."

"This train of eight cars is operated as a special and is equipped for this demonstration," continued Mr. Tinsley. "This train after unloading the Texas A. and M. College exhibits, has been brought to the New Mexico College here for loading of exhibits. The train will hold its first meeting at La Tuna February 11th and cover about 1,000 miles of Santa Fe lines in New Mexico in fifty-one stops, holding the final meeting at Raton February 25th."

The New Mexico Agricultural College will load three cars of exhibits, one car of milk cattle, one car of hogs, and one car of poultry, and also have a small exhibit of registered milk goats. The exhibits have been selected carefully to illustrate the speaking program which the College provides.

"The College is glad to have the opportunity to present its program of safer farming to the people of the State," said Dr. H. L. Kent, President of the New Mexico Agricultural College. "The College has made careful preparation for this demonstration. We are sending our best qualified men to make the lectures and the exhibits will include splendid types of dairy cattle, hogs, and poultry. The scrub will be brought along to emphasize the importance of having better live stock on the farm."

Reports indicate that the attendance promises to be large at all meetings. In many localities special programs have been arranged for the day. The schools as a whole will be well represented at every point.

## American Legion Auxiliary.

Are there any mothers, wives or sisters of the ex-soldiers in Artesia? This question might be asked because no one ever hears of the auxiliary or anything they have done to help the boys in their work, yet there are dozens of them here waiting to be led into the great organization of the American Legion Auxiliary if some one will only take the initiative but lets not leave it to just one or two but all make the move together. A very interesting and inspiring meeting was held Tuesday evening, Feb. 6th at the home of Mrs. Lewis Story. A number of the members of last years organization and others who are eligible but not members could not be notified of this meeting and it was decided to call a meeting Monday, Feb. 11th at 2 p. m. at the home of Mrs. Frank Linell. To the generous hearted and appreciative mothers, wives and sisters of the ex-service boys, we extend this invitation to be present at this meeting. Each one who knows herself to be eligible for membership come and bring some one else with you who is eligible. Lets get together and show the boys that we at least have not forgotten them and what they did for us.

What woman is there who is not glad the boys won the victory for us? And who would be so unappreciative as to not want to join the Auxiliary—not one of our Artesia women feel that way—We are going to come to the front and show our town that our Auxiliary can do what the Auxiliaries of other Posts are doing.

## Schnoor-Shockley.

Mr. Louis Schnoor and Miss Ima D. Shockley were united in marriage in Roswell last Saturday, the Rev. Hill of the Christian Church performing the nuptial ceremony. The happy couple returned to Artesia and have gone to housekeeping on the Stroup-Bauslin farm south of town, which the groom has rented.

The groom is the only son of Mr. and Mrs. J. J. Schnoor, and the bride a daughter of Mr. and Mrs. A. J. Shockley. Both young people have grown up in this community and are well and favorably known. The Advocate joins with their numerous friends in extending congratulations and best wishes.

Fred Pate of Carlsbad was an Artesia visitor the first of the week.

Mr. and Mrs. W. T. Blakey were called to Carlsbad last week by the death of Mr. Blakey's brother, Charles Blakey, who passed away at the Sister's hospital. The interment was at Lovington, which is near the ranch home of the deceased.

## ARTESIA UTILITY ELECTS OFFICERS.

At the annual meeting of the stockholders of the Artesia Utility Company, on Monday, the fourth, the following were elected directors for the year 1924:

J. E. Robertson, M. H. Ferriman, Mark H. Corbin, S. S. Ward and J. H. Jackson. Immediately after the adjournment of the stockholders' meeting, the directors met and elected the following officers:

J. H. Jackson, president; Miss Loretta Lineil, secretary and L. B. Feathers, treasurer.

The election of a vice president and manager of the company for the year 1924 was postponed until a later date.

## THE ORANGE AND BLACK.

The Honor Club entertained the students of the High School in Assembly Wednesday morning with the following program:

Introduction, Grace Cobble. Piano Due t, Helen Mann and Iris Iler. Reading Kate Cowan. Vocal Solo, Pauline Bullock. A Tribute, James Cawan. Vocal Solo, Iris Iler.

Garland (Scratchy) Rideout was elected Captain of the Boys Basketball team Friday afternoon.

At a special assembly Thursday morning were privileged to inspect an art exhibit, etchings, the work of Mrs. Bertha Jaques of Taos. We are indebted to the ladies' Club for this privilege and in particular to Mrs. Ferriman, chairman of the Art committee, who came out and told us something of the etching process.

Friday, both the Basketball teams go to Carlsbad. This is our first out of town game and a large crowd of supporters are expected to accompany the teams.

About 60 new books have been added to the High School library. These include drama, biography, and books for outside reading necessary to the English courses.

