

Artesia Advocate

The Advocate answers the demand for a constructive advertising medium in the middle valley.

ARTESIA, NEW MEXICO, THURSDAY, OCTOBER, 16, 1930.

NUMBER 44

SIX ARRAIGNED IN THE J. P. COURT ON LIQUOR CHARGE—ONE APPEAL

Six local people were arraigned before S. W. Gilbert, justice of the peace, Tuesday, charged with selling intoxicating liquor. The arraignments were made a result of charges filed by a federal undercover man, who has been at work here for the past ten days or more.

Mrs. D. E. Smith, Mrs. Tom Taylor, Mrs. Jim Crosby were given a fine of \$100.00 after Mrs. Taylor plead guilty as charged. J. R. Brown was also found guilty by the court and fined \$100.00, but will appeal to district court. Brown alleges that he was framed by the special pro officer and will contest the decision of the lower court on this ground. J. A. Stone was fined \$25.00 or 30 days in jail on charge of selling beer. M. A. Dominguez was found guilty of selling intoxicating liquor and was fined \$50.00 or 60 days in jail.

FULL HOUSE ATTEND THE MONTHLY MEETING OF CHAMBER OF COMMERCE

A full house turned out to the open meeting of the Chamber of Commerce Monday evening. Chief among the topics discussed was an advertising course to be offered by the State College to the business men of the various towns. Manager Kremer outlined briefly the plan of the college and stated that the course would be offered the merchants and business men here provided sufficient interest was manifested. The proposition will be detailed in the next monthly Chamber of Commerce bulletin.

Col. Albert T. Woods, president of the newly organized Consumers Gas Co., made a short talk to the members and visitors present, with reference to the workings of his company and why he located the general office here. Incidental to the location of the headquarters here Col. Woods told of some of his relations with people of the community on his arrival in Artesia and how an affection for the community had developed. Col. Woods also made some suggestions as to how the community might improve its social life, men's club.

As result of his talk the Chamber of Commerce will endeavor to work out some plan with the Women's club so that the stranger may be welcomed and be made to feel at home.

The fact that the Consumers Gas Co., plan to bring twenty or thirty additional families here brought forth some discussion led by V. D. Bolton as to the housing problem here. Judge J. H. Jackson, who originated the idea of forming a local company, the purpose of which would be to build houses and improve some of the vacant property in Artesia, explained that he had temporarily laid aside his project until a more propitious time, but that it could be very easily revived and would serve a real need.

EDDY COUNTY GINS REPORT OVER 11,000 BALES GINNED NOW

North Eddy county gins reported a total of 3,934 bales ginned up until yesterday afternoon. An early report placed the number of bales ginned in the Carlsbad project at 7,153 bales for the season making slightly over 11,000 bales to date for the county. The ginnings for this district are divided as follows:

Cottonwood gin	753
Association gin, Espula	518
Association gin, Artesia	1,114
Farmers gin, Artesia	725
Association gin, Atoka	824
Total	3,934

NEW GAS WELL COMPLETED

A new gas well of Leonard and Levers in eastern Eddy county, and known as the State No. 4 in sec. 21-17-29, was completed Friday at an approximate depth of 2280 feet. The two gas sands found around 2215 and 2280 feet were shot to increase the production. The State No. 4 appeared to be one of the best gassers on the Leonard and Levers lease, according to an early report. The gas from the new well will be connected with the main of the Pecos Valley Gas Co.

Anita Ard Thompson, three months old son of Earnest Thompson, died yesterday morning following an illness of three days. Funeral services were held yesterday afternoon at the O. W. McElhaney residence. Rev. W. A. Henry, officiating. Burial was made in the Woodbine cemetery.

HEAVY RAINS FALL IN MANY PLACES--PEGOS IS HIGHEST OF YEAR

Floods Near Fort Sumner Cause Seven Foot Rise In River — Fear Is Felt For Lake McMillan Dam As Gates Are Opened.

Rains continued to fall over the southeastern part of the state during the latter part of the week. A heavy rain, southwest of Hope, Thursday night put the creeks and draws out of bank and stopped travel for several hours. Friday night a heavy rain fell east of the river as far as Lovington.

A torrential downpour north of Clovis Friday night swept away one house and submerged another near Frio draw. Seven people who were caught in the demolished house escaped injury. West of Clovis near Melrose, the rainfall was the heaviest in years measuring five inches.

Pecos Bridge Washed Out

Three spans of the DeBaca county bridge across the Pecos near Ft. Sumner washed out as result of the floods in that section. While the exact loss to the irrigation dam at Ft. Sumner was still undetermined according to an early report, three-fourth of the dam had washed out. The biggest single rise in the Pecos since May 1914 was recorded at Ft. Sumner when a ten foot rise was experienced. The river reached flood stage at Roswell the following day and began running out of banks east of town Sunday evening. Fearing that the dam at Lake McMillan might go out, the Carlsbad project officials ordered the flood gates opened to lessen the danger to the dam. The river here reached a new high mark for the year Monday morning, the flood waters covering a strip of country more than a mile and a half wide.

Seven Foot Rise

Fears that the high waters of the Pecos would do extensive damage to the farming section east of town did not materialize over the week end. Tabulations compiled by E. P. Bach, farmer east of the river, on the various stages of the river reveal that the main rise expected here Saturday, did not reach the river bridge until 10:15 a. m., Sunday morning. Five feet of water was flowing in the river bed he says at this time. At noon the waters had risen to eight feet and by 7:00 p. m. the river bank was full or about eleven feet. The water slowly rose until 1:00 a. m., he says and then came up three inches in thirty minutes. It rose about an inch during the night and kept that level until 9:00 a. m. Monday. At this time a headrise hit, the water rose four inches, stood for thirty minutes and receded to its former level. The river fluctuated from that time until 1:00 p. m. Monday, when it started to recede. Traffic was halted on the Oil Field highway from 1:00 a. m. to 3:00 p. m. Monday. The overflow waters south of the bridge measured approximately a mile and a half wide during the time the river was at the highest stage. Heavy rains Tuesday paralyzed traffic between Clovis and Amarillo again and halted work on the bridge at Frio draw, which had been washed out in a previous flood. Scattering showers have hindered crop gathering operations. In many places the fields have been too muddy to enter. The Artesia-Hope highway was soaked Monday and travel was heavy.

REBEKAHS ELECT

Mrs. Louise Cady of Alamogordo was elected president of the Rebekah Assembly of New Mexico Tuesday night, at the close of the annual state meeting at Carlsbad. Other officers elected for the new year were: Mrs. Effie Wingfield, Artesia, vice-president; Mrs. Mabel Miller, Gallup, warden; Mrs. Ida Lindahl, Gallup, secretary; Mrs. Mary Comstock, Las Vegas, treasurer; Miss Margaret Jackson, Tucumcari, state (Continued on last page, column 1)

JAS. FITCH, BOY SCOUT EXECUTIVE TO BE IN ARTESIA ON TUESDAY

It was learned recently that James P. Fitch of Dallas, Texas, Boy Scout executive is scheduled to be in Artesia Tuesday and will be entertained by the Artesia Rotary club and other local men, who are interested in Boy Scout work. Mr. Fitch's visit is made just previous to the annual financial drive made over the valley for funds to carry on the scout work and leaders anticipate that Mr. Fitch may be able to give some suggestions as to how the plans may be carried out properly.

It was announced from Carlsbad that a number of visitors from both Carlsbad and Roswell are planning to attend the meeting with Mr. Fitch here Tuesday.

I.O.O.F. AND REBEKAHS ELECT OFFICERS AT THE STATE MEET-CARLSBAD

C. Bert Smith Is Re-elected Secretary Grand Lodge—Mrs. Effie Wingfield Is Chosen Vice-President Of Rebekah Assembly.

Four hundred and fifty members of the Odd Fellow Lodge witnessed the presentation of jewels to Odd Fellow veterans at the state meeting in Carlsbad Tuesday night.

The jewels were presented to Geo. W. Brantley, J. Bert Leck, Willard O. Keen, John A. Lusk and T. C. Horne all of Carlsbad, T. W. Gilmore, W. J. Spear, J. H. Gardner and Chas. Baker all of Aztec, W. H. Johnson, Clayton, Fred Platten of Gallup, Hudson B. Smith, Raton, by Grand Master D. D. Monroe of Clayton. The awards were for 25 years continuous membership, also one 30 year awards to Robert Taper, Santa Rita, and one changed from 45 to 50, George Dent.

C. F. Huston of Tucson, Arizona, third grand master of the lodge in this state from 1889 to 1890 was among those present.

L. W. Irick of Gallup was elected Grand Master for the new year. Other officers elected were: W. V. E. Bueche of Albuquerque, deputy grand master; J. B. Brown, Las Vegas, warden; C. Bert Smith, Artesia, secretary; A. H. Whitner, Clovis, treasurer; D. D. Monroe, Clayton, representative; C. H. Glover, Roswell, member of the home board.

Wednesday the grand lodge named the following standing committees for the year 1930-31:

FINANCE—T. E. Hinshaw, Artesia; T. C. Horne, Carlsbad; Alfred Myers, Las Vegas.

JUDICIARY—Lem A. Wright, Clovis; Otto Scheer, Albuquerque; P. W. Burt, Gallup; George Messer, Clayton; J. W. Bullington, Tucumcari.

STATE OF ORDER—J. M. Douthy, Tucumcari; P. D. Miller, Socorro; W. J. Crume, of Elida; Floyd Kennedy, Portales; Don W. Schutz, Aztec.

PUBLICITY—J. Bert Leck, Carlsbad; B. P. Rasmus, Roswell; O. E. Silver, Albuquerque.

LEGISLATION—A. J. Newsom, Alamogordo; A. E. Little, Roswell; Ezra Watts, Portales; Bob Allison, Lake Arthur; W. S. Medcalf, Hope.

NECROLOGY—J. C. Spears, Gallup; T. W. Ball, Carlsbad; Emory Hurtt, Roswell; R. O. Day, Santa Rita; E. L. Wheeler, Santa Fe.

GRIEVANCE AND APPEALS—Ed S. Comstock, Las Vegas; John Stanfield, Grady; E. H. Lott, Minco; John Richards, Artesia; Monroe Timmons, Colvis.

Approximately forty candidates were given the first degree in the big room of the Caverns last night. Many who were scheduled to attend from over the state were unable to attend on account of the weather conditions.

