Artesia, the gateway to the  
Sacramentos, Southwest's  
greatest timberland

ARTESIA, NEW MEXICO, THURSDAY, OCTOBER 11, 1928

NUMBER 43

the hub of the  
valley and the oil cen-  
ter of New Mexico.

THE TWENTY-FIVE

## Wells Are Flowing For and Gas Production

Test Gets More Gas  
2,900 Feet, Estimated  
Million Feet—  
Welch And Yates  
Oil In Jackson No. 1.

The well is divided this week be-  
cause of the most promising  
of eastern Eddy county and  
Lea county. The test  
of Oil Co., State No. 1,  
corner of sec. 34-21-36,  
was closely watched following  
the strike of gas at 3290 feet,  
the tools have been blown up  
and hung. The second  
test was estimated at twenty  
barrels when first encountered,  
the first strike around 3241  
feet gradually diminish. The  
well is a little sweet oil for a  
few feet after the first strike. The  
well, located about twenty  
miles from the favored area in  
the state for the best  
oil is generally regarded as  
the best bet in the state for  
the best showing up favorable  
in Eddy county is the Jack-  
son No. 1, of Flynn, Welch and  
at the center of the NE 1/4  
of sec. 10, which is now drilling  
at 2800 feet. At 1910 to 1935  
a heavy lime formation was  
encountered both oil and gas. At  
the well is said to be  
a barrel of oil or better  
and will make approximately  
million feet of gas.

The location is announced for  
this week by the Empire  
Oil Co., west of their  
No. 1 in sec. 8-21-35. The  
well is known as State No.  
1, NW 1/4, sec. 12-21-34.  
The location is moving ma-  
chine on the Vandagriff  
tract in the Compton No.  
1, SE 1/4, sec. 1-18-27.  
The location of the Texas Produc-  
tion is making good time in  
Lea county. The Shep-  
herd No. 1 in the SE NE sec. 6-26-37  
is below 2800 feet, while  
No. 1 in the NE SW sec.  
is drilling in salt at 1950  
feet tapping the salt at 1110

Corrected depth of one well,  
No. 1 of the Marland Oil  
Co., NE 1/4, sec. 26-25-32, given  
in the report as below 2,000  
feet is below 2,550 feet.

## BASS AND CAT PLANTED IN THE COTTONWOOD

The efforts of the local  
Fishing Association and Con-  
servation League, 10,000 cat  
fish were received here last week  
for distribution in the local streams.  
The fish have been distributed in  
the river, the Cottonwood creek  
and streams and lakes near

## ATTEMPT TO BREAK JAIL

J. L. Bentley and Lee  
Hays were arrested here last  
week with selling liquor to  
break out of the county jail at Carlsbad.  
According to reports  
the first of the week.  
Bentley says that Hays and  
Lee had been placed in the  
jail and had succeeded in sawing  
the window bars in two, when  
they were frustrated by the  
jail department. Both Bentley  
and Hays were denied bond after  
they attempted to saw their way

## AND AUXILIARY GO TO CONVENTION

A number of Artesians left Sat-  
urday to attend the convention of  
the American Legion and Legion  
Auxiliary, which are in session in  
Dallas, Texas this week. In  
attendance are Messrs. and Mesdames  
L. V. Vandagriff, Mrs. Albert  
L. Vandagriff, Mrs. Albert  
L. Vandagriff, vice-president and Mrs.  
L. V. Vandagriff, member of the executive  
committee of the state organization.

G. Scroggins, with his fam-  
ily, returned from Tucumcari  
last week to take up his duties  
as pastor of the Methodist  
church and will occupy his pulpit

A. L. Moore; Alamogordo, J. A. Lud-  
lam; Artesia, H. G. Scroggins; Car-  
rizzo, T. V. Ludlow; Carlsbad, J. O.  
Cox; Clovis, J. C. Jones; Clovis Cir-  
cuit, J. E. Thomas; Dexter, W. G.  
Jones; Elida, G. L. Cleveland; Hag-  
german, M. F. Bell; Hope, and Sacra-  
mento, F. L. Marlin; Lake Arthur-  
Loving, W. W. Walthal; Lovington,  
W. R. Burnett; Portales, T. B. Sew-  
ell; Rogers-Inez, Richard D. Mc-  
Swain; Roswell, R. C. Edwards; Ta-  
tum Circuit, J. D. Wagner, supply;  
Texico-Farwell, D. D. Dennison; Tu-  
larosa, B. M. Stradley; Commission-  
er New Mexico Assembly, Z. B.  
Moon.

Transfers out of this conference:  
J. O. Whitaker and M. J. Jackson,  
to West Texas conference; B. W.  
Dodson to Northwest Texas confer-  
ence; J. W. Nethercutt to Little Rock  
conference.

Mesdames Athol Martin and Car-  
roll Brown went to Carlsbad Tuesday  
to see their sister and visit with  
friends.

## ROSWELL COUNCIL GRANTS TWENTY FIVE YEAR GAS FRANCHISE

By a vote of 6 to 4, the Roswell  
city council Tuesday evening, voted  
to grant the Southwestern Public  
Service Co., a 25 year franchise for  
the distribution of natural gas in  
Roswell. The domestic rate is 67 1/2  
cents per 1,000 cubic feet for the  
first 50,000 cubic feet used and 50  
cents per 1,000 cubic feet if 100,000  
cubic feet are used. The company  
must be ready to supply the town  
within one year from date.

## FOUR PLEAD GUILTY TO CHARGE OF SELLING LIQUOR TO MINORS

One Is Given A Suspended  
Sentence—Three Others  
Are Sentenced To Peni-  
tentiary From One Year  
To Eighteen Months.

Two Artesia men, J. L. Bentley  
and Lee Hays, plead guilty to the  
charge of selling liquor to minors  
when arraigned before Judge Rich-  
ardson at Carlsbad yesterday af-  
ternoon at 2 p. m. Both men were  
given a pen sentence from a year  
to eighteen months. Two other men,  
E. P. and A. P. Rutherford also  
pleaded guilty to the same charge when  
arraigned before the judge, E. P.  
Rutherford was given a suspended  
sentence, while A. P. Rutherford was  
given a pen sentence of a year to  
eighteen months.

The case of the state versus Los  
Gentry, charged with theft of a  
yearling also came up for trial yester-  
day. The case resulted in a hung  
jury, Judge Richardson, however,  
sent the jurors back to the jury room  
for a reconsideration of the case,  
after failing to agree on a recon-  
sideration, the jury was dismissed  
at a late hour yesterday afternoon.

## ARTESIANS ENJOY CHOP SUEY

The following telegram, which is  
about as explanatory as we could  
make it, was received this morning  
by the Advocate. This telegram we  
will serve to relieve considerable  
anxiety on the part of relatives of  
the delegation who are attending  
the American Legion and Auxiliary  
convention in San Antonio, Texas,  
as it was feared that they might be-  
come lost in the big city.

The telegram:  
San Antonio, Texas  
October 10, 1928

The Artesia Advocate  
Artesia, New Mexico  
The Artesia delegation attended  
lunch Wednesday at the Komnam  
Chinese cafe in honor of Col. Linell  
who is unusually fond of chop suey,  
which was delicious and enjoyed by  
all. We hope one will open up soon  
in Artesia for the Col. Desert of  
candied ginger served its purpose  
for the Col.

## DELEGATION.

## CORRECTING REGISTRATION

The matter of correcting the Eddy  
county registration list is scheduled  
to come up before Judge Richardson  
at Carlsbad this afternoon. It is  
understood application be made by  
the Artesia precinct to add a few  
names to the local list. Whether  
names will be purged from any pre-  
cinct is not known at this time.

## THE RESIDENCE OF O. O. P. V. BAND-ORCHESTRA SMITH IS DESTROYED BY FIRE MONDAY A. M.

The two story frame dwelling,  
property of O. O. Smith, of Harrison,  
Arkansas located near the Junior  
High school building, was complete-  
ly demolished by fire at an early  
hour Tuesday morning. The origin  
of the fire is said to have been due  
to a defective flue. According to a  
story of the fire told Tuesday morn-  
ing, Mr. Smith and his two sons  
were occupying the house at the time  
of the blaze and had contemplated  
tearing the structure down and re-  
modeling it into a five room bungal-  
ow. About 2 a. m. Tuesday morn-  
ing one of the boys decided to build  
a fire in the heater to warm up the  
house. After the fire in the heater  
had gotten underway, he returned  
to bed and went to sleep. The next  
thing they knew, the ceiling over-  
head was ablaze and about to fall in.  
A hurry call was sent to the fire  
department, but the building was  
practically destroyed before the fire  
truck arrived.

The loss was said to have been  
partly covered by insurance.

## HARP APPOINTED

Through the suggestion of Joseph  
E. Maddy, conductor of the Nation-  
al High school orchestra, E. L. Harp,  
conductor of the Pecos Valley or-  
chestra has been appointed on South-  
western music supervisors conference  
committee to represent New Mexico.  
The conference will be held in  
Wichita, Kansas, April 3, 4, and 5,  
and orchestra program conducted by  
Mr. Joseph E. Maddy will be pre-  
sented on Friday evening, April 5th.

## CITIZENS PLEDGE THE COURT MORAL SUPPORT IN LAW ENFORCEMENT

Petition With About Two  
Hundred Signers Given  
To District Attorney Last  
Monday—Meeting Held  
At Baptist Church.

Approximately two hundred citi-  
zens gathered at the Baptist church  
Sunday afternoon to attend a mass  
meeting on law enforcement. The  
purpose of the meeting was gener-  
ally understood was to obtain lo-  
cal sentiment in the matter of en-  
forcement of the prohibition law,  
with particular reference to the sale  
of whiskey to minors. W. R. Horn-  
baker, who presided over the meet-  
ing was selected chairman and ex-  
plained its purpose, and called for  
expressions of citizens assembled.  
Mr. Hornbaker stated that he had no  
particular plan of procedure in mind,  
but thought it well to have sugges-  
tions as to the best methods to em-  
ploy.

Short talks were made by a num-  
ber of local men including Dr. Storup,  
who expressed himself as being fa-  
vorable to any action which would  
strengthen the enforcement of the  
prohibition law and expressing the  
opinion that respect for the law  
must come from the home. Rev. J.  
P. Sinclair also made a brief talk,  
telling of his interest in seeing the  
law properly enforced. R. L. Paris,  
the next speaker, told of some of  
his experiences connected with the  
schools in Artesia and related that  
incident connected with a similar  
meeting held in Artesia some four-  
teen years ago, when a number of  
citizens met called a halt on law  
violations occurring at that time.  
"Law enforcement must come from  
the home," he said.

C. E. Mann related some of his  
experiences with liquor violations as  
mayor of Artesia and charged that  
"We all had been lax in reporting  
the violations." Mr. Mann also  
charged that the evasion of jury  
duty by various excuses had hamper-  
ed the proper enforcement of laws  
and that when a criminal was con-  
victed some of our best citizens  
would sign a petition for his freedom.

J. H. Jackson spoke briefly on  
the matter of law enforcement confin-  
ing his remarks principally to the  
best manner in getting the violators  
before the officers of the law. "It  
would be contempt of court, if we  
petition the judge," he said and  
made the suggestion that a commit-  
tee interview the district attorney  
and see what can be done.

Mr. Hornbaker then explained his  
idea as to the most effective man-  
ner of calling violators to the at-  
tention of the law.

(Continued on last page column 1)

## P. V. BAND-ORCHESTRA WILL GIVE ARMISTICE PROGRAM HERE NOV. 11

The Pecos valley orchestra and the  
Pecos valley band are working on  
the musical numbers for the Armistice  
day program to be given at the  
Artesia central school auditorium,  
Sunday, November 11th, at 2:30 p.  
m.

The program will be given under  
the auspices of the Artesia American  
legion and will be one of the out-  
standing patriotic programs of the  
year.

The American legion will have an  
eight page booklet program printed.  
Arrangements are being made to  
have a stage for a combined one  
hundred piece orchestra-band. Ray  
Soladay leader of the Carlsbad band  
will conduct the Valley band and E.  
L. Harp will conduct the Valley or-  
chestra.

Miss Oaks, Supervisor of public  
school music of Artesia will lead  
the singing of the patriotic songs,  
accompanied by the Valley orches-  
tra-band.

The program will be free and there  
will be no silver offering.

The public is cordially invited.

## DEMOCRATS SPEAKING FRIDAY EVENING

We are authorized to announce that  
a democratic speaking will be held  
in the Bullock Banquet hall tomorrow  
evening beginning at 7:30 o'clock.  
Judge Wood and Mrs. Tomlinson Fort  
of Roswell will be the speakers and  
will discuss the national issues. Mrs.  
Fort is said to be a very pleasing  
speaker and has a message of special  
interest to the ladies.

Advocate want ads get results.

## METHODIST CHURCH CLOSES SUCCESSFUL YEAR—101 ADDITIONS

The local Methodist church south,  
closed its conference year with a  
splendid report. During the past  
year 101 members have been added  
to the church roll, the greatest gain  
in proportion to the membership of  
any church in the southwestern con-  
ference.

Rev. Mims Jackson who has served  
the church as pastor has been trans-  
ferred to the Texas conference by  
request on account of the condi-  
tion of Mrs. Jackson's health. In  
conversation with the Advocate re-  
porter yesterday afternoon, Rev.  
Jackson stated that he had not been  
notified of an assignment yet, but  
would likely be transferred to the  
San Antonio, Texas district.

