## AROUND MULESHOE

Lt. Wayne Holmes, of the Muleshoe City Police Department, said a Defensive Driving Course is scheduled for Tuesday, October 14 and Wednesday, October 15, at the Muleshoe City Police Department in the training room.

Classes will be from 6:30-10:30 p.m. on each of the two nights. Registering may be conducted by contacting a dispatcher at the Muleshoe Police Department. Registration fee is only \$5, which covers materials and the certification in Austin.

Superintendent H. John Fuller of the Muleshoe ISD has announced that school will dismiss at 1:30 p.m. on Friday, October 10, (tomorrow), and buses will run at that time.

Students will be dismissed early in order to allow teachers to attend inservice training on Recognition of Dyslexia and Related Disorders, Recognition of Child Abuse, and the Muleshoe Effective Teaching Program.

The Texas Parks and Wildlife Commission has adopted a statewide quail bag limit of 12 per day, and possession limit of 36 for the 1986 quail hunting season.

The statewide quail season is November 1, 1986 through February 22, 1987.

A leadership training session for all teachers, assistants and workers for the Muleshoe Girls Scouts will be held at the Muleshoe State Bank Community Room on Saturday, October 1, from 10 a.m.-4 p.m.

Everyone interested in working with the Scouting program is invited to attend this meeting.

Martha Couch, Field Service Director from Plainview, will conduct the meeting. Friona Girl Scout leaders will also be attending.

Gerald McCathern, Democratic Congressional candidate, spoke to supporters at the Bailey County Coliseum on Saturday, October 4, following a chili supper. McCathern, a Deaf Smith farmer and rancher, spoke on many issues, particularly the plight of the farmers. He has served as a special assistant to the Secretary of Agriculture and said he plans to continue his fight for sound agriculture policies.

An R&R Co-Ed Softball tournament has been scheduled in Seagraves on October 18-19. Deadline for entry is October 16 with a \$90 entry fee.

For additional information, contact Rita or Renee at 806/546-2054.

**GOLD STAR WINNERS**--Presented the Gold Star Award, the highest award that can be presented a county 4-H member, were given Holly Huckaby, left and Jamie Wheeler, during the annual 4-H Achievement Banquet Tuesday night. Holly is the daughter of Mr. and Mrs. Lyndon Huckaby and Jamie is the daughter of Mr. and Mrs. Joe Wheeler.

## Mules-Chiefs First 86 District Contest

Both Muleshoe and Tulia underwent their first loss of the season last Friday night in football, when the Lockney Longhorns blew past the lackadaisical Mules 21-6, while Pampa was edging Tulia 30-23.

This week, the Mules travel out of town for the third straight week when they meet the Friona Chieftains on the Chiefs home field. Friona is also 4-1 for the year, having downed Pampa 19-13 last Friday night.

At this time, the Mules have scored 122 points, while giving up 80; and Friona has scored 115 points, giving their opponents 49 points.

Most of the Mules are expected to be physically healthy when they arrive in Friona, but a Muleshoe-Friona game is always full of 'next-door neighbor' rivalry. As this is the first district game of the year, gametime will be at 7:30 p.m. at Chieftain Field.

After five games, the Mules have 212 rushes for 1123 yards, averaging 5.3 yards per attempt. Their opponents have rushed 169 times for 728 yards, an average of 4.3 yards each attempt.

In passing, the Mules have made 79 attempts, completing 29 for 469 yards, a 40.8 percent

completion ratio. This is 16.2 average yards each completion. Their opposition has completed 24 of 92 attempts for 425 yards, averaging 4.6 yards each time, for a 26.1 completion rate.

The Mules have punted 17 times in the first five games, for 587 yards, for an average of 34.5 yards per punt.

Muleshoe has 80 first downs, broken down to 66 by rushing and 14 by passing, while their opponents have 59 first downs, 44 by rushing, 12 passing and three by penalty.

Penalties and fumbles have hurt the Mules. They have 31 penalties for 294 yards and have lost six fumbles. Their five opponents to date have 25 penalties for 230 yards and have lost the ball eight times fumbling.

Individually, Todd Bessire has carried 48 times for 414 yards and received five passes for an additional 158 yards, for a total of 506 yards.

Michael Dunham has carried 64 times for 273 yards, and caught one pass for one yard for a total of 274 yards.

Armando Del Toro has carried 52 times for 272 yards, and has received four passes for 61 yards, a total of 333 yards to date.

Michael Angeley has carried 20 times for 93 yards, passed 10

## School Board Cancels Football At Lazbuddie

Hampered by injuries and not enough players out, the Lazbuddie School Board voted to cancel the rest of the football season for this year.

Superintendent Joe Hall explained to The Journal that Lazbuddie had only 14 players going into last Friday night's game with Bovina. Two players were injured, joining a previously injured player, leaving only 11 players for the Lazbuddie team.

He also said four of the 11 players were only freshmen, so in order to prevent further injuries to the players, it was decided to cancel the season.

"We are by far the smallest school in the district," said the superintendent. "We only have a total of 64 students in high school."

"This year, we only had two seniors on the team, and we lost six good seniors from the team at the end of last year."

The four teams Lazbuddie's Longhorns had played this year prior to the determination to cancel the rest of the season were Melrose, Springlake-Earth, Happy and Bovina.

### Richelle Watkins Has Ambulance Data For Rotary

Todd Ellis was in charge of the Rotary program Tuesday at noon, and introduced Richelle Watkins, director of the Bailey County Ambulance Service.

She explained that Bailey County had taken over the operation of the ambulance service in this county effective September 15, after it had been operated out of West Plains Medical Center for the past two years.

Even if the present operators of West Plains Medical Center should terminate operation of the hospital, Mrs. Watkins explained that there will still be an ambulance service in the county, owned and operated by Bailey County.

In the near future, Mrs. Watkins, said they expected to have charges for use of the ambulance in line with what medicare would commonly pay for the ambulance. Although the ambulance is still based at the hospital, it is totally separate from the hospital.

At this time, the ambulance is operated by three fulltime employees and four part-time volunteer employees, all of whom are licensed EMT's, or in one instance, a paramedic.

The ambulance director also said an Emergency Care Attendant Class (ECA) will begin around October 21. It will be 11 weeks for 44 hours, with classes being conducted on Tuesday and Thursday nights, conducted

It was during a festive green and white decorated meeting at the Bailey County Civic Center Tuesday night when the very best 4-H youth in Bailey County were named by Bailey County Extension Agents Spencer Tanksley and Deana Finck.

Following a dinner of turkey and dressing, with all the trimmings, prepared by Mrs. J.K. Adams, and several helpers, banquet got down to business.

Named Gold Star recipients were Holly Huckaby and Jamie Wheeler. The Gold Star Award is the top award that can be given on a county level of 4-H members.

Holly, the daughter of Mr. and Mrs. Lyndon Huckaby and a freshman at Muleshoe High School, has been an active 4-H member for seven years.

She has completed 4-H projects and activities in the areas of swine, sheep, clothing, foods and nutrition, 4-H cultural exchange, arts and crafts, method demonstration, citizenship and consumer education.

