

Artesia Advocate

The Advocate answers the demand for a constructive advertising medium in the middle valley.

ARTESIA, NEW MEXICO, THURSDAY, OCTOBER 30, 1930.

NUMBER 46

THE TWENTY-SEVEN

Crude Oil Cut 30 Cents Barrel On Last Saturday

Effective Monday

Effective on the morning of October 25th, crude oil from the Artesia field was reduced 30 cents per barrel, bringing the current price to 75 cents per barrel. Crude oil in the Hobbs field was not affected by the local cut, although operators anticipate a cut, which would be in line with reductions in other fields.

ARTESIA ELEVEN WILL MEET ALAMOGORDO FRIDAY AFTERNOON AT 3

The Artesia High school eleven furnished the surprise of the week among the high schools of the east side of the state, when they journeyed to Clovis and held the strong Clovis aggregation to a scoreless tie on their home grid iron. It was a hard fought struggle and anybody's game until the final whistle. Clovis threatened to score only once in the second quarter when they brought the ball to their own ten yard line on a fake place kick and a pass, the Artesia line stiffened and held, ending the threat.

CHRISTMAS SEAL SALE

Mrs. C. C. Meacham of Albuquerque, secretary of the New Mexico Anti-Tuberculosis Association spent the day here yesterday and conferred with a committee from the Junior Women's club with reference to working out a program for staging a Christmas Seal Sale. Following Mrs. Meacham's visit it was announced that the pre-seal sale will occur the day after Thanksgiving.

TWO PLAN TO ATTEND STATE EDUCATIONAL ASS'N. NEXT WEEK

Superintendent Kerr and Miss Ruth Morgan of the Artesia High school expect to attend the State Educational Association, which convenes in Albuquerque, November 5, 6, 7 and 8. Miss Morgan is chairman of the home economics section and will preside over this division of the association. Superintendent Kerr will address the association on the subject of "Teacher Tenure." No other faculty members of the local schools will attend. The schools will not dismiss for the session of the State Educational Association as has been the case on one or two occasions.

BRUNKS COMEDIANS HERE

Brunks Comedians will be with us again, beginning a week's engagement Monday evening, at the location south of Peoples Mercantile Co. Brunks Comedians are well known over Eastern New Mexico and Western Texas. They played in Artesia about three years ago.

TO HAVE GAS 15th

Gas is being piped to the 15th of next week by Albert T. Woods of the Consumers Natural Gas line is being constructed by the Gas Company of New Mexico. The same line also serve the Lea well.

WORKMEN IN THE SYSTEM WILL BE COMPLETED

The crew of the Mountain Telephone Co. is working on the aerial cables for the section so that the line can be put over the new line. Inclement weather is hindering the construction work, but the line is being completed as soon as possible.

THE HIGH SCHOOL BUILDINGS

The workmen visited this morning the early part of the school buildings and needed a few days putting the roof on.

WORKMEN IN THE SYSTEM WILL BE COMPLETED

The crew of the Mountain Telephone Co. is working on the aerial cables for the section so that the line can be put over the new line. Inclement weather is hindering the construction work, but the line is being completed as soon as possible.

SELIGMAN FAVORS OILED HIGHWAY--SAYS NEVER MADE CARLSBAD SPEECH

Paragraph Of Copy Of The Speech Delivered To The Press In His Carlsbad Visit Cleared Up By Telegram To Oil Ass'n.

The manuscript of the speech of Arthur Seligman, democratic candidate for governor, scheduled to have been delivered at Carlsbad the afternoon of October 21st, in which the Associated Press quoted Mr. Seligman as saying the new Mexico oiled roads are failures, has precipitated quite a bit of local discussion as to Mr. Seligman's attitude with reference to oiled roads in the event of his election.

We are reproducing in full the copy of the letter addressed to Mr. Seligman from the New Mexico Oil Men's Protective Association and Mr. Seligman's answer:

The letter:

Artesia, New Mexico
October 25, 1930

Hon. Arthur Seligman,
Santa Fe, New Mexico.

Dear Mr. Seligman:

In the Roswell Daily Record of October 21, 1930, appears a report of your speech at Carlsbad on that date, under the heading, "Seligman Says Oiled Roads Are Failures."

This published report of your said speech has caused much discussion among our citizens as to whether or not you are opposed to the building of oiled roads in New Mexico.

Will you kindly advise us whether or not, if elected Governor, you would be opposed to the use of oil in the construction of roads in New Mexico.

Yours truly,
NEW MEXICO OIL MEN'S PROTECTIVE ASSOCIATION.

By M. W. EVANS, Vice-President
WILLIAM DOOLEY, Secretary.

WD:NN

The reply:

M. W. EVANS, Vice President
WILLIAM DOOLEY, Secretary,
OIL MEN'S PROTECTIVE ASS'N.,
Artesia, N. Mex.

Referring your letter twenty-fifth Roswell Record opposed my candidacy stop made no speech Carlsbad stop No statement by me oil roads failure stop Am not opposed oil roads.

ARTHUR SELIGMAN,

Criticism by Arthur Seligman, the democratic candidate for governor, of the oiled roads in New Mexico was not directed against the idea of oiled roads, but against the deficiencies in engineering and construction which are showing up on New Mexico highways, it was stated at Santa Fe Monday night by Carl A. Hatch, democratic state chairman.

"Mr. Seligman is a believer in the best type of roads possible," said Chairman Hatch, "but he believes also that New Mexico is the victim of inefficiency and extravagance in the construction of many of the roads in the state now."

"The manuscript of the speech which was to have been delivered in Carlsbad and which was released to the press read as follows:

"And, sad to relate, those oiled roads which have been constructed are not standing the test of time. Already, within less than a year of the construction of many of them, they are failing."

"Mr. Seligman's contention, Hatch said, "is that too much of the money which should have been put into materials and engineering ability on the oiled highways, has been diverted to what he terms 'political roads'."

The statement by Judge Hch was issued after the New Mexico Oil Men's Protective Association had demanded that Mr. Seligman state whether he was for or against oiled roads.

Mr. Seligman replied to the association by telegram that "I am in favor of oiled roads and highways."

CHAS. SPRINGER SAYS DEBENTURES ARE ONLY WAY TO BUILD ROADS

Plan Provides Finances To Meet Federal Aid For Our Roads--Sees Danger In The Repeal Of Plan Now In Use.

The republican speakers, who addressed a number of voters at the Majestic theater, yesterday afternoon beginning at 3:00 p. m., were well received. Judge S. E. Ferree, acting chairman, introduced Judge C. M. Botts of Albuquerque, republican candidate for governor. Judge Botts' remarks were more or less personal, on account of the fact of his former residence here. In the course of his talk he stated that he would rather receive a good vote in his old home town and in Albuquerque than to be elected governor. He pledged his best efforts toward carrying out the program of good roads and schools.

Herbert B. Holt, candidate for U. S. Senator on the republican ticket, advocated a constructive program for the development of the state's natural resources, giving particular attention to irrigation and reclamation. He endorsed the present tariff law and promised to work for and support a tariff on oil.

Albert G. Simms, candidate for reelection to congress expressed his pleasure at the size of the audience, with the remark that it was the most complimentary day time meeting of any he had seen during the present campaign. According to Congressman Simms the outstanding thing of the Dillon administration is the progress in highway building. "I feel that I have aided the present state administration in helping to pass the \$250,000,000 federal aid bill," he said.

H. C. Livingston, candidate for attorney general, paid a tribute to the present highway system in a state as sparsely settled as New Mexico. He scored Arthur Seligman, democratic nominee for governor for the settlement of his taxes at 28 cents on the dollar and for his part in the nomination of Elfergo Baca as a candidate for district judge of the seventh judicial district. He classed Baca as a murderer and said no respectable democrat was responsible for the nomination of Baca. He also referred to the alleged transaction of Seligman in acting as agent for Santa Fe county in securing a land grant for the state and charged the state fifteen per cent of what the lands sold for as his part of the transaction.

Governor Dillon, the next speaker said he was not a candidate, but wished to take the opportunity to thank the people for the support given him during his term of office. He said that the opposition had attacked the administration's program of road building on the debenture plan, by which plan the state could build roads ten years ahead of time.

J. Frank Curns, candidate for the supreme court gave a brief talk setting forth his qualifications, namely that he was admitted to the bar during the year 1905 in the District of Columbia and had been practicing law in the state for several years.

Charles Springer, of Springer chairman of the state highway department, joined the speaking party here and made a brief speech in defense of the department's policies. He stated that he would be willing to serve out his term, but would not care to go on if the democratic candidate were elected, because the nominee was pledged to discard the debenture plan. Mr. Springer said that he was appointed by Governor Dillon at the beginning of the present term.

INSPECT PORTION HIGHWAY 83

B. F. Kelley of Roswell, district engineer, W. C. Davidson of Santa Fe, state engineer and L. N. Kremer, manager of the Artesia Chamber of Commerce, inspected a portion of highway 83 west of here Monday. Mr. Kremer reports that a repair crew west of Hope is making splendid progress in putting the road in shape for travel.

LIGHT FROST

The first light frost of the season visited this section Friday morning and was principally visible in the low places. The early frost, however, did not kill vegetation. The weather generally has been moderate during the past week and has been favorable to the rapid growth of both weeds and grass.

DUCKS SCARCE

Ducks are rather scarce as yet in the Pecos valley. The second week of duck season has opened up, but it has been little or no better than the first. Scarcity of ducks seems to exist over the entire southwest. There is only one spot where the ducks appear to congregate these days and that is on Lake McMillan, a bird refuge, where they are safe from the guns of the hunters.

THE INTERNATIONAL HARVESTER CO. WILL OPEN BRANCH HERE

Just as we go to press we learn that the International Harvester Co., has made plans to establish a branch office in Artesia under the management of Jas. P. Bates. It is understood that the building occupied by the Paris Motor Co., has been leased for an office and warehouse and that the new concern will be open for business on November 1st.

THE CRAWFORD HOTEL DAMAGED BY FIRE THURS.

An early morning fire Thursday did \$20,000 damage to the Crawford hotel, at Carlsbad, according to press reports. The fire broke out in the parlor of the old building or the second story and spread to the roof. The fire was discovered about 2:00 p. m., in the morning and was extinguished before it spread to the new addition of the hotel.

H. S. NICHOLS DIES AT CARLSBAD FRIDAY

Herman R. Nichols, well known resident of Carlsbad, died at the St. Francis hospital after a brief illness. Mr. Nichols was a clerk in the Coates Grocery Store at Carlsbad and formerly had been in the employment of Joyce-Fruit Co.

EDDY COUNTY WILL PASS 18,000 BALE MARK BY THE END OF WEEK

Eddy county ginnings will easily reach and pass the 18,000 bale mark before the close of the week if the weather conditions permit. Continued showers have held up the picking operations and made cotton in many instances difficult to gin. An early report of Carlsbad project ginnings, totaled 11,901 bales. Five gins in north Eddy county reported 5,592 bales up to yesterday, divided as follows:

Cottonwood gin ----- 1,095
Association gin, Espula ----- 714
Association gin, Artesia ----- 1,729
Farmers gin, Artesia ----- 972
Association gin, Atoka ----- 1,082

Total ----- 5,592

ELECTION RETURNS

Please accept this as an invitation to be the guest of The Advocate on the evening of November 4th, at which time election returns will be received at this office. We have planned to assimilate and tabulate returns from both the state and county as fast as they are available. The total vote of each precinct will be given as rapidly as it is received. We hope to have a fairly complete vote of the county before midnight of the 4th. We are asking the election officials of each box in north Eddy county to furnish us the vote as soon as counted.

STORES TO CLOSE AT 5:30 P. M.

We, the undersigned agree to close our places of business at 5:30 o'clock from the First day of November 1930 until the First day of March 1931:

- Peoples Mercantile Co.,
- Safeway Stores,
- Joyce-Fruit Co.,
- Brainard-Corbin Hdwe Co.
- Mounts
- J. C. Penney Co.,
- Walter Graham,
- Sanitary Grocery,
- Gissler Market,

WATER CONTROL DIST. WILL BE FORMED TO SAVE WATER SUPPLY

Preliminary steps for the formation of a water control district were made in a meeting of land owners at Roswell yesterday. The district when formed will request proper legislation to protect the artesian water supply.

An executive committee which will meet soon and whose members represent the various communities using the artesian water supply was appointed. These men are to complete plans for the proposed district and present them for approval of land owners in the Pecos valley.

Men who were appointed to serve on the committee were: E. A. Paddock, Hagerman, chairman; Arthur J. Stevens, Roswell, secretary; I. S. Reser, Artesia; W. L. Heitman, Hagerman; Ernest Nelson, East Grand Plains; and W. C. Urton, Roswell. Another member of the committee will be selected at a later date as an additional representative from Artesia.

Need for conservation of the artesian water source was stressed at the meeting. A representative board to pass on all well permits to be sent into the state engineer was favored. Work on a bill to be submitted to the legislature in which changes of the artesian system control are included will be in the hands of the executive committee appointed.

Those who attended the meeting yesterday were: J. R. Thomas, county agent, who acted as chairman; A. J. Stevens, acting secretary; O. B. Berry, Dexter; W. F. Crawford, Roswell; W. C. Urton, Roswell; E. A. Paddock, Hagerman; E. L. Morris, Roswell; Herbert Gifford, Roswell; Ernest Malone, Lake Arthur; I. S. Reser, Artesia; Ernest Nelson, East Grand Plains; M. G. Monical, Dexter; S. C. Bybee, Roswell; Geo. Perrine, Roswell.

THE INTERNATIONAL HARVESTER CO. WILL OPEN BRANCH HERE

Just as we go to press we learn that the International Harvester Co., has made plans to establish a branch office in Artesia under the management of Jas. P. Bates. It is understood that the building occupied by the Paris Motor Co., has been leased for an office and warehouse and that the new concern will be open for business on November 1st.

THE CRAWFORD HOTEL DAMAGED BY FIRE THURS.

An early morning fire Thursday did \$20,000 damage to the Crawford hotel, at Carlsbad, according to press reports. The fire broke out in the parlor of the old building or the second story and spread to the roof. The fire was discovered about 2:00 p. m., in the morning and was extinguished before it spread to the new addition of the hotel.

H. S. NICHOLS DIES AT CARLSBAD FRIDAY

Herman R. Nichols, well known resident of Carlsbad, died at the St. Francis hospital after a brief illness. Mr. Nichols was a clerk in the Coates Grocery Store at Carlsbad and formerly had been in the employment of Joyce-Fruit Co.

MERCURY OFF TO 34 DEGREES TUESDAY AND WED'Y NIGHTS

The First White Frost Of The Season Here Last Night, Did Little Damage--Grass And Weeds Are Greening On Ranges.

Light showers fell intermittently over this section Tuesday with sleet and snow in the mountains. Tuesday's moisture here amounted to .22 inches, according to measurements of R. W. Bruce, weather observer. The moisture was general over the eastern part of the state with clear weather in the north central part of the state. Travelers coming into the valley from Albuquerque and Santa Fe report a light snow fall in the vicinity of Vaughn and Encino Tuesday. Sleet and rain were reported for the Weed section and other areas of the Sacramento mountains on the same date.

Tuesday night was one of the coldest of the year here with a light frost reported in the low places. The frost, however did not damage the vegetation to any extent, it was said.

The first white frost of the season visited the middle valley this morning. For the past two successive nights, the thermometer registered 34° F., two degrees above freezing. This morning's frost did not kill the vegetation except in low places, according to early reports.

Grass and weeds are making a rapid growth on the ranges. Stockmen declare that in many places west of here the ranges resemble green wheat fields. The fall grass will be of substantial aid in carrying livestock through the winter and in some cases will eliminate the necessity of feeding.