PROPERTY VALUATION IN ARTESIA TOTALS NEAR \$1,500,000 MARK

The total value of taxable property in Artesia is placed at \$1,464,264.00, according to a recent communication received from the state tax commission by D. L. Clowe, mayor. The items which make up a city levy of .008125 is divided as follows:

General	004474
Interest	002378
Sinking	000793
Paving on city property	000480
Total	08125

START ON ELK-MAYHILL HIGHWAY SOON REPORT

Bids will be asked for the construction of the ten mile stretch of the Cloudercroft highway between Elk and Mayhill soon. A communication received here recently by the Artesia Chamber of Commerce is to the effect that the forest service was adjusting a few matters with reference to the right of way and will ask for bids as soon as this detail is completed.

FIRST CATTLE SHIPPED UNDER NEW RATES

The first cattle to be shipped out of Eddy county under the reduced freight rates recently authorized by the department of agriculture were sent out from Lakewood last week by L. R. Burriss. The shipment consisted of four cars.

RANGES GREENING AND GRASS GROWING RAPIDLY SINCE RAINS

The range condition has made a marked improvement the past ten days in this section and stockmen are in much better spirits. The weather has been ideal for rapid growth of grass and vegetation. The grass has grown three and four inches in places during the past week and will make fine winter pasture if frost holds off a few days longer. Stockmen say that fall grass makes fine winter pasture and will continue to grow until cold weather, aided by the cool days and nights. Spring grass is oftentimes dried up by the parching summer sun.

The green grass and good range is expected to halt the cattle and sheep movement that would have been in full swing had not timely moisture arrived.

ABSENTEE VOTERS MAY MAKE APPLICATION TO CO., CLERK FOR BALLOT

Registered voters, who may be absent from their home at the time of the general election November 4th, may obtain absentee ballots from the county clerk at Carlsbad as soon as the ballots are printed. Ballots will be distributed in the order of applications, which may be made now. If the voter is unable to communicate with the county clerk, applications may be procured by calling either the local chairman of the democratic or republican parties.

Ruling in the absentee voting of electors is:

"Any registered elector who expects to be absent on the day of election on November 4th, 1930, from the precinct or election district wherein such voter is registered may cause to be mailed or presented to the county clerk an application signed by such elector for an official ballot to be voted at said election. If unable to write the voter may sign by mark attested by a witness. The clerk will then mail or deliver one official ballot as requested to the elector, but not to any one else, with full directions regarding marking the ballot, sealing it in an envelope provided by the clerk and mailing or delivering the ballot sealed in the envelope to some registered elector of the precinct or election district by whom it is to be presented to the election judges."

YOUNG DEMOCRATS TO ORGANIZE THIS WEEK

A Young Peoples Democratic club of Eddy county will be formed this week, Miss Catherine Clarke, vice-president of the state league announced Tuesday. Organization plans will be perfected at Carlsbad this week. J. R. Wrinkle of Clovis, president of the state league spoke here Friday. Owing to the weather conditions Mr. Wrinkle had only a small turn out and no local organization plans were made at this time.

FOUR MAROONED

How four critters were marooned on an acre island in the recent river flood was old yesterday by E. P. Bach. The four were kept on the sandy island for seventy-two hours without anything to eat except salt grass and salt cedars and had to drink river water. When the flood receded, Mr. Bach waded across to the island and rescued two cows and two three day old calves.

COTTON PER ACRE YIELD HIGH

The per acre yield of cotton in New Mexico on the 8th was placed at 368 pounds, compared with 333 pounds in 1929. The dry land in New Mexico reduced the state's yield, which was 72 pounds under California.

REVISION BRINGS THE REGISTRATION TO 4,991 FOR EDDY COUNTY

Eddy county's total registration according to a revised count is 4,991. Several names were added to the list through a court order. Artesia's total vote in the revised count is 1,458. There were 489 votes registered in District A and 969 registered in District B. Carlsbad's revised total is 1,718 and 666 votes votes in District A and 1,052 in District B.

In the last general election of 1928 there were 1,167 names registered in the local voting precinct and 863 votes cast. In 1928 Carlsbad voted 970. The total county vote in 1928 was 2,862.

A New Gas Co., Formed With General Office Here

Merger Affects Five Gas Companies Including 3 Operating In New Mexico —General Office Brings 25 Families Here.

Formation of the Consumer's Gas Co., with \$7,000,000 assets, embracing five gas companies, three of which are now operating in New Mexico, was announced here Saturday by Col. Albert T. Woods, president. Negotiations for the merger of the five companies was announced here Saturday by Col. Woods, on his return from Chicago. The Consumers Gas Co., has purchased the stock of the Pecos Valley Gas Co., the Gas Co., of New Mexico, the Lovington Gas Co., The Pioneer Gas Utilities Co., of Oklahoma City, Oklahoma and the Oklahoma General Gas Co. The individual companies will not lose their identity, but will operate thru the parent company with headquarters in Artesia.

The new company will operate thru a board of control consisting of Lee Moor of El Paso, T. F. Murchison of Chicago, Illinois and Albert T. Woods of Artesia. In the selection of officers and directors Mr. Woods was chosen president and Morris Brown secretary and general manager. The board of directors elected were Lee Moor, El Paso, Texas; T. F. Murchison of Chicago, Illinois; F. K. McGeehee of Dallas, Texas, C. W. Murchison of Chicago and A. T. Woods of Artesia.

General Offices At Artesia.

Perhaps the most interesting part of Col. Woods announcement was the fact that Artesia was chosen as the general office for the Consumers Gas Co. All operations of the company will be directed thru the Artesia office. In selecting Artesia for headquarters office Mr. Woods said that he was influenced by his affection for the community and by the constructive assistance offered by the Artesia Chamber of Commerce. When the organization details are completed, twenty or thirty families will be added to the Artesia community as result of establishment of office headquarters here.

To Start Constructive Program

The new company will immediately launch a constructive program with a view to serving more communities. At least fifty towns and cities will be added to the list of consumers of the Consumers Gas Co. While no plans have been formulated as to office quarters for the new company, it is expected that the general office will require at least three times the office space now occupied by the Pecos Valley Gas Co.

COMMUNITY AND CEMETERY DRIVE SOON

Now being worked out for the annual financial drive is an important organization, the Community Chest. The association will meet this week in November. The drive will be combined both time and money. It will be the combined effort of the community and the cemetery.

The idea believe that the practical way of attaining the problem.

The drive will be secured by local people and kept in the community about this important work.

A MORE SPIRITUAL LIFE

An Abilene, Texas preacher, Dr. E. D. Salkeld, pastor of the First Christian church of Abilene, drew a front page position in the daily newspapers last week when he announced that he was withdrawing himself from all worldly activities and that he would devote his entire time to develop a purely spiritual life.

As a first step in carrying out his intentions, he cancelled his memberships in the American Legion, the Kiwanis club, the Masonic bodies, including the Shrine and Templar and had his telephone removed because he said "its incessant ringing is a distraction with most of its calls unimportant and dealing with matters outside of my church."

In withdrawing from what he classed as worldly activities, he stated that he had discovered that a preacher should give more of his time to study, preaching and pastoral calling and less to mere organizations and being a "man about town." That is one reason why the quality of preachers have been deteriorating. They know increasingly more about secular politics and budgets and drives but increasingly less about Christ.

The average preacher has become the promoter of denominational organizations, highly organized and competing against one another," he said.

In concluding his remarks, Rev. Salkeld said: "I have been preaching since 1904, and all the time a public man, a 'man about town,' and now at 52 I find myself looking at the shortcomings of man with a new tolerance and I hope a better understanding. One of the great lessons I have learned is that man can differ from me and still be as honest in his convictions and possibly as right as I am."

Let us pray for the democratic and republican candidates who have suddenly become so sinful. They were fine fellows just before the conventions but now they are hing-streaked and striped with every known vice. Besides which, a lot of them haven't any future. But oh what a past! Don't let's overlook them. Some of us may become candidates ourselves some day.—Faro Nell, in Santa Fe New Mexican.

WHAT'S THE MATTER WITH ARTESIA?

We have been asked this very question recently and frankly state that it is a bit embarrassing to answer. It seems that the residents of the Artesia community, like many other towns are too engrossed in their conduct of their own affairs to pause and welcome a stranger, who may chance to come into our midst. And yet like every other community, we spend a tidy sum in trying to attract new comers, but fail to follow out the good work in making the stranger feel at home when he or she arrives.

The fact that people who have lived here long enough to enjoy many acquaintances, who are dilatory enough to pass the new comer up, is more often passed unnoticed by the men folks, but most assuredly observed by the mistress. She may not express herself, but such public negligence cuts and many times hurts deep enough to move the family elsewhere.

We are making no idle talk when we say that such spirit will destroy much of the constructive work we do in other channels in order to make our town a bigger and better place to live. Concrete examples have recently been pointed out to us and there is no getting around the fact that we might have at least three more families in Artesia at the present time, if the local people had shown a little more interest in the strangers coming our way. Such oversights should not and can not be measured in dollars and cents, even though we want to be materialistic, but even so, the momentary loss to the community in this case means at least \$1500 monthly.

One man tells us that he brought his family here and stayed for three months. During that time the family had two callers, were not invited to a social function and were never asked to come to Sunday school and church. Two other similar references were sighted and in one case the man asked to be transferred because of the seemingly unpleasant environment which his family was thrown in. Had this been the first complaint of this nature, we might have concluded that the above mentioned cases were due entirely to an oversight, but other strangers have voiced the same complaint.

We must therefore conclude that the Artesia public are not living up to their opportunities in exhibiting a spirit which is essential to the growth of the community. Moreover it should not be a selfish proposition, we should extend the stranger the glad hand as a matter of friendship.

DECLARES CHAIN BANKS

WILL DAMAGE FARMERS

More financial difficulties for farmers and a death blow to small towns are predicted by George Hensel, banker of Quarryville, Pennsylvania, in an interview in the Country Homes, if congress permits national banks to absorb country banks and operate them as branches.

Already, in one case, Hensel declares, a western branch bank with \$400,000 deposits, sent \$300,000 to the eastern parent bank, leaving the community the use of only \$100,000 of its own money. This would become a general condition under a widespread branch bank plan, he believes.

"Operating under a manager concerned only with making profits," says Hensel, "many of the loans we country bankers make through personal knowledge of the character of the borrowers, would be turned down. Country communities cannot develop under such financing. You can't put into a rule book the human elements that a country banker must deal with. Often, if we don't know the borrower, we ask what kind of wife he has. You can usually get a loan on a good wife at our bank."