She has participated in State 4-H roundup, electric camp, and leadership camp. Holly has served on the county council, and is president of her club as well as district council representative.

Jamie Wheeler is a junior at Muleshoe High School and the daughter of Mr. and Mrs. Joe Wheeler, and became the fifth member of her family to receive the coveted Gold Star Award.

She has been active member of 4-H for eight years. She has completed 4-H projects and

activities in the areas of sheep, swine, horse, beef, clothing, foods and nutrition, consumer education and 4-H cultural exchange.

She has participated in recordbook judging, electric camp and livestock shows. She is serving on the county 4-H council this year.

Recipients of the "I Dare You" award were Carrol Copley and Colin Tanksley.

The I Dare You award is made available by the "I Dare You" committee of the American Youth Foundation, in cooperation with the Bailey County Extension Service.

Recipients of this award are chosen because of their outstanding 4-H careers at the time the award is presented.

It is given as a challenge to these 4-H'ers to continue to strive for excellence their coming years as 4-H members. Each was presented a copy of William H. Danforth's book, I Dare You, and a certificate.

Other awards presented during the evening included:

### Dr. Muyschondt

### Not On Board

### For Hospital

Dr. Enrique Muyschondt visited The Journal Monday morning to explain his position as Chief of Staff of West Plains Medical Center, as far as the board of directors are concerned for the hospital.

Dr. Muyschondt said he is a member of the West Plains Medical Center Board, which is the original board for the hospital (pre-Westworld) and is a member by virtue of being Chief of Staff of the hospital.

However, he is NOT and has never been a member of the Westworld Community Healthcare Governing Board for the hospital -- and in fact, no local doctor is now, or has ever been a member of the board. No doctor has been invited to be a member of the governing board, he added.

According to the doctor's explanation, he goes into the governing board's meeting, is there just long enough to read the minutes of the doctor's staff meeting, then immediately leaves the meeting.

"That is my sole connection with the governing board," he said, "I never even sit down."

## Westworld Terminates Mason Acute Services

The following is from the San Angelo Standard Times, Saturday, September 27, 1986, and is important to the residents of this area:

By CAROL DANIEL Staff Writer

Mason residents have responded well to their hospital's appeal for more business, says the hospital's administrator.

"It's really been a positive - maybe not overwhelming, but a positive - response," said Mason Memorial Hospital administrator Dean Leiser.

Leiser told the community, in a letter printed in June in the local newspaper, that Mason residents need to use the local hospitals as much as possible, instead of traveling to other cities for basic care.

"Without this support, the primary health care system in Mason cannot survive," Leiser said in the June 30 letter.

He also said the cost of emergency room, outpatient and nursing home care would increase. Surgical, obstetrical and other special care would no longer be offered, he said.

The hospital consolidated some areas of service, such as dietary service and the business office, in July, Leiser said.

With those expenses down and an increase in hospital use, the hospital has been able to keep the monthly loss well within the corporation's \$40,000 limit, Leiser said. The hospital previously had lost \$100,000 in two months.

The hospital is licensed for 18 patients, and it had nine patients on Thursday. The hospital averaged one patient a day in 1985, and this month the daily census has been two or more, Leiser said.

"It's doubled in other words," Leiser said. "I know it's easy to double one, but it's a significant increase."

Leiser said he is working to establish a half-day clinic each week, in which specialists from Fredericksburg would travel to Mason to see patients.

The Mason hospital competes with health care available in Fredericksburg, 43 miles to the

south, and Brady, 38 miles to the north.

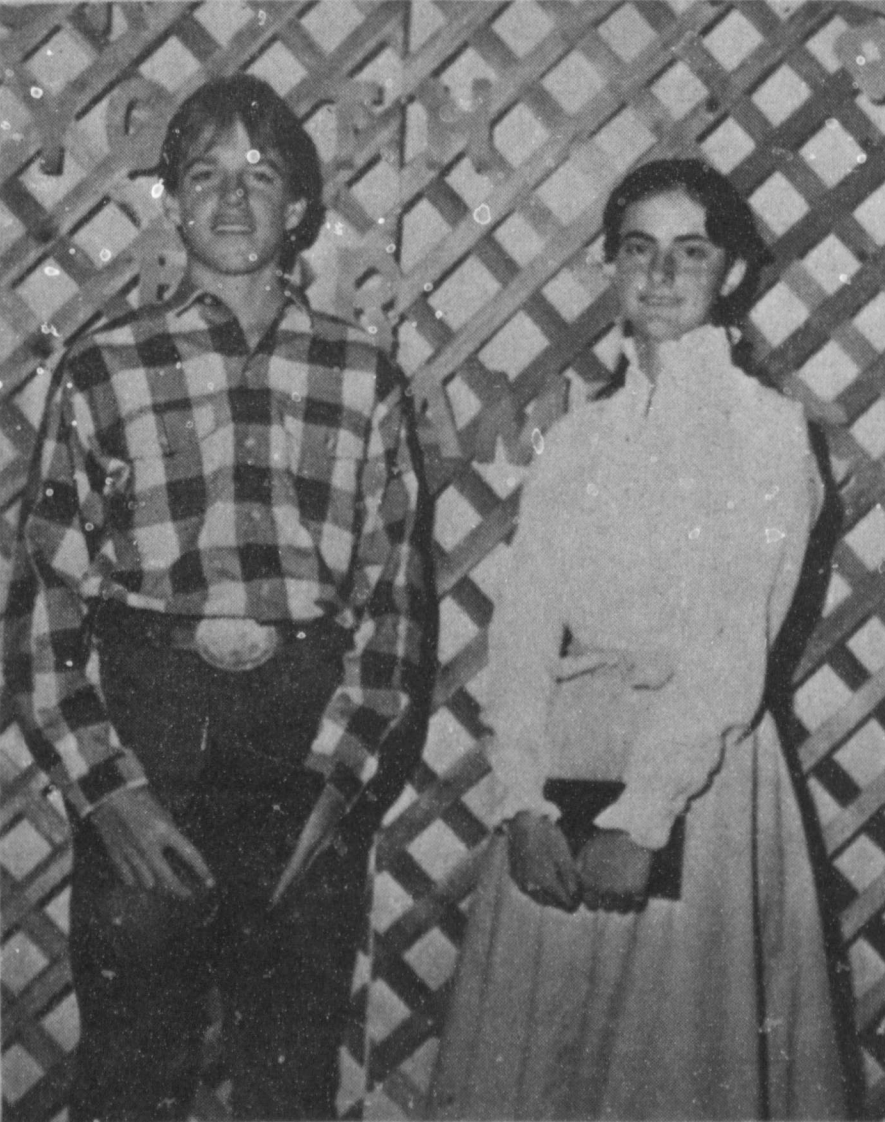

Leiser said he has been fighting rumors, since he became administrator at the end of May, that the hospital was on the verge of closing. Westworld Community Healthcare, Inc., took over operation of the hospital and nursing home from the city in 1985.

"You just don't turn around rumors when people have lived with them for years," Leiser said. "I hear them less and less frequently now."

Leiser said the hospital is vital to the community in attracting new residents, particularly retired persons.

