The Advocate now goes into practically every state in the Union

ARTESIA, NEW MEXICO, THURSDAY, AUGUST 20, 1925

NUMBER 35

ROAD MAINTENANCE FUND IS NEEDED

Attention has been called by several of the oil operators to the fact that the road to the oil field is in bad condition and growing worse due to the constant and heavy traffic. Practically every one realizes the value of a good road to the field and what such a road has meant to the town. There is no argument to that question.

After spending as much money as we did to make a passable road to the field it would be the height of folly to lose it on account of insufficient maintenance funds, with this idea in mind a number of operators have taken the task upon themselves to create a monthly maintenance fund in order to keep the road in good condition. Letters have been sent to all of the operators and truck haulers, requesting that a sum be donated each month for this purpose. The burden of giving the road the proper financial support would be too great on the operators and help from the business houses will be asked also.

The state will help too, but the highway maintenance fund and the money raised by the operators will not be sufficient to carry on the work. Other residents are requested to do their share too.

We have been requested to publish a list of the donors if they are completed by next week.

CHAMBER COMMERCE PECOS VALLEY CHAMBER MEMBERS ENJOY FEED OF COMMERCE RESULT AT CITY CAFE FRI. EVE OF HAGERMAN MEETING

Successful Meeting in Enjoyed by a Large Number of Guests—The Community Problems are Discussed.

The Chamber of Commerce staged one of the most successful meetings of the year at the City Cafe Friday night, preceding an enjoyable banquet held at that place. The carefully arranged menu was made especially delightful by Mr. and Mrs. Neihoff and came at an opportune time to illustrate the often repeated statement that the way to a man's heart is through his stomach, at least the closing course of the banquet found all participants in a better humor to discuss the community problems.

President C. Russell, called Francis G. Tracy, of Carlsbad, as the first speaker of the evening, who drew attention to the resources of the Pecos Valley and a need for a Valley wide effort to tell the outsider about the number of good things we have. There is a race on between the three towns, Artesia, Carlsbad and Roswell, the speaker stated. There is need for a closer unity between the three places, for we have many things in common, which need our undivided attention. There are the play grounds in the mountains, the Carlsbad caverns, the Artesia oil field, all of which is the common property of the Valley. The speaker also touched on the need of a Valley Chamber of Commerce, which would serve the needs of the entire Valley by furthering our agricultural interests, our railroad transportation system, and our roads.

He also discussed the irrigation projects and told of the need of co-operation of all communities along this line of work.

E. W. Wells, state geologist, was the next speaker called and Mr. Wells expressed his pleasure for an invitation extended to the banquet and in the course of his remarks stated that a local man would likely receive the appointment as state inspector for the oil field. One of the projects, he said, that he was principally interested in was the conservation of the artesian water supply. A study of this question had always held much interest for him. After the talks of Messrs. Wells and Tracy, the president declared the meeting open for discussion of any business matters. A motion was made that the Chamber of Commerce pay a monthly fee of \$5.00 to be used as a part maintenance fund for the juvenile band. A supplement to a recent letter received by Secretary Clarke from the State Corporation Commission was also read. The letter took up the matter with reference to sending a representative to Santa Fe to protest the proposed increases in freight rates. J. B. Cecil was appointed as a committee to represent Artesia.

Plans Perfected for Temporary Organization When the Valley Towns Meet at Hagerman and are Guests of Local C. of C.

The first step toward the successful formation of a Pecos Valley Chamber of Commerce was made at Hagerman Tuesday evening when practically all of the Pecos Valley towns met to discuss plans for organization. The representatives present were royally entertained by the Hagerman Chamber of Commerce with a chicken dinner.

There were in attendance thirty-nine representatives from the various towns in the Valley. Carlsbad lead in the number of visiting representatives present with Roswell a close second. Four members of the Artesia Chamber of Commerce attended including T. E. Hinshaw, E. A. Hannah, C. Bert Smith and W. C. Martin.

T. J. West, who presided over the meeting briefly explained the purpose of the organization after the meal was finished. Rev. Hughes, of Hagerman, who is understood to have been the original sponsor of a Pecos Valley Chamber of Commerce, was called on to express his views. After briefly relating some of his observations along the same plan before coming to the Valley, he read an outline of the proposed by-laws and constitution for the new organization, which he stated was suggestive of what the constitution might contain, but the outline as read was not meant to be adopted.

After further discussion a motion was made and carried that a temporary organization be affected. T. J. West, of Hagerman, was made temporary chairman and Rev. Hughes, of Hagerman, was made temporary secretary. One member from each town represented was appointed on the committee to form the constitution and by-laws. The committee includes: W. C. Lawrence, Roswell; W. M. Evans, Lake Arthur; W. F. McVain, Carlsbad; J. R. Osborn, Loving; T. E. Hinshaw, Artesia; W. H. Miles, Hagerman, Pete Losey, Hagerman; J. H. Beidges, Hope; R. R. James, Lovington.

Two representatives will also go to Santa Fe on August 23rd to meet with the State Corporation Commission for the purpose of protesting the proposed increase in freight rates, which will effect this district. J. B. Cecil, of Artesia, who was already designated by the Artesia Chamber of Commerce, as a representative from here, was appointed with Rev. Hughes, of Hagerman, as a committee for the Santa Fe trip. Mr. Cecil has been gathering data on the transportation facilities and freight rates and will not doubt be ready for the meeting with much interesting information.

The committee on the constitution and by-laws will meet at Artesia Saturday evening, at which time a permanent constitution will be drawn up.

THE OHIO OIL CO. WILL BUILD A 600-BARREL REFINERY AT DAYTON

It is reported that the Ohio Oil Co. will build a 600 barrel refinery at Dayton. The refinery site is understood to be near the Illinois Pipe Line. Plans for erecting a building have been completed and work on the structure will start today.

THE SUMMIT GRILL AT DAYTON

Mrs. DeAutremont has recently opened up a new establishment in Dayton, known as the Summit Grill. The building was patterned after some of the larger cafe buildings found in this section, the built in features are especially attractive. The size of the structure was made large enough to accommodate a growing trade, which will likely be attracted to Dayton as the town and oil field grows.

Mrs. DeAutremont states that there has been a decided pick up in the general business conditions of Dayton within the past few days.

NEW PAINT SHOP

Broach Bond has recently opened up a new auto paint shop in the paint room of the City Garage, opposite the post office. Mr. Bond reports that business is rushing and that several jobs are on the waiting list. Although the capacity of the shop is at present limited, the quarters will be enlarged if a growing demand justifies such action.

ADVERTISING DID IT

Wrigley, the chewing gum man, has explained how he built up a business of millions of packages a day.

He has done it by sticking to his one line and advertising it. He spends over a million dollars a year in buying newspaper space to tell the world about 5 cent chewing gum. He has educated people to chew gum and to chew Wrigley's. He did not stop shouting as soon as he attracted attention.

He says you must keep it up or the buyers will forget you. Whether yours is a 5 cent or a \$50,000 business, keep telling about it.

LIST OF COMPLETIONS IN THE OIL FIELD GIVEN TO MAY 1 THIS YEAR

Beginning with the Flynn, Welch & Yates No. 2, a List of the Wells Completed is Given as Found in the Advocate.

Flynn Welch & Yates No. 2, SE Sec. 25-18-27, gas sand 1769 to 1771 1824 to 1836.

Flynn, Welch & Yates No. 3, oil sand found April 19, 1924. Shot June 29, 1924. Sand 1947 to 1994 feet.

Picher No. 1, Sec. 12-18-27, sand found August 19, 1924. Shot from 1964 to 1980 feet, March 25, 1925.

Flynn, Welch & Yates No. 4, 500 feet east of well No. 3, Sec. 32-18-28, light sand at 1932. Shot placed below 1962 feet.

Twin Lakes No. 1, Sec. 28-18-28, Gas at 2000 feet. Shot Oct. 29, 1924.

Flynn, Welch & Yates No. 5, 500 feet south of No. 3, shot Oct. 13, 1924.

Royal Duke No. 1, SW 1/4 NE 1/4 Sec. 29-18-28, shot Dec. 17, 1924.

Roswell No. 1, New State, Sec. 4-18-28, struck oil Dec. 20, 1924 at 2297 feet.

Flynn, Welch & Yates No. 7, 550 feet west well No. 3, sand from 1964 to 2005 feet.

Twin Lakes No. 2, Sec. 28-18-28, 530 feet north well No. 1, shot January 21, 1925 from 1995 to 2030 feet.

Rotary-Illinois (Rotary No. 1) N 1/4 Sec. 30-18-28, shot February 16, 1925 from 2115 to 2160 feet.

California No. 1, SE 1/4 SW 1/4 Sec. 30-18-28, shot first sand February 23, 1925, from 1498 to 1522 feet.

Flynn, Welch & Yates No. 8, SE 1/4 Sec. 29-18-28, shot March 6, 1925 from 1990 to 2021 feet.

Flynn, Welch & Yates No. 9, 550 feet north well No. 7, shot 1958 to 1986 feet, March 25, 1925.

Dancier No. 1, SE 1/4 Sec. 18-18-28, loose sand at 2095 feet.

Flynn, Welch & Yates No. 10, NE corner SE 1/4 Sec. 18-18-28, shot sand March 26 at 1995 feet.

(Continued on last page, column 1)

LOWREY-BAILEY AUTO CO. OPEN FOR BUSIN'S IN NEW BUILDING

The new brick building on the corner of Main and First streets, which will be occupied by the Lowrey-Bailey Auto Company, is now completed. The firm has been busy for the past two days stocking the building with accessories and are now ready for business.

