around muleshoe

 A special meeting of the board of trustees of the Muleshoe Independent School District is scheduled at 7 p.m. on Monday, April 6.

Following the call to order and invocation, along with recognition of school officials and visitors, board members will consider approval of election results after canvassing the election returns.

Bailey County Judge Gordon H. Green will administer the oath of office to newly elected trustees.

 At a meeting Monday night, the Muleshoe Athletic Boosters set the date of May 12 as the night to hold the All-Sports Banquet.

It will be at the Muleshoe High School cafeteria. Advance tickets will be going on sale shortly at Bobo Insurance, or from a member of the Athletic Boosters.

Tickets will be \$6 in advance or \$7 at the door the night of the banquet.

 Following several meetings, the junior and senior prom will be on May 9 at the Bailey County Civic Center from 10 p.m.-1 a.m.

HiFi Video Jam Box will do the entertainment.

Tickets will be on sale at Bobo Insurance, Honeycomb, Fair Store and Lookin' Good and will be \$10 per ticket.

 Mothers of Girl Scouts will sponsor skating as a fund raiser for the Muleshoe Girl Scout Little Hut Repair Fund, on Friday, April 3 at 7 p.m. at the Civic Center.

All ages are invited to the skating at an admission of \$1 per person, including adults.

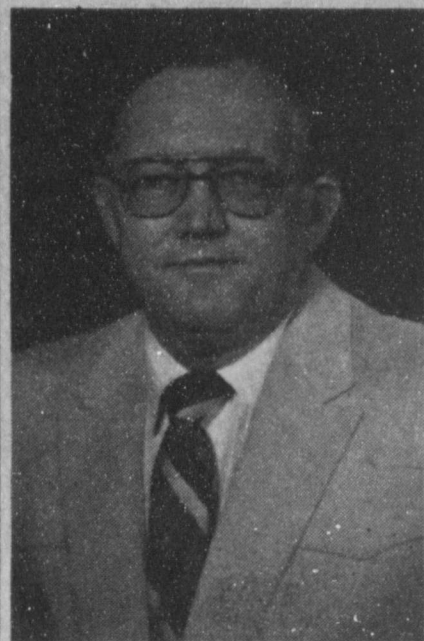

The mothers said, bring your own roller skates. There'll be refreshments, including cookies, brownies, sandwiches, drinks.

 Saturday, April 4, from 7 a.m.-2 p.m. the Bailey County Child Welfare Board will be conducting the annual KMUL Radio Auction to benefit the Child Welfare.

A spokesperson said all money stays in the county for local children and foster parents.

Items to be auctioned are donated by local business, and baked goods and other items will be contributed by area supporters.

City, School Election; MAC Drawing And Walkathon Set

Saturday will be an extremely busy day in Muleshoe, and you are cordially invited to participate in all the fun. Starting off the day will be the school board and city elections.

Polls will open at 7 a.m. at both the city hall and the Muleshoe High School cafeteria, and will remain open until 7 p.m.

Six candidates are vying for the three positions open on the board of trustees for the Muleshoe Independent School District. Two are incumbents, Ben Roming and Howard Watson. Incumbent Dewey Moore, did not seek re-election. Other candidates include Cindy Purdy, Sam Harlan, Terry Field and Sandy Noble.

Seeking re-election, unopposed, as members of the Muleshoe City Council are Paul Wilbanks and Ronnie Shafer.

At 3:30 p.m. on Tuesday, the final day of absentee voting, 86 had cast votes in the school board election and seven had cast absentee ballots in the city

council election.

Also at 7 a.m. the annual Radio Auction to benefit the Bailey County Child Welfare Board and foster parents will also get underway. Business people locally have donated merchandise to be auctioned, along with local supporters, who have promised baked items and arts and crafts.

Then, the Jennyslippers Walkathon is planned in the new city park. Funds from this event will be used for the Fourth of July fireworks and other community projects.

For pledges of \$25, you will receive a digital watch, electronic calculator or Inhumanoid; \$50, E-Z Rider Hi-Top roller skates (child or adult size); \$75, AM/FM Radio with headphones; \$100, \$25 gift certificate from Ben Franklin; \$125, Graphite skateboard or baseball bat and leather fielder's glove; \$150, Kodak disc camera; \$200, 12" black and white television; \$250, 20" BMX bicycle or 26" 10-speed bicycle; and \$275, jam box speaker, stereo.

Local Businesses Urged To Attend April 7 Meeting

Each participant in the Walkathon will receive an "I Love Muleshoe" badge.

Walkathon sponsors are reminded they may make a 'pledge by the mile' -- for instance, \$1 per mile, which would be \$10 if the walker completes the 10 miles -- or may make a flat donation, which may be paid at the time, or paid by the time the pledge sheets are to be turned in to the Muleshoe Public Library by Wednesday, April 8. Prizes will be awarded at 10 a.m. on Saturday, April 25, in the parking lot of the Bailey County courthouse.

Eddie Morris, MAC chairman said the MAC committee will unveil plans for promotions for the coming months, and would like to see each and every business in Muleshoe and the immediate area participating.

Businesses who are not presently MAC members can join the MAC group for a minimum of \$10 per month.

"Many projects are in the works for MAC during upcoming months," said Morris.

Each month, the \$175 in prize

Ben Roming

Ben Roming has been a member of the Board of Trustees for the Muleshoe Independent School District for nine years, and during that time has served as both board secretary and president.

A farmer, he has been a resident of Bailey County since January, 1955, moving here from Crosbyton.

His three daughters all attended the Muleshoe Schools. He and his wife, Judy, are the parents of Danita Jo Williams, Benette Ann Jones and Keava Gayle Coffman.