The "Book and Gavel Literary Society", has been formed by the Public Speaking class and will meet every two weeks at the regular class hour.

The first program for Thursday is "The American Negro", Minnie Dungan.

"Some great men who were Negroes, Edna Dungan. "A Coquette Conquered," Nellie Horne.

"The Negro" Grady, Howard Rogers. "De apple Tree, Harrie, Jim Cowan. Anna F. Jackson was elected president of this society.

The Hope team won both games against the High School, here last Friday. The boys being defeated 23-12; and the girls 27-7. Junior High defeated the Hope Juniors by a score of 21-12.

On Friday night, the Junior High pupils are giving a play entitled "The Land of Forgetfulness. The Pied Piper will also be on the program. This performance seems to be one that will afford much enjoyment as the Junior High School Orchestra will make its first appearance. They have been progressing rapidly under the directing of Miss Morris.

## METHODIST GET TOGETHER. MEETING.

The Methodists of the local congregation are preparing for a get-together social at the church next Friday evening the 15th. The women of the Missionary Society have in charge the matter of providing the supper which consists of the regulation Methodist dish—chicken pie and accompaniments. An interesting program is being prepared in which all the interests of the church will be represented and in which the optimistic note will be sounded. This is a gathering of all the Methodists of the town and community with their families for the purpose of strengthening the ties of Christian fellowship and gathering fresh courage for the numerous duties incident to church life. All Methodists are expected to allow no other engagement to conflict with this important meeting. The short program consisting of snappy readings and short snappy speeches will begin promptly at 7 p. m. The supper will follow the program. This will be followed by the social hour.

J. C. Patton the Mergenthaler Linotype Co., representative has been here this week and put in a new linotype for the Advocate. Mr. Patton make quick work of the erection the machine was running 24 hours after it arrived in the Advocate office.

Langford Kent of Roswell spent first of the week in Artesia.

## WORK ON HIGHWAY GOING FORWARD

Work on the highway between Lakewood and Artesia has been progressing very satisfactorily, although part of the work will be temporarily held up until the arrival of material.

The road bed is made a width of 80 feet and graded so that the tourists may have plenty of room to travel. Practically all of the grading has been done, except for two or three miles south of town, and this will be finished shortly. Part of the graveling work on the south end has been done, although most of the surfacing work is being held up awaiting the arrival of the rock crusher.

All of the grade has been put up with fresnos and is in first class condition for the surfacing. The surfacing will consist of two coats of crushed rock, which, when completed, will make this stretch of roadway one of the best in the state.

The bridge work has also started and practically all of the abutment and excavation work has been finished. Progress on the bridges has been delayed due to the faulty steel at first sent out, but it is thought that the bridge work will be completed along with the road bed, which will be within 60 days, according to one of the contractors.

## ROTARY LUNCHEON TUESDAY.

The Rotarians on last Tuesday enjoyed their weekly luncheon, which included the usual numbers of songs and a number of after dinner speeches. The principal speaker, Dr. H. A. Stroup, after listening to a song especially fitted for the occasion, gave a few interesting remarks on the "Prevention of Cancer". Doc, we are sure, will be glad to repeat this song to any of his clients who care to listen.

The out of town speakers were: Mr. Freeman from Denver, Colo., scout for the Texas Oil Co., who made some flattering remarks relative to the future prospects for oil. J. R. Blair, a former resident of Artesia, stated that he had much confidence in the Artesia oil field and that every time he made a stake he invested in Artesia property.

Extensive plans are being made for the coming banquet given by the Chamber of Commerce on February 11th. Many out of town guests will be here from Roswell, Carlsbad, El Paso and other places.

Preparations are going forward rapidly and it is expected that there will be one of the largest attendance Artesia ever gathered at an occasion of this kind. Over 120 plates will be set and the number may reach 150. The committee in charge of the banquet requests that all who intend to purchase tickets do so at an early date by Saturday night February 9. The place of the banquet will be the Hardwick hotel dining room and the table service will be under the direction of L. G. Syferd, who assured the members that prompt service will be maintained during the entire affair. The price of admission will be one dollar.

The purpose of the banquet will be a general get together meeting for Artesia and the surrounding country. Various phases of the community problems will be discussed and addresses will be made by prominent men from the surrounding towns.

## GLOVER COLE.

One of the leading social events of the week, which as a surprise to a few although unexpected by many, was the wedding of Miss Effie Glover and Mr. Louis Cole, which occurred at Carlsbad, on last Sunday afternoon. The nuptial ceremony was performed by Rev. Ira Harrison pastor of the First Baptist Church of Carlsbad, an intimate friend of the young couple.

