TWENTY-FIVE

Gas Test 6 Million Feet Of At 3241

Gradual From
Gray Lime At
Farnsworth
Feet Of Oil In
From 3,455 Feet.

development of
the gas test in the
State No. 34-21-36
at 3,241 feet. The field
reports received
that the test was
making twenty million
feet, but the report
erred from the Gypsy
well at 3,250 feet
when the test was
topped and has
increased to the present
time, this is
interesting test
underway. The
well is known to
be stimulated
in the vicinity,
although few
wells are being
bought. The
Gypsy will prove
a northwest trend
theory. This
test will bring
the test closer to the
Pecos

RENT HOUSES SCARCE BIG DEMAND FOR THE FURNISHED APTS.

Artesia rental and real estate men
have been very busy this week trying
to find rent houses. This was a
comparatively easy job up until
several days ago, but one local
real estate dealer tells us that he
has received a number of calls for
houses and has not succeeded in filling
all of them. Furnished apart-
ments seem to be in greater demand
than any other class of rental prop-
erty, although vacant houses are
going at a premium in some instan-
ces.

ODDFELLOWS REBEHAS TO ATTEND SESSION IN ALBUQUERQUE 8 TO 10

Representatives of the Artesia Odd-
fellow and Rebekah lodges expect
to leave the last of the week for
Albuquerque, where they will partici-
pate in the Rebekah assembly,
the Grand encampment and the I.
O. O. F. Grand lodge assembly, be-
ginning the first of the week. The
Grand encampment session will con-
vene on the 8th and the local organ-
ization will be represented by E.
A. Hannah, past grand patriarch;
C. Bert Smith, grand scribe; Abe
Conner, representative.

NEW YORK WINS

The New York Yankees won to-
day's game by a score of 4 to 1,
before an attendance estimated at
70,000. Hoyt, pitching for the Yan-
kees let St. Louis down with three
hits. Meusel knocked a home run
in the last of the fourth inning,
bringing in an additional score.
Bottomley made St. Louis' only score
when he knocked a home run in the
first of the seventh.

FOUR ARE ARRESTED ON LIQUOR CHARGE

Four men, J. L. Bentley, E. P. and
A. P. Rutherford and Lee Hays, were
arrested here yesterday afternoon
on charge of selling whiskey to min-
ors by Sheriff Joe Johns and de-
puties and taken to Carlsbad where
they were ordered to appear before
Judge Richardson and make bond.
The amount of bond in each case
was fixed according to the number
of charges against each individual.
The bonds of J. L. Bentley, E. P.
and A. P. Rutherford were set at
\$3,500 each, while the bond of Lee
Hays was set at \$2,750.

ALLINGER TO ALBUQUERQUE

Alvin Allinger, an employee of the
McClay furniture store, has resigned
his position to accept the manage-
ment of the Albuquerque furniture
Co., a new establishment for Duke
City. While Mr. Allinger's friends
regret to see him go, they rejoice
at his good fortune. Mr. Allinger
has worked hard since he has been
with McClay Furniture store and is
deserving of success. The best
wishes of a host of friends go with
him in his new undertaking.

JURY ADJOURNS FRIDAY; FINDS 32 AND 28 NO BILLS

County grand jury, em-
paneled Monday adjourned
yesterday afternoon, after completing
its work. According to information
received here yesterday by Sheriff
Joe Johns, the jury found 32 true
bills and 28 no bills. Practically all of
the matters, which should be
handled in the justice

STATE DEMOCRATIC CHAIRMAN HERE

Clinton Anderson, of Albuquerque,
state chairman of the democratic
central committee, spent a few hours
in Artesia this morning in the inter-
est of his party.

NEW CHRYSLERS ON DISPLAY

The Lowery Keyes Auto Co., have
on display three of the new model
Chrysler 75's, consisting of a sedan,
coupe and roadster. There is a
distinct improvement in the appear-
ance of the new models, which will
be of interest to the prospective pur-
chasers.

FIRE PREVENTION WEEK

Governor Dillon has issued a pro-
clamation designating the week be-
ginning October 7th, as fire preven-
tion week. In issuing the proclama-
tion, Governor Dillon calls attention
to the fact that the nation's fire loss
in 1926 reached a total of \$560,548,
624.00 but in 1927 dropped to \$478,
245,620.00. This is an encouraging
gain he says, but when we take into
consideration that fire losses are
largely the result of carelessness, it
behooves our citizens to take an ac-
tive hand in fire prevention education.

RETURNS FROM WORLD SERIES GAMES WILL BE RECEIVED IN DETAIL

First Game At New York
Started Today—Yankee
Lineup Is Crippled, Two
Are Out Of Series With
Injuries.

If you are interested in the
world series, starting today at New
York between the New York Yan-
kees of the American league and the
St. Louis Cardinals of the National
league, you may see the returns in
Artesia. Arrangements have been
completed to secure the details of
each game play by play. The re-
turns will be received at the old
Sweet Shop building, the same place
as last year, where a special wire
was run and a telegraph instrument
installed for this purpose.

SENATOR ROBINSON TO SPEAK AT ROSWELL ON SATURDAY AFTERNOON

Numbers of local people interest-
ed in the presidential race, planned
to be in Roswell Saturday afternoon
to hear the address of Senator Joe
T. Robinson, democratic candidate
for vice-president. Senator Robin-
son's address will be delivered in
the armory at Roswell, according to
announcement made yesterday and
is scheduled to start at 2:00 p. m.
A record breaking crowd is expected
and provisions are under way to ac-
commodate all those who will not be
able to find a seat in the armory.

READY TO START WORK ON LINE

F. A. Willis of El Paso, construc-
tion foreman for the Mountain
States Telephone Co., arrived in Ar-
tesia Tuesday and is making prepara-
tions to start construction on the
new phone circuit from Artesia to
Lovington. The immediate starting
of the construction is contingent up-
on securing a sufficient number of
workmen.

REPUBLICAN COUNTY TICKET FOR CHAVES

Republicans have put out a full
county ticket in Chaves county this
year and will wage an active cam-
paign until the general election,
November 6.

BUILDS DISPLAY ROOM

L. P. Evans has recently installed
a display room adjoining his office,
for the purpose of displaying a full
stock of gas ranges and heaters,
radios and General Electric refrig-
erators.

Man Killed Wife Is Shot At Roswell Last Night

W. F. Mosley Dies In Two
Hours After The Shoot-
ing—Mrs. Mosley Is Ex-
pected To Recover. In-
quest Held Today.

B. L. Walker, proprietor of the
U Eat Cafe on 2nd street, was jailed
last night in Roswell following the
fatal shooting of W. T. Mosley and
the wounding of Mosley's young
wife, employed as waitress in the U
Eat Cafe. Both Mr. and Mrs. Mosley
were rushed to the hospital in an
ambulance following the shooting.
Mosley died in about two hours, af-
ter the tragedy, which is said to
have occurred at 8:15 p. m. Mrs.
Mosley, although seriously wounded
was alive this morning and is ex-
pected to recover. Information from
the Roswell Record at 9:30 this
morning states that inquest will
be held sometime before noon. Walk-
er is in jail without bond.

STAR OF SALES

Saturday, October 6, at 9 a. m.
promises to be the big day at Our
Store, when J. W. Nicholson, prop-
rietor will inaugurate a fifteen day
selling campaign and will offer un-
usual values in numbers of articles
in the dry goods line. The sale is
being staged under the direction of
J. L. Chase, representative of the
Hastings Sales Co., of Kansas City,
Mo. The event known as the "Star
of all Sales," will include special
prices in practically every item in
the house. There will be no free
gifts to attract the public, but plain
values on all items. See the two
page announcement appearing else-
where in this issue.

A CORRECTION

In last week's issue there appear-
ed an editorial under the caption of
"Religion and Politics," inadvertent-
ly credited to the Albuquerque Jour-
nal, which should have been credit-
ed to the State Tribune. We take
this opportunity of asking the par-
don of both the Tribune and Jour-
nal and the indulgence of the readers.

COTTON MARKET

The opening and close of the local
cotton market for the past week,
has remained comparatively steady.
For the past two days, however, it
has shown a downward tendency.
The market quotations are based on
December delivery of the New York
market.

LAST BASEBALL GAME SUNDAY

The Artesia Oilers will close the
baseball season here with a game
on the local diamond Sunday after-
noon. The Oilers will meet a strong
native Mexican nine and a good
game is expected. The ball club
will close the season free of in-
debtedness. The deficit incurred
earlier in the season has been taken
care of by generous contributions
from the Artesia business men. Mes-
sieurs Ike Keller and Dick Clowe, who
took it upon themselves to solicit
funds, secured enough money to pay
all outstanding bills.

Did You Ever
Stop to Think

- THAT some cities wait for prosperity, while other go ahead and make it.
- THAT it is your parade or it is your funeral. Get busy and boost hard—make it a parade.
- THAT work alone will never hurt anybody, but work and worry will break down the best of them.
- THAT no city should drift along without thought of the future.
- THAT if it does it is because they have too many self-satisfied citizens who are satisfied with their lot and lack ambition.
- THAT if these people would stop drifting along and would take some interest in city affairs, they would become boosters, yet be in no danger of being hurt by worry.
- THAT they should dig around a little and they would soon find out that much good can be done and they would be surprised to see what good has already been accomplished by the live ones.
- IF A lot of grouches now living in some cities would look around and get acquainted with the home city they might like it and quit knocking it.

STATE DEMOCRATIC CANDIDATES SPEAK IN ROSWELL TUESDAY EVE.

Democratic candidates for state
offices, made their first appearance
in the Pecos valley, Tuesday evening
in a campaign speech at Ros-
well. The personnel of the demo-
cratic party included Congressman
John Morrow, Attorney General Robt.
C. Dow, G. W. Prichard of Santa
Fe and Mrs. Georgia Lusk candidate
for state superintendent of public
instructions.

The speakers were introduced by
J. F. Hinkle, ex-governor. Attor-
ney General Dow, the first speaker
charged that the republican state
administration had broken their
promise to the people. He also charged
the present administration with ex-
travagant and useless expenditures,
closing his address with the assur-
ance that if elected governor, he
would be governor for all the state,
not just a few.

G. W. Prichard the second speaker,
stated that he appeared as a friend
of Bob Dow and was out to do his
best to elect him. Mrs. Lusk spoke
briefly of the school system of the
state, pledging her best efforts toward
building up an efficient state
system. Congressman John Morrow
closed the speaking with a tribute
to Al Smith.

