ARTESIA, NEW MEXICO, THURSDAY, MARCH 12, 1931.

NUMBER 13

Oil Test Develops the Surprise of Oil Area

No. 1 Makes 589 Barrels in 12 Hours—Eddy and Lea Counties Get Wells Each—One In Part County.

Activity over the southeastern part of the state has slowed down somewhat in the past few months, but any unusual activity, except for the completion of a test in the Eunie area, has been all former extended to a depth of 100 feet.

ANNUAL MEETING

meeting will begin at 10:00 a. m. at the Palace Drug Store.

well has also been started near the old Tracy well.

of the old Tracy well, the new well which is being drilled in south Eddy county.

communication of Artesia will be held in the Masonic hall, beginning at 8:00 p. m.

DIES HERE

George, age 76, of Blackwell, died at the home of Mrs. M. R. Jones last evening.

WANTS MERGE

LIVESTOCK EXPERT HERE

NEW ARTESIAN WELL

TAL OIL CO., HERE TO PROPERTIES

Mr. and Mrs. L. M. Friend spent Sunday with relatives near Dexter.

FIVE CONVENTIONS TO BE ENTERTAINED BY ARTESIA FEW MONTHS

Artesia will have an opportunity to develop her hospitality this year, if conventions mean anything. Five meetings of district and state importance are scheduled to meet in Artesia during the next four months.

NEW LEASING LAW IS SIGNED BY GOVERNOR AND THE LEGISLATURE

A new state leasing law has passed both houses of the state legislature and has been signed by Governor Seligman, it was learned here yesterday.

DAYTON REFINERY SUSTAINS LIGHT FIRE LOSS TUESDAY P. M.

Fire threatened several tank cars full of oil at the plant of the State Oil and Refining Co., at Dayton Tuesday afternoon when a gasket blew out of a still and threw burning oil over several feet of ground.

ROTARY LUNCHEON

The regular luncheon of the Artesia Rotary club was deferred from Tuesday noon until Tuesday evening, in order to accommodate the banquet of the Artesia Alfalfa Growers Association.

BATES FARM SOLD

The 160 acre farm of E. P. Bates north of town, scheduled to have been sold under a foreclosure sale Monday, was bid in by the plaintiff, E. P. Bates, thru the special master James P. Bates and brought the sum of \$3,200.

GRAND JURY IN SESSION

The Eddy county grand jury convened at Carlsbad Monday for the regular spring term of court.

SOIL SPECIALIST HERE

H. N. Watenpaugh, assistant agronomist at State College in charge of the soil work, with W. A. Wunsch, county agent, spent Friday visiting among the farmers.

NEW COUNTY BILL KILLED

The house of representatives Tuesday killed the bill to create Seligman county out of the lower end of Lea county.

METHODIST ASSEMBLY CAMP SITE OFFICIALLY ACCEPTED YESTERDAY

The proposed Methodist Assembly camp site, four miles west of Weed was officially accepted yesterday afternoon by the members of the temporary board of directors in a joint meeting with representatives from the Carlsbad and Roswell Chambers of Commerce with the Artesia Chamber of Commerce.

CHAMBER COMMERCE ACTIVITIES DISCUSSED AT OPEN MEET MONDAY

Plans were made for increased Chamber of Commerce activities at the regular monthly meeting Monday night. Among the features of the Chamber of Commerce work discussed were prompt financial support from its membership so that the organization might carry on without being hampered and the enrolling of new members.

ALFALFA AND SMALL GRAIN SHOWS GAIN IN ACREAGE THIS YEAR

Based on early estimates, farm acreage in north Eddy county will be increased over the past year by some 300 or 400 acres. Cotton acreage is expected to show a slight decrease, while alfalfa plots that have been dwindling for more than ten years will show a substantial increase.

SEVERE BLOW DEALT OIL DEVELOPMENT IN THE RECENT CRUDE CUT

New crude prices for both the Jackson area in eastern Eddy county and the various oil producing sectors of Lea county were announced here yesterday, effective March 10th, at 10:00 a. m.

ESTABLISHES RECORD

Capt. Ira Eaker, former resident of this section, established a new flying record of 235 miles per hour before being forced down near Tolu, Kentucky in an attempt to set a mark in a transcontinental flight.

FEDERAL SEED AND FEED LOAN AVAILABLE TO EDDY STOCKMEN

Eddy county has been included in the federal seed and feed loans, according to information received at Carlsbad last week.

CLARK TRANSFERRED TO DAYTON REFINERY FROM HIGHWAY LAB.

Robert J. Clark, has recently been transferred from the material laboratory of the state highway department to supervise the road oil manufacturing at the State Oil and Refining Co., at Dayton.

TRACTOR DEMONSTRATION

Two representatives of B. F. Avery and Sons, J. J. Hill of Dallas, Texas and Ted Nicholas of Amarillo, Texas, with M. C. Thompson, representative of the Allis-Chalmers Tractor Co., are here to-day conducting a tractor demonstration at the Clint Rice farm.

MUCH FRUIT KILLED WHEN THERMOMETER DROPS TO SIXTEEN

The section experienced a killing frost Friday night when the thermometer dropped to 16 degrees following a heavy snow and a cold north wind Friday.

NEW COUNTY BILL KILLED

The house of representatives Tuesday killed the bill to create Seligman county out of the lower end of Lea county.

CHAMBER COMMERCE ACTIVITIES DISCUSSED AT OPEN MEET MONDAY

The house of representatives Tuesday killed the bill to create Seligman county out of the lower end of Lea county.

Local Cagers Leave for the State Meet This Morning

Optimism Prevails In Camp As Boys Embark For The State Tournament At Albuquerque — Artesia Is Rated Strong Team.

Eight members of the Artesia high school basketball squad with Coach Allen, T. C. Bird and Lewis Story left this morning for Albuquerque, where the Artesia cagers will contend for the state title in the state basketball tournament to be held Friday and Saturday.

Optimism prevailed in the local camp and Artesia fans feel that the boys have a splendid chance of bringing home the state championship.

Coaches from each district will meet tonight for the drawing of places in the tournament. Results of the drawing will be sent back to Artesia by night letter.

We are also asked to announce that those who wish transportation to Albuquerque or those who can furnish a car to Albuquerque to communicate at once with the McAdoo Drug Co., where arrangements will be made to provide transportation for those who care to go or provide an extra passenger where you may have room in your car.

Team members who are making the trip include: Wallace Gates, T. J. Pollard, Lawrence Clarke, Donald Burch, Dorris Ransbarger, Russell Spivey, Richard Wheatley and Lawrence Goodell.

Other Artesians who left this morning for Albuquerque included Mr. and Mrs. Hugh Burch, Mrs. Langston, Miss Jack Ward, William Compton, Allen Perry and French Gray.

CLARK TRANSFERRED TO DAYTON REFINERY FROM HIGHWAY LAB.

Robert J. Clark, has recently been transferred from the material laboratory of the state highway department to supervise the road oil manufacturing at the State Oil and Refining Co., at Dayton.

TRACTOR DEMONSTRATION

TELEPHONE NO. 7

FAST DRIVING

A law requiring resident auto owners to have a
license before operating a car within the city limits
would help keep the list of accidents down, provided
of course the ordinance was enforced. There is how-
ever, a great big (IF) connected with the enforcement
of such an ordinance in Artesia, but it can be done.
We notice when local motorists drive to Roswell or
any other town, where traffic regulations are enforced,
without exception, they are pretty careful to observe
them.

There is no excuse for speeding fifty or sixty
miles an hour on Main street, even with all the safety
devices that might be applied. One who is willing
to drive blindly down the street at forty to fifty miles
an hour without a clear vision ahead, is a public
enemy and should be deprived of the right to operate
a car on either the streets or public highways. Us-
ually drivers of this sort have no sense of public re-
sponsibility. And too, they are financially irrespon-
sible. In the greater number of cases the innocent
victim pays. If it were the reckless driver, then the
accidents might not be so tragic.

PAYING OFF

We observe where the Abilene (Texas) Morning
News has started a campaign to raise funds to pay
Raskob off and thus rid the democratic party of its
so-called Jonah. Somehow or somehow else the democ-
ratic party has become involved to Mr. Raskob in the
amount of about \$500,000, presumably money ad-
vanced by Raskob to pay off the party obligations.
Now the Abilene Morning News is calling on all good
democrats to kick in 50c or \$1.00 to apply on the debt
owed Mr. Raskob and if the amount due is raised
to invite Mr. Raskob to return to the republican party,
where he belongs.

Incidentally, we wondered if the republicans owed
Mr. Wilbur, secretary of the interior anything and if
so, it might be well to pay him off also and let him
go back to his college connections. The republicans
will have no trouble raising the Pecos valley's part of
the obligation among the local oil operators.

THE ISSUE IN 1932

Senator Capper of Kansas has furnished us with
a political picture of the 1932 presidential campaign
with Hoover leading the dry forces. Economic re-
habilitation will be the issue made by a number of
leading democrats. This liquor issue which ought to
have been settled with the Volstead act seems to gal-
vanize the voter into action as nothing else will. It has
been one of the chief political issues for the past 50 years
and refuses to be shoved in the background, notwith-
standing the drought and the economic depression,
which has affected millions of people.

The issue however, is just one of the mysteries of
life. It is a strange thing to us why the voter will
put whether or not it is right for a man to take a
little liquor, purely a moral issue, come before ques-
tions of national and international importance. The
situation sorter reminds us of a parent buying the
wants of the child off with a sack of candy. That's
just what the republicans propose to do.

BUSINESS TO SOLVE UNEMPLOYMENT

A new economic era, with business assuming the
responsibility for unemployment, is dawning, in the
opinion of Colonel Arthur Woods, chairman of the
president's emergency committee for employment.

"Arising out of this and earlier depressions," Col.
Woods says, "We have the beginning of . . . an era in
which business management realizes its responsibility
toward the continuous employment of the producing
unit, which is also the consuming unit. Business
men know today that their employees are also their
customers."

He made it clear that plans of individual corpora-
tions for relieving or preventing unemployment so far
had been "experimental," but expressed the belief that
while no common plan had emerged, "common prin-
ciples are beginning to be apparent."

It may be that the depression will prove the means
of developing an industrial consciousness that will
prevent unemployment in the future.

AND IT PAYS

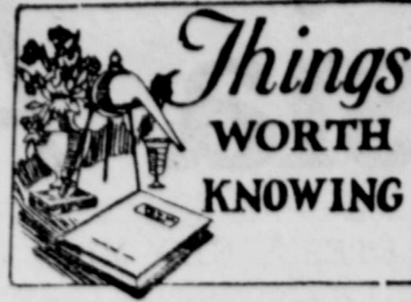

The highest advertising rate of any periodical in
the country is charged by the Ladies Home Journal,
which is \$9,500 for a full page. Woman's Home Com-
panion rate is \$9,400; Delineator, \$9,200; Pictorial
Review and McCall's Magazine, \$8,800 each; Saturday
Evening Post, which has the largest circulation, \$8,000
Collier's, \$5,500; True Story, \$4,500, and Liberty,
\$4,250.

Chairman Legge of the federal farm board has
gone back to the \$100,000 a year job with the Inter-
national Harvester Co. Mr. Legge undertook a dif-
ficult task and some constructive work has been ac-
complished, but whether the federal farm board is
eventually successful remains to be determined. Mr.
Legge found out what a few others have learned by
hard experience and that is, that the public does not
always appreciate ones efforts to the fullest extent, re-
gardless of how competent one may be.

Public confidence in Hoover was placed on a higher
plane over the week end, when Big Bill Thompson,
Chicago's foreflushing mayor undertook to flay the
chief executive because the president has not carried
out his promise for flood control. Al Capone, Chicago's
underworld chief and alley of Big Bill evidently does
not like Hoover.

Looks like the oil producing states are getting
close to home in the suggested embargo on all products
sold in the state by the big companies importing oil
into the United States. In the absence of any relief
from the flood of foreign oil, the producing states
embargo may eventually bring some relief.

Co-operation seems to be lacking in the state legis-
lature just as in other organizations. Much of the
time has been wasted in bickering. The accomplish-
ments of the present session could hardly be termed
as constructive.

Turkeys convey gapeworm to chickens, and chickens convey black-head to turkeys. Don't raise both unless you can keep them well-separated.

Plan to raise young pigs free from roundworms by following the system of swine sanitation developed by the U. S. Department of Agriculture. Write to the department for Leaflet 5-L. It gives the details. Also avoid trouble with flies in summer by plowing under straw and manure.

