BOY BURNED WHEN KNOCKED OUT OF A TREE BY 6,600 VOLTS

The small son of Mr. and Mrs. W. E. Smith, who live about four miles south of town was painfully injured Sunday when he came in contact with a 6,600 volt wire of the Southwestern Public Service Co. It is rather miraculous that the lad was not fatally injured. He had climbed a tree and touched the wire in some manner. The shock burned his arm and leg and knocked him from the tree. He is recovering nicely according to the last report of the attending physician, Dr. C. L. Womack.

FEDERAL COURT OPENS AT ROSWELL SEPT. 20

A regular session of United States court for the district of New Mexico will be held in Roswell beginning on September 20th, day.

Federal Judge Colin Neblett will preside over the session which is expected to last several weeks. Both grand and petit jury will be called for the term which will dispose of a number of criminal and civil cases.

RIGGING UP ON TEST OF LOCAL AREA--TWO HOBBS WELLS TESTED

Leonard and Levers are rigging up for another gas test in the northeastern portion of the Artesia field. The new well will be located about a quarter of a mile east of the State No. 7 and is known as the State No. 8 in sec. 19-17-30. The Kaiser No. 1 of W. A. Scott in the NW SE sec. 7-18-27, was reported shut down yesterday at 1,082 feet after developing two oil shows below 1,000 feet. It is understood the operators plan to drill the well deeper. The F. W. & Y. Oil Co. is drilling below 750 feet on its State No. 63 in the SENW sec. 10-19-28.

The proration gauge of the Turner No. 29 of the Midwest Refining Co., in the Hobbs Township, NW 1/4 sec. 34-18-38, completed last week at a depth of 4,180 feet was somewhat disappointing. The well failed to flow through the open casing, but tested at the rate of 3,010 barrels through a two inch tubing.

Officials of the Gypsy Oil Co. decided to drill deeper in their Graham No. 2 in the NE corner sec. 24-18-37, after a short test at 4,190 feet. The Graham No. 2 is located in the northeastern portion of the Hobbs field and its progress will be watched with interest.

REGISTERATION IS STILL SHORT OF THE USUAL NUMBER VOTES

Approximately 1,000 voters had been registered in the Artesia precinct at the close of the registration period last Saturday, afternoon. This number represents a gain of 200 votes over the close of the first registration, July 29th and 30th. Party officials, however call attention to the fact that this precinct is still several hundred votes short of the usual strength and have joined in an appeal to urge that all voters register at once. Only two Saturdays remain to register. You Saturday or in the November election unless your name appears on the registration books.

Voters should also hold in mind that the city or municipal elections have no connection with the general election. The fact that you may have voted in the last city election does not mean that your name is on the registration books. And again your name may have been inadvertently omitted from the registration books in the last general election. The only safe course for anyone who expects to vote in the November election is to go to the place of registration in person and see that your name appears on the registration list.

UNITIZATION MEETING IN DALLAS AUG. 15th

Hobbs operators will meet in Dallas, Texas on August 15th to discuss further plans for the unitization of the Hobbs pool in Lea county, it was announced here this morning.

TANK SHIPMENT OF BASS

The first tank shipment of bass made from Dexter fish hatchery went out Saturday to Elephant Butte Lake. The shipment consisted of 25,000 to 30,000 large mouth black bass.

A PAIR OF COTTON SCALES CAUSES LOSS WOMAN'S RIGHT EYE

Mrs. Josephine Adkins, mother of E. E. Adkins, suffered the loss of her right eye in an accident Tuesday evening at the Adkins farm. Mrs. Adkins had gone to the barn about 6:30 o'clock and was engaged in doing up the chores when called by the children. It was evidently too dark in the barn for proper vision and she was attempting to get out of the barn. Mrs. Adkins ran against the sharp end of a pair of cotton scales. The blow burst the right eye ball, it was understood, making it necessary to remove the eye. Mrs. Adkins was rushed to Roswell and underwent an operation for the removal of her eye about 10:30 Tuesday evening at the St. Mary's hospital. The patient was doing nicely at the last report.

W. E. Goodloe of Amarillo, Texas, general freight agent of the Santa Fe, stopped off here yesterday on an inspection trip down the valley.

Another Well Is Plugged and Rig Moved to Next

Flow Of Second Well On Bailey Farm Stopped After Pumping In 400 Yards Of Mud — No Cement Cap Used.

The second abandoned artesian well on the Bailey farm in the Upper Cottonwood has been successfully plugged. Myron Brunning and drilling crew finished the plugging operations Saturday after pumping 400 yards of mud into the hole. Drillers experienced difficulty in getting into the hole and owing to the condition of the well more mud was used in the last well than in the first plugged some ten days or two weeks previous. Mud only was used in plugging this well. No cement was placed in the hole. Mr. Brunning operator of the rig is of the opinion that the pressure of the mud will be ample to hold back the water.

Estimates said the two wells were wasting approximately 2,250 gallons of water per minute.

The Brunning drilling crew has moved the rig and set up over an abandoned well on the A. D. Hill farm, about a half mile east of the Hill residence.

40 INCHES OF RAIN FALLS YESTERDAY

Approximately 40 inches of rain fell here yesterday afternoon about 3:20 o'clock. The rain was a torrential downpour for about five minutes and flooded a few streets. The moisture extended only a few miles west of town and grew lighter as it traveled to the southwest. More moisture is in prospect for today as The Advocate goes to press.

CHAMBER OF COMMERCE LUNCHEON ON 17th

Members of the Artesia Chamber of Commerce are reminded of the monthly luncheon of this organization which will occur at the roof garden of the Artesia hotel on Wednesday, August 17th. Important business will be discussed at the luncheon and the attendance of every business man and every member is urged.

REGISTERATION IS STILL SHORT OF THE USUAL NUMBER VOTES

Approximately 1,000 voters had been registered in the Artesia precinct at the close of the registration period last Saturday, afternoon. This number represents a gain of 200 votes over the close of the first registration, July 29th and 30th. Party officials, however call attention to the fact that this precinct is still several hundred votes short of the usual strength and have joined in an appeal to urge that all voters register at once. Only two Saturdays remain to register. You Saturday or in the November election unless your name appears on the registration books.

Voters should also hold in mind that the city or municipal elections have no connection with the general election. The fact that you may have voted in the last city election does not mean that your name is on the registration books. And again your name may have been inadvertently omitted from the registration books in the last general election. The only safe course for anyone who expects to vote in the November election is to go to the place of registration in person and see that your name appears on the registration list.

MOUNTAIN LETTUCE

A good quality of mountain lettuce from the Mayhill section is being marketed in Artesia this week. The recent crop from the mountains has been moving for several days. The recent offerings are considerably improved in quality over the first to be marketed.

LIGHTNING KIND TO FARMER--IT ONLY RIPS TROUSER LEG

Lightning knocked out two farmers southwest of town yesterday afternoon at about 3:20 o'clock. The men, Henry F. White and W. P. Porch were sitting beside the White residence on the Wilde farm southwest of town, when a storm cloud approached. They decided to go into the house when lightning struck knocking both men to the ground. According to information gathered by an Advocate reporter the men were rendered unconscious for a period of eight to ten minutes, but suffered no ill effects from the experience except a severe shock. The trousers of Mr. Porch were ripped down one leg, but strangely enough he escaped a burn.

G. C. ROBERSON IS UNDER ARREST FOR OPERATING A STILL

G. C. Roberson, a resident of the Cottonwood community, living on the Porter farm, a mile over the county line was arrested Monday morning on charge of possession of intoxicating liquor. When arrested Roberson had a twenty-five gallon still in operation and had run about a gallon and a half of whiskey, officers said. Two barrels of mash were located near the still.

Roberson, officers allege, has been making whiskey for several years and it was only after a long vigil that he was caught. In the raiding party were Federal Officer Neal of Roswell, Carl Gordon and J. M. Jackson of Artesia and E. A. Gary of Roswell. Roberson was taken to Roswell and placed in the Chaves county jail Monday. Tuesday morning he was arraigned before Dan C. Savage, United States Commissioner and plead guilty to possession of a still and other equipment designed for the manufacture of liquor. Bond in the case was fixed at \$750.00 and Roberson was committed to jail on default of same and will await the action of the federal court which convenes in Roswell in September.

FEDERAL FORECAST OF 11,306,000 BALES SENDS COTTON HIGH

WASHINGTON, D. C.—Cotton production this year was estimated Monday by the department of agriculture in its first forecast of the season at 11,306,000 bales of 500 pounds gross weight, as compared with 17,096,000 bales ginned last year.

The forecast was based on the condition of the crop August 1 which was 65.6 per cent of normal, compared with 74.9 a year ago and 66.4 the 10 year average. The indicated yield of lint cotton was announced as 149.6 pounds per acre, as compared with 201 pounds last year and 151.4 pounds the 10 year average.

The estimated total production was determined by application of the indicated acre yield to the acreage in cultivation July 1, which was 37,190,000 acres, less the 10 year average abandonment in each state after that date. The average abandonment for the country for the ten years was 3.1 per cent. The acreage, after deduction of the average state abandonment, is placed at 36,161,000 by the department. The acreage this year is the smallest planted since 1922.

The census bureau announced Monday in its first ginning report of the season that 70,978 running bales counting round as half bales and excluding linters, had been ginned prior to August 1, compared with 7,307 for 1931 and 78,188 for 1930.

The August condition and indicated total production by states include: Texas, 69 and 3,826,000; Oklahoma, 70 and 776,000; New Mexico, 85 and 78,000; Arizona, 91 and 81,000.

ARTESIA POTASH Co. Drilling Eight Miles Southwest

Group Of Local Citizens Hope To Find Shallow Stratum Of Commercial Potash Above 500 Foot Level.

It may interest our readers to know that a test for potash is being made seven or eight miles southwest of Artesia. The test for potash is being financed by the Artesia Potash Co., a group of Artesia citizens. The test well which is being drilled by Gray Coggin and associates is located in the center of sec 8-18-27.

The company hopes to develop a commercial stratum of potash around 450 feet. The test will be drilled to a total depth of 500 feet if commercial production is not found around the 400 foot level. A potash formation found in a well drilled for oil in this area led to the organization of a local company, who sought a permit from the federal government to develop this area.

Should commercial production be developed in this sector, it will be the shallowest potash found in the state and the prospects for a paying proposition are very flattering for this reason.

