### ELECTIONS

We expect to hear more or less election talk between now and the 22nd, but hope there is not too much talk made for wherever there is too much talk made it sometimes gets rough. Heated election campaigns and at times those that are not so heated creates an uncomfortable situation for innocent people. It is not as bad now as in the days gone by, but disgusting enough to keep many good folks away from the polls. It all comes about by some folks taking their politics too seriously. Let a little rumor get started and it just keeps growing. The best friends suddenly find themselves in opposite camps. Honest men become horse thieves according to political gossip. We used to hear an old fellow tell of the time he made a race for county office back in old Alabama. They started the story that he was a hog thief and before the election was over, actually proved it on him.

### DESTRUCTIVE CRITICISM

A long time ago, we became convinced that it was much easier to criticize than it was to offer a constructive program. The fellow who condescends to criticize everything and everybody can always get an audience. In so doing he just naturally follows the path of least resistance and since he puts in most of his time trying to tear down, he has no time to think out a constructive plan of action. Criticism usually isn't going to get the individual anywhere unless he can offer something better.

We have in mind the progressive citizens of the community; men who are willing to give their time and energy toward making this section a better place to live. Regardless of the sacrifices made or the good accomplished, there are always a few who are ready to discount the efforts of men really capable of carrying on.

Secretary Wilbur has said that the supreme court decision which held invalid his order rejecting applications for permits to prospect for oil and gas would not alter the government's policy of oil conservation.

### TO AVOID HUNGER'S PANGS

There comes a time in the life of every boy and girl when the necessity of self preservation dawns upon the consciousness, and steps must be taken to keep the stomach filled, the back warm, and the personality sheltered. To make possible the continuation of nature's biological process, mankind has set up a general system of labor; thus, people are expected to engage in some sort of activity, receive wages, and from these wages buy what is needed to keep body and soul together.

The world to-day offers to intelligent people plenty of the world's goods with which to buy food, raiment and shelter for all—and, for some, added luxuries, varying with size of income. It is true that our economic system is not yet perfected—yet in the United States we enjoy conditions far superior to those in any other country in the world. For this, alone, we should be thankful; perhaps, at times, we may become hungry—we may get very, very, hungry—but we in America must admit that the only thing any where, at any time in the world's history, which offers a decent and honest victory over hunger is OPPORTUNITY—and who denies that the United States refuses to any honest intelligent, hard-working individual the golden opportunities of OPPORTUNITY?

So, pondering the wealth of OPPORTUNITY that beckons and awaits our boys and girls in this land, we are forced to scorn the foolish and unsound offerings of the communist and the socialist, who, we are informed, depend upon force to attain their despotic ends.

As long as human life exists upon this planet earth, there will be need for things to sustain it; there will be need for food, raiment, and shelter, plus comfort and luxury. The ONLY means of distributing the physical resources of this earth equally, or nearly so, among people is to endow them, as nearly equal as possible, with high moral and mental intelligence.

Knowing this, it is the task of the adult population of to-day to educate its youth so that the latter may evaluate the world's wealth in terms of mentality and morality; these qualities alone have carried civilization thus far, and are its only guarantees of future safety.

### STOP, LOOK AND LISTEN

Every once in a while—the "Stop, Look and Listen," warning so often issued by the railroads is vividly brought home to the public. The crossing accident which occurred at Isleta, near Albuquerque, Friday, will not soon be forgotten by the people, however, hapless drivers will continue to have railroad crossing accidents, because it seems that a few individuals refuse to learn a lesson.

We are becoming more and more in sympathy with the move to eliminate the grade crossing menace. Some states have gone a long way toward removing grade crossings on the principal highways and others are falling in line. This is the only way we can hope to effectively check the loss of human life due to carelessness.

It was Mark Twain who said in substance that the weather was something everybody discussed, but nobody did much about it. The early part of April has been such unusual weather, we can't keep from talking about it. Everybody ought to be happy over it, including the fish. If the fish have not had plenty of opportunities to bit in the past two weeks, it has not been the fishermen's fault or the weather.

About the only thing we could do about our weather would be to advertise our climate more.

The ways of the courts are not always understood. Many newspaper readers pondered over the decision of the United States Supreme court, which Saturday acquitted Edward L. Doheny of bribery. The verdict was reached on the first ballot. A few months previous Albert B. Fall, his alleged co-conspirator was convicted on the same charge. Another feature of the case was that it has been a long drawn out affair. The alleged bribery was committed in 1921.

A press dispatch says that Thomas A. Edison is encouraged over recent rubber tests. Perhaps after all we may find use for the golden rod plants.

### INSIDE INFORMATION

Soda should not be added to vegetables in cooking. It has an injurious effect on the vitamins.

Cook green vegetables just as short a time as possible and cook them in an open kettle to help keep their fresh green color.

Serve all lamb dishes piping hot on very hot plates. The texture of lamb fat is not always agreeable after the meat has cooled off somewhat.

An oblong kitchen is considered preferable to a square one for saving space and consequently for saving steps. On the two long opposite sides most of the large equipment can be grouped in logical working sequence. To test for waste space in a floor plan see whether the equipment can be packed into a smaller well-lighted area in the same relative positions leaving room enough to work comfortably.

Gasoline for any sort of cleaning should never be kept in the house. It is so inflammable and so explosive that the fire laws of many states prohibit storage in the house of any but the smallest quantities. Keep the bottle or container tightly corked at all times, and do not open or use it in a room where there is a fire, a gas, oil or candle flame, or in bright sunshine. Only a little liquid should be poured out at one time.

### HOOVER'S RULING ON "B" OIL LEASES IS SET ASIDE

A ruling has come from Dr. George Otis Smith, director of the United States geological survey, to the effect that prospector's permit to explore for oil and gas on the public domain with an "A" permit will also be entitled to receive a "B" lease under drilling restrictions being set out by the department of the interior. Under the ruling of President Hoover early in 1929, issued by Ray Lyman Wilbur, secretary of the interior, all issuances of "B" leases had been withdrawn. The new ruling accepts the petition of the states and is considered by oil prospectors as being fair and just.

# SUCCESS

James J. Hill, the great railroad builder once said:

If you want to know whether you will be a success or not, you can easily find out. The test is infallible. Are you able to save money? If not drop out. You will lose. You may think not, but you will lose as sure as fate, for the seed of success is not in you.

## DEMAND ON INCREASE FOR CERTIFIED SSED

The demand for high class planting cotton seed has increased more during the present season than any previous year says G. R. Quisenberry of the New Mexico Agricultural College. Where formerly only one association sold seed, there are now five. The cotton farmers, as a whole, are demanding seed of high quality and good germination.

It has been possible during the present year to produce a far greater quantity of certified seed than ever before and farmers can get seed of high germination as well as high breeding for their 1930 crop. A large amount of the certified seed is running over 80% germination and many samples 90%. No low germination seed is being certified this year. Farmers should look on the tags which are on each sack of certified seed for the germination test so as not to be disappointed in their cotton stand.

In the recent cotton survey, well above 95 per cent of all cotton reported by members of the Southwestern Irrigated Cotton Growers' Association was acala and the bulk of this was college strain. Also, the farmers, as a whole, indicated they preferred acala. It appears the seed shipped in from Texas and other states is giving the desired results.

The survey shows that the three highest producing communities served by the association, including Texas and New Mexico, were growing the college strain exclusively. Two of these communities have their own seed cotton houses and carefully protect their planting seed. The returns from yield were not only greater where one strain of one variety was grown, but the grade and staple made the cotton worth from \$10 to \$12 more per bale.

## 7c POUND TARIFF RETAINED ON LONG STAPLE COTTON

WASHINGTON, D. C.—The senate duty of seven cents a pound on long staple cotton, now on the free list, was agreed upon Friday by the congressional conferees on the tariff bill.

The dispute over the cotton tariff, which deadlocked the conferees on Thursday, was settled after an argument which took up nearly the entire morning session.

House republicans on the conference committee yielded, it was announced, after a warm debate. The houses bill retained long staple cotton on the free list.

The jury had acquitted the defendant of horse-stealing because of the powerful plea of his lawyer.

"Honor bright, now, Bill," said the lawyer, as the two left the court house, "you did steal that horse, didn't you?"

"Well, now look here. I'll be honest with you. I always did think I stole that horse until I heard you make the speech to the jury. Now, I'll be dogoned if I ain't got my doubts about it."

## FORMER ROSWELL BOY SENTENCED TO SERVE 30 YEARS IN COLO. PEN.

Wilbur Eslick has been sentenced to serve 30 years in the Colorado state penitentiary following his conviction by a jury at Sagauche, Colorado of robbery in connection with the hold up of the Center, Colorado bank on December 6, 1929.

