Next Week.

increase in production was  
during the current week  
five completions, two of  
the west side, one in  
the east and the other on  
the present pro-

K. F. Oil Company goes  
for the two best com-  
pletions being the No. 2 and  
No. 3. Drilled with a stand-  
ard tool this hole was  
run in less than the  
usual time. A machine was used  
which made the drilling  
difficultly was ex-  
ceeded the shooting of the No.  
2. It pumped with 80 quarts  
from 2116 to 2144 feet.  
The water is now under  
the hole making close to  
through a lot of cavings.  
It is expected to be  
the No. 1, which com-  
pletes, has been pumping on  
100 barrels daily.  
No. 2, shot with 70 quarts  
to 2139 feet is easily  
run in (last page, column 1)

Y-BAILEY AUTO  
STAGE AUTO  
SATURDAY, 29th

August the 29th has  
the date of the automob-  
ile show at the Lowery-Bailey Auto  
display of autos will com-  
mence the formal opening of the  
show recently erected at the  
Main and First streets.  
The worth of automobiles  
in the display room.  
The agency has secured the agency  
for the display of cars  
and models, embodying the  
latest, the coupe and  
is examined.  
It is extended a cordial  
invitation to you wish to buy  
the entire building will be  
open to the inspection of the public  
of beautiful automobiles  
at a real treat. Messrs.  
Bailey assures the pub-  
lic through the new  
the time well spent.  
The first automobile show  
in Artesia and the man-  
agement to be congratulated  
in this direction. See  
advertisement on the back page.

ATIONS GOING  
ND FOR ANNUAL  
AL SEPT. 23-25

event promises to be  
with more than the usual  
vigor regardless of the  
weather. The business men  
and women have delayed the time  
of the business men and  
women to show their former lib-  
erality in contributing funds for  
this committee will have  
a larger budget at their  
disposal. We need it too  
much. The program being  
presented by any who were missed  
in the previous committee may still  
be presented by handing their part  
to Robertson at the First  
street.

Primary Purpose  
of the exhibits of  
the festival, a display of  
products, is not to be  
merely a fact, we expect to  
show, and better exhibit  
than ever before. But to do  
this we shall not attempt to  
do the various things  
make up our agricultural  
products. This has  
been a meager and unsatisfac-  
tory at best was a meager  
offer on each variety—  
products available for that  
on last page, column 1)

## VOTE YOUR CHOICE FOR CARNIVAL QUEEN

We are privileged to make an announcement, which should be of unusual interest to all of the people of this section. Definite arrangements have been made for staging a Festival queen contest, which will start Saturday. For your convenience three voting places have been arranged for, one at the Palace Drug store, one at the Mann Drug Store and one at the Smokehouse. If you have in mind a young lady you wish to nominate you may go to either one of the voting places and cast your vote. A fee of 10 cents per vote will be charged and the amount collected from this source will be turned over to the Festival finance committee.

Nothing like the queen contest has ever been undertaken by the Festival committee and indications are that the competitions will be of the keenest sort. The committee has made it worth while to enter this contest and even though the contestant is not successful, it will be worth an effort.

The Advocate is also offering a separate proposition along the same line. For every subscription turned in to us nominating the first five entries we will donate five votes each to the first five contestants. After the first five contestants are nominated we will donate two votes for every subscription turned in to us. This offer applies either to new subscriptions or to renewals. We are making this unusual offer in order to help start the contest.

Use our voting coupon found on the back page. Don't wait let's start now, we are off for the hottest race ever staged in Artesia.

## ARTESIA WINS NEXT ACCUSED KIDNAPPERS DIST. MEETING OF THE ARE CAUGHT EAST OF WEST TEXAS C. OF C. THE RIVER BY OFFICERS

Officials of the West Texas Chamber of Commerce Present—Dr. Hoover Attends as the Artesia Delegate.

Alamogordo, N. M.—Building of a railroad which will connect the Panhandle of Texas with El Paso was urged by the West Texas chamber of commerce in convention here August 19th.

Artesia was chosen for the 1925 meeting. The conference had a large attendance from west Texas and southern New Mexico towns. R. Q. Lee, president of the chamber, cited the need of diversified and intensified farming in his address.

One hundred per cent expenditure of special automobile taxes for public roads was asked by the convention. Other resolutions endorsed the proposed Red Bluff irrigation project on the Pecos river and the policy of recreational development in the Lincoln national forest and forest conservation generally.

The district meeting of the West Texas Chamber of Commerce, held in Alamogordo, was attended by 101 registered delegates. Attending from Roswell were R. L. Malone, Hial Co. (Continued on last page, column 2)

Bill Lee, Who Is Charged With Kidnapping of the Young Hawkins Girl Near Hagerman—Taken Into Custody.

Probably the most dramatic chapter enacted in this section for the past ten years, came to an abrupt close Tuesday when Bill Lee and two other parties, said to be man and wife, who gave their names as Murphy were arrested in the sand hills northeast of Artesia Tuesday afternoon. A quantity of ammunition and a number of fire arms were taken along with the prisoners.

Bill Lee is charged with the kidnapping of a 16 year old Hankins girl, whose parents live at Hagerman. While the kidnapping incident is said to have occurred sometime ago, Lee has so successfully eluded his prisoners that no trace was found of him until he crossed the river and went into the sand hills early this week. Previous to this time he is believed to have been hiding in the mountains west of here.

Officers here, notified the sheriff's department at Roswell, when it was believed Lee and his other (Continued on last page, column 2)

## COLLEGE STUDENTS A LARGE AMOUNT OF CRUDE NOW STORED BY TWO COMPANIES

A number of young ladies of Artesia, who are going away soon to attend the various colleges and universities for the coming year, were guests of the Artesia Rotary club at Tuesday's luncheon. Artesia has always furnished a full quota of young people, who attend college each year, but we believe the number is unusually large at this time. A record breaking number is soon to leave for school, probably the largest number in the history of our town.

The young lady guests furnished also a very interesting program for the occasion. Those present include the Misses Catherine Clarke, who will attend the St. Jo College at Duquesne, Iowa; Bess Ward, Texas Woman's College, Ft. Worth; Zaida Mann, Simmons University, Abilene, Texas; Aline Rowan, University of California, Los Angeles; Velma Smith, University of New Mexico, Albuquerque; Katie Cowan, Southern Methodist University, Dallas, Texas; Helen Bullock, Texas Woman's College, Ft. Worth; Vesta Frissh, State College, Las Cruces; Ella Brown, University of New Mexico, Albuquerque; Anna Frances Jackson, University of New Mexico, Albuquerque; Doris Glenn, West Texas Teachers College, Canyon, Texas; Arra Belle Rogers, Park College, Parkville, Missouri; Helen Mann, Simmons University, Abilene, Texas; Helen Sage, University of New Mexico, Albuquerque; Zilla Simmons, Oklahoma Baptist University; Vella Spivey, State College, Las Cruces; Herma Welsh, University of New Mexico, Albuquerque. Four other lady guests were present and include Miss Lucile James, Miss Ethel Bullock, who will teach at Dalhart, Texas, Mrs. Floy Hartzfield, who will teach at Gallup, Miss Leah McClay, who will teach at San Monica, California.

## NATIONAL SUPPLY CO. START WORK ON NEW ALL-STEEL BUILDING

Contractors Kisbaugh and Heflin Tuesday of this week, started work on a new building for the National Supply Co., which will be located across the street from the Lanning Service Station. The building will be 48 by 120 feet and will be constructed with all steel material. This is the largest building ever constructed in Artesia to be used by a supply company. Construction work will be rushed to completion.

## CHANGE IN CONCERT NIGHT AT CITY PARK

Starting Thursday night, September 3rd, the weekly concert given by the Artesia Rotary Juvenile Band will be held on each Thursday night instead of Friday night as heretofore. All patrons kindly take notice. We especially invite you to come out and listen to the excellent concerts we are giving each week.

## BOY SCOUT MEETING

The regular meeting of the Scouts will be held in the Sunday school room of the Methodist church this evening.

## A LOCAL WINDOW DISPLAY ATTRACTS MUCH ATTENTION

The windows at "Our Store", J. W. Nicholson, proprietor, are attracting more than ordinary attention this week. Not alone from the display of specially priced merchandise, but they have been featuring Dollar Bills and some of the local citizens never saw as many dollar bills at one time.

## NICE RAINS

Good showers fell here again Tuesday and Wednesday of this week and will be beneficial to the range conditions, but was not needed by the farmers. According to weather observer R. W. Bruce, who is stationed at the High School, a total of 1 1-25 inches of rain fell up until this morning.

## ILLINOIS PIPE LINE HAS A 55,000 BARREL STORAGE TANK COM'G

The Illinois Pipe Line has another 55,000 barrel tank en route to Dayton, which will be placed near the loading rack there. This is the second tank of this capacity to be built by the Illinois interests, which has been made necessary by the recent increase in production of the field.

## DEATH OF MR. VICKERS

Information has been received here of the recent death at Roswell of Mr. Vickers, who was pharmacist at the Palace Drug store two, or three year ago. The deceased had been in ill health for some months.

## BUY IT AT HOME

It will not be many weeks before the young students will be leaving for college. Local merchants would appreciate their trade, and much money could be "kept at home" if these young people would do their buying before they go away.

A little home town loyalty will not interfere with the advantages of a college training. You can buy your clothes through your local merchant just as easily as elsewhere. Why not?

## CITY SCHOOLS WILL OPEN SEPTEMBER 7TH SUPT. REID ARRIVES

Faculty for Coming Year Almost Complete—One Teacher Yet to be Selected—Others May Be Added Later.

Following is a list of the teachers for Artesia Public Schools for 1925-1926.

