The Advocate answers the demand for a constructive advertising medium in the middle valley.

THE TWENTY-SEVEN

ARTESIA, NEW MEXICO, THURSDAY, JULY 31, 1930.

NUMBER 33

## Wells at Big Pay the Hobbs Sector

### Wells Add Interest In Spot—More Delays Experienced Bring—New Wells—Bowling Big Gasser.

Another week has passed in the Hobbs field without registering a production. Wells near the center of the field have encountered difficulties in cementing and casing. No further delays are expected. Some of the largest production columns before the other week. An interesting feature of the field is the State No. 1 of the Laney, in the SE sec. 2, T. 23N., R. 18E., which defines the northern limit of the field. The big production in the field was encountered in this well, the second to be drilled in a hundred feet. Position of a deep test may be in the State No. 1, is very important. The opinion of all men are of the opinion that a well may be drilled to 1,000 feet without further delay.

### Big Gas Well

The biggest gas wells yet drilled in the Hobbs field was the Bowers No. 4 of the Hobbs and Refining Co., on lease in sec. 30-18-38, T. 23N., R. 18E., which has produced 1,600 feet. The Bowers No. 4 has gassed 75,000 cubic feet. The gas flow is reported to have been enhanced by the production around 4,100 cubic feet.

### Additional Wells in the Hobbs Field

Additional wells in the Hobbs field which will start drilling shortly, bring the total number of wells to approximately 100 since production became possible. Among the new wells are Continental Oil Co., State No. 2, 2,310 feet from the east 1/2 sec. 30-18-38; The Humble Oil & Refining Co., Bowers No. 10, 2,310 feet from the west line and 330 feet from the south line sec. 28-18-38; Prairie Gas Company, Grimes section 28-18-38. The Grimes section 28-18-38. The Grimes section 28-18-38. The Grimes section 28-18-38.

### Two Cars Damaged in Collision on West Main Friday Evening

Two Dodge cars were badly damaged in a head on collision, which occurred near Ninth and Main Friday evening. The car driven by Harry Woodman Jr., collided with a car driven by Leonard Stephens, as Woodman attempted to turn around another car while traveling up Main. Blinding light is said to have been responsible for the smash up. It is regarded as very fortunate that the occupants of neither car were injured. The front fenders of both cars were demolished and a front wheel was knocked off the Woodman car.

### BOUND OVER TO THE ACTION OF GRAND JURY

Frank Mullenax and J. W. Mullenax of near Lake Arthur and Jeff Hart and Boliver Chapman of near Hagerman were bound over to the action of the Chaves county grand jury, on charge of secreting stolen meat, in a preliminary hearing before Justice W. C. Winston at Roswell, Friday. Bond in each case was set at \$1,500. Defendants are charged with the robbery of a meat car here on June 26th. Two other men arrested in connection with the robbery are in the Eddy county jail.

### CITY MARKET ADD GROCERIES

The City Market has arranged to add a stock of staple groceries to the meat market and will begin service in the new department tomorrow. See the announcement of the City Market in this issue.

### OILERS WILL MEET THE PECOS, TEXAS NINE AT BRAINARD PARK SUN.

Local baseball fans will have an opportunity to witness another hot contest at the Brainard Park Sunday, when the Oilers meet the invading Pecos, Texas team. The local team will be rearranged and several new faces may be seen in the lineup, which is expected to add strength to the playing of the Oilers when they meet another Texas nine Sunday. Among the players who will take the field for Artesia includes Nymeyer, Roberts, Brainard, Ferris, Eddie Crozier, Manda, Willingham, Rideout, Slaughter, Kyle, Robertson and Burch.

### Typewriters for sale or rent—The Advocate.

### EX-DAYTON RESIDENT KILLED IN ACCIDENT ON OIL WELL RIG--FRI.

Both Legs Severed When Laid Is Trapped By Wire Cable—Dies In Pecos Hospital—Funeral Services Held Here Sunday.

Frank Daugherty, 18, former resident of Dayton, an oil worker near Ft. Stockton, Texas, met his death early Friday morning when both legs were severed from his body by a wire cable. Young Daugherty was employed on an oil well between Ft. Stockton and Pecos, Texas. The accident is said to have occurred as Daugherty was letting the drill stem down in an 1,800 foot hole. The wire cable coiled on the floor of the derrick as the drill stem caught on a bridge or cave in. Suddenly the bridge gave way, with both legs of the unfortunate man trapped in the coil of the cable. Both limbs were severed between the knees and thighs. He was rushed to a hospital at Pecos, Texas, and lived for about 12 hours. Due to the fact that first aid was not available, he lost much blood and this coupled with an internal injury caused his death.

Frank Daugherty was the son of Charles N. Daugherty and nephew of W. F. Daugherty, former Atoka merchant. The Daughertys lived at Dayton for a number of years. The deceased is survived by a father, mother and six brothers and sisters all of Fort Stockton, Texas.

Funeral services were conducted at the Christian church here Sunday afternoon, Rev. Bolton, Christian minister from Fort Stockton officiating. Burial was made in the Woodbine cemetery.

## GOVERNOR--DUKE CITY MEN TO STOP HERE ON GOOD WILL TOUR TODAY

No definite plans have been made to entertain Governor Dillon, Mayor Clyde Tingley, Congressman Albert Sims and thirty businessmen from Albuquerque due here this afternoon, owing to the fact that the exact date of the arrival of the party is not known as we go to press. The visitors are expected to arrive about 3:30. The Chamber of Commerce is making plans for an informal reception and it is probable that the Artesia Municipal Band may be called on to meet the visitors together with a number of business men.

The First American association will sponsor a good will tour to the eastern part of the state, according to the New Mexico State Tribune. The party headed by Governor Dillon and Mayor Clyde Tingley are expected down the valley today, after a night stop in Clovis. If the announced schedule is followed out, the party will eat lunch in Roswell today and make stops at Dexter, Hagerman, Lake Arthur, Artesia, proceeding on to Carlsbad for the night. Friday's itinerary will include the towns of Lea county, Hobbs, Lovington, Monument and Tatum.

## GOVERNOR--DUKE CITY MEN TO STOP HERE ON GOOD WILL TOUR TODAY

Arrangements are underway to hold a county agricultural fair at Cloudford again this year. The date of the fair has not yet been set, but will likely be about the middle of September. The project is being staged by the business men of Cloudford cooperating with County Agent Beaty of Alamogordo.

### CLOUDCROFT FAIR

Arrangements are underway to hold a county agricultural fair at Cloudford again this year. The date of the fair has not yet been set, but will likely be about the middle of September. The project is being staged by the business men of Cloudford cooperating with County Agent Beaty of Alamogordo.

### BAND CONCERT

The following program will be rendered by the Artesia Municipal Band at the City Park, Friday evening, August 1st:

March—"The Magnolia Blossom"—Harry Cloud  
Overture—"Jubilee"—Lake  
Serenade—"The Moonbeams Pale"—Ripley  
March—"From Tropic to Tropic"—R. Alexander  
Gavotte—"In Olden Days"—Strickney  
Selection—"Bohemian Girl"—Balfie  
Selected Marches  
"Star Spangled Banner"

### SCATTERING SHOWERS

Scattering showers fell over the north Eddy county and eastern Lea county sections yesterday afternoon. Yesterday's shower relieved the heat somewhat here, but the thermometer continued to soar around 100. The high temperature reached during the past week was 103, with an average of 100. Threatening clouds today may bring further relief from the heat before passing.

### BAND REHEARSALS

Beginners band, 7:00 to 7:45 p. m. Municipal Band, 7:45 to 8:45 p. m., Tuesdays and Thursday at Central School. These rehearsals are free. Bring your instruments and join in one of the rehearsals and bands.

### CRUCES-ALAMO ROAD IS NOW BEING BUILT

SANTA FE—Surfacing of the last unsurfaced gap on the Alamogordo-Las Cruces road was authorized in the final session of the highway commission recently closed.

A twenty mile project is now under way on this route. From the Organ mountains east to the flats natural surfacing forms a good all year road bed. The project just authorized completes an all year road from San Augustine Pass to Alamogordo.

The White Sands road as the Las Cruces-Alamogordo stretch of state road 3 is called has been the subject of much interest in several years. To of the state for several years. To of the state for several years. To of the state for several years.

### REFINERY TO DRILL ARTESIAN WELL HERE

The Continental Refinery has arranged to have an artesian well drilled on the refinery property east of the railroad tracks, it was said here Tuesday. Drilling operations were expected to get underway yesterday. M. Bruning is the drilling contractor.

## SHUGART AND GESSERT WILL MAKE AUDIT OF THE STATE LAND OFFICE

Ralph Shugart of Artesia and Edward C. Gessert of Roswell have been awarded a contract to audit the state land office, Land Commissioner Crile announced yesterday. The audit will start August 1st and is to be completed by December 1st. The last audit of the land office was made in 1923, by employees of R. H. Carter, former comptroller and cost approximately \$30,000. Dr. Crile explained that the reason the year 1923 was chosen as the beginning was because this was the year the public monies act went into effect.

The auditors are to be paid not in excess of \$20,000 and out of the land office maintenance fund.

It is to be a complete audit, covering all cash transactions, grazing and oil leases, refunds, sales contracts and other phases of the office's business, Crile stated. The period to be covered is from 1923 to 1930.

Mr. Shugart said this morning that preliminaries connected with the land office audit had started. Mr. Shugart expects to leave Artesia about the 10th or 11th of next month for Santa Fe. The audit will be completed within approximately 60 days.

## OLD BUILDINGS ARE RAZED TO MAKE WAY FOR NEW STRUCTURE

A wrecking crew has been busy this week, wrecking the two frame structures at the corner of Roselawn and Main, property of Cunningham Bros. The buildings were razed preparatory to the erection of a modern brick structure 50 by 80 feet, which will start soon.

Cunningham Brothers have moved their barbershop across the alley south from the City Market and have established both an office and a barber shop in the building formerly occupied by the Mission Cafe, which has been removed to Roselawn. The Cunningham Barber Shop will henceforth be known as the Roselawn Barber Shop. The Roselawn Barber Shop will also be headquarters for the Pageway Stage Lines.

## ONLY THIRD OF STATE'S AREA IS INDIVIDUALLY OWNED SAYS DR. CRILE

SANTA FE—Of the 78,402,000 acres comprising the state of New Mexico only 23,387,173 acres are in private ownership, according to figures released Friday by Dr. Austin D. Crile, land commissioner. This figure does not include state lands which have been sold, but does include unperfected entries.

Of the total 16,000,000 acres are U. S. public lands, including both surveyed and unsurveyed tracts. There are 9,915,000 acres of the U. S. forest reserves, and 12,700,000 acres of land granted the state by the federal government. U. S. National parks constitute 22,235 acres and U. S. national monuments 23,592 acres. Indian reservations and Indian grants cover 5,354,000 acres.

