The thirty-seventh annual conference of the Methodist church ended Sunday evening at Roswell with appointments made by Bishop Moore. Many Artesia people attended the daily sessions of the conference and a large crowd from this section was present at the Sunday services. The conference was one of the most successful ever held in the district. Many friends of Rev. C. C. Higbee will be glad to learn that he will serve the Methodist church here for another year. Few changes were made in any of the churches of this section.

Another important conference appointment was that of Fred B. Faust to be superintendent of Sunday school work. He takes the place of B. L. Nane, who has been transferred to the northwest Texas conference. The appointments follow:

Roswell district, J. B. Cochran, president; Artesia, C. C. Higbee; Carlsbad, W. G. Gaston; Clovis, F. L. Glissom; Clovis circuit, J. B. Anglin; Dayton and Loving, J. E. Thomas; Dexter, C. H. Hatfield; Elida, I. D. S. Lee; Hope and Lake Arthur, Z. B. Moon; Lovington, R. R. Willingham; O'Dessa and Barstow, W. G. Jones; Pecos to be supplied; Portales, L. L. Thurston; Roswell, C. K. Campbell; Tatum, J. D. Wagner; Western Mexican mission, W. D. King.

El Paso district, J. A. Bays, presiding elder; Alpine, R. F. Davis; Anthony and Berino, R. C. Edwards; Buena Vista, George E. Turrentine; Clint, S. M. Mims; Asbury, S. E. Allison; Bond memorial, W. Attention is again called to the necessity of registering if you expect to vote at the coming election. The law specifies that each voter must register at least ten days before the date of the general election. The last day of grace is therefore October 22nd.

A list of the registered names has been posted on the window of the Citizens State Bank. If registered your name should appear on the list. Nine hundred and thirty names were registered up until yesterday morning according to J. T. Collins. Registration books are at the office of Gilbert and Collins.

Several road contractors have been here the past week looking over the proposed highway from Artesia north, preparatory to entering bids on the construction of same. Bids will be opened October 18th.

LUTHER TRAYLOR DIES IN ROSWELL HOSPITAL WHILE ENROUTE HOME

Word was received here Tuesday afternoon that Luther Traylor was stricken with acute appendicitis while en route from Texas and died in a hospital at Roswell shortly after his arrival there. Mr. Traylor was a former resident of Artesia and well known over the section. Mrs. Traylor is a daughter of W. H. Cobble.

He leaves to mourn his loss a wife and three children. The body of Mr. Traylor was brought to Artesia last night. Funeral services were held at the Methodist church at 3 p. m. this afternoon. Interment will be made in the Woodbine cemetery.

"No Bootleg About This Stuff"

COTTON FORECAST IS 16,627,000 BALES ON OCTOBER FIRST REPORT

WASHINGTON.—This year's cotton crop will be the largest ever grown, totalling 16,627,000 bales as compared with the previous record crop of 16,135,930 bales produced in 1914, according to department of agriculture figures. The crop gained 817,000 bales since the previous forecast in mid-September, it was indicated in a crop report Friday.

The September 16 condition of 59.5 per cent indicated a crop of 15,810,000 bales. Last year's production was 16,103,679 bales and the October 1 condition was 53.6 per cent.

The indicated yield per acre is now placed at 168.4 pounds compared with 160.0 pounds a fortnight ago and 167.2 pounds the final yield last year.

The condition on October 1 and the indicated production in southwestern states follow:

Texas, condition 59 per cent and 5,350,000 bales production.
New Mexico, 85 and 79,000.
Arizona, 80 and 105,000.
California, 91 and 122,000.
Lower California, (Old Mexico), 92 and 82,000.

Production Figures. (R. F. Hare, Agricultural Statistician) In 1926, 47,207 acres for harvest are forecasted, compared with 46,053,000 acres last year. A crop of 16,627,000 bales is indicated by the October 1 condition approximating a yield per acre of 168.4 pounds of lint cotton. The production in 1925 was 16,103,679 bales; in 1924, 13,627,936 bales; in 1923, 10,139,671 bales; in 1922, 9,762,069 bales; and in 1921, 7,953,641 bales.

Condition on October 1 in 1925 was 56.6 per cent of normal, and in 1924, 53.5 per cent. The average condition on October 1 for the preceding five years was 50.7 per cent. The yield in 1925 was 167.2 pounds; in 1924, 157.6 pounds; for the five years 1921-1925, 144.2 pounds; and for the ten years 1916-1925, 153.7 pounds.

To October 1, 5,639,284 bales had been ginned, compared with 1,126,248 bales for 1925 and 4,527,669 bales for 1924 at this date. This indicates that the crop is very late.

Cotton of this year's crop ginned prior to October 1 totalled 5,639,284 running bales, counting 162,041 round bales as half bales and excluding linters compared with 7,126,248 bales, including 98,059 round bales to that date last year, the Census Bureau announced Friday.

The ginnings by states to October 1 included:

Arizona 24,233.
New Mexico, 3,408.
California, 19,138.
Texas, 2,048,705.

NEW YORK.—Cotton prices dropped \$4.00 a bale Friday after publication of the government crop report indicating a prospective yield of 16,627,000 bales, an increase of 817,000 bales over the estimate of September 16. A flood of selling orders (Continued on last page, column 2)

ATTRACTIVE SHOW WINDOW

Of unusual interest to the ladies is the display of Hudnut's toilet articles in the show window of the Palace Drug store. The Hudnut preparations is a new line recently added by the Palace and the display of the various articles has been well arranged. The arrangement of the window is made especially attractive during the evenings by the use of the Hudnut lamp.

The window is the product of Gob Watson, we understand.

MISS MITCHELL WINS DIAMOND WATCH IN THE QUEEN CONTEST

Miss Peggy Mitchell, Artesia's candidate for queen of the Chaves County Cotton Carnival, won third place in the contest, according to the final tabulations of the vote made at Roswell Saturday. Miss Lola Corn, of Roswell won first prize, a Studebaker coach, Miss Martha Jewett, also of Roswell won second prize, a diamond ring and Miss Mitchell, of Artesia won third prize, a diamond set wrist watch.

The final vote was Miss Corn, 5,923,150; Miss Jewett, 2,891,700; Miss Mitchell, 1,241,300. The wrist watch won by Miss Mitchell was placed in the window of the Ginsberg Music Company here.

DISTRICT COURT AT CARLSBAD IN SESSION MANY CASES ARE HEARD

Special Venire Subpoened to Complete Petit Jury Panel Last Week—Grand Jury Makes Report and Recommendations.

Following the completion of the work of the Eddy county grand jury Wednesday at Carlsbad, a report was submitted Judge Kiker as follows:

To the Honorable H. A. Kiker, Judge of the Eighth Judicial District of the State of New Mexico, sitting within and for the County of Eddy, for and at the request of Honorable Chas. R. Brice, Judge of the Fifth Judicial District.

We, the Grand Jury, within and for said County of Eddy, at the regular October, 1926, term thereof, beg leave to submit this, our final report:

We have inquired into all violations of the law that were brought to our attention or which came within our knowledge. We have examined seventy witnesses and herewith return four true bills and nineteen no bills.

Acting through our various committees, we have examined the offices of the various county officers, located in the Court House, and find them all in a neat condition and well kept. The bookkeeping and clerical work done in these offices appear to be in good form and well done.

We have examined the county jail and find the same very unsafe. We wish to recommend to the county commissioners that the jail be repaired at once in order to prevent the escape of any more prisoners, as we find that it has cost the county more to recapture escaped prisoners during the last year than it will to repair the jail.

We have made a special investigation as to the violation of all laws called to our attention by the court at the time we were empaneled, and we have had before us the Superintendent of Schools and she reported that no violation of the compulsory school law has occurred which requires the attention of the grand jury.

We wish to thank the various officers that have assisted us in our work.

Having completed our duties, we respectfully ask to be discharged.

Respectfully submitted,
HENRY TIPTON,
Foreman.

ROBERT COMPTON,
Clerk.

The petit jury was completed Tuesday of last week. Owing to (Continued on last page, column 3)

J. MORROW AND PARTY WILL SPEAK HERE ON MONDAY EVENING 8:00

A third party of democratic speakers are due to arrive in Artesia Monday according to a telegram received from the democratic headquarters by E. C. Higgins. The party includes Congressman John Morrow, Judge Stonewall Prichard and State Treasurer Warren Graham. They will address the voters of this district Monday evening beginning at 8:00 p. m.

Both Congressman John Morrow and Judge Prichard are said to be very able speakers and it will be worth your time to come out and hear state and national issues discussed. This will probably be the last democratic meeting before the election. The public is cordially invited to attend the speaking.

Arrangements have been made to hold the speaking in the Legion hall, over Brainard-Corbin's Hardware store.

Joins Swope Party Here and Speaks to Large Audience—Challenges Dillon to Answer Questions Asked at Roswell Recently.

Not since the days of McDonald and Ferguson has there been a democratic meet held in Artesia, equal in enthusiasm and numbers to the crowd that greeted Ed Swope and party here Thursday evening. The place of meeting, the old City Market building was filled to overflowing. A large audience listened attentively to the four speakers for more than two and a half hours. The speakers were introduced in order of their appearance by Dr. J. J. Clarke.