Eslick was arrested near Roswell by Deputy Sheriff Houston Coffey, following the robbery of the Roswell Laundry Company. While he was being held in he Chaves county jail on charge of the robbery of the Roswell Laundry, he was identified as one of two men who stepped into the People's State Bank at Center, Colorado and at the point of guns robbed the institution of \$900.

Eslick is a brother of the late Concell (Viking) Eslick, who attained national prominence when she rode a New Mexico cow pony from New York to Los Angeles in 120 days.

## CALL FOR BIDS ON LAS CRUCES-ALAMO ROAD

SANTA FE—Bids will be called for at an early letting on surfacing 14 miles of state road 3 between Alamogordo and Las Cruces, the state highway department announced recently. The details of a grade-crossing on this project, near Alamogordo are being worked up by engineers of the highway department in conjunction with the Southern Pacific Railroad Company.

It was also announced that the State Highway Commission will call for bids for reconstruction and surfacing of 22 miles of U. S. 66 east of Gallu.

The date for this letting, in which several other projects will probably be included, has not yet been definitely fixed.

Typewriters for rent at Advocate.

Mrs. Tellit—Cousin Dorothy, you know always wanted to have a little baby daughter so she could name her, June.

Mrs. Askit—Yes. Did she do it?  
Mrs. Tellit—No. The man she married was named Bugg, and it wouldn't do, you see.

Your dress, your hat and your accessories must get together, if you are to be smart this season . . . for Dame Fashion insists that your costume must harmonize.

J. C. Penney Company makes it possible for you to be fashionable and still be thrifty. With the money you save on one of these smart, new dresses, you can buy a new hat . . . and for very little more, have the little things that make life—and your appearance—so worth while.

J. C. PENNEY CO. INC.  
DEPARTMENT STORE

327 Main Street—Artesia, N. M.

your house, barn, chicken house or hog house is in need of re-roofing, you can have new roofs and they will pay you a profit. A new re-roofing plan, now in use all over the country, you get a big gain in warmth and comfort with less fuel for re-roofing—get more milk and more eggs—farrow your pigs earlier and get them on the market when prices are at the peak.

There is no litter. No old nails in your hay and feed to endanger stock.

The "RED CEDAR METHOD"

Red Cedar Shingles are laid right over the old roof. The shingle roof prevents most of the heat losses through the roof. You have a roof as solid and sound as if laid on the sheathing. The roof does not show at the edges or elsewhere.

Cedar Shingles are rot-proof, whether old or new, and lend themselves as no other roofing material in this class can to the method of re-roofing over the old roof. The air space between the roofs, while hardly noticeable, is a safeguard against deterioration of either the old or new roof.

You can do the work in your spare time, as buildings are always protected.

Let us like to tell you what those who have tried it say about this method.

Call, phone or drop us a line!

Kemp Lumber Company

# Social Activities

## THE WOMEN'S CLUB

The last meeting of the club year was held at the Central school yesterday afternoon with a good attendance of members. Plans were discussed for attending the meeting of the third district federation, which will be held in Portales Saturday.

The vacancy caused by the resignation of Mrs. R. D. Compton, as secretary, was filled by the election of Mrs. Earl Darst. The choice of a state bird was expressed by the election of the house finch for first place and the Mexican canary for second place. The subject will be taken up at the Portales meeting and finally decided at the state meeting in the fall. Tentative plans were made for putting over the show by the Simmons' University Cowboy Band, which the club is sponsoring for May 3rd. The Cowboy band is the most widely traveled university band in the world and will bring a fine musical entertainment to town. The proceeds will be devoted to the club house fund.

Plans were not sufficiently advanced for definite action upon the club house building program so the project was postponed until fall at which time the club will be prepared to take up the subject with renewed energy after the summer vacation.

The program for the day was one of the best of the year. Rev. Scoggins, who gave a much appreciated talk to the club earlier in the year, favored it again with a talk, this time upon the subject, "Personal Impressions of France and the French People." The talk with its intimate glimpses of French life was of absorbing interest and was all too short. Rev. Scoggins' singing is always a welcome addition to a club program and this time he rendered Schubert's beautiful "Serenade," and responded with an encore, Mrs. Scoggins accompanying.

The club has been tendered a most cordial invitation, by the Roswell Women's club, Mrs. J. D. Atwood, president, to be present at the opening of its new club home, which will take place next Thursday evening at 8:00 o'clock.

## BIRTHDAY PARTY

Mrs. J. C. Floore entertained a company of little people last Saturday in honor of the eighth birthday anniversary of her grandson, John Hartsfield. It was an Easter party, with pretty Easter baskets for each child; and birthday cake and ice cream for refreshments. The children spent a happy afternoon playing games and a number of prizes were given. The children present were Ben Wilson, Jr., Billy Bartlett, Landis Ed Feather, David Clowe, James Robertson, Grant Scoggins, Peggy Linell, Phyllis Bartlett, Helen Jean Evans, Wanda Story, Dorothy Morris and the little host. This was sort of a farewell birthday party for little John, for next year he will be at Gallup, with his mother, Mrs. Floyd Hartsfield, who has been elected principal of her ward school for the third year.

## REBEKAH INITIATION

The lodge initiated seven candidates at its meeting on Monday evening. The candidates were, Mrs. Medcal and Mrs. Fannie Fellman from Hope and Mrs. George Dungan, Miss Dungan, Miss Jewel Cavin, Miss Madge Hnulik and Mrs. George Beal of Artesia. Talks were given by a number of members and officers. There were two visitors, Mrs. Lee Dunagan, a recent arrival from Alamosa, Colorado, and Mr. Medcal, of Hope. Ice cream and cake were served during a social which concluded the evening's program.

## SOCIAL EVENING

Following the close of the revival at the Christian church Sunday evening, a program and social was given in the church on Monday evening. Mrs. Hayes, leader of the music put on a program by the children, which was very well done. There were also several numbers given by adults, which were much enjoyed. These consisted of a reading by Mrs. J. W. Graham, piano solo, Mrs. Harold Crozier, violin solo, Eloise Reser, musical reading, Mrs. Emerson, a burlesque of an absent-minded college professor, by Rev. Emerson, and three vocal solos by Mrs. Hayes. The remainder of the evening was given over to sociability with refreshments.

## CELEBRATE SEVENTY-FIFTH BIRTHDAY ANNIVERSARY

Mr. S. G. White celebrated his seventy-fifth birthday anniversary, Monday. His daughter, Mrs. R. L. Collins, of Hagerman, was here to eat birthday dinner with her father and mother. Mr. White, who has been in poor health, is improving and is better than he has been for some time.

## Social Calendar

TELEPHONE 217

### THURSDAY (TO-DAY)

"Chevie Six" Bridge club will meet at 7:00 p. m., with Mr. and Mrs. Ralph Henson.

### FRIDAY

The P. E. O. Sisterhood will meet at the home of Mrs. Jessie Morgan at 2:30 p. m.

### MONDAY

Miss Ruth Bigler will give a piano recital in St. Paul's Mission. Miss Oakes will assist. The public is invited.

### TUESDAY

The First Afternoon Bridge club will resume playing next week after a Lenten vacation. The meeting will be at the home of Mrs. Martin Yates at 2:30 p. m.

### WEDNESDAY

The Idlewhiles Bridge club will meet with Mrs. Ralph Shugart at 2:00 p. m.

### TWILIGHT RECITAL

Mrs. G. U. McCrary will present a number of her piano pupils in recital at the Presbyterian church this evening. The program will be given from 6:45 to 7:45 p. m., this early hour being chosen in order to allow those present time to attend other entertainments. The children appearing in the recital will be Norma Myers, Minnie Opal Parker, Phyllis Bartlett, Jane Shugart, Douglass O'Bannon, Ann Adele Williams, Clara Beth Beal, Jessie Lee Cunningham, Josephine Payne, Marian Coll, Margaret Myers, Elsie Jernigan, Marjorie Kerr, Russell Floore, Juanita Perry, Glenna McLean and Elizabeth Gage.

### THE PASSTIME CLUB

Miss Violet Robertson was hostess at the meeting of the club on Tuesday at which time there were two substitutes, Dr. Esther Seale and Mrs. Ted Emerson. Mrs. John Dunn won high score and Mrs. Henry Paton, low score. Light refreshments completed the afternoon's enjoyment.

### LEGION AUXILIARY MEETING

The Auxiliary is sponsoring a May day program of the child welfare department and the subject was a matter of absorbing interest at the meeting of the Clarence Kepple Unit at the home of Mrs. Frank Linell on Monday afternoon. The program is under the direction of Mrs. Grover Kinder, school nurse, who outlined the plans already decided upon. Among these are a May day parade in which the Unit plans to have a float. It also voted to offer prizes for the two best floats. In this feature it will be joined by the Legion, which donated an equal amount of money with the Auxiliary. The Unit also voted to put on the "Zander Gump Wedding," in the near future. There was also a discussion of plans for poppy day, which is only a few weeks away, and, a short parliamentary drill in which the members participated.