DEMOCRATIC CLUB IS ORGANIZED AND MAKES AUSPICIOUS BEGINNING

The preliminary step toward
launching a campaign for obtaining
local support of both the state and
national democratic ticket was
launched here Monday evening with
the organization of a democratic club.
During the early part of the meet-
ing, the infant club resembled in
many respects a republican conven-
tion. Harmony prevailed through-
out the process of organization, but
it took a round table discussion to
bring out the issues and draw the
fire that promises to make the club
a real factor in local politics.

FARLEY WET NURSE FOR REPUBLICANS

For those who say they cannot go
all the way in the support of the
national ticket, the real issue prom-
ises to be effective enforcement ver-
sus non-enforcement of the Eight-
eenth amendment. Senator Z. B.
Moon opened the fire works Mon-
day night when he read a letter from
Rev. Farley, president of the state
Anti-Saloon league, addressed to the
preachers of the state. One para-
graph of the letter requested the
local minister to assist in sending
a list of the church membership as
near as possible, with their political
affiliations. Senator Moon made
his objection to the fact that the
Anti-Saloon league was soliciting
subscriptions from the dem-
ocratic nominees to fight the dem-
ocratic nomination bills.

LOCAL ISSUES

Never in the history of the country perhaps, have we experienced such a state of lawlessness, as we are undergoing at the present moment. A widespread disregard for some of the most important laws, necessary for the peace and happiness of the people, prove that this is no idle gossip or pessimism, but facts. While the business of the so called racketeering is much worse in the large centers, we of the sparsely populated section of the country have not been exempted from its evil effects. Witness the organization of the Lake Arthur parents and teachers for the purpose of saving the school boys from the illegitimate practice of the bootlegger. And in our own home city, the sale of liquor to youths has been the most disturbing factor that the Artesia schools have dealt with. It looks like the entire country will be compelled to form an organization, if we hope to cope with the situation.

The joke of the whole thing is that we have prohibition written in our national constitution, backed up by a state law, yet it is practically impossible to convict the bootleggers. Whiskey has been sold to the youth of this section, but so far we know, not a single conviction has been secured during the present year.

If the people are so determined, they could put the bootlegger in our midst to flight within twenty-four hours. All of which proves that you can't enforce a law which the people don't want enforced. And yet one would think that our double prohibition law was what the people wanted, the majority voted for it at least. Regardless of whether the prohibition law is a popular law, we have by our laxity created a moral peril among the young men and women, rarely seen even in the days of the open saloon.

The public is also supposed to support two temperance organizations, the Women's Temperance Union and the Anti-Saloon League by virtue of its name should have been a defunct organization with the ratification of the Eighteenth amendment. Even so, since it exists, its chief function should be to help enforce the law, at least this is the popular conception of what the organization exists for. So with the Women's Christian Temperance Union. However the reports from the press on the activities of the Anti-Saloon League and local reports on the activities of the district superintendent of the Women's Christian Temperance Union, leads us to believe that these organizations are political only. The district superintendent of the W. T. C. U. only a few Sundays ago made a political speech at the Baptist church in Artesia. It is our information that the said district W. T. C. U. superintendent admits that her salary is being financed by a certain political party and the local chairman or chairwoman, soon to be appointed here, must favor a certain candidate; that the appointment is contingent on the endorsement of this candidate.

All of which leads us to believe that so long as our enforcement organizations are motivated by a financial or political gain, they will be a detriment rather than a help to the cause of prohibition.

THE EDITORIAL COLUMN

The editorial column now days in the majority of newspapers, "Ain't what she uster be," says Editor Greaves of the Portales Valley News, and we are inclined to agree with him in this view, he says:

In looking over the exchanges which come to this office, it is often wondered that so few carry an editorial column. The editorial column is the editors own column, where he expresses his opinion upon local and national issues. The paper without one is like a ship without a flag. It may sail the seas with safety, but no one knows to what nationality it belongs. The editorial column should not be neglected, but it should be used judiciously, and not with a malicious intent.

In the early days of the nation the writings of some of the illustrious editors had much to do with the shaping the destiny of the nation. Today it is used more as a means of digesting the national issues so that the public may form their own opinions. The public today is well read and is becoming better informed than in the past.

The opinion of the editor oft times caused the politician to stop and consider the rights of the public. It is the safeguard to public affairs, and the editorial column of the honest newspaper is treated with respect by all. This should be above price if it would serve its proper functions.

If you have anything worth selling, it's worth advertising. Jevver think of that?

THAT ONE QUART LAW

The State Tribune does not think much of New Mexico's one quart prohibition law and in commenting on the present state situation, the Tribune Editor remarks:

"You can drive from here to Santa Fe with a quart of moonshine whiskey mounted on the radiator of your automobile and state officers cannot molest you. You are not violating the New Mexico state law.

If you carry a quart and a half you can be arrested. But you can carry a quart of liquor to the sheriff's office, set down glasses on his counter and pour a round of drinks for the house. If it isn't against the law to carry a quart of liquor it isn't illegal or illogical to drink the contents.

If it isn't illegal to drink liquor from a quart bottle then it isn't illegal to drink it openly in public places."

We don't know about the one quart phase of the law the Tribune speaks about, but our understanding of the present law is that it takes one witness to convict. The evidence of the purchaser isn't admissible or at least it will not convict, which sounds like a joker, but on the other hand it may be a wise provision. Some question the truth of the testimony of the purchaser, who will buy some of this rotten stuff.

THE DIFFERENCE

(By Frank Sullivan)

Mr. Hoover wears double-breasted suits. Governor Smith wears single-breasted suits. This means that all voting males who have struggled vainly with the intricacies of a double-breasted coat and who therefore resent same bitterly, will vote for Smith. This will mean 7,420,000 additional votes for the New York governor, which in addition to the votes from the forty-one other states he will carry, will make sure his election by a slight majority.

Never trust a man in a double-breasted suit. Smith comes frankly before the people in a single-breasted suit, with the coat left open. It is impossible to conceal a Teapot Dome lease in the pocket of a single-breasted suit when the coat is open. The people know that all Governor Smith has in his vest is a watch (his own watch, not one obtained by republican methods,) a few cigars and a little address book containing numbers he has got at one time or another, for instance those of young Teddy Roosevelt, Ogden Mills, Tom Heflin, and the New York republican legislature. Mr. Hoover, on the other hand, wears his double-breasted coat tightly buttoned. Open that coat, Herbert Hoover! The American people like to see their presidential candidates' vests.

AGE OF IDEAS

J. J. Bennett, Advertising Manager of the San Francisco Bulletin, says:

That this is the age of ideas. An idea is like a gold mine. Lying hidden in the ground it has no value, but worked and put to service it may be worth a great fortune.

Lazy fellows who sit and dream hoping to hit on some bright idea which will make them rich without working, are about as useful as sand in the spinach. Most "inventors" die poor. The patent office is full of bright ideas tied up by patents and gathering dust while some fellow with an idea not quite so bright but coupled up with energy and nerve goes out and cleans up.

An empty hole in a piece of candy has made a huge fortune for two young fellows but they did not invent the hole. It was already in the candy when they got it. They furnished the power and put it to work by working day and night themselves.

Wonderful ideas will not build up your business. Good ideas, even ordinary ones, if put to work, and if you let them put you to work, will surely make your business step out.

LARCENY VERSUS HUMAN NATURE

One "Squire" Laughlin was once justice of the peace at Austin, Texas, and one morning had four old gray-headed negroes before him charged with "larceny." The arresting policeman was questioned and then the negroes admitted taking the melons and a chicken, of which they were accused, asked "mercy ob de court." Whaddye mean mercy of the court?" said his honor angrily. It isn't and never was a crime for a nigger to take a watermelon, and it isn't larceny to take a chicken. It is human nature, suh, Mr. Policeman, and you oughta know it." The policeman interrupted with "But, judder, they were your melons these niggers stole." "Well, that only makes my opinion stronger," said the judge. "I'd feel slighted and almost insulted, suh, if a hungry nigger saw a big watermelon in my patch and didn't try to get it. He wouldn't be human, suh, he wouldn't be even nigger human. The prisoners are discharged."—Dispatch

NOW MAYBE WE CAN DISCUSS THE REAL ISSUES

Give John J. Rascob, chairman of the democratic national committee credit for this. In speaking of the charge of the Maryland Senator that Hoover drinks liquor, he says:

"I do not know whether he drinks or not and to my mind it does not make much difference. I will say this, however, that since he has been a member of the cabinet his house has been absolutely dry, for which I admire him greatly."

And Mrs. Charles H. Sabin, national committee-woman credit for this:

"I would rather see the republican party go down to defeat in November than to win as the result of religious intolerance."

High tariff is good for the sheepman and stockman. No argument there, but how about the hay and cotton grower, who is compelled to sell his product on an open market? It looks like useless energy for either party to try to grab all the plums off the bush and brag about it, without attempting a solution to one of the most important problems in the Pecos valley.

This is one time it seems that the democrats may be able to get a little consolation out of the straw vote now being conducted by the Literary Digest.

Among the accomplishments of Senator Cutting, we are told, is that he can play the piano beautifully. If Vaught expects to carry his fight among the common people he ought to learn to play the French harp.

THE WORLDS BIGGEST MELON

The world's biggest watermelon was seen in Hope, Arkansas recently by a party of Artesia tourists, Mrs. J. M. Story, Lewis Story and Dr. Stroup and wife. The Hope community has been specializing in the biggest melons for some time. Last year's prize weighed 144 pounds and the champion this year beat it by ½ pound. It is called the Triumph, the strain being a cross with the Tom Watson, and is said to have a very good flavor. It was shipped to the headquarters of the Rex-all company in Boston, Mass., where it will do some good advertising for Arkansas. Including the prize of \$10.00 it netted the grower \$45.00. Artesia can grow some big squashes. Has it ever tried to raise the biggest watermelon?

The Storys were returning from a visit with relatives and friends in Illinois and Arkansas and the Stroups had gone east to attend the wedding of their son, Harold, and Miss Mildred Mereness, which took place in the Christian church in Missouri City, Mo., on Monday, the 17th ult., in the presence of a large company of relatives and friends. The young people will live in St. Louis, where Harold has a position with the Southern Bell Telephone Co.

Hardly anywhere during this hurried trip did these Artesians see such large and beautiful dahlias as are on display in the drug stores in Artesia every week. But in Shaw's gardens in St. Louis they ran across some old friends in the cactus room, which contained a number of good specimens, grown under glass of course, the climate being too severe for these desert plants.

