While working in the ice plant last Saturday afternoon Charley Kuykendall had the misfortune to have his right foot caught in the ice saw, severing it completely at the instep. The foot was dressed and the patient is resting easily. He is still at the Annex, where he was taken following the accident.

## THE VALLEY COTTON GROWERS MAY GET A FUMIGATION REFUND

Pecos valley cotton farmers may be reimbursed approximately the sum of \$360,000 if a campaign to obtain a refund of more than \$3,500,000 from the United States government for cotton producers in the southwest area started by the El Paso Chamber of Commerce is successful, it was announced Tuesday.

This sum would reimburse cotton growers in the quarantined areas for expenses incurred in fumigating lint cotton against the pink boll worm.

## SIXTEEN STUDENTS OF GRADUATING CLASS BEGAN SCHOOL HERE

### Commencement Exercises Held Last Friday Night—Most Of The Graduates Will Attend College Next Year.

The following sixteen students out of a class of 26 have attended the Artesia schools since the first grade:

Mark Caraway, Britton Coll, Laurence Clarke (neither absent or tardy during four years of high school), Mable Champion, Donald Cowan, Wallace Gates, Ruth Graham, Wayne Hornbaker, Mary Jackson, Herman Jones, Vessie Mathis, Thelma McCaw, T. J. Pollard, Ike Vogel, Ila Walker, and Richard Wheatley.

The following students have signified their intentions of attending the following universities and schools:

Donald Burch, Colorado University; Mark Caraway, Simmons University; Mable Champion, The Amarillo Junior College; Laurence Clarke, Oklahoma University or Loyola; Donald Cowan, Oklahoma University; Sue Flint, Texas University; Wallace Gates, Texas Tech; Troyce Heard, N. M. Teachers, Silver City; Wayne Hornbaker, Texas Tech.; Delbert Jones, Texas Tech.; Vessie Mathis, Hill Business College, Oklahoma City; T. J. Pollard, Arkansas University; Ike Vogel, Draughon's Business School; Ila Walker, N. M. School of Mines; Richard Wheatley, Texas Tech.

The following graduates have signified their intention of attending college but are undecided on the location:

Lawrence Goodell, Ruth Graham, Mary Lynn Haley, Mary Jackson, Herman Jones.

### COMMENCEMENT EXERCISES

The program printed in last week's paper was carried out practically as published. The stage was beautifully decorated for the occasion with roses and other spring flowers, which are especially fine at present, and with the music by the orchestra Glee club and clarinet solo of Thelma McCaw, made an attractive setting for the final exercises of the class of '31. The innovation in the program was a complete success and the speeches made by the seven seniors, including the salutatory and valedictory, together with the talk of Supt. Kerr, made a very satisfactory program. The diplomas were presented by Mr. T. C. Bird, principal of the high school, to the twenty-six members of the class. The program was given to a very large and appreciative audience.

The personnel of the graduating class follows: Wyoma Phillips, Mary Jackson, Sue Flint, Mary Lynn Haley, Vessie Mathis, Mabel Champion, Ruth Graham, Alma Pearson, Thelma McCaw, Laurence Clarke, Ila Walker, Britton Coll, Lawrence Goodell, Wallace Gates, Richard Wheatley, T. J. Pollard, Donald Cowan, Donald Burch, Wayne Hornbaker, Mark Caraway, Ike Vogel, Delbert Jones, Herman Dick Jones, Troyce Heard, Woodrow Wilson and Allen Perry.

### A SAD ACCIDENT

While working in the ice plant last Saturday afternoon Charley Kuykendall had the misfortune to have his right foot caught in the ice saw, severing it completely at the instep. The foot was dressed and the patient is resting easily. He is still at the Annex, where he was taken following the accident.

### MEMBERS OF N. M. HIWAY COMMISSION VISIT ARTESIA TUES.

The state highway commission and State Highway Engineer W. R. Eccles with District Engineer Macey met with the local Chamber of Commerce, Tuesday afternoon. Roads of this section were discussed, but no definite plans were made. Mr. Brainard, of the Chamber of Commerce and Dr. Linebaugh, of Roswell, who is one of the directors of the Methodist encampment laid road plans before the commission, who expressed their interest in the future of this section of the state. The commission went from here to Roswell, where they will meet with the chamber of commerce for further discussion of roads of this section. The first of next week, Mr. Macey will accompany Mr. Brainard over highway 83 to Mayhill, for the purpose of viewing the condition of this road.

### THE MANN DRUG CO. TAKES THE NORGE REFRIGERATOR AGCY

The Mann Drug Company Tuesday received their first shipment of Norge electric refrigerators and now have them on display in their store. The Norge is made in three sizes and the prices range from \$175 to \$255. Each machine is equipped with a cold accelerator, defrosting switch, a chill tray and self-closing ice cube compartment door.

Mr. Brown says, "The Norge is guaranteed for a period of three years from date of purchase and that they will be prepared to give service on the mechanical parts service on the mechanical parts should any be needed." Andy Anderson, star salesman, is demonstrating one of the new refrigerators on some "less than one-half of one per cent" but says that it will work equally as well on any "per cent."

## Gold Star Mother To Leave Artesia Friday

Mrs. Nancy Eipper, only gold star mother resident in Artesia, will start tomorrow for her trip abroad as guest of the nation. She will travel by the Santa Fe route to Chicago and by the Washash from there to New York City, where the gold star mothers will meet and be entertained before sailing for France at 11:00 o'clock on Wednesday morning, May 27th. At the steamship, Roosevelt, on which the party sails she will be met by Miss Mabel Parks, of Charleroi, Pennsylvania, a former resident of Artesia, and fiancée of Jesse Eipper, deceased, who will visit the memorial cemetery with his mother. After landing in France the party will go direct to Paris, where they will rest and be entertained a few days. They will then be taken to England, and will visit Brookwood, the American cemetery near London, in which the memorial tablet of Jessie Eipper, who was buried at sea, has been placed. After four days in Lon-

MRS. NANCY EIPPER

## COMMUNITY CHEST IS BROKE AND FUNDS ARE IN NEED FOR RELIEF

### Committee Is Financing Work From Private Funds In Order To Feed Hungry — Donations Must Be Made.

Funds of the community chest have been completely exhausted and there are several families in Artesia who are at the present time in want of food. Otis Brown chairman of the chest fund, and Fred Brainard, president and manager of the chamber of commerce wish to make an appeal to the citizens of Artesia and surrounding community for funds. Mail or hand them your check at once, in order that the hungry may be fed.

In connection with the donations to the chest fund it is stated that very few donations have been made by people who are on salaries, leaving the heavy end or practically all of the donating up to the employer and business man, who, like the salaried person, are not any too flush" at this time. One employer and heavy donor to the chest fund, stated that he had not made a cut in salaries, but could employ men at half the wages he was paying that would be glad to get the work, also that his employees had not contributed to the chest fund in any way.

To expediate the collection of much needed funds to feed the hungry and not impose a burden on a few who are willing to serve on a committee, we suggest that each employer or manager talk it over with his employees, make the collections and mail the check direct to the chest fund. We think that there are very few salaried people in town who have had steady work, who should not be willing to give a substantial part of one week's wages for the relief of those who have had no work and are unable to secure a job.

Think it over and give the welfare committee a lift.

### ARTESIANS AT THE BEAUMONT HOSPITAL

Three ex-service men at Beaumont hospital have been operated upon the past week or so. Billy Ross and Pearl Morris had major operations and Dick Vandagriff underwent a tonsil operation. All are reported to be doing well.

Mrs. L. P. Evans returned last Monday from the clinic at Temple, Texas, and is reported to be improving satisfactorily from the operation performed upon her there.

### POPPY SALE FACTS

What is the memorial poppy? The memorial poppy is a replica of the poppies which grew on the battle fields of France and Belgium during the World War.

Why was the poppy chosen as a memorial flower? The poppy was chosen as the memorial flower for the World War dead because it grew where they fell, the one touch of beauty in the desolate battle areas.

Who makes the memorial poppy? The memorial poppy is made by disabled veterans working in hospitals and workrooms under the direction of the American Legion Auxiliary.

Who sells the memorial poppy? Women of the American Legion Auxiliary and cooperating organizations working as unpaid volunteers.

What is done with the money paid for poppies? Every penny is used to support the work of the American Legion and Auxiliary for the welfare of the disabled veterans, their families and the families of the dead.

How can the purchaser be sure that he is buying a veteran-made American Legion and Auxiliary poppy? By the distinctive badge of poppy seller and by the American Legion and Auxiliary label on the poppy.

What does wearing a poppy mean? Honoring the dead and serving the living.

## ONE KILLED AND 26 INJURED IN SCHOOL BUS ACCIDENT MON.

### Steering Gear Said To Have Locked Causing Truck To Leave Road And Turn Over—Will Be Investigated.

Trapped in a school bus when it plunged off the highway and down an embankment one girl was killed instantly and 26 other school children mostly of grammar school age, were injured Monday morning near Grady, N. M. The children were en route to school.

The dead: Clevis Culpepper, 16. The most seriously injured: Hilda Hutchins, 15, cuts about face and head. Freddy Keihling, 18, injuries to spine and back. Ollie Green, 7, cuts about the face. Vivian Mulinax, 14, back injured.

Jewel Harrison, 9, broken arm and injuries to back and shoulders. None of these were expected to die as a result of their injuries.

The other twenty-two children in the bus were not seriously injured. E. C. Ashby, driver of the bus, suffered cuts about the face and hand and possible serious injury to one eye.

Ashby said he was traveling about thirty-five miles an hour in the center of the road when the front wheels became locked, throwing the bus into the loose dirt on the left side of the road. The bus turned over two or three times before it crashed into the embankment. The top was torn off the bus and hurled several feet from the wreck. The body of the Culpepper girl was found near the bus top.

Ashly after summoning aid, immediately began helping the children and had rescued two children from beneath the bus when physicians arrived. He refused to submit to medical treatment until emergency treatments had been given to the children. He was taken to a hospital at Clovis suffering from loss of blood.

## WE THANK YOU

The following have renewed their subscription to The Advocate the past week:

Mrs. M. Rehberg W. M. Boyce Mrs. J. Rodden Mrs. E. Hewitt W. A. Farris C. L. Evans T. B. Mansfield Frank Watkins P. V. Adv. Co. Mrs. W. Rambo Ira Creveling H. S. Wright Owen Campbell J. F. McMains Mrs. N. Stephien A. T. & S. F. C. J. Lidikay Allen Co. In. Co.

PLEASE DO NOT SEND MONEY IN AN ENVELOPE FOR SUBSCRIPTIONS—IT IS LIABLE TO BE LOST—SEND A MONEY ORDER OR CHECK.

## MEMBERS OF N. M. HIWAY COMMISSION VISIT ARTESIA TUES.

The state highway commission and State Highway Engineer W. R. Eccles with District Engineer Macey met with the local Chamber of Commerce, Tuesday afternoon. Roads of this section were discussed, but no definite plans were made. Mr. Brainard, of the Chamber of Commerce and Dr. Linebaugh, of Roswell, who is one of the directors of the Methodist encampment laid road plans before the commission, who expressed their interest in the future of this section of the state. The commission went from here to Roswell, where they will meet with the chamber of commerce for further discussion of roads of this section. The first of next week, Mr. Macey will accompany Mr. Brainard over highway 83 to Mayhill, for the purpose of viewing the condition of this road.

### FIRST CAR HAY SHIPPED

The first car of hay of this season's cutting was shipped from Artesia last Saturday. The hay was cut from the farm of Mrs. Edward Scoggins of Hope and brought \$11.00 per ton. Col. A. T. Woods has also sold a hundred tons from his farm at the edge of town and is loading some of it out this week.

## MOON AND MULLIS TALK ON ARTESIAN WELL PROGRAM TUES.

### Meeting Held At Lake Arthur—Several More Meetings Are To Be Held At Valley Points Soon.

Senator Moon of Artesia and Senator Mullis of Roswell, spoke at Lake Arthur, Tuesday to a good audience, principally on the "Artesian Well Program." A series of lectures will probably be delivered at other valley points, the dates to be announced later. Well informed speakers will appear on each program. A general outline of the Artesian well law as given by Senator Moon is as follows:

House Bill No. 38

Providing for a conservancy district to conserve the artesian water in Chaves and Eddy counties. All artesian water used for private, public, domestic, commercial or irrigation purposes are covered in the above bill. Section 3 of this bill provides that a petition shall be filed in the district court where in the greater portion of the lands to be embraced are situated. In order to initiate the petition it must be signed by more than one third of all the bonafide property owners within the district. However, such a petition may be filed by any person, firm or corporation, or by officers duly authorized, by any town, village, city or municipality owning land within the proposed district. Any city interested in some degree in improvements or purposes for which the district is to be formed may upon proper action of its governing body alone file the petition required by action 3, provided that more than one third of the land within the said district, with acreage or value as shown by the last preceding assessment rolls of the county or counties wherein such district is proposed to be created.

Organization

Section 8, provides that at the time of filing of the petition or the subsequent thereto, that a good and sufficient bond shall be first executed to take care of the expenses of the organization of district and immediately after the filing of such a petition the court shall fix a time and place for a hearing on the petition.

Section 11, provides that upon the hearing of the petition the court decides that the petition is competent he shall declare the district organized, the same shall be a political sub-division of the state of New Mexico, and a body corporate with all the powers of a public or municipal corporation, duly authorized to exercise the right of eminent domain and the taxation and assessment as herein provided within thirty days after the said district has been declared a corporation by the court, papers pertaining thereto shall be filed in the office of the state corporation commission and also with the county clerk or clerks in each county where the land is situated.

Section 13, provides that within ten days after entering the decree declaring the district organized the court shall appoint three land holders to act as commissioners, the said commissioners shall include all property in the district which has within four years received some benefit either directly or indirectly from the artesian water and all property lying within the district and having received some benefit from artesian waters of the district must bear their share of expenses, (Continued on last page, column 5)

## JUDGE NEBLETT SETS DATE OF CONSPIRACY CASE OF HOLLOWMAN

SANTA FE — Federal Judge Neblett Friday set July 13 as the date for the trial of Reed Hollowman, former judge, and six other defendants in the Gallup conspiracy case.

The jury list will be drawn on May 25 and jurors notified between June 20 and June 25. The list being drawn early before Judge Neblett leaves on summer vacation.

Judge Franklin Kennamer of the northern Oklahoma district will preside. Copies of the indictments were sent to Judge Kennamer Friday.

Defendants besides Judge Hollowman are Attorney H. C. Denny, Henry Glascock, who resigned as assistant district attorney at Gallup; Nick Pavletich, C. M. Rouse, republican chairman of McKinley county; Chauncey M. Depew and C. G. Mitchell. The last named has not been arrested as yet.

## NEW REFRIGERATOR TO BE HANDLED BY JOYCE-PRUIT COMPY

The Joyce-Fruit Hardware Department this week secured the agency for local distribution of the Servel Hermetic automatic electric refrigerator and will have a shipment of these mechanical refrigerators on display the latter part of the week.

In conversation with an Advocate reporter, Mr. Knoedler, manager of the hardware department said "The Servel is the latest thing in mechanical refrigeration, is hermetically sealed, has fewer moving parts than any other cooling unit made and uses low pressure throughout the system, making it inexpensive to operate, and carries a trouble-free guarantee. The Joyce-Fruit company will carry extra units in stock for emergency replacement should they be needed."