CUTTING TORCHES ARE RECOVERED

Two sets of cutting torches stolen from the Lovington Gas Co., about a month ago were recovered by Roy Vermillion, night watchman, twenty-seven miles southwest of Roswell Monday afternoon. The torches valued at \$80.00 apiece had been taken to an alleged holdout of a gang of thieves whom officers say have been operating a car theft ring in the Pecos valley.

SUSTAINS BROKEN RIB

W. T. Hendricks of the Flying H ranch sustained a broken rib last week at the ranch when a team he was driving ran away with the wagon and threw him from the wagon. Except for a broken rib he was not seriously hurt.

THE DISTRICT ROTARY CONFERENCE TO BE HELD IN ALBUQUERQUE

The district conference of Rotary International will go to Albuquerque, it was announced at the closing session of the assembly here Saturday. The date of the district conference was not definitely set, but will likely be held the latter part of April or the first part of May. A farewell dinner was given the Rotary representatives Saturday noon. The assembly, which was in reality a school of instruction for the new officers, was presided over by A. O. Bowden of Silver City, district governor.

The most successful assembly in the history of the forty-second district of Rotary International closed here Saturday noon. It was successful both from the standpoint of general interest and attendance, seventy-one visitors and representatives being registered from seventeen clubs in the district outside of Artesia. Two visitors attended the sessions from outside of the district, these being Thurston Rock of New Orleans, Louisiana and Frank U. Bell of Lebanon, New Hampshire.

One of the high points of the assembly was the banquet Friday noon and the feature of the banquet program was the address of Clinton P. Anderson on the "Four Way Challenge of Rotary." It was one of the most inspiring talks heard during the assembly. Mr. Anderson devoted considerable thought to the problem brought about by the change from horse power to automotive power and the change brought about in the industrial world as result. "We have created a wonderful machine, but can not control it," the speaker remarked and in trying to adjust ourselves to a new standard of living. We will face the same condition every time a radical departure is brought about in our method of living. A new

W. Watson Found Dead On His Goat Ranch Sun.

Body Is Found After An Extensive Search Five Miles From The Ranch House—Burial Is Made At Alamogordo.

News was received here Sunday of the death of W. A. Watson, age about 60, which occurred on his goat ranch north of Alamogordo sometime during the day Friday. Mr. Watson, a former resident of the Cottonwood community had moved over to the La Luz section north of Alamogordo several months ago to operate a goat ranch.

His death was quite a shock to friends of the family here, although it was known that Mr. Watson had been in rather poor health for sometime. The story of his death is not an unusual one for that section of the country which is sparsely settled. Mr. Watson it was said left home Friday to attend to a herd of goats. When he failed to return home Friday night, Mrs. Watson grew uneasy and attempted an unsuccessful search for several hours, without results. Saturday morning, Mrs. Watson started for help, but could not start the car. She then walked and carried her infant daughter to Tularosa, a distance of nine miles. A searching party was organized and a hunt started. The body of Mr. Watson was found early Sunday morning about five miles from the ranch house. The position of the body, which was on a large rock, was just as though the deceased was in the act of rolling a cigarette. Mr. Watson had evidently been dead about thirty-six hours when found.

An inquest was held at Tularosa Sunday afternoon. The jury rendered a verdict that the deceased had met his death from natural causes. Funeral services were held Monday morning and burial was made at Alamogordo.

The deceased is survived by a widow, an infant daughter, also by four other daughters, Mrs. Ed. Parnell of the Cottonwood, Mrs. L. A. Carson of Tucumcari; Mrs. Kermit Southard of El Paso and Miss Pauline Watson of El Paso and a son, Albert Watson of East Grand Plains. Mr. Watson is also survived by several brothers and sisters among whom are Ed Watson of Mayhill.

VALLEY COTTON MEN RICHER BY A HALF MILLION ON MONDAY

Based on the government estimate of 11,306 bales of cotton, released Monday, Pecos valley farmers are technically \$598,500.00 richer than they were several months ago when the cotton market hit a low of 4.72. The increase in value of Pecos valley cotton is figured on a production of 45,000 bales, which is less than the total production in 1931. Estimates generally agree that the acreage in the valley has been reduced ten per cent, however, the condition of the crop at this time is slightly better than at the corresponding period of last year. Increase in the cotton seed and its products may account for another \$125,000 raise in the value of cotton.

Buying was consistently stimulated by Monday's report. Cotton and textile mills were considering plans for buying up of surplus supplies held with the assistance of federal farm board financing. December cotton closed Monday up to 7.38 or 104 points above Saturday's closing.

NEW CROP LOANS WILL SOON BE READY

Arrangement will soon be completed for making crop loans under the new act passed by the last congress. Roscoe Kile and Col. A. T. Woods, both of Artesia, attended a field agent's meeting at Albuquerque last week.

Some seem to be under the impression that the granting of the new loans will depend somewhat on the manner the outstanding loans are repaid.

GIRL SCOUTS TO CAMP

Misses Jean Wheatley, Avis Clowe, Lela Bess Mann and Helen Meredith Gates will leave Sunday to attend the last period of Camp Mary White.

POULTRY EXPERT IN EDDY

W. M. Ginn, poultry expert at State College, spent a few days in Eddy county this week, looking over the poultry flocks and giving demonstrations. Tuesday he gave a lecture and demonstration at the N. M. Cunningham home near Carlsbad.

SANTA FE REDUCES RATE ON APPLES

A reduction of approximately 30 per cent in freight rates on apples from Pecos valley points to destinations in Texas and other areas was announced Tuesday at Roswell by the Santa Fe railroad.

The rate cut came simultaneously with the beginning of apple shipments from Roswell—the first carload leaving Roswell Tuesday, and was given added significance in statements of growers anticipating a most successful year for this important valley industry.

Between 350 and 400 cars probably will be shipped out of the valley this year, it was said.

While the rate is not now actually in effect, the announcement said that it would become effective shortly and apple growers said the reduction was one of the greatest things which had happened to the apple growers of the Pecos valley in a number of years.

AVtaempletthe-hsvtergoofre

General condition of the apple crop in this section is slightly below normal, although in the north valley the crop is said to be above the average in both quality and quantity. A short crop of both apples and pears is in prospect in the Sacramento mountain district.

FREIGHT REDUCTION ON COTTON SEED IS REPORTED PROSPECT

A substantial reduction in the freight rates on cotton seed will be placed in effect by the Santa Fe on the Pecos valley division in time to take care of 1932 cotton seed shipments.

While no definite announcement has been made as to what the reduction will be, it was said that several schedules have been worked out and it was definitely announced that the reduction will be "substantial."

Officials of the Santa Fe railroad, it was learned, have been endeavoring for several months to put into effect a reduction in freight rates on cotton seed from producing points in the valley and between the oil mills, located at Loving and Roswell.

The "break" in the rate, it was said, will be made at Hagerman, and will be made to apply from Hagerman north to Roswell and from Hagerman south to Loving.

The new rate, it was pointed out, will mean a big saving to feeders in the Pecos valley and to users of cotton seed cake and various cotton seed products.

ARTESIA SETS PACE ON STREET OILING WITH 156 BLOCKS

A total of 156 blocks of Artesia streets had been oiled up to Saturday morning, a report by City Manager Geo. Frisch states. Only about two more blocks remain to be oiled before the present street improvement program is completed. While the plans of Mayor Clayton and the City Council are not known at this time, additional improvements will likely be made in the future as funds are available.

The improvement program which is practically completed, first started as an experiment some eighteen months ago. The test of time has demonstrated the practicability of the oiled streets. Other towns have become interested in the accomplishments here and will likely follow Artesia's example in many instances.

The oiled streets have proven especially beneficial in stopping the dust. Oil has also proven its worth in creating an impervious surface in shedding water.

THE CHALLENGE

There was a splendid thought brought out by Clinton P. Anderson, president of Rotary International in his address before the Rotary assembly here Friday on the economic situation.

For illustration Mr. Anderson said his father owned a large farm. "We used to raise oats on that farm, but when we supplied tractors for power formerly furnished by horses and mules and auto and trucks for wagons and buggies, we killed our market for oats."

The speaker also referred to the teaching of economics a quarter of a century ago. The economists at the beginning of the twentieth century painted a dark picture with the world dependent on horse and man power to supply the necessities of life.

The trouble with most of us is that we have failed to recognize the changing conditions and instead of studying them we have spent our time bemoaning the fact that things are not what they used to be.

NEW FORMS OF CHARITY

During the past couple of years, a good many of us have witnessed revelations in the new forms adopted to "mooch" money from the public. Up in the northeastern portion of the state a story is told of a new trick being worked on the restaurant.

Another form of "mooch" which has been common for the past two or three years is the hitch hiker, although the hitch hiker has never infested this section of the country to a great extent because we are off the beaten path.

Send the beggar to the welfare committee. His or her case will be investigated. Don't take chances on making a professional out of a stranger because he or she has an appealing story.

The unworthy beggar is not the only form of graft people have to deal with. There are lots of folks out on the road with various forms of fake advertising schemes or they are selling something or taking subscriptions to magazines to go to the Olympic games or to Hong Kong.

SOUNDS REASONABLE

Liberalization of anti-trust rules to permit groups of producers to agree that none of them shall sell below cost of production, is being agitated on ground that present laws tend to establish top prices but do not provide limits to a decline.

It is neither politically possible nor economically desirable to repeal the anti-trust laws, but it is undoubtedly a fact that business men could and would, if permitted by our laws, work out of the chaos caused by indiscriminate price-cutting and unrestricted competition.

PICKED UP ON MAIN

We wish our readers would quit referring to the Advocate as the weekly headache, because this expression makes us mad. The Advocate is quite refreshing to some, in fact it's the next thing to an aspirin.

What time do you get up in the morning? asked the very earnest man.

As soon as the first rays of the sun enter my window, replied his friend.

Jove! exclaimed the earnest man. That's jolly early, isn't it? No, said the other. You see, my window faces the west.

I wouldn't cry like that if I were you, said the lady to little Jane.

OK, said Jane, You cry your way, but this is my way.

The Portales Valley News runs a headline: "We are now facing a bean shortage." The future must indeed be black for Portales, if the same situation exists there as here.

We saw a woman faint the other day and ran out to see the commotion. A man in trying to keep his sock up had pinned his sock by driving a nail in his leg. It was a wooden leg, but the woman did not wait to see.