Roming serves on the Political Aid Network, Austin, as a representative of the Muleshoe Schools. The group studies

school finances, and helps work out 'trouble' spots for schools across the state.

Show Discussed

A lot of business was conducted at the Tuesday noon meeting of the Muleshoe Rotary Club, even though the expected guest speaker failed to come in.

President Bill Liles spoke on the Rotary-sponsored blood drive for the United Blood Services, scheduled for Thursday, April 9. He said the blood drive will be held in the community room of the Muleshoe State Bank, and asked for 20 Rotarians to conduct a telephone sign-up of prospective donors.

During the 11 a.m.-7p.m. drive, two Rotarians will also be needed to help at the donation site.

He also talked about the Magic Show to be sponsored by the Rotary in June, and asked for space for approximately six advance people to work out of soliciting ticket sales. The Rotarians decided to try to find a suitable building for temporary offices.

Dr. Tom Bonds reminded all members of the Muleshoe Chamber of Commerce and Agriculture of the upcoming free membership breakfast scheduled for Wednesday, April 4 at 6:30 a.m. at the Hungry Mule Restaurant, and encouraged attendance at the breakfast.

Rotarian Gil Lamb announced he had not been bothered by severe headaches for several years now --you'll have to ask him the rest of story.

Believe it has something to do with the 'Prayer Line,' 'TV Evangelists' or something like that.

Guests at the meeting included Matt Phelps, R.L. Scott, Don Seales, Otis McMillan, Joey Kindle, Cindy Purdy, Rudolph Moraw, Bill Bishop and Clea Williams.

Whatever Happened--To The Little Green Snake?

Is this a terrible day for you? Is everything bad, and you're rather grumpy? Well, come along, and help us look for "The Little Green Snake." This story was provided to *The Journal* by Billy Jim St. Clair, via his brother, Lowell Irvin St. Clair.

It seems this customer was explaining why he was in the hospital. He said his wife had brought a bunch of pot plants into the house to keep them from freezing, and it happened that a little green snake had hidden himself in one of those plants, and it got carried inside.

When the snake warmed up, it came slithering out of the pot plant and went under the sofa. The fellow's wife saw it and let out a great scream.

He happened to be taking a bath at the time, but he leaped out of the tub and ran naked to see what his wife was screaming about.

His wife told him a snake was under the sofa. So, he got down on the floor to look for it, and here came his dog and cold-nosed him.

He thought it was the snake and fainted.

His wife thought he'd had a heart attack and called an ambulance. The attendants rushed in and loaded him on the stretcher and started carrying him out.

About that time the snake came slithering from under the sofa, and the ambulance men saw it and dropped the stretcher and broke the fellow's leg, and that's why he was in the hospital.

Well, with her husband in the hospital with a broken leg, and a snake under the couch, the wife went next door to enlist the

aid of a neighbor who had the reputation of an outdoorsman, having camped out with the Cub Scouts last summer.

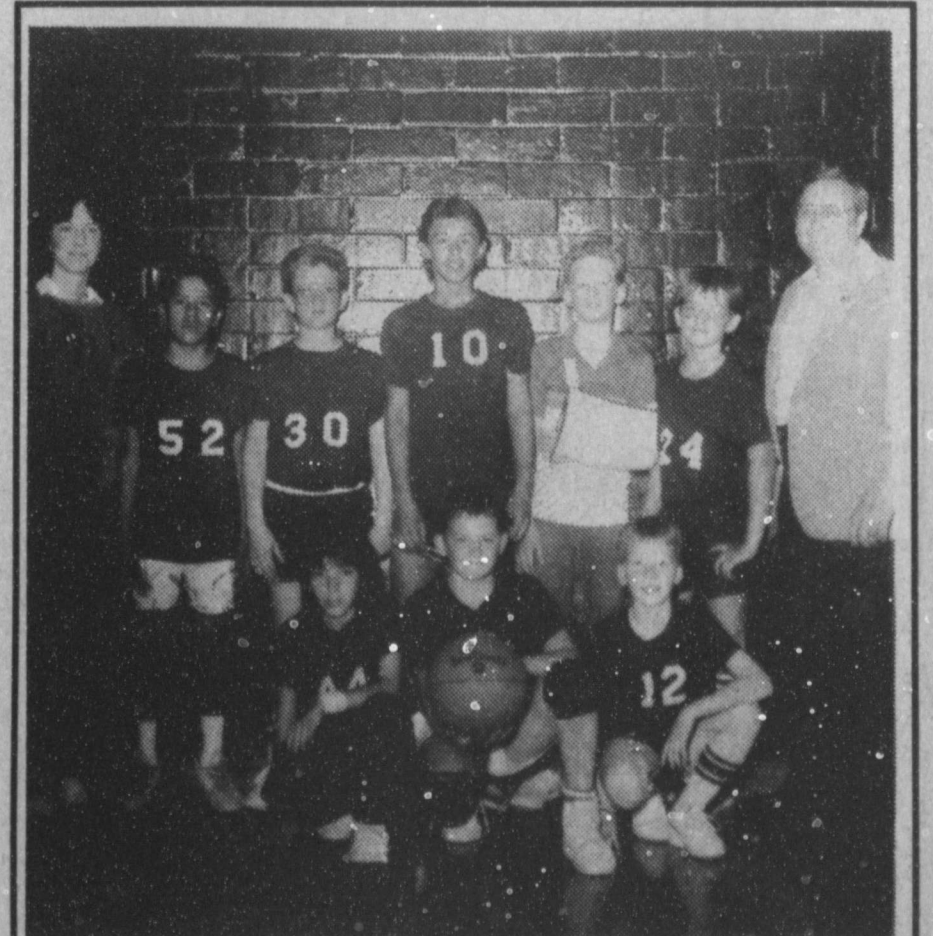

His wife was at the grocery store, and he volunteered to corral the snake.

