ARTESIA, NEW MEXICO, THURSDAY, MARCH 10, 1927

NUMBER 12

## West Oil Rigging Test On Farm

To Start Drilling Operations March 15th—Oil Is Cut Again—Mitchell Well Was Yesterday.

A summary of the American Institute shows the gross crude oil production of the United States decreased for the week ending March 7th. Total crude oil production of the state of New Mexico was 4,750 barrels, a decrease of 1,000 barrels daily. Regarding decrease of crude oil was cut here during the week being slashed twenty percent to \$1.20 at the time of gravity. This is a reduction in the last cut of 30 cents being made on February 17th, another of 25 cents on March 7th. As a result of the low price of crude oil, the attention of many blocks of oil is being closely checked by the majority of these blocks of the Pecos river and the Maljamar and Ar-

royalty benefits from the Maljamar fields.

The majors to acquire the Pecos is the Hagerman Co., who closed a holding of Robert Rehn, consisting of a three acre and 1,200 acres, six of which are in the Pecos. The production was encountered at about 1,000 acres and have a well to be drilled in the SW NW 27, on the Terry farm. A one-half mile west of the producer and about a mile northwest of town well, that attracted the attention of the Pecos twenty years ago. This well for artesian water, making considerable oil. It never proved to be a producer, due to a lack of water, although a lot of money was spent to shut it off.

California operators to try their luck west of a location made of Loving, south of the structure was worked by geologists, who has spent months in checking

the Manhattan taken over the Monita's section 1-18-27 and rearing at 2,300 feet.

Some twenty-five local baseball fans held a meeting, Tuesday evening for the purpose of organizing a team for the coming season. With the baseball material available here at present, many of the locals feel confident that a winning team can be placed in the field.

While a few of the preliminaries necessary for the organization were disposed of, definite plans have not yet been made, however, the organization proper is expected to proceed as soon as a manager has been selected. Frank Linell, a veteran in the local baseball circles, was chosen to pilot the team for the year, but could not accept. It is likely therefore that a player manager will be selected soon.

Messrs. Vance Tabetts and Gail Hamilton attended a safety first meeting held in Roswell Monday evening. This was the third meeting of its kind to be held in that city, under the auspices of the Southwestern Public Service Co., and the Southwestern Bell Telephone Co.

These meetings have proved very helpful to concerns employing numbers of men, where the work is regarded as more or less hazardous. An organization of this kind will likely be formed in Artesia at an early date, according to Mr. Hamilton.

## J. O. CASEY TREASURER ROSWELL DRAINAGE DISTRICT IS MISSING

J. O. Casey, treasurer of the Roswell drainage district and a well known resident of Roswell has disappeared with funds of the drainage district exceeding the amount of \$500.00, according to advices received from Roswell Saturday. A warrant for Casey's arrest was drawn by Curtis Hill, assistant district attorney, but so far as known the whereabouts of the missing man are not known. A complete audit of the funds of the drainage district has not been made, however, some have expressed the belief that the shortage may exceed \$20,000. Casey was last seen here.

## EL PASO MOTORCADE CHAMBER OF COMMERCE ENTERTAINED HERE SAT.

Arrived Here At 12:30 and Lunch With Local Business Men—Delegations From Hope, Lovington, Elk, Seagraves Here.

The El Paso Chamber of Commerce motorcade, aided by fair weather made scheduled time through the valley. They arrived here at 12:30 Saturday, only fifteen minutes behind schedule. The day was ideal and the entire delegation appeared to have a very enjoyable visit. The newly paved block east of the Smokehouse was reserved for cars belonging to the motorcade and after parking at the designated place, members of the El Paso party were escorted to lunch at the Artesia banquet hall.

Delegations from Hope, Lovington, Elk and Seagraves, Texas joined in during the luncheon hour. Owing to the fact that the latter delegations were unexpected, the dining hall was crowded to capacity, but all visitors were well taken care of and the entertainment feature at the luncheon hour went through without a hitch.

Each visitor was met at the door of the Artesia banquet hall by a committee of the Artesia Chamber of Commerce and branded with a large letter A. Master of the branding ceremonies, S. B. Barnett was on the job and saw that the work was done up in proper style.

After lunch was served, C. Bert Smith, acting as toastmaster, officially welcomed the visitors in the name of the local Chamber of Commerce. Mr. Smith was followed by Mayor C. E. Mann, who told the diners that the latch string to Artesia hung on the outside. M. A. Corbin in a brief talk, pointed out some of the advantages of the proposed highway west. Speaking for El Paso, Frank Fletcher, president of the El Paso Chamber of Commerce, delivered greetings of his organization to the business men of Artesia. Rev. Angie Smith, of El (Continued on last page, column 1)

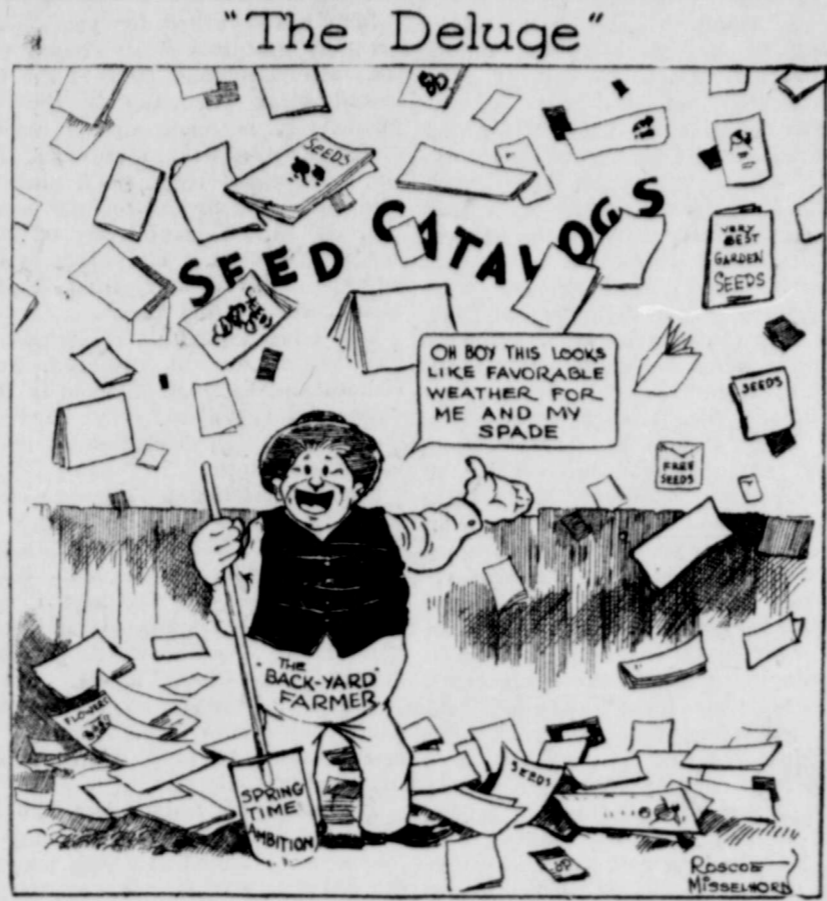

## BASEBALL FANS HOLD MEETING TUESDAY TO ORGANIZE A TEAM

ATTEND SAFETY FIRST MEETING

Messrs. Vance Tabetts and Gail Hamilton attended a safety first meeting held in Roswell Monday evening. This was the third meeting of its kind to be held in that city, under the auspices of the Southwestern Public Service Co., and the Southwestern Bell Telephone Co.

These meetings have proved very helpful to concerns employing numbers of men, where the work is regarded as more or less hazardous. An organization of this kind will likely be formed in Artesia at an early date, according to Mr. Hamilton.

Loose-leaf binders, special ruling and stock forms—Advocate.

## ALFALFA ASSOCIATION HOLDS FIFTH ANNUAL MEETING HERE TUESDAY

The fifth annual meeting of the Artesia Alfalfa Growers Association was held last Tuesday. The forenoon was occupied in the giving of various reports. The afternoon in the election of officers and other matters of interest to the farmers.

The managers report indicated that the volume of business for the past season was much larger than any preceding year, also the membership has been increased from 156 to 216, both indicating a healthy growth. The total ginnings show a gain of 752 bales over last season. Hay shipments have jumped from 7975 tons last year to 9870 tons for the season of 1926 or a gain of almost 2000 tons. The 1925-1926 report shows 19 cars of apples handled while this past season shows 37 cars handled. Taken all together the seasons transactions have been very gratifying. The report was accepted by motion. As is customary the report, together with all the records will later be placed in the hands of a certified public accountant.

At the afternoon session the election of officers was taken up and quickly disposed of. J. H. Hollomon and Tom Terry were unanimously elected to succeed themselves. The other three members of the board of directors, Messrs. Winans, Funk and Williams, hold over.

The subject of freight rates on farm products was presented by Mr. Mellard, of Hope, and was discussed at length. The Association is working with the Pecos Valley Traffic Bureau of Roswell to secure reasonable adjustments wherever possible. Already a number of rates have been lowered and some are now before the I. C. C. for their consideration.

Reed Brainard presented the subject of a creamery, condensery, or cheese factory for Artesia, or the Pecos Valley and a number of farmers made short talks along this line. The matter was left in the hands of a committee consisting of Messrs. Reed Brainard, Glenn O'Bannon and Frank Morrison.

Federal hay grades for this section of the United States seem to be nearing a reality, as the state of New Mexico has adopted this system of hay grades, and now the leading co-operative hay associations have also adopted them. The Artesia Association by action of their directors saw fit to place three men in the Ft. Bliss federal grading school some weeks ago and they will be ready to function this coming season. All these details were gone over at the meeting and considerable interest was manifested as was evidenced by the character and number of questions asked.

While the farmers all realize that the past season has not been up to the usual standard on account of lower prices for all farm products, nevertheless most of the Association members have been very well satisfied considering the circumstances and look forward to a bigger and better year than ever.

The Artesia Rotary Club held its seventh consecutive one hundred percent meeting this week. Visitors at Tuesday's luncheon were. S. B. Barnett, city; Dr. Neihrety, Sherman, Texas; Prof. Thomas; J. D. Atwood and C. R. Carr, Roswell and Jess Truett, city.

SEVENTH ONE HUNDRED PER CENT MEETING

The Artesia Rotary Club held its seventh consecutive one hundred percent meeting this week. Visitors at Tuesday's luncheon were. S. B. Barnett, city; Dr. Neihrety, Sherman, Texas; Prof. Thomas; J. D. Atwood and C. R. Carr, Roswell and Jess Truett, city.

## CAL AND AL MAY MAKE 1928 RUMORS STATE

NEW YORK.—"Cal" and "Al" figured yesterday in accounts of the first discussions of presidential prospects to develop since congress adjourned.

While President Coolidge was boomed for another term at a republican meeting in New York, democratic leaders announced they were already at work in behalf of Governor Alfred E. Smith and "proposed to nominate him."

The boom for the governor was sponsored by George W. Olvany, Tammany leader, and John F. Carew, chairman of the New York state democratic delegation in the house of representatives. They expressed their optimism after a conference at Tammany Hall.

Coolidge enthusiasm was manifested at a gathering of Kings county republicans, at which the keynote was sounded by Albert Ottinger, New York state attorney general, who said the third term question was "refined form of quibbling." He added that the Empire state, which has given Governor Smith four times, would be in the vanguard for Coolidge.

The men boomed kept silent as to their availability.

"I am staying here in Albany and attending to my own business and that of the people of the state," was Governor Smith's only comment.

From Chairman Oldfield of the democratic congressional campaign committee in Washington came a remark as to President Coolidge's plan to spend the summer somewhere in the west, in the region where the boom of Frank O. Lowden has been prominent especially since President Coolidge's veto of the farm relief bill. Oldfield said the president's plan "would naturally suggest that it was prompted by an intention to angle for votes instead of fish."

At the Tammany Hall discussion Olvany said that while Governor Smith had in no way indicated whether he would be a candidate, reports from all sections of the country showed that the governor was a favorite for the democratic nomination.

Representative Carew predicted Smith "will get some delegates from Texas," while other party leaders said that they had received reports that Governor Dan Moody of that state had been mentioned as a running mate for the New York governor and would confer with him soon at Albany.

"Thanks for the compliment," said Governor Moody when the report reached him in San Antonio, "but who is going to pay the railroad fare?"

Plans for the 1928 major party conventions also figured in the news. Cleveland and Detroit were named at Washington as the leading contenders for the democratic choice, while the range of speculation among republicans ran as far west as San Francisco.

## FIRE AT THE PEARSON HOME ON COTTONWOOD

The Artesia volunteer fire department was called to the Pearson farm on the Cottonwood Friday, about 11:30 a. m., after three or four calls in quick succession begging for help had come into the office. The boys went and found fire scattered all over the farm yard. The suction was put into the artesian well and hose connected. Forty minutes of fighting and the fire was out and the house and barn saved.