There are three things you might do to improve the situation, vote the democratic ticket or vote the republican ticket or stay at home and pray, says an exchange. One trouble with the country is that a good portion of the people have done neither of the three in the past.

Another good way to shove prosperity along is to pay your subscription, because we'll "dang shore," put it in circulation.

A good many think that providence has a hand in the hard times; the democrats believe the republicans are responsible, but if the democrats don't win in November, we are going to lay it onto the devil.

Do hens lay on Sunday? asked the peevish kid of the teacher. No, dear child, the hen spends that day in the neighbor's garden.

See where Sam Moskin, former Carlsbad second hand furniture dealer has been named a candidate for congress on the Communist ticket. Sam would give the government a good trade on its second hand furniture and help us out that way.

WOOL MOVES FASTER THAN IN 12 YEARS

BOSTON.—L. U. Edgehill, vice president of Draper and Company, Friday said the National Co-operative Wool Marketing Corporation had sold several million pounds of wool today at a price of 35 to 37 cents a pound, clean basis.

The buyers of the co-operative wool were not disclosed by Edgehill, who said they included some of the largest manufacturers in the country. Draper and Company are selling agents for the co-operative.

Edgehill described the present wool market as "moving rapidly," the like of which the trade has not experienced since 1920. He estimated that more than 15,000,000 pounds had been sold "in the street" in the past 48 hours. Others prominent in the trade, he said, estimated the sales as high as 25,000,000 pounds.

MOTOR VEHICLE FEES SENT TO 31 COUNTIES

State Treasurer Warren Graham Saturday distributed \$5,760.42 collected by the motor vehicle department of the state comptroller's office to the state's 31 counties. Of this amount \$2,160.15 went to the 15 per cent county road fund and \$3,627.27 went to the 25 per cent county levy fund.

Treasurer Graham said that of the total Bernalillo county would receive \$885.70; Chaves county \$395.71; Curry, \$223.20; Dona Ana, \$330.02; Eddy, \$403.31; McKinley, \$358.68; San Miguel, \$239.41, and Santa Fe, \$447.51.

LOCALS

Miss Effie McCaw spent the week-end in Amarillo, Texas.

Misses Alice Ruth and Margaret Williams of Hope were in town Saturday.

Mr. and Mrs. J. S. Ward spent the week-end in their cabin at Cloudercroft.

Mrs. R. L. Collins moved to Carlsbad Saturday where Mr. Collins has a position.

Mr. and Mrs. James Christman and children left Saturday by plane for Allentown, Pennsylvania.

Mrs. E. M. Phillips and Mrs. J. M. Story went to Carlsbad Sunday to visit Mrs. M. T. Buford.

Mr. and Mrs. T. H. Flint and children spent Sunday at the L. P. Evans cabin in the Sacramento camp.

Ray Bartlett went up to the Sacramento camp Monday for his family, who have been spending the summer there.

Mrs. Rude Wilcox and children spent last week with her parents, Mr. and Mrs. George Witt of Lovington while Mr. Wilcox attended the Legion convention at Raton.

Mr. and Mrs. John Lanning and Mrs. John Richards left Saturday for the Sacramento camp to spend a week at Smith Haven, guests of Mr. and Mrs. C. Bert Smith.

Mmes. C. O. Brown, E. M. Phillips, Hester Cutter and Miss Juanita Perry went to Carlsbad Monday to see Miss Perry's sister, Mrs. M. T. Buford, who is in St. Francis hospital.

Mr. and Mrs. R. G. Knoedler and children, Mr. and Mrs. W. C. Thompson and children and Miss Dawn Hornbaker spent Sunday in the Sacramento camp. John Richards accompanied them and spent the day at Smith Haven.

Mrs. Wesley Getman and three children of Oklahoma City and her mother, Mrs. Eddy, who has been a missionary to India, spent last Friday and Saturday here visiting their old friend, Mrs. A. F. Wittkopp. They were en route home from the Caverns.

Friends of Robert Bandy former resident of Artesia and former employe of The Advocate may be interested to know that he is enjoying life in the navy. Robert, who is on board the U. S. S. Maryland, now off the Pacific coast writes C. R. Blocker that he is seeing the world thru a port hole.

HEALTH COLUMN

Conducted by Dr. J. R. Earp, Director, New Mexico Bureau of Public Health.

MOSQUITO CONTROL

Mosquitoes are a nuisance. Even in places where there is no malaria it is unpleasant to be bitten by mosquitoes or to find their larvae in the city water. Any way that we can stop them breeding is worth a trial. Some methods work better in some districts, other methods work better in other districts. Most methods depend on killing the mosquito larvae, which can live only under water, that there is no more water. That is often too expensive. Another way is to stock swamps, ponds, and ditches with the top minnow called Gambusia. These little fish eat mosquito larvae with great relish. Oil spread on the surface of a pond prevents the larvae from breathing and so kills them. But winds blow the oil from the surface of the water and the current in a ditch soon carries the oil away. Under these circumstances it is better to cover the water with a mixture of dust and Paris green which poisons the larvae.

To understand malaria control one must know more about the different circumstances and their habits than can be told in this column. A very interesting pamphlet is one written for school teachers with the title "Malaria: lessons on its cause and prevention for use in schools" by Dr. H. R. Carter. This can be purchased for ten cents from the Superintendent of Documents at Washington.

The international Health Board publishes for ten dollars a 16 mm. film on malaria. Schools or clubs that would like to have a showing of this film should write to the State Bureau of Public Health at Santa Fe.

WEED TEACHERS ARE ANNOUNCED

The following teachers have been employed at Weed another year: J. W. McCall, Mrs. J. W. McCall, Steve Byham, Mary Ginder and Margaret Lane. Richard R. Lewis and Mrs. Bertha Grossman will teach at Mayhill.

PLACING OIL WELL PUMP AT 2,800 FEET

J. F. Maddox, general manager New Mexico Electric Service, has made several trips to Lea recently, in connection with an enterprise fraught with much interest to oil circles, due to the far-reaching effects of the probable success.

On the Texas State A-1 well attempt is being made to operate a pump at depth, made possible by the Rita type of apparatus, consisting of an immense power done up in a small package. The Rita pump is 17 feet in length; it can be dropped to great depth, inside of a 6-inch casing, and develops 75 h. p. In this instance, the first introduction of the Rita to the South-eastern New Mexico districts, the pump is being placed at a depth of 2,800 feet, the Hobbs News is advised.

ED CONNER, Manager.

YES, MA'AM, WE DO TRY TO BE HELPFUL

Women who patronize Conoco Service Stations are delighted with the courtesy and helpfulness of Conoco salesmen. There is nothing forward or obtrusive about their service, but it has the little touches of respect and thoroughness that make it pleasing.

Conoco men always see that your windshield is polished clean, that your tires are checked accurately and that the radiator is filled... without splashing. They are glad to furnish battery water, if you desire.

Women are especially pleased with the spotless, plainly marked Conoco

rest-rooms which are available for them.

Women who are traveling by car find Conoco service invaluable. At any Conoco station they can learn the condition of near-by roads, receive accurate mileage and route information, obtain dependable road maps and authentic details about local hotels, camps, sports and sources of supplies. The Conoco man will check packages and arrange to handle mail and telegrams.

All of these services are free, of course; not only free, but rendered with a spirit that leaves no doubt that the Conoco man is eager to be helpful.

CURE FOR GOUT

Put It Over IRVING KING... Patient-Doctor, what is the best cure for gout?

HOUSEHOLD HINTS

To remove mud

When you get mud on your silk skirt—do not brush. Let the mud dry. Wrap piece of velvet or velveteen around your finger and rub off dried mud.

Make Use Of A Sunny Kitchen Window

Build a shelf and place a window box on it. Fill with rich earth. Plant in it mustard, chives, parsley and cress.

COOKING HINTS

General Ice Cream Rules

Use 3 times as much ice as salt for freezing. Use 4 times as much ice as salt for packing. In freezing ice cream, turn crank slowly and steadily.

Uncover. Remove dasher and scrape it. Beat the mixture with a wooden spoon or paddle. Place oiled paper over top. Cover. Drain off all water. Put cork in hole.

Strawberry Ice Cream

1/2 cup cold water. 1 cup granulated sugar. 1 quart cream. 1 tablespoon of vanilla. Little salt. 2 cups crushed strawberries.

Strawberry Mousse

2 cups whipped cream. 1/2 cup powdered sugar. Little salt. 2 cups mashed berries. Method: Whip cream stiff. Add sugar gradually.

BAKING HINTS

Nut Bread, For Picnic Sandwiches. 1 egg. 1/2 cup sugar. 1 cup milk. 2 cups flour. 2 teaspoons of baking powder.

Macaroni Loaf

1 package macaroni. 3 tablespoons of butter. 4 tablespoons of flour. 1 cup strained tomatoes. Season with salt, pepper and onion juice.

CHANGE STATE ROAD NUMBER NEAR CARLSBAD

It was announced recently at Carlsbad that the road from the Texas-New Mexico line east of Hobbs through Carlsbad to the state line south will be in the future designated as state highway 16 instead of highways 16 and 18.

LOCALS

Mr. and Mrs. James Allen have moved into the Paris-Robertson apartments on Dallas street.

Mr. and Mrs. Max Walker, guests of Mr. and Mrs. Grover Kinder, left Sunday for Houston, Texas.

Mrs. Ed Willingham and Mrs. Marvel Archer went to El Paso, Texas Tuesday and returned Wednesday.

Mr. and Mrs. Ralph Pearson of Cottonwood were the week-end guests of Mr. and Mrs. Harold Dunn.

Mrs. M. W. Evans took her sister, Mrs. Tackett of Troup, Texas through the Carlsbad Canyon Sunday.

J. H. Jackson and son, Cavitt accompanied by Dare McLean were business visitors to Lovington Monday.

Jack Staggs and Ben Williams of the Artesia hotel spent the past few days in El Paso, Texas and bordering country.

Rocky Kile field agent for the federal crop loan is working in Lincoln county this week. Mrs. Kile accompanied him.

Mr. and Mrs. John Prude drove down from the Prude ranch west of Hope and spent the week-end here as guests of Mr. and Mrs. Joe Clayton.

Mr. and Mrs. J. D. Jackson, Misses Elaine Feemster, Celia Rehberg, Marjorie Wingfield and Garland Rindout spent Sunday at Clouderoft.