Drop In Temperature Destroys Fruit

Following several days of very warm weather, late last week, and through the weekend, devastating low temperatures, combined with snow and sleet,

a little rain, and high winds, devastated fruit crops in and around Muleshoe.

Church Of Christ Plans Seminar

Members of the Church of Christ in Lazbuddie, said they would like to invite all interested persons to a Marriage Excellence Seminar on April 3-5 at the church.

Truman Scott, a pulpit minister, author, teacher, counselor and director of Sunset School of Biblical Leadership in Lubbock will be the featured speaker.

On Friday, the subject will be Marital Maturity with Mature Attitudes in Marriage presented from 7-8:30 p.m.

On Saturday, Marital Skills will include Communication Principles from 9-11 a.m. and Balanced Finances from 11-12 noon.

Following a lunch at the church, from 1-2 p.m. will be A Fulfilling Sexual Life and from 2-3:30 p.m. will be Healthy Parenting.

The seminar will conclude on Sunday with Building A Mature Marriage. The class will be on Marital Insights and the sermon will focus on Marital Foundations.

All day on Saturday, and on Sunday, the weather was damp, with intermittent snow flurries, and winds, with gusts above 35 miles per hour, are estimated to have wiped out the apricot and peach crops for this year.

Also coming in for unknown damage at this time are the grape crops throughout the entire area.

The wind died down Sunday night, but shocked residents arose Monday morning to find a low temperature of only 7 degrees. This quickly rose to above the freezing mark, but the damage was already done to young, tender vegetation, and blooming fruit trees.

Some farmers were beginning to report unestimated damage to young wheat by mid-week.

By Tuesday, more spring-like weather had returned, with Wednesday's daytime high expected to be in the middle to high 70's.

newspaper, he took a few swishes under the couch and declared that the snake had vacated the premises.

"Thank goodness," declared the woman, plopping down on the couch. As her hand dropped between the cushions, it brushed a small scaly skin, which she immediately realized was her snake.

Screaming, she fainted dead away on the couch as the snake slithered quickly back to the floor and underneath the couch.

Realizing that something needed to be done, the outdoorsman drew upon his meager first aid knowledge and remembered a demonstration of mouth-to-mouth resuscitation he'd seen.

So, he pushed the woman's head back into proper position, and just as he started the first breath, in ren his wife, carrying a sackful of canned goods she had in her arms when she heard the scream.

Seeing her husband mouth-to-mouth with the neighbor woman on the couch, she immediately slammed the heavy sack of cans across the top of his head.

The crash, and scattering cans, brought the fainted woman up with a start.

She saw the neighbor lying on the floor, and his wife bending over him, she was sure he was snake-bitten, and ran to the kitchen for a bottle of medicinal whiskey which she started trying to pour down the poor fellow's throat.

His wife, beginning to regret hitting him with the sack, was subdued, but did manage to wrestle the whiskey bottle away

from the other woman, sloshing some on both of them in the process.

About that time, two policemen, summoned by a neighbor who heard the scream and crash, walked in. After a sniff of the whiskey aroma from the man and women, the officers listened politely as the two women, talking at the same time, explaining about how a snake caused it all.

The policemen left with the ambulance that took the still unconscious husband and his sobbing wife away to the hospital, leaving the first woman with a very scared little green snake hidden far back under the couch.

(And that, folks, is how it goes -- down in the Oil Patch. Have YOU seen the little green snake?)

Creative Living

by Sheryl Borden

Information on salad making, cajun cooking and a project to help insure children's safety will be presented on Creative Living on Tuesday, April 7 at 12 noon and repeated on Saturday, April 11 at 2:00 p.m. (All times are Mountain).

Marlene Brown is a food stylist, a writer and a consultant and has her own business in Los Angeles, CA called "Marlene's Cuisine". She will demonstrate three easy salads, made with ingredients on hand from the pantry and refrigerator, and without using a specific recipe.

Cajun cuisine is the newest taste trend to take the country by storm. Beth Kathan is the Public Relations Manager for the Oster Co. in Milwaukee, WI, and she will prepare some homestyle cajun cuisine.

The Texize Co. has launched a campaign called "Project Kidsmart" in an effort to make children's safety a part of elementary school curriculums across the country. Nell Stewart is the Director of Consumer Affairs for Texize and is a dedicated consumer advocate. She will discuss the different components of Project Kidsmart and tell how schools can become involved in this very worthwhile project. Ms. Stewart is from New York.

On Tuesday, April 7 at 9:30 pm Barbara Gonsor, home economist with Pepperidge Farm will explain how salads are more than just cut-up greens served as a side dish. She will prepare some creative salads for any occasion. Ms. Gonsor is

form Norwalk, CT.

When you'd like a special, unusual gift to give, why not make something from your kitchen? Connie Moyers, Marketing Home Economist with Southwestern Public Service Co. in Clovis will share several ideas for foods for giving, and show some clever containers to package these food gifts in.

Fajitas may be indigenous to south Texas, but they're gaining popularity all across the country. Elizabeth Wunderlick, spokesperson for Southwest Meat Packers Assn. in Dallas, TX will show how to make fajitas and explain some of the interesting history behind this food item.

Three additional topics will be presented on Creative Living on Thursday, April 9 at 12 noon. Did you know that Americans spend more than \$8 billion a year on eye care and eyewear? Dr. Johnnie Barnes, an optometrist in Portales, will discuss new developments in vision care.

