## INSIDE INFORMATION

Serve foods which have to be carved on platters large enough to allow the one who carves free play. Never place foods around a roast if they are likely to have their appearance spoiled during the carving, or impede the carver.

A pudding or a pie covered with meringue should be cooked in a very slow oven for about 20 minutes. If baked at too high a temperature it will brown on top before the egg white is cooked through, and a watery layer will form next to the filling or pudding.

Make bluing water just before it is to be used. If allowed to stand it is likely to streak the clothes. Test the shade by dipping in a small garment and holding it to the light, or by holding a little water in the hollow of the hand. Heavy fabrics require more bluing than thin ones. Stir all bluing occasionally while in use. Blue only a few pieces together and do not let them soak in the bluing water.

As warm weather approaches, keep only a small supply of cereal foods, such as breakfast cereals, flour, rice, corn meal, and so on, in the pantry, and keep these in tightly closed glass or tin containers. Any chance weevil eggs in these foods develop quickly in warm weather, but with these precautions, will only affect the container where they originate. Otherwise they may spread throughout the food supplies. If you are closing a house for the summer, dispose of all cereal foods left on hand.

**IMPROVING LAS CRUCES-ALAMO ROAD**

W. C. Davidson, district highway engineer, was in Las Cruces, Wednesday, and informed the reporter that the State Highway Commission had instructed him to put a crew to work on the Las Cruces-Alamogordo highway, and continue work until ordered to stop. We trust the stop orders will be indefinitely postponed. It is this time about twelve miles of the worst part of the road will be graded and plated, an appropriation of about \$25,000 being on hand at this time for the work. Mr. Davidson says he does not know how long the work will continue but, that like Nelson at Copenhagen, his eye sight is very poor when it comes to recognizing stop orders.—Rio Grande Farmer.

**BAYLOR SCHOOL MAY BE MOVED TO FT. WORTH**

DALLAS, Tex.—The educational commission of the Texas Baptist general convention recommended here Saturday that Baylor university be moved to Dallas from Waco, where it has been situated for more than 80 years. The recommendation must be acted upon by the general convention.

equipment in this state it is apparent that the purchases by other states were discounted prices, due presumably to large orders purchased at one time or for the purpose of introducing the machines in the state.

The so-called overcharges are nothing more than price variations as between New Mexico and other states. The findings of Judge Brice also are that the prices paid by New Mexico on graders is on a par with the prices paid by Arizona. The prices paid on certain tractors in New Mexico are about the same as prices paid by the state of Idaho.

The New Mexico Highway Department has been efficient and honest under Republican administration, as is shown by the findings of Judge Brice, Democrat, after hearing all the evidence the Democratic Attorney-General could produce.

## FROM THE SUNNY SOUTH

The following editorial appeared in a recent issue of the Iberville South, the home town paper of Dr. J. J. Clarke at Plaquemine, Louisiana.

"Word comes from local friends of Dr. J. J. Clarke, of Artesia, New Mexico, that some of his many friends there are endeavoring to induce him to accept the democratic nomination as a candidate for the governorship of the Sunshine state. Newspapers in southeastern New Mexico and other papers over the state by editorial comment and endorsement are advertising his qualifications, advocating his candidacy and trying to dispatch him to the gubernatorial chair at Santa Fe.

"While it pleases his friends here to note the good things said of Dr. Clarke, it is only further evidence of what we already knew; for we knew John Clarke long before they did; and if they want any endorsement from his old home town, we will trot him out and run him and we will bet that his administration will be clean, fair and progressive."

Someone sent the manuscript of a story to a literary friend, with the request that he would criticize it. The friend returned it with the following note:

"My Dear Blank, your book contains much that is both new and good, but what is new is not good, and what is good is not new."

## ONIONS AND HONEY CURE FOR BALDNESS

DENTON, Texas.—Some of the pioneer methods of medical science, looked upon at present with humor, are disclosed in a book of health rules compiled by John Wesley, famous Methodist minister, in 1797. The book is owned by Mrs. J. E. Blair of Denton.

Among the cures suggested for various maladies and diseases are the following: "When a person loses his senses, it is better to give him wine and water rather than vinegar."

"Baldness may be overcome by applying onions to the spot until it is red and then applying honey."

The cure suggested for tuberculosis was "go out in the yard every morning, dig a small hole in the ground and breathe into this hole for a quarter of an hour."

**McMATH GUILTY OF VIOLATING N. M. GAME LAW**

SANTA FE.—J. M. McMath, former Las Vegas publisher, has been found guilty in Mora county district court of having in his possession out of a season a deer without either its head or horns, and is awaiting sentence, deputy state game warden J. R. Corkin said here Tuesday. McMath previously had been convicted in justice of the peace court and had appealed.

See our samples of Engraving—Artesia Advocate.

**"We'll never be satisfied with makeshift music"**

AFTER we had heard the new Orthophonic Victrola, we were spoiled. Nothing less perfect would do. For what other reproducing instrument could equal those round, mellow, lifelike tones . . . and the effect of the singer or player being right there in the room with you?

But Edward had heard that you could do certain things to the old-time machine and make it "like an Orthophonic." However, his experiments didn't turn out. So we finally bought our Orthophonic Victrola. It certainly made a difference around our house. We play it practically all the time. And it offers a splendid musical education for Edward, Jr.

Are you missing the enjoyment that an Orthophonic Victrola would bring to your home? There's no need to— with our easy-payment plan! We make you an allowance on your old-style machine. Our stock of models offers a choice for every pocketbook. Let's talk things over!