- High School  
J. T. Reid—Superintendent.  
A. C. Krause—Principal High School and Coach.  
B. T. Halbert—Science  
J. A. West—History  
H. E. Mehrens—Manual Training.  
Miss Tinnie Severson—English.  
Miss Inez Jones—Commercial.  
Miss Sue Soerens—Mathematics.  
Miss Dora Russell—Spanish.  
Miss Laura Raguse—Music and Art.  
Miss Ruth Morgan—Home Economics.

- Junior High  
Miss Lina McCaw—Principal and Arithmetic.  
Miss Gladys Holeman—Language.  
D. W. Teare—History and Athletics in grades.  
To be elected—Geography.

- Central School  
Mrs. Laura B. Howard—Principal and First grade.  
Miss Leona Allinger—First grade.  
Miss Gladys Cowan—Second grade.  
Miss Helen Wortman—Second grade.

- Miss Nellie Gray—Third grade.  
Miss Edna Schnoor—Third grade.  
Miss Lucile Morris—Fourth grade.  
Mrs. Ealen Gage—Fourth grade.  
Miss Florence Rittman—Fifth grade.  
Mrs. Edna Halbert—Fifth grade.  
The schools this year are facing a serious problem due to the lack of room and equipment, however, according to Superintendent Reid, the school budget for this year carries an emergency provision. Six additional rooms can be fitted up at the High School building which will help take care of the overflow. Other teachers will likely be added later if the need arises.

## A NEW REAL ESTATE OFFICE OPENED BY MESSRS. EVANS & COPP

Messrs. M. W. Evans and F. E. Copp have recently rented the front part of the Ragsdale building and have cut this portion into office spaces. The two front offices will be occupied by Messrs. Evans and Copp, who will handle oil leases, farms and city property.

Mr. Evans, the senior member of the firm, has been actively associated with the farming interests around Lake Arthur for the past few years and previous to this time was connected with the National Exploration Co., along with Mr. Copp. Mr. Copp is from California here. During his connection with the National Exploration, his business interests carried him to many portions of this section and he formerly enjoyed a wide acquaintance over the Valley. Both Messrs. Evans and Copp are well known to the old timers.

## Work on New Mexico Pipe Line Refinery to Start Soon

Boring Tests are Made for the Foundation—Capacity of the Refinery is to be 1000 Barrels or Better Per Day.

Preliminary plans are under way to start the construction of the refinery of the New Mexico Pipe Line Co., and work on the foundation will likely start within the next few days. Workmen have been busy the past few days, making boring tests to determine the most practical place to locate the foundation of the building. While no announcement has been made, with reference to the place of location, it is probable that the refinery proper will be located north of the storage tank near the loading rack of the pipe line.

A complete drawing of the proposed building is now in the hands of the officials. The structure will be made large enough to handle the entire output of the refinery and will be of sufficient size to accommodate an increasing business. The probable capacity of the refinery will be around 1000 barrels per day, but the building will likely be made large enough to install additional equipment so that the capacity of the plant can be increased as the business grows.

## PRES. BROADWATER OF AMERICAN GLYCERIN VISITS THE OIL FIELD

L. H. Broadwater, of Wilmington, Delaware, president of the American Glycerin Co., and L. S. Albee were in Artesia Tuesday in company with J. H. Moyer, district manager of the American Glycerin Co., with headquarters at Cisco, Texas.

L. S. Albee will be an addition to the local force here and will assume the capacity of local manager. Mr. Albee has had a varied experience in this line of work and is one of the pioneers of the industry, having been connected with the well shooting operations since 1885, we believe. His addition to the local force here, indicates in a measure, how rapid the local field is growing and also voices the confidence of the American Glycerin Co. in the future of the field.

Mr. Broadwater, visited the field this week for his first time and was optimistic in his expression relative to the outlook of the operations in this section.

## THE W. M. U. OF PEGOS VALLEY HAD MEETING AT BAPTIST CHURCH

The Woman's Missionary Union of the Baptist church, Pecos Valley district association voted recently for district meetings of the W. M. U., on Tuesday before the fifth Sunday in the month, beginning with the twenty-fifth, inst.

There are eight towns represented in this district embracing, Roswell, Dexter, Hagerman, Lake Arthur, Artesia, Carlsbad, Loving and Hope. By invitation, the first meeting was to be held at our city, Artesia. Quite a large number of ladies were in attendance and after the morning session, which began at 10 a. m. and consisting of the devotional exercise by Mrs. Cornelia, of Roswell, the district president of the union and a short business session, the meeting adjourned for a most sumptuous feast, furnished by baskets from all ladies present.

The dinner was served in the B. Y. P. U. room and was in arrangement and profuse abundance, one of the most elegant dinners the writer has ever attended.

After a free and enjoyable social hour which succeeded the lunch, the ladies repaired to the auditorium where a warm and spiritual discussion on stewardship and enlistment interested the audience for a couple of hours.

At the close of the regular program, the visitors were entertained by a few selections from the following young people: "A talk on the Ft. Worth Training School," by Miss Isabelle Smith, (Continued on last page, column 3)

### A TRIBUTE TO DILLARD WYATT

New Mexico has suffered a heavy  
loss in citizenship by the untimely  
and tragic death of District Attorney  
Dillard Wyatt of Roswell, able and  
conscientious public servant, coura-  
geous and faithful soldier, modest  
and unassuming citizen, and all  
around, true man.

Wyatt held back no measure of  
devotion when his country called and  
his service in the World War was of  
the kind which makes New Mexico  
proud of her sons. He was twice  
wounded in battle and his brother was  
killed in action. Wyatt was one of  
the men most active in the organiza-  
tion and launching of the American  
Legion. He was one of the com-  
mittee of three to write the pre-  
amble to the constitution of the Legion  
at the first national convention in  
St. Louis in 1919. He also presided  
at the meeting of the first Legion  
committee in New Mexico and may  
fairly be catalogued among the  
founders of the great organization.

As a public official Wyatt was of  
the highest type; his integrity was  
absolute, his ideals of service the  
highest.

It is deplorable that New Mexico  
should lose him when he was ap-  
proaching the height of his usefull-  
ness.—New Mexican.

### SOME STATISTICS

50,000,000 Americans are only 30  
days away from want.  
3,170,000 widows in the United  
States, census 1920.  
1,109,500 widows dependent upon  
charity.  
1,489,900 widows worked for ex-  
istence.  
570,600 widows are comfortably  
situated, ninety per cent widows  
lacked common comforts of life.  
35 per cent widows were near ac-  
tual want.  
41,000,000 children of school age.  
90 per cent leave school before  
reaching eighth grade and go to  
work.  
Average school life of American  
boy, six years.  
One boy in eight gets beyond  
grammar school.  
One boy in forty graduates from  
high school.  
One hundred men at age 35,  
twenty-six have nothing.  
At age of 65, thirty-six are dead.  
Fifty-four are near paupers and  
dependent upon charity.  
One is rich, Four are fairly pros-  
perous. Five are self-supporting.

### AMERICAN EDUCATION WEEK—NOVEMBER 16-22

American Education week has be-  
come an institution, so established  
by the will of thousands of Ameri-  
can communities, as well as by presi-  
dential proclamation. In 1919 the  
bureau of education, U. S. Depart-  
ment of the Interior, inaugurated  
the first education week. Since 1921  
the bureau of education, the Ameri-  
can Legion, and the national educa-  
tion association have united in the  
preparation of programs suggesting  
how communities may unite with  
their schools in the observance of  
each day of this great week. This  
year it will be observed from No-  
vember 16 to 22, inclusive. Rural  
communities will not lag behind the  
cities in the hearty observance of  
these exercises. Here are the gen-  
eral subjects and the texts for each  
day:

Constitution Day—Monday, No-  
vember 16.  
"The constitution is the bulwark  
of Democracy and Opportunity."  
Patriotism Day—Tuesday, Novem-  
ber 17.  
"The Flag of the United States  
of America is the symbol of the  
ideals and institutions of our Repub-  
lic."

### WALK OFF YOUR AUTOMOBILE JAG

By ERWIN GREER  
(President Greer College of Auto-  
motive Engineering, Chicago)

The president rides an electric  
horse. In so doing he gets the exer-  
cise necessary for intelligent exe-  
cutive work. The horse is of course  
a mechanical contrivance, which  
gives one the walking, trotting and  
galloping exercise of its live brother.  
John D. Jr., rides an electric horse  
and also an electric camel. This  
latter, an imitation ship of the des-  
ert, shambles, lurches and rocks, thus  
exercising the Rockefeller liver and  
spleen. Consequently, the osteopath  
isn't needed by either of these men.

Both the osteopathic and chiroprac-  
tic philosophies are built on the as-  
sumption that disease is caused by  
pressure upon the nerves emerging  
from the spinal cord through the  
openings of the spine. Due to mus-  
cular contraction the bones slide up  
on one another, narrowing the open-  
ing through which the nerve emerges  
and consequently creating nerve  
pressure. Bones are moved by mus-  
cles.

One of the ways in which these  
spinal bones are abnormally shifted  
is through the inactive tenseness in-  
duced by the modern motor car ex-  
hibit. You sit in a chair with mus-  
cles tensed against the jolting mo-  
tion. Flexibility of movement be-  
comes the stiffness of inadequate  
exercise.

To drive 150 to 200 miles at a  
stretch, which constitutes the aver-  
age motorists' holiday, is a crime  
against one's spinal column and  
spinal nerves.

You cannot do away with the  
motor car, but you can mitigate  
some of its evils. By adopting the  
following suggestions you will pre-  
vent a great many spinal malposi-  
tions that the automobile induces.

Try not to slouch or sit on your  
spine when driving or riding.

Don't overdrive. When you make  
a long journey try and do it in  
shifts and relays. One hundred miles  
per day should be the maximum.

Equip your machine with the best  
shock absorbers and balloon tires.  
These necessary accessories will pay  
for themselves in health dividends  
and comfort for you and the passen-  
gers.