The status of the state lands is summed up by Dr. Crile as follows: Acres deeded with minerals reserved to the state 49,342.03; deeded with minerals not reserved to the state 118,365.09; held under outstanding purchase contracts, 1,775,668.04; leased for grazing and agriculture 10,760,167.27; leased for oil and gas 5,656,689.83; state selections in which minerals are reserved to the U. S. (estimated) 50,000.

### DIST. COURT AT CARLSBAD

District Judge G. A. Richardson and Henry Puckett, court stenographer are in Carlsbad this week holding a term of the Eddy county district court.

### MEXICAN SHOT

An unidentified Mexican was shot and probably fatally wounded in Roswell last night near midnight by S. Gurule, according to reports from Roswell. Gurule returned home from California to find another man with his wife, he told police. The unidentified man was shot four or five times and has a fighting chance for recovery.

### DELINQUENT TAXES TO BE CHECKED UP

Delinquent payments of individual income tax assessments will be checked up during the next three months S. R. Wall and O. N. Wherrett, deputy collectors announced yesterday in Roswell.

### HEIGHT GAUGES ON WATER SUPPLY HOBBS FIELD

SANTA FE—State Engineer Herbert Yeo Tuesday announced that his office will cooperate with oil companies in installing automatic gauge height recorders in the shallow water belt of the Hobbs area. John Bliss, hydrographer for the engineer's office left Tuesday night for Hobbs in connection with this work.

The purpose of the gauges is to ascertain the fluctuations, the high and low points of the underground water supply in the new oil field. All water for domestic purposes is obtained from this source and drilling operations are entirely dependent upon determination of levels. In view of this situation, Mr. Yeo said it is highly desirable that exact data on supply be obtained.

### ASSISTANT OIL SCOUT FOR PUEBLO OIL CO.

Born to Mr. and Mrs. Niven M. Baird, Thursday, July 24th, a son, Niven James Baird, Early inclinations of the new arrival indicate that he will follow the footsteps of his papa and be an oil scout for the Pueblo Oil Co.

### MAY HOLD TRAVEL RECORD

Ard Anita Thompson, son of Ernest Thompson, who is making his home with O. W. McElhaney, may hold the district travel record for a youngster. By the time Ard Anita was six days old, he had traveled some 2,000 miles in an auto.

## Highway 83 Is Gaining In Popularity So Report Says

Highway 83, running east and west through Artesia is attracting increasing attention and will become more popular with the tourist when the contemplated repairs are completed. The Chamber of Commerce yesterday reported that 175 strip maps, illustrating highway 83 were handed out to passing tourists. The road east to Lovington is in the best condition it has been since the present route has been in use. Oil operators traveling to Hobbs are able to make fair to good time over the east road, the only rough going is from the Cap-Rock to Lovington and this stretch of road may soon be repaired.

Joe Richards, who is supervising the repair work on the Hope highway reports consistent progress. The road camp has been made on the old Whit-horn ranch house site, about eleven miles out of town. Approximately eight miles of the road between here and Hope has been shouldered and scarified and an additional four miles has been shouldered.

Bids will be opened by the forest service on the Elk-Mayhill stretch of the western highway on September 1. Surveying and staking the new route between the two communities has been finished. Construction on the Elk-Mayhill road, however, is not expected to start until after the heavy tourist season is over. This will be about a month or six weeks after the bids have been opened.

## SHORT CUT ROAD TO HOBBS

Workmen building the new short-cut road from Lovington to Hobbs are now within 7 miles of the oil city, District Highway Engineer Ben F. Kelly announced Monday.

The route cannot be completed and opened to traffic until a heavy rain falls on the stretch, the official said.

"We have nothing now but a long ribbon of soft dust. Lea county has had very little rain this summer and unless rain falls soon on the road, completion of the project will be held up," Mr. Kelly said.—Southwestern Dispatch.

### GAS COMPANY SECURES FRANCHISE SEVERAL TEXAS TOWNS LATELY

Mr. and Mrs. Jack Ballard returned the first of the week from Marfa, Alpine and Fort Stockton, Texas. Mr. Ballard has spent several weeks in these Texas cities in the interest of securing gas franchises for a subsidiary company of the Pecos Valley Gas Co. He reports that the three towns have agreed to grant franchises to the gas company.

### SCORE FROM EDDY CO. TO FACE CHARGES IN FEDERAL COURT AUG. 1

Twenty-one men recently indicted in Eddy county on liquor charges, will face trial in federal court at Albuquerque, which begins the session tomorrow. Practically all of the accused men are in the Eddy county jail at Carlsbad and will be arraigned for a hearing on August 4th, it was said here. There are one hundred and fifty indictments made over the state on liquor violations to be tried at the present term of court.

### ARTESIA AUTO CO. USED CAR SALE

The Artesia Auto Co., is offering unusual values in a used car sale, starting Monday. Prospective buyers will have forty cars to select from. If in the market for a used car, see the announcement of the Artesia Auto Co., appearing elsewhere in this issue.

### THIRD CUTTING OF ALFALFA

The third cutting of alfalfa is expected to get underway here next week. The yield promises to be fair. Cutting alfalfa for seed is also expected to start at this time. Some good seed yields are in prospect.

### GAS FOR DEXTER

The Pecos Valley Gas Co., is now laying mains for the distribution of gas in Dexter. Service will be available as soon as the mains are completed.

### CONSTRUCTION ON THE TWO HOBBS GASOLINE PLANTS IS UNDERWAY

Work is well underway on the casinghead plant of the Shell Petroleum Co. The plant will be of a ten unit capacity and will be located west of the McKinley No. 1 of the Shell Petroleum Co. The company is said to have approximately 25,000,000 feet of gas available in its McKinley No. 1 and about 60,000,000 feet in its State No. 1. It was said that the Shell plans to enlarge the Hobbs plant as soon as the first ten units were completed.

The Phillips Petroleum Co., has about completed laying gathering lines in the Hobbs field, preparatory to erection of a casinghead plant near Hobbs.

## NEW YORK—The daily average gross crude oil production in the United States decreased 11,400 barrels for the week ended July 26th, totaling 2,488,700 barrels, according to the weekly summary of the American Petroleum Institute. The daily average production east of California was 1,877,800 barrels, a decrease of 7,400 barrels.

### Refineries representing 96.7 per cent of the estimated daily potential refining capacity, operating at 71.4 per cent of their capacity, reported daily average run of crude oil to stills at 2,518,600 barrels. Daily average the previous week was 2,466,000 barrels for refineries representing 95.7 per cent of potential capacity operating at 69.3 per cent of their capacity.

### Daily average production for the week by states included: Wyoming, 48,100 barrels, an increase of 2,400 barrels over the previous week; Montana, 9,350, a decrease of 100; Colorado, 4,700, an increase of 100 and New Mexico, 42,200, same as last week.

## OIL PRODUCTION IN NATION DECLINES NEW MEX. OUTPUT IS STEADY

NEW YORK—The daily average gross crude oil production in the United States decreased 11,400 barrels for the week ended July 26th, totaling 2,488,700 barrels, according to the weekly summary of the American Petroleum Institute. The daily average production east of California was 1,877,800 barrels, a decrease of 7,400 barrels.

Refineries representing 96.7 per cent of the estimated daily potential refining capacity, operating at 71.4 per cent of their capacity, reported daily average run of crude oil to stills at 2,518,600 barrels. Daily average the previous week was 2,466,000 barrels for refineries representing 95.7 per cent of potential capacity operating at 69.3 per cent of their capacity.

Daily average production for the week by states included: Wyoming, 48,100 barrels, an increase of 2,400 barrels over the previous week; Montana, 9,350, a decrease of 100; Colorado, 4,700, an increase of 100 and New Mexico, 42,200, same as last week.

TELEPHONE NO. 7

OFFICIAL NEWSPAPER FOR PUBLICATION OF  
NOTICES OF COMMISSIONERS COURT OF  
EDDY COUNTY

Anyway the highway department knows we want  
a road to Hobbs.

Col. Sellers of Albuquerque is going to have a  
chance to have his career aired between now and  
November, since he has his hat in the ring for gov-  
ernor.

We understand that Judge Reed Holloman of Santa  
Fe, receptive republican candidate for governor is  
strong for the Hobbs-valley highway. That's good,  
who's next.

The value of a hard surfaced road from the valley  
to Hobbs would be hard to measure in dollars and  
cents, but it does look like the New Mexico commu-  
nities should have the benefit of the development of the  
state.

Reading about the baby mix-up in Chicago, where  
two babies are alleged to have become mixed up in a  
hospital and the parents felt called upon to enlist the  
aid of scientists to determine which was which, re-  
minds us of the old yarn about the parents who laid  
their baby on a bed and departing picked up the wrong  
baby. Up at our house we have a baby that refuses  
to be mixed, he makes too much noise to ever cause  
his parents any worry about who he belongs to.

The interview that Ex-Governor Hinkle gave the  
the Roswell Record last week regarding a highway to  
Hobbs sounded sorter like the Ex-Gov. would like to  
get his hat in the political ring again. The statement  
that Mr. Hinkle made about what Chaves county hadn't  
gotten under the republican administration and what  
they had received under the Hinkle-Hannett adminis-  
trations is taken by some politicians as an informal  
announcement for governor. Mr. Hinkle went further  
in his statement and rather insinuated that other  
counties had grabbed the grapes while Chaves county  
was sitting idly by waiting for the return of an-  
other democratic administration.

## HOW CAN WE DO IT?

Often we hear a proposal from some individual or  
organization to lower taxes in order to encourage out-  
side capital to come into the state. The question with  
the average citizen who is business man enough to  
know something about finances, is how can we do it and  
sittll progress? In New Mexico the problem is made  
doubly hard with about two-thirds of the area of the  
state exempt from taxation. Even in states where prac-  
tically all of the area is on the tax rolls, residents  
have seen the tax rate steadily mount. Politicians are  
proned to promise us reduced rates and about every-  
thing we want to boot, but such promises are imprac-  
tical, as every thinking man knows. Through good  
management our state administration can obtain 100  
cents valuation on every dollar spent, but no more.

Now some politicians want to saddle another bur-  
den on the public through a consumer's tobacco tax  
for the purpose of creating free text book funds and  
thus open up another avenue for mismanagement and  
extravagance by future state administrations. No state  
nor government yet has ever made a success of a  
business venture and we are not anticipating miracles  
to happen in the future. Swat the tobacco tax.

## WHAT IS THE DEMOCRATIC PARTY?

The Tucumcari News quotes Senator James Reed's  
definition of the democratic party as given in a recent  
speech made at Sedalia, Missouri. It is:

"What is the democratic party? It is the millions  
who believe that the sole purpose of free government  
is the protection of the natural liberties of man; who  
insist upon equality before the law; who abhor every  
form of special privilege and every kind of tyranny;  
who demand that the avenue of opportunity shall be  
kept open so that the citizen may enjoy those rights  
with which God and nature endowed him, and that he  
shall not only be free from interference by government,  
but shall have its protection against all who seek to  
deprive him of his rights."