## ARTESIA ROTARY CLUB ELECTS DIRECTORS FOR ENSUING YEAR

The Artesia Rotary club held the annual election of directors at Tuesday's meeting. The election was called a few months earlier than usual on account of the district convention to be held in Carlsbad March 14th and 15th. The officers of the organization will be chosen from the seven directors elected to serve for the ensuing year.

The new board of directors are: J. H. Jackson, Mark Corbin, J. E. Robertson, C. Bert Smith, D. I. Clowe, E. B. Bullock and Dr. C. Russell.

## ROSWELL WINNER OF VALLEY BASKETBALL TOURNAMENT SATURDAY

Lake Arthur Is Runner Up In the Contest—Carrizozo Defeats Artesia for Third Place—Finals Are Played Saturday Evening.

The Roswell high school coyotes emerged victorious in the finals of the Pecos Valley basketball tournament held at Roswell Saturday. Lake Arthur was the runner up in the contest and took second place. Carrizozo beat Artesia for third place, Saturday before the finals were staged.

Friday: Carrizozo 35, Dexter 18; Hagerman 27, Corona 26; Lincoln 11, Roswell 52; Carlsbad 28, Lake Arthur 21; Hope 23, Artesia 27; Captain 15, Dexter 65; Corona 21, Lincoln 25; Hope 19, Lake Arthur 26.

Saturday: Hagerman 17, Lincoln 31; Roswell 23, Carlsbad 22; Dexter 30, Artesia 33; Lincoln 17, Lake Arthur 41; Carrizozo 23, Roswell 28; Artesia 19, Lake Arthur 29.

In the finals Saturday evening at 8:30 Roswell defeated Lake Arthur 28 to 15. Roswell had the hardest struggle to defeat Carlsbad on the previous night, when they emerged with a one point lead. The Roswell-Lake Arthur line up:

Roswell	FG	FT
Packenhams	1	0
Peed	1	0
Allison	0	2
Gross	8	2
Corn, H.	0	1
Corn P.	1	1
Totals	11	6

Lake Arthur	FG	FT
Derrick L.	0	1
Derrick J.	4	2
Brown	1	0
Williams	0	2
Derrick W.	0	0
Totals	5	5

Carrizozo defeated Artesia for third place by a score of 44 to 30. (Continued on last page, column 1)

## ARTESIA WILL GO TO DISTRICT CONVENTION AT CARLSBAD MAR 14-15

Details of the program for the Rotary district convention to be held in Carlsbad March 14 and 15, are now being worked out and will soon be completed. This is a convention of the forty-second Rotary district which includes the towns of Sanderson, Marfa, Alpine and El Paso, Texas and the greater part of New Mexico.

Appearing on the program will be three members from the Artesia club, representatives of the international organization, Clinton P. Anderson, of Albuquerque, district governor, Henry Fletcher of Marfa, ex-district governor and many other noted speakers.

Practically all of the Artesia club will attend the convention, either Monday or Tuesday.

## DISTRICT COURT POSTPONED

According to word from Carlsbad the first of the week, the Eddy county district court has been postponed until Thursday, March 17th.

## MASONS TO ARTESIA

Local Masons have been invited by Artesia Lodge No. 28, A. F. & A. M., to attend a regular session of that lodge Thursday night when the Master Mason degree will be conferred on Dr. Westfall, of that city. A "feed" will be enjoyed.

This is one of the meetings at which the various lodges visit each other, and several will go from here for this session.—Carlsbad Current-Argus.

Calling cards, 100 for \$1.75, paneled stock.—The Advocate.

## City Asked For Quota to Finance Boy Scout Work

Committee Now Soliciting Funds for Artesia's Share In Eastern New Mexico Area—May Finish The Work Today.

A local Boy Scout committee is out this week, soliciting funds in Artesia for the Eastern New Mexico area council. An effort will be made to get Artesia's quota at an early date and it is possible that the committee's work may be finished sometime today. As was previously announced the community has been requested to raise a per capita tax of 30 cents for each member of its population. In order to raise the sum needed it will no doubt be necessary too for some individuals to go beyond the per capita allotment for their family in order to secure the required sum. Every adult will be asked to contribute something. If the committee does not see you, make it a point to see them.

The committee is composed of the following: E. B. Bullock, A. L. Allinger, John Lanning, Supt. J. T. Reid, D. I. Clowe, S. B. Barnett, Jess Truett and Fred Cole.

The Eastern New Mexico Scout Area, has been functioning as an organization for some two years. Those who contribute to the finances of the area will no doubt be interested to know something about what has been accomplished here since the inception of the organization.

The Court of Honor, composed of Dr. H. A. Stroup, Rev. C. C. Higbee, Supt. J. T. Reid, S. W. Gilbert and B. A. Bishop have awarded one hundred and twenty-five merit badges, given tests for the second class scout, in which twenty-three applicants have passed. Fifteen applicants have passed the tests for first class scouts and twenty-nine have passed the tenderfoot examination.

A list of expert examiners for merit badges in Artesia, selected for 1926 are:

Athletics, R. L. Paris; blacksmithing, Frank Ohnemus; bugling, C. W. Bartlett; business, R. A. Brewer; camping, G. R. Brainard; carpentry, Dan Eipper; civics, J. H. Jackson; conservation, M. A. Brown; cooking, L. G. Syferd; craftsmanship, A. M. Tarbett; cycling, Jeff Hightower; dairying, J. M. Jackson; electricity, Albert Richards; firemanship, J. C. Floore; first aid, Dr. H. A. Stroup; first aid to animals, Dr. W. C. Doss; gardening, E. C. Gaddis; hiking, Jim Stagner; life saving, S. W. Blocker; marksmanship, W. M. Linell; music, C. W. Bartlett; pathfinding, M. Stevenson; personal health, Dr. C. Russell; pioneering, W. M. Linell; plumbing, E. F. Olds; public health, Dr. C. Russell; radio, Gail Hamilton; safety first, M. Stevenson; scholarship, Prof. J. T. Reid; signaling, Gail Hamilton; surveying, Will Benson; swimming, L. B. Feather; textiles, C. Bert Smith.

## COMMISSIONERS TALK ABOUT COUNTY AGENT

The Board of County Commissioners are in session today. The only matter not routine in nature which is scheduled for their attention this afternoon is consideration of a county agricultural agent.

W. L. Elser, director of extension service, New Mexico College of Agriculture and Mechanic Arts, is here and is meeting with them this afternoon in an effort to get them to institute the agent.—Carlsbad Current-Argus.

## FIRE AT HOTEL WILLARD

Fire was discovered in the roof of the Hotel Willard, situated south of the Smokehouse, at 4:15 yesterday. Owing to a fairly high west wind, it appeared for a time that the entire structure might be in danger, but the quick work of the fire department soon had the blaze under control.

The origin of the fire has not been determined, so far as known. The building was fully insured, it was understood.

## STAG DINNER

M. W. Evans entertained at six o'clock dinner on Monday Judge McCrary and the Messrs. E. C. Higgins and S. O. Higgins.

With an opportunity to contract cotton for 15 cents in sight, 1927 cotton prospects do not look as bad as they did earlier in the season.

After the expected pay had failed to turn up in a certain well a curbstoner suggested that it might be on a fault. "Well it aint no fault of ourn," said the driller.

We heard of one farmer who always had something to sell when he needed some ready money. Even though the price was not always what it should have been, we'll have to admit his method of financing was pretty good.

The production end of the oil industry is said to be the most hazardous business in the world. The one crop farmer, probably has the next most hazardous business. He bets his years of labor against droughts, pests, insects, pestilence, hails and the law of supply and demand that he make his one crop.

**COURAGE**

Courage is not just To bare one's bosom to the sabre-thrust,

Alone in daring.  
Courage is to grieve—  
To have the hurt, and make the world believe

You are not caring.  
Courage does not lie  
Alone in dying for a cause. To die is only giving.

Courage is to feel  
The daily daggers of relentless steel  
And keep on living.

—Selected. From the Conoco Sentinel.

**THE TRADE EXCURSION**

The El Paso trade excursion has come and gone and we feel Artesia did her part toward providing proper entertainment. We hope that the few hours spent together Saturday will succeed in binding the ties of friendship a little closer between the two communities. We must look to the future for the results of our efforts, time will tell.

The only occurrence to mar the memory of the pleasant visit of the El Paso representatives was the report of the meeting in Sunday's El Paso Times, in which the Times representative appears to have gotten his wires pretty badly crossed in reporting the luncheon. The mix up probably does not amount to much after all, but serves to leave an ill taste locally, that can't very well be patched up by corrections.

**ENCOURAGING THE POULTRY INDUSTRY**

Our attention has been called to a very commendable plan, which we understand has been adopted by the First National Bank of Hagerman, as an inducement for encouraging the poultry industry in that trade territory.

The plan not only lends encouragement to the poultry industry in general, but more particularly to the breeding of full blood fowls. The bank offers to give the farmer ten baby chicks, if in return the farmer will give the bank a grown pullet from the lot received, at the end of a specified time. Figuring the baby chicks at 15 cents each, this will make the pullet cost the bank, approximately \$1.50 each.

A Russian was being led off to execution by a squad of Bolshevik soldiers on a rainy morning. "What brutes you Bolsheviks are," grumbled the doomed one, "to march me through a rain like this." "How about us?" retorted one of the squad. "We have got to march back."

For Coal Phone 86. 12-16-4tc

**The DAIRY**

**STUDY MADE ON COSTS OF MILK**

Additional facts on what it costs farmers to produce milk in the large milk-producing centers of Illinois have been obtained by the college of agriculture, University of Illinois in Washington, Clinton and Madison counties where 13 farmers, most of whom were producing fluid milk for St. Louis last year, made 10 cents above all expenses on every 100 pounds of milk produced.

These farmers kept 145 cows which cost them an average of \$142 a cow and produced \$150 worth of products during the year, according to Karl T. Wright of the college farm organization and management department, who summarized the records which the farmers kept in co-operation with the institution. These 145 cows produced 974,789 pounds of milk during the year, or an average of 6,723 pounds each, at an average net cost of \$1.85 a hundred. Most of these farmers have been keeping a daily record of each cow's production and have disposed of low producers, so it is evident that the average farmer in this territory produced milk at a loss.

The feed cost ranged from 91 cents to \$1.67 a hundred pounds of milk produced, while the man labor cost varied from 30 cents to 86 cents when figured at 25 cents an hour. In other words, the feed cost for the year for each cow varied from \$67 to \$109 and man labor cost from \$22 to \$47, which shows that there is much room for improvement. While the feed cost a cow was \$67 in the one case and \$109 in the other, it amounted to 59 cents a hundred for milk produced in the first case and 48 cents in the last. This shows that cheap production comes not so much from low cost a cow as it does from high efficiency of the cow. A farmer can secure low feed and labor cost on each 100 pounds of milk produced only after he has carefully selected efficient high-producing cows, which he cares for as efficiently as possible.

On these 145 cows, feed made up more than 61 per cent of the costs, and man labor nearly 24 per cent. Charges for use of building and equipment, interest on investment in cows, insurance, veterinary and miscellaneous, made up the 15 per cent.

One of these farmers spent 91 hours taking care of each cow, while another spent 276 hours, and furthermore the production of milk was 500 pounds less in the last case. There seems to be very little connection between time spent and the production per cow. It required 156 hours as an average for all the farmers to care for each cow throughout the year.

Since feed and labor made up 85 per cent of all costs, it behooves the farmer to watch these two items closely, as any reduction he can make in them will greatly increase his profit. Wright pointed out. The efficient, high-producing cow is the most important single factor in getting profits.

**Prevent Pneumonia**

Like lots of other ailments of calves, pneumonia is much easier to prevent than to cure. It is most likely to occur in cold, damp weather. However, it is not so much the result of cold weather as of damp stalls, dirty, wet surroundings and poor ventilation. To prevent this trouble be sure first that the calf has warm, dry quarters with plenty of clean, dry bedding. Clean out the pens and stanchions regularly and above everything else keep them dry. The calves should have plenty of room to exercise.

**Full Feed for Cows**

When a good dairy cow is fed a full ration of balanced feeds she will use about half of the feed to maintain her body and the other half for producing milk, but when this same cow is fed a three-fourths ration she needs the same amount to maintain her body and can use only one-third of her feed for producing milk. When fed a half ration she needs all her feed to maintain her body. This fact shows the importance of full feeding good cows.

**Dairy Notes**

One beauty of poultry is that it coordinates so nicely with dairying.

Cool the milk to 50 degrees F. and hold at this temperature as nearly as you can.

It is a mistaken idea to think that legume hay—no matter how good—makes silage unnecessary in the cow's ration. The two are essential.

Apples or apple pomace may be fed to dairy cows as a substitute for corn silage.

Skim milk or buttermilk which comes from creameries that fail to pasteurize thoroughly, is a constant source of danger in spreading the disease to live stock.