A pleasant incident of the trip was a five mile ferry trip from Cairo, Ill., to Bird's Point, Mo., with the view of the wooded shore of Kentucky in the distance and traveling through Arkansas was like a long trip through the Lincoln forest. But when the broad plains of Texas opened out like a panorama, it was a pleasant sight to eyes accustomed to the wide open spaces of New Mexico.

The trip revealed the fact that New Mexico roads compare favorably with the best and are much better than those of Oklahoma and Kansas, which are largely graded dirt roads. Missouri, Illinois and Arkansas, had good hard surfaced roads, where the highways are not paved.

RAISING AVALON DAM TO COST MILLION

Bureau of Reclamation Engineers are making rapid progress on the preliminary work incident to raising the Avalon diversion dam of the Carlsbad project from fifty feet to seventy-two feet. Test pits have been excavated to bed rock for studies of the foundation of the dam and virtually all estimates of cost have been completed.

The last congress appropriated \$250,000 to initiate construction and the remaining \$750,000 necessary will be included in the appropriation bill for the department of interior for the next fiscal year. Construction work is expected to start about December 1st.

SOCIAL ITEMS OF INTEREST IN AND AROUND ARTESIA

SUNSHINE CLASS PARTY

The monthly party of the Sunshine Class was held at the home of Mrs. Fred Brainard last Friday afternoon and this month it took the form of a tacky party. Mrs. Frank Miller was voted the tackiest member there and was given the prize.

Election of officers for the ensuing year was the only matter of business considered on this afternoon of fun and merriment and the election resulted in Mrs. W. P. Cox being chosen president, Mrs. Frank Miller, vice-president, Mrs. L. A. Wilde, second vice-president, Mrs. Pagne secretary, Mrs. Sid Cox, treasurer, Mrs. John McCann, reporter and Mrs. C. E. Hinson, leader in Bible study. The customary light refreshments completed the afternoon.

P. E. O. PARTY

Chapter 2 of the P. E. O. Sisterhood gave an informal party at the home of Mrs. Ralph Shugart last Friday afternoon complimenting Mrs. J. M. Clark, of Ft. Collins, Colo., chapter, and also a member of chapter 4, Mrs. J. M. Winans, who has been absent the past six months in Arizona and on the Pacific coast. The afternoon was given over to needle work, and games and delicious refreshments were served.

IDLEWHILES CLUB

The club met with Mrs. M. W. Evans Tuesday afternoon at two o'clock with one substitute, Mrs. Chester Russell. The customary light refreshments were served.

STAR PICNIC

The annual picnic of the Eastern Star occurred at the Masonic lodge room last Friday evening. This is the occasion when the Stars entertain their families and is regarded as one of the happiest times in the lodge year. Last Friday evening there was a large attendance of members and guests and the evening was an especially joyous one with pleasant conversation for those who preferred quiet enjoyment and lively games for those more actively inclined and as always, a splendid supper was the crowning event of the celebration.

SURPRISE BIRTHDAY SUPPER

Mrs. Gail Hamilton entertained a number of gentlemen at seven o'clock supper last Tuesday evening in honor of the birthday anniversary of her husband. She was assisted in entertaining by her sister-in-law, Miss Louise Hamilton of Iowa, who is her house guest. Covers were laid for the honoree, and Messrs. J. T. Collins, Earl Collins, Warren Collins, R. L. Paris, Otis Brown, E. N. Bigler and M. A. Corbin.

SECOND BRIDGE CLUB

The regular meeting of the club was at the home of Mrs. E. N. Bigler on Tuesday afternoon and the hostess served two course refreshments. Substitutes were Mrs. S. D. Gates and Mrs. Martin Yates.

TEACHERS ENTERTAINED

Miss Ethel Bullock entertained the other teachers of the Central building at a party at her home last Thursday evening. Needlework and conversation furnished the diversion and a salad course with cake and coffee were served by the hostess. Present were Mesdames Nellie Haman, Ealen Gage, the Misses Hazel Belle Johnson, Helen Sage, Lucile Morriss, Nina Couch, Elsie Palmiteer, Florence Oaks and Ethel Bullock. Only two were absent Mrs. Howard and Miss Allinger.

FORTNIGHTLY BRIDGE CLUB

Mrs. Frank Seale was hostess to the club at its meeting Tuesday afternoon and served a delicious two course luncheon at one o'clock. Substituting were Mesdames C. Bert Smith, Wallace Anderson, Ben Pior, Dick Atteberry and Miss Violet Robertson.

BRIDGE PARTY

Mrs. E. H. Perry entertained three tables of bridge last Thursday evening complimentary to Mr. and Mrs. J. M. Clark, who were visiting Mrs. Clark's parents, Mr. and Mrs. E. M. Phillips. Light refreshments were served. In addition to the honor guest there were present Messrs. and Mesdames Francis Montague and "Pat" Moyer from the Oil Field, M. W. Evans, E. M. Phillips and the host and hostess.

YOUNG MOTHERS' CLUB

Problems of child rearing provided subjects for discussion at the meeting of the Young Mothers' club, which was held at the home of Mrs. Shelburn, in the Lanning addition, last Friday afternoon. Light refreshments were served. Present were Mesdames Barnett, Ben Dunn,

Social Calendar

TELEPHONE 217

FRIDAY

Regular meeting of the P. E. O. Sisterhood at the home of Miss Ruth Morgan at 2:30.

MONDAY

The monthly meeting of the American Legion Auxiliary postponed until Monday, Nov. 6th.

TUESDAY

The First Bridge club meets with Mrs. Jeff Hightower.

THURSDAY (NEXT)

Circle 2 of the W. M. U. will meet with Mrs. Ben Wilson.

The Susannah Wesley Class will hold its class party at the home of Mrs. Dan Elpper.

Schoolmaker, Louis Cole, Harold Atteberry and John Dunn.

MISS BRADLEY ENTERTAINS

Miss Leonora Bradley, teacher in the Lake Arthur school, entertained a number of her friends at her home on Cottonwood last Friday evening. After an enjoyable evening of cards, delicious refreshments of punch and cake were served by her mother Mrs. W. L. Bradley. Those who enjoyed the delightful evening were: Mr. and Mrs. McCall, Mr. and Mrs. Mantley, Mr. and Mrs. Shirley Smith, Misses Myrtle Carpenter, Vera Herby, and Mr. Raymond Birdick all of Lake Arthur, Mr. and Mrs. J. I. Funk, the Misses Ruby Jenkins, Grace Watson, Frances Harshey, Messrs. Ralph Pearson, Albert Watson, Wayne Norris, Ibbie Funk and Lane all of this community.

LINE PARTY

Members of the Fidelis Sunday school class of which Mrs. W. C. Martin is teacher, enjoyed a line party at the Majestic theatre Tuesday evening. After the show the young ladies repaired to the home of Miss Ruth Bigler, where light refreshments were served. A number of games were played following the refreshments.

THE BRIDGETS CLUB

As a parting courtesy Miss Mabelle Gable entertained the members of her bridge club, The Bridgets, last Thursday evening. The party was given at the home of Mrs. Walter Nugent, on Texas street and the refreshments consisted of a salad course. All of the members were present and the evening was a very delightful one. The club will meet next Thursday evening with Miss Pearl Butcher, at the home of Mrs. Wendell Welch in the Oil Field.

P. E. O. LUNCHEON

(Delayed)
Chapter 1 of the P. E. O. Sisterhood, after a vacation of three months began its year program with a one o'clock luncheon at the home of Mrs. J. H. Jackson on Friday, September 30th. The Jackson home was attractively decorated with flowers, the very choicest from the Shugart and Paris gardens. The luncheon was served at a beautifully appointed table. Covers were laid for twelve members who were watched over by wise pink-eyed owls, which were used as favors. The table was centered by a lovely bouquet of yellow and white flowers. A miscellaneous "shower" in compliment to Mrs. Shugart, and a business session followed the luncheon.

COTTONWOOD ITEMS

(Miss Alma Bradley, Reporter)

Mrs. J. D. Bewley was visiting friends on Cottonwood Sunday.

Miss Aleene Cave spent this week end in town visiting her sister Miss Jewell Cave.

Miss Frances Nelson is visiting friends in Artesia. She is also attending a meeting held there.

Glenn O'Bannon and Rube Dunn left last week for a fishing trip in the northern part of the state.

James Norris left last week for Norman, Oklahoma, where he will enter the University of Oklahoma.

Miss Olivia Greek left for the east where she will attend the Adventist school at Fountain Head, Tenn.

The Upper Cottonwood school was dismissed yesterday for the benefit of the teachers and pupils who wished to attend the Roswell Cotton Carnival.

Miss Mable Vowell spent last week end visiting friends in Carlsbad she also attended an entertainment given by the Carlsbad Masons at the Masonic hall.

Mr. and Mrs. Oscar Pearson returned home last week from a visit to Amarillo, they were accompanied home by their daughter, Mrs. Floyd Senter and grandson Floyd Jr.

SCHOOLS

Dr. Puckett and his assistant of Carlsbad have been working in the schools the past week. They plan to be with us regularly this year.

Enrollment at the high school continues to increase. The past week brought five new students, making an increase of seventy over the first month of the last year. This increase has made it necessary to add another member to the faculty. This place has been filled by Miss Myrtle Burrows of Denver, Colorado. She obtained her Bachelor of Arts degree at Cornell College, Mount Vernon, Iowa. Miss Burrows last taught in the high school at Anita, Iowa. While in Artesia she will stay at the Atkins home.

The New Mexico Bankers Association has outlined a plan whereby both grade and high school students of this state will be instructed in the fundamentals of our national banking system. This work will be carried on in the High school here by the commercial department, through the aid of the organization mentioned above and the special assistance of Mr. J. E. Robertson, president of the First National Bank.

H. L. PICKERING OLD TIMER AT ROSWELL DIED TUESDAY

Herbert L. Pickering, aged eighty seven years, died at the home of his daughter, Mrs. Eunice P. Hall, at Carlsbad, Tuesday afternoon at one thirty o'clock. Mr. Pickering was one of the old timers, having come to Roswell with his family in 1900, from Eagle Grove, Iowa and was well and favorably known here. He has been living for the past four years with his daughter at Carlsbad. His wife, Mrs. Eva Pickering, passed away here on June 16, 1921. Mr. Pickering is survived by one daughter Mrs. Eunice P. Hall, of Carlsbad, New Mexico, and two sons, Leslie N. Pickering, of Prescott, Ariz., and Dale A. Pickering of Pittsburgh, Penn.—Roswell Record.

NOTICE TO RESIDENTS

Winter is just around the corner ahead of us, some morning soon it will be necessary to build up a big fire to warm up the house, some one will send in a fire alarm, some body's home may perhaps burn down. We always have a number of fires during the first cold wave. Please examine the flues on your home, a cracked brick flue needs to be rebuilt, a burned and rusty sheet iron flue needs a new brick flue, better be safe than sorry. Yours for safety first.