## ED STONE IS ELECTED GRAND MASTER OF THE N. M. I. O. O. F. TUESDAY

Edward Stone of Artesia was  
elected grand master of the grand  
lodge of the I. O. O. F. in conven-  
tion at Albuquerque, Tuesday, D. D.  
Moore, Clayton, was elected deputy  
grand master; I. W. Irick, Gallup,  
grand warden; C. Bert Smith, Ar-  
tesia, grand secretary; and John  
Kellner, Raton, grand treasurer; Ed-  
ward Comstock, Las Vegas, was  
chosen grand representative to the  
sovereign grand lodge, which is to  
meet at Houston, Texas, in Septem-  
ber, 1929.

The new officers and several others  
to be appointed Tuesday afternoon  
by Mr. Stone will be installed Wed-  
nesday afternoon. The Rebekah  
assembly held their election of officers  
Tuesday afternoon.

Otto Scheer of Albuquerque and  
Dr. J. M. Douglas of Tucumcari,  
Tuesday gave their reports on the  
sovereign grand lodge, held at To-  
ronto, Canada, last month.

The past grand degree in the  
grand lodge was conferred on 16 at  
the session Tuesday morning.

Emory Hurt, of Roswell, was elec-  
ted Grand Patriarch of the Grand  
Encampment of the I. O. O. F. for  
the coming year, at the Monday  
morning session in the I. O. O. F.  
Temple, presided over by David  
Brown, retiring grand patriarch.

Other officers elected were: David  
Brown, Gallup, grand high priest;  
O. E. Silver, Albuquerque, grand  
senior warden; J. Bert Leck, Carls-  
bad, grand junior warden; C. Bert  
Smith, Artesia, elected grand scribe;  
W. V. E. Buech, Albuquerque, grand  
treasurer and Lem Wright, Clovis,  
grand representative.

A favorable report was presented  
from the representatives to the sover-  
eign grand lodge held in Montreal  
last month. It was announced that  
this lodge will meet in Houston, Tex-  
as next September.

## DOW DENIES REPORT

A telephone communication from  
Albuquerque to Robert C. Dow, dem-  
ocratic candidate for governor, who  
spent the day here yesterday, request-  
ed him to confirm or deny the report,  
which is being circulated over the  
state to the effect that he would  
pardon Mrs. Katherine Halsey in the  
event of his election. In an interview  
given out here, Mr. Dow emphatically  
denied that he had ever referred to  
this subject during the campaign and  
that he did not contemplate any such  
action, if elected governor.

## SCOUTS PLAY IMPORTANT PART

Boy Scouts played an important  
part at the Chaves County Cotton  
Carnival. Over 600 hours were spent  
in police duty. During parade and  
and at the exhibit hall.

One of the most interesting exhibits  
was that put on by the Scouts. This  
exhibit consisted of wood carving,  
leathercraft, bows, arrows, tom-toms  
and Indian head-dresses. All were  
made by Scouts. Practically every  
troop in the eastern New Mexico  
council entered exhibits.

## DEMO. HEADQUARTERS OPENED RECENTLY IN THE BULLOCK HALL

The Artesia Democratic club, which  
organized October 4th, has opened  
headquarters in the Bullock banquet  
hall, with Mrs. Anna Mae Robinson  
in charge of the office. The local  
club plans to wage an active cam-  
paign for both the state and nation-  
al ticket from now until election  
day, November 6th. All those who  
may desire to obtain democratic  
literature, Smith stickers or Smith  
and Robinson buttons may do so by  
calling at the office.

Advocate want ads get results.

## Many Greet Democratic Speakers At Rally Tues.

Dow Says Present State Ad-  
ministration Trying To  
Build Up Political Mach-  
ine In Four Of The State  
Departments.

Three democratic candidates, Rob't.  
C. Dow, candidate for governor, John  
Morrow, candidate for reelection as  
congressman at large and Mrs. Lusk,  
candidate for superintendent of  
schools, spoke here Tuesday night.  
The candidates were greeted by a  
large and appreciative audience at  
the Bullock Banquet hall. J. H. Jack-  
son, precinct chairman of the local  
democratic organization presided at  
the meeting and introduced the speak-  
ers.

Mr. Dow the present attorney gen-  
eral and the democratic nominee for  
governor, assailed the present rep-  
ublican state administration for its  
extravagance, saying that he was  
a friend of Governor Dillon, but did  
not agree with him in matters of  
administration of the state affairs.  
Mr. Dow charged that the republicans  
had failed to carry out their promise.  
They promised three things, an eco-  
nomic government, a business gov-  
ernment and lower taxes.

He also charged that the republican  
administration had increased expen-  
ses in four of the largest state de-  
partments and in doing so were at-  
tempting to build up a political ma-  
chine at the expense of the tax pay-  
ers. Referring to the legal repre-  
sentative, Francis Wilson, employed  
to protect New Mexico's rights in  
the Colorado river controversy, he  
said that Mr. Wilson had charged  
the state \$10,000 for a service that  
the best legal talent would have been  
glad to accept for \$2,500.

## Hiway Department Political Foothold

Mr. Dow further charged that the  
highway department, the state's big-  
gest financial institution had gener-  
ated into a political foothold.  
"When I am elected governor I  
shall recommend that the state high-  
way be taken out of politics," he  
said and further when I am gov-  
ernor I will not wait until a month  
before the election to start road con-  
struction, but will see that road con-  
struction is started the first of the  
year." Mr. Dow also stated that the  
recent highway investigation brought  
out that New Mexico had been pay-  
ing more for road machinery than  
any other state in the union.

Mr. Dow recommended a legal de-  
partment for the state rather than  
a number of special attorney's for  
each department. "A legal depart-  
ment under the attorney general's  
office will save New Mexico \$25,000  
to \$30,000 per year," he said.

Concluding his remarks he said,  
(Continued on last page column 1)

## PERRY GIVES INDIAN STARTING LINEUP FOR GAME HERE FRIDAY

R. Perry, superintendent of the  
U. S. Indian school at Albuquerque,  
has notified Coach Priest that the  
Indian starting lineup for the Artesia-  
Indian game here Friday afternoon  
will be as follows: Aragon, rg; Las-  
leye, c; Dixon, lg; Nieto, f; Wauneka,  
re; Levi, rt; Arnold, lt; Upshaw, le;  
Shirley, qb; Yazza, rb; J. Yazza,  
lhb.

## BROWN WELL BLOWS OUT

Among the early artesian wells,  
it was the old Brown well that first  
drew the attention of the oil opera-  
tors to the possibilities of production  
in the Pecos valley. This well was  
never successfully pumped because of  
marketing facilities at that time  
and because the artesian water was  
never shut off, penetrating the oil  
sand and closing off the flow. Al-  
though the well has been abandoned  
for many years, it continues to make  
an occasional head. Only last week,  
the accumulated gas pressure caused  
the well to make a head and throw  
oil over the country side.

Old timers say that the produc-  
tion of the well was once estimated  
as fifty barrels daily.

## UNLOADS TWO CARS CARS OF CHEVROLETS

The Jackson-Bolton Chevrolet Co.,  
Tuesday unloaded two cars of new  
Chevrolets.

OFFICIAL PAPER OF EDDY COUNTY

TELEPHONE NO. 7

LAW ENFORCEMENT

The mass meeting held Sunday afternoon at the Baptist church as a protest against the pernicious activities of the local bootleggers, is the second of its kind to be held in this section and indicates that the public opinion is fast crystallizing against the booze peddlers.

The matter of law enforcement, however, can not be successfully carried out by spasmodic efforts, but must be a three hundred and sixty five day affair. Such meetings as Sunday meets the need in that it arouses public sentiment, but there must be a determination behind this sentiment if we are to get anywhere. Respect for the law, the first essential step toward law enforcement must start with the home. Here is where the average individual has fallen down. We have failed to teach the children that a few rules and regulations are necessary for the protection of our social well being. The ordinary individual holds the conception that the law was made for the other fellow and not him. Its O. K. if the bootlegger sells his neighbor's boy whiskey, but if it happens to be his own boy, the story is altogether different. Since the meeting, we have heard a number of men make the remark that they would shoot the bootlegger who sold his wares to their son. And yet if we remember correctly, booze peddling among high school pupils has been going on for two years or more.

## COLD WEATHER BRINGS FIRE HAZARDS

In connection with a warning issued last week by J. C. Floore, Artesia fire chief, with reference to a flue inspection before building a fire the first cold spell, an interesting report is submitted in the Manufacturer of the findings of a Fire Prevention Bureau in a large middle western city. The report says:

For the month of June, the bureau made 4,401 inspections, finding fire hazards to the number of 1,365. Predominating in this total were bad heating units and rubbish, divided as follows:

Flues	387
Furnaces, stoves and hot plates	58
Heating appliances	6
Stoves and smokepipes	29

Total heating units bad 480

Accumulations of straw, trash, rubbish and waste paper constituted fire hazards to the number of 545.

Since these two classifications contained the greatest number of fire hazards, it is very probable that they caused the greatest number of fires suffered by the city in the past, according to the National Board of Fire Underwriters. It is also likely that a similar state of affairs exists in most communities.

Let us all take heed, therefore, and correct such conditions. Rubbish, the targets item, requires attention continually; it should not be allowed to accumulate at any time or place. This month, particularly, heating units should be inspected and unsafe conditions corrected. Soon cold weather will require the use of these units and if the warning is not heeded there will be many destructive fires.

## A FUNNY CONCEPTION

Its a funny conception the ordinary individual has about what constitutes good government. Usually we try to evade jury service and are willing to let the fellow who has little or nothing to do, pronounce the guilt or innocence of the criminal on trial. Still we pay taxes for the protection of society, but when it pertains to service which is to determine whether or not we are to get returns on the taxes paid, we are willing to permit the fellow who assumes a negligible share of the responsibilities of a citizen, say whether or not we shall have protection from the criminal. We expect to get services of law makers in our state legislature at a salary which will not pay their expenses while in the state capitol. We refuse to raise the pay of our state representatives and state senators by defeating a constitutional amendment a year or so ago. After we leave the matter of law making up to our state legislators, who cannot hope to break even while in service and leave the jury service (if we are fortunate enough to be excused by the judge) to the fellow who is hunting a job of this sort, we are prone to wonder what is the matter with our law making system. And on top of it all after the criminal has been sent over the road by the decision of twelve men, along comes a petition for pardon.

## HOW IT WILL GO

(By Frank Sullivan)

Governor Smith, in my opinion, will win the election in the following manner:

Roughly speaking, there are 25,000,000 voters in the Republic. Of this number 10,000,000 are married. Now the 5,000,000 wives in this group will tell their 5,000,000 husbands how to vote, which will cause the husbands to get out and vote the opposite way. Likewise the husbands will tell their wives how to vote, with the same result, so the net result will be that all the wives will be voting opposite to all their husbands, which will automatically cancel those 10,000,000 votes unless some one has committed bigamy.

We therefore have only 15,000,000 to consider. Will Beebe, the naturalist, will vote for Smith on account of the New York governor's zoo, so that we now have only 14,999,999 votes to consider.

These votes are mostly those of republicans or democrats. Now, unless the elections of Harding and Coolidge were just a couple of terrible nightmares, the republicans have had a majority in the national elections during the eight years. Correct us if we are wrong.

Of the republicans, Dr. Nicholas Murray Butler has shown signs of voting for Smith, but those other republicans, the Messrs. Harry Daugherty, Albert B. Fall and Harry Sinclair will vote the straight republican ticket.

On the other hand, Mrs. Clem Shaver, wife of the former chairman of the democratic national committee, will vote for Hoover. In other words there are no party lines this year.

Let us therefore assume that all the republicans will vote for Smith and all the democrats and all the democrats for Hoover, except in the solid south, which will remain democratic.

In that case, assuming that the republicans generally get what they want in national elections, we may safely predict that Smith will win by twice as many votes as Cox and Davis lost by, divided by three and reduced to the least common multiple.

## CAN YOU STOP IN TIME?

(Highway Department)

"Sixty-six feet per second—that is the distance you are traveling every second if you are doing 45 miles."

If you have two wheel brakes you cannot stop under 187 feet, which is three times the distance from fence to fence across the road. If you have four wheel brakes and good fortune you may be able to stop within 124 feet, which is twice the distance across from fence to fence. Figures recently compiled show that at 10 miles per hour a car travels 14.66 feet per second; 15 m. p. h. 29.33 feet per second; 30 m. p. h. 44 feet per second; 35 m. p. h. 51.33 feet per second; 50 m. p. h. 73.33 feet per second.

If you are doing 50 miles per hour and everything is in perfect order, the road dry, brakes good and everything in tip top shape, including the driver, it will take a city block in which to get stopped. At 75 feet per second do you wonder that your car can be off the road, in the ditch, upside down and you dead inside of a single second?

Many drivers have a sense akin to divine presence when it comes to estimating almost the exact spot where two approaching cars will be at the moment of passing. Perhaps you are one of these drivers. If so, you may be safe 60 per cent of the time but as soon as fatigue begins to operate this sense becomes dim and inaccurate to a point where that cry so common after an accident is heard, "I misjudged the distance."

Study the figures given above and then practice seeing how quickly you can stop just before a dangerous curve, railroad crossing, wagon in the middle of the road or other obstacle. You will no doubt be surprised to find the distance it takes you to stop unless your brakes and all mechanical parts of your car are in perfect working order. Even then at 66 feet per second the point is can you stop in time?