Experiments to determine the relative feeding value of alfalfa meal and alfalfa hay show that grinding the hay does not alter its composition and altho the feeding value is usually increased somewhat, this may not be sufficient to pay for the cost of grinding. The chief advantages of the meal are that it is in more convenient form and is fed with less waste than hay. There is also a considerable reduction on freight charges for shipping long distances.

It is possible to prevent the formation of destructive and wasteful gullies in any region in the south where Bermuda grass will grow. When planted in newly formed or even in old and large gullies, it catches the washed-down soil, holds it in place, and stops the gullies. Planting this grass in newly formed gullies will soon smooth them off. Bermuda grass will also protect levees from washing. This grass grows well on almost any soil which is fertile and not too wet, but it does better on heavy soils.

The BEST Gray Hair Remedy is Home Made

To half pint of water add one ounce bay rum, a small box of Barbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It will gradually darken streaked, faded or gray hair and make it soft and glossy. Barbo will not color the scalp, is not sticky or greasy and does not rub off.

Bleeding Sore Gums

If you really want quick, certain, and lasting relief, from this most disgusting disease, just get a bottle of LETO'S PYORRHEA REMEDY and use as directed. LETO'S is always guaranteed.—Mann Drug Co.

How To Avoid "Spring Fever"

Seasons that "bloom in the air" and all the other things, are to quote a popular saying, "just around the corner— for you!"

Before this joyous season arrives, would behoove the most of us to get ready for it—by seeing that our bodies are functioning properly and able to withstand the onslaught of the changing season.

"Spring fever," that ancient and honored ailment we were wont to call "the blues," is not so much a disease as it is a lack of energy, that sometimes manifests itself in the winter months.

One way then, to avoid spring fever, is to be sure the body is full supply, right now, of the vitamins and minerals necessary for health.

Vegetables and fruits should be plentiful in the diet of course. Good sources of energy for these cold weather months may be supplied with an abundance of foods which supply the essential vitamins.

Dried fruits, dates in particular, are extremely helpful, for they are rich in iron, calcium, and other minerals, and are excellent spring recipes, guaranteed good enough to dispel memories of sulphur and arsenic. Notice that many of them are rhubarb, a favorite spring delicacy.

Rhubarb Betty
2 cups soft bread crumbs 1/4 tsp. cinnamon
2 tbsps. butter 1/4 tsp. nutmeg
3 cups rhubarb 1 pkg. shredded cocoanut
1 cup sugar 1 orange

Melt butter and add crumbs, mix sugar, spice, orange rind and cocoanut. Put 1/4 of crumbs in bottom of buttered baking dish; then 1/2 rhubarb; sprinkle with 1/2 sugar mixture; add one-quarter of crumbs and remainder of the rhubarb and sugare mixture. Sprinkle orange juice over this and put rest of crumbs over top. Cover closely and bake 45 minutes in moderately hot oven (400° F.). Uncover and brown quickly. Serve plain or with hard or foamy sauce. Serves 6 to 8 people.

Rhubarb Vanity
pink rhubarb 1 cup shredded sugar
3 egg whites
1/2 cup raisins
1/2 cup sugar

Place rhubarb and sugar in tightly covered pan and cook over low heat until juices begin to flow. Uncover and cook to the consistency of marmalade, stirring frequently. Add egg whites and fold cold mixture into stiffly beaten egg whites. Pile whip into sherbet mold; sprinkle with remaining sugar. Chill thoroughly. Serve with cream or with custard made with egg yolks and one cup milk. This recipe will make six generous servings. This may be made with fruit which has a tart flavor.

Syrup Bran Bread
1/2 cup raisins
2 tbsps. baking powder
1/2 tsp salt

Use any ingredients except bran. Add bran, raisins and sugar. Bake in oiled loaf pan, increasing to 350° F. for the last 30 minutes.

Energy Salad
parsley
2 tbsps. chopped cheese
2 tbsps. seedless raisins

Mash cheese and add parsley and raisins if necessary with dressing. Stuff pit with cheese mixture and garnish with favorite salad dressing.

Pale and Weak

"I THINK Cardui is a wonderful medicine, for I improved greatly after taking it," says Mrs. A. W. English, of R. F. D. 4, Roanoke, Va. "When I was just a girl of 13, my mother gave this medicine to me, and it did me a great deal of good. I was weak and run-down. After I had taken Cardui awhile, I felt much better. "In 1924, my health was poor. I felt miserable, and hadn't enough strength to do my housework. It took all my willpower to keep up. I was pale and weak. "I got Cardui again and took it. My improvement was wonderful. I can recommend Cardui to others, for my health was so much better after I had taken a course of the Cardui Home Treatment."

RAILROADS RIVAL STATE LANDS AS WILD LIFE HOMES

NEW YORK — Railroads, which long ago became deadly enemies of wild life by paving the way for the onward march of civilization, are now beginning to rival state-owned preserves as wild life refuges, the American Game Association has announced.

Eight railroad companies operating in Missouri have converted their right-of-way into homes for wild birds and animals. This move has created a network of sanctuary grounds traversing the entire state and almost totaling in area the 70,000 acres in Missouri's leased refuges and official parks.

Railroads of Virginia recently offered to cooperate in the same manner with the department of conservation. Other state departments are seeking to inaugurate a similar system for wild life preservation, and the Canadian National Railways, extending across Canada, is said to be considering the plan.

The railroads co-operating in the movement have agreed to leave natural food and cover standing along their right-of-way, to plant other food and wherever possible to aid in winter feeding.

Such refuges, the game officials said, will be of especial help in restoring the thinning ranks of game birds.

WORLD'S TROUBLES DOES NOT BOTHER BIDDY

The old hen blinking on her nest out in the chicken house doesn't know a thing about market prices, supply and demand, the depression, or farm relief. But day after day, week after week she just keeps putting the same vitamins . . . the same proteins . . . the same healthful food value which nature ordained in those eggs . . . whether they sell for 12 cents or sixty cents a dozen. And if the world turned upside down tomorrow we'd probably find the hen sitting placidly underneath the nest turning out her daily globulet of health wrapped in the world's most sanitary package.

So if the same full ration . . . the same bundle of carbohydrates, minerals, fats, and vitamins is appearing day after day from mother hen we're certainly getting a bargain now when her product is selling at the lowest price in many years. Let's crack a few extra eggs into the frying pan for breakfast. We'll all be better for it.

MR. HEARTE PASSES AWAY SUDDENLY

Mrs. M. W. Evans was called to Pasadena, California Tuesday morning by the sudden death of her father, Mr. Hearte, who passed away early Monday morning. The deceased

had been ailing for about three days, but was not considered seriously ill. About one o'clock at night his son, at whose home he was staying while indisposed, went to his bedside and found him sleeping quietly. At three o'clock it was found that he had passed away. Mr. Evans, who

returned from a trip to Santa Fe Monday night, left Tuesday morning with Mrs. Evans for Vaughn, where she met two sisters and continued her sad journey with them. Mr. Hearte had visited here a number of times and had many acquaintances among Artesians.

Mrs. J. B. Crook returned home Monday after staying several days with her niece, Mrs. C. R. Nail, of Hagerman during the illness and death of her infant baby who died Sunday.

ORGANIZE WOMAN'S CLUB

The women of Lake Arthur met at the home of Mrs. B. C. Moots last Thursday afternoon to organize a Woman's club. A very interesting meeting was held. Mrs. Moots was elected president and selection of a name was left to a committee. Miss Borschell talked on the subject of "Buying Foods." After the meeting refreshments were served by the hostess. We hope every Lake Arthur lady will be present at the next meeting which will be held at the home of Mrs. Dick Spence on Thursday, March 19th.

CHAPEL PROGRAM

The usual assembly on Monday was held in the high school auditorium. Several visitors were present. All parents are invited to attend the assembly held at 3:20 every Monday afternoon. The program was opened by a march played by the orchestra. The introduction was made by Supt. C. R. Bernard.

WHAT A PACK OF CARDS SERVED FOR

A private soldier by the name of Richard Lee was taken before the magistrate of Glasgow, for playing cards during divine service. The account of it thus given in the English Journals:

Sergeants commanded the soldiers in the church, and when the pastor had read the prayers he took the text.

Those who had a Bible took it out, the soldier having neither Bible nor common prayer book, took out a pack of cards; he laid them out before him; he first looked at one card then at another. The sergeant of the company saw him, and said to him, "Richard, put up the cards; this is no place for them."

"Never mind that," said Richard. When the service was over the constable took Richard prisoner and brought him before the mayor.

"Well," said the mayor, "what have you brought the soldier here for?"

"For playing cards in church."

"Well, soldier, what have you to say for yourself?"

"Much sir, I hope."

"Very good; if not, I will punish you more than man ever was punished."

"I have been," said the soldier, "about six weeks on the march. I have neither Bible nor common prayer book—I have nothing but a pack of cards and I hope to satisfy your worship of the purity of my intentions."

Then spreading the cards before the mayor, he began with the ace.

"When I see the ace, it reminds me that there is but one God."

"When I see the deuce, it reminds me of the Father and Son."

"When I see the tray, it reminds me of the Father, Son and Holy Ghost."

"When I see the four, it reminds me of the four evangelists that preached—Matthew, Mark, Luke and John."

"When I see the five, it reminds me of the five wise virgins that trimmed their lamps. There were ten, but five were wise and five were foolish; the foolish were shut out."

"When I see the six, it reminds me that in six days the Lord made

heaven and earth.

"When I see the seven, it reminds me that on the seventh day God rested from the great work he had made and hallowed it."

"When I see the eight, it reminds me of the eight righteous persons that were saved when God destroyed the world, viz: Noah and his wife, his three sons and their wives."

"When I see the nine it reminds me of the nine lepers that were cleansed by our Saviour. There were nine out of the ten who returned thanks."

"When I see the ten, it reminds me of the Ten Commandments which God handed down to Moses on the tablet of stone."

"When I see the king, it reminds me of the Great King of Heaven, which is God Almighty."

"When I look at the queen, it reminds me of the Queen of Sheba, who visited Solomon, for she was as wise a woman as he was a man. She brought with her fifty boys and fifty girls, all dressed in boys' apparel for King Solomon to tell which were boys and which were girls."

King Solomon sent for water for them to wash. The girls washed to the elbows and the boys to the wrist. So King Solomon told by that."

"Well, said the Mayor, "you have given the description of all the cards but one."

"What is that?"

"The knave," said the mayor.

"I will give you a description of that too, if you will not be angry."

"I will not said the mayor."

"The greatest knave that I know of is the constable that brought me here."

"I don't know," said the mayor, "if he is the greatest knave, but he is the greatest fool."

"When I count how many spots are in a pack of cards, I find three hundred and sixty-five, as many days as there are in a year."

"When I count the number of cards in a pack, I find fifty-two, the number of weeks in a year; and I find four suits, the number of weeks in a month."

"I find there are twelve pictures in the pack, representing the number of months in a year; and in counting the tricks, I find thirteen, the number of weeks in a quarter. So you see, sir, a pack of cards serve for a Bible, almanac and common prayer book."

"Why Seashore Is Cool

Nearly everywhere the surface of the ocean is restless and perpetually in motion. This movement is caused partly by the wind, which produces wave and swell, and also partly by the attraction of the moon, which produces the tides. Ocean water is warmed slowly by sunshine, at a less rapid rate than the soil surface of the land. On the other hand, ocean water cools slower at night and during winter than a land surface. For these reasons, places adjacent to the ocean usually have even-tempered climates.

LOCALS

Uncle Tom Blakenay and daughter-in-law were in town from Hope yesterday.

Mr. and Mrs. J. H. Bridgman and Mrs. Mary McDonald were in town from Hope yesterday.

Mrs. Leslie Martin, Mrs. George Johnson and Mrs. W. E. Flint were Roswell visitors Saturday.

Mrs. J. H. Holomon and Mrs. Fred Brainard drove to Carlsbad last Wednesday to see Mrs. Holomon's niece, Mrs. Hamp Wilson, who was seriously ill.

Frank Morgan of Los Angeles, California, chief geologist for the Rio Grande Oil Co., spent yesterday inspecting the oil fields of Eddy and Lea counties.

Albert Foster, Lakewood rancher was a pleasant caller at The Advocate office yesterday afternoon. The range is in good condition he says with the exception of some of the tender grass, which suffered from the recent cold spell.

Mayor Clowe, Councilmen S. E. Ferree and Arba Green and city manager George Frisch went to Roswell yesterday afternoon to consult with the representative of the United States Chamber of Commerce in regard to city planning.