J. C. Floore
Fire Chief

NOTICE OF FINAL HEARING

In the Probate Court of Eddy County, New Mexico, No. 501.
In the matter of the estate of E. M. Teel, deceased, the Executor, George S. Teel, has filed his final report as such Executor; and notice is hereby given that the Hon. D. G. Grantham, Judge of the said Court has set the 5th day of November, 1928, at the hour of 10 o'clock on said day, as the day and hour for the final hearing.

Now, therefore, you Mrs. Jamima Teel Richards, 259 Seaside Avenue, Terminal, Calif., Ezra Teel, Rice, Ariz., R. N. Teel, Hope, New Mex., John Teel, Hope, New Mex., Mrs. Dora Teel Sanders, Globe, Ariz., P. O. Box 2277, Mrs. Pearl Teel Wilson, Miami, Ariz., General delivery George S. Teel, Hope, New Mexico, Mrs. E. N. Teel, Hope, New Mex. Children of Frank M. Teel, deceased, son of E. M. Teel, deceased Mrs. Edna Teel Blakeney, Kingman, Ariz. Mrs. Ollie Teel Bailey, Sebastopol, Calif., Houston Teel, minor, age 15 years, Hope, New Mex., Curtis Teel, minor, age 15 years, Hope, New Mex., F. M. Teel, minor, age 11 years, Hope, New Mex.

The children of Mrs. Lizzie Teel Salmon, deceased and daughter of E. M. Teel, deceased.

Mrs. H. J. Bradham, Sanford N. C. P. O. Box 339, Mrs. F. G. Moore, Fort Sam Houston, Texas, Mrs. Wm. L. McClain, 435 Crockett St. San Antonio, Texas, Miss Lizzie Salmon, minor, age 18 years, 435 East Crockett, St. San Antonio, Texas, being the only heirs of E. M. Teel deceased or persons interested in his said estate, and each of you are hereby notified that on said day the Court will proceed to determine the heirship of said decedents, the ownership of the said estate and the interest of each respective claimant and the persons entitled to the distribution thereof, and the name of the attorney for the Executor is J. B. Atkeson whose post office is Artesia, New Mexico.

Therefore, anyone desiring to object to the report, are hereby notified to file their objections with the County Clerk of Eddy County, New Mex. on or before the day set for hearing.

THELMA T. LUSK,
County Clerk of Eddy County, N. M.
42-41

It was erroneously reported last week that Herman Moore who got his arm broken while playing on some apparatus was a member of the Central school. Herman attends the Junior high.

The musical program got under way at the High school this week with the organization of Girls' glee club of 42 members, a Boys' glee club of 24 members and an orchestra composed of 20 members, all under the direction of Miss Oakes, supervisor of music.

Mr. Coleman, Director of extension and public relations, of the New Mexico Normal University, was in Artesia last week and organized extension classes for the benefit of local teachers and others interested in continuing their education. Mrs. Rader, instructor in English in the High school will conduct one course in the History of the English drama and Supt. W. E. Kerr will conduct a course in English history. These classes are open to anyone who wishes to join and pay a small fee.

Thomas B. Hanna, the Underwood typewriter man, of El Paso, visited the commercial department about ten days ago and inspected the Underwood typewriters in use by the department. He also made a talk to the typing students regarding an interscholastic contest sponsored by the Underwood typewriter company. He showed the class a round trip ticket to Sacramento, California and a check for \$200.00 to cover expenses of the trip, both of which he was to present to a High school student at Carlsbad. This student had won out in the statewide Underwood contest last spring and was to be in Sacramento September 29 to participate in a world-wide contest which was held there on that date. Each year the Underwood typewriter company sends a first-year typing student from each state to some city where a world wide contest is held.

The commercial department of the Artesia High school hopes to enter a contestant in the state typing contest next spring, who will win the state honors.

We also plan to sponsor class contests in Gregg shorthand, the winners of which will receive awards from the Gregg publishing Co.

A complete course of study for the year has been outlined by this department and work is progressing in the three subjects offered. Patrons of the school and any others who are interested are cordially invited to visit the commercial department at any time.

Try an' Beat 'Em!

We challenge anybody to equal, much less beat, the combination of tire values we offer you here.

First is the quality of GOODYEAR ALL-WEATHER TREAD balloon tires—the world's finest at any price.

Next is the low price at which we sell this superior tire quality. Know what that price is? Find out! It will surprise you.

Finally, our Service—the best in town—always on the job to see that your GOODYEARs deliver the long, economical mileage built into them at the factory.

TWO HUNDRED BODIES IN CENSUS SHOWS

WASHINGTON, D. C.—The 1928 census figures for religious bodies in this country are now available. The figures show that there are 231,983 organized religious bodies in the United States. This is an increase of 10,764,048 over the 1920 census figures. The increase is due to the fact that in some cases the term member is used for communicants; in others for baptized persons; and in some cases it includes all enrolled in the church edifices in the community.

The Catholic church, with 13,243,378 members, leads all churches. There are nineteen Methodist bodies, those with the largest membership being the Episcopal church with 3,196,623 members and the Methodist church south with 2,899,966. The various denominations ranged down to the United Brethren with 377,436 members; the Universalists, 54,957; the Seventh Day Adventists, 60,152; General Convention of the Christian church 112,795; Baptist churches 881,696; Church of Christ, 1,377,595; Evangelical, 314,518; Spiritualists, 1,377,595; and the scattered sects of the Over Coming Holy Church, 1,047 members; Christadelphians, 192 members; Shakers, 192 members; Church of Daniels Band, 375 members; Church of God as ordered by Christ, 375; Pillar of Fire, 375; Schwendfelders, 200 members; Vendants, 200 members.

INSIDE INFORMATION

Two glass measuring cups, one for wet and one for dry ingredients, are a great convenience in cooking.

The notion that it is harmful to eat fish and drink milk together has no foundation in fact. Think of the many excellent creamed fish dishes, and fish chowders made with milk, that have always been eaten without ill effect.

A small pan that fits into the top of the teakettle has many uses. It serves as a double boiler for small quantities of food to be cooked or re-heated, and will be found handy for melting shortening.

Cook spinach for 10 or 15 minutes only, in just the water that clings to the leaves after washing it through several waters. When it begins to get tender, chop it very fine and season with plenty of butter or cream.

It is unnecessary to remove food from a can as soon as it is opened. For a reasonable period the food may safely remain in the can. Transferring it to another container only means another dish to wash. If the can was safe while the food was shut up in it, it is still safe.

Starch does not taste good unless it is well cooked, hence it is advisable to cook cereals until the starchy flavor disappears, but it is no longer considered necessary to cook them for several hours before they are given to children. Many of the package cereals now on the market have already been precooked so that some of them need only a brief cooking in the double boiler.

When making jelly it is not necessary to heat the sugar before adding it to the fruit juice. The only reason for heating it is to shorten the time of boiling the jelly. If the juice is boiling hot when the sugar is put in, the boiling process will only be checked for a minute or two by the addition of the cold sugar. It is then boiled rapidly until the jelly stage is reached, which should be in from 5 to 10 minutes or even less.

Mildew stains on fabric when very fresh, may sometimes be washed out with soap and water, or bleached in the sun. The growth of mildew is at first on the surface of materials that have been allowed to become damp, but in a short time these molds penetrate the fibre and injure it, and are almost impossible to eradicate. Soaking the stains in sour milk over night and placing in the sun without rinsing, will sometimes help. Slight stains are sometimes removed by moistening them with lemon juice and salt and placing in the sun. Javelle water used as a bleach, will take out mildew stains on white cotton or linen but should never be used on silk or wool. Other chemicals are also used at times. Mildew on shoes should be wiped off as soon as detected, and the shoes washed with soap and warm water, and well dried. Stuff the shoes with soft crumpled paper or dry oats, and dry in a warm, but not hot, place.

Found White Customs Hard to Understand

A naked South sea cannibal once told Jack McLaren, the globe trotter, that he could not understand why whites dressed in the daytime and undressed at night.

"In the night, when it is cold, we people put our clothes on," he said in effect; "and in the daytime, when it is hot, we take them off!"

In a remote Solomon Island village a man asked McLaren was it true, as he had heard, that in white men's countries the people quarreled and stole so much that strong men called policemen continually walked the streets to keep the peace. In his village, he said, there was little quarrelling, except with other villages or with intruders, and hardly any stealing at all. He said he had thought that white men would have known better than to behave like that.

Another savage thought it strange that whites rejoiced and made holiday only at specified times, such as Christmas and Easter. His people, he said, jubilated just whenever they felt like it, which, incidentally, was very often indeed. He thought that our capacity for enjoyment must be extremely limited, in that we had to have special times and arrangements for it.

"Maybe I shouldn't have brought this up," muttered the aviator as his plane began to fall.

BOY SCOUT NOTES

Members of troop 8, enjoyed a hike to the tamaracks on the river, one night last week. Camp was made after selecting a site and a camp supper was cooked. Following the supper the boys enjoyed camp fire stories until 11:00 p. m. Members of the troop hiked back to town the following morning after a camp breakfast. Three members of troop 8, Messrs. Sharp, Mitchell and Denton appeared before the court of honor in session Monday evening and successfully passed the examination for tenderfoot scout. Emery Carper was also awarded a merit badge on life saving at this time.

Degrees of Kinship Easy to Determine

Reckoning cousin relationships is simple if you start out right. A cousin is one collaterally related by descent from a common ancestor, but not a brother or sister. Children of brothers and sisters are first cousins to one another; sometimes they are called cousins-german, owa cousins, or full cousins. The children of first cousins are "second cousins" to one another; children of second cousins are third cousins to one another; and so on. The child of one's first cousin is a first cousin once removed; the grandchild of one's first cousin is a first cousin twice removed, and so on. Confusion sometimes arises from the custom of some people who speak of the children and grandchildren of their first cousins as second and third cousins, respectively, but the practice is only local. The correct and almost universal rule for reckoning cousins is as we have given it.—Pathfinder Magazine.

Accommodating Conscience

The feminine conscience is seen by at least one modern woman writer, writing in the American Magazine, as a very accommodating monitor.

THE LAW OF AVERAGES

In a certain northern town a negro wished to join the Methodist church of the white folks. After much hesitation he resolved to apply for membership.

The church official not wishing to offend him, told him to make the matter the subject of prayer, saying they would also wait upon the Lord. To this proposal he agreed.