Miss Elaine Feemster went to Carlsbad Monday to see her friend Miss Margaret Miller of Albuquerque, who is a guest in her brother's home.

Charles Tetts came in from California last week and left for Eastland, Texas with his wife who had been visiting her sister, Mrs. John McCann for some time.

Mr. and Mrs. Roger Durand and daughter, Miss Abbie spent Sunday in Dexter. They attended a family dinner which was given in honor of the birthday anniversary of Mr. Durand's mother, Mrs. A. Durand.

Mrs. Sam Williams and daughter Ann Adele, her mother, Mrs. C. T. Woods, and her sister, Mrs. Stromberg and two sons of Ardmore, Oklahoma, and Cavitt Jackson spent last week on the Sam Williams ranch near the Caprock.

Announcement of the birth of a daughter, Rue Paula to Mr. and Mrs. Wesley H. Davis, August 1st has been received here. Mrs. Davis will be remembered as Mattie Addington, daughter of Mr. and Mrs. Ted Addington former residents of Artesia.

OFFICERS TAKE MEN TO STATE PENITENTIARY

Deputy county assessor, returned Friday after taking W. H. Tarrant and Eugene Walker to the state penitentiary at Santa Fe to begin the serving of sentences of 12 1/2 years and 7 to 8 years for robbery with dangerous weapons.

TEN MILLION LOAN FOR PENNSYLVANIA IS DENIED BY BOARD

WASHINGTON, D. C.—The reconstruction corporation is showing anything but Santa Claus freeness in administering the \$300,000,000 voted by congress for direct relief in the states.

It sticks to the position that the federal fund should be used only to supplement all possible state and local aid. On this premise is turned down Governor Pinchot's request for \$10,000,000 for Pennsylvania.

But the corporation has granted three loans, satisfied as to the urgency of the need and with the recapitulation of money already spent, and likely will approve more.

It allowed Illinois \$3,000,000, Ohio got \$852,662 and \$1,800,000 was advanced to Detroit.

The corporation reiterated its announced policy when it said, in a statement to the Pennsylvania legislature, that the "legislature of Pennsylvania and its several subdivisions have not done their full duty with respect to the furnishing of funds for relief purposes."

CROP LOAN OFFICE TO BE CLOSED

The local branch regional crop production loan office for New Mexico and Arizona will be closed August 15. It was announced last week during a conference at Albuquerque of federal loan officials with Gov. D. W. Davis, chief national investigator under the loan act.

Since the office was opened last spring 4,869 New Mexico farmers were loaned a total of \$545,588.50, or an average of \$112.05 each. Of approximately \$3,300,000 loaned in Texas, New Mexico and Arizona about \$72,000 has already been collected.

Those at the conference questioned relative to the recently enacted federal relief measure were uncertain as to what extent relief will be granted through crop production loans under the act. With the closing of the Albuquerque office, the work for New Mexico and Arizona will be handled out of the Dallas regional headquarters. Loaning of money for the year has been completed and most of the time of officials is now devoted to collections.

However, Carl H. Gallagher, Superintendent, will continue making the headquarters at Albuquerque.

"The dollar you spend now is worth \$1.50. The dollar you keep now is worth 75c."

BOYS LEAD GIRLS IN BIRTHS IN JULY

Both births and deaths fell in Ed-dy county for July this year under the marks for June of this year and for July, 1931, according to figures released by Doctor O. E. Puckett. Thirty-five births were recorded in comparison to 37 last July and 38 in June. The boys outdistanced the girls during the month, 20 of the babies being boys and but 15 girls.

SAY RELIEF IS NOT SUFFICIENT

NEW YORK—A warning that the \$300,000,000 direct relief fund to states contained in the federal relief bill signed by President Hoover will not be sufficient to meet the mounting demands for aid upon welfare agencies in 1931-1932 was issued in a joint statement by the American Public Welfare association and the Family Welfare association of America, representing public and private local agencies throughout the United States and Canada.

"No community and no private citizen should feel that because three hundred million dollars has been made available to states that the relief situation in this country is taken care of," declared Mrs. John M. Glenn, president of the Family Welfare association of America.

"It is estimated that in 1931, the private and public welfare agencies of 81 cities alone expended approximately \$167,000,000 for relief. Several hundred towns and cities carrying on relief work are not included in this figure. Expenditures in 1932 will be higher than those in 1931. From reports from the field, it is clear that local tax appropriations and private contributions will be absolutely necessary if our welfare agencies are to meet the demands for food and care which will be made upon them this winter." The joint statement urges state officials to direct all possible efforts toward making sure that the availability of federal money does not "dry up" other necessary sources of relief funds through the state, county and municipal appropriations and through voluntary contributions of individuals to community chests and private welfare agencies.

Another problem confronting the states receiving loans for direct relief, according to the statement, will be that of administering the funds.

"Naturally in the giving of relief we are all anxious that there shall be the maximum results in the alleviation of suffering," declares the statement which is signed by William J. Ellis of Trenton, N. J., president of the public welfare group, and Mrs. John M. Glenn. "This involves organization structure and adequate personnel. Confusion of responsibility, amateur planning, untrained workers, and laxity in accounting or record-keeping almost inevitably results in waste."

Some of the local agencies represented by the two national organizations have been carrying on large-scale relief activities for more than half a century.

THE PREACHER BOYS

Some years ago a review of Who's Who in America was taken and it was discovered that a large percent of "preacher's boys" appeared in that edition than the sons of men of other professions.

From a publication "Religious Background of the White House" comes the statement that during one-fourth the period of our nationhood, there have been parsonage children presiding over the White House.

Abigail Adams, wife of John Adams, was the daughter of a Congregational minister.

The wives of both Millard Fillmore and Franklin Pierce were parsonage born.

James A. Garfield was an ordained minister.

Grover Cleveland was the descendant of a long line of ministerial forebears. His sister, Rose, was Mistress of the White House during part of his administration.

Mrs. Benjamin Harrison was the daughter of the Reverend Doctor John W. Scott.

Both Woodrow Wilson and his first wife were parsonage children. James Madison studied for the ministry in his youth.

Chester A. Arthur was the son of a Baptist minister.

Hulda Minthorn Hoover was a Quaker preacher. Lou Henry Hoover is the granddaughter of a Methodist minister.

ONE MORE SUIT IN NAVAL OIL SCANDAL

WASHINGTON.—Despite its many rulings on phases of the naval oil scandals, the supreme court still has a case before it growing out of the transactions.

The government has recovered all but a fragment of the land leased by companies dominated by Harry E. Sinclair and Edward L. Doheny, but it wants three sections in the Elk Hills, California, reserve still held by the Pan American Petroleum company.

The land in controversy, located in naval reserve No. 1, was leased to the Pan American company before the blanket lease which conveyed most of the reserve to the Doheny concern.

The Pan American contends the circumstances surrounding its acquisition of the land it still holds were different from those transactions, which the courts have called fraudulent.

A federal circuit court of appeals however, ruled that the negotiations which led to the acquisition of the three tracts were obtained by the \$100,000 bribe which the court said Albert B. Fall had accepted from Doheny.

ABOUT ROBERTSON

Veterans Bureau records reveal that Roy W. Robertson who, despite a neck brace, led the march of veterans around the capitol in the closing days of congress, receives a monthly disability compensation of \$78.75 from the government. Not only that, but since March he has received \$2,784.66 in back compensation. Even so, he says this is not sufficient to support a family of four. He claims to have contracted spinal arthritis during 10 months of navy service.—The Pathfinder.

G. O. P. GAINS IN REAPPORTIONMENT

WASHINGTON, D. C. — Reapportionment of house representation has resulted in a possible republican gain of 12 votes in the new electoral college.

This big shift in the voting strength of 32 states may have unusual bearing on the outcome of the approaching presidential election.

It was brought about by the transfer of 27 congressional seats from 21 to 11 states through reapportionment on the basis of the 1930 census.

Thirteen normally republican states lost 15 seats but seven gained 21 increasing their total by six. Eight normally democratic states lost 12 and 4 gained 6, decreasing their total by 6. That leaves a net republican gain of 12.

ENGRAVING—THE ADVOCATE

APPLAUDS CHILD WELFARE WORK

The following letter received by E. B. Bullock indicates what others think of the accomplishments of the Artesia welfare association. The letter:

Santa Fe, New Mexico August 2, 1933.
Mr. E. B. Bullock, Chairman, Artesia Welfare Committee, Artesia, New Mexico.
My Dear Mr. Bullock:

Governor Seligman has sent me a copy of your fine letter of July 29. I note you state that your welfare committee has sent me an estimate of the actual cash which will be needed for direct relief in your district for the year ending June 30, 1933. We will probably be receiving from you soon the questionnaire which we sent your committee and on which we asked for this information.

If in addition to the answers to the routine questions sent to all local relief agencies, you have additional data regarding your situation, I should be glad to hear from you further.

I note that you distinguish, and properly so, between (1) what you will request for financing direct relief, and (2) for road construction. The latter subject is, of course, not within my jurisdiction. I am glad that you wrote directly to Governor Seligman on this second point.

The State Bureau of Child Welfare has always felt it could depend upon the Artesia Welfare Committee at all times. Please be assured that we will do everything in our power to be of assistance in your situation.

Sincerely yours,
MARGARET REEVES,
Director.

SLIGHT DECREASE IN OIL FIRMS' HOLDINGS

On state land alone, major oil companies and the larger independents are holding leases on 882,680 acres in southeastern New Mexico, according to W. S. Patterson of Santa Fe who has just checked up the records in the state land office.

Only a slight decrease is shown from the peak, despite the depression, says Patterson.

The Humble Oil & Refining company and other companies of the Standard oil group have the largest acreage, but the Texas company, Barnsdall, Empire, Dutch Shell, Phillips, Skelly and many of the larger independents have extensive holdings.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock. —The Advocate.

CURRENT-ARGUS CHANGES

A few changes were made in the office of the daily Current-Argus at Carlsbad. In the change effective Thursday, August 4th, Darrell Swayze, former city editor of the Roswell Disptach becomes editor of the Current-Argus, succeeding Will Robinson, who has been transferred to the mechanical department. Neil O. McKim, former business manager of the Raton Range, becomes the business manager of the Current-Argus.