When you are forced to take a  
long drive get out of the car fre-  
quently and go for a short walk.  
Five minutes of walking every fifty  
miles will work wonders in prevent-  
ing the feeling of fatigue which ac-  
companies a long drive. And eat  
the minimum amount of food when  
driving long distances.

Driving is not and never can be  
a muscular exercise. Rather it is  
an intense nervous strain.

There is nothing but sheer com-  
mon sense in the foregoing and by  
following these simple rules you  
will prevent much of the sluggish-  
ness and spinal lesions created by  
the jouncing and jolting of the fam-  
ily gas wagon.

### School and Teacher Day—Wed- nesday, November 18.

"It is not too much to say that the  
need of civilization is the need of  
the teachers."—Calvin Coolidge.

### Conservation and Thrift Day— Thursday, November 19.

"The forests of America, however  
slighted by man, must have been a  
great delight to God."—John Muir.

### Know Your School Day—Friday, November 20.

"Progressive civilization depends  
upon progressive education."  
Community and Health Day—Sat-  
urday, November 21.

"Physical education means health  
and strength."

### For God and Country Day—Sun- day, November 22.

"Religion, morality, and education  
are necessary for good government."  
Under each day the program sug-  
gests from four to six topics and  
two or three slogans. Copies of the  
full program will be sent free on ap-  
plication to the Bureau of Education,  
Department of the Interior, Wash-  
ington, D. C.

### POTASH DEPOSITS FOUND

The finding of potash beds in the  
Artesia field is corroborative of the  
belief in the great natural resources  
of New Mexico. There is undoubt-  
edly vast wealth in this great domain  
that awaits the lucky and patient  
explorer. That coal and oil abound  
is no longer a matter of speculation;  
it is a proved fact. There is enough  
fuel here easy of access to make  
this one of the greatest manufactur-  
ing states of the nation.

Whether the potash discovered is  
in the form to be commercially  
profitable is yet to be determined.  
It is a matter of great importance  
to the nation. Before the war prac-  
tically our whole supply came from  
Germany and Austria and the de-  
mand for its use in fertilizers was  
growing rapidly. When the war cut  
short the supply, this country set  
to work to satisfy its own needs.  
About half of our consumption de-  
mand is now met here at home.  
Considering the shortness of the  
time the developments of the potash  
industry has been exceedingly rapid.  
Nevertheless, if we would reach the  
ideal of being an entirely self-sus-  
taining nation, we are still in this  
matter far from the goal. The war  
forced on us the production of many  
things for which we formerly looked  
to other nations. As the result of  
that experience, if we should sud-  
denly be isolated from the rest of  
the world, we have learned there

### BILL BOOSTER SAYS

THE RADIO DEALER IS A  
GOOD BOOSTER BECAUSE  
HE SELLS SOMETHING THAT  
KEEPS FOLKS HOME NIGHTS!  
AND IT WAS GETTING SO  
THE FAMILY WAS USING HOME  
AS A TEMPORARY PARKING  
PLACE WHILE STARTING FOR  
SOMEWHERE ELSE! IF I DIDN'T  
HAVE A RADIO SET, THAT'S  
THE FIRST THING I'D BUY.

### GLIMPSES OF THE PAST

From the files of the Advocate,  
August 26th, 1911.

Miss Lora Williams spent Thurs-  
day in Hope, the guests of friends.

The H. C. T. club met with the  
president, Miss Isabel Gerrels, at  
4 p. m., Friday afternoon.

Mrs. J. E. Acord went up to Gren-  
field Thursday morning to visit her  
daughter, Mrs. Grant Morris.

Messrs. Joe and Frank McCarthy,  
sons of chief engineer McCarthy,  
are here ready to commence work on  
the new railroad.

Mrs. Joe McBee entertained with  
an enjoyable forty-two party Thurs-  
day evening in honor of her sister,  
Mrs. Jefferies.

Jo Jacobson, manager of the  
Grand Leader, has returned from the  
markets, where he bought an im-  
mense stock of goods.

The Pecos Valley Press Associa-  
tion will meet next Friday and Sat-  
urday at Lakewood and the enter-  
prising people of that prosperous  
little city are making grand prepara-  
tions to entertain their distinguished  
guests.

are only a few things, mostly pro-  
duced in tropical countries, that we  
would lack.

The potash industry in Germany  
in pre-war days was very extensive.  
The annual output was estimated at  
\$200,000,000. So the discovery of  
new sources of supply in this coun-  
try is a matter of great commercial  
importance.—Albuquerque Journal.

### ARTESIA DAIRY

Pure Milk and Cream

PHONE 219

J. M. JACKSON, Prop.

## Before Baking

Before you start your  
usual Baking for the  
week why not take the  
time to come here and  
see how much easier  
and more economical  
you can buy what you  
want instead of making  
it yourself.

We specialize on high-  
grade Pastries.

## City Bakery

## DEFUNCT RAILROAD TO OPERATE AGAIN SOON

Because of a possible outlet for  
Artesia and the Pecos Valley  
through the extension of the Midland  
Northwestern, which runs from Mid-  
land to Seminole, Texas, the fol-  
lowing clipping taken from the Lov-  
ington Leader will no doubt be of  
interest to many readers.

Austin, Texas, Aug. 10.—Suit was  
filed by Attorney General Dan  
Moody, on behalf of the State, Mon-  
day afternoon, in the fifty third dis-  
trict court of Travis county, against  
the Texas and Pacific railroad com-  
pany to maintain and operate the  
Midland and Northwestern railway  
which line was acquired by the Tex-  
as and Pacific at an auction sale.

The Midland and Northwestern  
runs from Midland to Seminole, 65  
miles, but is now not in operation.  
The road was subsequently sold to  
the Texas and Pacific for \$42,700.  
Some time ago the Texas and Pa-  
cific filed an application with the  
Texas railroad commission for per-  
mission to junk the road. This ap-  
plication was denied by the Texas  
commission and an order was af-  
terwards made by that body and  
directed to the Texas and Pacific  
commanding that road to rehabilitate  
and operate the Midland and North-  
western as a public necessity to the  
territory which it traverses.

The Texas and Pacific appealed  
from the ruling of the Texas rail-  
road commission to the Interstate  
Commerce commission and a hearing  
was held at Midland early in the  
spring at which a splendid showing  
was made by those who are con-  
tending for the operation of the  
road. Among other things which  
were alleged by them in behalf of  
their contention was the question  
of lack of jurisdiction of the Inter-  
state Commerce Commission, since  
the road from Midland to Seminole  
is wholly within the state of Texas.

This latter question was the only  
one considered by that body at its  
recent meeting when the contention  
of the state of Texas was sustained  
and the suit was dismissed on the  
ground that it has no jurisdiction.

On November 20, 1924, the rail-  
road commission, after hearing, is-  
sued an order that the abandonment  
of operations on the Midland and  
Northwestern was in violation of law  
and directed that the line be re-  
paired and placed in operation.

"That the time for performing  
said order has been extended from  
time to time," said the state's pe-  
tition, "but has now expired, and  
such order is in full force and ef-  
fect; that the Texas and Pacific  
has failed and refused to obey said  
order." The suit is to require com-  
pliance with the commission order.

Send your pail down and get some  
of that good home made hog lard.

### FEWER CATTLE TO BE MARKETED THIS FALL

Washington, D. C.—The department of agriculture estimated Friday that 250,000 fewer cattle will be marketed from the range country this fall than last fall with the principal reduction in the southwest. The number for market is placed at 4,077,000 head compared with 4,322,000 last fall and 2,280,000 in the fall of 1923. The movement from the southwest is estimated at 1,847,000 head compared to 2,177,000 in 1924 in 1924 and 2,041,000 in 1923. Because of dry weather the movement from the southwest from January to July has been very heavy with a considerable increase from Texas. Oklahoma marketed 363,000 during this time compared with 226,000 in the same period in 1924. In New Mexico, a record number, 254,000 head were moved in the first seven months compared with 164,000 in the same period last year and a six year average of 166,000. Feed conditions over the range country are generally very good except in the southwest. All states west of the Continental Divide and Wyoming have much better feed and hay crops than last year. In Montana and Colorado, North Dakota and the western sections of South Dakota and Nebraska, the hay and feed crops are not so heavy as last year but there is ample supply for range stock. Excellent feed supplies in Idaho, Oregon, Washington, and Utah, will result in more cattle for market this winter than last year with most of these cattle moving to coast markets. A shorter hay and beet crop in Colorado indicates a reduction in cattle feeding. A large part of the western cattle move through the markets to feeders in the corn belt and the demand for stock and feed cattle in the corn belt this fall will be an important factor in the marketing of western cattle. The August forecast of the corn crop indicated about 500,000,000 bushels more than last year, and the supply of hogs will be correspondingly light. Early indications are that the feeder cattle demand will be strong. During July, prices on feeders and stocker steers shipped from Chicago were higher than during July, 1924. Recent sales of heavy, well finished cattle have shown top prices.

## Items of Social Interest In and Around Artesia

### TEACHERS' PARTY

Mrs. Floy Hartsfield entertained her fellow teachers of last winter in the Central school, at a delightful party last Friday afternoon. A number of ingenious games were played and refreshments were served in two courses. All of the teachers in the building last year were present except Miss Lucile Morris of Hope, who was not in town. Mrs. Ethel James, for many years a teacher in the building was substituted for her. The other guests were Mrs. Harold Howard, Mrs. Howell Gage, and the Misses Leona Allinger, Helen Sage, Edna Schnoor, Nellie Gray and Harriet Rose, who was here from Lovington visiting Miss Gray.

### BAPTIST UNION MISSIONARY

The Pecos Valley Association of the Baptist Missionary Union held its quarterly meeting at the church here on Tuesday, having an all-day session with a splendid dinner at noon and good programs, both before and after the feast.

Dr. R. C. Hoover with his bride (Miss Corey) who visited here a few months ago) returned last week from St. Maries, Idaho, where he was in charge of a hospital, and are

low 500 feet.