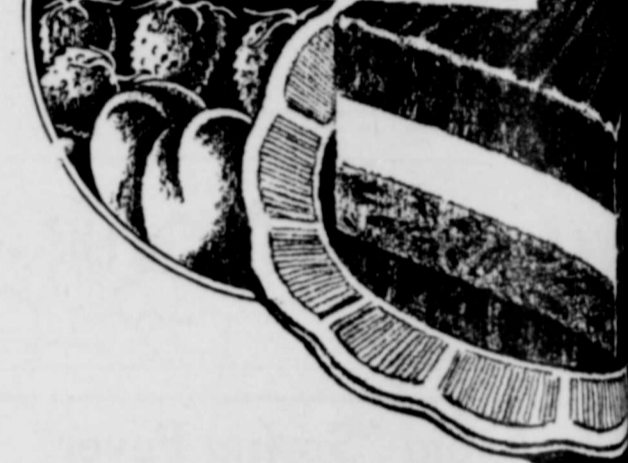

Mr. and Mrs. Edward Crozier formerly of Artesia and Carlsbad are spending a short time here visiting Mrs. Crozier's sister, Mrs. Bynum, while en route to Shreveport, Louisiana, where Mr. Crozier goes to play ball with the Shreveport baseball club during the coming season. Artesia friends of Mr. Crozier wish him much success in his new undertaking.

153 AUTO SALESMEN BEING HONORED BY CHEVROLET MOTOR CO.

A group of 153 automobile salesmen who in 1930 sold 122,819 new and 198,580 used cars, an average of 170 cars per man, is being honored this month by the Chevrolet Motor Co.

Members of Chevrolet's Salesmen's Club, made up of salesmen throughout the United States, each sold one hundred or more automobiles in the last fiscal year. The honor is being presented by Chevrolet Motor Co. to the members of the club who were the leaders. Four have been named national officials and 26 regional officers and 123 local officials of the organization. The presentation of medals to the officers will occur this month at sales conferences held in each region of the country.

John W. Brown, sold an average of 170 new and used cars during the year. He was named national champion Sunday and will lead the 100-Car Club. He has been named national champion. His 1930 total was 174 new and 174 used cars. This is said to be the highest number of automobiles sold in 1930 by any man in the world. Charles A. N. Y., in 1929 produced a world champion car was second in 1930 with 188 used cars, and vice-president of the club in New Orleans, Louisiana, sold 151 new and 15 used cars. He has been named secretary of the club. Philadelphia, who sold 157 used cars, was named regional president of the club. He sold an average of 170 used cars during the year to take first honors in his region.

PICKED UP ON MAIN

We notice where Senator Moon is to be the guest of Albuquerque on March 16th and broadcast over the radio. Just wondered if Senator Moon's visit is sponsored by the Albuquerque Journal.

Slim Evans, we understand is the first man in Artesia to offer \$5.00 to rid the democratic party of Raskob.

Man is of a few days and full of trouble. He laboreth all the days of his youth to pay for a gasoline chariot, and when at last the task is finished, lo the thing is junk and he needeth another. He planteth cotton in the earth and tilleth it dilligently, he and his servants and his asses, and when the harvest is gathered into the barns, he oweth the landlord \$8.40 more than the crop is worth. He borroweth money of the lenders to buy pork and molasses and gasoline and the interest eateth up all that he hath. He begets sons and daughters and educateth them to smoke cigarettes and wear a white collar and lo they have soft hands and neither labor in the fields nor anywhere under the sun. The children of his loins are onery and one of them cometh a lawyer and another sticketh up a filling station and maketh whoopee with the substance thereof. The wife of his bosom necketh with a stranger and when he rebuketh her, lo she shooteth him in the finale. He goes forth to the city and a jitney smiteth him so that his ribs project through his epidermis. He drinketh of a drink of whoopee juice to forget his sorrows and it burneth out the lining from his liver. All the days of his life he findeth on parking place, and is tormented by traffic cops from his going forth until his cometh back. An enemy stealth his car, physicians remove his inner parts and his teeth and his bank roll. His daughters showeth their legs to stranger. His arteries hardeneth in the evening of his life and his heart busteth trying to keep up the furious pace. Sorrow and bill collectors followeth him all the days of his life, and when he is gathered to his fathers, the neighbors say: "How much did he leave?" Lo, he hath left it all and his widow rejoiceth in a new coupe and maketh eyes at a young sheik that sleeketh his hair and playeth a nifty game of poker. Woe is man, and from the day of his birth to the time when earth knoweth him no more he laboreth for bread and catcheth the devil. Dust he was in the beginning now his name is mud.

We are not attempting to assume the role of director or financial adviser, because people generally don't pay much attention to the individual who persists in giving free advice, but we can't help but look at the so-called sanitary trash cabinets scattered along Main street which are pretty badly battered as result of March winds; battered cabinets which the business men paid for by advertising on trash cans that were supposed to have been kept in good order by the grafters who put them in the town. Now they threaten to become an eye-sore. Do you think advertising placed in this form brings results? No wonder some people say advertising doesn't pay. Some forms do not.

Last week we picked up a paper containing about seventy-four "hokey ads," representing about \$740.00, most of which has gone out of the country forever, \$200 of the \$740 was taken out of Artesia. The newspaper received only its usual advertising space rates, a small percentage of the amount \$10.00 charged for each ad (provided of course that all merchants pay the same for space). The solicitor has used the

HOME GARDEN OFFERS MANY OPPORTUNITIES

Stewart of the New Mexico Cultural College. It should provide a fresh and palatable diet, increase the efficiency and vitality of individual members and support the income by saving on the home bill.

It is an ideal year for gardening in the state, as a whole, especially with spring moisture. Because of low wages the home garden needs supplementing. The garden should be planted as the weather will permit; vegetables are hardy and will stand the conditions, making for a large yield. The size of the garden should compare with the needs of the family. A large garden is often worth while a small garden well tended should supply plenty of good produce for a large family. Several of the more important plants should be made to insure adequate supply throughout the growing season.

The garden should be easily accessible to the home, thus saving needless steps, and protected from livestock, and especially from chickens and turkeys, for if this is not done, the expensive cow chow chicken scratch.

Some small fruits such as raspberries and blackberries and plants of asparagus and rhubarb. These are nutritious and delicious. The garden frequently, cultivation is a secret of success. Fruits and vegetables can not be raised with the common hardy plants. Moisture being the limiting factor in most parts of the state, should not be allowed to evaporate.

KEEPING UP WITH THE SEASON

We can't boast that the jewelry you buy from us is the first thing to turn green in the spring, but we can guarantee it to give satisfaction. Standard makes of Watches that are guaranteed to keep correct time and worth the money. A select stock of Diamonds at a new low price and a nice assortment of Novelty Jewelry.

ARTESIA B. AND P. W. CLUB

The Artesia Business and Professional Womens club met Tuesday evening instead of Wednesday evening, the regular meeting time and had as their guests several prominent visitors, among whom were Mrs. Jane Ogle of New York, field secretary of the national organization. Mrs. Ogle has visited several states recently and is spending several weeks in New Mexico in the interest of the Business and Professional Womens clubs before going to California and the Hawaiian Islands. Mrs. Ogle's talk to the club members was interesting. She familiarized the club with the national club work. According to statistics quoted, the Business and Professional Womens club is the fastest growing womens organization in the world. Thirty-six hundred new members have been added so far this year.

Miss Grace Bowman of Santa Fe, editor of the Turquoise, state club publication, gave an interesting talk on the state organization and told of the national meeting last summer, at which meeting she represented New Mexico.

Mrs. Agnes Walsh, postmaster of Santa Rita, president of the Silver City club and chairman of the state membership committee, spoke of the individual club and its work, reviewing the activities of her own club, one of the outstanding organizations of its kind in the state.

Mrs. Grace Phillips, Roswell attorney and president of the Roswell club, spoke briefly on the purpose and aims of the Business and Professional Womens clubs, stressing the methods of attaining the highest degree of efficiency and emphasizing the fact that the business woman owes her livelihood to her home town.

It was announced that a special meeting had been called for Wednesday, March 18th at the Chamber of Commerce office. Mrs. Boren, beauty specialist will have charge of the program, March 25th.

At the close of Tuesday evening's meeting, Dr. Seale, local president announced the appointment of the following committee chairman: publicity, Mrs. C. R. Blocker; health, Dr. Ruth Van Deusen; education, Miss Linna McCaw; emblem, Mrs. Nina Vandagriff; program, Miss Le-Von Brown; finance, Mrs. Iva M. Grober. Other members of the committees are to be appointed later.

LEGION AUXILIARY MEETING

There was an excellent attendance of the members at the monthly meeting of the unit at the home of Mrs. Fred Brainard on Monday afternoon. The only number on the program was an article read by Mrs. Harold Scoggins on the work of F. I. D. A. C., the subject being "Checko-Slovakia," and which contained plans for the convention, which will be held in Prague next year.

In the business session a number of projects were discussed and passed upon. It was voted to give a year's membership to the first baby girls born to a unit member during the present membership year, which began last October. A committee was appointed to ascertain who the little lady is. It was also voted to have a community Easter egg hunt, for children ten years old and under. Each member is asked to donate a dozen eggs for this project. Definite plans for the event will be announced late. Plans were completed for the essay contest on "Americanism." This will be confined to high school students. A first prize of \$4.00 will be given and a second prize of \$2.00 the essays to be in by the 14th of this month. At the January meeting the unit voted a gift of \$25 for child welfare work. Mrs. Grover Kinder, chairman of the committee and health nurse in the school, reported that with this money, five school children had had tonsil operations, seven teeth extractions and four fillings had been made, the latter also for school children. Mrs. Kinder also read an article from the National Health Association Magazine, in regard to the child welfare work done in Artesia last year. The report was an excellent one and compared very favorably with reports from other states.

A miniature stand of colors, including a U. S. flag and an auxiliary flag graced the president's table during the meeting. They were the gift of the president, Mrs. J. L. Truett, and were used Monday for the first time.

Next month the Auxiliary will meet with the Legion for a joint session and the ladies will arrange for a covered dish supper.

Lovely refreshments of ice cream and cake in the attractive green and white St. Patrick colors, with miniature favors of the shamrock and white clay pipe combined, were served by the two hostesses, Mrs. Fred Brainard and Mrs. C. V. Brainard.

PRESBYTERIAN AID SOCIETY MEETING

The monthly meeting of the society was held at the attractive home of Mrs. A. M. Tarbet, which has recently been altered and greatly improved. This was really the annual meeting of the organization, since reports of the year's work were given and election of officers was held. This resulted in the reelection of the president and vice-president, Mrs. W. E. Kerr and Mrs. A. M. Tarbet. Other officers chosen were Mrs. Martin Brannan, secretary; Mrs. Gail Hamilton, treasurer. Plans were made for the annual supper, which will be held at the church in connection with the annual meeting on March 26th.

The Tarbet home was decorated with carnations and violets for the occasion and delicious refreshments were served. Those present were Mesdames Laura Welsh, Wm. Mead, of Youngstown, Ohio, Bert Sinclair, J. P. Sinclair, Albert Glasser, Warren Collins, Woodside, V. L. Gates, S. D. Gates, Roy Wright, D. E. Buckles, Ed Wingfield, Paris, Bruning, Knoedler, Schuster, Gilbert, J. H. Jackson, Hamilton, Wheatley, C. V. Brainard, Schulze, Russell and the two hostesses for the day, Mesdames Kerr and Tarbet, who were assisted in serving by Mrs. Bruning.

DISTRICT CONVENTION OF CHRISTIAN CHURCH

A fine program was given at the meeting, which continued thru last Friday afternoon and evening. On the program were C. C. Dobbs of Denver, secretary for Colorado and New Mexico, Mr. Vicerine, a missionary on furlough, who appeared in native Indian costume and gave a very interesting and informing talk, Miss Howland and Miss Johnson, field workers from the orphan's home in Denver, Rev. C. C. Hill of Roswell. At six o'clock the ladies of the church served a dinner for all attending. After the dinner the program, as published in last week's paper was carried out. A large crowd was in attendance from Roswell, Hagerman, Carlsbad and other points in the valley.

On Sunday morning Rev. W. L. Blessing, pastor of the Christian church at Carlsbad, occupied the pulpit of the local church and in the evening, Rev. A. W. Luce, pastor of the Roswell church, preached for the congregation.

Mrs. Charles Wilburn of Roswell visited with Mrs. Ulke and Mrs. Stonebraker here yesterday afternoon.