## WHAT NEWSPAPER MEN FAVOR

The New Mexico Press Association in session at  
Raton over the week end went on record as favoring  
a state wide primary, making the publication of county  
commissioner's proceedings mandatory and the enact-  
ment of a corporation commission law with "teeth," in  
it. The association condemned the consumers tax on  
tobacco products and went on record as objecting to  
the practice of the leaders of the two dominant parties  
in holding their conventions so late that the voters as  
a whole are denied the privilege of ascertaining the  
qualifications of the respective candidates.

The competition between Pecos valley towns for  
the road from Hobbs is a good thing, good not only for  
the towns concerned but for the entire state. That is  
provided that at least one high type road is built. That  
road should be rushed and it should cross the main  
section of the state, not merely a small corner. New  
Mexico should build roads for New Mexico and not for  
Texas.—Roswell Record.

Over in Texas where they have closed the first  
democratic primary, opposing candidates had a peculiar  
way of throwing in with one another. One night a  
candidate would call his opponent a liar, horse thief,  
etc., and traveling on together, the next night his op-  
ponent would hand it back to him.

Arthur Brisbane remarks that money is begging in  
New York, "you can borrow all you want at 2 per  
cent," he says. Why not sent some of it west. West-  
erners are naturally sympathetic and dislike to see any-  
thing suffer.

Voters will hear the rascals of the state classified  
as well as the number of political boners that has been  
pulled since New Mexico was admitted to statehood,  
within the next three months.

## INSIDE INFORMATION

Carrots are a good source of  
vitamins, if quickly cooked or grated  
raw in a vegetable salad.

Solid spruce pulp fillers and specially  
treated strawboard fillers are  
used considerably in packing eggs  
for cold storage. These fillers help  
to prevent the characteristic flavor  
of cold storage eggs.

Sweet potatoes, when properly dried  
can be ground into a meal or flour  
which will last indefinitely and will  
not lose its flavor when used in mak-  
ing pies and custards, according  
to the Bureau of Chemistry and Soils  
U. S. Department of Agriculture.  
Sweetpotato flour, used with wheat  
flour, makes bread of good texture,  
color, and flavor, says the bureau.

French toast is an appetizing way  
of using stale bread, and provides  
a main dish for breakfast, lunch or  
supper. Allow 1/2 to 3/4 cup of milk  
to 2 eggs. Beat the mixture, salt  
lightly, and dip slices of bread into  
it until well soaked. Fry in butter  
or well-seasoned fat in a heavy  
smooth skillet. Use a moderate heat  
and let the toast become golden  
brown on one side before turning it.

At the markets this fall you may  
find potatoes in handy size cotton  
bags of unique design. The bureau  
of home economics of the U. S. De-  
partment of Agriculture, and the  
North Carolina Agricultural College  
developed this new consumer package.  
One side of the bag is an open-mesh  
fabric through which the buyer  
may inspect the size and quality of  
the potatoes. The other half of the  
bag is a close weave to display the  
producers brand. The bag increases  
the incentive for growing good po-  
tatoes and marketing them as a  
graded product under a trade brand.  
The sacks also expand the market  
for the cotton crop.

## A TIP ABOUT COLLECTING BILLS

A certain wholesaler was having  
a lot of trouble recently in getting  
a certain retail client to pay his  
bills. Finally, losing patience, he  
wrote the merchant in question a  
rather theratening letter and in reply  
received the following communica-  
tion:

"Dear Sir:—What do you mean  
by sending me a letter like the one  
you wrote me on the tenth instant?"  
I know how to run my business.  
Every month I place my bills in a  
basket, and then figure out how  
much money I have to pay on my  
accounts. Next I blindfold my book-  
keeper, and have her draw as many  
bills out of the basket as I have  
money to pay for. If you don't like  
my way of doing things, I won't  
even put your bills in the basket."  
—Exchange.

Ten bureau chiefs...  
 Mr. and Mrs. John Day, of Queen, spent several days here last week visiting friends.  
 Mr. and Mrs. J. H. Bridgeman, of Hope and John Richards, spent the week end in El Paso.  
 George Blakney has accepted a position with the Jackson-Bolton Chevrolet Co., as salesman.  
 Henry E. Meyer of San Antonio, Texas, spent a few days here last week attending to his oil interests.  
 J. C. Jessee left last week for points near Laddonia, Missouri. He expects to spend a short vacation there.  
 J. K. Wallingford, returned Sunday evening from a business visit to Tulsa, Oklahoma, San Antonio and Abilene, Texas.  
 E. Adair, of Carlsbad, salesman for the Majestic Refrigerator and Radio was attending to business matters here Monday.  
 Mrs. Perley George and daughter, Mattie, who are staying in Carlsbad while Mattie attends summer school spent the week end at home.  
 Omer Kersey, Harold Adkinson accompanied by the Misses Helene Birdwell and Billie Tenner all of Alamogordo, spent Sunday in Artesia.  
 J. W. Withers returned Friday from a week's vacation from the Sanitary grocery, which he spent visiting Jal, Pyote, Pecos and Queen.  
 Ray Lewis, son of Mrs. Ethel Lewis underwent an operation for the removal of his tonsils here Tuesday and is reported to be convalescing nicely.  
 R. G. Knoedler and family left Sunday morning for a month's visit to relatives in Illinois going by way of Colorado. Miss Reva Knoedler who has been spending a month here with her brother and family, accompanied them home.  
 Mr. and Mrs. Joe Clayton and daughter, Pauline, arrived home Saturday from Long Beach, California, where Mrs. Clayton, with Pauline, had been for a couple of months visiting another daughter. Mrs. Mrs. Clarence Stoldt and baby, who went to California with her mother, returned by train to her home at Blackwell, Oklahoma several weeks ago.  
 Mr. and Mrs. M. H. Ferriman and son, George Holden, came last Friday from Longmont, Colorado for a visit with old friends. On Sunday morning in company with their hosts, Mr. and Mrs. C. A. Bulot and children, and Mrs. Mabel Welton, they drove up to Ruidoso and with Mrs. Welton, remained there in their summer cabin until Tuesday, when they returned here to spend the remainder of the week. The Bulots came back from the mountains Sunday evening.  
 "Who broke your window, Mrs. Higgs?"  
 "Me husband, dearie. He ducked."

**ARTESIA-SACRAMENTO CAMP NOTES**  
 Mrs. C. E. Mann and children, Mrs. Fred Cole and baby and Mrs. Tex Henson returned Sunday evening from the camp, where they had been spending several weeks in the Citizen's State Bank Cabin. The men of the families were up at the camp for the week end.  
 A birthday party was a thrilling event for the children at the camp. Little Hattie Ruth Cole was the honoree of the party and had a cake with candles for her birthday which occurred last Thursday. Eleven children participated in the party and had a splendid time.  
 E. A. Hannah took his family back to their cabin in the camp Sunday, returning Monday. The family will probably remain a few weeks.  
 Jim Bates took his family up to the camp last Thursday and after a short stay returned leaving the family there.  
 Mrs. E. N. Bigler has returned to their cabin in the camp, joining Miss Ruth Bigler, who had remained in the mountains. Mr. Bigler was also there taking his brother and family up, who are here from Kansas for a visit.  
 Mrs. Albert T. Woods and daughters spent the week end at the camp guests of Mrs. L. P. Evans.

# Social Activities

COMPLIMENTARY TO  
MRS. M. H. FERRIMAN

Complimentary to Mrs. M. H. Ferriman, of Longmont, Colorado, her house guest, Mrs. C. A. Bulot was at home to a few friends informally last Saturday afternoon. The time was spent pleasantly in renewing old friendships, visiting and needlework. The hostess served delicious refreshments. Those present were, besides the honoree, Mesdames Brooks, M. A. Corbin, J. J. Clarke, Chester Russell, Mabel Welton and the hostess.

## HONORING MISS KNOEDLER

Miss Reva Knoedler was the honor guest at two pleasant informal social affairs last week. The first was a social evening at the home of Dr. Stroup, last Wednesday night, and the second a small bridge party given by Miss Margaret Phillips, on Thursday night. Light refreshments were served on both occasions.

## BRIDGE BREAKFAST

Mrs. J. M. Story entertained the Idlewhites Bridge club at a lovely two course breakfast at 8:30 o'clock Tuesday. There were four substitutes, Mesdames Hightower, Elza Swift, and Virgil Wells and Miss Dora Russell.

## BRIDGE LUNCHEON

Mrs. R. D. Compton entertained a few ladies at luncheon Tuesday in honor of her mother, Mrs. Wm. Compton. The luncheon, which was served in two courses, was at one o'clock and was followed by bridge. Besides the honoree the other guests were Mesdames S. D. Gates, J. P. Lowry and E. J. Brooks.

## BEAUTIFUL TEA COMPLIMENT

The charm of summer garden flowers gorgeous dahlias, stately gladioli, fragrant roses, colorful zinnias were used with lavish hand in house decoration when this afternoon the Charles de Bremond American Legion Auxiliary gave a tea of dignity and beauty at the Boellner home, 508 North Missouri avenue, honoring Mrs. J. A. Richards of Artesia, state president. Pink and green was also used in the artistic decoration of the tea table at which Mrs. Arden Boellner president of the Roswell unit and Mrs. Frank Seale, president of the Artesia auxiliary, presided. Pink roses and ferns centered the beautifully laid table which was lighted with pink and green tapers. Pink and green ices, small cakes, mints were served with iced tea. Mesdames J. D. Atwood, John C. Peck, Reed Mulkey, Charles H. Lutz, H. A. Ingalls, Thomas J. Hall, O. N. Wherrett, D. C. Lundgren served. Mrs. R. C. Worswick greeted the twenty members of the Artesia auxiliary and the sixty members and friends of the Roswell unit who availed themselves of meeting Mrs. Richards and enjoying the gracious hospitality of Mrs. Boellner.

In the formal receiving line with Mrs. Richards were Mrs. H. A. Stroup of Artesia, state secretary, Mrs. W. H. McCullough, state treasurer and Mrs. O. R. Haymaker, state chairman of rehabilitation. A beautiful bouquet of American Beauty rose buds was presented to Mrs. Richards by the Roswell auxiliary.—Roswell Record.

## MRS. KEINATH HONORED

Mrs. Bernard Cleve of Elk entertained at bridge last Saturday afternoon at the home of her sister, Mrs. Jim Berry, complimenting her old school friend, Mrs. Harold Keinath of Los Angeles. Refreshments of brick ice cream and angel food cake were served. The guests, who were principally old school mates of the honor guest and hostess, were, Mesdames Bill Linell, Landis Feather, Fred Brainard, Elzie Swift, Stephen Lanning, Reed Brainard, Charley Martin and Wallace Anderson and the Misses Esther and Ruth Morgan and Dora Russell.