**AIR TOUR STOPS HERE**--Mr. and Mrs. Walt Moyer, of Moody, near Temple, were among some 40 persons on 17 planes who landed at the Muleshoe airport Tuesday afternoon during the 38th All Texas Air Tour. They were greeted by Muleshoe citizens, including the Muleshoe Mayor Darrell Turner, members of the Muleshoe Chamber of Commerce and Agriculture and other citizens. They were in Muleshoe for approximately one hour.

**THEY'RE BOTH WINNERS**--This year, a challenge was issued two Bailey County 4-H members during the annual Bailey County 4-H Achievement Banquet. Winner of the 'I Dare You' awards were Colin Tanksley, left and Carrol Copley. They received a certificate and a copy of the book, 'I Dare You.'

## ENMU Plan Homecoming; Big Activities

More than 25 events are scheduled for the Oct. 8-12 homecoming at Eastern New Mexico University.

The Wednesday student Kick-off activity is an 8 p.m. western dance followed by a Thursday evening theatre performance of "Joseph and the Amazing Technicolor Dreamcoat." The performance repeats Friday and Saturday evening and Sunday afternoon.

Friday includes meetings of the University's Board of Regents and the Alumni Association's Board of Directors. The Roosevelt County Museum will hold an open house on Friday and Saturday and the ENMU volleyball Zias play at 11 a.m. and 7 p.m. at the Portales Country Club and the homecoming assembly begins at 1 p.m. in the Campus Union Building.

Also on Friday, the Rannels Room for Southwestern Political Papers will be dedicated at 3 p.m., and followed by a 5-7 p.m. reception for home economics alumni. The members of the "6" classes will be honored at an evening reception at the Portales Country Club and the Baptist Student Center will host an open house that evening.

Saturday events begin with the 7 a.m. ROTC Fun Run and include the Friends of Eastern Breakfast, tours of the Science Building, the homecoming parade at 10:30 followed by the Saturday Buffet and a pre-game show by Greyhound Stadium and football game at 2 p.m. The Council for Professors Emeriti will hold a reception after the game and an evening steak supper and dance at the Portales Country Club will be sponsored by the Greyhound Bench Club. A 7 p.m. banquet will be at the Baptist Student Center. The final performance at University Theatre will be Sunday at 2 p.m.

# Wolverines Expected To Beat Michigan State

When it's football season, it is very difficult to be in another university in the same state with the University of Michigan. The Spartans of Michigan State have been in this rather unenviable situation for at least 78 years. At least that's the number of times the two football teams have faced each other. Michigan State has lost 51 of these encounters, tied 5, and won 22. The most recent Spartan victory was in 1984, 19-7. Normalcy returned last season as the Wolverines zapped Michigan State 31-0. But State is looking to make 1986 the year of The Win. The common opponent has been Notre Dame. Michigan edged Irish in its opener 24-23 while the Spartans beat Notre Dame 20-15 the following week. The game is in Ann Arbor... another crowd of probably 105,000 or more.. and probably another Michigan victory.

On the West Coast, Arizona and U.C.L.A. won't play to quite that large a crowd-though in the Rose Bowl it might be close-but it will be the second key conference game in two weeks for the Bruins. They

hosted Arizona State last week. The wildcats, though they're unbeaten and have rolled up 139 points in their four wins, like to associate with the upper U.C.L.A. slipped by Arizona 24-19 last season, but we think the untested Wildcats are going to pass this test Saturday.

One of the features of every football season has been the clash between Oklahoma and Texas. This year's game in Dallas may not have the lustre on both sides - just the awesomeness of Oklahoma. It looks very one-sided for the Sooners.

Brief look at the forecasting percentage: our average, through games of Saturday, September 27th (which was Bad Day at Black Rock) is .739 based on 553 right, 195 wrong.

There are two biggies in the Southwest Conference where host Baylor will be favored in a close contest over S.M.U., and Arkansas entertains Texas Tech. The Razorbacks should win.

# TAIR Reading Conference Scheduled For Lubbock

Teachers from Lubbock and the surrounding area will gather for the 19th Annual TAIR Reading Conference in the Lubbock Civic Center, Friday, p.m.

The conference, sponsored by the Lubbock Independent School District and the Texas Association for the Improvement of Reading, features presentations by ninety-six teachers from the Lubbock Public Schools. Educators from Plainview ISD, Amarillo ISD, Slaton ISD, Lawton ISD, Wayland Baptist University, and Texas Tech University are also scheduled to lead special sessions.

This year's TAIR conference will also feature keynote speaker, Dr. Richard L. Allington,

chairman of the Department of Reading at The State University of New York at Albany. Dr. Allington has done much research on the development of comprehension in children who find reading a very difficult task. He also has a keen interest in identifying the most effective and efficient instructional techniques. His topic at the conference will be "Where Does Comprehension Come From?"

Ideas fairs and interest sessions will be held from 1:00-2:00 p.m. for elementary and secondary teachers. Secondary interest sessions and elementary grade level sessions are planned for 2:00-3:00 p.m. Special Exhibits will be on

display from 3:00-3:45 p.m. The general session with Dr. Allington is scheduled in the Civic Center auditorium from 3:45-5:00 p.m. Other elementary and secondary sessions will again be held from 5:00-7:00 p.m. All sessions cover a wide range of topics relating to reading skills.

The local public and residents from surrounding communities are invited to attend. The registration fee is \$5.00 and may be paid at the door the day of the conference.

## Allsup's Open New Stores

Allsup's Convenience Stores, Inc. has announced projected opening dates of October 15th for store #143 located at Hwy 82 and Curlew Place in Cloudcroft, NM and November 1st for store #132 located at Hwy 54 and Hwy 380 in Carrizozo NM.

According to Tollie Jones, Allsup's Director of Construction, "All preparation work is complete and construction is well under way. If the weather cooperates the stores should be ready for final inspections and opening by these dates."

Each store represents an investment of almost \$450,000 to the communities of Cloudcroft and Carrizozo. They will operate 24 hours a day, every day and will create approximately seven new jobs at each location.

Serving the residents of New Mexico, Texas and Oklahoma for 30 years, Lonnie D. Allsup, founder, attributes the company's success to the philosophy of providing convenience, service, and variety to their customers.

LOTS OF PLANES AROUND--Pictured sitting around the hanger area at the Muleshoe Airport are several of the 17 planes that landed one right after the other at the airport early Tuesday afternoon. The 40-plus people on the planes were on the 38th All Texas Air Tour. The people said this was the second time to visit Muleshoe on the annual tour, as they had stopped here several years ago.

## Baby Shower Honors Mrs. Kay Lynn Brantley

Mrs. Kay Lynn Brantley and Mandy J. were honored with a baby shower Sunday, Oct. 5 from 2:30 to 4 p.m. in the fellowship hall of the 16th and Ave. D Church of Christ.

Guests were greeted by the honoree, Kay Lynn Brantley and Mandy J.; Norma Prather and Mary Janice Brantley, grandmothers of Mandy J.