Ed Swope, candidate for reelection to the office of land commissioner, was the first speaker to take the platform. Mr. Swope stated that he was here to keep the fires of democracy burning. His remarks were confined principally to the accomplishments of the land office, although he touched on a free text book law during the early part of his address, declaring that the free text book law, which came up for passage last year was killed by a republican senate and stuck in a pigeon hole by Dick Dillon, republican candidate for governor. He issued a plea for the public to vote for the people who pledged themselves for free text books.

Mr. Swope briefly reviewed the achievements of his predecessor J. Baca, in the land commissioners office. He told of the work of Mr. Baca in straightening the records at the land office and stated that he had been following the system laid out by the late commissioner. "One of the principal rules," Mr. Swope says, "that the office has laid down is to make everybody pick alike. The land office has no favorites," the speaker stated and our motto is equal rights to all and special privileges to none."

The speaker stated that the democrats would make the five year state lease good, as the present contracts (Continued on page 9, column 1)

FIELD SECRETARY HERE

Miss Mary Moore, field secretary of foreign missions of the Presbyterian church, was here yesterday in the interest of her work. Yesterday morning she met the ladies of the church in a conference. After school she met the juniors of the church and discussed their branch of the work and yesterday evening she held a service at the church for all of the congregation.

ORCHESTRA TO REHEARSE

Prof. Harp's Community Orchestra will hold their rehearsal Tuesday, October 19, 6:30 p. m. at the Methodist church. Visitors are welcome at all rehearsals. This fast growing organization was in the parade today at the Cotton Carnival and rendered some fine music to the enjoyment of the great crowds in attendance on this event in our sister city of Roswell. Many compliments were passed upon the musical ability and qualities of leadership displayed by the boy director of the Community Band, Ernest Harp, son of Prof. and Mrs. E. L. Harp.

ATTEND STATE CONVENTION

A delegation of ladies from the Artesia Woman's club went to Carlsbad yesterday morning to attend the meeting of the State Federation, which will continue through tomorrow and close with a trip through the caverns Saturday. A large number from the Artesia club will go down tomorrow afternoon and participate in the concert, which is an annual event and is put on by representatives from the different clubs of the state. Mrs. Corbin, head of the music department, has been drilling a chorus for the occasion and it is expected that Artesia will make a good showing at the concert. The ladies, who went to Carlsbad yesterday, were Mrs. G. R. Brainard, president, Mrs. Bigler, who represents the club as delegate, Mrs. Corbin and Mrs. Adams, who will appear on the program. Mrs. Atkeson will go down tomorrow to participate in the program.

We wonder if the failure of the democratic state convention to nominate John Simms, of Albuquerque for the supreme court bench could have had anything to do with Mr. Simm's refusal to go on the stump for the democrats in the coming campaign. The statement attributed Mr. Simms that he was willing to let the candidates do their own spell binding sounds like kid stuff to us and we refuse to be concerned about the situation, knowing the facts as we do.

A REELECTION PREDICTION

Governor A. T. Hannett, in an interview with newspaper men this week, predicted the democrats will carry twenty-one of the thirty-one counties in New Mexico in the coming election. Two years ago the democrats carried sixteen to the thirty-one.

ED SWOPE AND THE OIL MEN

Practically all of the oil fraternity appreciate the cooperation extended by the commissioner of public lands in the oil development of this section. Possibly Mr. Swope has not done any more than the ordinary commissioner would have done under similar circumstances, yet the attitude of Mr. Swope has always been fair and impartial; he has lend encouragement for further developments wherever he could.

THOUGHTS FOR VOTERS
(By State League of Women Voters)

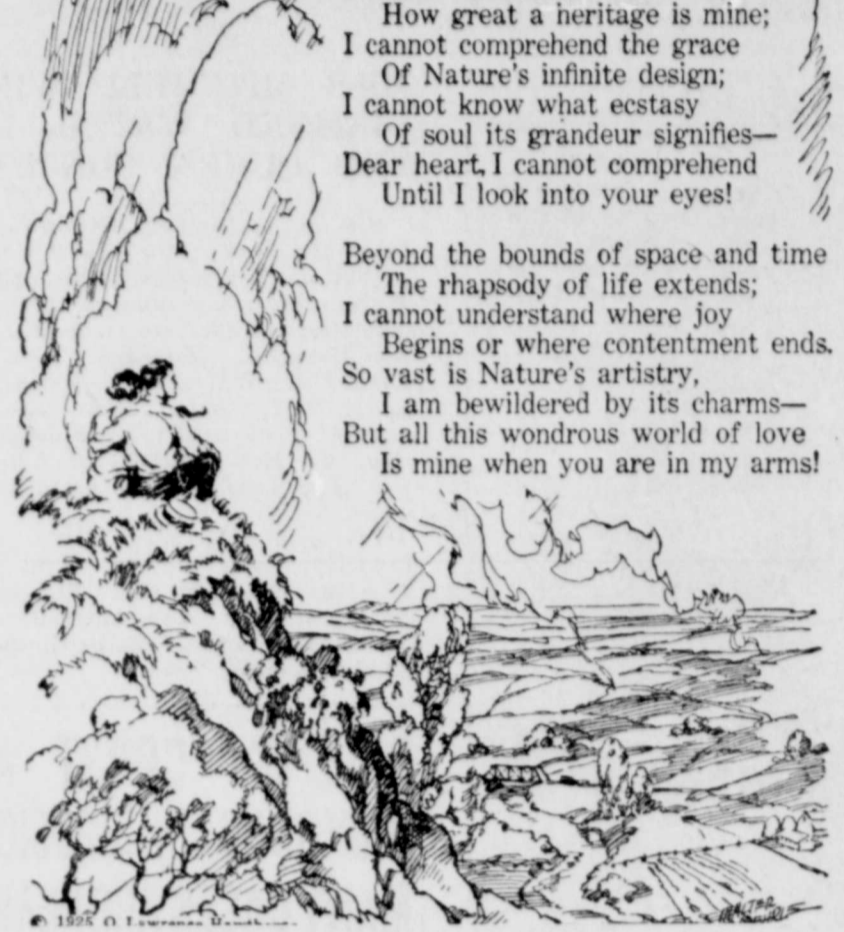

These thoughts are introductory to a series of articles to be presented by the league of women voters of New Mexico through its department of efficiency in government. The league of women voters is an all-partisan organization for the purpose of fostering the study of citizenship, and to promote improved legislation. Its first object is to increase the number of responsible voting citizens. It is making an attack on indifference and ignorance.

The league of women voters urges being active in the political party of your choice. At the present time there is no civic project more important than arousing interest and participation in governmental affairs. On last election day—after all the efforts made to get out the vote—only half of the eligible voters went to the polls. The vote of the ignorant, the foreigner, and of the one voting from selfish motives only, counts exactly the same as the vote of the intelligent, well-informed citizen voting for good government, hence in order that the principles and ideals of our government prevail, all interested in their continuance should take an active part in government affairs before and on election day.

By good government and good citizenship is meant the same as good business and good instruction—that is, capable, efficient, producing the results sought for. A good business man is informed on, and takes keen interest in his own business as well as business in general. The good citizen will do likewise in the biggest business in the world—our government.

The national league of women voters has published a number of helpful and interesting pamphlets, or booklets, that will be sent to any individual or group wishing copies, for a few cents each. Among those of special interest to the voter at this time are: Know Your Party; Know Your Country; (four sets of twenty questions on county government), etc.; Parents and Taxpayers; Citizenship Schools; Federal Aid to the States. Anyone interested may receive further information by writ-

Then the World is Mine!
By
O. Lawrence Hawthorne

I cannot understand how rich,
How great a heritage is mine;
I cannot comprehend the grace
Of Nature's infinite design;
I cannot know what ecstasy
Of soul its grandeur signifies—
Dear heart, I cannot comprehend
Until I look into your eyes!

Beyond the bounds of space and time
The rhapsody of life extends;
I cannot understand where joy
Begins or where contentment ends.
So vast is Nature's artistry,
I am bewildered by its charms—
But all this wondrous world of love
Is mine when you are in my arms!

LILTS O' LOVE AND LAUGHTER
By Judd Mortimer Lewis

NOTHING TO WANT

A friend told me the other day
As we two homeward scurried
And chatted in our friendly way,
Where he'd like to be buried,
And just before we reached my flat
He asked me if I wouldn't
Like to be in a place like that;
And I replied: "I shouldn't."

No sir! I don't find such appeal
In that there sort of thinking;
Not while I'm at my steering wheel
And city lights are blinking,
Not while the sun comes up at dawn,
And down at the day's ending
When such daylight as has not gone
With its red glow is blending

While I've a wife to build me pies,
And mend my duds and scold me,
Not while love shines from baby eyes
And hands reach out to hold me,
Not while glad throngs go to and fro
To each day's glad endeavor—
Oh boy! I want the world to know
I'd love to live forever!

And that's why when he chose his plot
And asked me if I wouldn't
Like to be in a place like that
I told him that I shouldn't.
I told him in soft tones and bland,
In manner quite unhurried;
I wanted him to understand
I don't care to be buried.

PHILOSOPHR

When the boys throw the paper
'gainst my house at eventide,
And Mollie grabs it first I do not split
My features wide and screech like
forty banshees 'cause she beat me to
the news. I walk around the table
twice in my large squeaky shoes,
then I turn a row of cartwheels and
yawp a song of glee. And then Mol-
lies says: "You're funny." And
she passes it to me.