There was a good attendance for the Nnit is a growing, working organization and the members find the meetings interesting. The social hour closed the program, the two hostesses for the day, Mrs. A. Wittkopp and Miss Olive Buel serving a delicious salad course.

### THE YOUNG MOTHERS' CLUB

The Young Mothers' club met at the home of Mrs. Livingston last Friday afternoon. Mrs. Lydia was in charge of the program and gave an instructive article upon, "Child Training." Mrs. Rocky Kile was in charge of the games which gave zest to the social hour and a salad course was served. Mrs. George Williams, who has moved to Maljamar, has resigned as president and the vice-president, Mrs. Charles Morgan, was advanced to the position. Mrs. Kile was elected to fill the vacancy in the vice-presidency. The club will have an Easter egg hunt for the children in the city park tomorrow afternoon.

### THE CLUB PLAY AT HOPE

Mrs. McCrary and the cast of the Woman's club play put on a good entertainment at the high school auditorium in Hope last Friday evening. Conflicting entertainments divided the crowd, but the play was much enjoyed by those present. Proceeds were given to the club building fund.

Typewriters for rent at Advocate.

## COTTONWOOD ITEMS

(Miss Alma Bradley, Reporter)

Miss Lucile Whitley is visiting at Artesia at the home of relatives.

Mr. and Mrs. Will Waldrip and children visited at Carlsbad Sunday at the home of relatives.

The girls 4-H club will meet at the home of Pauline Watson next Saturday, April 19, all of the girls of this community are asked to attend.

Maynard Brown had the misfortune to overturn his car last week. The car was a complete wreck, but Mr. Brown was not seriously injured.

Mrs. Oscar Pearson left Monday for Pampa, Texas, where she will spend a few days visiting at the home of her daughter, Mrs. Floyd Senter.

Cecill Nelson, of Tularosa, was visiting at the home of his sister, Mrs. Will Waldrip, the first of this week. On Tuesday he left for Sweetwater, Texas, where he will visit.

J. J. Gist accompanied by his base ball boys and Luke Ray motored to Lakewood last Thursday where they played the boys there. The Cottonwood boys won 31-5.

Miss Pauline Watson gave a forty-two party last Friday night, at the home of her father, W. A. Watson in honor of his birthday anniversary. Among those who enjoyed the delightful evening were Messrs. and Mesdames Kermit Southard, E. D. Parnell, Herbert Southard, Olive Southard, D. S. Southard and Mrs. Southard and Cleo Southard. Refreshments of cake and ice cream were served.

## IDLEWHILES BRIDGE CLUB

The Idlewhiles Bridge club held its postponed meeting at the home of Mrs. H. Q. Haley last Friday afternoon. There were four substitutes, Mesdames Compton, Lewis Story, Henry Paton, Frank Seale and one special guest, Miss Violet Robertson. Delicious refreshments were served.

## SUNDAY DINNER

Honoring Mr. and Mrs. A. L. Bruton, who are leaving this week for their home. Mr. and Mrs. John Richards entertained at one o'clock dinner on Sunday. The other guests were: Mr. and Mrs. C. Bert Smith and Mr. and Mrs. Albert Richards.

## SECOND BRIDGE CLUB

Four substitutes played for absent members at the meeting of the Second Bridge club at the home of Mrs. Ray Bartlett Tuesday afternoon. The playing followed a delicious luncheon at one o'clock. Substitutes were Mesdames Mabel Welton, P. J. Phillips, Sid Cox and J. S. Ward.

## FORTNIGHTLY BRIDGE CLUB

Mrs. A. L. Bruton and Mrs. Dick Attebery were substitutes at the meeting of the club at the home of Mrs. John Richards on Tuesday, with its customary one o'clock luncheon and afternoon of cards.

## PASI NOBLE GRANDS' CLUB

The Past Noble Grand club had an old fashioned party at the home of Mrs. E. H. Perry last Thursday at which time they quilted a quilt for the Odd Fellow's Orphan Home at Roswell. The ladies took food for a covered dish luncheon at noon and in the afternoon, the quilt being finished, a number of the Rebekahs went to the Odd Fellows' base ball game.

## DISTRICT MISSIONARY SOCIETY IN SESSION

The Roswell district Woman's Missionary Society is in session at the Methodist church all day today. Mrs. J. C. Jones of Clovis is the district secretary and is presiding over the meeting. Women delegates and visitors from all over the district are in attendance. Dr. Allen L. Moore presiding elder is one of the principle speakers on the program.

## DANCING PARTY

Mrs. Mabel Welton entertained with an informal dancing party last Friday evening. Light refreshments were served during the evening. Those participating were Messrs. and Mesdames Yates, Hartell, Kremer and the latter's sister, Mr. and Mrs. Morian of Denver, Colorado and Mr. Gilliland.

## DEAD LINE FOR ALL CANDIDATES IS 25th

The dead line for entry of candidates on the ticket for the democratic primary will be at midnight of April 25th, according to Ray Soliday, secretary of the democratic county central committee.

Mr. Soliday is now compiling the list of entries for the primary, and had ninteen on the list this morning. —Carlsbad Current-Argus, Monday.

Mrs. Sporty—"I've put your dress shirt on the clotheshorse."  
Mr. Sporty—"What odds did you get?"—Patton's Monthly.

## IN ROCK RIBBED EDDY

Despite the fact that Eddy county is usually considered a rock ribbed strong hold of democracy, the Billy Goats of the Cottonwood community are of a different faith, at least one candidate thinks so. One Billy Goat was so strong in his belief that he found the overtures of a candidate repulsive and proceeded to do his part in expelling the candidate from the premises of his master.

A candidate for county clerk, while out mixing with the voters of the Cottonwood community, approached a house. Billy was present and proceeded to indicate to the candidate in no uncertain terms that her presence was entirely out of place. The lady of the house "sicked" the dog on Billy, but the goat was not to be outdone, even though he found it expedient to withdraw temporarily. He slipped around for a more advantageous position, and when the candidate presented her card and started for the car, Billy showed his speed. It was a close exciting race and the outcome was doubtful even until the last foot. The candidate won by a margin of some six inches. May 15th, will be no more exciting, she says.

Somehow or other, we have a dark suspicion that the goat was or has been a political pupil of "Big" Hill.

## SEVEN O'CLOCK DINNER

Mr. and Mrs. Will Cheney were hosts at a three course, seven o'clock dinner last Saturday evening. Covers were laid for Mr. and Mrs. Tom Cheney, of Albuquerque, Mr. and Mrs. M. W. Evans, Mr. and Mrs. Van Welch, Jr., Van Welch, Sr., and the host and hostess.

## NEW TUNNEL IS OPENED

The opening of the new tunnel and trail which eliminated two-thirds of the steps at the entrance to the Carlsbad Cavern was observed Wednesday morning with ceremony.

Mother—What kind of a show did papa take you to Bobby?  
Bobby—It was a dandy, mamma. They had ladies dressed in stockings up to their necks.

## Now you can serve Vegetables that are really fresh

THE vegetables you buy today can be served days later—still fresher than when you bought them! Easily, too. Just keep them in the new Frigidaire Hydrator.

The Hydrator is a moist air compartment that restores freshness to wilted vegetables and makes fresh vegetables crisper. It enables you to have a supply of lettuce, celery, radishes, tomatoes and other fresh vegetables always on hand—always ready for instant use.

Come in and let us demonstrate the Hydrator—now a feature of every household Frigidaire. Let us show you the famous "Frigidaire Cold Control" and tell you what it does. Let us show you the latest Frigidaire cabinets in Porcelain-on-steel inside and out—strikingly beautiful and easy to clean. Visit our showrooms at your first opportunity.

**OIL LAND AUCTION NETS LARGE SUM**

SANTA FE—Approximately \$16,000 was taken in by the state land office at the monthly auction of oil leases Friday. It was the largest amount this year, but fell short of the all time record of \$28,000. Thirty-six of the 29 tracts offered were sold. None of the 39 was subject to preference right. The highest bid was from the Kosmos Carbon Company of Charleston, West Virginia, which bid \$5.00 an acre for one tract.

**COTTON ACREAGE SAME IN CARLSBAD PROJECT**

The Carlsbad project acreage planted to cotton will be about the same this season as last, L. E. Foster, project engineer said. The 1929 acreage was 19,900 acres. Irrigation is well advanced, Mr. Foster said. He estimated that 40 per cent of the ground to be planted is now wet, and that 20 per cent of the acreage has been planted. Water is being delivered to farms at a rate of 350 second-feet.