Mr. and Mrs. W. B. Glover, parents of the groom, and Fred Cole, and Mrs. Ira Harrison were the only guests present at the ceremony.

Immediately after the ceremony, the newlyweds returned to Artesia, where they will make their home on west Dallas Avenue. Mrs. Cole is one of Artesia's most popular young ladies, having served as book-keeper for the Artesia Auto Co. for several months. Mr. Cole has been in the employ of the Joyce Fruit company for several months and been connected with his father on the farm since coming to Artesia about eleven years ago. Both are former pupils of the Artesia high school and have a host of friends in Artesia.

Mr. Rogers, living near the grade school, was seriously ill the first of the week, but is much improved. His granddaughter, Mrs. Jim Jackson, during the absence of Miss Cora Rogers, who is visiting in Missouri. After her return they will move to the old W. F. Hollomon place north of town.

# Ford

THE UNIVERSAL CAR

### Forecasting A Tremendous Spring Demand

## 739,626

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

THE SANTA FE'S  
**Cow, Sow and Hen**

Special Demonstration Train, Operated Jointly with the New Mexico A. and M. College, will be in

**ARTESIA**  
**Monday, Feb. 18**  
**2 P. M.**

**IT PAYS TO DIVERSIFY**

For a meeting with farmers and others interested in Dairying and Hog and Poultry Raising. Meetings will be held near passenger station, and extra facilities will be provided in case of inclement weather. Farmers who have adopted diversification, the U. S. Board of Agriculture, State Boards of Agriculture, State Agricultural Colleges, Railroads, Bankers, Newspapers and others agree that this method of farming in which the COW, SOW and HEN play an important part, is the practical thing for this section. A recent survey shows that farmers throughout the country who have a few dairy cows, brood sows, and chickens are in better financial condition than the single cropper.

**HEAR COLLEGE SPEAKERS**

Being committed to the program of diversification, and interested in bettering agricultural conditions, the Santa Fe and the New Mexico A. and M. College have joined in carrying the gospel of the COW, SOW and Hen to the farmers of New Mexico. The Santa Fe furnishes the train, and the college is sending a corps of experts who will talk about the practical side of dairying, and hog and poultry raising, and will also furnish a livestock exhibit for demonstration purposes.

**Speakers from the A. and M. College Will include**

Prof. O. C. Cunningham, Dairy Husbandry, in charge of dairy cows.  
Prof. M. G. Snell, Animal Husbandry, in charge of hogs.  
Prof. A. L. Walker, Poultry Husbandry, in charge of poultry.  
Prof. Fabian Garcia, Director of the New Mexico Experiment Station.  
President H. L. Kent of the A. and M. College will be with the train a part of the time.

**Santa Fe Representatives Will include**

J. D. Tinsley, General Agricultural Agent in charge of train.  
Fred Hale, Assistant General Agricultural Agent.  
J. F. Jarrall, Editor of "The Earth."  
A. M. Hove, Assistant Editor of "The Earth."  
W. E. Goodloe, Division Freight Agent.

The program is one that no farmer can afford to miss, and it will be of special interest to farm women and members of Boys' and Girls' Clubs, also school children. Come and be prepared to ask questions.

**CARE OF EWES DURING LAMBING TIME**

The profits of the sheep farmer depend largely upon the skillful handling of the ewes during the lambing time. Mr. Neale of the New Mexico College of Agriculture, gives the following suggestions on this subject:

The Ewes to lamb should be separated from the rest of the flock and moved close to the shed or barn. If the farmer has good roughage, such as alfalfa or clover hay, it is not necessary to feed any grain concentrate before lambing. If concentrates are fed, they should be reduced three or four days before the ewe lambs, to avoid any chance of milk-fever. A grain mixture of four parts corn and one part linseed meal, fed in the amount of one pound to a ewe daily, with all the roughage she will clean up, should make for a good milk flow.

The farmer will find it pays him in lambs saved to make four or five small pens, three by four feet, and put each ewe in a separate pen to lamb. In this way he will have little trouble with ewes not owning their lambs, and if the ewe needs help in lambing she will be easy to get to. The ewe should remain in the pen two to three days. The pens should be located in warm corner of the shed, where there will be no drafts.

The best way to warm up a chilled lamb is to immerse its body in water about as hot as one's hand can bear. After it is wiped dry, put it back with the mother and see that it is well supplied with milk. Or the teat may be well wrapped in a heated muslin cloth. A lamb which is born almost lifeless can sometimes be saved by opening its mouth and blowing gently into it to start breathing. Then lay the lamb on its belly and slap the body on each side of the heart. When a ewe has twins, one is usually stronger than the other and gets all the first milk. The ewe should be confined with both lambs and held until the weaker gets a good milk supply. If a ewe has more milk than her lamb will take, either draw the milk from the teat or let a twin lamb from another ewe have an extra meal.