## CHARMING ONE O'CLOCK LUNCHEON TUESDAY

Mrs. R. C. Worswick presided over a charming one o'clock luncheon at Kipling's Tuesday. Shasta daisies and ferns, dainty and cool, adorned the attractively laid luncheon table at which a delicious three course menu was served. Seated with Mrs. Worswick were, Mesdames J. A. Richards, H. A. Stroup, F. W. Seale, F. A. Linell all of Artesia, and Mesdames O. R. Haymaker, W. H. McCullough, Arden Poellner, G. P. Tompkins of Wichita, Kansas.—Roswell Record.

Mrs. W. G. Jones, Miss Myrtle Jones and Joe Jones, of Lake Arthur, spent Sunday here with Mrs. James Christman, while Mr. Jones was filling his appointment at the Methodist church at Dayton.

## Social Calendar

TELEPHONE 217

### FRIDAY

The Cemetery Association will meet at the home of Mrs. Walter Douglas at 2:30 p. m.

The low score members of the Idlewhites Bridge club will entertain the high scores at a picnic supper at the M. W. Evans home.

### MONDAY

The Library Board will meet at the library at 3:00 p. m.

## LOCALS

Margaret Young, of Roswell, was in town yesterday visiting Pauline Clayton.

Stephen Lanning was in Las Cruces and El Paso this week on a short business trip.

Ernest Koen of Carlsbad is substituting in the McAdoo Drug Co., for a few days.

Mrs. J. E. Taylor underwent an operation at St. Mary's hospital in Roswell Sunday.

Leonard Jernigan and wife moved to Clovis, where he will be engaged in the tailoring business.

Mrs. A. C. Kimbrough, Miss Evelyn Kimbrough and Miss Margaret Frisch were Roswell visitors Friday.

Mr. and Mrs. Lee Francis and Mrs. Preston Dunn returned the last of the week from a trip to Colorado.

Mrs. W. S. French and Miss Ruth French accompanied Mr. and Mrs. H. R. Young home to Hurley, Friday, returning Sunday.

T. C. Bird returned from Boulder, Colorado, where he has been attending the University summer school. Mrs. Bird drove to Roswell to meet him.

Mrs. R. L. Collins of Hagerman spent Tuesday here visiting her parents, Mr. and Mrs. S. G. White. Mr. Collins visited here a short time Tuesday evening.

Mrs. Bernard Cleve and two small sons returned yesterday morning to their home at Elk, after a visit to her parents, Mr. and Mrs. D. S. Martin and other relatives here.

Mrs. Ferris Arnold has been here from Roswell the past week visiting her parents, Mr. and Mrs. Beecher Rowan. Miss Aline Rowan, Miss Marjorie McLean and Miss La Rue Mann drove to Roswell with her yesterday morning returning in the evening.

Miss Marjorie McLean is here from Dimmett, Texas, visiting her grand parents, Mr. and Mrs. Beecher Rowan. Her brother, Charley and sister Emily, drove over with her and returned home on Sunday.

The list of names of those attending the Auxiliary tea in Roswell in addition to those already mentioned in luncheon notice: Mesdames J. L. Truett, Aleck McGonagill, Ray Williams, Charles Dungan, Jim Haskins, Myron Bruning, George Dungan, Bert Sinclair, Gail Hamilton, Earl Darst and J. L. Briscoe.

## CELEBRATES 6th BIRTHDAY

A lively birthday party occurred at the Presbyterian manse Saturday when John Sinclair celebrated his sixth birthday. A number of John's little friends participated in the celebration. Games were played on the lawn after which refreshments were served. Among those present were Jackie Don Woodside, James Robertson, Grant Scoggins, Wayne Truett, Jess and John Truett, Max and Perry Schulze, Bobby Collins, Anadel Williams, Hardin Lauderdale, Mary Frances Lauderdale, Earl Bowman, Ethel Mae Bowman, Chester Bowman, Barbara Wheatley and the brothers and sisters of the honoree.

## FAREWELL PARTY

The members of the Church of Christ had a lawn party at the home of Mr. and Mrs. Dave Beckett Tuesday evening in honor of the P. S. Aikins family, who left this week for their home near Brownwood, Texas. The evening was spent very enjoyably in visiting and in playing outdoor games and refreshments of watermelon were served. About seventy-five were present to enjoy the good time.

## KREMER MAKES REPORT ON COMMITTEES VISIT TO THE STATE CAPITOL

In order to inform the public as to the results of our trip to Santa Fe, I am asking that you, through the medium of your paper, give due publicity to the following:

A committee consisting of Mark Corbin, A. L. Mount, W. M. Dooley, G. S. Deane, J. E. Robertson and L. N. Kremer, manager of the Chamber of Commerce, made a trip to Santa Fe on July 22nd for the purpose of presenting a brief and supporting argument in behalf of the construction of a surfaced road connecting the oil fields of New Mexico with the central sections of the state. The route advocated by the Artesia delegation was by way of Hobbs, Lovington, Maljamar, Jackson, and the Artesia oil fields, Lake Arthur, Hagerman, Dexter, and Roswell.

In preparation of our brief we secured data concerning mileage of the various routes that we knew would be advanced. We also compiled and presented data concerning, material, oiling costs, reconstruction costs, service to immediate area, service to state, service to oil industry, data regarding mileages from tourist standpoint, mileages for use of oil industries, mileage to Cloudcroft, Carlsbad Caverns, Lincoln National forest and other points in the state. In fact we presented a brief that analyzed all routes that might have been advanced and were prepared to answer any question that might be propounded. In all frankness I state that the brief presented by the Artesia Chamber of Commerce was one that presented our case in its true and accurate form. Copies of this brief are available at the office for the information of any citizen of this city.

In presenting our case to the highway commission we knew that we would be answered the same as was Carlsbad and Roswell delegations, namely, "The State Highway Commission has not the money to build such a road." One point which I desire to make clear to all of our citizens and that is, we knew that the highway commission had budgeted their funds for the year and did not have money available to build the road we were asking unless special measures calculated to provide more money could be taken.

Prior to the trip to Santa Fe our Chamber of Commerce had sent committees to the various parts of the state for the purpose of interviewing men, connected with the affairs of the state, in working out some method of financing a road. In fact we prepared the ground work in a most thorough manner and were prepared to press our case before the commission in a most intelligent manner.

First, the commission were formally asked to provide a road that would serve and save the oil business for New Mexico. We presented argument in support of our contention that such a road was a necessity.

Second we asked the commission to consider the arguments in support of a route via Hobbs, Lovington, Maljamar and other oil fields, Artesia, Lake Arthur, Hagerman, Dexter and Roswell. We accepted the premises that Roswell should be the natural outlet for the oil travel to the central sections of the state. We argued for the most logical connection between the Hobbs and other oil fields and Roswell. Our supporting arguments show conclusively that the most feasible, economical and serviceable connection is by way of Artesia.

Third, we suggested the calling of a special session of the legislature to provide the funds necessary to construct a road to save the oil business for New Mexico.

Fourth, knowing that it was impossible to secure immediate action on the major proposition, on account of no funds, we asked and received considerable aid on the present road. We asked and were granted emergency assistance that will greatly improve the condition of the road and such work as was authorized will greatly improve the permanent structure of No. 83. In fairness to all concerned I will state that our committee received as much constructive appearing before the commission. If interested parties will communicate with any member of the committee they will be informed in detail.

L. N. KREMER.

## CARD OF THANKS

We wish to thank our many friends for their kindness during the illness and death of our son and brother, Albert. Also for the beautiful floral offerings.

Mrs. John Vogel and family, R. L. Vogel and family, J. M. Vogel and family, F. M. Houghtaling and family, E. P. Back and family, Harry Wilson and family of Pampa, Texas and John Vogel and family of Shelbyville, Tennessee. 33-1tp

## KEEP COOL

Electric Fans for Closed Cars

**BIDS ON NATURAL GAS DEVELOPMENT WILL BE OPENED AUGUST 2ND**

**SANTA FE**—Natural gas development in New Mexico is reflected in the present advertised auction by the United States department of interior of 4,720 acres of the Barker Dome area in the northwestern section of New Mexico. This sale will be in Santa Fe on August 2, before special commissioner H. J. Hagerman, to open up that area for gas development. The gas fields of the San Juan area are already producing wells with from thirty million to seventy-five million cubic feet of gas daily, and the Southern Union Gas Company which holds franchises in Albuquerque, Santa Fe and Las Vegas, seeks to increase its production. The Southern Union company now obtains its gas from the Midwest and the Producers and Refiners company products in the San Juan area. This will be the fourth lease sale held by the department of interior on the northwestern Indian lands since 1924. The first leases were bought by Midwest, the second by the Producers and Refiners and the third by the Gypsy Oil Company.

The church has decided to have prayer meeting on Wednesday evenings starting at 8:00 p. m., so remember from now on there will be services every Wednesday evening. Come and study the Bible with us? Everybody welcome. Tuesday evening the members of the church met at Mr. and Mrs. Dave Beckett's home and a large number enjoyed the playing of games and getting better acquainted and having a good time. A big watermelon feed was the last part of the evening's entertainment and all present went home happy. We hope to have a large attendance at Bible school next Lord's day. Visitors are always welcome.

**ASSEMBLY OF GOD CHURCH**

**HOW FAT MEN CAN LOSE HALF A POUND A DAY**

A simple way to get rid of fat and quickly feel in good mind the joy of living. The way, too—for every time this easy method is used, unwanted and unneeded fat is reduced, vigor and energy gain in energy, vigor and energy. In ten obesity means means that your blood is thick with fat. The organs need to keep active, ambitious and energetic. Take one teaspoonful of Kruschen Salts every morning in a glass of cold water you get the salts which modern medicine do not supply. Kruschen Salts—that's the easy way to reduce—take them with the idea of reducing qualities. What they do—they clean out your blood by removing the kidneys and liver

in splendid working shape and fill you with a vigor and tireless energy you'd most forgotten had existed. The urge for activity will be so marked that even at the end of a hard day's work you'll feel ready for any social activity or recreation—you can play as hard as you work. And after two weeks your excess flesh starts to go—you'll know it—feel it—see it—the scales will tell the story. As one, once corpulent man remarked—"I feel so energetic that I want to get up with the lark and I'm just as lively as a cricket." Kruschen Salts is not a purgative or a cathartic, but a real system conditioner and for those who are the victims of constipation or toxemia its daily use soon means blissful regularity. Get an 85 cent bottle of Kruschen Salts—last 4 weeks—at McAdoo Drug Company, or Mann Drug Company, or any druggist in the world.

**PICKED UP ON MAIN**

We used to tell the people that our native state was Texas, but not since Ma Ferguson got in the run-off. From now on we tell them that we're from Georgia, Higgins native state.

Mark Corbin has challenged us to a race in our stocking feet down the bed of Rocky Arroya, since he helped push a car thru a rocky draw en route to Santa Fe, we declined because Mark has had too much practice.

It wasn't oil business that carried Chet. Dexter back in Texas. He wanted to teach the Texans the 1930 psalm of Hoover.