## ARTESIA WINS

The local ball club made the long trip to Ft. Stanton last Sunday and defeated the strong club of that place by the decisive score of 10-2. This was the first defeat for the government boys this season and the locals deserve great credit for turning the trick. Pilar was on the mound for the Artesia team and pitched one of the best games of the year, holding the Ft. Stanton squad to three hits and striking out many would-be hitters. Artesia errors figured largely in the two runs scored by the opposition.

## Faculty For Next Year Is Announced Far As Made

### Rest Of Vacancies To Be Announced Later—Report On Health Activities Given For Past Year.

Following is a list of the faculty employed by the Artesia schools for next year:

W. E. Kerr, superintendent. High School

T. C. Bird, principal; Miss Ruth Morgan, home economics; James L. Allen, coach and manual training; Miss Edna Drury, Spanish and Latin; Miss Myrtle Burrows, mathematics; George Wilkins, science and assistant coach; J. Clark Bruce, social science; Miss LaVon Brown, English and library; Charles Mills, superintendent of Rogers last year will assist with English and history. Before going to Rogers, Mr. Mills was principal at Dayton. A teacher for the commercial department has not been selected yet.

Junior High

Miss Linna McCaw, principal and arithmetic; Miss Alice Boyer, reading, Mrs. Leone O. French, English; Eugene Mansfield, boys physical education; Miss Lucile Rowley of Portales will teach history. A successor to Miss Annie Neal Wilkinson, resigned, has not been selected.

Central

Mrs. Laura B. Howard, principal and fifth; Miss Lucile Morriss, fifth; Miss Nina Couch, fourth; Miss Beulah Strang, fourth; Miss Mary Woods, third; Mrs. Nellie Hamann, third; Miss Elsie Palmar, second; Miss Jean McDonald, second; Miss Merrill Bradley, first; Miss Marian Gwin of Grenville, New Mexico will take (Continued on last page column 4)

## HAIL DAMAGES CROPS IN ROSWELL VICINITY LATE LAST SATURDAY

Hail did considerable damage to apples, alfalfa, winter small grains and garden crops southeast of Roswell Saturday. The hail swept thru an area starting at South Springs and traveling northwest crossing just south of the L. F. D. school and passing on across the Pecos river.

The hail stones measured as large as one and one-half inches in diameter. The ditches along the road were full of the stones Saturday night more than six hours after the storm had occurred.

Lowry Hagerman of the South Springs ranch said that 90 per cent of the winter small grains on his place were destroyed. Garden crops were beaten into the ground while the ground under the trees was covered with leaves and small branches torn from the trees by the hail.

Many farmers expressed the belief that all of the orchards in the area had been stripped of fruit. Alfalfa crops, ready for cutting, were beaten down. Some of the farmers believed that the first crop was not totally destroyed, however.

Such damage as was done to corn and cotton can be repaired by replanting. Farmers said that corn, while cut off at the ground, would continue to grow unharmed.

J. H. Godart said the hail at his place was unaccompanied by rain, something he had never witnessed before, he stated.

No hail fell in the Berrendo section and but very little in the East Grand Plains section, according to farmers.

Hail fell for a short time in Roswell but did little damage. It was accompanied by .15 of an inch of rain.

### CALIFORNIA ROAD OIL

The United States government, when recently accepting bids and awarding contracts, to supply the navy with petroleum products, wisely specified that such products should be produced within the United States.

Likewise the State of New Mexico should profit by the example of the United States government in this particular matter by specifying in its state contracts that road oil, used to build New Mexico highways, should be produced within the state of New Mexico.

In an interview with The Advocate, last week, William Dooley called attention to the fact that California is now supplying the road oil used in the construction of New Mexico highways, while our abundance of high grade road oil (said to be the best in the United States) is now shut in.

Mr. Dooley in calling attention to this unfair discrimination against New Mexico, pointed out that the shutting in of the New Mexico product deprived our public schools and other public institutions of their part of the royalty that would come from the Getty pool in Eddy county, and also decreased the assessable property within the state, because oil shut in and kept underground is not taxable.

New Mexico oil shut in and kept underground gives no employment to New Mexico labor and puts no new money in circulation within the state.

### SEE NEW MEXICO FIRST

It is a current saying that the outsider knows more about New York City than the person who lives there. How true this is of New Mexico! A New Mexico writer recently received from an editor a story which he had submitted, with the editorial notation: "The place you describe is in New Mexico, not in Arizona."

Sometime ago we heard of a man who had lived for twenty years in Carlsbad, and yet, who had never been thru the Caverns. In 1925 we were in Pecos, New Mexico, and we inquired the way to the famous "Pecos Ruins," a Spanish Mission, established in the sixteenth century. A native pointed south, and said, "Well, I ain't never been there, but I think it's about two miles."

Why go to the expense of a trip to California, Wyoming, Montana in search of mountains when the Sunshine State offers scenery and fishing unequalled anywhere in the nation? People from other states are recognizing the possibilities of New Mexico as a vacation land. The upper Pecos river resorts are already reserved to capacity, and other sections of the state report the same outside interest.

Mountains, meadows, plains, deserts, fertile valleys, unique villages and old world cities, picturesque ruins, archaeological wonders, petrified forests, virgin Indian communities, flashing streams, snow-capped mountains, crystal lakes, stately trees, fantastic caverns—in short, a land to delight the soul of an artist, and compel the admiration of an adventurer, lies at our doorstep. To every attraction, there is a first class highway. This summer, let's resolve to "See New Mexico First," and we shall not be disappointed.

### STARR ENDORSES NATIONAL COTTON WEEK

In endorsing National Cotton Week, June 1 to 7, E. L. Starr, director-treasurer of the Durene Association of America—the national association of the cotton mercerizing industry—said he believed no other "week" has ever had greater significance.

"National Cotton Week," he explained, "comes at a time when cotton is being more observed than ever before; when it is more important as a consumer and retail factor than at any period in the history of this country. I am delighted that the department of agriculture and the department of commerce are behind this week."

"National Cotton Week will interpret a sectionally established movement in terms of national benefit. The more the American public is given the opportunity consciously to appreciate these qualities to which cotton is heir, the more quickly will the versatility of this great American product be manifest.

"Greater interest in cotton on the part of the general public and greater interest on the part of cotton producers in their ultimate consumers in the Entente we need to-day. Inherent cotton values will do the rest."

### TOO MANY CHURCHES

Denominationalism in religion, according to Doctor Henry Sloane Coffin, president of Union Theological Seminary, is unnecessary and wasteful—it emphasizes outworn differences in faith and promotes anti-Christian competition between sects. For several years non-religious magazines, notably the Woman's Home Companion, have been urging a reduction of at least 75 per cent in the number of churches in American towns and cities. Doctor Coffin's endorsement of their proposal indicates that church leaders are beginning to see the futility and duplication of the existing emphasis on denominationalism.

### FLY-TIME

Now is the time to prepare homes against the infestations of disease-carrying flies. General cleanliness will eliminate a great deal of the trouble from this source. The farmer should look carefully after barns and stables, and the townsman should be careful with garbage receptacles, etc. Of course, every window and door of each home should be screened. Do not tolerate flies and run the risk of disease or death.

### THE JOY OF BEING EDITOR

Getting out this paper is no picnic. If we print jokes people say we are silly;

If we don't they say we are too serious. If we clip things from other papers

We are too lazy to write them ourselves; If we don't we are stuck on our own stuff.

If we stick close to the job all day We ought to be out hunting up news.

If we do get out and try to hustle, We ought to be on the job in the office.

If we don't print contributions, We don't appreciate true genius; And if we do print them, the paper is filled with junk.

If we make a change in the other fellow's write up, we are too critical;

If we don't we are asleep. Now like as not some guy will say, We swiped this from some other paper.

WE DID

### ADVERTISING STATISTICS

The following figures are supplied by the research department of the Advertising Federation of America. While they are estimates they are not far from fact.

The second national survey of the weekly newspaper industry of the United States, compiled by the N. E. A. research bureau, gave advertising receipts of \$9,327 as the average for the year 1929 for 392 newspapers which submitted annual statements. For the 10,406 weekly newspapers in the United States the total receipts from advertising would, on the basis of the \$9,327 average, be \$97,056,762.

National advertising in country newspapers runs somewhere between eight and ten million dollars.

The total sum expended for advertising during 1930 in various media is as follows:

National newspaper advertising	\$ 260,000,000
Local newspaper advertising	540,000,000
Magazine advertising	240,000,000
Business paper advertising	90,000,000
Farm paper advertising	10,000,000
Radio advertising	40,000,000
Outdoor advertising	70,000,000

### TRY SMILING

When the weather suits you not, Try smiling,  
When your coffee isn't hot, Try smiling,  
When your neighbors don't do right,  
When your relatives all fight,  
Sure it's hard, but then you might Try smiling,  
Doesn't change the things of course,  
Just Smiling,  
But it cannot make them worse— Just Smiling,  
And it seems to help your case, Brightens up a gloomy place,  
Then it sort of rests your face— Just Smiling,

—Selected.

### ROTTEN PROGRAMS ON AIR

Do you recall the old patent medicine fakir, with his negro entertainers? Remember how he used to say: "Now ladies and gentlemen, before introducing my entertainer, I want to tell you of my great cure-all!" And now he has come back to us with the radio. The radio, as a medium of entertainment is being killed and the air is being polluted with rotten advertising programs.—Tucumcari News.

### IN THE PROBATE COURT OF EDDY COUNTY, STATE OF NEW MEXICO

IN THE MATTER OF THE LAST WILL AND TESTAMENT OF MARTHA E. PRIVETT, Deceased. No. 622.

### NOTICE OF HEARING UPON FINAL ACCOUNT AND DEPORT

THE STATE OF NEW MEXICO, TO: F. M. Privett and to whom it may concern:

You are hereby notified that the executor, F. M. Privett, has filed his final account and report herein and the Probate Court of said County has fixed and appointed July 6, 1931, at the office of the Probate Court in the Court House in the city of Carlsbad, New Mexico, as the time and place for hearing objections, if any, to said final account and report, and for determining the heirship of said decedent, the ownership of her said estate, and the interest of each respective claimant thereto, or therein, and the persons entitled to the distribution thereof; the name of the attorney for said executor is George L. Reese, and his Post Office address is Roswell, New Mexico.

All persons having any objections to said final account and report, or to the proceedings to be had in said estate at said time should file such objections, or appear in said cause on or before said date fixed for such hearings. WITNESS my hand and seal of said court on this 2nd day of April, 1931.

(SEAL)  
RUTH S. NYE, Probate Clerk.  
By: M. E. WALLER, Deputy.

**THINGS THAT NEVER HAPPEN**  
By GENE BYRNES

**MARKETING FEEDS THROUGH LIVESTOCK**

Indications are that New Mexico grown feeds can be fed to cattle and sheep this coming fall and get in return at least the cost of producing them, says J. L. Lantow, of the New Mexico A. & M. College.

Livestock prices have dropped, so that stockmen would be taking less chance of feeding on a declining market. The feeder could well afford to study livestock market reports and get acquainted with the different classes and grades. Livestock for feeding should be bought on a weight basis, thereby eliminating the guesswork in buying at so much per head.

Very cheap gains may be made by grazing in the fall on early planted fall grains, such as barley, oats or rye. In the irrigated valleys silage and alfalfa hay should probably be the main part of the ration but some corn may be fed supplemented with cottonseed meal. In the dry-land sections silage should be the main roughage, with liberal amounts of corn or sorghum grain supplemented with cottonseed meal.

Ground corn or sorghum fodder with some molasses added makes a palatable fattening roughage when fed in combination with corn or kafir grains supplemented with cottonseed meal.

The animal husbandry department, State College, New Mexico will help anyone who is planning to feed sheep or cattle in making up practical feeding rations. In writing, give information in regard to class and weight of livestock to be fed and kinds and prices of feeds available.

**SELIGMAN CAVE SPEAKER**

CARLSBAD—Governor Arthur Seligman speaking to a large crowd of high school students in the Carlsbad Caverns Saturday during the observance of the annual governor's day program urged the youth of New Mexico to turn "zealously toward the future and claim wealth and happiness from the vast undeveloped resources of the state."

youth with its numerous opportunities was placed before the students as something to be cherished and admired.

Governor and Mrs. Seligman and former Governor and Mrs. R. C. Dillon drove from Santa Fe to Carlsbad for the event. It was Governor Seligman's first trip out into the state since his inauguration.

**SURE HE MEANT TO SEE THE PRESIDENT**

Supt. Thomas Boles of Carlsbad Cavern has many interesting and unusual inquiries and requests. The other day a visitor at the cavern asked for a group of slides of the Cavern, and it was explained that the National Park Service did not provide funds to furnish them.

"I'm a friend of President Hoover," the man explained, "but that didn't answer the situation. If you're a friend of President Hoover and he tells the National Park Service to furnish you slides, you'll have them, was Mr. Boles reply.

And now Supt. Boles has a letter from the man. He dropped in to chat with the president, and asked him to get slides of Carlsbad Cavern and Mr. Hoover told the National Park Service and the N. P. S. told Mr. Boles and the man gets the slides.—Current-Argus.

**LOCALS**

Rude Wilcox and family spent Sunday with relatives in Carlsbad.

Col. Woods and S. W. Hale returned Friday night from a business trip to El Paso.

Mrs. Jack Johns, of Lakewood spent the week-end here, guest of Mrs. Harve Muncy.

Mrs. Harry Woodman visited in Carlsbad last Thursday, guest of Mrs. Fred Dearborn.

Miss Opal Schroeder left today for her home in Iowa, going as far as Clarendon, Arkansas with Mrs. Frank Seale.

Miss Fern McCaw, who has been attending the National Business College at Abilene, Texas, came in Friday for a visit with home folks.

Mr. and Mrs. J. W. Culpepper were in town from Carlsbad Monday. Mr. Culpepper has secured the contract to put the roof on the new jail.

Miss Emma Caraway was here from Lovington to attend the eighth grade commencement, her sister, Lydia Caraway, being one of the graduates.

John Smith, living on the Dennis Lattion place east of Dayton, underwent an operation for appendicitis at St. Mary's hospital in Roswell Friday.

J. R. Smith moved Saturday to Hobbs, where he has been much of the time for the past few months. His son, Albert, has been employed there for some time.

Mr. and Mrs. Frank Cummins, of Carlsbad, accompanied by Mrs. Ramsey and Mr. and Mrs. Creekmore, of Oklahoma, were here Sunday visiting Mr. and Mrs. W. F. Lindsay.

Mr. and Mrs. Pete Jackson spent the week-end with his brothers, Jim and Marvin, on the ranch, near Mayhill. Mrs. Jackson and children, who were visiting relatives here, went home with them.

Mrs. John Lanning accompanied Mr. Lanning on his trip in the mountain district last week. They returned Saturday afternoon, after having visited Captain, Carrizozo, Alamogordo, Cloudercroft and other points.

Mr. and Mrs. Harry Manda and children, who have been spending the past ten days here with his parents, Mr. and Mrs. Frank Manda, will leave tomorrow for a visit with Mrs. Manda's mother in Clovis, before returning to their home at Gallup.

Miss Ruby Jenkins of the Oil Field passed through here Saturday on her way to her home at Portales. She will remain at home about two weeks then leave for Eugene, Oregon where she will enter the State University for the summer term.