Time went by, until finally one of the church officials met the negro and asked, "Have you taken the matter of church membership to the Lord yet, Rufus?"

"Yassah, I sho' have."

"Ah, and did He give you any light on the subject?"

"He sho' did, sah. He done give me a heap."

"What may I ask, did He say?"

"Well, sah, de good Lord done say dat He been a' tryin' for mor'n 40 years to git into dat church and ain't got in yet, an' dah sho' wuzn't no chance fo' me!"

Cat's Meow

Who loves cod liver oil is sure is more fond of it than liver or raw ham, or salmon, or kidneys, or any of the family know it. He decided to go out for a walk. The youngster did not have him go, but he slid out and was looking around for worlds. No calling for "Kitty, kitty" bode him an inch. The small youngster ran and hid liver oil bottle. She held it as bait. He gave one look at it and then came to her as true as a needle to a thread. The child walked into the bottle, the cat followed and she had him.—Springfield

Mirror for king and for slave; what you are and do, to the world the best you will come back to you.

LEGAL ADVERTISEMENTS

NOTICE

In the Probate Court of Eddy County, State of New Mexico

IN THE MATTER OF THE ESTATE OF DR. J. D. BEWLEY, Deceased.

No. 584.
NOTICE is hereby given that the undersigned, was on the 14th day of September, 1928, appointed, administratrix of the estate of Dr. J. D. Bewley, deceased, by Honorable D. G. Grantham, Probate Judge of Eddy County, New Mexico.

Therefore all persons having claims against said estate are hereby notified to file the same with the County Clerk of Eddy County, within one year from the date of said appointment as provided by law, or the same will be barred.

MAUDE A. BEWLEY,
Administratrix.

NOTICE OF PENDENCY OF CIVIL ACTION

In the District Court, Eddy County, New Mexico.

MARGARET ANN BAISH, A MINOR, BY HER NEXT FRIEND, R. A. SHUGART, Plaintiff.

vs.
H. H. HENNINGER, EMRY F. FREEMAN, G. H. RAGSDALE, FRED J. LUKINS, THE UNKNOWN HEIRS OF RALPH T. FERSON, AND ALL UNKNOWN CLAIMANTS OF INTEREST IN THE PREMISES, ADVERSE TO THE PLAINTIFF, Defendants.

No. 4633.
THE STATE OF NEW MEXICO To:

H. H. Henninger, impleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to-wit: You, H. H. Henninger, Emry F. Freeman, G. H. Ragdale, Fred J. Lukins, the unknown heirs of Ralph T. Ferson, and all unknown claimants of interest in the premises, adverse to the plaintiff,

GREETING:

You and each of you are hereby notified that a Civil Action is now pending in the District Court of Eddy County, New Mexico, wherein Margaret Ann Baish, a minor, by her next friend, R. A. Shugart is plaintiff and you and each of you are defendants, number 4633 on the Civil Docket of said Court; that the general nature and objects of said Action are to quiet and set at rest the title of the plaintiff in and to the following described property, located in Eddy County, New Mexico, to-wit:

Lot 19, Block 9, of the Clayton and Stegman Addition to the town of Artesia, Eddy County, New Mexico; the West ten feet of lot 7 and all of lots 9 and 11 in Block 15 of the Original town of Artesia, Eddy County, New Mexico,

and to bar and forever estop you and each of you from having or claiming any right, title or interest in, or any lien upon the above described property, adverse to the plaintiff.

You are further notified that unless you appear and answer, or otherwise enter your appearance in said Cause on or before the 10th day of November, 1928, judgment will be taken against you by default and for the relief demanded in the plaintiff's Complaint.

You are further notified that Phillips, Neal and Stagner, whose Post Office address is Carlsbad, New Mexico, are the attorneys for the plaintiff.

Witness my hand and seal as Clerk of Said Court this 20th day of September, 1928.

(SEAL) THELMA T. LUSK,
County Clerk.

NOTICE OF HEARING ON FINAL REPORT

In the Probate Court of Eddy County, State of New Mexico.

In the Matter of the Estate of Frank M. Robinson, deceased, Mrs. Anna Mae Robinson, administratrix.

No. 563.
THE STATE OF NEW MEXICO: To Wilma Frances Robinson, and the unknown heirs of Frank M. Robinson, deceased.

GREETING: You and each of you are hereby commanded to appear before the Probate Court of Eddy County, New Mexico, on the 5th day of November, 1928 at the hour of 10 o'clock A. M. of said date at the court room of said Probate Court in the court house at Carlsbad in said county.

That at said time and place the Probate Court will proceed to determine the heirship of said decedent, the ownership of said estate, and the interest of each respective claimant thereto or therein, and the persons entitled to the distribution thereof.

You are notified that unless you appear and object, the administratrix of said estate will apply to the court for the approval of said final report and for the determination of the heirship of said decedent, and for the distribution of the assets of

THE CREATION

Shanghai, China, August 23, 1928.

Dear Editor:

Recently I was in a room where a bible class was being held. Some statements made as to the first two chapters of Genesis and the creation of the world and the origin of man were most surprising! How they did try to explain away the clear teachings of the Word of God! The thought came into my mind that the Chinese teachings could "go them one better" in several respects, and you know the readers of your excellent paper might like to know what the Chinese say about the creation.

The male and female principles, "yang" and "yin," gave birth to Pan-Ku, the first man, how none knows. Faith must accept that. He had two horns and was a short stubby fellow; but endowed with the ability to grow. He proceeded to grow. He grew six feet every day and as he lived 18,000 years, you can see how big he got. He, in some way, got possession of an ax and with that he managed to "kai-pih t'ien di," hew out the universe. This was seemingly out of nothing or at least out of chaos. He was 18,000 years doing the work, and in order to complete it all he had to die. His head is said to have become the mountains, his breath the winds and clouds, his voice the thunder, his limbs the four quarters of the earth, his blood the rivers, his flesh the soil, his hair the constellations, his skin and hair, the herbs and trees; his sweat the rain, and, (most suggestive of all to the evolutionists!) "the insects creeping over his body became human beings!" I hope we are proud of our ancestry! Chinese speak of three kinds of insects that delight in man's fellowship, the crawlers, the jumpers and the smellers. I asked a Chinese to which race he belonged. He said he did not know but the foreigners must belong to the crawlers for they are white! The picture I send shows

said estate as prayed for in said final report and the petition filed by said administratrix herein. G. U. McCrary, Artesia, New Mexico, attorney for administratrix.

Witness, the Honorable D. G. Grantham, Probate Judge, and the seal of the Probate Court of Eddy County, New Mexico, this 27th day of September, 1928.

(SEAL) THELMA T. LUSK, Clerk.
By NORMA T. POWERS, Deputy.

42-4t

Pan-Ku and his apron of leaves and his ax. In his hands he holds the up the sun (red) and moon. He failed to put them in their proper places and they went away into the Han (sea) and the people were left in darkness. A messenger was sent to ask them to go into the sky and give light. They refused. Pan-Ku was called and at Buddha's direction wrote the character "zeh," sun, in one hand and "yuih," moon, in the other and going into the sea, he stretched out his hands and called the sun and moon repeating a charm devoutly seven times, when they ascended into the sky and gave light day and night. There are many more things told of Pan-Ku; but I cannot tell all in one letter. In the creation he made 51 stories. Of these 33 were for heaven and 18 were for hell below the earth. The heavens were graded for good men and the floors below the earth were for bad men. If one is the very best of all he can go to the 33rd heaven and be worshipped as god. If he be very bad he'll go down to the 18th hell.

Even in 18,000 years the work of creation was not completed; but a cavity was left through which many feel to the bottom. After a long time a woman, Nu-Kwa, was born and she took stone and blocked up the hole and so finished the work of creation. They say though the body of Pan-Ku died, his soul lives and will live forever. Just after the beginning of the Chinese Republic the philosophers said that a revelation had come from heaven saying that the king of gods had asked Pan-Ku to build a new heaven for him—the 34th. This was done and the king of gods with his retinue moved into this. How this revelation came is not told.

These are some of the teachings of Chinese doctors to boys in the schools. We teach, not these myths, but the dear old infallible bible to our little brownies and they take it in and it transforms their lives and saves their souls through faith in Christ. This letter is to solicit your interest in and prayers for China. With best wishes.

Yours in Christ's glad service,
Rev. H. G. C. Hallock

Our Christmas Card Samples--The Artesia Advocate

Style Expert Calls Buick New Mode

Travis Banton, fashion creator for the Paramount Film studios in Hollywood, has replaced the straight lines of old, lead the motoring field in the new vogue.

Cal.—City motorists often are amazed at the adoption of the dress even in the more remote. Easily explained, the car has pushed back the boundaries and broadened the horizon down provincial isolation through the world all the way to "rural" broadcasts the styles of authority. Hollywood is contributing its own, maintains intimate European style centers in advance, the change in modes. Hollywood regards the matter of style is shown, for in frequent trips abroad, creator of fash-

ions at the Paramount studio. He has just returned from Paris, London, Vienna and like style centers, conferring with other famed authorities who are contriving the new line and beauty. So Banton knows what is what and what is to be. And his translation of styles to the screen carries to every section of the world. "Fashions of the immediate future will accentuate curves, spelling the downfall of the popular straight lines with which we have so long been familiar," says Banton. "We are definitely entering a new style era. "That the change will effect motor car styles as well as dress is shown in the new Silver Anniversary Buick, which has already captured the idea and boldly broken away from the lines of yesterday."

The Paramount style expert was viewing a new Buick sedan, critically sizing up the contours, increased body room, luxury in appointments and the striking effect of the advancement into the new vogue. "It is most interesting that artisans in metal can achieve such striking effects in the very latest fashion trend. It is a tribute not only to American designers but also to the spirit of progress which seeks the new. Style evidently is a powerful factor today in motor cars. No longer are the makers content with providing transportation alone. I glory in this recognition of style importance. "There always is an added distinction in being first. That is one of the rewards of creation. I appreciate what pride Buick must have in its latest achievement."

LOCALS

Calvin Dunn, who recently accepted a position in Roswell, moved his family there the first of the week.

H. C. Hutsonpiller of Des Moines Iowa, arrived in Artesia last week to spend several days here looking after property interests.

O. C. Neal of Lake Arthur has purchased the John Campbell farm, located southeast of Artesia and consisting of forty acres. The sale was made through H. A. Denton of Artesia.

Mrs. J. B. Cecil arrived home from Boston, Mass., just in time to see her son Dyke, who was leaving for school. His parents drove Dyke to Roswell last week for a short visit with his brother, Burton, before leaving for the Military school at Lexington, Virginia, which he attended last year.