Messrs. Lowrey and Bailey, who have secured the agency for the popular Chevrolet and Chrysler cars, will maintain one of the most up-to-date garages found in this section. The new building, with the drive in filling station feature, will afford ample storage room. A commodious office and stock room will occupy the space in the front part of the structure and the remaining space will be given over to the mechanical and storage department.

As soon as a complete stock of autos, tires and accessories arrive, the management expects to stage an auto show for Artesia. Mr. Bailey, who has had considerable experience in this line of work, states that the auto show will be an eye opener.

Dist. Atty. is Killed in an Auto Smash up Tuesday

The Accident Occurs Near Vaughn When Five Roswell Attorneys Are En Route to State Bar Meet at Santa Fe.

District Attorney Dillard Wyatt, was fatally injured in an auto accident, which occurred about nineteen miles east of Vaughn, on the Roswell highway Tuesday afternoon at 3:30, according to news reaching Artesia Tuesday evening. Further information regarding the details of the tragedy was secured by the Advocate by a telephone communication with the Roswell Record Wednesday afternoon. The details are as follows:

Five Roswell attorneys had started for Santa Fe by way of Vaughn to attend the state bar meeting. The party was riding with Attorney J. G. Roberts, who was driving a new Cadillac car. Nobody seems to know just how the accident occurred, but as they were driving about nineteen miles this side of Vaughn, the car is said to have struck a large rock in the road and overturned either two or three times. The tragedy, it is claimed, can not have been caused by speeding as the car was traveling at a moderate rate.

It was about 45 minutes before help came and as all of the occupants of the car were injured to such an extent that they were unable to render aid to each other and were all suffering for water. District Attorney Dillard Wyatt, who received severe internal injuries, died with a hemorrhage of the lungs a short time after his removal to Vaughn. News of the wreck was received at Roswell about 6 p. m. and physicians were hurried to Vaughn. Two other members of the party received severe injuries, Thomilson Fort and O. E. Little, but their injuries are not as serious as was first reported. Mr. Little sustained a cut in the head and post- (Continued on last page, column 2)

BOY SCOUT MEETING

The Boy Scouts will have their regular meeting in the Methodist Sunday school room this evening at 7:30 p. m.

CARLSBAD OFFERS A PLAN FOR HOMESEEKERS

A unique plan has been recently worked out by the Carlsbad parties which should be of special interest to the homeseeker. The plan is based on the original idea that one can have a home and make payments on the same plan as that offered by the saving department of a bank. With a small payment down and a like monthly payment, the purchaser is given the title to the property free of taxation, interest or assessments until December, 1927.

There will be placed on sale 200 lots and a 60 day privilege option will be given with the first twenty lots sold. The plan in detail may be found elsewhere in this issue.

600-ACRE FARM IN THE DEXTER COMMUNITY IS SOLD FOR A GOOD SUM

The Buffalo Valley Farm, located across the Pecos river southeast of Hagerman, has been sold to Pearl H. Bailey, of Canutillo, Texas, the consideration being \$55,000. This is one of the largest farms in the Pecos valley, having 600 acres in cultivation and 200 acres additional not in cultivation this year.

Mr. Bailey is one of the pioneer cotton farmers in the Rio Grande valley. He now owns a large farm at Canutillo, Texas, between Las Cruces and El Paso and plans to put the Buffalo farm into cotton next year. The sale was made through E. L. Meddler, of El Paso.

The Buffalo farm was held by the receiver of the First State Bank and Trust Company, the farm being a portion of the assets of the First State Bank. This sale represents the largest realty transaction here in several months and is regarded as a most important deal. Mr. Bailey is now in possession of the Buffalo farm and is well pleased with conditions as he finds them in this section of the state, as evidenced by his purchase of the Buffalo farm.

SHORTY HARMON GIVES SPLENDID EXHIBITION OF RACING ON STREETS

Is Caught After Being Exhausted by Hard Race—Breaks Jail But is Recaptured and Again Imprisoned.

Residents of Artesia, who happened to see to flight of Alfred (Shorty) Harmon, Friday afternoon, probably witnessed the best foot race staged in Artesia for some time. The race started when Shorty, who was in the vicinity of the Dunn garage on West Main street, espied the officers approaching in his direction, immediately gave flight in a northeast direction. One officer, the night watchman, gave chase on foot, while Deputy Sheriff Stevenson remained in his car. When the fleeing man would attempt to dodge his pursuer on foot, Stevenson would always be waiting just around the corner in the car.

Several shots were fired in the air, witnesses say, which added interest to the race. After each shot was fired Harmon, who is presumed to have thought the officers (Continued on last page, column 1)

POTASH IS FOUND IN SNOWDEN McSWEENEY WELLDRAWS INTEREST

The following article which appeared in the Albuquerque Journal of August 15th will be of much interest to those who are watching the oil and mineral deposits of this section.

Artesia, N. M., Aug. 15.—A deposit of potash covering a large territory southeast of here, it is believed, has been uncovered in the drilling of the Snowden-McSweeney well on the McNutt permit in section 4-21-30. After drilling through 600 feet of red beds and lime the bit entered the salt bed, and this continued unbroken until 2,500 feet had been reached, making it 1,900 feet, making it the thickest deposit of this kind it is believed ever found in this country. As a result of the find many government prospecting permits have been filed for sodium, under an act of 1920, it being permissible to file such a permit over one already taken for oil and gas.

A careful analysis is now being made as to the commercial properties and should these meet the requirements development work will be started as rapidly as possible.

ROBBERS REMOVE THE OFFICE SAFE FROM PIR SERVICE STATION

Bold robbers entered the filling station of B. F. Fior Tuesday night and carried off the small office safe. Officers were immediately notified as soon as the safe was missed. This morning the safe was located back of the Methodist church building, after it had been looted of all cash. A number of checks were also taken, but were later found. The books and other papers in the safe had not been disturbed. The cash totaled \$43.00.

No arrests have been made in the case, but several suspects are under surveillance.

CHECK ARTISTS CAUGHT

Two parties are being held here by Deputy Sheriff M. Stevenson, charged with giving cold checks to some of the mercantile establishments. The scheme worked by the parties seems to be on a new order and judging from reports, must be a decided success.

The two parties held, T. B. Lewis, alias Blackie Hudson, alias H. C. Matland and Lois Green, who claim to be man and wife, are also wanted on several charges in Oklahoma, according to communications received from two different places in that state.

Lewis is also alleged to have driven a stolen car, which he managed to dispose of while at Oil City, Oklahoma officers are expected to arrive today or tomorrow for the two parties now in jail here.

THE BEEF CATTLE SITUATION

(From the New Mexico Cattle and Horse Growers Assn.)

The "Agricultural Outlook for 1925," published by the Bureau of Agricultural Economics, says in part regarding the beef cattle situation that prices for beef cattle in 1925 should average somewhat higher than for 1924. The industry is gradually working into a more favorable position due to the relation of beef to competing commodities, especially pork, and to improved industrial conditions, and in no small measure to the cattlemen's own sacrifices. Market receipts will probably be somewhat smaller than in 1924. All conditions indicate that the long-time outlook for the industry is even more favorable. With any improvement in the feed situation and in the prospective prices for fed cattle, a fairly active demand for stockers and feeders is expected in the fall of 1925, and prices on such cattle should average a little higher than in the fall of 1924. As compared with 1923, nearly 600,000 fewer cattle and calves were returned from market centers to the country for finishing although receipts were the largest since 1919. This resulted in an increase of 6.3 per cent in the number of cattle and calves slaughtered in 1923.

The stocker and feeder movement at all markets during the last six months of 1924, compared with 1923, showed a decrease of 14 per cent. The estimate of cattle on feed in the corn belt on January 1, 1925, showed a decrease of 18 per cent, compared with January 1, 1924. Marketing and slaughter in December were the largest for that month since 1919. While feeding cattle were bought lower than in 1923, this small saving has been, in many instances, discounted by high feed costs. The high cost of feed will no doubt shorten feeding periods, thus limiting the number of well-finished cattle for the summer and fall markets.

The estimated number of cattle other than milk cows on farms and ranges January 1, 1924, was 39,609,000, compared with 41,720,000 for 1924. The estimated number in twelve range states declined 4.6 per cent from last year, and is 7.9 per cent below 1922, indicating a continued downward trend in range cattle production.

Physical conditions in the range states during the last half of 1924 were generally the poorest since the disastrous year of 1919. Fall and winter ranges were generally poor to bad. Hay and forage crops were short and prices high. Since the middle of the summer the drought condition has extended to the large areas in the southwest. On January 1 the condition of ranges was 77 compared with 91 for last year. Condition of cattle was 84 compared with 93 for January 1 last year. Already considerable losses have been reported and the 1925 calf crop will doubtless be below the average for the last four years.

Liquidation of old range cattle loans continues. The balance due the War Finance Corporation by livestock loan companies on November 30, 1924, was 21.9 per cent of the amount originally advanced to all livestock loan companies. Old loans made by private agencies have been greatly reduced. Credit for new range cattle loans is limited and should be used to improve the herd rather than increase its numbers. Even at present price levels, American beef can not compete with Argentine beef in European markets, so there is no prospect of an improved export trade. On the other hand any probable increase in the price level is not likely to be great enough to attract Argentine beef to

BILL BOOSTER SAYS

the United States. While industrial conditions are expected to continue favorable, the greatest strength in the beef market will be due to the decreased supply of pork products. The price situation has changed materially during the last six months and consumers' demand is expected to shift more to beef as the supply of pork diminishes.