We are observing Music Week from May 3rd to May 9th and showing and demonstrating Victrolas at prices ranging from

## Cheese Adds Zest to Familiar Dishes

By CAROLINE B. KING  
Culinary Expert and Lecturer on Domestic Science

**VERY** good cook has two laudable ambitions — to have her food look appealing, and to give it some little touch of distinctive tastiness that will more than fulfill the promise of its appearance. A bit of grated cheese is a popular resource in this direction, but its effectiveness is frequently lost by improperly selected or poor cheese. Ordinary cheese will naturally result in an ordinary dish. Few cooks seem to know that genuine Swiss cheese, which has an aromatic Alpine flavor peculiar to itself, will transform a commonplace dish into something so tasty and delicious that it will scarcely be recognized. And aside from its flavor, it adds greatly to the nutritional value of the food. The Swiss cheese may be added to any dish in which cheese is ordinarily used.

**Mashed Potatoes** whipped to a feecy whiteness, then sprinkled with grated Swiss cheese and paprika, and placed under the broiler to brown lightly, are delicious and nourishing.

**Potato Craters** are merely mounds of the mashed potatoes in which irregular wells have been made in the tops. In these wells is placed a sauce made by mixing together one-half cupful of grated Swiss cheese, one quarter cupful of chili sauce, a dash of Worcestershire sauce, with salt and paprika to taste. The craters are placed under the broiler until they brown lightly and the sauce bubbles and flows down the sides.

Potatoes halved, rubbed all over with fat and then baked until nearly tender, take on a different and more delicious flavor if a slice of genuine Swiss cheese is laid over each, and sprinkled with paprika. Return to the oven until the cheese melts.

**Tomato Toast with Switzerland Cheese** is tempting. Toast the bread, trim it neatly and butter it. On each slice arrange a slice of tomato, season well; cover this with thinly sliced cheese, and place strips of bacon over all. Bake until the bacon crisps. Serve at once.

**Scrambled Eggs with Switzerland Cheese:** Prepare the eggs as usual, adding a tablespoonful of water for each egg, and just before removing from the fire, sprinkle thickly with grated genuine Swiss cheese.

**Switzerland Baked Cabbage:** Chop boiled cabbage fine and mix it with white sauce to moisten. Place in a buttered dish and sprinkle the top with buttered bread crumbs and grated Switzerland cheese. Bake twenty minutes in a moderate oven.

**Switzerland Tomato Salad:** Scald, chill and skin small, regular sized tomatoes. Hollow them deeply. Make a filling of four tablespoonfuls of grated Swiss cheese, one tablespoonful of chili sauce, one tablespoonful of cream, four chopped olives, a tablespoonful of tomato catsup. Mix well, chill and place in the tomatoes. Serve on lettuce leaves.

## COTTONWOOD ITEMS

(Miss Alma Bradley, Reporter)

W. A. Waldrop has returned home from the hospital, he is able to be up again.

Mrs. Andy Vaughn and children spent the week-end with Mrs. F. M. Privett of Artesia.

Mr. and Mrs. Vedder Brown, of Hagerman spent Sunday evening at the Maynard Brown home.

Prof. L. A. Carson and wife were guests at the Wright home Sunday, also the W. A. Watson home.

Mrs. H. N. White, mother of Mrs. E. S. Wilkins, left Monday to spend the summer with Mrs. Madison Dale at Leon, Kansas.

All of the Cottonwood people are expecting to see Governor Dillon at an entertainment to be given at A. D. Hill's home this week.

Mr. and Mrs. W. W. Parker gave a birthday dinner Sunday, in honor of Victor Parker and also his little daughter, Minnie Opal Parker.

Olan Hill, who has been in St. Mary's hospital at Roswell for some time, underwent another mastoid operation recently. He is still in serious condition.

Mr. and Mrs. E. S. Wilkins received a message a few days ago, announcing the marriage of their daughter, Miss Marion Wilkins, to Jack Dormande. Miss Wilkins is a well known actress. The marriage occurred at Norfolk, Virginia.

## FOUR FINED FOR VIOLATIONS

THE STATE GAME LAWS

Four plead guilty during the past week to the charge of fishing without license and were given fines in the justice court. Friday, M. Stevenson, deputy game warden, arrested Tony Trujillo, a Mexican who was fishing in the Ruidoso. Trujillo was taken to the justice of the peace at White Mountain Inn, where he pled guilty to fishing without license and was given a fine of \$25.00 and costs. Sunday, Game Warden Stevenson made three arrests on Black river, Messrs. L. E. Barchley, Wallace Ingram and Mrs. Nellie Peoples, all of Carlsbad on charge of fishing without license. The three defendants pled guilty as charged and paid fines of \$25.00 in justice court at Carlsbad, Tuesday.

Yesterday Messrs. H. H. Dale, L. R. Christy, N. P. Dale, Wm. Prichard and Fred Dale, all of Dexter, were tried at Hagerman before R. N. Miller, justice of the peace on charge of fishing without license and were given a fine of \$25.00 and costs.

Tam—What's socialism, Wheely-um?

William—Socialism—Oh, it's just share and share alike.

Tam—Do ye believe in it?

William—Me, no! It's only for folk that have nae money o' their ain.

## THE CHURCHES

### CHRISTIAN SCIENCE SOCIETY

613 W. Main Street

Sunday services at 11:00 a. m.  
Wednesday services at 7:30 p. m.  
Subject for Sunday, May 6: "Adam and Fallen Man."  
The public is cordially invited to attend these services.

### CHURCH OF THE NAZARENE

Corner Eighth and Missouri Streets  
W. A. Huffman, Pastor  
Phone 295

9:45 a. m., Sunday school.  
11:00 a. m., morning worship.  
6:00 p. m., children's meeting.  
Mrs. Huffman in charge.  
6:45 p. m., young peoples society.  
Miss Ida Forbes, president.  
7:30 p. m., evening service.  
Mid-week prayer meeting on Wednesday night, and cottage prayer meeting Friday night.

The interest in all services is growing. The Nazarene Young Peoples' Society, under the leadership of Miss Ida Forbes, who has recently been elected president, is progressing very satisfactorily.  
Your presence will be appreciated next Sunday at any or all the services.