THE P. E. O. SISTERHOOD

The P. E. O. Sisterhood held its annual election and installation of officers at the home of Mrs. H. A. Stroup last Friday afternoon. The president, Mrs. S. W. Gilbert, presiding. Routine business and the serving of light refreshments occupied the remainder of the afternoon. The newly installed officers are Mrs. Jessie Morgan, president; Mrs. R. L. Paris, vice-president; Mrs. Ralph Shugart, recording secretary; Mrs. Chester Russell, corresponding secretary; Mrs. J. H. Jackson, chaplain and Mrs. Fred Cole, guard.

BIRTHDAY DINNER

There was a family dinner at the George Savoie home Sunday in honor of the birthday anniversary of Mrs. Savoie. A number of the children and their families were there to help her celebrate. The company including: Mr. and Mrs. Savoie, Chris. Savoie and family, of Roswell, Oscar Savoie and family, Paul Terry, and family and Fred Savoie and family and the Rev. Father Fabian Kennas, of Carlsbad.

W. C. T. U. TO HAVE JOINT MEETING WITH ROSWELL

A joint meeting of the Artesia and Roswell Women's Christian Temperance Union has been arranged for Tuesday the 17th. The meeting will be held in the Baptist church at 3:00 p. m.

This meeting is being held at the request of the Roswell Union who are coming down to help our Union make plans for more aggressive work.

A good delegation of the Roswell Union will be with us and we urge that all interested in this important cause will attend this meeting.

TURKNETT-AMSTUTZ

A secret just out is the marriage of Miss Ruby Turknett to W. T. Amstutz, formerly of Hallstead, Kansas. The marriage which occurred several weeks ago was a complete surprise to friends of Mrs. Amstutz. Mr. Amstutz is employed at the Dayton refinery and has been a resident of this section for more than a year. Miss Turknett, the youngest daughter of Mr. and Mrs. J. W. Turknett, was born and reared in the Artesia community and was a student in the Artesia schools for a number of years. The young couple have taken apartments in the south part of town. The Advocate joins many friends of Mr. and Mrs. Amstutz in extending congratulations and best wishes.

THE IDLEWHILES BRIDGE CLUB

The Idlewhiles Bridge club met at the home of Mrs. E. H. Perry Tuesday for one o'clock luncheon and an afternoon at bridge. Mesdames Carl Joiner, Stanley Blocker, T. C. Bird, Harold, Dunn, Wendell Welch, Joe Hamann, Robert Rehn, Willis Morgan and Fred Westfall, of Carlsbad, and Misses Opal Martin, Ethel Bullock, Alma Pearson, Margaret Phillips, Ruth Morgan, Velma Richards, Ruth French and the honoree and hostess.

EASTERN STAR MEETING

The local Eastern Star lodge was host to several visitors from Carlsbad and Hope at the regular meeting Tuesday evening, at which time degrees were conferred on three candidates, one from Artesia and two from Carlsbad. Some twelve visitors were present from Carlsbad and five from Hope. Light refreshments were served at the close of the lodge session.

M. E. MISSIONARY MEETING

The Methodist Missionary Society held its postponed business meeting at the church on Tuesday afternoon with a good attendance of members. Mrs. L. W. Feemster and Mrs. Joe Richards were elected delegates to the missionary conference, which will be held in Clovis April 8th and 9th.

MRS. SENTER HONORED

A very attractive party was given Friday evening by Mrs. Ralph Pearson in honor of Mrs. Floyd Senter of Pampa, Texas. The St. Patrick motif was carried out in every detail. High score was won by Mrs. Stanley Blocker, high cut by Miss Ruth French and Mrs. Senter was presented with a guest prize. The guest list included Mesdames Carl Joiner, Stanley Blocker, T. C. Bird, Harold, Dunn, Wendell Welch, Joe Hamann, Robert Rehn, Willis Morgan and Fred Westfall, of Carlsbad, and Misses Opal Martin, Ethel Bullock, Alma Pearson, Margaret Phillips, Ruth Morgan, Velma Richards, Ruth French and the honoree and hostess.

MISSIONARIES HERE

Rev. Ralph J. Hall, Presbyterian "Cowboy Missionary" and Dr. Black of the board of national missions will be in Artesia Monday, March 30th for a meeting in the interests of Sabbath school and young peoples' work.

SECOND NIGHT BRIDGE CLUB

The club met at the home of Mr. and Mrs. R. D. Compton last Friday night. The usual sumptuous supper was served and there was one substitute, Mrs. Wm. Compton.

BIRTHDAY

Mrs. Pearl Morris and Marshall, were the guests at a birthday dinner, celebrating their anniversaries at the home of Mrs. Joe Richards. Mrs. Morris and Mr. Marshall, Mr. and Mrs. McCrory of Tulsa, Okla. present.

THE DORCAS

The Dorcas Class of Sunday school met at the Gleghorn and Mrs. last Friday afternoon for regular business and social. The attendance was excellent and the weather, but had a very enjoyable hotesses served lunch.

MRS. D. D. MONROE

A message was received day afternoon from the past grand master of the lodge of New Mexico of his wife.

Mrs. Monroe was of the Rebekah Association, Mexico, and was in the Assembly meeting in October, and her many regret very much to her death.—Current-Argus.

CARD OF THANKS

We take this means to our friends for their kindness during the illness of our loved one.

Mrs. C. A. Wilson, Charles and Claude Joe H. Wilson.

Atesia Wins The District Basketball Championship

The Artesia high school cagers won their first district basketball championship at Roswell Saturday night in easy fashion. The local quintette, which displayed championship ball almost from the beginning of the season rode thru the tournament in easy fashion and were never called on for a great amount of reserve power. The Artesia five were perhaps fortunate in drawing a lower bracket, which eliminated much strenuous effort and enabled the players to come thru the meet in good physical condition.

The chances for a state title depends largely on whether or not the dope bucket is upset. Las Cruces, Albuquerque and Raton are expected to furnish real competition for Artesia, although there is no way to measure the comparative strength at this time. Little trouble is anticipated now from the east side of the state since the strong Portales rams were eliminated by Rogers in the finals at Portales. Las Cruces ran true to form to defeat Lordsburg 48 to 23 in district four. As predicted St. Michaels College beat the Santa Fe demons 29 to 19.

Artesia 52; Tatum 21
 Dexter 28; New Hobbs 21
 Roswell 26; Carlsbad 29
 Artesia 44; Dexter 21
 Roswell 13; Dexter 19, (consolation)

In the championship game between Artesia and Carlsbad Artesia's line was alternated with Spivey, forward and Wheatley, guard. Burch and Clarke carried the brunt of the attack with the aid of the guarding of Wheatley, Gates and Pollard. Clarke got four baskets and one free throw, while Burch was making four baskets. Ransberger, star hoopster went out of the line in the first half with four personal fouls. The summary:

ARTESIA (31)	FG	FT	P
Ransberger, f.	1	0	4
Spivey, f.	2	0	2
Burch, f.	4	1	9
Clarke, c.	4	0	8
Gates, g.	2	0	4
Wheatley, g.	0	0	0
Pollard, g.	2	0	4
Totals	15	1	31

CARLSBAD (21)	FG	FT	P
Stiff, f.	2	0	4
Butcher, f.	1	0	2
Harty, f.	2	0	4
Schnaubert, f.	1	0	2
Warren, c.	0	0	0
Williamson, g.	1	1	3
King, g.	0	0	0
Wheeler, g.	3	0	6
Totals	10	1	21

Possibly the greatest upset of the Roswell tournament was the defeat of Roswell by Carlsbad in the semifinals by a count of 29 to 26. Roswell was shoved to fourth place by Dexter in the consolation by a count of 19 to 13, which was another game that did not come out according to calculations.

Following is the tourney results:

FRIDAY
 Roswell 41; Hagerman 19
 Hope 16; Lovington 28
 Carlsbad 22; Dexter 17
 New Hobbs 11; Hobbs 29
 Artesia 33; Lake Arthur 11
 Hagerman 14; Tatum 26
 Hope 16; Dexter 33
 New Hobbs 18; Lake Arthur 14

SATURDAY
 Roswell 29; Lovington 16
 Carlsbad 30; Hobbs 21

The all-district team as selected by the tournament officials is: Reece, Dexter, forward; Ransberger, Artesia, forward; Williamson, Carlsbad, center; Fields, Roswell, guard; Heidel, Lovington, guard; Harty, Carlsbad and Gates, of Artesia, received honorable mention by the officials in their all-district selection. Clarke, also of Artesia is rated as the best utility man in the district.

CHEVROLET SALESMEN TO ATTEND A NOVEL CONVENTION IN EL PASO

Local participation in a move to bring business back to the level of previous years is to get under way to-day when V. D. Bolton, local Chevrolet dealer leaves for El Paso with three salesmen, L. L. Wykes, E. T. Childs and Geo. Walton, members of his organization to attend a novel retail sales convention being held there for all Chevrolet retail salesmen in the El Paso zone.

More than three hundred are expected to attend the convention, which opens with a luncheon at Hotel Hussman and consists of a full afternoon of instruction at the Texas Grand Theater. A feature of the luncheon will be the installation of officers of the 100 Car Club, a star salesmen's organization.

A carload of special scenery and other theatrical equipment including talking motion pictures has been engaged to put on the presentation, which is said to be the first and largest of its kind to be staged in the automobile industry for retail salesmen.

Felix Doran, Jr., Chevrolet regional manager with headquarters at Dallas, Texas, W. F. Doyle, El Paso zone manager, other members of the region and zone staffs, and a factory representative from Detroit will conduct the meeting, which will be attended by dealers and sales managers, as well as retail salesmen.

Business sessions in the convention will take the form of playlets, in which the factory officials will take the part of actors and show by actual demonstration the correct procedure in any given situation. Instead of lectures, the class of dealers and salesmen will have points under discussion emphasized by seeing them presented in a dramatic and effective manner. Every phase of the automobile industry as it affects the retail salesman will be included on the program.

The object of the meetings," Mr. Bolton explained, "is to give our retail salesmen a better appreciation of our product which is better and priced lower to-day than at any time in our history, and to make them better and more energetic salesmen, which in turn will add to the good will of our business and our product, as well as increase our

TWO EDDY-CHAVES CO., WATER BILLS PASS THE N. MEX. STATE SENATE

SANTA FE—Two Chaves and Eddy county artesian water bills passed the senate Monday night and a third is pending which will complete the set-up agreed upon by the water users of both counties to create a conservancy district for mutual protection of water interests.

The first measure was steering 112, which Senator Z. B. Moon explained is to establish a procedure under which a man can establish his water rights on his own land. One amendment proposed by Senator R. G. Bryant was adopted. Remley, contended that the Bryant amendment would nullify the intent of the entire measure.

The Bryant amendment was intended to fix the bill so that the water users of the Portales valley would be exempted until such a time as the boundaries of the water source there had been determined and 15 per cent of the water users petitioned for formation of a district. Senators Moon and Mullis did not believe the Bryant amendment would effect the Pecos valley where the boundary has already been established and district created.

The second measure was HB 78, which authorizes emergency expenditures for beginning the work of plugging up leaking artesian wells in Chaves and Eddy counties to conserve the water supply. Senator Mullis explained that there are between 250 and 300 abandoned artesian wells in the two counties which are a constant drain in the water supply of the whole area because they are uncared for and leaking. The work of plugging the wells would be under the supervision of the state engineer.

Senator Mullis said that with passage of these two bills and a third measure pending creating a conservancy district in the Pecos valley with levy of five mills, that the district will be able to obtain a loan from the federal farm loan board to complete the work of plugging wells.

"MEN ARE STRANGE CREATURES"

—

What an unmerciful twitting they give the women about their bargains! And how they love to harp on "vain as a woman" when wives and daughters are successful in looking their best! . . . But to hear them at the office is another story. It's "my wife this, and my wife that"—with evident pride.

Vain? There's nothing quite so vain as men who have attractive and accomplished wives. How their wives manage the home,—how they plan and buy—is a source of constant wonderment and appreciation. Nothing pleases a man more than the knowledge that his wife is a shrewd manager and a deft hostess.

But what is so amazing to men is commonplace to women. Women know that shrewd management and good taste are not matters of chance, but qualities to be cultivated—personal qualities that depend upon a thorough knowledge of style and value.