PASSING OF BIG RANCHES

The tendency in New Mexico is for the breaking of the vast ranches that were formed because of the spare population and great stretches of plains and mountains. A recent sale of part of the Pankey ranch illustrates this tendency. There was a time in New Mexico, not far distant, when land could be had for almost nothing and when the laws pertaining to the acquisition of land were very elastic. Large bodies of land were acquired in one way or another, by purchase, by settlement, by land script and homesteading or under the desert act and also through purchase from the holders of land acquired under the old Spanish land grants. Taxes were negligible and sat lightly, expenses of maintenance were light and often disregarded. Those days have gone. Taxes have increased enormously and the cost of owning a large body is very heavy upon the owner, whether he uses it or not. This changed condition is causing the beaking up of the large bodies of land under one ownership and while there is something almost pathetic about it, in the end it will work for the best interest of the state.—State Record.

GARDEN TRUCK IS AGAIN PROFITABLE

Truck patches, melons, cantaloupes and fruits may again become one of the most profitable crops of the Valley, as the surrounding country develops. Artesia once had a cantaloupe and fruit growers association, but because of the inadequate marketing conditions, the project was finally abandoned, just as it was in many other communities.

Another opportunity arises on the horizon, which has apparently solved the difficulties growing out of long freight hauls. We refer to the local market, which is much better than it was at this season last year, due to the rapid growth of the Pecos Valley towns. Many farmers who have planted truck garden vegetables in commercial quantities have profited by their efforts.

The local demand has never been fully supplied. This condition applies especially to the melon and cantaloupe crops and the profits from this year's harvest would undoubtedly make interesting reading in many cases.

Cotton is all right of course as a money crop, as long as the present price holds up, but in-as-much as the price is largely affected by government reports, we are just a little leery of the future prices, despite the fact that a large section of the cotton growing territory in the south has been hit by a drought. The drought area has been offset it seems by the boll weevil districts, which are holding their own, according to reports.

We have never believed it was a good policy to put all the eggs in one basket. A series of experiments over some of the best farming areas of the United States have proved that diversification is the one thing that will put any community on a stable basis financially.

Typewriter Ribbons for sale at the Advocate Office.

TROUBLE

"Didn't you say this car would do seventy-five miles an hour without any trouble?" asked the recent purchaser of the agent.
"Yes," was the reply. "Didn't she?"
"She did seventy-five all right, but the trouble I got into cost me twenty dollars and costs."

MAKE CIDER VINEGAR FROM SURPLUS APPLES

Why waste the apples you can't sell, when they can be converted into vinegar? C. W. Botkin of the New Mexico A. & M. College gives directions for making that a permit must add the warning that a permit must be secured for manufacturing vinegar from the Federal prohibition director, Albuquerque, New Mexico.

Not all varieties of apples will produce standard vinegar by fermentation in casks, says Mr. Botkin. The Minnesota experiment station reports that the following do not produce satisfactory vinegar: Duchess (Oldenburg), Excelsior, Florence (Crab), Longfield, Red Wine, Whitney (No. 20), and Patten (Greening). In the making of vinegar the cider should be put into new or clean barrels, sterilized by steam or boiling water. They should not be more than three-fourths full, and the bung-hole should be plugged with cotton loosely wrapped in cheese cloth. Better air circulation is obtained if other holes are bored in the top of the barrel. These should be plugged as already mentioned, to keep out dust and insects and to admit air. The alcoholic fermentation may be accelerated by adding a cake of yeast for each five gallons of cider. The yeast should first be well mixed with a small amount of cider and then mixed thoroughly with the cider in the barrel. The fermentation will be most rapid at 65 to 70 degrees F.

When the alcoholic fermentation has ceased and the "hard cider" is quiet and clear, siphon off the liquid from the sediment and place in new or clean and sterilized barrels. The barrels should not be filled more than three-fourths full and the precautions already mentioned should be taken to secure access of air and to prevent entrance of dust and insects. The vinegar fermentation may be hastened by adding about three quarts of good vinegar to each 30 gallons of "hard cider." The vinegar formation is most rapid at 65 to 75 degrees F. Under the conditions mentioned the vinegar should reach a standard strength. Marketable vinegar should contain four per cent of acetic acid by weight. The chemistry department of the college will make acidity tests at 25 cents per sample. Half pint samples may be mailed if securely stoppered and packed.

When finished, the clear vinegar should be siphoned into clean containers, which should be filled full and closed tightly so as to exclude air. Vinegar should be stored in a cool place. If it has been properly made it will keep for a long time.

We have a complete line of samples of social stationery—Artesia Advocate.

GLIMPSES OF THE PAST

From the files of the Advocate, August 19, 1911.

Mrs. Theo Wideman has gone to Nebraska, where she may remain.

Hagerman is to have a \$10,000 depot and work will start soon on same.

Miss Laura Starkey left Sunday for Carlsbad to attend the teachers institute.

Miss Ruth Dawson was the charming hostess at a delightful party Thursday afternoon.

G. D. Mosley, a merchant of Knowles, was in Artesia Wednesday and gave the Advocate a call.

Mrs. A. DeMoss and daughter who have been away on an extended visit to Iowa have returned home.

McNeil and Mahoney, of Artesia, have secured the contract for grading the road between here and Hope.

Mrs. Gunter has resigned her position at Joyce Fruit Company and is succeeded by Miss Allie Chisholm.

Mr. and Mrs. J. T. Patrick entertained the Rebecca lodge and the Grand Matron from Hagerman Saturday evening.

Miss Beatrice Lukins was the charming hostess at a delightful party Thursday evening, given in compliment to Misses Louise and Tony Kuykendall, who will leave soon for Oklahoma City to make their home.

According to an announcement appearing in the Roswell Record of Saturday, the Southwestern Dispatch of Roswell was taken over by Messrs. Will Robinson and W. E. Wheeler, of that city. This announcement will no doubt be of general interest to the folks of the Pecos Valley as both of these gentlemen are well known in this section.

Will Robinson, who for a number of years, was editor of the Roswell News, is probably as widely known as any newspaper man in eastern New Mexico. His ability as a "pen pusher" has been demonstrated on a number of occasions, as many of his readers will testify, who have followed his articles through numerous political campaigns and this leads us to say when it comes to knowing state politics, he has the ordinary editor backed off the boards.

W. E. Wheeler, who was previously associated with the Dispatch, has had a varied experience in the newspaper game and will do his share toward putting his end of the business over in a great way.

The plant was purchased from J. H. Shepherd, former editor of the Dispatch, and will remain in the same building.

TWO ARTESIA BOYS ARE ADMITTED TO THE BAR

Two Artesia boys, James Stagner and Geo Threlkeld recently took the bar examination at Santa Fe, and are now licensed to practice law in the state. The average made by the two applicants from this section are understood to have been very creditable. The two Artesians took the examination along with ten others, eight out of the twelve applicants were successful, while four failed. This examination was probably the most rigid ever held in the state. The requirements are constantly being raised and an applicant who passes the test successfully as did the two young men from Artesia, may indeed be counted among the fortunate ones.

Mr. Stagner is well acquainted among the older residents of Artesia and having spent many years in this section, carries the best wishes of a host of friends for a successful career. He says that Artesia is about the best place he knows of and has therefore decided to locate here. Mr. Threlkeld, who is also well known here, is a graduate of the Artesia high school and of the law department of Harvard University. Previous to his coming to Artesia he enjoyed a nice practice in the state of Kansas and while his decision has not been made public, it is understood that he too, will locate in Artesia.

NO TRESSPASSING

On a farm in Georgia is posted this sign: "Trespassers will be persecuted to the full extent of 2 mean mongrel dogs which ain't never been ovably soshibil with strangers and 1 dubbel barrel shotgun which aint loaded with no softy pillers. Dam, if I ain't tired of this hel raisin on my propoty."—Recorder

THE DRAWBACK

"If it wasn't for one thing," sobbed Mrs. Havana Nubride, "I'd leave you and go home to mother."
"What's that?" inquired Friend Husband.
"Mother's leaving father and coming down to stay with us."

See our samples of Engraving—Artesia Advocate.

LOCALS

Grant Knepple was in town from Lakewood Saturday.

Bryant Williams spent Sunday with his family at Hope.

Mrs. F. A. Manda is able to be out again after a week's illness.

Born to Mr. and Mrs. Earl Collins last Thursday afternoon, a son.

Mr. and Mrs. Frank Brooks left Tuesday for a visit at New Orleans.

A. A. Kaiser was in from the Kaiser ranch, east of Dayton, last Saturday.

Paul Bristow took his wife last Wednesday to Cloudcroft, where she will spend a few weeks.

Miss Fannie Keller of Hope, has been here the past week, visiting at the home of her uncle, Ike Keller.

Mr. and Mrs. Albert Richards spent last Sunday in Roswell, guests of Mr. and Mrs. Homer Dunagen.

Miss Lucile James arrived home last Saturday from a visit to her sister, Mrs. Robert Reeves, at Dodge City, Kansas.

B. P. Williams, of Wichita Falls, Texas, spent the week-end here visiting Beecher Rowan and other old Artesia friends.

Mrs. I. C. Dixon and her sister, Mrs. Osborn and children, of Deming, spent last Thursday with relatives and friends in Roswell.