### FIRST PRESBYTERIAN CHURCH

Fourth and Grand  
Rev. John P. Sinclair, Pastor  
Phone 219

Sunday, May 6, 1928:  
9:45 a. m., Sabbath school.  
11:00 a. m., morning worship.  
Sermon subject: "Serious Thinking for an Age With a Jazz Mind."  
7:30 p. m., Popular Peoples' service. Junior choir and orchestra will render special music. Sermon will be a sequel to that of last Sunday evening—"At Home yet Homeless" or "The Man Who Makes No Mistakes—and Nothing Else." Be round to hear these square living sermons.  
Wednesday 7:30 p. m., study of Ephesians, chapters 5 and 6.  
Go to church on Sundays just as you take your car to a garage for repairs. Your spiritual spark plugs get out of order, gears get stripped, brakes jammed and carburetors on the blink. Christ is an expert in spiritual mechanics and recharging of the run-down batteries of human souls.

### THE FIRST BAPTIST CHURCH

We are nearing the time when we are to have a series of meetings, looking to a great revival and an ingathering into the kingdom of God. We want to be fit that when the time comes God may use us in a great way. We want as a church to make ready by much prayer and waiting upon God in service. Sunday's services will be looking to that end. Let us be there in large numbers to hear the messages and have part in the worship. The subject for the morning hour will be, "The Christian's Reward." What has God in keeping for those who are faithful to Him? This will be fully discussed. At the evening hour the subject will be, "Tomorrow." What does tomorrow mean to us? An answer will be given. We always have good music. You will enjoy it. After the sermon at the evening hour we will have a baptismal service. Two candidates are expecting to be baptized Sunday evening.  
Our Bible school is at 9:45 A. M. We shall be glad to have you in one of our good classes. Come let us study the word together. At 6:30 P. M. our young people will render good programs. We extend to you a hearty invitation to all our services.  
R. PETERSON,  
Pastor.

### SPECIAL CHURCH NOTICE

Rev. Rudolph Caughey, late pastor of the Roswell Presbyterian church and now executive of the Presbyterian Synod of New Mexico, will be the special preacher at the Presbyterian church Sunday, May 6th at 7:30 p. m.  
Rev. Caughey is a man with a message for the community.

### Exercise Breeding Ewes

to Have Thrifty Lambs

If breeding ewes can be made to walk at least one mile every day in getting a large part of their roughage, the chances for a crop of strong, thrifty lambs next spring are much better than if the ewes are allowed to loaf in the yard around the barn or shed.

It is a good practice to scatter the roughage in the fields or pastures each day during clear weather when the ground is frozen or dry, they say. In this way the ewes will have to take exercise in getting the roughage feeds. When it can be done, the flock should be shut away from the barnyard in the field or pasture during the day and made to rustle for its feed.

In so far as housing is concerned, warm barns, except during the lambing season if the lambs come in cold weather, are not desirable for breeding sheep. The wool protects the sheep from cold and all it needs is a shelter from cold, sharp winds and a dry place to sleep.

Calling cards, 100 for \$1.75, padded stock.—The Advocate.

## FIFTH SUNDAY MEETING AT THE BAPTIST CHURCH

Our Fifth Sunday meeting was a decided success. We opened with a fine Sunday school at 9:45 a. m. At the 11 o'clock hour Dr. McCann of the First Baptist church, Roswell brought us a great message on "Kingdom Building." Dinner was then served at the church for all visitors. Much praise was expressed for the splendid way in which our good women entertained the visitors. At one thirty o'clock the Laymen furnished us with a good program. Bro. Mabie of Roswell, Bro. Bishop of Artesia and Bro. Cole of Roswell, each brought us a good message on different phases of our work. Bro. C. C. Cagle of Roswell was in charge. At 2:30 p. m., the women, under the direction of Mrs. C. M. Cole, of Artesia rendered a good program. The devotion was led by Mrs. Johnson, of Roswell. A Missionary Pageant was then given by the Sunbeams, sponsored by Mrs. J. T. Reid, of Artesia. It was delight to see and hear the children perform in such a splendid way. The Y. W. A. followed with a pantomime of their song, "O Zion Haste," sung by Mrs. Fred Cole. Much credit should be given Mrs. Ware for the telling message brought in this number by the Y. W. A. girls.

The young people closed the program with a very interesting discussion of their work. Young Mr. Cole, of Roswell and a young man from Loving both delivered very interesting addresses. Bro. Mabie of Roswell was the general chairman of the meeting. Thus closed one of the most interesting Fifth Sunday meetings it has been ours to enjoy for some time.  
R. PETERSON,  
Pastor.

### SUNDAY SCHOOL DAY

Sunday School Day was observed at the Methodist church last Sunday morning at the eleven o'clock hour. The program was given by the different departments of the Sunday school with the pastor, Rev. Jackson, in charge of the service. The songs, talks and pledges were interesting as showing different phases of the work and the church was attractively adorned with flowers for the occasion.

Honolulu has a unique American Legion post, composed entirely of Chinese veterans of the World War. Its name is Kau-Tom and William Sling Chong Pung is commander.

## UNNECESSARY WORRY

A Kansas paper says: "Ever stop to think that if all the things you have ever worried about had really happened you would have been dead and gone long ago? Worry kills more people than work every day in the year. Why fuss around trying to cross bridges before you come to them? Spend your energy in meeting troubles after they arrive, not in anticipating them. For instance, there is the story of the old maid who worried herself sick over what she should do if she ever got married and had children and one of them should fall in a well! Many of the things you find yourself worrying about are of but little more importance than that. They never happen. Save all your energy for the troubles that actually arrive, and in the meantime, keep busy. Work is good for you. Worry kills."

Mrs. Muggs—So you'll have to throw out the new roomer you got? Mrs. Tuggs—Yes, he's started flirting with me right away—and that mean's he's broke.