## COMMISSIONERS' PROCEEDINGS

BE IT REMEMBERED, that the Board of County Commissioners of Eddy County, New Mexico, met in regular session on the 7th day of April, 1930 at ten o'clock a. m., at which time the following proceedings were had:

Present and presiding as follows:  
C. E. Mann, Chairman.  
Marvin Livingston, Commissioner Dist. No. 1.  
Joe Johns, Sheriff.  
Thelma T. Lusk, Clerk.

Absent:  
C. W. Beeman, Commissioner Dist. No. 3.  
Minutes for the quarter ending March 31st, 1930 were read and approved.

There was presented to the Commissioners a petition to establish, lay out and declare open a public road described as follows:

Beginning at a point on the section line, between Sections 10 and 15, in Twp. 24 South, Range 28 East, where the Carlsbad-Pecos Highway intersects said section line, at the town of Malaga, New Mexico, thence west along the section line between sections 10 and 15, 9 and 16, 8 and 17, 7 and 18, in Twp. 24 South, Range 28 East, and west along said section line between sections 12 and 13, 11 and 14, 10 and 15, 9 and 16, 8 and 17, in Twp. 24 South, Range 27 East, to the section corner common to sections 7, and 8, 17 and 18 in Twp. 24 South, Range 27 East thence, in a southwesterly direction to approximately the center of Section 24, Twp. 24 South, Range 27 East; thence, in a westerly direction to the Carlsbad Cavern-El Paso Highway.

Said petition was signed by more than ten freeholders residing within two miles of the road sought to be established. It is then made the order of the Board that J. W. Lewis, J. F. Forehand and C. L. White be and they hereby are appointed viewers to view and mark out the road sought to be obtained, the time and place of their meeting to be at nine o'clock A. M. on the 5th day of May 1930, at Malaga, N. M. The clerk is authorized to issue warrant to viewers and post notices as provided by law.

It is made the order of the Board that Warrants No. 12900 to 12994 be issued in payment of claims this day allowed.

Whereupon the Board adjourned, subject to call.

C. E. MANN, Chairman  
Attest: THELMA T. LUSK, Clerk.  
The Board of County Commissioners of Eddy County, N. M., now meet as a County Board of Equalization under the provisions of law, on this 7th day of April, 1930, same being the first Monday in April, and find that the valuations made by the County Board of Tax Appraisers have not been completed, whereupon it is hereby resolved that this session be and the same hereby is adjourned until April 15th.

C. E. MANN, Chairman  
Attest: THELMA T. LUSK, Clerk.  
18-1t

We used to be ambitious to go from coast to coast; now we are satisfied if we get from curb to curb.

One Reason it's safer to breathe through the nose is because that makes us keep our mouths shut.

John—Whereje get the bump?  
Rapp—Night club.  
John—Where was the night club?  
Rapp—In the cop's hand.

"What did you like best in England?"

"Oh, that quaint old custom of going to the dogs."  
"You mean, riding to the hounds, don't you?"

"I'm going to buy myself a harem."  
"What do you mean? You can't buy a harem, can you?"  
"Sure. I just saw a sign at a gas station that said, 'Six gals for one dollar.'"

Wife—"James, I feel faint. I can't take a long breath."  
Hubby (the brute)—"Take two short ones."

Teacher—Rastus, what animal is most noted for its fur?  
Rastus—De skunk; de more fur you gits away from him de better it is fur you.

## SCIENTIFIC MANAGEMENT OF ONE'S OWN AFFAIRS MEANS TRUE THRIFT

By S. W. Straus, President American Society for Thrift.

"If there is any term that could be used as a substitute for the word 'thrift' I would say it is 'personal management.'"

Recently received by the writer and is of value because it brings out an important aspect of true thrift. Too many persons think of thrift only in terms of saving money. It would be well if more of us became imbued with the thought that thrift is really a matter of personal management.

The writer's attention recently was called to the incident of a family which is operated exactly as a business even to the point of annual reports by the husband and father in which he sums up the various points of progress made by the family during the year.

The American Society for Thrift has worked out a plan which should prove helpful in personal or household management. On a printed sheet are horizontal lines for the different days of the month. Across these horizontal lines are vertical columns representing the various items of expense such as food, clothing, rent, insurance, recreation, sundries, savings, etc. Each of these columns is divided into two parts, one called "anticipated" and the other "actual."

In the "anticipated" columns there is to be written down the amount of contemplated expense for each day of the month for the various items. In the "actual" column are spaces in which are to be set down the sums actually spent each day for each different item. In this way, a person can budget his entire month's outlay, setting down for each day the actual or pro rata amount of expense. In following out this plan every reasonable effort should be made, of course, to keep the "actual" expenses below, or at least not above, the "anticipated." These sheets, incidentally, may be obtained without cost by any of the readers of this paper who will write to the American Society for Thrift, 9 East 46th Street, New York City.

But whether you adopt some such plan as this or proceed along some other line, it should be borne in mind always that to be thrifty is simply to manage one's affairs in such a manner that one continually is moving forward on the path of progress.

Mrs. O. R. Haymaker was in town Monday to consult Mrs. Albert Richards, department president of the American Legion Auxiliary, in regard to the work of the re-habilitation department of which she is chairman. The rehabilitation department looks after the interest of the non-compensated veterans at Ft. Bayard. Baird Haymaker drove down from Roswell with his mother.

Minister—Let me hear how far you can count.

Willie—One, two, three, four, five, six, seven, eight, nine, ten, Jack, Queen, King.—Hoo Hoo Bulletin.

## BOY SCOUT NOTES

A troop of Mescalero Apache Indian scouts will attend the scout jamboree which will be held in Roswell, April 25th. This is one of the few Indian troops in the country. The scoutmaster, assistant scoutmaster and all of the scouts are members of the Mescalero and Apache tribes. These boys are competing with the other troops in archery, fire building, wall scaling, first aid, etc.

At the evening program they will put on one of their Indian dances and sing some of their songs.

A troop of blind scouts from New Mexico Institute for Blind at Alamogordo will be another interesting troop at the jamboree. This troop will attend 100% and take part in many of the competitive events. They will bring their orchestra and furnish music at the evening program.

Local scouts and leaders are making plans to attend this big scouting event.

"To what do you attribute your great age? Asked the city visitor of Grandpa Eben Hoskins.

"I really can't say it," answered Grandpa, cautiously. "They's several of them testimonial fellers a-dickerin' with me.—Clipped.

Mrs. Bill Mount has a fish story for us: She has caught 5 good sized bass out of the Pecos river and on Cottonwood creek and has thrown them all back, because it is against the game laws to take game fish caught only in Lake Avalon, Lake McMillan and Elephant Butte dam before May 30. Mrs. Mount has decided to fish only in the lake until the above date as it is heart-breaking to throw such nice fellows back.—We want to compliment her on being such a good sport.

**"I never knew real Air-Cushioned riding comfort until I rode on these new-type Federal Tires"**

Yours, *Ben & Dior*

## VULCANIZING!

Expert workmen, together with our complete equipment makes this department second to none. All repair work is fully guaranteed to give satisfaction.

Washing and Greasing

THERE'S A LOT OF EXCITEMENT in the air right now about these new-type Federal Tires.

And no wonder! I'm all excited myself. Why? Because I've got an all-round, practical tire for the first time.

This new Federal's 12% larger cushion of air gives you buoyant riding comfort that beats anything I have ever experienced.

But the exciting thing is that this new-type Federal De Luxe also gives you mileage—50,000 miles and more—excess mileage that gives you a new factor of safety as long as you drive on it.

You ride on more air—with more comfort—for more miles than ever before.

And remember this: We back up

our claims for this startling new tire development with the most amazing "Money-Back" Guaranty ever made. It says:

"If after 30 days you are not fully convinced that these new-type Federal Tires give you more luxurious air-cushioned riding comfort, snappier acceleration, easier steering, firmer braking and the assurance of increased mileage, return them. We will replace your old tires free of charge and refund the entire purchase price."

A manufacturer who will make that guaranty has something.

## THE CHURCHES

**CHRISTIAN SCIENCE SOCIETY**  
613 W. Main Street

Sunday services at 11:00 a. m.  
Wednesday services at 7:30 p. m.  
Subject of the Bible lesson for Sunday, April 20, 1930 is—"Doctrine of Atonement." In this lesson the following scriptural selection is found: "If any man be in Christ, he is a new creature; old things are passed away; behold all things are become new." (11 Cor. 5:17).

Also the following citation from Science and Health with Key to the Scriptures, by Mary Baker Eddy, page 264: "Spiritual living and blessedness are the only evidences, by which we can recognize true existence and feel the unspeakable peace which comes from an all-absorbing spiritual love."  
Visitors always welcome.