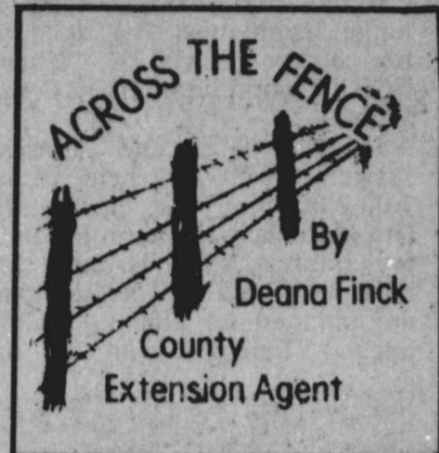

Starla Ellis served thumbprint cookies, coffee and punch from crystal serving dishes.

The serving table was covered with a pink calico print table cloth accented with pink bows and ribbon. A potted plant in a baby's bath tub, accented with assorted baby items, adorned the table. The honoree's corsage consisted of yellow baby socks.

Special guests included Myrtle Puckett and Ruby Brantley, great grandmothers of Mandy J.; Pam Prather and

Jaime Prather, aunt and cousin of Mandy J.; Stephanie Barrett, aunt of Mandy J.; and Joyce Scott, great aunt of Mandy J.

The hostesses gifts were a nursery monitor, bath tub and the center piece.

"Osteoporosis and You" is a program of special interest. The public is invited to learn more about osteoporosis on Tuesday, October 14th at 2:00 PM at the Civic Center. Sherry Nusser will discuss what osteoporosis is what causes this disease, how you may prevent it or slow its progress, who is at risk for developing this painful bone disease.

Osteoporosis, often called "brittle bone disease", is serious. It affects more than 15 million Americans, most of them women. This disease often can be prevented or slowed down through appropriate diet and lifestyle changes.

This program is sponsored by the Bailey County Extension office and the Extension Home Economics Committee. It is open to the public and is free of charge.

### Rebekah Lodge

Muleshoe Rebekah Lodge No. 114 met Tuesday, Sept. 30 at the lodge hall. It was reported that an ice cream social was enjoyed by all with home made ice cream and fresh fruit.

Renee Rudd Noble Grand opened the meeting and Novella Price gave the opening prayer. Minutes of the previous meeting were read by Patsy Chance, secretary.

The Thanksgiving dinner was discussed and Dimple Sims was selected as chairman. The Thanksgiving dinner will be served from 11 a.m. to 2 p.m. on Thursday, Nov. 6. Tickets may be purchased from any Rebekah.

Rebekah Lodge will sponsor should appear at the check Center.

Reports were given on several members of the lodge who are ill. Lodge closed with a prayer given by Thursie Reid.

Science Fiction for young-people; Land-

mark books; fairy-tales and many other children's books. Paper-backs individually or by the sack! Even magazines-some will be given away.

If anyone has books to donate for his sale, contact the Library 272-4707.

## Creative Living

by Sheryl Borden

Information on trends and safety in microwave ovens, helpful hints for taking care of wood furniture, and ways to present beautiful food will be presented on "Creative Living" on Tuesday, October 14 at 12 noon and repeated on Saturday, October 18 at 2:00 pm. (All times are Mountain.)

Janet Briggs is a home economist with Panasonic, and she's from Secaucus, NJ. According to Janet, more now than ever before, consumers will see a wider diversity of microwave ovens on the market. She will discuss specific points to consider if you're thinking of purchasing a new microwave oven.

Another segment will deal with helpful hints with wood, and Lynn Gerhart will share some "tricks" that will help in cleaning sticky, dirty cupboards or piano keys, removing wax build-up, removing scratches and dents and even cleaning glass an easy way. Lynn is an expert in the area of furniture refinishing, and these tips are some she's picked up through the years. She's from Boynton Beach, FL and represents a company called QRB (Quickly Restores Beauty).

We'll also learn the art of presenting beautiful food, and it will focus on easy garnishing ideas for foods that may be for everyday or for special occasions. Marlene Brown is a food stylist, a food writer and consultant, and her business is called "Marlene's Cuisine" and she's from Los Angeles.

On Tuesday, October 14 at 9:30 pm, the show will feature topics relating to osteoporosis and who is most susceptible? Jan Newquist is a Registered

Nutritionist with the Associated Milk Producers, Inc. in Albuquerque, and she will discuss this topic and demonstrate some ways to get more calcium in our diet.