If you're looking for a quick, easy, very inexpensive gift to make, either for yourself or for someone else, you'll enjoy seeing the demonstration by Shirley Brabson, co-owner of The Quilt Works in Albuquerque as she demonstrates making a lace panel wall hanging.

Another guest will be Della Potlberg-Steineckert, a clothing instructor at Brigham Young University in Provo, UT. Della has developed a new approach to pattern alteration and has

written a book on the subject, which is being used in many clothing classes across the country. She will demonstrate effective skirt fitting using the method she developed which is called the "Repositioned Seam Allowance Method".

Creative Living is produced and hosted by Sheryl Borden. The show airs on more than 95 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines. In New Mexico, the number is 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales and Roosevelt County: 562-2112.

1977 WELCOME RAIN COMES IN TIME TO PLANT CROP

Welcome to Muleshoe and the surrounding area late last Saturday was rain—a gentle rain, which deposited approximately three-fourths of an inch of moisture in Muleshoe before it ended around noon on Sunday.

The slow rain failed to dampen spirits of anyone as most activities, including outside activities, were continued on a limited basis.

No hail accompanied the rain in the Muleshoe area, although some places, as close as Farwell reported small hail during part of the time.

Also within 50 miles, near Grady, N.M. two inches of snow fell during the time of the rain and Clovis reported rain, hail, sleet and snow.

Baby Shower Honors Mrs. James Grant

The fellowship hall of Enoch's Baptist Church was the scene of a baby shower Saturday, March 28 honoring Mrs. James Grant. Twenty-five guests called at 2:30 p.m. and were registered in the baby book.

Pink punch, mints and cookies were served to those attending. The serving table was covered with a white cloth over blue and accented with an arrangement centered with a stork. The gift table was covered with an ecru cloth with wide lace.

Gifts were registered by Mrs. Dale Nichols, mother of the honoree.

Special guests from out of town included: the honoree's mother-in-law, Mrs. Shirley Grant of Morton; her granddaughter, Jenny Gilson of Whiteface; aunts, Mrs. Norma Jean Davis of Shallowater; Mrs. Ruby Caperton of Lubbock; a sister-in-law, Mrs. Jerry Nichols and children, Kristen and Landon of Muleshoe. The hostesses gifts were a high chair and pot holders.

Hostesses for the occasion were: Linda Latimer, Paula Foley, Wanda Layton, JoAnn Reeves, Beverly Layton and Margie Peterson.

H. John Fuller Presents AARP Program Friday

The local chapter of AARP met Friday, March 27 at the Bailey County Civic Center for their regular monthly meeting and covered dish luncheon.

Myrtle Creamer, president, presided over the business meeting. Minutes of the previous meeting were read by Dorothy Bowers, Luese Bennett gave the treasurer's report.

Lena Hawkins reported on the address by the Silver Haired Legislator, Nathan Tubbs, at the Senior Citizens meeting Tuesday, March 24, where AARP members were guests.

Clara Lou Jones reported on the workshop held in Plainview on Tuesday, March 24. Five AARP members from Muleshoe attended.

Clifton Finley introduced H. John Fuller, Superintendent of Muleshoe Schools. "He brought a very interesting program on negative attitudes and visions of what can happen with positive attitudes." "He explained changes being made in our school system to help bring out the potential learning ability in each student." "He also challenged each person to be a booster for Muleshoe and our surrounding communities."

Thirty-five members and guests were present.

Mrs. Garton Celebrates Birthday

Mrs. Grace Garton, sister of Cass Stegall and aunt of Frank Stegall, celebrated her 100th birthday Saturday, March 28.

It was reported that she enjoyed her birthday with a card from the president, a greeting from the Eastern Star chapter in Clovis, N.M. and many lovely cards and flowers from her loved ones.

"Mrs. Gaston loves to call herself a Texan, having been born at McAllen and lived her first 25 years in Texas, although she's lived in New Mexico, Colorado and California the remainder of the years" said Ms. Stegall.

She was the eldest of seven children, five boys and two girls. Her remaining family includes Cass, who is 88 and Keith, who is 84. She also has three children and three grandchildren.

She now resides in Laguna Hills, CA., although she is unable to maintain a home, she lives in a retirement home, and conducts her own business, oil wells in Culberson and Reeves County Texas.

She raised three children, two daughters and a son, all of whom are living in California. Her oldest daughter, Pauline, and her son, Irvin, are constant companions to her, both are in their seventies.

Her husband, L.J. Garton, was train and station agent in Clovis, N.M. for 25 years. She was Worthy Matron in Eastern Star in 1936, in Clovis.

"She was an excellent cook and a gracious hostess, no one ever left her home without a tall cool drink or something to eat. She was an accomplished pianist. She traveled the entire United States, including Alaska, with the exception of two, by Santa Fe, and she had a love for nature, preferring the mountains of New Mexico and Colorado."

BIRTHDAY PARTY--Robert Kimbrough was surprised with a birthday party in observance of his 80th birthday Friday, March 27, at his home. His wife, Rue, and son, Lee; and his four grandchildren and six great grandchildren were all present to help him celebrate his birthday.

Christina Lee Pool, daughter of Mr. and Mrs. Mike Pool of Muleshoe are the proud parents of a daughter, Christina Lee Pool, who was born at South Plains Hospital in Amherst.

GRACE GARTON

They have been named Becky and Margarita Serna. Margarita weighed five pounds and two ounces and was 19 inches long. Becky weighed five pounds eight and half ounces and was 19 and three fourths inches long.

