John Robison Talks About Area Severe Weather

Bailey County In Edge Of Infamous 'Tornado Alley'

Muleshoe lies at the beginning of 'Tornado Alley,' explained John Robison, Channel 11 weatherman from Lubbock.

He was speaking to members of the Muleshoe Rotary Club on Tuesday at noon, and presented slides, depicting actual tornados and touched on how they had affected different cities and towns, and rural areas.

Absentee Votes End Tomorrow

Tomorrow, Friday, March 4, is the final date to vote absentee prior to Tuesday, March 8, when Super Tuesday is scheduled.

For this year, the Primary Election has been moved to March, to conform with other southern states in a Super Tuesday Election.

Lions Club Tournament Underway

Attention, all basketball fans! The Muleshoe Lions Club has a real treat for you! The Muleshoe Lions Basketball tournament is underway at the Watson Junior High School gym, and if you aren't attending -- you just may be missing basketball at its best.

The tournament got underway Monday evening, and continued Tuesday. It begins again today, Thursday, with the first games scheduled at 5 p.m. The tournament is concluding around 11 p.m. each night.

Finals start Saturday afternoon at 2 p.m.

Women's teams in the tournament include two teams from Earth, Melinda (Denham) Riley, former outstanding Texas Tech player is on one of the Earth teams; also, one team from Hereford and one team from Muleshoe.

Former stand-out basketball player Bubba Jennings, who was with Clovis High School, then Texas Tech University, is playing with a Clovis team. With seemingly little effort, he made 33 points Monday night in Muleshoe.

Other men's teams are from Hereford, Hart, Portales, Earth, Farwell, two teams from Muleshoe, Andrews and Olton.

Make your plans to attend the Lions Club Basketball tournament.

Although March is traditionally the beginning month for area severe weather, Robison explained that April, May and June are the 'peak' months in this area for severe weather, which includes not only tornadic activity, but also large hail, high winds and flash flooding.

Plainview and Hale Center in Hale County account for the most tornadic activity, he said, and the most damage is inflicted in that county.

In his slide presentation, Robison showed first a 'Weak' tornado. This accounts for 63 percent of the sightings in this area. This is a tornado that carries winds of less than 100 mph, along with the tornado being up to 200 feet wide, and may range on the ground for up to three miles. It only lasts a few minutes.

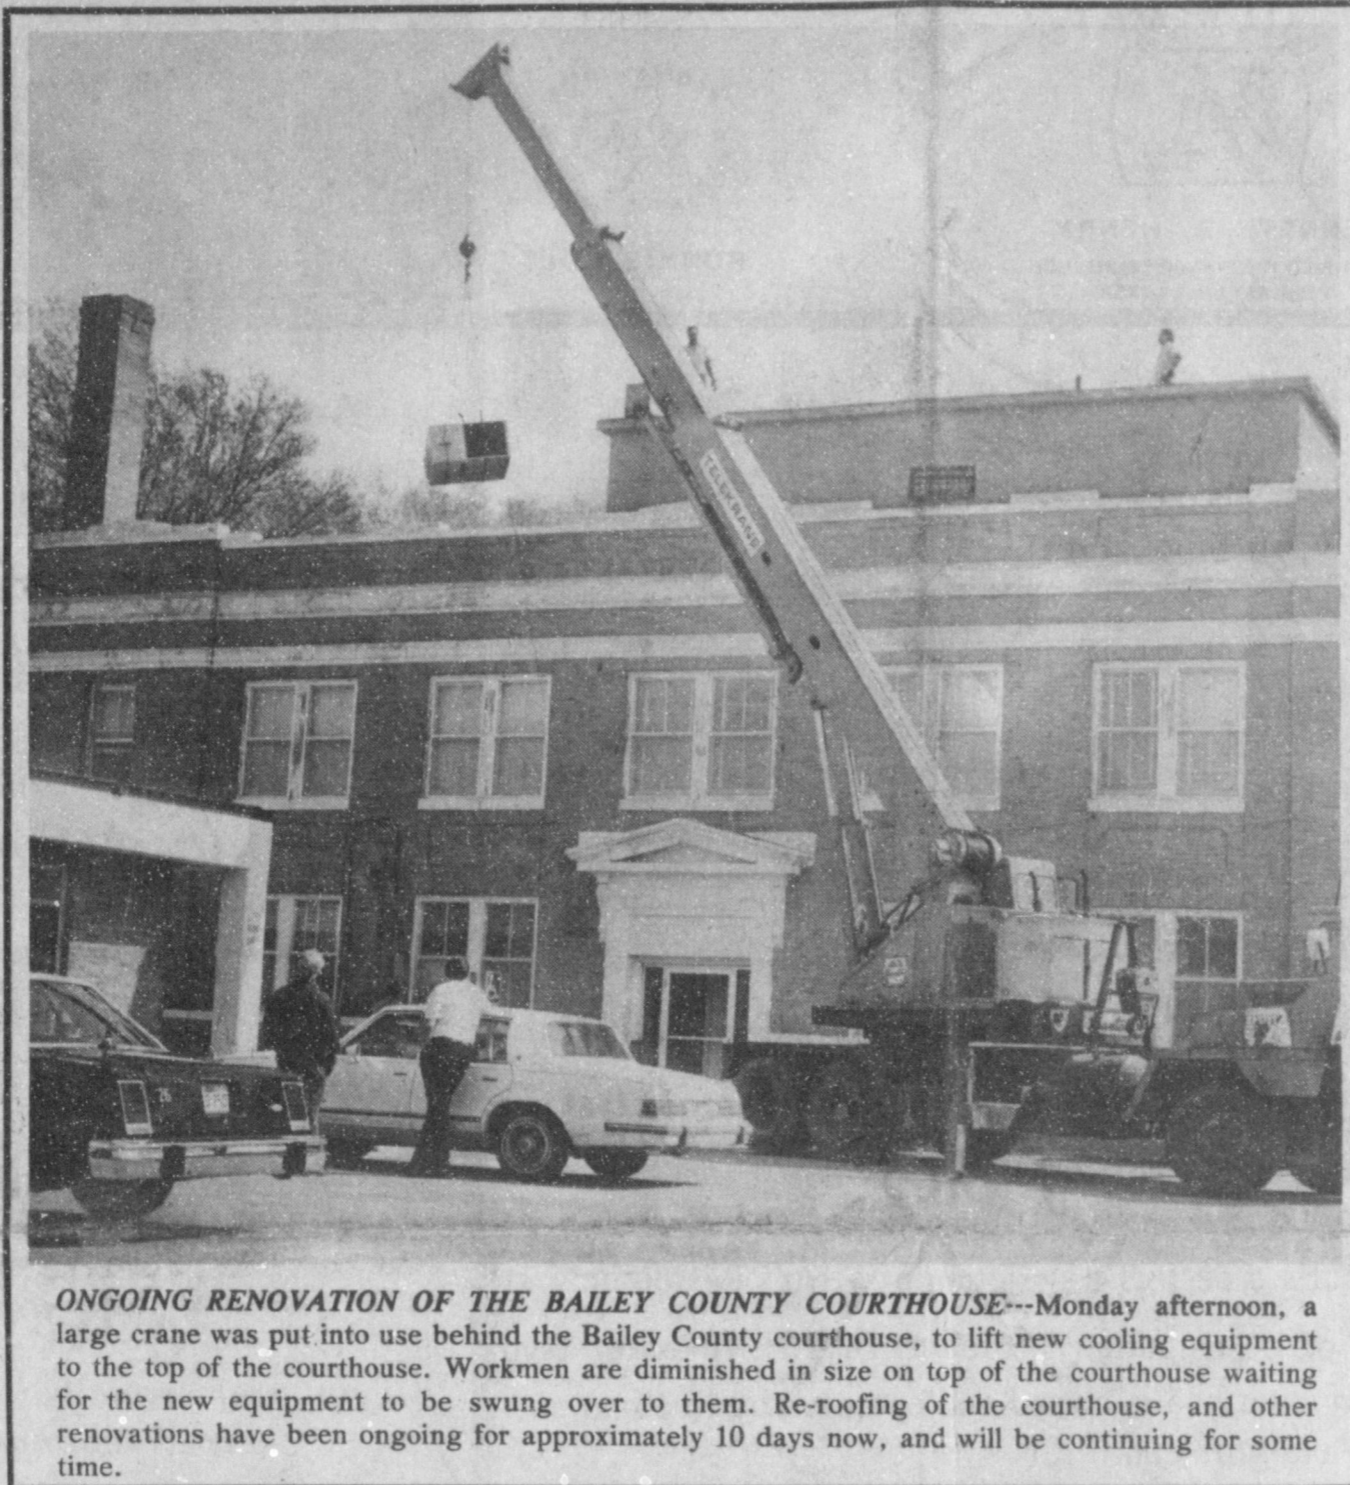

Some 35 percent of the tornados reported are 'Strong' tornados, with wind speeds of 100-200 mph, the tornado being up to 750 feet wide, and may be on the ground for some 15 miles. It lasts up to 20 minutes and causes death and injury, along with severe damage to property.