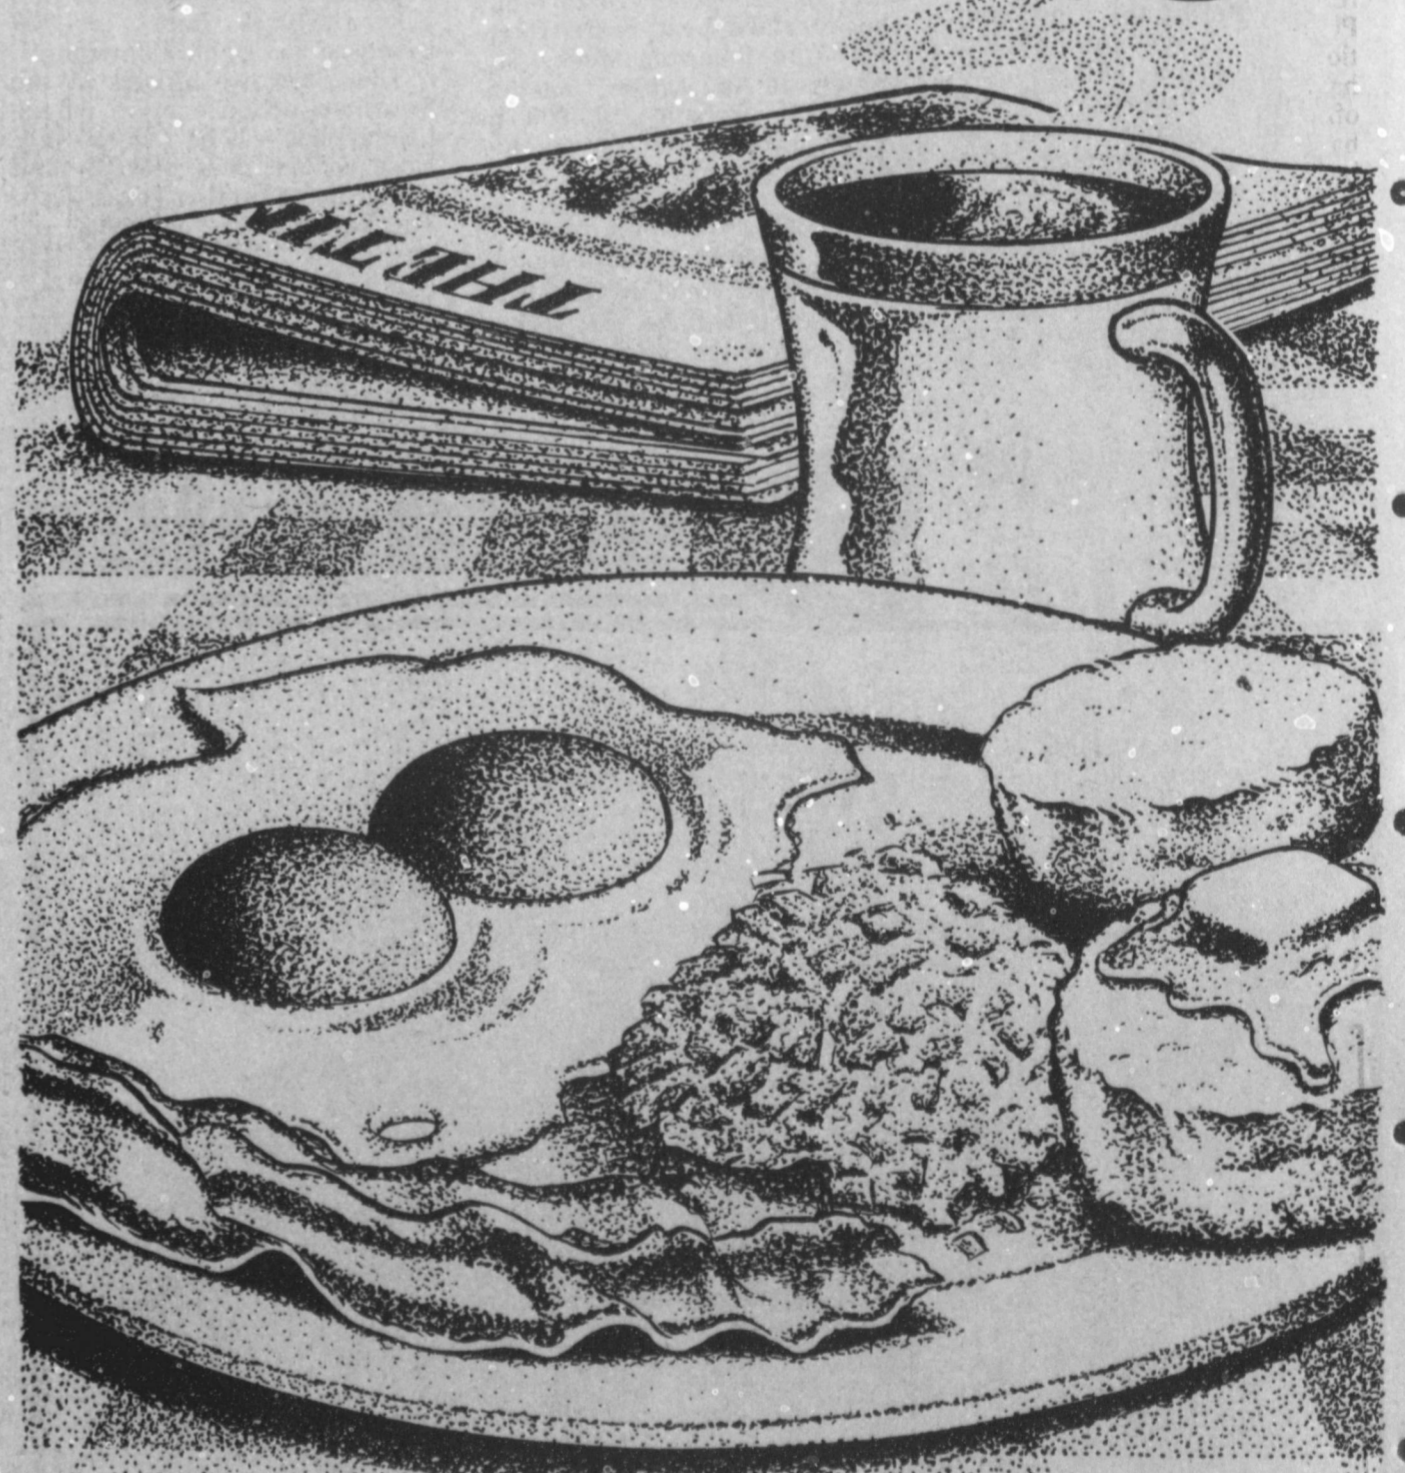

Kay Willis, a mother of ten and a spokesperson for Fisher-Price Toys from Rutherford, NJ, will show a unique camera that is effective in building self-confidence in children. The camera really works, and Kay will share a short video tape that illustrates how the camera helps children.

Three additional topics will be presented on "Creative Living" on Thursday, October 16 at 12 noon. Since the beginning of time, women have admired and sought the look of long-lashed, softly shadowed eyes. Dr. Stephen Montgomery, an optometrist in Roswell, will explain a new procedure called permanent lashliner, which enhances the eyes.

Another guest will be Suzi Holder and she's going to discuss and demonstrate how easy it is to sew with leather. She will explain the advantages for sewing leather at home and discuss selection of pelts, cutting techniques and explain how to adjust the sewing machine. Suzi is with the State 4-H Office with the State 4-H Office in Las Cruces.

Did you know that diabetes is the number three killer in the United States today, topped only by cancer and cardiovascular disease? Research seems to show that patient education can reduce the risk of some of the complications diabetic individuals may suffer from. We'll find out what some of these results are.

## Muleshoe Squares

By Elizabeth Ann Tabor

Muleshoe Squares met Thursday night for Square Dance Plus and Quarter Selection Workshop. Club Caller James Pettus did the calling. Club attendance was four squares and one guest square of New Mexico dancers. The visiting club square represented Circle Eight and Y-Squares of Clovis and Starlight Swingers of Portales. May we see you in a square soon as the welcome mat is always out.

An upcoming date to note is the Annual Peanut Festival Square Dance hosted by the Starlight Swingers, Friday night, October 17, 1986MDT at the ENMU Campus Ballroom, Portales, N.M. Rounds and Squares will be quod and called by local cuers and callers.

President James Turnbow presided over a short business meeting. Plans are being made for our annual Halloween Costume Party October 30, 1986. Committees will be appointed at regular club dance night October 9th.

There has been some interest shown in the possibility of round dance lessons being taught in Muleshoe. Probably date is October 24, 1986. For

further information contact Club President James and Shelly Turnbow.

A number of our members are very busy and with harvest in full swing out and club attendance has dropped a bit. We do miss you and hope to see you soon, however, contact one of our club officers and check with them as several other events are being planned for our square dancing pleasure.

#### REMEMBER THE POLL TAX? WELL, IT'S THAT TIME AGAIN--FREE!

Want to pay your poll taxes? Well, you can, only there's no paying it anymore; the old pay-poll taxes-or-you-don't-vote days are gone, probably for ever, Uncle Sam objected.

The county tax assessor-collector, said the registration period started Monday, and folks who want to vote must register. But the \$1.75 fee is gone.

"The state talked about tacking on a cost tag, just to cover the printing costs--say 25 cents each--but they knocked that out, too, when the poll tax law was repealed by the state legislature after the federal courts had ruled that no one could pay for the privilege of voting for federal candidates. The state of Texas went along and wiped out its century-old poll tax law, too.

#### MULESHOE STATE BANK OFFERS NEW SERVICE

Bill Lloyd, president of Muleshoe State Bank, announced that an automatic teller machine has been received and is installed in the bank lobby and ready for public display.

"We've named the machine 'Ready Bank' because in keeping with our policy of providing innovative banking service, we've reached the area first with a complete new world of banking. Now we will offer banking convenience seven days a week, twenty four hours a day, every day of the year, including holidays", Lloyd stated.