In many dairy barns individual drinking fountains are being placed at the stall heads, so that stabled dairy cows can drink as much and as often as they please.

**DID YOU EVER STOP TO THINK?**  
By E. R. Waite

Burrows Matthews, editor of the Buffalo Courier-Express, says:

THAT the man who uses the phrase "that's only a newspaper story" does so because he does not stop to think. There is no other agency in the world which makes such honest efforts to present facts and nothing but the facts as the modern newspaper. There is nothing quite as disheartening to a newspaper as the retraction and admission that it was wrong. With that thought in mind, added to the natural desire to play fair with newspaper readers, plus the knowledge that there is legal redress known as libel, every newspaperman from reporter to editor tries to make each story painfully accurate.

Compare the printed news story with that which is passed from mouth to mouth and find which one survives as to accuracy. Many tests have been made of passing stories from person to person and invariably it reaches the last one badly distorted, for the human mind, unless checked by sense of duty as on a newspaper, loves to add a little touch of color here and there with small regard for the truth. Another test is to read a newspaper story through once and then try to repeat it to a friend. If there are many facts you will find that you do not repeat them all and in many cases, if it were set down in cold type, it would omit a phrase or so which would give an entirely different interpretation to the story.

And so instead of saying "That's only a newspaper story" with a tone of derision, the average man should leave out the word "only" and use the phrase as a stamp of approval.

**A BUSY BIG SISTER**

Under the above caption Parson Shepard, field editor of the Lea County Courier, a new paper recently established at Tatum, has the following to say about the proposed new county. We are sure these pointed remarks will be appreciated by all of Parson's friends in the Artesia community:

"We are informed through the Southwestern Dispatch, of Roswell, that Artesia has it all cut and dried to wipe Lea county off the map. In order to secure enough territory to form a new county, she intends running two lines, one taking in a part of Eddy county and the other a part of Chaves, extending eastward to the state line, including the Lovington community in the new county, of which Artesia is to be the county seat.

She kindly awards the potash field to Eddy, the oil field to Artesia county and the agricultural field, including the Tatum vicinity, to Chaves county.

Now it is kind of our dear big New Mexican's sister to be willing to do so much for all of us, and that too without our having to bother a bit about the planning, to say nothing of the work which must attend the "wiping out" of such a husky, growing, youthful county as Lea. Reminds one of big sister trying to out little brother when her beau comes.

The little brother in this instance had as lief see big sister attend to matters in her own vicinity, judging from the howls we hear emanating from the proposed annexed territory.

**NOTICE**

The engine-fire truck will not leave the city limits for any country fire call. The volunteer fire boys will go to any country call if they can be of service without taking the engine-fire truck.

M. E. REHBERG, Fire Chief.

**WHAT CHILDREN SHOULD KNOW**

Men have worked for years on inventions that look very simple when they are completed. One of the most useful tools of today is the telephone. It is made up of nineteen different products; aluminum, iron, tin, lead, zinc, silver, gold, platinum, coal, mica and nickel, for the production of which explosives of some shape are used. The other materials are silk, rubber, wool, asphalt, cotton, shellac and flax.

The largest gold mines in the United States are in Colorado, South Dakota and California. Gold in these states is found in very hard and tough rocks and is broken up by the use of dynamite.

The Government has developed what is known as soil surveys and agricultural experts call certain soils by names like Tama soil, Caddo, Conway, Genesee, Carrington, Gundy, etc. These names are just as plain to them as the words "shiners," "chubs," and "bull heads," are to youthful fishermen no matter whether they throw their lines in the creeks and ponds of Maine, Florida or Nebraska.

By wrapping smelly fish like kippers in cellophane they may be "noiselessly" boiled and then prepared for serving. It is not necessary to break the wrappers until the fish are ready to be eaten. Consequently there are no odors.

Instead of painting all of their locomotives black the Baltimore and Ohio and the Southern Railway are using bright colors, such as green and yellow, and they are doing wonders with their cars also. With the new Duco paint it is possible to entirely change the appearance of railroad equipment over night.

The Olympic games were instituted first in Greece about the year 1453 B. C. The modern Olympic games were revived in Europe in 1898.

The most dangerous explosives are made out of ingredients commonly found in nearly every housewife's kitchen, such as ammonia, glycerine, gelatine, soda, potash, starch, and even sugar.

# POULTRY

## POULTRY DON'T WATCH A CLOCK

Do not watch the clock. "Poultry" in the flock start soon as it is light in the daytime until it is dark. Men are taking advantage of the natural tendency for artificial light to lengthen the day of the farm flock for months. The result is production of eggs. Proper light is furnished for them are properly fed and

advantage of this system. G. Halpin, poultry specialist at the Wisconsin College of Agriculture, says that it stimulates the hen to lay, and hastens the laying of late and immature pullets more eggs during the winter. However, he believes that proper feed and good care will result in well-developed hens will the extra hours

of artificial light. Hens that are mature into early laying may result in reduced production of eggs during the winter. This is due more to the lack of supplying the flock with proper nutrition than to the mere fact of artificial light. "The most difficult thing to do in winter is to keep the hens in good conditions is sufficient to make it possible to lay during the winter months. If these conditions are not supplied in sufficient quantities, the hatchability of the eggs will not be seriously low."

Men who have used electrically turn them on and off five o'clock in the morning. Some use the light at all times which they give an alarm clock may be used on the switch automatically. The chickens are to be fed during these hours, the light should be distributed so as to cover the entire flock.

## Get Greatest Profit

Profits from the sale of eggs one season of the year are high in price at the end of the year because few are obtaining eggs. Eggs are scarce during the "flush" of the spring, because they are not available from winter to spring. The winter you have a surplus between the cost of eggs and the price of eggs. As the price of eggs in the spring and the cost of eggs are practically the same, the opportunity for making a profit is the cost of feed representing 60 per cent of the farm to feed our flocks as possible.

## Poultry Notes

A better egg producer. Properly handled and fed, the weight even though they are small.

Neglected to get a new order a setting or two of eggs now, and raise chicks for new blood next year.

Treatment for mites, and one, is to paint the hen walls, roosts and all, with old crank-case oil and kerosene.

It seems to be wanting for weight—birds weighing and three pounds. Evils are demanding meat-pick.

Use of green feed for the essential for both health and production. If taken the first day, will come back to produce free days if she is put in a coop and fed liberally and milk.

of coccidiosis (bloody stool) which is fatal to a great many every spring, may be prevented by plowing up the chicken yard.

Best when confined to house during the winter fed a laying mash.

Produce the heavy grain come at the evening meal. Should have all the grain on up at this time.

hatch in twenty-eight the hatching is done by all to keep the hen covered may be introduced to her otherwise she may peck at the chicks.

## IN THE LEGISLATURE

SANTA FE.—Legislative Record

House New Bills: HB 390 (Errett) amending sec. 3706, code of '15 relative to front foot assessment of city property.

## "The Modern Slapstick Comedy"

## SCHOOL BOARD DISCUSS PROMINENT ST. LOUIS PROBLEM CONNECTED WITH CENTRAL BLDG. WITH EL PASO MEN

The Board of Education met last Sunday at the Central school to discuss the problem connected with the condition of the Central school building. They inspected the building throughout and found no evidences of serious damage done by the high wind Friday. At some of the places where the building has been cracked for a long time small pieces of plaster had fallen but outside of this, there seemed to be no change in the condition of the building.

However, it was agreed that plans would be pushed to begin tearing down the old building as soon as the outcome of the bond election is known. To this end bids are being called for for this purpose, a copy of which may be seen in this issue of The Advocate. Plans are also being perfected to move the children into other buildings for the remainder of the school year so that this work can begin. Three rooms will be arranged at the high school and others likely at some of the church buildings.

Until these arrangements can be made school will continue in the Central building with every precaution being taken to protect the welfare of the children. On windy days school will be dismissed in order that the parents may not be uneasy about their children. While it is the opinion of those competent to know who have inspected the building that there is no imminent danger, the board and Superintendent Reid are looking carefully after the matter and will do everything consistent with good judgment to take care of the situation.

When the El Paso Chamber of Commerce Motorcade visited this city, its personnel included one of the best known manufacturers and capitalists in the United States. He is Harry L. Hussmann, president of the Harry L. Hussmann Refrigerator Company of St. Louis and president of the Hotel Orndorff Operating Company of El Paso.

Mr. Hussmann, who developed his business in St. Louis from a small beginning to the world's largest refrigerator plants, has decided to make the Southwest his home and has purchased one of the most beautiful estates on Pershing Drive in El Paso where his family now lives.

Mr. Hussmann became interested in the new Hotel Orndorff, on the Plaza in El Paso, at the time the Hussmann refrigerating plant was being installed in the hotel. He invested in the stock of the Operating Company and later bought the controlling interest from Lee H. Orndorff and was elected president of the company.

Although Mr. Hussmann continues his active connection with his manufacturing interests in St. Louis, he is becoming more and more interested in the investment possibilities of the Southwest and he is making the present motor trip with the El Paso Chamber of Commerce to get first hand information about these resources. One of his plans is to establish a chain of hotels similar to the Spanish Renaissance Hotel Orndorff throughout the Southwest which will appeal especially to motor tourists visiting this section.

## ROUND-UP PARTY

The spring round-up of the Circle C (Coterie Club) was held in the new Bullock banquet hall last Friday evening. The hall was an ideal place giving space for the games suggestive of round-ups and in which the husbands of members, who were special guests on this occasion, and others enthusiastically engaged. The festivities began with supper from the chuck wagon. This consisted of "son-of-a-gun," beans, rolls with syrup, pie and coffee. Each one got his allotment from the rear of an improvised chuck wagon. A quiet game of quoits led off after the "eats." The roping contest, which followed was not so tame, however, and aroused considerable enthusiasm. E. B. Bullock won the prize, a rope. In the branding contest little Laura Elizabeth Bullock won, the prize being a toy pistol. To give the contestants a rest from strenuous activity a pie eating contest was staged, the prize, another piece of pie, being won by A. L. Allinger. C. E. Mann and W. R. Hornbaker tied for first place in the bulldogging contest, the prize, a toy moving picture outfit, going by lot to Mr. Mann. The closing game was an exciting potato race in which there were many contestants. The prize, a toy watch, was won by Rev. Higbee. After the contests the folks sat around and told cowboy and pioneer stories and sang songs. One of the most thrilling stories was a recital of events in the early days here, told in original verse by S. W. Gilbert, a participant in some of the events and an interested observer of others. Two amusing poems were recited by Mrs. Walter Graham, one of them being original. Perhaps one of the biggest "hits" of the evening was the music by Walter Graham, the best fiddler of the Pecos range, on a fiddle of his own construction. So popular was his number he was compelled to respond to an encore. The closing event of the evening was the singing of "O, Fair New Mexico," by the company with Miss Ruth Morgan at the piano. Many of those present were quaintly garbed in cowboy and cowgirl costume and others came dressed as guests at the round-up which was decidedly informal and thoroughly enjoyable.

Calling cards, 100 for \$1.75, panned stock.—The Advocate.

## SILVER WEDDING DINNER

Mr. and Mrs. Joe Jesse were honor guests at a four course dinner given by their son and daughter, Mr. and Mrs. Dayton Reer, Friday evening at 7 p. m., the occasion being in honor of Mr. and Mrs. Jesse's silver wedding anniversary.

The color scheme of silver and blue was carried out very effectively. The affair was a complete surprise to the guests of honor, Mr. and Mrs. Jesse and a very pleasant evening was spent. Those enjoying the hospitality of Mr. and Mrs. Reer were: Mr. and Mrs. C. Bert Smith, Mr. and Mrs. Pete Loving and sons, Dalton and Ormande, Mr. and Mrs. Joe Jesse and the host and hostess, Mr. and Mrs. Dayton Reer.

## SECOND BRIDGE CLUB

The regular meeting of the club was held at the home of Mrs. Harvey on Main street on Tuesday afternoon, the hostess entertaining an extra table of players—Mesdames A. H. Crandall, B. H. Crandall, Premier and C. Bert Smith. Delicious refreshments were served.

Announcement cards, blank or printed—Advocate.

## EASTERN STARS INITIATED

Fourteen Eastern Star members were over from Hope Tuesday evening to attend the initiation exercises at the Artesia lodge at which time Mrs. Minnie Williams, Mrs. Peary Spencer and Mrs. Verna Halderman were admitted to membership. Light refreshments were served and there was a very pleasant social hour. The visitors were Mrs. Lillie Craig, Mrs. Stella Glasscock, Mrs. Ola Stackard, Mrs. Bryant Williams, Mrs. Tommie Cole, Mrs. Willie L. Bridgeman, Mrs. Lula Jernigan, Mrs. Mattie Scott, and Mrs. Louise Josey, Miss Naomi Medcalf, and J. D. Josey, W. F. Medcalf, J. H. Bridgeman, and J. P. Glasscock, all of Hope, also Mr. Burns of Indiana and his daughter, Mrs. A. H. Crandall of Artesia.