Miss Gladys Nell, of Roswell, and the Misses Lola Caviness and Georgiana Galton, of Carlsbad, were week-end guests of Miss Leona Alinger.

Mr. and Mrs. Bill Stallings and wife, of Clovis, and Mr. and Mrs. Harboro, of Burkburnett, Texas, were here last Saturday visiting Mr. and Mrs. Jeff Hightower.

Mrs. A. M. George and two sons, who had been visiting her brother, Ossie Coalson, for a couple of months, left last Wednesday for their home at Brownwood, Texas.

Aubrey Watson, who has recently finished threshing alfalfa seed on the Lanning farm, has moved his machine back to the Cottonwood community, where he will keep the good work going.

Mrs. Preece Henry and son, Sterling, also Mrs. V. C. Smith (Anna May Henry) came last week from Globe, Arizona, and are visiting Mrs. Henry's parents, Mr. and Mrs. H. W. Turknett, and other relatives and friends.

Miss Zillah Simmons came home Saturday from Shawnee, Oklahoma, where she had been a student at the Oklahoma Baptist University. Miss Loyce Simmons, who had been attending summer school at Montezuma College, at Las Vegas, this state, returned home a short time before.

William Dooley returned from Kansas City Friday, accompanied by his wife and children, who will spend a few weeks here. Mrs. Dooley will return to Kansas City and after placing the two girls in school will come back here to spend the winter. Mr. Dooley is having constructed an up-to-date little bungalow, on the highway, near Grand Avenue, which they will occupy. Near by is the well-arranged little bungalow which Fred Knowles recently built and in which they are living.

Miss Stella Jacobson was down from Roswell Monday.

M. W. Evans, of Lake Arthur was attending to business matters in Artesia Monday.

Mrs. R. L. Carr returned Sunday from a six weeks' visit to relatives at Robinson, Illinois.

W. M. McCaw has the thanks of the entire Advocate force for a large water melon sent us Monday.

Rayford Hightower left last week for his home at Mineral Wells, Texas, after a visit to his uncle, Jeff Hightower, and family.

Mr. and Mrs. E. N. Bigler and daughter Ruth, left Sunday morning by auto for a visit to Mrs. Bigler's parents at Albuquerque.

Mr. and Mrs. "Col" Williams and Mr. and Mrs. Skelt Williams were in from the Williams ranch at the Cap Rock last week.

R. H. Bynum, of Hope, who suffered a relapse from blood poisoning sometime ago is able to be out again. While Mr. Binum is not entirely well he is able to be up and going.

J. H. Felton, of the Cottonwood community brought in a few boxes of apples Monday, from the Thompson farm. The apple crop this year will not be as great as last, but the quality of the apples will be better, he says.

Dr. and Mrs. C. W. Williams and O. N. Gamble and family left yesterday for the Ruidoso, where the ladies will spend a few days at Max Coll's cabin, while the doctor and Mr. Gamble went on to El Paso on a business trip.

Miss Leah McClay arrived home from California last week for a few weeks' visit with her parents, Mr. and Mrs. Owen McClay. Miss Leah has been attending summer school in Los Angeles since the close of her school at Redondo Beach.

Mr. and Mrs. Jim Graves and their friends, Mr. and Mrs. K. O. Price, of Waco, Texas, are visiting at the home of J. L. Cole, who lives north of town. Mr. and Mrs. Cole's young son accompanied the visitors to Artesia for a short stay with his parents.

A party of young people returned Monday from the Ruidoso, where they had been spending a few days at Max Coll's cabin. In the party were Max Coll, Mr. Blanchard and Mr. Center and the Misses Omega Harrison, of Carlsbad, Lorita Linell and Rosita Phillips.

Mr. and Mrs. R. G. Knoedler and little son, Charles Mack, arrived home Monday from a visit to relatives in Illinois. Rev. Jones and family, who have been occupying the Knoedler house during their absence, have gone out to the Cottonwood to stay with their old friends, Mr. and Mrs. Hedgeman, until the completion of the new Manse.

Mr. and Mrs. W. H. Withington, who have been visiting their daughters, Mrs. V. L. Gates and Mrs. Rex Wheatley, and their families, left last Friday for their home at La Pryor, Texas. Mr. Withington encountered high water on his way here from La Pryor and was obliged to leave his car twelve miles south of Pecos, until his return trip.

O. N. Gamble drove down from Canyon, Texas Sunday to join Mrs. Gamble in a visit to her parents, Dr. and Mrs. C. W. Williams. On Tuesday Mr. and Mrs. Gamble drove to Carlsbad with Miss Mabel Dunaway of Canyon, who came down with Mr. Gamble and had been a guest at the Williams home. Miss Dunaway is a former resident of Carlsbad and goes from there to Lovington to visit friends.

Items of Social Interest In and Around Artesia

THE WATER MELON FEAST

One of the most delightful socials of the season was held Thursday evening at the C. A. P. ranch when the Juvenile band entertained the Rotary club, friends and parents of the band members, with a water melon feast. Special preparations were made by the host, Mr. Cecil, and the committee in charge of the arrangements for entertainment on this occasion. The C. A. P. home, always an inviting spot, was made more charming for this event.

After the arrival of the guests, they were seated on the lawn and after a short social hour, the band members gave a concert on the east porch.

Then came the water melons and more water melons. Cantaloupes and apple cider was also provided as a finishing course for the evening. Despite the fact that practically all of the guests did their share toward seeing that the water melons were properly taken care of, many were left untouched.

Mr. W. M. McCaw, who we believe furnished the melons and cider for the occasion, has the thanks of the entire company for his unselfish hospitality.

Those present besides the personnel of the band includes: Mr. and Mrs. Roger Duran, Mr. and Mrs. W. E. Ragsdale, Mr. and Mrs. C. A. Buchanan, Mr. and Mrs. E. W. Harbough, Mr. and Mrs. R. A. Brewer and children, Mr. and Mrs. Bert McCaw, Mrs. Will McCaw, Mr. and Mrs. Jack Hastie, Mrs. J. D. Barlow and mother, Mrs. Spencer, Mrs. Oscar Gamble and daughter, Dr. and Mrs. J. J. Clarke, Mr. and Mrs. Mark Corbin, Mr. and Mrs. W. C. Martin, R. L. Paris, Misses Minnie and Edna Dungan and G. Williams. The band members include: Jesse Paris, Lawrence Clarke, Russell Spivey, Gordon Kishbough, Edwin McCaw, Howard Yeager, Richard Wheatley, Burton Cecil, Dyke Cecil, Thelma McCaw, Howard Stroup, Will McCaw, Doris Durham, Myra Yeager, Thomas Spivey, John Clarke, Jack McCaw, J. D. Barlow, director, George McCaw, James Durham, Reed McCaw, Kirk Yeager, Wilmer Ragsdale, and Mark Caraway.

OLD FASHIONED DANCES AT SCHNOOR HOME

Owing to the fact that an article in the last week's issue relative to the private dances given at the home of Mr. and Mrs. J. J. Schnoor may be misinterpreted, we are reproducing herewith a corrected article as it should appear:

The friends and neighbors of Mr. and Mrs. J. J. Schnoor have shown their appreciation of the many good times enjoyed in this hospitable home by erecting a dance platform on their lawn. This platform was built in order to continue the private dances Mr. and Mrs. Schnoor have been giving for the past two years. Old fashioned dances only are allowed and good behavior is the only requirement. Their three young daughters are members of the Bartlett orchestra and Miss Maida is the only lady member of the Bartlett Concert Band.

Mr. and Mrs. Schnoor believe and have demonstrated that dancing can be a clean amusement for both young and old.—Contributed.

BRIDGE AND SWIMMING PARTY

Mrs. M. A. Corbin entertained last Friday afternoon with a small bridge and swimming party complimentary to Mrs. Oscar Gamble, of Canyon, Texas. The party was held at the Rowland tank, where the company played bridge under the big shade trees. Afterwards they took a swim

in the tank and completed the outing with a delicious picnic lunch under the trees. Those composing the company were the honor guest, Mrs. Gamble, Mrs. C. W. Williams, Mrs. E. J. Brooks, Mrs. Frank Brooks, Mrs. Jeff Hightower, Mrs. George Welton, Mrs. Martin Yates and the hostess, also the latter's small son, Mark, Jr., and Martin Yates, Jr., and St. Clair Yates.

WORKERS' COUNCIL MEETING

The Workers' Council of the M. E. Sunday school was entertained at its monthly supper in the Sunday school room last Thursday evening. The gentlemen of the Council were the hosts on this occasion and showed the ladies that they could give a splendid feast. They had a four course menu and prepared and served it all themselves. Numerous rival attractions that evening interfered somewhat with the attendance, but those who were there thoroughly enjoyed this successful effort of the gentlemen.

LEGION AUXILIARY HAVE CALLED MEETING

There was a called meeting of the Auxiliary at the home of Mrs. Frank Linell on Monday afternoon to elect delegates to the coming Legion convention in Roswell. Those elected were Mrs. Frank Linell, who is a member of the state executive board, the president, Mrs. Albert Richards, Mrs. J. M. Story, Mrs. Sid Cox, Mrs. Ralph Rogers and Mrs. Harvey Widney. Mrs. George Dungen and Mrs. Homer Dunagen, a member of the Auxiliary now living in Roswell, were elected alternates. Plans were also perfected for the picnic which will be held in the park this evening. The Auxiliary will entertain the Legion members and their families at the picnic.