The automatic teller machine will initiate as many different checking and savings transactions as the customer desires. From withdrawing cash from checking and savings accounts, to making deposits, to transferring funds between accounts and providing instant balances.

# SALUTE To Our LEADERS OF TOMORROW

We Believe Our Youth Of Today Will Provide Effective Leadership Tomorrow!!

**LEADER OF TOMORROW**---Our Leader of Tomorrow for this week is Yvette Hernandez, the daughter of Mrs. Consuelo Hernandez. Yvette is in the 7th grade at Watson Jr. High where her favorite subject is Math and English and she lists her favorite color as pink. Yvette lists pizza and hamburgers as her favorite food and basketball and sewing as her hobbies. She would like to attend Texas Tech when she graduates from high school and become a teacher. Yvette's teachers comment that she is a very courteous and cooperative student and makes good grades and is very liked by her peers. We are proud to recognize this young lady as a "Leader of Tomorrow."

### Congressman

### Disappointed

### On Tax Bill

"This tax reform bill is a disappointment. After 22 months of work, I simply believe that Congress can and should do better."

"I have visited with many of my constituents during the past few weeks and have heard from thousands during the last several months on the subject of tax reform. As a result of their strong opposition and my own study of the legislation, I voted against the bill."

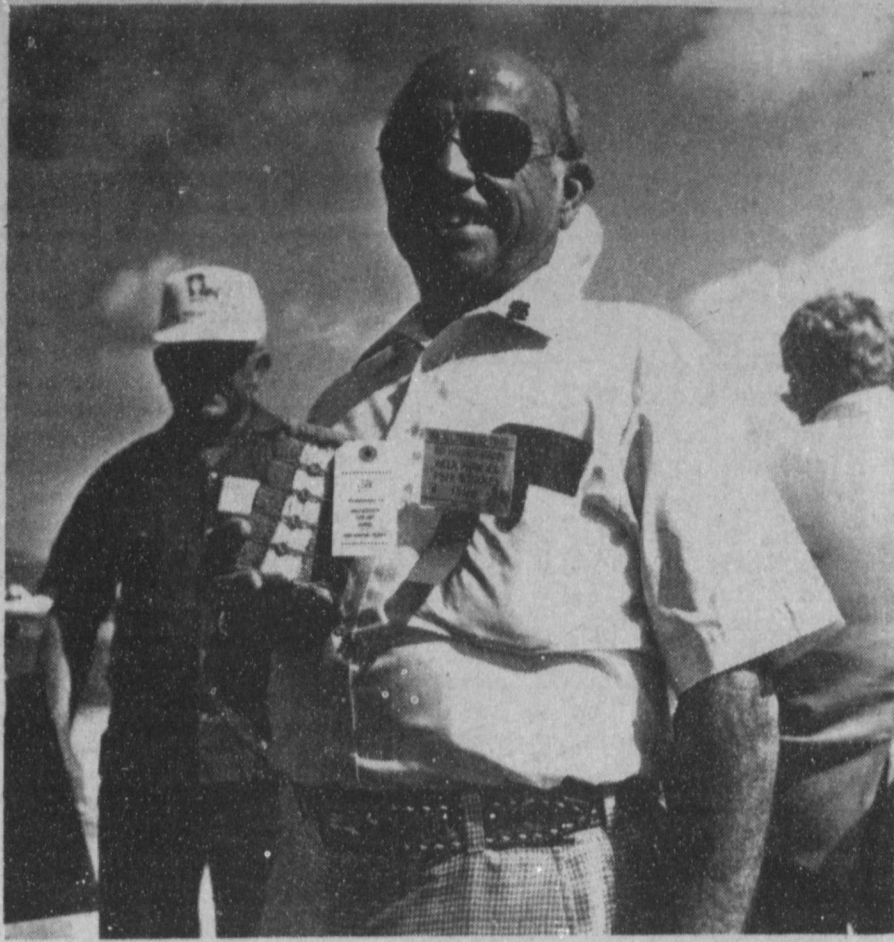

"There are several worthwhile and needed changes which this bill will enact, but there are also some serious inequities. This tax bill is not simple; it is not fair; and it will not promote economic growth in West Texas. Texans lose our state and local sales tax deductibility. Farmers lose their income averaging deduction, investment tax credits, and much of their farm equipment depreciation. Those planning for the future lose a sizable portion of their IRA deduction. And as consumers, we lose by paying higher prices when our businesses pass along their higher taxes."

"One of my chief concerns has been the potential for a tragic tax hike in the near future. With the federal budget deficit looming, this bill makes it easier for those who want to increase taxes to do so, and the deductions will be gone."

Texas was not. From Dimmitt to Denver City, farmers, oil producers, main-street merchants and people from all walks of life told me of their fears and opposition to the so-called 'tax reform bill'."

"At a time when we are spending more than we earn, borrow more than we save and consume more than we produce in this country, the economic effect of such a dramatic change in the tax code could be devastating."

"I want tax reform -- I want it to be fair for everyone, including us in West Texas. I want it to be simple, adding 2000 pages to our existing 13,000 page tax code is far from simple. And I want tax reform to truly help our economy, not devastate it."

**BAILEY COUNTY'S FIRST BALE OF COTTON?**--This October, the first bale of cotton photographed in Bailey County was presented to Ed Hauserman, 2N134 Addison Road, Villa Park, Ill. 60181. He was part of the 38th All Texas Air Tour that stopped in Muleshoe Tuesday afternoon. He says he is the nation's biggest orchard grower, with eight acres of orchids under greenhouses. He says to send for a catalog and he will prove what he says.

Jason Morris.

Mistress of ceremonies for the evening was Jodie Wheeler, with Stacy Kindel giving the invocation; Colin Tanksley leading the pledge of allegiance; Shane Schuster leading the 4-H motto and pledge.

Jack Rennels, representing Bailey County Electric Cooperative, long time sponsor of the annual 4-H banquet welcomed all the 4-H members, their parents and special guests, and commented, "Bailey County Electric is proud to be associated with a group of youth like you."

Response was given by Holly Huckaby and Jamie Wheeler introduced special guest speaker Greg Odom, a Texas Tech University Ambassador for Agriculture.

Odom gave a short, but inspirational talk to the youth, commenting, "I like to talk to young people about their future."

He gave examples of what can be expected in the future in some areas, and cautioned the youth to always remember the 4-H motto -- "To Make The Best Better."

"Leaders are not born, folks," he said. "Leaders are developed. You can do anything in the world you want to. The opportunity is there. The more involved you are, the more you enjoy what you do."

"Whether you think you can, or think you can't, you're probably right," he reminded.

Odom also told the youth, in a play on the 'I Dare You Award,' D-etermination; A-ttitude; R-esponsibility and E-nthusiasm -- hold the key to what you can do in your own future...

Lyndon Huckaby also expressed appreciation for the Bailey County 4-H scholarship for his daughter, Zanna, who is currently a student at Texas A&M University, and was unable to attend the banquet to thank the Bailey County 4-H Youth and Adult Leaders for the scholarship she received.