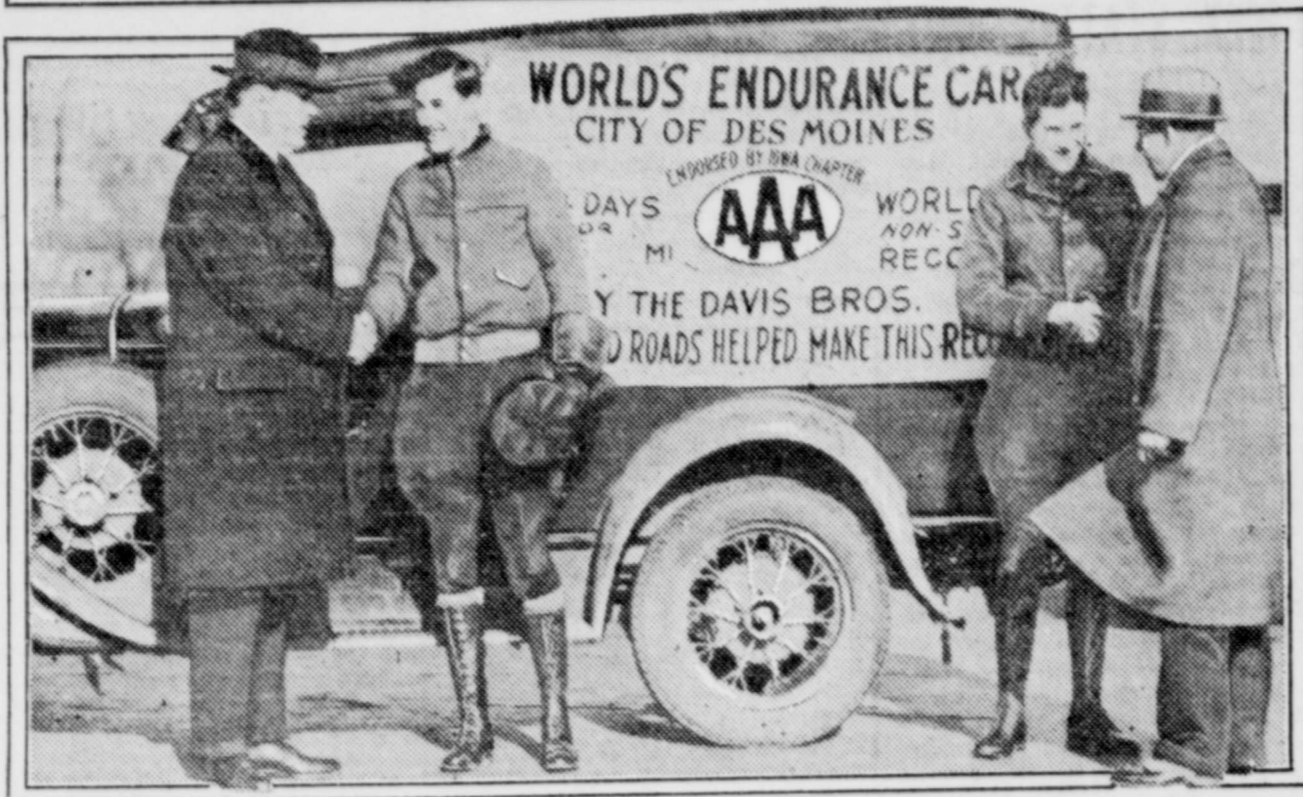

It is not difficult for them to obtain this knowledge. They read the advertisements in the newspapers—printed statements of style, price and value. Statements that are sponsored and signed by companies known for business integrity and style authority.

Guided by this knowledge, women choose wisely—and receive for their money the highest quality, the utmost in style.

Iowa Brothers Set New World's Record in Ford

Governor John Hammill of Iowa (left) and Walter Ferrell, executive secretary of the Iowa chapter of the American Automobile Association (extreme right), congratulating the Davis brothers on the establishment of a new world's non-motor, non-wheel stop automobile endurance record.

IOWA state officials and civic leaders witnessed the establishment of a new world's non-motor, non-wheel stop automobile endurance record recently, when Ralph and Rolland Davis, brothers, brought their Model A Ford to a halt at the east entrance of the state capitol in Des Moines after 2,775 hours and 46 minutes of continuous driving.

When Governor Hammill, standing with Walter Ferrell, executive secretary of the Iowa Chapter of the American Automobile Association, gave the signal to stop, the Ford had traveled a total of 47,138.3 miles over all sorts of roads in all sorts of weather and had exceeded by 33,689 miles

and more than 2,335 hours the American non-stop endurance record which, therefore officially recognized, was made by a much heavier car under almost ideal conditions on the Indianapolis speedway last year. In the course of the endurance run, the car, known as "The City of Des Moines," covered practically the entire state of Iowa.

Engineers who examined the Ford at the conclusion of the run asserted that neither engine nor chassis showed evidence of the grueling strains to which they were subjected during the 116 days of continuous driving. Both apparently, according to the engineers, would have been good for another 50,000 miles or more.

THE CHURCHES

FIRST CHRISTIAN CHURCH

6th and Quay Streets

9:45 a. m., Bible school. C. O. Brown superintendent.

ST. PAUL'S EPISCOPAL CHURCH

Rev. F. B. Howden, Jr., Rector

Services held every Sunday evening except the first Sunday in the month at 7:30 p. m.

The church school meets at 7:00 p. m., preceding evening prayer. Holy communion, second Monday of each month, and at other times as announced.

ASSEMBLY OF GOD CHURCH

2 Blocks North of Post Office
Rev. A. Davis, Pastor.

Sunday, March 15th, 1931.
9:55 a. m. Sabbath school.
11:00 a. m. Morning worship.

Sermon subject: "How to obtain the Blessing of God?" God's word is still true and its promises sure. At this service there will be a short missionary pageant followed by the special offering for the Presbyterian board of foreign missions.

5:45 p. m. orchestra rehearsal.
6:15 p. m. Junior and Senior Christian Endeavor Societies.

7:00 p. m. popular peoples' service. Special vocal and instrumental music. Rev. J. A. Hedges of the Gagerman Presbyterian church will give the evening sermon in place of the pastor who will be in Carlsbad preaching the sermon before the Masonic Grand Lodge of which he is grand chaplain. Mr. Hedges will have a fine message. Hear him.

The heaviest burden in any community is the "inactive list" of church members, those who do nothing in the way of helping the church either by their presence or by their financial support. They profess to belong to the church but they are not working to make their profession a confession of Christ. Such are hinderers to the cause of Christ and are among the lukewarm ones of whom Christ said: "Because thou art neither cold nor hot I will spue thee out of my mouth." Be out and out for Christ and righteousness and if you are then you will be at the church of your choice next Sunday.

METHODIST EPISCOPAL CHURCH SOUTH

DEBENTURES BILL KILLED

The \$1,200,000 institutional debentures bill intended to provide for new buildings at the state educational and other institutions, was snowed under by the house Saturday when the appropriations committee's adverse report was adopted, 32 to 10, and the way paved to carry out Governor Seligman's fiscal program.

While Representatives R. M. Krawitter and Spence made a fight for the bill, claimed that killing it would "retard the growth of the institutions," the sentiment behind the house's vote was that the state at this time was too poor to shoulder this burden. On the republican side, Lopez and on the democratic side, Torres and Ulibarri spoke on the state's financial condition.

Mrs. Wm. Mead and baby daughter, Laura Lou, left Friday for their home at Youngstown, Ohio, after a seven weeks' visit to Mrs. Mead's mother, Mrs. Laura Welsh. They stopped at Madison, Wisconsin en route for a short visit with her brother, Dr. Edward Welsh and wife.

AUTO DEATHS IN NEW MEXICO INCREASE IN 1930

SANTA FE—Automobile deaths in New Mexico increased 47.1 per cent during 1930 according to a table appearing in the February issue of the New Mexico Highway Journal. New Mexico was one of 24 states

in the Union showing the number of deaths over 1929 figures. The total deaths from motor vehicle accidents in the States was 32,500, a 10 per cent increase over 1929.

A Hot Bath

Without an instant's Delay--With Natural

The word "HOT" on your hot water taps means HOT WATER ALL THE TIME when you have an Automatic Gas Heater. There is always plenty of Water for a bath at any time of day. There is Hot Water for the acre of dishes that you must wash in a year's installments daily. There is no tending fire, no heating up the kitchen or the bathroom to get the water hot. All you do is turn the faucet — Natural Gas does the work. Automatic Water Heaters are low in cost, can be bought on easy terms, and cost little to operate. Make up your mind to have one . . . and get it right now.

Pecos Valley Gas

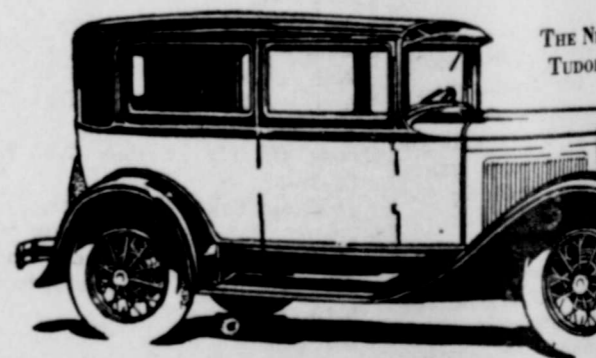

More than 73,000 miles a New Ford

THE substantial worth of the new Ford is reflected in its good performance, economy and reliability. Its stamina and endurance are particularly apparent in sections where bad roads and severe weather put an extra burden on the automobile.

In less than a year a new Ford Tudor Sedan driven more than seventy-three thousand miles on a difficult route. The operating cost per mile was low and practically the only expense for repairs was for piston rings and a new bearing for the generator.

The car carried an average load of 1200 pounds of mail and was driven 250 miles daily. "The Ford never failed to go when I was ready," writes one of the three mail carriers operating the car. "The start-up the trick last winter even at 34 degrees below zero gas runs about 20 miles per gallon. At times I can trailer whenever I have a bulky load."

Many other Ford owners report the same satisfactory performance. Every part has been made to endure and serve you faithfully and well for many thousands of miles.

LOW PRICES OF FORD CARS
\$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tires extra at small cost. You can buy a Ford for a small down payment on a convenient financing plan. See your Ford dealer for details.

FEATURES OF THE NEW FORD

Attractive lines and colors, rich, long-wearing upholstery, sturdy steel body construction, Triplex shatter-proof glass, shield, silent, fully enclosed four-wheel brakes, four double-acting hydraulic shock absorbers, aluminum pistons, silicon alloy valves, torque-tube drive, three-quarter floating axle, more than twenty ball and roller bearings, and brightening Rustless Steel for many exterior metal parts. In all these you save many dollars because of the low first cost of the low cost of operation and up-keep and low yearly depreciation.

Mince Meat Saves Time for the Busy Housewife

By JOSEPHINE B. GIBSON
Editor, Home Economics Dept.,
H. J. Heinz Company

While everyone likes hot Mince Meat pie, most of us do not know that Mince Meat also can be used to advantage in delicious pies, tarts, cakes and many other "noddies."

Mince fruit cake usually takes about one hour to make, the following recipe

Meat drop cookies or cup cakes while the oven is still hot.

Mince Meat Fruit Cake: To a one-pound can of Pure Mince Meat add: 1 cup nut meats; 1 cup raisins; 1 teaspoon vanilla; 1/2 cup melted butter; 1 cup sugar; 2 egg yolks; 2 cups flour; 1 teaspoon baking soda dissolved in 1 tablespoon boiling water; 2 stiffly beaten egg whites.

Mix ingredients in order given, and bake in a well-greased and floured cake pan in a slow oven for about one hour.

Mince Meat Upside Down Cake: 2/3 cup butter; 1 1/4 cups sugar; 4 eggs; 1 cup milk; 3/4 cups flour; 1/2 teaspoon salt; 5 teaspoons baking powder; 1 cup Pure Mince Meat; 1/2 cup granulated sugar.

Cream butter, add sugar and beaten eggs. Mix and sift flour, baking powder and salt, add to first mixture alternately with the milk, and stir to a smooth batter. Butter a shallow baking pan, sprinkle with sugar and line with Mince Meat. Turn batter over Mince Meat and bake in a moderately hot oven 45 to 50 minutes. Serve hot with whipped cream, lemon or vanilla sauce.

Mince Meat Cup Cakes: 1/3 cup butter; 1/3 cup sour milk; 2 eggs; 2 cups flour; 1 teaspoon baking powder; 1/2 teaspoon soda; 1 cup Pure Mince Meat; 1 teaspoon vanilla.

Cream butter and sugar, and add well beaten eggs. Sift flour, baking powder and soda together and add alternately with milk. Then add Mince Meat and vanilla. Bake in cup cake pans at 375 degrees F. about 25 minutes. This makes fourteen cup cakes.

Mince Meat Drop Cookies: 1/2 cup butter; 1/2 cup sugar; 1 egg; 1 cup Pure Mince Meat; 1 1/4 cups flour; 2 1/2 teaspoons baking powder.