PICNIC FOR MISS SANDS

The class of '23 had a picnic last Friday evening in honor of a former teacher, Miss Mary Sands of Las Vegas, who was very popular with her pupils. The picnic was at the Oasis and began with a swimming party and ended with a picnic supper. Old school songs were sung, Miss Sands furnished music on the ukelele and Roy Spivey upon the mandolin, and old school jokes and stories vividly recalled the happy days in Artesia High. A few members of the class living here, were unable to be present. Those who were, were Miss Sands, Mrs. Howard Gissler, Mrs. Skelt Williams, the Misses Zanaida Mann, Vesta Frisch, Vella Spivey, Herma Welsh, Lois

Burns, Edna Schnoor, Juanita Cobble, Lois Hnulik and Opal Martin and Roy Spivey, Tom Edward Bullock and Elwood Kaiser.

BIRTHDAYS AND WEDDING ANNIVERSARY CELEBRATED

Mr. and Mrs. M. A. Ryerson entertained Sunday at 12 o'clock dinner, in honor of Mrs. J. C. Ryerson, Mrs. Ralph Morris, Mr. and Mrs. B. J. Ryerson.

Those present were as follows—Mrs. J. C. Ryerson, Mrs. Mary Hooper, Mr. and Mrs. J. W. Hart, Mr. and Mrs. Ralph Morris, Mr. and Mrs. B. P. Ryerson and family, Mr. A. A. Holland and family, Mr. Clifton Holland, Mr. William Holland and Mr. Sid Smith. All attended the ball game played between the Lake Arthur and Artesia teams and upon returning home were greeted with a watermelon feast. The afternoon was enjoyed by all.—Contributed.

ROTARY ANNS PRESENT AT TUESDAY LUNCHEON

Quite a pleasant surprise was sprung on the members of the Artesia Rotary club, when the Rotary Anns appeared at the Tuesday's luncheon. All of the members except the educational committee were unaware of the plan to have a full attendance of the ladies. The table was spread for forty-seven members and Anns.

After the luncheon hour, a delightful program was carried out which included two numbers by a trio of ladies composed of Mesdames V. L. Gates, Rex Wheatley and M. A. Corbin. Miss Mary K. Sands, former instructor in the department of English, Artesia high school, also gave two readings, which were enjoyed by the entire club.

The center of attraction during the greater part of the luncheon hour, seems to have been "Agnes," one of the Rotary members dressed as a lady.

Mr. and Mrs. J. J. Schnoor will entertain the members of the Bartlett concert band and orchestra on Monday evening, August 24th, at their country home three miles south and one half mile east of Artesia. The concert will begin at eight o'clock and the people of Artesia and the surrounding country are all invited.

A special invitation is extended to their former friends of the Artesia, Atoka and Cottonwood communities. Ample parking space will be provided so that all will be afforded an opportunity to hear the music rendered by these excellent organiza-

tions. Artesia should be proud of its fine bands and orchestras and should welcome this opportunity to manifest their interest and approval.

After the concert, the members of the band and orchestra, Mr. and Mrs. Bartlett and Mr. and Mrs. Tracy will enjoy a feast of ice cream and cake at the Schnoor home.

BIRTHDAY DINNER

Mrs. Otis Brown celebrated her birthday anniversary Monday by having a few friends in to six o'clock dinner in her delightful new Spanish style bungalow in which they have just gotten settled. Covers were laid for Mr. and Mrs. Gail Hamilton and little daughter, Ruth, Miss Louise Hamilton, of Cleveland, Ohio, Mrs. Sallie Smith and Mr. and Mrs. Brown.

DINNER FOR MISS SANDS

Miss Mary Sands, of Las Vegas, was the honor guest at a four course dinner given by a former pupil, Miss Herma Welsh, at six o'clock on Tuesday evening. Covers were laid for the honor guest, the Misses Zanaida Mann, Vesta Frisch, Vella Spivey, Marjorie Wingfield, Virginia Atteberry, the hostess and her mother, Mrs. Laura Welsh.

SIX O'CLOCK DINNER

Miss Virginia Atteberry entertained with a four course six o'clock dinner on Sunday evening, her guests being Miss Zanaida Mann, and Messrs. Fred Cole and Lloyd Simonds.

The American Legion Auxiliary is giving a picnic for the members of the Legion and their families in the city park this evening. A good attendance is hoped for.

LAKE ARTHUR ITEMS (Mrs. Alva Spence, Reporter)

Mr. and Mrs. Tom Clark's baby, who has been quite ill, is improving.

Mr. and Mrs. James Hill went to Roswell last week to spend a few weeks.

Bob Davis, of Lamesa, Texas, spent the week end with his sister, Mrs. Chester Ledlie.

Mr. and Mrs. Clyde Nihart have a fine new baby girl at their home, born August 13.

Misses Flora and Zelma Terry spent last week at the country home of Mr. and Mrs. D. E. McKinney.

Clyde Nihart and children, Miss Dorta Nihart, Max Walden and Robert Spence were in Roswell Tuesday, shopping.

J. K. Hearde, Mrs. J. G. Kille, of Attica, Kansas, Mrs. M. W. Evans and Mrs. Milton Godsell left the early part of the week for a fishing trip on Black river.

Miss Thula Harvey, Maggie Lane, Alma Lane, Ocie Marie Spence and Howard Beasley were in Roswell Wednesday as delegates to the Epworth League convention.

Mrs. W. R. Urton and children, who have been visiting Mrs. Urton's parents, Mr. and Mrs. J. H. Reeves, for the past several weeks, left Friday for their home at Chandler, Arizona.

E. L. Selby left the latter part of the week for Pope, Mississippi, where he was called to the bedside of his father, Mrs. Selby and children are already there, having gone overland two weeks ago.

Rev. Simmons, of Melrose, will begin the Methodist revival services here next Sunday. He will be assisted by Brethren Hatfield, Hughes and a singer. Everyone is invited to come in and help.

The Woman's Missionary society of the Methodist church met last week at the home of Mrs. O. L. Johnson. After Bro. Hatfield's very interesting lecture the usual business was disposed of. Delicious refreshments were served at the close of the afternoon meeting. Mrs. Calvin Graham will entertain next week at her country home.

Quite a lot of interest is being manifested in the Bible class of the Methodist church, taught by Mr. A. G. Lane. The class was divided into two groups, with Mrs. R. F. Beasley as the captain of one group and Mr. W. A. Hamilton captain of the other. The contest came to a close last Sunday with Mrs. Beasley's group as winner. Mr. Hamilton and group will entertain the winning side with a ice cream social Sunday afternoon at Mr. and Mrs. A. G. Lane's home.

HOPE ITEMS (Noel L. Johnson, Reporter)

Born to Mr. and Mrs. A. H. Morris last week, a fine son.

Rev. Z. B. Moon has returned from holding a meeting at Loving.

Lit and John Prude are in from the ranch and report fine grass and fat cattle.

Swimming, hoeing cotton, picking fruit and eating watermelons is the chief pastime here just now.

Mrs. E. J. Powell, of Pinon, is here for a visit with her daughter, Mrs. Joe Coleman and family.

Several oil men have been here looking over the country and it is stated a well will be started in the Hope community within a few days.

Cotton, alfalfa and beans are growing and one would hardly think we ever had a drought. Many fruit growers are picking apples and some large watermelons are being pulled.

The U. S. geologist, investigating the water belt in the vicinity of Manning dome with a view to developing it, has not made his report yet, but is very busy surveying the country.

B. M. Whitaker, of the West Texas Chamber of Commerce, with headquarters at Stamford, Texas, met with the Hope Chamber of Commerce in a call meeting Monday and made a very interesting talk to the members present, on the development of the plains and southeastern New Mexico, after which he drove across the mountains to be present at the annual meeting at Alamogordo on the 19th. A committee was selected to attend the meeting, composed of J. H. Bridgeman, H. White, L. P. Glasscock and H. A. Taylor.

HELLO FOLKS!

I couldn't get you by 'phone and I want to tell you that "OUR STORE" is planning the biggest sale ever held in Artesia or in New Mexico.

I have been to the Eastern Market and purchased about the biggest single shipment of BEAUTIFUL NEW MERCHANDISE that ever came to Artesia.

I've added to "OUR STORE" a wonderful lot of goods that we never carried.

Millinery and Dresses

and hundreds of items that we have never carried in stock. This stock is arriving daily and will all be here for

FRIDAY, AUG. 28

In plenty of time for you to buy all you want for the opening of school. So in justice to yourself and your pocketbook wait until FRIDAY, AUGUST 28th. We'll have everything for everybody on sale—the prices will be lower than you ever expected to buy at. In fact we are going to make them so attractive that we expect to DO A WHOLE SEASON'S BUSINESS IN JUST EIGHT DAYS—starting

Friday, Aug. 28---Ending Sat., Sept. 5

A Sales Circular Will Be Mailed You Soon—READ IT!

"OUR STORE"

J. W. NICHOLSON

FRIGHTFUL ACCIDENT OCCURS NEAR DEMING

The railway crossing accident which occurred near Deming Wednesday, was one of the most distressing and frightful which has ever occurred in this vicinity, resulting as it did in the death of all four passengers who were riding in the automobile.

The accident occurred a few minutes after 6:30 o'clock Wednesday evening when Mr. and Mrs. A. T. Hyatt and their two grandchildren, Georgia and Catherine, were driving in a Dodge sedan to the Hyatt ranch in a northeasterly direction from town.