## CHEWING GUM IS UNGRACEFUL HABIT

(State Health Department)

Chewing gum is a useless and unpleasant habit, remarks a writer in Hygeia for October. It is something that cannot be done gracefully and may destroy the most charming face. Many salutary effects are claimed for chewing gum, but in most cases it is chewed for the sake of chewing. It appears to supply emotional expression for the habitual chewer that he can derive from nothing else. It does not produce any serious effects, but it is a social drawback. The woman of social poise and the man of business stability do not conclude their receptions and conference with the question, "Now where did I park my chewing gum?"

## A DIPLOMAT

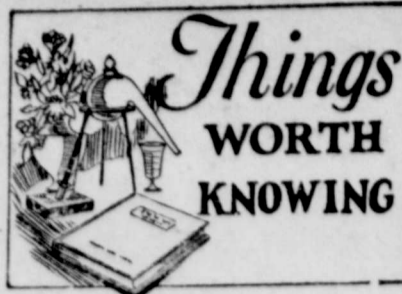

A recent press report from Washington says that a foreign diplomat in Washington is allowed to bring in all the liquor he wants for his own use, which includes liquid refreshments for entertainments and social functions. This may be news to some but not to all.

On his own premises a foreign diplomat may serve whiskey to his guests by the barrel full if he likes, with just as much propriety as if he were in his own home overseas. If he wants to send liquor off his own premises nobody can interfere, if the messenger is of diplomatic retinue.

The fellows away from Washington who engage in the liquor business, known as bootleggers in the rough tongue, must be domestic diplomats.

## CUSSED AND DISCUSSED

Its nothing out of the ordinary for an editor to be cussed and discussed even in normal times, but more so on the election years. If he's a non-partizan, he will be immediately be called a spineless jelly bean without the courage to express his convictions. If he expresses an opinion contrary to his party politics, somebody immediately says that he has thrown his party overboard; if he stands up for the nominees of the party of his political faith, he is allied with the immoral forces controlling his party and so on down the line. All of which reminds us that the editor might just as well go on chopping wood and say and do what he thinks is right and let the chips fall where they may.

## Textile Things

Everyone who has tried to buy "all wool" at the store has usually met with difficulty, and the federal trade commission at Washington has been exposing fraudulent claims of merchandise of this kind and trying to correct the abuses resulting from false advertising and dishonest merchandise.

Ruth Ridenour, writing for Liberty magazine, describes how synthetic chemistry has stolen another march on mother nature and she observes that among the twentieth century high spots we have invented machinery to supply our growing needs, which accounts for airplanes designed to surpass eagles' wings, and for weapons of war deadlier than the lion's jaws, and such things. Miss Ridenour says that the chemists worked for 60 years to make silk fibre without the aid of the silk worm. In the end the triumphs of synthetic chemistry was represented in rayon.

It is rather surprising to learn that more cotton dresses were made and sold in the United States during the summer of 1928 than in 1927, but this may show how smartly dressed American women are filling out their wardrobes without cutting down the supply of more expensive garments.

Two piece frocks have not gone out of business as many of them are offered by the best merchants for the early fall and late summer.

Ribbons are striding forward in the fall fashion parade. As trimming one sees them on gowns for evening and sew fast as braid on daytime frocks, but it is in the realm of millinery that they are greeted with greatest acclaim. Brilliant ribbons made of super-lustrous rayon threads in stripes and plaids interwoven with gold and silver tinsel are very popular.

One of the services of dame fashion for fall is a charming balancing of side draperies on skirts with side jabots on blouses. This type of frock is usually created in soft crepe, satin or georgette.

## AL SMITH CLUB AT LOVINGTON

J. B. Muncy returned from Lovington Monday afternoon and reports that an Al Smith for President club had been organized at that place Monday morning. The club begins its activities with 150 charter members. Mr. Muncy reports and a canvass of the business section of Lovington is being made and more members are being added.

Liza—What yo calls it when a gal gets married three times? Am dat bigotry?

Rastus—Oh, Liza, yo certainly am ignoramus. When a gal gets married twice, dat am bigotry, but when she gets married three times, dat am trigonometry.

The new Buick  
is the new Style

Nowhere such beauty and luxury ...  
where such pleasing lines and contour  
... nowhere Bodies that equal these  
Masterpiece Bodies by Fisher--The en-  
country is saying, "That's the Style"

Setting an entirely new, a revolutionary, style—introducing what will unquestionably be the trend of smart body-design during the next several years—the new Bodies of the Silver Anniversary Buick are enjoying universal acclaim as the most original and distinctive, as well as the finest and most beautiful ever created by the world-famous Fisher organization!

Here is not only a new car but a new vogue—a vogue of symmetry, born of graceful con-  
tours instead of straight lines, a vogue of distinction, derived from sparkling colors, chrome-plating and a new roof, radiator and design—a vogue of tasteful luxury, composed of finest velvet upholstery, artistic ware and fittings and appointments of comfort and convenience.

The entire country is hailing the Silver Anniversary Buick. The entire country is saying "That's the style!"

# To The Voters Of Eastern New Mexico:

Below is a communication which I have this day received  
the same being as follows:

NEW MEXICO  
DEMOCRATIC STATE CENTRAL COMMITTEE  
DEMOCRATIC STATE EXECUTIVE COMMITTEE

Albuquerque, N. M.  
October 6, 1928.

"Mr. Hiram M. Dow,  
Democratic County Chairman,  
Roswell, New Mexico.

"Dear Mr. Dow:

"We are enclosing herewith one copy of political advertisement appearing in the Spanish paper published here 'La Bandera Americana.'

"After reading it you may use it in any manner that you deem advisable. This is merely for your information as to methods being practiced by the opposition.

"Yours very truly,

(Signed)

"P. A. STEFFIAN,  
Chairman Speakers' Bureau."

## They are Trying to Mix Religion With Politics

"Members of the Catholic Church should not be deceived. Enemies of the Church are practicing a fraud, ignoble, vile, low and cowardly. They expect to get votes for the democratic ticket by exciting the ire of the Catholics against the republicans.

"The Ku Klux Klan organization which constantly attacks the Catholic Church, came into being or existence in the Southern States where there are no republicans.

"That vile, low and despicable organization, 'The Klan' is now found flourishing in the democratic section of New Mexico, especially in the counties of Eddy and Chaves where Bob Dow lives, candidate for governor of New Mexico, and his brother, Hiram Dow, who was recently elected chairman of the democratic central committee of Chaves county, by having displaced from that position Mr. Greiner, who was chairman of the committee and was advocating the election of Governor Smith.

"Bob Dow, democratic candidate for governor, comes from Carlsbad, Eddy County, where the moving picture organization has a notice which says: 'These Seats Reserved for Mexicans and Negroes.' These democrats are endeavoring to get Catholic votes for Bob Dow against Governor Dillon, the republican candidate. They also want to get Catholic votes for J. S. Vaught, who is candidate for U. S. Senator against Senator Bronson Cutting. Mr. Vaught comes from Mississippi where the Klan is very strong. . . . .

"The republicans are not against Governor Smith because he is a Catholic but because he is a democrat and because democrats have always brought disastrous times to the country. . . . .

"We beg of you not to do the things that the democrats want you to do. They will ridicule and laugh at you. They will vote AGAINST GOVERNOR SMITH BECAUSE HE IS A CATHOLIC. It is a villainous and degrading thing that they are trying to do.

"Don't permit them to laugh at you because they have deceived you."

## Political Advertisement from La Bandera Americana"

I leave it to you to say whether or not the republican ticket is deserving of support in Eastern New Mexico.

I am neither a Catholic or a member of the Ku Klux Klan, but I believe in being fair and just with all men—regardless of their religion or their order affiliations—and in all things, including politics.

Read the article that is being published and circulated in other counties of the State and then decide whether or not you can conscientiously support any candidate of a political party resorting to any such method of getting votes.

Very truly yours,

HIRAM M. DOW.

## JUDGE RICHARDSON HEARS PLEAS IN DISTRICT COURT

After the grand jury adjourned Wednesday of last week, Judge Richardson, presiding over the Eddy county district court, heard the pleas of the defendants. The arraignments were as follows:

No. 1790, 1791, and 1792, State vs. Lee Hayes; two of the indictments being for selling intoxicating liquor to a minor and the other with possession of same for sale; plea of not guilty entered in each case.

Nos. 1797, 1798, 1799, 1800 and 1801, State vs. J. L. Bentley, four of the indictments were for selling intoxicating liquors to minors and the other possession of liquor for sale. Plea of not guilty in each case.

No. 1810, State vs. Brewer Cole charged with drawing and flourishing a deadly weapon in a threatening manner; plea of not guilty. Bujac and Neuman are attorneys for defendant.

No. 1814 State vs. Robert Jackson Shipp; charged with uttering forged instruments; plea of guilty, and sentenced from one to three years in the penitentiary. Shipp forged checks and passed them on Roberts Dearborne Hardware Co., and J. C. Penney Co., was sentenced upon one count—Penney.

No. 1821 State vs. Guillermo Aldaca; sale of intoxicating liquor; plea of not guilty.

No. 1807, State vs. Marcus Alvarez; manufacturer of intoxicating liquor for the purpose of sale; plea not guilty.

No. 1816, State vs. Sebero Sosa; charged with assault with deadly weapon; plea of not guilty. E. P. Bujac, attorney for defendant.

No. 1817, State vs. J. T. Brown; possession of liquor for sale; plea not guilty.

No. 1806, State vs. Juan Buringa; possession of intoxicating liquor for sale; plea of not guilty.

No. 1809, State vs. Juan Suniga; possession of intoxicating liquor for purpose of sale; plea of not guilty.

No. 1808, State vs. Cevera Medoza; drawing and flourishing a deadly weapon in a threatening manner; plea of not guilty. Newman and Bujac for defendant.

No. 1821, State vs. Guillermo Aldaca; assault with a deadly weapon; pled guilty and sentenced to ten days in the county jail, and to pay costs of case; given sixty days in which to pay costs.

No. 1815, State vs. W. H. Gentry; charged with assault with deadly weapon; plea of not guilty.

Nos. 1794, 1795 and 1796 State vs. R. T. Rutherford; two indictments for selling liquor to a minor and one for possession; plea not guilty.

1793, State vs. Blank Rutherford; sale to minor; plea not guilty.

At the conclusion of the arraignments, the court empaneled the petit jury as follows: W. W. Galton, W. A. Forehand, W. P. Horner, H. F. Christian, E. Birch Harrison, W. P. Ocheskey, Sid Caviness, Luther Wilcox, Claude Brown, W. H. Merchant, Ray Bartlett, Roy A. Beard, Will Walterscheid, Tom Middleton, Skelton Williams, Roscoe L. Kile, Preston Dunn, Edward Rosson, Will Ed. Carter, Pruitt Dawson, Dwight Lee, E. S. Shattuck, W. Frank Smith.

## COTTONWOOD ITEMS

(Miss Alma Bradley, Reporter)

Miss Leonora Bradley spent last week end in Roswell with Miss Myrtle Carpenter.

R. R. Smith and son have returned from a trip to Childress, Texas, where they have been visiting.

Mr. and Mrs. Ollie Fore and brother Carl, of Las Vegas are visiting at the home of Mr. and Mrs. J. I. Funk.

Mr. and Mrs. Kemp and children of Pampa, Texas are visiting at the home of Mrs. Kemp's mother, Mrs. Ray.

The date of the box supper to be given by the Cottonwood schools has been changed from October 9 to October 19.

Mr. and Mrs. J. I. Funk invited a few friends to an entertainment Tuesday night honoring Mr. and Mrs. Ollie Fore.

Mr. and Mrs. Ben Briscoe and children of Memphis, Tennessee, formerly of Cottonwood, have returned and are visiting relatives of Artesia and friends of this community.

Misses Mable Vowell and Ruby Jenkins teachers of the Upper Cottonwood, spent last week end in Lakewood visiting at the home of Mrs. R. L. Larmore. Miss Katie Cowan visited in Roswell.

## LARGE BANANA SQUASH

I. P. Stephens has on exhibition at his residence a twenty-five pound banana squash, which he grew in his back yard. Mr. Stephens thinks he could have taken the prize at the Chaves County Cotton Carnival, had the squash been placed on exhibition at Roswell.

## NOTICE TO BEEMEN

On account of foul brood showing up among bees in the county and especially in the upper end, I will ask that you kindly notify me before moving colonies of bees. Thank you. M. R. Jones, county bee inspector. 43-2tp.

Calving cards, 100 for \$1.75, panned stock.—The Advocate.

## The Indian

Bagged his game usually with the first arrow—his eye was keen, his aim true.

You need a keen eye in these days of artificial light, and quick action.

We can tell you upon your first visit the exact condition of your eyes. If you require glasses you can depend upon it that our prescription will be scientifically correct and that the lenses will be prepared strictly according to it.

## Dr. Edward Stone

Optometrist

## WORK STARTED ON NEW CHEVROLET FACTORY AT SAGINAW, MICHIGAN

Saginaw, Michigan, one of the finest industrial centers in the middle west because of its proximity to the great lakes water transportation, is fast regaining the fame it knew back in the rugged days when it was the timber capital of America.

Today, Saginaw is the home of the Chevrolet foundry with a pouring capacity of 1,000 melting tons a day. The first of next year by reason of intensive construction work now progressing, Saginaw will be the home of one of the world's largest foundries with a capacity of 2,000 tons a day, and will boast one of the world's most modern inland docks at which pig iron and sand will be unloaded from lake points to be cast into millions of Chevrolet castings. Foundations for the 212,364 foot addition, which will almost double the present floor space, are now completed.

As early as December 1, it is anticipated, the foundry men will be at work in their new quarters. And by the ice breaks on the great lakes next spring, the great 650 foot dock will be receiving the lake freighters with a loading capacity of 40,000 tons a month.