The couple have one other child, JoAna Serna, seven years of age.

Grandparents are Mr. and Mrs. Abelardo and Mr. and Mrs. Salomes Serna, all of Mexico.

Justin Cole Conner

Mr. and Mrs. Terry Conner of Friona are the proud parents of a son born in South Plains Hospital in Amherst.

The young man weighed seven pounds and 15 ounces and was 22 inches long. He has been named Justin Cole Conner. He has one sister, Lynn Marie Conner.

Grandparents are Christine Pollan and Robert and Peggy Conner, all of Springlake.

Bridal Shower Honors Mrs. Scott Richards

A bridal shower, honoring Mrs. Scott Richards, nee Nichole Newsom, was held Saturday, March 21 in the home of Mrs. Gloria Humphreys.

The serving table was covered with a dusty blue linen cloth and accented with a floral arrangement in shades of dusty blue and burgundy.

Linda Wiseman and Brenda Testerman served breads, fruit plate, cheese hor d'houvres, coffee and spiced tea from crystal and depression glass appointments.

Machelle Bruns assisted in opening and recording of gifts that were on display along with

Jackelyn Ford Honored With Birthday Party

Jackelyn Ford, daughter of Mr. and Mrs. Jay Ford was honored Saturday on her second birthday with a party held in the home of her grandparents, Mr. and Mrs. John Williams.

The children played croquet in the back yard. Cupcakes and Cokes were served.

Those attending were: Mary Powell, Brandi and Heather Nichols, Kim Moss, Donna Lance, Danya and Macie; Cecie Edwards, and Lisa; Jill Reid; Frances Gardner; Patsy Kent; Linda Summer; and grandmother of the honoree, Mrs. Nannie Lowe; the honoree's grandparents, the Williams' and her mother, Jon Ann Ford.

years ago, it was decided to set priorities, as there were certain needs that had to be met for efficiency in operating the buildings.

As a board member, Roming said he helped coordinate the renovation of the high school; the building of a physical education building at Dillman Elementary; remodeling of both DeShazo and Dillman Elementary Schools; insulation and ceiling fans for Watson Junior High School; the new track at Benny Douglass Stadium that is nearing completion; and the upcoming remodeling and addition to the school administration building.

Most of the renovations and construction was done with the school's own money, and very little with tax raises, he reminded.

"We have the best education for students in the Muleshoe schools possible," said Roming, who added, "and this, at the least expense possible."

"Because of the financial situation of the State of Texas, it takes a lot of time and study to maintain a high level of education," added Roming. "I would like to stay to see through some of the projects I have helped to start," he said.

Howard Watson

Incumbent board member Howard Watson had the following comments about his candidacy for re-election.

"I am proud of the accomplishments we have made over the past three years, and would like to continue to make a contribution to the success of Muleshoe Independent School.

"I believe, with the possibility of reduction in state funding facing us, careful budgeting will be even more important.

"I strongly support our vocational programs, because not all students who graduate from high school will seek higher education and need training to enter the job market.

"I am also a strong supporter of the Classroom Grant Program. The classroom is the substance of our system, with our teachers and our students as the base of the educational system."

Cindy Purdy

Cindy Purdy is the wife of Dr. Bruce Purdy, and they are the parents of three sons - Aaron, seven, who is in the first grade at Dillman Elementary; Tyson, five, who starts kindergarten next year, and Derek, nine months.

Mrs. Purdy has a Bachelor of Science degree and a Master of Education degree from Sam Houston State University. She also has 15 hours credited toward an Administrator's certificate, specializing in curriculum.

She taught school for ten years, one of which was in the

Muleshoe Independent School District. She has been actively involved in the schools, serving on the Screening Committees of Sight and Hearing, as well as Spinal Screening.

She has also spoken to several classes in the high school. She has served on the Classroom Grant Committee as the Community Representative and also as a judge for high school cheerleading try-outs.

Mrs. Purdy serves as the Assistant State Judging Director for Texas and is a National Rated Gymnastic Judge. She was recently chosen to be one of the four Test Administrators in the State of Texas to administer the National Judges Exam in the United States for the National Association of Womens Gymnastic Judges.

She also owned Purdy's School of Gymnastics for six years and is currently working at the Muleshoe Family Medicine Clinic.

"I am an educator," Mrs. Purdy states, "With my experience and education, I truly feel I would be a positive asset to the board. I am excited about our school system and believe one of the main goals would be continuous school improvement.

I believe that we should ensure all students, regardless of needs, with a well-balanced curriculum and to ensure maximum achievement for all students.

"We should continuously work on improving our staff development by providing incentives for both our teachers, aides and administrators. The district now offers such programs as the MET-Pro and MultiPro, which reflect instructional improvement as well as provide incentive and growth for our staff.

"I believe we should continuously work on improving the working climate of the schools, the co-curricular programs, and provide a sound business and fiscal practice for the district. I also believe in having effective communication between board members, school district personnel and the community.

"The law requires training for each school board member which requires a considerable amount of time. I have the time and interest to train and work as a board member, to attend the meetings and devote my time to ensure the highest quality of education we can possibly have here in Muleshoe, Texas."

Sam Harlan

Sam Harlan, who previously spent six months as a school board member, is again a candidate. He explained that he had resigned after six months because his sister had moved to Muleshoe and was qualified for a position with the schools.

He is a native of this area, and attended school in Lazbuddie, before attending South

Plains College at Levelland where he received a junior college degree, then received a bachelor of agricultural engineering from Texas Tech.

He spent several years with Halliburton, then has farmed just northwest of Muleshoe for the last 12 years.