Hensel declares that a bank is not purely for the benefit of the banker, but a place for a community to put its money where it will be safe and available when people need it. He points out that in 1900 there were only 60 branch banks, while now there are 3,000. Strong pressure is being brought upon congress, he says, to open the way to placing half the small banks of America on a chain basis.

How in the world some of the politicians will fulfill all the promises which they have made, in their short terms of office, is more than we can understand.

INSIDE INFORMATION

Cook parsnips with stewed pork which is seasoned with onion and chopped parsley.

Children will enjoy corn chowder. Milk, potatoes and canned corn are the chief ingredients, with onion, salt pork and parsley to give flavor and color.

For the woman who sews well and has time, it is often an economy to make wash suits for small boys under six. A careful selection of a trouser pattern is essential. The Bureau of Home Economics has some helpful suggestions on this point in leaflet 52-L, Suits for the Small Boy.

Lettuce is sometimes cooked. A head of iceberg lettuce may be cut in four sections, leaving a portion of the center core on each to hold the leaves together, and braised for 30 minutes in 4 tablespoons of bacon fat, or until the lettuce is tender. The saucepan should be covered. Serve sprinkled with salt and pepper and if desired, a little melted butter.

Domestic rabbit is superior to wild rabbit in color and flavor of the meat. All the meat is white and compares well with poultry. Young rabbits are cooked in the ways young chickens are cooked—fried or broiled. More mature animals can be simmered until tender and then used for casserole dishes, fricasees, pie, salad, chop suey or other dishes adapted to mature fowl and the less tender cuts of meat.

Chocolate pie filling is a favorite in winter time. Melt a square of unsweetened chocolate in the double boiler and pour into it a pint of scalded milk. Mix 2½ tablespoons of cornstarch with 6 tablespoons of sugar and add to the hot milk and chocolate. Beat until smooth. Allow this mixture to cook in the double boiler for ten minutes, remove from the fire, and add 1 teaspoon of butter, ¼ teaspoon salt; ½ teaspoon vanilla, and 2 beaten egg yolks. Fill a prebaked pie crust with this mixture and cover the top with a meringue made of 2 egg whites stiffly beaten and 2 tablespoons sugar and ¼ teaspoon vanilla and a pinch of salt. Bake the pie in a slow oven for about 20 minutes or until the meringue is delicately brown.

MEXICO COUNTIES GENERAL TAX DECREASE IN 1930

FE—The state tax commission announced the tax various counties for the year show general decreases from \$4.25 per \$1,000 to \$1.00.

Counties show a slight increase in those whose decrease is \$1.50, John Joerns, secretary, commission, said, is due to levies for school maintenance and other county funds.

Increases were in Catron where the school maintenance increased \$2.95 per \$1,000 and Arriba county where the maintenance tax was increased \$1,000.

County levies follow:

26.68	\$4.13	Dec.
33.67	.08	Inc.
24.48	3.46	Dec.
24.75	3.09	Dec.
27.76	3.72	Dec.
29.03	3.68	Dec.
24.65	1.93	Dec.
25.34	3.86	Dec.
20.95	2.97	Dec.
24.66	1.14	Dec.
30.57	1.87	Dec.
20.42	2.70	Dec.
29.72	1.18	Dec.
25.93	1.18	Dec.

27.52	4.25	Dec.
26.31	1.73	Dec.

THINGS THAT NEVER HAPPEN

HIGH COURT REFUSES PASS ON OIL ORDER

WASHINGTON, D. C.—The supreme court Monday refused to pass on the authority of the secretary of the interior to fix a minimum price at which oil taken under lease from government land may be sold.

Roy O. West, then secretary of the interior, issued an order in 1928 under which the Cody Petroleum Company having a lease from the government, on land in the Oregon basin oil field in Park county, Wyoming, was prohibited from selling oil to the Texas Company at a price fixed by contract made between the two companies. Under the lease the government received a royalty on all oil produced.

In July 1928, the secretary of the interior announced that the government royalty on all oil produced in the Oregon basin oil field would be based on a minimum price of 85 cents a barrel.

A. Abernathy, J. O. Savoie. 42-3tc

PICKWICK GREY HOUND BUS LINE IS SUED FOR SUM OF \$54,770.50

Six suits asking \$54,770.50 in damages jointly from Pickwick-Greyhound Incorporated and the United States Casualty company, as a result in the wreck of a Pickwick bus 65 miles west of Roswell on the night of September 17, in which one man lost his life and 12 others were injured, were filed in district court at Roswell Friday by G. L. Reese, Sr., attorney for the plaintiffs.

Negligence on the part of the driver, Paul Trammier, loss of personal property, shock and disability from injuries were in the allegations of the suits filed.

OIL LEASE TRACTS BRING STATE \$10,000

SANTA FE—Out of 37 oil lease tracts offered at public auction at the state land office Friday, 19 were sold for a total of \$10,279.44. The highest bid was \$4,554.10 by Martin Gardesky of Santa Fe, which amounted to approximately \$7 an acre for that tract.

Student's note book covers embossed in school colors at The Advocate. Your name stamped free.

LEGION AUXILIARY

The monthly meeting of Clarence Kepple unit at the home of Mrs. Frank Linell on Monday afternoon was well attended, twenty-five being present. Election of officers was the first order of business and resulted in the following corps of executives being selected:

Mrs. Jess Trutt, president; Mrs. Frank Seale, 1st vice-president; Mrs. Ray Williams, 2nd vice-president; Mrs. Earl Darst, secretary; Mrs. Alex McGonagill, treasurer, Mrs. Frank Linell, chaplain; Mrs. Earl Bigler, historian; Mrs. Bert Sinclair, sergeant-at-arms.

Installation of officers followed election. Mrs. Albert Richards, past department president, acting as installing officer. Mrs. Truett took the chair and presided at the remainder of the business meeting. Membership drive for the year began with the enrollment of last years members and an intensive campaign, under the direction of Mrs. Richards, department membership chairman, will soon be started to get all eligibles enrolled on the Auxiliary's books. Plan was discussed for raising money with which to entertain the department convention next summer. The first project decided upon is a dinner which will be served on election day, the place to be announced later.

During the social hour succeeding the business meeting Mrs. Linell served delicious refreshments, her daughter, Mrs. Jack Clady joining with her in entertaining. The meeting next month will be with Mrs. John Michael, with Mrs. P. V. Morris, joint hostess.

REPUBLICAN LADIES VISIT ARTESIA FRIDAY

Last Friday a delegation of Republican ladies traveling over the state in the interest of the state ticket, particularly, stopped at Artesia and gave a talk at the Central school that evening. The rainy weather interfered with the attendance, but not with the interest of the meeting, for the ladies were good speakers and gave much valuable information to voters. The principal speaker was Miss Margaretta Fort, of Orange, New Jersey, who was loaned to New Mexico for the campaign by the national republican committee. Miss Fort who has been a member of the New Jersey state legislature, is a convincing speaker and gave a splendid talk on national issues and the achievements of the Hoover administration.

Miss Edna Rousseau, of Santa Fe, superintendent of work in the rural schools, gave a very informing talk on the work of the department with the rural schools, and explained some of the things that the state superintendent, Atanacio Montoya, had been able to do to improve conditions in the rural department and other improvements that he is trying to achieve.

Mrs. Grace Phillips, practicing attorney of Roswell, spoke in the interests of the candidacy of Judge Botts for governor. Judge Botts, who is a former resident of Artesia, Hope and Carlsbad, stands well in this part of the country and it is expected that he will poll a good vote in the county.

Miss Margaret Chadwick, of Albuquerque, state vice-chairman in charge of the campaign among the women, spoke briefly on political conditions in the state and the republican candidates.

The ladies remained here until Saturday afternoon, in conference with Mrs. E. N. Bigler, state committee woman and Mrs. Frank Linell, county vice-chairman, and calling on other republican ladies among them Mrs. Warren Collins, sister-in-law of Judge Botts.

They went from here to Carlsbad and planned to go through the Caverns Sunday.

Preceding the speaking Mrs. E. N. Bigler, Mrs. Frank Linell and Mrs. H. A. Stroup enjoyed six o'clock dinner with the visiting ladies at the Artesia hotel.

FORTNIGHTLY BRIDGE CLUB

The club was entertained at one o'clock luncheon on Tuesday by Mrs. W. E. Flint on the ranch, southeast of town. The hostess was assisted in serving by Mrs. T. H. Flint and Mrs. Leslie Martin. Substituting were Mesdames Helen Henson, Fred Brainard, Stanley Blocker and Landis Feather.

CLUB LUNCHEON

Mrs. Beecher Rowan was hostess to the Second Afternoon Bridge club on Tuesday at one o'clock luncheon, served in two courses. Mrs. Rowan entertained an extra table of guests who were Mesdames Wm. Compton, J. J. Clarke, J. H. Jackson and Harry Woodman.

Social Calendar

TELEPHONE 217

FRIDAY

The P. E. O. Sisterhood will meet with Miss Ruth Morgan at 2:30 p. m.

The Second Evening Bridge club will meet at the Compton home for 6:00 o'clock dinner.

The Girl Scout Council will give a campfire at the City Park at 4:30 in honor of Miss Twohy, regional director Cactus Rgn. All the Girl Scouts and the Brownie troop and their leaders are invited to be present.

TUESDAY

The First Afternoon Bridge club will meet with Mrs. J. P. Lowry at 2:30 p. m.

The Idlewhites Bridge club will meet with Mrs. James Nellis at 2:00 p. m.

EASTERN STAR PICNIC

The Eastern Star gave its annual picnic to the husbands and families in the chapter room last Thursday evening. About eighty were present and had an unusually good time. A color guessing game was quite intriguing and there were dancing and cards besides the delicious picnic supper.

THE SUSANNAH WESLEY CLASS

The class held its monthly business and social meeting at the Hornbaker ranch last Thursday afternoon. There was a good attendance of members and two guests, neighboring friends of Mrs. Hornbaker, who assisted in serving the light refreshments provided by the hostesses, Mesdames Hornbaker and Stroup. Mrs. J. H. Long gave a very pleasing reading and the remainder of the time was given over to visiting and games, which proved quite diverting.

FOUR SQUARE BRIDGE CLUB

The Four Square Bridge club met with Mr. and Mrs. J. D. Jackson, on Wednesday evening of last week. Light refreshments were served to the following members, Mr. and Mrs. Harry Jernigan, Mr. and Mrs. Harold Dunn and Mr. and Mrs. Hugh Kidley.