The present foundry, originally the Grey Iron Foundry of the Saginaw Products Company, a subsidiary of the General Motors Corporation, was built in 1919 and was taken over by the Chevrolet Motor Co., in September, 1927. Prior to that time it had been specializing on Buick, Oakland and part of Chevrolet's cylinder block and head castings.

The present foundry in the relatively small space of the present buildings, has been showing daily output almost the equal of foundries

with three and four times the room and double the man power. Arnold Lenz, superintendent of the Saginaw foundry, and generally credited as being responsible for the remarkable output records, says that concentrated effort, more than revolutionary equipment, has accounted for the showing.

The new foundry, however, Lenz says, will introduce several innovations. There will be many labor saving devices. The new cupolas will be so constructed as to be capable of 20 consecutive hours of operation instead of the nine they now operate. Mechanical charging of the furnaces will be another new feature.

## A CORRECTION

The Advocate wishes to correct the statement that Calvin Dunn had moved his family to Roswell. Arrangements were all made for the removal, which did not occur, because Mr. Dunn is reconsidering his decision to leave here finding it very hard to break ties of such long standing. The prospects are that he will decide to remain here permanently, which is good news to the many friends of the family.

# DURANT

Models Four and "60" now on display?

We offer the following improvements without extra cost on the four cylinder line and at less cost on the six cylinder:

**QUIET** . . . . . the most remarkable advance in automobile construction . . . . . a new method of body-construction worked out by Durant engineers over a period of years . . . . . for elimination of body noises

This unequalled feature, coupled with a rubber-mounted motor on the Four and Lanchester damper on the "60", straight line drive, quiet transmission and differential gears, long springs with quiet shackles, and balloon tires, produces the most luxuriously quiet automobile in the history of transportation.

THE MOST COMPLETE LINE OF STANDARD AND DE LUXE BODIES • BEAUTIFUL STYLES AND COLORS • CHROMIUM REPLACING NICKEL ON ALL FITTINGS • COWL LAMPS • NEW TAIL AND STOP LIGHTS • NEW AND MORE EFFECTIVE BUMPERS • NEW MODERN LARGER STEERING WHEEL • NEW INSTRUMENT PANEL IMPROVED IGNITION LOCK • MORE REFINED BODY HARDWARE • LANDAU IRONS ON COACHES

DE LUXE roadster and sedan models are fitted with wire wheels, with two extra wheels mounted in fender wells, full-sized bumper and trunk rack on the rear, and chromium cowl band.

The brilliant new Durant "60" has a longer wheelbase, with all that this implies in finer riding and driving qualities.

And both Fours and Sixes retain these well-known features:

The famous Million Dollar Motor, more perfectly balanced—straight line drive assuring remarkable smoothness of operation and freedom from repair. Bendix quiet, positive mechanical 4-wheel brakes, long elliptical springs, balloon tires and the perfect proportion of weight and power that results in unparalleled Durant performance.

**Dine and Dance Frocks  
Flaunt Huge Bows**

Bows, huge bows some with long trailing ends to be caught up and held in the hand while dancing, thus does fashion issue orders in regard to milady's evening frock. The bow which lends its flattering presence to the black velvet dinner frock in the picture is really quite modest as to dimensions and bouffancy, compared to some.

**FOUR MILLION FISH  
WILL BE PLANTED  
THIS FALL & WINTER**

More than four million fish will be planted from the state fish hatcheries this fall and winter, according to E. L. Perry, state game and fish warden. Nearly two million have already been liberated in the streams and lakes, and the fish trucks are running day and night in an effort to get the huge crop of young trout out before bad weather sets in.

The fish are transported for the most part at night because of the cooler temperature, and in addition are heavily iced. Trout are very sensitive to changes in temperature and environment and the utmost care must be exercised in hauling them from hatchery to stream to avoid loss. All of the output of the hatcheries are transported in the department's own trucks and planted by trained men in order to insure the best results. In many states fish are delivered to individuals or clubs for planting, but while that practice materially reduces the cost to the state, the proper planting of trout calls for a high degree of skill and experience which is seldom found outside of the personnel of the department.

The fish being planted this year will average about 3 1/2 inches in length, and are amply able to take care of themselves when liberated. The cost of producing and transporting such fish is far greater than that of the fry which were universally planted a few years ago, but the game department estimates that some 80 per cent of the larger fish survive the transplanting experience while but 15 per cent of the fry were able to live.

The department is preparing to hold something more than a million fish over the winter in the hatchery ponds for planting next spring, and will gradually work toward the production of larger fish, especially for heavily fished streams. Such streams, Mr. Perry contends, do not produce sufficient food to raise the tremendous number of fish demanded by the anglers from fingerlings to legal size, and the only solution is to raise the fish in ponds where they may be artificially fed until they approach catching size.

**START ROSWELL-DEXTER  
OIL SURFACING SOON**

Preparations for oiling the Roswell-Dexter highway are now under way. The contractor is on the job and is stripping the Hagerman pit where crusher is set up. Operations were expected to start yesterday.

This project marks and innovation in the oil surfacing work of the highway department in the fact that surfacing and oil are pre-mixed at a central plant and are hauled to the road and laid down without the constant working of the turn-over method which was used on previous oil projects. Highway officials say that this method is particularly suitable for winter use as it would be impossible to get a thorough mix by placing the oil directly on the road as is done in the summer time. Under the pre-mix method the oil and the surfacing are combined at a high temperature at the mixing plant and then hauled to the road where the material is hand spread and later worked with a grader. Sixteen and four tenths miles are to be oiled on this project.

**THE DUSKY PEDANT**

Lawyer: "Can you tell me if the defendant was expensively garbed?" Rastus (a witness): "Deed she was, sah. Ah knows expensive garbage when ah sees it."

Typewriter Ribbons for sale at the The Advocate.

**VALUABLE ADDITIONS  
TO AGRONOMY STAFF**

Two men have recently been added to the personnel of the Agronomy department of the New Mexico college of A. & M. Arts; one in the plant breeding and another in soils. Dr. G. N. Stroman will take charge of the newly created position in plant breeding, and at present will devote all of his time to cotton breeding and to the study of the various problems concerned with cotton improvement. Dr. Stroman is a graduate of the Texas A & M. college and has obtained both his Master's and Doctor's degree at the University of Wisconsin, where his major work was in botany and plant breeding. For a time he was instructor in botany and genetics at the University of Wisconsin, and for a period of several years was engaged in plant breeding work with the Texas experiment station, his work being with corn and cotton, but primarily cotton. For the past three years Dr. Stroman has been running his own farm in Texas where he has been continuing his cotton breeding work in a practical way. He is the author of several bulletins on cotton and also several scientific articles on various problems of genetics.

Professor James E. McKittrick, who takes charge of the soils work in place of Professor V. Jordan, who recently resigned, comes from the University of Illinois, from which institution he is a graduate, and he has also received his Master's degree in soils fertility at that institution. He is especially trained in problems pertaining to soil fertility and soil chemistry. For three years he has been assistant in the soil experimental fields of the Illinois experimental station, which work has been valuable training for his work in New Mexico. The college is very fortunate in securing the services of these two men.

## SOCIAL ITEMS OF INTEREST IN AND AROUND ARTESIA

### FAREWELL PARTY

The Methodist people gathered in the Sunday school room at the church last evening to bid farewell to their pastor, Rev. Mims J. Jackson, and family, who are leaving them for another field of labor. The going of Rev. Jackson and family is a matter of regret to the community as well as the membership of the church for not only has the preacher accomplished a splendid work in the past year, but he has endeared himself to all others, who came to know him in his activities in the town. Ties such as the family have formed here are not lightly broken and this fact was stressed in the talks forming part of the program last night. Austin Brown represented the Sunday school and J. E. Robertson, the church, in these speeches of appreciation and farewell. George Frisch, on behalf of the ladies of the church presented a handsome gift to the family, and both Mr. and Mrs. Jackson responded feelingly with words of appreciation for the gift and the friendship of the congregation expressed in many ways during the year just passed. A duet by the Misses Elizabeth Gage and Evelyn Cobble, accompanied by Mrs. W. E. Ragsdale and a musical reading "The Minuet," by Elsie Jernigan, Mrs. Kenneth Priest accompanying, were pleasing variations to the program, which was in charge of Mrs. Dixon president of the Missionary Society. Refreshments of cake and coffee were served by a committee of the ladies society.

Rev. Mims J. Jackson and family leave today for Dallas, Texas, where they are planning to study for a short time at the Southern Methodist University. The west Texas conference, to which Mr. Jackson has been transferred, will meet in San Antonio the last of the month at which time Mr. Jackson will be assigned to a pastorate under its jurisdiction.

### BIRTHDAY PARTY

It is not given to many to live eighty-seven years, but Mr. William Daugherty passed his eighty-seventh milestone last Tuesday and his daughter, Mrs. O. S. Matteson, celebrated the event with a dinner in his honor. A score of his friends, particularly in the Baptist church of which he has been a faithful member for many years, were invited. Frank Donahue whose own birthday occurs on the same date. A splendid dinner was served and the hours spent with his friends was equally enjoyed by the honor guest and the friends themselves, who rejoiced that he had weathered the stress of years and arrived at the evening of life in such a fine condition. A fine birthday cake with its burden of eighty-seven candles lent brilliance to the dining table on this notable occasion.

### THE CHRISTIAN LADIES ASS'N.

The monthly meeting of the Association was held at the home of Mrs. Ballard Spencer last Thursday afternoon with Mrs. J. B. Atkeson and Mrs. Ed. Conner as associate hostesses and delicious refreshments were served. The program for the day was an interesting one, covering the ground of "The Church, its Erection, Maintenance and Ministry." Mrs. Will Ballard was leader and was assisted in presenting the subject by the pastor, Rev. Pearce, Mrs. Morey, Mrs. Neville Muncy, Mrs. N. T. Kelly and Mrs. Atkeson, the latter of whom gave a talk upon the founding of the local church of which she is the only charter member remaining here.

### P. E. O. MEETING

Miss Ruth Morgan was hostess to the P. E. O. Sisterhood at its regular meeting last Friday afternoon. The salient feature of the program was a constitution quiz, conducted by the president, Mrs. Atkeson, and various matters of business occupied the remainder of the time of the meeting.

### PRESBYTERIAN AID SOCIETY

The society held its regular business meeting at the church last Thursday afternoon. The members were busily occupied during the meeting planning for the dinner, which they intend to serve election day and taking care of the other business of the organization.

### THE EASTERN STAR INITIATES

Two candidates were admitted to membership in the Eastern Star at its regular meeting on Tuesday night. They were Mrs. John Runyan, from the Runyan ranch on the Upper Cottonwood, and Mrs. Bryan Runyan from Trail's End. Dr. Casper, a recent arrival in Artesia, was a visitor. The usual social hour to welcome the new members with the serving of light refreshments followed the initiation.

## Social Calendar

TELEPHONE 217

### THURSDAY (TODAY)

The Junior choir of the Methodist church will meet at the W. E. Ragsdale home at 7 p. m. for rehearsal.

### FRIDAY

The Second Evening Bridge club will meet Mr. and Mrs. G. R. Brainard.

### TUESDAY

The Idlewhites Bridge club meets with Mrs. V. P. Kipgen at 2 o'clock.

The T. E. L. class of the Baptist Sunday school will meet with Mrs. V. D. Bolton, on south Roselawn at 3 o'clock.

The Fortnightly Bridge club will meet with Mrs. Lewis Story at one o'clock.

The Second Bridge club will meet with Mrs. A. F. Phillips on west Main at 2:30 p. m.

### THURSDAY (NEXT)

The Methodist Missionary Society will meet at the home of Mrs. E. B. Bullock at 2:30 p. m.

### NEWLY-WEDS HONORED

Mr. and Mrs. L. W. Jernigan were the honor guests at a lovely dinner given by Mr. Jernigan's mother, Mrs. E. T. Jernigan last Sunday at one o'clock. The dinner was served in three courses and the dining table was attractively decorated with a miniature bride and groom and a handsome wedding cake. A color scheme of pink and white was carried out in the place cards and other table appointments and also in the rooms, which were artistically decorated in pink and white flowers. Covers were laid for sixteen, the company including besides the bride and groom Messrs. and Mesdames Hightower, T. C. Bird, K. F. Priest, the Misses Jackie Hightower, Niel Wilkinson, and Vera Switzer, Messrs. Tex Henson, Stanly Blocker and the family.

### FIRST BRIDGE CLUB

Mrs. Jeff Hightower was hostess to the club at its meeting on Tuesday afternoon, and served delicious refreshments in two courses. Substitutes were Mesdames Beecher Rowan and R. D. Compton.

### M. E. MISSIONARY SOCIETY

The monthly business meeting of the Society was held in the church parlors last Thursday afternoon with a goodly number in attendance. The principal items of business were planning for the chicken pie supper which will be held on Nov. 3, the annual Christmas bazaar, which will take place on the second Saturday in December, and making the final plans for the Jubilee Missionary tea, at the Jernigan home this afternoon.

### FIRST EVENING BRIDGE CLUB

The club was entertained by Mr. and Mrs. V. L. Gates last Friday evening with the customary good supper preceding the playing. The guests on this occasion were Mr. and Mrs. Landis Feather.

The Sunday school teacher was speaking. This morning we have for our subject, Ruth—Ruth the Gleaner. Now who in this class can tell me any thing about Ruth?"

A small boy raised his hand. "Well, Willie, what do you know about Ruth?"

"Please, ma'am, he cleaned up 60 home runs last season!"—Exchange.