INSURANCE IN NEW MEXICO IN YEAR

SANTA FE.—At the close of the calendar year, December 31, 1932, New Mexico had over 100 insurance companies doing business in the state according to the annual report of the insurance department. Superintendent of Insurance D. Fernandez, reported that in the year 1931 life insurance companies operating within the state had 43,452 policies in force with a total of \$1,015,869. These policies received a total of \$3,212,145 in dividends.

Washington Daily News

Dave Runyan was a business caller in Roswell Monday.

Supt. and Mrs. I. P. Murphy of Hope were shopping in town Tuesday.

John Plowman of Hope was attending to business matters here yesterday.

Miss Una Bynum of Hope had her tonsils removed here yesterday morning.

Turner Smith of Clovis spent last Friday with his sister, Mrs. Otis Brown.

Mr. and Mrs. William Compton of Roswell were here visiting relatives Sunday.

Jim Jackson and son, Jimmy came down from the ranch near Mayhill the first of the week.

Mr. and Mrs. R. N. Teel and Mrs. A. E. Traylor of Hope were business callers here Tuesday.

Miss Lelia Cooper of Kenna arrived Friday to visit her aunt, Mrs. C. R. Blocker and Mr. Blocker.

C. E. Smyer of Clovis, division superintendent of the Santa Fe passed through Artesia Monday on an inspection trip to Pecos, Texas.

Mr. and Mrs. Henry Overton (nee Mary Buel) and two children came in Monday from Cerea, California to visit her father, J. J. Buel.

Dr. and Mrs. Edward Welsh, Guy Brown of Waterloo, and Miss Marion Jensen of Marble, Minnesota went to Albuquerque today on business.

Dr. and Mrs. O. E. Puckett and family of Carlsbad passed thru Artesia yesterday en route to Pinon where they expect to spend a week camping in the hills.

Mr. and Mrs. Everett Gates and three children of Billings, Montana will arrive tomorrow to visit his parents, Mr. and Mrs. S. D. Gates and other relatives.

Miss Marion Jensen came Wednesday to visit her cousin, Mrs. Ed Welsh. She is en route to her home in Marble, Minnesota from the Pacific coast.

Mr. and Mrs. R. L. Bynum and family, Mr. and Mrs. D. W. Bynum and family spent Sunday at Hope visiting relatives. Their sister, Miss Una Bynum accompanied them home for a visit.

Mrs. H. J. Stromberg and two sons, Stanley and Billie left Tuesday for their home in Ardmore, Oklahoma after a visit with her mother, Mrs. C. T. Woods and sister, Mrs. Sam Williams.

Mr. and Mrs. Will Benson moved back to Artesia Tuesday from Uvalde, Texas. They were accompanied by a cousin of Mr. Benson, Miss Annie Robb, who will visit them for several weeks.

Misses Opal Martin and Vesta Frisch went to Elk yesterday to visit Miss Martin's sister, Mrs. Bernard Cleve and family. They accompanied the Cleves to Cloudcroft where they will stay for some time.

Miss Linna McCaw and nephew, Jack McCaw took their aunt, Mrs. Ola Guthrie to her home in Jacksboro, Texas Friday, after a two months visit in the McCaw home. Miss McCaw and Jack, returned home Tuesday.

Dr. Edward Welsh accompanied by Guy Brown of Waterloo, Iowa arrived Tuesday from Ames, Iowa. Mrs. Welsh and son, have been spending the summer here with Dr. Welsh's mother, Mrs. Laura Welsh. Dr. Welsh plans to locate here.

Miss Louise Compton and her brothers, Stewart and Kenneth Compton expect to leave Monday for a visit with relatives in Whittier, California. Harry Samelson will accompany them and will visit his father at Escondido, California.

Mr. and Mrs. Albert Glasser left Monday for Cenetia, Pennsylvania where he was called by the illness of his father. Mrs. Alf Coll accompanied them and will go from Venetia to Boston to visit her sister.

Mr. and Mrs. William Knorr and children left Sunday for Ft. Wayne, Indiana after a visit with her parents, Mr. and Mrs. G. R. Brainard. They will visit in the northern part of the state and at State College en route to their home.

Mr. and Mrs. R. H. Knohuizen and three children and her nephew Orville Boyd of Plainview, Texas spent Tuesday and Wednesday visiting her sister, Mrs. C. E. Mann and family. They were en route to El Paso, Texas.

MARKETS

Kansas City Livestock

KANSAS CITY—Cattle, 5,000; calves 1,100; early sales fed steers and yearlings steady to weak; western grassers tending lower; three loads choice 1,281-1,316 lb steers 8.85 to 9.00; short load mixed yearlings up to 8.00; bulk butcher cows 2.25 to 3.25; few grass heifers \$3 to 4.25; bulls, vealers and calves unchanged; medium bulls up to 2.75; practical top vealers 5.00. Hogs 4,500; fairly active; strong to 10c higher; top 4.50 on choice 170-210 lbs; sows \$3 to 3.65. Stock pigs strong to 10c higher at 3.50 to 8.5. Sheep, 4,000; killing classes steady; top native and Colorado lambs 5.25; better grade natives mostly \$5 to 5.25; Texas yearlings 2.50 to 6.5; Colorado ewes 2.00.

New York Cotton

NEW YORK—Cotton rose approximately \$1.50 a bale yesterday on a broadening demand stimulated by unfavorable crop advances and the strength of stocks. December sold up to 7.44 or 29 points above Tuesday close and 6 points above Monday's best price, but increased realizing was encountered at this figure and the mid-afternoon market showed reactions of 10 or 12 points from the best. Futures closed barely steady, 17-19 higher; October 7.14-15; December 7.32-33, January 7.40; March 7.56; May 7.69; July 7.81. Spot quiet; middling 7.15.

Boston Wool

BOSTON—Private estimates of the volume of wool sold on the Boston market last week range from 20,000,000 to 30,050,000 lbs. One large concern reports last week sales as large as the total volume for the previous seven months. Other large houses report their total above that for the entire month of July. A changed buyers attitude, which led to anticipation of raw wool requirements is believed by members of the wool trade to have given rise to recent developments in the market.

INVITATION FOR BIDS

Bids will be received at our office up until 6:00 p. m., August 20th, 1932 for hauling bales of cotton from gin to cotton yard and from cotton yard to depot platform and for hauling cotton seed from gin to cars. Separate bids are requested at each gin, Artesia, Atoka and Espuella. Form for bids may be had upon request. ARTESIA ALFALFA GROWERS ASS'N. 32-1tc

SPECIAL \$1.75 Plate and 100 genuine engraved cards, either plain or panelled.—The Artesia Advocate.

COTTONWOOD ITEMS

Mrs. A. F. Whittkopp and son, Leland motored to Roswell Sunday.

Miss Mary Jane Terry returned from Hobbs this week where she spent the past fortnight visiting her sister, Mrs. J. A. Clayton and family.

Miss Nannie McLarry who has been attending State College at Las Cruces was a guest at the Rambo home and other Cottonwood friends this week.

Among the Cottonwood people attending the funeral of W. A. Watson, Monday at Alamogordo were Mr. and Mrs. Jesse Funk and family; Mr. and Mrs. Monroe Howard and family and the Sterrett brothers with their families.

Several truck loads of Cottonwood watermelons and cantaloupes have been trucked and sold in the northern part of the state. Farmers report that they have received a fair price for their produce.

A number of Cottonwood folks gathered at the Cottonwood church Tuesday evening for a church social and enjoyed many games. After the games refreshments were served. A social is given at the church the second Tuesday in each month. Everyone is cordially invited to attend.

Mrs. Sarah Eddy and daughter, Mrs. Westley Getman and children of Oklahoma City, Oklahoma spent Friday and Saturday as guests of Mrs. Whittkopp and family. Mrs. Eddy and party had visited the Caverns and were en route to Ruidoso where they will spend a week before returning home. Mrs. Eddy served as a missionary to India for the Methodist church. Mrs. Getman is principal of the Shepherd Junior High school in Oklahoma City.

Discovered

A friend walked into Dr. Loucks the other day and discovered a spark plug tester, just the thing to get better performance out of your motor.

Good spark plugs sometimes improve the running of your motor 100 per cent.

Drop around and see Doc today.

HOME

There has been more said and more written about the home than any other American institution, still some home owners and those who have purchased homes to rent don't work very hard at the job of keeping up the home.

Home is a sacred memory for the children, it is the hearthstone of the American family. A little paint and needed repairs will keep the family proud of the home.

Cost of painting and repairing is the lowest for years. Investigate the cost of your individual needs for a real investment.

29-5t

IN THE PROBATE COURT OF EDDY COUNTY, STATE OF NEW MEXICO

IN THE MATTER OF THE ESTATE OF DR. J. D. BEWLEY, Deceased. MAUDE A. BEWLEY, Administratrix. No. 584.

NOTICE

Notice is hereby given that Maude A. Bewley, Administratrix of the estate of Dr. J. D. Bewley, deceased, has filed her final report as Administratrix of said estate together with her petition praying for her discharge; that Mrs. M. O. Grantham, Probate Judge of Eddy County, New Mexico, has set the 19th day of August, 1932, at the hour of 10:00 o'clock a. m. at the court room of said court in the city of Carlsbad, New Mexico, as the day, time and place for hearing objections, if any there be, to said report and petition.

THEREFORE any person or persons wishing to object to the approval of said report are hereby notified to file their objections with the Probate Clerk of Eddy County, New Mexico, on or before the date set for said hearing. Signed and dated this 13th day of July, 1932.

RUTH S. NYE, County Clerk. 29-4t

VARY THE WAYS OF COOKING VEGETABLES

This is the season for home grown food says the Bureau of Home Economics, Washington, D. C. With local markets and home gardens providing an abundant variety of fruits and vegetables, no house wife should find it a difficult task to provide a variety for the table. This difficulty may arise, however, if the family has been living on a restricted diet for many months because it cannot afford no other.

One way of solving this problem is to find new ways of serving the same old foods. Potatoes, tomatoes, corn, cabbage, beans, cucumbers, onions, egg plant, beets, green peppers, squash—how can they be made to seem different and tempting in hot weather, especially to a family which may have to depend chiefly on just one or two of the lot.

Altho the Bureau of Home Economics recommends a short cooking period for vegetables, especially in hot weather, it nevertheless suggests that a day may come now and then when, for variety's sake, certain oven dishes may solve this question without too much heat or expense. Baked tomatoes, cucumbers, egg plant, onions, peppers, each with a stuffing of bread crumbs, rice or other cereal, or perhaps chopped meat or cheese, will all cook in 30 to 45 minutes in a moderate oven. There is no better way to conserve the food value of these vegetables than by baking, and the baked vegetable can be not only an attractive but substantial dish.