The most dreaded of all, the 'Violent' tornado accounts for only two percent of all tornado sightings. It is the tornado that produces the most deaths and widespread injuries and damage. Winds in this tornado are 200 mph, plus, it can be one and one half to two miles wide, and may range for 200 miles. It lasts up to three hours.

The weather forecaster explained various cloud formations and what to watch for when thunderstorms are forming.

He showed a wall cloud, and said that does not necessarily mean there is a tornado in the cloud. He also said to watch for rotating wall clouds -- hanging

Cont. Page 6, Col. 1

ONGOING RENOVATION OF THE BAILEY COUNTY COURTHOUSE--Monday afternoon, a large crane was put into use behind the Bailey County courthouse, to lift new cooling equipment to the top of the courthouse. Workmen are diminished in size on top of the courthouse waiting for the new equipment to be swung over to them. Re-roofing of the courthouse, and other renovations have been ongoing for approximately 10 days now, and will be continuing for some time.

*** This weekend, in *The Bailey County Journal*, the latest numbers for the MAC drawings will be listed 'somewhere' in the display advertisements.

Be sure to check all the advertisements to see if you are a lucky winner of MAC Bucks in the March drawings.

Bailey County Commissioners will meet in Special Session in the Bailey County courthouse today, Thursday, March 3, at 10 a.m. and will continue until all business is concluded.

The following items are on the agenda:

Approval of minutes of previous meeting, payment of routine county bills, open bids on car for sheriff's department, review departmental reports and miscellaneous items.

More than 1,200 students at Texas Tech University received degrees in fall 1987 commencement exercises.

Degree recipients included: Jimmy E. Green, bachelor of business administration; and Britt Reid Gregory, master of education.

The Hub of the Plains Chapter of the American Ex-Prisoners of War, Inc., is trying to locate the gravesites of all former prisoners from all wars.

The chapter is asking anyone knowing the locations of those graves in this area as well as any other information about any of the former prisoners of war to please send the information to Bill E. Smith, Chapter Commander, 1601 23rd St., Lubbock, TX 79405 or to Special Projects Officer, James M. Bloxom, P. O. Box 636, Franks-ton, TX 75763.

The POW name, gravesite and any other personal information will be made a part of a permanent record and kept in the Prisoner of War Museum at Andersonville, GA. This museum is maintained by the United States Department of Interior.

On Saturday, February 20, the annual Mathcounts contest was held at Texas Tech University. This contest is sponsored by the National Society of Professional Engineers, CNA Insurance Companies, National

Child Care Workshop Draws Interest

Across the Texas South Plains obtaining child care outside the home is a daily necessity for thousands of families. And the need is present in rural as well as urban communities, say home economists with the Texas Agricultural Extension Service.

"Around the Lubbock area, in

Local Man Inducted Into Hall Of Fame

Muleshoe area native, Army Col. Don R. Watson, son of Lutisha Watson and the late C. A. Watson, joined four other servicemen inducted into West Texas State University's Army ROTC Hall of Fame.

Col. Watson, a 1966 WTSU graduate, received the honor during ceremonies at Henson Activities Center on the WT campus last Friday.

Presiding over the rededication was Maj. Raymond E. Haddock, an original Hall of Fame member, and Ed D. Roach, WT president.

A recent renovation of Old Main, the former site of the Hall of Fame, prompted scheduling of the rededication ceremonies. Original WT graduates inducted into the Hall of Fame were Haddock, Maj. General Elvin J. Schofield and Brig. Gen. Darryl H. Powell.

Roach, president of WT, praised WT's ROTC program, the four Hall of Fame members and said over 1,000 active commissioned officers had graduated from the program.

"These individuals, through their meritorious careers in defense of our country, have brought great honor to West Texas State University," he said.

Cont. Page 6, Col. 1

many of the counties, somewhere around 40 to 45 percent of mothers who have children under the age of six are working outside the home," said Dr. Catherine Crawford, Extension director for home economics in 20 South Plains counties.

"I think a lot of it is because of the economy," she said. She said that many mothers are working to maintain a style and level of living to which the family is accustomed.

"The other thing, though," Crawford added, "is that a large number of these mothers don't have a husband present. So a lot of these children that are being cared for away from home are children of single-parent households."

The child care provider can be a very important person in the development and life of each child under their supervision, she stressed.

To help persons operating child care facilities, those caring for a few youngsters in their homes, or those thinking about providing such service as a means of earning extra income, the Extension Service will conduct a one-day professional conference in Lubbock March 26.

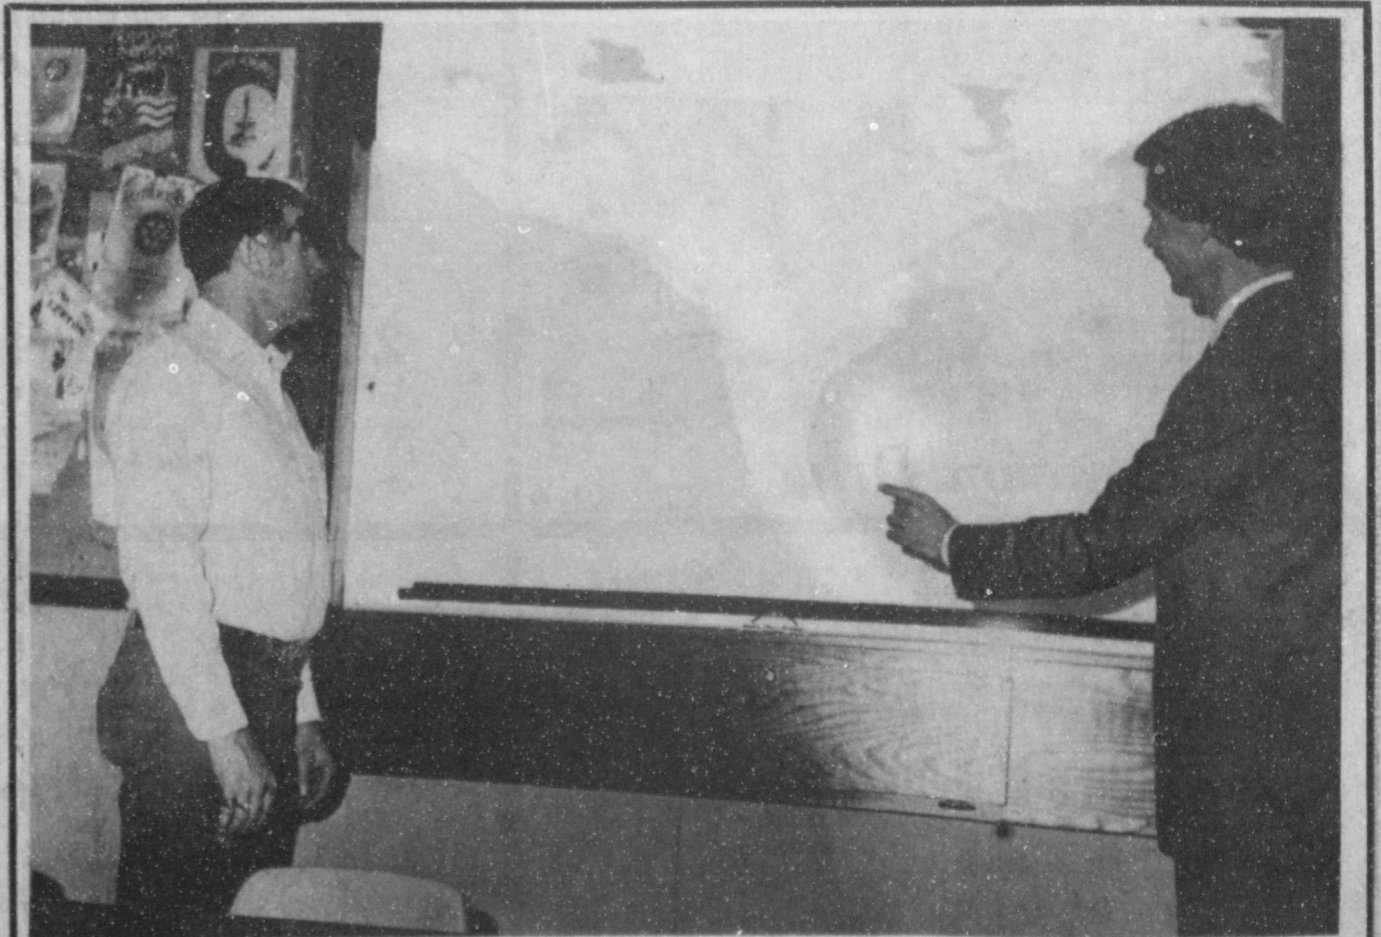

Training will include questions and answers on licensing and practical sessions on marketing the business, scheduling a child's day, arts and crafts for children, resources to make the job easier, record keeping, discipline, communication, conflict management, cooking with kids, looking great and feeling terrific, and the balancing act of keeping kids in your home. A refresher course on cardiopulmonary resuscitation (CPR) also will be offered.

Providing the instruction will be Extension home economists, staff members of the Texas Department of Human Services,

Lubbock Health Department, Texas Tech University Health Sciences Center, South Plains Association for the Education of Young Children and several experienced child care providers.