Did it ever occur to you that advertising is news? Look inside of The Advocate and see what Artesia merchants have to offer it is profitable reading.

Mr. and Mrs. Ray Crouch came in from Deepwater, Missouri, Friday and were the guests of her cousin, Mrs. Calvin Dunn, while visiting her uncle, Charles Roady and other relatives. On Tuesday they were joined here by a party of friends who were with them on their western trip. In the party were the Misses Gardner and Gray and Harry Tooley, all of Clinton, Missouri, accompanied by Mrs. Swink, whom they had been visiting in Albuquerque for a few days. Yesterday they all went through the Carlsbad Caverns and this morning Mr. and Mrs. Dunn accompanied them on a trip to El Paso, Texas and Juarez, Mexico from which point they will return to Missouri.

A REBEKAH BREAKFAST

A Rebekah breakfast occurred at the home of Mrs. John Lanning this morning at nine o'clock when Mrs. Lanning and her mother, Mrs. C. Bert Smith, entertained a number of friends, who were en route home to Albuquerque from the Rebekah Assembly in Carlsbad. In the company were Mrs. May Whitesides, Past President, Mrs. Lillie Mitchell, Mrs. Bessie Miller, Mrs. Bessie Rumley, Mrs. Corinne Smith, and Mrs. Edna Neal. Mrs. Lewis Story, of Artesia, was also a guest. Mrs. Whitesides, who has been a guest of Mrs. Smith remained to visit the rest of the week. The other ladies proceeded on their way after the breakfast.

MRS HENRY HONORED

Mrs. W. A. Henry, wife of the pastor of the Nazarene church, was the honor guest at a party given by the Missionary society at the home of Mrs. E. A. Paton yesterday afternoon. Mrs. Henry was the recipient of a shower of beautiful and useful presents and light refreshments were served.

MISCELLANEOUS SHOWER

The ladies of the Volunteer class of the Christian Sunday school gave a shower at the home of Mrs. John Lanning last Friday afternoon, honoring Mrs. Clarence Conner and Mrs. Harold Crozier. The honor guests received many nice presents. A number of games contributed to the enjoyment of the afternoon and delicious refreshments were served by Mrs. C. Bert Smith and Mrs. John Lanning, joint hostesses for the occasion.

YOUNG MOTHERS CLUB MEETS

The Young Mothers club was entertained Friday afternoon at the home of Mrs. K. Lydia. This was a social meeting, light refreshments were served at the close of the afternoon.

Can You Tell GOOD DRY CLEANING?

When you receive your Dry Cleaned Suit or Dress, consider the following questions: Even if you cannot answer all of them yourself, they indicate the kind of service you should have received.

1. Has your Suit or Dress been cleaned in a strictly sanitary manner? At our plant clothing is gently flushed free of soil in a CONTINUOUS FLOW of freshly filtered solvent. None but clean, pure solvent comes into contact with your clothing.

2. Have all spots and stains been removed that can be removed without injury to fabric? Our service includes conscientious and careful removal of spots and stains by the latest and approved methods. Our exclusive Dry Cleaning process reduces shrinkage to the most possible minimum.

3. Has your clothing been properly pressed with the original shape and form? We use modern pressing methods, using the Hoffman Valetor service which assures you the best in quality pressing.

4. Has all minor rips and tears been repaired? Broken buttons replaced. Our service includes this work gratis.

This is the kind of cleaning that helps you get the fullest value, both in wear and looks from your clothing. Give us a ring (Phone 21) and we will immediately call for your cleaning and deliver it promptly.

Wardrobe Cleaners

"Cleaners of Delicate Fabrics"

MISS TWOHY AT WOMAN'S CLUB

Miss Twohy, director of the Cactus Region of the Girl Scouts, who is spending a few days here this week, addressed the club at its meeting yesterday afternoon at Central school. Members of the Legion Auxiliary, which, with the club is sponsoring the Girl Scouts were also present at the meeting. Miss Twohy has just returned from a national scout meeting in Indianapolis, Ind. and brings new enthusiasm for her work. She made a comprehensive talk covering the objects and aims of the organization and gave interesting glimpses into the inner workings of scout life. Her talk gave her hearers a good idea of the importance of the results of this organization for the benefit of our young girls, which has reached a membership of over 2,000,000 girls. She also showed excellent photographs taken this past summer of Camp Mary White in Bear Canyon, a beautiful spot in the Sacramento and an ideal place for the purpose. Invitation was extended to all interested in helping with the scout work to meet at the home of Commissioner Mrs. Rex Wheatley, tomorrow morning.

L. N. Kremer, secretary of the Chamber of Commerce, made a few timely remarks outlining ways in which the club can help its community by cooperating with the Chamber of Commerce, which the club will be very glad to do.

The program was preceded by the business meeting, in which a change was made in the delegation to the State Federation meeting in Albuquerque, beginning next Monday. Mrs. Earl Darst was elected delegate and Mrs. G. R. Brainard, who will attend as state treasurer, was also elected to represent the club.

Two members were admitted, Mrs. W. E. Flint and Mrs. Lincoln Ekern. After considerable discussion it was voted to empower the building committee to investigate a certain property, and if conditions were found to be satisfactory in every way to arrange for its purchase.

Junior Club Completes Organization

Following the club meeting the Junior organization got under way by electing the following officers: Miss Catherine Clarke, president; Mrs. Tex Henson, vice-president; Miss Helen Green, secretary; Mrs. Stanley Blocker, treasurer. The president appointed a number of committee and the Juniors voted to take charge of the Christmas sale this year and also to put on a sale campaign of Christmas cards for

the purpose of raising funds. It was also voted to meet once a month on the second Wednesday afternoon at 4:00 o'clock. There was a good attendance and the interest shown indicates that the Juniors are starting off with bright prospects for a successful year.

Mr. and Mrs. W. D. Jones spent several days in El Paso the past week.

Miss Jack Ward spent the week end in Roswell visiting the Misses Minnie McKnight and Tommie Thompson.

Mrs. Emma Coll, Miss Addie Coll and A. B. Coll and family were the guests of Mr. and Mrs. Max Coll in Roswell Saturday while attending the cotton carnival.

Dr. J. J. Clarke who has been a patient at Hotel Dieu in El Paso, following an operation for strangulated Hernia, is expected home tomorrow. Calvin Dunn, who went to El Paso this morning, will drive his car home.

Fall Merchandise Is Arriving---

We have frequent occasion to visit the stores of Artesia from day to day and from week to week

Just at this particular time we are seeing large supplies of new fall merchandise being unpacked in the rear of some of the stores and placed in stock for public inspection.

Ladies' ready-to-wear, millinery, men's clothing, shoes, etc., seem to be arriving daily.

It is not our purpose to make any announcements for these merchants. They always make their own. But we do want to go on record with the statement that our local stores are making some very elaborate preparations for the fall trade.

If you are planning any fall purchases, it would pay you to visit the Artesia stores. Take a day to it. You will be surprised and pleased at the many complete and attractive displays you will find.

U. S. NATIONAL PARKS ARE BEGINNING TO BE SELF SUPPORTING

That the national parks and national monuments under the jurisdiction of the National Park Service of the department of the interior are beginning to support themselves was proved by the fact that for the fiscal year ended June 30, 1930, over one million dollars was turned into the treasury of the United States from funds collected in these areas.

This is the largest amount ever collected in the parks and monuments and the sum is particularly interesting in view of the fact that travel generally has suffered during the past year of financial uncertainty.

The revenues are derived from franchise fees from the operation of the park public utilities, from automobile license fees and guide service fees at Carlsbad Caverns.

Another interesting feature of the financial operations of the year was the donation to the United States of \$1,781,450 to be used in the protection and development of the national parks and monuments.

Government appropriations for the year totaled \$7,813,817.18, of which \$5,000,000 was for road and trail construction. Large sums were also appropriated for other construction work, including the installation of lighting, sewer and water systems.

These figures point to the fact that the time is not far distant when the national parks and national monuments can be self supporting from a purely administrative and protective standpoint.

IN THE DISTRICT COURT OF EDDY COUNTY NEW MEXICO

HAZEL ADAMS,
Plaintiff,
vs.
LLOYD ADAMS,
Defendant.
No. 5064

NOTICE OF PENDING SUIT AND SUMMONS

STATE OF NEW MEXICO:
TO Lloyd Adams, Defendant:
You are hereby notified that there is a suit pending in the District Court of Eddy County, New Mexico, wherein Hazel Adams is plaintiff and you are defendant.

You are further notified that plaintiff seeks judgment against you dissolving the bonds of matrimony now existing between you and the plaintiff, and judgment for one hundred and fifty dollars (\$150.00) as attorney's fees, thirty-five and no/100 dollars (\$35.00) per month alimony, and cost of suit.

You are further notified that unless you enter your appearance at the Court House in Carlsbad, Eddy County, New Mexico, and plead to plaintiff's complaint on or before the 10th day of December, 1930, plaintiff will take judgment against you by default, for the relief prayed for in plaintiff's complaint.

You are further notified that plaintiff's attorney is J. H. Jackson, and that his business address is Artesia, New Mexico.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the District Court on this 15th day of October, 1930.
(SEAL)

THELMA T. LUSK,
County Clerk.

An angler who had been trying to hook something for the last six hours, was sitting gloomily at his task, when a mother and her small son came along.

"Oh!" cried the youngster, "do let me see you catch a fish."
Addressing the angler, the mother said, severely: "Now, don't you catch a fish for him until he says 'please!'"—Tid Bits.

A vice-president—A man who isn't smart enough to be president, but who owns too much stock to be fired.

BALE AND STORE HAY AT A PROFIT

Agricultural economists at Ohio State University, believe that two periods of relatively high prices for hay may be expected during the coming feeding season. The first is at the beginning of the season and is reflected now in a strong price for good quality hay. A second period of higher prices is likely in late winter when numerous farmers have exhausted their supplies of hay and roughage which they now estimate will carry their livestock through till spring pastures appear.

Those who will have hay to sell, will in all probability get a higher price in late winter, provided they cannot sell now without endangering their own feeding plans, the research department of the National Association of Farm Equipment Manufacturers suggests. Hay to be marketed in late winter or spring may well be baled now and stored under cover. It will then be in readiness for market at once if the owner decides he has a surplus.

SOME ODD BELIEFS

The following list, gleaned from 200 or more superstitions submitted by members of Doctor Adams' class includes some with which the reader is doubtless familiar:

Get up laughing; go to bed crying.
Steal a dish rag and have good luck.
Dreams told before breakfast will come true.