REASON ENOUGH

Judge Landis, baseball czar, was
a much feared questioner when he
sat on the Federal bench at Chicago.
Whenever he began to figuratively
"look through" a witness, he fright-
ened all thoughts of evasion from
the mind of the witness. And one
day, so the loungers say as they re-
count stories of his days on the
bench, there appeared before him a
little Jew who was involved in the
burning of his store. "What time
did you take out your insurance
paper, Abie?" questioned the Judge.
"At nine o'clock, your Honor," re-
sponded Abie. "What time did the
fire start?" demanded Landis.
"Twelve o'clock," faltered the ner-
vous Abie. "Why the unnecessary
delay?" thundered the Judge, and in
confusion Abie faltered, "Our fire
sale ads vere not done!"

HE WAS COOL

A few minutes after an alarm of
fire was given in a hotel a guest
joined the group that was watching
the fire and chaffed them on the ap-
parent excitement. "There was
nothing to be excited about," he said.
"I took my time about dressing,
lighted a cigaret, didn't like the knot
in my necktie, so tied it over again—
that's how cool I was." "Fine, one
of his friends remarked, "but why
didn't you put on your trousers?"—

LAUREL CRAYS LOVE GOSSIP

Love letters are like the codicil of a will; it is what one writes last that counts most.

Love letters are of two kinds—the
kind you write and send and the kind
you tear up.

Love letters are written by persons
who are not quite accountable for
their acts but received by persons in
full possession of their senses.

Love letters are the only written
instruments whose torn pieces are
carefully collected and pasted to-
gether.

Love letters are eggs which can
never, never be unscrambled.

Love letters are one vice the Fiji
Islanders have not adopted. They
can't write.

**LAST KITCHEN IMPROVER
WINNER OF FIRST PRIZE**

The last woman to enter the kitchen
contest in Lea county conducted by
the Extension Service of the
New Mexico A. & M. College, in
which the object was to make the
greatest amount of improvement in
the kitchen for the least amount of
money, was the first on the list of
prize winners. Mrs. W. C. Scrivner,
of Tatum, a busy mother who felt
that she did not have time to enter
the contest, is the winner of a pressure
cooker, as well as being the
proud possessor of a convenient
kitchen. She made more than forty
improvements, at a total cost of
\$35.43.

The improvements done by the
woman range from the addition of a
back porch, and putting in new
floors, to a dish drainer made from
galvanized wire, and the use of an
old discarded dresser in the kitchen
for additional table space.

In the kitchen that placed first
all the family cooperated. The hus-
band put in the new floor and did
other bits of carpenter work. The
children, instead of being a hindrance
to their mother, added their bit in
making the kitchen more convenient.

A few of the improvements made
by the winner of the first prize were:
screen door remade; closet put in
corner of kitchen; milk box moved
nearer the house where it will have
more shade and save steps; walls
kalsomined; running water installed;
height of stove and working surface
of cabinet raised two inches; a num-
ber of articles removed from kitchen,
such as trunk, old cook stove,
gun, old cans, and bean seed; cook
books brought into kitchen; bread
board made from dry goods box;
cracks in wall mended with news-
paper pulp.

Mrs. Daisy Bass, winner of second
prize, aluminum cake set, made
her improvements for the sum of
\$1.60. One interesting thing she
did was to enamel the upper part of
an old cabinet, which was first set
on a table. This provided containers
for flour, cornmeal, sugar, baking
powder, etc.

To get rid of rats or mice, mix
one part of powdered barium car-
bonate with four parts of different
selected food such as meat, vege-
tables or fruits, rolled oats, bread,
or corn meal—whatever these pests
have attacked. Distribute several
different baits in portions of about
a teaspoonful in the places where
the animals run. Keep the barium
carbonate out of reach of children
and domestic animals. Use fresh
baits each night until the rats or
mice disappear.

GLIMPSES OF THE PAST

From the files of the Advocate,
October 16th, 1914.

Frank Burell spent Sunday in
Hope.

Miss Nannie Smith, of Amarillo,
Texas is visiting home folks.

Mrs. E. C. Lamb has been ill at
the ranch home on the Penasco.

Mr. and Mrs. Sherman, of Roswell
are the guests of Mrs. Roberts.

Mr. and Mrs. Earl Whitaker, of

Ed Hicks, who recently purchased
the Van Epps residence at Dayton
is making a number of improve-
ments.

I. V. Whitesides was taken seri-
ously ill while on a trip to Mis-
souri, recently. He was unconscious
for a time, but later reports state
that he is improving.

AND THEY'RE ALL SATISFIED

An engineer was engaged to locate
a proper outlet for a drainage ditch.
He came to a road under which was
built a new concrete culvert. To
his amazement he beheld a culvert
of new and strange design. His
ready rule came forth, and he found
the inlet end but two feet. When he
drove to town that afternoon he
"hunted up" the county surveyor and
asked him the reason for the un-
usual culvert. The surveyor was an
old fellow and replied, rather pat-
ronizingly: "My boy, that culvert
is an engineering work designed to
meet local conditions and plain
theory. You see that road is on the
township line, and the supervisors on
the west side insisted on four feet
as about the right size for their end,
while the supervisors on the east
claimed two feet was enough."—New

SAN JUAN BASIN GETS 1200 BARREL WELL AT DEPTH OF 1280 FEET

The Continental-Santa Fe companies operating on the Rattlesnake structure, thirty miles west of Farmington, section 3-29-19, drilling on well No. 19, brought it in a big producer, with 1200 barrel capacity, Sunday, at a depth of eight hundred and eighty-five feet. This production is obtained in the lower Dakota sand, the upper sand having been cemented off while they were pushing the bit on down to the lower strata, which had proved a big producer in well No. 17, (the deep test) before it was cased off. The oil is of the same high gravity as found in the other wells on this structure, some of it running well above 70 Baume.—Farmington Times Hustler.

INJUNCTION STOPS USE STATE FUNDS IN LAW SUITS

ALBUQUERQUE.—Judge O. L. Phillips in federal court Monday granted a temporary injunction restraining state officials from using any of the \$25,000 appropriation from the permanent reservoirs fund for the suit against Colorado to prevent that state from building reservoirs and dams on the Rio Grande in southern Colorado. Hearing on whether the temporary injunction shall be made permanent was set for November 8. The case is one brought by R. F. Asplund of the taxpayers' association in state courts, which has finally made its way into federal court.

CHEVROLET SHATTERS RECORD

The Chevrolet Motor company, largest manufacturer of three-speed cars, shattered two of its marks during September when it established a new monthly record of 81,158 passenger cars and trucks and attained a production total of 593,281 units for the first nine months of 1925, eclipsing the half-million production of the entire twelve months of 1925, Chevrolet's greatest year.

Neither of these figures ever has been approached by any builder of cars with three-speed selective transmissions.

The September production averaged 3,381 units daily for the twenty-four working days of the month. This also is a new record. The 81,158 total for September followed several recent months of record-breaking production. April, May and June with respective productions of 71,157, 74,617 and 77,241 each established successive production records. July production was restricted somewhat to permit the tooling and other changes necessary to effect several further improvements in the Chevro-

let models. August production then snapped up to 76,551 units, only 600 fewer cars than were built in June which stood as Chevrolet's high record until out-distanced by September. Chevrolet's remarkable progress may be shown by the fact that the company has produced so far during 1925 a number of units approximately equal to the entire Chevrolet production from 1912 to 1920 inclusive, the first nine years during which Chevrolets were manufactured.

"These records are primarily the result of public confidence," said W. S. Knudson, president of the Chevrolet Motor company. "We are all grateful for this confidence and will continue our efforts to merit the high endorsement which the public has conferred upon the Chevrolet car."

If the cost of motoring is an important consideration with you, choose your gasoline with care!

Make sure that it does three things: (1) starts easily, (2) accelerates rapidly and (3) delivers maximum power and mileage. If it emphasizes one of these important essentials at the expense of another, your motoring costs will increase.

That's why it pays to insist on Conoco, the "all-in-one" gasoline. Conoco meets these three tests and insures complete motoring satisfaction at a minimum of cost.

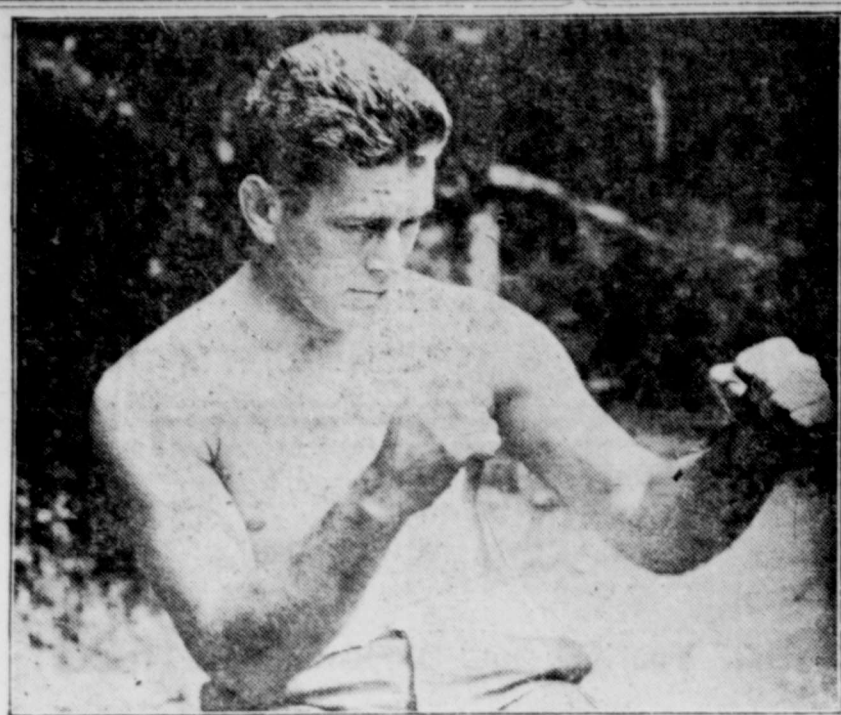

It will pay you well to buy your gasoline only at the sign of the Continental Soldier.