Swimming Teacher: "No, don't forget: A hollow body can't sink. Next lesson I'll show you how easy it is to keep your head above water."

### Lace Collars With Quaint Fichu Ties

Lace accessories beautify many of the frocks of velvet, satin and other rich fabrics also of the new sheer woolsens. Laces are also as much exploited on sumptuous evening gowns as for daytime wear. For the afternoon costume the newest collar dips very deep and capelike at the back, coming to a fichu at the front.

## LAKE ARTHUR ITEMS

(Mrs. Ned Hedges, Reporter)

Nearly all of our citizens enjoyed one or more days of the Cotton carnival last week.

Mrs. Tom Ridgway and children visited two days last week with her parents in Roswell.

E. C. Jackson and wife are on an extended visit to Tulsa, and other Oklahoma points.

Mrs. B. C. Moots is spending several days in Belen visiting her husband and son who are employed by the Santa Fe there.

Mrs. H. A. Sims is attending the I. O. O. F. and Rebekah assembly at Albuquerque this week as representative of the Lake Arthur Lodge.

A delegation of Rebekahs including Mesdames Fern Russell, Grace Latta, Eva Crook and H. E. Sims visited the Artesia lodge last Monday night.

The football game Friday between the Lake Arthur High school and Carlsbad High school teams was an easy victory for Lake Arthur, the score being 12-1.

Carlos Sides and Tom Ridgway returned Saturday from the Ruidoso country, where they had meant to trap this winter. They report that prospects are unfavorable.

The Misses Opal, Nevada and Beatrice Rhodes joined a bunch of young people of Hagerman and attended a meeting of the young people of the Nazarene church at Tatum, Sunday.

Miss Velma Borschell was here last Tuesday and conducted the second class in kitchen improvement. At the close of the meeting a light lunch of lemonade and cookies was served to about twenty ladies.

The Methodists and Presbyterians enjoyed a spread dinner at the Presbyterian church Sunday. The affair was complimentary to Raymond Burdick who is organizing a young peoples society here, and had invited in a number of out of town leagues for the conference at 2:30 p. m. The program was as follows: Prayer, Clyde Nihart; Song Service, audience; Talk, Raymond Burdick; Song, Miss Vera Herby; Talk, Clyde Nihart; Short Talks, visitors; Song, Miss Vera Herby.

### PRO. AGENTS TO BE DROPPED

Charles F. Stearns, federal prohibition director of Albuquerque announced Thursday that several prohibition agents would be dropped from the pay roll because they had failed to pass the civil service examination.

## Is It Necessary to Save?

## Mechanics of the Human Body

**THE AXIS (SPINAL COLUMN)** of the Human Skeleton rests upon the pelvic bones which, with the lower bones of the Spinal Column, form the Pelvic Girdle, the Foundation upon which the whole superstructure is built.

**IF THE FOUNDATION IS TILTED** the superstructure is thrown out of alignment—tipped to the right, the left, forward or backward, according to the portion of the Pelvic Girdle displaced. In order that the body may maintain its upright position Spinal Curvatures develop.

**DISPLACEMENTS** at the joints between the spinal column and pelvic bones cause pressure upon or stretching of the nerves passing from the spinal cord to the pelvic organs, as well as those passing downward to supply the tissues of the lower extremities.

**PRESSURE** upon or stretching of Nerves, through displacements at the pelvic girdle, may cause disease in any of the Pelvic Organs or in any of the tissues of the hip, thigh, leg, or foot; while the compensatory curvatures produced in the spinal column, and often accompanied by rotation of the bones of the column and consequent malposition of the ribs attached to these bones, causes pressure upon the front nerves leaving the spinal cord to supply the voluntary muscles of the upper part of the body, and the organs contained in the cavities of the chest and abdomen.

These displacements are mechanically corrected by the Chiropractor.

## G. E. McDONALD STATE MANAGER OF W. O. W. LODGE IS HERE TODAY

G. E. McDonald, of Phoenix, Ariz., state manager of the Woodman of the World will be in Artesia on Thursday, October 11, at 8:00 p. m., to assist the local W. O. W. camp in a large initiation. State manager McDonald will make a tour of the whole of eastern New Mexico in a membership drive, assisted by State Deputy P. C. High and Council Commander, Preston Dunn, Proprietor of Dunns Garage, of Artesia. Sovereign Dunn is the best known Woodman in all eastern New Mexico. He has taken an active part in woodcraft for over twenty years. He and his whole family have large policies in the Woodmen. This organization has in school and road bonds in New Mexico and Arizona over \$4,500,000, the interest of which goes to W. O. W. policy holders in dividends. The Artesia meeting will be one of the largest in the Pecos valley, with an old time log rolling. All members are urged to be present and hear State Manager McDonald, he is the best informed Woodman in Woodcraft west of the Mississippi river.

### BURRO CAUSE OF CAR UPSET

A burro, ambling his way down the road this side of Seven rivers, at midnight Friday night, caused a car accident which was serious but might have been much more serious.

Mr. and Mrs. W. R. Fenton were returning from the Cotton Carnival, accompanied by the daughter of Mr. and Mrs. Joe Lusk who was asleep in the back seat of their car.

When Mr. Fenton saw the burro it was so close he put on the brakes quickly. They grabbed and threw the car sideways into the ditch where it overturned.

Mr. Fenton's principal injuries were about his face and head, which were badly bruised. Mrs. Fenton had one rib broken and other bruises, while their little passenger had minor bruises.

Automobile drivers are reporting much loose stock on the highways, and a warning to be keenly alert for stock on the road at night might not be out of place.—Current-Argus.

### INSTALLS UNIVERSAL WORK MACHINE

The Big Jo Lumber Co., is preparing to install a universal work machine, which will be used in cabinet making, mortise, joint and other work of this nature.

# COTTON PRODUCTION IS GIVEN AT 13,993,000 BALES ON OCTOBER 8

WASHINGTON—The Department of Agriculture announced Monday that a cotton crop of 13,993,000 equivalent 500 pound bales is indicated for this year and that the condition of the crop on October 1, was 54.4 per cent of normal.

The October 1, condition of the crop which compares with 54.2 per cent a year ago, 61.3 per cent in 1926 and 56.6 per cent in 1925 indicated an approximate yield of 149.1 pounds per acre compared with 154.5 in 1927, 182.6 in 1926 and 156.3 the ten year average 1917-1926.

The condition of the crop on October 1, by states was: Virginia, 70; North Carolina, 59; South Carolina, 49; Georgia, 50; Florida, 50; Missouri, 57; Tennessee, 56; Alabama, 50; Mississippi, 54; Louisiana, 50; Texas, 58; Oklahoma, 47; Arkansas, 53; New Mexico, 84; Arizona, 80; California, 85; other states, 69.

The indicated production by states in bales was: Virginia, 45,000; North Carolina, 925,000; South Carolina, 820,000; Georgia, 1,060,000; Florida, 18,000; Missouri, 157,000; Tennessee, 385,000; Alabama, 930,000; Mississippi, 1,320,000; Louisiana, 580,000; Texas, 5,050,000; Oklahoma, 1,210,000; Arkansas, 1,130,000; New Mexico, 77,000; Arizona 130,000; California, 147,000; Lower California, 89,000; other states 9,000.

The acreage left for harvest by states follows: Virginia, 82,000; North Carolina 1,839,000; South Carolina 2,487,000; Georgia, 3,798,000; Florida 94,000; Missouri, 367,000; Mississippi 3,688,000; Louisiana 1,829,000; Texas 17,631,000; Oklahoma, 4,630,000; Arkansas 3,468,000; New Mexico, 108,000; Arizona, 198,000; California, 221,000; other states 27,000.

The total abandonment after July 1, was 3.8 per cent, leaving 44,916,000 acres for harvest.

"The reduction of 446,000 bales in the forecast represents approximately the reduction due to unfavorable climatic developments of the month," the department observed. "In the South Atlantic states excessive and continuous rains caused heavy losses from boll weevil and boll rot. In the northern portions of the belt, below average temperatures prevented average development of bolls. In parts of Oklahoma continued drought has reduced the size of bolls and outturn of lint. On the other hand, a slight improvement has resulted in Mississippi and Louisiana due to favorable weather for maturing the crop."

Sub—Prohibition has certainly revived interest in geology.  
Deb—Continue—

# ACALA SEED TO BE CERTIFIED

George R. Quesenberry, state agronomist and secretary of the New Mexico Seed Association, was here Friday and Saturday and with County Agent W. A. Wunsch, visited a number of cotton fields of the project for the purpose of locating cotton seed which could be certified.

Eleven fields including about 1,200 acres, scattered over the project from Carlsbad to Malaga, in which the California acala seed had been planted, were selected as running true and uniform to type and the seed from them will be admitted to certificate.

The Eddy County Seed Association has ordered a supply of new sacks and will supervise the handling of the seed to keep it clean. New sacks, care in ginning and storage are all factors required for certificate. When the seed is sacked, each sack will be sealed and certified by Mr. Quesenberry. It is estimated

that this acreage will produce about two carloads of certified seed above that needed for local demand.

Certified seed is selected from fields which are at least an eighth of a mile from fields of other varieties, preventing danger of mixture. Besides the fields on this project, there is one field grown from this seed at Artesia.—Current-Argus.

LEGAL ADVERTISEMENTS

NOTICE

In the Probate Court of Eddy County, State of New Mexico

IN THE MATTER OF THE ESTATE OF DR. J. D. BEWLEY, Deceased.

No. 584.  
NOTICE is hereby given that the undersigned, was on the 14th day of September, 1928, appointed, administratrix of the estate of Dr. J. D. Bewley, deceased, by Honorable D. G. Grantham, Probate Judge of Eddy County, New Mexico.

Therefore all persons having claims against said estate are hereby notified to file the same with the County Clerk of Eddy County, within one year from the date of said appointment as provided by law, or the same will be barred.

MAUDE A. BEWLEY,  
40-4t Administratrix.

NOTICE OF PENDENCY OF CIVIL ACTION

In the District Court, Eddy County, New Mexico.

MARGARET ANN BAISH, A MINOR, BY HER NEXT FRIEND, R. A. SHUGART, Plaintiff.

VS.  
H. H. HENNINGER, EMMY F. FREEMAN, G. H. RAGSDALE, FRED J. LUKINS, THE UNKNOWN HEIRS OF RALPH T. FERSON, AND ALL UNKNOWN CLAIMANTS OF INTEREST IN THE PREMISES, ADVERSE TO THE PLAINTIFF, Defendants.

No. 4633.

THE STATE OF NEW MEXICO TO:

H. H. Henninger, impleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to-wit: You, H. H. Henninger, Emmy F. Freeman, G. H. Ragdale, Fred J. Lukins, the unknown heirs of Ralph T. Ferson, and all unknown claimants of interest in the premises, adverse to the plaintiff,

GREETING:

You and each of you are hereby notified that a Civil Action is now pending in the District Court of Eddy County, New Mexico, wherein Margaret Ann Baish, a minor, by her next friend, R. A. Shugart is plaintiff and you and each of you are defendants, number 4633 on the Civil Docket of said Court; that the general nature and objects of said Action are to quiet and set at rest the title of the plaintiff in and to the following described property, located in Eddy County, New Mexico, to-wit:

Lot 19, Block 9, of the Clayton and Stegman Addition to the town of Artesia, Eddy County, New Mexico; the West ten feet of lot 7 and all of lots 9 and 11 in Block 15 of the Original town of Artesia, Eddy County, New Mexico,

and to bar and forever estop you and each of you from having or claiming any right, title or interest in, or any lien upon the above described property, adverse to the plaintiff.

You are further notified that unless you appear and answer, or otherwise enter your appearance in said Cause on or before the 10th day of November, 1928, judgment will be taken against you by default and for the relief demanded in the plaintiff's Complaint.

You are further notified that Phillips, Neal and Stagner, whose Post Office address is Carlsbad, New Mexico, are the attorneys for the plaintiff.

Witness my hand and seal as Clerk of Said Court this 20th day of September, 1928.

(SEAL)  
THELMA T. LUSK,  
40-4t County Clerk.

NOTICE OF HEARING ON FINAL REPORT

In the Probate Court of Eddy County, State of New Mexico.

In the Matter of the Estate of Frank M. Robinson, deceased, Mrs. Anna Mae Robinson, administratrix.

No. 563.  
THE STATE OF NEW MEXICO: To Wilma Frances Robinson, and the unknown heirs of Frank M. Robinson, deceased.

GREETING:

You and each of you are hereby commanded to appear before the Probate Court of Eddy County, New Mexico, on the 5th day of November, 1928 at the hour of 10 o'clock A. M. of said date at the court room of said Probate Court in the court house at Carlsbad in said county.

That at said time and place the Probate Court will proceed to determine the heirship of said decedent, the ownership of said estate, and the interest of each respective claimant thereto or therein, and the persons entitled to the distribution thereof.

You are notified that unless you appear and object, the administratrix of said estate will apply to the court for the approval of said final report and for the determination of the heirship of said decedent, and for the distribution of the assets of

said estate as prayed for in said final report and the petition filed by said administratrix herein. G. U. McCrary, Artesia, New Mexico, attorney for administratrix.

Witness, the Honorable D. G. Grantham, Probate Judge, and the seal of the Probate Court of Eddy County, New Mexico, this 27th day of September, 1928.

SENATOR JOE ROBINSON WINDS UP NEW MEXICO CAMPAIGN AT ROSWELL

Senator Joe Robinson, the democratic vice-presidential nominee, wound up his campaign in New Mexico Saturday at Roswell with an attack upon those opposed to Governor Smith because of his membership in the Catholic church, the republican record on the care of world war veterans, and those who he said were against the democratic ticket because of Smith's connection with Tammany hall.