## PRESBYTERIAN AID SOCIETY

The Society met at the church last Thursday afternoon and planned for the annual supper, which occurs March 30th and also elected officers for the ensuing year. The officers elected were Mrs. R. L. Paris, president, Mrs. Ed Wingfield, first vice president, Mrs. D. E. Buckles, second vice president and Mrs. A. M. Tarbet, secretary and treasurer. Mrs. Ralph Shugart and Mrs. R. G. Knodler were hostesses for the day and served light refreshments.

## LIBRARY BOARD

The Board had a very busy meeting at the library Tuesday afternoon, at which time it adopted a new constitution, in addition to transacting routine business. There was an unusually large attendance and the enthusiasm displayed in the welfare of the library insures a continuing and expanding usefulness for this institution.

## SUNSHINE CLASS

The bible study and social meeting of the class was held at the home of Mrs. Ike Keller last Thursday afternoon. The bible study, the book of Luke, was conducted by Mrs. C. R. Blocker and was both interesting and helpful. During the social hour Mrs. Keller and two associate hostesses, Mrs. Kinder and Mrs. Dixon, served light refreshments.

## THE BLACK CAT CLASS ENTERTAINED

The Black Cat Class of the Baptist Sunday school, of which Mr. Morehead is teacher, were given a party at the home of Mr. and Mrs. Littlejohn on Richardson avenue, Friday evening. The boys were privileged to invite their girl friends, so it was a goodly company that were present to enjoy the games and the delicious ice cream and cake that comprised the "eats." The Littlejohn home was decorated in the class colors, blue and yellow and also in pictures of Felix, the cat. Mrs. E. H. Perry and daughter, Miss Margaret, and Mrs. Tokio Vandagriff, assisted Mrs. Littlejohn in entertaining the class.

## ROGERS—POTTS

Announcements have been received here of the marriage of Paul Rogers and Miss Louise Potts. The wedding occurred on the 23rd of February at Hastings, Nebraska, and the happy couple will make their home at Trumbull, Nebraska, where the groom will engage in farming. Paul is a son of Mr. and Mrs. Chas. Rogers and is a graduate of the Artesia High School. Many old friends here will join in congratulations and best wishes for a long and happy life.

## CHRISTIAN LADIES' ASS'N.

A missionary program was given at the home of Mrs. Ballard Spencer last Thursday afternoon with Mrs. F. A. Manda as leader. The subject was "China." Special music consisted of a vocal solo by Mrs. Walter Graham and one, also, by Ruth Graham. Election of officers resulted in Mrs. John Sherman being chosen president, Mrs. Ballard Spencer, vice president, Mrs. Walter Graham, secretary, and Mrs. Frank Thomas, treasurer. In the absence of the president, Mrs. Atkeson, Mrs. C. Bert Smith, the secretary, presided at the meeting. The usual refreshments were served, the hostesses being Mrs. Frank Thomas, Mrs. C. E. Brown and Mrs. Spencer.

An Apron and Bonnet sale will be given at the Sanitary Grocery Store, Saturday afternoon, March 19, by Circle No. 1 of the Baptist W. M. S. 12-2tp

For Coal Phone 86. 12-16-4c

## WESLEY CLASS PARTY

A very pleasant meeting of the Susannah Wesley Class was held at the home of Mrs. J. S. Sharp Tuesday afternoon with a large number attending. Mrs. Coad assisted Mrs. Sharp in conducting some amusing games, in one of which Mrs. Dixon won the prize by lot from three other eligibles. Two new members were admitted to the class and Mrs. Kinder and Mrs. Dixon, who had promoted themselves from the Sunshine class were initiated with elaborate ceremonies by the class president, Mrs. Frisch. Part of the ceremony consisted of a comical song by the two initiated members. The business part of the meeting was devoted to making plans to raise the part of the Conference Claims assigned to the class. Delicious refreshments were served by the hostess, assisted by Mrs. Glenn Sharp and Mrs. Coad.

## NEW BRIDGE CLUB

Mrs. House was hostess to the New Bridge Club last Friday afternoon, serving light refreshments. Present were Mesdames John Dunn, Barnett, Mehrens, Louis Cole, Harold Atteberry, and Cy Edgerton, and the hostess.

## WOMEN'S CLUB

The Citizenship department, Mrs. Walter Martin chairman, at the Women's Club yesterday afternoon gave a patriotic program comprising a number of interesting features. Mrs. John Lanning lead the singing of patriotic songs, Mrs. Martin gave a talk upon "Flag Etiquette," followed by the salute to the flag. Mrs. Corbin, state chairman of Citizenship gave a talk on "Citizenship Training." Mrs. Albert Richards spoke on "Citizenship in the Schools" and Mrs. M. W. Evans and Mrs. Arba Green discussed, "Citizenship" under the subtopics of home and divorce.

Mrs. A. H. Crandall was admitted to membership and four alternates were elected to the District meeting in Roswell—Mesdames Martin, Cox, Jackson and Miss Bauslin.

## PASSED THE 73RD MILESTONE

His family gave "Uncle Dick" Turknett a surprise birthday dinner last Friday when he had rounded out seventy-three years of life, some forty of which he has spent in the Pecos Valley. "Uncle Dick" has seen many changes in those forty years in which the Valley has made the transition from the colorful life of the old days to the peaceful times of the present, when he can sit down to a splendid chicken dinner on his birthday with no fear of interruption from wandering foes. On Friday there were present with him to enjoy his birthday dinner his wife and daughters, Miss Ruby, Mrs. Nellie Cogdell and Mrs. Herman Jones, Mr. Jones and their baby son.

## FRESH AIR

What is of more importance to the growing child or to the adult than fresh air?

Our supply of fresh air is something that cannot run short, so why are we so conservative with it? Perhaps it is because we do not have to pay dearly for it.

Fresh air in the sleeping room is quite important. We must have air that has not been breathed; we must get rid of this air made poison by use and we must have air to keep our body temperature regulated.

Nearly a thousand times an hour we take a fresh supply of air into our lungs. If it is good or bad we must breathe it just the same. Spoiled food and unclean water we can refuse but we must take air as we find it.

Well ventilated rooms and houses are very necessary as plenty of fresh air is a preventive of many diseases. "We must always breathe fresh air. In rainy weather and in fair." We must take care that a draft does not come in direct contact with our bodies. Windows should be opened from the top so that the fresh air will come to us from above, or fixed some way so that the draft does not blow in on us.

Even temperatures must be kept in our rooms, because it is the sudden rise or fall of temperature which makes us take cold easily. 68 degrees is the average normal temperature which a living room should be kept.

## ORDINANCE NO. 205

AN ORDINANCE REGULATING PARKING OF VEHICLES.

BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE TOWN OF ARTESIA, NEW MEXICO:

1. That it shall be unlawful for any person in charge of any vehicle to remain parked for more than two hours in the same place at any one time on Main Street between First and Fourth Streets between the hours of 8 a. m. and 7 p. m.

2. That it shall be unlawful to park any vehicle on Rose Lawn and Third Streets between Texas Avenue and Quay Street other than parallel to and within ten (10) inches of the curb thereof and not less than four (4) feet from front or rear of any other car parked thereon.

It shall be lawful to park on either side of said streets parallel to the curb.

3. That any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$5.00 and not more than \$25.00 for each offense.

4. That all ordinances and parts of ordinances in so far as the same are in conflict herewith, are hereby repealed.

5. That this ordinance shall be published in one issue of the Artesia Advocate, a newspaper of weekly publication in the Town of Artesia, and shall be in full force and effect on the fifth day after said publication.

ADOPTED AND APPROVED this 9th day of March, A. D. 1927.

C. E. MANN, Mayor.

Attest: EDWARD STONE, Town Clerk.

A new series of lessons by Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

By Wynne Ferguson

ARTICLE No. 20

discussion as to the informant, there is usually an agreement as to the informant. A double of an original bid of an informant requires a bid from partner. An original bid of three in a suit, means an informant. According to the accepted rule, a double of an informant, means a double of the informant, but there are some players who doubt the rule when applied to the informant. They claim that a double of any value that it is maintained as an informant should always be regarded as a double. The writer has frequently heard of such a double, but he inclines to the better result is obtained as a business proposition. The following hand, however, is one where the informant would have worked beautifully.

partner. It is a perfect example of the type of hand that justifies an informant. The hand is given as an illustration of a well known convention and to bring out the differing viewpoints. It is a close question but whatever you decide to do under such circumstances stick to it and inform your partners of what you are doing. In that way only can you get the best results.

Here is a puzzling hand:  
**Problem No. 25**  
 Hearts—K, 10, 7, 2  
 Clubs—K, Q  
 Diamonds—Q, J, 4  
 Spades—A, J, 8, 3

No score, rubber game. If Z dealt, bid one no-trump and A bid two diamonds, what would you bid with Y's hand? He has the choice of several bids so think it over and compare results with the analysis that will be given next week.

**Answer to Problem No. 23**  
 Hearts—Q, 7, 4  
 Clubs—K, 6, 3  
 Diamonds—K, J, 9, 7  
 Spades—6, 4, 2

Hearts—J, 10, 6, 5, 3  
 Clubs—Q  
 Diamonds—Q, 10, 8, 2  
 Spades—Q, 10, 5

Hearts—A, 9, 8, 2  
 Clubs—A, J, 10, 4  
 Diamonds—A, 6, 3  
 Spades—A, 7

Hearts—K  
 Clubs—A, K, 6, 3

 Spades—Q, J, 8, 2

Hearts—Q, 8, 3  
 Clubs—J, 9, 7  
 Diamonds—none  
 Spades—A, K, 7

of spades and trump in Y's hand. Y should now lead his last diamond. B can either trump or discard. If the former, Z's queen of hearts will be good. If the latter, Z will trump with the queen of hearts. In either event, Y-Z must score one club trick, two spade tricks and three trump tricks. Note that if Z leads either a heart or a spade at the first trick, Y-Z can only make five tricks as B can set up a spade trick and give A a discard. Play this out for practice.

## NEW MEX. STOCKMEN'S COMMENTS FOR MARCH

**STATE SUMMARY**—All stockmen report ample and cheap feed supplies. Winter has been mild making but little feeding necessary. Plenty of soil moisture and good range prospects for spring, except in certain localities in the Central and Northeastern parts of the State. Very few wool and lamb contracts so far. Demand and price for cattle are good. Prospects for good calf and lamb crops.

**NORTHWEST**—Aztec: Ample feed supply. Alfalfa \$8; corn \$1.80 per cwt. Good spring prospects. Laplata: Feeding a car of yearlings. Ample feed. Sheepmen prefer "cake" and corn. Abundant rain fall. Urgent demand for cattle.

**NORTH CENTRAL**—Taylor Springs: Grass short, very dry. Alfalfa cheap. Oil cake \$40 per ton. Condition of sheep and cattle good. Rosa: Hay plentiful and cheap. Abundant moisture. Some wool contracts, 27c. Dulce: Ample hay supply. Recent rains have insured spring grass. Range and stock in good shape. Costilla: Light snows improve prospects for water and fed, but must have more moisture.

**NORTHEAST**—Wagon Mound: Ample feed. Ranges dry. Open winter. Stock in excellent condition, no losses. Optimo: Corn \$1.35 per cwt. Windy and very dry. Pasamonte: Open winter. Little feeding, but subby ample. Soil moisture fair, but high winds rapidly drying it out. Stockmen optimistic. Des Moines: Sufficient feed. Winter is open. Feeding light. Very dry, making prospects for early grass poor. Lakes dry. Cattle in strong demand; cows, \$45 to \$55.

**WEST CENTRAL**—Datil: Old grass gone. Good soil moisture. Prospects are good for early spring grass. Cattle wintering well. Gallup: Feed short, soil moisture abundant. Spring feed prospects good. San Marcial: Conditions excellent. Feed light on lowlands, but fair in mountains. Socorro: Feed and soil moisture ample, Spring range prospects good. San Fidel: Grass fair, but short in spots. Soil moisture fine. Ranges one month earlier than usual. Cattle demand strong.

**CENTRAL**—Albuquerque: Very little feeding of sheep. Prospects good for lamb and wool crops. Ample feed. More moisture needed for spring feed. Bernalillo: Conditions excellent. Regina: Thirty inches of snow. Santa Fe: Forage supply ample. Sufficient moisture makes spring prospects good.