### New Locations.

V. K. F. Oil Co. No. 4, in NE corner of sec. 17-18-28.

V. K. F. Oil Co. No. 5, 530 feet east of well No. 3.

### Chaves County.

Arkansas Gas and Fuel Co., No. 1, Manning Dome in the SE corner range 17, drilling below 1000 feet after range 17, drilling below 1550 feet.

Carl Dresser No. 1, in Sec. 24-10-27, shut down below 1550 feet.

Standard of California, No. 1, in sec. 24-10-28, drilling below 3300 feet.

### Lea County.

Covert et al., in sec. 15-21-33, drilling at 200 feet.

visiting his brother, Dr. R. K. Hoover and wife.

### BRIDGE LUNCHEON

Mrs. George Welton was hostess at a two course luncheon, which was given at one o'clock last Thursday afternoon, and was followed by bridge. Miss Louise Hamilton, of Cleveland, Ohio, was the honor guest at the very pleasant social function. The other guests were Mesdames E. J. Brooks, J. P. Lowery, M. A. Corbin, R. T. Ferson, C. Bert Smith, Walter Ferriman, J. J. Clarke, Martin Yates, S. D. Gates and V. L. Gates.

### MARRIED AT CARLSBAD

Miss Romaine Carroll, of Artesia and Less Barnes, of Carlsbad were married at the county seat on August 18th, justice of the peace Richards of Carlsbad, officiating. While the news of their marriage was received late, congratulations are still in order. The Advocate joins the friends of these young people in wishing them much happiness.

### SCHNOORS ENTERTAIN BAND

A large and appreciative audience heard the fine music rendered by the "Bartlett Concert Band and Orchestra" Monday evening, August 24th at the country home of Mr. and Mrs. J. J. Schnoor.

The orchestra played exceptionally well considering the fact that Miss Mitchell, their accompanist, was unable to use a piano not tuned to concert pitch.

Mr. and Mrs. Schnoor consider themselves highly honored to have been offered the privilege of entertaining this "to be famous" orchestra at their first appearance before the public and their thanks are due Mr. C. W. Bartlett, leader and teacher, and Mr. E. W. Tracy for the efficient instruction that enabled the Misses Maida, Laverne and Neva Schnoor to join this organization after only ten lessons in saxophone, violin and cello.—Contributed.

### BRIDGE CLUB

Mrs. Landis Feather was hostess to the Little Bridge Club last Tuesday afternoon, entertaining an extra table of guests. She served a delicious salad course. The company, including guests, substitutes and members, included Mesdames Rowan, Bigler, Ferree, Brooks, Hightower, Hartell, John Lanning, Will Linell, Wallace Anderson, and the Misses Louise Hamilton, of Cleveland, Ohio.

Shirley Feather and Aline Rowan and the hostess.

### PICNIC ON BAPTIST CHURCH LAWN FRIDAY

The various Sunday school classes of the Baptist church held a very enjoyable picnic on the church lawn Friday evening. After enjoying a lunch spread on tables prepared for the occasion, the little folks indulged in a few games.

Harry Carder will take charge, for the remainder of the season, of the Frisch farm, at Atoka, upon which John Pollard was living at the time of his death.

Ex-Chief Justice Roberts Fe, was here Sunday, and their old time friends, Mr. Albert Blake, they were to Carlsbad.

Mrs. R. E. Horse has a rooming and boarding house on lawn to Mr. and Mrs. Van tainaire, and gone to Carlsbad her children for the winter health will not at present and by being at Carlsbad can be at home. He is a road engineering with his at Carlsbad.

## INJUNCTION SUIT FILED AGAINST GOV. HANNETT

Asking an injunction against Gov. A. T. Hannett, State Auditor Juan N. Vigil, State Treasurer Warren R. Graham and Summers Burkhart from "further proceeding to use and apply the Permanent Reservoirs for Irrigation Purposes income fund of this state to and for attorney's fees, or compensation and other expenses," in the proposed suit, by the state against Colorado over Rio Grande water rights R. F. Asplund, as a citizen and taxpayer has filed suit in the district court of Santa Fe county.

Asplund is director of the state taxpayers association and is represented in the case by Col George W. Pritchard and Charles B. Barker as attorneys.

The action is based on the contention that this fund is intended by law to be used only for the actual construction of water reservoirs.

The court has issued a temporary restraining order. The return date is September 10. At that time a hearing is to be held to determine whether a permanent injunction shall be granted.

Because of fear that the Rio Grande compact Commission would be unable to reach an agreement as to the division of the water between Colorado and New Mexico, the legislature appropriated \$25,000 out of the Permanent Reservoirs for Irrigation Purposes income fund, placing it at the disposal of the governor to protect this state's rights in the event that the compact commission should fail. In the suit filed today plaintiff asks that this act so far as the appropriation is concerned "be declared contrary to and inconsistent with the terms and conditions on which said Acts of Congress granted and confirmed said 500,000 acres for water reservoirs in the state of New Mexico, and also in violation of Sec. 9, Art. 21 of the constitution of this state, and therefore illegal, unconstitutional, null and void."

The complaint charges that Burkhart, who has been appointed attorney for the state in the contemplated suit against Colorado, has filed vouchers for \$1,850 for a retainer, \$362.68 and \$357.70 "for what purports to be legal services rendered under the employment of said governor." All three vouchers were approved by the governor, according to the complaint. The allegation is made that part of the last two vouchers were used for stage fare between Albuquerque and Santa Fe, meals and rooms in Santa Fe. Warrants were issued on the vouchers and paid.

### LAKE ARTHUR ITEMS (Mrs. Alva Spence, Reporter)

Juanita Holder and Miss Dorothy, of Las Vegas, visited friends in Lake Arthur Sunday evening.

Mr. and Mrs. George Benz and family, of Carlsbad, spent Sunday here guests of Mr. and Mrs. J. P. Shinneman.

J. B. Boone and family and Jim Hogan and family, of Clinton, Oklahoma spent Sunday here at the home of Mr. and Mrs. Forrest Boone.

Mrs. Callison and daughter, Ruth, of Carlsbad, and Mrs. Withers and two sons, of Artesia, spent Sunday here guests of Mrs. Griffith and family.

Mrs. E. L. Hunt and son, Clarence, who have been visiting the home of Mrs. Hunt's sister, Mrs. R. F. Beakley, left this week for their home in Mart, Texas.

Mrs. S. W. Holder, of Artesia, and daughter, Mrs. C. W. Philhour, of Las Vegas, are visiting their many friends in Lake Arthur this week. They formerly lived here.

The Methodist meeting began Sunday morning with Rev. Rice, of Hagerman preaching until Wednesday. Rev. Simmons was delayed a few days. Everybody is invited to come and take part in this meeting.

The little four months old baby of Mr. and Mrs. Tom Clark died last Sunday night at the home of Mrs. Clark's father, J. N. McNear, of this place. Pneumonia was the cause of the death of the infant. Funeral services were held at the Methodist church Monday afternoon by Rev. Hatfield, after which interment took place in the Roswell cemetery.

The young folks gathered at the home of Mr. and Mrs. S. L. Terry last Saturday evening and enjoyed a lawn party. The guests of the occasion were Misses Lois McKinney and Elta Brown, who are visiting the Terry home from the Cottonwood community. After the usual games delicious refreshments were served to a large number of guests.

Mr. and Mrs. E. C. Jackson entertained with a twelve o'clock luncheon at the hotel Michigan last Monday the following guests, Mr. and Mrs. F. M. Sigler, of Hot Springs, Oklahoma, who have considerable holdings out on the Cottonwood, and Mr. and Mrs. A. A. Hoden, of Dallas, who also own property here.

Redman Pate's car was driven from in front of his home last Monday night, to a spot about a mile north and east of town where it was stripped of every detachable accessory. The parties were caught however, having also taken all the groceries and cooking things from the Stanley well drilling camp. Said parties are now in Roswell in jail awaiting the action of the court.

### LETTER FROM SOUTHWEST SHIPPERS ADVISORY BOARD

Dallas, Texas, Aug. 24, 1925.  
Dear Sirs:  
Attention Mr. W. C. Martin, Editor.

My attention has just been called to your article in the August 13th issue of the Advocate under heading "Progressive Farm-Railroad Meeting."

I am glad to now that the Advocate is posted with regard to, and took occasion to mention, some of the activities of our Regional Advisory Boards, which have been of great benefit to industry generally, and also to the carriers in working out and deciding matters of common interest. Of course, dependable transportation is of exceeding importance to all industry, and if shippers and receivers of freight can assist in bringing that about by anticipating car and transportation requirements, it is certainly to their interest to do so.

The next meeting of the Southwest Shippers Advisory Board, which has jurisdiction in your territory, will be held at the City Club in Oklahoma City, September 4th.

More than 300 representatives of industry and of the railroads are expected to attend that meeting, and we would all be greatly delighted if you and some of your business men could be with us at that time.

Yours very truly,  
E. B. SPILLER,  
General Chairman.

### LOCAL

Born to Mr. and Mrs. John DeArcey last Saturday evening, a daughter.

Mr. and Mrs. Cal Lucas returned Monday from a visit to Mrs. Lucas' mother at her ranch near Queen.

Mr. and Mrs. Albert Richards returned Tuesday from El Paso, where they had spent a few days on business.

Mrs. Courtney and daughter, Miss Mary, returned Sunday from a fortnight visit to their old home at Weed and at Cloudercroft.

Mrs. E. N. Bigler and daughter, Ruth, returned Sunday from a week's visit with relatives at Albuquerque. Mr. Bigler drove to Vaughn to meet them.

Mrs. John Dunn, mother of Preston, Rube and Aubrey Dunn, and her daughter, Mrs. Laura Ferguson, and three children, also Mr. and Mrs. Scillman, friends of the Duns, all of Ft. Stockton, Texas, were here last week visiting the Dunn families.