Special guests introduced included Jack Rennels and Joella Flowers, Channel 6; Gerald K. Reid, KMUL Radio and Cleta Williams, the Journals.

### 3-Way Eagles

### Blast Smyer

### With 60-12

It was another football game that ended at halftime for the Three Way Eagles last Friday night, when they played Smyer.

Six-man football has a rule that when one team is at least 45 points ahead of the other team, the game ends. However, the teams must play at least one-half a football game.

This happened again Friday night, when coach C.W. Williams' Three Way Eagles pulled ahead of Smyer by a score of 60-12.

Scoring took off when Saul Guillen lobbed a 48-yard pass to Oscar Guillen, and Curtis Tucker kicked the extra point. Next it was a Saul to Jarrod Sowder, 28 yard pass with the extra point try failing.

Jose Rubalcava broke loose for a 35 yard run that added six more points, and Tucker kicked the extra point.

Oscar Guillen received the next TD pass from his brother, Saul, and it was good for a 31 yard TD, with the extrapoint try again failing.

Smyer then added six points when Lynn Creed returned a 60 yard kickoff to the end zone. Their extra point try failed.

Saul again found Jarrod Sowder and tossed him a six points 11 yarder to the end zone. Tucker made the extra point.

Saul Guillen then added his own yardage and raced in from

24 yards out with the extra point again by Tucker.

Smyer's Jim Helms then intercepted a Saul Guillen pass and scored from 35 yards out to end scoring for Smyer.

Saul added another TD when he lobbed a 40 yard pass to Robert Zamora. Tucker made the extra point.

Ending scoring was a 34 yard run by Michael Williams, with Tucker adding his final points on the kick that added extra points.

Smyer ended up with 27 yards, while Three Way had 317 yards. Saul Guillen completed six of eight passes for four touchdowns, 176 yards. He also ran for one TD.

### A&M counseling program proves successful treating bulimia, anorexia

**COLLEGE STATION** -- An innovative university counseling program for young women suffering from anorexia and bulimia has proven successful in treating the disorders in which the death rate can reach as high as 21 percent.

Dr. Kerry Hope, associate director of Texas A&M University's Student Counseling Service, said the program's success is due to earlier identification, general improvements in treatment of the disorders and the innovative treatment program at the center.

Bulimia is a psychological craving for food which results in uncontrollable eating, known as bingeing, often followed by purging. It usually affects college-age women. Anorexia, willful starvation in the pursuit of slenderness, is most often found among young adolescents.

Hope said counselors have found that the most effective therapy for students with eating disorders is group therapy, which is also the most inexpensive long-term treatment for students.

### James Hanson

### Scores Perfect

### In This Contest

A new name came out of the backstretch this week, and snapped up first place in the weekly Merchant's Football Contest. And -- he did it with a perfect score. James Hanson, who has won contests in previous years, came up with a big, fat 'O' where missed games are posted.

Hanson became the first contestant in a long, long time to not miss any games.

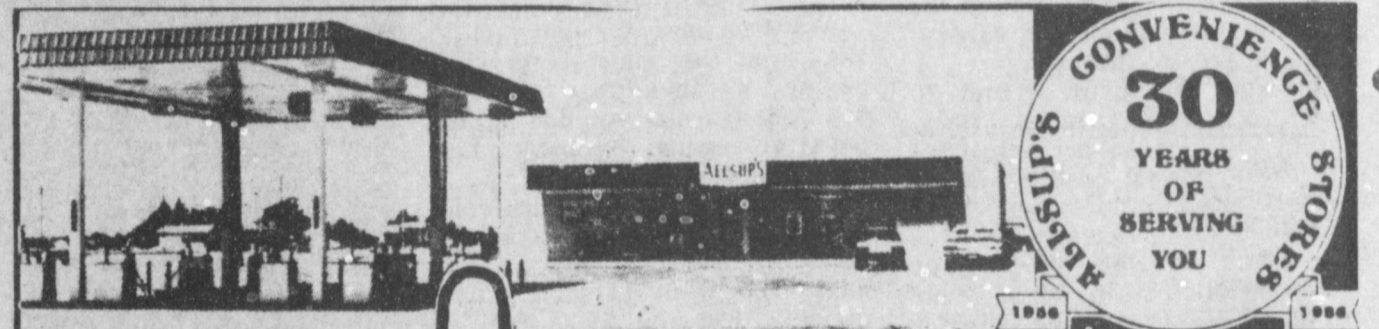

However, he did enjoy along with all other contestants, that game Number Six, was counted as right for everybody. Unfortunately, when the lay-out crew in the backshop pasted up the new games for the week, they failed to change Game Six, Maryland and North Carolina State. Those teams in fact, had played the previous week.

In second place, missing only one game, and being 39 points off on the double tie-breaker, was Donnie McDonald.

Third place winner John Graves also missed only one game, but he was 41 points off on the tiebreakers.

After the first five weeks of the contest, there have been five different first place winners -- who knows what the end of the contest will bring?

Keep the entries coming in -- your entry does count, and you could be the grand prize winner.

## 6th Grade Viewpoint!

We want to give a warm welcome to the 6th graders at W.J.H.S.

Their first week at school was fun, interesting, and scary said some of the 6th graders. They like to associate with the upper classmates. They say it makes them feel older and it is fun. They find themselves getting involved in school activities. They feel they have more responsibilities such as getting their homework and getting supplies.

**GOOD LUCK TO THE 6TH GRADERS AND HAVE FUN!!!**

## Art Classes

Future artists are beginning their basic skills in creative art. It has already been six weeks of school, and it has started off great. In Mrs. Raines' they have been working on contour drawing and portraits. It looks hard but it is fun and educational. Later in the year they will be doing paper mache, collage, and other various projects.

### Science Classes

### Inspecting Rocks

The 8th grade class has been doing a lot of working so far this year. In Science the 8th graders are starting to inspect rocks. We are learning how to figure out how many different elements are in a single rock. We have also learned about atoms and how they effect our lives.

In English the teachers are reviewing us from last year so that we can go on to new things. In Math we are also reviewing what we learned. In History we are learning about the people in the Middle Ages. In Computer Lit. we are learning all about the computer keyboard and how to type correctly. All of these classes are requiring a great deal of work.

## Lester Gore Services Pending

## COMBEST COMMENTS

by Congressman Larry Combest

This past August, my wife Sharon and I made a two-day, 15-county tour of the 19th Congressional District. I've driven these roads many times during the past several years visiting with the people in each county. From Odessa in the south to Hereford in the north and Farmer, Castro, Bailey, Lamb, Hale, Cochran, Hockley, Lubbock, Yoakum, Dawson, Terry, Gaines and Andrews counties in between, I've listened to the people, kept them up-to-date on developments, and made every effort to represent their interests in the United States Congress.

I've traveled several thousand miles to stay in touch with the people and to make sure that their thoughts and concerns were voiced in Washington, D.C.

This most recent trip was to personally announce my candidacy

for re-election to Congress. In taking my campaign to the people, just as I did when I first announced for Congress in August 1983, I didn't make inflated promises -- instead I pledged to continue to stay in touch with the people, to fight for our district and to work as hard as I possibly can in representing the people.