The only eye witnesses of the fatal collision were Mr. and Mrs. Earl Berry of Santa Fe. These tourists were approaching the crossing coming into Deming when Mr. Hyatt was driving out. Mr. Berry stopped his car in order to let the train go by. It is thought that Mr. Hyatt believed the tourists were merely pausing in order to let him go over the crossing first. This caused him to speed up and probably to divert his mind from anything else. Mrs. Berry turned her head when she saw that the train would strike the big sedan of Mr. Hyatt's. Mr. Berry said that it looked as if one of the little Hyatt girls managed to get the side door of the sedan open. She seems to have been the only one in the car who saw the train approaching.

At any rate he kept his car going and was nearly across when the train struck it and knocked it a distance of fully sixty feet. The cow-catcher of the engine struck the car at the rear end of the rear spring on the right side, also at the rear side of the hind wheel and at the rear end of the frame or chassis, and as the force of the blow was transversely through the rear axle the effect of the blow from the locomotive was almost as effective as if the car had been struck near the center. Had the car been about two feet farther ahead than it was it would have escaped being hit.

When the car was struck the doors on the right side apparently flew open and it is believed one of the little girls was hurled through the air, her head striking against the end of one of the boards near the top of the cattle guard, breaking her skull. She was killed instantly. The other little girl besides fractured bones, was injured internally. It is reported that she was picked up by a traveling man from the train and he partly revived her by holding a bottle of smelling salts to her nose. She died in his arms. The other little one, Georgia, was picked up by K. W. Kissick, manager of the Deming Ice and Electric Company, who was just starting on a vacation trip to Wyoming, and who jumped off the train after it had backed up to the scene of the accident.

Members of the train crew and other passengers tenderly picked up Mr. and Mrs. Hyatt and all were placed in the baggage car, after which the train was backed into Deming.

Physicians were promptly summoned, and after they had pronounced both children dead they were taken to Mahoney's mortuary.

Mr. and Mrs. Hyatt were hurried to the Ladies' Hospital, where it was found that Mrs. Hyatt's injuries were of an internal nature. No hope was held out for her recovery, and she died Thursday morning at 4:35. Tom Hyatt, who had an arm and leg injured, was also badly hurt internally. He died at 4:20 p. m. Thursday, and was the last to succumb. He had short intervals of consciousness during which he was able to recognize his son and one or two others. However he was never conscious enough to realize just what had happened.—Deming Graphic.

LOCAL

Frank Privett is improving after a severe illness.

W. E. Ragsdale left Sunday for Hot Springs, this state, to take the baths, for relief from rheumatism.

Mrs. Jeff Hightower, Miss "Jack" Hightower and Miss Maxine Rowan left yesterday by auto for a short visit in Clovis.

Mrs. J. J. Bailey and little son, of Lone Oak, Texas, have been the guests of Mrs. E. D. Wells on Cottonwood the past week.

James McMains, Bob Monical and Carl Reineke, of Dexter, were in town Sunday. They came down with a party of friends to visit the oil field.

Sidney Mogul and Sam Goldberg, auctioneer for the Mogul Jewelry Co., arrived in Artesia this week and will remain with Mr. Mogul for a few days.

Charles and Kenneth McLean left Sunday for their home at Dimmitt, Texas, after a ten days' visit to their grandparents, Mr. and Mrs. Beecher Rowan.

Dr. Stroup and son, Clayton, were in Carlsbad Sunday, the doctor going down to assist with an operation. The patient is Mr. Arnold, who is employed on the Brown well, and the trouble was abscess on the liver.

Department of the Interior, U. S. Land Office at Las Cruces, New Mexico, July 22, 1925.

NOTICE is hereby given that Los Gentry, of Artesia, New Mexico, who, on April 8, 1924, made Additional Homestead Entry, No. 028736, for E 1/2 SW 1/4, Section 31, Township 16 S., Range 27 E., N. M. P. Meridian, has filed notice of intention to make Commutation Final Proof, to establish claim to the land above described, before S. W. Gilbert, U. S. Commissioner, at Artesia, New Mexico, on Sept. 10, 1925.

Claimant names as witnesses: Pomroy P. Mann, of Artesia, New Mexico. Carl A. Daniel, of Artesia, New Mexico. Tom C. Ross, of Artesia, New Mexico. George W. Lewis, of Artesia, New Mexico. (SIGNED) NEMECIA ASCARATE, Register.

NOTICE FOR PUBLICATION

Department of the Interior, U. S. Land Office, at Las Cruces, New Mexico, July 22, 1925

NOTICE is hereby given that Lillard V. Johnson, of Lake Arthur, New Mexico, who, on August 24, 1922, made Homestead Entry, No. 027904, for N 1/2 NE 1/4, SE 1/4 NE 1/4, NE 1/4 SE 1/4, Section 11, Township 16 S., Range 26 E., N. M. P. Meridian, has filed notice of intention to make Final Five Year Proof, to establish claim to the land above described, before S. W. Gilbert, U. S. Commissioner, at Artesia, New Mexico, on the 9th day of September, 1925.

Claimant names as witnesses: Jerry A. Williams, of Lake Arthur, New Mexico. Robert Bailey, of Lake Arthur, New Mexico. Cheb Russell, of Lake Arthur, New Mexico. Rufus F. Beasley, of Lake Arthur, New Mexico. (SIGNED) NEMECIA ASCARATE, Register.

NOTICE OF PENDING SUIT

THE STATE OF NEW MEXICO.

To Frank H. Jones, and if dead his heirs, if any, and any assignee or their heirs, if any, and any unknown persons and if dead their heirs, if any, who may claim any interest or title to the said premises adverse to the plaintiff, defendants, You and each of you are hereby notified that there is a suit pending against you in the District Court of Eddy County, wherein, L. G. Syferd is plaintiff and you and each of you are defendants, suit No. 4088 on the docket of said Court and that object of the suit is to quiet title to the following property, to-wit:

All of blocks 24 and 25 and a strip of land 46.9 feet wide off the South side of block 19 and a strip of land off the South side of block 18, which said strip of land is 46.9 feet at the West end and fifty feet at the East end thereof and a part of blocks 17 and 26 described as follows:

Beginning at a point on the East line of said block 17 of Fairview addition to the town of Artesia, which point is 48.05 feet North of the Southeast corner of said block 17, thence in a Southerly direction along the East line of the said blocks 17 and 26 of said Fairview addition Three Hundred and Ninety-nine and 85-100 feet to a point 353.8 feet South of the Northeast corner of said block 26, thence in a Westerly direction to the West line of said block 26 to a point on said West line 350.5 feet South of the Northwest corner of said block 26, thence North along the West line of said block 399.55 feet to a point 49.05 feet North of the Southwest corner of block 17, thence in an Easterly direction to the point of beginning, all of the said blocks and parts of blocks thereof being in and a part of the Fairview addition to the town of Artesia, Eddy County, New Mex., according to the recorded plat thereof.

You and each of you are further notified that unless you answer or otherwise enter your appearance in said suit on or before the 3rd day of September, 1925, judgment will be taken against you by the plaintiff, as by default, and for the demands of the plaintiff, and that J. B. Atkeson of Artesia, New Mexico is attorney for the plaintiff.

In Witness Whereof, I have hereunto set my hand and official seal this 29th day of July, 1925. G. W. SHEPHERD, Clerk of the said District Court, Eddy County, New Mexico.

NOTICE In the Probate Court of Eddy County, State of New Mexico

IN THE MATTER OF THE ESTATE OF HART CROUCH, Deceased.

TO THE HEIRS OF SAID DECEASED:

Notice is hereby given that Lorena Crouch has filed her final report as administratrix of the estate of Hart Crouch, deceased, together with her petition praying her discharge and the said report and petition will be heard before the Honorable D. G. Grantham, Probate Judge of said Court at the regular term thereof to be held at the Courthouse in Carlsbad, New Mexico at 10:00 A. M., on the 25th day of September, 1925 and all persons having objection to said report and petition are notified to file the same with the Clerk of said Court before said hearing as is provided by law.

Notice is further given that at the

time and place stated the Court will proceed to determine the heirship of the said decedent, the ownership of said estate, and the interest of each respective claimant thereto or therein, and the persons entitled to distribution thereof; and J. D. Atwood of Roswell, New Mexico is the attorney for said administratrix. WITNESS the seal of the said Court by the Clerk thereof on this the 11th day of August, 1925. (SEAL) G. W. SHEPHERD, County Clerk.

NOTICE OF PUBLICATION (Foreign)

Pursuant to Section 1018 of New Mexico Statutes annotated, Codification of 1915, as amended by the Session of Laws of 1925, notice is hereby given of the filing in the office of the State Corporation Commission of New Mexico of a certificate of Incorporation of the Parkersburg Rig and Reel Company.

1. The amount of authorized capital stock is \$2,000,000.00. The amount actually issued and outstanding is \$1,800,000.00. 2. The names of the Incorporators and their Post Office addresses are: C. C. Chamberlain, Washington, Pa. Michael Eagan, Washington, Pa. John M. Crawford, Washington, Pa. W. W. VanWinkle, Parkersburg, W. Va.

3. The objects and purposes of the said corporation are: Distribution and Sale of Oil Well Drilling Equipment and Tankage, and to do any and all things authorized by the certificate of incorporation of said corporation. 4. The principal place of business of the corporation in New Mexico and the name of the resident agent therein and in charge thereof, upon whom process against the corporation may be served is George C. Langlois at Artesia, New Mexico.