**METHODIST EPISCOPAL CHURCH SOUTH**  
Rev. Harold G. Scoggins

"The large church with a warm welcome and a helpful gospel."

Services have been conducted every evening this week. The pastor has been preaching a series of sermons on "The Way of Life." The theme this evening will be "The End of the Way."

Friday evening the union service will be held in observation of Good Friday. Special music, sermon by Rev. W. A. Henry.

Sunday being Easter there will be a great service, special music by the choir and a solo, "All on an April Evening," sung by Mrs. Wallingford, contralto. The sermon theme—"The Resurrection." Reception of members and a great free will offering in processional are other special features.

All children desiring to unite with the church will meet the pastor at the church Saturday morning at ten o'clock.

Epworth Leagues, Senior and Junior at 6:30 p. m.

Evening worship at 7:30 p. m., the sermon theme—"Echoes From the First Easter."

The Sunday morning following Easter Sunday, at eleven o'clock the church will observe "Sunday School Day." A presentation by the entire Sunday school of a special program interpreting the meaning and significance of Sunday school training.

### UNION CHURCH SERVICE

A union service sponsored by the ministers of the church council will be held in the First Methodist church Friday evening W. A. Henry, president of the council will deliver the Easter address. Lets make this a great service. Everyone invited.

The following program will be rendered, beginning at 7:30 p. m.:

Opening Hymn  
Scripture Reading—Rev. Emerson  
Hymn  
Prayer—Rev. Davis  
Anthem—United Choir  
Announcements  
Hymn  
Sermon—"It Is Finished"—Rev. W. A. Henry  
Closing Hymn

Benediction—Rev. J. P. Sinclair  
REV. R. PETERSON, Chairman.  
"And He bearing His cross went forth to the place called Golgotha where they crucified Him."

**FIRST CHRISTIAN CHURCH**  
6th and Quay Streets  
Ralph Waldo Emerson, Pastor

A number of people were added to the church in the short pre-Easter meeting.

Everyone had a very enjoyable time at the musical given Monday evening under the direction of Mrs. Hayes, our much loved song evangelist from Missouri.

A special Easter service is being planned for Sunday morning.

9:45 a. m. Bible school.  
11:00 a. m. morning worship. Sermon subject—"The Divine Authority of the Bible."

7:30 p. m., evening service, ser-

Easter Sunday services, April 20th. 9:55 a. m. Sabbath school and adult Bible classes. Worship program—"The Victorious Life," will be used. Easter offering for the Siam Mission.

11:00 a. m. Morning worship. Special Easter music and hymns. Holy communion. Reception of new members. Baptism.

6:30 p. m. orchestra.

6:45 p. m. Junior and Intermediate Christian Endeavor Societies.

7:30 p. m. evening worship. Anthem by Junior choir. Music by the church orchestra. Sermon subject—"The Drama of Immortality."—An Easter message. Characters in the drama—all manner of men in every age, of every land, rich and poor, ignorant and learned, philosopher and savage, prince and pauper. In short everyone, everywhere, all the time. The Drama of Immortality is not a sealed book.

Wednesday, April 23rd, praise prayer and study of the Book of Acts in preparation for the 1900th anniversary of Pentecost.

My Easter Covenant—"Easter, the most beautiful, the most inspiring, and the most hopeful of all the church festival days, is also the best day of the year to consecrate my life to Christ and His service. This will I do, God helping me."

**CHURCH OF THE NAZARENE**  
W. A. Henry, Pastor.

Sunday school 9:45 a. m. Clarke Wilde, superintendent.

Our Sunday school has been going strong for the last three or four Sundays.

There will be no preaching in the morning as the entire service will be devoted to the Easter program put on by the W. F. M. S. You are welcome to attend this service.

N. Y. P. S. at 6:45 p. m.

Evening service 7:30 p. m. Sermon by the pastor.

Sunday evening the pastor will deliver the Easter message.

Come to church Sunday and enjoy the service.

"The little church with a big welcome to all."

**THE CHURCH OF CHRIST**  
One Block West of Central School

Bible school at 10:00 a. m.  
Bible talk by one of the members at 11:00 a. m.

Last Lord's day was another good day for the church a greater interest is being taken in the Bible in the Bible school and church work.

Our Bible school is growing all the time and there are new members being added to the congregation. Several visitors are being welcomed on every Lord's day.

We are glad to announce that Brother J. E. Wainwright will begin a series of meetings here the 10th of July. We are planning on a great meeting. Brother Wainwright needs no introduction to those who have had the pleasure and great opportunity of hearing him.

Come to Bible school and church service next Lord's day and try and get some one else to come. If you are a real Christian you will not have to be urged to attend services on Lord's day.

"Practice what you preach."

**FIRST BAPTIST CHURCH**

## WILLYS DE LUXE SEDAN GIVEN TWO TESTS NEAR WICHITA KAN. RECENTLY

Recent tests of the Willys automobile, made near Wichita, Kansas may be of interest to auto owners of this section. Results of two tests were wired J. S. Hamilton, Willys Overland dealer at Argonia, Kansas, who in turn forwarded them to his father-in-law, J. S. Sharp of the Star Grocery. The telegrams follow:

Wichita, Kansas,  
March 25, 1930.  
Willys-Overland Inc., Wiethoff,  
Toledo, Ohio.

Willys six deluxe sedan with three passengers drove from Wichita to Kingman, Kansas and return distance eighty-three and two tenths miles in seventy-six minutes forty-eight seconds averaging better than sixty-five miles per hour against strong head wind. Running time officially checked by Wichita Eagle and Wichita Beacon. Some car.

R. D. McKAY.

Wichita, Kansas,  
March 26, 1930.

Willys-Overland Inc., Wiethoff,  
Toledo, Ohio.

Willys six deluxe sedan locked in second gear carrying four passengers drove from city limits of Wichita to Mulvane, Kansas and return distance of thirty and five tenths miles in forty minutes one and a half seconds averaging better than forty-five miles per hour. Top speed of fifty-two per hour attained at times. Passing through one town between it was necessary to slow down on account of speed limit to ten miles per hour. Some car.

R. D. McKAY.

senior class. The pastor, the pastor's wife and Miss Jennie Beth Bishop are also teaching classes. The attendance is good and the interest is much better than we expected. We feel sure that this school will be a great blessing to our B. Y. P. U. and to the church in general.

Our Easter program will be given at the 11:00 o'clock hour Sunday. Some special Easter music is being prepared and the pastor will bring the Easter message. We are expecting this to be a very pleasing and

**COW BOY BAND WILL APPEAR HERE ON MAY 3RD FOR A CONCERT**

Making their final concert tour before leaving for Europe in June, the celebrated Cowboy Band of Simmons University, Abilene, Texas, will appear in Artesia Saturday night, May 3rd, for a concert under the auspices of the local Women's club.

The famous group of cowboy musicians, known as the most widely traveled university band in the world, will give exactly the same program here that they are to play on their eight weeks concert tour of Europe this summer.

Artesia is one of the 14 cities included on the itinerary of the band's coming tour of North Texas and New Mexico. They will also appear at Clovis and Roswell.

The musicians will appear on the stage here dressed in their colorful regalia of boots, chaps, and ten gallon hats. Cowboy ballads, old southern tunes, and popular music will be featured. A program calculated to please every type of music fan has been arranged. Several novelty numbers, a cowboy vocal quartet, a special rope twirling act, and others add spice to the concert offerings of the Cowboy Band.

The Cowboys come to this city with a unique history. During the past seven years they have traveled over 200,000 miles into 42 states of the Union and have created sensations in all the large cities of the east.

Following their return from Europe this summer, the band will play five weeks in the famous Ziegfeld theatre in New York City.

Under the direction of Colonel D. O. Wiley, the band is rehearsing daily in Abilene to be in preparation for the coming tour and the European appearances, one month later. They will sail from New York June 11.

The Cowboys will be the first musical organization from the southwest to make a concert tour of Europe. They will officially represent Texas and will play before the Prince of Wales. They now have engagements booked in nine foreign countries and will appear in all the large capitols of Europe.

A party of several hundred from all over the southwest will accompany the band to Europe.

Arrangements for the band's concert here were completed last week by G. B. Sandefer, of Abilene, business manager of the organization, and officials of the Women's club.

**LOCALS**

J. W. Haven of Lake Arthur was attending to business matters here yesterday.

Senator Moon and George Deane left for Santa Fe Tuesday on a short business trip.

Dr. and Mrs. R. K. Hoover, were visiting relatives and transacting business in Carlsbad yesterday.

Mrs. J. H. Jackson, who seemed to be improving from her severe illness, was not so well again the last few days.

Arba Green drove over to Albuquerque to-day to bring his daughter Miss Helen, home from the State University for the Easter vacation. Miss Ruth Russell and Miss Estelle Hogins, are expected to come back with them to spend the vacation at the home of Dr. Russell, who is a brother of Miss Ruth and the uncle of Miss Hogins.