DELGADO ANSWERS HUGH WILLIAMS IN SPEECH AT HOPE FRI.

Lorenzo Delgado, democratic candidate for lieutenant-governor, passed the lie back to Hugh Williams, republican state chairman, in his speech at Hope Friday before the largest crowd ever assembled at a political meeting there.

Mr. Delgado said: "Hugh Williams denies that the republicans offered me several good positions if I would quit the democratic party and swing to the republican party. Williams was probably correct in saying that he did not know of these offers being made to me as he is nothing but the messenger boy for the old crowd running the republican party."

"But I want to ask him if it is not a fact that he, together with Holm Bursum, Marcelino Ortiz, Judge Holloman and other republican leaders did not call on me in Las Vegas last summer several times? One week before the recent democratic state convention a committee representing themselves as being authorized to speak for the republican state central committee, called on me in Las Vegas and requested me not to line up with the democrats."

"They made me several overtures at that time. The day before the democratic convention met they again called on me and renewed their former statements, making further propositions. This committee was headed by Marcelino Ortiz."

Delgado was wildly cheered when he finished his dramatic speech. E. B. Swope, democratic candidate for land commissioner, Mrs. Aurora L. White, democratic candidate for school superintendent, and J. S. Vaught, Albuquerque attorney, who is speaking on behalf of the democratic candidates.

Land Commissioner Swope explained how it was possible for the land office to raise the distribution of school money from \$5.35 per capita, the largest in the history of the republican administration of the land office, to \$9.10 per capita under the democratic business administration.

Commissioner Swope stated that if the state land office is properly managed for the next ten years, it will support the schools without any tax levy being made.

COLE JUNIOR HIGH ELECTS HEAD GIRL AND BOY FOR TERM

The following clipping taken from the Denver Times of October 10th, will be of interest to many friends of City Engineer F. L. Hancock. Miss Charlotte Hancock is the fifteen year old daughter of Mr. Hancock, who is a student in the Cole Junior High at Denver. Miss Hancock was chosen from a group of two thousand students.

Paramount in the thoughts of Cole students for the last week has been the desire to know what would be the result of the election for head boy and head girl, which was held Friday, October 8.

The contest was between Charlotte Hancock, Dona Belle Shilling and Jean Collins for the office of head girl, and Oliver Llewellyn and Gordon Brunson for the office of head boy.

A campaign rally was held in the auditorium Thursday, at which time Bernice Trussel, campaign manager for Charlotte Hancock; Elsie Baker, for Dona Belle Shilling; Morris Cochran, for Oliver Llewellyn; Marion Eichom, for Jean Collins, and Robert Edwards, for Gordon Brunson, set forth the claims of their candidates, and introduced the candidates themselves, who, in concise speeches, gave their ideas of the elements of leadership and power to build that are necessary in the person chosen to the highest office a school has to offer.

Lively cheering for the respective speakers was led by Cheer Leaders Arthur Schaeffer and Ira Callaghan. Excitement reached a high pitch Friday as returns began coming in from each home room, and when the finals showed Oliver Llewellyn and Charlotte Hancock to be winners, even those whose side knew defeat rallied to the standard of the successful students.—Denver Times, October 10th.

In the Kitchen with 6 Famous Cooks

SIX TRADITIONAL NEW ENGLAND DISHES

(Ed. Note: This is one of a special series of articles contributed by 6 Famous Cooks. Their recipes are "different." Cut them out and paste them in your cook book.)

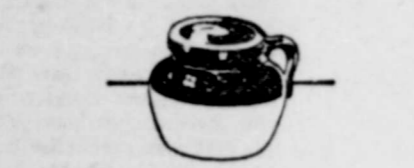

Probably no section of the country is as famous for its traditional dishes as New England. The eating of beans and brown bread has become almost a rite in many of those old homes.

Miss Lucy G. Allen, head of the well-known Boston School of Cookery, has spent all her life in New England. She has taught hundreds of women cooking in her classes, and has written many cook books, among them "Choice Dishes for Clever Cooks," and "Table Service."

She has contributed to this unusual cooking series recipes for six typically New England dishes.

Boston Baked Beans

It's the preparation and the slow cooking which makes Boston Baked Beans superior to all others. Pick over one quart of pea or kidney beans, cover with cold water and soak over night. In the morning, drain, cover with fresh water and simmer until the skins begin to break. Drain again. Wash and score a three-inch cube of fat salt pork. Put the beans in a big, earthenware beanpot. Hury the pork in the beans, leaving the rind exposed. Mix one tablespoon of salt, one tablespoon of molasses, three table- spoons of sugar, and one-half tea- spoon of dry mustard; add these seasonings to one cup of boiling water and pour over the beans. Then add enough boiling water to cover the beans. Cover the beanpot, put in hot oven and bake six or eight hours, uncovering the last hour of cooking.

Steamed Brown Bread

For a most delectable meal, serve steaming hot brown bread with the beans. It's a prime combination. Many folks like to eat catsup with the beans. Here's the original New England Brown Bread: Mix two cups cornmeal, one cup of rye meal, two teaspoons of soda, two teaspoons of salt, one-half cup of molasses and about three and one-half cups of milk. Let stand for one hour, stirring occasionally. The bread is better, if the meal swells before the mixture is put into the tins. Butter baking-powder tins, fill a little over one-half full, cover and steam several hours.

And Chowder

A hearty dish, liked especially by men, is fish chowder. It's economical too. Buy a four pound haddock, skinned with the head left on. Remove the fish from the backbone, cut into two inch pieces and set aside. Put the backbone broken in pieces and the head into a stewpan, add two cups of cold water, bring slowly to the boiling point and cook twenty minutes. Put into the chowder a kettle an inch and a half cube of fat salt pork cut into small bits, and fry out. Add one sliced onion and fry for five minutes. Add three or four medium sized potatoes cut in thin slices. Strain the stock from the fish bones over the potatoes and cook until they are soft. Add the fish and simmer ten min- utes, then add one quart of milk, one tablespoon of salt, one-eighth teaspoon of pepper, three table- spoons of butter and either three or four pieces of pilot bread or six or seven cooking crackers. The longer a chowder can simmer or stand be- fore serving the better it will be.

Codfish Balls

Wash one-half pound of salt cod- fish and cut into small pieces using kitchen scissors to make one cupful. Wash and pare potatoes and cut into pieces the size of an English walnut to make one and one-half pints. Cook the fish and potatoes together in boiling water until potatoes are soft. Drain thoroughly through a strain- er, return to kettle and shake over the fire until the moisture is evap- orated. Mash thoroughly, add one- half tablespoonful of butter, one egg well beaten and one-fourth teaspoon of pepper. Beat well with a fork to make fluffy and add salt if necessary. Drop by spoonfuls into deep fat and fry.

Pumpkin Pie

Pumpkin pie when made right is a real delicacy. And this recipe for it is especially good. For a more elaborate dish it may be served with whipped cream. For the pastry, measure two cups of flour unsifted and sift with one- half teaspoon of salt. Cut in, using two knives, three-fourths cup o- lard. Add three-fourths cup of medium cream mixing with a knife. Chill before using.

For the filling, mix one and one- half cups of cooked and sifted pump- kin, with two-thirds cup of white sugar, one teaspoon of grated nut- meg, one-half teaspoon of salt, two eggs slightly beaten and two cups of milk or if liked rich, use part cream.

Nice Brown Doughnuts

Try frying some milk doughnuts according to this good New England recipe of Miss Allen's. The kitchen will be a most attractive place to all members of the family when they smell these tempting doughnuts. Beat until light one whole egg and one egg yolk, add gradually three- fourths cup of sugar, beating all the time. Mix three-fourths teaspoon of salt, one teaspoon of grated nutmeg and two cups of flour. Mix one-half teaspoon of soda with one half cup of sour milk hav- ing the milk rather rich. Add milk and flour alternately to the egg mix- ture, roll and pat out, handling as little as possible, then cut and fry in deep fat.

COTTONWOOD ITEMS

Mr. and Mrs. Earl Hedgecoxe were visiting on Cottonwood Sunday. Gene Denton is recovering from his burns received in the oil field. The Womans Club will meet at

Mrs. Malone's Thursday, October 14th.

Mr. and Mrs. John Norris and children were visiting relatives in Portales Sunday. J. H. Felton is rapidly moving his apple crop. They are going by the truck loads every day.

A hard hail storm fell here Fri- day, damaging crops. However, the damage was not extensive.