The conference will be held at the Texas A&M University Agricultural Research and Extension Center just north of Lubbock International Airport. The center is on FM 1294 just east of I-27 at the Shallowater exit. Training is from 8:30 a.m. to 3:30 p.m. Registration is \$7.50 and includes lunch. It must be made by March 10 with any county Extension home

Cont. Page 6, Col. 5

TORNADOS MAY BE WEAK, STRONG, OR VIOLENT--George Nieman, left, looks on as John Robison points out a tornado, such as those spotted on the South Plains. Robison, who is a weather caster with WeatherCenter, KCBD, Channel 11, Lubbock, was in Muleshoe to present a slide program and narration of weather patterns to be expected in this part of the country. His program was to the point, and well received by all members of the Rotary Club.

Sudan Hornets Win District

By Evelyn Ritchie

The Sudan Varsity Hornets won district champs Friday night when they defeated Petersburg 58-53 in the final game of regular season play. Kyle Maxfield led the Hornets with 9 field goals, (4 two pointers and 5 three pointers) and had 5 of 6 fta and had 3 rebounds, 4 steals and 2 assists for the game.

Elliot King was second high with 5 fg and a free one for 11 and had 3-2-1.

The Hornets edged Petersburg 19-18 at the end of the first quarter when Kyle had four three pointers and one 2 pointer and Chris Griggs and Elliot each had a two pointer. In the second quarter, Elliot sank 2 fg and a free one while Eddie Salinas sank one FG for 9 and Petersburg added 10 to a tied score 28-28 at halftime. The Hornets came back in the 3rd to add 16 when Kyle tossed in 3 two point fg, and sank 2 of 4 free ones. Eddy Boyles, and Elliot King each contributed a field goal for a 44-38 lead. In the final play period, Kyle hit a three point fg and 5 of 6 free ones, Chris Griggs and Elliot each contributed a field goal and Jarod Bellar a free one to add 14 for the win. Petersburg added 10 & 15.

The Hornets sank 16 two pointers and 5 three pointers; 11 of 21 fta and had 20 fouls Petersburg hit 10 two pointers and 6 three pointers, 15 fta and 17 fouls.

Chris Griggs had 4 fg for 8 and 7-1-2 for the game; Eddy Boyles had 2 fg for 4 and had 10-3-2; Anthony Williams hit 4 of 7 fta for 4 and had 4-0-1; Eddie Salinas hit one fg for 2 and Jarod Bellar a free one and had 1-2-2 for the game.

The Hornets had a practice game with Nazareth on Thursday and will be having a practice game with Abernathy on Saturday night here in the Hornet gym at 7:00. They advance to Bi-District play offs on Tuesday night Feb. 23 at 6:30 p.m. in the Texas Dome in Levelland when they play Sundown for the Bi-District title.

On Tuesday night in the Texas Dome in Levelland, the Sudan Hornets began defending their Class 1A championship title by defeating Whitharral 51-33 in Bi-District play. They advanced to area on Thursday night at 7:30 p.m. in the Levelland High School gym with results to be published next week.

The Hornets hit only 41.9% of their shots from the field but ended up winning the game. Teena Newman lead the scoring with 4 from the field and three of four free ones for 11.

The Whitharral Lady Panthers had 29 giveaways in the first half, resulting in 12 points for the Hornets. The Hornets had 5 turnovers in the first half and 12 in the second half.

Kathy Powell made 5 of her points in the first half when she hit one field goal and three free ones and had 8-2-1 for the game and Teena had 4-0-3. Four Hornets each hit 6 points for the evening when Nichole Maxfield, Stacey Williams and Shannon Peck all tossed in 3 fg and Melissa Nix hit a 2 & 2 for her six. Nichole had 3-3-0; Stacey 2-1-1; Shannon 1-2-3) Melissa 3-4-1 for the night.

Darlene Henley hit 2 from the floor for 4 and had 3-4-1; Kristi Hargrove chipped in 1 & 1 for 3 and had one rebound. Misty Bartley contributed a field goal and had 1-0-1. Star Tennyson had two rebounds. Melanie Peck also played during the game.

The Hornets outscored the Lady Panthers by only three (15-12) by the end of the first play period but by halftime had upped the score to a 29-19 lead. Neither team made many shots in the 3rd with the Hornets sinking only 6 and the Lady Panthers only 3 bringing the score to 35-22.

Teena hit one field goal and tossed in 3 free ones in the final period while Melissa, Darlene and Kristi, Nichole and Misty all chipped in for a field goal each and Kristi also one free one. The Lady Panthers hit 3 fg and 5 free during the last quarter for their final game of the season.

Sudan hit 21 fg, 9 of 11 fta and had 21 fouls. Whitharral sank 9 fg, 15 of 25 fta and had 14 fouls.

Mae Boone Funeral Services Held Tuesday

Funeral services for Mae Boone, 84, of Springlake were held at 2 p.m. Tuesday, March 1 in the First Baptist Church of Springlake with the Rev. Woody Jackson, pastor of the Little Cypress Baptist Church of Little Cypress, Tx., officiating.

Burial was in Earth Memorial Cemetery under the direction of Parsons-Ellis Funeral Home of Earth. Mrs. Boone died at 8:50 a.m. Sunday in Plains Memorial Hospital in Dimmitt.

Born May 5, 1903, in Haskell County, she moved to Springlake in 1920, from Haskell County. She was a homemaker, a member of the First Baptist Church of Springlake and the Springlake Home Demonstration Club. She married William Robert Boone on May 30, 1925, in Plainview. He died May 13, 1977.

Survivors include two sons, Kenneth Boone and Keith Boone, both of Springlake; a daughter, Mrs. Pat Jackson of Orange, Tx.; a sister, Mrs. Florence Struve of Hereford; a brother, Almon Whitford of Springlake; nine grandchildren; and nine great grandchildren.

TAXPAYERS' Rights, Remedies, Responsibilities

Want to learn more about the property tax system? That's possible by reading a pamphlet the State Property Tax Board has written and made available at the local appraisal district office.

It's called "Taxpayers' Rights, Remedies, Responsibilities" and it may help you save money. Learn about tax relief available through

- homestead exemptions
- disabled veteran exemptions
- special productivity value for farm, ranch, and timber land
- tax deferral for over-65 homeowners

You'll learn how your property is appraised. That way, you can decide if the appraisal district's value is reasonable.

If you think it isn't, the pamphlet tells you how to prepare an appeal to the appraisal review board. You'll learn the types of protests the appraisal review board can hear and useful evidence to bring to your hearing.

Important dates in the tax year are listed. You'll know what your responsibilities are and when you are obligated to satisfy them.

"Remedies" is free to taxpayers. Ask for yours today at

TREES TO BE PLANTED. LAWN BEAUTIFIED AT M.E. CHURCH

Money has been raised and paid in for a number of shade trees to be put out around the Methodist Church here. Arrangements have also been made to beautify the lawn by planting grass and shrubs. Arbor Day was decided on as the day the planting will be done.

Tree planting is something that Muleshoe needs more of and now is the time to do it. A town without trees is very unattractive, especially to visitors. We have a good start now, but many more trees are needed. The Chinese Elm is recommended as the best for West Texas as it grows fast and is not bothered by the borer. Muleshoe should have at least 300 more trees this season. It can be done, so lets get busy.

\$21,640 SCHOOL AUDITORIUM AND GYM- NASIUM CONSTRUCTION WILL BE STARTED EARLY NEXT WEEK

Materials are this week being placed on the grounds and actual construction of the Muleshoe new auditorium and gymnasium will be started next week. Preliminaries of a governmental nature have been completed and a work order issued.

The combined one story auditorium-gymnasium will be 11X86 feet in size, of brick, tile and concrete construction throughout and will be completed at the cost of \$21,640, such being the bid let to Jess Williams, Lubbock contractor.

In April last year patrons of the Muleshoe Independent school district voted \$12,000 in bonds for such building enterprise, which were later sold to the state at par plus accrued interest being four percent per annum. The balance of the cost comes through PWA appropriation.

FARMERS PLEDGE 2585 ACRES VEGETABLES TO BE GROWN IN BAILEY COUNTY THIS SUMMER

A minimum of 2585 acres of mixed vegetables will be grown in the Muleshoe area this summer, according to the compilation of intention sheets filled out Tuesday night at the second meeting of area vegetable growers. The largest acreage, 842 acres, will be planted to tomatoes, followed by 457 acres of potatoes, 115 acres of green

beans, and diminishing quantities of other vegetables.

The Thursday night meeting was held in preparation for the arrival next week of Travis Jennings, of Brownsville, well known vegetable shed manager, who will discuss leasing the shed to be built here, or else operating it for the group on a commission salary basis.

Other vegetables which area farmers have signified they intend to raise, providing a suitable market can be arranged, include cabbage, cantaloupes, corn, cucumbers, lettuce, melons, okra, peas, peppers, sweet potatoes, squash, beets, onions, parsnips, and turnips.

PAY AND SAVE VICTIM OF LARGE BURGLARY

When Harold Maxwell arrived at the Pay and Save Grocery in Muleshoe Sunday morning shortly before 9 a.m., he found that someone had been at the store before he arrived.

In fact according to what the assistant manager of the store found, and reported to the Bailey County Law Enforcement Center, the person had entered the store quiet early.