Another oven dish, desirable now while eggs are cheap, is the vegetable souffle. This is a most attractive way to utilize left overs of almost any vegetable. The souffle is made from a foundation of seasoned vegetable pulp, mashed or finely chopped and thickened, if necessary, to approximate white sauce. Use 1/2 cup of pulp to 3 eggs. Stir the yolks into the pulp and then fold into the beaten whites; bake in a slow oven until set.

Panning is another cookery method highly recognized by the bureau because it retains all the food values of the vegetables and is quick. Panned cabbage or okra are cooked with a little fat and without water in a covered frying pan on top of the stove, where the vegetable is, in fact, steamed in its own juice.

BIRTHS

A daughter was born to Mr. and Mrs. A. O. Fine on the Box farm Monday.

A son was born to Mr. and Mrs. Burr Saunders of the Lawrence ranch Saturday.

SUBSCRIBE TO THE ADVOCATE

SHORT SUBJECTS

Turkish Capital

Constantinople (Istanbul in Turkish) was the old capital of the Turkish empire, and it was removed to Angora (Turkish, Ankara) in 1920. This site in Central Anatolia was chosen because of its inaccessibility to foreign invasion and because it was more truly a Turkish city, as the seat of the new Turkish republican government. Ankara was formally dedicated the capital of the Turkish republic by the great national assembly on October 13, 1923.

Honors to Washington

When naval vessels are passing George Washington's tomb at Mount Vernon the ships' bells are tolled and colors half-masted at the beginning of the tolling of the bell. When opposite the tomb, taps is sounded on the bugle, the guard presents arms, and officers and men on deck stand at attention and salute.

Gypsies Do Shakespeare

In Kotic, Slovakia, the first gypsy theater in the world has been established. Plays are given entirely in the gypsy language. However, as the gypsies have no literature of their own, translations are presented. Lately plays by Shakespeare and Shaw have been produced.—New York Times.

Reality

"Money makes happiness, and that's why I want a lot," wails a correspondent. Money helps to procure comfort, but the seeds of happiness lie deeper than cash. Happiness grows from love and unselfishness, being on good terms with those we meet in daily contact.—London Tit-Bits.

Lip Reading

The acquisition of lip reading enables the listeners to observe the movements of the lips of the speakers and has proved of greater value thus far and of greater practical utility than any appliance employing the tactile sense, Hygeia Magazine tells its readers.

Coffee Demand

The various types of coffee, together with the care taken in their preparation, make rather a wide range in price of the finished product. It is estimated that nearly 1,000,000,000 pounds are used a year in the United States.

"Half-Staffing" Flag

When a flag is to be placed at half staff it should be run to top of staff, then lowered to half staff. When it is taken down it is first run to the peak and then lowered. A flag should never be allowed to touch the ground.

Iris Varieties

There are about 875 species of iris. They are chiefly natives of temperate climates. Iris versicolor, the large blue flag, is common in wet places throughout the United States as far west as Minnesota and Arkansas.

One Way of Reasoning

It is remarkable how much finer horseback riders the poor must be than the rich. Thus you must have noticed that poor youths never are thrown and injured in polo matches.—New Orleans Times-Picayune.

Artistic Gem Disclosed

Cleaning of a dingy painting in a church at Karlsborst, a suburb of Berlin, revealed on it the signature of Lucas Cranach the elder (1472-1553). The painting depicts Gethsemane.

Civilization and Pie

"Where there is apple pie," said Henry Ward Beecher, as he reached for a second helping, "there is civilization. Where there is no civilization there is no apple pie."

American Breed of Dogs

Boston terriers are distinctly an American development, produced by crossing the English bulldog with the English terrier. The breed originated in Boston.

Memory

We remember best the things we learn between the ages of ten and eighteen, according to the headmaster of Eton college, England.

Valley Name

Mahoning valley is named from the Indians, meaning At-the-Lick. The old Indian name was given to the river and then to the valley.

Difference in Heating

A physician says that singing heats the blood. But it's folks who think they can sing that get us hot up.—Florence (Ala.) Herald.

Light Stimulates Bees

By cutting windows in the bottoms of his beehives, a California apiarist found he could increase the yield of honey.

To Enjoy Idling

It is impossible to enjoy idling thoroughly unless one has plenty of work to do.—Jerome.

Another Name for Skunk

Polecat, as used in the United States, is a popular name for the common skunk.

LOCALS

Z. B. Moon left Monday for a short business trip to Muleshoe, Texas.

Mrs. D. Swift of Hope was shopping and visiting friends in Artesia Saturday.

SCOUT NEWS

An organization meeting of District No. 2 will be held at the Methodist church in Clovis at 4:00 o'clock September 22nd. A dinner will follow at 6:30 after which an executive board meeting will be held at 7:30 at the church. District No. 2 is composed of Curry, Roosevelt and DeBaca counties in New Mexico and Parmer and Bailey counties in Texas.

District No. 2 will hold a camp-or-ral at Melrose on September 23rd and 24th. This camp-or-ral will be conducted on the same line as the area camp-or-ral. Some 10 or 12 troops are expected to participate. Full details will be sent to the leaders in the near future.

RANGES ARE GOOD IN STATE EXCEPT IN TWO SECTIONS

Ranges in New Mexico are generally in good condition with the exception of the north central and southwestern parts of the state where there has been little rain during the past month, according to the monthly department of agriculture report.

No section of the state reports shortage of irrigation water for crops. A plentiful supply of stock water is reported also.

Cattle and calves have made some gains in flesh but have not shown the usual seasonal progress.

There has been little demand for cattle.

Little change in condition of sheep and lambs is reported.

Lambs are making normal gains in flesh and, with sufficient range feed, should be ready for shipment to market at about usual weights.

NEW QUESTION IN GAS REFUND CASE

Another question has arisen in the State Auditor's office at Santa Fe in connection with the payment of gasoline tax refunds.

The law granting the refunds appears to provide that no refunds can be paid except upon applications filed within four months of the date of purchase of gasoline. Velarde has asked City Attorney Charles Fahy of Santa Fe for an opinion as to what he ought to do with applications that fail to comply with this provision.

Wedding announcements, printed or engraved—The Advocate.

OHIO OIL EARNS OVER TWO MILLION DOLLARS

The improved position of the oil industry continued to be reflected in June quarter reports of most oil companies.

Ohio Oil Company increased its earnings more than \$750,000 during the June quarter during which net profit after making all deductions amounted to \$2,442,092, compared to net profit of \$1,656,106 in the preceding three months.

The second quarter profit increased Ohio Oil Company's net for the first six months of this year to \$4,098,198.

Preferred dividend requirements of Ohio Oil Company are \$1,705,809 and common dividend requirements total \$1,320,752, leaving a surplus of \$1,071,637 for the first half of the year.

LEA COUNTY VALUES DROP TWO MILLIONS

A shrinkage of more than two million is shown in property assessable by local authorities in Lea county's tax roll just received by the State Tax Commission at Santa Fe.

Neither oil nor corporate state tax commission... Last year Lea county assessor, totaled \$4,781,308... rolls at \$4,787,308... and corporate values... total last year was \$4,787,308.

Avoid Unnecessary Risk Several months ago members of the regional banks of eastern New Mexico offered their customers an investment service at a nominal cost. Your banker has no financial interest in any particular stock which may be offered on the market, but if a bank customer wishes to purchase stock as an investment, your banker is in position to give you honest service, charging only a small fee for his time. He would have no motive in giving false information on a particular issue of stock with the expectation of gathering in a big commission. If you would avoid unnecessary risks with your hard earned money, be sure that those upon whom you rely possess the honesty of purpose as well as the ability to judge the merits of an investment. The officers of your bank are in constant touch with business conditions and investment matters and will be glad to have you avail yourself of this service regardless of whether it is a local or foreign investment.

THE COUNTY BALANCE SHEET SHOWS GAIN OVER LAST MONTH

Eddy county is richer than a month ago, according to figures released last week by County Treasurer R. E. Wilkinson.

The county, during July, collected \$28,053.03 and paid out but \$24,008.48, leaving the county balance \$4,044.55 larger than at the end of June.

Largest items in the expenditures included: \$1,115.79, general county; salary, \$1,098.41; county sinking fund, \$5,000; state treasurer, \$1,249.84; Carlsbad municipal, \$1,192.44; pooled school fund, \$9,180.40; total direct charges, \$1,953.22; interest \$1,540.

Other expenditures were divided over nearly a dozen different accounts and were smaller in amount.

Receipts of the county are as follows:

Table with columns for 'TAXES: Prior to:', '1923', '1927', '1929', '1930', '1931', 'Interests on Deposits', 'Fees:', 'County Clerk', 'Probate Clerk', 'District Court Clerk', 'Sheriff', 'B. of Public Health', 'From State School', 'apportionment', 'Motor (general)', 'Motor (road)', 'Child Welfare', 'Certificate of Indebt.', 'Prisoner's Feed', 'Lea County Steno.', and 'Total Receipts'.

WANTS NEW FLOWERS SAVED

"Protect New Mexico's rare and 'trees' is being the Artesia citizens by the E. G. chapter, a woman's organization.

The purpose of the campaign is to attract attention of citizens and to the necessity of saving the beauty of the state by the most noticeable scenic spots.

Besides the argument for the water supply, the shrubs and trees make the attractive and therefore the state adds wealth.

The state is the fourth largest in the United States with a total area of 3,150,000 acres.

It has a population of 1,100,000 people. It has a climate that matches the desert conditions create a diversity of the seven plant zones of the United States.

The average citizen does not stop to think of the value of the flowers of the state. The tourist considers in good roads and considers the attractiveness of scenery, and he is the first to see the difference in the highway in the states where they are not protected.

THORITY TO MAKE ANY LOANS TO SCHOOL BOARDS

ARTESIA—The reconstruction corporation has no authority to lend the county school to aid in the support of school system, George Cook, secretary of the corporation, telegraphed the Santa Fe Mexican, making public a query from Artesia.