**NEW MEXICO WILL BE REPRESENTED AT GOOD ROAD MEET**

**SANTA FE.**—Twenty municipalities of New Mexico will be represented at the United States good roads association convention in Des Moines, Iowa, May 28 to June 1, if there is a full attendance of delegates appointed by Gov. R. C. Dillon. Those named by him are: M. A. Gonzales, Abiqui; B. F. Pearman and O. M. Lee, Alamogordo; John Becker, Belen; Francis G. Tracy, Carlsbad; H. W. Kelly and J. H. Martinez, Las Vegas; J. B. Gilchrist, Pierre; O. B. Erickson, Fort Sumner; David Garcia and C. O. Manning, Gallup; John M. Sully, Hurley; E. C. Jackson, Lake Arthur; C. P. Pardue, Lovington; Emiliano Castillo and Fred Huning, Los Lunas; G. H. Sellmeyer, Carlsbad; Jose Y. Aragon, Magdalena; J. L. Williams, Malaga; J. F. Aragon, Newkirk; J. S. Lea and C. A. Rector, Roswell; M. Howard Thorp, W. C. Davidson and Charles Springer, Santa Fe; William Harris and Victor Culberson, Silver City; J. A. Mahoney, Deming.

**BOWERS PICKED TO MAKE DEMO KEYNOTE SPEECH**

**WASHINGTON.**—Claude G. Bowers, editorial writer of the New York Evening World, was selected recently to deliver the keynote speech at the democratic national convention. At a meeting of members of the democratic national committee charged with making arrangements for the convention Bowers' name was proposed by Mrs. Leroy Springs, of South Carolina. His selection was unanimous. Bowers is a former Indianan and the author of a number of books built around historical events in the early days of the American republic. She—I hear that your old aunt has a will of her own. He (tired of waiting)—I know she has. I only wish she'd give us a chance to probate it.

**CALIFORNIA DEEPEST WELL ECLIPSED BY TEXAS HOLE**

**BIG LAKE, TEX.**—Having passed the depth of the deepest hole ever drilled in the earth in California, that of the Olinda No. 96 at Brea-Olinda, which has a depth of 8046 feet, the test which is being drilled in the Big Lake Field by the Texon Oil and Land Company now has the distinction of being the deepest hole in the world. This well had reached a depth of 8058 feet on April 18th and drilling is still in progress, with indications at present that it may ultimately reach a depth of more than 10,000 feet. It is said to be a good straight hole, but it apparently has no oil in it. Geologists are much interested in the formations through which the hole is passing in its extreme lower depth, but no public information in regard to this matter is available. The statement is made, however, that prospects are regarded as favorable for striking oil before the hole runs out of "formation," whatever that term may mean to the average layman. The deep test in California was drilled with a rotary while the well here is being drilled with cable tools.

**NEW MEXICO TO GET GOVERNMENT FISH HATCHERY**

**WASHINGTON.**—A revised bill to provide a five-year construction and maintenance program for the United States bureau of fisheries was introduced Saturday by Chairman White of the house merchant marine and Fisheries committee. The new measure, designed to incorporate additional cultural establishments, specified stations to be established during the five years. Included in the 1928 authorizations would be a fish cultural station in New Mexico, costing \$50,000; second year appropriations would include \$35,000 for a sub-station in western Texas, and third year appropriations a marine fish cultural station on the east Texas coast, \$100,000.

Teacher—Tommy, what is one-half of one-tenth?  
 Small Boy—I don't know exactly, teacher, but it can't be very much.

"Jimson's mighty proud of his son."  
 "Yes, he says the boy never has played the sax, always wears a hat when he goes out, keeps his socks held up with garters and doesn't think he owns the car."

**CLOVIS PEOPLE SERIOUSLY HURT IN CAR COLLISION**

**CLOVIS.**—Charles H. Evans, democratic nominee for treasurer of Curry county, and Mrs. Evans, were seriously injured thirty-six miles east of here Sunday night when the car in which they were returning from Memphis, Texas, collided with another car. They were badly cut about the head and body and Mrs. Evans may have received internal injuries. Two men and a woman in the other automobile also were badly hurt, and two of the five Evans children received slight injuries.

**INSPECT AVALON McMILLAN DAMS**

**CARLSBAD.**—D. C. Kenney, consulting engineer of the federal bureau of reclamation, Portland, Ore., was here inspecting the McMillan and Avalon dams of the Carlsbad irrigation project, carrying out the policy of the secretary of interior determining the strength of all government dams.

Mrs. Traveler—Henry! Why on earth do you stop and talk to every intoxicated man you meet?  
 Traveler—I've lost my traveling bag, I tell you.

Elsie (aged 5)—Sister told me to entertain you till she comes down.  
 Mr. Bow—Oh, she did, eh?  
 Elsie—Yes—and I'm not to answer too many questions.

"Sara's new face clay set so hard that it took a specialist all day to chip it off."  
 "Wasn't she horribly frightened?"  
 "No they say she was a perfect brick through it all."

LEGAL ADVERTISEMENTS

NOTICE

State Engineer's Office, Santa Fe, N. M., March 27, 1928.

Number of Application, 1474. Notice is hereby given that on the 26th day of March, 1928 in accordance with Section 26, Chapter 49, Irrigation Laws of 1907, J. M. & J. J. Terry of Artesia, County of Eddy, State of New Mexico, made formal application to the State Engineer of New Mexico for a permit to change the place of use of water from Cottonwood Creek as granted under Permit No. 1474, approved on the 13th day of April, 1922, of 252 acre-feet of water from the following described tracts:

E 1/2 NE 1/4 of Section 13, Township 16 S., Range 25 E., comprising 70 acres. NW 1/4 NW 1/4 of Section 18, Township 16 S., Range 26 E., comprising 6 acres. SW 1/4 NW 1/4 of Section 18, Township 16 S., Range 26 E., comprising 8 acres.