**EDITOR ENTERS BUSINESS; PROVES ADVERTISING PAYS.**

The editor of the Reville, published at Linn Creek Mo., grew tired of the merchants telling him it did pay to advertise, and therefore added to his printing business a well selected stock of merchandise.

His printing outfit was small and there was room enough in the building to accommodate the printing outfit and the stock of goods. He commenced to advertise his merchandise in a thorough manner and at this time is the leading merchant, the leading shoe dealer and the leading dry goods merchant in the town. He has not only proved that it pays to advertise, but finds that there is more money in the mercantile business and will quit printing, which has been taxing all his energies for several years without satisfactory compensation.

**OFFICE OF THE STATE CORPORATION COMMISSIONER OF NEW MEXICO**

Notice To All Automobile Drivers  
Bulletin No. One.

At the recent meeting of the National Association of Railway and Utilities Commissioners a resolution was passed directing the Commissions of all the states to inaugurate a campaign, the purpose of which is to induce all automobile drivers to pledge themselves to STOP, LOOK and LISTEN, before going over grade crossings. The State Corporation Commission has agreed to assist and do all within its power to bring before the public the matter of having every driver of a motor vehicle, whether owned by individuals or corporations, assist in every way possible in this movement. For the information of the public we want to mention what the Standard Oil Company of Indiana has done in this connection. Every driver of that Company gives a pledge to stop before going over a grade crossing; the driver signs a card as follows:

"I do hereby pledge that I will under all circumstances when approaching a railroad crossing, have my vehicle under complete control and bring same to a FULL STOP before attempting to cross any transportation lines, even though I am advised to do so by the attendant at the crossing, for the reason that I might mistake his signals. This is for the protection of my OWN LIFE and possible damage to the vehicle I am driving."

If all concerned would interest themselves sufficiently in this movement to come to a full stop at all railroad crossings, all accidents at such crossings would be avoided. Eighty-one per cent of the occupants of automobiles at the time of accident were killed or injured at railroad crossings during the calendar year 1922. It is out of the question for the states to eliminate grade crossings, it will take years to bring about such a thing but we can all appoint ourselves a committee of one to assist in preventing this appalling annual loss of life and limb.

The desirable thing that we are all trying to bring about is to do something that will compel the automobilist to exercise proper care; if he is careful there is no likelihood of his being struck by train but experience has shown that notwithstanding all the warning that can be conceived those unfortunate accidents will occur due to the recklessness of those operating motor vehicles. If there is anything that can be done to stop this reckless disregard of life and limb it should be done and if the suggestions as outlined are lived up to it will not be necessary to have any law passed in this state making it compulsory for all auto drivers to come to a full stop before passing over a railroad crossing.

A big opportunity is here with presented to aid in a Careful Crossing Campaign. Let us bring this to the attention of all users of motor vehicles, cite them to the action of the Standard Oil Company of Indiana and urge them to follow in the footsteps of this pioneer in accident prevention.

Let us all work together in our state for the prevention of the total loss caused by not STOPPING, LOOKING and LISTENING.

Yours for hearty co-operation in this matter.

#### Famous Alaskan Dog-Team Driven by Weller in Scenes of Pictures.

Fans, met Fred Weller, who contributes much to your enjoyment of snow scenes in motion pictures. Fred has always been interested in and loves dogs. He brought from Admiral Peary the pack of Alaskan dogs with which the Admiral made his successful dash for the Pole. It is the descendants of that pack which you can see dragging the sled across the snow in "Over the Border" featuring Betty Compson and Tom Moore, at the Majestic Theatre Monday and Tuesday.  
 You can see Fred, too, if you look sharp. He is the Royal Northwest Mounted policeman who guides the dog-team.

### PECOS VALLEY BASKET BALL TOURNAMENT

The Third Annual Pecos Valley Basket Ball Tournament will be held in Roswell, New Mexico, February 29th and March 1, under the auspices of the New Mexico Military Institute. This is the official tournament of Eastern District of the New Mexico High School Athletic Association. The winner and runnerup will represent the Pecos Valley District at the State Tournament to be held March 7 and 8. A girls' tournament will be held in connection with the boys' tournament, provided as many as eight teams are entered.

It is hoped that every basket ball team, however small, in the district will be entered. Of course only one team can win the Championship. But even though a team has no chance of winning that is no reason why it should not be entered. The training and experience secured from playing in the tournament will more than offset the trouble and expense secured from playing in the tournament, will more than offset the trouble and expense incurred in sending the team to the tournament.

Last year we had a great tournament in spite of the rain and snow. This year we want every team re-entered that was entered last year and in addition every team in the Eastern District of New Mexico.