The senator hardly referred to a prepared address which had been given to the press in advance. In this he said the democratic standard bearer, as governor of New York had demonstrated his ability to occupy the presidential chair. He also had declared in the prepared manuscript that Smith would give the nation a businesslike administration.

Mr. Robinson who arrived at Roswell at 1:00 p. m., from Clovis, was escorted through the streets of Roswell by a band from the New Mexico Military institute. This marched at the head of a long line of automobiles. On his way to Roswell the democratic candidate delivered a speech from the platform of his private car at Portales. The senator's audience at Roswell was an enthusiastic one. It applauded frequently, particularly a definition by him of a Hoover democrat being a "republican who is ashamed to admit it."

The senator in his prepared speech had declared that the republicans had promised a reorganization of governmental machinery, but had accomplished little in this direction. He argued that Governor Smith had brought about such reorganization in New York state, while the republican party under the Harding and Coolidge administration had taken the subject under consideration, but accomplished but little. There exists much duplication of service, he said, in the government in Washington, and many agencies dispensed with and appalling inefficiency could be eliminated in various departments.

In his address at Roswell Saturday the democratic candidate reviewed at length the work of Governor Smith in New York state and said this record showed that, in the selection of officials to assist him in the conduct of Government he had employed a "superior" standard to that employed by President Coolidge.

President Coolidge has had large number of appointments rejected by the senate, he declared, "and has been compelled to withdraw many others to avoid their rejection. During his entire administration the United States has been republican." Governor Smith has appointed hundreds of executives, and notwithstanding the fact that the New York senate has been controlled by the opposition, even a republican senate has never rejected a single appointment by him."

New Trends in Shawls and the Fall Scarf

Interest in gay scarves, bizarre both in colorings and patternings has abated not at all. The fall scarf asserts its newness by assuming very odd shapes, some narrow at the back broadening into caplike flares at each end, others with pointed ends and so on and so on. Shawls for evening wear are elaborate and fantastic.

SOUSA AT ALBUQUERQUE

ALBUQUERQUE, Oct. 7.—John Philip Sousa, famous march king and dean of American musicians, has written a march, "New Mexico" which will be played for the first time when his 100 piece band appears at the University gymnasium, Albuquerque, Nov. 13. The engagement is under the management of Kyle S. Crichton, of Albuquerque.

The march "New Mexico" contains strains from Spanish and Indian melodies and from "O Fair New Mexico," state song. It was written at the request of Governor R. C. Dillon, Dr. J. F. Zimmerman, of the University of New Mexico, Mayor Clyde Tingley, of Albuquerque, and others. It will appear in regular Sousa programs after being played in Albuquerque. It will also appear as a piano number. It is one of the three marches composed by Commander Sousa this year, and is a great honor to New Mexico. It is hoped that it may be adopted as the state march. Commander Sousa's appearance in Albuquerque will be the only one in New Mexico.

Wife—"You think so much of your old golf that you don't even remember when we were married."  
John—"Surely I do. It was the day after I sank that thirty-foot putt."

Quotes Root's Praise

Mr. Robinson quoted Elihu Root as having described Governor Smith as the best informed man in the New York state constitutional convention on the business of state. He further said Charles Evans Hughes had to Smith as an "expert in the science of government."

Cooler Weather

Brings thoughts of providing your home with comfort this winter. If you are planning to heat your home with gas this winter, let us show you the Humphrey Radiantfire. The Humphrey may be used either as a heater or installed in your fire place.

It makes no fumes—no odor—no dirt—no ashes. There is no kindling to chop—no replenishing of fuel. The Humphrey Radiantfire will make your fireplace useful during nine months of the year, as a million satisfied users will tell you.

# "THE KING OF KINGS"

ARTESIA  
NOV. 1 AND 2  
THURSDAY AND FRIDAY

## THE CHURCHES

**CHURCH OF THE NAZARENE**  
Corner Eighth and Missouri Streets  
W. A. Hutman, Pastor  
Phone 295

9:45 a. m., Sunday school.  
11:00 a. m., Morning worship.  
3:00 p. m., Children's Service.  
6:30 p. m., young peoples society.  
7:30 p. m., preaching service.  
7:30 p. m., Wednesday Prayer meeting.

7:30 p. m., Friday, Cottage prayer meeting.  
We invite you to come and worship with us.

**FIRST PRESBYTERIAN CHURCH**  
Fourth and Grand  
Rev. John P. Sinclair, Pastor  
Phone 249

Sunday, October 14th, 1928.  
9:45 Sabbath School.  
11:00 a. m. Morning Worship, and Communion Service; Sermon subject, "The Cross Still Stands." A Communion message on the symbol of our Holy faith.

6:45 Christian Endeavor: Two groups.

7:30 p. m. Popular People's Service. Music by the church orchestra. Sermon subject, "A Masonic Order that we are all invited to join." No secret work, and "all on the square."  
7:30 p. m. Wednesday, Praise Prayer and Bible study.

"Mark Twain declared that the parts of the Bible which gave him most trouble were not those he could not understand but rather those he could understand. Remember that Christianity does not consist in thinking this or that, but being willing and doing what is thought."

**CHURCH OF CHRIST**  
Corner 7th and Grand Ave.

We just lacked three of going over the top last Sunday in our Bible school. There were a good many of our regular members absent. Our Bible school is growing fast, and every Sunday adds new members to our classes.

We have reorganized our Bible school and the future prospects were never brighter. There are lots of children in our city who are not attending Bible school and several members of the church who have children are not sending them. Parents how do you expect your child to be in Sunday school and grow up to be good citizens, if you do not set the example? If you want your children to be in Sunday school and church, you must go yourselves. You will find classes for all ages in our Bible school, and you are invited to attend.

Bible School at 10:00 a. m.  
Communion Service at 11:00 a. m.  
Young peoples meeting at 6:00 p. m.  
We hope to go over the top next Sunday, so come and help with your presence.

All are invited to attend any of our services.  
"The church with the Christ like welcome."

**CHRISTIAN SCIENCE SOCIETY**  
613 W. Main Street

Sunday services at 11:00 a. m.  
Subject for Sunday October 14, "Are Sin, Disease and Death Real?"  
Wednesday services at 7:30 p. m.  
The public is cordially invited to attend these services.

**CHRISTIAN CHURCH**  
H. A. Pearce, Pastor

The fall is a good time to take stock in the Sunday school and discover the resources and liabilities. One good way is to make an especial effort to reach every member of the Sunday school and as many more who do not attend anywhere as possible.

To that end a Rally Day for the Christian Sunday school has been set for Sunday, October 23, and it is hoped that all who have ever attended the school or ever expect to attend will be present.

A fine rousing program has been arranged. Come at 9:45 a. m.

**THE FIRST BAPTIST CHURCH**

We were glad to see the fine interest along all lines last Sunday. One was received into our membership at the morning service. Next Sunday morning the subject of the sermon will be, "Comfort for those in trouble." We will also have our quarterly Communion service. We hope to see large attendance of our membership. At the evening hour the subject will be, "Forsaken and Lonely." Our young people will furnish the music for the evening hour. We are sure you will enjoy it. Come hear them sing.

Our Bible school begins at 9:45 a. m. We have good classes for all grades. We shall be glad to welcome new members to our classes.

Report and for the determination of the heirship of said decedent, and for the distribution of the assets of

## LOCALS

Mrs. Dayton Reser was a Roswell visitor Monday.

W. F. Daugherty expects to ship out a car of horses to Baton Rouge, Louisiana today.

Mrs. Skelt Williams was in town from the Williams ranch near the Cap Rock the first of the week.

Mr. and Mrs. I. C. Dixon spent the week end in Snyder, Texas, visiting Mr. Dixon's brother and family.

Taylor Ross of Lakewood was an Artesia visitor Saturday and was a pleasant caller at the Advocate office.

Miss Ethel Smith arrived from Hamilton, Texas, Tuesday for an extended visit with her sister, Mrs. Leon Barker.

Mr. and Mrs. Ossie Coalson of Carlsbad, stopped over for a short visit with friends here Sunday, while en route to Roswell.

Mrs. Bob Caraway left Monday to join Mr. Caraway at Spur, Texas where he is employed in the garage business with his brother.

Mr. and Mrs. G. M. Winans and Miss Merrill Bradley drove to Carlsbad Sunday to see Mrs. J. S. Worley, who is at the county hospital.

E. B. Bullock shipped out a mixed car of sheep and hogs to market at El Paso Monday. The car contained 65 wether lambs and 50 hogs.

A. M. Tarbet returned the first of the week from the Capitans, where he had been employed in carpenter work at the Merchant ranch.

Mr. and Mrs. G. R. Brainard returned Monday from Pasadena, California, where they went to see Mr. Brainard's aunt, Mrs. Noble King, who is ill.

W. F. Daugherty of Bell California, former resident of Artesia, arrived Friday and expects to spend several days here attending to business matters.

Mr. and Mrs. M. R. Jones returned Monday from Sweetwater, Texas, where they spent several days visiting Mrs. Jones parents, Mr. and Mrs. J. J. George.

Mr. and Mrs. W. E. Ragsdale returned Friday night from a short trip to Las Cruces, where they went to see their son, Wilmer who is a student at State college.

Mrs. Porter, Mrs. I. C. Dixon and Mrs. John McCann drove to Carlsbad last Friday to see Mrs. Porter's sister-in-law, Mrs. J. S. Worley, who is a patient at the county hospital.

Carroll Minor, of Seattle, Washington, entertained Mrs. Mabel Welton and her friends, Mr. and Mrs. B. H. McFadden of Glendale, California, at a theatre party followed by a dinner last Thursday evening.

Morrison Livingston of Big Stone, Virginia, has been employed as salesman by the McClay furniture store, succeeding Alvin Allinger, who recently resigned to accept the management of the Albuquerque Furniture Co., at Albuquerque.

Mr. and Mrs. S. A. Lanning left last week for New York City to attend a family reunion to be held at the home of Mrs. Lanning's brother Sam McRoberts. Previously the family reunions have been held at Kansas City and other Missouri points.

B. H. McFadden and wife, of Glendale, California, were here last week from Wednesday until Friday visiting old friends and looking after their property interests, the McFadden farm, just south of town. In company with Mrs. Mabel Welton Mr. and Mrs. McFadden and Mr. Carrol Minor visited the Carlsbad Cavern while here.

Miss Emma S. Sinclair, of Illinois, has been here the past week visiting her nephew, Gail Hamilton, and family and her niece, Miss Louise Hamilton. Miss Sinclair is one of the eleven secretaries of the General Missionary Conference of the Methodist Episcopal church and was en route to attend the annual conference at Los Angeles, California.

Mr. and Mrs. E. H. Perry are planning to leave tomorrow for a visit with their daughter, Mrs. Louise Glesbronner, and family at Lincoln, Nebraska. Mrs. E. M. Phillips will go with them as far as Denver, Colorado, and will visit her daughter at Ft. Collins, Colorado while the Perrys are in Nebraska, returning home with them.

## "THE KING OF KINGS"

The ultimate achievement of the master producer, "The King of Kings." "His triumphant moment." "The artistic genius of the screen." "The great sorcerer of the cinema." "The inspired director." His name will hang in everlasting white arcs. This is the type of praise coming from all shores from all parts of the world, paying tribute to Cecil B. DeMille, creator of the immortal, emotional drama of the Christ.

In creating this mighty masterpiece of the ages, Cecil B. DeMille has emblazoned his name on the records of the cinema as the master-creator of a motion picture that will live forever. Mere words are futile and inadequate to describe the tremendous power and spectacularness of this stupendous achievement.

It required a veritable army of writers, technicians and craftsmen to make "The King of Kings." No production was ever made that compares with it and many authorities have maintained that it will never be equalled.

Here is a super production that could be run indefinitely as a road show attraction. But now, at the very beginning of its box-office history, it has been made available to the popular priced motion picture houses. The showings which it has already had merely whetted the interest and enthusiasm of the public for this picture and it is being nationally released while the demand to see it is insistent and universal.

"The King of Kings" is the world's picture. From its very beginning it has attracted attention around the globe. Those of almost every race, color and creed have been proud to lend a hand in its making, through letters of encouragement and suggestion, through personal assistance and through publicity channels in a thousand forms.

As the structure was raised, there was a feeling of suspense as to the outcome, much as if an actual drama was being unfolded and when the mighty spectacle was finally released by Pathe, after having been in the making for over a year, costing more than \$2,500,000 and with a cast of 18 stellar players and 5,000 actors and actresses, a flood of commendation such as has followed no other picture release was a resultant. So far did the production transcend every other film ever made and it was held to be the picture of pictures, the masterpiece of them all, the supreme gift of motion picture art.

From the press and pulpit came exhortation to the people urging that above all things they see the drama of all humanity, staged in the sumptuous splendor that only the great Cecil B. DeMille could conceive and adapted to the screen by Jeanie Macpherson. It was endorsed by Jewish Rabbis, extolled by Christian Scientists, praised by Catholic priests and lauded by protestant Clergy. Editorial comment in the leading daily newspapers has been as common

## HICKMAN DENIED APPEAL TO SUPREME COURT

WASHINGTON.—William Edward Hickman, of Los Angeles, under a sentence of death on October 19 for the murder of Marion Parker, 12 year old school girl, was Monday denied an appeal to the supreme court by Justice Sutherland.