**EAST CENTRAL**—Clovis, Melrose and Ft. Sumner: Conditions good to excellent. Buchanan: Ranges good and prospects favorable for early spring grass. La Lande: High winds drying out ranges, resulting in livestock shrinkage. Enough moisture to start spring grass. Steers 1s, contracted \$35 May delivery. Santa Rosa: Conditions good to excellent. Ample moisture. Vaughn and Duoro: Ample moisture and good spring prospects. Logan: Ample feed. Getting dry, but still enough moisture to start grass. Cows in strong demand, \$45 to \$53. Nara Visa: Ample feed. Dry but spring range prospects fair. Lambs mostly contracted. Cattle in fine shape, prices good. Tucumcari: Little moisture in February. Stock wintering well. Recent high winds caused some shrinkage. Good calf crop prospects. Buyers reluctant to pay prices asked for cattle and sheep. Yearling steers, \$35 to \$40; 2s, \$50 to \$55; cows, \$40 to \$55; yearling heifers, \$30 to \$35. Plain: Ample feed. Wool contracted

at \$25c. Elida: there is more moisture than usual at this season. Farmers plowing or listing. Ample feed. Ranges and stock in good shape. Las Vegas: Light precipitation in February. Ranges dry, but stock in good shape. No losses. Cowles: Fifteen inches of snow. Estancia: Ample feed and moisture. Plenty of cattle sales. Corona: Green feed starting early. Fine moisture prospects good for this year's wool clip. Can contract lambs, 9 1/2c. Calf crop prospects best in 5 or 6 years.

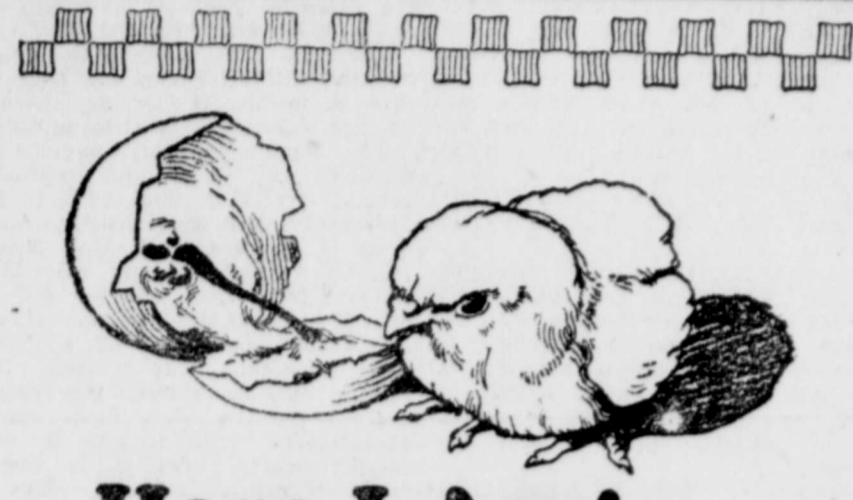

**SOUTHWEST**—Silver City and Mimbres: Conditions and spring prospects are excellent. A few cattle sales. Lordsburg: Excellent spring feed assured. Prospects good for mohair crop, probable price 50c. Steers 1s, contracted for \$35 to \$37. Calf crop prospects excellent. Duncan: Good feed supply and spring range prospects. Vegetation started. Good calf crop in sight. Green feed coming earlier. Cattle in fine condition. Cows \$50; coming 1s, contracted at \$35. Deming: Lots of feed and sufficient moisture to carry stock until summer range. Monticello: Feed supply is good. Little moisture during February, but weeds are showing. Demand for cattle. Lamb crop prospects good. Chloride: Lots of moisture, weeds and grass coming. Plenty of stock water. Calf crop prospects favorable.

**SOUTHERN**—Salem: Rain February 17. Lots of weeds. Las Cruces: Ranges are good. Ample moisture. Good prices and strong demand for all classes of cattle, but few sales. Carrizozo: Ample feed supply. Lots of soil moisture. Prospects for stockmen and farmers good. Picacho: Spring range prospects fair. Glencoe: Lots of cheap alfalfa. Snow February 17. Spring prospects good. Mesalero, Alamogordo and Weed: Conditions good to very good.

**SOUTHEAST**—Roswell: Conditions and prospects for spring range excellent. There is sufficient moisture to start grass and weeds. Strong demand for all classes of cattle, at advanced price. Carlsbad and Artesia: Feed and soil moisture plentiful. Lots of drying winds. Demand for steer calves. Hope: Moisture plentiful to start grass. Fine lamb crop prospects. Plenty of feed. Corn \$1.50 per cwt; and cake \$40 per ton.

"Brederen, we must do something to remedy the Status Quo," said a negro preacher to his congregation. "Brudder Jones, what am de Status Quo?" asked a member.

"Dat, my brudder," said the preacher, "am Latin for de mess we's in."—The Monitor.

## Here I Am! Now It's Up To You.

I am a baby chick just out of the egg. Nature has filled my little bread basket with enough food to last 72 hours. Then it's up to you.

If you feed me a dirty mash or table scraps, I'll probably die.

But if you start me on Purina Chick Startena and feed me according to the Purina Plan, the chances are nine to one that I'll grow up and make you money.

Don't feed me anything for 72 hours. Then start me on Purina Chick Startena, the dependable starting mash containing buttermilk and cod liver oil.

ORDINANCE NO. 204

AN ORDINANCE PROVIDING FOR THE ISSUANCE OF PAVING BONDS BY THE TOWN OF ARTESIA, NEW MEXICO, TO BE ISSUED TO THE CONTRACTOR CONSTRUCTING STREET IMPROVEMENTS IN SAID TOWN.

WHEREAS, the Town of Artesia, in the County of Eddy and State of New Mexico, has heretofore taken proceedings for the paving and improving of certain streets in said town, all in accordance with the statutes providing therefor; and WHEREAS, under the provisions of Chapter 133, Laws of New Mexico, 1923, the town is authorized and empowered to issue negotiable coupon bonds in an amount not exceeding the total assessments levied to pay the cost of such improvements, and to secure which a claim of lien has been filed for record in the office of the County Clerk:

BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE TOWN OF ARTESIA:

Section 1. That all of the proceedings heretofore had, taken, done or performed in connection with the street improvements described and ordered by resolution adopted on the 18th day of June, A. D. 1926, be and the same are hereby in all respects ratified, approved and confirmed.

Section 2. That the Town of Artesia be and it is hereby authorized and empowered to receive, collect and enforce the payment of all the assessments made for the said improvements and all installments thereof and all interest thereon, in the manner and at the time or times authorized by law, and to pay and disburse such payments, the installments thereof and the interest thereon, in payment of the bonds and the interest thereon, as hereinafter specified.

Section 3. That the Treasurer of the Town of Artesia be and he is hereby authorized and empowered, and it shall be his duty to receive and collect all assessments levied to pay the costs of said improvements, the installments thereof and the interest thereon, at the times and in the manner herein specified, and to pay and disburse such payments to the person or persons lawfully entitled to receive the same, in accordance with the laws of the State of New Mexico and all ordinances and resolutions of said town heretofore or hereafter to be adopted. All moneys received shall be placed in a separate fund to be designated "Paving Fund," and shall be used for the purpose of paying the principal and the interest on the paving bonds hereinafter mentioned, and for no other purpose whatsoever.

Section 4. That if the owner of any parcel of land assessed for the said improvements shall be delinquent in the payment of any assessment installment, or interest due, it shall be the duty of the Town Treasurer to notify such owner in writing that such delinquency exists, and that, if the amount due is not paid within thirty days after the date of the said notice, the delinquent property will be sold for the payments due thereon.

Section 5. If the payment or payments due as specified in the next preceding section is or are not paid within the stated time, it shall be the duty of the Board of Trustees to cause the delinquent property to be sold at the same time and in the same manner as the sale of property of the municipality for delinquent general taxes, in any manner which is now or which may be provided by law.

Section 6. If any property shall be offered for sale for the non-payment of any assessment, installment thereof or interest thereon, and no person or persons shall bid for said property, then the Town of Artesia shall have the power, and it shall be its duty, to bid for said property and to take and receive in its corporate name any certificates or deeds to the said property, and to sell or dispose of said property for the benefit of the owner or owners of the paving bonds hereinafter specified.

Section 7. That the Town of Artesia be, and it is hereby authorized and empowered to issue in the name of the town, paving bonds in the denomination of five hundred dollars each, except that one bond may be in any convenient denomination, said bonds being payable on or before eleven years from the date thereof, the principal and interest of which shall be paid solely and exclusively from the revenues derived from the assessments made for the improvements or from the sale of delinquent property as herein specified. The said paving bonds shall bear interest at the rate of six per centum per annum, payable semi-annually, at the Banking House of Kountze Brothers New York City, and the principal thereof shall be payable in lawful money of the United States of America, with New York exchange, at the office of the Town Treasurer. Said bonds shall be signed by the Mayor of the Town of Artesia, shall be countersigned by the Town Treasurer, sealed with the seal of the town and attested by the Town Clerk. The said bonds shall have attached thereto twenty-two coupons evidencing the semi-annual interest thereon, which coupons shall be signed by the facsimile signature of the Town Treasurer, and when so executed shall represent the semi-annual interest on the bonds to which they are attached.

Section 8. The said paving bonds and the coupons to be attached thereto, shall be in substantially the following form, to-wit:

UNITED STATES OF AMERICA, STATE OF NEW MEXICO, COUNTY OF EDDY, TOWN OF ARTESIA. PAVING BOND. No. \$500.00. The Town of Artesia, in the County of Eddy and State of New Mexico, for value received, hereby promises to pay to the bearer hereof, the sum of five hundred dollars, on the first day of March, A. D. 1938, with interest thereon from date until payment at the rate of six per centum per annum, payable semi-annually, on the first days of March and September and in each year, the interest being payable in lawful money of the United States of America, at the Banking House of Kountze Brothers in New York City, U. S. A., and the principal being payable in lawful money of the United States of America, with New York exchange, at the office of the Town Treasurer, upon presentation and surrender of the annexed coupons, or this bond, as they severally become due.

The said town reserves the option to redeem this bond at any time before maturity, by paying therefor its par value and accrued interest. This bond is issued in payment of the cost of paving and improving certain streets in said town, in full conformity with the constitution and laws of the State of New Mexico and the ordinances and resolutions of said town duly adopted and approved prior to the issue hereof, and is payable solely out of a special fund designated the Artesia 1927 Paving Fund, containing the receipts derived by the town from special assessments levied to pay for said improvements. And it is hereby certified and recited that for the payment of this bond the Town of Artesia obligates itself to create said Paving Fund, to collect and enforce all special assessments levied to pay for said improvements, to deposit in said fund all receipts derived from said special assessment, and to pay this bond out of such receipts in the manner provided by law and the ordinance under which this bond is issued.

It is further certified and recited that all requirements of law have been fully complied with by the officers of said town in the issue of this bond, that all proceedings with reference to making said improvements and levying the assessments to pay therefor, have been regularly had and taken in compliance with law, and that all prerequisites to the fixing of the assessment lien against the property benefited by the improvements have been performed, and that for the payment of this bond and the interest thereon, the town pledges all of its lawful corporate powers.

IN TESTIMONY WHEREOF, the Town of Artesia has caused its corporate seal to be hereto attached, and this bond to be subscribed by its Mayor, attested by its Town Clerk and countersigned by its Town Treasurer, and the interest coupons hereto attached to be signed with the facsimile signature of the Town Treasurer, this first day of March, A. D. 1927.

Attest: Mayor. Town Clerk. Countersigned: Town Treasurer. (FORM OF COUPON) No. \$15.00.

On the first day of September and March, A. D. 1927, the Town of Artesia, New Mexico, will pay to the bearer fifteen dollars, in lawful money of the United States, at the Banking House of Kountze Brothers in New York City, U. S. A., out of the Artesia 1927 Paving Fund, and not otherwise, being six months' interest on its Paving Bond, dated March 1, 1927, issued for the purpose of paying the cost of paving and improving certain streets in said town, provided that the bond to which this coupon is attached shall not have been heretofore paid in accordance with the terms thereof. Attached to bond No. \_\_\_\_\_

Section 9. That when the said paving bonds are prepared and executed, they shall be issued to the contractor constructing said improvements, upon orders of the Board of Trustees, and the said paving bonds and the interest thereon shall be paid and discharged in the manner and at the times specified herein.

Section 10. The said paving bonds shall be paid and discharged in numerical order, commencing with number one, and when the Town Treasurer has funds on hand in said Paving Fund sufficient to pay the principal of any of said paving bonds, he shall notify the firm of Peck Brown & Company, of Denver, Colorado, by written notice through the United States mails, postage prepaid, designating the bonds to be paid, and thirty days after said notice is given, the interest on said paving bonds shall cease.

Section 11. All ordinances or resolutions or parts thereof, in conflict with the provisions of this ordinance, are hereby repealed. After said paving bonds are issued, this ordinance shall be and remain irrevocable until said bonds and the interest thereon shall be fully paid, satisfied and discharged as herein provided.