DUCKS SCARCE

Ducks are rather scarce as yet in the Pecos valley. The second week of duck season has opened up, but it has been little or no better than the first. Scarcity of ducks seems to exist over the entire southwest. A FARMER'S VIEW ON WAR AND PEACE

It is carnival night in the home town and chief of attractions is the big parade of 20 Legion posts. All honor to the legionnaires! Smartly tailored uniforms in bright and varied colors, shining helmets, music, rhythm, action—all these fascinate young and old and the small boy on the sidewalk links up the idea with war and decides he will be in on the next one.

Twenty miles south of the home town is a huge government hospital where are quartered veterans to whom the gods of war have been less kind; veterans some of whom may never walk again, others who may never again see and still others who may never again think with clear minds. This is the other side of the picture, sight of which unfortunately escapes the small boy on the sidewalk.

This war business is getting a lot of attention nowadays and rightly so. Since the dawn of history war has been regarded as inevitable but the last conflict was so much more of a war than anything in the past that men and nations have been jolted out of their complacency and are now looking for a better way to compose international differences in the future.

Judged by any standard war is a failure. When a dispute arises between two countries it is futile to take up arms if right be the objective sought. War will establish the fact that one nation has a bigger and better army or more food or more money, but the one sure thing it will not do is establish right. One of these is the system whereby one set of men creates the war and another lot is sent out to fight the war. In no man's land the boy from South Dakota meets the boy from Saxony. Back home there is much they have in common: a mother, perhaps a sweetheart, friends, work, play and the right to live. Yet here they are face to face with fixed bayonets, boys between whom there should be not natural quarrel or enmity and yet one will presently kill the other "in defense of the fatherland" or to "make the world safe for democracy," as the case may be. Monstrous scheme at best!

The last war was said to be a war to end war and the claim may not prove empty when one considers the progressive movements of the last decade, such as the world court, the Kellogg pact and attempts at naval limitation. But Mars having reigned long and supreme will die hard and his destruction remains a big job. In Germany a large society hinges its activities around the slogan, "nie wieder krieg," which translated literally is "never again war." This society has a fruitful field for work and like about Ben Adhem, and in all lands, may their tribe increase.—C. F. Preston, Chester County, Pennsylvania, in Capper's Farmer.

While the oil producing states are prorating domestic production, a proration program for imported crudes might be in order.

There is little evidence of hard times in Artesia on Saturday night, if the number of people and cars are any criterion. Looks like we will have to create some special Saturday night traffic rules.

So far voters haven't talked politics much, notwithstanding the fact that about six out of ten front page stories in the state dailies concerns state or national political developments. It either means that the average local voter isn't taking politics seriously or that he is no longer interested in partisan politics.

WARN FARMERS OF FALSE CLAIMS FOR NEW GRAIN SORGHUM, "GROHOMA"

Farmers should not accept the claims advanced for a new grain sorghum, called "Grohoma," which has been offered at prices twenty to fifty times those of well-known and adapted varieties, the U. S. Department of Agriculture warns. The claims in regard to the origin and value are sensational and inaccurate, sorghum specialists of the bureau of plant industry say. There is no reliable evidence that Grohoma is superior to or will outyield other well-known varieties which have been tested and which may be recommend-

ed on the basis of experimental tests. Present information, says the bureau, does not justify an exorbitant price for the seed of an almost unknown and untried crop.

This is the first season, says the bureau, in which seed of Grohoma has been merchandised to any extent. Consequently it is the first year in which the department of agriculture and the state experiment stations have had opportunity to test it in the experimental plots. The crop has not yet been threshed and reliable reports of the yields of Grohoma are not yet available for comparison with the records of established varieties of grain sorghums. Specialists of the U. S. Department of Agricul-

JUVENILE OFFENDERS

The youth of to-day, is no worse than the youth of 20 years ago. Such opinion has been expressed by both men and women, who have been prominent in reform work. James P. Fitch, of Dallas, Texas, regional scout executive concurs in this opinion. Human Nature remains pretty much the same, the important factor in child training is proper environment and proper discipline.

Police Chief Webb of Santa Monica, California, who is well known for his constructive and widely adopted methods of handling juvenile cases, expresses the conviction that good judgment on the part of the police agencies at the time the juvenile arrest is an important corrective factor in reclaiming the young offender to good citizenship.

Incidentally we may appreciate more what Chief Webb has to say to know that he is a cousin of C. J. Dexter, of Artesia.

According to the California officer, no effort should be spared in investigating the juvenile first-offender's home surroundings. "If his family is of good character and there is good reason to believe that hereafter strong pressure will be brought to bear to keep the guilty member going straight, then there should be no criminal complaint filed, provided proper restitution is made at the time the crime is committed or the injured party is willing to cooperate for the sake of the youngster's reclamation.

"Another important factor in making a disposition of the case is the attitude of the offender at the time of the arrest, says Chief Webb, for unless the youngster shows that he fully understands the gravity of his offense both against society and himself, then his best chance for arriving at such understanding might lie in a sentence to a corrective institution. If there is another way out the youth's best chance is an opportunity to live at home, where he can make good among his friends and with their help."

Chief Webb believes that there are times when good families have been partly responsible for the waywardness of the juvenile member. Carelessness and lack of intimate personal supervision of the youngster's affairs frequently lead to trouble. "If you can show the average youth that crime is a sucker game, you have made a big start toward his reformation," Mr. Webb said. Desire for an easy life, has been a factor in the downfall of many boys, he said for there are many who think that the life of crime will lead to ease and riches. "But when I showed these boys the records of crooks, who thought they were smart enough to beat the law, only to pay the inevitable penalty in the end, the false glamour of this sort of life died a natural death," he said.

THE CONSTITUTIONAL AMENDMENTS

As a general rule the average voter will not endorse a constitutional amendment. We believe that it will be safe to adhere to this rule at the coming general election with one exception and that is the forest amendment, which proposes to trade the state forest land for federal grazing land of equal value. New Mexico will unquestionably benefit from such a trade and Eddy County in particular because it will increase its taxable property.

The other two amendments, the proposal to tax tobacco and the proposal to create a state board of education are not worthy of your support and we hope they will be defeated. The tobacco tax should be defeated; it will be defeated because its principle is unsound. As Editor Robinson of the Chronicle says, "It was conceived in sin and born in iniquity," by the republican party in 1923. The tobacco tax is a political promise that should never have been made because it opens the way for more political graft. Its possibilities toward overtaxing an already tax poor people are unlimited and may be the means of leading the unscrupulous politician to place a tax on everything to eat and wear. In addition it opens up another avenue for bootlegging.

The proposal to create a state board of education means just a little more centralization of political power at the state capitol. This amendment would take away from each county the authority and power to run its own school affairs and place it with a state board who possibly would not be familiar with the peculiar problems of each county. The high handed methods of state control is illustrated in the state tax commission, the body now tells us what our tax rate will be. The county commissioners now have just about as much say about county tax matters as our black dog.

THE BIG TASK OF THE OIL OPERATOR

If oil proration is enforced throughout the oil producing area of the United States until the end of the present year, the 1930 annual output of crude will be 104,000,000 barrels less than in 1929 says a bulletin from the Independent Petroleum Association of America. In 1929 the nation's oil output was 104,000,000 barrels greater than in 1928. What the oil fraternity is trying to do is to hold the production down to the 1928 level and to do this is a big job with new pools being opened up almost every day. The amazing thing is that proration is being practiced with the positive knowledge that in West Texas, Oklahoma and California alone, there is a potential of over 500,000,000 barrels daily.

While proration is the order of the day, thousands of new wells are being pinched in, some of the older ones are being shut in. And while oil men are cutting down production and throwing hundreds of workers out of employment, about four importing companies will have imported into the United States approximately 100,000,000 barrels of crude by the close of the year.

ture, however, have observed Grohoma in comparative experiments in many localities, and they have found that Grohoma is more easily injured by drought than are several well-known varieties of grain sorghums.

Nothing is left when honor is lost.

The bee that gets the honey doesn't hang around the hive.

INSIDE INFORMATION

Plan to make one or two out-of-doors play suits for the younger children this winter, to wear, like overcoats, over their regular clothing. The Bureau of Home Economics will tell you how.

In getting the house ready for winter, keep in mind its warmth, safety, convenience, economy of operation and appearance. Let your fall housecleaning contribute to these ends in each detail.

The less tender and less expensive cuts of beef can be made into attractive and delicious dishes when they are cooked properly. Long slow cooking and moisture are needed to make the meat tender. Pot roast, swiss steak, stews and similar dishes are among the ways of serving the less tender cuts.

Loin lamb chops cut double thickness—1½ to 2 inches thick—are particularly juicy and delicious when carefully cooked by searing on the outside and finishing under a reduced flame. They may be boned and rolled in strips of bacon before broiling under direct flame, over coals, or in a sizzling hot skillet.

The parent's job in training children good food habits is only half done when it is well begun. There is always the possibility of the influence of playmates who are allowed to pick and choose what they will eat, or to spend money for sweets and other foods between meals. Good food habits, supervised carefully throughout childhood, make for good nutrition, which is the basis of sound physical development.

There is a destiny that makes us brothers:
None goes this way alone:
All that we send into the lives of others
Comes back into our own.

I care not what his temples or his creeds,
One thing holds firm and fast—
That into his fateful heap of days
and deeds
The soul of man is cast.
—Edwin Markham.

ARTESIA ALLSTARS LOVINGTON IN FIRST GRID GAME

Allstars, a football team principally of former and university players, the Lovington town team were to nothing score on Sunday afternoon. The local club boasted play of the University of New Mexico, Howard Payne College, University and the University of South Carolina. The team was composed of players from Texas A. & M., N. M. M. I., Trinity and Oklahoma University. A crowd of enthusiastic fans witnessed a game which was hard hitting and a scientific football, which shows college coaching. The masters of the game kicked-off by Wilkins of the Lovington elevation was soon forced to the center of the field, of the locals, who were making a swinging end run or looked like the Knute Rockne scoring machine of the Bird passed to Rideout, across the goal line for the down of the game. The was made by the same

THINGS THAT NEVER HAPPEN

By GENE BYRNES

Copyright, Inter-nat'l Cartoon Co., N. Y. GENE BYRNES

You may leave parsnips in the ground until you want them, or dig them late in the fall and store them in a cellar or pit. It is best to let the roots remain in the ground until cold weather, as low temperatures improve their flavor.

Some of the highest grade alfalfa hay produced in this country comes from districts where the hay is put up in large stacks with sleds and a derrick and then allowed to sweat prior to baling, says the U. S. Department of Agriculture. Hauling the hay from the field on sleds keeps it free from dust and grit and better preserves its leafiness.

Canned field corn can be sold as sweet corn but must be plainly designated as 'field corn,' on the label, says the U. S. Department of Agriculture. The interstate or import shipment of canned field corn, or any other foods under false, fraudulent or misleading labeling, is a violation of the food and drugs act.

Many livestock growers now tattoo their hogs so that the identification marks appear on the dressed carcasses. Tattoo marks on hogs make it fairly easy to trace the origin, since regular cedes are used in tattooing. The system is especially valuable in disease control work and in breeding and feeding experiments where there is need to identify the animal's after slaughter.

Edge-grained boards hold paint far better than flat-grained boards, says the forest service of the U. S. Department of Agriculture. This is because the bands of summer wood in the edge-grained boards are cut in such a manner that they are as narrow as possible. Among flat-grained boards, those surfaced and painted on the bark side (the side nearer the bark of the log) are more satisfactory to paint than those turned pith side out because there is less danger of the grain "shelling out."

Proper feeding, watering, and rest with avoidance of overtaxation, excitement, and exposure are measures recommended by the U. S. Bureau of Animal Industry for minimizing the danger of animals contracting hemorrhagic septicemia during shipment. This disease also known as shipping fever, is one of the few livestock diseases that is distributed over the United States from coast to coast and from the extreme northern borders to the Gulf of Mexico.

One of the most important methods of controlling the cotton boll weevil is to destroy the cotton plants in early fall. Grubs and pupae of boll weevils, if left on the plants, will transform to adult weevils and they may live through the winter and attack the young plants next spring. Burn or completely plow under the cotton plants after the crop is harvested, and before the first killing frost if possible. It is also a good plan to clean up grass and weeds along fence rows, in ditches and around the edges of the cotton fields.

SPEAKING OF NEWS
Did it ever occur to you that advertising is news? Look inside of The Advocate and see what Artesia merchants have to offer it is profitable reading.

Criticism Brought Fine
Under the alien and seditious laws passed during John Adams' administration, but without his approval, a Vermont editor was fined \$1,000 for saying that the President had "unbounded thirst for ridiculous pomp and foolish adulation."

Alaskan Forest Rangers
Among the forest-covered islands off the coast of Alaska the forest rangers cover their beats in seagoing motor boats. To do this double duty they must be good navigators, good mechanics, trained woodsmen and hardy pioneers.

Named Great River
The Columbia river was named by Capt. Robert Gray, who discovered it in 1791. It was named for his ship, the Columbia, which he had sailed around the world. He was the first to carry the American flag around the world.

Named by Columbus
The Cayman Islands, in the West Indies, consisting of Grand Cayman, Little Cayman and Cayman Brac, were discovered by Columbus, who named them Tortugas, from the number of turtles that abound in that region.

A Balanced World
Every excess causes a defect; every defect an excess. Every sweet hath its sour; every evil its good. Every faculty which is a receiver of pleasure has an equal penalty put on its abuse. For every grain of wit there is a grain of folly. For everything you have missed, you have gained something else; and for everything you gain you lose something.—Ralph Waldo Emerson.

Winter Feeding Expensive
The winter feeding of big game animals is an expensive project. The federal bureau of biological survey found that it required \$25 tons of hay to take care of the elk herds at the elk refuge in Wyoming from February 6 to March 26 and it costs over \$25 a ton to get hay into the refuge. Without this winter food the animals would have a hard time through the winter.

Beauty of Overcoming
Some one has said, wisely and wittily: "A river becomes crooked by following the line of least resistance; so does a man." It's a thought worth pondering. No man is worth much who does not have a purpose to which he sticks through thick and thin. The line of least resistance is a rotten line. Honor and glory are for "him that overcometh"

Balloons as Scarecrows
Gardeners on the outskirts of London are using balloons in place of scarecrows. The bags are inflated and attached to sticks in the ground at certain vantage points. A thieving bird, thinking the balloons are delicious "hoody," peck at one. The pit-like explosion so frightens the feathered thief that it never returns.

Beauty Never Silent
The beauty of nature, the poetry of life, will speak to us in whatever materialistic surroundings, even as the bush breaks forth in blossom in whatever dingy backyard and the flower springs up in whatever neglected grassplot.—Washington Post.

The locomotive whistle makes a big noise, but it doesn't pull the train.

DROUGHT AID TO THE STOCKMEN EXTENDED TO THE 31 ST OF MARCH

The reduced railroad rates on hay and grain into, and livestock out of the drouth-stricken counties of New Mexico have been extended until March, 31, 1931, as the result of the work of the American Farm Bureau Federation, other interested farm organizations and individuals.

By its order of August 9 of this year the Interstate Commerce Commission granted authority to the railroads to establish drouth emergency rates to be effective up until October 31. That order has now been modified on account of the continuation of drouth in the various parts of the country.

A total of 1,016 counties in 21 states have been given advantage of the reduced rates. There are 82 counties in Texas that are affected by the rates, and Chaves, Dona Ana, Eddy, Lea, and Otero counties in New Mexico.

"Join Red Cross," Urges Vice President Curtis

America's prominent citizens join in urging all men and women to become members of the Red Cross during the period of the annual roll call from Armistice Day to Thanksgiving Day.

The Honorable Charles Curtis, Vice President of the United States, says: "The American Red Cross is in a position to and does more to relieve those stricken by misfortune than any other organization in the world. Its splendid work has done much to bring a friendly feeling in all parts of the world for the people of our country because they sustain the American Red Cross. This wonderful organization is entitled to the liberal support of our people."

The Honorable Andrew W. Mellon, Secretary of the Treasury, says: "No one can predict when or where disaster may occur or acute emergency arise. The American Red Cross represents our community insurance against such misfortunes. The organization stands ready at all times to render speedy relief to any stricken area in our own country or to assist in the relief of disaster in foreign countries. The Red Cross is the agency which carries on when emergency has disrupted customary modes and means of life in a community."