He said he believed the responsibility of the school as a "Trustee" was for the welfare of the children, and that he would be available to listen to anyone.

Sam Harlan says House Bill 72 made a lot of changes in the curriculum of all Texas Schools, and has brought about a continuing modification in the Muleshoe Schools.

"We don't want to be satisfied with what has been done. We don't want to be complacent, and sit on our hands. We must continually look for better ways.

"We need to fine tune our accomplishments that have been done in the last two years. HB 72 has caused changes in the ways we have to do things, as has the financial situation of the state itself," he added, "and we must continue to strive for the best way to educate our children."

He and his wife, Judy, are the parents of three children, Barak, age nine and Megan and Stacy, the twins, age seven.

Sandy Noble

Sandy Noble, a farmer, has been a resident of Bailey County since 1962.

He and his wife, Deborah, are the parents of Lisa, a sophomore at Muleshoe High School; and Jill, a seventh grader at Watson Junior High School.

Noble attended the Muleshoe schools and graduated from Muleshoe High School in 1970.

"We all need to strive for a better school system," said Noble, "especially the parents of kids who are in school, or will be in school in Muleshoe.

"And, one way to be willing to accept that responsibility is to be willing to serve on the school board."

Noble and his family are active in most school functions, and he says he has a continuing interest in providing the best education possible for local youth.

Terry Field

Terry Field grew up in Muleshoe and attended Muleshoe schools, graduating in 1968. He is the son of Mr. and Mrs. Albert Field, a former Muleshoe City Manager for many years.

Field received his bachelor

degree in public administration and since 1979, has operated an independent insurance agency in Muleshoe.

He is married to the former Charlotte Wagon, and they are the parents of Jody, 13; Bryan, 10 and Lindsey, age four.

His interests include the youth basketball program and softball. He is a former Rotarian, and has been involved in youth baseball.

He says the reason he is seeking office as a Trustee of Muleshoe Independent School District is, "I am interested in my children getting a good, well-rounded education.

"Being a graduate of the Muleshoe Schools, I am interested in the school continuing to provide programs they will need to prepare for college and further education.

"I feel I have something I can contribute, knowing some things that need to be done, as well as knowing things that have been done," said Field.

Participants are asked to set a goal, then seek pledges and donations to bring the pledges up to what you wish to win. Additional sponsor sheets are available at the Muleshoe Public Library.

Each participant will be given a map of the walkathon route, along with a checksheet. The checksheet must be signed periodically by a Jennislipper member along the route. On completion of the walk, participants will be given an envelope to collect pledge money. Tell pledges to make checks payable to "Jennislippers."

And at 2 p.m. will be the big, big event of the day, the monthly MAC Buck drawing for downtown Muleshoe.

Not only will the usual \$100, \$50 and \$25 in MAC Bucks be presented, but a drawing will be held for an Aqua Spa, given jointly by Irrigation Pumps & Power, First Bank and KMUL Radio.

Along with the MAC Bucks, those who have signed up for

Margaret Pointer has again donated a queen size quilt to be auctioned.

The top four players for 1986-87 on the Mule varsity boys, according to MHS coach Lonnie Scott, included the following:

Norman Perez, 528 points, an average of 18 per game; five assists-6 steals; four rebounds and made 157 of 280 free throws, hitting at 56 percent; Ronnie Perez, 294 points; averaging nine points per game, two assists, two steals, three rebounds and hitting 38 of 75 attempts in free throws for 50 percent; Sergio Gonzales, 236 points, nine average points per game, two assists, two steals, three rebounds and 19 of 33 free throw attempts for 57 percent; and Johnny Garcia, 196 points, with 10 points average per game, two assists, two steals, three rebounds, 45 of 73 free throw attempts for 60 percent average.

According to Sgt. Charlie Simmons of Plainview, DPS troopers in Bailey County investigated no accidents within the county during the month of February, 1987.

The Class of '77 is still seeking several former students to inform them of the ten year reunion of the class. The reunion is scheduled for June 20 at the Muleshoe Country Club.

They are seeking locations of Delton Edwards, Silvia Reyes, Martha Sanchez, Denny Smith, Mike Williams, Phyllis Campbell, Peggy Lopez, Cindy Beneke and Rocky Gafford.

If you have an address for any of the above students, contact Susan Puckett, First Bank, 272-4515 or Patti Robinson, Route Three, Muleshoe, 965-2637.

As a Registered Family Home providing child care in your home can be an inexpensive way to earn additional income, says Irby F. Connery, of the Texas Department of Human Services. She said anyone who cares for six or less unrelated children in their home, must be registered with the Texas Department of Human Services.

Becoming a Registered Family Home requires a minimum amount of expense and is a simple process, added Ms. Connery.

To obtain additional information or registration material, call Day Care Licensing at 806/747-9500 or write the Texas Department of Human Services, Day Care Licensing, P.O. box 10528, Lubbock, TX 79408.

PSCA David G. Phelps, son of Donald and Jo Phelps of Muleshoe, has returned from a tour in the Persian Gulf area and is now stationed in San Diego, Calif.

He stopped in the following ports: Cochín, India; Saudia Arabia; Singapore; Darwin and Brisbane; Australia; Pago-Pago; Pearl Harbor; Hawaii and tok California.

While on the tour and on temporary kitchen duty, PSCA Phelps received the Food Serviceman of the Month commendation for January.

He is currently postal clerk on the USS Robinson.

Soil Sampling Needed; And Economically Sound

More than half the farms in the Texas Panhandle may have a serious fertility problem, a recent study by the High Plains Underground Water Conservation District No. 1 indicates. But an agronomist with the Texas Agricultural Extension Service says this is a good time, economically, for farmers to correct their problem.