E. B. Bullock, wife and little daughter, Laura Elizabeth, returned Monday from a week's stay at the Ruidoso. The relatives, who accompanied them, went on from there to their home in Texas. They had the pleasure of seeing up there another uncle and family, from Texas, who are spending some time at their cabin at Ruidoso.

Mr. and Mrs. Austray, of Missouri, spent a few days in Artesia last week, guests at the home of Grover Kinder. Mr. and Mrs. Austray came from and returned to Alamogordo, where they were called by the death, in an auto accident a short time ago, of their son-in-law, Chesly Thomason. Mrs. Thomason, who was teacher of English in our high school for a number of years, has planned to return to the profession and will be teacher of English at Tularosa the coming winter.

We have a complete line of samples of social stationery—Artesia Advocate.

## MORE THAN 2000 PEOPLE ATTEND THE WYATT FUNERAL

No greater tribute has ever been paid a citizen of the Pecos Valley than was given the late Dillard Wyatt, district judge, when friends learned of his untimely death. It is said that practically every lawyer in the Pecos Valley attended the funeral held at the Roswell Baptist church Friday. Every member of the legal profession in Artesia were in attendance except one and included J. H. Jackson, S. E. Ferree, J. B. Atkeson, G. U. McCreary, Geo. Reece, James Stagner and Geo. Threlkeld.

An account of the funeral services was given in the Roswell Record of Saturday.

"Within those same walls where less than five years ago the glad-some strains of wedding march swelled high, there echoed forth yesterday a hushed and solemn funeral dirge. Here on September 8, 1920, a journey was begun and here on August 21, 1925, in so far as this world is concerned, that journey ended. Here on September 8, 1920, two young people, their hearts swelling with hope, and love and expectation, joined hands and began the trip up life's hill together. They traveled side by side until that unexplainable something which clouds skies; takes away the sunshine and darkens sunsets came to one, leaving the other stricken and stranded.

More than 2000 persons gathered at the First Baptist church yesterday afternoon to do honor to all that was mortal of Dillard H. Wyatt, cut down in the bloom of youth, separated from family and friends and suddenly rushed forth into that 'undiscovered country' at a time when the vistas of the future were opening bright before him and when the sunshine of success, honor, love and expectation was glowing with brilliant radiance about him.

Standing room in the Baptist church was not available for all those who came to do honor to this young man, respected, admired and loved by all who knew him. Prominent attorneys and jurists from all sections of the state were here to attend the funeral yesterday, together with Governor A. T. Hannett, United States Senator Sam G. Bratton, State Land Commissioner E. B. Swope and others. Court and county officials from the three counties of the fifth judicial district were present in a body.

The floral tributes were beautiful, forming a solid background behind and on both sides of the flag covered casket. Dillard Wyatt sleeps tonight beneath a wilderness of flowers placed there by those whose hearts grieved and who feel a great personal loss.

Rev. J. J. Cook, pastor of the First Baptist church, of which institution Dillard Wyatt had been a member for many years, preached the funeral sermon and was eloquent in his praise of the man so lately was such a large part of the life of this community."

## FREE OPEN AIR CONCERT AT ARTESIA CITY PARK

Carlsbad Juvenile and Municipal Bands and Bartlett's Juvenile Band and Orchestra

C. W. Bartlett, chairman of the Artesia park board, motored to Carlsbad last Sunday and arranged with Ray Soladay, director of the Carlsbad Juvenile and Municipal bands of forty members, to play a free open air concert at our city park next Tuesday night (September first) at 8:00 p. m. Artesia folks will no doubt remember that Mr. Bartlett had Director Soladay and his band here last summer and lovers of good music enjoyed the excellent concert given at that time. We are confident that they will have a real musical treat for us next Tuesday night and all citizens of Artesia and the surrounding community are invited to come out and listen to the concert by this excellent organization.

Bartlett's Juvenile band and orchestra will give concerts at the park on Tuesday, September 8th and 15th and will introduce for the first time in concert work, the Degan Urapphone, a wonderful musical instrument that can be heard for a mile or more.

Ladies of the park board and ladies of the Bartlett organization, assisted by others, will serve ice cream and cake, ice cream cones and soft drinks. Money realized from sales will go to help swell the park fund, which at this time is very low. Don't forget to fill your pocket book with big round dollars before you start for the park. We need your support.

ARTESIA PARK BOARD,  
C. W. Bartlett, Chairman.

## LOWER COTTONWOOD ITEMS

(Miss Margaret Bixler, Reporter)

Mrs. A. D. Hill is on the sick list this week.

Mrs. Wise called upon Mrs. Will Eaker Friday afternoon.

The Thomason's were the dinner guests of Mrs. W. L. Bartlett, Sunday.

Bill Smart, of Portales, is on Cottonwood this week visiting old friends.

A. J. Basil is here from San Antonio, Texas, looking after his farm interests.

Mr. and Mrs. Van Bartlett were guests at the J. L. Bartlett home, Sunday.

Mrs. Archie Hill and Mrs. McKinney were business visitors in Artesia, Friday.

Mr. and Mrs. Blocwell, of Artesia called upon Mr. and Mrs. A. D. Hill, Sunday afternoon.

H. Denton's sister and husband from Newcastle, Texas, spent last week at the Denton home.

Mrs. Archie Hill's baby, little Clifford, has been very ill, and is under the care of Dr. Sken.

C. C. Powell and parents returned here the 11th from their tour of several of the middle western states.

Mrs. Brown and daughters, Margaret and Eloise, are spending two weeks in Snyder, Texas, visiting relatives.

Mrs. Kersey Funk was in Artesia Saturday visiting her brother and his wife, Mr. and Mrs. Herbert Southard.

Fred Eaker, of Big Springs, Texas, arrived here Sunday to visit the home of his parents, Mr. and Mrs. Will Eaker.

E. B. Swope, state land commissioner and two employees, all from Santa Fe were the guests of A. D. Hill at dinner, the night of the 14th.

The Cottonwood Womens club met Thursday the 13th, at the home of Mrs. Davis Wells. The main business was the discussion of club house funds.

Mr. and Mrs. G. L. Barnett and daughter, of Wichita Falls, Texas, who were visiting Mr. and Mrs. Davis Wells, left here the 12th for their home.

Leo Daughtry, Mr. and Mrs. C. E. Aydelotte and baby, Eudora, Miss Evelyn Hamilton and Miss Margaret Bixler were dinner guests at the Briscoe home, the 16th.

Mr. Bobo, who has been ill with rheumatism for several months, is able to be up. He and Mr. Horace Worley, who has been in ill health for about two years, are going to Hot Springs as soon as they are able.

Mr. and Mrs. Clyde Eaker, Mr. and Mrs. Roy Rodgers, Bud Eaker, Price Eaker, Miss Evelyn Eaker, Elgin Eaker and Fred Eaker left here Tuesday morning on a week's camping trip in the Capitan and White mountains.

Brother Thomason rendered an excellent sermon at the Upper Cottonwood school house Sunday morning. An unusually large crowd attended. In the afternoon, Brother Thomason conducted a song service at the same place.

Mrs. Lucille Peyton and children and her mother, Mrs. Anna Aydelotte, of Breckenridge, Texas, have been visiting Mrs. Peyton's aunt, Mrs. T. E. Bixler, the past week. They leave Roswell for Texas, Friday and Miss Margaret Bixler intends accompanying them to Breckenridge for an extended visit.

## WILD CAT

Have acreage near deep test now drilling on approved structure south east of Artesia field, in Lea county, at \$3.00 per acre in forty acres up to section. Act quick. S. W. Holder, Artesia, N. M. 8-27-1tp

## AT THE CHURCHES

### CHURCH OF THE NAZARENE

Corner 8th and Missouri

Sunday school at 9:45 with C. J. Wilde, superintendent.  
Preaching service at 11:00 a. m. Young Peoples Society at 7:00 p. m.

Evangelistic service at 8:00 p. m. Prayer meeting Thursday at 8:00 p. m.

These are times of refreshing before the Lord and you are invited to meet with us. Our revival meeting will be under the big tent at the corner of Roselawn and Quay, just south of the telephone office. Services each evening at 7:30 and probably day services. Rev. J. Walter Hall is expected to be with us and the meeting will start September third, D. V. Plan to attend the meeting and help us to make it a real revival of Holy Ghost Religion, where men will really repent of their sins and turn to God. We trust that the meeting will prove to be a great blessing to the town and community.  
L. M. MAY,  
Pastor.

### ASSEMBLY OF GOD

At the Gospel Tabernacle

Sunday school, 10:00 a. m.  
Preaching, 11:00 a. m.  
Young Peoples meeting, 6:45 p. m.  
Preaching, 7:45 p. m.  
Also preaching on Wednesday evening at 7:45.

J. M. REB,  
Pastor.

### METHODIST CHURCH

Sunday school at 9:45 a. m., M. A. Brown, superintendent. Come next Sunday and bring someone with you.

Preaching service at 11:00 a. m. Sermon by the pastor.

The Pecos Valley Epworth League Union will meet in their regular fifth Sunday session at our church at 2:30 p. m. The young people of the town, as well as older people, are invited to attend this service.

Evening worship at 8:00 p. m. Mid week prayer service each Wednesday at 7:30 p. m.

Now that our people are returning from their vacation we shall expect them to resume their habit of church attendance. We will look for you next Sunday. All people are accorded a hearty welcome to all our services.

JAMES H. WALKER,  
Pastor.

### CHRISTIAN SCIENCE SOCIETY

Sunday service at 11:00 a. m., on west Main, between 8th and 9th streets.

The public is cordially invited to attend this service.  
Subject for August 30, "Jesus Christ."

### BAPTIST CHURCH

Sunday school, 9:45 a. m.  
Preaching service at 11:00 a. m. Subject "Have we any assurance other than the Bible that God will save those who believe in Him?"