Mr. King returned home last week from Hot Springs, where he ac- companied his father and mother. Cotton picking is in full swing on the Cottonwood. Many farmers

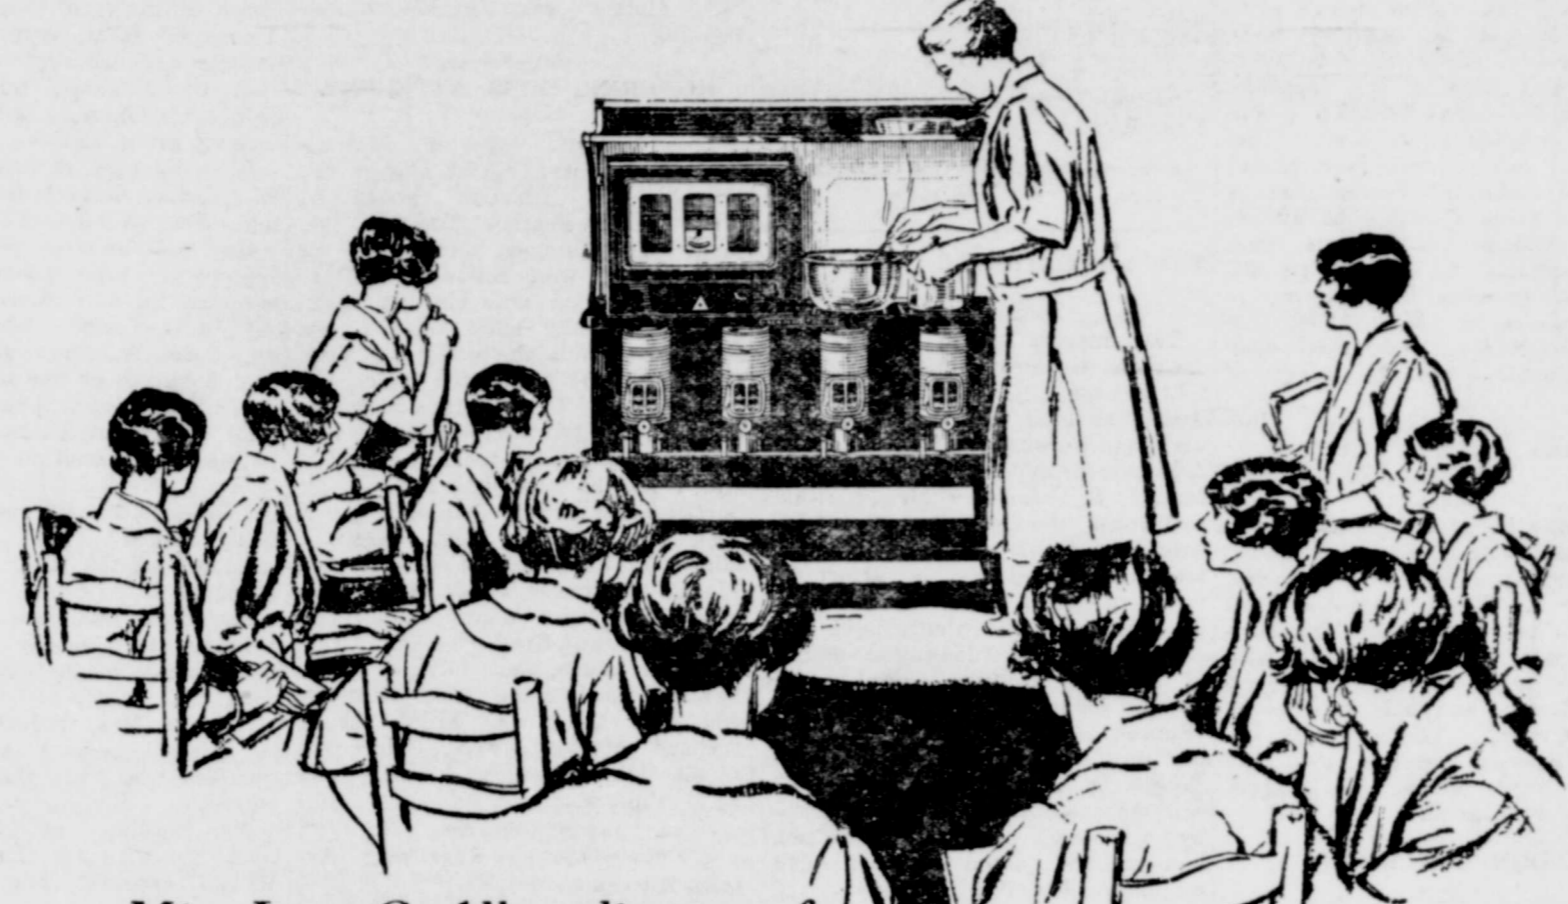

have their first picking almost done. A petition is being circulated to have the Cottonwood schools closed for two or three weeks, for cotton picking season.

New Perfection Stove

BOSTON SCHOOL of COOKERY Tests and Approves

Miss Lucy G. Allen, director of the school, tells her experience with the Perfection Oil Stove.

MISS LUCY ALLEN, director of the conservative Boston School of Cookery, is one of six famous cooks who recently put the Perfection Stove to a rigorous, practical cooking test. Like the other five famous cooks, Miss Allen cooked by every cooking process, and gave us her opinion of the Perfection.

Uniformly Good Results

"I cooked many meals on the Perfection Stove," says Miss Allen. "The results, whether using the top of the stove, the oven, the broiler, or the toaster were uniformly good. There were several features sufficiently pronounced to recommend the stove to the most particular people.

Easy to Work on

"The Perfection is an easy stove to work on. There is no reaching across several hot plates, as there is with a gas or coal range.

"The flame never varied from the point at which it was set, whether it was low for stewing down pumpkin or high for baking beans several hours.

Clean Kettles

"There was no black deposit on the cooking utensils, even when the high, yellow tipped flame was used for broiling steak.

"The long chimneys burn every drop of oil completely before the heat reaches the utensils.

"We were so well pleased with the 1926 Perfection Stove, both as to results and operation, that after completing the test we kept it to use for auxiliary work in our classes," she concluded.

Tested and approved by the Boston School of Cookery! That means that the Perfection was used under all possible cooking conditions—for slow cooking, for fast cooking; for baking, for frying, and for broiling. In every case it was found efficient.

Six Cooks Agree

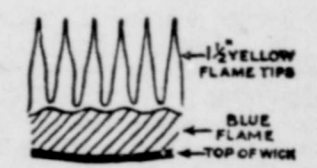

The other five famous cooks who tested the Perfection were enthusi- astic, too, about the results obtained. And, every day 4,500,000 women get real cooking satisfaction from their Perfections.

See these 1926 Perfections at any dealer's. All sizes from a one-burner stove at \$7.25 to a five-burner range at \$130.00. When you cook on a 1926 Perfection, you, too, will be well pleased with it.

PERFECTION STOVE COMPANY Dallas Branch—825 Trunk Avenue

"Long chimneys for clean kettle-bottoms," says Miss Allen.

"Use this flame for pre-heating the oven," says Miss Allen, "and for fast cooking. It has yellow tips about 1 1/2 inches high above the blue area."

Send for our free booklet, "Favorite Menus and Recipes of Six Famous Cooks." Includes many of Miss Allen's.

BRIDGE CLUB ANNUAL PICNIC

The seven members making the low score in the First Bridge Club the past year entertained the high six and the substitutes at their annual picnic last Tuesday at noon. The picnic was held at the home of Mrs. S. E. Ferree and a delicious fried chicken dinner was served picnic style. The sixteen ladies present all sat down at the long table, which was tastefully decorated with dahlias and zinnias. A splendid palm (Castor Bean) occupied a conspicuous position at the foot of the stairs and lovely ferns (salt cedar) helped to make the Ferree home a delightful place for this happy occasion. Unique place cards were used and a game served as the means of securing bridge partners for the afternoon. Mrs. C. W. Williams, who will probably leave soon for California, was the guest of honor.

METHODIST MISSIONARY MEETING THURSDAY

The mission study meeting was held at the home of Mrs. J. S. Sharp last Thursday afternoon. The new study book, "From Over the Border," was taken up with Mrs. Benson as leader. The book deals with the people from our neighbor on the south, Mexico, and bids fair to be very interesting. There was an important business meeting also and delicious refreshments. The attendance was very good.

NOON LUNCHEON

Mrs. R. L. Paris entertained at luncheon at twelve thirty o'clock yesterday for Miss Mary Moore, field secretary of the Presbyterian church. The other ladies present were Mrs. S. W. Gilbert, Mrs. Sinclair and Mrs. Chester Russell.

ANNIVERSARY DINNER

Mr. and Mrs. Gail Hamilton celebrated their sixth wedding anniversary with a fried chicken dinner, which occurred at twelve thirty yesterday.

BAPTIST W. M. U. ELECTS OFFICERS

The Woman's Missionary society met at the Baptist church last Thursday afternoon for its regular business meeting. The outstanding business of the session was the annual election of officers, which resulted in Mrs. C. M. Cole being chosen president, Mrs. Joe Jessee, vice president, Mrs. B. A. Bishop, secretary and treasurer, and Mrs. Bert Muncy, corresponding secretary.

MARRIED AT CARLSBAD

On Thursday of this week a license was issued to A. A. Holand and Della Graham, both of Artesia. They were married here by Justice Richards.—Carlsbad Current.