**PASSES FEDERAL SENTENCES**

Federal Judge Colin Neblett Tuesday passed the following sentences in court at Las Vegas:

C. T. Eldridge, Estancia, fined \$200 for prohibition law violation and committed to San Miguel county jail until the fine is paid.

W. S. Dunn, Gallup, 8 months in San Miguel county jail for possession and sale of liquor and maintaining a nuisance.

He received 8 months on each of the three counts with the sentences to run concurrently.

Clay Foster, Clovis, second offender, six months in San Miguel county jail and fine of \$100 for possession and transportation of liquor.

Benito Fierro and Lucas Trujillo, Roswell, for larceny of a post office and forging government warrants.

Fierro, a second forgery offender, was given four years in Leavenworth on each of the counts with sentences to run concurrently, and Trujillo was given two years in Leavenworth on each count with sentences to run concurrently.

Judge Neblett Tuesday gave instructions that cases in court with order to "show cause" shall be reported in Santa Fe next week.

**THE STATE DEMOCRATIC CONVENTION WILL BE HELD IN SANTA FE N. M.**

ALBUQUERQUE.—Arthur Seligman, of Santa Fe, late Monday afternoon was elected chairman of the state democratic committee by unanimous vote of a meeting of that body here. John Bingham, of Las Cruces, was chosen secretary and former Governor James F. Hinkle, of Roswell, was named treasurer.

The prospects of a fight over the chairmanship dwindled at Monday afternoon's session when it became apparent that Seligman followers had a sufficient number of votes to insure his selection and the central committee members, in a burst of harmony, decided upon the three elective officers with single nominations and without dissenting votes.

An advisory and executive committee of nine members, one from each judicial district, was decided upon, to be chosen by the chairman. This number was decided upon after seven at first had been suggested and then 31, one from each county.

Santa Fe was selected as the convention city this fall, at which a state ticket will be nominated. The choice was unanimous.

Mr. Seligman was not present at the meeting of the committee but his friends had let it be known that he would accept the chairmanship.

Mr. Bingham at once accepted the secretaryship from the floor of the convention and announced his willingness and pleasure to work with Mr. Seligman as chairman.

Mr. Hinkle was not present at the meeting, but it was said he would accept the post of treasurer of the committee.

Hill—Third. Norris—Fourth. Time—58 Sec.

880 Yard relay: Sophomores—First, Gray, Norris, Hill, Withers.

Freshmen—Second, Shockley, Vandever, Watts, House.

Juniors—Third, Pollard, Clarke, Wheatley, Walker. Time 1 Min. 54 Sec.

**NO MEDICINE EVER HELPED ME AS DID KONJOLA**

**Tulsa Lady Is Enthusiastic About New Medicine — "Best In The World," She Says.**

"No medicine ever helped me as did Konjola, said Mrs. G. I. Crabaugh, 739 Quaker Street, Tulsa. "For more than nine years I had trouble with my stomach. Gas accumulated after meals and I bloated terribly. The pains and pressure often made me short of breath and dizzy. Constipation was another of my worries and I became an almost daily user of cathartics. I had terrible headaches and found it difficult to sleep. My nerves became badly affected and my general condition badly run down.

MRS. G. I. CRABAUGH

"I am delighted with the results I obtained from Konjola. Before I had finished the second bottle my constipation had been relieved and my stomach greatly improved. As I kept on with this great medicine my general health improved until I have for a long time. I have an excellent appetite and eat heartily without distress. Even neuritis which attacked me occasionally has been totally driven from my system. I cannot say too much in praise of this great medicine.

Though Konjola works quickly, six to eight bottles are recommended as a fair trial. Although many people are benefited within a few weeks, the longer period is best.

Konjola is sold in Artesia at Palace Drug Store, and by all the best druggists in all towns throughout this entire section.

For County Surveyor:—

JOHN LEWIS JR.,  
Carlsbad

### NOTICE

#### STATE ENGINEERS OFFICE

Number of Application 0607  
Santa Fe, N. M. March 26th, 1930.

Notice is hereby given that on the 3rd day of March, 1930, in accordance with Section 151-156, New Mexico Annotated Statutes, 1929, J. M. Hayhurst, of Hope, County of Eddy, State of New Mexico, made formal application to the State Engineer of New Mexico for a permit to change the place of use of waters diverted from the Rio Penasco, a tributary of the Pecos River, for irrigation purposes.

Such change to be made from the following described lands:

4.06 acres in Lot 3, and 9.94 acres in Lot 2, Section 19, T. 16-S., R. 17-E., N. M. P. M., Chaves County, New Mexico, to the following described lands: 12 acres in the S½NE¼SW¼ and 2 acres in the NW¼SE¼ SW¼ of Section 19, T. 16-S., R. 17-E., N. M. P. M., Chaves County, New Mexico.

Any person, firm, association or corporation deeming that the granting of the above application would be truly detrimental to their rights in the water of said stream system shall file a complete statement of their objections substantiated by affidavits with the State Engineer and serve a copy on applicant on or before the 26th day of May, 1930, the date set for the State Engineer to take this application up for final consideration unless protested. In case of protested applications all parties will be given a reasonable length of time in which to submit their evidence in detail or arrange a date convenient for a hearing or appoint a referee satisfactory to all to take testimony. Appearance is not necessary unless advised officially by letter from the State Engineer.

HERBERT W. YEO,  
State Engineer.

16-4t

"How you getting along at school Johnny?"

"Oh, pretty well, all 'cept 'rithmetic. I jist can't understand that modification table. It has destruction and abolition and a lot of times somethin' gozinto sometin' else."

## CHEVROLET OPENS AN ASSEMBLY PLANT AT TARRYTOWN, NEW YORK

DETROIT—The Chevrolet Motor Company announces an expansion of its production capacity through the opening last week of the rebuilt and enlarged assembly and export at Tarrytown, N. Y.

The new Tarrytown plant has a capacity of 900 cars daily and is one of the nine assembly plants and one of two export plants maintained by Chevrolet in the United States.

Completion of this plant places Chevrolet in a more advantageous position to meet rapidly expanding sales requirements for its product along the Atlantic seaboard. In addition, the move was made to thoroughly modernize the plant and bring it up to the high standard of equipment and efficiency that characterizes Chevrolet plants in other sections of the country.

The new plant is a one story, brick steel structure, 1,200 by 400 feet, with monitor type roof, providing for the maximum light and ventilation. Adjoining it is a new two story office building, 200 by 60 feet, of concrete and brick construction.

The plant has two domestic assembly lines and an export boxing line. The export division of the Tarrytown plant serves many countries at present inaccessible to overseas Chevrolet plants. In several instances Chevrolet finds it more expedient to ship direct from Tarrytown to a foreign country than from a Chevrolet plant overseas. In the case of the Tarrytown plant this applies only to countries that receive cars fully assembled. The other Chevrolet plant at Bloomfield, N. J., ships only knocked down parts for assembly at General Motors plants overseas.

The finished Chevrolet cars, assembled and boxed at Tarrytown are put on barges and floated down to New York, where they are put aboard ships for various parts of the world.

### THE DUTCHMAN'S DOG

"You vas only a dog, but I wish I vas you. Ven you go mit your bet in you shust turn round dree times and lay down; ven I go mit de bed in, I have to lock up de blace, and vind up de clock and put de cat out, and ondress myself, and my frou vakes up and scolds, den de baby vakes up and cries and I haf to walk him mit de house round, den maybe ven I get myself to bed, it is time to get up again. Ven you get up, you shust stretch yourself, dig your neck a liddle and you vas up. I haf to light de fire, put on de kettle, scrap some mit my wife already, and get myself breakfast. You blay round all day and haf blendy of fun. I haf to vork all day, and haf blendy of drubbles. Ven you die, you vas dead; ven I die I haf to go to hell yet."—Selected.

"There no livin' with my 'usband now, ma'am; fame's ruined 'im. 'e won't work since 'e got cured by them pills, and 'ad 'is photograph in the papers."—Humorist.

## FAMOUS COLUMN

B. E. Spencer wants to buy the 50 ewes mentioned in last week's Advocate that gave birth to 650 lambs. Our explanation of this unusual happening is that 25 ewes gave birth to 12 lambs and 25 to 13 lambs. The alibi is easy and shows there's nothing sub-normal about us, the linotype zeros were not dropping and in this case one zero failed to fall.

Jim Berry offers a \$10.00 reward for anybody living on a street that's rougher than the street in front of his house. We suggested to Jim that he save this \$10.00 and invest it in corn salve.

Dave Runyan says that he intends to participate in the city election and bases his right to do so on the fact that he has a residence here and has his washing done here.