Cream butter, add sugar, beaten egg, Mince Meat, and the flour and baking powder, which have been sifted together. Drop by teaspoonfuls on a buttered baking sheet. Bake in a hot oven for 10 minutes.

Mince Meat Pie with Apple Meringue: 1 lb. jar Pure Mince Meat; 2 stiffly beaten egg whites; 1 grated apple; 1/2 cup granulated sugar.

Fill a baked pastry shell with Mince Meat, which has been heated. Top with apple meringue, made by folding into beaten egg whites a grated apple mixed with sugar. Brown in a moderate oven for 10 to 12 minutes.

LOCALS

Mrs. Martin Brannan is visiting her daughter, Mrs. Jack Williams, in Clovis.

Attorneys Ferree, Atkeson, Jackson and McCrary attended court in Carlsbad Monday.

Mesdames M. W. Evans, E. N. Bigler and C. J. Dexter were Roswell visitors Friday.

Mrs. Jake Kissinger left last week for Milford, Nebraska, where she will make an extended visit.

Mr. and Mrs. Charley Oliver moved on Tuesday to the bungalow of Miss Addie Coll on south Fourth street.

Mrs. G. B. Dungan and boys, Clyde and George, spent Sunday with her brother, E. L. Dungan and family at Carlsbad.

Mrs. Hugh Burch and daughter, Mrs. Langston, Mrs. J. J. Clarke and Miss Catherine Clarke and Miss Opal Schroeder spent Saturday in Roswell.

Homer Dungan and little daughter, Bernice of Roswell, spent Saturday here, transacting business and visiting his sister, Mrs. G. B. Dungan and family.

Miss Hattie Herring, who has been working on an audit for the Illinois Pipe Line Co., has finished her work and returned to her home at Carlsbad last night after attending the dance in the roof garden.

Mrs. Helen Muncy and small son, Delbert of Hope, spent the week-end here, guests of Mr. and Mrs. Harve Muncy. On Sunday they were, with Mr. and Mrs. Muncy dinner guests of Mr. and Mrs. George Williams.

Dr. and Mrs. W. C. Doss have received the announcement of the birth of a son to Mr. and Mrs. A. M. Stillwaugh, (Mary Doss), of Bremerton, Washington on February 23rd. The baby has been named Allen Milton.

Mrs. E. S. Wilkins of the Cottonwood who has been very ill, is improved somewhat at the last report. She was at the home of Mrs. J. D. Bewley until last Saturday, at which time she was able to be removed to her home.

J. G. Kimball, who recently purchased the Fields place, south of town from B. R. Hammond, arrived Friday with his family from White Flat, Texas. His son-in-law, Mr. Daniels drove the truck over with the furniture, arriving here Friday and returning home after a brief stay.

Rev. J. P. Sinclair and Rev. LeRoy Thompson of Roswell are in Albuquerque this week attending the meetings of the Presbyterian Sandias conference committee and the Synod's committee on national missions at which meeting Mr. Sommerdike of New York, superintendent of the Presbyterian Sunday school missionaries will be in attendance.

A number of Artesia young people attended the dance given by the Pals' club at the Women's club building in Roswell last Saturday evening. Among the number were Evelyn Cobble, Ethelyn Cobble, Sue Flint, Glennis Smith, Elaine Feemster, Luella Martin, Lawrence Clarke, Allen Perry, Dorris Ransbarger, Lawrence Goodell and Charley Bullock.

Why the Trade Dollar

The trade dollars of 420 grains of silver, coined by the United States between 1873 and 1887, were issued for use in the oriental trade, where Mexican silver dollars were the common monetary unit. By making the silver dollars a few grains heavier than the Mexican or the Japanese yen it was thought that the Chinese would favor them and thus absorb large quantities of America's silver surplus.

Why Paint Fails to Stick

Failure of paint to stick to wood is due sometimes to the part of the tree that grows in the summer time. The summer-time part of the ring of growing wood, says a report to the Engineering foundation by Dr. F. L. Browne of the United States forest service, is likely to be a refractory deposit to which paint does not adhere well.

Why Price Levels Differ

If all countries had their own irredeemable paper money and no money that was acceptable elsewhere, world price levels would have no intimate connection. Indeed, the connection is actually slight as between countries which have different metallic standards, for example, between a gold-basis and a silver-basis country.

Why Tower Is Endangered

A commission of experts has been appointed to check the increasing list of the famous "Leaning Tower" of Pisa. It was found that water, filtering underneath the tower, is responsible for undermining its foundation. A process of strengthening through injections of cement is to be used for the future safety of the tower.

HIGHWAY BILL PASSES

SANTA FE—The senate Tuesday passed the \$2,000,000 highway debentures act amid representations by the old guard that it was not Governor Seligman's bill but was a republican measure drawn by Charles Springer, chairman of the highway commission.

The only dissenting vote was that of Senator Floyd Lee who said: "If the state cannot afford to properly take care of its educational institutions, it can't afford to appropriate money for more highways. It looks like we are getting a lot of polished highways and are bringing up a lot of idiots to ride over them."

Question of Lighting Needs Careful Study

While the new house is being built you will need to give attention to artificial illumination. Remember, lighting fixtures are chiefly for light; for ornament also, but primarily for reasons of actual utility.

Poorly lighted rooms or rooms expensive to light by reason of impracticable methods give poor returns for the money, no matter how well the fixtures look. A living room, dining room or even a bedroom in which the artificial light is not well distributed is a constant source of annoyance.

LEGAL ADVERTISEMENTS

**IN THE DISTRICT COURT,
OF EDDY COUNTY, STATE
OF NEW MEXICO**

J. O. IRWIN,
Plaintiff,
Vs.
MRS. GEORGE RICE,
Defendant.
No. 5127.

NOTICE OF ATTACHMENT

THE STATE OF NEW MEXICO:
TO, Mrs. George Rice, Defendant,
GREETING:

You are hereby notified that a Civil Action has been commenced and is now pending in the District Court of Eddy County, New Mexico, the general nature and objects of which are to obtain a judgment for the sum of One Thousand Thirteen and 20/100 Dollars (\$1013.20), with interest at the rate of six per cent per annum from September 9th, 1930, and for costs of suit, under and by virtue of a Judgment rendered in the 83rd District Court of Pecos County, Texas, on the 9th day of September, A. D. 1930 in Cause No. 2175 on the Civil Docket of said Court, in a Cause therein pending, wherein J. O. Irwin was the Plaintiff and Mrs. George Rice and George Rice were Defendants.

You are further notified that the following described property, belonging to you, has been attached to-wit:

Lot 9, in Block 52 of the Artesia Improvement Company addition to the Town of Artesia, Eddy County, New Mexico, and the improvements thereon.

and that unless you appear and answer the Complaint in said Cause, or otherwise enter your appearance in said Cause on or before the 16th day of April, A. D. 1931, Judgment will be rendered against you as prayed for in plaintiff's complaint, and said property sold to satisfy said Judgment.

You are further notified that James W. Stagner, whose Post Office address is Carlsbad, New Mexico, is the attorney for the plaintiff.

WITNESS my hand and seal as Clerk of said District Court of the Fifth Judicial District of the State of New Mexico in and for Eddy County, New Mexico, this 17th day of February, 1931.

RUTH S. NYE,
County Clerk.

**IN THE DISTRICT COURT
OF EDDY COUNTY
NEW MEXICO**

CITY OF ARTESIA,
Plaintiff,
Vs.

FRED H. BECKWITH,
Defendant.

Impleaded with the following named defendants, against whom substituted service is hereby sought to be obtained, to-wit: CLARENCE ULLERY if living but if dead his unknown heir, DAVID L. WEEMS, if living but if dead his unknown heirs, DAVID P. WEEMS, if living but if dead his unknown heirs, DARRET M. WEEMS, being the same person as D. M. Weems, JAMES M. PROPST, if living but if dead his unknown heirs, GEORGE W. DENT, if living but if dead his unknown heirs, JAMES E. DENT, if living but if dead his unknown heirs, LEE VANDAGRIF, EQUITABLE BUILDING & LOAN ASSOCIATION OF ROSWELL, NEW MEXICO, and F. G. KEYES.
Defendants.
No. 5143.

NOTICE OF PENDENCY OF SUIT

STATE OF NEW MEXICO:
TO: Fred H. Beckwith, Clarence Ullery, if living but if dead his unknown heirs, David L. Weems, if living but if dead his unknown heirs, David P. Weems, if living but if dead his unknown heirs, Darret M. Weems, being the same person as D. M. Weems, James M. Propst if living but if dead his unknown heirs, George W. Dent, if living but if dead his unknown heirs, James E. Dent, if living but if dead his unknown heirs, Lee Vandagriff, Equitable Building & Loan Association of Roswell, New Mexico, and F. G. Keyes, Defendants in the above entitled cause,
GREETING:

You and each of you, the defendants above named, are hereby notified that the above named plaintiff, City of Artesia, has filed its complaint against the above named defendants, said action being No. 5143 on the Civil Docket of said court, the general object and purpose of which complaint is to obtain judgments and decrees of said court foreclosing certain liens for paving, created against the various tracts of real estate described in said complaint, said liens being created by Ordinance No. 182 of the said City of Artesia, and in which said complaint, among other things, judgments and decrees are prayed for, against the following named defendants, and the following described real estate as alleged and claimed in said complaint, to-wit:

The defendant, Fred H. Beckwith, who is the owner of Lot Eleven in Block Ten, Clayton Stegman Addition to the Town of Artesia, (now the City of Artesia), New Mexico, upon which there is a paving lien of \$229.50, with interest on said sum

at the rate of 7% per annum, and penalties at the rate of 1% per month from the 27th day of June, 1930, until paid, and for attorney fees, to be fixed by the court and all its costs of suit as alleged and claimed in said complaint; the defendant Clarence Ullery, who is the owner of Lot Fifteen in Block Ten, Clayton & Stegman Addition to the Town of Artesia, (now the City of Artesia), New Mexico, upon which there is a paving lien of \$547.32, with interest on said sum at the rate of 7% per annum, and penalties at the rate of 1% per month from the 27th day of June, 1930, until paid, and for attorney fees, to be fixed by the court, and all its costs of suit as alleged and claimed in said complaint; the defendants, David L. Weems, David P. Weems and James M. Propst, if claiming any interest, and Darret M. Weems, being the same person as D. M. Weems, alleged to be the owner of Lot Nineteen in Block Ten, Clayton & Stegman Addition to the Town of Artesia, (now the City of Artesia), New Mexico, upon which there is a paving lien of \$166.53, with interest on said sum at the rate of 7% per annum, and penalties at the rate of 1% per month from the 27th day of June, 1930, until paid, and for attorney fees, to be fixed by the court, and all its costs of suit as alleged and claimed in said complaint; the defendants, George W. Dent and James E. Dent, the owners and F. G. Keyes, claiming an interest, in Lots Sixteen and Eighteen in Block Seven, Clayton & Stegman Addition to the Town of Artesia, (now City of Artesia), New Mexico, upon which there is a paving lien of \$199.47, with interest on said sum at the rate of 7% per annum, and penalties at the rate of 1% per month from the 27th day of June, 1930, until paid, and for attorney fees, to be fixed by the court, and all its costs of suit as alleged and claimed in said complaint.

YOU ARE FURTHER NOTIFIED that unless you enter your appearance in the above entitled action on or before the 27th day of April, 1931, in said court where said action is pending, judgment and decree will be taken against you and each of you by default, and plaintiff will apply to said court for the relief demanded in said complaint.

J. H. Jackson is plaintiff's attorney and his postoffice and business address is Artesia, New Mexico.

Dated this 23rd day of February, 1931.

LOU M. BLAIR, Individually and as executrix of the estate of JOHN R. BLAIR, deceased; TREVA G. BLAIR; LUA E. KLOSS; DANIE C. KLOSS; A. W. NORCOP and ---- NORCOP, his wife; and N. D. MEYER and ---- MEYER his wife,
Defendants.
No. 5151.