Mr. and Mrs. Roger Durand and daughter, Abbie, and Mr. and Mrs. Ralph Pearson of the Cottonwood spent Sunday at the Alley ranch, twenty miles, west of Hope, where Mr. Durand, has a bunch of sheep. They took "eats" for a picnic dinner and had an enjoyable outing.

Mr. and Mrs. Charles Harlow, (Mrs. A. W. Henry) were in town Sunday for a short while calling upon a few of Mrs. Harlow's old friends. Mrs. Harlow, who had been visiting in Arkansas, was met in El Paso by Mr. Harlow, who accompanied her here. On the way they went thru the Caverns. They went on that evening to Portales for a short visit with relatives en route to their home in Long Beach, California. Mr. Harlow, who is an oil man made the original discovery on the famed Signal Hill.

# Social Activities

## BRIDGE PARTY

Mesdames Clarke, Ferree and Rowan entertained twelve tables of bridge at the Clarke home yesterday afternoon. The spacious living room and dining room were lavishly decorated in lovely spring flowers, roses and larkspur predominated and delicious refreshments were served in two courses. Miss Catherine Clarke assisting in serving. Those enjoying this gracious hospitality were Mesdames Wallace, Anderson, J. B. Atkeson, Jim Berry, C. R. Blocker, Fred Brainard, Myron Bruning, A. L. Bruton, E. N. Bigler, Sid Cox, M. A. Corbin, R. D. Compton, Wm. Compton, Chester Dexter, M. W. Evans, L. B. Feather, S. D. Gates, Arba Green, F. G. Hartell, Jeff Hightower, J. H. Jackson, George Johnson, Will Linell, John Lanning, Stephen Lanning, G. U. McCrary, Jim Nellis, E. H. Phillips, E. M. Phillips, A. F. Phillips of Carlsbad, P. J. Phillips, Ralph Shugart, C. Bert Smith, J. M. Story, Elza Swift, Aubrey Watson, Mabel Welton, Rex Wheatley, Harry Woodman, R. G. Clark, Roy Hurd, Albert Richards, Harry Wright of Long Beach, California, O. A. Johnson of Los Angeles, Langston, J. R. Atberry, L. N. Kremer, Will Wilson and Virgil Wells.

High score prize went to Mrs. O. A. Johnson, second prize to Mrs. Elza Swift and consolation to Mrs. P. J. Phillips.

## MISCELLANEOUS SHOWER

Mrs. Jim Vogel entertained a number of friends at a miscellaneous shower Monday evening, honoring her sister-in-law, Miss Estelle Vogel, whose marriage to Mr. James Allen was solemnized this week. A color scheme of blue and white was used in the appointments of the shower and roses were used in decoration. Two little nieces, Letha Jane Vogel and Aline Houghteling, in pretty blue dresses, drew a little express wagon, decorated in blue, and which was surmounted by a basket containing the shower. This was presented to the bride-to-be, who was seated in a chair trimmed in blue and white. After the recipient had opened the gifts, which included many pretty and useful articles, there were games and light refreshments served by the hostess. Those present at this delightful party for Miss Vogel were the Misses Jimmie and Beth King, Madge Hnuick, Jewel Cavin, Mary McCaw, Grace Sinclair, Hannah Briscoe, Minnie Dungan, Hattie Parham, Lois Parham, Kathleen Newman, Elizabeth Cogdell, Anna Vogel, Hannah Vogel and Jessie Lee Cunningham, and Mesdames Carl Cunningham, Hearne, George Lewis, Ernest McGonigle, Jim Cobble, Henry Terpening, Mayden, Emil Bach and Robert Vogel.

## DORCAS CLASS PICNIC

The Dorcas Class of the Baptist Sunday school had a picnic in lieu of its regular party last Friday afternoon. Mrs. Boone Barnett and Mrs. Cecil House, the two hostesses, took their guests to the Oasis for a picnic supper, which was greatly enjoyed by all. Breeding the supper the regular business meeting was held, the principal item being the election of officers, which resulted as follows: Mrs. Roy Muncy, president; Mrs. Howard Byrd, 1st vice-president; Mrs. Roy Langston, 2nd vice-president; Mrs. W. C. Martin, 3rd vice-president; Mrs. Dale Gleghorn, secretary; Mrs. Clewett, treasurer; Mrs. Boone Barnett, reporter; Mrs. Roy Muncy temporary teacher, Mrs. Harris and Mrs. Walter Martin, substitute teachers. There were twelve present at the meeting.

## PICNIC AT SITTING BULL FALLS SUNDAY

A party of Artesians took their diners and drove up to Sitting Bull Falls in the Guadalupe last Sunday for an outing. Sitting Bull Falls is one of the greatest scenic attractions in eastern New Mexico, but little known to most of our local people on account of its inaccessibility. This has, however, been remedied somewhat of late, and the road up the canon may be negotiated by a car without great difficulty leaving only a mile to be traversed on foot. The party spending the day there Sunday included, Mr. and Mrs. C. Bert Smith, Mr. and Mrs. A. L. Bruton, Mr. and Mrs. Albert Richards, Mr. and Mrs. C. R. Blocker and Mrs. Elizabeth Cooper.

## BRIDGE O' THE MONTH CLUB

The Bridge O' The Month club met with Mrs. Fred Cole last Thursday afternoon for its regular round of cards. Substituting were Mrs. Waltrip of Houston, Texas and Mrs. T. C. Bird. Two new members were elected to fill the vacancies caused by the resignations of Mrs. Tex Henson and Miss Virginia Egbert. They were Mrs. Wendell Welsh and Mrs. D. A. Miller. Lovely spring flowers were used in decorating and a delicious salad course was served.

## ENGRAVING—THE ADVOCATE

### MRS. EIPPER HONOR GUEST

Mrs. Eipper who leaves tomorrow for her trip to Paris, France was the honor guest at a party given by the Susannah Wesley class and the Methodist Missionary Society at the home of Mrs. L. L. Wykes on west Washington avenue, last Thursday afternoon.

After the business session of the Wesley class, on whose meeting days the party was, the afternoon was devoted to the party and shower for the honor guest. The shower was miscellaneous and was made up of things useful for her trip, including a handsome wrist watch band. An amusing Bible game varied the program of visiting and delicious refreshments were served by Mrs. Wykes, assisted by Mrs. E. T. Childs. The friends of Mrs. Eipper, who were able to attend were Mesdames Grover Kinder, "Col" Williams, Melissa Rigdon, S. O. Matteson, S. W. White, Will Benson, Stanley, J. H. Jones, John McCann, Childs, J. H. Long, Reed Brainard, L. W. Feemster, Wm. Gissler, George Frisch, Harold Scoggins, Lee Vandagriff, Mahone, Joe Richards, Grant Knepple, I. C. Dixon, H. A. Stroup and the hostess.

### BIRTHDAY SURPRISE

Miss Luella Martin was given a surprise party last Saturday evening by her aunt and cousin, Mrs. James Naylor and Miss Nola Naylor, in honor of her birthday anniversary. Miss Martin was surprised to find that a group of her friends had arrived and taken possession of the Naylor residence while she was upstairs. The friends had also hidden a number of nice presents, which the honoree found after a diligent search. A number of games, among them two guessing games and shouting proverbs, helped the evening to pass merrily and refreshments were served by Mrs. Naylor and Miss Nola. Those making up the surprise party were the Misses Evelyn Cobble, Ethelyn Cobble, LaRue Mann, Lillian Heflin, Odelle Horne, Nelda Wilson, Mary Lynne Haley and Aline Wilson and Mrs. Hugh Burch and Mrs. Ben Morgan.

### BIRTHDAY PARTY

Wayne Truett celebrated his eighth birthday anniversary last Wednesday afternoon with a party at which ten of his young boy friends were guests. The youngsters had a great time playing games and the refreshments included a birthday cake with candles. The boys enjoying the party were Jack Denton, Jimmie Nellis, Clyde Dunn, Eugene Conner, Roy Ackerman, John Simons, Jr., Euliss Rody, Junior Phillips, Albert Christman, Ray Lewis, the young host and his two little brothers, Jess, Jr., and Johnnie Truett.

### MRS. MARTHA HARRIS HONORED TUESDAY

The Dorcas class showered their teacher, Mrs. Harris, with dainty handkerchiefs Tuesday afternoon at a party at the Will Linell home. The party was a farewell compliment to Mrs. Harris, who left to-day to spend a couple of months at Memphis, Tennessee. A delightful hour was spent in visiting and refreshments of ice cream and cake were served by Mrs. Dale Gleghorn, secretary of the class.

### THE FIRST BRIDGE CLUB

The First Bridge club met at the home of Mrs. S. D. Gates on Tuesday afternoon with two substitutes, Mrs. Stanley Blocker and Miss Catherine Clarke, and an honor guest, Mrs. O. A. Johnson, who is visiting her mother, Mrs. Gates. Light refreshments were served.

## "POWDER IS GOOD, BECAUSE IT COOLS THE SKIN AND TAKES UP THE OIL"

So said a professor of dermatology to an audience of fashionable women in St. Louis.

If a woman doesn't use face powder to-day she is considered careless, uncouth. And to-day doctors recommend the use of cosmetics. Of course, inferior powders, rouges, etc., irritate the skin, just as do bad soaps. Hence it is important to select a face powder which is made of pure ingredients and which agrees with the particular skin in question.

Dorothy Perkins Face Powder is a pure, smooth, velvety, adhering powder, so skillfully precipitated that it blends in with the tone of the complexion and is almost invisible. Imparts a downy, enchanting, childlike finish to the face. Come in for a sample of Dorothy Perkins Face Powder and "Dorothy Perkins Beauty Book," McAdoo Drug Co., 23-ltc

## VOGEL—ALLEN

Miss Estelle Vogel and Mr. James Allen drove to Roswell yesterday afternoon and after being united in marriage went on to Pampa, Texas, where they planned to spend a few days with the bride's sister, Mrs. Harry Wilson, and Mr. Wilson. From there they go to Oregon to visit Mr. Allen's parents and will probably spend several weeks there and at other points in the scenic northwest and on the Pacific coast before returning.

The bride is a daughter of Mrs. John Vogel and has spent most of her life in this community, graduating from our high school. Mr. Allen has been an instructor and coach in the high school for the past two years and has been employed for the coming year. Many friends of the young couple join in extending congratulations and best wishes.

## SOUTHWESTERN PUBLIC SERVICE CO. PARTY

The employees of the company with their families as guests, had a very enjoyable picnic party on the attractive lawn of the service office late Tuesday afternoon. In addition to the refreshments of ice cream and cake there were lively games, which were indulged in by all, including the children. The company was composed of Mr. and Mrs. H. S. Williams, and Billy and Katherine Louise, Miss Pearl Henderson and sister, Mrs. Ethel Lewis and small son, Ray, L. A. Mahan, wife and son, L. A. Jr., Elmo and Glenn Naylor and their sister and cousin, the Misses Nola Naylor and Luella Martin, W. H. Cox, Bob Rehberg, O. E. Cheneweth and wife, B. H. Morgan and wife and Roy Trimble.

## PARTY FOR WILMA ROBINSON

There was a dancing party at the home of A. D. Hill, Jr., on the Cottonwood, last Wednesday evening, complimentary to Miss Wilma Robinson, who left Monday for Missouri, to spend the summer. Bountiful refreshments of delicious cake and ice cream were served by A. D.'s mother, Mrs. A. D. Hill, Sr. The young people enjoying the hospitality of the Hill home were besides the honoree, Evelyn Cobble, Ethelyn Cobble, Nelda Wilson, Sue Flint, Jack Ward, Aline Powell, Nelle Jackson, Richard Wheatley, Laurence Clarke, Harold Garner, Ed Montgomery, Dorris Ransbarger, T. J. Pollard, J. W. Brown and Lawrence Goodell.

## QUILTING PARTY

The revival of quilt making is bringing the old fashioned quilting bee into favor again. Mrs. Laura Welsh gave one of these parties last Friday, inviting a number of her friends to help her quilt one of the popular rose quilts which she had just completed. At noon she served a delicious two course luncheon. Those composing the party were Mrs. Gus Hoagland, Mrs. Dan Eipper, Mrs. A. M. Tarbet, Mrs. D. E. Buckles, Mrs. Cooper and Mrs. R. G. Knoedler and little Frances.

## SUNDAY DINNER

Mr. and Mrs. Jim Vogel were hosts at a chicken dinner at noon Sunday a farewell compliment to their sister, Miss Estelle Vogel. Covers were laid for the honoree, and all the members of the family, also James Allen and Dr. Cook of Carlsbad.

## "CHEVIE SIX" BRIDGE CLUB

The club had its last meeting at the home of Mrs. Carl Joiner last Saturday evening. Substituting were Mr. and Mrs. W. E. Flint, Miss Margaret Perry and M. T. Buford. Light refreshments were served.

## PIANO RECITAL

Mrs. G. U. McCrary presented her class of piano pupils in a recital at the Christian church last Tuesday evening. The church was an attractive picture decorated with a profusion of roses and other spring flowers and was practically filled with an appreciative audience. The Misses Ruth Graham and Katherine Filbert acted as ushers and Lois Howard was an attractive little flower girl carrying up a beautiful bouquet to each performer. In addition to the musical numbers there was a cute little reading by Nina Mae McLean. All of the young people appearing on the program did very commendable work, and special mention is due the Misses Elizabeth Gagar, Margaret Phillips and Ruth French, advanced pupils, who played concert numbers in splendid style.

## BIRTHDAY PARTY

Mrs. Ted Everts gave a party to a number of children last Tuesday celebrating the fifth anniversary of her little daughter, Betty Jane. A color scheme of pink and white was carried out in the floral decorations and in the refreshments of ice cream and cake. The children had a merry time playing. The little guests of Betty Jane were Don and Val Morgan, Betty Jo Blakenay of Hope and Jimmie, Ethel and Junior Gilbert.

## BIRTHDAY PARTY

Fourteen little friends helped Billy Williams celebrate his fifth anniversary yesterday afternoon, and the children had a fine time playing games. Billy's mother, Mrs. Howard Williams, served cake, punch and candy to the little crowd of fifteen, who were Sibyl Pior, Phillis Bartlett, Shirley Bartlett, Wayne Truett, Johnnie Sinclair, Edith Sinclair, Barbara Wheatley, Albert Linell, Dorothy Linell, Billy Terpening, Calvin Terpening, Jimmie Nellis, Shirley Watson, "Sonny" Company, Katherine Williams and Billy, himself.

## REBEKAH PRESIDENT HERE

Mrs. O. G. Cady, of Alamogordo president of the Rebekah Assembly, will inspect the local lodge to-night. The inspection will be accompanied by a social time with refreshments. Tomorrow Mrs. Cady plans to go to Lovington to revive the lodge there, which has been dormant for some time. Mrs. C. Bert Smith and Mrs. Ed Wingfield will probably go with her to Lovington.

## TEA PARTY

Mrs. M. S. Rigdon entertained at a five o'clock tea on Tuesday complimenting her daughter, the Rev. Mrs. Hartline and Mrs. Nancy Eipper, who leaves tomorrow for Paris, France, the other guest being Mrs. Grover Kinder. The tea table was beautifully decorated with roses and sweet honeysuckle and roses were used as favors. Ruth Wilde assisted her grandmother in serving.