We face some difficult economic times in West Texas. These problems won't be solved by simplistic, quick fix methods. Anyone who says differently either fails to comprehend the situation or is all talk and no action.

Working together, however, we can and we will return to economic prosperity and we will survive -- stronger and more determined than ever. We will build a better future for our children and grandchildren.

In the next several weeks I will be writing this column to discuss some

of the problems facing our district, and to share with you my thoughts on how we can help solve them. Among other topics, I will be writing about agriculture, the oil and gas industry, the federal deficit and our trade deficit.

In the meantime, I will be busy continuing to represent our district in the Congress during the coming days for the vital budgetary and other decisions that must be made. As soon as possible, I'll be back traveling throughout the district -- just as I've done these past two years -- visiting with as many people as I can.

As I have said many times, this office belongs to the people, the people of the 19th Congressional District. I am honored to represent the fine people of West Texas in Washington. I believe in us and our future.

Let me know any comments or thoughts you may have on the upcoming issues I will be discussing. I look forward to visiting with you.

Congressman Larry Combest represents the 19th District in the U.S. Congress. He serves on the important House Agriculture Committee and the Small Business Subcommittee on Energy in the House of Representatives in Washington, D.C.

### Earl Glover Services Held In California

Graveside services for Earl Franklin Glover, 74, of New Port Beach, Calif. were conducted at 10 a.m. Thursday, Oct. 9 in National Cemetery at Riverside, Calif., with the Rev. Douglas Kitchen, minister of the Calvary Presbyterian Church at Riverside, officiating.

Burial was under the direction of Purce Bros. Mortuary at Costa Mesa, Calif. Local arrangements were under the direction of Ellis Funeral Home of Muleshoe. Glover died at 11 a.m. Sunday in Prairie Acres Nursing Home at Friona following a lengthy illness.

Born March 14, 1912, in Chillicothe, Tex., Glover had been a resident of New Port for 40 years moving from Littlefield. He had been in Texas since Aug. 25, 1986. His wife, Dorothy, died in August of 1985. He was a truck driver in the lumber industry, a veteran of World War II, serving in the U.S. Army. And a member of the Woodman of the World.

Survivors include a sister, Mrs. Jewel Peeler of Muleshoe.

through October 31st. Student attendance during this month is very important because the amount of state funding which the school district will receive is based on this attendance account. Parents are encouraged to see that students attend school during this time.

### ER System Available

The Emergency Response System, offered through the Lutheran Social Service of Texas, is an invaluable lifetime for the older adult living alone. The system, which will be installed by volunteers from St. John Lutheran Church, Lariat, secures vital help in emergencies with the push of a button. It provides a safer home environment for the older adult who, without round-the-clock security, would need closer supervision or even institutional care. You and your family can live with peace of mind, knowing assistance, in any emergency, can be summoned immediately and easily. Clients are continually monitored in the event of a heart attack, stroke, falls robbery, etc.

are valued at \$500 each, will be installed at NO COST TO THE CLIENT. A monthly service fee of \$21.75 if the only cost to use the service. Through a contract between Lutheran Social Service and the Texas Dept. of Human Services, units can be placed in homes meeting their eligibility requirements at a reduced fee. If a client signals for help,

someone calls within seconds to assess the situation. Depending needed, the center dispatches a volunteer, ambulance service, the fire department, or police with no delay. An automatic timer provides extra security by sending a help call if the client is unconscious and can't use the button. If a timer is not reset daily, the center is automatically notified of an emergency. Lutheran volunteers provide a solid network of backup support throughout the community. Somebody will always be close by and willing to help.

If you know of anyone who would benefit from this service, please get in touch with Mrs. Ernest Ramm (Mary Alice) at business 272-4287 or home 925-6421. If you would like to volunteer to help with the program in any way, please let them hear from you.

### New shrimp vaccine may give boost to Texas shrimp farming

COLLEGE STATION — A vaccine to protect shrimp against one of the most common marine diseases has been successfully developed by Texas A&M University researchers, pushing the feasibility of Texas shrimp farming — and the jobs it would create — one step closer to reality.

"In today's market, you can sell all the shrimp you can get. With proper development, the Texas Gulf Coast could become one of the world's foremost saltwater farming centers," said veterinary researcher Dr. Don Lewis, who headed the team that developed the antibacterial solution.

As an added bargain, scientists now know much more about the immune system of invertebrates such as shrimp. For years, scientists had debated whether such a system even existed, and the Texas A&M experiments suggest that it works quite differently from that of mammals, but just as successfully.

After nearly a decade of research, the vaccine is at the point of commercial development and has the added benefit of increasing production and growth since debilitating infections could likely be controlled even in tightly packed shrimp farms, said Lewis, whose specialty is microbiology and immunology.

an apple a day...

... a famous and well known quotation, and a good rule to follow. Any doctor will agree that eating some fruit every day is beneficial to health. Eating fruit is an aid to health and also gives us great pleasure, for instance how about one of mother's delicious apple pies, or what joy comes from biting into a nice juicy apple, or orange.

Spiritually, attending church is of great benefit to us. The soul needs the nourishment provided by a good sermon or the encouragement of fellow worshippers. Not only do we need the things that the church offers, but there are many pleasures to be derived there.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the leaders which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

SPECIFICATION FOR BIDS TO BE OPENED BY THE BAILEY COUNTY COMMISSIONERS COURT OCTOBER 17, 1986 AT 10:00 A.M.

The Court will receive bids for both a four-wheel drive and six-wheel drive motor grader; however, only one will be purchased by the Court. Each unit bid must have the following minimum specifications:

Operating weight: 30,000 lbs.; engine: diesel, 6 cylinder, turbocharged, 150 SAE net horsepower; power shift transmission; power steering; tires: 14.00 - 24, 10 PR, 10-inch rims and one extra wheel; locking differential; cab: fully enclosed all-steel cab providing SAE Standard 396 roll-over protection, heater, windshield wipers front and rear, defroster fan, dome light, tinted safety glass, and floor mat; circle: five-foot diameter, 360 degree rotation, hydraulic circle side-shift control; blade: 14' chrome moldboard with hydraulic sideshift and tilt; additional: 24-volt electrical system and starter; hourmeter; dry-type cleaner w/restrictor indicator; water temperature gauge; engine oil pressure gauge; fuel gauge; other stating aid; horn; reverse warning horn alarm; precleaner; articulation indicator; two lights w/stoplights and tail-lights; two front and two rear work lights; turn signals w/emergency 4-way flashers, and vandalism protection for all compartments and filler caps with locks; air conditioner with heavy duty alternator; warranty: Manufacturer shall provide one year factory warranty.

The county will offer in trade a 1979 John Deere Motor Grader Serial No. 770A007094T, which may be examined at the Precinct Four Barn. All bids shall reflect the gross sales price of the new machine, the allowance for the trade of the used motor grader, and the net amount of the bid.

The bids must be submitted to the County Judge prior to 10:00 a.m. on October 17, 1986. The Commissioners Court reserves the right to reject any or all bids and to waive formalities.