Application sought a loan on certificates of interest signed by the local board, county treasurer, and budget auditor.

reconstruction finance committee Cooksey replied, "is to make funds available to states, municipalities and subdivisions only for the purpose of affording relief to unemployed or to finance public utility projects. There authority to lend to county boards to aid in support of school systems."

HOBBS MEN HELD

and Stewart Kilpatrick, are being held under \$25,000 each at Lovington in connection with the shooting of Sheriff Jack Seay at several weeks ago.

was shot when entering in Hobbs looking for an counterfeiting gang. The is now in a hospital at and attending physicians announced that his recovery is doubtful.

Kilpatrick brothers were held before Judge Luis Armijo held court in Lea county charges of assault with intent to murder filed and a preliminary hearing in the case was pending the outcome of injuries.

Dayton Items

(Contributed)

Mrs. V. A. Hunt was quite ill Saturday night and Sunday. Jim King and Maxie Hunt helped bale hay for Ned Martin Monday.

The Dayton baseball nine defeated the Mexican nine of Artesia by a score of 7-5 Sunday.

Bob House expects to start on a trip to Texas soon. His mother will return with him for a visit here.

George Holder and children and Miss Veta Daniel are visiting relatives and friends in Texas this week.

A group of young folks gathered at the home of Gordon Sterling one night last week to play games and enjoy a social hour. Refreshments of lemonade and sandwiches were served.

Revival services at the Methodist church are going on nicely. Mr. Kaiser delivered a fine sermon Sunday morning. Mrs. Pior occupied the pulpit Sunday night, The Rev. Benson, Monday night, and The Rev. McClesky Tuesday night. Everyone invited.

BLUEBEARD BACK IN PRISON

BOISE, Idaho.—Lydia Southard, woman "Bluebeard" who married five husbands and saw four of them die, then served 10 years for the death of the fourth and escaped long enough to marry the sixth, is back in the Idaho penitentiary again.

She returned early Friday morning from Topeka, Kansas, in charge of Warden R. E. Thomas and his wife, who went for her following her capture last Saturday at the end of 15 months freedom.

It was almost a gala "home-coming." Several prison and police officials welcomed her.

Mrs. Southard said in October of 1930 a guard brought her the saws to get out of her cell. She refused to name him. On her return today she dug up a half dozen more saws buried in a foot in the ground and turned them over to the warden.

In November, 1930, David Minton, who was then serving a term for forgery, brought over the wall to her a ladder and she made her own rope by braiding blanket strips and connecting them with a garden hose.

"It is high time," said the reformer, "that we had a moral awakening. Let us arise in our might. Let us gird our loins. Let us take off our coats. Let us bare our arm. Let us—"

"Hold on!" exclaimed a woman near the platform. "If this is to be a moral awakening don't you dare take off another thing!"

FIRST THOUGHTS

"Say, Auntie, are second thoughts best?" "So we are told, my dear." "Then why don't people have them first?"

EMERSON WATTS OF ROSWELL IS MISSING

Emerson Watts, former state treasurer, and a Roswell broker, disappeared Thursday night or early Friday.

The only suit filed so far in connection with the disappearance was that filed by Grant Keyes of Roswell alleging Watts appropriated 600 shares of oil stock worth \$3,000.

Watts met Thursday night with clients who demanded and audit. The audit was started by Walden Bassett, public accountant of Roswell, that night. Watts said he was indisposed and started home. He has not been seen since.

Denver brokers with which Watts did business claim that he has only a small account with them.

Watts disappeared shortly more than a year ago and was charged with embezzlement. Late the charges were dropped when Watts returned.

SAM MOSKIN IS ON COMMUNIST TICKET

The communist party of New Mexico held a state convention in Roswell Saturday night, with a rally on the Chavez court house lawn. Twenty-three delegates were said to have been present, from Albuquerque, Santa Fe, Roswell, Deming, Clovis and other parts of the state.

The state ticket nominated follows:

W. F. Richardson, former Socialist, was named candidate for governor. He is from Roswell.

Lt. Governor—Mrs. Josephine Hennessy, Roswell.

Secretary State—Mrs. Charles Graham, Oil Center.

Attorney General—L. B. Hayes, Clovis.

Supt. Public Lands—R. D. Cochran, Estancia.

Judges Supreme Court—C. E. Reinecke, Dexter, and George Abbey, Roswell.

Congressman—Samuel Moskin, Santa Fe.

Supt. Public Instruction—Mrs. Chloe A. Calkins, Deming.

Presidential Electors—J. W. Blackburn, Albuquerque; Joe Hutchinson, Glenroe; H. Whitlock, Roswell.

State Corp. Commissioner—R. A. Solomon, Roswell.

TAX BILLS NOW IN HANDS OF LEGISLATORS

The 14 bills proposed by the Federation of Taxpayers' associations, to be passed at a special session of the legislature, are now in the hands of the state senators and members of the house.

Whether a majority of each house can be pledged to vote for them is expected to be known by August 12th. That is the date set for the returns.

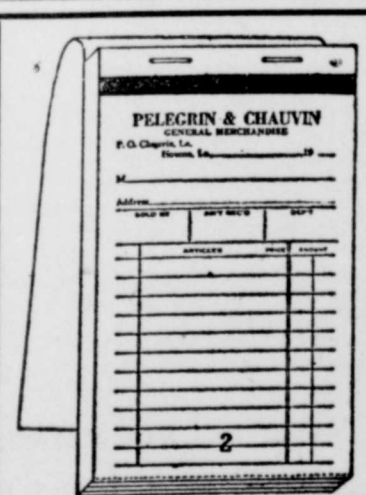

Ballots have been sent out with the sets of bills on which the legislators are asked to indicate with a "yes" or "no" which if any of the proposals they will support.

The number of bills has been reduced to 14, that making an appropriation to pay the gasoline tax refunds being eliminated since the supreme court has upheld the present law.

Ring Lardner once said: "You can't hit 'em if you don't swing at 'em." Or Put another way: "You've got to tell 'em"—advertisement.

Fair One—"Did you say that you are a track man?" Fairless—"Am I? Why, I've got bruises all over my chest from breaking tapes!"

STOCKS CLIMB TO A NEW LEVEL MONDAY IN BIG DAY OF YEAR

NEW YORK—The most violent upswing in cotton in more than two years, the swiftest trading in stocks in nearly two years, and the sharpest advance in bonds in two months, marked the big bull push in the nation's leading financial markets Monday.

Cotton surged up more than \$5.00 a bale, as the government estimated this year's crop far below the average of recent years, and Wall Street quickly recalled that a short crop in that staple in 1921 was an important factor in boosting the markets out of the post war depression.

Stocks met three successive waves of profit taking, and the last one was sufficient to reduce the days extreme advances substantially, but many leading issues closed \$1 to \$6 a share higher, and the turnover of 5,544,380 was the largest since October of 1930.

At the best prices, when many stocks were up \$2 to \$8 a share, it was a market which would have gladdened the hearts of the bulls even in the prosperity mad days of 1929.

The bond market forged ahead in the last, when stocks were slipping off the crest, and the turnover in this market, at \$14,698,000 par value, reached the largest proportions since April, in fact the largest since the leading New York banks formed their \$100,000,000 bond investing pool early in June.

KILL ANTELOPE IN TWO COUNTIES

SANTA FE — Three hundred holders of special permits will engage in New Mexico's first open season on antelope from October 1 to October 5 inclusive this fall State Game Warden Elliott Barker announces.

One buck with forked horns will constitute the bag limit to each permit in a restricted area in Catron and Socorro counties. The area will be bounded on the south by the base of the Black mountain, Trap Corral canyon and the Beaverhead-Fairview road to a point near the mouth of Poverty creek; on the east by the Fairview-Magdalena road from the mouth of Poverty creek to the junction with highway No. 60 and straight north to the Gallinas mountains; on the north by the Gallinas and Datil mountains; on the west by the telephone line from Black mountain to Houghton canyon, thence north to East Elk mountain thence to the O-Bar-O mountain, thence along the divide to Prairie mountain and a line extending north to Datil.

Application for permits will be received by the state game department up to September 1, and if more than 300 requests are received, a public drawing will be conducted.

A special fee of \$10 will be charged each permittee and each will also be required to possess in addition a state big game license. Application for permits will not be transferable.

GOVERNMENT PREPARING PAMPHLET ON CAVERNS

The federal government is preparing a pamphlet on the Carlsbad Caverns and has asked the cooperation of the Artesia Chamber of Commerce in assembling data on the resources and points of interest of this region.

Rotary Conference—

(Continued from first page) steel house about to be marketed will create prosperity for a time, but the building trade will have to be adjusted to the change. There is an international challenge in an attempt to create better feeling among the nations of the world. There is a vocational challenge in an attempt to prepare for the new conditions and there is a personal challenge to aid our fellow men in times like these, the speaker related. Two vocal duets by Mr. and Mrs. Charley Andrews of El Paso, Texas and an address by Carl Higdon, president of the Albuquerque club on "Community Service," were also enjoyable features of the banquet program.

The banquet and dance Friday night was also classed as another high light of the assembly. Mark Corbin, acting as toastmaster told a yarn about two Irishmen, at intervals of a two hour program. Interspersed between Mark's Irish yarn were several speeches including a talk on "World Thought," by Chas. Barber, of Albuquerque, ex-governor of the forty second district; "The Fun Side of Rotary," by President Clinton P. Anderson; a few remarks by Frank U. Bell of Lebanon, New Hampshire; two Scotch solos by Harry (Scotty) Andrews; a piano solo by Miss McAdams of Sanderson, Texas; a vocal duet by Mr. and Mrs. Chas. Andrews of El Paso, and a solo by Mrs. J. K. Wallingford of Artesia.

LIEUT. WATHEN HERE

Lieut. H. E. Wathen (SC) USN was a visitor in the office of the Advocate last Tuesday. Lieut. Wathen and his family are visiting with his brother and family at Hope, Mr. and Mrs. M. E. Wathen. Lieut Wathen is attached to the USS Holland at San Diego, California. His family lives in San Diego. From here Lieut. Wathen will visit his father and mother near Loraine, Texas and join a family reunion there. Mr. and Mrs. M. E. Wathen and family, Mr. and Mrs. T. T. Wathen of Dallas, Mr. and Mrs. W. H. Wathen and family of Kansas City will attend.

After the family reunion at Loraine, Lieut. and Mrs. Wathen expect to visit Mrs. Wathen's mother at Maxwell, this state, before Lieut. Wathen rejoins his ship at San Francisco.