They broke a lock off the back door of the store, removed an outside bar on the back door before entering the store. Once inside they unplugged the burglar alarm system, and then spent some time breaking into one safe, removing more than \$3,000 in cans, which included more than \$200 in silver; and packets of \$20s, \$10s, and \$1s. Approximately becoming hungry as they worked on the safes. The burglars took all the cooked burritos from a storage oven in the meat market of the store.

Who Knows?

1. What is the 3rd Commandment?
2. Who said, "Let us have the courage to stop borrowing to meet continuing deficits"?
3. What was the purchase of Alaska called?
4. In what season do most suicides occur?

Answers to Who Knows

1. Remember the Sabbath Day, to keep it holy.
2. Franklin D. Roosevelt, in a 1932 speech.
3. Seward's Folly.
4. According to statistics, spring.

ON DISPLAY AT LIBRARY---Beth Watson shows off her antique tea sets, putting them on display at the Muleshoe Public Library. Most of the tea sets were made in the 1920's and 30's with only one being made as late as 1940.

Carefully Investigate Before Buying Timeshare

This time of the year thoughts turn to planning a family vacation at the beach, mountains or lake -- and finding a way to afford it.

A timeshare, or purchasing a unit in a resort area for use a specific week every year is a good solution for some families, says Bonnie L. Piernot, a consumer economics specialist.

"Especially for larger families, a timeshare may be much less costly than comparable hotel or motel rooms, mostly because you can accommodate more people and eat more meals at home rather than in restaurants," she says.

"No matter how attractive the deal, however, consumers should carefully investigate before buying a timeshare," cautions the Texas A&M University Agricultural Extension Service home economist.

Piernot says it's most important to know what kind of timeshare you're buying. An ownership, or "interval" timeshare, gives you a simple interest in the property, providing title, deed and title insurance. You can sell your share of the property, will it or give it away.

"Right-to-use" timeshare offers no equity in the property. You're given the right to use a specific unit for a certain period of time, after which possession reverts to the developer. This type of timeshare may also be called a vacation license, lease or club membership, she explains.

"Contests and gifts have been used to induce people to visit a site where unscrupulous sellers then apply heavy pressure," the specialist says.

"Texas laws protect consumers by allowing a 3-day cooling off period, during which a buyer who did not actually

visit the timeshare unit or a comparable unit can cancel a contract and get a refund," notes Piernot. "However, if you plan on buying outside Texas, check with the State Attorney General's office in the other state, since regulations vary."

Before signing a timeshare contract, the consumer specialist suggests you figure your total costs, including interest to be paid for financing and annual maintenance fees.

"In general, time shares should not be purchased as an investment, since resale is often difficult and may bring 30-40% less than the original price," she advises.

Piernot also warns consumers to avoid buying a timeshare on impulse. "Make sure it's a resort area you want to visit year after year and that you really will be getting your money's worth, by comparing the availability and cost of simply renting a vacation unit."

Suspicious people are those who judge mankind by themselves.

Ramos In This Week's Senior Spotlight

Featured in this week's Senior Spotlight at Sudan High School is Carmen Ramos, daughter of Fernando and Frances Ramos. Carmen was born in Levelland on March 1, 1970. She has two sisters, Laura and Lolley. She attends the Immaculate Conception Catholic Church of Muleshoe and lists her hobbies as reading, writing and dancing.

Carmen stated that if she had learned one thing in life, it's not to be afraid to face the parts of life that she would really rather not and then make the best of it.

"With this in mind, she has had many ambitions throughout high school" stated Kim Brotherton "She has participated in Industrial Arts Club where she was a reporter her junior and senior years and Pep Squad, where she was vice president her junior year and president her senior year. She is also a member of FTA and FHA."

Upon graduation, Carmen plans on attending beauty school at TSTI and then going on to college at West Texas. Her ambition is to finish college and be successful and happy.

"I have many good friends, some are closer than others, but I love them all" said Carmen.

"Her best asset is that she is able to laugh when she wants to cry" Kim Brotherton continued.

Carmen stated that SHS is a great place to get an education. The times she has spent there she will never forget. Her advice to the underclassmen is, "enjoy the few years of high school you have left, and do your best and never, ever lose faith in yourself."

Little Tumblers

Present Local

AARP Program

The local chapter of AARP met at 11:30 a.m. Friday, Feb. 26 for their regular monthly meeting and covered dish luncheon at the Bailey County Civic Center. Myrtle Creamer, presided over the business meeting.

Minutes of the previous meeting were read by Dorothy Bowers and Muriel Lewis gave a treasurer's report.

Rickie Kelley from the Muleshoe Gymnastics took her little tumblers to put on the program for the day.

It was reported that 27 members and guests enjoyed the program and covered dish luncheon.

The next meeting will be on the fourth Friday in March.

Latest Arrivals

Joshua Bradley

Satterwhite

Mr. and Mrs. Kevin Satterwhite of Lubbock are the proud parents of a son, Joshua Bradley, who was born Monday, Feb. 22 at 4:10 p.m. in Methodist Hospital in Lubbock.

The young man weighed eight pounds and three ounces.

Grandparents are Mr. and Mrs. Clinton Kennedy of Plainview, formerly of Muleshoe, and Mr. and Mrs. Brad Satterwhite of Lubbock.

Great grandmother is Mrs. Velma Kennedy of Bledsoe.

Mrs. Satterwhite is the former Abbye Kennedy.

We, the family of Ofelia Godinez wish to express our sincerest appreciation for the many donations, prayers, and gifts that were given during the illness and loss of our loved one.

Sincerely,
Armando Godinez Sr.

Local Youth Wins

First Place

In Piano Concert

Two Muleshoe youth received first place in the Lubbock Sonatina-Sonata-Concerto Festival held February 19 and 20. Kelly Conklin, daughter of Mr. and Mrs. Norris Conklin, and Corley Hutton, son of Mr. and Mrs. Terry Hutton, were presented in the winner's recital on Sunday afternoon, Feb. 21 at the Garden and Arts Center. They are both students of Elaine Damron.

Lubbock Music Teachers Association sponsored the Festival and students play against all other students entered in the same movement of a Sonatina, sonata or concerto, which can be any number from two to 20 or more, and they come from a wide area of West Texas and New Mexico.

Other students of Mrs. Damron's winning places in the contest were the following: second place: Jeremy Bruns, Mason Conklin and Holly Hutton; third place: Gilbert Rennels, April Hugg, and Jeff McGuire.

Cyle Marr, Julie Crittenden, Stacy McElroy, Jeanne Cox, Dayna Hamilton and Emily Bomer, all students of Mrs. Damron, also participated in the contest.

PREPARING FOR RIDE--Dee Clements didn't let the cold snowy weather stop him from saddling up his horse and going for a ride on his 80th birthday, Friday, Feb. 5. He was born on Feb. 5, 1908 in Indian Territory, Okla. and he and his wife, Ruth, have been residents of Bailey County since 1931. He farmed until 1948, when he went to work for Bailey County Electric, working there until he entered the sheriff's race in 1956. He served as sheriff of Bailey County from 1957 until 1981.

**Don't Be Mislead
By Term Vegetable Shortening**

If you think you're avoiding saturated fat by buying food products that are advertised as "Made with 100 percent vegetable shortening," think again.

The term "vegetable shortening" on food labels also includes the highly saturated tropical oils, such as palm oil, palm kernel oil and coconut oil, according to Marilyn Haggard, a nutritionist with the Texas A&M University Agricultural Extension Service.

"Of the fatty acids in coconut oil, 92 percent are saturated, 86 percent of those in palm kernel oil are saturated, and 51 percent of those in palm oil," Haggard remarks. "By contrast, 41 percent of the fatty acids in lard are saturated, and only nine percent of those in safflower oil."

"Because saturated fats have

been associated with high blood cholesterol levels and increased risk of coronary heart disease, consumers are naturally interested in cutting back on this type of fat," she says.

According to the nutritionist, palm oil and coconut oil are listed among the ingredients in a wide variety of food products, including some shortenings, soup mixes, cake mixes, whipped toppings, stuffing mixes, snack foods and frozen entrees.

If you want to watch your intake of saturated fats, she advises looking for the type of fat listed on the ingredients label, and not being misled by the term "vegetable shortening."

Annual Spring Fine Art Show Being Planned

Pintores Art League of Clovis, N.M. has set their annual Spring Fine Art Show for April 18 through 22. The event will be held at the Eastern New Mexico University--Clovis Campus, 417 Scoops Blvd.

Cash awards will be presented in seven categories including: oil/acrylic, water-based mediums, pastel, mixed media, graphics/calligraphy, sculpture, and hand made pottery.

Also to be presented will be Purchase Awards, Merchant Awards, a Best of Show Award, and a Public Opinion Award. Each category must have at least six entries to be eligible for judging.

Dale Hamlett of Portales, N.M. will be the judge this year. He is a native of Missouri, and grew up in the rolling prairie country in the wide open spaces close to nature. He majored in art at Northeast Missouri State University and has a B.S. Degree in Education. His M.A. is from the University of New Mexico.

Entries will be accepted Monday, April 18 from 1 to 6 p.m. at the ENMU-CC location. Any artist in the region may exhibit up to four paintings, none larger than 48x48 inches including frames. All entries must be framed and wired for hanging.