YOUNG MOTHERS' CLUB

The club was entertained by Mrs. Jim Jackson at its meeting of last Friday afternoon. A salad course was served by the hostess, Mrs. Patton and Mrs. Dan Bynum were special guests.

BIRTHDAY PARTY

Little Peggy Ann Linell is celebrating her fourth birthday anniversary this afternoon with a Halloween party. At a table richly decorated with Halloween conceits, lanterns, cats, witches and similar devices, ice cream and cake will be served to the little folks by Peggy Ann's mother, Mrs. Will Linell. The children invited to the party are Landis Ed Feather, Billy Paris, James Robertson, John Hartzfield, Ruth Hamilton, Helen Meredith Gates, Wanda Story, Betty Nelle Lanning, Mary Evans, Jimmie Ferriman, Dicky Ferriman and Helen Jean Evans.

MISS ATTEBERY HONORED

Miss Virginia Attebery, whose marriage to Lloyd Simons will be solemnized on the 17th, was honored by her associates of the Eastern Star at their social meeting last Tuesday evening. While the wedding march was played the prospective bride was led into the hall by Judge Ferree, Worthy Patron, and presented with handsome silver salt and pepper shakers, also other useful articles. Refreshments were served during the social hour.

THE EDUCATIONAL ART EXHIBIT

The interest shown by the children and the grown-ups, who viewed the pictures at the art exhibit last week, indicated that the exhibit was very much worth while. The art department of the Woman's Club, Mrs. J. B. Atkeson chairman, which took over the management of the exhibit at the request of Supt. Reid, feel well repaid for the effort put forth to make it a success. And the children, who gladly sold tickets, will be rewarded by a number of beautiful pictures placed in the school rooms. The prize picture, "Sunset on the Meadow," by Griffin, was won by the fourth grade, taught by Mrs. Howell Gage. Six religious pictures were purchased by different church organizations and will be placed in each school building. The list follows:

Westminster Abbey—Episcopal Sunday school.

Rheims Cathedral—Catholic Ladies society.

"Holy Night," by Orreggio—Ladies' classes of the Methodist Sunday school.

"Madonna, Infant Jesus and St. John," by Botticelli—P. E. L. class of Baptist Sunday school.

"Children of the Shell," by Murillo—Ladies of Christian church.

"Holy Family," by Murillo—Ladies of Church of Christ.

Eight pictures will be purchased from the receipts of the exhibit. Those that have been selected by the committee are:

"Appeal to the Great Spirit," by Cyrus E. Dallin.

"Old Faithful and Long's Peak," "Dawn," by Benjamin A. Eggleston.

"The Indian and the Lily," by Bush.

"Spring," by Edwin Douglass.

"Deer in the Forest," by Rosa Bonhuer. This is in colors.

LINEN "SHOWER"

The good luck symbol figured very appropriately in the Linen "Shower" given for Miss Virginia Attebery by Mrs. Frank Seale yesterday afternoon. The linen pieces in the "shower" were in boxes decorated with four leaf clover. These were hidden away in the rooms and the bride-to-be had an interesting time locating them all. When the gifts were found and duly inspected there was a game of finding how many words could be made from the words "Virginia and Lloyd," sixty-five being the result. Refreshments were served from the beautifully decorated table centered with a "Wishing well." From this well extended yellow ribbons attached to hearts, upon which when drawn out were found the words, "Wishing Well, Lloyd and Virginia." Daisy petals bearing the traditional legend about love and marriage were passed around, Miss Virginia drawing the important one, of course. The guests on this pleasant occasion were the honoree, the Misses Marjorie Wingfield, "Jack" Hightower, Nellie Gray, Evelyn Stone, Ruth Morgan, Velma Smith and Jennie Mae Attebery and Mesdames Attebery, Richard Attebery, Landis Feather, and Fred Cole.

ZONE MEETING

A large number of ladies from the Artesia Methodist church attended the Zone meeting held at the Roswell church last Friday afternoon. The meeting was in connection with the conference and is a phase of the work of the Missionary society. The program was given by the Chaves county missionary societies.

RUTH CLASS PARTY

Mrs. Bert Muncy was hostess to the Ruth class of the Baptist Sunday school at its regular meeting last Friday afternoon. The members sewed industriously while they visited and enjoyed a social hour together. Refreshments were served by the hostess, Mrs. House and Mrs. Holmes were guests at the meeting.

HONORING MISS ATTEBERY

Miss Virginia Attebery was the honor guest at a buffet supper and miscellaneous "shower" given by Mrs. Landis Feather Tuesday evening. The supper was at six o'clock and was followed by the "shower" which was cleverly managed. A string hung from a box suspended from the ceiling. When the bride-to-be pulled the string she was showered by confetti and pieces of paper. On the papers were messages indicating the location of gifts, which she had to hunt for. Those participating in this delightful party besides the honor guest were the Misses Lorita Linell, Maxine Rowan, "Jack" Hightower, Jessie Glenn Bullock, Marjorie Wingfield, Velma Smith, Nellie Gray, Glenda Gray, Ruth McFadden, Ruth Morgan, Hazel Bynum, and Jennie Mae Attebery and the Mesdames Frank Seale, Richard Attebery, Fred Cole, Will Linell, John Lanning, Attebery and E. B. Bullock.

There Should Be No SECRETS

Governor A. T. Hannett has answered every question put to him in this campaign. As a candidate for re-election on the Democratic ticket he has faced every issue fairly and squarely.

He has demanded a debate on the question of the Election Law and has announced he is ready to meet any Republican at any time to debate the issue.

Governor Hannett wisely asks that Mr. Dillon, the Republican candidate for Governor meet him to debate the issues, but it is not likely that Mr. Renehan will permit Mr. Dillon to accept, even were Mr. Dillon so inclined.

Governor Hannett stands ready at any time to answer any and all questions put to him regarding any matters of state issues; state management; questions of policy; past records; future plans or anything. He has never quibbled; he never hesitated; he has never ducked the issue and never will. He is a leader and a fearless leader.

BUT

Let's look at the other side of the picture. Do you know, Mr. Voter, where the Republican candidate for Governor stands on ANY question? Think again. Do you?

Do you know where Mr. Dillon stands on the Election Law? Roads? Schools? Taxes? Oil leases? Oil development? Anything?

In twenty-two words, Mr. Dillon says he's a business man. Surely a business man would have some constructive plan to present to the voters. Surely he, as a 22-word business man, would tell you what he is going to do and HOW he is going to do it.

As Senator Sam Bratton says: "Has the time come in New Mexico when the standard bearer of the Republican party is content to say that he is against the methods suggested by the Democratic party, but is unable to tell the people how the Republicans will do it?"

You, as a voter, have the right to DEMAND to know the attitude of every candidate, Republican and Democrat, on every subject relating to state management. The Democrats have told you; are telling you and will continue to tell you until the polls close on Nov. 2. But when it comes to the Republican candidates: Try to find out!

laid down by Roosevelt or Lincoln, and others, could stay by or is a follower of the crowd that calls themselves republicans here in New Mexico. I defy any member of the republican ticket or any man managing that campaign to point out where any true member of the republican party will countenance a thing pulled off by that party, which controlled New Mexico for forty years.

"That is a misnomer when they call themselves republicans, and I mean every word of it. I want you, who happen to be real members of the true republican party to take no offense because I will refer to this other crowd as republicans, because they are following under that banner.

"It is up to you to say what is going to happen to your state during the next two years. Four years ago we made no charges, we cannot substantiate with proofs, nor any charges against any man's private life that we were not in the position to get information. Four years ago, because that old crowd was in office and they would not let us in, we went before the people in an honest way, and made an honest effort in presenting the facts to the people, and that crowd was beaten by a majority vote of about 10,000.

"That was four years ago. We promised a business administration and pointed out where you were not getting a business administration. Now we come to give you an accounting of our administration. Two years ago we came to you with an accounting.

"When the democrats took charge, Governor Hinkle found a deficit in nearly every department. That statement will never be questioned by the other crowd. What has happened since you have had four years of administration under the democratic party? All deficits are wiped out; every one of them is gone. How did we do it? How could it happen when nearly all the banks had failed and this state was in the most busted condition it could be in?

"It was a simple matter. There is nothing about it that is very intricate. We simply say to you that every office holder taking office has been faithful to his trust and they have handled the affairs of the state in an ordinary, honest way, and have given you a business administration by doing the right thing.

"We have increased the money for school purposes from \$5.35 to \$9.10 per capita in four years. That was done by honesty and efficiency. If we could collect that \$318,000 we have filed suit against the bonding companies, we could raise that to more than \$9.10.

"We found four years ago a deficit in every part of the state and having wiped them all out, we have done our part well.

"I want to call your attention to the fact that this is one of the most important campaigns you ever heard of. Now that crowd, nominated on what they call the republican ticket, never made but one charge against the democratic administration. The only time they made that was at Silver City and it was made by Colonel Prichard. Prichard said Governor Hannett had made an effort to steal \$25,000 from the Reservoir Fund and that he had already paid \$5,000 to his attorneys in the contest suit and your supreme court had stopped him from stealing any more.

"We have cleaned out all these deficits, but that is not all. We have lowered the tax rate in New Mexico. Francis E. Wilson and Adam Bede told you we did not, and Colonel Prichard and White told you we did not, but we have lowered the state tax rate and I have the figures here to prove it.