NOTICE OF PENDENCY OF SUIT

STATE OF NEW MEXICO:
TO Lou M. Blair, Treva G. Blair, Lua Kloss, Danie C. Kloss, A. W. Norcop and ---- Norcop, his wife; whose given name is unknown to the plaintiff, N. D. Meyer and ---- Meyer, his wife, whose given name is unknown to the plaintiff, defendants in the above entitled cause,
GREETING:

You and each of you, the defendants above named, are hereby notified that the above named plaintiff, City of Artesia, has filed its complaint against the above named defendants, said action being No. 5151 on the Civil Docket of said court, the general object and purpose of which complaint is to obtain judgment and decree of said court foreclosing a certain lien for paving created against Lot Eight in Block Five of the Original Town of Artesia, New Mexico, by Ordinance No. 185 of the said City of Artesia, and in which said complaint, among other things, judgment and decree are prayed for against the following named defendants; Lou M. Blair, Treva G. Blair, Lua E. Kloss, Danie C. Kloss, A. W. Norcop and ---- Norcop, his wife, and N. D. Meyer and ---- Meyer, his wife. Plaintiff seeks judgment against Lou M. Blair, Treva G. Blair, and Lua E. Kloss, who are alleged to be the owners of Lot Eight in Block Five of the Original Town of Artesia, New Mexico, upon which there is a paving lien of \$725.71, with interest on said sum at the rate of seven per cent per annum and penalties at the rate of one percent per month

**A LARGE CROWD VIEWS
CENTENNIAL PROGRAM
OF THE MYERS CO. MON.**

The excellent attendance at the McCormick reaper centennial celebration recently held by The Myers Co., McCormick Deering dealer, may be taken as an indication of the interest in the development of power farming equipment held by farmers in this community.

The Myers Co., is to be congratulated for arranging a program of this kind. The full-size working model of McCormick's original 1831 reaper was interesting, both from an educational and historical point of view. The world may well honor the man whose inventive genius produced a machine to important to the advancement of agriculture.

The motion picture: "Romance of the Reaper," shown for the first time in this community, was of special interest. The pictured story of the building and development of the reaper placed a new importance on the value of this machine as the starting point for the long line of power farming equipment which has followed in its wake.

With farmers more interested than ever in lower crop production costs, the subject of power farming equipment is deserving of much consideration. Just as the reaper cut as much grain in a day as 4 or 5 men with cradles or 12 to 16 men with reaping hoops 100 years ago, so tractors and tractor equipment are today enabling one man to double and triple his daily capacity for work. He has additional time available for planning and carrying out diversified farm operations, building up the soil, improving the quality of live stock, and many other activities that result in better and more productive farming.

The first reaper attracted unusual interest as well as the picture show. More than 100 people were turned away from the show. International Harvester Co., representatives present at the centennial celebration included P. H. Baker, Sweetwater, Texas, assistant branch manager of the Sweetwater branch; R. N. Poesinger, El Paso, blockman; C. E. Keithley, Carlsbad, general traveler; Avis Taylor, Carlsbad, motor truck salesman; Gus Sollberger, Sweetwater, Texas, cream separator and milker department; George M. Green, Sweetwater, mechanical department.

from the 8th day of August 1930, until paid, and for attorney fee to be fixed by the court and all its cost of suit as alleged and claimed in said complaint. Plaintiff further seeks judgment against all and each of said defendants for the foreclosure of plaintiff's lien against said real estate.

You are further notified that unless you enter your appearance in the above entitled action on or before Monday, May 4th, 1931, at said court where said action is pending, judgment and decree will be taken against you and each of you by default, and plaintiff will apply to said court for the relief demanded in said complaint.

You are further notified that J. H. Jackson, is plaintiff's attorney and that his post-office and business address is Artesia, New Mexico.

Dated this the 6th day of March, 1931.

(SEAL)
RUTH S. NYE,
County Clerk.

**CAROLINA WOMAN
Lost 47 Lbs.**

In 3 Months and
Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., January 1930. "P. S. you may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at McAdoo Drug Co., Mann Drug Store, Palace Drug Store and druggists the world over. Take one half teaspoon in a glass of hot water every morning before breakfast.

Attention to diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—The Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back.

**NEW MEXICO DAIRYMEN
SHOULD IMPROVE HERDS**

The outlook for dairying is for increased production and low prices during most of 1931 says E. E. Anderson of the New Mexico Agricultural College. This prediction is based on the fact that there are more dairy cows on the farm at the present time than a year ago; that the number of yearling heifers shows a decided increase over the average for the past six years; that comparatively little culling has been done and there are more of the beef type of cows being milked than commonly, and last but not least, the ample supply of cheap feed.

While high prices are not to be expected right away, New Mexico dairymen should build up the quality of their herds thru the use of better sires, and culling out of low producers, so that when prices do advance, they can benefit by the increase. Lower feed costs, lower prices of land and less housing charges give New Mexico an advantage in producing dairy products cheaply. Even at the present low prices of butterfat, our high producing cows are affording better markets for feed crops than any other system of marketing.

During the past year production per cow and also the total production was less than in 1929. This was due chiefly to drouth in certain areas and to poor pastures in general. However, production per cow and also total production during the first month of this year increased until it was quite a bit higher than a year ago.

The storage situation also will probably affect prices for the next few months. Last year operators who stored butter did so at a loss, even at the low price at which it was bought. It is quite probable that this year they will be reluctant to store, which will tend to keep the price down for the immediate future but will make for higher prices later on when this stored butter moves out. Even the less butter was produced last year and retail prices averaged about 15 percent lower, there was a decrease in consumption over the year previous. This would indicate that the present surplus is due to industrial conditions which have lessened the buying power rather than to overproduction during the past year.

**HOBBS MAN SHOT IN
THIGH; WILL RECOVER**

J. W. Campbell was shot in the thigh Monday in the lobby of the post office at Hobbs, with a Colt .45. Steve Welch is at liberty on a thousand dollar bond in connection with the shooting.

Both men are post office employees. Welch is a clerk in the office while Campbell carries mail to the train. Both are married. Welch was recently transferred to the Hobbs office from Wink, Texas. Campbell will live.

SUICIDE? MURDER? MIRACLE?

PARALYZED from that horrible accident! Never to walk again—I still burned with love for Olga—my sweet, young wife. And yet I was unable to appease that glow of hope in her eyes—hope that blazed with desire—the day she met Del Raigoon—unscrupulous matinee idol.

Helpless, I watched him play on her loving, innocent nature—biding his time till Olga no longer could resist him. How I suffered—prayed for her—ragged with jealousy—and dropped to the dregs of despair.

That night—my revolver. "Good-bye, angel-heart," I whispered and—THEN! Out on the lawn—I saw Raigoon take her—my wife—in his arms. "I can't let her live in that disgrace," I cried. Slowly I raised my revolver—carefully I took aim—and . . .

What did John do? In that awful climax, did he kill Olga to save her from disgrace with Raigoon? Or did he murder that cad—an act which would blacken his fame of his wife—of society?

What almighty miracle come to solve this puzzle? helpless human destined read for yourself secure WIFE—the true, heart of a man who went through hell in an instant and what he finally found brink of oblivion.

**Chrysler Imperial Eight
now holds all A.A.A.
Contest Board Stock Car
Speed Records in its Class
for one to five miles**

At Daytona Beach, Florida—February 23, 24, 25—a Chrysler Imperial Eight captured all twelve stock car speed records in its class that are recognized by the A.A.A. Contest Board for one to five miles. Closed car and open car records—new records for one to five miles from a standing start—new records for one to five miles from a flying start—under strict supervision and electrically timed by A. A. A. Contest Board officials.

The cars were selected, checked and certified by A.A.A. representatives as being stock models in every detail—and the runs were made fully equipped, even to spare tires, with nothing removed, nothing added, nothing changed whatsoever.

Twelve official records. Let us mail you a folder giving full details of these records, or tell you the story in our showroom. Drive a Chrysler and learn the difference between Chrysler performance and the performance of all other motor cars.

CAPITOL SNAPS

By Fred Holmes,
Washington Correspondent

WASHINGTON, D. C. — With a howl and a snarl of the capitol, the relaxation of music at the seventy-first congressional session and eased its history last week. The sending of a one-man house in the arms of the college, with college and good fellowship, partisan lines and a song, "The End of a Road," was the first of a series of closing festivities which marked the adjournment of the session. The lower chamber on the appearance of a Speaker who descended from his rostrum to the piano, and pounded out on the piano, "Back to Ole Virginny," while practically all the members gathered and gave voice to some rare melody.

The closing scenes in the Senate were the manufacture of some political significance in the crowded galleries. A dramatic show, subdued and sad, had been cheated. At 9:00 o'clock, exactly a number of minutes before the gavel of Senator Elmer, who had obtained the right to be called for about two minutes until Vice-President announced adjournment.

OIL CONFERENCE

WASHINGTON, D. C.—Special Wilbur Saturday appointed a special committee to survey the supply and demand for petroleum for the whole oil industry for six months beginning April and ending September 30.

Wilbur, chairman of the oil conservation board, said the committee was named at the request of the American Petroleum Institute.

Reports of the survey are expected to serve as a guide to the oil industry in paving the way for more orderly production.

Reports along similar lines were submitted in 1930 by a former committee appointed by Wilbur.

E. B. Swanson, Bureau of Mines will be chairman and members include:

John W. Frey, Bureau of Foreign and Domestic Commerce; Martin Van Couvering, Los Angeles; Alfred G. White, of the National Industrial Conference Board; New York City and Howard Bennette, Western Petroleum Refiners' Association, Tulsa.

Sometimes you think that a young fellow is throwing away his money when he isn't. It is his papa's money."

You would not think of employing unskilled labor to do the work of a high class salesman—it's just as serious a matter to use only good printing. Try the Advocate, phone 7

that it had completed its work. However, the house followed precedent and named the committee.

Congress having succeeded in passing all of the appropriations bills, no extra session will be necessary, and the expectation of leaders is that President Hoover will call none. Congress is not expected to convene in Washington again for nine months, or until the first Monday in December. Nor is expected a special session of the senate to consider executive matters.

The death of Louis XIV of France was announced by the captain of his bodyguard from a window of the state apartment. Raising his truncheon above his head, the guard broke it in the center, and throwing the pieces among the crowd exclaimed in a loud voice, "Le Roi est mort!" Then seizing another staff, he flourished it in the air as he shouted, "Vive le Roi!"

And echoes a wearied but still hopeful U. S. citizenry: "The king is dead! Long live the king!"

INSIDE INFORMATION

Sirups left over from cooking fruits and from canned fruits may be used to sweeten punches and other fruit drinks.

Try a mock duck when you want a palatable, inexpensive, baked meat. It's eally a flank steak, stuffed with a bread crumb dressing, tied and baked. Be sure to roll lengthwise so that in carving, the meat is cut across the muscles.

The reason it is better for a child to learn to eat cereals and fruits without sugar is that many sweet foods spoil the appetite for other foods that are needed, and by adding sugar to everything a taste for sweet foods is needlessly developed. Any candy or sweet foods should be given sparingly at the end of a meal.

The oil in "dustless" cloths may be renewed by applying a few drops of kerosene or light lubricating oil on one corner, rolling the cloth, and letting it stand until the oil has spread evenly. Or add a little oil to the rinsing water after washing the duster. One tablespoon of kerosene or one half tablespoon of light lubricating oil to one quart of water gives good results.

French toast is a breakfast or luncheon dish, sure to be popular with the family. Beat 2 eggs and add from one-half to three-fourths cup of milk, and a little salt. Cut well-baked, oven-textured, rather dry bread into uniform slices one-fourth of an inch thick. Dip these into the egg mixture, until well penetrated, drain, and fry at once in butter or good-flavored fat in a heavy smooth skillet. Use moderate heat and let the toast become golden brown before turning. Serve at once with bacon or with sirup or some other sweet.

An old offender was found guilty of stealing a horse and received a stiff sentence on account of his previous record. The judge addressed him as follows:

"It is my intention to sentence you to eight years at least. Now, before sentence is formally pronounced I shall listen to anything you may have to say in your behalf."

After a minute or two the culprit spoke:

"I don't know ez I've got any thing to say only this, it strikes me that you folks 'round here are purty toler'ble dam' liberal with other people's time."

Visitor (looking over fraternity house): "Don't you know roller towels are against the law?"

Brother: "Yes, but that one was put up before the law was passed."

To grow better FLOWERS

Just 3 simple steps

FEEED your flowers! You will have more of them, they will be richer colored, larger and more beautiful, if you apply Vigoro.

The method, as shown here, is simple. Just three steps. Results will amaze you!

Vigoro is the complete,

scientific, balanced plant food. Clean, odorless. And so inexpensive!

Vigoro comes in 100, 50, and 25 lb. bags. Also in 5 lb. packages and in the new 12 oz. package. Use it for everything you grow.

Blending makes it better

IN the test kitchen of a great soup maker, the gifted master-chef creates the blend of ingredients to produce the perfect soup. In a scent-laden room in a corner of France an expert blender of perfume invokes his highest genius that our sense of smell may be gratified. In a work-room fragrant with the aroma of many types of coffee beans, a highly-proud specialist concentrates his energies that we may be provided with a coffee blend to please our palates. Whether it's soup or soap, tobacco or tea, music or mustard... blending is vital to the production of the best of each. Equally as vital, if not first in importance, is the knowledge and genius of the blender. He must know how.