All entrants must be in the office of the director in charge not later than Friday, February, 22nd. Mail in your eligibility blank at once. Membership in the New Mexico High School Athletic Association is required in order to enter the tournament.

For information concerning the tournament, write Capt. L. B. Plummer, Director in charge, New Mexico Military Institute, Roswell, New Mexico.

Mrs. J. G. Osburn, state chairman of Art. F. W. C. returned Wednesday evening from Carlsbad and Artesia where she had been especially invited to address the Woman's clubs of those towns. On Sunday afternoon, under the auspices of the Carlsbad Woman's club, at the library and club house, she addressed the Carlsbad women in open meeting, speaking on "The Development of Modern Art," and also talked on the Bertha E. Jaques collection of 75 color prints and etchings which were hung at that time in the Carlsbad club house. On Tuesday she filled the year book program, before the Carlsbad club, speaking on "Art Appreciation" and on Monday and Tuesday mornings spoke to the grade and high school pupils of the Carlsbad schools on "Appreciation of Prints", illustrating with the Jaques collection. On Wednesday Mrs. Osburn was the guest of honor of the Artesia Woman's Club, and addressed them in open meeting, on "Modern Movement and its Relation to the Principles of Art Appreciation," and at an art tea following the meeting she spoke and the Jaques prints were on exhibition. This social courtesy to Mrs. Osburn was quite elaborate, with artistic hand done programs by the local art chairman, Mrs. Ferriman, and interspersed with a McDowell musical program, by Mesdames Corbin, Gates and Ferriman. Mrs. Osburn was shown many pretty social courtesies in both towns, among them a delightful luncheon over which Mrs. J. F. Joyce, of Carlsbad, state chairman of the arts, F. W. C., presided as hostess. The guests included local

and district officers and chairman of the various departments of the Carlsbad Club. A number of charmingly informal teas were also given to afford Mrs. Osburn's many friends down the valley an opportunity to meet her.—Roswell News.

### "Pop" King, Survivor of Gold Rush Days, Aids in Making of "Pioneer Trails."

An Indian attack on a prairie caravan is one of the big scenes in "Pioneer Trails," a Vitagraph special production, which will be shown at the Majestic Theatre on next Wednesday and Thursday. David Smith director of the picture, has reproduced in this sequence one of the preserving carefully every historical detail.

To insure the attack be historically correct, Mr. Smith availed himself of the services of an old Indian scout, "Pop" King, who is years old, is the sole survivor of a group that started to California in the gold rush of 1849. All the others were killed off during an attack, in which King, thought dead, was scalded. He was rescued later and brought back to health.

This Sum Needed to Complete Campaign Quota by End of 1924—People Are Called to Pray.

DR. L. R. SCARBOROUGH Who Will Lead Southern Baptists in Raising \$27,000,000 in 1924.

Up to December, 1923, Southern Baptists had paid in on their subscriptions to their 75 Million Campaign the sum of \$48,172,806.72. It is announced by the Campaign headquarters in Nashville. Four years of the five-year period have now expired, leaving approximately \$27,000,000 to be raised by December, 1924, if the original Campaign objective is to be reached.

In the hope of obtaining this amount of money for the further advancement of all the general missionary, educational and benevolent enterprises fostered by Southern Baptists, the Campaign Conservation Commission has inaugurated an intensive effort that it is expected will reach every state district association and local church in the territory of the Southern Baptist Convention during this year.

Dr. L. R. Scarborough, who was general director of the original Campaign organization, has been asked to return to the Nashville headquarters from his home at Fort Worth for this closing year of the forward movement and give his personal attention to the direction of the special effort that will be waged for collecting the full \$75,000,000 by the time the period for the program expires in December next. Dr. Scarborough, through the assistance of the various state and associational workers, will seek to enlist every Baptist in the South in some definite share in this closing year of the Campaign.

**Baptists Have Big Income** While the goal that has been set for 1924 is considerably larger than any that has yet been attained by Southern Baptists in a single year, Dr. O. E. Bryan, budget and stewardship director of the Campaign, announces that Southern Baptists have an annual income of at least \$1,500,000,000, and he and the various state stewardship directors will continue their effort in enlisting the local churches in the matter of systematic and proportionate giving, with a view to developing Southern Baptists to the point that they will give according to their means, and give regularly week by week. A tenth of the Southern Baptist income, if given to the denomination, would make available for religious work each year the sum of \$150,000,000.