Believing that we should promote friendliness and a spirit of cooperation between the city and rural districts, we permitted W. E. Ragsdale to participate in our ward caucus.

The Evans steam roller in evidence at the recent city convention was a marvel even to the old timers. Much credit is due to Evan's anti-noise platform, which seeks the elimination of all open mufflers and tom cats in the city limits.

We observe that M. E. Baish received one vote for city clerk and wondered if he voted for himself. If Shugart had not been so busy trying to promote the candidacy of one of his Roswell friends for district judge, Baish might have gotten more support.

Judge: "Your wife accuses you of terrorizing her?"

Prisoner—"Well, your Honor—"

Judge—"Stop! What I want to know, as man to man, is how you do it?"

## IRION COUNTY HAS DEEPEST CABLE WELL

SAN ANGELO, Texas—No. 1 Ash brothers Irion county wildcat in the center of section 20 of Washington county school lands became the deepest test in the world for wells drilled with cable tools when it reached 8,640 feet Friday. P. H. Williams of San Angelo is financing the entire project and has promised to go to 10,000 if pay is not reached before that.

Prices f. o. b. factory, Flint, Michigan

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's prices include only reasonable charges for delivery and financing. Easy G. M. A. C. Terms.

There is one sure way to get greater value in a low-priced car today—choose a Six!

This greater value is instantly obvious when you drive a Chevrolet Six. You notice first of all its greater smoothness. There is no tremor in the steering wheel—no rattle in the floor boards—no drumming in the body.

In addition to the finer performance of its six-cylinder motor, the new Chevrolet gives you truly remarkable economy.

Its six-cylinder smoothness saves the entire car from the strain and wear of vibration. This, of course, lowers the cost of maintenance and assures a longer-lasting automobile.

From the standpoint of operating expense, Chevrolet is equally economical. No automobile uses less gasoline and oil. No car shows a lower expense for tires. And no car costs less for service.

Because of its modern engineering, Chevrolet also assures a

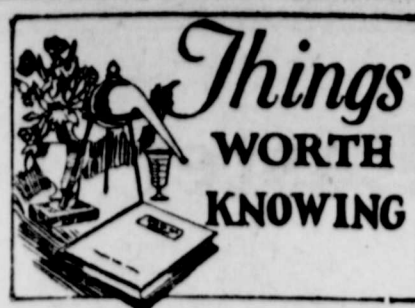

high re-sale value—for its entire design is just as advanced as its six-cylinder engine.

Chevrolet gives you fully-enclosed, weather-proof, 4-wheel brakes. It gives you a modern fuel system—with the gasoline tank mounted in the rear outside the body. It gives you four long semi-elliptic springs, mounted lengthwise in the direction of car travel. It gives you beautiful Fisher bodies built of combination hardwood-and-steel. It gives you a full ball bearing steering mechanism, an adjustable driver's seat, a Fisher VV non-glare windshield, and tilting beam headlights, operated by a foot-controlled button.

Before you decide on any car in the low-price field, see and drive the Chevrolet Six. The more thoroughly you investigate, the more certain you are to conclude that it's wise to choose a Six—for value, for performance and for economical transportation!

## Jackson-Bolton Chevrolet Co.

### 192 MILES OF HIGHWAY UNDER CONSTRUCTION IN SOUTHEASTERN N. M.

SANTA FE—In highway district 2, embracing Chaves, Curry, DeBaca, Eddy, Lincoln, Otero, Lea, Roosevelt and part of Socorro counties, there are 162 miles of road under construction. Of the 2355 miles of road in this district upon the state highway system, only 481 miles remain unimproved, according to report of B. F. Kelly district engineer.

On the project between Carrizozo and San Antonio on the east slope of the Oscura Mountains, all drainage structures and grading have been finished, and over half of the surfacing is in place on this 9 mile section of U. S. route 566.

On a 14 mile project on state road 2 up to the oiled section south of Artesia, the grading and drainage work is nearing completion, preparatory to surfacing.

Between Elida and Portales, for 15 miles on U. S. 366, construction was started on March 6th, and work is progressing satisfactorily.

The drainage structures have been finished, and 2 miles of grading done, on the 8 mile project on the St. Vrain-Melrose road.

Along Railroad Mountain, on the Roswell-Clovis road, the grading and drainage work is completed, and the surfacing will start immediately.

The above are federal aid projects. There are also 9 state aid projects under construction in this district. Asphalt is being placed upon 8 miles of state road 2, north of Carlsbad to the Lakewood section and the south half of this project is completed. Grading and drainage work is nearly complete on 6 miles of the Roswell-Tatum road and surfacing will begin at an early date.

From Hobbs east 6 miles to the Texas line, plating has been placed on a section of heavy sand and regrading of the rest of this project has started. The heavy sand grading on 32 miles of the road north from Tatum to the Roosevelt county line, is well along toward completion. Only the final dressing up remains to be done on state road 34 from Cloudercroft to Mayhill, down James Canyon for 19 miles, as grading and drainage is finished.

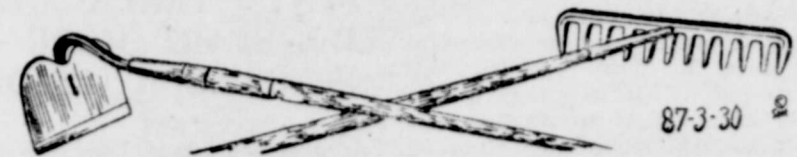

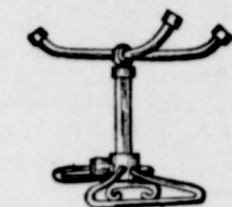

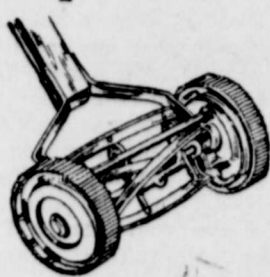

Work on U. S. 366 north from Roswell for 19.6 miles got off to a flying start during March. Five miles of new surfacing have been placed and an additional 3 miles of oil-surfacing completed, near Bent's store on this highway, cement rubble aprons and walls in the channels are being built to prevent further erosion.

On U. S. 566 northwest of Carrizozo, 2 miles of a 4.6 mile job have been graded. The district engineer also reports that most of the roads in this district are in good condition, but the snow over the central part at the end of March caused some delay to traffic and damage to roads.

## CARLSBAD CARRIES OFF MAJOR SHARE HONORS IN TYPING CONTEST

Carlsbad carried off the honors in the amateur class of the district typing contest held here Friday, winning the first two places. Miss Aline Dickson of Carlsbad, with a speed of 72 words per minute was awarded a gold medal for first place. The record of Miss Dickson was something unusual for a district typing contest and bettered the record at the state meet last year. Miss Hazel McCord of Carlsbad was second with a speed of 63 words per minute and Miss Alma Pearson, of Artesia third with a speed of 60 words per minute.

In the novice class, Miss Wyoma Phillips of Artesia, with a speed of 52 words per minute was awarded a gold medal for first place in this event, while Miss Lottie Jernigan of Hope was awarded a silver medal for second place with a speed of 50 words per minute and Ruford Madera of Carlsbad, the only boy to win a place took third in the novice class with a speed of 49 words per minute.

A beautiful silver cup, donated by the Artesia business men was awarded Carlsbad on the greatest number of points made. Five of the nine valleys schools competed, including: Dexter, Roswell, Carlsbad, Hope and Artesia.

Friday noon a two course luncheon was served the contestants and a few visitors by the second year home economics class under the supervision of Miss Ruth Morgan. The table decorations fitted the occasion. Place cards bearing the picture of a typewriter were used in carrying out the color and decoration scheme. Members of the second year home economics class who assisted in serving were Miss Katherine Filbert, Ruth Wilde, Thelma Mitchell, Lola Jackson, Mary Corbin, Ruth Graham, Mattie Mann and Buelah Terry.

### OIL STORY

(Continued from first page.)

ing about eighteen million feet of gas and spraying 200 barrels of oil daily.

Activity of the Hobbs sector has also reflected in the increased acreage sales and the major companies have renewed buying in some of the favored localities. Reports say buying is being done principally by the Shell and California Co., in twp. 12, range 33. The large companies are also playing the northwest trend and have bought around the old Ingfield and Vacuum wells about midway between Hobbs in eastern Lea and the Maljamar field in western Lea.

Eastern Eddy county is also looking up, with a second well shot during the past week. A 160 quart shot of nitro placed in the Arnold No. 1 of Henderson-Dexter in the SE sec. 23-17-30, last Saturday has perceptively increased the flow of both the oil and gas. The shot was run from 3,150 to 3,185 feet and the well made a flow following the shot bridging about 300 feet off bottom. Cleaning out operations have been completed and a bailing test is being made.