**SUPER-SALESMANSHIP**

Sergeant O'Neill came upon a down-hearted Smith contemplating suicide from the Brooklyn Bridge. "Before you commit this act," said the sergeant, "talk it over for fifteen minutes with me." Whereupon the two strolled over to a bench and conversed for fifteen minutes. Presently they both walk-

ed back to the bridge and jumped over together!—Exchange.

**CHEVROLET Six-Cylinder Trucks**

**Bigger, Faster, Sturdier and more economical**

In size, speed and durability, the Chevrolet Six-Cylinder Truck is superior to any haulage unit ever built by Chevrolet. Yet, for all these decided advantages, it shows (according to many prominent fleet users) a lower maintenance cost than any other low-priced truck of similar capacity! These basic facts should be borne in mind by everyone considering the purchase of an inexpensive haulage unit—because capacity, speed, ruggedness and operating economy are the big points to consider in these days when business men are watching transportation costs. Many important features of the Chevrolet Six-Cylinder Truck are given below. Study them carefully. Then use them as a basis of comparison—to prove quality—to prove modern design—to prove OUTSTANDING VALUE!

**NOTICE OF PENDENCY OF SUIT**

In The District Court Of Eddy County, State Of New Mexico

THE CHRISTIAN WOMEN'S BOARD OF MISSIONS, a corporation, Plaintiff Vs.

WILLIAM E. CLARK & GRACE H. CLARK, HIS WIFE, JAMES H. CLARK, M. O. WILLIAMS, B. P. WILLIAMS, LENA E. McCANNE & DAVID J. McCANN, HER HUSBAND, AND ALL OF THE UNKNOWN HEIRS OF EACH AND ALL OF SAID DEFENDANTS AND ALL UNKNOWN CLAIMANTS, Defendants. No. 5029.

To each and all of the above named defendants:

You and each of you are hereby notified that a suit has been filed against you by the above named Plaintiff, in the above named court, cause Number 5029, in which the said Plaintiff prays for a decree against you and each of you,

1. Declaring and adjudging that none of you, the said Defendants, have any estate, title or interest whatsoever in or to the following described lands and premises to-wit:

The east half of the southeast quarter, and the southeast quarter of the northeast quarter of section eight (8); and the west half of the southwest quarter and the southwest quarter of the northwest quarter of section nine (9), all in township 16 south, range 26 east, N. M. P. M., together with two flowing artesian wells, one, six inch, and one, eight inch, located on said premises and full water rights therefrom.

2. That the Defendants and each of them be forever enjoined and debarred from asserting any claim whatsoever in or to said lands and premises adverse to Plaintiff, and that Plaintiff's title to said premises be forever quieted.

You and each of you are further notified that unless you enter your appearances in said cause on or before the 12th day of September, 1930, a decree pro-confesso will be taken and rendered against you and the relief prayed for in Plaintiff's Complaint will be granted.

Plaintiff's Attorney is G. U. McCrary, and his Post Office Address is Artesia, New Mexico.

Signed and dated this 23rd day of July, 1930.

(SEAL)  
THELMA T. LUSK,  
District Clerk.  
32-4t By Norma T. Powers.

**COMMISSIONERS PROCEEDINGS**

BE IT REMEMBERED, That the Board of County Commissioners of Eddy County, New Mexico, met in regular session at ten o'clock a. m. on the 7th day of July, 1930, at which meeting the following proceedings were had:

Present and presiding: C. E. Mann, Chairman. Marvin Livingston, Commissioner Dist. No. 1. C. W. Beeman, Commissioner Dist. No. 3. Joe Johns, Sheriff. Thelma T. Lusk, Clerk. Minutes for last quarter were read and approved.

The viewers appointed on April 7th, 1930 filed their report on June 26th, 1930, which read as follows: "Report of Viewers on proposed county road from Malaga to intersection with Carlsbad Cavern Highway.

Carlsbad, New Mexico, June 10, 1930.

To the Honorable Board of County Commissioners of Eddy County, New Mexico:

We, the Board of Viewers appointed by you at your regular meeting in April 1930, to view the above mentioned road, met at Malaga, Eddy County, New Mexico, at 9:00 a. m., May 5, 1930, and proceeded to go over and view the proposed route. We found the route as proposed to be subject to a number of disadvantages as it passes through a large amount of cultivated land and over some very rough country. We find the following described route which serves the same purposes equally well to be preferable; commencing at Malaga thence west along the present traveled road to the Harkey crossing of Black river, thence southwesterly on the north side of Black river to the Crawford-Smith tourist camp, northwest about one mile, thence west to the intersection with the Carlsbad Cavern Highway.

We did not have a survey made of this route as we considered it an unnecessary expense until a more definite location was decided upon.

Respectfully Submitted,  
C. L. WHITE,  
J. F. FOREHAND,  
J. W. LEWIS,

Board of Viewers." By motion duly made and carried it is made the order of the Board that said report be disapproved since it does not comply with the law relating to viewers' reports.

It was made the order of the Board that \$50.00 be allowed from the road fund to apply on road work to Sitting Bull Falls on condition that the Chamber of Commerce of Carlsbad contribute a like amount

for the same purpose.

The State Highway Department has located, and the Federal Bureau of Roads has approved, a route for a new highway known as Federal Aid Project No. 131-A Reopened and the matter of designating, laying out, constructing and opening for public travel the said highway came up for consideration, and it was ordered by the Board that said road be declared a public highway, and that the District Attorney of this district be and he is directed to take the proper steps toward securing the right of way for such highway.

It was made the order of the Board that Warrants No. 13143 to 13227 be issued in payment of claims this day allowed.

Whereupon the Board adjourned until July 17th, 1930 at ten o'clock a. m.

C. E. MANN, Chairman  
Attest: THELMA T. LUSK, Clerk.

BE IT REMEMBERED, that the Board of County Commissioners of Eddy County New Mexico met on the 17th day of July, 1930 at ten o'clock a. m., pursuant to adjournment had on the 7th day of July, 1930, at which time the following proceedings were had:

Present and presiding:

C. E. Mann, Chairman. Marvin Livingston, Commissioner Dist. No. 1. C. W. Beeman, Commissioner Dist. No. 3. Joe Johns, Sheriff. Thelma T. Lusk, Clerk.

Mr. R. L. Ormsbee and Mr. R. E. Logan were present and assisted the commissioners in the making of their county budget for the ensuing year beginning July 1st, 1930, which was prepared subject to the final approval of the State Tax Commission.

Contract for the purchase of one Allis Chalmers Monarch "75" equipped with Manganese tracks, steel plates and electrical equipment, was entered into with Sheehan and Co., of El Paso, Texas, delivery to be made at an early date.

Bids for auditing the books and records of Eddy County were opened and read, bids having been received as follows:

From Ralph A. Shugart—\$1,875.00 for a complete audit of Eddy County, New Mexico, for the period from January 1, 1928 to June 30, 1930.

From Lon M. Fletcher—for a detailed audit of Eddy County for the period Jan. 1, 1928 to June 30, 1930, at the following rates: 1 auditor to be paid \$25.00 per day; other auditors to be paid \$20.00 per day, estimate on audit exclusive of County School Superintendent's office, is from \$500.00 to \$600.00 per audit year. Estimate on the records of the County School Superintendent is \$150.00 per audit year.

From Bixler and Deisler—complete audit of the books and records of Eddy County at a maximum price of \$1,500.00.

It was moved and carried that the contract for the audit be awarded Bixler and Deisler of Las Cruces and contract is duly made and signed by the Board, in accordance with said bid, and sent to the State Comptroller for his approval.

A petition signed by more than ten freeholders living within two miles of the proposed road requesting that a public road sixty feet wide be established, laid out and declared open in the County of Eddy, State of New Mexico, was presented and filed with the County Commissioners. Said proposed road was described as follows:

Beginning at a point on the section line, between Sections 10 and 15, in Twp. 24-South, Range 28-East, where the Carlsbad-Pecos Highway intersects said section line, at the town of Malaga, New Mexico, thence west along the section line between sections 10 and 15, 9 and 16, 8 and 17, 7 and 18, in Twp. 24-South, Range 28-East, and west along said section line between sections 12 and 13, 11 and 14, 10 and 15, 9 and 16, 8 and 17, 7 and 18, in Twp. 24-South, Range 27-East, to the section corner common to sections 7 and 18, in Twp. 24-South, Range 27-East and Section 12 and 13, in Twp. 24-South, Range 26-East; thence, in a southwesterly direction to approximately the center of Section 24, Twp. 24-South, Range 26-East; thence, in a westerly direction to the Carlsbad Cavern-El Paso Highway.

It is then made the order of the Board that John F. Forehand, Sid H. Brown and Bob James be and they hereby are appointed viewers to view and mark out the road sought to be obtained, the time and place of their meeting to be at nine o'clock a. m. on the 4th day of August, 1930 at the starting point of said road.

The Clerk is authorized and instructed to issue warrant to the viewers and post notices as provided by law.

The petitioners deposited with the county clerk their check in the sum of \$150.00, said sum being fixed by the board of county commissioners to defray the expense of viewing the proposed road.

It was made the order of the Board that Warrants No. 13228 to 13235 be issued in payment of claims this day allowed.

Whereupon the Board adjourned, subject to call.

C. E. MANN, Chairman  
Attest: THELMA T. LUSK, Clerk.  
33-1t

**STERLING--FERGUSON WILL BE IN RUN OFF IN 2ND TEXAS PRIMARY**

DALLAS, Texas—Mrs. Miriam A. Ferguson, Texas' first woman governor, seeking to come back after her defeat for reelection in 1926, was 60,810 votes ahead of Ross Sterling of Houston, wealthy newspaper publisher, when the Texas election bureau announced its latest count, of Saturday's primary returns Tuesday.

Mrs. Ferguson and Sterling had already started the preliminaries incident to the August 23 run-off primary when the democrats will make a choice between the two. In the latest tabulation Mrs. Ferguson had 215,863 votes, Sterling 155,053, Clint Small 117,383 and Tom Love 75,135.

The election bureau's computation had accounted for 740,319 votes in 246 of the 253 counties, 123 complete. U. S. Senator Morris Sheppard was renominated without the necessity of a run-off and without making a single speech. He received 443,953 votes to 147,627 for Henry and 33,572 for Mitchner.

Former Governor Pat M. Neff lacked 8,568 votes of a majority over his three opponents for railroad commissioner. He had 308,910, Hatcher 145,223, Johnson 91,382 and Patton 80,813.

There are to be four other run-off races, for lieutenant governor, attorney general, treasurer and commissioner of agriculture. Senator Edgar E. Witt of Waco, still was leading for lieutenant governor with 151,806 votes, with Sterling P. Strong, of Dallas, close behind, with 143,693.

J. V. Alfred, of Wichita Falls maintained his lead over Robert Lee Bobbitt of Laredo for attorney general, the vote being 245,842 to 224,254.

John E. Davis, of Mesquite with 178,889 was leading Charles Lockhart of Austin with 157,551 for state treasurer.