## SCHOOL HEALTH PROGRAM

The school health program was completed for the year when on Monday the fifty-first pair of tonsils was removed in Dr. Stroup's office with Dr. Puckett, county health officers and Mrs. Grover Kinder, school nurse, assisting. The campaign to improve the condition of children suffering from diseased tonsils, eye trouble, etc., was put in active operation two or three months ago. More tonsils have been removed and a number of children, whose parents could not meet the expense, have been supplied with glasses. Marked improvement was observed in the progress of children, whose physical disabilities were removed.

## A CLOSE CALL

Miscalculating the position of the freight train on the tracks might have had very serious consequences for Abbie Durand, the young daughter of Mr. and Mrs. Roger Durand, last Friday afternoon. The young girl approaching the blind crossing on Grand avenue in her car, figured that the train, which was switching, was on the second track and she could cross the first track and stop at the second. But just as she reached the first track the engine seemed to jump out at her. It tore off a hind wheel and badly damaged the rear of the car. She escaped unharmed, however, due to the fact, probably, that the train was moving very slowly, and that the car did not stop on the track.

## EIGHTH GRADE EXERCISES

"A Pageant of History," a drama, which was given by the eighth grade at its commencement at the Central auditorium last Thursday evening has been pronounced one of the best ever given here by an eighth grade. The drama, which covered the ground from the coming of Christianity to Great Britain to the close of the Civil War, aimed to give a picture of the development of the United States, beginning in the mother country, Britain. Each picture was an interesting one and most of them were beautiful. The quaint costumes of the ancient Britons when the Roman missionaries brought the cross to their shores, and the charming costumes of medieval England in the days of Robin Hood, were both attractive and educational. The three scenes located in this country, the landing of the Pilgrims, the Spirit of Seventy-Six and the Days of '61, were historically quite accurate and equally attractive, and with the culminating scene, America triumphant, contributed to the success of the evening were a number of dances, exhibiting much skill and grace. These were a tap dance, a clown dance, Jarobe, the Mexican national dance and a pirate dance. All of the dances were exceptionally good, the pleasing effect being enhanced in the clown dance, the Jarobe and the pirate dance by the colorful costumes. The Jarobe was given by Lydia Caraway and Lois Fanning and the clown dance was given alone by Lois Fanning, who exhibited unusual skill and ease in her interpretations. The music accompanying the production was good and the teachers, Mrs. L. O. French, Miss Neal Wilkinson, Mrs. Florence Morgan, W. E. Mansfield and Miss Alice Boyer are to be congratulated upon the success of the production.

Following the last scene, Supt. Kerr presented diplomas to the class, which numbered fifty-four.

## THE CHURCHES

### FIRST CHRISTIAN CHURCH

6th and Quay Streets

9:45 a. m. Bible school. C. O. Brown superintendent.

### ST. PAUL'S EPISCOPAL CHURCH OF ARTESIA

Rev. F. B. Howden, Jr., Rector.

Services held every Sunday evening except the First Sunday in the month at 7:30 p. m.

The church school meets at 7:00 p. m., preceding evening prayer. Holy communion, second Monday of each month, and at other times as announced.

### ASSEMBLY OF GOD CHURCH

2 Blocks North of Post Office

Rev. A. Davis, Pastor.

10:00 a. m. Sunday school.

11:00 a. m. morning worship.

6:45 p. m. Christ's Ambassadors.

6:45 p. m. Bible study for adults.

8:00 p. m. evening worship.

Tuesday evening, prayer meeting.

Friday evening young people's services.

Everyone welcome, we invite you to come and worship with us.

### CHRISTIAN SCIENCE SOCIETY

613 W. Main Street

Sunday services at 11:00 a. m.

Wednesday services at 7:30 p. m.

Subject for Sunday, May 24th, 1931 is: "Soul and Body."

In this lesson the following scriptural selection is found: "If ye thru the spirit do mortify the deeds of the body, ye shall live." (Romans 8:13).

Also the following citation from Science and Health with Key to the Scriptures, by Mary Baker Eddy, page 149: "Whatever guides thought spiritually benefits mind and body."

Visitors always welcome.

### METHODIST EPISCOPAL CHURCH SOUTH

Rev. Harold G. Scoggins, Pastor

"The large church with a warm welcome and a helpful gospel."

9:45 a. m. Sunday school. Geo. Frisch superintendent.

Morning worship at 11:00 a. m. Sermon by the pastor.

Epworth League at 6:30 p. m.

Evening worship at 7:30 p. m.

May 31st at 3:30 p. m. meeting of the Pecos Valley Epworth League Union in this church where young people from all over the southeastern section of the state will be in attendance.

June 1st, young peoples, pastors and laymen assembly at assembly grounds in Sacramento mountains west of Weed. The assembly will last from Monday till Friday.

### FIRST BAPTIST CHURCH

Roselawn & Church Sts.

James F. Dew, Pastor

9:45 a. m. Bible school. Fred Cole, superintendent.

11:00 a. m. Morning worship.

7:45 Evening service.

You are cordially invited to all services. The midweek prayer service is the one service that you certainly should attend. Read the 91st Psalm and pray and come with us.

### FIRST PRESBYTERIAN CHURCH OF ARTESIA

Fourth and Grand

Rev. John P. Sinclair, Pastor

Sunday, May 24th, 1931 (Whitsunday)

9:55 a. m. Sabbath school.

MARKETS

Cattle, Hogs Off; Lambs Higher

KANSAS CITY--Influenced by heavy supplies, fed steers and yearlings Monday suffered further price reductions around the 11-market circuit, values dropping largely 25 cents from last week's closing levels. There were instances of even greater losses on the weightier steers and most points reported an extremely slow trade with the bulk unsold at a late hour. Chicago had an \$8.75 top on both yearlings and weighty steers, while Omaha reported a high figure of \$8.65. Common to medium South Texas grass steers ranged from \$4.75 to \$6. Total arrivals aggregated 73,200 as compared with 57,766 a week ago and 48,747 a year ago. There were too many hogs at the leading midwestern points for the good of the trade, also, with prices sinking to the lowest levels of the current season and pressing the low mark attained in 1923. Prices ruled 25 to 50 cents under last week's close. Chicago was the leader with a \$7 top and St. Louis had a high mark of \$6.80. Instances of heavies in extreme ranged down to \$5.75 and below. Combined receipts were 107,200 as compared with 85,000 a week ago and 95,993 a year ago. A general advance of 25 cents was reported on most classes of fat lambs and the trade on mature sheep ranged strong to 25 cents up. A few native Springers in Chicago secured \$11.50, but western spring lambs were taken downward from \$10.25. Woolled skins at that center were quoted at \$9.60 and clippers were weighed at \$8.75 and under. Offerings at the 11 markets totaled 77,100 as compared with 97,966 a week ago and 56,440 a year ago.

Wool Market

BOSTON--Only scattered sales are being reported on wool and the bulk of these limited transactions are on 58, 60 and finer territory wool. Dealers are reluctant to accept offers from manufacturers that are below the ranges of recent quotations. Moderate quantities of the new Texas wools consisting of bulk French combing are moving at 57 & 59c, secured basis. Receipts of domestic wool for week ending May 16 amounted to 9,470,900 pounds as compared with 2,790,300 pounds a week ago.

NOTICE TO BIDDERS

Until Saturday, June 20, 1931 the County Board of Education will receive bids for the following transportation routes: District 7 - Transportation of children to Lakewood. District 7 - Transportation of High School children from Lakewood and Dayton to Artesia. District 3 - Transportation of Grade and High School children to Carlsbad. District 4 - Transportation of Grade children to Upper Black River School. District 6 - Transportation of Grade and High School children to Carlsbad schools. District 10 - Transportation of all Grade children to Loving school. District 10 - Transportation of all High School children from Malaga, Loving and Otis to Carlsbad school. District 11 - Transportation of Grade children to Malaga school. District 11 - Transportation of Grade children to Harroun Farm School. District 12 - Transportation of Grade children to Dayton school. District 12A - Transportation of Grade children to Oil Field School. District 12A - Transportation of Grade and High School children to Artesia. District 17 - Transportation of Grade and High School children from Atoka to Artesia. District 27 - Transportation of Grade children to Upper Cottonwood School. District 27 - Transportation of Grade children to Lower Cottonwood School. Any information on routes or required equipment may be secured from County Superintendent of Schools, Carlsbad, New Mexico. All bids must be sealed and addressed to the County Superintendent of Schools, H. R. Rodgers, Carlsbad, New Mexico. The County Board of Education reserves the right to reject any or all bids.

H. R. RODGERS, Secretary Board of Education G. V. PRICE, President, Board of Education 22-4tc

Childish Simplicity

Four-year-old Billie had spent a happy afternoon with a little neighborhood visitor. When his mother asked the child's name, he replied he did not know. "Will you please tell me how you could play together so long without knowing each other's names?" insisted his mother. "O, that was easy," said the resourceful Billie. "I just called her 'Hey' and she called me 'Say.'"

LAKE ARTHUR ITEMS

Miss Ella Ohlenbusch, Reporter Miss Wilma Walden was the dinner guest of Margaret Slade Sunday. Mr. and Mrs. Curry of Hagerman were at the Kingston home Sunday. Mr. and Mrs. J. R. Spence were transacting business in Roswell Monday. L. C. Dalton motored to Amarillo, Texas to visit his parents this week. Mr. and Mrs. Andrew Ewing were transacting business in Roswell Wednesday. Miss Maggie Lane who has been teaching school at Weed returned home Wednesday. Prof. Parker of Las Vegas College, visited the Lake Arthur schools Friday morning. Miss Fay McLarry spent the week-end at the home of Miss Alice Norris of Cottonwood. Mr. and Mrs. M. A. Sultz of Artesia, were visitors at the D. Ohlenbusch home Tuesday evening. Rev. J. W. Slade and son, Earl spent several days of this week in El Paso looking after business. Mrs. Andrew Ewing entertained a group of young people with a picnic at the Cottonwood dam Sunday afternoon. Mrs. I. R. Funk returned to her home in Carlsbad after spending the week with her parents, Mr. and Mrs. W. L. Bradley. Mr. and Mrs. Dick Spence and daughter, Minta left Monday for Ruidoso where they intend to spend their summer vacation. Mr. and Mrs. McInnes of Roswell were guests at the Dad Nihart home Sunday and Miss Anna Nihart returned home with them. Rev. Jones, formerly the pastor of the Lake Arthur Methodist church and also his daughter, were visiting friends here Friday. Mr. and Mrs. E. O. Wesson of Weed, are visiting with Mrs. Wesson's parents, Mr. and Mrs. J. R. Spence. Mrs. Wesson's sister, Valaine, will return home with them. The Lake Arthur high school commencement exercises were held on Thursday evening and the interest that Lake Arthur citizens take in educational matters was shown by the large crowd that attended. Dixie Dan Goode was honored with a birthday picnic and outing Sunday. The party went to a ranch near the Cap Rock. The time was spent by gathering wild cactus and herbs, which were transplanted in a wild flower garden at Dixie Dan's home. Mr. and Mrs. Bill Williams of Ventura, California, while en route to Kansas City, to visit his mother, spent Friday evening with J. R. Spence. Mr. Williams is an old acquaintance here, this being his first visit back in ten years. The school year being over the teachers have returned to their various homes. Mrs. W. W. Westerman returned to El Paso, Texas Tuesday. Miss Ruby Smith to Tiaban, this state, Friday; Mrs. George Wilkins to Lubbock, Texas, Saturday. The other teachers will spend most of the summer here. Dr. Russell went to Albuquerque yesterday to attend the State Medical Association meeting. He was accompanied by Mrs. Russell and Miss Dora Russell, who came home on Saturday from Clovis, where she was instructor of Spanish in the high school. Miss Virginia Egbert, who has been instructing in violin here the past year, returned last Thursday to her home at Alamogordo. Frank Miller and daughters, Lillie Mae and Mary Ann, and his sister, Mrs. Oliver of Bradford, Pennsylvania, drove her over to Alamogordo.

SCOUT NEWS

The Boy Scout reservation is located a few miles west of Weed, this state. High up in a canyon of the Sacramento Mountains, it remains, a spot unspoiled by any contrivances of civilization except a road and some twenty camp buildings which were put there by the Boy Scout organization of the Eastern New Mexico Area Council. It is a beautiful and excellent location for the annual summer camp for scouts and scouters. The dates for this summer are set. There will be two periods: June 23 to July 3 and July 5 to June 23. Again this summer, as in the past, plans have been made and will be worked to use the reservation with its many natural advantages to assure the Boy Scouts of this area a camp vacation of enjoyable and constructive values. According to the scoutmaster the local troop will be well represented.

TYPEWRITERS

New Woodstocks, Coronas, and Remingtons, Rebuilt in all other makes at The Advocate.

LOCALS

Born to Mr. and Mrs. M. M. Thomas Monday morning, the 18th inst., a son. Mrs. Wm. Compton, who has been ill, is sufficiently improved to drive out. Mr. and Mrs. Fred Brainard and Mrs. Clyde Guy were Roswell visitors Monday. Miss Esther Morgan is expected home Saturday from Roswell for the summer vacation. Miss Agnes Latham of Center, Texas, and Mrs. Howard Prater of Carlsbad, were business visitors in Artesia Monday. D. I. Clowe is convalescing from a tonsil operation which he underwent at St. Mary's hospital in Roswell last Friday. Dell Walters, who has been in Hobbs for some time, is building a house of south Second street and will move his family here. Miss Jean McDonald, teacher in the Central school, left here the last of the week for a visit in El Paso before returning to Wiley, Colorado. Mr. and Mrs. George Long returned to Littlefield, Texas yesterday after a few days' visit to her mother, Mrs. Newcomb, and other relatives and friends. Mr. and Mrs. R. D. Compton expect to drive to Clovis to meet their daughter, Miss Louise, who is returning from school at Cotey College at Nevada, Missouri. Tex Polk has sufficiently recovered from his recent illness to be taken to his home on south Roselawn avenue from the home of his daughter, Mrs. Skelt Williams, where he was taken ill. Mrs. Harold Howard left yesterday morning to attend summer school in California. She goes by way of El Paso, where she will visit Mrs. Ethel James, and will pass through Tucson and Phoenix, Arizona en route. Mrs. C. M. Cole, Miss Ina Cole and Herman Cole drove to Roswell Sunday with Ralph Smith, who went up to see his mother, a patient in St. Mary's hospital following an appendicitis operation. Mrs. Smith is improving satisfactorily. Mr. and Mrs. Tom Russell and baby of Pyote, Texas, were the guests of Mrs. Ora Killian and family the past week. Mr. Russell an employee of an oil company has been transferred to Artesia, and will make this their home after June 15th. Dr. Russell went to Albuquerque yesterday to attend the State Medical Association meeting. He was accompanied by Mrs. Russell and Miss Dora Russell, who came home on Saturday from Clovis, where she was instructor of Spanish in the high school. Miss Virginia Egbert, who has been instructing in violin here the past year, returned last Thursday to her home at Alamogordo. Frank Miller and daughters, Lillie Mae and Mary Ann, and his sister, Mrs. Oliver of Bradford, Pennsylvania, drove her over to Alamogordo.