**Each State Has Had Share** Indicating the sources from which the money already collected on the Campaign has come, the following contributions by states are announced: Alabama, \$2,206,071.06; Arkansas, \$1,667,304.13; District of Columbia, \$233,827.81; Florida, \$796,783.73; Georgia, \$4,289,440.02; Illinois, \$564,416.95; Kentucky, \$6,091,181.78; Louisiana, \$1,195,977.19; Maryland, \$599,451.11; Mississippi, \$2,494,281.79; Missouri, \$2,020,075.46; New Mexico, \$199,325.22; North Carolina, \$4,089,732.45; Oklahoma, \$1,206,942.76; South Carolina, \$4,002,527.60; Tennessee, \$3,117,153.25; Texas, \$7,320,697.61; Virginia, \$5,184,003.76; and specials from all sources, \$1,693,608.04.

On the basis of distribution agreed upon by the various states the following amounts have gone to the various causes co-operating in the Campaign: State missions, \$8,671,105.17; home missions, \$7,225,921.01; foreign missions, \$11,561,473.61; Christian education, or 119 Baptist seminaries, training schools, colleges and academies \$13,488,385.87; 21 Baptist hospitals \$2,167,776.29; 19 Baptist orphanages \$3,372,096.47; and ministerial relief \$1,686,048.23.

After conference with the general missionary, educational and benevolent causes which are embraced in the Campaign, Dr. Scarborough announces that raising of \$27,000,000 in 1924 will not only enable all Southern Baptist enterprises to meet all their obligations but to make large advances at home and abroad as well.

### INCOME TAX.

Hundreds of thousands of women annually file income tax returns and pay income tax. No official estimate of the number of such returns for the year 1923 can be given, but statistics of income for the year 1921—the latest compilation of such figures—show that for that year the number was approximately 800,000. The tax assessed on the incomes reported by women was more than \$111,000,000. Of the total number of returns filed by women, 89,000 were by wives who made separate returns from husbands. The amount of tax collected from this source was approximately 43,500,000.

More than 100,000 women filed returns as heads of families by reason of the support in one household of one or more relatives. The exemptions allowed the head of family are \$2,500 where the net income was \$5,000 or less and \$2,000 where the net income exceeded \$5,000. Tax collections from these women amount—addition there were filed approximately 600,000 returns by single women, in which term is included widows, divorcees and women living apart from their husbands. The amount of tax from this source was more than \$58,000,000.

A woman who was widowed during the year 1923, unless the head of a family or remarried on or before December 31, 1923 may claim only an exemption of \$1,000. A wife supporting an invalid husband in a sanatorium is entitled to an exemption of \$2,500 or \$2,000, according to whether her net income was \$5,000 or less or in excess of \$5,000. The separation is one of necessity, and she is not considered for income tax purposes to be "living apart" from her husband. If, however, there is continuous separation between husband and wife, each must take the status of a single person with respect to the income tax. "File your income tax return early" is a slogan that applies especially to women, who thus will avoid the congestion occurred in collectors' offices during the closing days of the tax period, which ends at midnight of March 15.

Couple Walks Down Street. Shaded by Umbrella From January Sun.

Perhaps you have heard the remark that the Pecos Valley was not what we advertised as a summer resort. While this winter has been out of the ordinary for cold weather, yet we have had some pleasant weather recently. In fact the day becomes so warm that it was necessary to shade under an umbrella, at least one couple thought so last week for they walked the length of Main under its shade.

IN THE DISTRICT COURT OF EDDY COUNTY, STATE OF NEW MEXICO.

The Union Central Life Insurance Company, a Corporation, Plaintiff,

vs.

William E. Bolton, Edna J. Bolton, Nora Gavin and Van Bartlett, Defendants.

No. 3717.

### NOTICE OF FORECLOSURE SALE

Notice is hereby given that the undersigned will at 4:00 P. M., on the 30th day of January, 1924, at the front door of the First National Bank of Artesia, New Mexico, offer for sale at public vendue and sell to the highest bidder for cash all the right, title and interest of the defendants, Nora Gavin and Van Bartlett in and to the NW 1/4 of Sec. 17, Twp. 16 S., R. 26 E., N. M. P. M., together with one Artesian well located on said land and the water flowing therefrom, situated in Eddy County, New Mexico. said cause having been dismissed as to the defendants, William E. Bolton and Edna J. Bolton.

The said sale will be held pursuant to the provisions of the final decree entered in the above entitled cause on the 18th day of October, 1923, the said cause being a suit to foreclose a certain mortgage on the above described real estate given by the defendant Bolton to the plaintiff to secure the payment of certain promissory notes, and the said decree providing for the recovery by the plaintiff by means of said sale the following amounts:

\$7,035.00 and interest from date of decree at 9 per cent per annum; \$703.50, attorney's fee and interest from date of decree at 6 per cent per annum; \$270.29 and interest from date of decree at 12 per cent per annum; and \$12.00 cost of suit. The foregoing amounts with interest to date of sale will amount to the sum of \$8,221.33 that being the sum for which the said real estate will be sold on said date, together with the costs of said sale.