J. E. McDonald of Waxahachie and A. H. King of Throckmorton were to run it off for commissioner of agriculture, the vote standing: McDonald 156,742; King 112,004.

**37 FIRES IN LINCOLN FOREST THIS YEAR**

The unit of the United States Forest Service at Alamogordo reports 37 forest fires in the Lincoln forest so far this year and of this number fourteen were man caused. Rains throughout the forest have relieved the fire situation and a number of fire guards have been laid off although several are still on duty in the Sacramento and Weed districts. S. Strickland assistant supervisor and Ranger J. A. Work left Saturday for Flagstaff, Arizona to attend a ten day training camp in timber sales work.

**SORE BURNING TIRED ACHING FEET**

It Works Miracles With

A new discovery—so please do not get it mixed up in your mind with the failures you have tried before. They call it Radox and your feet can be so tired and weary—so sore and inflamed that every step you take is torture—your poor feet burn and ache all day long.

Just a footbath tonight with Radox—a joyous invigorating foot bath—directions come with each package—and when you walk without misery or distress tomorrow if you don't say it is the most wonderful discovery to make ailing feet strong and vigorous—money back.

If you have corns take a Radox footbath 3 or 4 nights in succession and then pick out the corn roots and all. Get Radox at McAdoo Drug Co., or any live drugstore anywhere.

**WARN TOURISTS WATCH FOR DETRITUS WASHES**

SANTA FE—The Highway Department issued a warning recently to all touring bureaus to explain to tourists the need of care on mountain road driving during the rainy season.

"Trouble with detritus, or small slides of rock and dirt, washing onto the roads is experienced every year during the rainy season," the warning reads. "Please explain to tourists the necessity of rounding curves with caution and with car under control when driving on sidehill roads. These piles are seldom large enough to block the highway, but if hit at a high rate of speed are liable to cause the driver to lose control of his car. If travelers will report such slides to the nearest maintenance man, district office, or to any garage who cooperates with the highway department in road report issuance, it will greatly facilitate travel for others. Emergency methods will be used to care for all such conditions immediately after they are reported or found out by highway employees. Road report stations are particularly asked to cooperate at this time by advising nearest highway employee of any road damage so that immediate attention may be given."

**HEAT POPS CORN RIGHT ON STALK**

ATLANTA, Georgia — The heat wave in the south has brought, among other things, a story of pop corn popping on the stalk in a garden baked by the sun's torrid rays. Mrs. Claude Phillips, a resident of Quitman, Georgia, said she went to inspect her garden during the heat of the day and found the corn popped and ready for eating, in a parched shock.

Editor's Note—Some of the horses in a nearby field saw it and thought it was snow and froze to death.

**FALL OF PLANE FATAL FOR TRIO EAST OF HOBBS**

NEW HOBBS—A pilot and two passengers were dead Saturday following an airplane crash one and one half miles east of here Friday evening. The dead are W. L. Masior, pilot of Pawhuska, Oklahoma; W. R. Lion, of the Lion Pipe Line Co., of Hobbs and Miss Hattie Thomas, 20 of Hobbs.

Mosier came here three days ago to organize a flying school. Friday evening he had circled the field for about twenty minutes when the plane sideslipped and crashed. It burst into flames as it struck the ground and its three occupants were burned.

The ship was a monoplane.

LEGAL ADVERTISEMENTS

NOTICE OF PENDENCY OF SUIT IN THE DISTRICT COURT OF EDDY COUNTY STATE OF NEW MEXICO

LORENA CROUCH, Plaintiff. Vs. MRS. MARY L. COBURN, MRS. GRACE M. WHITTMORE, FRANK COBURN, JULIA CLARK COBURN, MARY AGNES COLBY, AND THE UNKNOWN HEIRS OF JAMES M. COBURN DECEASED, AND ALL UNKNOWN PERSONS CLAIMING AN INTEREST OR TITLE ADVERSE TO PLAINTIFF. Defendants.

STATE OF NEW MEXICO: To Mrs. Mary L. Coburn, Mrs. Grace M. Whitmore, Frank Coburn, Julia Clark Coburn, Mary Agnes Colby, and the unknown heirs of James M. Coburn, deceased, and all unknown persons claiming an interest or title adverse to plaintiff, GREETING:

You and each of you are hereby notified that a Civil Action is now pending in the District Court of Eddy County, New Mexico wherein Lorena Crouch is Plaintiff and you and each of you are the defendants, Cause Number 5022 on the Civil Docket of said Court; that the general nature and objects of said action are to quiet and set at rest the title of the Plaintiff in and to the following described real estate situated lying and being in the Town of Artesia, Eddy County, New Mexico-to-wit:

Lots 12, 14, 16, 18 and 20, in Block 8; and Lots 2, 4, 6, 8, 10, and 12, in Block 15, all in the Original Town of Artesia, Eddy County, New Mexico.

and to bar and estop you and each of you from having or claiming any right, title or interest in or any lien upon said property adverse to the Plaintiff.

You and each of you are further notified that unless you enter your appearances in said cause on or before the 22 day of August, 1930, judgment will be taken against you by default as prayed for in Plaintiff's Complaint.

G. U. McCrary, whose Post Office address is Artesia, New Mexico is Attorney for Plaintiff.

WITNESS my hand and seal as Clerk of said Court this 8th day of July, 1930.

(SEAL) THELMA T. LUSK, County Clerk. 30-4t

NOTICE OF PUBLIC SALE BY SPECIAL MASTER UNDER DECREE OF FORECLOSURE OF LIEN

NOTICE IS HEREBY GIVEN that under and by virtue of the terms of a certain decree of foreclosure and sale entered June 23, 1930, in a cause pending in the District Court of Eddy County, New Mexico, wherein Big Jo Lumber Company, a corporation, is plaintiff, and the Pecos Valley Development & Engineering Company and others are defendants, which cause is No. 4921 on the Civil Docket of said court, the undersigned special master appointed by the court for the purposes of the sale hereinafter mentioned, and named in said decree, will, on Saturday, August 23, 1930, at 10:00 o'clock a. m., at the south front door of the Artesia Hotel in Artesia, N. M., offer at public sale, and sell to the highest bidder for cash, the property known as the Artesia Hotel in Artesia, N. M., and particularly described as Lots 2, 4, 6 and 8, in Block 6 of the Original Town of Artesia, Eddy County, New Mexico, together with all improvements thereon, said property to be sold free and clear of all liens or other incumbrances, except state and county taxes, and liens for principal and interest upon paving assessments, if any.

That said sale is upon final decree entered in suit to foreclose certain liens for materials and labor furnished in the erection and construction of the building upon said property, and that the preferred claims against property as secured by said liens and found by the court, amount to \$84,222, together with interest thereon at 6% per annum from December 1, 1929, and together with 10% attorney's fees thereon as allowed by the court, and that the general claims established against said property, and found by the court, amount to \$17,248.94, and the proceeds from said property, when said sale is approved by the court, will be distributed as provided in said decree.

NOTICE IS FURTHER GIVEN that under and by virtue of the provisions of said decree, said property shall be sold for not less than \$90,000, and the terms of said sale are that the successful bidder must deposit with the special master, at the time of said sale and when said property is struck off to him, cash or approved exchange for the sum of \$10,000, the balance to be paid upon confirmation of said sale by the court, and to be forfeited in case of failure of said successful bidder to complete said purchase and pay the balance of the purchase price.

Dated at Artesia, N. M., this 9th day of July, 1930.

CHARLES E. MANN, Special Master. 30-4t

NOTICE

The Lake Arthur Board of Education of School District No. 20, will let to the lowest and best bidder the following truck lines, on August 4th, 1930 at eight o'clock p. m.:

All bids should be sent to Mrs. Lina A. Manda, Secretary of the Board of Education.

The Board reserves the right to reject any and all bids.

BOARD OF EDUCATION, Artesia Municipal School Dist. No. 16, Eddy County, New Mexico.

By LINA A. MANDA, Secretary. 30-4t

NOTICE OF PENDENCY OF SUIT IN THE DISTRICT COURT OF EDDY COUNTY NEW MEXICO

J. M. JACKSON and J. H. JACKSON, Plaintiffs, Vs.

J. M. RADFORD GROCERY COMPANY, a Corporation, Defendant. Impleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to-wit: KATHERINE HALSEY, formerly known as Nannie Fletcher, if living but if dead all her unknown heirs, G. C. JENSEN if living but if dead all his unknown heirs, the AETNA BUILDING ASSOCIATION, a Corporation, and all unknown persons who may claim any lien, interest, or title adverse to the plaintiffs, Defendants. No. 5024.

STATE OF NEW MEXICO:

To Katherine Halsey, formerly known as Nannie Fletcher, if living but if dead all her unknown heirs, G. C. Jensen, if living but if dead all his unknown heirs, and all unknown persons who may claim any claim, interest or title adverse to plaintiffs, GREETING:

You and each of you are hereby notified that a Civil Action is now pending in the District Court of Eddy County, New Mexico wherein J. M. Jackson and J. H. Jackson are plaintiffs, and you and each of you are the defendants, Cause No. 5024 on the Civil Docket of said district court; that the general nature and object of said action are to quiet and set at rest the title of the plaintiffs in and to the following described real estate, premises, interest in artesian well, and ditch right of way situated, lying and being in the County of Eddy, State of New Mexico and more particularly described as follows, to-wit:

The Southeast quarter of the Southeast quarter (SE 1/4 SE 1/4) of Section Twenty-one (21), Township Seventeen (17) South, Range Twenty-six (26) East, N. M. P. M., containing 40 acres, as per U. S. Government Survey and also a 1-7 interest in and to an artesian well located on the northeast quarter of the northwest quarter of Section 28, Township 17 South, and Range 26 East and of the water flowing therefrom and contained therein and also an easement or ditch right of way through which to convey the said water to the said SE 1/4 of the SE 1/4 of Sec. 21, Twp. 17-S., and Range 26 East, beginning at the said well thence north 70 feet; thence south 78 degrees and 30 minutes, east 475 feet to a point 41 feet north of the southeast corner of the northeast quarter of the northwest quarter of Sec. 28; thence east and parallel to the south line of the Northwest quarter of the Northeast quarter of Section 28, to a point 41 feet north and 600 feet west of the southeast corner of the northeast quarter of Section 28; thence in a northeasterly direction to a point 61 feet west of and 610 feet north of the southwest corner of the southeast quarter of the southeast quarter of section 21; thence east to a point 8 feet east and 45 feet north of the southwest corner of the southeast quarter of the southeast quarter of section 21, this being the land onto which water is intended to be used, and to bar and estop you and each of you from having or claiming any right, title or interest in or any lien upon or against said property adverse to the plaintiffs.

You and each of you are further notified that unless you enter your appearance in said cause at the Court House in Carlsbad, New Mexico on or before Monday, September 15, 1930 judgment will be rendered against you by default as prayed for in plaintiffs' complaint.