COTTONWOOD ITEMS

Ruby Waldrup, Reporter Miss Fay McLarry spent the week-end at the Norris home. Miss Pauline Watson spent Tuesday night at the Ray home. Mrs. Charlie Nelson spent Sunday at the R. L. Vermillion home. Mr. and Mrs. J. O. Garner are the proud parents of a son, born May 13th. Mr. Hill and family were visiting his sister Mrs. Earl Briscoe last week. Miss Neva Schnoor spent the week-end at Mrs. Wilkins home on Cottonwood. Misses Ruby and Lucille Waldrup were dinner guests at the Norris home Sunday. Mesdames M. S. Brown and Rambo motored to the V. L. Gates farm at Hagerman Friday. Mr. and Mrs. Everett Painter have moved on the Pearson farm from the Diamond A ranch. Wayne Norris and sister Alice, motored to Roswell Tuesday to attend to business matters. Mr. and Mrs. Jess Huff and daughter, Blondell, were dinner guests at the Rambo home Sunday. Misses Fay and Nannie McLarry Lucille and Nell Norris were guests at the Rambo home Tuesday. The Upper and Lower Cottonwood men and boys met at the ball diamond and played baseball Sunday. Joe Bachman and family of Lower Cottonwood left for Tatum where they will visit with Mrs. Bachman's parents. Miss Ruby Waldrup received the medal from the State University at Albuquerque for being the best all-around senior of the Lake Arthur school. Mr. and Mrs. Rowland and granddaughter, Mrs. Annie Smart and daughter, of Miami, Arizona were dinner guests at the Norris home Sunday.

HEALTH COLUMN

Pellagra Increasing During 1929 there was only one case of Pellagra reported to the Eddy county health department. During 1930, there were eighteen cases reported and three deaths. Up to the present time in 1931, only three cases have been reported with one death. One doctor told us that he is sure that he has had twenty-five cases, but they were not reported. Pellagra is not infectious. It is caused by the lack of proper foods, properly prepared. Some people restrict their diet because they wish to economize; some, because they have 'indigestion'; and others, probably because of some 'food faddists' idea. A generous supply of the following foods will prevent pellagra: milk, lean meat, poultry, fish, and tomatoes. Milk should be used daily and other foods, such as cheese, eggs, peas, beans, cereals and leafy vegetables give some protection and should be used often. The cow, the garden, the pig and the hen provide most of these foods. O. E. PUCKETT, Health Officer. Loose Leaf Binders, Special Ruling and Stock Forms-The Advocate ENGRAVING-THE ADVOCATE

BOB FEEMSTER ELECTED SENIOR CLASS PRESIDENT

Bob Feemster, son of L. W. Feemster of this city, has received probably the most important distinction that can come to a student in a big university. He was recently elected president of the senior class of the University of Oklahoma, at Norman. This is a place coveted by all college students and is given to a student in recognition of his popularity, scholarship and leadership. Bob's many friends in Moran congratulate him. The president of a senior class in college is a hard place to fill. Student activities, year books, and many other features of college life are under his direction. Bob will complete his college course in engineering next year. Following is an account of the election of the class president from the school paper: "Party line were definitely torn down and thirteen student poli-

ticians representing branches of student activities rather than political parties were elected to offices by a light vote in the men's council balloting Tuesday. "Bob Feemster, with the backing of the entire engineering college, beat Charles Christensen in the race for senior president. Feemster polled 107 votes to 86 for Christensen. Bob Fields and Ed McCuen ran far behind." Moran (Texas) News. Bob is a graduate of Artesia High school and his friends here join The Advocate in extending congratulations.

A CORRECTION

The Advocate was in error in stating that Harold Howard would spend the summer with his parents in California. His parents live at Del Rio, Texas, and do not expect to be in California this summer. Mrs. Howard has gone to Los Angeles to attend summer school and Mr. Howard is remaining here.

W. N. U. Service

### CHAPTER XVI

Having learned that, despite my recommendations, little or no attention was being given at home to the importance of teaching our men the use of the rifle, it seemed necessary again to emphasize my views, especially after further knowledge of its neglect in allied armies.

War-time picture of Col. E. M. House.

The infantry soldier, well trained in stealthy approach and in the art of taking cover, makes a small target and, if an expert rifleman, there is nothing that can take his place on the battlefield.

"Specialties of trench warfare at home," I cabled Washington, September 24, 1917, "should not be allowed to interfere with rifle practice nor with intensive preliminary training in our schools of soldier, company and battalion."

**Americans Retain Jurisdiction.** My diary notes the following: Chaumont, Wednesday, Sept. 26, 1917.—The French agree that we should retain exclusive jurisdiction over American soldiers in France.

Chief of ordnance at Washington delays storehouse construction by requesting views of French commissioner regarding our necessities.

Have again cabled relative to carelessness and delay in loading of transports.

The War department had brought up the question of civil jurisdiction over the members of our forces in France and had inquired regarding the attitude of the French.

My judge advocate, Col. W. A. Bethel, presented our opinion to the French authorities, which was that according to the principles of international law, and in view of the conditions under which the American army was serving in France, its members should not be subject to criminal prosecution in French courts but should be answerable only to our own military tribunals. This view was readily accepted by the French, and very properly the jurisdiction over our

folding chairs, cuspidors, office desks, floor wax, hose except fire hose, stepladders, lawn mowers, refrigerators, safes except iron field safes, settees, sickles, stools, window shades. Further stop orders will follow soon.

We were short-handed, both at depots and along the line of communications, in all classes of labor that should have been sent over long before. The quartermaster corps in France was seriously handicapped in handling, caring for and issuing its stores and supplies.

The need for stavedores had become most urgent. Combat troops were still being used to unload cargo and much time was wasted by the use of labor that was entirely unsuitable for this sort of work through lack of experience.

**Line Training for First Division.** My diary notes the following: Chaumont, Thursday, Oct. 4, 1917.—Gen. de Castelnau called Tuesday to discuss entry of First Division in the line.

Witnessed attack maneuver of the division yesterday and conducted critique.

Ambassador Sharp came today with Mr. Joseph Reinach for a visit and had lunch with us. Have cabled appeal for officers fitted for general staff.

The French, always solicitous regarding the progress of our training, were anxious that our most advanced American unit take its place in a quiet sector, for the experience. The main reason they advanced for suggesting front-line training at this time, with which I fully agreed, was that it would give new encouragement to their armies and through them to the people. The First Division itself was kept to take a more active part and was soon to have the opportunity.

This division had been billeted in the training area since July 15 and had begun to show the excellent effects of the system of training we had prescribed. At the maneuver which I attended the officers handled their units with considerable skill, particularly Capt. F. H. Burr, who conducted an attack with his battalion of the Twenty-eighth regiment, and Maj. Theodore Roosevelt, Jr., who did a similar problem with his battalion of the Twenty-sixth regiment.

**Pleased With Efficiency.** At the division school the bayonet exercises, special target practice, firing with trench mortars, bomb-throwing and other trench training were well carried out. I returned much pleased with the evidences of efficiency in this organization, which was later to become famous among the armies on the western front.

My diary says: Paris, Wednesday, Oct. 10, 1917.—Spent Sunday at Gondrecourt, First division field meet, with General Harbord, General Raguenau and Representative Medill McCormick. We lunched with Bullard.

Yesterday evening the officers at G. H. Q. called to extend congratulations on confirmation of my appointment as general. All heads of permanent staff departments appointed to grade of brigadier general.

A group of major generals are over on tour of inspection. The staff department heads who became brigadier generals at that time were: James G. Harbord, chief of staff; Benjamin Alford, adjutant general; Harry L. Rogers, quartermaster general; W. A. Bethel, judge-advocate general; Edgar Russel, chief of signal corps; G. C. Williams, chief of ordnance; and A. E. Bradley, chief surgeon.

**Officers Visit Battle Fields.** In accordance with my recommendation, division commanders from the states were being sent over to visit the battlefields, armies and schools in order to become acquainted with conditions and to experience the atmosphere of war. It was important that they should appreciate the realities and become fully impressed with the urgency of thorough preparation of their commands. It was thought they would become impressed with the aggressive spirit that characterized our training in France by coming into close touch with our methods.

These officers were sent

the allied fronts and to see demonstrations at our own training fields and schools and were also taken along the line of communications. I took occasion to give them personally my conception of the course of training that should be followed at home, making an especial point of rigid discipline, rifle practice and the instruction of junior officers in open warfare.

A number of the officers sent over were either physically unfit or had reached the age when new ideas fall to make much of an impression, and consequently I recommended that those of both classes be left at home for other duty or to be retired.

### CHAPTER XVII

Marshal Joseph Joffre, upon my invitation, arrived at Chaumont October 15, 1917, to see our First Division.

The French military officials were anxious to show their respect and it was arranged to have both an American and a French guard of honor drawn up to salute him upon his arrival at my residence. These two small guards vied with each other and both seemed to get a great thrill out of the ceremony.

After an interesting evening with the marshal and his staff as our guests we left the next morning by motor car for Treveray, accompanied by Generals Raguenau and Alford, Colonels De Chambrun and McCoy and Captain Boyd.

The troops of the division were drawn up in line ready to receive us and presented a much better appearance than at the review by President Poincare. The men were especially keen to be inspected by a marshal of France and their pride was clearly evident by their perfect lines as they swung by in the march past. The marshal in turn was enthusiastic over their vigorous appearance and military bearing.

One incident occurred that was not on the program. On the way to the field for the ceremony a well-groomed mule that happened to be running loose pricked up his ears, looked us over and decided to trot along with us. One of my staff wagged that this wise animal knew what was going on and would be present to see the march past. Sure enough, when we reached our position this Missouri product had preceded us. Cautiously approaching, he displayed the greatest curiosity in the guest of honor. As all efforts to drive him away seemed futile, he hovered near as an interested spectator of the proceedings, much to the amusement of the marshal.

I gave a luncheon at Neufchateau for the marshal's party and my own and the senior officers of the First Division. After that we saw the training conducted by the First corps school and visited the American and French billets at the village of St. Elin, where the One Hundred and First regiment, Twenty-sixth division, and the French Sixty-ninth passed in review in excellent form. As we returned toward Chaumont other American and French units were drawn up by the roadside in honor of the marshal.

It was rather late when we started and darkness overtook us while passing on foot through the lines. The trumpets of each regiment sounded as we approached, and with the lights from our automobiles close behind illuminating the trees that bordered the highway and the faces that peered through the shadows to catch a glimpse of the marshal the scene suggested some legendary painting.

Finally we halted and the troops, including the French One Hundred and First infantry, which had made a remarkable record at Verdun, marched past us. As the regiments came out of the darkness into the spotlight of our autos they made a picture never to be forgotten.

**Denies False Cable Rumor.** Returning to Paris October 19, I learned that a dispatch from Berlin to the New York Times represented me as having said that the German lines were impregnable. The report might have been idle gossip, but it was more probably circulated to create the impression that our armies were starting on a forlorn hope. This report was so far from the truth that I cabled the secretary of war that it was absolutely false and without any foundation whatever.

In every reference to our future operations I had strongly maintained that it was not only possible to break the German lines but that it would be done. The very system of training that we were persistently following was based on the determination to force the Germans out of their trenches and beat them in the open. On no other theory could they have been defeated.

Yet without question there were not a few among our allies and probably some in our own army who thought the task impossible, supporting their view by citing the failures of the previous three years, especially that of the spring of 1917. It was none the less a surprise, however, when a report came directly to me that such views had actually been expressed in the presence of civilian visitors by officers of rank in our army.

I was indignant to learn of that kind of talk, and in commenting on it to the Americans who had heard such statements made I said that "The German lines can be broken, they must be broken, and they will be broken," and those present will recall that it was said with considerable emphasis.

Positive steps were taken at once to eradicate such notions, or at least prevent them from being openly stated, and I was determined to relieve immediately any officer, without regard to rank, who should express any such opinion.

### First Division Moves In.

My general impression of the situation at this time was set forth in a cable to Washington October 21:

"During the last week the water-soaked ground in Flanders and on

the western front generally has prevented further development of offensive movements. Summing up waste of German army in this year's campaign, a single offensive, such as the Anglo-French in Flanders in progress since July 31, is insufficient materially to weaken Germany's man power. Next year must see two offensives, continuously maintained throughout summer, if decisive result is to be obtained. This can only be secured through aid of effective United States army on this side. . . . The troops on the western front

have been re-enforced by one German division from the Russian front. . . .

As the training of the First division had now progressed sufficiently it was put into line in the quiet sector northeast of Luneville, under the supervision of the French, for actual trench experience. The division was under-officered and short of horses, clothing and many other things, especially rolling kitchens, of which a few had only recently been received, and trucks, which were borrowed from the French.

**Stresses Need of Winter Clothing.** My repeated cables, beginning in July, for winter clothing had received scant attention, and with the coming of colder weather the shortage became critical. The initial stock requested was disallowed, the monthly allotments were totally inadequate and the depots were practically empty.

The explanation that came from the quartermaster general's office, that our requests could not be granted on account of the needs at home, showed a total lack of appreciation of the necessity of properly clothing the fighting man actually at the front above all others. After another urgent appeal a partial supply was sent, but we had succeeded in obtaining a quantity of clothing from the British to tide us over.

(Continued next week)

### CORN STALK BOARDS TO BE USED IN THE FAIR BUILDINGS

Boards manufactured from lowly cornstalks are going into the construction of buildings for the 1933 world's fair at Chicago.

Comment on this fact throughout the country points to the appropriateness of emphasizing in

this way the scientific contributions to the growth of the central west; industrial area.

An entire trainload of cornstalks was used in the manufacture of the roof insulation which has been ordered for the administration and travel transport buildings.

The roof of the latter structure alone has a spread of about five acres, which will be covered with an inch thick blanket made from

corn stalks. The total roofing order calls for 460,000 square feet of one-half inch insulation.

The pioneer work in the development of corn stalk products was performed at the Iowa state col-

lege by Dr. O. R. Swenson of the chemical engineering department.

### INDIGESTION

"My work is confining, and often I eat hurriedly, causing me to have indigestion. Gas will form and I will smother and have pains in my chest."

"I had to be careful what I ate, but after someone had recommended Black-Draught and I found a small pinch after meals was so helpful, I soon was eating anything I wanted."

"Now when I feel the least smothering or uncomfortable bloating, I take a pinch of Black-Draught and get relief."

forces, both civil and military, remained in our hands.

**"Great Confusion at Home."** There was ample evidence of great confusion at home due to lack of efficient supervision, even in New York harbor, where experts should have been easy to find. Ships were seldom loaded to their full capacity; supplies greatly needed were often left behind; non-essentials were being sent over; many things were broken due to careless loading; troops were often shipped to one port and their equipment to another.

The Washington bureaus often followed blindly some out-of-date supply table perhaps drawn up under a former regime by an antiquated desk soldier long since retired and forgotten. As an illustration, I recall a bill of lading from one of our transports that was presented to me about this time as a curiosity. It listed a number of articles quite useless to an army in the field and provoked the following cable:

"For all departments. Recommend no further shipments be made of following articles . . . bath bricks, bookcases, bathtubs, cabinets for blanks, chairs except

# Some Simple Sunday Night Suppers You And Your Friends Will Enjoy

By JOSEPHINE B. GIBSON  
Director, Home Economics Dept.,  
H. J. Heinz Company

Mix ingredients, wipe down sides of pan and bring slowly to a boil, keeping lid on pan. Cook to soft ball stage—236 degrees F. Add butter, cool until lukewarm. Then add vanilla and beat until creamy, and spread on cake. If it becomes too stiff, add a few drops of hot water and mix thoroughly.