The undersigned has been designated by said decree to make such sale and the said decree provides that the plaintiff may become a bidder at said sale and shall be entitled to credit against its bid the amounts due it as set out herein.

Witness my hand this the 2nd day of January, 1924

### BAKING IN THE HOME.

(By Helen Harrington Downing.)

For the past few years there has been a noticeable tendency to buy ready baked and delicatessen foods instead of preparing them at home; and with many it has become a permanent habit hard to drop.

Lately, however, it has been noticed, home baking is again finding itself of prime importance among other household duties and new as well as old favorite receipts are being exchanged. Card index receipt boxes are given to the bride-to-be; while housewives and students are taking as great pride in showing their ability in the culinary line as the chef and teacher.

Home baked foods have after all the best flavor and taste, and real appreciation when a plate of fresh home baked doughnuts or crullers are served where baked goods have been the usual thing, and when hot light crisp fritters are served for dessert, every one is bound to be pleased.

When a platter of piping hot corn fritters or salmon croquettes, seasoned just right, are brought to the table with suitable accompanying sauce or gravy, the appreciation shown is sure to repay the efforts of the one who prepared them.

These things certainly show we are getting back some of the good old fashioned days of home happiness.

**Points About Deep Fat Frying.**  
The fat should be tested to see that it is at the right temperature for the cooking. Not more than four or five doughnuts should be fried at one time when using a medium sized kettle such as is found in the average kitchen. A larger number will cool the fat and the result is the doughnuts are apt to crack. Not in too much of a hurry. Slow but not too slow cooking is preferable.

The frying basket should be lowered gently into the hot fat until the contents are completely covered with the hot fat. After frying, lift up the basket and allow it to hang on a hook or a strip at side of kettle, and drain off any excess fat. Left out doughnuts on to a piece of clean unglazed paper, which will absorb any further grease. Change the paper as soon as it becomes greasy.

### Calumet Doughnuts

- 4 cups flour.
- 4 level teaspoons Calumet Baking Powder.
- One-half teaspoon salt.
- 1 cup sugar.
- 2 eggs, beaten together.
- 2 teaspoons melted butter.
- 1 cup milk.

Sift flour, then measure, add baking powder and salt and sift three times, put sugar and butter together, add well-beaten eggs, then flour and milk alternately. Turn out on a well floured board and roll one-half inch thick. Cut with doughnut. Let stand five minutes and fry in a kettle of hot fat. Vanilla or cinnamon may be added.

Attention W. C. T. U.

The W. C. T. U. will hold its regular meeting at the home of Mrs. J. M. story Tuesday afternoon, February 12 at 2:30 followed by a Lincoln program and a social hour. All members urged to be present and visitors welcome.

NATIONWIDE in the scope of its service, the Bell System is nationwide also in the distribution of its securities.

In street car, at church, at theatre, at grocery store counter you rub elbows with its owners.

They differ as widely in occupation and in wealth as do the more than 14,000,000 subscribers served by the system. But as Bell subscribers are united by a common means of inter-communication, so Bell owners are united by a common characteristic—thrift.

Other forms of thrift have very properly attracted the savings of thousands of Americans, but none of them more truly illustrates an investment democracy and none more directly serves the public.

State Engineer's Office.  
Number of Application 1474.  
Santa Fe, N. M., January 17, 1924.  
Notice is hereby given that on the 17th day of January, 1924, in accordance with Section 26, Chapter 49, Irrigation Laws of 1907, T. J. Terry, of Artesia, County of Eddy, State of New Mexico, made formal application to the State Engineer of New Mexico for a permit to change the place of use of water from Cottonwood Creek, for the reasons set forth in the statement accompanying this application; the right to the use of the water being as granted under Permit No. 1474, approved on the 13th day of April, 1922, transferring 237 acre feet of water from 79 acres in the W 1/4 NE 1/4 Sec. 13, T. 16 S. of R. 25 E., N. M. P. M. to 79 acres in the W 1/4 SW 1/4, Sec. 7, T. 16 S. of R. 26 E., N. M. P. M.

Any person, firm, association or corporation deeming that the granting of the above application would be truly detrimental to their rights in the water of said stream system shall file a complete statement of their objections substantiated by affidavits with the State Engineer and serve a copy on applicant on or before the 14th day of April, 1924, the date set for the Engineer to take this application up for final consideration unless protested. In case of protested applications all parties will be given a reasonable length of time in which to submit their evidence in detail or arrange a date convenient for a hearing or appoint a referee satisfactory to all to take testimony. Appearance is not necessary unless advised officially by letter from the State Engineer.