B. Y. P. U. each meet at 7:00 p. m.

The evening hour will be devoted to a special musical program under the direction of Mrs. J. R. G. White. We invite all lovers of music to attend this service.

L. R. SIMMONS,  
Pastor.

### PRESBYTERIAN CHURCH

Sunday school, 9:45 a. m., V. L. Gates, superintendent. Attendance

If the Electrical equipment on your car gives trouble go to

## Dr. Loucks Garage

Factory equipment for the testing and repair of Electrical apparatus.

Miss Harriet Rose was here from Loving several days last week, guest of Miss Nellie Gray.

NOTICE

In the Probate Court of Eddy County, State of New Mexico

IN THE MATTER OF THE ESTATE OF HART CROUCH, Deceased.

NOTICE is hereby given that Lorena Crouch has filed her final report as administratrix of the estate of Hart Crouch, deceased, together with her petition praying her discharge and the said report and petition will be heard before the Honorable D. G. Grantham, Probate Judge of said Court at the regular term thereof to be held at the Courthouse in Carlsbad, New Mexico at 10:00 A. M., on the 25th day of September, 1925 and all persons having objection to said report and petition are notified to file the same with the Clerk of said Court before said hearing as is provided by law.

Notice is further given that at the time and place stated the Court will proceed to determine the heirship of the said decedent, the ownership of said estate, and the interest of each respective claimant thereof, and the persons entitled to distribute thereof; and J. D. Atwood of Roswell, New Mexico is the attorney for said administratrix.

WITNESS the seal of the said Court by the Clerk thereof on this the 11th day of August, 1925. (SEAL) G. W. SHEPHERD, County Clerk.

8-13 to 9-3

NOTICE OF BIDS

The County Board of Education will receive until September 1, 1925 sealed bids for the transportation of rural school pupils of the Atoka district of high school and grades, six, seven and eight to Artesia schools.

Truck drivers are to furnish truck and pay all costs of transportation. Address inquiries to the County Superintendent of Schools. The Eddy County Board of Education reserves the right to reject any and all bids.

MRS. LOU O'CONNOR, Chairman of Co. Board of Edu. 8-20-2t By G. R. Clerk.

NOTICE

State Engineer's Office, Santa Fe, N. M., August 21, 1925.

Number of Application 1670. Notice is hereby given that on the 19th day of July, 1925, in accordance with Section 26, Chapter 49, Irrigation Laws of 1907 Oliver Pearson of Lake Arthur, County of Chaves, State of New Mexico, made formal application to the State Engineer of New Mexico for a permit to appropriate the Public Waters of the State of New Mexico.

Such appropriation is to be made from Seepage into Cottonwood Arroyo, Tributary to the Pecos at a point which bears South 15° E, 1250 feet distant from the N 1/4 corner of Sec. 7, T. 16S., R. 25 E., being in the NW 1/4 of the NE 1/4 of Sec. 7, T. 16 S., R. 25 E. by means of Storage and diversion and 2.95 cu. ft. per sec. 360 acre feet is to be conveyed to Lot 12, Section 3, and lots 9, 10, 11, Section 4, Township 16 S., R. 25 E. by means of Storage and diversion and there used for irrigation.

Any person, firm, association or corporation deeming that the granting of the above application would be truly detrimental to their rights in the water of said stream system shall file a complete statement of

their objections substantiated by affidavits with the State Engineer and serve a copy on applicant on or before the 22 day of October, 1925, the date set for the Engineer to take this application up for final consideration unless protested. In case of protested applications all parties will be given a reasonable length of time in which to submit their evidence in detail or arrange a date convenient for a hearing or appoint a referee satisfactory to all to take testimony. Appearance is not necessary unless advised officially by letter from the State Engineer.

GEO. M. NEEL, State Engineer.

8-27-2t

NOTICE

In the Probate Court of Eddy County, State of New Mexico

IN THE MATTER OF THE ESTATE OF JOHN POLLARD, Deceased.

Notice is hereby given that the undersigned was on the 19th day of August, 1925, appointed special administrator of the estate of John Pollard, deceased, by Honorable D. G. Grantham, Probate Judge of Eddy County, New Mexico.

Therefore all persons having claims against said estate are hereby notified to file the same with the County Clerk of Eddy County, New Mexico, within one year from the date of said appointment as provided by law, or the same will be barred. C. E. MANN, Administrator.

8-28-4t

NOTICE OF MASTER'S SALE

SINCLAIR REFINING CO, a corporation, Plaintiff Vs.

G. A. SHELTON and LIZZIE SHELTON, his wife, FIRST NATIONAL BANK OF HOPE, a corporation, ROBERT R. BARRETT, executor of the Estate of Edgar L. Barrett, deceased, E. F. GALLUP and M. J. GALLUP, his wife, and L. L. PRUDE, Defendants. J. D. Bunting, intervenor. No. 3938.

Whereas, an order was duly made and entered in the above entitled cause on the 4th day of May, 1925, by the judge of the District Court of Eddy County within the Fifth Judicial District foreclosing a certain mortgage given by the defendants, herein, covering the following described real estate:

Lots 10 and 12 in Block 2 of the town of Hope, upon which is situated the Shelton Garage, and Lot 8 in Block 5 of the said town of Hope, including all permanent fixtures and machinery in the said Garage, and which order directed me to make sale of the said property, as provided by law, for the purpose of satisfying and paying off the judgement rendered in said cause by said order, and which said order directed me, as special master appointed by the said order to pay off and satisfy the said judgement, or so much thereof as the proceeds of the said sale would pay off and satisfy, in the following order, to-wit: First, the judgement rendered therein in favor of the intervenor, J. D. Bunting, in the sum of \$2957.28, principal and interest, and \$296.72 attorney fees and cost of this suit, \$15.00.

Second, in the judgement rendered therein in favor of the plaintiff, Sinclair Refining Company, in the sum of \$1327.75 and interest \$301.30 and \$162.90 attorney fees.

Third, and for the further cost in carrying this sale into effect, including the advertisement and such master fees as the Court may allow.

Now, therefore, notice is hereby given that I will sell the said described property, or so much thereof as shall be necessary in satisfaction of said judgement, interest, attorney fees and the costs, aforesaid, on Monday, September 21st, 1925, at the First National Bank Building in the town of Hope, at the hour of 10 o'clock A. M. on said day, at public outcry to the highest and best bidder for cash, as the law provides in such cases.

Witness my hand this the 25th day of August, 1925. JAMES W. STAGNER, Special Master. 8-27-4t

HOPE ITEMS

(Noel L. Johnson, Reporter) Allen Johnson made a trip to Albuquerque the other day.

All the sheep offered by local growers for sale, have been sold.

A test well will be commenced soon for oil on acreage in the vicinity of Hope.

Farmers here have been busy cutting and baling alfalfa for a week and will be busy for another week.

L. H. Craig and family, of Hamilton, Texas, are visiting Mr. and Mrs. Virgil Craig for a few weeks.

Most fruit growers are busy gathering and shipping fall fruit and would be surprised to see the lovely pears and peaches being harvested, and cotton is looking fine.

The government geologist, who has been making a survey of the artesian water belt and the Penasco, has completed his survey and will recommend two tests for artesian water to begin soon.

Our school teachers will meet at Hope about two weeks before school starts and line up on the year's work. The directors expect to bring out the commercial course in high school so competently that a graduate will be able to take a position when they get through high school.

GENERAL ANDREWS HAS ANNOUNCED A NEW PROHIBITION CAMPAIGN

Washington.—The new prohibition army will be captained in large measure by the same men who now command Uncle Sam's enforcement squadrons.

Although he had announced a campaign to induce practical business executives to lend new blood to the organization, General Andrews said that after investigation, he had decided there were many now in the enforcement machine who should be given a chance to make good under the new plan that is to become operative September 1.

Announcing his selections, the prohibition chief said his new force would make war on bootleg wholesalers and would make the question of local enforcement a secondary consideration.

In addition to the twenty-four district administrators, he named Walton A. Green, former publisher of the Boston Journal as chief prohibition investigator. His functions will be to develop international and inter district conspiracy cases and furnish each district with undercover men to work up these particular cases.

Prohibition's new staff of twenty-four federal administrators who will be given complete authority in as many districts over enforcement of the law September, was named at the treasury.

The administrators and the cities in which they will have their respective headquarters follow:

- Dist. 1—R. M. Sam, acting, New administrator, Boston. Dist. 2—J. A. Foter, acting, New York. Dist. 3—R. Q. Merrick, Buffalo. Dist. 4—Frederick Baird, Pittsburgh. Dist. 5—William G. Murdock, Philadelphia. Dist. 6—Edmund Budnitz, Baltimore. Dist. 7—R. A. Fulfiller, Roanoke, Va. Dist. 8—B. C. Sharpe, Charlotte, N. C. Dist. 9—Halsey Dugoody, Tampa, Florida. Dist. 10—O. D. Jackson, New Orleans. Dist. 11—Sam Collins, Louisville. Dist. 12—E. L. Porterfield, Columbus, Ohio. Dist. 13—E. E. Ewing, acting, Chicago. Dist. 14—W. B. Moss, acting, St. Louis. Dist. 15—A. C. Townsend, acting, St. Paul. Dist. 16—A. W. McCampbell, Omaha. Dist. 17—Herbert H. White, Fort Worth. Dist. 18—John F. Vivian, Denver. Dist. 19—Elias Marsters, Helena. Dist. 20—Roy C. Lyle, Seattle. Dist. 21—E. C. Yellowly, San Francisco. Dist. 22—Robert E. Frith, Los Angeles. Dist. 23—C. F. Crabbe, acting, Honolulu. Dist. 24—A. J. Hanlon, San Juan, Porto Rico.

BANKERS HELP

A bank in Monrovia, Ind., tests seed corn for farmers. A basement room was fitted out last season for the purpose and 25,000 ears were tested for fifty-six farmers. One-fourth of the seed tested last year was unfit for seed. This year the percentage will run even higher. The work is done under the supervision of the high school agricultural teacher. He reports that the community will have a surplus of seed corn this year.