A five cent raise in the crude from the Artesia and Maljamar fields, effective the 11th, is expected to make conditions a little more interesting for the operators.

Rev. Ralph Waldo Emerson, pastor of the First Christian church of Artesia was in Hagerman Saturday.

Wedding Announcements and Invitations, Engraved or Printed—Advocate

## ARTESIA STUDENTS WIN HONORS AT THE MUSIC MEETING--AMARILLO

Incomplete returns received from the students who are attending the Panhandle Music Festival now in session at Amarillo, Texas, indicate that the Artesia folks have thus far made a splendid showing. The festival which started yesterday will end tomorrow. A wire received here this morning states that four students have taken five places, two first places, two second places and one third place. Miss Dawn Hornbaker won first in piano, Miss Edith Sinclair, first in piano; Miss Mona Sinclair, second in violin; Miss Martha Sinclair, second in violin and third in piano.

The Artesia students attending are: Misses Mary Ann Miller, violin; Lillie May Miller, violin; Dawn Hornbaker, piano; Thelma McCaw, clarinet; Grace Sinclair, piano; Edith Sinclair, piano; Mona Sinclair, violin; Martha Sinclair, violin and piano and Wayne Hornbaker, trombone and John William Collins, cornet.

### "LET US SPRAY"

Not long ago I was asked by an amateur poultry raiser, whom I know slightly, if I would look over his flock and see what made them so droopy, dispirited and unproductive. They were "all out pep" was the way he put it. It took only a moment's examination to disclose the reason for this undesirable state of affairs. His hens were just about eaten up by chicken lice.

I asked to see the hen house and what I saw was what is all too often seen. An old roughly built shed had been hastily converted into a hen house. To say there were ten thousand and hiding places for vermin would be a most conservative estimate. No attempt at sanitation or disinfection had ever been made. Ancient table scraps in various stages of decomposition proved attractive tidbits for myriads of flies. Mouldy straw lay about on the dirt floor, and dropping boards being something this chap had never heard about, the droppings served to still further befoul the already disgusting litter. In short, if I had wanted a particularly horrible example of almost anything one should not do in poultry raising, I could have found it here. I really marveled that the poor birds had been so lucky as to suffer nothing worse than their painful burdens of lice.

Turning to my acquaintance, I said: "Charley, there are a lot of things that ought to be done here, but I have a little story that will help you to remember one of the most important." Then I told him that story about the mother skunk and several of her little ones who were being pursued by a hunter. The hunter gained ground quite rapidly, which alarmed the youngsters not a little. "Just be patient, children," admonished the mother, "I'll tell you what to do when the time comes." The hunter continued to gain, and finally the mother called a sudden halt. As the hunter, seeing success at hand, plunged boldly forward, the mother skunk remarked calmly and confidently, "Now children, let us spray!"

Of course the first thing to do was to make a thorough clean up of the whole place. Then, a strong solution of dip and disinfectant was sprayed into every crack and crevice. Lime was dusted liberally over the dirt floor in order to neutralize its sour odor and make the place still more uncomfortable for lice, mites,

## CHEVROLET MILEAGE CLAIM SUBSTANTIATED IN TEST HERE TUESDAY

Five and a half miles on a quart of gasoline. This was a mileage test made Tuesday by H. F. Wisenteiner, Chevrolet representative of the El Paso district and verified by an Advocate representative. The purpose of the test was to verify the claim of the Chevrolet dealers that the sixes would make better than twenty miles to a gallon of gasoline. Mr. Wisenteiner, driving a stock model Chevrolet coupe, devised a simple way of getting an accurate test. He constructed an improvised tester made by cutting a hole in the bottom of a common half gallon fruit jar, attaching the jar to the front of the car and running a rubber tube from the jar to the car engine. A measured quart of gasoline was poured into the container and the start of the test was made at the Jackson-Bolton Chevrolet Co. The car of Mr. Wisenteiner had not been adjusted for 1,000 miles. In the afternoon a 1929 Chevrolet six sedan was given the same test. The car, which had not been adjusted since winter gave a test of 5.2 miles to a quart.

## COUNTY TRACK MEET WILL START HERE AT 2:00 O'CLOCK FRIDAY

Arrangements have been completed for holding the county track and field meet here Friday, April 18th, beginning at 2:00 p. m. Hope, Artesia and Carlsbad will be the three competing teams. Coaches of these schools will meet at the high school building at 1:00 p. m., to draw for heats and lines. Points will be awarded for the first four places in each event as follows: First place 5 points, second place 3 points, third place 2 points and fourth place 1 point. A silver trophy will be presented the team winning the largest number of points.

The order of events will be as follows:

Track Events:  
2:00 p. m.—100 yard dash.  
2:15 p. m.—Mile run.  
2:30 p. m.—220 yard dash.  
2:45 p. m.—120 yard high hurdles.

bedbugs and other insect pests. Then the hens were dusted well with lice powder to kill the parasites on their bodies, and the dusting was repeated in seven days. No, whenever I meet my friend, Charley, he invariably greets me with a gesture which indicates the manipulation of a spray pump and with an air of mock piety exclaims, "Doctor, let us spray!" He also has a tale to tell of a reborn flock that is taking a new interest in life and actually seems to be trying to make up for the time they lost before Charley learned his lesson.

While this case was an extreme one, the same story is being enacted many times over and not always with a happy ending. With proper construction of houses and equipment, proper sanitary arrangements and an occasional clean up and disinfecting campaign, the problem of vermin is seldom encountered.

Where those three points are not observed, however, vermin take possession and profits suffer with the poultry. Lice, fleas, ticks, mites, bedbugs and many other pests in infinite variety either suck the life blood right out of their unwilling hosts or cause almost unbearable irritation. In either case, the fowl is seriously weakened, and the various bodily functions, including that of egg laying, are seriously hampered. Furthermore, while parasites are seldom directly responsible for death, except in cases of extreme neglect, they do often sap the vitality to such an extent that fowls become easy prey to disease.

These pests are preventable. It is no disgrace to have them show up on your premises, but it is a disgrace to let them remain. Not only that, aside from humane consideration which are too plain to need emphasis, it is mighty poor business to take a cut in the profits of any business when the cause of such a cut can so easily be removed.

Mrs. Tellit—Cousin Dorothy, you know always wanted to have a little baby daughter so she could name her, June.

Mrs. Askit—Yes. Did she do it?  
Mrs. Tellit—No. The man she married was named Bugg, and it wouldn't do, you see.

## Easter Toggery

No pains have been spared in the proper selection of our "Togs for Easter Wear"—from head to foot, for the women and the men folks, up to the minute style and our usual double standard in quality.

Big lot of Ladies' Misses' and Children's Hosiery received today... they are beautiful styles and colors just out for Easter wear.

Our large stock of Dresses and Ensembles is now a city much larger than Artesia. We will have new arrivals all this week—come every day, look them over.

### Society Maid Hose

A new departure in the hosiery line, that is taking the country by storm—no old double mock seam hose back—cannot run even in the sheerest all-silk hose. Shown in plain and fancy new Easter colors—exclusive sold by this store, price—

\$1.95 and \$2.50

### Peacock Shoes for Women

We thought we could discontinue the higher priced lines in Ladies' Shoes but urgent demand of our customers has been satisfied and Peacock Shoes in the newest styles for Easter wear are shown at \$10.00 and down—lines priced at \$3.00 and upward.

### FOR THE MEN

New Suits in large range... Straw Hats, the largest line ever shown in Artesia... Shoes... Sox... Ties and everything new for the particular man, who cares for his appearance.

ive wards withdraw from the convention and hold a caucus to determine what names would be placed before the convention as candidates for aldermen. In ward No. 1 the names of S. E. Ferree, Jim Bates, Dr. J. J. Clarke and Dr. H. A. Stroup were presented. The convention as a whole voted on the candidates. The final count in the first ward showed that S. E. Ferree and Dr. J. J. Clarke had tied, each receiving 33 votes. It was moved and seconded that both names Ferree and Clarke be printed on the ballot. Citizens of ward No. 2 presented the names of C. O. Brown and Jess Truett. Mr. Brown received the nomination by a vote of 66 to 27. M. W. Evans was named as a candidate from ward No. 3 without opposition. Arba Green was also named as a candidate for alderman from ward No. 4 without opposition. Two names were presented for city clerk, being Mrs. Stanley Blocker and Paul A. Otts. Mr. Otts received the nomination by a vote of 47 to 32. Landis Feather, the present city treasurer, was nominated for that office without opposition.

Two tickets have been filed with

## RAIN AND SUNSHINE

Authentic reports tell us that there are two million people in the United States above five who are dependent.

Every day is not a day of sunshine in the life of most people. A rainy day may come and your Life Insurance may help.