Total 84 acres. To the following described tracts: NW 1/4 NE 1/4 of Section 18, Township 16 S., Range 26 E., comprising 30 acres. SW 1/4 NE 1/4 of Section 18, Township 16 S., Range 26 E., comprising 35 acres. SE 1/4 NE 1/4 of Section 18, Township 16 S., Range 26 E., comprising 19 acres.

Total 84 acres. Any person, firm, association or corporation deeming that the granting of the above application would be truly detrimental to their rights in the water of said stream system shall file a complete statement of their objections substantiated by affidavits with the State Engineer and serve a copy on applicant on or before the 28th day of May, 1928, the date set for the Engineer to take this application up for final consideration unless protested. In case of protested applications all parties will be given a reasonable length of time in which to submit their evidence in detail or arrange a date convenient for a hearing or appoint a referee satisfactory to all to take testimony. Appearance is not necessary unless advised officially by letter from the State Engineer.

HERBERT W. YOE, State Engineer. 17-4t

NOTICE OF HEARING UPON FINAL REPORT OF EXECUTRIX IN THE PROBATE COURT OF EDDY COUNTY, NEW MEXICO

In the Probate Court, Eddy County, State of New Mexico.

IN THE MATTER OF THE ESTATE OF ROSE K. BAIISH, Deceased. No. 549.

THE STATE OF NEW MEXICO, to Margaret Baish, Heir, M. E. Baish, Guardian, and all persons who may be interested in the Estate of Rose K. Baish, deceased:

You and each of you are hereby notified that Mrs. E. E. Mathies, Executrix of the Estate of Rose K. Baish, deceased, has filed her Final Report as Executrix of said Estate together with her petition praying for her discharge.

You are therefore notified that the Hon. D. G. Grantham, Probate Judge of Eddy County, New Mexico, has set the 22nd day of May, 1928, at the hour of 10 a. m., at the court room of said Court in the Court House of Eddy County at Carlsbad, New Mexico, as the day, time and place for hearing objections, if there be any, to said report and petition; that on that day and at the hour and place above mentioned the Probate Court will proceed to determine, in harmony with the provisions of the Last Will and Testament of the decedent, Rose K. Baish, the heirship and ownership of said Estate and the interest of each claimant thereto and therein and the person or persons entitled to the distribution thereof.

Therefore any person or persons wishing to object are hereby notified to file their objections with the County Clerk of Eddy County, New Mexico on or before the date set for said hearing.

In witness whereof, I have hereunto set my hand and the seal of office, this 19th day of April, 1928. (SEAL)

THELMA T. LUSK, County Clerk, Eddy County, New Mexico. 19-4t

NOTICE OF FINAL HEARING

In the Probate Court of Eddy County, New Mexico.

In the matter of the last Will and Testament of Luella A. Buel, deceased, the Executor, Victor A. Buel, has filed his final report as such executor; and you J. J. Buel of Artesia, New Mexico, impleaded with: Mary E. Overton, Ceres, California, Victor A. Buel, Artesia, New Mexico, Hattie Oliver Buel, Artesia, New Mexico and Ira N. Buel, Artesia, New Mexico against whom substituted service is hereby sought to be obtained, who are the heirs and only heirs of the deceased, Luella A. Buel, and to whom notice is hereby given that the Hon. D. G. Grantham has set the 22nd day of May, 1928, at the hour of 10 o'clock A. M. on said day for the said final hearing of the said report and

COTTON BROADCLOTH AND OSNABURG

For the housewife, the Bureau of Home Economics of the U. S. Department of Agriculture, has two new cotton fabrics.

Printed cotton broadcloth seems to be the most noteworthy newcomer. Some designs are printed in small or medium floral motifs only, some have dots of various kinds, either as the chief pattern or scattered among floral figures, and the newest offerings are stripes. These are used effectively in contrasting colors in ribbon design or as "candy" stripes in pastel shades. A few plain plaid patterns are seen, as well as those having plaid backgrounds with tiny floral designs running over them.

The stout woman prefers stripes to all over patterns, since up and down lines tend to reduce width. The stripes should not be too broad or too conspicuous. Stripes are also good for the short woman, who wishes to increase her apparent height, while the very tall slim woman can wear them if part of the material is used to make horizontal decorative bands, or if the blouse is made one way of the material and the skirt the other.

Cotton broadcloth is popular because it has so many uses. It has a firm, plain weave, and smooth finish, making it especially serviceable for sports or house wear. It sheds dirt and dust sufficiently to be practical for the street in warm weather and does not muss easily. It can be used for children's bloomers, dresses, men's shirts, pajamas, and other garments that must stand frequent laundering.

Osnaburg is a cotton fabric that can be secured at a low cost and can be used for many things in the house. It launders well and can be dyed, but the natural color is ideal for general use. Osnaburg can be used for couch covers, curtains, dresser scarfs, cushion tops, shoe bags, slips for chair covers, mattress covers and for all furnishings for the sun room or porch. In a summer cottage or camp it would be suitable for porch and boat cushions, dressing-table, draperies, sleeping porch bed covers, and duffel bags.

"Ah, Mr. Johnson!" began the able editor of the Tumlinville Torch of Liberty and Tocsin of the Times. "How is spring opening up, out your way?"

"Tollably—p'tu—slow, just at present," replied Gap Johnson of Rumpus Ridge. "The friendly little cutting and shooting scrapes hain't more'n skureely begun."

Advocate Want Ads get results.

you are notified that the Court will proceed to determine the heirship of the said decedent, under the Will, the ownership of the said estate and the interest of each respective claimant and the persons entitled to the distribution thereof and the name of the attorney for the Executor is J. B. Atkeson whose post office address is Artesia, New Mexico.

Therefore, any one desiring to object to the report are hereby notified to file their objections with the Clerk of Eddy County, New Mexico, on or before the day set for hearing.