You are further notified that J. H. Jackson, whose postoffice address

NOTICE OF HEARING FINAL ACCOUNT, ETC.

THE STATE OF NEW MEXICO: To Mrs. E. J. Conner, John Logan, Trustees of the Church of the Nazarene, W. A. Huffman and Marvin R. Jackson, heirs, legatees and devisees under the last will and testament of said Perry C. Logan, deceased. GREETING:

You are hereby notified that on the 1st day of September, 1930, at 10:00 o'clock a. m., at the Court House at Carlsbad, Eddy County, New Mexico, the said Probate Court will hear objections to the final account and report of A. W. Wilde, executor of the last will and testament of said Perry C. Logan, deceased, the settlement thereof and will proceed to hear and determine the heirship of said decedent, the ownership of said estate and the interest of each respective claimant thereof or therein and the persons entitled to the distribution thereof.

The attorney for said executor is S. E. Ferree and his address is Artesia, New Mexico.

WITNESS, the honorable M. O. Grantham, Probate Judge of Eddy County, New Mexico, and the seal of the Probate Court of Eddy County, New Mexico, this 9th day of July A. D. 1930.

(SEAL) THELMA T. LUSK, Clerk. 31-4t

IN THE PROBATE COURT OF EDDY COUNTY, STATE OF NEW MEXICO

IN THE MATTER OF THE ESTATE OF JOHN POLLARD, Deceased, C. E. MANN, ADMINISTRATOR. No. 523.

NOTICE

Notice is hereby given that C. E. Mann, administrator of the estate of John Pollard, deceased, has filed his final report as administrator of said estate, together with his petition praying for his discharge; that Mrs. M. O. Grantham, Probate Judge of Eddy County, New Mexico, has set the 9th day of September 1930 at the hour of 10:00 o'clock a. m., at the court room of said court in the city of Carlsbad, New Mexico, as the day, time and place for hearing objections, if any there be to said report and petition.

THEREFORE, any person or persons wishing to object are hereby notified to file their objections with the Probate clerk of Eddy County, New Mexico, on or before the date set for said hearing. Signed and dated this 14th day of July, 1930.

(SEAL) THELMA T. LUSK, County Clerk. 31-4t

BIG SPRING MAN SHOOTS WOMAN THEN TURNS GUN ON SELF AT HOBBS

HOBBS—R. H. McAlpine, electrical contractor of Big Spring, Texas, late Thursday night killed himself after seriously wounding Miss Lorean Clark, pretty telephone operator, in a belief that he had shot his wife.

McAlpine died at midnight. Mr. and Mrs. McAlpine were separated and he came to Hobbs Thursday from Big Spring to attempt to induce his wife to return home with him, the local police learned by questioning Mrs. McAlpine.

She refused to return to Big Spring with him, and Thursday night he went to the Clark home where Mrs. McAlpine had been staying for two weeks. He went to the room which he believed was occupied by his wife, and seeing a figure standing before the dresser, fired. The woman in the room was Miss Clark instead of Mrs. McAlpine.

Miss Clark was shot through the body just below the right ribs and her condition Friday was critical.

McAlpine went out of the back door of the Clark home, walked about fifty feet, and then shot himself through the head. The shooting occurred about 11:30 and McAlpine died in half an hour. The McAlpines have two children, one five years old and the other eight.

Meeting the Needs of Millions of People

The low-priced automobile has brought greater opportunity and added hours of recreation to millions of men and women.

BECAUSE the automobile is such an important factor in the lives and prosperity of so many people, the purpose of the Ford Motor Company is something more than the mere manufacture of a motor car.

There is no service in simply setting up a machine or a plant and letting it turn out goods. The service extends into every detail of the business — design, production, the wages paid and the selling price. All are a part of the plan.

The Ford Motor Company looks upon itself as charged with making an automobile that will meet the needs of millions of people and to provide it at a low price. That is its mission. That is its duty and its obligation to the public.

The search for better ways of doing things is never-ending. There is ceaseless, untiring effort to find new methods and new machines that will save steps and time in manufacturing. The Ford plants are, in reality, a great mechanical university, dedicated to the advancement of industry. Many manufacturers come to see and share the progress made.

The greatest progress comes by never standing still. Today's methods, however successful, can never be taken as wholly right. They represent simply the best efforts of the moment. Tomorrow must bring an improvement.

ment in the methods of the day before. Hard work usually finds the way.

Once it was thought impossible to cast gray iron by the endless chain method. All precedent was against it and every previous experiment had failed. But the prices to the public demanded that new methods be eliminated. Finally a way was found.

A better way of making axle shafts saved thirty-six million dollars in four years. A new method of cutting crankshafts reduced the cost by \$500,000 a year. The perfection of a new machine saved an amount on such a little thing as one bolt. Then electric welding was developed to make many bolts unnecessary and to increase structural strength.

Just a little while ago, an endless chain conveyor almost four miles long was stalled at the Rouge plant. This conveyor has a daily capacity of 300,000 pounds weighing more than 2,000,000 pounds. By substituting the tireless, unvarying machine for tasks formerly done by hand it has made the day's work easier for thousands of workers and saved time and money in the manufacture of the car.

All of these things are done in the interest of the public — so that the benefits of reliable, economical transportation may be placed within the means of every one.

FORD MOTOR COMPANY

## LOCALS

R. W. West of Pinon, was trading in towns Saturday.

E. B. Bullock and Jas. P. Bates were visitors at Hobbs Friday.

J. W. Carruth of Ft. Worth, Texas oil operator was a visitor here last week.

Clarence Davidson of Hobbs was attending to business matters here Thursday.

Mrs. Jennie Chambers spent the week end with her son, Fred, and family at Hope.

Mr. Boone, of the ranger service at Mayhill, was in town Saturday accompanied by Mrs. Boone.

Norman Grimm, who had been with friends in Arkansas, for a few weeks returned home Friday evening.

Mrs. A. J. Sandlin underwent an operation for appendicitis at St. Mary's hospital in Roswell Monday.

Mr. and Mrs. A. L. Terpening were here from Dexter over the week end visiting their sons, Ralph and Henry and families.

Mrs. Will Wilson and baby son are here from Oklahoma City, visiting her parents, Mr. and Mrs. U. M. McCaw, and other relatives.

Mrs. Naylor accompanied her daughter, Miss Nola, and Mrs. Alvin Payne and little daughter, on their trip to Fort Worth, Saturday.

Mrs. Henry DeBarry is here from Wilson, Oklahoma for a fortnight visit with her daughter, and husband, Mr. and Mrs. S. B. Barnett.

Mrs. Wink Hardin, of Hope, was in town Saturday from a trip to Texas where she visited her father who is 97 years old and her mother who is over 90.

Mrs. Charles Rogers and sons, Russell and two smaller boys, and Mr. and Mrs. Harry Jernigan spent Sunday with Jim Jackson and family on the ranch near Mayhill.

Austin Stuart drove over to Hobbs Tuesday with his mother, Mrs. John A. Stuart, his sister, Miss Frankie Stuart and his daughter-in-law, Mrs. Wilbur Stuart, who had been here the past week.

Mr. and Mrs. Dow Rowe, Miss Edna Dungan and Herman Green were dinner guests of Mr. and Mrs. Roy Green in Roswell Sunday and were present at the ball game between Roswell and Littlefield.

Mr. and Mrs. D. E. Buckles, Mr. and Mrs. Frank Thomas, Mr. and Mrs. E. R. Conner and Mr. and Mrs. T. E. Hinshaw, enjoyed a picnic dinner at the Walnut Grove in the Lower Penasco community, Sunday.

Mr. and Mrs. C. J. Dexter and Mr. and Mrs. R. H. Henderson, returned from a combined business and pleasure trip to Denver, Ponca City, Oklahoma, Fort Worth and other points in Texas last Thursday.

Mr. and Mrs. M. H. Ferriman and son, George of Longmont, Colorado, arrived here Friday for a visit with friends. The Ferriman family lived in Artesia for a number of years and Mr. Ferriman is a former Artesia merchant.

Mr. and Mrs. A. C. Kimbrough and daughter, Miss Evelyn, drove over to the ranch near Lovington, Sunday, where they expect to spend most of the month of August, coming in for week ends. Miss Margaret Frisch went with them for a short stay.

Mrs. Mary Flanders and two daughters, Mildred and Ruth, who had been visiting Mr. and Mrs. Medical at Hope for a fortnight, were here Friday visiting Mr. and Mrs. Edington Gage. They were en route home to Georgia, stopping to visit in Arkansas on the way.

Kelly Polk came in from Abilene, Texas, Sunday for a short visit with his parents, Mr. and Mrs. Tex Polk. Kelly's wife, who is in Europe this summer, happened to be in Italy in the district affected by the earthquake, and much anxiety felt for her safety as no news has come from her.

Mr. and Mrs. L. L. Clark left Sunday for a visit to Denver, Colorado and other Colorado points. Mr. and Mrs. Clark may drive out to Los Angeles and Long Beach, California before returning home. Julius Terry is managing the dry goods department of the Peoples Mercantile Co., during the absence of Mr. Clark.

John F. Taylor, of Colvis, President of the Plateau Singing convention, was a guest of Senator and Mrs. Moon from Saturday until Monday. The convention, which was held in the school auditorium at Hope, was an unusual success. The auditorium was filled to overflowing and a splendid picnic lunch was served on the school grounds at noon. Many people were down from the mountains to be present.

## Things WORTH KNOWING

More than 31,000,000 visitors enjoyed the recreational opportunities of the national forests in 25 states Alaska and Porto Rico in 1929. About three-fourths of these visitors were transient tourists, and 7 out of 8 traveled in automobiles.

If your sheep, calves or pigs have a husky cough at this time of year, look out for lung-worms. Isolate infested animals and give them special care and feed. Put the animal on high, dry pasture, or put them up and feed dry feed. Give plenty of pure water and provide them with some kind of shade.

An intertilled crop following clover or alfalfa is a good thing in crop rotation, but it is a mistake to grow two or more intertilled crops and several small grain crops in succession on the same land. Two small grain crops of the same kind or two intertilled crops are the maximum number of nonleguminous crops that should be grown in succession.

In the summer, high-producing dairy cows need grain to supplement the pasture. Cows giving more than 20 pounds of milk a day should have in addition to good pasture, 1 pound of grain to each 4 to 6 pounds of milk produced. The grain mixture which may be corn, oats, wheat bran or barley, should be ground. For cows producing more than 35 pounds of milk, there should be at least one high-protein concentrate, linseed-oil meal or cottonseed meal, in the grain ration.

The U. S. Department of Agriculture several years ago experimented with commercial fertilizers to discover a substance that will kill fly larvae in manure and also increase its fertilizing value. One-half pound each of calcium cyanamid and acid phosphate added to each bushel of manure gave a 98 per cent kill of the larvae. The mixture, in powder form, is scattered evenly over the surface and then wet down with water. This mixture adds to the manure two important elements, nitrogen and phosphorus.