A fee of five dollars for members and eight dollars for non-members will be charged. Membership is available at the time of registration. Individual critique tapes will be available for a fee of one dollar per entry upon request.

Entries must be original works of art in good taste, not previously shown in a Pintores show, not a copy or supervised piece. Entries must be picked-up on Monday, April 25 from 8 a.m. to 6 p.m.

Results of the judging will be announced at the Award Presentation Program to be held Tuesday, April 19 in the ENMU-CC Town Hall at 7 p.m. The public is welcome to attend the show Tuesday, April 19 through Friday, April 22, during regular campus hours.

For more information you are asked to contact Jackie Hinderliter, 1917 Gerry, Clovis, N.M. 88101 or Alexa Pickel, 2712 Wallace, Clovis, N.M. 88101 (505) 763-4973.

In Fashion

Certain fashion trends will be seen in 1988. As for color, neutrals include off-white, bone, ivory, taupe, medium and creamy browns. Pale, soft pastels are quite good. Deeper shades are combined with pastels.

In fabrics, stretch is important for knits. Luxury blends of cotton, wool, silk, linen and synthetics are available. Washable silk can be found in many shops.

ATTENDS TWIRLING CONTEST--Sabrina Faz, daughter of Mr. and Mrs. David Faz of Sudan, was recently named Miss Tri-State in a National Baton Twirling contest held in Canyon. She received a trophy and banner, along with other trophies, one for having placed first in solo and one in strut. This contest was held at the West Texas State University. She plans to attend

Preventing Cheesecake From Cracking

Q. How can I prevent cheesecake from cracking on top? F.S., East Rockaway, NY.

A. Bake cheesecake at a low temperature (300 to 325 degrees) and be sure that oven maintains an accurate temperature to allow proteins in the eggs and cream cheese to coagulate slowly and evenly. Also, place cake on middle rack of oven for even heat distribution.

Q. Is it safe to microwave popcorn in a paper bag? A.P., St. Paul, MN.

A. Probably not. Most microwave oven manufacturers do not recommend popping corn in a

paper bag. Either use a popper or packaged corn designed for microwave use or pop the corn conventionally.

Q. If I bake chiffon cake in a 13x9x2-inch pan, do I have to invert it to cool the cake? Mrs. R.F., Garfield Heights, OH.

A. Both angel food and chiffon cakes have to be inverted during cooling to allow cake structure to set. For a 13x9x2-inch pan, support pan with several wooden, snap-type clothespins or balance pan between other pans of similar height. Be sure that cake top doesn't touch counter or cooling rack during cooling time.

Weather...

Cont. from Page 1
from beneath the main cloud. When thunderstorms are developing, Robison said to look toward the back of the cloud, instead of up front, to watch for potential severe weather.

He also cautioned about lightning. He said lightning is the number two killer of individuals in the United States, surpassed only by flooding, the number one killer.

In giving warnings about low lying areas and flooding, Robison said to watch for water flowing across low lying areas, and unless you know the road very well, do not attempt to cross the water, especially at night.

He said even two inches of

rain in this part of the country can produce water deep enough to wash smaller cars away, saying many people today are driving the smaller, light weight cars that will not withstand the rushing water.

Warning about lightning, he said lightning can travel one to five miles from an approaching cloud, reaching out to the tallest item around to strike. "Realize that you are a 'target' for lightning," he said, "especially when you are in the open, such as on a golf course. Always remember that a cloud does not have to be directly over you for you to be hit with lightning."

After explaining the process used to receive weather, such as by radar, by computer, and by persons calling in with current weather conditions, Robison fielded questions from the Rotarians.

He explained in answer to one question, that when thunder storms reach above 20,000 feet, Lubbock radar begins to pick them up.

He explained briefly how the 'dry line' is formed and what effect it has on thunderstorms and severe weather. He also talked about available moisture and other weather aspects.

Prior to Robison's talk, Rotary President Tommy Gunstream said the date for the

Rotary District Conference had been changed to March 5-8. The Polio Plus drawing was won by Art Volz, using Barry Cowart's badge. He also won the knife from Poynor's.

Guests at the meeting were David Tipps and Art Volz.

Lazbuddie Students

Win Fifth Place

In Computer Contest

Lazbuddie High School's programming team competed in the Texas Educational Computer Association's computer contest, February 6, at Amarillo Caprock High School.

Entered were 26 teams, and from Lazbuddie competing in the Region XVI contest were Steve Bradshaw, Amy Daniel, Jonessa Jennings and Adrienne Willingham. The team placed fifth in the contest.

Each team had two hours to solve and run as many of the problems as possible. Each program was worth a predetermined number of points.

The Lazbuddie team scored 16 points, which not only placed them fifth at Region XVI, but placed them seventh in Area I, which included the Lubbock, Abilene and Wichita Falls contest sites.

LAZBUDDIE COMPUTER TEAM--Members of the Computer team from Lazbuddie participated in a contest in Amarillo recently. Members of the team, from the left, include Steve Bradshaw, Amy Daniel, Jonessa Jennings and Adrienne Willingham.

Watson said he was proud and pleased to receive the honor.

"No greater honor could be bestowed upon me," he said. "It's a super honor and God bless you all."

The former WT student took ROTC classes while at the university and later served in Vietnam in aircraft general support and in aircraft direct support for the Fifth Battalion, 31st Infantry, 197th Infantry Brigade.

During his career, which also included a stint in Germany, Watson received numerous commendations, including the Distinguished Flying Cross, the Bronze Star with Oak Leaf clusters, and the Air Medal with seven clusters.

Watson also graduated from the Army's Ranger School and Flight School.

He serves as commander for the Army's Bell Helicopter-Texton operations and oversees the Amarillo and Hurst divisions.

He and his wife, Jan, reside in Canyon. Their twin daughters Donna and Kristy are currently college students at WT and in Missouri.

Council of Teachers of Mathematics, and National Aeronautics and Space Administration.

Purpose of the contest is to produce high levels of math achievement in Junior High students.

The Mathcounts Team from Lazbuddie School, consisting of Monty Foster, Frank Gonzales, Luis Gonzales, and Filemon Guzman, placed first on a local level.

South Plains Health Providers of Muleshoe will conduct a free Blood Pressure Screening Clinic on Thursday, March 11, 2-4 p.m. at Pay And Save Grocery.

Bailey County EMS is attempting to have an EMT class in Muleshoe.

It takes at least 15 students in order to set up a class, and once 15 members are registered, the teacher will be obtained.

For additional information reference attending an EMT class, call the Bailey County EMS at 272-4390, 8 a.m.-5 p.m., Monday through Friday.

The Lazbuddie Senior Class will be sponsoring a volleyball tournament Thursday-Saturday, April 7-9 in the Lazbuddie High School Gym.

The three divisions listed will be Men's, Women's and Mixed. A mixed team may consist of any number of women, but not more than three men.

Entry fee per team is \$30 to be paid when entry form is returned. Make entries payable to Lazbuddie Senior Class. Deadline for entry is March 31.

For more information, call Belinda Steinbock at 965-2152 (daytime) or 965-2474 at night. Or, you may call Rick Copp at 965-2806 at night.

Proceeds will be used to help finance the seniors 1988 Senior Trip to Florida.

college? Or a savings account opened when your children were young, but never used? Maybe your Uncle Ned had a producing oil well or two that he never got around to telling anyone about.

The Texas State Treasury can help you find lost accounts such as these and more. On Sunday, March 6, newspapers across Texas will publish a list of 75,000 Texans who have more than \$60 million in lost or forgotten money in accounts ranging from checking and savings accounts to oil royalties and corporate stocks.

"This is a service we provide for the people of Texas," State Treasurer Ann Richards said. "Money turned over to the State Treasury can be claimed at anytime in the future by the original owner or his or her heirs."

Persons who find their name on the list may reclaim their property by calling the State Treasury, toll free at 1-800-321-2274 or by writing to the State Treasury at PO Box 12608, Capitol Station, Austin, Texas 78711.

"There is no set time limit for making a claim," Treasurer Richards emphasized. "Please be patient if you are calling on the toll-free number, especially in the first few weeks after March 6 when the telephone lines are kept busy. You can be assured that if you have money coming to you, you will get it."

She said that last year, the State Treasury published a similar list and about \$50 million was reunited with own-

Workshop...

economics agent in the South Plains Extension District.

The counties are: Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Floyd, Gaines, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Parmer, Scurry, Swisher, Terry and Yoakum.

Names on the list from Muleshoe this year are Paul Armstrong, C. L. Campbell, Floys M. Elmore, Abraham Garcia, Reynaldo Garcia, Derrill Harris, Ray P. Hughes, James R. Leigon, Abbie G. Lewis, R. C. Martin, Alton Morris, Merc Orana, Roy Plata, Charles L. Pummill, Santos Salenas, Jim Swanner and Clarence Thomas.

From Maple is State Line Butane Co. Association.

From Earth, Mike Cleavinger, Robert O. Dickson, Ruby Hodges, Linda Patsy Marquez, Juanita Whitehurst, Leslie Hubert Whitehurst, and Franklin Whitehurst Jr.