THELMA T. LUSK, County Clerk, Eddy Co., N. M. 19-4t

NOTICE FOR PUBLICATION

Hd. Orig 2-19-09 293.27 acres. 025848 MFN

Department of the Interior, U. S. Land Office at Las Cruces, N. M., April 27, 1928.

NOTICE is hereby given that Bert Ballou, of Lake Arthur, N. M. who, on March 31, 1925, made Hd. entry containing 293.27 acres, No. 025848, for lots 3, 4, 5, 6, 11, 12, 13, 14, 17, Section 6, Township 16-S., Range 24-E., N. M. P. meridian, has filed notice of intention to make Three year Proof, to establish claim to the land above described, before S. W. Gilbert, U. S. Commissioner, at Artesia, N. M., on the 8th day of June, 1928.

Claimant names as witnesses: Thomas Bobo, Bazel Bobo, Will Ballou, of Lake Arthur, N. M.

Luther Meeks, of Artesia, N. M. V. B. MAY, Register. 20-5t

MR. BALDWIN could never be sure, when he came home at night, that he wouldn't find himself going to bed in the top drawer of his dresser, or locating—with his bare shins—the piano in a place far removed from its morning location. This habit Mrs. Baldwin had of moving the furniture may have been one reason for his opposing so violently any changing or remodeling of their house. Man-like, he saw it as it had looked some years before, when they had first built it. And, though it grew shabbier, dingier and more out-of-date every day, Mr. Baldwin could see nothing wrong with it. "You're always wanting to change something," he would say. "This house is good enough for anybody!"

It was distinctly unwise, therefore, for Mr. Baldwin to give his wife money for a birthday present, just before he went away on a two-weeks' trip. For, upon his return, he was ushered into a kitchen so bright, so cheery, so exceedingly pretty, that it put the rest of the house to shame. And Mrs. Baldwin knew, before he told her, that the other rooms soon would follow the example of her lovely kitchen.

"You girls will think I've tried to be intensely patriotic," she phoned the members of the Kitchen Club. "But I want you to come and see my red, white and blue kitchen, just the same. I wasn't flag-waving, but just trying to get as far from my old brown walls and black stove and golden oak furniture as possible!"

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

Mrs. Baldwin's kitchen is bright, and so pretty! Linoleum floor in dark red-brick effect; walls, light gray; tables, chairs, cabinets, refrigerator, etc., white with a stenciled design of dark blue and red; white oil range; some pots and pans red, some blue, some white. Bright blue gingham curtains stenciled in red. Shelves white lined with blue.

Old Lady (in car in front of filling station, to attendant)—I want some oil, please, with no scandal attached to it.

VIRGIL WELLS Mechanical Work on Any Car

A Rainy Day Play Room

Mrs. Smith, who has a house full of children, adapted several of our Kitchen Club ideas to make a rainy-day play room out of her kitchen. She has the blackboard, the washable oil cloth walls (not all the way up the walls, but as high as the children can reach), the breakfast nook on which they can cut out and paste the plain brown linoleum floor which they can mark up with chalk for their marble games, and the yellow curtains for "sunshine." She even lets them use the oil stove, she says; for it is perfectly safe. It has automatic wick stops that keep the flame from going too high or too low; it is solidly built; and it is finished in porcelain enamel, so that if they get it dirty, it can be easily cleaned.

Mrs. Smith keeps some of the children's games and books put away for rainy day use. Old magazines are kept for the "paper dolls" and brought out only on rainy days.

New Table Finish

Jane brought up a good idea from a tea shop she patronizes in town. She had noticed that the tables were richer and much more interesting in color than ordinary ones. And upon investigation she saw that bright-colored linoleum in a beautiful pattern had been fastened down on them. (This can be done either with tacks or with cement.) Plain white or solid-colored doilies were used.

A New Way To Make French Dressing

Use tomato juice instead of lemon or vinegar in your French dressing, for a new, delightful flavor. Measurements as follows:

- 1/4 cup of olive oil
1/4 cup of strained tomato juice
1/2 teaspoon of salt
Pepper and paprika to taste
1/4 teaspoon of sugar added is pleasing to most tastes.
Mix dry ingredients. Put into bowl with tomato juice and oil. Beat vigorously. If allowed to stand, beat again before serving.

Snowballs

Bake shallow cup cakes. (Almost any cake recipe can be used for this, putting in a little less flour than is called for.) Scoop out the tops and fill with custard. Put two together, top to top. Cover with soft icing and fresh coconut.

**B. A. ROLFE**  
I fell head over heels in love at a dance, I wanted to sing and I wanted to dance as most men do.

**Musician With Cornet Makes New Fortune After Losing First**

New York City.—B. A. Rolfe, world's most famous cornetist, is rapidly proving that money and music, if not synonymous, are at least team-mates, especially if the music is jazz. Once Mr. Rolfe was a millionaire for a while. Now he bids fair to be a millionaire for keeps—all because of jazz. Starting in the motion picture business with Jesse Lasky, now one of the world's most noted picture magnates, Mr. Rolfe amassed a great fortune overnight, only to have it all vanish in a single deal. Luckily, he had never neglected his old cornet, which when a boy, he had played before the crowned heads of Europe. He decided now to adapt modern rhythms to his instrument and organized a jazz band, which is today one of the most famous musical combinations in the country. "When I was a boy, musicians were musicians for art's sake, because they couldn't really be anything else," says Mr. Rolfe. "As for making a fortune out of music, that was unheard of. Music of those days appealed only to the few but the modern American variety has a universal scope, and those who really interpret it can become famous in the financial world. "I understand colleges are worried because so many promising doctors, engineers and lawyers are leaving college to become jazz band players, but I want to say that I think any young man who has a yen for music can go into it without any fear of not being able to rise to the same heights in the financial world as his banker brother. Of course the money in playing this music is made by the fact that the music itself is what the public wants. Just what that something is that wins people I don't know, nor do I know anyone who can analyze it. "Why, 'I Fell Head Over Heels in Love' should be the most popular foxtrot of the year, I can't explain, except that the piece has 'it'—in short a personality that turns it into a gold mine."