#### NOTICE OF SUIT AND SUMMONS BY PUBLICATION.

IN THE DISTRICT COURT, OF EDDY COUNTY, NEW MEXICO. No. 3837.  
Harriet Porter Ward, Plaintiff.

vs.  
Angeline Mackey, Bert E. Mackey and C. R. Troxell, Defendants.  
TO Angeline Mackey, Bert E. Mackey and C. R. Troxell, the above named Defendants:  
You and each of you are hereby notified that an action has been commenced against you in the District Court, of Eddy County, New Mexico, the general nature and objects of said suit are to obtain judgment against you, Angeline Mackey and Bert E. Mackey, and in favor of the above named Plaintiff in the sum of \$798.38 with interest at the rate of 10 per cent per annum, payable semi-annually from January 22nd, 1924 and cost of suit.

You Angeline Mackey, Bert E. Mackey and C. R. Troxell, the above named Defendants, are further notified that the further object of said suit is to foreclose a certain mortgage deed, executed to the Plaintiff, by the Defendants, Angeline Mackey and Bert E. Mackey, her husband, on the 22nd day of March, 1912, and recorded on the 4th day of May 1912 in Book 13 at Page 384 of the Records of Mortgages of Eddy County, New Mexico, said mortgage conveying to the Plaintiff the SW 1/4 of the SW 1/4 of Section 18, Township 18 South, and Range 27 East, also a water right out of the Penasco River, together with a pumping plant and equipment to convey the water from said River to the above described land.

And you, Angeline Mackey, Bert E. Mackey and C. R. Troxell are further notified that unless you enter your appearance and plead in said cause on or before Monday, March 24, 1924, judgment will be taken against you, Angeline Mackey and Bert E. Mackey for the sum of \$798.38, with interest from January 22nd, 1924, until paid and cost of suit, and you are further notified that an order of default will be entered against you and each of you, and that said cause will proceed ex parte to final judgment and decree of foreclosure as above mentioned.

You are further notified that Plaintiff's Attorney is J. H. Jackson and that his business address is Artesia, New Mexico.

#### Mob Disperses When Storm But Women Remain.

The big storm scene for "The Son of Wallingford" was filmed one of the worst coast storms California has had in twenty years.

It occurred the latter part of May and was ideal for George Raft's Chester's purpose. Mr. Chester watched weeks for a severe storm in which to film an important scene of "The Son of Wallingford" a Vitagraph special production which will be shown at the Metropolitan Theatre on next Friday and Saturday.

It was necessary during the scene to film it three times as the rain was descending in many of the players, who number 2,000, sought shelter in houses.

### Special Orchestra Music Wed. and Thurs.

RAY BARTLETT, Director

# MAJESTIC THEATRE

MONDAY and TUESDAY, February 11th and 12th

## "OVER THE BORDER"

With Betty Compson and Tom Moore

A PARAMOUNT PICTURE

Two big stars in a thrill-swept romance of the frozen North. Where smugglers clash with the Northwest Mounted, and a bewitching heroine defies the law. With the sensational climax actually filmed in a raging blizzard.

Just the Kind of Picture You Like Best--See It

Also Showing Two-Reel Comedy, "Where Is My Wand'ring Boy Tonight"

Admission 10c and 30c

Show Starts at 7:30

WEDNESDAY and THURSDAY, February 13th--14th

## "Pioneer Trails"

With a Wonderful All-Star Cast of Players.

A Tense Photodrama of the Early West

Prairie schooners on burning plains, bearing brave men, oak hearted women, happy children, all lured by the mirage of GOLD.

Indians on the warpath. A hopeless battle against cruel odds--the MASSACRE.

Youth's Loyalty, Hope, Love, tested by Hate's Treachery--the ever living romance of the builders of the Glorious West.

Note: This picture is just as good as "The Covered Wagon," which is having such a wonderful run the world over. C. W. Bartlett & Son.

Also Baby Peggy Comedy "Miles of Smiles"

Adults 40c., Children 15c. Show Starts at 7:30

FRIDAY and SATURDAY, February 15th and 16th

## "The Son of Wallingford"

A Million Dollar Production--Eight Thousand Actors Used

Spectacular! Stupendous!! Thrilling!!

A Photoplay that does not depend entirely upon the magnificent spectacular scenes for which it has become known. Its success is due as much to the simplicity of its domestic scenes and human love story as to the big pageant requiring a menagerie and 8,000 actors, and the lake of burning oil which is regarded as the greatest conflagration scene ever filmed.

Also Two-Reel-Comedy "Back to Earth"

Admission 10c and 30c. One Show Friday, 7:30

Two Shows Saturday at 7:00 and 8:45