Six Foreign Countries Receive Red Cross Aid

Relief was given by the American Red Cross during the year in six foreign nations in disasters ranging from a tidal wave in Newfoundland, an earthquake in Persia, floods in France to help for refugees from Russia and prevention of a smallpox epidemic in Costa Rica.

The \$5,000 Red Cross contribution to Newfoundland, following the tidal wave, which took twenty-six lives and destroyed many homes and fishing boats, was the first from an outside country to reach the distressed people.

The sum of \$5,000 was given to the fund for the relief of the Mennonite refugees of German descent, who had determined to leave Russia for new lands. About 13,000 passed through Germany, where the German Red Cross, aided by Red Cross societies of other nations, helped them. The majority are being transported to new countries in the western world and the American Red Cross has transmitted contributions from individuals in this country.

When Costa Rica was menaced by a smallpox epidemic, the American Red Cross sent fifty thousand tubes of vaccine, in two airplane loads, undoubtedly saving the country from a serious outbreak of the dread disease.

CULLING BREEDING FLOCKS UNDER WAY

Culling of poultry breeding flocks for the 1931 hatching season is under way at the present time. Over 100 flocks are being culled, totalling over 30,000 birds. Eleven counties are represented in this work, which takes in practically all the commercial hatcheries of the state.

This work of the New Mexico State Poultry Association has grown to a point where it was found necessary to employ an inspector to do the culling. The association was very fortunate in being able to secure the services of Dr. C. E. Ackerman, a licensed A. P. A. judge. Not only has he a reputation as a poultry judge but also a very wide experience in culling for egg production.

It will be but a few months until the hatcheries of New Mexico will be turning out baby chicks by the thousands. Whether or not these chicks will develop into profitable birds depends largely on the breeding back of them.

The association has as one of its main objectives, improving the quality and increasing the profits of the poultry flocks of the state thru a system of rigid culling and proper breeding. This system is known as the accreditation plan.

In order for a flock to become accredited, it must be culled by an authorized representative of the state association. All birds, both male and female, that come up to the

required standards of laying ability, health, color and type, are banded with sealed leg band, and they only are permitted in the breeding flock during the hatching season.

IN THE PROBATE COURT, COUNTY OF EDDY, NEW MEXICO

IN THE MATTER OF THE ESTATE OF CLARENCE G. KEPPLER, Deceased. No. 643.

NOTICE OF THE APPOINTMENT OF ADMINISTRATOR

Notice is hereby given that the undersigned was, on the 21st day of October, 1930, appointed administrator of the estate of Clarence G. Keppler, by Honorable M. O. Grantham, Probate Judge of Eddy County, New Mexico.

Therefore, all persons having claims against said estate are hereby notified to file same with the County Clerk of Eddy County, New Mexico, within one (1) year from date of said appointment, as provided by law, or the same will be barred.

Comfort Kits Sent 40,000 Service Men by Red Cross

Gay patterned cretonne bags, or comfort kits, containing articles useful and amusing, are sent by the Red Cross to 40,000 soldiers, sailors and Marines, on foreign service, as Christmas remembrances.

The little gift bags are donated and packed by women in Red Cross Chapters all over the country. They are despatched by Army transport in the early autumn in order to reach the foreign ports and posts of the U. S. services in time to be hung on the Christmas trees. Giving the remembrances from home is the outgrowth of a plan adopted by the Red Cross prior to the World War when so many National Guard regiments were on the Mexican border.

Social Activities

TEA COMPLIMENTING MRS. BOTTS AND REED

A most delightful social event was the tea at the Ferree home last Friday afternoon from three until five o'clock honoring Mrs. C. M. Botts and Mrs. W. C. Reed, of Albuquerque. In the receiving line with the honor guests were Mrs. Warren Collins, sister of Mrs. Botts, Mrs. Frank Linell and Mrs. Ferree. Assisting in entertaining were Mesdames L. P. Evans, R. D. Compton, E. N. Bigler, R. G. Knoedler and John Shearman.

In the dining room at a table covered with a handsome lace cloth, and adorned with tall yellow tapers and yellow chrysanthemums, Mesdames Phillips and Ralph Shugart poured during the first hour and Mesdames H. A. Stroup and Albert Richards, during the second hour. Assisting in the dining room were Mrs. John Richards and Mrs. Harvey Wilson and the Misses Vesta Frisch, Nola Naylor, Wyoma Phillips and Alice Ruth Williams of Hope.

The Ferree home was beautifully decorated for the occasion with bouquets of yellow chrysanthemums and floor baskets of handsome dahlias. Nearly a hundred ladies called during the afternoon, many of them old friends of Mrs. Botts, the friendships dating back to her residence here some twenty-three years ago. Among the numbers were some fifteen or twenty old friends from Hope.

Buy your Christmas Cards from the Junior Women's Club and help build a club house.

BIRTHDAY DINNER

J. M. Jackson celebrated his birthday anniversary last Saturday with a splendid dinner at which all of the relatives in this locality were present. Besides the immediate family there were present Mr. and Mrs. Howard Gissler, and baby Jane Ann, Mr. and Mrs. George Walton and Mr. and Mrs. Pete Jackson and little grandson, Richard Beck.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock.—The Advocate.

PICNIC DINNER

There was a picnic dinner and branding at the Ed Kissinger ranch on the Penasco, last Sunday. In the company were Mr. and Mrs. Kissinger and young son, Mrs. Mary Kissinger and her guests, Capt. Charles Moody and wife of Milwaukee, Wisconsin, Charley Martin and family, Mr. and Mrs. Wm. Gissler, Howard Gissler, wife and baby, D. S. Martin and Ned Martin.

Send your mail-order Christmas Cards back and buy them from the Junior Womens Club and help them build a club house.

BRIDGE PARTY

Mrs. E. H. Perry and Mrs. "Pat" Moyer, entertained three tables of bridge last Saturday afternoon for Mrs. George Howes, of Denver, Colorado, and old Wyoming friend of the hostesses and sister of Mrs. E. M. Phillips. Light refreshments were served. The guest list included Mesdames Howes, Phillips, Hurd, Russell, Sid Cox, Ferree, J. M. Story, M. W. Evans, J. H. Jackson, Ralph Shugart and Arba Green and Miss Helen Green. A guest prize was presented to Mrs. Howes. Mrs. Story won high score and Mrs. Green, low score.

DINNER PARTY

Mr. and Mrs. "Pat" Moyer were hosts at six o'clock dinner Monday evening at their home in the oil field, honoring Mr. and Mrs. George Howes of Denver, Colorado. Covers were laid for Mr. and Mrs. Howes, Mrs. E. M. Phillips, the Misses Margaret and Wyoma Phillips, Mr. and Mrs. Carl Joiner and the hosts.

Woodstock Typewriters for sale at The Advocate.

SUNSHINE CLASS PARTY

The Sunshine class held its monthly class party at the home of Mrs. E. T. Jernigan last Friday when a covered dish dinner took place at noon. Election of officers was held during the business meeting and resulted as follows: Mrs. Frank Miller, president; Mrs. Jim Berry, vice-president; Mrs. Henry Paton, secretary and Mrs. Sid Cox, treasurer. Mrs. Littlejohn was appointed reporter. A short program was given and included a violin solo by Miss Virginia Egbert, a violin duet by Eloise Reser and Mary Ann Miller, Miss Catherine Clarke accompanying both numbers.

WEDNESDAY

The Women's club will meet at the Central school at 2:30 p. m.

THURSDAY (NEXT WEEK)

The Presbyterian Aid Society will meet at the church at 2:30 p. m.

"MIRANDY'S MINSTRELS"

"Mirandy's Minstrels," a black face show, given by the Presbyterian Aid Society in the Central school auditorium last Friday evening, demonstrated conclusively that there is much buried talent in the community. It was a good show and a very funny one, and best of all, netted a goodly sum for the church society. The show was in two parts, a minstrel and pink tea. Mrs. Laura Welsh was director for the minstrel and was also interlocutor. Mrs. W. E. Kerr and Mrs. Roy Wright were end women, although the other members of the minstrel cast contributed their share of jokes. The minstrel songs were given by Mrs. V. L. Gates, Mrs. Rex Wheatley, Mrs. Myron Bruning, Mrs. Charles Miller, (Iris Iler) and Mrs. Martin Brannan, with Miss Grace Sinclair accompanying all the vocal numbers. Between the two parts of the performance a number of pickaninnies gave a dance, which was much enjoyed. The children participating were Avis Clowe, Helen Meredith Gates, Elnora Gage, Carolyn Seale, Shirley Bartlett and Elsie Jernigan, Charles Mack Knoedler was a small dusky crap shooter.

"Mrs. Black's Pink Tea," was the last number on the program. This was directed by Mrs. J. H. Jackson, Mrs. Gail Hamilton taking the part of Mrs. Black, Mrs. D. I. Clowe was the maid, Saratoga; Mrs. R. L. Paris was Pansy Black; Mrs. Edd Wingfield took the part of Rochester Lincoln, the washerwoman; Mrs. W. E. Kerr took the part of Mrs. White the uninvited guest. The invited guests were Mesdames Jackson, Ray Bartlett, Frank Linell, Roy Wright, R. G. Knoedler and Chester Russell. Miss Egbert's orchestra furnished excellent music throughout the evening.

Send your mail-order Christmas Cards back and buy them from the Junior Womens Club and help them build a club house.

TURKEY DINNER

Mrs. E. M. Phillips entertained at turkey dinner at six o'clock Saturday in honor of her brother-in-law and sister, Mr. and Mrs. George Howes of Denver, Colorado. In addition to the honor guests there were present, Mr. and Mrs. E. H. Perry and daughter Jaunita, and their guest Carl Willis of Iraan, Texas, and Mr. and Mrs. "Pat" Moyer and family.

SUNDAY DINNER

Mr. and Mrs. E. H. Perry were hosts at a fried chicken dinner Sunday evening complimentary to Mr. and Mrs. George Howes of Denver. Other guests were Mrs. E. M. Phillips, the Misses Margaret and Wyoma Phillips and Mr. and Mrs. C. O. Brown.

Buy your Christmas Cards from the Junior Womens Club and help build a club house.

PIE SUPPER AND HALLOWE'EN PROGRAM

The Upper Cottonwood school will give a pie supper and Halloween program, Friday evening, October 31st for benefit of toy orchestra. Come and bring a friend. 46-11c

Typewriters for rent at Advocate.

INFORMAL PARTY FOR MRS. GEORGE HOWES

Honoring Mrs. George Howes, a fellow member, who was here from Denver, Colorado, visiting her sister, Mrs. E. M. Phillips, the P. E. O. gave an informal party at the home of the president, Mrs. S. W. Gilbert, yesterday afternoon from four until five-thirty o'clock. Mrs. J. H. Jackson was in charge of the entertainment and Mrs. J. B. Atkeson assisted in serving the dainty refreshments. The Gilbert home was attractively decorated with Halloween devices and lovely chrysanthemums. In addition to members Mrs. E. H. Perry, an old Wyoming friend of Mrs. Howes, and Miss Margaret Perry were present.

T. E. L. HALLOWE'EN PARTY

Everyone enjoys a trip into the realm of mystery occasionally and that pleasure was given to members of the Baptist Sunday school last evening, when the T. E. L. class gave a ghost party at which the husbands and the Men's Bible class were guests. Everyone went masked and at the door of the Sunday school room the ghostly figures were met by a witch, who turned a spot light on a placard directing them to follow the rope down through the basement. This trip brought them thrilling encounters with witches, skeletons and other horrifying objects. Arriving back up in the Sunday school room they unmasked and participated in Halloween games including a fortune telling stunt. In one game each was required to be blindfolded and clip from a clothesline, bags containing his fortune, which he read aloud. In a work making contest, Mrs. Geist a new member, won a prize for making the most words out of the letters in Halloween. Games in the Halloween spirit occupied the time both before and after the elaborate chicken dinner, which was served at nine quartette tables decorated in the seasonable colors of black and orange. Decorations of corn shocks, pumpkins, witches, cats, etc., made an appropriate setting for this successful and amusing party.

THE YOUNG MOTHERS' CLUB

The club was entertained by Mrs. Morrison Livingston last Friday afternoon. There was an article upon "Child Training," by Mrs. Les Barnes and a number of interesting games before refreshments were served. There were two guests, Mrs. Robt. Burns (Barbara Denton) of Orange, California and Miss Ruth Scott. On Monday the club members enjoyed a line party at the picture show.

THE PASSTIME CLUB

The club met with Mrs. George Blakenay last Tuesday afternoon with two substitutes, Mrs. Howard Gissler and Mrs. Brooks Slughter. Mrs. Jim Haskins won high score and Mrs. Gissler low score. The Halloween motif was evidenced in the decorations and refreshments.

THE FIDELIS CLASS

The Fidelis class of the Baptist Sunday school had a Halloween party at the church last Tuesday evening, the spooky games being staged in th basements. The Sunday school room was gay with Halloween decorations and refreshments of pumpkin pie, sandwiches and coffee were served. Including the teacher, Mrs. Tex Henson, the girls and their boy friends, about thirty-five enjoyed the party.

MISCELLANEOUS SHOWER

The Misses Merril Bradley and Lucille Morriss entertained with a bridge party and shower last Monday evening for Mrs. Robert L. Scroggins (Esther McIlvain) a recent bride and fellow teacher in the Central school. The Halloween motif was carried out in decorations and refreshments and the honoree received many beautiful and useful presents.

Those present in addition to the honoree were Mrs. Harold Howard, Mrs. Joe Hamann, Mrs. Willis Morgan and the Misses Linna McCaw, Nina Couch, Beulah Strang, Opal Schroeder, Mary Wood, Jean McDonald, Elsie Palmateer, Ruth Morgan, LaVon Brown, Neil Wilkinson, Alice Boyer and Ethel Bullock.

HALLOWE'EN BENEFIT DANCE

The Halowe'en dance and bridge party given by the Eastern Star at the Chapter room last Thursday evening was both a social and financial success. There was a large attendance, although comparatively few were masked. This however, did not seem to interfere with the pleasure of the evening. Good music was furnished by an orchestra of young people, the personnel being Neva Schnoor, Elizabeth Gage, Evelyn Cobble, Kenneth Compton and Mark Caraway. The chapter room was decorated in the Halloween motif and refreshments of sandwiches cake and coffee were served. The proceeds will go toward furnishing the reception room used by both the Stars and Masons.

Send your mail-order Christmas Cards back and buy them from the Junior Womens Club and help them build a club house.

THE SECOND BRIDGE CLUB

The Second Bridge club was entertained at one o'clock luncheon at its regular meeting on Tuesday by Mrs. Virgil Wells. Substituting were Mesdames Nellis, Elzie Swift and Chester Dexter.

HALLOWE'EN PARTY

The Junior Endeavor Society held its Halloween party at the manse on Tuesday night.

Ghosts, goblins and other celebrities provided a lively program and refreshments closed a very happy evening.

Those present were: Joan Wheatley, Virginia Gates, Avis Clowe, Olin Woodside, Charles Mack Knoedler, Martha and Clara Sinclair, Helen Meredith Gates, Edith and John Sinclair.

VIOLIN CLUB

The Violin club met at the home of Mrs. Keller last Saturday. Miss Catherine Clarke took charge of the harmony lesson.

Violin solos were rendered by Mrs. Brick and Miss Lillia Mae Miller. The class is learning to play scales in unison with a director.

After delicious refreshments were served the club adjourned to meet with Mrs. Christman next Saturday.

CHICKEN PIE SUPPER

The chicken pie supper given by the Methodist ladies last Thursday evening at the church was well attended and netted the ladies a good sum for mission work.