**Live Stock Notes**

Horses and mules that are doing hard work must have plenty of grain.

Profitable pork production demands the use of good sanitary pasture.

Close observations of sows and pigs have many times indicated that animals on self-feeders look better and are more thrifty than those that are hand fed.

When poor corn and tankage are put before hogs in self-feeders they often eat not enough corn but too much tankage and self-feeding is unprofitable.

The ordinary stockyards are almost continually infected with all sorts of contagious diseases. Animals should never be taken from the stockyards back to the farm.

Experience has shown that pigs which have grazed on clover, alfalfa or other summer and fall forage crops will incur the least risk of suffering from too much green corn.

An open shed for stock is as necessary and important as any building on the farm.

A horse which weighs 1,400 pounds should be given from 14 to 16 pounds of grain per day and about the same amount of hay.

Lambs at weaning time can be turned into the corn field and they will eat the corn leaves and husks, do well, and be in good condition for the market before they have learned to eat corn from the cob.

A Winnipeg newspaper records some recent happenings which indicate that there is something in a name, after all; Oscar Luck went bankrupt as a result of gambling; Mr. Cuff and Miss Link were married; Thomas Neverstop was jailed for speeding past traffic signals, and Alfred Waterer was fined for selling weakened in milk.

**ABOUT 2 A. M.**

"Whatcher lookin' at?" said one. "That sign," said the other. "Whazzit say?" "Ladies Ready To Wear Clothes." "Pretty near time, if anyone was to ask me," was the response.

Wedding Invitations and Announcements, engraved or printed—The Advocate.

**LOCALS**

Mrs. J. C. Prude, of Hope, was trading in town Tuesday.

J. A. Leach, of Clovis spent Tuesday in Artesia attending to business matters.

The Misses Nora and Nolie Stephens and Emma Briscoe and Mrs. Mary Abbott drove to Loving Sunday.

C. G. Staley, state geologist of Santa Fe, was in Artesia yesterday, attending to duties connected with his office.

Mr. and Mrs. Frank Linell made a business trip to Carlsbad Monday. Mrs. James Sangster and Mrs. Alta Linell accompanied them.

Mr. Kersey was in town from Carlsbad Tuesday on business. His daughter, Miss Thelma, came with him and visited old school acquaintances here.

Tom Flynn of Robinson, Illinois, son of Tom Flynn, of Flynn, Welch and Yates, who has been visiting here the past two weeks, leaves today for Wichita Falls, Texas.

Mrs. Sig Iverson and baby, of Amarillo, Texas are here visiting her parents, Mr. and Mrs. Van Welch. Mr. Iverson came with them, but returned to Amarillo after a short visit.

J. H. Smart, who was formerly local foreman here on the Santa Fe railway, has been transferred to Estancia, where he has accepted the position of extra gang foreman on the New Mexico Central. Mr. Smart writes that he is well pleased with his new position.

Mr. Naylor is employed in carpenter work at the Washington ranch on Black river at present. We understand that Col. Washington is planning to build a tourist camp to take care of the Cavern trade from El Paso and the southwest, his ranch being on the line of travel. The fine trees and pleasant surroundings make it an attractive site for such a resort as he plans.

**PECOS COUNTY WILL LINK CAVERN ROAD**

Improving the road from Sanderson to the Reeves county line, to connect the Southern Federal Highway No. 90 with easy access to the Carlsbad Caverns, is the plan of Pecos county, according to Judge H. H. Johnson of Fort Stockton, who conferred with Pecos city officials about proposed local aid.

State acceptance of the district route is also anticipated according to Judge Johnson, if the two counties improve them to a certain extent. From Pecos to the New Mexico line, the road is already under state maintenance, known as Highway 17, and which local authorities are seeking federal acceptance and maintenance.—Pecos Enterprise.

The Rio Grande Farms says: "A look at the fields throughout the county shows there is just as much difference between those who cultivate the land, as there is between people in town—some are business men and some are in business; some rural people are farmers, and some are on the farm."

It would be interesting, and unusual, to hear the Democrats put out the good things accomplished by the Republicans, and the Republicans tell what really worth while had been accomplished by the democrats. But it won't ever happen.—Albuquerque Journal.

**PLAN ROAD SYSTEM IN OIL FIELD**

Oil operators and others interested in the Winkler and south Lea county fields are much interested in a project of highways throughout Winkler county. At a meeting of county officials of that county, oil operators and others, last Thursday, a comprehensive plan of highway improvement was adopted.

Winkler county has recently voted a \$600,000 bond issue for the purpose of building a highway from Kermit to Wink through the field, thence east from Wink to a connecting point on the road between Wicket and the county line. Another county-wide election is to be called at once, it is said, to vote on another issue of the same amount to carry out the comprehensive campaign for highways reaching the county boundaries at all main road points, to be joined from other counties.—Current-Argus.

## BOY SCOUTS MAKING PLANS FOR SUMMER CAMP IN SACRAMENTOS

Boy Scout troops of the Eastern New Mexico council are making plans for their summer training camp. There will be three ten day periods. First period will open June 13th, second period June 23rd and third period July 5th.

The Boy Scouts have one of the most completely equipped camps in the country. It is located in the Sacramento mountains ten miles west of Weed.

The program will consist of instruction in camping, hiking, horsemanship, swimming, Indian lore and handicraft. The camp has a very complete work-shop and this summer will specialize in craftwork in leather and craftwork in wood.

The local troop will select the period they can best attend in the next few days. Each period will be limited to 100 leaders and Scouts.