H. S. Berry who bought a partnership in a drug store at Ft. Stockton, moved his family to that place last week. Aubrey Watson who succeeded Mr. Berry as pharmacist at the Palace Drug Store, moved his family here from Amarillo, and they are occupying the Yates apartment vacated by the Berrys.

HOPE SCHOOL SHOWS AN INCREASED ENROLLMENT

H. C. Hall, superintendent of the Hope school, states that the total enrollment of the school is 292 pupils. The grade enrollment is 228 pupils while the high school pupils number 64. The total enrollment shows an increase of 13 pupils over last year to date.

SELECTED MEMBER OF EMPORIA ORCHESTRA

EMPORIA, Kan.—Lois Schnoor, Artesia, N. M., was selected as one of the members of the Kansas State Teachers college, Emporia, symphony orchestra, following the tryouts held by Forrest L. Buchtel, director of the orchestra. Miss Schnoor was chosen in the second violin section of the orchestra.

Made Proper by Usage

Leading dictionaries do not recognize the word "penny" as the name of our 1-cent piece except as a colloquialism. Usage, however, pays little attention to the dictionaries on this point and "penny" is now almost universally regarded as a correct name for a copper 1-cent piece in American money. It has been so used by many good writers since the beginning of our coinage system.—Pathfinder Magazine.

HIGHWAY DEPARTMENT TO BUILD FASTER CURVES

SANTA FE.—A general order was issued recently by the highway commission to revamp all curves. It was stated that curves previously have been run on the basis of a traffic speed of twenty miles per hour. With the general up of modern traffic this has been found inadequate. The new order of things will build curves on a basis of thirty five miles per hour.

Coincident with this order comes another designed to make the roads safer for traffic that is forced off into the ditch. Slopes have been built on a slope of three feet horizontal to one foot vertical. While this slope ratio is fairly safe, to further guard against turnovers by cars which are forced off the shoulder

the commission has decided to flatten this slope even more. In the future slopes will be built at a four to one ratio. Thus, when a driver finds it necessary to go off in the ditch he may drive down a slight slope which with ordinary care in handling the car will allow for entrance into the ditch and exit with less danger to car and occupants.

WANT ADS PAY

his speeches to discussion of the agricultural problem. He tries to make his hearers believe that Tammany is a better friend to the farmer than Herbert Hoover. He does not tell his hearers that the average Tammanyite believes corn grows in bottles. Corn and rye in bottles is about all Tammany knows of the growing and marketing of crops.

What nonsense to try to make an American farmer believe Hoover has not been his friend, Hoover, who from December 1, 1918, to June 1, 1919, bought 600 shiploads of American food products valued at \$800,000,000 and distributed them to the war-starved peoples of 20 European countries.

It was Hoover who persuaded the corn-belt farmers to concentrate on producing hogs for the allies at prices that would yield a profit over the high costs of the times.

It was Hoover, when the truce came, prevented the allies from cancelling their contracts, well knowing that the resultant falling of prices would ruin the loyal producers of hogs and pork products.

Feeds Women And Children It was Hoover, after the bitter struggle to overcome allied opposition, forced the raising of the food blockade against Germany.

That was one of the greatest victories of the war, a moral victory won after the war had ended. It meant the feeding of Germany's women and children. It meant the maintenance of prices and food products in America. In one stroke Hoover saved Europe from famine and agriculture from ruin.

Senator Robinson is finding it difficult to disparage the record of Herbert Hoover, who beyond a doubt, is the greatest of outstanding humanitarians and administrators.

It is easy to believe Senator Robinson wishes he had at the head of his ticket a man who had accomplished even one-half the work for the betterment of mankind that Hoover has to his credit.

NEW CHEVROLET AIR CLEANER

An automobile engine breathes 10,000 gallons of air for every gallon of gasoline consumed. Road dust pollutes this air, but the air cleaner used by Chevrolet purifies it so effectively that the engine receives clean air, thus eliminating excessive wear and minimizing carbon deposits. This diagrammatic view shows how the Chevrolet air cleaner operates.

1. Suction stroke of the engine causes dust-laden air to enter the cleaner between directing vanes which give it a rapid spirally rotating motion.
2. The centrifugal force developed is several times greater than that necessary to throw the dust particles out of the air and against the inside walls of the cleaner.
3. The spiral travel of the dust along the

- inside surface of the cleaner wall brings it to the rear circular end.
4. Dust is forced through small outlet.
5. Clean air, indicated by white arrows, rotating spirally in center portion, strikes the directing plate and screws itself out of the cleaner.
6. Straightened current of clean air leaves the cleaner to enter carburetor.

UNIVERSITY OF N. M. ENROLLMENT SHOWS A SUBSTANTIAL INCREASE

Two hundred and nine students more than the enrollment of the first semester last year are registered at the University of New Mexico, comparative registration figures compiled by Major F. B. Carrithers, registrar, indicate.

Total registration for the fall semester last year stood at 617; enrollment this fall is 826. Three hundred and seventeen men attended the University last year as compared with 421 now in attendance, an increase of 104. Three hundred women enrolled last year, and 405 this year.

Enrollment by departments follows: College of arts and sciences, 470; college of education, 99; college of engineering, 128; graduate school, 28; special students, 77; temporarily unclassified, 24.

The University of New Mexico has had a remarkable growth during the last two years, almost doubling its enrollment within that period. First semester registration in the fall of 1926 was 422; for 1927 it was 617; and for 1928 it is 826.

In order to care for the increasing student body, four new buildings were constructed last year, and 10 new faculty members were employed.

IF TRAVEL WRITERS TOLD THE TRUTH

Leaving the scrubby little bedbuggy hotel in Pookinville, we went down a chuggy road (if in New Mexico fill in "marvelous road"). At the first turn to our left there was a lovely panorama of a girl in bathing, done in colors, with a young man beside her smoking a cigarette (caption: Smoke Fortunate Hits Like All The Big Surf and Swim Girls Do). On our left there was a graphic representation of somebody's backbone twisted like an angle worm enjoying indigestion. A modest four foot sign under the graphic representation advised all motorists to see Dr. Jack, the chiropractor in the next town.

Between the All Star Garage of Four Corners sign and the Wear Sudden Tire ad we saw a part of a cow. It was a lovely scene (as much of the cow as we could see).

Yeast, Kidney Pills, The Bijou Theatre, Motor Oils, Insomnia Remedies, a circus two months old, Blood Remedy, Cigars, Automobile, slogans, Chataqua, Big Carnival, Super-Spectacle Seven Reel Films, etc., etc., completed our morning when we finally arrived at the "Greasy Spoon" in Four Corners.

After five days more of seeing the power of advertising we came at what the maps described as . . . (fill in Grand Canyon, Sphinx, Alps, Glacier National Park, Yosemite or wherever you want to go.) After dark when no one was around we sneaked down to the billboards and peeped between The Skin You Love To Touch and Nature's Own Laxative. We couldn't see anything, but the garage man told us the next morning that (fill in as above) was out there somewhere. He hasn't seen it for ten years altho he was born and raised there.—Fliversus, in Highway Journal.

Calling cards, 100 for \$1.75, padded stock.—The Advocate.

"YOU'RE NO GOOD," SAID THE EDITOR; "I KNEW IT FIRST," SAID MARK TWAIN

SAN FRANCISCO.—Cyrus Clemens, president of the Mark Twain Society of Missouri, who is in California to go over the grounds where Twain was known, is relating another anecdote about the humorist.

Mark Twain or Samuel Clemens, had worked on a San Francisco paper in the '60s, and, after about six months of service, was called for a "conference" with the editor. The executive smiled one of those smiles only city editors can smile.

"Clemens," he said, "I have decided your genius is too broad to have a proper scope on this paper. My advice to you is to go elsewhere. You really aren't doing yourself justice here."

"Sir," he answered, "what you mean is that my presence here is no longer required—that I am no good. I must say that you are slow, even dense, to be discovering that fact now. I knew I was no good when I started six months ago."

Jack: "So your father demurred at first because he didn't want to lose you?"

Ethel: "Yes, but I won his consent. I told him that he need not lose me. We could live with him, and so he would not only have me, but a son-in-law to boot."

Jack: "I don't like the expression 'to boot.'"

Painless

Parasitic growths of a high-powered civilization, one cycle has declared, regarding the surplus income of inflated travelers painlessly but with unerring skill.—Woman's Home Companion.

Advocate Want Ads Get Results

COTTON FIELD DAY DECIDED SUCCESS

Cotton Field Day, held at the State College September 24, was a decided success. Eight New Mexico counties, besides Dona Ana, were represented with 74 visitors and El Paso county, Texas, also sent a good delegation. Over two hundred people in all were present.

The program started in the variety test plots south of the Hort farm. Professor J. C. Overpeck, state agronomist, who has charge of the variety tests, made explanations of the work which proved of great interest.

From the variety test plots the party went to the duty of water plots on the college farm where D. W. Bloodgood, Irrigation Engineer, explained the work being done with irrigation tests. The next place visited was the planting and topping experimental plots where Mr. Overpeck again took charge and pointed out the results of different rates of seeding and of topping cotton.

MARLAND TO PAY 50c ACRE FOR OIL LEASES

The Marland Production Co., which holds 80,000 acres of state oil leases in southeastern New Mexico has surrendered its old leases and taken out new ones at an increased rental, B. F. Pankey, land commissioner, of Santa Fe announced Thursday.

The company's leases which have been held over a number of years Mr. Pankey said, carried rental averages from one cent to fifteen and five-eighths cents an acre, while under the new leases the company will pay fifty cents an acre.

Several companies have voluntarily given up their old leases, Mr. Pankey said, and taken out new ones but the deal just completed is the largest one to be transacted.

"Bill had a cold and he was undecided as to whether he should stuff it or starve it."

"What did he finally do?"

"He flooded it."

See our samples of Engraving—Artesia Advocate.

Advocate want ads get results.

"Why is it," asked a fair young city lassie, "that this cow has no horns?"

"Well you see," explained the farmer, "some cows are born without horns and never have any, others shed theirs, and some were dehorned. Some breeds are not supposed to have any at all."

lots of reasons why haven't horns, but the that cow has no horns isn't a cow—she's a horse.

Announcement cards, by ed.—Advocate.

DO YOU WANT TO BUY

American Block Coal

During the past season there was a good demand for the American Block Coal sold by the City Transfer and Storage Company.

We have made arrangements with the American Coal Co. to handle the Famous American Block Coal.

File your orders at once and we will supply you.

How Far From "Business" Bankruptcy?