"Because of the steady drop in fertilizer cost over the last

couple of years, this is a good time to take care of your soil fertility needs," said Dr. Brent Bean, Extension agronomist here.

The price of anhydrous ammonia has dropped approximately \$45 a ton over the past three years, Bean noted.

Results of laboratory analysis of 853 soil samples collected from 215 farms in the 15 counties it serves was recently released by the water district. The analyses were conducted at the Texas Agricultural Extension Service Plains Soil Testing Laboratory at Lubbock, under the direction of Dr. Michael Hickey, Extension soil fertility specialist.

The study indicated that 69 percent of the samples collected from the top two feet of soil were low or very low in nitrate nitrogen, and 52 percent were low in phosphorous.

"Unless the fertility problem is corrected, these farms won't produce acceptable crop yields, regardless of weather conditions or water supply," Bean said.

"The only way to insure that a field has an adequate supply of nutrients to produce an optimum crop yield is to collect soil samples from the field and have them analyzed," he stressed.

The Extension soil testing laboratory at Lubbock charges \$6 a sample to test for nitrogen, phosphorous and potassium. Samples will be tested for those three nutrients and micronutrients for \$10.

"Considering the reduced profit that would result if a field lacks nutrients, this is a real bargain," Bean said.

The higher than average rainfall throughout the Panhandle in 1986 may have caused soil nitrates to leach deeper into the soil profile than normal, especially in more sandy soils, he said.

Since the soil nitrate concentration may be deeper than normal, Bean suggested taking some soil samples from a depth of two to three feet, in addition to samples from the normal depth of five to eight inches.

"If plant-available nitrogen has leached below the normal sampling depth, a misleading fertilizer recommendation may be given," Bean cautioned.

If a sample at eight-inch depth contained 20 parts per million of nitrate-nitrogen and a sample at 15 inches contained 20 parts per million, but only the eight-inch sample was tested, too high a nitrogen fertilizer would be given, he explained.

"This could result in a significant amount of money being spent unnecessarily on fertilizer," Bean said. "A fertilizer recommendation is only as good as the sample being tested. So care should be taken to collect representative soil samples."

Additional information on soil sampling techniques, cost and types of analysis, and soil sample containers, can be obtained at county Extension offices.

Range Weeds To Be Heavy This Year

Texas ranchers can expect to see heavy weed populations on rangelands in 1987.

Dr. Tommy Welch with the Texas Agricultural Extension Service, The Texas A&M University System, says abundant rainfall last fall and early winter over most of the state and a relatively mild winter have provided near ideal conditions for a heavy weed crop on rangeland.

"Many winter annuals have germinated and are current," in the rosette stage," notes Welch, a range brush and weed control specialist. "Among these is annual or common broomweed, one of the most common weed problems in Texas. Another weed that infests many acres is western ragweed, a perennial. Both of these plants can be controlled easily with herbicides."

"With the exception of poisonous weeds such as bitterweed, the weed crop is a blessing for sheep and goat raisers because weeds are an important part of sheep and goat diets," says Welch.

However, he points out that controlling weeds with herbicides is a practice that will produce substantial returns for cattlemen because dense weeds will significantly reduce forage production. In addition, a heavy weed infestation will keep grass cover from improving. Also, some weedy plants are poisonous and cause considerable livestock losses.

Data from result demonstrations conducted in the Central Texas Extension District as part of "Operation: Ranch Management" showed an average increase of 2,250 pounds of grass per acre due to weed control.

"This increase was equivalent to growing an extra pound of grass for every pound of weeds controlled," Welch points out. "An increase in grass produc-

Comptroller Cancelling Tax Permits

State Comptroller Bob Bullock Tuesday said he was canceling the sales tax permits of more than 46,000 taxpayers who are delinquent or inactive.

"We're simply not going to carry deadwood accounts on the books because it costs the state money," Bullock said. "And, at the same time, delinquent accounts are going to be put out of business until they pay the state what they owe in taxes, penalties and interest."

Bullock said he expects to collect between \$500,000 and \$1 million from delinquent accounts seeking reinstatement.

He said closing out the inactive accounts will save the state more than \$115,000 a year in paper, processing and postage.

"Pulling these permits is our way of reminding folks that there's no such thing as a free ride," Bullock said. "We did it last year and we'll do it again until we clear the deadwood out of Texas' tax system."

In April, 1986, Bullock cleared the tax rolls of more than 150,000 delinquent and inactive accounts. The state collected \$9.1 million from taxpayers who settled their debts.

Businesses required to carry a tax permit must hold a current permit to operate under the law, Bullock said.

In December of 1986, Jim Fitzgerald a paramedic from Morton joined the Bailey County EMS crew, and it hasn't been the same since. One of Jim's favorite past times is playing jokes on his "friends".

Jim was born in Oneida, New York on October 20 to James and Jean Fitzgerald. Jim married Patty on March 28 and they have four children; Misty 14, Wendy 11, Jamie 6, and Danielle 2. They reside in Morton, Texas which is a long way from Oneida.

Being a truck driver for 10 years, Jim managed to travel from one end of the United States to the other until he decided to settle down and be with his family. Jim became interested and joined the fire department. Living in town gave him time and opportunity to become involved with all of the activities around.

This brought out an old past which Jim was sincerely interested in - the ambulance. Having occasionally worked on ambulances in New York and New Mexico he decided to help out on the volunteer ambulance in Morton. It wasn't long until Jim became an EMT then things seemed to blossom from there.