**Gherkin Fruit Salad:** 2 oranges; 2 apples; 2 slices pineapple; 1/2 cup chopped Sweet Gherkins; 1/2 cup nuts; 2 tablespoons dressing; 1/4 cup Mayonnaise Salad Dressing.

Dice oranges, bananas, apples, and pineapple, and add nuts, gherkins and lemon juice. Chili thoroughly, and add Mayonnaise. Serve in lettuce cups and garnish with Mayonnaise and Maraschino cherries.

**Nut and Celery Sandwiches:** Chop 1/2 cup walnuts and 1/2 cup celery very fine. Moisten with Mayonnaise Salad Dressing, spread on thin slices of buttered bread, and cut into spade, heart, diamond and club shapes.

**Chocolate Wafer Dessert:** Use 1 package chocolate wafers. Whip 1/2 pint cream, add 2 tablespoons sugar and 1/2 teaspoon vanilla. Put wafers together with thin layers of whipped cream to form a long cylinder, and coat the outside thinly with whipped cream. Set in refrigerator for 2 or 3 hours and cut in diagonal slices.

**Deviled Rarebit:** 1 tablespoon butter; 1 medium can Cream of Celery Soup; 3-oz. can deviled ham; 2 hard cooked eggs; Buttered toast cubes.

Melt butter, add flour, soup and ham. Cook until soup thickens slightly, add diced hard cooked eggs, and serve on toast cubes. Garnish with slices of Spanish Manzanilla Olives.

**Peach Tarts:** 2 cups sifted flour; 1/2 teaspoon salt; 1/2 cup shortening; 1/2 cup cold water; Currant Jelly; 1 can peaches.

Sift flour, salt and baking powder. Cut in fat and moisten with enough water to form a stiff dough. Roll 1/8 inch thick and cut in rounds. In center of each, place 1/2 canned peach from which juice has been drained, and fill cavity with Currant Jelly. Roll pastry up around peach and press edges to gether. Bake 20 minutes at 450 degrees F. Serve hot or cold, with following sauce: 1 cup peach juice; 2 tablespoons flour; 1 tablespoon lemon juice; 4 marshmallows, quarters.

Blend flour with juice, add lemon juice, and cook until it thickens slightly. Add marshmallows just before pouring over tarts.

## PRELIMINARY REPORT ON MARRIAGE AND DIVORCE FOR N. M.

WASHINGTON, D. C. — The bureau of the census announces that, according to the returns received, there were 8,711 marriages performed in New Mexico during the year 1930, as compared with 6,727 in 1929, representing an increase of 1,984 or 29.5 per cent. This increase is due largely to a change in the marriage laws of Texas requiring 3 days notice to be given previous to the issuance of the license, and resulting in many crossing to the border counties of New Mexico to wed. In 1922, there were 4,101 marriages performed.

During the year 1930 there were 770 divorces granted in the state as compared with 798 in 1929, representing a decrease of 28 or 3.5 per cent. In 1922, 473 divorces were granted. There were 8 marriages annulled in 1930, as compared with 10 in 1929. The estimated population of the state of New Mexico on July 1, 1930, was 425,000, and on July 1, 1929 418,710. On the basis of these estimates, the number of marriages per 1,000 of the population was 20.5 in 1930, as against 16.1 in 1929; and the number of divorces per 1,000 of the population was 1.81 in 1930, as against 1.91 in 1929.

The number of marriages performed and the number of divorces granted were furnished by the county clerk of each county. The figures for 1930 are preliminary and subject to correction.

Eddy county, marriages 1930, 550; 1929, 334; divorces 1930, 41; 1929, 35; Chaves county marriages 1930, 350; 1929, 294; divorces in 1930, 72; 1929, 56.

## ABOUT PAPER MONEY

Private concerns in the United States make the paper money for one-half of the nations of the world. One factory alone manufactures paper money for forty-one foreign countries. The Chinese were the first people to make paper money. They began its use about the year 800. Early Chinese paper money was very cumbersome, the bills being nine inches by thirteen inches. The American one dollar bill lasts on an average of one year. The \$10 bill lasts about four.

## MARYLAND WOMAN HAPPY NOW--- Loses 55 Lbs.

Edith J. Marriott of Baltimore, Md. writes: "Last winter I weighed 200 lbs. and was very much ashamed. I bought a bottle of Kruschen Salts which gave such wonderful results I bought more. After 4 bottles I weigh 145 lbs. and all my friends say, 'How slender you've gotten—how did you do it?' I say only 4 words—thanks to Kruschen Salts."

A generous bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at any drugstore in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—that will help Kruschen take off your fat. Take Kruschen every morning—it's the little daily dose that does it—if not joyfully satisfied after the first bottle—money back.

## Artesia Advocate

"We manufacture everything made from type, paper and ink."

stantly until thick and smooth. Cool and fold in whipped cream and diced fruit. Mold in ring mold and set in refrigerator over night.

**Molded Supper Salad:** 1 can Cream Soup; 2 cakes soft white cream cheese; 1 cup Mayonnaise Salad Dressing; 1 tablespoon gelatine soaked in 1/4 cup cold water; 1/4 cup celery; 1 green pepper, chopped; 1/4 cup Stuffed Spanish Olives, sliced.

Heat the Tomato Soup, and add cheese, salad dressing and gelatine. When this begins to thicken, add celery, pepper and olives. Mold in individual molds, chill and serve on lettuce, garnishing with sliced olives.

**Devil's Food Cake:** 1/2 cup butter; 2 eggs; 1/2 cup sugar; 1/2 cup vanilla; 1 cup sweet milk; 2 1/2 tablespoons Distilled White Vinegar; 2 cups pastry flour or 1 1/2 cups all-purpose flour; 1 teaspoon baking powder; 1 teaspoon soda; 1/4 teaspoon salt; 3 squares bitter chocolate.

Cream butter, and add sugar gradually. Add one egg at a time, beating 2 minutes after adding each. Add Vinegar to milk gradually, stirring rapidly. Then add flour sifted with the baking powder, salt and soda, alternately with milk. Last add vanilla and melted chocolate. Pour into a greased loaf pan, and bake at 350 degrees F. for 45 minutes. Spread with Caramel Frosting.

**Caramel Frosting:** 3 cups light brown sugar; 1 teaspoon Distilled White Vinegar; 1/2 teaspoon salt; 1/4 cup milk; 2 tablespoons butter.

## DAYTON AND ATOKA ITEMS

J. H. Sherbit, Reporter

Little Miss Charlene Martin has the mumps.

Rev. G. P. Stirling of Dayton spent the week-end at El Paso Gap.

Mr. and Mrs. Earl Bowman spent Sunday afternoon in the J. O. Sherbit home.

Little Mammie Bell Terry spent Monday with her grandparents, Rev. and Mrs. J. D. Terry.

John Smith of the Dayton community was taken to the Roswell sanitarium last Friday morning.

Announcement Cards, blank or printed—The Advocate.

Rev. J. D. Terry spent Saturday on the Jones ranch in the Rocky Arroya community where they had an all-day branding.

Messrs. C. J. Sunday and Donald McRoberts, who are working for the Dayton refinery were in Carlsbad Saturday evening.

Rev. J. D. Terry was welcomed by a large crowd of people in the Rocky Arroya church, Sunday afternoon, where he delivered a fine sermon.

Mr. Bills from near Artesia is spending the week with his sister Mrs. Olie Marrs. Mr. Bills is taking charge of the farm for his sister, while her husband is away on business.

The young people of the Dayton Epworth League were entertained last Wednesday evening with a picnic given by the Artesia Epworth League. A good time was reported by all.

A number of young people of Dayton went to Lake Arthur Sunday afternoon. The Lake Arthur and Dayton boys played a game of baseball. The Dayton boys returned to their homes defeated.

Calling Cards, 100 for \$1.75, on best grade paled or plain stock.—The Advocate.

disposition. Sheriff Grady told of Cox's capture on the Sanders ranch in Arizona. Grady testified, he tried to get Cox to accompany Sheriff Danley of Alamogordo to Alamogordo, saying: "Danley will protect you. He could have killed you over at the fight at San Marcial." Grady said Cox replied: "I could have killed all of them. I have more nerve than any of them."

The prisoner was held for the district court, Judge Barringer placing the bond at \$1,750.00 which had not been furnished at the time of going to press. Disposition of Cox is being handled by Attorney J. Benson Newell. Cox is represented by Attorney J. L. Lawson.

## TALKING OLD TIMES OVER

By DOUGLAS MALLOCH

THERE'S lots of ways these latter days

To talk things together, With cabarets, and picture plays, And books and stocks, and weather.

Now, I have been, like lots of men, Considered quite a rover, But now and then friends meet again

And talk the old times over. I met Jim Brown, of great renown, Who used to be my teacher, And also down in Middletown

I ran across our preacher, Who couples spiced and sermons spiced, With laughter for his leaven, To whom the Christ of old sufficed, The same old hope of heaven.

Yes, here and there and every-where You're always meeting some one Who used to share your hours of care

When care would overcome one, New friends are fine, to dance, to dine, And now we're all in clover, But richer wine old friends of mine

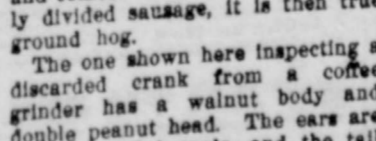

To talk the old times over. (© 1931, Douglas Malloch.)—WNU Service

## NUTTY NATURAL HISTORY

BY HUGH HUTTON

## THE COFFEE GROUND HOG

HERE is a very interesting species of swine found in the vicinity of Santos, Brazil, where the better grades of coffee grounds are grown. They are quite a pest to the plantation owners, as they delight in uprooting the young coffee-ground trees to nibble the fruit. Automatic coffee grinders are set as traps for the creatures, and when one enters such a trap

and comes out the other end as finely divided sausage, it is then true ground hog.

The one shown here inspecting a discarded crank from a coffee grinder has a walnut body and double peanut head. The ears are split almost kernels, and the tail is a pin that has been run through a washing machine several times to give it the kinky effect. The legs are cloves, and to them are attached the split navy bean feet.

## "BREEZY" COX HELD FOR DISTRICT COURT UNDER \$1750 BOND

The preliminary hearing of "Breezy" Cox, charged with complicity in the robbery of the Tucson State Bank was held Monday morning of last week at 10:00 o'clock before Justice of the Peace W. M. Barringer in Alamogordo.

During the proceedings five witnesses for the prosecution failed to identify Cox, as one of the hold-up men, and one could not make his identification positive.

R. T. Spence, cashier of the bank related the story of the robbery, but could not identify Cox as one of the two men who made the hold-up. Mr. Hubbard, a customer, in the bank at the time of the robbery, also failed to do so.

Mr. Spence, however, identified some clothing found, as having been worn by the robbers.

Emmett Bannerman, a trapper of the U. S. Biological Survey, who furnished supper and a bed for the three robbers in the San Mateo mountains the night before the Ford car belonging to Charles Wally, of Dusty, was taken heavier across the shoulders the robber who stole his horse and saddle.

Drew Henderson, who lived as a neighbor to Cox in the San Mateo mountains for five years, two years ago, testified that one of the robbers came to his home and tried to buy his automobile. When he refused to sell, the man told him he could either sell it or they would take it anyway. The robber told him not to get the keys from the car, for he would get them back again.

Henderson said he has made up his "own mind" that the man was "Breezy" Cox, but would not positively identify him.

During the hearing, continued Monday afternoon, two hats and a coat were introduced. These were found in a bed roll in the Chevrolet car hastily abandoned when the bandits were surrounded in camp in the foothills of the San Mateo mountains. One of the hats had "Breezy" written on the band with an indelible pencil. A wire to the John Station factory brought an answer that this hat was sold to the man's shop at Safford, Arizona.

The man's shop brand had been taken from the band. The men's owner could not remember who that hat was sold but Grady said Cox had a "ten gal" hat there for cleaning at the time of his arrest.

Wednesday forenoon, the hearing was continued, after the arrest of Sheriff Harvey F. Grady, of Coconino county, Arizona, who Grady brought in fifty-dollar bills, and a 32-20 caliber revolver, taken from Cox at the time of his arrest. The hearing was placed in the Alamogordo bank, pending its further

# RESUME OF ACTIVITIES OF THE ARTESIA HIGH SCHOOL YEAR '30-31

The year started off with football holding the spotlight. After a two weeks' training camp at Roswell the boys were in condition for a game but the first game of the season came on September 19th. Artesia played hard luck football last season, never seeming to get underway until Thanksgiving day, when Carlsbad was trounced to the tune of 25-7. Many coaches over the state say Artesia had a state championship team Thanksgiving day.

Next in order was basketball, in which Artesia experienced the best season in history. Undeatable in Pecos valley competition, Artesia continued her winning way at the District Tournament at Roswell. On March 13, Artesia met St. Michael's College, "Horsemen," in the first game of the state tournament for both teams and was eliminated from the race by a score of 21 to 20. The local Rotary club sponsored a high school essay contest. The subject: "The League of Nations as a Factor in World Peace." Donald Cowan, won first place; Ila Walker, second; Lonnie Bogard, third. The Legion Auxiliary also sponsored a similar contest, with Helen Funk winning first place.

In the first track meet of the season, Artesia defeated Carlsbad in a dual meet 62 to 60. The following Friday defeating Roswell 75 to 47. In the invitation meet held at the Institute, the senior track team did not make such a good showing, but the junior team ran wild, to win an overwhelming score. At the state meet in Albuquerque, Orvil Gray won first in 880 yard run; Dorris Ransbarger won third in low hurdles, for a total of seven points, making Artesia rank seventh in the state track and field meet.

A local high school debating prize was offered for the best debating team in high school. The five-dollar gold pieces going to Ila Walker and Tom Hoffman. Next in order was the district typing contest. Artesia made a clean sweep of the novice class: Miss Opal Neatherlin, first; Miss Elizabeth Gage, second; Lonnie Bogard, third; and Miss Mary Corbin, third in amateur class to win the large trophy formerly held by Carlsbad.

In the district music meet, Artesia won first in everything entered except in piano and violin. At the state music meet in Lay Cruces, Artesia placed in every event entered with the exception of piano. The orchestra, directed by Prof. E. L. Harp, won first prize.

In football, twenty-three men lettered; basketball, ten men; track, ten men; junior athletics, fifteen men. A total of nine trophies have been won during the year 1930-31 by the Artesia students. First prize trophy at district basketball tournament, trophy for selling most season tickets for basketball tournament; large trophy donated by Artesia Chamber of Commerce was won by typing students; one trophy at county track meet; three trophies at state music meet; two won by junior trackmen at Institute meet.

Wayne Hornbaker was awarded first prize, \$20 gold piece for best essay in the state turned in to the American Chemical Society on the subject of "Chemistry." The University of New Mexico gave an award to Donald Cowan as best all-around student in the Senior class. This was based largely on scholarship, remainder being based on leadership and participation in school activities. Two other awards are from the National Scholarship Society of Secondary Schools. This society makes awards to students lettering in one or more major sports and whose scholastic average is above the average of the school. Herman Jones and Roland McLean are the new members for this year.