Section 12. This ordinance is hereby declared to be an emergency measure on the ground of urgent public need, and therefore, immediately upon its final passage, shall be recorded in the book of ordinances of said town kept for that purpose, authenticated by the signatures of the Mayor and Town Clerk, shall be published in the Artesia Advocate, the official newspaper of said town, and shall be in full force and effect five days after such publication.

PASSED, ADOPTED, SIGNED AND APPROVED this 9th day of March, A. D. 1927. (Seal) C. E. MANN, Mayor.

Attest: EDWARD STONE, Town Clerk.

ORDINANCE NO. 203

AN ORDINANCE CONFIRMING THE PROCEEDINGS TAKEN IN PROVIDING FOR PAVING AND IMPROVING CERTAIN STREETS IN THE TOWN OF ARTESIA, NEW MEXICO, PROVIDING FOR THE PAYMENT OF THE COSTS AND EXPENSES OF THE IMPROVEMENTS MADE IN SAID STREETS, ASSESSING THE COST OF THE SAID IMPROVEMENTS AGAINST THE LOTS AND PARCELS OF LAND ABUTTING UPON SAID IMPROVEMENTS, AND DESCRIBING THE MANNER FOR THE COLLECTION AND PAYMENT OF SAID ASSESSMENTS.

WHEREAS, the Board of Trustees of the Town of Artesia, County of Eddy, State of New Mexico, has heretofore, pursuant to the requisite preliminary proceedings, provided for paving and improving certain streets in the said town, all in accordance with the provisions of law relating thereto; and WHEREAS, pursuant to said proceedings, such improvements have been contracted for and are being made and completed on the following streets: Second Street, Third Street, Roselawn Avenue, Fourth Street, Fifth Street, Eighth Street and Grand Avenue; and WHEREAS, the Board of Trustees

has determined and does hereby determine that such work shall be paid for by the property abutting on said improvements, and the owners thereof, in accordance with the benefits accruing to said property and the owners thereof, and according to law; and WHEREAS, the cost of said improvements has been apportioned and assessed against each lot or parcel of land abutting on the streets improved, and against the owners thereof, as hereinafter set forth; and WHEREAS, it is incumbent upon the Board of Trustees to provide for the time and manner of the payment of said assessments:

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE TOWN OF ARTESIA: Section 1. That all of the proceedings heretofore had, taken, done or performed in connection with paving and improving the streets herein specified, be and the same are in all respects ratified, approved and confirmed.

Section 2. That for the purpose of paying the costs and expenses of the said improvements, there be and there is hereby levied and assessed against the following described lots and parcels of land benefited by said improvements, and against the owners thereof, the following amounts, to-wit:

Table listing property owners and their assessed amounts for paving and improvements. Includes names like John R. Foster, W. E. Ragsdale, L. P. Evans, etc., and amounts ranging from \$1719.26 to \$25.93.

Table listing property owners and their assessed amounts for paving and improvements. Includes names like Louisa McCarty, C. R. (Carl R.) Cunningham, W. C. (Wade C.) Cunningham, etc., and amounts ranging from \$1719.26 to \$25.93.

CHICAGO—Gertrude Ederle shows her stuff from tank on theatre stage to Chicago audience. Here she is looking at you. Gertrude is shown in her element.

### SUSPICIOUS MEN ARE DETAINED AS ROY AND RAY DE AUTREMONT

ASBESTOS, Que.—Two men detained on suspicion of being Roy and Ray DeAutremont, wanted for a train hold up and the killing of four men in the Siskiyou mountains, Oregon, in 1923, have been transferred to the jail at Arthabaska, Que.

The United States post office department is sending an officer to examine the men and he probably will arrive tomorrow. The department has offered a reward of \$15,900 for the capture of three DeAutremont brothers, Roy, Ray and Hugh.

The detained men refused to make any statement. Their signatures have been taken and will be used in an effort to determine whether or not they are the men wanted.

"How long you in jail for, Mose?"

"Two weeks."

"What am de charge?"

"Na chage; everything am free?"

"Ah mean, what have you did?"

"Done shot my wife."

"You all killed yo' wife an' only in jail for two weeks?"

"Dat al—then I gets hung."—The Monitor.

Lawyer: "You lie! You lie!" I have a witness who saw you commit the crime."

Accused: "Hold on, now. Keep your shirt on. I got a witness who didn't see me do it."

If you don't want to laugh, don't hear Judge Morris.

superior to all other liens except the lien for general taxes, but the sale of any such lot or parcel of land for general taxes shall not relieve such lot or parcel of land from such assessment or the lien therefor. It shall be the duty of the Town Clerk, within thirty days hereafter to make out, sign, attest with the seal of the town, and file for record in the office of the County Clerk of Eddy County, a claim of lien for the amount due and assessed against each lot and parcel of land, as above specified, and all purchasers, mortgagees and incumbrancers of said lots and parcels of land shall take the same subject to such lien. In case any such lot or parcel of land so assessed is delinquent in the payment of such assessment or any installment of principal or interest, the Board of Trustees shall cause such delinquent property to be sold at the same time and in the same manner as the sale of property in the town for delinquent general taxes, and at such sale said property shall be bought in by the town if there be no other purchaser therefor. When said assessments and the installments thereof and the interest thereon have been paid in full, it shall be the duty of the said Town Clerk to release and discharge the said lien and liability.

Section 5. The Board of Trustees shall have power to issue negotiable coupon bonds in an amount not exceeding the total assessments levied to pay the cost of such improvements, to secure which a claim of lien has been filed for record in the office of the County Clerk. The Board of Trustees shall by ordinance fix the terms and conditions of such bonds; provided, however, such bonds shall be made payable out of moneys collected from said assessments and on or before a date not later than twelve months after the last deferred installment is due from the property owners. Said bonds shall bear interest at a rate not exceeding six per centum per annum, and they shall be issued to the contractor in payment for the construction of said improvements.

Section 6. All ordinances or resolutions, or parts thereof, in conflict with the provisions of this ordinance, are hereby repealed.

Section 7. This ordinance is hereby declared to be an emergency measure on the ground of urgent public need, and therefore, immediately upon its final passage, shall be recorded in the book of ordinances of said town kept for that purpose, authenticated by the signatures of the Mayor and Town Clerk, shall be published in The Artesia Advocate, the official newspaper of said town, and shall be in full force and effect five days after such publication.

PASSED, ADOPTED, SIGNED AND APPROVED this 9th day of March, A. D. 1927.

(Seal)

C. E. MANN, Mayor.

Attest: EDWARD STONE, Town Clerk.

### GENERAL FINANCE WILL REQUIRE THE SUM OF \$1,185,000

SANTA FE.—Rupert F. Asplund, director of the State Taxpayers' association, announced that the general appropriation bill, introduced in the house, will carry an average appropriation of \$1,185,000 yearly for the next fiscal biennial, an amount approximately \$225,000 greater than the appropriation made by the last legislature.

Other bills will be introduced to make appropriation for buildings and improvements at state institutions, one authorizing the state finance board to issue debentures to the extent of \$570,000 and the other, which was passed by the senate this morning, authorizing the board of regents or the University to issue bonds immediately in the sum of \$190,000. The appropriations for this amount was to be distributed over twenty years at \$15,000 a year. Distribution of the \$570,000 is to be as follows: A. & M., \$75,000; Mines \$75,000; Normal U., \$85,000; Teachers College \$40,000; Military Institute \$100,000; Deaf Institute, \$75,000; El Rito Normal, \$60,000; Girls Welfare Home, \$25,000.

The general appropriation bill in addition to providing for the running expenses of the state departments and institutions carries allowances for buildings at three institutions. They are:

School for Feeble-Minded (to be established) \$75,000; State Museum, \$10,000; State Reformatory, \$6,500.

### LOCALS

Mrs. Purcell and Miss Smith came down from Hagerman Sunday to visit friends.

Mrs. Wallace Merchant, Mrs. C. E. Brown and Mrs. Tom Heflin motored to Roswell yesterday.

W. C. Marable, of Dayton, spent Tuesday here, attending the meeting of the Artesia Alfalfa Growers Association.

Mr. and Mrs. Osborne arrived Sunday from San Diego, California, to visit their daughter, Mrs. Ike Keller, and family.

A. A. Kaiser was in from his ranch east of Dayton Saturday and spent several hours here attending to business matters.

Rev. J. G. McArthur, superintendent of the Orphans' Home at Portales, preached at the Baptist church last Sunday evening.

Mr. and Mrs. E. H. Perry motored to Roswell last Thursday. They were accompanied by Mrs. Littlejohn, Mrs. Michael and Mrs. Abbott.

Judson Doss, who has been visiting his parents, Dr. and Mrs. W. C. Doss, returned yesterday to El Paso, where he has been a hospital patient for some months.

Willis Morgan was with the El Paso business men here Saturday, representing the Telephone Company, with which he has had a good position for a couple of years.

Mrs. E. T. Jernigan and little daughter, Elsie, attended the Basketball tournament in Roswell last Friday and Saturday. They were the guests of Mrs. Wimberly while there.

C. R. Barrick, president of Montezuma College at Las Vegas, Coach Campbell and C. R. Briggs, also of Las Vegas, spent a short time here Tuesday, in the interests of Montezuma.

R. H. Carter, of Albuquerque, was in town yesterday and talked at the Baptist church last night about the campaign for Montezuma College. The church is putting on a campaign to raise funds for Montezuma and Mr. Carter is director of the campaign. His object in coming here was to plan the campaign in the Artesia church.

# ARTESIA BAND WILL VISIT EL PASO TO BOOST GOOD ROADS

Plans are being made today to have a big booster day to promote a road from El Paso to Artesia in El Paso on April 8, C. W. Bartlett, director of the Artesia municipal band and orchestra, said today.

The band, composed of 35 boys and girls of high school and grade school age, will play a concert at the vocational school the night of April 7, and will remain here for the booster rally the next day if plans materialize, Mr. Bartlett said. Artesia road boosters plan to come to El Paso on that day.

"Our band is the champion juvenile musical organization of New Mexico," Mr. Bartlett said. "Last year we won first prize at the state musical contest at Las Cruces."

"El Paso will be the last stop of a tour we will start April 4. We will play Roswell the night of April 4; Alamogordo the afternoon of April 5; and Las Cruces the night of April 6.

"The purpose of the trip is three fold," Mr. Bartlett said. "We want to give the boys and girls a trip for one thing. The trip will be a good-will excursion and an El Paso to Artesia road boosting trip for the second and third reasons."  
The youngest members of the band are eight years old.—El Paso Herald, March 8th.

## TALKING MACHINE RUNS AN HOUR

CAMDEN, N. J., Feb. 21.—A self-operating talking machine, which changes records automatically and gives an hour of music with one miling of the record magazine, is the latest development in the field of musical reproduction.

Inventors have dreamed of an instrument which could change records automatically. Realization of this dream represents five years of intensive experiment in the Victor Talking Machine company's laboratories.

The new instrument performs an intricate operation in a simple manner. Twelve of the familiar type of disc records are placed in a magazine which is suspended at an angle above the turntable of the instrument. A touch on the starter button sets the mechanism in motion. A mechanical "hand" takes the first record from the magazine and places it on the turntable, the tone arm swings into playing position and the music starts.

When the first record has been completed, the mechanical "hand" removes it, transfers it to a velvet lined drawer, takes the second record from the magazine, places it on the turntable, and the process is repeated.

When the last record in the magazine has been played, the mechanical "hand" removes it, and the instrument stops automatically.

A complete symphony, requiring twelve record surfaces, or twelve assorted selections may be placed in the instrument at one time.

An electric motor drives the mechanism. The musical reproducing system employed is the Orthophonic talking machine.

## WHO PAYS THE BILL?

The editor of the Los Angeles Times, one of the world's great newspapers, in speaking of advertising says:

Advertising is no longer something which benefits the man with goods to sell at the expense of the man who buys them.

Advertising has so nurtured competition and has thereby improved commercial products that its principal beneficiary has become the man who buys.

Advertising has, in general, so extensively adopted the policy of honesty, sincerity and conservatism as to be accepted at face value by nearly every reader of the public prints.

The dishonest advertisement gets knocked out of the modern newspaper or magazine office just as quickly and heartily as does the dishonest news item or the plagiarized article.

Advertising has become one of the greatest of literary arts and it is enlisting as "copy-writers" such masters of the written word as Irvin S. Cobb and such famous illustrators as the Leledeckers brothers, Charles D. Mitchell, Arthur William Brown and the like.—Falfurrias (Texas) Facts.

## C. V. BRAINARD WILL TRY THE GROWING OF TOBACCO THIS YEAR

Tobacco as a paying crop for this section has long been discussed, but outside of a few minor experiments, little or nothing has been accomplished toward bringing to realization a popular theory.

This year, C. V. Brainard will undertake to find the best method of growing the weed. Preparations have already been made to plant a small patch on his farm south and east of town. The seed will be sown about the middle of next month in a specially prepared bed and from this start Mr. Brainard hopes to grow tobacco on a commercial scale.