The banks of Conway, Ark., have offered prizes for the most marketable sweet potatoes produced on one acre of land. A first prize of \$150 is offered, along with three district prizes of \$50 each. The county agent and the banks are working out the details.

The County Bankers Association will help to employ a full time county leader this year for boys' and girls' club work in Calhoun, Cherokee and Buena Vista counties, Iowa.

LOCALS

M. L. Phelps, meat cutter for the City Market is back on the job after a vacation of several days.

Miss Helen Yeager left Tuesday for Datil, where she has accepted a school for the coming year.

Mrs. C. M. Cole, Miss Gladys Cole and Fred Cole drove to Carlsbad yesterday to have Miss Gladys' tonsils removed.

John B. Beers, of Roswell, who is with the Pecos Valley Cotton Growers Association, was an Artesia caller Saturday.

Pete Leakou, who has been enjoying a vacation for the past few weeks, was in Artesia Monday en route to his home at Roswell.

G. V. Price of Carlsbad, manager of the Peoples Mercantile Company, made a short visit to Artesia Monday, looking after the interests of his company.

Mrs. J. R. Hoffman and two younger children returned Friday from Harper, Kansas, where they had been visiting relatives for several weeks.

Miss Katie Cowan underwent an operation for the removal of her tonsils last Friday and Miss Mildred Doss on Monday. Both young ladies are getting along nicely.

Ferd Berry, of Oklahoma, traveling auditor of the Big Jo Lumber Co., was here last week checking up the Artesia yard. He is a brother of Jim Berry, and formerly lived in this vicinity.

Willis Morgan, who is with the Mountain States Telephone Co., spent the week-end at home. He is at present working out of Roswell. He was accompanied by a friend employed in the same work.

Dr. and Mrs. Williams and Mr. and Mrs. O. N. Gamble and little daughter, Ruth, returned Sunday afternoon from a stay of several days on the Ruidoso. The Gambles left Tuesday morning by auto for their home at Canyon, Texas.

Larry Adams, who left some two months ago for Alberta, Canada, returned to Artesia last Thursday, having seen considerable of Washington and Idaho, as well as Canada, and is better satisfied with New Mexico since his trip.

Mrs. Mattie Wilson and family, of Douglas, Arizona, have returned to Artesia and will make their future home here. Mrs. Wilson was the proprietor of the Artesia Inn for sometime, several years ago, and will no doubt be remembered by many of the old timers.

bottom hole  
Shot from 2349 to 2390, 180 quarts  
June 22, 1925.

### FALL TERM OF NORMAL UNIVERSITY TO OPEN SEPTEMBER SECOND

East Las Vegas, Aug. 17, 1925.—The fall term of the normal university will open here on September 2. This school is now a standard college, doing standard work in all departments. The prospect for enrollment is good and the staff of professors and instructors is now complete, both for the high school and college departments. An additional professorship of science in the college has been established in accordance with the recommendations of Dr. W. W. Boyd, examiner for the North Central Association of Colleges, so that this institution, already a class A member of the National Association of Teacher's Colleges, may become a member of the North Central Association during the coming term. The high school department is already a member of this association.

Mr. Boyd's report, made after a thorough examination of the institution last spring, was commendatory, especially in regard to the classroom work. His report says, in part: "In spite of the building conditions and the lack of separate organization, excellent work is being done in the class rooms. There is an earnestness with the students, a thoroughness and service by the teachers, and an alert and studious atmosphere which is getting results. The visitor had a feeling that the institution is doing a splendid service for the state in preparation of teachers." "The teaching in methods was especially interesting and effective. It awakened enthusiasm for the new opportunity ahead of the prospective teacher and fixed some very definite procedures." "The finances are carefully managed." "It is thought that the school could be accredited by this association."

### TRAFFIC RULES IN TOKIO

The Oakland police yesterday received the following rules of the road copied literally as they appeared in English at police headquarters in Tokio:

No. 1.—At the rise of the hand of policeman, stop rapidly.

No. 2.—Do not pass him or otherwise disrespect him.

No. 3.—When a passenger of the foot hove in sight tootie the horn, trumpet at him melodiously at first, but if he still obstacles your passage, tootie him with vigor and express by word of the mouth the warning "Hi! Hi!"

No. 4.—Beware the wandering horse, that he shall not take fright as you pass him by. Do not explode an exhaust blow at him. Go soothingly by.

No. 5.—Give big space to the festive dog that shall sport in the roadway.

No. 6.—Avoid entanglement of dogs with the wheel spokes.

No. 7.—Go soothingly on the grease, mud and avert the skid demon.

No. 8.—Press the brake of the foot as you roll around the corner to save collapse and tieup.

The rules were brought back by

### ROSWELL MEN TO BUILD CAVERN ROAD

The state highway commission has secured the firm of Armstrong & Armstrong, of Roswell, to handle construction of the Carsbad Caverns road, W. C. Davidson, district highway engineer, with M. Armstrong, was here Monday, conferring with W. G. Brown, chairman of the board of county commissioners, and Mr. Horne, engineer, who has been making surveys on this road. They went over the surveyed road, and Mr. Horne stated this week that the road would be one that Carsbad, and the whole state, can well be proud of.

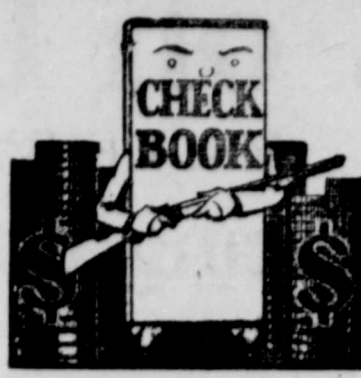

The job has been handled as a "force account" and not under lump sum contract. It will be a twelve foot road, with wide turns. Mr. Armstrong stated that equipment and men would be sent here at once, and we can expect the road work to actually be in progress the first of the coming week. Building this road will be largely a pick and shovel job, few teams being required. Probably some improvement will be made on the road from Carsbad out before the hill work starts, in order to make the hauling less of a problem.

The near future prospects are that Texas roads will be joined onto the Carsbad road near the Caverns, providing a through road and very greatly increasing tourist travel this way.—Carsbad Current.

Try our home made hog lard. 15 cents per lb.—12 1/2 cents in 50 lb. lots. Bring your pails. City Market. 8-27-ltc

W. C. Donovan, who recently returned to Oakland from Japan. Brought to Santa Fe by Miss Martha O. Howard, of Milwaukee, Wisconsin.—Highway Journal.

## A CHECK - - - VERSUS - - - Dirty Money

The life of a Treasury Dollar Bill is said to be eight months, and toward the end it becomes soiled, torn and beraged—dirty money. How much better, instead of handing over a number of such bills at all stages of decay, to pay with a single crisp, fresh check made to order for the occasion and drawn on a checking account at the Citizens State Bank.

**A Checking Account at this Bank will Dignify Your Financial Transactions.**

## PRODUCTION AREA LARGER BY FOUR COMPLETIONS

(Continued from page one)  
 the best well on this lease, it responding nicely after cleaning itself, further production being shut off after two flows had been made. When cleaned this producer should be good for 250 barrels. Two more locations will be drilled by the V. K. F., the No. 4 being in the northeast corner of the lease and the No. 5 being due east of the No. 3. From all indications good production will be obtained from section 17, on which these wells are located, as good producers have also been obtained by the Danciger interests and the Ohio on the C. J. W. property. This latter company's No. 2, brought in last week is one of the best wells in the field, it flowing by heads and estimated at better than 150 barrels. Shot with 80 quarts from 2128 to 2178 feet the Ohio's No. 2, on the Toomie-Alen lease in the SE 1/4 of sec. 28-18-28, appears to be a good well though no gauge has been taken. This company is today shooting their No. 3 on the New States in sec. 4-18-28, and from the amount of sand encountered should rank with the other producers in that area.

Several more wells are due to pick up the sand in the next few days as good time is being made on the majority of the wells in the proven area. The first of these should be the No. 2 of the Danciger Oil & Refining Company on the Cummings lease in sec. 17-18-28, which has encountered the second sand at a depth of 2103 feet. Flynn-Welch & Yates also have several near the pay and the Mesa Oil Company reports its No. 1 in Sec. 33-18-28 below 1825 feet.

In the hope of burning out the paraffin and increasing the production, the No. 1 of the Twin Lakes Oil Company, in sec. 28-18-28, was squibbed with 20 quarts.

Work was resumed on the Snowdon-McSweeney No. 1 wildcat in sec. 4-21-30. This test which was shut down at 3000 feet, will, it is understood, be carried to 4000 feet.

## PLANS MADE FOR FESTIVAL

(Continued from page one)  
 purpose and which had to be divided among the numerous classifications entitled to recognition. We believe, however, that there is public spirit enough among the producers to get creditable samples in abundance of everything grown here donated by the growers to make a large and handsome exhibit. A committee will be employed to solicit these and gather and arrange them for exhibit. We ask the cooperation of everybody in this. Let us make the finest display of fruits, vegetables and field products ever seen and show our visitors and each other that Artesia is still worthy of her fame for agriculture.

**Prizes.**  
 There will be certain prizes offered for competition in which the farmers as well as others may compete and win a prize worth while, which will be explained later when fully worked out.

**Parades.**  
 It is planned to make parades a leading feature of the Festival. Oil and agriculture both should be featured strong. There must be a Festival queen to ride in these parades. The way we shall choose this queen will be explained later.

**Amusements.**  
 There will be many ways supplied for your entertainment. Employed professional talent will give several free performances daily, bands will furnish music throughout the day, contract has been made for three carnival rides, competing base ball games will be played each afternoon, and there will be dancing and shows at night. But best of all you can get together, relax from your toil and visit neighbors—a shake of the hand, a slap on the back and a "howdy-do." And do not forget to extend this greeting to all the newcomers and visitors. Let everybody help to show that Artesia and vicinity holds out the glad hand to all.  
 T. E. HINSHAW, Manager.