"But doctor how can I drive a nail without hitting my fingers?" asked the confiding young bride after the bandage was adjusted. "Hold the hammer in both hands," he advised.

to it as press notices devoted to the ordinary picture.

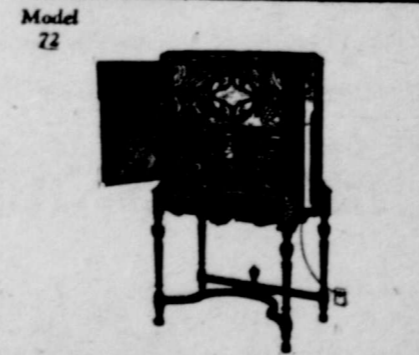

"The King of Kings" has won the highest laudation of its viewers wherever it has been shown. Every man, woman and child has heard about this drama of moving beauty, pageantry and inspiration, and heard about it as a structure of sincerity, reverence and artistic qualities that can only be understood and appreciated through the seeing of the production. You must see "The King of Kings." You owe it to yourself and family.

## A Rich Man's Darling or a Poor Man's Slave

FOR a girl reared in her father's saloon, Anna's exquisite beauty seemed incredible. Yet how she loathed her surroundings! If someone would only take her away and give her a chance for real happiness.

When wealthy Carl Morton, struck by her beauty, offered to "adopt" her—give her a lovely home, beautiful clothes—everything—it seemed her dreams had come true. But when Anna realized that she was simply being "bought," she flamed with revolt. Since her father was determined on the "adoption," there was only one way out. That night she boarded a train for the city, where, friendless and alone, she soon found herself exclaiming out a miserable existence.

Then Frank Weston came into her life.

Frank was poor, but loved to marry her. But at the future, Anna's heart quavered with Frank meant honorable—but it also meant more hardship and struggle. Could it? Were honest love and honor worth the sacrifice? Carl, who offered her every-thing would still welcome her. Not after all be better to be man's darling than a poor man's slave?

Don't miss the rest of this foundly moving story. It is in There Any and appears in the November Story Magazine.

## The Making of Credit

Good credit is something that you can't have "made to order" when you happen to need it. You have to gain it beforehand and through your own efforts. Your credit at any time is based on what you own and what you are. Have a large enough balance in the bank to keep you ahead of the game, and make a good record by paying up all obligations promptly and your credit will always be good.

Broad Uses Of Clay

In the poetry of speech the word "clay" is used to describe the earth in general. Shakespeare spoke of Caesar, "as dead turned to clay." The poet Wordsworth wrote, regarding the burial of man: "And, without sorrow, will this ground receive that venerable clay."

Clay is a kind of soil or a mud produced by the wearing down of rocks. In some of its numerous conditions it is very valuable. It is used in potters clay, works of art, for building purposes, fire proofing, clay pipes, Fuller's earth, and countless other things.

Interesting figures about clay used for industrial purposes have been supplied by the government. The average price of clay sold by producers in the United States in 1927 it seems amounted to \$3.56 a ton, and the total output was valued at \$13,697,159.

**COUNTING THE CARS**

The annual traffic census of the state highway department was started last week. Approximately 100 stations were designated among the main trunk highways of the state. Owing to the fact that the Cotton Carnival was underway at Roswell last week, enumeration in this district was delayed until the first of the week.

"Pa, what does it mean here by 'diplomatic phraseology'?"  
 "My son if you tell a girl that time stands still while you gaze into her eyes, that's diplomacy. But if you tell her that her face would stop a clock, you're in for it."

**WANT McMILLAN HUNTING OPENED**

The meeting last month of the New Mexico State Game Commission reported favorably on a resolution of the Eddy County Game Protective Association, for opening of a migratory hunting area on upper McMillan reservoir.

The area in question has always been restricted, but it being such a natural hunting grounds, no objection has been raised up to recently, to hunting in a stretch of salt-cedared swamps above the open waters. However, there was infringement upon the open waters by some hunters last year, and the federal warden clamped down the lid on further hunting on any of the reserved lands.

The game associations and representatives of the biological survey believe that some open territory above the open waters should be left, as to enforce such restrictions would eliminate the only good hunting grounds in this whole section for ducks and geese.

The area it is supposed to open includes a stretch a mile north and a mile south of Four Mile draw, which comes into the river from the west. This makes a natural marker, and with the "island" are landmarks that makes it easy for hunters to keep within the open area, which would be well posted also.

In a letter by President Guy A. Reed of the local game association to Judge O. L. Phillips of the state game association, it is urged that the opening of this area be done at once so as to provide for the present season's hunting, beginning in November.

Descriptive of the lands suggested to be opened include: sections 12 and 13, Twp. 19 S., Range 26 E., and sections 7, 8, 17, and 18, Twp. 19 S., Range 27 E.—Current-Argus.

**GAS TAX COLLECTIONS**

SANTA FE.—Gasoline tax collections for September, 1928 were \$190,555.15, exceeding the collections for September a year ago by \$31,197. Miss Mary Bartolino, assistant state comptroller, announced last week. The monthly report, however, shows that there was a decrease the past month of \$413.28 in gasoline station license fees. The total license fees collected last month was \$88.02 and the fees of September, 1927 were \$501.30.

### CITIZENS PLEDGE SUPPORT

(Continued from first page)

tention of the court, saying that it was not his idea to present a petition. Mr. Hornbaker then read a resolution which he had drawn up and asked for an opinion from the audience. The chief thought conveyed in the petition was pledging the moral support of the citizens of Artesia to the court in the proper enforcement of the prohibition law. J. H. Jackson made a motion that the resolution be adopted. J. W. Payne made a motion that a copy of the resolution be placed in each bank for the signatures of all those who cared to sign. Mrs. Graham made a motion that the resolution be amended to include the sale of cigarettes to minors, but the motion was lost for the want of a second.

S. W. Gilbert made a short talk on his experiences with the prohibition law. Mr. Gilbert explained that the old saying, "Give a calf rope enough and he would hang himself," would prove true with the four Artesia men recently arrested on a liquor charge.

The petitions were placed in the banks Monday morning and with an additional petition circulated by D. H. Burditt, about two hundred signers were secured. The petitions were taken to Carlsbad Monday afternoon by Rev. J. P. Snelclair and Joe Richards and presented to the district attorney.

### DEMOCRATIC SPEAKING

(Continued from first page)

"I understand that some of you people are not going to support me because you say I bolted the ticket in years passed." At this point Mr. Dow reached in his pocket and brought out a list of present republican nominees, reading off the list all who had been formerly connected with the democratic party. The list included only about two members, who had not been aligned with the democratic party, he said.

Hon. John Morrow, candidate for reelection to the position of congressman at large, was the next speaker introduced. In the beginning Mr. Morrow gave a brief review of the lives of both presidential candidates and turning to some of his accomplishments in the national congress told of his efforts to bring back to the state its mineral rights on some nine million acres of land. Also his efforts in securing for the Carlsbad caverns national recognition and the appropriations which followed.

The latter part of Morrow's address was devoted to the discussion of the national issues. Mr. Morrow turned aside to pay tribute to Governor Alfred E. Smith. "Some are opposed to Governor Smith on account of his views on prohibition," he said. "But we all know that the enforcement of prohibition has been practically a failure during the past seven or eight years, he remarked. "Effective enforcement is a matter of education and must begin at home. We do not teach the harmful effects of liquor to our children any more," he said. "And that is one place where we have fallen down. The bootlegging industry is the fifth greatest in the nation, according to one democratic speaker," Mr. Morrow remarked.

Mr. Morrow favors protection of the American farmer as well as the manufacturer and recommended the government warehouse system as an effective means of handling crop surplus.

Mrs. Lusk the last speaker, gave a brief outline of the remedies needed to correct the evils existing in our state school system and mentioned some of the things she had done and take to accomplish if elected, and position of school superintendent.

### HEALTH NEWS

Chaves county reported twelve cases of diphtheria to the State Health Department for the week ending September 29.

Twelve cases of diphtheria in Chaves county places Eddy county's children in great danger. Parents are warned of this danger. Diphtheria can be prevented—Toxin-antitoxin prevents it—Toxin-antitoxin will not harm your child.

Take your children under ten years of age to your doctor or the county health officer and get them protected before it is too late.

The last of June a Mexican boy near Loving had typhoid fever. The Health Department went down and vaccinated all the family except the "papa." He refused to be vaccinated. Last week the man was reported as having been sick for several weeks, with typhoid. Three doses of medicine in July would have saved him this long case of sickness and the expense. Why will people take such risks?

### JERNIGAN-STEVENSON

Miss Blanche Lanewood Stevenson and Mr. Leonard Jernigan were quietly married last Thursday morning at 9:30 o'clock at the home of the bride's parents, Mr. and Mrs. John L. Stevenson, 500 Connelly street.

The home was tastefully decorated with cut flowers. Rev. Howard Rogers of the first Christian church performed the ring ceremony. Miss Jackie Hightower of Artesia was maid of honor and Harry Jernigan, brother of the groom, was best man. The bride wore a becoming gown of dark blue crepe and the maid of honor was dressed in dark blue satin. Only members of the families of the contracting parties witnessed the ceremony. A wedding breakfast was served immediately after the ceremony, after which the couple left on a short honeymoon.

The bride is one of the most popular and accomplished young ladies in Clovis. She is a graduate of the Clovis High school, Christian College, Columbia, Mo., and the University of Illinois at Champaign-Urbana. The groom attended Clovis high school but graduated from Covina High school at Covina, California, and attended the University of New Mexico.

The newlyweds have been sweethearts since high school days together in Clovis. They will make their home at Carlsbad where Mr. Jernigan is in business.—Clovis News.

### "That Glorious Feeling"

Clare Briggs, celebrated cartoonist, says it really is a "grand and glorious feeling" to leave one's home in a Silver Anniversary Buick.

NEW YORK.—It really is a "grand and glorious feeling" to own a new car, whether the first or fifteenth, according to Clare Briggs, famous cartoonist. Briggs was one of the first New Yorkers to purchase a

Silver Anniversary Buick sport roadster and enjoys the gleaming luster and newness of the car, he states, as much as a veritable youngster. "The cars are surely distinctive," commented Briggs on the new body

style create by Buick. "Naturally, curving lines are always beautiful and the new Buick style seems to be based entirely on the curve. They are graceful and smart.

### ARTESIA IS DEFEATED BY ROSWELL FRIDAY IN HARD FOUGHT GAME

The Roswell record Sunday gave the following account of the clash between the Artesia and Roswell high teams at Roswell Friday afternoon.

Roswell high went into the air yesterday to defeat the husky tribe from Artesia by a score of 12-6. Artesia journeyed to Roswell Friday with the best aggregation of gridiron warriors ever brought to Roswell from Artesia and the lower valley boys battled Roswell hard throughout.

The Coyotes started scoring in the first five minutes of play. When Williams shot a 35 yard pass which fell in Corkran's arms behind the line. An attempt to kick the goal failed, and there was no more scoring in the first half of the game.

Artesia came back strong in the second half and in a mad rush toward Roswell's goal in the third quarter, Artesia ripped the Coyote line for long gains. Robertson, stellar Artesia fullback, was called upon time and again to carry the ball and this hard-hitting back never failed to make a gain.

Artesia finally placed the ball on Roswell's one yard line and Roswell being off side Artesia was given an extra down and then the ball was carried over. Artesia also failed to make the extra point and at the beginning of the final quarter the score stood 6-6.

Corkran's punting was one of the features of the game, especially in the final quarter when the teams entered into a series of punt exchanges. Then Roswell got within 40 yards of Artesia's goal and Captain Williams, suffering from a knee injury, went back into the game.

Williams shot a long pass to Peed and the husky Coyote end raced over the goal. Roswell failed to convert again and the score stood 12-6. In the final minutes of play Artesia put the ball into the air in a desperate attempt to even the score, but the Roswell backs knocked down the passes and Artesia left the field, a defeated but not vanquished team.

Williams, Peed, McDaniels, Corkran and Nelson were the outstanding players for Roswell, while Robertson, Clayton and Miller played the stellar roles for the visitors.

The starting linups:

Position	Artesia	Roswell
re	Miller	Peed
rg	Littlejohn	Bond
rt	Gates	McDaniels
c	Horne	Scrimsher
lg	Jackson	Carpenter
lt	McCall	Brookshire
le	Montague	Corkran
fb	Robertson	Madigan
rh	Pollard	Santheson
lh	Graham	Nelson
qb	Clayton	Williams (Capt.)

### LOCALS

Mrs. Norris, of Hagerman, was shopping in Artesia Tuesday.

Charles Walker, of Las Vegas, was here last Saturday visiting Miss Katie Cowan.

Mr. and Mrs. Ossie Coalson were here from Carlsbad Sunday visiting Mr. and Mrs. L. L. Clark.

C. C. Prichard of Roswell and Irl Wolf of Dexter cattle buyers, were here the first of the week.

Mr. and Mrs. A. W. Wilde are enjoying a visit with their sister Mrs. E. M. Chase, from Deming.

Aubrey Dunn, wife and baby, of Alamogordo, spent the week end here with their relatives, the Dunns.

G. G. Taylor and wife, of Amarillo, Texas, spent the week end here, guests of Mr. and Mrs. Rube Dunn.

Leonard Richards and wife, of Roswell, spent Saturday and Sunday here, guests of Mr. and Mrs. Calvin Dunn.

Mrs. Betty who has been visiting her sister, Mrs. J. H. Long, and family, left last week for her home in Kansas.

A large crowd assembled at the home of Mr. and Mrs. John Martin Sunday afternoon and enjoyed an old time singing.