"A fair way to arrive at how we have done this is by comparison. From 1919 to 1922, there was an average valuation of all property in the state of \$370,000,000, and an income tax rate of \$26.83 per \$1,000 valuation. I defy anyone to disprove

these figures in round numbers. They are correct; come to Santa Fe and check them. The average assessed valuation for 1923 to 1926 inclusive was \$317,000,000, a decrease of \$53,000,000. You all know what that was due to. We went through a drought and the banks failed and so on. The average tax rate last year was \$26.74, a saving of nine cents during those four years on a decrease in valuation of \$53,000,000.

"The statements that we have not lowered the tax rate are untrue, uncalculated and unfair.

"At the last legislature, through the efforts of Governor Hannett and the people, there was passed a delinquent tax law. The republicans do not like that, but there has been collected to date, since that law began to function, a total of \$1,500,000 in delinquent taxes and they are being collected at the rate of \$100,000 a month at the present time.

"What is the effect on New Mexico? They have cleaned out the current debts on every county in the state; they have paid off the money that was due school teachers, many of whom have been carrying some of these unpaid warrants for years; they cleaned out the indebtedness of every county except two and those will soon be out of the woods.

"Ed Sargent, Hugh Williams and McNary, from El Paso, have been all over the state trying to raise monty and reorganize the republican party. They said: 'You are going to have a new deal.' They signed you up on a lot of promissory notes. I heard Hugh Williams at Albuquerque and at Silver City say: 'We are out here before you folks; we have given you a new deal.' My side hurts me from laughing. Here is the new deal: I attended the republican state convention. I wanted to see the new deal pulled off. This was the new deal:

"Manuel Otero nominated Dick Dillon. H. O. Bursum nominated Sedillo. Hugh Williams nominated Watson. That happened in the afternoon at 3 o'clock. Just as soon as Watson was nominated, they stopped. I wanted to know why and could not find out. Finally a fellow who did not have any more sense than to tell what he had heard, said to me: 'They had to wait until they got somebody else to take the other places on the ticket.'

"After they came back, Renehan nominated Ed Sargent; C. J. Roberts nominated Pankey; Sec Roemro nominated the auditor.

"When Renehan nominated Sargent, he called him a 'pastoral patriarch.' I did not get through very many schools and I did not get it. I went to Al Renehan and said: 'What is a pastoral patriarch?' He said: 'That is a sheepman.'

"I commenced trying to figure it

out. 'Pastoral Patriarch' sounded like Abraham and some of those old patriarchs in the Bible. I have been in New Mexico since 1912 and have been attorney for the stockmen in the state for six or nine years or something like that, and I had never heard that expression 'pastoral patriarch' mentioned before.

"I wanted to know what difference that was to any other sheepman. I could not find out; nobody seemed to know, but I tell this for what it is worth:

"Four years ago, Ed Sargent was sued by a democratic tax collector for back taxes. He came down to Albuquerque to the tax collector's office and said: 'Here is my tax receipt; paid in full.' It was a tax receipt on 5000 head of sheep in Rio Arriba county. He said: 'That is all I have. I have paid my taxes before they became delinquent.' The tax collector said: 'I am going to court with this.' Sargent said: 'My bookkeeper is here; he knows all about my affairs and I will have him show you the exact number of sheep I own.'

"A check on his books showed Sargent had 27,000 head of sheep. Maybe that's what a 'pastoral patriarch' is—a fellow who can get away with 27,000 head of sheep and pay for only 5,000.

"When you go to vote, the question before you is whether or not you want to have your state governed by the democratic party which has given you an honest administration, or whether you want to go back to the dark days. When you go to vote on election day, cast such a vote that will make you go home to your wife and your children and say: 'Daddy has cast a vote that will lift you up and help the other children of the state.'

The high point of his address was reached when he read the four questions asked R. C. Dillon, republican candidate for governor at Roswell. Referring to the first question relative to the ousting of Senators Hodges and Butler, Mr. Vaught declared that Dillon had dodged the issue when he refused to answer the question directly, instead of asking why the democrats have ousted Mrs. Larkin. He explained why Mrs. Larkin was ousted and issued a challenge to R. C. Dillon to explain the ouster proceedings against Hodges and Butler on a three minute resolution.

SANTA FE PREPARED TO TAKE CARE OF NUMBER TEACHERS

SANTA FE, Oct. 12th.—New Mexico teachers may expect a delightful stay in Santa Fe during the session of the New Mexico Educational Association, November 4, 5, 6. The Santa Fe chamber of commerce and citizens' committee have well in hand the arrangements for housing and entertaining the visitors, and with a reputation for community hospitality that is unrivalled, Santa Fe as usual is prepared to make good and to give the visiting educators a reception that will not soon be forgotten. A musical entertainment by a group of noted operatic artists from the Pacific coast is one of the entertainment features. Arrival at Santa Fe will be greatly facilitated by the luxurious Harvey car coaches which now bring visitors direct from the station at Lamy to whatever part of the city they desire to reach.

Those wishing reservations are asked to communicate at once with the secretary of the chamber of commerce, Santa Fe. If anyone wishes reservations at a particular place or together with a friend, he or she is asked to inform the secretary to this effect. Questionnaire cards are to be mailed out immediately, and all members will be notified in advance of the convention where they are to be assigned. These assignments will not be changed after arrival of the delegates.

UNIVERSITY HAS LARGEST ATTENDANCE IN HISTORY

According to an announcement made at the office of Registrar W. E. Bowman, on Friday, October 8th, the enrollment for the fall semester at the State University of New Mexico had reached a total of 420. This is the first time that the initial enrollment has exceeded the 400 mark, which represents the largest group of students of strictly collegiate grade ever enrolled in a higher institution of New Mexico. The present total of 420 students includes twenty-four teachers in the Albuquerque schools who have registered in one of the regular courses in the department of education.

Twenty-four counties in New Mexico are represented among the students as follows: Bernalillo, Chaves, Colfax, Curry, Eddy, Grant, Gaudalupe, Harding, Lea, Lincoln, Luna, McKinley, Mora, Otero, Quay, Rio Arriba, Roosevelt, Sandoval, San Juan, San Miguel, Santa Fe, Socorro, Torrance, Union and Valencia.

Students from twenty-two states and one foreign country are also enrolled in the University. Some of the states represented are: Alabama, Arkansas, California, Colorado, Florida, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Mississippi, Missouri, Minnesota, New York, North Dakota, Ohio, Oklahoma, Pennsylvania, Tennessee, Texas and West Virginia, Mexico.

A total of 372 students are residents of New Mexico, with less than ten per cent of the total enrollment coming from without the state. 161 students now attending the State University are graduates of the Albuquerque high school.

WESTBROOK WELL IN WINKLER COUNTY MAKES TWO HEADS

Excitement for the week in the oil activities centered in the showing of the Westbrook well in Winkler county, Eastland Oil Co. No. 1 Hendricks, which flowed in two heads Wednesday, amounting to more than twenty-five barrels with high gas pressure. The well has come back after further drilling.

Being put on a pump after striking the first show of oil at 2,745 feet, the production only amounted to about thirty barrels per day, so orders were received to make new hole. Following the cleaning out, and making of new hole this new show filled the hole with oil, and flowed over Wednesday. The men of the crew say that it comes from the first strike and looks like the makings of a good producer.

Operations were halted, and they shut down to build tanks for storage. Following this, their operations will depend upon the continued showing of the test. It has started considerable talk as to the possibility of this area, taking in the eastern part of Loving county, where several paper locations have already been made. One of these is held by Duffy Eros, and may induce them to test their large block of acreage in the attempt to find the pool that seems to exist.

In this same county is the Lockhart Allen well, located within a mile of the old "Wheat" well, and now making new hole below 3,675. This is the third well on the east bank of the Pecos river in Loving county, and is getting as much attention as the others before. They are now drilling in salt again, and have encountered a large quantity of salt in their drilling.—Pecos Enterprise.

STATES WITH BIG AUTO INCREASES

States showing the greatest increase in automobile registrations the first half of 1926 are Florida 76.2 per cent, Michigan 24.3 per cent, Mississippi 21.0 per cent, Arkansas 19.0 per cent and Oklahoma 16.7 per cent. Increases between 14 and 15 per cent are reported by Georgia, Idaho, Nevada and North Dakota.

**INSURANCE, A MEASURE
OF CIVILIZATION**

There are many suggestions offered as to the means of measuring the march of civilization. Religious people offer statistics regarding the progress of religion. Scientists measure the shape of the brain and tell us that we are ahead of the Neanderthal man because his forehead slanted backward while ours are knobby. Engineers and commercial gentlemen point with pride to our building industries and the volume of trade as compared with similar figures offered by Menepht, Nebuchadnezzar and the Cliff Dwellers. Personally, I like to call attention to the invention and progress of printing, the discovery of celery and tomatoes, and the downfall of monarchy. But now comes the insurance man with a theory equally attractive. He says that the last word in civilization is the concrete proof that men are willing to share each other's burdens, on a reciprocal basis.

Socialism, says the insurance man, is wrong because it attempts to force men to share each other's burdens. It is Christ at the head of a government, supported by policemen, forcing the rich to disgorge but unable to force the lazy to work. If men wish to share each other's burdens the act should be voluntary and the amount received should be in proportion to the contribution. Insurance offers this opportunity.