## ARTESIA WINS NEXT DISTRICT MEETING OF WEST TEXAS C. OF C.

(Continued from page one)  
 bean, C. A. Greene, C. C. Cagle, Claude Simpson, W. T. Simpson and E. E. Griffith. From Artesia Dr. R. K. Hoover.

R. Q. Lee president of the West Texas Chamber Homer D. Wade, assistant manager, R. K. Goodman, convention manager, and B. M. Whitteker, exhibit and publicity manager, were present at the meeting, most of them making interesting addresses. Tom Charles, of Alamogordo, expounded the problems of the public domain at the opening session in the Alamogordo theater. He brought before the meeting phases of this question with which they were not familiar and urged that the organization lend its influence toward the solution. Mr. Whitteker told what the organization was doing and how it could serve. Motion pictures concluded the program.

A joint luncheon with the Alamogordo Rotary club was held in the high school building at noon. The serious address on this occasion was made by representatives of the communities represented.

At the afternoon session R. Q. Lee made his now famous talk on diversification, and A. L. Means, of Weed, made a most interesting talk on "Our Asset The Lincoln National Forest." The visitors were guests at a dinner in the evening again.

Dr. R. K. Hoover, who was Artesia's delegate to the Alamogordo meet, is given a large measure of credit for bringing the next district meeting of the West Texas Chamber of Commerce to Artesia.

## ACCUSED KIDNAPPERS ARE CAUGHT EAST OF RIVER BY OFFICERS

(Continued from page one)  
 companions had entered this section. Deputy Sheriff Stevenson in company with other officers located a Ford coupe in a canyon, northeast of Artesia, which had been burned. The engine numbers on the car appeared to have been tampered with and it is thought to have been stolen property. The Stanley cabin in that section had also been ransacked and about \$15.00 worth of provisions and groceries had been taken. The burned coupe was located after information had reached the officers that a raid on Artesia had been planned for Monday night, however, the reported raid was never staged.

About this time the car of Redmon Pate, who lives at Lake Arthur, was stolen and stripped of tires, battery and other accessories. The theft of the car parts were later connected up with the burned Ford coupe and a search for the robbers began. Deputy Sheriff M. Stevenson, of Artesia, accompanied by Reed Donahue, of Roswell, Miller Ammon and Charley Foster, of Lake Arthur, began a search of the territory east of the river, starting at the Hagerman bridge and coming south. Lee and his companions were later located at the Gentry cabin, and had taken possession of the house during Mr. Gentry's absence. Lee and two other members of the party, Murphy and wife, were taken into custody and sent to Roswell. The young Hankins girl was also found.

Lee is believed to have had a hand in the robbery of the office safe belonging to B. F. Pior, which occurred here last week.

## ACCIDENT ON HIGHWAY

Mr. and Mrs. Naybors met with a painful accident on the highway four miles south of town, Tuesday afternoon, while returning with two other people to their home at Carlsbad. Mr. Naybors, agent of the Continental Oil Co., at Carlsbad, who was driving, thinks something went wrong with the steering gear, at all events the car turned over. Mr. Naybors sustained a broken collar bone and a bad head injury. Mrs. Naybors had three bad cuts on the head and a bad cut in one arm pit. The Naybors were picked up by Mr. Hubert, agent of the Magnolia Oil Co., at Carlsbad, who happened along, and brought them into town, where they received medical attention. They returned to Carlsbad that night. It is not known whether the other parties are hurt or not, as they went on home after the accident.

## THE PECOS VALLEY UNION LEAGUE TO MEET HERE

The Pecos Valley Union League will hold its Fifth Sunday meeting in the Methodist church here next Sunday afternoon at 2:30 o'clock. Annual election of officers will be held and a good program will be given. A good attendance of Leaguers and other people is desired. Older people are especially invited.

## SANTA FE OFFICIALS VISIT

Three Santa Fe officials paid Artesia a visit yesterday. F. B. Houghton, freight traffic manager, Chicago; T. B. Gallaher, general passenger agent, Panhandle and Santa Fe, Amarillo; C. E. Smyers, of Clovis, superintendent of the Pecos division, A. T. & S. F.

A. J. Basel, of San Angelo, Texas, was here this week looking after business interests. His nephew, Robert, who is a student in the Oklahoma A. & M., accompanied him. Record time was made on the drive from San Angelo to Artesia.

Miss Jack Hightower entertained a few of her friends at Bridge, on Wednesday evening. Those present were the Misses Allene Rowan, Maxine Rowan, Velma Smith, Eula Bee Clayton, Catherine Clarke, and the hostess, Jack Hightower and Messrs. Bob Montgomery, Howard Rogers, Ted Smith, Louie Michelet, Stanley Blocker and Ted Rowan. At the close of the evening the guests were served with a delicious plate lunch.

## BAPTIST W. M. U. MEETS HERE

(Continued from page one)  
 of Carlsbad. A violin solo, Traureri, by Miss Julia White, of Little Rock, Arkansas, a former resident of Artesia, a reading "Encouragement," by Miss Zilla Simmons, and a vocal solo in religious darkey dialect, "I'm Goin Home," by Miss Zaida Mann.

These were all well rendered and greatly appreciated by the entire audience. It was voted to hold their next meeting at Carlsbad and after repeating "in concert" the W. M. U. watch-word "Mispah," they all departed with the hearty assurance that these meetings would prove very beneficial both socially and spiritually, and redound in much glory for our kingdom.

The following ladies were present: Mesdames Johnson, Smith, Rutler, Oloman, Boyd, Nelson, the two Mrs. Frisby, Hensler, Hobbs, Patty, McFarland, Watkins, Hitson and Miss Isabelle Smith, of Carlsbad; Mesdames Thomas, Cornella, Cook and Walker, Roswell; Mesdames Vickers, Ogle, from Hagerman; Mesdames Scroggins and Nichols, of Hope and Mesdames Simmons, Bishop, Cole, Jesse, Shirley, Grimm, Reser, White, Byrns, Muncy, Atteberry, James, McNeal and Robinson, also Misses Mann, Simmons, White and Shirley, of Artesia.

## NEW MEXICO OIL

We have an up to date map of the entire state of New Mexico, showing all producing and drilling wells in each county, giving name of owner or operating company. This map contains no advertising and a postal card will bring you a free copy. We can also furnish leases in Lea, Eddy, De Baca, Quay, McKinley, Catron, Sandoval, Socorro and Valencia counties at 40 cents per acre. Address for full particulars

 8-27-2tp Sapulpa, Oklahoma.

We have a complete line of samples of social stationery—Artesia Advocate.

## Our Schools

### Some Announcements.

School opens Monday, September 7th.  
 Grades 1 to 5 inclusive will be at Central.  
 Grades 6 to 8 inclusive at Junior High.

A contract has been let to repair Central by the opening of school. The Board rules that a child must be six years old on or before September 1st, to enter school.

All pupils, both in the grades and in high school, who come from other schools must present report cards for classification.

High school pupils may begin registering Thursday, September 2nd.

On the first day of school every child will be given a list of the books and other materials he will need.

Those having rooms, apartments or houses to rent to teachers should communicate with Supt. J. T. Reid at the high school office.

J. T. REID, Supt.

## LARGE BLOCK OF LEA COUNTY ACREAGE SOLD

One of the largest acreage deals ever made in the state was reported at Roswell last week when the consolidated Oil and Gas Co., of Roswell, sold to the Chesapeake Oil Co., of Texas, 80,000 acres of Lea county acreage, at a reported price of \$500,000. While the report has not been officially confirmed, the deal is generally understood to have been already completed.

J. S. Cosden, one of the largest independent operators in the United States, owns the controlling interest in the Chesapeake company and his entrance into Lea county definitely stamps that area as one of the most promising in the mid-continent field.

## BUYS RANCH

Wallace Merchant has purchased what is known as the Mocho ranch, comprising sixty sections all enclosed with a four wire fence. This ranch is located in Lincoln county and runs to the El Capitan mountain on the north.

Mr. Merchant says he will stock the ranch with sheep.

## MISS TURKNETT WINS DIAMOND

Through oversight last week we failed to mention the fact that Miss Ruby Turknett was the winner of the diamond ring, which was given away by the Galvin Players, the last night of their engagement in Artesia.

## WILL GAVIN WRITES

Will L. Gavin, who sometime ago removed to his old home state, Arkansas, writes that he has seen all kinds of roads since leaving Artesia except for the small stretches, New Mexico has them all beat he says. Mr. Gavin is now located at Bigelow, near the section where he formerly lived before coming to Artesia.

## FIRST BAILE OF COTTON

Monday Roger Duran, who lives on the C. A. P. ranch, southeast of Artesia, brought in the first bale of cotton to be gathered this year. The bale is now standing in the yard of the Alfalfa Association and will be ginned within a few days. While no announcements has been made, it is probable that the usual custom will be followed by the Camber of Commerce in giving a bonus to the owner of the first bale.

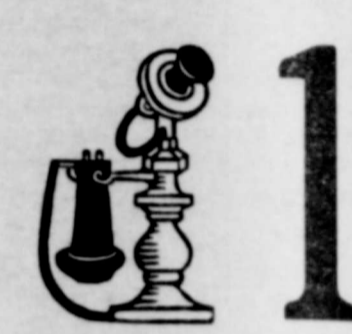

## SMALL BLAZE AT CITY CAFE

The fire department was called to the City Cafe building Saturday afternoon, where they extinguished a small blaze in the rear of the building caught from a range stove. The department arrived in time to check what might have been a bad fire. The chemical hose was brought into play and was found to work in a very satisfactory manner, extinguishing the blaze without the aid of the water hose.