Disposal or proper stacking of straw is a very important step in controlling the stable fly, one of the worst pests of livestock throughout the country. Straw stacks are the principal breeding places of this pest, especially in the grain belt. Straw should be kept for bedding or food should be very carefully stacked. Make the sides of the stack nearly vertical and round the top well to shed rain. After the straw is stacked, clean up loose straw or chaff and burn it, straw not needed in the winter should be disposed of immediately after threshing. Plow it under or burn it. Surplus straw should be disposed of in early spring or it will furnish flies continually in spring and summer.

"It's a genuine antique, sir."  
"But you are asking a fearful price for it."  
Well, Sir, look how wages and the cost of materials have gone up!"

### TEXANS TAKE GAME WHEN THE OILERS WEAKEN IN 6TH INNING

One inning proved too costly for the Artesia Oilers, who failed to stop the winning streak of the Littlefield Texas in the feature ball game at Brainard park, Tuesday afternoon. The game was played before a fair sized crowd.

The Oilers managed to hold the lead until the fatal sixth inning, when the visitors bunted in seven scores at the expense of half as many errors by the locals. A home run by Ballard in the seventh inning netted two additional scores for the visitors.

Two double plays by each team were some of the unusual features of Tuesday's contest. For Littlefield a double play was made from M. Ratliff to Graham to Hanks and again from M. Ratliff to Hanks. Two Littlefield players clouted home runs, L. Mueller and Ballard, the home run by the latter was made with one on base. Double plays for Artesia, were made from Crozier to Brainard to White and from Crozier to White. Manda and Willingham each made a two base hit for the locals.

The box score was not available. The Littlefield, Texas lineup was as follows: Walker, rf; M. Ratliff, 2b; A. Mueller, lf; Ballard, 3b; D. Ratliff, c; Hanks, lf; Graham, ss; Cox, cf; Knight, p.

The Artesia lineup: Manda, 3b; Crozier, ss; T. White, c; Brainard, 2b; Roberts, p; G. Rideout, cf; Willingham, lf; Slaughter, rf.

Score by innings:  
123 456 798 R H E  
Littlefield .....110 007 200 11 9 5  
Artesia .....120 000 100 4 11 8  
Thursday afternoon at Roswell, the Artesia Oilers administered a 3 to 1 defeat to the Roswell Giants.

NEW BEAUTY SHOPPE

### THOUSANDS DEAD IN ITALY QUAKE, RESCUE WORK NOW UNDERWAY

ROME, Italy—Temporary housing construction for the stricken population of southern Italy which lost their homes in last week's devastating quake began yesterday.

The distribution of food now is regular and sanitary services are in full operation.

The latest report to Premier Mussolini said the number of dead and injured had not changed appreciably since the last report when the list numbered 2,142 dead and 4,551 injured.

Yesterday the council of ministers met in Rome to consider the situation created by the disaster and to take any steps necessary for the aid of the six provinces hit by the quake.

The stricken area of the Apennines breathed more easily Monday almost for the first time since last week's quake. While the work of extracting bodies from the ruins continued, engineers laid first plans for rebuilding the ruined towns.

Partly aided by a flow of cable contributions from American relatives and by aid from the government the quake region will be reconstructed on new lines laid down generally by King Victor Emmanuel himself. During his visit to Melfi, the king was informed that the ruined sections of Melfi contained houses built on the site of the ruins of 1851.

### AUGUST 23rd WILL BE LAST DAY VOTERS MAY REGISTER IN ARTESIA

Voters who expect to participate in the general election in November should not fail to see that their names appear on the registration list. If you voted in the last general election, your name is probably on the list, but if you have moved into the community during the past two years, or have moved from one district to another, it will be necessary for you to register.

Two years ago the local polling place was divided into two districts, A and B. Roselawn avenue is the dividing line for residents of Artesia proper. Registration quarters for district A will be maintained at the Chamber of Commerce office in the Artesia hotel. Registration for district B, will be maintained at the office of the Artesia Auto Co. The registration board will be in session four Saturdays during August, on August 2nd, 9th, 16th, and 23rd.

Typewriter Ribbons—The Advocate

### WATER ASSOCIATION SERVES PROTEST ON SO. PACIFIC OFFICIALS

A formal protest on the building of a dam on the Bonito by the Southern Pacific Railway Co., has been served by the Southwestern New Mexico Water Protective Association, it was announced at Roswell Monday. Copies of the protest have been served on the attorney of the Southern Pacific and on the construction foreman.

A membership drive in the Pecos valley is now underway and several hundred members have been secured for this organization. The association was organized for the purpose of protesting the diversion of waters from the eastern slope by the Southern Pacific.

The following are some of the principal points of contention brought out in the protest and is quoted verbatim:

"The maintenance and prosperity of said section of country is principally dependent upon its supply of artesian water, and its people have urgent and existing need for all the water that is now being obtained, from any and every source, whatever. That any decrease of its present water supply must result in arresting the development of the country and must cause abandonment of farms and important industrial enterprises; threatening also to deprive towns and cities of the water on which they depend for existence.

"By reason of the premises, the protestant hereby notifies the said El Paso and Rock Island Railway Company and the Southern Pacific company that you shall proceed at your peril toward the erection and construction of such a dam. It is the contention of protestant that the dam proposed should not be constructed in any event, and more especially that no such construction should be proceeded with pending the determination of their rights of all interested parties in the Bonito stream system by the final decree to be rendered in the suit you have instituted for that purpose. The protestant hereby serves notice that, unless work in the construction of such dam is immediately abandoned, it will resort to all legal remedies it may find available to prevent the accomplishment of your design, and will hold you to accountability for resultant damages.

"SOUTHEASTERN NEW MEXICO WATER PROTECTIVE ASSOCIATION.

"By E. A. CAHOON, Pres.  
"CLAUDE SIMPSON, Sec."

Mrs. Mabel Iler and daughters, Ileana and Mrs. Iris Miller and baby son, were here the first of the week, guests at the home of J. T. Collins. Mrs. Iler has been in Roswell from Boulder, Colorado visiting the Millers, who are moving to Hobbs. Mr. Miller is assistant geologist for the Gypsy Oil Co.

Mr. and Mrs. Alfred Dunkley of Ennis, Texas accompanied by Ms. and Mrs. Roy Hickman of Birmingham, Alabama, arrived here Tuesday for a short visit with Mr. and Mrs. L. N. Kremer, coming by way of Albuquerque. After a trip thru the Caverns yesterday, the visitors started for home this morning.

### MRS. HOOVER TO ALBUQUERQUE

Mrs. Jessie Hoover, mother of Dr. R. K. Hoover left yesterday for Albuquerque and will attend a meeting of the democratic ladies of the state. Mrs. Hoover is also scheduled to address the meeting. Ex-Governor Nellie Tayloe Ross of Wyoming is among the prominent out of town speakers that will appear on the program.

### MILTON MONSCHKE DIES

Milton Monschke, age 3, son of Mr. and Mrs. L. G. Monschke of Artesia, died at a Roswell hospital Sunday afternoon at 4:00 p. m. following an illness of twenty-one days. His death was due to stomach trouble.

The body was shipped to Dallas Texas, Monday, where burial will be made.

### SUNRAY BUYS TEXMORE

The Sunray Oil Co., has purchased the holdings of the Texmore Oil and Gas Co., in the Artesia field, it was learned here recently. The consideration was not made known.

Born to Mr. and Mrs. Rude Wilcox at St. Francis hospital in Carlsbad last Thursday morning a son, who will be called Jimmie. The father, little brother, George, and the grandmother, Mrs. G. W. Witt, of Lovington, who is staying with them here for the present, spent Sunday in Carlsbad with the mother and new boy. Mrs. D. A. Miller and little son, and Melvin Pashea drove to Carlsbad with them and spent the day with friends.

Typewriters for rent at Advocate.

### THE LAMB CROP SHOWS SLIGHT GAIN OVER THE CROP OF LAST YEAR

The U. S. lamb crop of 1930 is about 8 per cent larger than the crops of 1929 and 1928 and about 18 per cent larger than the 1927 crop. The indicated lamb crop for 1930 is 28,458,000 compared with 26,441,000 in 1929; 26,363,000 in 1928; and 24,153,000 in 1927. The number of lambs saved per 100 ewes one year old and over on January 1 was 87.3 in 1930; 83.9 in 1929, 89.1 in 1928; and 87.2 in 1927.

The larger lamb crop this year was due to increases in both the native and western lamb states. The crop in the native lamb states this year was about 4 per cent or 4,000,000 head larger than in 1929. This increase was due to an increase in the number of breeding ewes and a slightly larger number of lambs saved per 100 ewes. The native lamb crop was 9,734,000 in 1930; 9,326,000 in 1929; 8,930,000 in 1928; and 8,875,000 in 1927.

The comment by the Department of Agriculture on the condition of lambs in eight western states follows:

Montana—Lamb crop larger than last year due to more ewes and a better lambing. Losses generally light. Ranges getting very dry in most of central and eastern sections making poor outlook for late summer feed and water, and forecasting some forced movements and light lambs.

Wyoming—More lambs this year compared with the short crop of 1929. Ranges below normal especially northcentral and northeast areas. Losses have been about average or less.

Colorado—Lamb crop larger especially in west third of state. High ranges are good but lower ranges drying fast especially southeast and southwest districts.

New Mexico—Lambing much better than in 1929 for state as whole although poorer in southeast. Ranges below average and poor in some sections. Losses are lighter than last year.

Arizona—Lamb crop only slightly larger than last year. Summer ranges are very good. Losses light.

Utah—Lamb crop better than last year but fewer lambs than in 1928. Losses light, except in some southern areas. High summer ranges good, and lambs should attain normal weight.

Nevada—Good lambing secured over most of the state but total crop less than two years ago. The ranges are very good but additional rains needed to maintain. Lambs developing well, losses have been above average.

### KILL THE INSECTS AND SAVE THE CROP

The bug is no respecter of persons; it will destroy the crops of the poor as well as the rich says H. C. Stewart of the New Mexico Agricultural College. New Mexico farmers lose thousands of dollars annually because too little attention is paid to their enemies—the insects. Most insects are particularly fond of vegetable and fruit crops because they are generally succulent.

The control of insects is not always a costly operation and can be accomplished by the timely use of spraying and dusting materials. It is true the farmer must have machinery and poison to accomplish control effectively, but this no longer requires a large investment. Spraying and dusting machines are now made in all sizes, from the small hand machine to the large, power driven machine. A small hand sprayed can now be had at no greater cost than fifty cents and in an emergency a duster can be made from an old tomato can by punching the bottom full of small holes.

Lead arsenate is the common stomach poison used in all biting insects and nicotine sulphate is the more common contact poison for aphids, leaf hoppers, etc.

The home druggist can usually supply the poisons mentioned and the local implement dealers can generally furnish the necessary machinery.

For specific information on any insect or disease damaging the orchard or garden, see the county extension agent or write the Extension Service, State College, New Mexico.