PIE SUPPER AND HALLOWE'EN PROGRAM

The Upper Cottonwood school has planned an entertainment in the form of a pie supper and Halloween program, to be given at the school auditorium Friday evening October 31st. The program which promises to be entertaining consists of Mother Goose Rhymes and a "spooky" tableaux. There will be plenty of eats and fun for everyone. The proceeds from the pie supper will go to the Cottonwood P. T. O., to purchase instruments for the toy orchestra.

PECOS VALLEY PRESBYTERY

The following were in attendance at the special meeting of the Pecos Valley Presbytery, held in the local Presbyterian church, Monday, October 27th: Rev. LeRoy Thompson, Roswell; Rev. J. G. Anderson, Dexter; Rev. J. A. Hedges, Hagerman; Rev. A. G. Tozer, Carlsbad; Rev. J. P. Sinclair, Artesia; Rev. J. T. Ross, Hobbs, and Elders Arthur J. Stevens, Roswell, and J. H. Jackson of Artesia. Dr. M. McLeod of San Francisco will visit the churches of the Pecos valley next February to conduct "Men's Work Conference." The new church at Hobbs is making substantial progress.

FORTNIGHTLY BRIDGE CLUB

The Fortnightly Bridge club met with Mrs. J. B. Atkeson on Tuesday for one o'clock luncheon, which was served in two courses. Substitutes were Mesdames Landis Feather, W. E. Flint, McCrary and Jackson and Miss Louise Hamilton.

OILFIELD SCHOOL NOTES

Mrs. C. A. Wilson and Mrs. Camp were school visitors this month.

Through an error the names of Wayne Frances and Junior Fox were left off the honor roll for the month of September.

Those on the honor roll for the months of October are: Lower first—Wayne Frances, Pearl Estelle Camp, Imogene Newberry, Mary Jo Caston. High first—Kenneth Williams, Buddy McCrory, Christine Hardin, Jack Hardin.

Third grade—Joe Solt, Jean Moyer, Viola Newberry, Peggy Roberts. Fourth grade—David Fargier, and Ruby Kennedy.

Fifth grade—Louise Baird, Noble Hall.

Sixth grade—Wilma Moyer, Margaret McCrory, Junior Fox.

QUALITY BAKERY

Well, folks you can judge Quality Baked Bread by its taste and looks. You have tried the rest, now eat the best. You will find Quality Bread in all the leading stores and small ones where bread is sold. Gold Crust Bread—The Bread That Made Artesia Famous. Phone 71. Barnes-Carroll. 46-2tc

Saving Mothers and Babies Is Important Red Cross Task

Saving mothers' lives and better babies were important features during the past year of the Public Health Nursing Service of the American Red Cross. About four-fifths of the 794 nurses in the Red Cross work made more than 100,000 prenatal and maternal visits, in addition to assisting doctors in the examination of 1,309,409 school children.

Statistics reveal that the lives of two out of three American women who die in maternity cases could be saved if they received proper medical and nursing care. As more than 15,000 women die in the United States each year from various diseases of the maternal state, this means that more than 10,000 of these deaths are preventable.

Intriguing False Faces For Halloween 'Eats

By JOSEPHINE B. GIBSON
Director, Home Economics Dept.,
H. J. Heinz Company

Rice Flake and Peanut Balls: 1 package Rice Flakes, 1 cup peanut butter, 1 cup white sugar, 1 cup brown sugar, 1/4 cup corn syrup, 1/2 cup melted butter, 1/2 cup Pure Vinegar, 1/2 cup Pure Apple Butter, 1/2 cup slightly, flavor with a Cool slightly, flavor with and pour gradually, stirring over the Rice Flakes and in a bowl. Form into balls as cool enough to handle.

FOR those of us who are fortunate, goblins still walk on Halloween. Under the elfin influence of gay masquerades, the whole wonderful world of childhood comes alive again. And the hostess who falls in with this carnival spirit has exceptional opportunity to impress her originality.

While Halloween foods should be simple, the wealth of seasonable dishes that may be used makes planning the menu a pleasure. Even the traditional spice cookies, doughnuts, Peanut Butter, apples and cider may be prepared and served in surprising new ways. And I am confident that the following novel recipes and menus can be used to advantage in making your own Halloween party long remembered:

HALLOWE'EN PARTY MENUS

Halloween Salad
Nutbread Sandwiches
Apple Butter Custard Tarts
Rice Flake and Peanut Butter Balls
Cider or Coffee

Autumn Salad
Jack O'Lantern Sandwiches
Frosted Spice Cakes with Halloween Faces
Home-made Salted Nuts
Cream Caramels

Peach or Pineapple Halloween Salad: Dice 2 cups apples, mix with the juice of 1/2 lemon, and then add 1 cup celery and 1/2 cup broken walnut meats. Sprinkle with 1 teaspoon sugar and moisten with Mayonnaise Salad Dressing.

Arrange this salad in a deep, crisp leaf of lettuce. Over salad place a half of peach, decorated to represent a pumpkin face. Use whole cloves for eyes, a whole clove for a nose, and a strip of pimiento or red cherry for a mouth. Or in place of the peach, spread small pineapple rings with Peanut Butter. Decorate with raisins for eyes and nose, and a strip of cherry for the mouth, and place over the salad.

Apple Butter Custard Tarts: To 1 well beaten egg add 1/4 cup milk, 3 tablespoons sugar and 1/2 cup Pure Apple Butter. Pour into tart pans lined with uncooked pie crust, and bake in a moderate oven.

Boiled Frosting: Cook 1 cup 1/3 cup water, and 1 1/2 cups Pure Vinegar together, stirring till the sugar is dissolved without stirring until syrup is a thread (234 degrees F.). slowly over 2 stiffly beaten whites and beat until it is a shape. Add 1/2 teaspoon vanilla. Decorate, using raisins for nose, and a strip of pimento or cherry for a mouth.

Mrs. C. M. Botts of Albuquerque was the guest of her sister, Mrs. Warren Collins, last Friday and on Saturday morning, with Mrs. W. C. Reed of Albuquerque, left for Lovington.

Wallace Merchant of Capitan, stopped off for a short visit here yesterday with friends, while en route to Pinon, where he went to get a bunch of cattle. Mr. Merchant has recently traded his sheep for cattle.

COMMISSIONERS PROCEEDINGS

REMEMBERED, That the Board of County Commissioners of Eddy County, New Mexico, met in regular session at ten o'clock A. M. on the 6th day of October, 1930, at which meeting the following proceedings were had:

Present and presiding: C. E. Mann, Chairman.
Marvin Livingston, Commissioner Dist. No. 1.
C. W. Beeman, Commissioner Dist. No. 3.
Joe Johns, Sheriff.
Thelma T. Lusk, Clerk.

Minutes for the last quarter were read and approved.

The audit report for Eddy County from Bixler and Deisler was received and filed. The report pertaining to the County School Board was brought to the attention of the President of the County School Board and the County School Superintendent.

The clerk is authorized to notify the County Chairman of the two dominant political parties that the Commissioners will meet on the 20th day of October, 1930 for the purpose of appointing the Election Judges, Counting Judges and Poll Clerks for the General Election to be held November 4th, 1930.

The report of survey of proposed tracts, Black River, Cavern Road and August 26th to 30th, 1930, and the Report of the Board of Viewers previously appointed having been held September 25th, 1930 came up for hearing and after full discussion of the matter, the Commissioners requested the Board of Viewers to convene and again go over the proposed road and make report to the Commissioners on or before their next meeting to be held October 20th, 1930.

Bids were received from the Artesia Advocate and the Carlsbad Printing Company for the printing of ballots for the General Election to be held November 4th, 1930. The bids were as follows: Carlsbad Printing Company—\$185.00; The Artesia Advocate—\$18.40. The bid from the Carlsbad Printing Company being the lowest bid received, the contract is awarded that company, the ballots to be in the office of the County Clerk twelve days before the election.

The approved and certified tax rolls for the year 1930 for Eddy County having been received by the clerk, it is, therefore the order of the Board that the Assessor of Eddy County, New Mexico be and he is hereby instructed and directed to send the tax rolls of Eddy County per the schedule of the various purposes as follows, to-wit:

It is hereby made the order of the Board that Warrants No. 13356 to 13430 be issued in payment of claims this day allowed.

Whereupon the Board adjourned until October 20th, 1930.

C. E. MANN, Chairman
Attest: THELMA T. LUSK, Clerk.

REMEMBERED, that the Board of County Commissioners of Eddy County, New Mexico, convened at ten o'clock A. M. on the 20th day of October, 1930, pursuant to adjournment had on the 6th day of October, 1930, at which meeting the following proceedings were had:

Present and presiding: C. E. Mann, Chairman.
Marvin Livingston, Commissioner Dist. No. 1.
C. W. Beeman, Commissioner Dist. No. 3.
Joe Johns, Sheriff.
Thelma T. Lusk, Clerk.

The Board of County Commissioners met for the purpose of giving notice of the election to be held November 4, 1930, whereupon, in accordance with Section 41-301 of the 1929 Compilation of the New Mexico Statutes—Notice of Election—The Board of County Commissioners within and for the County of Eddy, State of New Mexico, does hereby proclaim and give public notice this 20th day of October, 1930, of a General Election to be held in the several precincts and voting districts of said County on Tuesday, November 4th, 1930, the object and purpose of which is to vote upon the State, District and County Officers. Two proposed amendments to the Constitution of the State of New Mexico, and the Law Taxing Tobacco.

The proposed constitutional amendment No. 1 as certified to the County Clerk, as provided in Sec. 41-404, 1929 Codification, reads as follows:

CONSTITUTIONAL AMENDMENT NO. 1

PROPOSING TO AMEND ARTICLE XXI BY ADDING THE FOLLOWING SECTION WHICH SHALL BE NUMBERED SECTION II.

S. J. R. NO. 3
Approved February 26, 1929

Be It Resolved by the Legislature of the State of New Mexico: WHEREAS, the State of New Mexico is the owner of certain areas of land within the National Forest within said State, and said lands are scattered throughout the Forests in small tracts and are not so located as to enable the State to administer them for timber purposes.

WHEREAS, there are large areas of land within the State now owned by the United States.

WHEREAS, an exchange by the State of its timbered lands for a larger area of grazing lands of equal value would secure to the State part of the remaining federal public domain for lease or sale to private parties and thereby increase the taxable property in the State.

NOW, THEREFORE, the following amendment to the Constitution of the State of New Mexico is hereby proposed to Article XXI by adding the following section which shall be numbered Section II thereof:

Sec. II This State and its people consent to the provisions of the Act of Congress, Approved June 15, 1926, providing for such exchanges and the Governor and other State Officers mentioned in said Act are hereby authorized to execute the necessary instrument or instruments to effect the exchange of lands therein provided for with the Government of the United States: Provided that in the determination of values of the lands now owned by the State of New Mexico, the value of the lands, the timber thereon and mineral rights pertaining thereto shall control the determination of value. The Legislature may enact laws for the carrying out of the provisions hereof in accordance herewith.

The proposed constitutional amendment No. 2 as certified to the County Clerk, as provided in Sec. 41-404, 1929 Codification, reads as follows:

CONSTITUTIONAL AMENDMENT NO. 2

PROPOSING TO AMEND SECTION VI OF ARTICLE XII OF THE CONSTITUTION OF THE STATE OF NEW MEXICO.

S. J. R. NO. 8
Approved March 9, 1929

Be It Resolved By the Legislature of the State of New Mexico: Section 1. That Section 6 of Article XII of the Constitution of the State of New Mexico, entitled "Education," be and the same hereby

is amended so as to read as follows: "Section 6. (a) A State Board of Education is hereby created, to consist of five members, who shall be appointed by the Governor and with the advice and consent of the Senate and not more than three of the members of said Board shall at the time of their appointment belong to the same political party. The terms of office of the members of said Board shall be six years; but members of said Board first appointed hereunder shall be appointed and hold their offices for terms as follows: Two for four years, and three for six years from and after January 1, 1931. (b) Members of said Board may be removed from office only by judgment of a court of competent jurisdiction for such causes and under such procedure as may hereafter be provided by law. Vacancies in the membership of said Board shall be filled for the unexpired term by the Governor. Members of said Board shall receive such compensation and expenses as may be provided by law and until different provision is made, shall receive the same per diem and expenses now provided by law for members of the State Board of Education. (c) The State Board of Education shall have the control, management and direction of all public schools, under such regulations as may be provided by law; and until otherwise provided by law, said Board shall have all the powers now vested by law in the State Board of Education and in the Superintendent of Public Instruction. Said Board shall annually elect one of its members Chairman and shall prescribe its own rules of order and procedure concerning its official duties. It shall adopt a seal, with an appropriate device thereon and such seal affixed to any instrument, signed by the Superintendent of Public Instruction, shall be prima facie evidence of the due execution thereof. Said Board shall appoint a Superintendent of Public Instruction who shall be an experienced educator and shall be selected solely on the basis of merit, administrative ability and professional preparation. The State Superintendent of Public Instruction shall hold office at the pleasure of said Board and shall receive such compensation as may be fixed by law. The State Superintendent of Public Instruction shall be the Secretary and chief executive officer of said Board and shall perform such duties as said Board may direct and may be invested with such of the powers and duties of said Board as said Board may by regulation provide. (d) The Superintendent of Public Instruction shall, during his term of office, reside and he and said Board shall keep the public records, books, papers and seal of said Board at the seat of government. (e) The Legislature may provide for District or other school officers subordinate to said Board. (f) The provisions of Article V of the Constitution of the State of New Mexico, insofar as same relate to the office of State Superintendent of Public Instruction are hereby repealed. (g) This Amendment shall become effective January 1, after its adoption, but it shall not effect the term of office or the compensation of the Superintendent of Public Instruction elected at the General Election held prior to or concurrently with the election at which this Amendment may be adopted, but said officer shall during the remainder of his term of office be subject to all the remaining provisions hereof.