A wish made on a load of hay will come true.
A bride will be happy if the sun shines on her.

Turn over a chair and you won't marry that year.
It is bad luck to rock a chair you are not occupying.

Cut your nails on Sunday and the devil will get you.
Sleep with your head toward the north and catch cold.

Carrying a potato on your person will bring good luck.
If a piece of land dedicated to church purposes reverts to its original owner, it will not produce any more.—Philadelphia Ledger.

PRODUCTION OF STATES IS ON DECLINE

Oklahoma—The downward trend of the country's crude oil production continued last week, with Oklahoma and Oklahoma fields leading the way. The Gas Journal estimated average production in the state for the week ending Oct. 22, 1931, at 1,657,657 barrels, a decrease of 18,200 barrels over the preceding week. The decrease was in the Oklahoma area, where the output of 548,645 barrels was down 9,240 barrels from the Oklahoma City field for the decline, its loss of 18,200 barrels in Oklahoma areas gained for the Mid-Continent area only 2,688 barrels, light and heavy gravels area's production was 819 barrels. Increases served almost to offset the loss. West Texas area 272,789 barrels, a decrease of 10,474 barrels; Texas Panhandle with 79,300 barrels was up 1,000 barrels; Kansas production was 115,620 barrels, a decline of 120 barrels.

FORT SUMNER SPRINGS SURPRISE AND BATTLES ARTESIA TO 6-6 TIE

The Artesia high school "Bulldogs" who were doped to defeat the Ft. Sumner high school football eleven, could do no better than to play the visitors to a 6-6 tie in a hard fought gridiron fracas in the Brainard Park last Friday afternoon. Both elevens were able to drive down the field until they approached the goal line, where they would both meet a stubborn defense. The Artesia warriors advanced the ball within the ten yard line on seven different occasions, but could push the ball across only once and that as a result of an eight yard pass from Burch to Hill in the second quarter for the first score of the game. Twice the ball was passed into the end zone with the ball going wild; the ball was fumbled and recovered by Fort Sumner on another occasion. The line stiffened and held the locals for downs twice and the first half ended with the ball in Artesia's possession on the one yard line with four downs to make the goal. This was the real hard luck break of the game. House had recovered a blocked punt and came within one yard of scoring. Fort Sumner advanced within the ten yard line on five occasions, but scored only once, when Dunlap followed the husky Turner, at guard, thru the line for their only counter in the second quarter.

Gates intercepted a Fort Sumner pass on the sixty yard line and raced across the field for what appeared to be another touchdown for the locals, but was downed by Herring on the six yard line. Another noteworthy event was the punt of B. Pickle for Ft. Sumner, who punted from his own ten yard line to the Artesia one yard line for a gain of 79 yards. This long punt brought the average of the Ft. Sumner punts to 22 yards each for the seven punts kicked. Artesia punted four times for an average of 24 yards. Fort Sumner attempted two forward passes, having both of them intercepted and losing ground by the attempts. Artesia completed five, of ten forward passes, for a gain of 76 yards; five were incomplete and none were intercepted. Burch is rapidly developing into an excellent passer, who will prove dangerous to opponents before the season is ended.

The two teams were evenly matched in scrimmages. Artesia registering seven first downs to five for Fort Sumner. Herring half; Turner, guard; M. Pickle, center; were the outstanding players for the visitors although Dunlap, quarter; and B. Pickle, half; were of great value to their team. House, end; Smith, guard; proved of most value to the Artesia line while Brown, quarter and Hill, half; were the main performers of the backfield. After using three guards against the husky Turner of Ft. Sumner, Captain Brown had to shift Smith over from his regular side of the line, before the upper Pecos valley lad was checked. Turner with his 210 pounds of bone and sinew was the stellar performer of the game.

Sumner has defeated Melrose by a score of 26-0; defeated Farwell 13-7 and Ranchvale 14-0. Artesia has had stiffer competition. They have played Carlsbad to a scoreless tie and lost to the Roswell high school and the Albuquerque Indians by 6-0 scores. Both teams will meet Clovis and Portales later in the season and the results of these games will be watched with much interest. The locals will meet Tularosa tomorrow at Tularosa.

Lineups follow:

Ft. Sumner	Position	Artesia
Rogers	RE	House
O. Pickle	RT	Traylor
Turner	RG	Smith
M. Pickle	C	Syferd
Hutcherson	LG	Withers
King	LT	Wheatley
Achen	LE	Pollard
Dunlap	QB	Brown
Herring	RH	Burch
B. Pickle	LH	Hill
Henson	FB	Gates

Substitutes: Fort Sumner—Anderson for Henson; Artesia—Bullock for Pollard; Goodell for Withers; Garner for Traylor; Champion for Goodell; Pollard for Bullock; Traylor for Champion; Gray for Brown.

LAKE ARTHUR ITEMS

Mrs. C. L. Killen, Reporter

Lloyd Christman of Artesia spent Sunday with Joe Jones.

S. W. Haven and sons, Ross and Stuart, spent Wednesday in Roswell.

E. C. Jackson and A. V. Flowers made a business trip to Roswell Tuesday.

Mrs. J. I. McCullough of Las Vegas visited this week with Mrs. R. F. Beasley.

Elmer Reeder returned Saturday to his work in the oil fields near Oklahoma City.

Mrs. R. F. Beasley and Mrs. J. I. McCullough spent two days this week at Ruidoso.

Mr. and Mrs. E. C. Jackson entertained at dinner Tuesday Dr. Fry and Frank Frazier.

Mr. and Mrs. A. V. Flowers, Miss Geraldine and John William spent Saturday in Roswell.

Miss Ruth Mahan came in from the Runyan ranch and visited with her mother, Mrs. Ellen Mahan.

Mr. and Mrs. Bernard, Mrs. Emma Weston, Mrs. Bertha Ewing and Mrs. Ned Hedges spent Saturday in Roswell.

Mr. and Mrs. Elmer Reeder, Mrs. John Turner, and Mr. and Mrs. O. E. Smith spent Wednesday in Roswell.

Mr. and Mrs. Oscar Moore of Hope spent Sunday with Mrs. Moore's parents, Mr. and Mrs. A. Lane.

The B. Y. P. U. members of Hagerman and Artesia presented a program at the Baptist church Sunday evening.

Mr. and Mrs. John Haven spent Monday in Carlsbad. Mrs. Haven attended the grand lodge Rebekah Assembly.

Bob Allison spent three days this week in Carlsbad attending the I. O. O. F. grand lodge and grand encampment.

Rev. W. G. Jones returned Sunday Evening from Portales where he attended the conference of the Methodist church.

Dr. Stroup of Artesia was called the last of the week to see Mrs. D. Ohlenbusch. She is reported to be somewhat better at this writing.

Mrs. James Christman, Norma and Albert, Mrs. Slaght and Miss Minnie Woods of Artesia visited Sunday with Mrs. W. G. Jones and family.

Mr. and Mrs. Clyde Latta and family visited Sunday with Mr. and Mrs. Bud Menoud at Hagerman. Mrs. Menoud and Mrs. Latta are sisters.

Mr. and Mrs. Clyde Latta attended the I. O. O. F. grand lodge and grand encampment and grand lodge Rebekah assembly at Carlsbad Tuesday.

Mrs. Ollie Smith spent Saturday night in Artesia and returned home Sunday. She was accompanied by her daughter, Mrs. Chester and children.

J. K. Hearde of Pasadena, California, accompanied by his daughter, Mrs. M. W. Evans of Artesia, drove over from Artesia Sunday and visited old friends in this vicinity.

Frank Frazier, accompanied by Rev. Fry, of Austin, Texas spent Tuesday in Lake Arthur visiting relatives and friends. Rev. Fry is giving a series of Bible lectures at Artesia, and Mr. Frazier is conducting the singing.

Mr. and Mrs. Walden and family, Mr. and Mrs. Clyde Latta and family, Mr. and Mrs. W. A. Hamilton and sons, Mr. and Mrs. E. C. Jackson, Mrs. Goode, Miss Pauline Russell, Mrs. W. G. Jones and son all attended the Cotton Carnival the opening day.

Rev. Bussell of Albuquerque visited the Baptist church Sunday. He was here in the interest of the state Sunday school work. Rev. Bussell addressed the B. Y. P. U. and preached Sunday evening. There were seven additions to the Baptist church in the Sunday services.

The annual mission festival of the Lutheran church was held at the Methodist church Sunday. Rev. Carl Schmid of Albuquerque conducted services at eleven o'clock and two o'clock. Dinner was served to the local members in attendance and the visitors from Carlsbad, Artesia, Dexter and Hagerman.

Having received warning that high water was due Saturday night, the farmers near the river left their

HEALTH NEWS

During the year of 1929 there were 75 cases of diphtheria reported to the Eddy County Health Department. On account of the disease being widespread over the county the health department, backed by the physicians of the county, started a drive in October 1929, to immunize children against diphtheria with three doses each of toxin-antitoxin. About 2500 took the three doses, either from their family physicians or from the health department. Up-to-date only 9 cases have been reported in 1930. Eight of these cases were reported early in the year, before we had stamped the infection out. Only one case has been reported since the April drive was finished.

Can intelligent parents look at these figures and then doubt the good effects of toxin-antitoxin?

We wish to start another drive on small children, soon. There is no use to wait until two or three children die from diphtheria before beginning to immunize. One mother who lost two children from diphtheria has recently brought her baby to the health department and had it immunized.

Children under five years of age are more susceptible to diphtheria than at any other age.

Your child has a right to protection from diphtheria. Will he get it?

O. E. PUCKETT,
Eddy County Health Officer.

FRISCH ADDRESSES JUNIOR HI

George Frisch city water superintendent, made another one of his wet speeches at the Junior High school assembly yesterday morning, and explained some interesting things about the common element, water, otherwise known as H2O.

Miss Violet Robertson, who has been severely ill the past week, is improving.

WILL YOU TELL

Our advertisers, please, that you noticed their advertisement in The Advocate.

homes and spent Saturday night and Sunday with friends who were out of the danger line. The Bob Bailey, Jerry Williams and McLarry families were among those who spent the night in town.

The Sophomore class of the local high school entertained the Freshmen class with a party at the home of Mr. and Mrs. Sims Friday night. The young people had a very enjoyable time playing games. The Freshmen were compelled to entertain the Sophomores with an extemporaneous program. At a late hour delicious refreshments were served.