## CARBON PAPER—The Advocate USELESS MOTOR NOISES

No person might just as well go for a ride with Typhoid Mary or some other typhoid carrier," says Edward Fisher Brown, director of the noise abatement commission of New York, "as to ride in a car which squeaked, rattled or hummed. Few people realize that a noisy automobile makes more racket than thunder does at a distance of one to three miles." According to Mr. Brown, noise injures health and research has shown that excessive noise causes deafness, nervous disorders and sometimes sudden death.

Although not generally known, many oil companies have been quietly at work to remove the noise menace from automobiles. Foremost among these is the Texaco company which maintains a research department devoted to aiding the motoring public. A year ago this company's scientists developed a crack-proof motor oil, the principal characteristic being that it makes noisy motors run quiet, while lubricating efficiently at the same time causes all squeaks and rattles to disappear. Thus, in fighting the noise menace, the oil companies are obviously contributing to the life of an automobile and according to themselves at least are making a comfort even beyond that afforded by luxuriously appointed limousines, and the speed given by high powered sport cars.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock. —The Advocate.

# THE COMMUNITY AND ITS BANKS

By ROME C. STEPHENSON  
President American Bankers Association

WHILE upon the individual banker there rests without qualification the direct responsibility for the prudent, honest conduct of their institutions, nevertheless the soundness of banking as a practical matter of fact is a community problem in which the public has a part to play as well as bankers and government officers who supervise the banks.

In the first place, the assets of a bank, outside its government bonds, consist mainly of loans to business men and of investments in securities created by corporate enterprises. The deposits of a bank are not kept in the vaults as idle cash but are employed in these loans and investments to earn the money to pay the expenses of the bank so that it can render services to its customers and also pay them interest on such deposits as bear interest. If there were no such thing as unsound business men or enterprises there would be no such thing as unsound assets in a bank.

It is of course the unquestioned duty of the banker to choose only sound loans and investments, but the difficulty of such judgment, and the human judgment is never infallible, is plainly increased in such times and under such conditions as we have been passing through, with many businesses not making expected earnings and therefore hampered in meeting their obligations. Unfortunately some investments and loans created by persons outside the banks which found their way into the banks in a relatively few instances have reflected the unwise business policies and conditions that became more than usually prevalent in our business activities and contributed to the difficulty of banking. The vast bulk of bank assets, however, are 100 per cent sound above all question.

"Hard Boiled" vs. "Easy" Banker is another aspect of the people of the community have a part to play in maintaining the soundness of their banks, and that is through the medium of patronage. The existence of a bank is dependent on public patronage. If only those banks were patronized in which the most careful policies were practiced and the most conscientious and able men in charge, it would go far toward maintaining the standards of banking. If business men in a community when refused loans by their banks for good and sufficient reasons because conditions are not favorable, thereupon withdraw their business to banks where less careful methods prevail, they clearly contribute to the creation of less sound banking.

Also, in the heat of competition, a banker offers higher interest rates or more free service to attract customers than the earnings of conservative banking justify, and is encouraged by the patronage of the public as against a more conservative bank, obviously the public is again playing a part in bringing about a less sound banking situation. It is an unfortunate fact that the banker who is strict, "hard-boiled" if you please, is liable to be less popular than the "easy" banker, and by that same token the public itself has a voice in influencing the character of banking.

Still again the public can exert an influence in shaping the character of banking by supporting the purposes of bankers to maintain intelligent, independent, honest banking supervision by the public banking departments through insisting that this function of government shall be kept as free from political influence as the judiciary itself and shall be manned only by men of the highest ability and character.

In still another way can the people themselves contribute to maintaining the ability of their banks to meet their obligations, and this is by granting them the fullest possible confidence. As I said, the deposits are not kept as cash but are invested in loans and securities. Even the soundest assets of this type require some time to recover at full value into cash deposits. In many cases of bank troubles the only thing wrong with a bank was an unduly suspicious and apprehensive state of mind in its customers created by no act or condition of its own but by baseless rumors which sometimes led them to destroy the value of their own deposits by demanding them immediately, forcing a bank to sacrifice its assets and otherwise disrupt its operations.

## Bankers Help

During the year 1930 the Bankers' Association of Langlade County, Wisconsin, worked out the finances for a cooperative milk plant, which entailed the raising of \$100,000, and also sponsored an active 4-H-Club campaign that culminated in an "Achievement Day" program, in which upwards of 400 young people participated. The increase in the number interested was 200 per cent.

ENGRAVING—THE ADVOCATE

# MOHAIR-GOAT RAISING NATION'S YOUNGEST AND FASTEST GROWING ANIMAL INDUSTRY

## Every State Now Has Some Angoras

IF YOU are accustomed to think of the angora goat as one of those queer "furrin' animals" that you would have to go abroad to see in his native habitat, it may come with surprise to learn that there are more angora goats right here in the United States than in any other country in the world, and that consequently this country leads the world in its output of mohair, the fleece of the angora.

The year '40 which saw the great gold rush to California also was the occasion for the entry of nine inconspicuous immigrants, the first angora goats to be brought into this country. Evidently they found their surroundings congenial, for they flourished and multiplied and sent for a lot of their relatives to join them, until now there are fully three and a half million of these useful creatures here, clearing off the brush land, increasing grain yield, and at the same time producing a total clip of 17,000,000 pounds of mohair yearly. Every state in the Union has at least a

few members of the family, but the great bulk is centered in Texas, Arizona, Oregon, New Mexico, California and Missouri.

Mohair or angora fleece must not be confused with wool. Mohair is even stronger than wool, very lustrous and, due to its structural difference, much easier than wool to keep clean. Mohair has many uses for clothing, draperies, rugs and other domestic applications, but by far its most significant uses are for furniture and automobile upholstery, for which it is made up into a pile fabric called mohair velvet or sometimes velmo for short. Twelve million yards of this fabric are in use in passenger trains today, due to its extreme durability combined with pleasing appearance and fadeless dyes, while over a hundred million yards it has been estimated, are on the highways in the form of automobile upholstery.

The skin of the angora is used for making gloves while the meat, called caviar, is much like lamb or mutton. But, of course, by far the most important use of the angora goat is its mohair fleece which you probably rest on every time you take out your car.

# HINKLE GIVES OUT OIL LEASING RULES UNDER RECENT LAW

SANTA FE—New Rules and regulations governing leasing of oil and gas lands under house bill No. 126 of the last session of the legislature were made public by Land Commissioner James F. Hinkle last Friday.

The permanent lease form provides for a five year rental with an option of a second five years at double the primary rental.

Legal owners of leases issued prior to March 12, 1929, if not in default of any provisions, may relinquish them to the state and receive a new lease primary term of which shall be the unexpired time of the original lease and as long thereafter as oil or gas in paying quantities is produced.

The rules provide that lands lying within three miles of a commercially productive oil or gas well will not be leased except upon sealed bids or public auction.

## IT HAPPENED IN ARKANSAS

Speedy justice developed in Arkansas recently, according to an exchange when Will Gibson committed murder on January 11th, was arrested on January 12th, was tried in open court on January 13th. The jury brought in a verdict late January 14th, giving him a life sentence. Early January 15th, he died at the outskirts of the town, with a case of "hemp-neck." He was buried January 16th and was forgotten January 17th. His widow was married January 18th to the husband of the woman who Gibson murdered and for which he was tried and convicted.

"Being hugged by a fortune hunter," says Ophelia Ophelia, "is just another way of being pressed for money."

## DEATH OF MRS. ARNOLD

The death of Mrs. William (Bill) Arnold at the home of her daughter, Mrs. Flora Davis in Loving last Friday marks the passing of one of the oldest settlers of this section. Mrs. Arnold, who was then Mrs. Hogg, came to this country with her family some fifty years ago, and settled on the ranch, just north of the Day ranch, later known as the Day ranch. Later they lived on a ranch west of Lakewood. Selling that they moved to Loving to make her home with her daughter, Mr. Arnold having passed away in the meantime.

The funeral of Mrs. Arnold occurred at Carlsbad on Saturday and was attended by her daughters, Mrs. Elmer Keithly of Hot Springs, this state, Mrs. J. A.

Wilburn of El Paso, Rude Wilcox, a grandson, of Artesia and Mrs. Allen Nelson, a granddaughter, of Portales. George Wilcox, a grandson, had been at her bedside the day before. Another grandson, Luther Wilcox is a resident of Carlsbad.

Mrs. Arnold, who was eighty-one years old, fell last October and broke her arm. While the bones knit, she never recovered from the accident and was bedfast until the time of her death.

**Let's have a SHOWDOWN on this matter of TIRE COMPARISONS**

WITH all the conflicting claims published about tires, it is obvious that misleading statements are being made. The only conclusion that you as a tire buyer can draw is that either we, as Firestone Dealers, are misrepresenting Firestone products, or that a certain mail order house is not telling the truth about theirs. Both can't be right—one or the other is misleading the public by their comparisons.

Firestone, in their advertising, only make comparisons that can be easily verified by the customer before buying tires. To attempt to substantiate the comparisons made by this mail order house, it would be necessary to go into a laboratory and employ experts.

The very reason that the comparisons made in Firestone advertising enable you to get the facts yourself, make it unnecessary for Mr. Firestone to make affidavit on the truth of his statements or to file any complaint with the Federal Trade Commission, and then advertise it, in an attempt to lead the public to believe his statements were true.

Mr. Firestone doesn't ask you to accept comparisons about Firestone Tires and special brand mail order tires until you see the facts yourself. Neither do we. All we ask is that you make your own comparison.

We have cross sections cut from special brand mail order tires purchased from stocks of mail order house and from Firestone Tires—no "tricky" or misleading comparisons—come in today and make your own comparisons for Quality, Construction, and Prices. YOU and YOU ALONE be the judge!

### COMPARE CONSTRUCTION

Firestone Gives You	4.50-21 TIRE

**NOTICE OF APPLICATION FOR POTASH LEASES**

Notice is hereby given that in pursuance of the act of Congress approved February 7, 1927, The United States Potash Company, whose post-office address is 598 Madison Avenue, New York, N. Y. and Box 818, Carlsbad, New Mexico, has made application for potash leases covering the following described lands:

**LEASE "A"**  
Lots 2, 3, 4, 5, 6, 7, 8, 9, 13, 14, and 15, of section 6, Town- ship 21 South, Range 30 East. Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 of Section 1, Township 21 South, Range 29 East. S½ of Section 35; and S½ and NE¼ of Section 25, Township 20 South, Range 30 East. W½ and W¼ of SE¼ of Section 30; N¼ and the SW¼ and the NW¼ of the SE¼ of Section 31, Township 20 South, Range 31 East, containing 2,524.08 acres, more or less.

**LEASE "B"**  
NE¼ and E½ of SE¼ of Section 30; All Sections 28 and 29; N¼ and SE¼ and E½ of SW¼ of Section 33, Township 20 South, Range 31 East. Lots 3, 4, 5, 6, 11, 12, 13 and 14 and the NE¼ of SW¼ Section 3, Township 21 South, Range 30 East. Lots 9, 15 and 16 of Section 4, Township 21 South, Range 30 East, containing 2,551.66 acres, more or less.

**LEASE "C"**  
SW¼ of NE¼ of Section 14, Township 21 South, Range 29 East; N¼ of N¼ of Section 22; N¼ of N¼ of Section 23; year.

Dr. Don Carlos Leiva, charge d'affaires, of the El Salvador Legation here, was beaten in a battle with burglars who he discovered in the act of stealing liquor from the Legation. At a hospital, to which he was taken, he received assurances from Secretary Stimson that intensive efforts would be made to capture his assailants. Although seven- teen stitches were taken in his head, his condition is said not to be serious. The American govern- ment is now confronted with the intricate diplomatic problem of replacing \$300 worth of liquors and an investigation to determine whether Washington police are giving foreign envoys proper protection was ordered by Secretary Stimson.

He is known to labor and has had of the organized rail- ees. Should Ohio re- ke an earnest fight kership it is believed at it would make it fficult for either Rep- Bertrand H. Snell, of Representative John of Connecticut, to get on.

**CURIOUS FACTS ABOUT YOUR CAR AND ITS GAS**

That liquid in the fuel tank of your car once was a commodity. Now it represents one of the most lucrative sources of income known to government and bootleggers. It is worth on the average, 3.98 cents in taxes per gallon. It provides an annual income to govern- ment in the form of gasoline taxes which already approximate \$500,000,000 and probably will be near if not above \$600,000,000 in 1931. Additional millions go to the boot- leggers.

The gasoline tax is only 12 years old, but in that brief period it has increased the annual cost of motoring by hundreds of mil- lions of dollars yearly. Once the tax was one cent per gallon. Now it ranges from two to six cents. Back in 1919 the average price of gasoline was around 24 cents per gallon, to-day it is around 13 cents. Back in 1919 re- finers obtained only 11 gallons, or 25 per cent, gasoline from a 42- gallon barrel of crude oil. To-day they are getting 18 gallons, or 42 per cent. That explains one reason for the decline in gasoline prices. Back in 1919 the average price, plus tax, was about 25 cents a gallon, the tax adding only .0008 cents. Today the average price, plus tax, is about 18 cents, the tax adding 3.98 cents.

N¼ of NW¼ and W¼ of NE¼ and SE¼ of NE¼ of Section 24, Township 21 South, Range 29 East. Lots 3, 4, and SE¼ of NW¼ and NE¼ of Section 19; N¼ of N¼ of Section 20; S½ and E½ of NE¼ and SW¼ of NE¼ of Section 17; S½ of SE¼ and NE¼ of SE¼ of Section 18, Township 21 South, Range 30 East. E½ and S½ of SW¼ of Section 9; W¼ of Section 10; SE¼ of Section 4; S½ of SW¼ and NW¼ of SW¼ of Section 3, Township 21 South, Range 30 East, containing 2,532.85 acres, more or less.

Said application will be sub- mitted to the Commissioner of the General Land Office within 30 days from May 14, 1931, and any and all persons claiming adversely any of the described lands are re- quired to file their claims in this office on or before said date, otherwise their claims will be dis- regarded in the granting of said lease.

Other applications for lease of the described lands may be filed at any time prior to said date, in which case all applications so filed will be considered as pre- scribed by section 15 of the potash regulations. V. B. MAY, 21-6t Register.

**LOCALS**

Miss Mary Catherine Coffin was in town from Hope Monday.

Mr. and Mrs. Harry Carder and Mrs. Beulah Jones drove to Carls- bad Monday.

Saturday will be poppy day. Honor the dead and serve the living by wearing a memorial poppy.

Marlin Traylor secured a job working on the highway between Portales and Clovis and left for that point the last of the week.

Mr. and Mrs. Bert Shipp have moved into the bungalow on east Dallas, which he bought some months ago from E. M. Hoose.

Mr. and Mrs. F. W. Sewell drove over from Hobbs Sunday after Mrs. A. L. Mount, who accom- panied them home for a few days' stay.

Mrs. A. T. Woods and daughter, Virginia, left Friday morning for San Antonio, Texas to bring home Miss Emily Woods, who graduated from high school this week. They expect to return home next week.

Mr. and Mrs. E. T. Jernigan, Miss Elsie and Melvin Jernigan, and Miss Ruth French drove to Clovis to spend Sunday with relatives and friends. All returned the same day, except Melvin, who remained for a week's visit.

Mrs. Shearman and daughter, Miss Grace, came down from Ros- well to attend the eighth grade commencement, in which John Shearman, Jr., was a graduate. Mrs. Shearman spent the rest of the week with her son, John, and family, but Miss Grace returned home after a short stay.