### CELEBRATION AT CARLSBAD

CARLSBAD, May 1, 1928.—At a meeting of the directors of the local Chamber of Commerce, held last week, it was unanimously agreed that the largest and best Fourth of July celebration ever witnessed in the southwest would be staged here on Independence Day.

Last year, a crowd variously estimated at from five thousand to seven thousand people witnessed the mammoth night fireworks display at the Carlsbad Bathing Beach, many of the watchers having previously participated in the water carnival and boating which extended throughout the day. There followed a big dance in the American Legion Pavilion which is located on the water's edge at the beach.

The entertainment is being provided for the hundreds of tourists who will visit Carlsbad Cavern and the beach on July 4. Last July 3 and 4, there were 1,501 registered visitors to Carlsbad Cavern over the two day holiday. This year, park service officials are preparing for 1,200 visitors on July 4, alone, owing to the limitless publicity which has been given to the cavern during the year past.

A sign that has been remembered by many visitors who have returned for a second visit to the cavern is the reflection of the fireworks in the waters of Pecos river at the beach. A larger and more varied assortment of historic and scenic pieces will be provided for this year's events. A water carnival and other features are now arranged by several special committees in preparation for a crowd of 10,000 visitors.

### SMITH VS. JONES FIGHT LOOMING DOWN IN TEXAS

HOUSTON, Tex.—The political struggle in Texas has narrowed a fight between supporters of Governor Smith of New York and Jesse H. Jones of Houston for control of the state's 40 votes in the democratic national convention, Jed C. Adams of Dallas, democratic national committeeman, said here Saturday.

"I have the thought that the opposition to Al Smith will rally solidly around Jesse Jones at the convention," Mr. Adams said. The committeeman is regarded as the leader of a movement to draft Jones as a candidate for the presidential nomination despite statements from Jones that he is not a candidate for any office.

### DAYLIGHT TIME BEGINS

NEW YORK.—New York and many other cities in the east turned the clock ahead one hour at 2 o'clock Saturday morning, inaugurating the change from standard to daylight saving time, which will continue in effect until September 30.

## New Chevrolet Convertible Sport Cabriolet

This latest offering of the Chevrolet Motor Company, listing at \$695 f. o. b. Flint, Mich., brings to the low priced field a model of unusual smartness and distinction. The collapsible top allows full vision ahead from the rumble seat. Body is by Fisher.

### VETERANS CIVIL WAR NOW 79,300, IN 1898 TOTAL WAS 745,822

WASHINGTON.—The mounting death rate among civil war veterans reduced the number in March to only 79,300 pensioners. A total of 1,283 died last month, the pension bureau announced recently.

Once in 1898, these pensioners totaled 745,822, which was the peak, but it remained for increases in appropriations to bring the highest in the amount of pensions in 1923, when \$141,377,515 was disbursed.

Every Civil War pensioner is now more than 80 years old, but it was estimated at the bureau that a few of the Mexican War beneficiaries will live 25 more years. This estimate is based on the fact that five Mexican war pensioners are still on the roll although it has been 80 years since that war.

The last survivor of the revolutionary war, Daniel F. Bakerman, died April 5, 1869, at the age of 109 years, and 90 years after the war of 1912, Hiram Cronk, the last survivor of that war, died.

### STOLEN GOODS RECOVERED IN COFFIN

FORT WORTH.—That a coffin is a poor place in which to hide stolen loot was proven to John Washington, negro, when he was charged with burglary in justice court.

Officers learned that the negro had slipped into an undertaking establishment and hid his loot in a coffin. The stolen goods consisted of clothing, shoes and other wearing apparel.

### THE FT. WORTH-ROSWELL AIRLINE HIGHWAY

Roswell and eastern New Mexico will secure a heavy tourist travel during the summer over the Fort Worth-Roswell Airline highway, according to Roswell representatives who attended the first meeting of the association held this week at Post, Texas.

This road is also to be known as the Grand Canyon highway and provides a direct line from southern and eastern points through Roswell by way of the Grand Canyon and on to California points.

Roswell was represented by the Post meeting by B. F. Kelly and George Tilles, both of whom are enthusiastic over the results of the meeting.

The Fort Worth-Roswell Airline highway provides the shortest and best route from Texas and other southern points and is to be well advertised and marked. The Texas end of the road will be completed within 90 days and will be ready for travel.

The road proceeds from Ft. Worth to Breckenridge then to Albany, Stamford, Rotan, Post, Brownfield, Tatum and Roswell.

A motorcade along the road to Roswell boosting the route is planned soon.—Roswell Record.

"Why did Mrs. Strong want to set her husband's will aside?" "Simply because it was her husband's. You see she'd got into the habit of setting his will aside on all occasions."

### ROSWELL BOY CHAMPION ORATOR

ALBUQUERQUE, N. M.—Wendell E. Little, of Roswell is champion high school orator of New Mexico, having won in the state contest here Friday night over other district leaders. His subject was "The Development of the Constitution."

He will represent the state in the district contest at Oklahoma City and was awarded a \$75 cash prize. Ernestine Garcia of Raton placed second and Estelle Gentry of Deming, third.

## Rodden's Studio

## MAYTIME is play time

ENJOY the beautiful May sunshine outdoors with the children. Don't slave these gorgeous days away, drudging in the kitchen. You can have time to play, without slighting a single household task. The first thing to do is to install a Quick Meal Gas Range with Lorain Self-regulating Oven, so you need not stay in the kitchen while foods are cooking in the oven. The Lorain Red Wheel measures the oven heat and holds the oven temperature at any degree you choose.

The new Quick Meal Gas Ranges have no visible hinges, no door catches, no exposed bolts, to mar the smooth beauty of the white-enameled front. Some models have radiant, "barbecue" broiler, concealed manifold and the new, non-rusting, black-enameled neat top cooking surface. Quick Meal top burners will not rust or clog.