The Unclaimed Money Fund list was first published when Treasurer Richards took office in 1983. Since that time, the State Treasury has returned 84 percent of all the money ever returned since the law took effect 26 years ago.

Senator Bill Sarpalius

Reports

SUPER TUESDAY FACES TEST

AUSTIN — Texas for too long served as the forgotten stepchild in the presidential selection process. We didn't conduct a presidential primary here. Delegates to both parties' national conventions were chosen through precinct caucuses, which meant special-interest groups dominated both convention delegations.

Even when we had the occasional primary, it came too late in the process (the first Saturday in May) to make a real impact. The last time Texas had a presidential primary was 1976, and it was set up especially to help U.S. Sen. Lloyd Bentsen's presidential hopes. By the time the Texas primary rolled around, Bentsen was out of the race.

Finally, in 1986, the Legislature decided it was time Texas — the third-largest state in the nation — became a major player in presidential politics. A bill was passed creating a presidential primary here and moving the primary date up to the second Tuesday in March, the so-called "Super Tuesday."

Now Texas is conducting its primary on the same date as almost every other southern state and by virtue of its size has become the biggest prize on Super Tuesday. The change between this and past presidential races is noticeable.

Candidates before always paid lip-service to the Texas caucuses, putting in an appearance or two at special-interest get-togethers. Now, candidates are all over the state, making speeches, conducting news conferences, announcing endorsements, buying newspaper, radio and television advertising and doing all the other things candidates in a "hot" race do.

By all appearances, Super Tuesday is a success. The final and biggest test will come on Super Tuesday itself. If Texans respond to the new primary date, they will cinch

Texas' role forever in presidential politics. Candidates will know that running hard in the Texas primary not only will help them win their party's nomination, it also will help them build a broad base of support for the general election in the fall.

There are plenty of other good reasons, of course, to vote on Super Tuesday. For one thing, the primary isn't just for the presidential candidates. There will be primaries for U.S. senator, for many congressional seats, for seats in the Legislature, for Railroad Commission posts, for places on the Texas Supreme Court and for countless other local jobs as well.

A run-off, if necessary, will be conducted in most of those races on the second Tuesday in April. No run-off will be conducted in the presidential races. Delegates are allotted according to the percentages earned by the candidates the primary, and a candidate does not have to win an outright majority there to be considered a winner.

Interestingly enough, Super Tuesday has served to shorten the races for many of the state and federal jobs on the ballot. This year's campaigns have begun at the same time they usually do, right around the first of the year. But this time the races are being completed in March and April rather than May or June. That prospect alone should make a person want to support the Super Tuesday concept.

There is one other obvious reason for voting in Super Tuesday. There is no better way to protect our

great American democracy than to vote and participate fully in our unique electoral process.

If you have any questions about the Super Tuesday primary, or any other issue, please write us at P.O. Box 12068, Austin, Texas, 78711.

TAXED OUT OF BUSINESS—Charles "The Rabbit" Harvey, longtime landscaper in and around Muleshoe, has posted the signs above on both sides and the back of his well-known van. Harvey says new state laws, entailing more licensing fees, make it unfeasible for him to continue to serve the persons he formerly worked for, especially older people on fixed incomes.

Creative Writing Class Completes Assignment

Mrs. Watson's Creative Writing Class has just finished their first big writing assignment. This characterization is written by Ivan Williams.

Other students' features will be printed in the future editions of *The Mule's Tale*. The Mules Tale hopes that you will enjoy these features.

Special Person

"I was sitting here in a little classroom full of children, all different shades of color. The classroom was filled with chalk dust and a musky smell. At the front of the room sat a big, wooden object, and behind it sat a figure dressed in bright colors. Her hair was brown, streaked with gray, and she had a face of stone like it was carved with a hammer and a chisel.

This was my first day of school, but only in another town. I went into a classroom filled with noisy kids. Some were screaming, some were fighting, not a normal behavior for fifth grade students where I came from. I sat down to get acquainted with my new desk - that's when a carmel-complexioned woman asked me to stand up and tell my name and where I was from.

As the days passed on, I became quite well acquainted

with the students. Then once again, I let the dark side of me show - I became that once ill-mannered human being again.

I started picking fights, talking dirty, and being rude, with problems, and she saw through the wall I was building around myself.

I really was a good child trying to cover up my parents' divorce with a bad attitude. Mrs. Booker was an educated woman who could see right through my bad attitude and could see the good in me.

It was only a few weeks later when I realized how special this woman was to me. All of a sudden, it wasn't a child-teacher relationship; it was a mother-son relationship.

Every day I went to school, and Mrs. Booker explained all of my school work to me and I did it. It wasn't but a week after that when she noticed that my attitude was getting worse and that also my self-image was going downhill. She got me alone and told me she knew how it was to lose someone special and that it was no reason to give up on life. She told me that I was still a child and that someday I would understand my mother and father's divorce.

That summer when school was out, was about the hardest time of my life, even though Mrs. Booker did not know it. It was like leaving a mother that I had grown to love and then had to leave.

Mrs. Booker was a woman of great mental capabilities, but yet she was warm and loving. One day that summer, Mrs. Booker came to my house to see

me and to ask how I was doing. I said, "Fine," but it was she who could always see through me, as her brown, warm eyes looked upon me. She knew the attitude was still there, lurking behind the scene of my happiness. When she left, I cried, but I remembered what she had taught me about how to love instead of hate.

This is my life's destiny.

MHS Junior Fund-Raising Successful

The junior class of Muleshoe High School has conducted several successful fund raisers in the preparation of the Jr.-Sr. Banquet. The annual Homecoming mum sales went well, despite local competition. The junior Thanksgiving dinner was a taste of success. The juniors out did themselves in silk rose sales, for the Valentine season having to reorder to meet the demand. All of the delicacies at the Jr. cake walk held at the Sweetheart Festival were awarded to the winners. The junior class has also appointed a food, decorations and props, servers and invitation committees to ensure a successful banquet. On behalf of the entire junior class we would like to thank the citizens of Muleshoe for their cooperation in making our fundraisers a success. Thanks to everyone we are awaiting a wonderful banquet in May!

Mighty 'M' Band Winners At 'Festival'

The Might Band was the winners of the February Sweetheart Festival. Their candidates were Kelly Conklin, a sophomore at Muleshoe High School, escorted by Ramon Garcia, a senior. The band had the fortune telling booth and also some of the band members played songs for attendees at the festival. Most of the entire band was out for the fun event and all that worked had a great time. The winners of the Festival, Kelley and Ramon would like to thank the members for all their hard work to raise money.

Some of the upcoming events for the band are on February 27th the Jazz Band has a UIL solo and ensemble. On April 27th is the Pre-UIL Concert and on April 22-23 is the TTU Jazz Festival.

Foreign Exchange Students Visit Muleshoe High School

The students of Muleshoe High School had a wonderful surprise on February 24th four foreign exchange students visited their school. They demonstrated their languages and many aspects of their country. The four students were from Germany, Brazil, Switzerland, and Norway. All are here under the foreign exchange program. They all agreed the reason they came to the United States is because they wanted to see what it was like in America.

They are going to school either at Monterey or Lubbock High School. The schools are very different from those in the U.S. The girl from Norway commented and said that the teachers here all take a personal interest in each students in Norway the teachers do not have student-teacher relationships. The young man from Brazil said at first it was hard for him to get use to the change in the school hours. In Brazil he goes to school from 6:00 a.m. in the morning until 12:00 noon.

The rest of the day you may spend in the library looking up things that you did not understand or searching for information. The young lady from Germany said school where she lives is more intense but not as much homework, here there is more homework but it is not as difficult.

They all agreed that coming to the United States, enabled them to do alot of different things. Overall the biggest sport played in their country was soccer. Here they had a chance to try the UIL events in which none had ever participated in.

All of the students that had the chance to see the foreign exchange students thought the experience was wonderful, even the teachers enjoyed the event.

MHS Tennis Team Begins District Play

The Muleshoe High School tennis team has been chosen for 1988. On the boys' singles team are the following:

Frank Precure (sophomore); A. J. Liles (sophomore); Hector Flores, (freshman); Glen Flowers, (senior); and Doug Chitwood, (sophomore).

Members of the Boys' Doubles team are:

Chaun Gunstream and Jerry Bob Graves - seniors; and Gant Barnhill and Pat O'Grady - seniors.

The girls' team consists of only single players. The members are:

Joey Heathington, (senior); Lisa Triana, (sophomore); Stacy McElroy, (sophomore); Noel Vourazeris, (sophomore); Selina Gonzales, (junior); Wendy Green, (sophomore); Dayna Hamilton, (freshman), and Becky Black, (junior).

The teams' first district meet will be held at Friona on February 25. We wish all of the players Good Luck!