Before the last election the Republican party promised the people of New Mexico that if they were put into office they would give you a businesslike and economical administration. In a scant two years they have practically doubled the state tax levy, raising it from 3.4 mills to 5.8 mills.

This increase in taxes makes the people of New Mexico pay to the Republican party \$762,001.37 more each year than was required to conduct the government under previous Democratic administrations. This increase does NOT include the increased gasoline tax, and does not take into consideration the fact that we are saddled with a burden of interest on money borrowed, and our future taxes mortgaged to pay off the principal.

Republican increases in appropriations amount to a sum of \$375,000 annually. This is just a little more than half of the increased taxes, yet the administration faces a deficit at the end of the fiscal year. What has become of the other half of the money we have had to pay? We didn't have to pay it under Hinkle or Hannett, and even the slick publicity writers of the Republicans can hardly tell us why we should have to pay it now.

Vote the Democratic ticket this fall, put in Bob Dow to say NO to grafters and hangers-on, and return New Mexico to sanity and safety in government!

CITY POPULATIONS AS ESTIMATED BY CENSUS BUREAU REPORTED TUES

WASHINGTON.—City populations of the United States, estimated as of July 1, 1928, were reported Tuesday by the census bureau. Five American Metropolitan centers, headed by New York with a total of 6,017,500 persons, were credited with more than a million residents; Chicago with 3,157,400; Philadelphia with 2,064,200; Detroit with 1,378,900; and Cleveland with 1,010,300. A growth in population was indicated for nearly everyone of the cities in the 30,000 population class reported through one of the most famous city centers, Manhattan borough in New York City was actually estimated to have lost 200,000 people between 1928 and 1925, when the state enumeration was made. The census bureau explained that its 1928 estimates were based in part on calculations of population growth rates indicated by the 1920 federal census, by the results of intervening state census returns and by studies of local conditions. Notwithstanding, in the case of a few cities the bureau refused to make any 1928 estimate because of annexation, or because of "exceptional condition of growth," or because of indicated population loss. After the leading five cities, the estimates showed a large group of American cities possessing more than a half million people, the list including St. Louis, 848,100; Baltimore, 830,400; Boston, 799,200; Pittsburgh, 673,800; San Francisco, 585,300; Buffalo, 555,300; Washington, D. C. 552,000; Milwaukee, 554,200. No estimate was given for Los Angeles which in 1920 had a population of 576,637.

LOCALS

Mr and Mrs. V. L. Gates were Roswell visitors Monday.

Beecher Rowan made a business trip to Roswell yesterday.

Pauline Clayton is ill with typhoid fever, but is progressing satisfactorily.

Will Gray has moved his family into the Ed Gray house on west Main street.

O. M. Lee and son, O. M. Jr. of Alamogordo, spent a short time here the past week attending to business matters.

C. J. Dexter left Monday for Tulsa, Oklahoma, where he expects to spend several days attending to business matters.

Allen Perry was at home for the week end from the Military Institute at Roswell. His sister, Miss Margaret, drove up after him.

F. W. McIlroy, oil operator of Los Angeles, California left for his home Tuesday, after spending some time here looking after his oil interests.

Mr. and Mrs. W. I. Johnson, and J. B. Baker of Loving and Mrs. Lizzie Hogue, of Carlsbad, spent Sunday here, guests of Mr. and Mrs. A. L. Allinger.

Charles Brown, of Owensboro, Kentucky, former oil operator of the Artesia field is spending several days here this week attending to business matters.

Ben Briscoe and family, former residents of the Cottonwood community are expected the last of the week from Memphis, Tennessee, to visit his mother and sisters, on grand avenue.

L. L. Clark, manager of the Peoples Mercantile Co., dry goods department and Mrs. Clark are enjoying a visit from Mr. Clark's mother, Mrs. L. W. Clark of Plainview, Texas and son Odell Clark of Borger, Texas.

Miss Ollie Simmons returned Saturday evening from a few days visit with her niece, Mrs. Will Ed Carter, in Carlsbad. She came home with her nephew, Jim Stagner, and little Grandniece, Martha Carter, who spent Sunday, with Jim's parents, Mr. and Mrs. T. J. Stagner.

Mrs. E. T. Jernigan and children Harry from Carlsbad, Melvin and Elsie, also Mrs. Jeff Hightower and daughter, Miss Jackie drove to Clovis yesterday to attend the marriage of Leonard Jernigan and Miss Blanche Lanewood Stevenson, which took place this morning at 10:00 o'clock. Harry Jernigan acted as best man and Miss Hightower as maid of honor.

2N-19: Spudded and shut down.

THE CHURCHES

CHURCH OF CHRIST
Corner 7th and Grand Ave.

We are greatly delighted over the large increase in attendance at our Bible school last Lord's day. Our classes were overflowed having to form new classes to care for the increase in new members. The future looks very bright and we are very much encouraged.

Starting with next Sunday, the first of the new quarter, we are reorganizing our Bible school putting it on a more systematic basis. There will be special songs for the little folks. We urge all of our membership who have not been attending regular, to come and get started in the new quarter next Sunday. The different classes are putting on contests, and we are putting on a membership drive for our Bible school, so be present next Sunday. We invite every one who have no special Sunday school to attend to come and join our Bible school. We were very near the hundred mark last Sunday.

Brother Allen Johnson of Hope, will preach for us next Lord's day at both morning and evening hour. He is an extra well posted man in the Bible for a young man. Come out and hear him.

Bible School at 10:00 a. m. Preaching at 11:00 a. m. Young peoples meeting at 6:00 p. m.

Preaching at 7:30 p. m. Just the simple gospel taught and preached in meekness and love to uplift and prepare the spiritual man for the great judgment. Come and worship with us, it will do you good and you will always receive that warm welcome that makes you feel like coming again.

"The Church of Christ invites you, come."

CHRISTIAN SCIENCE SOCIETY
613 W. Main Street

Sunday services at 11:00 a. m. Subject for Sunday, October 7, "Unreality."

Wednesday services at 7:30 p. m. The public is cordially invited to attend these services.

CHRISTIAN CHURCH
H. A. Pearce, Pastor

Last Sunday a fine audience heard the sermon "What Is A Christian?" Wherein an answer was undertaken as humanity understands it.

Next Sunday morning the Subject will be, "The Religion of Jesus," answering the question from the standpoint of the Savior.

No human being can afford to "speed by" the church's sermonic efforts so long as our present revelation of Christianity is concerned. When a new Bible is produced, if it ever is, there might be provided a different way of "Feeding My Sheep," of propagating the teachings of Jesus, of Christian growth.

In the meantime the one apparent particular need of a very great many people is serious thought on that scripture which says, "Neglect not the assembly of your selves together."

Evening service at 7:00 o'clock.

FIRST PRESBYTERIAN CHURCH
Fourth and Grand
Rev. John P. Sinclair, Pastor
Phone 249

Sunday, October 7th. 9:45 Sabbath School.

11:00 a. m. Morning Worship; Sermon subject, "Religion in Water Tight Compartments." A sermon on people who adorn the head of Christ but neglect his feet.

6:45 Christian Endeavor: Two groups.

7:30 p. m. Popular People's Service, orchestra will lead singing. Men's chorus will render special selections. It is expected to have a missionary worker present to speak.

7:30 p. m. Wednesday, Praise Prayer and Bible study.

Remember that the greatest of all allies of religion is the need of God in the human soul. Our churches help to supply that need.

HEAR THE IRISH EVANGELIST

Don't fail to hear the Irish Evangelist, Thomas Griffin from Killarney, Ireland, who is now holding a revival at the Assembly of God church, two blocks north of the post office. Rev. Griffin will relate the story of his life as a converted Roman Catholic, this evening, October 4th.

The Southern New Mexico state convention of the Assembly of God church will be held here on October 10 and 11. Rev. H. W. Cadwater of Dallas, Texas will be the principal speaker. Come hear his message.

N. C. Whitlock
Pastor

CHURCH OF THE NAZARENE
Corner Eighth and Missouri Streets
W. A. Huffman, Pastor
Phone 295

9:45 a. m., Sunday school. 11:00 a. m., Morning worship. 6:30 p. m., young peoples society. 6:30 p. m., Children's meeting at Nazarene parsonage. 7:30 p. m. Preaching service.

7:30 p. m., Wednesday Prayer meeting.
7:30 p. m., Friday, Cottage prayer meeting this week at C. C. Pior's. Your presence is desired at any or all these services. Come and find a welcome.

THE FIRST BAPTIST CHURCH

Next Sunday morning we will have a program given by our Sunday school, beginning a little before eleven o'clock and continuing until about 11:30 and then the pastor will follow with a short sermon. The program given by the children will be very interesting and we feel sure will be greatly enjoyed. We hope to have some special music. At the evening hour the pastor will bring a message on the subject of "Repentance." Our young people will have charge of the music for the evening and we are sure will give us some good music.

Our Bible school at 9:45 a. m. is improving in interest and numbers. We shall be glad to welcome you to one of our classes if you are not in some other school. Our young people will furnish good programs, beginning at 6:30 p. m. You will find a warm welcome in all our services.

R. PETERSON,
Pastor.

INJURED IN AUTO ACCIDENT

Mr. and Mrs. E. S. Wilkins of the Cottonwood community, received word Tuesday that their daughter Miss Marion Wilkins and Mr. Wilkins sister, Mrs. Goodbar were injured in an auto accident, which occurred near Calgary, Canada, September 30. Fortunately, however, neither Miss Wilkins nor Mrs. Goodbar were severely hurt. Mrs. Goodbar received a broken collar bone and minor injuries in the accident, while Miss Wilkins injuries were slight.

HEALTH NEWS

"No right thinking parents will conceal contagious disease in their own child, and a physician who will do such a thing is unworthy of a parent's confidence. Theodore Roosevelt once said to one of his employees; 'A man who will steal for me will steal from me.' By the same token it may not be safe to trust the life of your child to a doctor who would connive in concealing a case of measles, diphtheria, scarlet fever, or other dangerous disease of this kind.—From "Health News"—U. S. P. H. S.

TWELVE BIRTHS AND THREE DEATHS FOR MONTH OF SEPTEMBER

S. E. Ferree, sub register for the Cottonwood, Azoka, and Artesia districts, submits his report for September, during which time 9 births and 3 deaths were recorded. Judge Ferree also submits a quarterly report which may be of interest to our readers for the quarter ending September 30th. Births for third quarter: July 9; August 9; September 12. Deaths: July 5; August 7; September 3.