The proposed Law Taxing Tobacco as certified to the County Clerk, as provided in Sec. 41-404, 1929 Codification, reads as follows:

A LAW TAXING TOBACCO

COM. SUB. FOR S. B. NO. 93
Approved March 14, 1929

Be It Enacted by the Legislature of the State of New Mexico: Section 1. On and after July 1, 1929, there shall be levied, collected and paid an excise tax upon the offering for sale or the sale in this State or upon the consumption therein of cigars of all descriptions made of tobacco or any substitute therefor; of smoking and/or other tobacco as hereinafter set forth. (a) On cigars weighing not more than three pounds per thousand, One Dollar per Thousand. (b) On cigars weighing more than three pounds per thousand, Ten Dollars per Thousand. (c) On cigarettes, One Dollar per Thousand. (d) On all smoking tobacco, snuff, fine cut chewing tobacco, all shorts, the refuse of fine cut chewing, and all refuse scraps, clippings, cuttings and sweepings of tobacco and all other kind of tobacco not otherwise provided for which are contained or offered for sale in packages, bladders or jars as set forth at the date of the enactment of this Act in Section 3362 of the revised Statutes of the United States, one cent per ounce or major fraction thereof, or if contained in packages containing less than one ounce, one cent per package. (e) On all cavendish, plug and twist tobacco contained or offered for sale in wooden packages not exceeding two hundred pounds in weight or contained in other packages under regulations established by the United States Commissioner

of Internal Revenue, all as set forth at the date of the enactment of this Act in Section 3362, Revised Statutes of the United States, six cents per pound. (f) On all cigarette papers made up into packages, books, or sets, of each fifty papers or fraction thereof in any such packages, books, or sets one cent and on cigarette paper made up into tubes one cent for each fifty tubes or fractional part thereof. Sec. 2. On and after June 15, 1929, every person who engages in the business in this State of selling at retail cigars, cigarettes, cigarette papers, manufactured tobacco and/or any other articles the sale or consumption of which is taxed as hereinbefore set forth, shall procure from the Secretary of State a license for the sale thereof, which said license shall be for each place of business in which the retail sale of said cigars, cigarettes, cigarette papers, manufactured tobacco, or other articles shall be regularly carried on and shall authorize the carrying on of such business in the said place for a period of one year from and after the said July 1, 1929. Thereafter the said licenses shall be renewed annually in like manner. With each application for such license or for the renewal thereof, the said retailer shall transmit to the Secretary of State a license fee of Five Dollars. Said licenses shall not be transferable either to another person or to another place of business nor shall they be issued for a period of less than one year or be subject to commutation of fee if surrendered or revoked before the expiration of any period. Provided, that all licenses issued after July 1 of any year shall expire on June 30 of the succeeding year and the fee therefor shall be Five Dollars. Every such license shall be prominently displayed in such place of business as such articles. Said license shall be issued by the Secretary of State and the said license fee shall be paid direct to the Secretary of State and by her deposited into the State Treasury. Sec. 3. For the purpose of carrying out the provisions of this Act, the Secretary of State shall prepare and have suitable stamps for use on each kind of package. Upon requisition of the State Treasurer, the Secretary of State shall deliver to his order the stamps designated in such requisition and shall charge the Treasurer with the stamps so delivered, and shall keep an accurate record of all stamps coming into and leaving his hands, and upon application and payment therefor, shall apply to each licensed retailer in cigars, manufactured tobacco, cigarettes, and/or cigarette papers and/or any other articles hereinbefore referred to and to other persons applying therefor, suitable adhesive stamps to be attached to the boxes of cigars, packages of cigarettes, packages of smoking tobacco, packages of cigarette papers, and containers of tobacco, or other articles. Such stamps shall be supplied in suitable denominations and remittance therefor shall be made by such retailers upon applying for same to the Secretary of State. The proceeds of the sale of such stamps shall be paid into the State Treasury for the use of the general fund. Sec. 4. All licensed retailers shall keep for a period of two years after receipt thereof all invoices covering purchases of cigars, tobacco, cigarettes, cigarette papers and other manufactured tobacco products and articles taxed under this Act and shall permit the Secretary of State or any person designated by him to inspect and examine all merchandise as hereinabove described, all invoices, books, papers, and/or memoranda or other records deemed by such persons necessary in ascertaining whether or not the tax levied herein has been paid. Failure of any such licensed retailer to keep such records or to permit such inspection, to keep such license prominently displayed or to have paid the taxes on all such articles shall constitute a violation of this Act and the license of such retailer shall be immediately revoked. Provided, however, that if within ten days after notice of said violation shall have been served upon such retailer by the Secretary of State together with demand for any tax found by him to be due, the said licensed retailer shall permit such inspection and/or pay such tax, together with a penalty for any such violation of ten per cent of such tax or of ten dollars, whichever is greater, the Secretary of State in his discretion may waive the revocation of the said license. All such penalties when collected shall be covered by the State Treasurer into the State Current School Fund. Sec. 5. No licensed retailer shall offer for sale or sell any cigars or other articles subject to tax as hereinbefore provided without first affixing to the boxes or packages containing such articles the stamps hereinabove provided for and affixing and cancelling such stamps in such manner as the Secretary of State by regulation prescribe. Failure to attach said stamps and/or to cancel the same as hereinabove provided shall constitute a violation of this Act, and shall subject the license of such retailer to revocation under the provisions of Section 4. Sec. 6. The Secretary of State shall, on written request, of any licensed retailer whose license has been surrendered or revoked or which at the expiration thereof has not

been renewed, redeem any unused stamps which said retailer presents to him for redemption and the State Auditor, on proper certification by the Secretary of State, shall issue his warrant on the general fund therefor. Sec. 7. If any consumer shall procure any articles taxed by this chapter from any person and shall possess the same for consumption in this State, the tax provided for in the Act, if not theretofore paid, shall be due from such consumer and stamps may be procured by him from the Secretary of State in the same manner as in the case of a licensed retailer and shall be affixed by him to the packages containing such articles and shall be cancelled by him, affixing and cancelling such stamps in such manner as the Secretary of State shall prescribe. Failure to procure such stamps and pay the tax on such articles by such consumer prior to the breaking of the seal of the United States Internal Revenue stamps on any such package shall be a misdemeanor and shall be punished by a fine of not less than Ten Dollars nor more than One Hundred Dollars for each violation thereof. The opening of each box of cigars, each package of cigarettes, each container of tobacco, and/or each package of cigarette papers without affixing and cancelling such stamps and payment of tax, shall constitute a separate offense under the provisions of this Section. Sec. 8. Any person who offers for sale or sells either regularly or casually any articles taxed under the provisions of the foregoing sections without having in his possession a valid and existing license, as hereinabove provided or who possessing or not possessing a license, offers for sale or sells any of such articles without having paid the tax levied thereon or without having the stamps duly attached and cancelled on the boxes and packages thereof as hereinabove provided, shall be guilty of a misdemeanor, and upon conviction shall be fined not less than Fifty Dollars nor more than Five Hundred Dollars or confined in the county jail not less than thirty days nor more than six months or both such fine and imprisonment. Each such sale each day any such articles shall have been offered or displayed for sale unstamped shall be a separate offense under this Section. Nothing in this section shall be construed to prohibit the sale without payment of tax thereon of any of the articles enumerated in this Act by a regular wholesale distributor thereof to licensed retailer or in interstate commerce. Wholesale distributors in this State of such articles shall keep a full record of all the sales or other distribution of such articles in such manner and form as to show the person to whom such sales are made, the post office address, and business location of such persons and a full and complete description of the articles so sold and the date of such sale. Such records shall be preserved for a period of two years from the date of the sale as recorded and shall at all times be open for examination by the Secretary of State or persons designated by him. The Secretary of State is hereby authorized to require such periodic reports of sales from wholesalers as may be necessary to enable him to effectively enforce the provisions of this Act, and all such reports shall be furnished by the wholesalers upon demand of the Secretary of State. The Secretary of State shall furnish to all wholesale distributors in this State a list of all licensed retail dealers in the State and a sale to any person whose name does not appear on any such list or lists, on the part of any such wholesaler or distributor, shall be prima facie evidence of a violation of this section. Sec. 9. Any person who shall make, alter, forge, or counterfeit any license or stamp provided for in this Act or who shall have in his possession any forged, counterfeited, spurious or altered license or stamp, who shall sell or have for sale or in any manner circulate any such forged, counterfeited, spurious, or altered license of stamp or who shall steal or embezzle any genuine license blanks or any genuine stamps or who shall sell or offer to sell the same except lawfully for and on behalf of the Secretary of State pursuant to the terms of this Act, to any person, shall be guilty of a misdemeanor and upon conviction shall be fined not less than One Hundred Dollars nor more than Five Hundred Dollars for each offense. Sec. 10. The term person, when used in this Act, shall include corporation, partnerships, and associations and persons acting for and in behalf of other persons and the penalties provided herein, so far as applicable, shall extend and apply to all persons, natural or otherwise, subject to its provisions and to all employees, agents, or other persons acting for them or in their behalf and any employer shall be responsible for the acts of any employee or agent done in such employment in violation of this Act. Sec. 11. Nothing in this Act shall be construed as imposing a separate tax upon the offering for sale, the sale, and upon the consumption of the articles enumerated herein and any payment of the tax either upon the offering for sale, or upon the sale, or upon the consumption thereof shall constitute full payment under this Act but this section shall not be construed to relieve any per-

son from any of the duties, obligations or penalties provided in the Act unless at the time the article shall come into his possession the tax shall have been paid, the stamps affixed and cancelled and all other acts done as required in this Act and the absence of proper stamps upon any box, package, or container duly affixed and cancelled when the same shall come into his possession shall be notice to such person of the non-payment to that time of the tax imposed by this Act. Sec. 12. The Secretary of State within the limits of the appropriation provided in this section, may employ such assistance as he may deem proper, fix their compensation and in the administration of this Act make such expenditures for traveling, printing and engraving or lithographing of stamps and other expenses as he may deem proper to carry out the provisions of this Act. There is hereby appropriated out of any funds in the Treasury not otherwise appropriated for the seventeenth fiscal year \$15,000, for the eighteenth fiscal year \$15,000, and for the nineteenth fiscal year \$15,000 and in addition thereto in each of said years any amount necessary for the printing, engraving and/or lithographing of the stamps provided for in this Act. Said appropriation shall be expended by vouchers presented to the State Auditor in the same manner as all other funds are disbursed. Sec. 13. All tobacco or tobacco products used as germicides or insecticides are exempted from the provisions of this Act.

We do further proclaim that at said election the qualified voters of Eddy County shall vote for the following officers to be elected by the state at large:

One United States Senator.
One Representative in Congress.
Two Justices of the Supreme Court.
Governor.
Lieutenant Governor.
Secretary of State.
State Auditor.
State Treasurer.
Attorney General.
Superintendent of Public Instruction.
Commissioner of Public Lands.
Corporation Commissioner.

We do further proclaim that at said election the qualified voters of the County of Eddy shall vote for two State Representatives for the Nineteenth District.

We do further proclaim that at said election the qualified voters of the County of Eddy shall vote for a District Judge for the Fifth Judicial District.

And we do further proclaim that at said election the qualified voters of the County of Eddy shall vote for the following officers to be elected by the County of Eddy:

County Commissioner, First District.
County Commissioner, Second District.
County Commissioner, Third District.
Probate Judge.
County Clerk.
Sheriff.
Assessor.
County Treasurer.
Superintendent of Schools.
County Surveyor.

after enumerated shall constitute
the Election Judges, and Counting
Judges, and Poll Clerks of the
General Election in the several
precincts and election districts of
Eddy County and the first enu-
merated person is hereby designat-
ed by the Board to receive all election
supplies from the County Clerk and
are hereinafter listed as follows:

Precinct 1—Dist. A—Carlsbad
Court House.
Election Judges—T. C. Horne,
Claude C. Sikes, Julian Smith.
Alternate Election Judges—Mar-
guerite Waller, James N. Bujac, J.
E. Wallace.
Counting Judges—O. O. Stewart,
Josephine Fesler, L. S. Crawford.
Alternate Counting Judges—Ethel
Hightsmith, James S. McCall, Henry
Bock.
Poll Clerks—T. A. Woods, George
Duson.
Alternate Poll Clerks—Joe Johns,
Ed Marion.
Precinct 1—District B—Carlsbad,
Armory.
Election Judges—Virgil Albritton,
Elliott Hendricks, F. W. Dauron.
Alternate Election Judges—Tilden
A. Joyce, M. F. Sadler, H. E. Caw-
ley.

Counting Judges—Walter Craft, A.
C. Windham, F. E. Hubert.
Alternate Counting Judges—Lillie
Mae Sears, Aud E. Lusk, J. U. Falke.
Poll Clerks—Henry Dickson, J. A.
Hardy.
Alternate Poll Clerks—Henry
Samples, Ben W. McGinnis.
Precinct 2—Malaga—J. L. Wil-
liams Garage.
Election Judges—Claude C. West,
R. C. Skinner, Anna Jones.
Alternate Election Judges—Harry
Walker, J. F. Woods, Mrs. J. L.
Williams.
Poll Clerks—Frank Beeman, W.
K. Jones.
Alternate Poll Clerks—Sid H.
Brown, Harry Bruce.

Precinct 3—Hope—Public School
Building.
Election Judges—Nora L. John-
son, Bryant Williams, E. P. Cox.
Alternate Election Judges—George
Teel, Robert L. Cole, Irving Cox.
Counting Judges—Mark Brewer,
Mrs. C. B. Altman, W. P. Riley.
Alternate Counting Judges—Mrs.
Noma Means, Virgil Craig, Joe Park-
er.
Poll Clerks—C. G. Prude, Lee
Glascock.
Alternate Poll Clerks—C. A. Han-
na, Mary McDonald.
Precinct 4—Lakewood—Public
School Building.
Election Judges—George McGon-
agill, Forest Lee, J. W. Dauron.
Alternate Election Judges—Mrs.
George McGonagill, Lydia House,
Fannie Johns.

Poll Clerks—Mrs. Bernice House,
D. B. Hernandez.
Alternate Poll Clerks—Jim Foster,
Taylor Ross.
Precinct 5—Loving—Rodeo Theatre
Election Judges—W. L. Card, Roy
Dickson, J. R. Ogden.
Alternate Election Judges—T. J.
Fletcher, Mrs. Roy Dickson, Mahan
Wyman.
Poll Clerks—Sam O. Bell, Tom

Calloway.
Alternate Poll Clerks—Samuel
Hughes, W. I. Johnson.
Precinct 6—District A—Artesia—
V. L. Gates' Cotton Office.
Election Judges—Will Benson, Tom
Spivey, Wm. Dooley.
Alternate Election Judges—Bert
Shipp, Frank Morrison, A. B. Coll.
Counting Judges—Landis Feather,
Will McCaw, T. E. Hinshaw.

Alternate Counting Judges—R. W.
Dunn, Boone Barnett, M. E. Baish.
Poll Clerks—Jas. P. Bates, C. J.
Dexter.
Alternate Poll Clerks—J. B. Atke-
son, E. C. Gaddis.
Precinct 6—District B—Artesia—
City Hall.
Election Judges—C. M. Cole, C.
Bert Smith, F. A. Linell.
Alternate Election Judges—Preston
Dunn, Jim Berry, J. K. Hastie.
Counting Judges—J. M. Jackson,
Fred Cole, William Linell.

Alternate Counting Judges—Jess
Truett, Mrs. C. R. Blocker, George
Frish.
Poll Clerks—Will Ballard, O. M.
Trotter.
Alternate Poll Clerks—I. C. Keller,
T. W. Whitted.
Precinct 7—Dayton—Public School
Building.
Election Judges—W. C. Marable,
Mrs. John Fanning, Mrs. Ed Kiss-
inger.

Alternate Election Judges—P. R.
Ramuz, Earl McDaniel, Wm. Schneid-
er.
Poll Clerks—G. R. Brainard, David
Torres.
Alternate Poll Clerks—Chas. R.
Martin, Russell Schneider.
Precinct 8—Queen—Public School
Building.
Election Judges—Scibay Cox, Mrs.
Ralph Thayer, John Montgomery.
Alternate Election Judges—Mrs.
Abbie Queen, Ralph Thayer, Mrs.
Mary Montgomery.

Poll Clerks—John McCollaum, Lee
Magby.
Alternate Poll Clerks—Victor
Queen, Sam Hughes.
Precinct 9—Otis—Public School
Building.
Election Judges—N. M. Tidwell,
B. F. Kelley, B. H. Ellsworth.
Alternate Election Judges—Gladys
McCall, Calvin Lazenby, Mrs. C. C.
Lewis.
Poll Clerks—George Fesler, Chas.
Ellsworth.

Alternate Poll Clerks—Enea Gran-
di, Ethlyn Ellsworth.
Precinct 10—Cottonwood—Lower
Cottonwood School Building.
Election Judges—T. J. Stagner,
Tom Terry, I. S. Reser.
Alternate Election Judges—T. F.
Wilson, C. L. Woods, S. M. Privett.
Poll Clerks—G. W. O'Bannon, Vic-
tor Buel.
Alternate Poll Clerks—W. B. Bobo,
J. J. Buel.

Precinct 11—Oil Field—Public
School Building.
Election Judges—Frank Marshall,
John Wiley, Walter Solt.
Alternate Election Judges—Mrs.
Jack Kennedy, T. J. Hardin, Carl
Joiner.
Poll Clerks—R. R. Corbin, Wendell
Welsh.
Alternate Poll Clerks—James
Francis, P. V. Morris.
Polls are to be opened at nine
o'clock A. M. and closed at six
o'clock P. M.
C. E. MANN, Chairman,
Attest:
THELMA T. LUSK, Clerk.