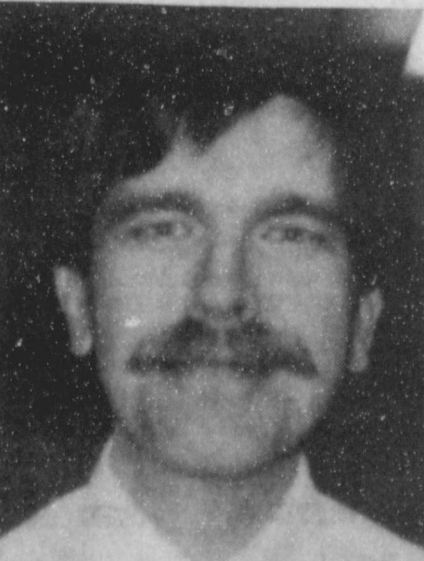

Honor Society Chooses Gulley For Honoree

The National Honor Society chose as their faculty honoree for the month of January, Mr. John Gulley. Mr. Gulley has been teaching in high school for four years.

He is the instructor of the foreign language classes which include Spanish I and II and French I and II. He also is the sponsor for the Gifted and Talented Class.

Mr. Gulley was chosen because of his dedication to his students, the time and patience he has with them, and the way he relates to them.

Congratulations!!

Mr. John Gulley

Gifted, Talented Discuss Books During Meeting

The students in the Gifted and Talented program met in Mr. Gulley's room. The students who attended were Kimberly Harris, Sue Haire, Wendy Green, Amber Green, Jeff Hicks, Monica Swint, Lisa Noble, Stacy McElroy, Holly Huckaby, Frank Precure, Jennifer Green, Dusty Rhodes, Troy Watson, and Andrew Espinoza.

Mr. Gulley asked for comments from the students about the books they had checked out of the Texas Tech Library. He then asked that the students have reports ready by the next meeting. Also, at the next meeting, Subliminal Messages in television will be discussed.

Mr. Gulley read excerpts from a book by David Bondants called *The Secret House*. The students discussed the book's research of salmonella on humans and in the cleanliness of kitchens.

The next book to be discussed will be *The Sacred Cow and the Abdominal Pig*. The book discussed the origin of American eating habits.

Ramon Sigala

Art Student Of The Month

This month is the first month to feature an Art Student of the Month. February's Art Student of the Month is Ramon Sigala. Ramon is a sophomore at Muleshoe High School and states that he enjoys art very much. He is the seventeen year old son of Juan and Rita Sigala. Ramon's hobbies include drawing and boxing.

Ramon stated that he had been interested in art since he started school. He has been in art both of the years in High School. His favorite form of art is painting. His paintings are on display at the Muleshoe Area Public Library.

National Honor Society Holds Monthly Meet

The members of the National Honor Society met on February 22. The meeting was held at Deborah Lackey's home. The meeting was opened by the president, Jennifer Green, and Rachel Pineda, chaplain, said the prayer.

Subjects discussed included the nomination of a new NHS Faculty Honoree, the initiation of the new NHS members, and an end of the year party.

Following the business at hand, the members ate a meal of home-made chili, prepared by Brenda Lackey.

Those attending were Deborah Lackey, Sue Haire, Johnny Garcia, Tanya Nowell, Rachel Pineda, Elizabeth Posadas, Jennifer Green, Amy Bean, Jodi Ferris and Armando Del Toro.

Sue Haire

Brenna Roberson

Students Of The Week

The end of February brought fourth new honors for the students of Muleshoe High School. The "Students of the Day" for the week of 15-19 were; Jo Ann Gutierrez, Angel Vega, Stacy Cisneros, Brenna Roberson, and Darron Lopez. The "Student of the Week" was Brenna Roberson.

The "Students of the Day" for the week of 22-25 were; Nancy Jaramillo, Jimmy Johnson, Sally Guzman, and Sue Haire. The "Student of the Week" is Sue Haire.

Congratulations to all these students.

WORKING STUDENTS:

When you fill out your Form W-4 or W-4A, "Employee's Withholding Allowance Certificate," remember: If you can be claimed on your parent's or another person's tax return, you generally cannot be exempt from income tax withholding. To get it right, read the instructions that came with your Form W-4 or W-4A.

All Set

"I thought of a fine idea today, dear. I promised a thousand dollars to a man if he would relieve me of all my worries."

"But where will you get the thousand to give him?"

"That will be his first worry."

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Texas voters are responding to candidates crisscrossing Texas with what some experts predict may be a record primary turnout and continued realignment of the Texas electorate.

In other action last week related to Texas government:

- Gov. Bill Clements agreed with a federal decision to postpone choosing a site for the supercollider until after the presidential election;
- A trio of legislators unveiled a compromise plan to install a merit system for selecting Texas judges;
- State officials reconsidered their plan to take liens against the homesteads of Medicaid recipients after they die.

Texas Secretary of State Jack Rains has predicted a record turnout. He believes the Republican primary for the first time in history will draw as many voters as the Democratic primary.

First Massive Battle

For one thing, the Super Tuesday strategy has brought campaigning here early; Texas voters now know they will help decide the first massive battle of this campaign.

For another, a Texan is running and stirs the hopes of Texans troubled with a struggling economy.

A litmus for realignment, as the election unfolds, is how well Albert Gore's campaign fares in the Democratic primary, highlighted by the controversial endorsement of party chairman Bob Slagle and some 60 party financial heavy hitters.

Old, New Mind-Sets

Heading towards Election Day, the polls show Gore fourth in Texas behind Michael Dukakis, Jesse Jackson and Richard Gephardt.

Unless Gore makes some kind of fantastic finish, the exposed differences can not be overlooked between the follow-me-boys Democratic Party leadership and the party's rank-and-file precinct organizers, who followed their own mind-set and split behind Dukakis and Gephardt.

Gore's candidacy in many ways is a youthful appeal to the old ways, to conservative rural Democrats, just as Jesse Jackson appeals to black voters, Dukakis to urban liberals. More than the others, how Gore and Jackson fare at the convention will indicate the party's future in Texas.

Realignment, Conservatives

The argument about realignment begins with those rural conservatives, who at one time were the heart of the Texas Democratic Party.

Have they had enough of the Texas Democratic Party's pell-mell bolt towards urban liberalism in hard times? Will they continue to defect in droves to the Republican primary?

Or do they think the Texas Republican Party's urban conser-

vatism is so uncaring that they will accept a diminished roll in the Democratic Party?

For your answer, see if rural counties pick a winner.

Republican Action

The Republican slate, for awhile there, had a wide range of appeal, but in the primary endgame, most candidates are conceding Texas to Vice President George Bush with his favorite sor flair.

Frankly, while purists shudder at the damage done to the Eleventh Commandment, "Speak no ill of fellow Republicans", the hammer-and-tongs action has its own appeal to those who think a good political fight is a healthy by-

product of democracy.

Certainly, it has brought the Republican image out from the country club backrooms, and, some say, made it more human.

Some say the public scrappings are natural growing pains which cannot be avoided by an expanding party, one which gives candidates a lot to gain and a lot to lose.

Other Highlights

- The state welfare agency is rethinking its plan to file liens on homes of some 8,000 Medicaid recipients to recoup expenses after their deaths. The Department of Human Services board will act on the new state law next month.
- Gov. Clements applauded the "wise" decision to postpone

choosing the supercollider site, while others predicted the next president will decide where to build it. Thus, the \$4.4 billion supercollider becomes a rather large political plum for the state which guesses right in the presidential sweepstakes. If it's ever built.

- In a preview of things to come, Rains and Democratic Attorney General Jim Mattox debated before the Houston-based Hispanic Political Action Committee. Both are eyeing the Governor's Mansion for 1990.

Hard features every bungler can command;
To draw true beauty shows a master's hand.

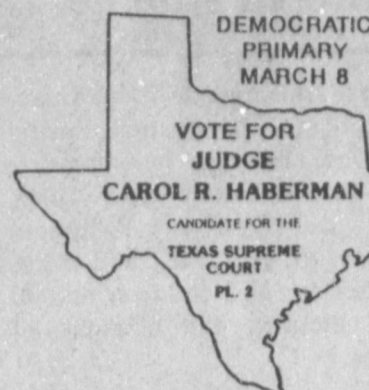

Who Knows?

1. The smallest planet is next to the sun. Name it.
2. Where are the pillars of Hercules?
3. Who said, "To ease another's heartache is to forget one's own"?
4. What is the motto for the District of Columbia?
5. Where was the first piano made?

Answers to Who Knows

1. Mercury.
2. The two rocks on either side of the Strait of

3. Gibraltar.
4. Abraham Lincoln.
5. Modina, Italy, in 1598.

Sudan News
by
Evelyn Ritchie

Mrs. Jo Gap Mapp and Dusty of Hobbs, N.M. visited during the weekend with her parents, Mr. and Mrs. Wayne Doty. They were all in Littlefield Sunday to visit Mr. and Mrs. David Doty and children and to help celebrate the birthday of Daniel.

Ted Walker has been a patient in the Amherst Hospital this week.

Norma Phillips was released Sunday from the Amherst Hospital following surgery there last week and is recuperating at home.

Mrs. Estelle Lowe returned home from California on Wednesday after visiting there with family members and being there for her brothers funeral.

Visiting recently with Mr. and Mrs. Doug Jones, Leah and Sarah, were her parents from Borden County. They attended the basketball game Monday night in the Texas Dome when Sudan played Borden Co. for Sub-Regional title.

It was reported that Winona

Dudgeon was to arrive home Thursday from Houston where she has been for tests and will be having her surgery later in Lubbock. Peet Shupe & Pee Wee Lance accompanied her to Houston.