COTTONWOOD ITEMS

(Miss Alma Bradley, Reporter)

Mr. and Mrs. E. P. Malone and children were in Carlsbad on business Saturday.

Gene Woods who has been very ill in a Carlsbad hospital was able to return home Thursday.

Mr. and Mrs. Albert Watson of Roswell were visiting friends and relatives here last week end.

Mr. and Mrs. Bill Summers and children were guests at the home of Mr. and Mrs. Kensy of Dexter Sunday.

The Cottonwood Woman's club met at the home of Mrs. E. P. Malone on October 8th. All present enjoyed the afternoon very much.

Mr. and Mrs. Millard Derrick who have been living in Las Vegas were here last week and intend to make their home on Cottonwood. Fred Fore of Las Vegas accompanied them and returned home Saturday.

Misses Helen Vera Funk and Gertrude Bradley left Monday for Las Cruces where they will spend a week. This trip is given by the State College to girls and boys of every county in the state through the 4-H club work. These two girls represent the Eddy county sewing club and the subject of their demonstration is "The Care and Selection of Shoes and Hose." They were accompanied by Mrs. J. I. Funk local leader and W. A. Wunsch county agent.

SMASHING ALL SALES RECORDS!

THE new Conoco Germ-Processed Motor Oil is not only the fastest selling oil in Conoco history... it is establishing a new high mark in public acceptance... By a wholly new characteristic, Penetrative Lubricity, this motor oil is attracting motorists from other brands with a quickness unprecedented in the oil world... this would not be possible if this oil were not the finest and safest motor lubricant yet introduced.

It is the Germ Process which gives Conoco the essential points of superiority that make possible these things: 76% less motor wear; reduced carbon formation; lowered operating temperatures; greater gasoline mileage; resistance to dilution; and instant lubrication at the first touch of the starter.

The Germ Process adds to a supremely fine paraffin base oil, a precious oily essence lacking in all other oils. This makes possible the metal-penetrating safety factor that we call "Penetrative Lubricity." Try this new oil today... at the sign of the Red Triangle.

DIFFERENT

FEDERAL FARM BOARD TO HOLD A NUMBER OF FARM CONFERENCES

The federal farm board announced that in cooperation with the United States Department of Agriculture, it will invite a series of conferences in the south looking toward a reduction in the acreage of cotton and a readjustment of the farming programs of cotton farmers.

The acreage planted to cotton this year was 45,800,000. The board believes that 40,000,000 acres is the danger line and that the south as a whole should reduce acreage to that point.

There are, of course, other steps for readjustment of the south's farming program besides reduction of the acreage of cotton. The south produces too much cotton of poor character and staple and too little of the better staples. There is too much unproductive and, therefore, unprofitable land planted to cotton. Too little land is planted to food and feed crops. There is too much gin run seed and too much mixing of varieties in the same community and even in the same bales.

All of these things will be discussed in a series of conferences with representatives of agricultural colleges, experiment stations, extension divisions and county agent groups, teachers of vocational agriculture, bankers' association, land ownership groups, the cotton cooperatives, general farm organizations, and all other agencies whose experiences and knowledge of the south will help to solve these problems.

This series of meetings will be held as quickly as they can be arranged in every cotton state. In them an attempt will be made to work out definite programs suited to the needs of each state and to localities and individual farmers within the state. All useful facts on the present cotton situation will be presented so that, in the end, every cotton farmer may know within reason what he is facing before he makes his planting plans next spring.

NOTICE

STATE ENGINEER'S OFFICE

Number of Application 1894. Santa Fe, N. M. October 6, 1930.

Notice is hereby given that on the 18th day of August, 1930, in accordance with Chapter 49, Laws of 1907 J. B. Muncy, of Artesia, County of Eddy, State of New Mexico, made formal application to the State Engineer of New Mexico for a permit to appropriate the Public Waters of the State of New Mexico.

Such appropriation is to be made from the Pecos River at a point in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of section 23, Township 16-South, Range 26 East, N. M. P. M., which bears N. 41° 45' W. 3244 feet distant from the south quarter corner of Section 24 by means of a pumping plant, and 360 acre feet are to be conveyed to 120 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 26 and W $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 25, by means of a ditch 1166 feet in length, and there used for irrigation purposes.

The applicant claims the right to the waters of an artesian well located at a point in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 31, Township 16 South, Range 27 East, which bears S. 24° E. 180 feet distant from the northwest corner of said section, the flow of which well is equivalent to 0.5 second-foot, and applicant purposes to allow this water to discharge into the Pecos River at a point in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 6, Township 17 South, Range 27 West, in exchange for the water to be diverted as above.

Any person, firm, association or corporation deeming that the granting of the above application would be truly detrimental to their rights in the water of said stream system shall file a complete statement of their objections substantiated by affidavits with the State Engineer and serve a copy on applicant on or before the 6th day of December, 1930, the date set for the Engineer to take this application up for final consideration unless protested. In case of protested applications all parties will be given a reasonable length of time in which to submit their evidence in detail or arrange a date convenient for a hearing or appoint a referee satisfactory to all to take testimony. Appearance is not necessary unless advised officially by letter from the State Engineer.

HERBERT W. YEO,
43-2t State Engineer.

LOCALS

Omer Kersey of Alamogordo was a week end visitor in Artesia.

J. E. Gage and Harry Walker of Pinon were trading in town Saturday.

Owen McClay and Harry Walker spent Sunday in the Sacramento mountains.

Joe Parker Tuesday shipped out three cars of sheep to market in Kansas City.

J. H. Bridgeman, Joyce-Pruit manager at Hope was a business visitor here Saturday.

Mr. and Mrs. J. H. Holomon and Mr. and Mrs. Fred Brainard drove to Carlsbad Sunday.

Mr. and Mrs. George Threlkeld spent a few days here this week visiting friends and relatives.

Mrs. I. C. Dixon and baby daughter came home from the Eddy County hospital at Carlsbad last Thursday.

Ross Conner, deputy sheriff left today for Barstow, Texas, where he was called as a witness in a criminal case.

Miss Ella Brown, instructor in the Hope schools spent the week end with her parents, Mr. and Mrs. C. O. Brown.

Van Welsh and daughter-in-law, Mrs. Wendell Welsh and children, returned last Friday from a visit to Robinson, Illinois.

J. C. Floore, Jr., came up from Carlsbad Saturday to spend a few days at home while convalescing from an attack of flu.

Cavitt Jackson who is attending Simmons University is in Dallas, Texas this week playing in the Cowboy band for the state fair.

Jack Saunders returned yesterday evening from Artesia, where he was on relief duty with the McAdoo Drug store of that city.—Current-Argus, Thursday.

Martin O'Brien, field superintendent of the Pueblo Oil Co., made a business visit to Midland, Texas, over the week end, returning Monday by way of Hobbs.

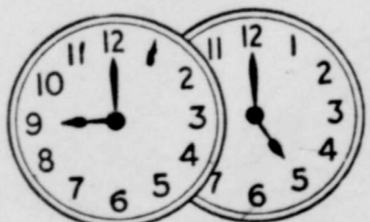

S. W. Hale of San Antonio, Texas arrived here Thursday and will spend several days attending to business matters. Mr. Hale was delayed a day or so en route here on account of high waters.

The Misses Hattie Hazel Herring and Margaret Frisch drove to Carlsbad Sunday morning to visit Miss Herring's parents, but returned early in the afternoon on account of the threatened high water.

Rev. C. C. Higbee, former pastor of the Artesia Methodist church, passed through here on his way to Conference last week and stopped for a short call with Mr. and Mrs. John McCann. Rev. Higbee was appointed presiding elder of the Las Vegas district at conference.

SPEAKING OF NEWS

Did it ever occur to you that advertising is news? Look inside of The Advocate and see what Artesia merchants have to offer it is profitable reading.

Your car is ready
ON TIME

WE HAVE two hard-and-fast rules here: **A job must be done right! It must be ready on time!** Our special Ford training insures the first. Our orderly methods and modern factory-endorsed equipment enforce the second rule. Make this your headquarters for inspection, adjustments, greasing and oiling. Genuine Ford parts and money-saving, worry-saving flat rates for repairs. We offer equal economy in our accessories.

MANY RANGE HERDS SHOW IMPROVEMENT

Remarkable improvement in herds of range cattle in many parts of New Mexico was found in the fifth annual livestock grading demonstration tour, according to the report of Dr. W. L. Black.

The tour was conducted by J. K. Wallace with the cooperation of Dr. Black and the county agents. Beginning in 1926, Mr. Wallace has assisted the extension service each year with a livestock grading tour.

Demonstrations in grading of range beef cattle for market have been conducted in all parts of the state. The importance of using good bulls and culling the herds of breeding cows have been stressed in these demonstrations, and each year the improvement has been noted in many herds and also in range management methods.

The meetings this year were held at different ranches as follows: The Gray ranch of the Diamond A. Cattle Co., south of Animas; the Walking X Ranch of the Cureton Cattle Co., on the line of Grant and Hidalgo counties; the John Turner ranch at Whitewater; the S. W. Land ranch at Glencoe; the Austin Reeves ranch at Elk; the ranch of A. D. Jones at Caprock; the E. S. Shattuck ranch at Queen; the ranch of M. C. Gaar at San Jon; the T. E. Mitchell ranch at Albert; and the T. O. ranch. The last demonstration was held at the Roosevelt County Dairy and Livestock Show.

At all meetings Mr. Wallace handled the marketing and grading end of the work while the animal diseases, breeding and feeding were discussed by Dr. Black. Much interest was shown, the total attendance for all 12 meetings being 1086 or an average of over 90 for each meeting. Stock judging contests participated in by the farmers and ranchers were held after each demonstration, each contestant paying an entrance fee of twenty-five cents, the fees being pooled for the winners. Tours were also made of several of the larger ranches to view range methods and see the quality of cattle.

N. M. LIBRARY ASSOCIATION

The New Mexico Library Association will hold an interesting meeting in Albuquerque on November 6 and 7. State library extension work and the school library section are two important topics that will be discussed.

Loose-leaf Binders, Special Ruling and Stock Forms.—The Advocate.

SCOUT EXHIBIT

Six troops of Boy Scouts entered displays at the Chaves County Cotton Carnival at Roswell, which ended Saturday. Among the troops entering displays included Dexter, Hagerman, Artesia, State School for Blind at Alamogordo and the Mesalero Indian troop. Delbert Jones and Billy Bullock of Artesia troop 29 carried off the major share of the honors and were awarded places in the following events:

Tooled leather: first, second and third place, Delbert Jones, Artesia, troop 29.