Mr. and Mrs. A. L. Allinger drove over to Herbert, Texas, Sun- day with Mr. Allinger's father, George Allinger, who had been spending the winter with them. They were met at Herbert by an- other son, Irving Allinger, who took his father home with him to Follette, Texas.

**16 COUNTY SCHOOL BUDGETS SLASHED**

SANTA FE—School budgets in 16 counties visited to date by Edu- cational Budget Auditor R. H. Grissom, allow expenditures totaling \$1,268,891 for the next school year, a decrease of \$39,038 from expenditures allowed in these coun- ties for the present year accord- ing to R. F. Asplund, director of the taxpayers association.

Only five counties, Harding, Lin- coln, Guadalupe, Mora and De- Baca show increases. The 11 showing decreases are Chaves, Otero, Quay, Colfax, San Miguel, Union, Curry, Eddy, Lea, Roosevelt and Torrance.

**73 of America's leading business concerns have bought 27,605 Chevrolets**

Prominent among the thousands of concerns using large fleets of Chevrolets are many of the leaders of American industry. In fact, 73 outstanding business firms have purchased a total of 27,605 Chevrolet cars and trucks. And the list is growing every day.

The reason for this preference lies in the unexcelled economy of Chevrolet cars and trucks, as proved by official cost records. These records show that 20 miles to the gallon is a common occurrence among Chevrolet cars. That oil expense is practically negligible. That Chevrolet cars and trucks require only a minimum of service attention. That they give satisfactory low-cost service over exceptionally long periods of time.

Naturally, an automobile with such a fine record of economy represents an extremely wise investment for any buyer! Especially so, when you consider the many advantages that Chevrolet offers above and beyond economy. Come in and learn what these advantages are — what they mean in terms of style, comfort, safety, reliability and value.

## NINE ARE INJURED IN AUTO WRECK ON THE CAVERN ROAD SAT.

Nine persons were injured, two probably seriously, in a triple auto collision in a cloud of dust on the Carlsbad Cavern highway Saturday. Five of the hurt were high school children from Fort Sumner en route with M. P. Carr to the governor's day program in the Carlsbad Caverns.

The accident occurred when Mr. Carr attempted to pass Mr. and Mrs. H. S. Hering, Concord, N. H. tourist and crashed into a truck driven by L. A. West of Carlsbad.

The injured are:

M. P. Carr, Ft. Sumner, lumber and hardware dealer, shoulder broken, badly bruised, possible broken back.

Carmen Carr, his daughter, possible skull fracture, bruises on shoulder, cuts.

Bill Pickle, Ft. Sumner, left hand broken.

Clara Wilmet, Woodrow Dunlap and Otis Rogers of Ft. Sumner, who were also in the Carr auto, cuts and bruises.

Mr. and Mrs. Hering and Mr. West, cuts and bruises.

When the Carr auto and the truck piled into the road, the Hering auto ran into them.

Later reports are that all parties are recovering nicely.

### ROBBERIES IN ROSWELL

Three robberies in Roswell and vicinity in less than 24-hours resulted in loot valued at more than \$1,400.

The robbery of the J. Q. Cummins home, 504 N. Kentucky Avenue, early Monday night climaxed the series of robberies. Clothing, jewelry and cash valued at more than \$700 was taken.

The other robberies were at the Burrows Filling Station on East Second street, where thieves took \$700 in cash, and the robbery of \$40 from the A. F. Fike apartment at the Bass hotel, Second and Virginia streets. Both occurred some time Sunday night.

### TELEPHONE OFFICIALS HERE

Four officials of the Mountain State Telephone Co., were here this week on a business visit to the local exchange. They were C. A. Crapo, building engineer and Mr. Fisher, traffic equipment engineer, both of Denver and W. P. Kissell, state plant superintendent and M. E. Bates, state traffic superintendent, both of El Paso.

### Buried Family Plate

At Christie's there was sold a magnificent service of Armada plate which fetched \$11,500. This belonged originally to Sir Christopher Harris, a Devonshire knight, who lived in the reign of James I. Facing a Spanish invasion, he buried his plate in a cave on the edge of Dartmoor, where it lay for more than two hundred years, when it was found by some laborers who opened up the cave to make a store for potatoes.—London Mail.

### TYPEWRITERS

New Woodstocks, Coronas, and Remingtons, Rebuilt in all other makes at The Advocate.

### PRESBYTERIAN CONFERENCE

Last week Rev. John P. Sinclair and Rev. A. G. Tozer of Carlsbad were at the Presbyterian summer conference grounds helping with other ministers and laymen to prepare for the forthcoming Synod and conference which will convene from June 22nd to 29th. This camp is situated on the old Ellis ranch in the Sandias Mountains about thirty miles from Albuquerque and is at an altitude of 8,300 feet above sea level. The conference grounds were commenced four years ago and now there is a splendid equipment. In addition to the labor of building which has all been donated by ministers and others, over \$15,000 of Presbyterian money has been put into the property. A new dormitory, dining room and cook's house is being constructed. The camp will accommodate 300 people. The Presbyterian conference is a three sided affair, the Synod of New Mexico, the Women's Synodical Missionary Society and the Young People's Conference which will all meet at the same time. Rev. LeRoy Thompson of Roswell is the dean of the Young People's Conference and the teachers this year will include outstanding leaders such as President John H. Burma of the Trinity University, Waxahatchie, Texas, and Dr. George Arnold, Synodical executive of Kansas. A new road is being constructed by the forest service from the Loop Drive into the grounds and just last week thru the kindness of George Dayton of Minneapolis, Minnesota, a Delco light plant is being purchased which will ensure electric light throughout the camp. Great credit for the excellent equipment of the camp is due to the Rev. Ralph J. Hall who has raised quite a large proportion of the money with which to buy the building material. Mr. Hall is favorably known to the Artesia people as the "Cowboy Missionary."

The conference grounds will, also be used by the following organizations, the Christian church, the Methodist church, the Y. M. C. A. and Y. W. C. A.

### THE FIRST AMERICAN WOUNDED IN WORLD WAR KILLED BY WIFE

NEW ORLEANS—E. Bougligny 43, a photographer, officially designated the first American wounded in the world war was shot and killed Monday by his wife, Mrs. Delia Bougligny, 37, at their apartment in the French quarter.

Mrs. Bougligny said she shot her husband as a climax to years of quarreling and threats against her life. She asserted he was advancing toward her with clenched fists, when she fired. One of the three bullets struck him in the head. He walked out of the apartment, down a 25-foot stairway and into the alley. There he fell.

Bougligny was acclaimed a hero on his return to New Orleans after the World War.

While a member of the Lafayette Escadrille, he was shot four times.

Lewis Story and small daughter drove to El Paso Tuesday and returned yesterday.

S. S. Ward and daughter, Miss Jack left Saturday for a trip to Mexico City, with the Panhandle Boosters' club of Amarillo, Texas.

## THE SANTA FE RY. TO PICK UP AND MAKE DELIVERY ON FREIGHT

TOPEKA, Kansas—Plans for inauguration of a new service, free truck pickup-and-delivery of freight free of cost to shippers applicable to all agency stations within a radius of approximately 300 miles in the territory involved. For distances greater than 300 miles the railroads will charge shippers 10 cents a hundred for picking up and delivering freight. An allowance of five cents a hundred will be made to the consignee in instances where he performs the pick-up service.

### CONVENTION COMMITTEE MET HERE LAST NIGHT

The convention committee of the American Legion and Auxiliary met at the Chamber of Commerce office last night to discuss plans for entertaining the department convention in August. Every phase of the entertainment was thoroughly discussed and some definite working plans were adopted for the transportation and housing committees. The housing committee, Mrs. Fred Brainard, chairman, will shortly make a house to house canvass to ascertain our facilities for housing the large number of delegates expected to be present. Other committees will begin to function soon in order to assure the success of the convention.

### Early Plowing Favored for Best Soy Bean Crop

As a general rule, the ground should be plowed for soy beans, according to results of tests by the Ohio agricultural experiment station, cited by the farm crops department of the Ohio State university.

"There are a few exceptions to this general rule," says one of the bulletins issued by the experiment station, "as when the soil is naturally loose and when a good seed bed can be prepared by disk-ing."

Experiments at Wooster have yielded 10.58 bushels of grain and 1,805 pounds of straw to the acre on plowed corn stubble land, while plowed corn stubble land yielded 15.78 bushels of grain and 2,062 pounds of straw.

Early plowing is recommended as the better practice, since it gives time for the seed bed to settle and opportunity to kill one crop of weeds before the soy beans are planted. Late plowing in a dry season may leave the soil so loose and dry that germination will be poor and the early growth of the soy beans stunted. Many growers prepare the seed bed for soy beans before that for corn, but do not plant the soy beans until the corn is in the ground.

### Korean Lespedeza Best Sown in Early Spring

Korean lespedeza is best sown in the spring during late March or early April. It may be sown with oats immediately after the seed grain has been covered, or ten days to two weeks later, after the grain crop is up. The time of seeding of wheat may well be delayed until April, after the danger of severe freezes is past. Seedlings should be made, however, before the ground has dried out and while the surface soil is alternately freezing by night and thawing by day. If the sowing is later the wheat ground should be harrowed before the lespedeza seed is put in.

Korean lespedeza establishes itself more quickly where the ground is firm and well packed. For that reason it is more likely to succeed and make a larger growth the first season if sown with wheat rather than with oats. The seed is not difficult to sow and may be distributed by a grass-clover seeder, by a wheelbarrow seeder, or by a grass-clover attachment on a grain drill.

### Head or Heart?

"Lately," informs a Tablet subscriber, "I am importuned, day and night, to subscribe to this and to that. Considering the times, wouldn't it be better to give a bit to each and ask no questions, than to be considered hard-hearted?" "That," answered by quoting Roosevelt, the editor, "we can better believe. He said: 'Hardness of heart is a doubtful quality, but it is doubtful whether it works more damage than softness of head.'"—Exchange.

### FACULTY NEXT YEAR (Continued from first page)

the place of Mrs. Esther Scroggin, resigned. Miss Kathleen Newman of Artesia will have charge of the Spanish room.

Mrs. Florence Morgan, music supervisor; E. L. Harp, orchestra and band; Mrs. Grover Kinder, nurse.

Following is the year's summary of the school health department:

Clinics held	7
Examined at clinics	38
Home visits by nurse	448
Examinations (total)	5862
Weighted and measured	1448
Eyes by Health Officer	615
Eyes by Optometrist	324
General physical	1139
Teeth by Health Officer	1134
Teeth by dentist	28
Tonsils	1144
Heart	28
Defects discovered (total)	890
10% overweight	163
20% overweight	21
Teeth	121
Tonsils	217
Ears	96
Skin	40
Pulmonary	12
Posture	66
Biting Nails	138
Heart	2
General	7
Corrections, (total)	265
10% overweight	87
20% overweight	2
Teeth	44
Tonsils	47
Eyes (glasses)	29
Ears	9
Skin	8
Posture	2
Nails	3
Vaccinated	137
Toxin-Antitoxin	32
Schick test	289

### ROSWELL GIRL KILLED (Continued from first page)

clared that one of the boys had thrown the liquor away following the accident with the explanation, "Here is some they won't get."

Owenby also said that he saw another of the men place a bottle of liquor in his shirt as he went away from the scene of the accident.

A half-gallon jar with a small amount of liquor in it and a half pint bottle with some liquor was found in the car following the wreck, it was said.

When seen in his room at the Amador hotel yesterday morning Durden denied that any liquor had been consumed by any members of the party just before the accident. He did say, however that he had taken several drinks Tuesday morning and said that Irvin Gray, driver of the car, had taken one drink in the morning.

Durden is a former resident of Carlsbad, having for a number of years operated the Carlsbad Current-Argus, first as a weekly and later as a semi-weekly, disposing of his newspaper interests two years ago and has been operating a job printing plant until recently. Durden said that he had been staying in the mountains and had purchased the liquor in question from a bootlegger in the mountains.

"They will probably find some more empty bottles in the car if they look around," Durden said Wednesday morning declaring that practically all of the liquor had been consumed by himself before coming to this city.

No arrests had been made in this case officers said, but an investigation would be made, officers said.

Owenby said that he heard the car coming for several minutes before the accident. He also declared that from the roar of the motor he knew that the car was traveling at high speed. He estimated the speed at fifty miles an hour while Miss Smith said that she thought they were going 35 miles an hour when the car plunged into the loaded wagon.

Both the car and the wagon were traveling toward Roswell at the time of the accident. Owenby said that another car, traveling south, passed him just at the instant the Durden car plunged into his wagon. The Gray boys and Durden said that the car traveling south, believed to have been a Chevrolet and which did not stop, side-swiped their car. Owenby, however said this did not happen.

Both the Studebaker and the wagon were completely wrecked. Miss Fields was pinned underneath the car when it overturned and was badly crushed on the left side of the head. Mrs. Owenby and a baby six months of age in her arms were thrown from the wagon as a result of the compact and fell under the feet of the horses. Neither sustained serious injury.

Those who were at the scene of the wreck first said Durden appeared drunk and that Irvin Gray, driver of the car, had been drinking.

"I would not say Gray was drunk, but he had been drinking," those at the scene of the wreck immediately after the crash said.

The accident occurred about 8:30 o'clock Tuesday night and Miss Fields died just at 9:00 o'clock after being rushed to the hospital.

Owenby was on his way to this city with a load of furniture from his farm. The Durden car, from the marks on the highway, struck the wagon at the left rear wheel and overturned to the east, facing back south.

Attendants at a filling station and garage said that the three men attempted to cash a check and were refused.

Durden at this time was acting in a peculiar way, they said, and Gray was at the wheel.

Durden was on his way to this city and the assertion that the boys and himself had not been drinking before the wreck.

Durden is reported to have left Roswell Wednesday on the north bound train.

### MOON AND MULLIS TALK (Continued from first page)

incurred in the organization of the district and in the performance of the duties of the organization, which is the plugging and repairing of artesian wells. The commissioners shall draft an election code for the purpose of electing five directors who shall be elected by the property owners in the five district which are herein and after provided for. No person can serve as a director that is not a property owner within the district in which he lives. At no time can there be more than a five mill tax levy laid against the property in one year. Ownership and valuation will be arrived at by the now existent tax roll.

### BABY BORN ON TUESDAY NEAR ALBUQUERQUE

A black haired baby girl was born early morning on the El Paso train shortly before arriving in Albuquerque. Part of the smother was turned into a hospital.

At Albuquerque, Mrs. Christine Hernandez, New Mexico, and her daughter were taken to the hospital. A two day old daughter who was the mother was taken to the hospital. Mrs. Hernandez is able to continue her stay in the hospital.

It was impossible to identify the baby with her mother, Anderson, veteran Santa Fe, who has offspring other births on his past assisted Dr. Williams.

After removal of the and baby to the hospital, both announced that they both doing fine.

Members of the hospital said that Mrs. Hernandez two year old daughter, their way from Hope, Wyoming. It was her husband, but her husband, no identification was obtained from Mrs. Hernandez.

Sisters at St. Anne's take care of the child until the journey is over. It was believed that Mrs. Hernandez was able to return journey next week.

Claude Fathere, of the as, was in town yesterday calling upon old acquaintances. He was party of friends on the go thru the Carlsbad Caverns.