Ken Carr accompanied Monty Edwards, Charlie Smith, Keith Damron and Mandy Carr to the San Antonio Stock Show sale recently. Monty's pig made the sale with premium price being offered. The other students animals did not place.

Four students from Sudan captured several individual awards at Saturday's (Feb. 20) annual math/science contest sponsored by South Plains College.

Individual awards went to the top 10 winners in each grade (nine through twelve) in number sense, math, calculator and science.

Senior Kendra Whitten won sixth in calculator; sophomore Kristi Hargrove won ninth in number sense; ninth grader Tanya Fisher won fifth in calculator; and Suzanne Reid, another ninth grader, took second in science.

Mr. and Mrs. Glen Cardwell were in Antor Wednesday evening to attend a birthday party for their granddaughter, Amanda Synatschk who was 3 years old. She is the daughter of Mr. and Mrs. Herman Synatschk.

There will be a Fellowship service at St. Paul's Temple C.O.G.I.C. in Sudan on March 4, 1988 at 8:00 p.m., Pastor Elder T.R. Majors announces. Guests will be Supt. Caro and Church from Lubbock; Eld. W.C. Mackey and church of Littlefield; Eld. W.T. Thomas and church of Levelland. The

speaker will be Supt. R.L. Caro. Everyone in the community is welcome to attend.

Dr. and Mrs. Delbert Serratt of Amarillo visited Saturday with his mother, Louzell and took her to Lubbock. They were also here to help her observe her birthday.

A late Valentine dinner for the widows of the Sudan Church of Christ was hosted, Sunday, in the home of Mr. and Mrs. Nolan Harlan. Co-hostesses were Mr. and Mrs. Thomas Lee Harper and Evelyn Fisher.

The tables were covered with white linens and the valentine theme decorated each place setting. The buffet and visting was enjoyed by all.

Honored guests attending were Lucille Fox, Modena Bellar, Nell Epps, Hazel May, Dolores Harper, Flora Gunn, Jonell Bandy, Lula Burnett, Carol Heckman, Edith Williams and Mary Lena Maxwell.

The Ladies Firemans Auxiliary met Feb. 8 and had a "Ladies Night Out". The group went to the Pizza Hut in Muleshoe. Attending were Ann Carson, Frances Gardner, Louise DeLaRiva, and Jimmy Lou Humphreys.

Stella Thornton of Jacksboro visited this week with her nephew, Mr. and Mrs. R.B. Knox.

Mrs. Ruby Davis of Dallas visited this week with her mother, Mrs. Daisy Ford and her sister, Mr. and Mrs. R.B. Knox and family. She brought Mrs. Ford back home following a visit there with her.

Jeannia Nix, daughter of Mr. and Mrs. James Nix, hit four of 12 two point fieldgoals at-

tempted and two three pointers in the SMU 66-46 loss to Texas Tech for a total of ten points for the game.

Louise Gatewood has been released from the Clovis Hospital and is now recuperating at home.

Weekend visitors in the home of Mr. and Mrs. John Corley and Stacey were his mother Vanetta Pyle and his brother Bryce Corley and sisters, Jolene and Janice Corley of Santa Rosa, N.M. They also visited with their aunt, Mr. and Mrs. G.C. Ritchie.

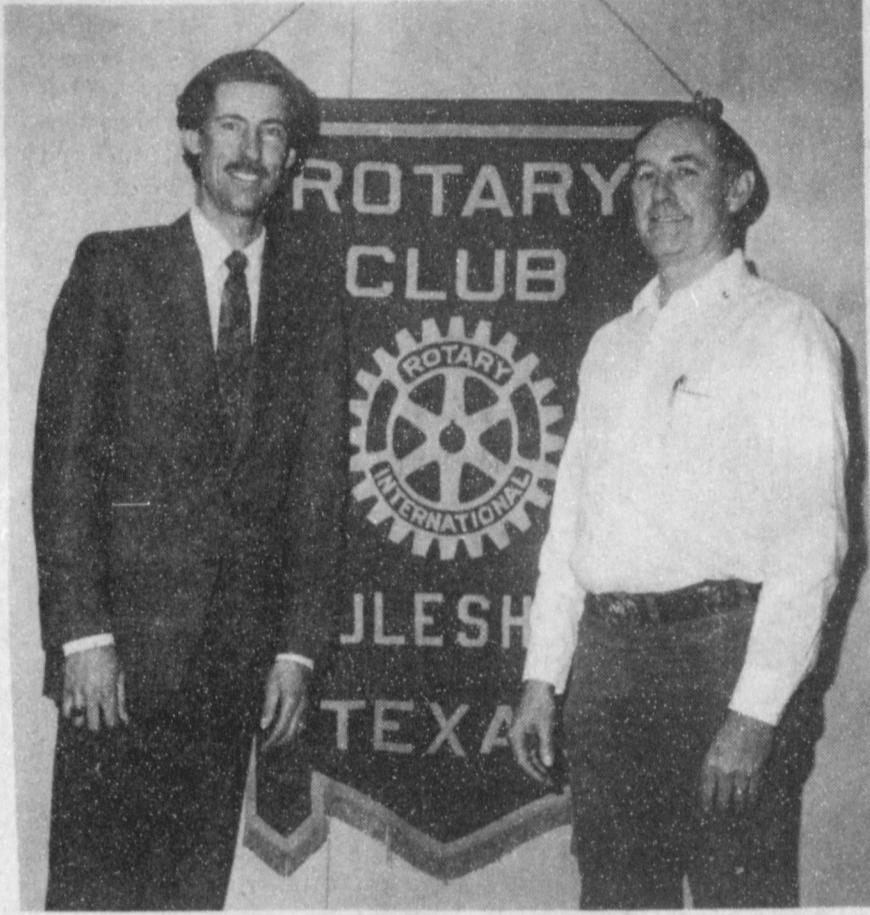

Jeff Kinnie, Lisa Wood and Jamie Ingle, Wade Donnell were among college students home for the weekend.

John W. Humphreys was released Saturday from the Methodist Hospital where he had been a patient for several days.

Sue Whiteaker has been in Dallas the past several days to be with her daughter, Sherry and son.

Arlene Grigsby of Guymon, Okla. visited last week with her sons, Mr. and Mrs. Damon Provence and Mr. and Mrs. Darren Provence and her sister, Mr. and Mrs. Bob Carson & Angie.

Mr. and Mrs. Tom Mills of Odessa visited during the weekend with her parents, Mr. and Mrs. Raymond Harper and family.

WEATHER CENTER VISITS MULESHOE ROTARY---George Nieman, right was in charge of the Rotary program for Tuesday, and secured John Robison, Weather Center, KCBD Channel 11, Lubbock, as speaker. He discussed South Plains and West Texas weather, focusing on the upcoming severe weather season.

FOR YOUR CLASSIFIEDS CALL MULSHOE JOURNAL

Mr. and Mrs. Robert Kindle, Bobby, James and Joey Kindle and Mrs. Bob Foley attended the funeral of Clifford Kindle in Amarillo Saturday. He was a brother of Mr. Robert Kindle and had lived in our community several years ago.

The FFA and FHA youths and ag teacher Mr. Howard Tooley and some parents left Thursday night for Houston where they entered the fat stock show with their stock.

Several from the community attended the funeral Saturday morning in Littlefield for Mr. Herbert Nickels. Mr. Nickels had gins in our community and was well known in the community.

The Three Way Baptist Church had lunch at the church after morning services.

Belinda Dolle from Lubbock spent the week end with her parents and sister, the Bill Dolles and Darla.

Several from the community attended the Bailey County Electric meeting in Mulshoe Saturday.

Eugena Dupler from Leveland spent the week end with her parents, the Bill Duplers.

Farmers in the community are very busy putting down Treflan and fertilizer.

Visiting in the George Tyson home Sunday afternoon were Irene Hearth and Edith Cox from Portales, N.M.

Mrs. Jack Lane visited her mother Mrs. Nettie Quesenberry in Mulshoe Saturday.

March Presidents

Four early American presidents were born in March. Andrew Jackson, seventh U.S. president, was born near the N.C.-S.C. border on the 15th, in 1767.

He later moved to Nashville, Tennessee, where he helped draft the Constitution of Tennessee. Jackson was president for two terms, 1829-1837.

James Madison, fourth U.S. president, was born at Port Conway, Virginia, on the 16th in 1751.

Madison steered the nation through the War of 1812 with England successfully (having been Secretary of State before becoming president). He helped found the University of Virginia.

Grover Cleveland, the only president to serve two terms interspaced with four years out of office, was the 22nd and 24th president, being born on the 18th in Caldwell, New Jersey, in 1837.

Cleveland opposed the free coinage of silver; he left office in 1897 somewhat unpopular but time vindicated his wisdom.

John Tyler, 10th U.S. president, was born at Greenway, Virginia, on the 29th in 1790. Tyler was the first vice president to move into the White House because of the death of a president, William Henry Harrison, in 1841.

He broke with the Whigs, however, and was not renominated by them in 1844. He voted for secession years later when Virginia seceded from the Union.

He was elected to the Confederate House, but died before he took his seat, in 1862.