5. Filed in the office of the State Corporation Commission July 27th, 1925, at 11:30 A. M.; No. 12494, Cor. Rev'd Vol 7 Page 309. STATE CORPORATION COMMISSION OF NEW MEXICO By B. MONTOYA, Chairman.

NOTICE OF PUBLICATION (Domestic)

Pursuant to Section 1018 of New Mexico Statutes annotated, Codification of 1915, as amended by the Session Laws of 1925, notice is hereby given of the filing in the office of the State Corporation Commission of New Mexico of a certificate of Incorporation of the El Paso Pecos Valley Stages.

1. The amount of authorized capital stock is \$60,000.00. The amount of capital stock actually issued and with which the company shall commence business is \$40,000.00. 2. 10,000 HEAD OF CATTLE TO BE SOLD TO THE HIGHEST BIDDER SOON

Approximately 10,000 head of steers being run in the state of Chihuahua, Mexico by L. A. Hughes, receiver of the Livestock and Agricultural Loan Company of New Mexico, will be sold to the highest bidder on August 31. The sale was authorized Monday by Judge O. L. Phillips, who issued an order to that effect in federal court.

There are from 5,000 to 10,000 head of yearling steers, about 1,500 head of two-year-olds, and about 1,500 head of three-year-olds, all New Mexico and Arizona bred Hereford stock of good quality. About 85 per cent of the cattle belong to the Livestock and Agricultural Loan company. The other 15 per cent are being run in the name of L. A. Hughes as trustee for the War Finance corporation. For the purpose of economy in marketing they will be rounded up and sold together.

Sealed bids for the cattle will be received by Mr. Hughes between now and August 31 at Santa Fe. At 3 p. m. on that date they will be opened, preferably in the presence of the bidders if they can arrange to be present.

Delivery of the cattle will be made at El Paso in weekly lots of from 700 to 1,000 head, beginning about September 15. Loading facilities at Agua Nueva, Chihuahua, will not permit faster shipment.

The purchaser will be allowed a 10 per cent cutback, but must also name a price he will pay for the cutbacks, as all cattle must be sold, except unmarketable animals which will be cut back at range when rounded up.

The cattle are being run on the Santa Clara and Bustillos ranches and are said to be in very good condition.

These cattle were shipped from all the cattle raising counties of the state, and several herds from Eddy county are included. The shipment to Mexico was made for the purpose of securing pasture, which was very scarce all over the state at the time permission was granted the Livestock and Agricultural Loan Company to come to the aid of cattlemen who were indebted to that company. Their sale will relieve severe pressure on many cattlemen.

**THE CROP OUTLOOK IN
NEW MEXICO AND THE
UNITED STATES AUG. 1**

COTTON—A condition of 75 per cent of normal for New Mexico cotton forecasts a production of 50,000 bales of 500 pounds gross, compared to 56,255 bales in 1924. The decrease in the indicated production is due to drouth at planting time in the dry farm sections. Dona Ana, Chaves and Eddy counties will increase their last year's production.

There has been a decline in the condition of cotton in the United States from a forecasted production of 14,339,000 bales on June 25, to 13,566,000 on August 1. Drouth in Texas and Oklahoma was chiefly responsible for the loss. The census bureau reports 159,373 bales ginned in the United States prior to August 1, compared with 21,795 for 1924 and 64,381 for 1923. This year's crop is about a week earlier.

CORN—The production of corn will be greatly reduced as a result of drouth this year in New Mexico. Present acreage and condition gives promise of only 1,828,000 bushels, compared with 4,200,000 bushels for 1924.

United States production is indicated at 2,950,340 bushels, compared with 2,436,513,000 for 1924. The forecasted production has declined about 145,000,000 bushels since July 1 this year.

WHEAT—The New Mexico winter wheat crop is estimated at only 76,000 bushels compared with 1,650,000 bushels last year. The spring wheat crop for the state is forecasted at 363,000 bushels, compared with 901,000 bushels in 1924.

The United States estimated production of winter wheat is 415,697,000 bushels, compared with 590,037,000 bushels in 1924. The spring wheat production is forecasted at 262,749,000 bushels, compared with 282,636,000 bushels for 1924. The total wheat production is now indicated at 94,227,000 bushels less than last year's production. An increased production in some of the other wheat producing countries indicates a world production of wheat in excess of last year's crop.

RYE—The state crop is estimated at 4,00 bushels, compared with 40,000 bushels in 1924.

For the United States the estimates are 51,968,000 bushels, for 1925, and 63,446,000 bushels for 1924. The quality is 86.5 per cent of normal.

OATS—Only 455,000 bushels of oats are indicated for the state this year, while for 1924 it was estimated at 1,536,000 bushels. Stocks on farms is estimated at 8,000 bushels.

For the United States 1,387,349,000 bushels are indicated, against 1,542,000,000 bushels last year. The stocks on farms is given at 91,630,000 bushels, compared with 65,256,000 bushels in August 1924.

BARLEY—The state crop is 52,000 bushels, compared with 240,000 bushels in 1924.

For the United States it is 213,596,000 bushels, compared with 187,875,000 bushels in 1924. Farmers stocks are 5,956,000 bushels, compared with 6,382,000 bushels in August 1924.

POTATOES—New Mexico crop 228,000 bushels, compared with 243,000 bushels in 1924.

United States 353,266,000 bushels, compared with 454,784,000 bushels in 1924.

SWEET POTATOES—New Mexico 129,000 bushels, compared with 120,000 bushels last year.

United States 85,340,000 bushels, compared with 71,861,000 bushels in 1924.

TAME HAY—New Mexico production indicated at 228,000 tons, compared with 309,000 in 1924. The reduction is due to substitution of cotton for alfalfa in irrigated counties, as well as to drouth conditions in other counties at the time of planting. Rain during latter part of July and first part of August has stimulated planting of rapidly maturing hay and fodder crops.

In the United States the yield is indicated at 77,713,000 tons, compared with 97,970,000 tons in 1924.

WILD HAY—New Mexico production 12,000 tons, compared with 30,000 tons in 1924.

For the United States it amounts to 13,302,000 tons, compared with 14,480,000 in 1924.

APPLES—Indications in the state are for 806,000 bushels for the total crop with 202,000 barrels marketable. Last year's total production was estimated at 720,000 bushels.

For the United States the production is indicated at 161,148,000 bushels, with 179,101,000 in 1924. The commercial crop, however, is indicated at 30,364 barrels, compared with 28,587,000 barrels in 1924.

WILL ENTER FORD CONTEST

How would it strike you to become a Ford factory worker, spend three months on the job, then write a report on your impressions and enter it in a prize contest?

This might not appeal to every one, but there are fifty young men from Yale University who are taking a try at it, and every one of them is enjoying it.

Of course, they haven't as yet reached the report writing stage, for their three-months course in the old school of Experience at the River Rouge Plant of the Ford Motor Company is only just fairly getting under way.

Clad in work shirts and overalls, these ambitious young men look like anything but college boys. Nevertheless they are enthusiastic over the work and formen in charge of departments in which they are employed report that they are showing unusual aptitude.

The young men are employed in the production forces at the Rouge Plant where they have full opportunity for studying factory organization and for securing first knowledge of Ford methods, management and handling of men. For the most part the pupils have found lodgings during their stay here with families of Ford workers, which brings them into intimate relation with the home life of these men. Every week they hold a conference and exchange experiences.

Those in the group were especially chosen for this unique course by the department of social service of the Divinity School at Yale. While at work here they receive the regular scale of wages paid Ford employes.

At the close of their three-month employment in the factory, each student is to submit a written report based on his personal experiences and impressions. These reports will be entered in a prize contest. Judges will be James J. Davis, secretary of labor, Raymond B. Fosdick, of Princeton, Jerome Davis and Edgar S. Furniss, of Yale, and Henry Ford.

DISEASES REPORTED FOR WEEK ENDING AUGUST 8

Chancroid—Dona Ana 1.
Chickenpox—Grant 1.
Gonorrhoea—Colfax 1, De Baca 1, Dona Ana 2, McKinley 2, Santa Fe 2.

Rabies in Dogs—Chaves 3.
Scarlet Fever—McKinley 1.
Syphilis—Chaves 1.

Tuberculosis—Bernalillo 6, Colfax 1, Dona Ana 1, Grant 20, Lincoln 19, Typhoid—Bernalillo 2, Colfax 1, Dona Ana 2, Otero 1.
Whooping Cough—Colfax 1, Grant 1.

CLOVIS BOY MISSING

Albert Moss, 12 year old Clovis boy, rode away from home and out of town on his pony Monday of last week and has not been heard from since. His people, thinking he would be gone but a day or two, did not notify the authorities, but as he is still gone, reward cards are being got out to let officials in all directions be on the watch for him. Albert was headed north when he left, and as it was just following the rodeo here, it is thought he may be searching for wild west adventure. He was riding a blue roan pony, and wearing a wide brimmed hat.—Clovis News.

FORMER ARTESIA BOY TO PARTICIPATE IN SANTA FE BALL TOURNAMENT

Friends of Gayle Manda might be interested to know that Gayle will participate in a System Santa Fe baseball tournament. The A. H. B. Apprentice Ball Club of which Gayle is a member, will meet Newton, Kansas, for the championship of lines east of Albuquerque. Newton having been defeated but once in her league and Dodge City by her game Sunday eliminated La Junta, without a single loss. Dodge City has defeated Las Vegas, Raton, Albuquerque, and La Junta twice each. In case Dodge City wins from Newton in the three game series, they will meet the Coast Champions, Richmond, California, at Belen, for the entire Santa Fe System championship. All games will be played on Sunday with the exception of last games, which will be in latter part of the week in September.