The best gasoline, too, is blended. In the processes of a modern refinery three types of gasoline are produced. They are, Natural Gasoline, Straight-run Gasoline, and Cracked Gasoline. Each possesses certain desirable qualities necessary for perfect motor operation... but... no one of them possesses all these wanted characteristics.

So CONOCO Gasoline is a blend of the three. There is Natural Gasoline, to give quick starting. There is Straight-run Gasoline, to give power and long-mileage. There is Cracked Gasoline, with its desirable anti-knock quality. Just as carefully as the perfume blender at his delicate task, CONOCO refiners have developed their balanced blend of these three ingredients. Theirs is the gift of knowing how to merge the qualities of the three gasolines to create a balanced, triple-test fuel. One brand of coffee outsells all others because of the expertness of its blender. And so, with CONOCO's *Blended-Blend* Gasoline, the skill of the blender accounts for the popularity of the product. Stop today at the sign of the CONOCO Red Triangle and have your gas tank filled with this better motor fuel.

DAUGHERTY DWELLING DESTROYED BY FIRE TUESDAY AFTERNOON

The five-room, one-story frame residence of W. F. Daugherty, across the tracks was practically demolished by fire at 12:30 Tuesday. Origin of the fire was believed to have been due to a defective flue. Starting at the kitchen roof the flames spread rapidly over the building. The fire was discovered by a neighbor simultaneously with members of the family. A hurry call was sent to the fire department, but delay was experienced in making a hose connection. As a consequence the fire had made too much headway to be checked without serious damages.

Mr. Daugherty, a civil war veteran, lay seriously ill in a south room and an effort to check the flames before his removal to a safety zone was made. Later he was removed and apparently stood the move without any serious effects.

The loss on the dwelling was partly covered by insurance. Most of the household furniture was removed from the building.

LAST RITES ARE SAID FOR C. A. WILSON HERE ON SATURDAY P. M.

Last rites for C. A. Wilson, oil field worker, who died at Carlsbad March 3, were held at the First Baptist church here Saturday afternoon, Rev. James F. Dew, pastor officiating. Burial was made in the Woodbine cemetery. A brother, Joe H. Wilson and family from Oklahoma were present at the funeral. Members of the immediate family surviving Mr. Wilson are a widow and two sons, Charles and Claude.

Announcement Cards, blank or printed—The Advocate.

BENEFIT BRIDGE PARTY

The first bridge party for the benefit of the welfare committee is in progress at the home of Mrs. S. E. Ferree this afternoon. Five tables of ladies are present and the proceeds from the party will be donated to the welfare committee for use in providing for needy persons in the community. Light refreshments will be served by the hostess, assisted by Mrs. W. E. Flint. Those participating are Mesdames R. D. Compton, Wm. Compton, Sid Cox, E. H. Perry, Keith McCrary, Earl Darst, Neville Muncy, Chester Dexter, C. Bert Smith, L. N. Kremer, C. R. Blocker, John Lanning, Mabel Welton, John Dunn, Dick Attebery, Roy Hurd, Jim Berry, Aubrey Watson, J. S. Ward and Miss Louise Hamilton.

W. B. NAYLOR FOUND DEAD AT HIS HOME ON TUESDAY MORNING

W. B. Naylor, age about 70, resident of Artesia for a number of years, was found dead at his home near the water tower, Tuesday morning. The body of Mr. Naylor was found about 7:30 Tuesday morning by W. H. Gentry. Mr. Gentry had visited Mr. Naylor on the previous evening and had found him apparently as well as usual. Death was believed to have been due to old age and a weakened physical condition caused by ill health.

The deceased is survived by one brother, J. H. Naylor of Artesia and a sister, who lives in California. Funeral services were held in the Nazarene church Tuesday afternoon, Rev. W. A. Henry, pastor, officiating. Burial was made in the Woodbine cemetery.

LAKWOOD ITEMS (Mrs. M. C. Lee, Reporter)

Mrs. J. D. Millman and daughter, Edna spent Sunday in Lakewood.

Mr. and Mrs. Tom Price visited Mrs. Forrest Lee and baby Tuesday.

Taylor Ross and family attended services at the Christian church in Artesia Sunday.

Archie McDonald was called to substitute as section foreman at Elida for a month.

Ben Huddleson had the misfortune of having all his bedding and clothes destroyed in the fire at Forrest Lee's Tuesday.

Our boys were defeated in a basketball game at Artesia Friday. They were not used to an indoor court and lost out in the first quarter but tied in the last.

LEE HOUSE BURNS

Forrest Lee came very nearly losing his house in a fire Tuesday. Only the heroic work of Ben Huddleson who was working there and Lydia House, Victor Domingues and brother, who helped in extinguishing the blaze saved the whole house from going. The upper part of the building will have to be replaced.

JUNIOR WOMEN'S CLUB

The Junior Women's club held its monthly meeting at the Central school yesterday afternoon, with the president, Miss Catherine Clarke, presiding. A very interesting review of the book, "Laughing Boy," by Oliver LeFarge, was given by Mrs. Leslie Martin. "Laughing Boy," being a New Mexico story, is of especial interest in this part of the world. Considerable time was given to a discussion of plans for the reception, which will be the first thing on the district convention program. The Junior club has consented to be responsible for this entertainment and will put it over in good shape. Mrs. Johnson was a guest at the meeting.

MUCH INTEREST SHOWN IN ANNUAL MEETING OF ALFALFA ASSOCIATION

Tuesday was the red letter day for members of the Alfalfa Association when more than 100 farmers gathered in for the annual meeting. The meeting began with a business session at the Majestic theater at 10:00 a. m. At noon a banquet was served to 188 farmers and their ladies at the roof garden of the Artesia hotel, where the following program was rendered:

Song -- High School Girls' Quartette
 Violin Solo ----- Miss Doris Deter
 Address ----- Mrs. Bob Killihan
 Trombone Solo-----Wayne Hornbaker
 Song -- High School Girls' Quartette

At 2:00 p. m. the business session was resumed and the annual election of directors occurred. J. H. Hollomon and Tom Terry, whose terms expired were re-elected and all other board members were carried over. Some minor changes were made in the by-laws, which among other things included a change in the tenure of term in the board of directors.

A. C. Martin of Tulsa, Texas, with the Midcontinent Oil Corporation, was the principal speaker for the afternoon and made an interesting talk on "Co-operation." Another item of interest to the members was the distribution of \$7,000 in dividend checks. An additional \$8,000 was placed in reserve, \$4,000 of which will be used to purchase equipment for the distribution of petroleum products. The Association has recently erected an oil warehouse and unloaded three cars of oil tanks to be used in the storing of oil.

LOCALS

Mrs. Glenn Sharp is on the sick list.

Calvin Sanders, of Clovis, was a week-end guest at the C. M. Cole home.

R. W. Dunn accompanied J. H. Haynes of Roswell on a business trip to Pinon Monday.

Mr. and Mrs. G. G. Taylor of Amarillo, Texas, were here a couple days last week, guests of Mr. and Mrs. R. W. Dunn.

Mr. and Mrs. A. W. Jones and little daughter, Doris, were here from Sunday until Tuesday this week visiting their parents, Mr. and Mrs. J. H. Jones. They have been spending the past two months in Ohio and were going to Belen, where they will reside.

Mrs. J. B. Atkeson arrived home yesterday from San Antonio, Texas where she had been with her son, Lloyd, during his illness following an appendicitis operation. Lloyd had recovered sufficiently to be removed to his home in San Antonio and seemed to be progressing satisfactorily.

Sidney Woods, engineer with the Consumers Natural Gas Co., returned Sunday from the Big Ben country of Texas, where he had spent several weeks overseeing the construction of the Big Bend Pipe Line Co. The Big Bend Pipe Line Co., will serve the towns of Ft. Stockton, Marfa and Alpine, Texas with natural gas from the oil field near Fort Stockton.

Miss Margaret Jarvis, commercial teacher at the Artesia high school who was called to the bedside of her father at Guthrie, Oklahoma some ten days ago, arrived in Artesia Monday to assume her duties at the school, coming by plane from Oklahoma City to Amarillo, Texas. Her father died shortly after her arrival at Guthrie, but her mother, who was also very ill, is slowly improving.

Marble Lends Touch of Added Beauty in Home

Some owners and prospective home builders who admire individuality and a touch of luxury in their residences, without incurring undue expenses, have discovered that marble affords unlimited possibilities as a cultural medium of expression of interiors. It has the happy faculty of harmonizing easily with other interior and exterior materials and its employment in this kind of house planning is proving effective not only because of its characteristic beauty, but because of its inherent cleanliness and permanence.

EARL BIGLER INJURED WHEN THROWN THRU HIS CAR DOOR WINDOW

Earl Bigler received a painful scalp wound Saturday morning in an auto collision near the intersection of Main at Fifth street. Mr. Bigler who was driving north along the highway had just entered Main street when a car traveling at a fast rate of speed driven by Bob Blair crashed into the rear end of the Bigler car, throwing Mr. Bigler partly thru the door of his car. In some way the door came open and Mr. Bigler fell on the running board of his car. It was the crash thru the car door that almost proved fatal for Mr. Bigler, who bled profusely from several deep cuts about the head. J. C. Floore and E. B. Bullock, who chanced to be standing on the Bullock corner, saw the accident and rushed over to rescue the injured man, whom they thought dead at the time.

The car driven by Mr. Blair was traveling east. A frosted windshield and the fact that the sun shone in the driver's eyes was given as the cause of the accident. The left wheel of the Bigler car was demolished and the fender mashed.

ROSWELL CAGERS WIN THURSDAY EVENING'S GAME BY TWO POINTS

The Artesia Town Team lost a hard fought game to the Joyce-Pruit cagers of Roswell, Thursday evening by two points at the Central gym. Dalton was high point man for the locals while Brookshire led the scoring for the visitors.

The summary:

ARTESIA (37)	FG	FT	P
Dalton, f.	5	1	0

FIVE ROAD PROJECTS UP FOR LETTING TODAY

Five road projects of district No. 2 of the New Mexico State Highway Department will be up for letting today. Three are in this general area while two are in Curry and Roosevelt. The projects follow:

F. A. P. 764-A, Roswell west from city limits six miles, connecting with Eight-Mile project completed several years ago. Right-of-ways are being secured now on this project and everything will be ready shortly for the letting of the contract.

Hondo junction west on U. S. Highway 366 for 9.2 miles to be known as Project 120. This road is to start at Hondo and to proceed west 9.2 miles where it will connect with the forest service road completed last year.

Carlsbad Cavern highway No. 83-A and 83-B, a total of 18.6 miles.

Project No. 142-E from Melrose to Roosevelt county line, a distance of 7 miles and project No. 142-D, from the Roosevelt county line, a distance of 12.3 miles.

Because of excessive moisture south of Lakewood on the oiling project slow progress is being made, state highway officials said here recently. This oiling will complete the last gap of high-type highway between Roswell and Carlsbad.

Approximately a half of the 14 miles between Lakewood and the macadam this side of Carlsbad has been completed and gravel and oil is on the remaining half awaiting dry weather for completion, it was said.

SEN. MOON TO SPEAK AT DEMOCRATIC MEET IN ALBUQUERQUE MON.

State Senator Z. B. Moon will be one of the principal speakers at a democratic meeting and banquet to be held in Albuquerque at the Franciscan hotel Monday at 6:00 p. m. The meeting is sponsored by the Young Peoples Democratic club of Bernalillo county. James F. Hinkle land commissioner and A. T. Hannett, ex-governor are also scheduled to appear on the program. It was said that Senator Moon's speech would be broadcasted.

Why Brick Should Be Painted

One often hears discussion as to the reasons—or excuses—for painting a house of common brick. While it is certainly true that bricks are not improved in quality or durability by the application of paint, there are certain reasons for the home owner's occasional decision to paint his brick house.

For instance, he may wish some special color effect to complete an architectural picture, or to afford contrast. Here painting serves a definite purpose.

Why Ice Floats

Unlike most substances, water is lighter in the solid than in the liquid state. The average specific gravity of water is 1.00; of sea water, 1.03, and of ice, 0.918, so it floats on water with about nine-tenths of its volume submerged. Physicists have produced special forms of ice which are heavier than liquid water.

Why Steam Is Visible

Steam is the invisible gas into which water is converted when heated to the boiling point. The white cloud of vapor which rises from boiling water, commonly called steam, is a vapor composed of small particles of water suspended in air and formed by the condensation of the true steam gas coming in contact with the cool air.