Some few have grown a small tobacco patch in years past and among the number is O. M. Trotter, who made an experiment here last year on a small plot of ground near his residence in town. Mr. Brainard, it is understood, will experiment with both the dark and light varieties, however, it is believed that the burley variety will be more suitable to the climatic conditions here.

It is thought that tobacco, like cotton will prove a very profitable crop here, if the experiments bring on the best method of growing it.

**DID YOU KNOW—**  
That C. Bert Smith was a preacher his real name is Rev. C. Bruce Smith, but we don't know his denominational color.

That Mark Corbin's name is not Mark atall, but Frank Corbin.

That C. E. Mann's real name is Nance, Mayor Nance. It has been explained that the name Nance was left behind, when Uncle Charley left Texas.

The above information was gleaned from reading Sunday's El Paso Times and we pass it on for what it is worth. We always knew that living so close to Juarez had its draw backs.

## SHORT FURROWS By KIN HUBBARD ON PERSISTENCE

ALLUS AFFABLE, ALLUS TH' SAME

come he put too much credence in false friends. A separation followed. He stayed aloof for th' count an' wuz finally divorced. He wuz gettin' gray about th' temples an' realized that he must work fast if he wuz t' succeed in life. But what ever wuz goin' on in his mind wuz never known t' th' outside world. Allus presentin' th' same optimistic front, but with a fresh carnation, never laggin' behind, but allus in evidence an' forward lookin', Grayson Pool soon landed another well-fixed, but unsuspectin' widder. However her money wuz tied up in such a way that they lived t'gether but a short time. For sometime thereafter, Grayson Pool seriously considered goin' t' work, but nothin' ever come of it. His friends noticed

no change in his bearin'. He wuz apparently as hopeful an' satisfied with life as th' most favored about him. He never complained. Th' only noticeable change in him wuz he'd commenced t' wear a fusha instead of a carnation. It wuz almost a year before another well-t'-do husband died, but it finally came t' pass, an' Grayson Pool lost no time in gettin' int' th' good graces o' th' widder. A weddin' follered, an' after one short month o' bliss, th' grim reaper butted in an' th' idol of his heart took th' great adventure. She wuz dug up an' analyzed a week or so later, but nothin' wuz found, an' t' day Grayson Pool after sumountin' ever' obstacle, is livin' in Nice, an' uses th' taxis instead o' bein' tormented with a car of his own.

Mr. and Mrs. Jim Berry were Roswell visitors last Thursday.

D. E. Bryant is spending a few days in El Paso this week.

Mrs. Oscar Montgomery, of Hope, spent Saturday afternoon in Artesia, shopping.

C. V. Brainard and Reed Brainard were transacting business in Roswell Thursday.

C. O. Gilbert was called to Chillocothe, Missouri, Sunday by the death of his grandfather.

Mrs. Roger Durand and sister, Miss Frances Harshey, were Roswell visitors last Thursday.

Mr. and Mrs. Lacy Thompson, of Brownwood, Texas, were visitors in Artesia the past week.

C. W. Roberts of Artesia, N. M., visited relatives in Clovis several days this week.—Clovis Journal.

Attorneys S. E. Ferree, J. B. Atkeson and J. H. Jackson were attending to court matters in Carlsbad Monday.

Mr. and Mrs. Ray Sipple and little son left last week to spend the summer on the Sipple ranch at Haxtum, Colorado.

George Frisch went to Santa Fe Sunday to serve on the Federal Grand Jury, but was excused and returned home Tuesday.

A. J. Basel, of San Angelo, is spending a few days here, looking after property interests in the Cottonwood community.

Mr. and Mrs. A. D. Hill, of the Cottonwood community, returned last week from Hot Springs, where Mrs. Hill had been under treatment for several weeks.

Mrs. Jeff Hightower of Artesia, N. M., underwent a minor throat operation at the Baptist hospital, Tuesday morning and is reported to be improving nicely.—Clovis Journal.

Jim Jackson, wife and baby are moving this week to a farm on the Penasco between Elk and Mayhill. They went up to the mountains yesterday, but will return in a few days for their cattle.

Frank C. Oliver, of Mexia, Texas has been the guest of Mark A. Corbin and family for the past few days. Mr. Oliver will be remembered by many of the old timers, as he was an employee of the Brainard-Corbin Hardware Co., some fifteen years ago.

"No man has earned the right to intellectual ambition until he has learned to lay his course by a star which he has never seen—to dig by the divining rod for springs which he may never reach."—Oliver Wendell Holmes.

## YOU TELL'EM

The most wonderful thing about the tree of liberty is the amount of grafting it is able to survive

## It Pays To Invest In Well-known Tires

In any type of Tire you are taking a chance unless it is a well known make—but especially in Balloon Tires.

Flexibility and strength are the two great essentials in the construction of Balloon Tires. It requires the highest degree of skill and very best materials to make Balloon Tires that will stand up under hard wear.

Fisk Balloon Tires are guaranteed to give satisfactory service at a low price.

## ARTESIA METHODIST CHURCH

11:00 o'clock Sunday Morning and 7:30 Sunday Evening. Also 7:30 p. m. each day during the week.  
DAY SERVICES START LATER

### JUDGE MORRIS HERE

Hear Rev. (Judge) Frank Morris of Dallas, Texas, Sunday at the Artesia Methodist Church. He is coming to our city to assist in a great old fashion Revival. If you hear him once you will hear him again. He is unique. People say he is different and that you will like him. Prof. Edwin Thomas, the singer for the Revival, has been on the ground for the past few days meeting the people. He sang at the Artesia Methodist Church last Sunday morning and at the Baptist Church Sunday evening. At the high school and Rotary luncheon Tuesday. Will sing at the Junior High School tomorrow. His hearers are charmed with his wonderful solos.

Don't forget the date, March 13th at the Artesia Methodist Church, 11:00 a. m. and 7:30 p. m. Everybody cordially invited.

JUDGE FRANK S. MORRIS

Judge Morris came from the bench into the Revival work. From actual experience he saw the futility of trying to enforce the laws of the land apart from the love of God in the heart. He was appointed Attorney General of the state of Texas by Governor Hobby; in which office he served until resigning to preach the Gospel.

### JUDGE MORRIS COMMENDED BY SUPERINTENDENT OF HAGERMAN SCHOOLS

"Judge Morris has every quality that goes to the making of a real Evangelist, both of mind and heart. He is a forceful speaker. His addresses appeal both to the heart and the head. Some fifty people responded to his first invitation. Speaking as one not a member of his church, I believe Rev. Morris an outstanding leader in the evangelistic field."

(Signed) E. A. WHITE,

President of New Mexico State Teachers' Ass'n.

7:30 p. m., evening service. Message by Judge Frank Morris.  
10:00 a. m. and 7:30 p. m., until further notice, services daily at the church. These services will be conducted by Judge Frank Morris and Prof. Edwin Thomas, evangelist and singer. Let's make this revival a great moral and spiritual uplift to the community. All are cordially invited.

#### FIRST PRESBYTERIAN CHURCH

Corner Fourth and Grand  
Rev. John Sinclair, Pastor.  
Phone 249  
Sunday, March 13.

### TWO EL PASO TRADE EXCURSIONISTS HURT NEAR HONDO THURS.

Paul Heisig and Fabian Stolaroff, two members of the El Paso Motorcade, were hurt in an auto accident east of Hondo. They had to remain at Roswell. Stolaroff's knee was broken in many places. Heisig escaped more serious injury than cuts and bruises. Stolaroff was also cut and bruised. Heisig's car was almost demolished. Stolaroff rode with him.

The machine turned out on a narrow road to pass another car. Heisig had been having trouble with his brakes. The brakes failed to work as the car neared a curve. The machine jumped from the road. One of the men was thrown thirty feet. The fact that both landed in an irrigation ditch minimized injuries.

9:45 a. m., Sabbath school.  
11:00 a. m., morning worship.  
Sermon subject—Studies of the Crucifixion of Jesus—First Character study—"Caiaphas the ambitious ecclesiastic and religious bigot."  
6:15 p. m., Young Peoples service.  
7:00 p. m., popular peoples' service. Junior choir and orchestra.  
Sermon subject—"The Parable of the Magnet."—A sermon for the young.  
Wednesday, 4 p. m. orchestra and junior choir practice.  
Thursday, 17th March, 2:00 p. m., Woman's Missionary Society, led by Mrs. C. Russell.

The best place for a revival to begin is in the hearts and lives of church members. Seize the opportunity offered during the coming weeks and get back to the place of power—the Cross of Christ.

#### BAPTIST CHURCH

Corner Roselawn & Grand Avenue  
L. R. Simmons, Pastor.  
Phone 123

Sunday school, 9:45 a. m.  
Morning service, 11:00 a. m.  
Subject—What is sin? Sin is the transgression of the law. What constitutes a transgression? Is it the act or the purpose that causes the act? Just when are we sinners in the sight of God?  
B. Y. P. U., 6:00 p. m.  
Evening service, 7:00 p. m.  
Subject—Why Gods people need boldness in winning of the unsaved? There will be special music at both services.  
Mid-week prayer service Wednesday, 7:00 p. m.  
Choir rehearsal Thursday, 7:00 p. m.

## Rural News

### LAKE ARTHUR ITEMS

(Mrs. Alva Spence, Reporter)

Mrs. Ned Hedges is on the sick list this week.

Mrs. E. C. Jackson, who has been sick for some time, is improving.

Helen Waldrip was taken to Roswell Wednesday for medical treatment.

Miss Zanobia and Jewell Whinery spent the week-end with friends in Ft. Sumner.

Mr. and Mrs. J. A. Griffith and Mrs. Dick Spence went to Roswell on business Wednesday.

A. V. Flowers, who was operated upon for acute appendicitis in Abilene, last week, is convalescing.

Mrs. James Hill, of the Diamond A ranch is spending the week here with her mother, Mrs. Mamie Walton.

Don't forget the Community singing at the school auditorium next Sunday afternoon, everybody invited to come out.

Harrison Armstrong and family, of Tulia, Texas, are visiting the home of Mrs. Armstrong's parents, Mr. and Mrs. Reno, on Cottonwood.

Mrs. Bob Rowan left Saturday for Hereford, Texas, where she goes to attend the golden wedding anniversary of her parents, Mr. and Mrs. Churchill.

Irl Allison, noted musician and Pat Murphy, lecturer, spent Sunday here with Bob Rowan and Mr. Hines, being friends of long standing.

Mr. and Mrs. John Lively and Mrs. Bently left Saturday for Love, Oklahoma, on receipt of a message stating that Mrs. Bently's and Mrs. Lively's brother, at that place, was not expected to live.

The members of the Sew and So club met in regular session last Wednesday afternoon, at the country home of Mrs. W. A. Tucker. The social hour was spent in dainty

### DAYTON ITEMS

(Mrs. W. H. Rambo, Reporter)

John Moran and wife left for McKamey, Texas, Thursday.

Miss Mae Burrows is reported quite ill with appendicitis.

Harry Turnbull was the guest of Louis Fulton Tuesday night.

Bob Neal and family and Jeff Barnhill, of Roswell were in Dayton Saturday.

Oscar Pearson, of Cottonwood, was a dinner guest at the Rambo home Tuesday.

Lenora Harrison was the guest of Misses Lois and Gladys Burrows last week.

Newberry Canfield left for Elida Sunday and returned Wednesday of last week.

C. N. Pluming and wife, who have

needlework, after which delicious refreshments were served to the members and guests.

One of the best recitals Lake Arthur has ever had the opportunity to hear, was presented at the school auditorium last Sunday evening by Irl Allison, a pianist of note and Pat Murphy, a lecturer. The piano numbers given by Mr. Allison were beyond a doubt the best ever given in Lake Arthur. The slides and talk on the Carlsbad Caverns given by Mr. Murphy were indeed very interesting.

J. R. Spence and Mrs. Annie Edgington motored down to Carlsbad last Wednesday, March 2, and were united in the holy bonds of matrimony. Mr. Spence needs no introduction to the people of this vicinity, having lived here for the past twelve years. He farmed several years, then held the position of cashier of the bank here for several years, and is now manager of the cotton gin. Mrs. Edgington came here about two years ago and purchased the Hotel Michigan from Mrs. Becker. Their many friends here wish them years and years of happiness together.

been ill with flu for the past week, are much improved.

Arden Turnbull, of Elida, was the guest of his parents, J. C. Turnbull and wife, Wednesday.

J. H. Holoman, of Artesia purchased and moved the L. H. Kerr house to Artesia Monday.

Our postmistress, Miss Lizzie Wailes, was back on the job Monday after an illness of several weeks.

George Savoie has added a side room to his garage and employed N. A. Pope to sell gas and oil for him.

Gordon Sterling and family, of Lakewood were the guest of his parents, Wm. Sterling and family Tuesday.