A CHECK . . . VERSUS . . . Dirty Money
The life of a Treasury Dollar Bill is said to be eight months, and toward the end it becomes soiled, torn and beragged—dirty money. How much better, instead of handing over a number of such bills at all stages of decay, to pay with a single crisp, fresh check made to order for the occasion and drawn on a checking account at the Citizens State Bank.
A Checking Account at this Bank will Dignify Your Financial Transactions.

BRADEN WELL MAY EXTEND FIELD NORTH OF THE PROVEN AREA

(Continued from page one)
Flynn, Welch & Yates No. 22, in the NW corner of SW SE of Sec. 21-18-28, at a new depth. The sand was first believed to be a stray one, but operators are of the opinion that it is the same as that found in the Simpson McNutt. The sand was found from 1865 to 1905 and bears a quantity of oil similar to that found in the Simpson McNutt.

A list of the completions for the week include:

Maljamar No. 7, shot with 80 quarts of glycerin last week, by Hal Dixon, from 2015 to 2056. The well made 450 barrels flush production.

The Maljamar No. 8, shot with 80 quarts of glycerin from 2015 to 2046 feet, estimated production 200 barrels.

The Ohio Oil Co., C. J. & W., mentioned last week, was shot by Hal Dixon with 120 quarts of glycerin from 2028 to 2158. The well made four natural flows before being cleaned out and looks like a good producer.

The Flynn, Welch & Yates No. 15, was also completed after a shot last week and is reported to be better than the average completions of this company.

SHORTY HARMON GIVES SPLENDID EXHIBITION OF RACING ON THE STREETS

(Continued from page one)
were shooting at him, would let forth a blood curdling yell. The race ended after a time when Harmon fell to the ground, completely exhausted.

He was lodged in jail here, but by an ingenious method made his escape the following morning and traveled more than ten miles from Artesia before he was caught by Deputy Sheriff Herman Jones. Harmon had managed to catch a ride with some farmer who had let him out at the county line road. Efforts to catch another ride had proved futile until overtaken by the officers, although it is believed that he was desperate enough to have killed a passing autoist in order to secure the car and make good his escape.

Harmon, who worked in the oil field last winter, was known to many here. Officers from Kentucky, who allege that Harmon is wanted in that state for the theft of several cars, are en route here.

LIST OF COMPLETIONS IN THE OIL FIELD GIVEN TO MAY 1ST THIS YEAR

(Continued from page one)
Maljamar No. 1, Sec. 29-18-28, shot sand April 5, 1925, 1999 to 2035 feet.

Twin Lakes No. 3, 530 feet north well No. 2, shot April 17, 1925, 32 feet sand.

Ohio-Gilliland No. 1 NE 1/4 NE 1/4 Sec. 29-18-28, shot April 30, 1925 around 2000 feet.

A list of the completions given above, represent the producing wells from the time of the discovery of the gas well, Flynn, Welch & Yates No. 2, (formerly referred to as the Illinois No. 2) which in January 1924 until May the 1st, 1925. The data given was secured from the files of the Advocate and is about as complete and accurate as we are able to obtain at present, however, we expect to be able to get a com-

ROBT. F. McLARRY DIES AT HOME OF SON ON SATURDAY, AUGUST 15

Robert F. McLarry, one of the few surviving residents to pass his 88th year, died at the home of his son, B. M. McLarry, in the Cottonwood community, Saturday, August 15th. Mr. McLarry's death was due to his age.

Mr. McLarry had made his home with his son for the past few years, previous to this time he had led an active business life and his travels over the southwest section had made him a familiar figure in many communities. Previous to his coming to the Cottonwood community, he had lived at Hope for a number of years.

Funeral services were held in Artesia Monday, Rev. L. R. Simmons, pastor of the Baptist church, officiating. Interment was made in the Woodbine cemetery.

R. A. BREWER INJURED BY SCALDING WATER

R. A. Brewer received a painful injury Thursday afternoon when he attempted to remove a patent radiator cap from a new Ford car. The car had been running and the engine had become very warm. As he attempted to take the cap from the radiator, scalding water shot out from under the cap, which was thrown out at right angle, striking him full in the face.

Luck was with him, however, the scalding water struck his spectacles, thereby saving the sight of both eyes. We always knew there was some redeeming feature to the constant wearing of glasses.

F. M. Sigler and wife, of Hot Springs, Arkansas, are visiting in Artesia today. Mr. Sigler, who owns property at Lake Arhur, will look after his business interest there before returning home.

DIST. ATTY. IS KILLED IN AUTO SMASH UP TUES.

(Continued from page one)
sibly a broken rib. Mr. Fort sustained internal injuries, but the exact extent of his injuries have not been learned. Both Mr. Little and Mr. Fort were brought back to Roswell Wednesday. The body of Mr. Wyatt was also carried by auto to Roswell Wednesday and is being held pending funeral arrangements, which will likely be held Friday.

The other members of the party escaped except for a few minor bruises. Mr. Roberts is reported to have sustained a broken ankle.

plete list of producers up to the present time, which now numbers more than fifty-five wells. The California No. 1 is listed with the producers because it was shot after finding a shallow sand, although the well could not be termed as completed.

Flynn, Welch & Yates No. 3 was the first oil well found in the present field.

THE COUNTY HEALTH OFFICER INSPECTS THE ARTESIA BUS. HOUSES

To the Editor
Artesia Advocate
Artesia, New Mexico.
Dear Sir:

I have just completed an inspection of the food drink establishments of your city and thought you might be interested to know the results. The following places were inspected: five soda fountains, three meat markets, two bakeries, two barber shops, and eight restaurants and cafes.

The scores based on a perfect 100 were as follows: soda fountains, 83.7-84.3-79.8-82.2-81.7; Meat markets and bakeries, 76.6-78-83-96.1-61.3; Barber shops, 77.5-80.6; Restaurants and cafes, 82.4-78.1-87.8-94.3-92.8-85.4-75-66.8.

I expect to try and make an inspection once a month in the future of all food and drink establishments in your city and will advise you in each case of the results.

Yours very truly,
EMMETT I. VAUGHN, M. D.,
Health Officer

BABY CLINIC

The monthly baby clinic was held in the Central school building last Friday afternoon by the county health nurse, Miss Edith Clement, assisted by Mrs. A. L. Allinger, Dr. Vaughn, county health doctor, was unable to be present on account of illness. Fifteen babies were brought for examination. The clinic will be held every third Friday in each month and Miss Clement hopes that the good interest shown here will continue. The largest number of babies of any clinic in the county so far was here when eighteen babies were examined.

NICHOLSON'S SALE

J. W. Nicholson, proprietor of "Our Store" is making preparations for putting on a sale, beginning August 28th. Many reasonable merchandise will be offered at special prices. It will pay the buyers of Artesia and the surrounding communities to look over his goods as listed in this sale. Many attractive bargains can be had during this time.

Miss Linna McCaw, who attended summer school at the University of Colorado at Boulder, returned home Tuesday after a wonderful trip through the Rocky mountain country. Together with Miss Rebecca Coffin of Columbus and other girl friends from the summer school, she went by auto through Wyoming and Yellowstone Park, Montana, Idaho, Utah, and Arizona, where they visited the Grand Canyon and around to El Paso. At the latter place Miss McCaw and Miss Coffin were joined by Mrs. Walter Daugherty and daughter, Louise, who came with them to Artesia for a few days with Mr. Daugherty's parents, Mr. and Mrs. Wm. Daugherty at Atoka, and their many old time friends. Miss Coffin will leave shortly for her home at Columbus, accompanied to El Paso by Mrs. Daugherty and daughter.

LOCAL

The Baptist people will have a picnic on their church lawn this afternoon and evening.

Mrs. Hill, of Abilene, Texas, who has been visiting in Roswell, returned here Sunday and is again the guest of her brother, W. C. Martin, and wife.

Bruce Kilgore, who had been visiting his cousins, Mrs. Ethel James and Mrs. Bert Bishop, and families for the past three weeks, left Tuesday for his home at Greenfield, Missouri.

Cal Lucas is taking a two weeks' vacation from the Peoples' Mercantile grocery, and with his wife, is spending it at the ranch of Mrs. Lucas' mother in the Guadalupe mountains, near Queen.

Mr. and Mrs. Manvil Weems and little daughter, after a month's visit to her parents, Mr. and Mrs. O. E. Nickey, departed Sunday for Amarillo, Texas, where they will visit a short time before going on to their home at Neosho, Missouri.

Mr. and Mrs. Silver left Tuesday for Albuquerque in response to a message that for their grandson, who has been ill for some time, was very low. They were accompanied by their daughter and son-in-law, Mr. and Mrs. Shirley, and Mr. Danks, who came here from Albuquerque with them.

Mrs. Ossie Coalson returned last Thursday from a month's absence in the east. She spent some time in New York City buying fall goods for the dry goods departments for the Peoples' string of stores, and visiting. She also spent some time with her sister in Washington, D. C. before returning home.

Mr. and Mrs. E. B. Bullock and little daughter, Laura Elizabeth, with their guests, the Rev. John Barcus, wife and three daughters of Corsicana, Texas, went to the Ruidoso Tuesday morning to spend a week. They are occupying Martin Yates' cabin. Rev. Barcus preached at the Methodist church here Sunday morning, delivering an excellent sermon, as did his brother