The Board of Viewers appointed
on the 17th day of July, 1930 and
who reconvened as a Board of View-
ers upon the order of the Commis-
sioners made October 6, 1930, pre-
sented the following report:
"Report of Board of Viewers"

To the Honorable Board of County
Commissioners of Eddy County,
New Mexico:
We the undersigned Board of
Viewers acting under your instruc-
tions given us at your meeting held
in Carlsbad on Monday, October 6th,
have viewed the proposed changes in
the Malaga-Black River Highway and
have familiarized ourselves with the
locations thereof and recommend:
A Highway sixty feet in width
commencing at a point on a section
line between Sections 10 and 15,
Township 24 South, Range 28 East
where the Carlsbad-Pecos Highway
intersects said section line, thence
west along the section line to a
point near the northwest corner of
Section 17, Township 24 South,
Range 28 East, thence in a westerly
direction through Sections 17, 18,
and 7, Township 24 South, Range
28 East, and continuing in a westerly
direction through Sections 12, 11, 10,
and 9, through Township 24 South,
Range 27 East, to the Northwest
corner of Section 9, crossing Black River
at what is commonly known as the
Harkey Crossing, thence West along
said section line between Sections
5 and 8, 6 and 7, Township 24 South,
Range 27 East, and Sections 1 and
12, Township 24 South, Range 26
East, to the intersection thereof
with the Carlsbad Cavern-El Paso
Highway.

That in order to more fully de-
scribe said road and to designate
the location thereof, there is at-
tached hereto a map of said road
and report of the County Surveyor
thereon, which is hereby referred to
and made a part of this report.
It is the opinion of the Viewers
making this report that the benefits
to be derived from the opening of
this road will off-set the damages to
any and all parties concerned
along the route of said road, save

and except that where said road
crosses the Northwest Quarter of
Section 9 and the North one half
of the Northeast Quarter of Section
8, Township 24 South, Range 27
East, we are of the opinion and
hereby recommend that the owner
of said land, D. R. Harkey, as ap-
pears on the plat herewith filed, be
paid a sum of \$50.00 as full and
complete damages for the right of
way across said land herebefore
described.

It is the opinion of the Viewers
making this report that that portion
of the road along the section line
directly West from the Northwest
corner of Section 9, for the approxi-
mate distance of one-half mile is
through a draw and will require
considerable grade to make it pass-
able during wet periods.

It is our estimate that the total
cost of opening, altering, changing,
and widening the location of the
road hereby recommended from its
point of beginning at the Carlsbad-
Pecos Highway to its point of end-
ing at the Carlsbad Cavern Highway,
will be approximately \$1600.00.

It is, therefore, the opinion of the
viewers signing this report that the
route as shown on the attached plat
is the most practicable and conveni-
ent route that we in our judgment
can find. And it is our opinion
that the road between the termini
heretofore designated should be al-
tered, widened, changed, laid out and
established, and that we have caused
a survey of said road and plat of
the same to be made by the
County Surveyor, giving courses, and
distances, and specifying the land
over which the road extends, and
hereby recommend that said road be
opened and established as a public
highway.

Supplemental Report
Supplemental and in addition to
the above report it is the opinion
of the Viewers that what is known
as the Loving-Cavern highway should
be changed and altered. The start-
ing point of the change to be on
said Loving-Cavern Highway at ap-
proximately the center of Section 34,
Township 23 South, Range 27 East,
thence in a southwesterly direction
so as to intersect the Malaga-Black
River-Cavern Highway designated
heretofore in this report, at a point
about three-eighths of a mile South-
east of the Northwest corner of
Section 9, Township 24 South, Range
27 East.

It is the opinion of the Viewers
that the change in the Loving-Cav-
ern Highway would be a material
benefit to the public and that the
damages to any or all parties con-
cerned along the route of change
of said road would be off-set by
the benefits derived therefrom.
It is our estimate that the total
cost of changing said Loving-Cav-
ern Highway from the point of be-
ginning to the point of ending will
be approximately \$200.00.

J. F. FOREHAND,
SID H. BROWN,
BOB JAMES.
Report of Survey of proposed Mala-
ga, Black River, Cavern Road made
in October, 1930 by J. W. Lewis,
County Surveyor of Eddy County,
N. M. Survey made at request of
Board of Viewers.

As that part of the road from a
point near the Harkey Crossing of
Black River to the intersection with
the Carlsbad-Pecos Highway had
been previously surveyed and marked
by me in June 1930, I did not re-
survey it. This part of the road
has been graded and is now in gen-
eral use by the public.
At the crossing of Black River
there is a concrete slab which should
be widened to 16 feet and lengthen-
ed to 70 feet.

That part of the road to be con-
structed commences on the north side
of Black River and ends at the
Carlsbad Cavern Highway at a point
near the Southwest corner of Sec-
tion 1, Township 24 South, Range
26 East, a distance of 18369 feet.
There will be three cattle guards re-
quired on this part of the proposed
road.

The road can be opened to travel
at a comparatively moderate ex-
pense and during dry weather should
be a reasonably good road but as
it follows a wide draw for about
three-fourths of a mile and as I
am informed that this draw some-
times carries a considerable amount
of water I am of the opinion that
it will be necessary to raise the
grade of the road about two and a
half feet above the surface for the
entire three-fourths mile in which
case it would be necessary to put
in a short bridge or a concrete dip.
The Loving Carlsbad Cavern Road,
as shown on the accompanying map
can be diverted at a point just west
of the center of Section 34, T. 23-S.,
R. 27-E., thence Southwesterly to
the intersection with the Malaga,
Black River, Cavern road. This will
require a bridge or concrete dip on
the north line of section 9 and one
cattle guard.

The total cost of the above work
exclusive of bridges or dips will be
about \$2000.
J. W. LEWIS,
County Surveyor of Eddy County,
New Mexico.
By motion duly made and carried
it is made the order of the Board
of County Commissioners that the
above report be approved and the
road described therein is ordered
opened and declared a public high-
way, notice of the opening of the
road to be given in accordance with
the statute relative thereto.
It was also agreed by Mr. Dean
Smith on behalf of Crawford & Smith

NINETY DISASTERS CALL FOR RED CROSS RELIEF, AT COST OF \$1,200,000

Vice Chairman Fieser Cites Readiness to Act of National Society, Which Lessens Loss of Life—3,500 Chapters Aid in Work.

Readiness to act in an emergency, should a disaster strike, has become part of the Red Cross Chapter program in thousands of communities. The need for this training of local committees was revealed last year, when more than ninety communities required disaster relief work by the Red Cross.

As in former years, tornadoes brought the greatest damage. Twenty-four serious tornadoes occurred. Fire also took toll of life and property in twenty-four communities. Seven forest fires did great damage; eighteen areas were affected by floods, and nine storms caused heavy losses. Other disasters were cloudbursts, cyclones, epidemics, mine explosions and shipwrecks. In the insular possessions of the United States the Red Cross gave relief in twelve disasters, chiefly from hurricanes. In foreign countries relief was given by the American Red Cross in six instances of earthquakes, floods and to refugees.

The disaster relief work of the Red Cross cost \$1,208,151 last year. Statistics showed an approximate death rate of 790 persons in these disasters; buildings destroyed or damaged, 19,578; persons injured, 1,487, and persons assisted by the Red Cross, 96,872. Through disaster preparedness of Red Cross Chapters, undoubtedly great numbers of lives were saved, and much distress and grief following the calamities was prevented, according to James L. Fieser, vice chairman in charge of domestic operations of the Red Cross.

"This type of work is supported by the memberships of citizens of the United States, their volunteer contributions, and their devoted work," Mr. Fieser said.

"Every man and woman is urged to join as a member of the local Red Cross Chapter, not only to be a partner in supporting the work through his membership, but also to serve should an emergency occur."

Life Savers Numerous
More than a quarter of a million persons are entitled to wear the American Red Cross insignia, denoting they have been taught the expert life saving methods of the organization. The number enrolled to date is 273,202.

NEEDS FOR RED CROSS SERVICE ON INCREASE, SAYS CHAIRMAN PAYNE

Disaster Relief and Service to War Veterans Make Heavy Demands—First Aid on Highways New Plan.

Demands upon the public services that the American Red Cross is organized to give are increasingly heavy, and will continue to be so in the future, John Barton Payne, chairman, has announced.

The two major services of the society—service to war veterans and their dependents, and relief in disasters—show each year a greater number of persons helped by the Red Cross.

Pension legislation passed recently for World War Veterans, and increased allotments to all Spanish-American War Veterans, have given to Chapters and the national society many thousands of additional cases to handle, Judge Payne said.

In the past year help was given in 108 disasters. Ninety of these were in the United States, twelve in foreign possessions and six were in foreign countries.

Health activities of the Red Cross also are being extended, especially in the rural communities where all health authorities agree the greatest need exists. Red Cross, with 794 nurses in its employ, is the greatest employer of public health nurses in rural areas in the United States.

In its campaign against accidental deaths, begun twenty years ago with its life saving and first aid programs, the Red Cross now has adopted an additional program—that of combating the huge toll of life from automobile accidents on the highways.

Expenditures of the Red Cross in the past year were \$4,254,796.34, of which \$1,208,151.09 was spent in disaster relief, the chairman pointed out.

"The Red Cross depends upon the public for its support, through their memberships enrolled once each year in the period from Armistice Day to Thanksgiving Day," Judge Payne said.

"We do not receive any support from the Government, or through other taxation, although as the President of the United States is president of the society, and one-third of its governing members are representatives of U. S. Departments, it ranks as a semi-governmental agency.

"By joining as a member, in the local Red Cross Chapter, once each year, during the annual Roll Call, every citizen will have a part in carrying on this great humanitarian task."

Mesdames Stephen Lanning and John Lanning were in Roswell Tuesday to see Mrs. S. A. Lanning, who was reported to be very ill.

Miss Elaine Feemster left Thursday evening for Oklahoma, where she will assist in the office of the Pioneer Gas Utilities Co., for a few weeks.

We have nicknamed our dog Mars, because from all indications he appears to be inhabited.

LAKE ARTHUR ITEMS

Miss Ella Ohlenbusch

The Methodist people pounded their new minister, Monday evening.

Miss Maggie Lane, who is teaching school at Weed, spent the week end with her parents, Mr. and Mrs. A. E. Lane.

Clarence West of Weed, was a visitor with his uncle and aunt, Mr. and Mrs. Ben McLarry, this week.

Miss Frankie Thorpe and Winnie Pearl Byers of Lovington spent Sunday at the A. E. Lane home. Miss Alma Lane returned home with them to spend the week.

FUTURE FARMERS OF AMERICA

The Future Farmers of America elected their officers for the year at a meeting this week. Bill Ohlenbusch was elected president; Rupert Pate, vice-president; Carl Middleton, treasurer, Robert Spence, secretary; Orval Eddington, reporter, Mr. Dalton, advisor.

The classes of the Lake Arthur high school have been organized and the following officers chosen: The Senior class—Alma Bradley, president, Minnie Lee Smith, vice-president, Ruby Waldrup, secretary; Wayne Norris, treasurer, Mr. Dalton, sponsor. Junior Class—Lois Murphy, president; Rupert Pate, vice-president; Robert Spence, secretary and treasurer; Miss Ruby Smith, sponsor. Sophomore class—George Miles Murphy, president; Elmo Cantrell, vice-president; Anna Mitchell, secretary-treasurer; the entertainment committee is composed of Ella Ohlenbusch, Pauline Alexander and Mary Nihart. Gertrude Bradley, reporter.

P. T. A. HALLOWE'EN PARTY

Friday night at the high school auditorium, the P. T. A. members and friends enjoyed a Hallowe'en mask party. Many comical characters were present. Those who were masked marched in the grand march. Aileen Simms, dressed as a little witch and John Nihart, a clown, were awarded first prize among the boys and girls. Mrs. Will Walden and aged witch and Jim Smith were judged as having the best costumes among the men and women.

Games were enjoyed under the direction of Frank Frazier, Mr. Dalton, Mrs. Moss Spence and Mrs. Beasley, until a late hour. Charlie Foster was voted the most popular man and was awarded a beautiful pasteboard cake. Refreshments of cocoa and doughnuts were served.

CELEBRATE BIRTHDAYS

Little Dicky and Naomi Hedges celebrated their tenth and third birthdays respectively in a joint party, Saturday afternoon. Their Sunday school classes and a number of other little folks were the invited guests. Their Sunday school teacher, Mrs. Clyd Latta had charge of the entertainment which consisted of games, and an impromptu program, which created much merriment and the older children sang several songs, which were much enjoyed. The little host and hostess received a number of lovely presents which they greatly appreciated.

Refreshments of fruit, jello and cake brought the happy afternoon to a close. Those present were: Minta Spence, Ruth and Betty Walden, Jimmie and Virginia Urton, Jane and Mary Bell Moots, Dixie Dan Goode, Peggy and Allen Sims, Mary Helen Spence, Mildred, Eugene and Virginia Reese, Mrs. E. C. Latta, Mrs. Ned Hedges and the host and hostess.

Motor Injuries Treated By Red Cross First Aid

In line with its work for the preservation of life and prevention of accidental death, the American Red Cross has adopted a new program of emergency first aid stations on the highways of the nation, where victims of automobile injuries will be helped.

In the last year 31,000 persons were killed as the result of automobile accidents and more than 1,000,000 were injured. As its contribution to the nation wide safety campaigns of other organizations, the Red Cross will aid through the emergency stations. A number already are in operation by Chapters on such important traffic arteries as the Westchester County, N. Y., park system, the Valley Forge and Gettysburg highways in Pennsylvania and the White Horse Pike in New Jersey, connecting with Atlantic City.

Miss Bertha Rose was taken to St. Francis hospital in Carlsbad yesterday and if conditions are favorable, she will be operated upon tomorrow morning. Mrs. Ross Conner drove her down and Mrs. Knepple, with whom she has been staying, went with her and remained there to nurse her.

COTTONWOOD ITEMS

(Miss Alma Bradley, Reporter)

Messrs. C. R. Bernard and H. C. Haven of Lake Arthur were visiting friends on Cottonwood Sunday.

Mr. and Mrs. Lee Wright of Carlsbad were visiting at the home of Mrs. Wright's sister, Mrs. Will Waldrup Sunday.

Mr. and Mrs. Victor Parker and Mr. and Mrs. J. I. Funk, Mr. and Mrs. Monroe Howard motored to the mountains Sunday.

Mr. and Mrs. Glenn O'Bannon and children and Mr. and Mrs. Burgess and children drove to Hobbs last Sunday to visit friends.

THANK YOU

The Quality Bakery wishes to thank the Methodist ladies for their nice order of hot rolls. We also wish to call attention to the fact that we have added a nice line of home made pastries, including home baked cakes. Try our pastries. They are better. 46-1tc

Let's swat this NOW!

VOTERS of New Mexico, you will be asked on November 4 to express your approval or disapproval of the proposed tobacco tax, amounting to an added *two cents* on each package of 20 cigarettes, *one cent* on each five-cent cigar, and various rates on all other tobacco products. This is your *first* chance to participate in a referendum in this state—and not only that, but it is your *golden opportunity* to defeat an obnoxious and burdensome piece of legislation.

Mark well what this means:

A "nuisance tax" if there ever was one; a precedent that may pave the way for similar tax burdens on candy, patent medicines, soft drinks or canned goods; a penalty against smokers on top of an already whacking big Federal tax.

SMOKERS, here is your chance to speak your mind in very definite terms.

This added burden on tobacco may seem small to legislators, and doubtless the state needs the money, but the increase will *not* seem unimportant to the thousands who must watch the pennies, yet who know and value the unfailing solace of a good smoke.

To such men any increase at all is a hardship—and they deserve sympathy!

TAXES ALREADY HIGH

Beyond even the money involved, however, lies a bigger consideration—a principle; in short, a question of common fairness.

Smokers today are already paying the highest revenue in history to the Federal Government for their tobacco.

The little green stamp that you now see on every package of cigarettes, box of cigars, or tin of tobacco represents the amount you pay in to the Government.

For example, the tax you pay on cigarettes alone is SIX cents for every package of 20!

Thus, smokers are already bearing far more than their share.

IS IT FAIR?

Is it not *unfair* to select, out of the whole population of the state, the one class which is already paying an excessive tax—and then to pile a state tax on top of it?

Does any logical or fair basis exist for thus discriminating against *smokers only*, and subjecting them to this double taxation?