Other leatherwork: first and third places Delbert Jones, Artesia, troop 29; second place to Billie Bullock, Artesia, troop 29.

Beaded Belts: first, Junior Stone, Roswell, troop 19; second, Delbert Jones, Artesia, 29; third Billie Bullock, Artesia, 29.

Other bead work: first and third, Billie Bullock; second Delbert Jones.

Tile bead work: first, Delbert Jones; second and third, Billie Bullock.

Does A Sick Man Call In A Plumber Not Unless He Wants to Die

Should New Mexico, suffering financial and business pains as a result of the money-spending spree of the Republican administration call in a lawyer or a business executive?

ARTHUR SELIGMAN

Democratic Candidate For Governor

is recognized as one of this state's ablest and most successful business men. His record as an executive is unmarked by failure. He is president of one of the strongest, if not the strongest, financial institutions in the state. He has been active in business affairs in New Mexico since 1888. He was born in this state and has lived here virtually all of the time since. He has been identified closely with the administrative and fiscal affairs of New Mexico for many years. He understands them thoroughly and is capable of dealing with them on the basis of absolute business judgment.

CLARENCE M. BOTT

Republican Candidate For Governor

is a lawyer. His record lacks any evidence of business experience. He has been identified only with legal matters so far as his life in New Mexico has been concerned. He has been associated in a legal way with corporate interests. He has been served by the Republican party. He never occupied a position that would acquaint him even remotely with the business affairs of the State of New Mexico, except from the legal standpoint. His business ability is unproven and an uncertain quantity.

If you had a business which was in the same precarious financial condition as is the state of New Mexico, which of those two men would you employ to put it back on its feet, the business executive or the Lawyer?

New Mexico Needs a Business Government A Sick Man Doesn't Call In A Plumber

NUMBER OF FARMS IN NEW MEXICO TOTALED 31,393 IN YEAR 1930

WASHINGTON, D. C.—The direct-
or of the census announced yesterday
the number of farms in New Mexico.
A farm, for census purpose, in-
cludes all the land which is directly
farmed by one person, either by his
own labor or with the assistance of
members of his household or hired
employees. When a landowner has
one or more tenants, renters, crop-
pers, or managers, the land operated
by each is considered a "farm." Any
tract of land of less than 3 acres
used for agricultural purposes, which
produced products to the value of
\$250 in the preceding calendar year,
is classed a "farm."

The figures for 1930 are prelimi-
nary and subject to correction.

	1930	1920
State total	31,393	29,844
Counties:

Counties in 1921.

WARNS AGAINST SPEEDING IN THE SCHOOL ZONES

SANTA FE—All safety organiza-
tions in the nation at this time are
turning attention to the question of
traffic fatalities in school zones, a
highway service bureau bulletin
states.

With the reopening of schools all
over the nation, the question of how
best to protect child life is upper-
most. Portable semaphores and like
mechanical aids have been found in-
adequate. Varying speed limits have
had effect but not as complete as
is necessary.

"The fact that a driver is in a
school zone should be sufficient rea-
son for him to drive with care with-
out the need of any law, mechanical
device or police attendance," says
the service bureau bulletin. The care-
less driver never knows when it will
be his own child that he kills until
too late.

TRYS OUT NEW ROAD MACHINE

ROSWELL—Colonel "Scotty" An-
drews, inventor of the magnetic nail
picker, high speed maintainer, and
Andrews weed burner, is now giving
trial runs to a new machine which
is designed to remove irregularities
from oil surfaced roads, it is re-
ported. Following his usual custom
the inventor has not yet held any
public trials he is sure he has work-
ed out and defects in the machine,
although it is expected that a demon-
stration before engineers will be
held at an early date.

Female voice over phone—"Hello,
the club? Is my husband there?
Not there you say? But wait, I
haven't even told you my name."
"It ain't necessary, lady; there
ain't nobody's husband here, never,"
was the darky's reply.

TASTY PASTRIES

Pior's Twin Loaf BREAD

At The
City Bakery
Phone 90
C. C. PIOR, Prop.

Small or medium cabbage is the
most desirable market size. Heads
of pointed cabbage weighing from
1 to 4 pounds and heads of Danish
and domestic cabbage weighing from
2 to 6 pounds are preferred.

Two important rules should be
observed in feeding straws, stovers,
and other coarse, dry roughages to
livestock. Feed with them a succu-
lent, somewhat laxative feed such
as pasture, soiling crops, silage, or
root crops. Store roughages care-
fully under cover to prevent loss of
palatability and food nutrients from
exposure to rain.

The most effective way of deal-
ing with sheep killing dogs is through
legislation rigidly enforced. Proper
legislation greatly reduces losses of
livestock, danger of rabies, and at
the same time protects licensed dogs.
Many states have enacted good dog
laws, but some state still have prac-
tically no regulations controlling the
dog.

Seed prices are apt to be lower
during the fall and winter than at
planting time, says the U. S. Depart-
ment of Agriculture, which advises
farmers to buy their seed early if
they can decide upon the crops and
the acreage before spring. The
quality of seedmen's stocks is usual-
ly better early in the season, seed
obtained early is sure to be one hand
when needed for sowing, and it may
be tested and replaced by other seed
if found to be unsatisfactory.

Straws and stovers produced an-
nually in the United States have an
aggregate livestock feeding value
about equal to that of the hays and
fodders, yet 96 per cent of the lat-
ter roughages are utilized as feed
and only 27 per cent of the former.
Good oat straw, for example, is
equal to corn stover and compares
well with the poorer grades of clover
hay for beef cattle and sheep. Soy-
bean straw, fed with shelled corn
and linseed meal to sheep, was found
to be worth one-third as much as
good quality clover or alfalfa hay.
Sweet clover chaff, a by product of
the sweet clover seed industry, re-
duced 20 per cent the cost of winter-
ing a band of ewe lambs at the
U. S. Sheep Experiment Station at
Dubois, Idaho, when fed at the rate
of 2 pounds of chaff and 2½ pounds
of alfalfa hay per head daily. The
edible portion of well-cured corn
fodder compares well with timothy
hay as a feed for dairy cows.

Seligman Settles His Taxes for 28 Cents on Dollar; Bond Deal

—BY—
REPUBLICAN STATE CENTRAL
COMMITTEE

DEAR MR., MRS., and MISS VOTER:
Lister in on Your Radio:

KOB State College 8:15 to 8:30 p. m. Tuesdays and
Thursdays.
KGGM Albuquerque 7:30 to 7:45 Wednesdays and Sat-
urdays.
The Raton Radio Station 7:00 to 7:15 Mondays and Fri-
days.

Please listen in on your radio. KOB covers the state
fully. KGGM covers the vicinity of Albuquerque. The Raton
station is good for that vicinity. Good speakers will be
heard from each station in fifteen minute addresses. The
facts stated by them will be authentic. The talks will be in-
teresting.

The real problem before the people of New Mexico is
whether the State will continue progressive or become reac-
tionary. Progressive to what? Reactionary from what?
Those are questions which should be answered.

Republican Progressivism

The program of the Republican party has for its chief
object the continuation of our splendid system of education,
both in the grade and high schools and in the institutions of
higher learning. Also the improvement of our system of
education until it can not be said that the sons and daughters
of any state have better educational advantages.

Continuation of the highway construction and improve-
ment until we shall have our main highways hard surfaced
with concrete or oil. We have the finest all year climate
in the world. Not too hot; not too cold. We have scenery
unexcelled, and a land of colorful history. We have here
the coming together of three civilizations: the Indian, the
Spanish and the Anglo. Back of all we have the ruins of
prehistoric civilization which rival in interest that of ancient
Egypt.

With good roads and proper advertising, tourists will
throng our state winter and summer.

The Republican party is responsible for the laws, and
largely for their administration, because of which New Mex-
ico has made such wonderful progress both in schools and
highways.

The Reactionary Democrats

The reactionary policies of the Democratic party would
return the state to the dirt road and the one room school-
house with its one teacher.

Mr. Arthur Seligman has made it plain that he purposes
if elected, to retrench and economize. His party, in their
platform, has made it clear that expenses shall be cut in the
maintenance of our system of education. To do that school
terms must be shortened or the salaries of teachers reduced.
Probably if the Democrats get control we shall have lower
salaries and shorter terms for the country schools.

Do the parents of New Mexico want their children to
have less educational advantages than they now have?
Do the people of the state want poorer roads than we now
have? Do they want the gasoline tax diverted to the general
fund instead of being spent for the betterment of the high-
way system?

The Democrats purpose, if they get into power this
year, to curtail expenditures for both the schools and the
roads.

A Lesson From Tennessee

Not all Democrats are reactionary. Only the leaders in
New Mexico seem to be against progress. North Carolina now
is at the front of all states of the south because that state now
has more than seven thousand miles of paved roads and has
a system of public schools not surpassed in the United States.

Governor Horton of Tennessee drove legislation through
the legislature to provide for better schools and better roads.
A fight was made against his renomination. His op-
ponents used every argument against him that is now being
urged by the Democrats against the Republican party in New
Mexico. But the voters of Tennessee want the roads and the
schools and they renominated Horton by a landslide.

The forward-looking Democrats of the State of New
Mexico want good schools and good roads. They will have
nothing less. They will not follow their leaders in such re-
actionary policies as were announced in the Democratic State
platform.

Judge Botts is a leader of progressive thought and action
For twelve years he has been a member of the school board
of the city of Albuquerque. No city of similar size has bet-
ter schools. That city showed a gain during the past ten
years of more than seventy-six per cent. Practically every
family which contemplates coming there makes inquiry as
to the kind of schools Albuquerque has. For the splendid edu-
cational facilities of Albuquerque Judge Botts is largely
responsible.

A Word About Mr. Seligman

The Democratic candidate has never been known as public
spirited. He has never been active in any matter for the
public interest that did not have a profit—a very definite profit—
for himself. Mr. Seligman as head of the Seligman Brothers
Company, became delinquent in his taxes for \$2667.81. He
forced a settlement for twenty-eight cents on the dollar. Santa
Fe county fell into hard lines and defaulted on its bonds. He
bought up a lot of them at a few cents on the dollar. Then
he collected the bonds at par with interest added. The prin-
cipal and interest thus secured amounted to \$21,666.

Mr. Seligman beat his state and county out of nearly
seventy-two per cent of his taxes. He bought up county
bonds at bankrupt prices and forced settlement at par, prin-
cipal and interest.