Mrs. Frank Middleton arrived from Marion, Indiana, Tuesday for a visit with her daughter, Mrs. Ralph Shugart, and family.

Edgar B. and C. S. Younger, mule buyers of Blanchard, Oklahoma were attending to business matters here the first of the week.

Mr. and Mrs. Sid Cox left last week for Temple, Texas, where Mrs. Cox will go through the clinic of the Temple Sanitarium.

Miss Lila Watkins from Florence, Colorado, has been visiting at the home of Mr. and Mrs. A. Wilde for the past two weeks.

Mesdames Athol Martin and Carrol Brown drove to Hagerman Monday and spent the day with their mother and father Mr. and Mrs. W. P. Bowman.

Mr. and Mrs. H. S. DeBerry of Wilson, Oklahoma returned home the latter part of the week after a visit of several days with their daughter Mrs. S. B. Barnett and Mr. Barnett.

Mrs. Paul Wilde and children Bernice and Pauline, who have been making their home with Mrs. Wilde's sister in Kansas and Idaho, for the past year are spending some time with home folks.

Mr. and Mrs. L. W. Jernigan after a visit of several days with their parents, Mr. and Mrs. E. T. Jernigan, left Sunday evening to make their home in Carlsbad, where Mr. Jernigan is engaged in business.

Frank Wilson, accompanied by his niece, Miss Helen Sage spent the week end in El Paso with Mrs. Wilson, who is under the care of a specialist there. They found Mrs. Wilson's condition improved, but it will be necessary for her to remain in El Paso a few weeks longer.

Miss Alma Norton left last Wednesday to take charge of the rooming house in Amarillo, Texas, which her father, R. H. Norton, recently acquired in the trade of his farm. She took her little niece, Helen Hutcheon, with her. Her father will remain here until he can wind up his business at the farm, when he and Mrs. Hutcheon will join the others at Amarillo.

See our samples of Engraving—Artesia Advocate.

### MAY SPRAY FORESTS BY AIRPLANES TO STOP RAVAGES OF TREE PESTS

The United States Forestry Service may be forced to spray the timbered regions near Cloudercroft, by airplane in order to stop the infestation of insects there, Dr. J. C. Burke of Stamford University and other entomologists who have investigated the conditions have reported.

The insects which have invaded the region strip the trees of their leaves; and Southern Pacific railroad officials have become alarmed lest the timber be destroyed and the beauty of the Cloudercroft summer resort region be marred.

The most effective remedy, Dr. Burke believes would be to spray the trees with arsenic dust. This would have to be done by airplane, he said, and would cost about \$7 to \$10 an acre. There are about 2,400 acres in the region effected.

A second remedy he suggested would be to spray the trees by hand, and the third remedy would be to fence the area and turn large numbers of turkeys into the enclosure. The work would have to be postponed until spring when the insects were in the caterpillar stage, if the spray was used, and it is in the chrysalis stage of the insect when turkeys are most valuable. The chrysalis, which is found in the duff, Dr. Burke said, is a favorite dish for turkeys.

### FINDS BODY OF MEXICAN

Jesus Lopez, Mexican sheep herder on the Gresset ranch, forty miles from Roswell was found dead Thursday morning by a searching party from the ranch. When found the body had a dinner pail hanging over one arm and a whip in one hand. The Mexican had been dead about five days. A coroner inquest was held over the body.

Mr. and Mrs. Carl Duncan, who have been occupying the Threlkald apartments, moved to Roswell last week, where they will make their future home.

Mr. Morrow favors protection of the American farmer as well as the manufacturer and recommended the government warehouse system as an effective means of handling crop surplus.

Mrs. Lusk the last speaker, gave a brief outline of the remedies needed to correct the evils existing in our state school system and the position of school superintendents.

### HEALTH NEWS

Chaves county reported twelve cases of diphtheria to the State Health Department for the week ending September 29.

Twelve cases of diphtheria in Chaves county places Eddy county's children in great danger. Parents are warned of this danger. Diphtheria can be prevented—Toxin-antitoxin prevents it—Toxin-antitoxin will not harm your child.

Take your children under ten years of age to your doctor or the county health officer and get them protected before it is too late.

The last of June a Mexican boy near Loving had typhoid fever. The Health Department went down and vaccinated all the family except the "papa." He refused to be vaccinated.

Last week the man was reported as having been sick for several weeks, with typhoid. Three doses of medicine in July would have saved him this long case of sickness and the expense. Why will people take such risks?

### JERNIGAN-STEVENSON

Miss Blanche Lanewood Stevenson and Mr. Leonard Jernigan were quietly married last Thursday morning at 9:30 o'clock at the home of the bride's parents, Mr. and Mrs. John L. Stevenson, 500 Connelly street.

The home was tastefully decorated with cut flowers. Rev. Howard Rogers of the first Christian church performed the ring ceremony. Miss Jackie Hightower of Artesia was maid of honor and Harry Jernigan, brother of the groom, was best man. The bride wore a becoming gown of dark blue crepe and the maid of honor was dressed in dark blue satin. Only members of the families of the contracting parties witnessed the ceremony. A wedding breakfast was served immediately after the ceremony, after which the couple left on a short honeymoon.

The bride is one of the most popular and accomplished young ladies in Clovis. She is a graduate of the Clovis High school, Christian College, Columbia, Mo., and the University of Illinois at Champaign-Urbana. The groom attended Clovis high school but graduated from Covina High school at Covina, California, and attended the University of New Mexico.

The newlyweds have been sweethearts since high school days together in Clovis. They will make their home at Carlsbad where Mr. Jernigan is in business.—Clovis News.

### THE COTTON MARKET

The following is the quotation from the New York cotton market for the past week, based on December delivery:

	Open	Close
Oct. 5, .....	18.83c	18.82c
Oct. 6, .....	18.81c	18.72c
Oct. 8, .....	18.79c	19.11c
Oct. 9, .....	19.27c	18.92c
Oct. 10, .....	18.81c	18.90c

### ARTESIA SATURDAY NITE TOWN

Artesia continues to maintain her reputation as a Saturday night town with the trade volume each Saturday steadily mounting. All parking space Saturday night was taxed to capacity, on Main and the intersecting streets. Twenty or thirty cars were parked in the center of Main between Roselawn avenue and Fourth street.

### "That Glorious Feeling"

Clare Briggs, celebrated cartoonist, says it really is a "grand and glorious feeling" to leave one's home in a Silver Anniversary Buick.

NEW YORK.—It really is a "grand and glorious feeling" to own a new car, whether the first or fifteenth, according to Clare Briggs, famous cartoonist. Briggs was one of the first New Yorkers to purchase a

Silver Anniversary Buick sport roadster and enjoys the gleaming luster and newness of the car, he states, as much as a veritable youngster. "The cars are surely distinctive," commented Briggs on the new body

style create by Buick. "Naturally, curving lines are always beautiful and the new Buick style seems to be based entirely on the curve. They are graceful and smart.

### ARTESIA IS DEFEATED BY ROSWELL FRIDAY IN HARD FOUGHT GAME

The Roswell record Sunday gave the following account of the clash between the Artesia and Roswell high teams at Roswell Friday afternoon.

Roswell high went into the air yesterday to defeat the husky tribe from Artesia by a score of 12-6. Artesia journeyed to Roswell Friday with the best aggregation of gridiron warriors ever brought to Roswell from Artesia and the lower valley boys battled Roswell hard throughout.

The Coyotes started scoring in the first five minutes of play. When Williams shot a 35 yard pass which fell in Corkran's arms behind the line. An attempt to kick the goal failed, and there was no more scoring in the first half of the game.

Artesia came back strong in the second half and in a mad rush toward Roswell's goal in the third quarter, Artesia ripped the Coyote line for long gains. Robertson, stellar Artesia fullback, was called upon time and again to carry the ball and this hard-hitting back never failed to make a gain.

Artesia finally placed the ball on Roswell's one yard line and Roswell being off side Artesia was given an extra down and then the ball was carried over. Artesia also failed to make the extra point and at the beginning of the final quarter the score stood 6-6.

Corkran's punting was one of the features of the game, especially in the final quarter when the teams entered into a series of punt exchanges. Then Roswell got within 40 yards of Artesia's goal and Captain Williams, suffering from a knee injury, went back into the game.

Williams shot a long pass to Peed and the husky Coyote end raced over the goal. Roswell failed to convert again and the score stood 12-6. In the final minutes of play Artesia put the ball into the air in a desperate attempt to even the score, but the Roswell backs knocked down the passes and Artesia left the field, a defeated but not vanquished team.

Williams, Peed, McDaniels, Corkran and Nelson were the outstanding players for Roswell, while Robertson, Clayton and Miller played the stellar roles for the visitors.

### The starting linups:

Roswell	Position	Artesia
Peed	re	Miller
Bond	rg	Littlejohn
McDaniels	rt	Gates
Scrimsher	c	Horne
Carpenter	lg	Jackson
Brookshire	lt	McCall
Corkran	le	Montague
Madigan	fb	Robertson
Santheson	rh	Pollard
Nelson	lh	Graham
Williams (Capt.)	qb	Clayton

### LOCALS

Mrs. Norris, of Hagerman, was shopping in Artesia Tuesday.

Charles Walker, of Las Vegas, was here last Saturday visiting Miss Katie Cowan.

Mr. and Mrs. Ossie Coalson were here from Carlsbad Sunday visiting Mr. and Mrs. L. L. Clark.

C. C. Prichard of Roswell and Irl Wolf of Dexter cattle buyers, were here the first of the week.

Mr. and Mrs. A. W. Wilde are enjoying a visit with their sister Mrs. E. M. Chase, from Deming.

Aubrey Dunn, wife and baby, of Alamogordo, spent the week end here with their relatives, the Dunns.

G. G. Taylor and wife, of Amarillo, Texas, spent the week end here, guests of Mr. and Mrs. Rube Dunn.

Leonard Richards and wife, of Roswell, spent Saturday and Sunday here, guests of Mr. and Mrs. Calvin Dunn.

Mrs. Betty who has been visiting her sister, Mrs. J. H. Long, and family, left last week for her home in Kansas.

A large crowd assembled at the home of Mr. and Mrs. John Martin Sunday afternoon and enjoyed an old time singing.

Mrs. Frank Middleton arrived from Marion, Indiana, Tuesday for a visit with her daughter, Mrs. Ralph Shugart, and family.

Edgar B. and C. S. Younger, mule buyers of Blanchard, Oklahoma were attending to business matters here the first of the week.

Mr. and Mrs. Sid Cox left last week for Temple, Texas, where Mrs. Cox will go through the clinic of the Temple Sanitarium.

Miss Lila Watkins from Florence, Colorado, has been visiting at the home of Mr. and Mrs. A. Wilde for the past two weeks.

Mesdames Athol Martin and Carrol Brown drove to Hagerman Monday and spent the day with their mother and father Mr. and Mrs. W. P. Bowman.

Mr. and Mrs. H. S. DeBerry of Wilson, Oklahoma returned home the latter part of the week after a visit of several days with their daughter Mrs. S. B. Barnett and Mr. Barnett.

Mrs. Paul Wilde and children Bernice and Pauline, who have been making their home with Mrs. Wilde's sister in Kansas and Idaho, for the past year are spending some time with home folks.

Mr. and Mrs. L. W. Jernigan after a visit of several days with their parents, Mr. and Mrs. E. T. Jernigan, left Sunday evening to make their home in Carlsbad, where Mr. Jernigan is engaged in business.

Frank Wilson, accompanied by his niece, Miss Helen Sage spent the week end in El Paso with Mrs. Wilson, who is under the care of a specialist there. They found Mrs. Wilson's condition improved, but it will be necessary for her to remain in El Paso a few weeks longer.

Miss Alma Norton left last Wednesday to take charge of the rooming house in Amarillo, Texas, which her father, R. H. Norton, recently acquired in the trade of his farm. She took her little niece, Helen Hutcheon, with her. Her father will remain here until he can wind up his business at the farm, when he and Mrs. Hutcheon will join the others at Amarillo.

See our samples of Engraving—Artesia Advocate.

### MAY SPRAY FORESTS BY AIRPLANES TO STOP RAVAGES OF TREE PESTS

The United States Forestry Service may be forced to spray the timbered regions near Cloudercroft, by airplane in order to stop the infestation of insects there, Dr. J. C. Burke of Stamford University and other entomologists who have investigated the conditions have reported.

The insects which have invaded the region strip the trees of their leaves; and Southern Pacific railroad officials have become alarmed lest the timber be destroyed and the beauty of the Cloudercroft summer resort region be marred.

The most effective remedy, Dr. Burke believes would be to spray the trees with arsenic dust. This would have to be done by airplane, he said, and would cost about \$7 to \$10 an acre. There are around 2,400 acres in the region affected.

A second remedy he suggested would be to spray the trees by hand, and the third remedy would be to fence the area and turn large numbers of turkeys into the enclosure. The work would have to be postponed until spring when the insects were in the caterpillar stage, if the spray was used, and it is in the crystalline stage of the insect when turkeys are most valuable. The crystalline, which is found in the duff, Dr. Burke said, is a favorite dish for turkeys.

### FINDS BODY OF MEXICAN

Jesus Lopez, Mexican sheep herder on the Gresset ranch, forty miles from Roswell was found dead Thursday morning by a searching party from the ranch. When found the body had a dinner pail hanging over one arm and a whip in one hand. The Mexican had been dead about five days. A coroner's inquest was held over the body.

Mr. and Mrs. Carl Duncan, who have been occupying the Threlkald apartments, moved to Roswell last week, where they will make their future home.