Insurance is the greatest business in the world. It is a mark and sign of civilization because the history of civilization has been the story of the elimination of chance from the lives of men.

To eliminate the chance of death caused by wild animals and savages, primitive man invented the spear. To eliminate the chance of cold and discomfort he built huts and, later, houses. To prevent epidemics he built sewers. This removed one of the chances of death by disease, just as the war on the mosquito eliminated another.

One by one, as rapidly as he was able, he reduced to certainty every condition affecting crops, transportation and markets, that in a state of nature subjected man to chance. For sails he substituted steam; for ox-carts, rails; for candles, electricity. To eliminate fire hazards he produced fire departments, and to prevent crime, which he has not succeeded in doing, he established police departments.

When he could not prevent death by fire or accident he learned how to insure their financial hazards. The insurance business, equalizing unavoidable losses, became the final answer to man's greatest economic problem, the elimination of chance.

Today insurance companies remove practically all the hazards of financial loss through accident and misfortune in business or in private

**DID YOU EVER STOP
TO THINK?**

By E. R. Waite

Did you ever stop to think... Ballard Dunn, editor of the Omaha Bee, says:
THAT your town can be talked up as easily as it can be talked down.
THAT good roads lead into your town as well as out of it.
THAT advertising is the lubricant that takes the squeak out of the wheels of business.
THAT advertising is not notice that you can supply a need so much as it is the creation of a desire for what you have to sell.
THAT if you do not think your town is the best town in the world for you, it is up to you to move out and make room for a man who does.
THAT responsibility for law enforcement in your town is not wholly upon officials, because enforcement cannot rise higher than the level of public conscience.
THAT respect for parental authority is the foundation of respect for the country's laws.
THAT the nation cannot rise above the level of its homes. Patriotism can be expressed by willingness to do jury duty just as well as by willingness to shoulder a rifle.
THAT honesty, merely because it is the best policy, is a species of dishonesty.
THAT you cannot sell yourself to others until you have first sold yourself to YOU.
THE RIGHT SORT OF ADVERTISING IS AN INVESTMENT, NOT AN EXPENSE.
Calling cards, 100 for \$1.75, paneled stock.—The Advocate.

life. Insurance is a means of voluntary co-operation among men. It ties all men in certain industries; and at the last it stabilizes the world!
International insurance will tend to prevent war. For who will shoot his own policy-holder and thus be compelled to support the family of the man he murdered?
Most of all, insurance is important because the greatest need of the modern business man is the feeling of security. It is not work that kills man. Fear, worry and hate are the chief enemies of happiness.
Insurance binds the first two and disarms the third.

**Negligees Favor
Lace-Trimmed Crepe**

Much exciting news is to be found in the story of fall negligees. Fluffy types, made up in colorful and gorgeous fabrics and trimmed with ostrich and marabou bands and fringes, set the pace for less pretentious garments. Emphasis is placed on wrap-around styles, with side fastening and on exaggerated dolman and flowing sleeves. Black satin, with brilliant color contrasts in facings, lining or decorations is a favorite, but crepe de chine and other crepes provide the most practical models.

MUCH BUILDING NOW UNDERWAY AT NEW TOWN OF MALJAMAR

The new hotel at the town of Maljamar in Lea county will be officially dedicated Sunday, when a chicken dinner will be served to more than eighty-five guests. The hotel building was recently completed and is now in operation. A school building also recently constructed is in use. Twenty pupils have been enrolled to date and more are expected to enter school before the close of the term. Building activity in the new town is apparently just getting underway, states W. E. Ragsdale. Plans have been made to erect a filling station beginning next week. Just outside the city limits, three new buildings are under construction. A five room dwelling erected by Will Taylor is almost finished. Zach Taylor is building one four room and one three room dwelling near the Zach Taylor residence. Pipe which will be used in supplying the town with natural gas, is being hauled out today.

THE GOTTON GINNINGS TOTAL 2567 BALES IN THE NORTH VALLEY

Fair progress has been made by the north valley gins during the past week, but cotton is not yet coming in as rapidly as expected at a later season. A shortage of pickers is reported in this section. This fact has probably slowed up the gathering operations considerable. A total of 2,567 bales had been ginned up to yesterday noon, according to the figures furnished us by William Baskin from thirteen gins. The totals follow:
Farmers Gin Co., Roswell..... 232
Roswell Gin Co., Roswell..... 208

COTTON FORECAST IS 16,627,000 BALES ON OCTOBER FIRST REPORT

(Continued from first page)
was let loose on the New York cotton exchange, demoralizing the market and smashing prices to the lowest levels in more than five years.
December contracts quickly declined to 12.36 cents a pound and January to 12.41 cents.
Ginning for the period was a record figure and traders generally felt that the crop would be the largest ever gathered.
Mill buying on a large scale and speculation covering rallied the afternoon market Friday \$1.75 a bale from the extreme low prices of the day. The closing was steady at a net loss of about \$2.50 a bale.
Secretary Jardine expressed confidence Friday that the present and potential credit resources of the country are entirely adequate to meet the requirements of the present cotton crop, however bountiful it may prove.

LAKE ARTHUR DEFEATS JUNIOR HIGH HERE IN A FAST GAME FRIDAY

The Artesia Junior high eleven lost a fast game of football to the Lake Arthur high school eleven by a score of 7 to 6 on the local gridiron on Friday afternoon. These two teams met in a game at Lake Arthur a few weeks ago, which resulted in a victory for the locals by a score of 2 to 0.

The visitors were able to score in the first half of the game and outplayed the Midgets during a greater part of the game. However, during the last quarter, Coach Morehead's eleven began to advance the ball down the gridiron. Boddy, husky tackle, was given the ball on a fake play and circled the left end for a twenty yard run and a touchdown. The attempt for extra point failed. As the Lake Arthur players were able to gain their extra point after touchdown, they emerged the victors.

The Junior high school eleven, averaging about 110 pounds in weight, play a stellar brand of football for grade school boys. They are to meet the high school second team in their next game.

The lineups:

Lake Arthur	Position	Artesia
Nichols	left end	Walker
Derrick	left tackle	Littlejohn
Walden	left guard	O. Bowman
Pate	center	Simmons
Walton	right guard	F. Bowman
Graham	right tackle	Cobble
Williams	right end	Rogers
Beasley	quarterback	Glenn
Brown	left half	Pollard
Bradley	right half	Brown
S. Derrick	fullback	McCaw

DISTRICT COURT AT CARLSBAD IN SESSION MANY CASES ARE HEARD

(Continued from first page)
the fact that a number of the first panel was excused by the court, it became necessary to summons a special venire. After the venire was drawn the jury began its labors, but have not been in session continuously since first empaneled.

The list of the petit jurors follow:
J. M. Puckett, S. J. Rose, Anderson Young, Albert S. Gerrells, W. L. Coe, W. R. Fenton, C. T. Harkey, L. H. Jones, Clayton Miller, Frank B. Smith, H. A. Porter, John McCollum, Joe Johns, George Welton, J. W. Graham, Paul Terry, Burl Sears, E. T. Jernigan, Carl Smith, George Fredrick, R. U. Boyd, L. R. Walker, Rex Wheatley, Alva Williams.

The four true bills returned by the grand jury were indictments against Tom Kirkland, for murder; the case growing out of the fight at a filling station some two months ago, late at night, when a Ford car driven by several young men demanded gasoline from the defendant and upon being refused a fight ensued, in which one of the men was killed by Kirkland. The defendant pled not guilty through his attorney, E. P. Bujac, and the trial was set for yesterday.

Another indictment was against Arthur V. Pue, for seduction; case dismissed upon recommendation of the district attorney.

Margarito Gonzales was indicted for forgery; and pled guilty and was sentenced to the reform school at Springer, New Mexico, for a term of from one to one and a half years.

Thomas Ulate who was charged with the crime of rape and pled not guilty, changed his plea to guilty and was sentenced to from one and one half to two years in the penitentiary.

Jose Ramirez, whose case was appealed from the justice of the peace court, had a trial by jury and was acquitted. Jose was charged with robbery, the crime having been committed several years ago, and the stuff taken from a ranch house in the Malaga district was found in Jose's home at San Jose. He claimed he bought the goods from another Mexican who had since left the country.

The case against Miguel Martinez and Eulalio Salgado, for assault and battery appealed to the district court from the justice of the peace court, was set for trial by jury, Tuesday, but the defendants changed their plea of not guilty to guilty, and received sentence yesterday.

A motion in the case of R. E. Dugan against the town of Artesia, for violation of the law against mobs and for personal damages, was heard by Judge Kiker Saturday, and the court refused to order the defendant to leave the county for a physical examination, the attorneys for the defendant city having argued that it was impossible to get an examination of Dugan by an expert in Eddy county; the court directed the defendant to bring its expert witness here for the trial, which was set for October 19th.

PAVING MATERIALS ARE BEING MOVED IN; ROCK CRUSHER BUSY

Before another week passes it is expected that the paving construction will be underway. Practically all of the working equipment has been unloaded it is understood, but the beginning of the construction work has been held up on account of the weather conditions. The rock crusher, which will furnish rock has already started operations on the Hope highway two miles west of here and four trucks are busy transporting the crushed rock into town, where it will be assembled for an early start.

There is much preliminary work to be completed before the paving proper starts. The streets are to be leveled and a curbing and guttering crew will finish this work before the concrete is laid in the streets.