The September report follows: Birth: Mr. and Mrs. Carney T. Pendergrass, son; Mr. and Mrs. Martie B. Cobble, daughter; Mr. and Mrs. L. Chaves, son; Mr. and Mrs. Carlos Lara, son; Mr. and Mrs. Roscoe Kille, son; Mr. and Mrs. John E. Walters, son; Mr. and Mrs. J. R. Roberts, daughter; Mr. and Mrs. Elmer J. Smith, daughter; Mr. and Mrs. Charley H. Whitmore, son; Mr. and Mrs. Clarke J. Wilde, son; Mr. and Mrs. Dan William Bynum, daughter; Mr. and Mrs. O. Chaves, son. Death certificates were issued for Edna Smith, W. L. Gage and E. L. Powell.

CARD OF THANKS

The management of the Artesia baseball club, wishes to express their sincere thanks for the generous financial contributions of the local business men in helping to pay off the deficit, incurred during the present season. The management also wishes to thank the people for the support received during the past season.

MAN KILLED

"For God's sake, take him first," she moaned when the ambulance arrived and she was being placed on a cot.

Walker is said to be under a peace bond at the present time because of a shooting scrape several months ago. His wife, who operates the cafe with him, was visibly grieved over the affair.

NOTICE OF PUBLICATION (Foreign)

Pursuant to Section 1018 of New Mexico statutes annotated, Codification of 1915, as amended by the Session Laws of 1925, notice is hereby given of the filing in the office of the State Corporation Commission of New Mexico of certified copy of certificate of Amendment of the Clark Brothers Company, Amending the original Certificate of Incorporation by: Increasing capital stock from \$1,000,000 to \$2,000,000.

BULLDOGS DEFEAT THE CAVEMEN 13 TO 0 IN GAME HERE FRIDAY

A large crowd of local fans saw the Artesia High school Bulldogs defeat the Carlsbad Cavemen here Friday afternoon in the first grid contest of the season, played on the home grounds. The final score was 13-0. Every man on both the first and second local string saw action during the game. After scoring the 13 points in the first half of the game, coach Priest led out his second team men, who carried the battle on throughout the third quarter. The second team men were able to hold the ball in Carlsbad's territory during the quarter and missed one opportunity to score. The quarter ended with the ball on Carlsbad's ten yard line.

In the first half of the game the fumbles were frequent on both sides. The Cavemen were never able to penetrate the Artesia defense on line bucks and did not have any more success with forward passes. Clayton scored first for Artesia, when he broke through the Cavemen line and raced to the goal for a touchdown. Artesia kicked a goal for the extra point. Dee House made the most sensational play of the contest, when he completed an end run of some forty yards for a touchdown.

After a rest during the third quarter, the first team did not display the usual pep in the last quarter of the game although they kept the ball near Carlsbad's goal and threatened to score in the last few minutes of play.

The Cavemen who are playing their first season of football, give evidence of developing a strong eleven before the close of the season.

LOIN DISEASE

The outbreak of a comparatively new disease among horses and mules, the nature of which has not been fully determined, is reported in the Cottonwood community. The malady affects the loins of the animal, proving fatal in many instances. A serum is the only effective remedy so far known. Jess Funk, Cottonwood farmer, reports the loss of three horses and the remainder of his horses and mules have contracted the disease. Mr. Funk stated this morning that unless serum could be procured, he stood a chance to lose fifteen or twenty head.

Mr. and Mrs. L. L. Clark spent the week end in El Paso.

W. E. Ragsdale of Pecos, Texas is visiting home folks here for a few days and looking after his property interests in Artesia.

A large delegation from Artesia is expected to go to Roswell tomorrow afternoon to witness the football game between Artesia and Roswell high school.

Dr. L. B. McLeer of Lakewood was attending to business matters in Artesia yesterday. Dr. McLeer leads us to believe that he favors Al Smith for president.

Rudolph Russell returned to Lovington Monday after spending Sunday here at the home of his brother-in-law, where Mrs. Russell is a guest. Mr. Kimbrough accompanied him to Lovington and returned Tuesday.

DEMOCRATIC CLUB ORGANIZED

(Continued from first page)

also charged that Farley put his party affiliation before his duty as an officer of a prohibition organization. That he had never endeavored to assist in working out an enforceable law and that he had been "A wet nurse to the republican party in New Mexico," and had allowed his actions to be governed by leading wet republicans.

Rev. J. P. Sinclair, who says that he cannot support Smith for president, made a retort by reading another Anti-Saloon league letter, addressed to all prohibitionists, urging them to defeat Governor Smith, because of his opposition to the Eighteenth amendment. Rev. Sinclair read the letter because he said he wanted all present to get both sides of the controversy. Rev. Sinclair also read a pamphlet, purporting to be the record of Governor Smith, while in the service of his state and containing his opposition to prohibition.

In another short talk Senator Moon, answered by saying, the real issue so far as prohibition was concerned, was effective enforcement versus non-enforcement. "None of us believe in the return of the open saloon," he said and are therefore prohibitionists. The chief issue is the enforcement or the non-enforcement of our present laws.

Dr. J. J. Clarke, in a hot speech charged that Farley had never made an honest attempt to enforce an honest prohibition law. Dr. Clark told about seeing the exchange of telegrams between Mayor Thomasson of El Paso and Andrew Mellon, secretary of the treasury with reference to the hole in the wall at El Paso, when requested to use his influence, Mellon answered by stating that he would look into the matter when he returned from the republican convention.

Dr. Clarke said that Mellon, was the biggest brewery operator in the United States and that recent reports indicated that Hoover owned a large block of stock in a Canadian liquor concern, across the border from Detroit. "That's the reason," Clarke said, that Hoover, does not want prohibition to become an issue in the campaign.

After a rejoinder by Rev. Sinclair and a few remarks by J. H. Jackson, charging Farley's republicanism inconsistent with his position, C. E. Mann, chairman of the club ordered the round table discussion closed.

Members are looking forward to the next meeting Monday night. Police protection will be afforded all those who care to come. The session at this time promises to be hot and interesting. The meeting will be opened to every one interested in hearing the real issues discussed.

A business meeting preceded the round table discussion, during which time the club was organized and officers elected. J. H. Jackson, acting chairman, called for nominations for chairman or president of the club. G. U. McCrary, presented the name of C. E. Mann, who was unanimously selected. W. C. Martin was chosen as secretary and treasurer of the club, with Joe Clayton as vice-president. Chairman Mann also appointed a finance committee consisting of Messrs. Frank Seale, Bun Muncy, Jess Truett and E. C. Higgins. A membership committee consisting of Dick Vandagriff, Dr. J. J. Clarke, Z. B. Moon and F. G. Hartel was also appointed by Chairman Mann.

Further plans of the organization include the establishment of local headquarters in the bullock banquet hall, with a secretary in charge.

FURTHER PLANS OF THE MEDAL CONTEST

Plans for the medal contest to be held in the Central auditorium on Friday the 12th are well underway. The Pecos valley orchestra with Mr. Oracon the popular violinist will be present. Mrs. W. A. Huffman will take the chair. Mrs. Rader and Messrs. Bruce of Artesia High school and R. L. Paris will act as judges.

Superintendent Kerr will present the medal to the winner. The public ought to encourage these young people in their dramatic efforts.

RED CROSS ORGANIZER HERE

Miss Charlotte Murray of St. Louis, Mo., field representative of the American Red Cross, spent last Thursday in Artesia arranging the preliminaries of the reorganization of the local chapter here. A drive to secure the membership will be made on Amrstice day in November. The Red Cross was once a functioning organization here, but owing to the lack of interest during the period following the war, the chapter was finally disbanded. Miss Murray was gratified for the public response made to the appeal of the Red Cross for funds to aid the flood sufferers.

Mrs. Tex Polk writes from Tucson, Arizona to friends here, that the change of climate has been very beneficial to her daughter, Miss Glenn, who has had great relief from hay fever. They are liking Arizona and have made several interesting trips among others to the homes, once occupied by William Jennings Bryan, Zane Gray and Harold Bell Wright.

Calling cards, 100 for \$1.75, padded stock.—The Advocate.

How's Your Stock of Blankets?

We purchased our stock of Blankets early spring on the lowest market ever known and pass this advantage to our large and growing number of customers.

WHAT DO YOU THINK?

Of a large 66x80 Half Wool, Beautiful Plaid in large range of colors, bound edge \$4.50 the pair. Other prices in like proportion.

Our Blankets are not the little skimpy you often see, but great big, full size that plenty of room to "tuck in" all around, when cool nights roll around.

Purchased on the lowest market last Feb Heavy Fancy Outing Flannel 36 inches wide 20c the yard.

Something New Every Day

Joyce-Fruit Co

DRY WEATHER AIDS PICKING COTTON CROP. LABOR IS PLENTIFUL

Hot dry weather has caused cotton to open rapidly during the past two or three days and the picking operations are well under way. While the high winds have aided the start of picking operations, they may cause indirect damage, due to blowing needle grass into the fields. Needle grass cotton will be a factor to affect the local market unless still weather prevails, although some fields have already suffered damage.

The labor supply for harvesting the cotton is reported sufficient. The yield in some places will be disappointing, present prospects indicate, but on some farms may go above the estimated figure. Boll worms have damaged many crops. The yield of this section is expected equal that of last year. The comparative loss in yield is expected to be offset by the increase in acreage.

Below are the total ginnings for the four gins of this section up until this morning.

Association gin, Espula	175
Association gin, Artesia	172
Association gin, Atoka	239
Farmers gin, Artesia	194

Total 780

Following is the ginning report on gins from Lake Arthur north to Dexter, made at the close of last week:

Lake Arthur gin	35
Aikin gin, Hagerman	21
Farmers Coop gin, Hagerman	65

Total 121

Mrs. Ethel Lewis left for Pampa, Texas, where she has accepted a stenographic position with an oil company.

J. F. Bauslin of Hagerman and son-in-law Oscar Bullock and little son, Dixon, of Roswell, were here Sunday visiting the Bauslin family.

FIFTH SUNDAY MEETING

The Fifth Sunday meeting of the Pecos Valley Epworth League was held in Carlsbad last Sunday noon. Miss Florence C. Allinger, of Artesia, presided over the meeting, the accompaniment of the band brought home the banner of the biggest attendance, milk and membership consideration in the center district makes it difficult for the local league to win in the contest. There were in attendance from here the Carlsbad league serious lunch at the close of the meeting. The next meeting will be held in Lovington in December.

E. C. Latta of Lake Arthur attending to business matters yesterday.

LOIS RANDOLPH

NON PARTIS CANDIDATE

Superintendent of Public Instruction has not withdrawn from the race and support of all who are interested in progressive education for the children of New Mexico.