Mr. Seligman is now trying to have Elfege Baca, the last
of the New Mexico "killers" elected judge of the district court
of the seventh judicial district. Baca's unfitness for the po-
sition has no weight with Mr. Seligman so long as votes may be
had for himself and his ticket. The promotion of the candi-
dacy for Baca for the judgeship is one of the most terri-
ble things that ever has come up in New Mexico politics.

Holt and Simms

H. B. Holt and A. G. Simms should, by all means, be elected
to the Senate and Congress. New Mexico needs so much that
can not be had except through the federal government. You
have read much of the dependence of this state on tariff
legislation. The Democrats, defending Senator Bratton's vote
against the bill claim that the tariff does the woolgrower no
good. They point to the low price at the present moment.

The tariff bill gave an increase of from thirty-one to
thirty-four cents a pound, scoured basis. That means about
eleven cents a pound on grease or raw wool. About forty
per cent of the wool used in the United States is imported.
The price of raw wool is now about fifteen cents a pound.
The foreigner must pay eleven cents for the privilege of selling
in this market. That makes his home price about four cents
a pound, out of which he must pay the freight. To open our
markets to the foreign woolgrower would bankrupt every
New Mexico woolgrower.

This fact is admitted by Mark Smith, in his book on
wool and the sheep industry. He advocates free wool and says
while it would destroy the sheep industry in the grazing
states, that it would be in the interest of the people of the
densely populated states of the east. Mr. Smith is recognized
as the authority of the eastern states on the sheep and wool
industry and speaks the language of the Democratic party.

The Democratic party would destroy the livestock in-
dustry in New Mexico. It would destroy the tax value of our
grazing lands both as to the state and the taxable value of
the grazing lands in private ownership. It would bankrupt
every grower of livestock. It would ruin New Mexico and de-
prive the state of at least one-half of our population—ADV.

440 ODDFELLOWS AND REBEKAHS ATTEND THE CARLSBAD CEREMONIES

The Grand Encampment of the Odd Fellows, in session at Carlsbad, Monday morning, elected and installed the following officers:

J. B. Leck, Carlsbad, grand patriarch; A. J. Newsom, Alamogordo, senior warden; B. P. Rasmus, Roswell, junior warden; O. E. Silver, Albuquerque, high priest; C. Bert Smith, Artesia, scribe; W. V. E. Bueche, Albuquerque, treasurer.

Officers appointed and installed with the elective officers are George E. Fair, Albuquerque, grand marshal; J. B. Stamp, Sr., Loving, inside sentinel; J. P. Head, Roswell, outside sentinel.

Present at the opening of the session were G. W. Bruce, grand secretary of Oklahoma, whose home is in Guthrie; Dr. C. P. Hues, past grand representative in Oklahoma, whose home is in Lawton; and F. C. Rice, grand patriarch in Oklahoma, whose home is in Lawton.

Notables among the New Mexicans present were John C. Spears, the oldest past grand master of Odd Fellows in the state. He came here from his home in Gallup, and although 71 years old, was one of the most active of those attending the convention. He helped organize the New Mexico grand lodge in 1887 and, with two exceptions, has attended every convention of the grand lodge since that time. He was grand patriarch at the first Grand Encampment in the state.

The Rebekah School of Instruction, by Triple Link Rebekah Lodge No. 10 of Albuquerque, opened in Masonic Hall at 1:30 Monday afternoon, and at three o'clock, also in that hall, there was the Rebekah memorial service and draping of the charter, by Sunrise Lodge No. 9 of Artesia.

Among the Artesia delegates at the Carlsbad meeting were: Edward Stone, C. Bert Smith, V. A. Buel, Miss Ruby Turknett, Mrs. Beulah Jones, Mrs. Alberta Martin, Mrs. Ada McCann, Mrs. Joe Clayton, Dr. Ruth Van Dusen, Dr. Esther Seale, Mrs. Margaret Wingfield, Mrs. Nellie Smith, Mrs. Mattie Story, Miss Mary McCaw, Mrs. Irma Kite, Mrs. Etta Douglas, Mrs. Laura Welch, and Miss Ella Bauslin.

instructor; Mrs. Belle McCord, Carlsbad, member of the home board; Mrs. Sarah Brown, Springer, representative to the association of Rebekah Assemblies; and Mrs. Mary Comstock, alternate representative.

JOHN McCANN'S MOTHER DEAD

John McCann has received the sad news of the death of his mother, who passed away at her home at Wooster, Ohio last Sunday night.

Typewriters for rent at Advocate.

PICKED UP ON MAIN

We never expected to see the day when business houses on Main street would be inhabited by bats. It looks like now that down on the Mark Corbin block they have part of the Cavern bats, and to make the scene more real and homelike for the bats the Southern Club cafe has displayed a lot of stagtalites and stalimites or what you call 'em, from a cave. Mark, however, has started advertising and together with efforts of the high potentate of the B. C. Hdwe. Co., Carl Bildstone hopes to attract enough customers to run the bats from his end of town.

W. E. Ragsdale is trying to wash his hand of the San Angelo, Texas flood report to the effect that 300 people were drowned, which turned out to be 300 sheep.

Speaking of the lack of social calls in Artesia, C. J. Dexter says that nobody but the doctor has ever called at his home and he had to pay for that.

OIL STORY

(Continued from first page)

Gypsy Oil Co., Grimes No. 6, sec. 32-17-38, tested 9,493 barrels; Midwest Refining Co., Terry No. 26, 660 feet from the south and east lines sec. 9-19-38, tested 826 barrels; Midwest Refining Co., McKinley No. 6, sec. 5-19-38, rated at 2,023 barrels; Sun Oil Co., McKinley No. 2, 660 feet from the east line and 1980 feet from the north line sec. 5-19-38, 4,406 barrels; California McKinley No. 1, 1320 feet from the west line and 2310 feet from the north line sec. 20-18-38, 7,452 barrels.

Eunice district is to the effect that unofficial information from the Eunice district is to the effect that the A. E. Meyer No. 1 of the Continental Oil Co., SW sec. 17-21-36, was opened up recently and gauged 76.5 barrels per hour on an eight hour test. The Continental well has been shut in for over a year. Pay was topped in this test at 3995 feet and drilled to 4,001 feet where it flowed 983 barrels of oil in 24 hours.

Two locations have recently been made in Lea county, one is in the Eunice district. The Shell Petroleum Corp., Colman No. 1, 2310 feet from the south and east lines of sec. 17-21-36; another in the Hobbs district is the State No. 1-C, Continental Oil Co., 1980 feet north of the south line and 1980 feet west of the east line sec. 5-19-38.

BRAINARD HAS FUTURE

The Louisiana State University news bureau has the following comment on Guy Reed Brainard of Artesia, who is a member of the football squad:

Guy Brainard, Artesia, New Mexico, guard, center; sophomore, 165, "as good a 165 pound linesman as ever played football in the south, without doubt," says Tiger coaches. He is a great fighter, they say, with a tremendous desire to win. He will be used this year as offensive guard and defensive center.

Reeves; San Jon circuit, J. R. Wood; Tucumcari, A. C. Douglas; Vaughn-Encino, A. F. Tucker.

MAD DOG KILLED

Bretton Dunn, Tuesday shot and killed what was believed to have been a mad dog near the Dunn's Garage. The dog had just thrown a fit when Mr. Dunn dispatched it with a shot gun. Hydrophobia is known to be prevalent among the coyotes at this season of the year, but is not so severe among dogs.

This is written as a warning so that people may be on the lookout for further outbreaks of this dreaded disease. The dog killed was of a yellow color and looked like about a half breed between a bull dog and air-dale, Mr. Dunn says.

JUNIOR TROOP GIRL SCOUTS ON HIKE MONDAY

The Junior troop of Artesia Girl Scouts went on a hike Monday afternoon. The girls hiked to a field south of town where a camp fire was built over which they toasted marshmallows. The girls were accompanied by Mesdames Stanley Blocker and Tex Henson, troop leaders.

ATWOOD SPEAKER

J. D. Atwood of Roswell was the principal speaker at the luncheon of the Artesia Rotary club Tuesday, addressing the club on the subject of "Rotary Fellowship." Rev. H. G. Scoggins, made a brief talk to the four new club members, Messrs. Willis Morgan, Charles Morgan, V. D. Bolton and R. G. Knoedler.

You would not think of employing unskilled labor to do the work of a high class salesman—it's just as serious a matter to use only good printing. Try the Advocate, phone 7

THE SOUTHERN PACIFIC FILES ANSWER RECENTLY

The Southern Pacific Railway Co., and the El Paso and Rock Island Railway Co., have filed an answer to the protest of the Southwestern Water Protective Association and the Bloom Land and Cattle Co., relative to the erection of a dam on the Bonita creek to impound waters of said creek.

In answering the protest of the Southwestern Water Protective Association, the defendants claim that the protest against the construction of the dam is based on erroneous information. The assertion that the proposed dam will impound a flow of water larger than five second feet and the waters of the entire stream is not correct, the defendants claim. Further any flow of water in excess of five second feet will continue to flow down stream.

The flood waters of the Hondo river will not be intercepted by the dam, as they have their origin below the dam, chiefly from the Capitan water shed. The defendants further deny the assertion that the obstructed flow of the Bonita creek would arrest the flow of the artesian belt.

CASES IN DISTRICT COURT AT CARLSBAD

One jury case in the district court at Carlsbad has ended in a disagreement. This case involved an old note amounting to \$8,500 in which Carl B. Livingston was plaintiff and J. H. Black and W. L. Beckman were defendants. On the same date, Saturday, Judge Richardson suspended a five year pen sentence for Juan Serabia on a liquor charge. Miramon Gutierrez of Carlsbad, who was charged with having liquor within 300 feet of a public gathering was found guilty by the jury Tuesday at Carlsbad. The jury recommended mercy for Gutierrez.

OLD TIMERS IN PARADE

Among the old timers from this section, who took part in the old timers parade at the Chaves County Cotton Carnival at Roswell Friday, and enjoyed the barbecue were: Mr. and Mrs. Bill Ballard, Dave Runyan, Ward Cave, Oscar Cave, Wallace Merchant, Harry Woodman, Mr. and Mrs. John Fanning and Tom Runyan.

NIGHT GAME CANCELLED

Howell Gage, business manager of the Artesia Oilers announces that a night game of baseball, scheduled to have been played here during October by a Kansas City team has been cancelled. The visitors, who tour the country and play ball under their own special lighting arrangement could not secure a sufficient number of games in the valley to make the trip a paying one.