The old highway between Artesia and Dayton is being graded and has been completed through Atoka and as far as the Penasco bridge.

Price Bowman, Willie and Verne Beaver left for Texas Monday of last week. The Beaver boys went to visit their home and Price is working at McKamey.

Thomas H. Quentero, a renter on Rev. Terry's farm, has returned from a trip to Mexico City and reports corn planted there in January is about three feet high.

Hoyt Owens, who was badly burned at Rankin a short time ago, is reported improving and expects to return to work Monday. Hoyt says there is lots of work there, but anyone coming to work should take their beds with them.

A business meeting of the Dayton Epworth League was held Monday night at the home of Miss Camilla Horner. After the business meeting a social was given the young people. Games were enjoyed until eleven-thirty, when light refreshments of fruit, jello, cake and pie were served. All report a very good time.

The Dayton Epworth League and Sunday school gave Rev. Thomas a surprise picnic dinner at the Lakewood dam Sunday. W. D. Wells, Miss Emogene Kaiser and Mrs. Rambo accompanied the young people. Later Rev. Thomas filled his appointment at Lakewood and all returned to Dayton for League and church services.

The Mid West Oil Co. will start drilling a test well on the J. D. Terry farm about one and a half miles northeast of Dayton, by March 15. Pearson Brothers moved their rotary rig from Lake Arthur Monday and

are erecting the tower to artesian water, and all Drilling Co. will set over the hole and find be known as Mid West No. 1.

A lovely birthday dinner Rev. J. D. Terry Wednesday in honor of his Mrs. C. C. Higbee, of the honor of baking the cake. Many remembered. Rev. Terry has many years and served the M. E. Church some time. He officiated at the wedding of Cottonwood and Lakewood makes a trip to Weeden to preach. Those present were C. C. Higbee and family, P. C. C. Higbee and family, Tom Terry and S. Martin and wife.

## EL PASO MOTORCADE

(Continued from page one)  
Paso, made one of the outstanding talks of the hour, when he told of the aims of the excursion.

R. E. Thomason, mayor elect of El Paso, also made a very enjoyable talk when he told of the need of closer relationship between El Paso and the Pecos Valley.

Del Harrington of El Paso, who is connected with the general council of the Southern Pacific railway, sees a wonderful improvement in the general conditions of the valley, and before arriving at the luncheon gave much encouragement for the possibilities of a railroad west to El Paso.

**Advocate Gets Out Special Edition.**  
At the conclusion of the lunch at the Artesia Banquet hall, the Advocate had an El Paso Motorcade edition, printed and ready for distribution. Copies were given visitors and placed in the cars of the motor caravan. This is the first time in the history of the Artesia Advocate that an extra edition was ever attempted. The appearance of the Advocate extra on the streets seemed to create a very favorable impression and many compliments were received by the management as to the special enterprise on this occasion.

The personnel of the El Paso motorcade included:

M. L. Hunt, F. B. Fletcher, G. P. Putnam, Al Cohen, Don A. Carpenter, Jerry Driscoll, Warren Small, H. L. Drees, H. M. Walker, H. C. Dyer, W. A. Goff, Fred Wilson, Walter Stockwell, Jake Miller, E. W. Kayser, Walter Kohlberg, Fred Simplic, Paul O. Sergeant, R. E. Lopley, Paul A. Heisig, Fabian Stolaroff, S. J. Isaacks, Del Harrington, N. F. Tidwell, George Snyder, W. W. Thornton, A. C. Stiller, Ben Farber, A. J. Hill, L. G. Maitland, E. R. Amos, Bob Curran, C. B. Sampson, W. R. Brown, Robert Lander, Warren Pilcher, H. W. Hailey, A. Schwartz, R. W. McAfee, H. L. Birney, C. M. Harvey, L. S. Thorne, J. W. Johnson, Willis Morgan, E. D. Piatt, George E. Wieland, Harry L. Hussmann, E. Ritter, George B. Ryan, Haymon Krupp, the Rev. Angie Smith, C. R. Boyer, J. W. Kirkpatrick, W. Banner, R. E. Thomason, Reed Gifford, E. H. Drulihet and Juan Garcia.

D. J. McCanne, of El Paso, a former resident of Artesia, arrived in the city Friday and joined the motorcade here.

Lovington was represented by: Rev. and Mrs. Beacham, Mr. and Mrs. Chas. C. Fairweather, W. M. Snyder, Mr. and Mrs. Luke Roberts, Seth Alston, Jim Love and Delmar Thompson.

## OIL NEWS

(Continued from page one)  
creased as this started breaking through the bridge fifteen minutes after the shot. No estimate can be made on the production of the well, but it appears the best so far drilled in the Maljamar area. After being cleaned out, the lower sands will probably be shot.

A fishing job has delayed the Mid-Continent Oil Co's No. 1 Woolley Jones in section 21-17-30, a bit being off at 3,170 feet. Two barrels of oil were taken from the hole Monday when drilling was resumed at 3,160 feet. The bit has been recovered and drilling resumed.

A string of 4 1/2 inch casing has been ordered to the Ohio Oil Co's No. 1 on the Wm. Mitchell permit in section 18-17-32, it being the intention to carry this hole to 5,000 feet if possible.

The extreme southeastern section of the state has been practically all leased due to the showing of the Westbrook well in Winkler county, Texas and the fact that the Llano Oil Co's well, two miles south of the state line is running high, according to the correlation based on the bottom of the salt.

Just north of the Llano well, the Texas Company are rigging up their No. 1 Rhodes in section 22-26-27. From present activity the Texas and Marland companies will take the lead in wildcatting in this section during the summer. The Marland Company have their No. 1 Hale in section 31-20-30 down 400 feet. The Ohio-Marland No. 1 Record in section 13-22-29 is drilling below 2,100 feet.

Geologists working over a fossil bed, fifty three miles west of Artesia yesterday found a number of ammonites in the San Andreas lime, that when broken open were found to contain oil. The San Andreas lime is in the Permian in which few fossils have been found, and it is believed that the finding of the oil in these fossils proved the Permian generated the oil found in this area.

A little water and the boys take to the life boats.

Because the Prairie well ran low is no proof that all Lea county is in a syncline.

Dry holes were drilled in all directions from a well in Pecos county that on Thursday of last week made 6500 barrels choked through the 10 inch and this coming from 1000 feet.

A cross section peg model map covering the area from the Artesia Field to the Big Lake pool in Reagan County, Texas, is attracting considerable attention in the New Mexico Oil Mens Association office.

No salt has been picked up in the Covert well according to a late report with the bottom of the hole 1950 feet.

Some of the boys now have some very choice royalty to sell.

Pecos Valley basketball championship, Las Vegas took the championship of the northwest district by defeating Tucumcari by a score of 22 to 21. At the same time Las Cruces won the championship of that district, while the Albuquerque Indians defeated Belen. Clovis won over Elida by a score of 17 to 15, for the championship of the northeast district.

WHERE ARTESIA GOT ITS NAME

The first artesian well drilled in the Artesia community by J. A. Bruce, located on the Bruce ranch, 2 1/2 miles east of town. The well is still going strong.

## W. A. HAMILTON GETS FINE ARTESIAN WELL — FLOWS 1800 GALLONS

Another fine artesian well was added to the Lake Arthur section when Pearson Brothers completed drilling operations on the W. A. Hamilton farm, two miles northwest of Lake Arthur, Saturday. The well is flowing 15 1/2 inches over a 10-inch casing and the production of the well is estimated to be 1800 gallons or better per minute. Mr. Hamilton is well pleased with the showing the well has made thus far.

## WOMAN KILLED IN GRADE CRASH AT CLOVIS WED.

CLOVIS, N. M., March 9.—Mrs. E. A. Houston, of Texico, was instantly killed, her husband perhaps fatally injured, and their three year old daughter slightly hurt when their car was hit by a west bound Santa Fe passenger train at the grade crossing at the state line between Texico, N. M. and Farwell, Texas, at 7 o'clock this morning. Houston was rushed to the hospital here where he was immediately placed on the operating table in an effort to save his life.

The accident occurred not more than 100 yards from the railroad station of the state line towns. Houston is a barber at Texico.

## Poultry Hints

Call out the hen that is persistently broody.

Isn't it funny? Almost everybody's hens start to lay like fun when the price drops.

The incubator should be located, preferably in a cellar, having good ventilation. If no such location can be had, a room facing the north is the next best place.

Goslings dress easier in warm weather than they do in cold, as the feathers do not set so tightly, and in picking them the flesh is not so likely to be torn.

Many of the old, unfit poultry houses now found on farms could be remedied at little expense and trouble in such a way that they would provide a comfortable home for the flock.

Plan to get chicks out on the ground in the sunlight as soon as possible, or for a short while each day.

It will soon be the season for gnats and worms, and all yards not sown to green feed should be spaded or plowed up. If the worms are thick, scatter lime about the yard before plowing.

Brood coops for the crop of growing young fowls need strong wooden floors and the openings in front should be closed tight each night to keep down the losses from rats and weasels.

When the eggs begin to hatch, the hen should be confined and not disturbed until the hatching is complete.

Hens in the breeding flock should be allowed out of doors in direct sunlight during the winter and encouraged to take plenty of exercise.

The little chicks are not one bit better off where you insist on feeding them before they are 48 hours old. In fact, their chances for developing into useful birds are much enhanced by such delay.

Irate Master (to negro servant): "Rastus, I thought I told you to get a domestic turkey."

Rastus: "I done got a domestic turkey."

Master: "Well, how did the shot get in it?"

Rastus: "I 'specks they was meant for me, sah."

## FIVE CENT GAS TAX NOW EFFECTIVE, BUT INCREASE IS NOT FELT

This section would have been feeling the effects of the five cent gas tax, recently put into effect over the state, had it not been for a couple of cuts in the price of gasoline, which followed the reduction in the price of crude oil. It all goes to show that every cloud has a silver lining, even though the motorist gets the benefit and not the oil operator.

Following a 25 cent cut in crude here on February 3rd, gasoline was reduced one cent per gallon, the next cut in crude, on March 7th, gas was again reduced a cent, but it was about this time that the two cents additional tax was placed on the sale of gasoline, thus equalizing the effect of the reduction.

But just wait until gas goes up again and maybe we will see several cars parked in the garage, all dusty and everything.

## WHY Intelligent Use of Paint Is Advised

The surest evidence of real thrift and prosperity is the proper preservation of tangible property. This applies to buildings of every type everywhere. A well-preserved structure is a reliable index to the character of the owner or occupant.

Good paint is the best preservative of all structural materials, wood, metal, concrete, brick and stone. Paint is the arch enemy of the ravages of time, rust and decay.

In the matter of rental properties the landlord is known by his "upkeep." The wise landlord keeps his buildings, although they may be in the actual use and possession of another, in good repair and well painted. He is known by his works and his property is always rented and its life of usefulness and profit will be long. The unwise landlord withholds unto himself property upkeep—ultimate results: dissatisfied tenants, frequent vacancies, heavy depreciation and a staggering bill for repairs at the end.

But good renters or tenants should not leave it all up to the landlord. Simply because for the time being they are only renters and not owners is no reason for them to put away all pride and self-respect. They are owners by possession, under lease or rental agreement, and whether owned in fee simple or merely rented that place is "home" or "business home" for them. A little paint or a nail driven here or there when needed will do much to preserve and will be a big encouragement to the title owner to do even more in the way of upkeep than is "stipulated in the bond."—Chicago Post.

HEART BEATS HEARD LIKE ROAR OR TRAIN IN LOUD SPEAKER

Students sat in the amphitheatre of the clinic of the Medical University of Pennsylvania, and heard heart beats of patients as clear as the rumbling of a train. Dr. C. J. Gamble is a stethoscope placed on the chest of a patient, during a diagnosis heart beats and murmurs were amplified millions of times.

## ALLISON RECITAL

Those who heard the artistic program of Irl L. Allison, musician and novelist, given at the High school auditorium Monday evening, were given a rare treat. Mr. Allison was greeted by a responsive audience and his interpretation of the dramatic situations taken from his novel "Through the Years" was especially appreciated.

The program follows:

Sonata Pathetique.....Beethoven  
Perpetual Motion.....Weber  
Ballade in A Flat.....Chopin  
The Eighth Wonder of the World—Pictures of Carlsbad Cavern which is the setting of Allison's forthcoming novel, "Carl of the Caverns"

Pastoral.....Allison  
To A Rosebud.....Allison  
Valse Sentimental.....Allison  
Dramatic Situations from "Through the Years".....Allison

## SIPHON WHISKEY

CHICAGO.—Four men said to have siphoned off \$150,000 worth of pre-war liquor from a government warehouse within the past two weeks, were arrested here today and discovered them at work in a ritzy just outside the Chicago district.

Six men who were with the four men captured were also arrested.

She (cooly): "But, Ed, you sure you love me?"  
He: "Well, what do you I'm doing, trying to wrestle."