Patty got involved and became an EMT. Jim took over as the administrator of Frontier Ambulance in 1983. Both Patty and Jim decided to take classes to become Special Skilled EMTs. Then Jim decided to further his education and obtain his Paramedic Certification.

Jim currently works at Cochran Memorial Hospital & Frontier Ambulance at Morton. He also is on the reserve staff for Lubbock County EMS as well as part time with Bailey County EMS. Jim and Patty are both American Heart Association CPR instructors and EMT instructors. Both work on a day to day basis on the ambulance in Morton.

During Jim's spare time he enjoys scuba diving. And especially enjoys "HARRASSING" everyone. "SHOOTING THE BULL" is one of his hobbies he admits to performing well! Ask any of the EMS personnel, they will tell you that one has to watch for the twinkling in his eyes, it'll give him away most of the time.

Maines Bros. Band Set Plainview Concert

One of West Texas' most popular entertainment attractions, The Maines Brothers Band, will be returning to Plainview soon.

The Lubbock-based country-and-western band will be in concert Saturday, April 11, at 7:30 p.m. in Harral Memorial Auditorium.

The band's appearance here is jointly sponsored by Wayland Baptist University and KKYN Radio. Tickets are priced at \$5 per person and may be purchased in advance at the Student Admissions Office, Gates Hall Room 104, at Wayland.

Tickets may also be purchased at the door the night of the concert if seating is available. The concert marks the second appearance in the last four years at Wayland for the Maines Brothers Band. The group was a featured Homecoming attraction in November 1983.

After a successful debut on the Mercury/PolyGram recording label with the LP "High Rollin'", the group is now enjoying additional success with its second PolyGram release, "The Boys Are Back In Town." The latest LP includes the Top 25 single, "Everybody Needs Love."

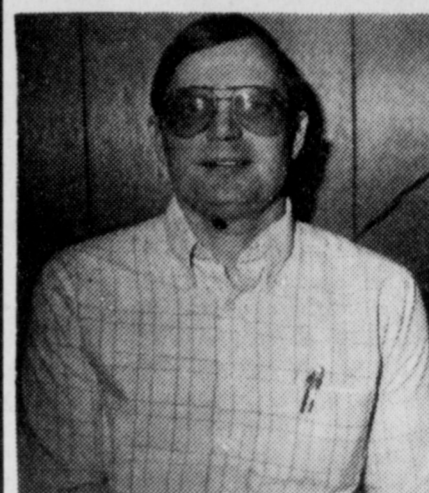

Members of the band include the Maines Brothers -- Lloyd, Kenny, Donnie and Steve Maines -- of Lubbock. Two other members also claim Texas birthrights, Cary Banks of Big Spring and Jerry Brownlow of Lamesa.

Brownlow is a familiar face -- and voice -- to Plainview, having been a disc jockey at KKYN before joining the band in 1977.

The seventh member of the group, Richard Bowden, is originally from Durham, N.C.

AFTER EFFECT

Even a tiny pebble leaves behind an ever-widening circle of ripples when it is cast into the water. Every act of our lives also leaves behind it an ever-widening circle of after-effects in the lives of others. Children are especially subject to the power of others in their tender, formative years, and thus we parents want the best possible influences for them. No child should be without the regular helpful influence of a Sunday School teacher and a minister. Religious training can start an ever-widening circle of good after-effects which will last a lifetime.

It is something wrong with your life... an inner conflict... a struggle... an answer to every human problem... comes from God our Maker. He alone can forgive and restore. Through the church God has sent men of the purest and greatest living lives. Without a church relation you are a severely retarded man. Everyone should be in the Church and the Church is everyone!

Positive Notes

about Muleshoe

Muleshoe Chamber of Commerce
Muleshoe, Texas 79347

Dear Sir:
I received the city map and the most interesting brochures and want to thank you for your help and your generosity for not charging me.

The reason that I requested it is because I am planning on moving back to Texas next year. I had previously lived in San Antonio, but want a small town this time.

For the past four years I have been receiving newspapers and literature from towns around and about the state. I have never been to Muleshoe; but, from reading your newspaper I am convinced that you have about the nicest town anyone would want to see. So, I'm coming down there the end of May and taking a look at what I've been reading about.

I have received first hand information about Muleshoe from Kevin May. He used to work for the vet there and then came to California where he became my vet. He told me many nice things about your community.

Thank you for assisting me in my search for a place to sink my roots.

Dear Ladies and Gentlemen,
On Sunday night, March 22, 1987, my family and I were returning to Lubbock from Los Alamos, when approximately 6

miles west of Muleshoe we lost all power in our Bronco. Within a few minutes I found that the problem was a broken alternator belt, and I did not have a spare.

I finally caught a ride into town, leaving my wife and two children in the Bronco. I stopped at the INCE Oil Company-Fina station where I had the pleasure of meeting June Vaughn, the night manager. With her help and a lot of phone calls I reached Dewey Moore of Mohawk Auto Parts. Mr. Moore not only left his home to open his store but also drove me back out to my Bronco and put the new belt on. In fact he was very reluctant to accept payment for his service. It was truly a privilege to have met Mr. Moore.

If the two people I met are representative of the township of Muleshoe then it indeed must be a fine place to live. Please express my gratitude to June Vaughn and Dewey Moore for their kindness and compassion.

Sincerely
Jeff Demain

In Fashion

Spring fashions for the little miss are delightful for special occasions. Through 6X, smocked bodices are most attractive.

For children's sizes 7-14, the styles are many and varied. One grown-up, polka-dotted blouson style dress features a ruffled V-neckline.

Bright tropical colored footwear in turquoise, lime, vermilion and prints will be seen in the popular flat shoe. Handbags are also seen in these bright colors.