Lieut. Wathen was one of the early settlers of Artesia, having resided here in 1906 and 1907. He has over 20 years service with Uncle Sam.

LAND SALE NETS \$9,800

With bidding brisk for choice tracts, the New Mexico land office at Santa Fe yesterday held its most successful oil lease sale of the year, taking in \$9,800 in rentals. Prospects are that the sale will exceed \$10,000.

The July monthly sale in total brought \$8,000. For the August sale, sixteen tracts out of 35 advertised were sold yesterday and the unsold ones are open for purchase for ten days at the advertised price. Mr. Hinkle believes many of them will be taken.

INTER-CITY GOLF MATCH SUNDAY

The Carlsbad Golf Club has been invited to meet the Artesia Golf Club here at Artesia next Sunday afternoon in an inter-city golf match.

It is planned to play the match in two ball foursomes. Each club will be divided into two man teams and each team will use only one ball, the two players alternating strokes. It is expected that about fifteen players from Carlsbad will attend.

TAKES PRISONERS TO SANTA FE MONDAY

Deputy Sheriff Joe Johns left Carlsbad Monday with two prisoners for the state pen, W. E. Smith and Cecil Roberts. These men plead guilty to charges of breaking into the Peoples Mercantile Co., store at Carlsbad in the night time and will begin serving sentences of two to three years.

LOCALS

G. R. Brainard was a Roswell visitor Monday.

Bishop Larry made a business trip to Clovis Tuesday.

Miss Hannah Briscoe and Wm. Ross spent Sunday in the mountains.

Mrs. T. E. Williams of Carlsbad spent the week-end in the Ira Reser home.

Mrs. Wendell Welch is recuperating nicely in the Hendrick Lachs hospital in El Paso.

Messrs. W. C. Thompson and L. C. Keller were transacting business in Carlsbad yesterday afternoon.

Mr. and Mrs. A. C. Brown of Hobbs were here yesterday visiting friends and attending to business matters.

Mrs. W. E. Flint and Miss Ruth Scott spent the week-end with Mr. and Mrs. Carl Gallagher in Albuquerque.

Mr. and Mrs. M. T. Buford are the parents of a baby girl, born Sunday evening at the St. Francis hospital, in Carlsbad.

Bert Sinclair, and mother, Mrs. K. M. McCord and Miss Glenn Polk came down from Ruidoso Tuesday for a short stay.

Mrs. P. J. Phillips returned Friday from Carlsbad where she had been visiting her son and wife, Mr. and Mrs. A. F. Phillips.

Mrs. Ed Stone and son, Cyril returned from the Sacramento camp Monday. Glen Stone went up Sunday and brought them home.

Mr. and Mrs. Ossie Coalsen and Mr. and Mrs. Williams of Carlsbad were here Thursday evening visiting Mr. and Mrs. J. C. Floore.

Van Welch left yesterday for New York City. He was accompanied by his niece, Mrs. Jim Chambers of Carlsbad who will visit in New York state.

Mr. and Mrs. E. A. Paton and children, Mr. and Mrs. C. C. Pior and Ancil Pior returned today from the state line where they have been on a fishing trip.

Mrs. Mandville Weems and two children, Beverly Jean and Julia Lola arrived yesterday from Neosho, Missouri to visit her parents, Mr. and Mrs. O. E. Nickey.

Vinnard Stewart, son of Mr. and Mrs. J. V. Stewart of the Cottonwood underwent an operation for rupture at the St. Mary's hospital in Roswell Monday evening.

Mr. and Mrs. Herman Green and baby accompanied by Mrs. Roy Green and children and Mrs. Gertrude Roe of Roswell left today for a ten day visit to relatives at Jonesboro, Arkansas.

Mr. and Mrs. Philip Kranz and Mrs. W. H. Johnson were here Sunday from Roswell visiting Mrs. Kranz' parents, Mr. and Mrs. J. C. Floore. John Hartsfield accompanied Mr. and Mrs. Kranz home for a visit.

Mrs. F. J. Lukins came in Monday from California to visit with friends. She accompanied Mr. and Mrs. Harold Howard. Mrs. Howard has a position in the schools at Summerland, California and Mr. and Mrs. Howard and Mrs. Lukins plan to return to California next week.

John Gates accompanied Frank Brooks to San Antonio, Texas last week and went on to La Pryor, Texas after his grandfather, W. H. Withington returning Tuesday. Mr. Withington will visit his daughters, Mrs. Rex Wheatley and family and Mrs. V. L. Gates and family.

TUCUMCARI GETS THE 1932 LEGION MEET GANTZ COMMANDER

Paul R. Gantz of Ft. Bayard was elected state commander of the New Mexico department of the American Legion to succeed Everett M. Grantham of Clovis at the close of the fourteenth annual state legion convention at Raton Saturday.

Brig. Gen. Osborne C. Wood of Santa Fe, adjutant general of the New Mexico National Guard was elected senior vice-commander after he had withdrawn his name from the race for state commander and released his supporters to vote without recommendation, Joaquin Ortega, of Las Vegas, was elected junior vice-commander. The convention passed a resolution demanding payment of the bonus by the government without a roll call vote.

A resolution submitted from the floor condemning President Hoover for his handling of the bonus marchers was tabled when it was decided that this was not the proper action for the legion to take.

Tucumcari was selected as the 1933 convention city and the convention went on record as favoring the election of George W. Malone of Carson City, Nevada as national commander, providing he comes out "unequivocally in favor of cash payment of the bonus."

Adjournment came with the rafters still ringing with cheers for Past Commander Grantham after General Wood had moved that Grantham's work during the past year be endorsed by the department.

Other officers elected were: P. C. Martinez of Tucumcari, master at arms; and Father Braun, Mesquero, chaplain.

District committeemen named were: Joe Granito, Cerrillos, J. J. Emmonds, Gallup; J. B. Stevenson, Albuquerque; Herman Smith Mountainair; Fred Quesenberry, Las Cruces; Gen. H. A. Ingalls, Roswell; E. G. Hobbs, Harvey Brown and Jim Zukie, Raton.

DOMINION TRADE THREAT AGAINST AMERICA FADING

OTTAWA—A prospect that the imperial conference would limit itself to bi-lateral agreements between the dominions and leave the rest of the agenda for the coming world economic conference at which the United States will sit, appeared as the conference began its third and perhaps final week Monday.

The general belief was that Great Britain would do something to open her doors wider to the products of the dominions, but that in doing so she would be inclined to confine herself to measures looking to an international revival of trade rather than to purely empire benefit.

It was recalled that the Prince of Wales, on the eve of the opening of the conference, referred especially to the undesirability of damaging the empire's world trade.

For the most part, it was expected. The new trade alignments made here will be considered as revisions of most favored nation treaties rather than an attempt to treat the rest of the world, particularly the United States, as competitors.

RAINS ON THE PLAINS

A good rain is reported for the western portion of Lea county extending from Lovington west to the Cap Rock. Information of the extent of the rain east of Lovington was not received. The rain amounting to approximately an inch was very beneficial to the ranges.

BIDS LET

Bids for the construction of a portion of highway 70 between Alamogordo and Tularosa will be let by the State Highway Commission on August 12th.

American Willow Trees

Originally From Syria?

It has been told that the first weeping willow tree in this country was planted by John Curtis of Virginia during the Revolutionary war, and still stands on the Curtis estate.

The story is that "a traveler in Syria once sent to Alexander Pope, the English poet, a box of figs, in which was a twig from one of the weeping willows beside the rivers of Babylon, upon which the exiles used to hang their harps. This twig was planted alongside of the Thames, where it grew. A British officer brought a slip from this tree and gave it to John Curtis of Virginia."

Nurserymen claim that this tree is the ancestor of all the weeping willows in this country.

This awakens new interest in that tree, which is given such prominence in the Bible—"the willows of Babylon."

Signposts Are Real Art

Some of the suburban towns of Germany are injecting some art and humor into the signposts which are everywhere regarded as essential for the guidance of the tourist and stranger within the gates. The thought emanated at Warmbrunn, where there is a school of wood carving and the trunks of trees were transformed into life-size effigies, gayly painted with suitable inscriptions pointing out the way. For instance, one finds a schoolboy holding in one hand a slate with the words "Fuelner Park" and pointing to the way with the other hand. Rubezahl, the Silesian mountain spirit, clad as a reaper and other well-known figures are employed to point out the way to the traveler. This idea has been followed by several communities in the Black forest.

Belief in "Magic"

Magic is as old as the human race. As soon as men deserted the horizontal position and rose to dignity on their two hind legs, they began to wonder what the world was all about. It was then that they first started to dabble in magic, and they never have ceased to this day. In ancient Egypt priests used magic to mystify their people. The Greeks and Romans believed in oracles. In the ruins of the forum at Pompeii there still stands an oracle which dates back to 76 A. D. or earlier. A lead pipe leads back to the spot where the old priest sat and uttered the wisdom attributed to the oracle.

Speed on Railroad Lines

Under special conditions railroad speeds of 90 miles an hour and over were attained more than 22 years ago, for short distances. A train on the Plant system in 1901 made 120 miles an hour on a test run between Fleming and Jacksonville. Among regular scheduled American passenger trains today there are several that average over 50 miles per hour. The World Almanac states that first class German and French trains now average 50 to 60 miles an hour over long runs. A regular train of the Great Western in England makes 63.3 miles an hour.

TO MANUFACTURE DRY ICE

Organization of the Estancia Valley Carbon Dioxide Development Co., for the manufacture of dry ice is virtually completed. The project when developed will give the state its first dry ice plant. A carbon dioxide field has been opened north of Estancia from which the dry ice will be manufactured. Engineers have estimated that the field will produce enough carbon dioxide to supply a fifteen ton plant for seventy-five years. There are seventy-six different uses established for dry ice.

SCARBAUER CATTLE CO. RECEIVES HEIFERS

The Scarbauer Cattle Co., Monday unloaded 342 heifers to be placed on grass at the Mule Shoe ranch west of Hope. The heifers were shipped from the company ranch at Midland, Texas and were driven through to the Mule Shoe ranch, owned by the Scarbauer Cattle Co.

SECOND ELEVATOR FOR CAVERN

A second new elevator cage and mechanism in the 750 foot shaft at the Carlsbad Cavern will be installed this summer. A new 240 horsepower Diesel engine will be added to the power plant.