In plain language, such a tax is beyond

all reason. No other commodity, necessary or luxury is so taxed. Why single tobacco?

WHY PICK ON SMOKERS?

Most other taxes are based on wealth and income—this one is not. It is a *dead* tax on *you* because you smoke.

Smokers, are you going to allow yourselves to become tax victims and penalized day after day for the privilege of enjoying tobacco?

So, if you love a good smoke—who doesn't—rise up and ACT. Go to the polls and say NO.

THINGS THAT NEVER HAPPEN
By GENE BYRNES

A BILLION DOLLARS WILL BE NEEDED NEXT YEAR FOR THE VET BILL

WASHINGTON, D. C.—A billion dollar outlay will be needed next year to meet the government's increasing bill for veterans' compensation and pensions.

Despite efforts of the administration of veterans' affairs to keep estimates below the billion figure, demands for pensions, hospitalization and compensation under the laws created by congress last spring have brought the total to staggering heights.

Preliminary estimates for the veterans' bureau alone for the next fiscal year indicate a probable increase of more than \$100,000,000. Appropriations for the bureau last year amounted to about \$550,000,000, and with the added demands, the numerous new hospitals and attendant expenses, the cost of operation next year is expected to amount to nearly \$665,000,000.

The annual outlay of the pensions bureau, handling Spanish-American and Civil War claims, already has mounted to more than \$200,000,000. With the increased pensions for Spanish-American veterans and their dependents authorized by the last congress, a substantial increase in expenditures is anticipated. Use by veterans of all wars of the various branches of the national home for disabled volunteer soldiers is expected to increase their annual maintenance costs by many millions.

SET ASIDE AREAS

SANTA FE—The Forest Service of the United States Department of Agriculture is making plans and preliminary surveys for setting aside within the national forests distinctive areas that will permanently represent the national conditions of all the major forest regions of the United States. The program calls for the setting aside of three classes of areas, each having a different and clearcut purpose. The three classes will be known as "Natural Areas," "Primitive Areas," and "Experimental Areas."

ORDER CLOSING EDDY COUNTY TO TURKEY HUNTING

WHEREAS the Eddy County Game Protective Association has petitioned the State Game and Fish Commission of the State of New Mexico, to close the season on turkeys in Eddy County during the year 1930 to prevent an undue depletion of the turkey supply in that county.

NOW THEREFORE the State Game and Fish Commission does hereby order and direct that there shall be no open season for the killing or hunting of turkeys in Eddy County during the year 1930, and the killing or hunting of any turkey in the said county during the said year is hereby declared to be unlawful in accordance with the provisions of Section 6, Chapter 35, Session Laws of 1921.

THIS ORDER is hereby duly adopted by the State Game and Fish Commission sitting at Santa Fe this 20th day of October, 1930.

STATE GAME AND FISH COMMISSION.

ARE YOU SATISFIED WITH CONDITIONS?

It is up to every voter in New Mexico, man or woman, to answer for himself or herself that question. As the voters go to the polls next week, that is the one factor they have to consider. It is up to them to strip from the campaign utterances and campaign propaganda all of the camouflage, all of the trivial, inconsequential things that have been injected into the campaign and determine the exact facts.

Let the Facts Speak for Themselves

The Democratic party urges each voter to weigh only the facts—not the whisperings, not the insinuations, not the mud-coated utterances of irresponsible maligners—just the facts. With all of the explanations, alibis and a pologies which it has been forced to make during this campaign, the Republican party has failed to disprove the real facts—facts which are serious charges against the Republican administration. They have been forced to admit that:

Your Taxes Have Gone Up 40 Per Cent --- Your State's Expenditures Have Jumped 60 Per Cent --- Your Business Conditions Are "Depressed" --- Your Prices for Products Have Gone Down --- Your Chances for Employment - - - Even at Lower Wages - - - Are Small

Are You Satisfied With Those Conditions?

If You Are --- Vote the Republican Ticket
If You Aren't --- Vote the Democratic Ticket

But Before You Vote Look Squarely at the Facts

Weather-Proof Implement Shed and Repair Shop Necessity on Farm

Floor Plan of Modern Implement Shed.

By W. A. RADFORD

Mr. William A. Radford will answer questions and give advice FREE OF COST on all problems pertaining to the subject of building work on the farm, for the readers of this paper. On account of his wide experience as editor, author and manufacturer, he is, without doubt, the highest authority on the subject. Address all inquiries to William A. Radford, No. 407 South Dearborn Street, Chicago, Ill., and only inclose two-cent stamp for reply.

Work for the year is practically complete on the farm. At this time of the year farm owners utilize their spare time in cleaning their machines and tools and greasing the various steel parts and painting the iron and wood parts. After this renovation is done, the machine should be stored in a weatherproof building such as the implement shed and repair shop shown in the accompanying illustration.

This building is of the low gable pitched roof type and is designed to house machinery and tools without investing a considerable amount of money. It will be noted by the floor plan, cross section and details that only one end has a concrete floor. This is designed as a repair shop where the machines and implements that are in need of repairs may be taken and the work done indoors at odd times throughout the winter.

The building is of frame construction set on concrete corner posts and has a concrete floor in the shop and the cinder floor in the storage part. Binders are good because a layer four or five inches deep will provide

Cross Section of Modern Implement Shed.

good drain and a floor of this material is as good as any other. In the storage part almost continuous doors at the front make it easy to put the machines away.

The architect's drawings which accompany the exterior view of the building go into a great deal of detail in order to show how this building is constructed. Farmers who are experienced in the use of carpenter's tools and in building inexpensive structures will have no difficulty in erecting this building.

Lumber Is Big Asset in Building Homes

Lumber is America's only renewable natural resource. It is the material that we may use freely, avoiding useless waste, of course, with the assurance that nature will replace it. Lumber is the one material that we cannot dissociate from domestic building; somewhere in our homes we are certain to find it. It shuts out the encroaching world, and every room that we enter offers tribute to the versatility of wood, for there we have good surfaces, doors, moldings, mantels and even the furniture. Looking behind the plastered walls and ceiling we will find wood in lath and joist.

Not only would the building of small homes be seriously slowed up were we to have a dearth of lumber, but the modernizing of all old buildings would cease, at least temporarily. So we find man's inherent attachment to lumber demonstrated first in his love of the living tree and later in the wood produced from it and incorporated in his home.

Bathroom Costs Less Than the Other Rooms

The bathroom is unique among all the rooms in the house in that it is the one room that is almost completely furnished when a family moves into a new home.

None of the other rooms are ready for occupancy until rugs or carpets are purchased, pictures hung, and furniture placed.

But except for arranging the towels, hanging the shades and curtains, and putting the family medicines into the cabinet, the bathroom is ready when the plumber and decorator finish their work.

Few people think of the bathroom in this way. Yet it is true that one might select plumbing fixtures and accessories of excellent quality for the bathroom and still the cost of furnishing this room would be far below that of the living room, master bedroom, or dining room.

This is a point to keep in mind in selecting fixtures for a bathroom in a new house or a bathroom that is being modernized. It pays to select fixtures of good quality, not only because, like furniture, the family is

THE CHURCHES

ST. PAUL'S EPISCOPAL CHURCH
Rev. F. B. Howden Jr., Rector

Services held every Sunday evening except the first Sunday in the month at 7:30 p. m.

The church school meets at 7:00 p. m., preceding evening prayer. Holy communion, second Monday of each month, and at other times as announced.

ASSEMBLY OF GOD CHURCH
2 Blocks North of Post Office
Rev. A. Davis, Pastor.

10:00 a. m. Sunday school.
11:00 a. m. morning worship.
6:45 p. m. Christ's Ambassadors.
6:45 p. m. Bible study for adults.
8:00 p. m. evening worship.
Tuesday evening, prayer meeting.
Friday evening young people's services.

Everyone welcome, we invite you to come and worship with us.

CHRISTIAN SCIENCE SOCIETY
613 W. Main Street

Sunday services at 11:00 a. m.
Wednesday services at 7:30 p. m.
Subject of the Bible lesson for Sunday, November 2, 1930 is, "Everlasting Punishment." In this lesson the following scriptural selection is found: "Every way of a man is right in his own eyes; but the Lord pondereth the hearts." (Prov. 21:2).

Also the following citation from Science and Health with Key to the Scriptures, by Mary Baker Eddy, page 11: "Jesus' prayer, 'Forgive us our debts,' specified also the terms of forgiveness. When forgiving the adulteress woman, He said, 'Go, and sin no more.'"
Visitors always welcome.

METHODIST EPISCOPAL CHURCH SOUTH
Rev. Harold G. Scoggins

"The large church with a warm welcome and a helpful gospel."

Each Sunday since conference has seen a substantial increase in the attendance upon all the church services. Morning and evening worship has been permeated with a spiritual atmosphere, Sunday school and League services have been unusually well attended and interesting.

A new feature of the league for young people is that the pastor is teaching "An Elective Course in Christianity For Young People."

9:45 a. m. Sunday school. George Frisch superintendent.

Morning worship 11:00 a. m. Sermon theme, "A Gamble in Christian Futures."

6:30 p. m. young peoples theme, "Clean Life in Sinful Environment."

Evening worship at 7:30 p. m. sermon theme, "Anathema Maranatha."

Orchestra rehearsal, Tuesday evening at 7:30 p. m., Miss Egbert director.

Choir rehearsal, Thursday evening at 7:30 p. m., Mrs. Attebery director.

At an early date there is to be a program of sacred music both vocal and orchestral on a Sunday evening, watch for further definite notice.

FIRST CHRISTIAN CHURCH
6th and Quay Streets
Ralph Waldo Emerson, Pastor

9:45 a. m., Bible school. C. O. Brown superintendent.

11:00 a. m. morning worship. Sermon subject: "When God Does the Naming."

6:30 p. m., young people's meeting. Miss Kathleen Blount, leader.

7:30 p. m., Evening worship, sermon subject: "Joseph and His Brothers."

Prayer meeting Wednesday evening.

CHURCH COUNCIL MEETING

At a meeting of the ministers of the church council held Tuesday afternoon in the Presbyterian study, arrangements were made for a union Thanksgiving service to be held the evening of that day in the First Baptist church. Ralph Waldo Emerson, pastor of the First Christian church will deliver the message.

CHURCH OF THE NAZARENE
W. A. Henry, Pastor.

"Church where you are never a stranger."

Sunday school 9:45 a. m. C. J. Wilde Superintendent.

Morning worship 11:00 a. m. Children's services 3:00 p. m. N. Y. P. S. 6:00 p. m.

Evening service 7:00 p. m. Evangelistic sermon by the pastor. Our revival is over. But let's keep the revival spirit in our church all the rest of the year. In some ways this was the best revival we have had for some time.

If you are a stranger in the city or if you have just gotten out of the habit of attending church any where, we invite you to pay us a visit next Sunday. We are sure that you will feel welcome.

Sunday, November 2nd, 1930.

ONLY FOURTEEN TOWNS OF STATE REPORT AN INCREASE IN TAXES

Only 14 of the 54 cities and towns in New Mexico will have to pay more taxes this year than they did last according to a table just completed by John Joerns, secretary of the state tax commission, for the commission's biennial report which is being gotten up by the printer.

The remaining 40 show cuts, ranging from \$12.25 in the case of Dexter to .02 at Espanola.

Columbus New Mexico has the highest rate, \$66.24; but Estancia is not far behind it with \$66.08; Santa Fe's rate is \$35.98, a cut of \$5.14 under last year's. Lordsburg boasts of the lowest rate, \$31.11.

The rate, in this table, includes the state and county special school district and municipal levies.

Columbus has a raise of \$23.26 this year. That is due to a combination of circumstances, Joerns explained. The town got behind on payments of interest on its water works bonds and its taxable valuation has dwindled down to \$129,770.

At one time, when Columbus was a bustling military post, it had considerably more wealth. Comparative rates of 1929 and 1930 of a few towns and municipalities in this section is given below:

	1929	1930
Artesia	47.25	41.14
Carlsbad	46.38	41.89
Dexter	59.39	47.14
Hope	47.77	46.56
Hagerman	47.77	46.56
Lake Arthur	67.08	56.19
Lovington	48.62	43.32
Roswell	43.98	45.20

On the gate of success you will find the word "push."

Even those who have an aim in life waste a lot of good ammunition.

Mary had a little lamb,
You've heard this tale before.
But have you heard she passed her plate
And had a little more?

Buy your Christmas Cards from the Junior Women's Club and help build a club house.

9:55 a. m. Sabbath school.
11:00 a. m. Morning worship.
Sermon subject: "Does It Matter What a Man Believes?"
5:45 p. m. Orchestra rehearsal.
6:15 p. m. Christian Endeavor, Junior and Senior Endeavor Societies.

7:00 p. m. Popular peoples' service. Good music and singing. Anthem by our Junior Choir. Special music by church orchestra. Sermon subject: Second sermon on Joseph: "Joseph in Potiphar's House" or "Trial Endured and Temptation vanquished."

Note changes in time of services. Wednesday 7:30 p. m., Bible study of personal evangelism.

"The average man believes in church. Let him be consistent and go to church."

THE CHURCH OF CHRIST
One Block West of Central School

Last Lord's day was a fine day for us, we had the largest attendance at Bible school in many months despite the unfavorable weather.

Brother Roy H. Lanier, minister for the Church of Christ at Roswell came down and preached for us in the afternoon. We hope to have him again some time.

We were glad to welcome several new members who have recently moved to our city.

We are just common ordinary folks trying to worship in the God appointed way.

We have one of the best and largest Bible schools in the city, one that we are pleased and proud of.

We have installed a gas burner in the large heating stove, so the building will always be warm and comfortable in the coldest weather. So don't stay away on account of the cold.

Bible school at 10:00 a. m. Preaching at 11:00 a. m.

A hearty welcome is extended to all.

SCHOOLS AND STATE INSTITUTIONS GET THE MOST OF STATE TAXES

School and the educational, penal and charitable institutions require three-fourths of every dollar of taxes paid into the state treasury, despite the fact that most of them have land grants which yield additional revenue.

John Joerns, secretary of the state tax commission, has prepared a statement for the commission's biennial report, which is to be printed soon, and found that 75 cents of every tax dollar is paid for these purposes. The rest of the dollar is distributed as follows:

Administrative	14c
Public Debt	7c
Courts	4c

The \$2,610,631 to be raised this year by the six mill state levy plus miscellaneous receipts (not all of it will be raised by the levy) is to be apportioned as follows:

Educational institutions	\$1,194,164
Penal institutions	122,400
Charitable institutions and other purposes	202,700
Common schools	171,154
Institutional buildings	171,154
Public welfare	103,500

Total \$1,965,072

Administrative	364,090
Public debt	168,340
Courts	113,129

Grand Total \$2,610,631

The six mill levy includes the half-mill for the common schools.

OUT OF STATE SEED NOT SATISFACTORY

There appears to be a great deal of dissatisfaction among farmers who planted, during the present year, so-called certified cotton seed imported from Texas, says G. R. Quenberry of the New Mexico Agricultural College. From reports that farmers and ginners are making, especially in Dona Ana county, most of this cotton is not giving the turn out that was expected in the season.

Farmers who felt that they were getting something earlier by planting the so-called cluster type of cotton, found they were but sacrificing yield by getting a few early bolls. Some of this cotton, which presumably was a higher yielder, produced a little heavier early picking, but at the present time, before any frost has affected the plants in the southern part of the state, the College Acala is far in the lead as far as yield is concerned. College Acala is also giving a 10 per cent larger turn out than the imported seed, much of which has not reached a 30 per cent turn out.

The College cotton is also showing a much more uniform lint of greater length, which will unquestionably bring more on the present deflated market.

The differences in this seed are so great that many farmers who planted the inferior seed are placing early orders for College cotton seed for their 1931 crop. Cotton is so exacting in its requirements, especially under irrigation, that special care should be taken in the selection of seed. It has been found thru years of experimenting at the Agricultural College that Acala is the only cotton yet discovered that can withstand the hardships encountered under southwestern conditions and yet produce a uniformly good yield and high quality staple. Of some 40 or 50 varieties tried and many of which do well under other conditions, none have been found equal to the Acala variety. However, the Experiment Station is still doing variety work and should another better variety or strain be found, the information will be sent out to the farmers immediately.

MAKE YOUR OWN

Wanted an artist! If you can whistle, tap dance, sing, orate or do any of the other numerous noise stunts that might prove entertaining to the public, Otis Brown at the Mann Drug Co., wants to see you. The Mann Drug Co., has recently received a new combination Victor Radio that has its own recording attachment. The attachment can be used in the home by any member of the family. So far people have been too modest to stand before the "Mike," and permit a record to be made. The offer is still open, if you have something special that you would like to record, phone 187 for an appointment.

Judge: "Rastus, you stand accused. The opportunity is here for you to state your case."

Rastus: "Well, judge, ah done got me one o' dem derby hats, and Mandy sez it sho would look a lot better with a feather in de band, so ah goes out to find de feather. Ah found one after while and stuck it in mah hat band, and ah didn't know till ah got home dat dere was a chicken on de odder end ob dat feather."

Send your mail-order Christmas Cards back and buy them from the Junior Womens Club and help them build a club house.

INDIVIDUAL INCOME LESS

WASHINGTON, D. C.—Less income by individuals was indicated Monday by the internal revenue bureau as the major cause of a decrease of \$148,286,921 in income tax collected by the treasury during the first nine months of the 1930 calendar year as compared with the same period of the previous year.

Total collections for the 9 months of 1930 were \$1,779,382,127 as compared with \$1,927,668,848 the year before. Individual taxes dropped from \$971,328,259 in the first nine months of 1929 to \$838,355,855 this year while corporation taxes decreased \$15,314,318 from \$956,340,589 in 1929 to \$941,026,271 in 1930.

Out of the 72 collection districts of the country only 12 showed an increase in total income tax collected.

The collections by states and districts for the nine months of 1930 included: New Mexico \$594,169.69.

Grazing Without Grass ---

No stockman expects to graze his cattle without grass. It can no more be done than you can shave without a razor. There are some things in this world you cannot do, unless you have the tools to do them with.

There are many people who have the strange idea that it is possible to get along without a bank account. Success without a bank account is impossible.

Cold weather is motor-punishing weather ... Now, more than ever, you need the extra protection of this DE-WAXED, EASY-STARTING OIL

In cold weather motors usually are hard to start, but Conoco Germ-Processed oil actually makes starting easier!

There are two good reasons for this.

First: Germ-Processed oil is thoroughly de-waxed and does not congeal at low temperatures. Second: Germ-Processed oil does not drain away during periods of motor idleness.

The initial "turning over" process is made easier by the protective lubricating film which is on duty before you touch the starter. The usual 40% to 60% of motor wear occurring during the starting period is greatly reduced. Conoco Germ-Processed Motor Oil gives you

safe starting—and quick starting, even at zero temperatures.

Change now to this new oil. Use it all winter for motor safety and economy. You always will find Germ-Processed Motor Oil at stations bearing the Conoco Red Triangle.

J. T. EDWARDS, EDDY CO., PIONEER DIES AT HIS HOME IN ATLANTA, GA.

A few of the old timers of this section recall the Edwards family, former residents of the Rocky Arroya and Seven Rivers section, and may be interested in the press dispatch telling of the death of J. T. Edwards at his home in Atlanta, Georgia. When questioned by an Advocate reporter yesterday, Dave Runyan and others interviewed could not place the Edwards mentioned in the following Associated Press dispatch:

J. T. Edwards, one of New Mexico's historic characters of the days of Billy the Kid and the Lincoln county empire and author of "Stories of the Jingle Bob Ranch," is dead at his home in Atlanta, Georgia.

Seven Rivers and Lincoln were towns of consequence in the days of the Lincoln county empire when Edwards lived here and six-shooter rule was law.

Edwards was one of the first settlers of Rocky Arroya, where he ran a ranch in partnership with the late Walter Thayer. Their rock house and corral still stands.

In the early days in New Mexico Edwards was one of John Chisum's cowboys and it was from those experiences mainly that he drew for his "Stories of the Jingle Bob Ranch," which are now being edited and revised for publication, by Carl Livingston and Colonel Bujac of Carlsbad.

Among Edwards' friends were men who blazed the trails in this country when white men here were very few. They included the Jones boys, Pete Coon, Nelson, Mark Tannin, W. R. "Jake" Owen, John Eakin, McSwain, Billy the Kid, Bob Olinger and the Pierces.

Edwards rode through Piece canyon shortly after Bob Olinger had killed John Jones and wounded "Old Man" Pierce. Edwards found them there, took Pierce to Fort Stanton for medical treatment, and returned to the canyon to take Jones' body to Seven Rivers. Jones was buried there and later his body was removed to Rocky Arroya.

Jones was the leader of the Seven River faction opposing McSwain and Billy the Kid.

After leaving New Mexico, Edwards became a civil engineer and

PLANS UNDERWAY TO START DRIVE FOR THE ARTESIA BOY SCOUTS

Today is the day set apart for a united drive in eastern New Mexico for the Boy Scout work. At this time Boy Scout leaders in every community will lay plans for a financial drive for funds. This morning forty men of Roswell interested in Boy Scout work had breakfast together, and made plans for the coming drive. Similar organizations have been perfected in Hagerman and Carlsbad. C. J. Dexter, chairman of the Boys Work committee of the Artesia Rotary club is organizing to make a complete canvass of Artesia.

The annual drive will be made in Artesia Friday, it was announced this morning. It is hoped that every citizen approached will give due consideration to this worthy cause and that the response to the appeal will not go unanswered. Friday's drive will be made for the Boy Scouts only and is in no way connected with the community chest and cemetery drive, which will be made on November 7th and 8th.

Mrs. Shearman returned to Roswell Friday evening after spending a week here with her son, John Shearman and family, who drove to Roswell with her, returning the same evening.

Captain and Mrs. Charles Moody arrived from Milwaukee, Wisconsin last Friday for a visit with Mrs. Moody's sister, Mrs. Mary Kissinger. Capt. Moody has spent practically all of his life on the Great Lakes, beginning his apprenticeship on the water at the age of twelve. For twenty-six years before his retirement last year, he had been captain of the Christopher Columbus, the big excursion boat plying between Chicago and Milwaukee. The Christopher Columbus was a new boat put into commission for the Chicago World's Fair and plied between a downtown pier and Jackson Park.

For years worked on the Mississippi levees from Memphis to New Orleans. He will be buried on the old Edwards plantation near Athens, Georgia.

He is survived by a daughter, Mrs. Lillian Edwards-White of Helena, Georgia, and two brothers, one a cotton manufacturer in Georgia and the other with the National City Bank of New York.

MCMATH DENOUNCES ATTACK ON SELIGMAN IN SPEECH LAST NIGHT

J. M. McMath, of Las Vegas, independent-republican who walked out of the republican convention in San Miguel county, last night at the Central School auditorium made answer to the republican charges that Arthur Seligman, democratic nominee for governor, had settled his taxes for twenty-eight cents on the dollar.

Arthur Seligman himself has not replied to these so-called charges on tax evasion, because they are so absurdly untrue that he has not deemed them worthy of notice," Mr. McMath said, "however, I believe that you people are entitled to the facts. I want you to understand that I am making no defense for Mr. Seligman. He needs no defense by me. I am, however, revealing to you these things that prove beyond any doubt the fact that the republican gangsters are resorting to falsehood in a desperate effort to becloud the real issue of this campaign.

"I especially challenge Ed Safford, republican state chairman, to deny the following statements and I defy him to make a public statement concerning the following facts:

"That Arthur Seligman's personal tax record shows that he has always paid his taxes in full. The one exception being in 1912, when he protested payment amounting to \$16.65 on special levies which Mr. Seligman asserted were illegal and which many other tax payers handled in the same way. Mr. Seligman that year, however, paid all of his tax amounting to \$86.95, except for the protested levy.

"That Arthur Seligman has paid his taxes on several occasions in advance of the completion of the tax rolls because the school funds of the county were low and he desired to relieve financial stress on the school system.

"That Arthur Seligman paid into the treasury of Santa Fe county the sum of \$1,000 in settlement of taxes, which were not his personally and for which he could not be held responsible if he had desired to refuse such payment."

JUDGE H. A. KIKER TO HEAR WATER CASE AT ROSWELL NOVEMBER 7

Judge H. A. Kiker of Raton will hear a plea of abatement at Roswell on November 7th. The plea was filed by the Southern Pacific Railway Co., in the suits of the Southwestern New Mexico Water Protective Association and the Bloom Land and Cattle Co., in which the latter are asking that the Southern Pacific be enjoined from constructing a dam across the Bonita creek. Judge Richardson disqualified from the hearing and requested that Judge Kiker preside. The outcome of the hearing will determine whether or not the case will be heard in Chaves or Lincoln counties. Attorneys for the Southeastern New Mexico Water Protective Association contend that the case should be heard in Chaves county, while the railroad contends that it should be transferred to Lincoln county.

Summer Camps Prove Value

The organized summer camp had its beginning about 50 years ago. In 1880 Ernest Balch established a camp for boys on Lake Assquam in New Hampshire. Shortly afterward other camps were established, and the movement began to grow rapidly. The health, educational and recreational values of summer camps for boys had become so well organized by 1900 that a similar movement for camps for girls was launched at that time.

Seedless Oranges

The original seedless oranges were produced in Brazil by means of budding and the orange trees of this type in the United States all descended from two imported Brazilian trees. Buds or budding sticks are taken from seedless orange trees in spring or fall and inserted in two-year-old seedling orange trees of ordinary type. When the buds send out shoots the seedlings are cut back so that only the budding portions develop.

Coal for Luck

The beggar who, when "up" at a London Police court, was found to have been carrying a piece of coal in his cap—"for luck"—is not alone in his belief in such a charm. Burglars also are supposed to feel safer, on their unlawful occasions, if they are similarly equipped. Here is a vestige, probably, of the sun-worshiper's superstitious reverence for any object that is associated with fire.

Leader Among Men

The man who radiates good cheer, who makes life happier wherever he meets it, is always a man of vision and of faith. He sees the blossoming flower in the tiny seed, the silver lining in every cloud, and a beautiful tomorrow in the darkest today.—Edwin Osgood Grover.

Clubs' Worthy Idea

There are four divisions of improvement activity promoted through the 4-H clubs—head, heart, hand and health. These clubs are promoted among farm boys and girls throughout the country, under supervision of the federal government and various agencies of the Department of Agriculture and the states.

Halt! Huntsman

Scientific study has proved that hawks and owls, taken as a whole, live on mice, squirrels, grasshoppers and other troublesome creatures. Their economic usefulness far more than offsets the harm done by a few.—Woman's Home Companion.

Woman Kicks at Dog Tax for Wooden Canine

Lowell, Mass.—Mrs. Florence Underwood protested so vigorously when she received her dog tax bill that a city employee was sent to her home to investigate. The woman explained that the only dog she owned was a wooden one which decorated her lawn. The assessment was rescinded.

Man Hires Sea Divers to Search for Lost Gem

San Francisco, Calif.—Marine surveyors may be pleased that F. F. Harman, insurance broker, does not possess unlimited financial resources or the bottom of San Francisco bay might be radically altered.

Herman went for a cruise on the bay in his small launch and had to work on the motor. To protect his \$1,500 diamond ring he slipped it into a hip pocket under a handkerchief. The labor required to repair the engine was considerable and he perspired. Naturally he pulled the handkerchief from his pocket to wipe his brow and the valuable jewel came with it, being flipped overboard.

The broker, instead of bewailing his loss, hired Theodore Wick and Frank Waldman, deep sea divers, to go to the bottom of the bay, scoop up buckets of mud and bring them to the surface. He inspected each bucketful, but many hours of such procedure was unsuccessful.

Airplane Saves Life of Strangling Baby

Alameda, Calif.—A two-mile-a-minute airplane flight from Reno to the San Francisco bay air-drome here was credited with saving the life of two-year-old Henry Baker.

The boy swallowed a button while playing at the Reno home of his parents, Mr. and Mrs. Herman Baker. To prevent strangulation, doctors said an immediate operation was necessary. When the plane, piloted by Frank Cochran, landed here, the boy was taken to Lane hospital, where the operation was successful.

COMMUNITY CHEST CEMETERY DRIVE TO BE STAGED NOV. 7-8

Plans are going forward in a most satisfactory manner and every provision is being made by the committee to insure a successful campaign for the funds necessary to operate our community chest and cemetery association throughout the coming year. Artesia will meet her obligations and the committee is sure that the budgets will be raised.

The community chest and cemetery drive will be conducted through the utilization of local men and women. No out of town solicitors will be used and every cent collected will be utilized for local charity and local cemetery needs. The burden will be larger upon these organizations during the coming year and every citizen must do his or her bit.

Local problems must be met with local thought and effort and finance. Local finance must be contributed and expended locally to best meet the local situation. This is the purpose of the committee now handling the drive in utilizing local men and women in the campaign.

Its your problem, it must be met through your thought, effort and finance. The community chest budget and the budget of the cemetery association must be raised. Think about it now, prepare to aid in the campaign and arrange your part of the budget. It must be done by Artesia and her friends. You must do your bit.

TO ATTEND EYE CLINIC

Dr. Edward Stone, expects to leave Tuesday to attend a Graduate Eye Clinic, which will be held in Amarillo, Texas on November 5, 6 and 7 and is being sponsored by the American Optical Association.

ENGRAVING AT THE ADVOCATE

Sidetracking Hard Luck
Hard luck is not so much an incident of circumstance as it is a creature of our own making. The sun doesn't shine every day. But we don't mind the rain if we are ready. The best way to sidetrack hard luck is to be prepared for it.—Grit.

Flags Over Embassies

A foreign embassy in this country may fly a foreign flag without having it accompanied by the American flag. The foreign embassy is under the jurisdiction of the country which it represents; therefore, the law of that country applies.

Immortalized by Poet

Lucasta was the poetic name of Lucy Sachererell, the lady love of Sir Richard Lovelace, the English cavalier poet, and this name also is applied to his poems about her. It is a Latin name, meaning chaste.—Washington Star.

Material for Canopy

A "baldachin" is a rich brocade. The name is therefore given to a canopy made of baldachin or other rich material carried over an altar in a procession, and also is sometimes applied to a bed canopy.

Medico Should Be Cheerful

"A good physician," said Ho Ho, the sage of Chinatown, "should combine with knowledge the art of the actor, who can seem cheerful under all circumstances."—Washington Star.

Meaning of Musical Term

The musical term "col legno" (with the wood), signifies that the notes so marked are to be played by striking the strings with the stick of the bow instead of the usual way.

MISS O'DELL IS CHARGED WITH FORGERY IN COURT ADJOURN

Miss Bobbie O'Dell, charged with forging a check of \$300.00 on the Keiser Trust Co., was freed by the court on Friday, after the deliberated for several hours. Smith, charged with the copper coils from Black Eagle, pleaded guilty and a suspended sentence of one year. The court then adjourned and the jury panel was discharged.

ent administration and the complete road program would be finished on all state roads, which were financed from the gas tax a property tax, if the candidate were elected. Mr. Callender called attention to the stopping the highway program and the debenture system was discussed. This plan furnished the match the federal aid. The state has pledged to kill the debenture plan. The federal aid will also be lost if we lose two or three federal government, he said. "If you want road progress you must get in with the present administration." Congressmen Free of devoted most of his speech to a discussion of national issues. A few comparative figures were afforded by the republican tariff bill. Free read the senate proposal to place a tariff on showing that it was of the progressive republicans that defeated the tariff bill.

ROTARY VISIT

Messrs. Bert Railhead, tin, Jeff Atwood, Syl Bill Ball of Roswell were the Artesia Rotary club day luncheon and party program, which was in a round table discussion.
