IT'S ONION PLANTING TIME IN THE AREA--Tuesday, shortly before noon, some 150 people were in a 30-acre field five miles north of Muleshoe trying to 'beat the weather' and get thousands of small onion sets into the ground on the Rusty Whitt farm. They said they would complete the planting operation on Tuesday. Diana Ramon, right, crew leader, said the workers were from Muleshoe, Friona, Bovina, Portales, Clovis, and El Paso. Youth Baseball '88 Registration Starting Tonight

Registration for the 1988 Muleshoe Youth Baseball season will begin this week according to Tim McCormick, president of Muleshoe Youth Baseball, Inc.

He said any player wishing to register must do so on one of the following dates as there will be no players allowed to register after the below dates:

- Thursday, March 17, 7-9 p.m., Muleshoe Fire Station;
- Saturday, March 26, 2-4 p.m., Muleshoe State Bank; and
- Tuesday, April 5, 7-9 p.m., Muleshoe State Bank.

McCormick also said no applications to play will be accepted without payment of entire fee at the time of registration. All new players must bring copy of their birth certificate to be registered.

Registration fees and age requirements for each League are as follows:

Pinto League (T-Ball): Fee, \$15; Girls born from 9-1-79 through 9-1-82; and Boys born from 9-1-80 through 9-1-82.

Mustang League: Fee, \$15; Players born from 9-1-78 and through 9-1-80;

Bronco League: Fee, \$17.50; Players born from 9-1-75 and through 9-1-78; and

Pony League: Fee, \$25; Players born from 9-1-73 and through 9-1-75.

For further information, contact Tim McCormick at 272-4477, Charlie Villarreal at 272-3967 or Cathy Gable at 272-3315.

Bike Rally

Coming Up

Friday and Saturday, March 18-19, will be big days for Muleshoe.

Those are the dates set for the sixth annual Muleshoe Roadriders Motorcycle Rally. It will be held at the Bailey County Coliseum in Muleshoe, beginning with a light show on Friday, March 18, at 9 p.m.

Registration gets underway on Saturday at 7 a.m., with the Poker Run starting at 8 a.m. for the first bikes out.

Pre-registration will be \$9 for pre-registration and \$10 for singles at the registration desk. Couples will be \$18 for pre-registration and \$20 at the registration desk.

TMRA members get a 25 cent discount.

Registration will close at 12 noon on Saturday, March 19, with field events and games getting underway at 1 p.m. The bike show is scheduled for 3 p.m. on Saturday.

Over 60 trophies will be awarded, and tour pins will be presented.

Special awards are planned for the largest club represented; the long distance male; long distance female; long distance for 2 Up; oldest rider and hard luck award.

Visitors will be welcome to attend any or all events, and the rally is being held without charge to those who would like to attend some of the events.

It had been several years since Texas Sen. Phil Gramm (R.) had visited Muleshoe, but he was in Muleshoe for a visit Saturday night.

Sen. Gramm visited K-C Mufflers and Manufacturing Co. on a swing through West Texas visiting small industries.

He was accompanied by Muleshoe by two aides, Jeb Hensley and Lindsey Dingmore, flying into Clovis, since the Muleshoe Airport has been closed.

Speaking to several invited persons at K-C Muffler's warehouse, the visit was started off by Dwayne Castleberry, who is co-owner of the local manufacturing company with his father, Kid Castleberry.

Giving a brief background on the operation, Dwayne said his father had retired from the Air Force at Cannon Air Force Base, Clovis, N.M. He had served for 21 years in the air force, and had been at CAFB for the last years of his tour of duty.

While in Clovis, he went into the service station business, then retired from Exxon in 1987, and started his first muffler operation in Clovis in 1978.

This was followed by opening the first satellite operation in Muleshoe in 1979.

They elected to move the entire operation to Muleshoe in 1980, because of "name identification."

Once again, the unique name of "Muleshoe" was taken into consideration in deciding where to locate a manufacturing company. "The name sticks with people," said Castleberry.

"They remember the name when they read our advertisements in national magazines so we stayed here," he added.

K-C Mufflers is near New Mexico, Oklahoma and Colorado and the company delivers to six states added Castleberry.

He also said they like the feel of a small town, the friendliness and low crime rate.

In Texas, they like the Right to Work, but said they would like to have insurance 'relief' telling Senator Gramm of problems with escalating prices of insurance, especially liability.

In 1987, K-C Mufflers and Manufacturing had sales in excess of \$1.5 million, and a payroll of \$150,000, plus.

This year, they expect to have sales surpassing \$2 million.

In giving brief remarks, Sen. Gramm commented, "It struck me a couple of months ago that I needed to get back in the state and contact smaller industries."

"Although we have concentrated very much on bringing big businesses to the state, we needed to show appreciation to the small businesses and the investments they've made and the jobs they have provided."

"Right now, I want to say 'Thanks' to a business already here, a business that's grown, with good products, that make a success for it."

Sen. Gramm talked about various industries he had visited during the three days prior to his visit in Muleshoe. "I have watched a lot of big machines operate," he said, "and have watched a jewelry making operation in Kerrville, where they make the jewelry using old-fashioned methods, producing quality jewelry."

"It's the small business that makes Free Enterprise work," added Sen. Gramm, "and small business is the backbone of America."

"We are seeing living proof of that in Muleshoe tonight."

Following the brief remarks by the Senator, both Castleberrys took the entire group on a tour of the warehouse, showing the various vehicle parts they manufacture and ship

Sales Tax Rebate Takes Dramatic Increase Here

State Comptroller Bob Bullock said last week that 54 cities and 81 counties that collect a half-percent local option sales tax will receive their first rebates from the tax in this month's sales tax allocation.

"Local governments whose voters adopted this tax will find extra money in this month's check," Bullock said.

City rebates from the new tax are included in the monthly allocation checks Bullock mails to cities that collect the optional one-percent city tax. County checks are sent at the same time.

March's checks also include rebates from two services that became taxable on January 1 -- data processing and real property repair and remodeling, Bullock said.

Muleshoe's payment this period was \$11,893.57, compared to the payment a year ago of \$8,211.30, for an increase of 44.84 percent. To date, 1988 payments are \$55,110.80, an increase of 22.67 percent over

the 1987 payments of \$44,926.11.

Morton shows a dramatic increase for the year. Payments to Morton were \$5,024.31 for this pay period, up 77.99 percent over the \$2,822.85 payment of a year ago. To date this year, Morton's payments have increased by 39.63 percent. They were \$11,987.61 at this time a year ago, compared to the \$16,726.07 for this pay period.

In Lamb County, Littlefield shows only a 7.50 percent increase for the year, with receipts of \$13,847.52 for the current payment, compared to the \$12,881.47 of a year ago. To date for the year, Littlefield shows a decrease in total payments of 0.60 percent. At this time a year ago, they had received \$63,978.87, compared to \$63,594.74 received to date this year.

Friona had quite a drop in sales tax receipts for this period. They received a payment for this period of \$3,945.99, down by 34.40 percent from the \$6,015.68 they received for the same pay period last year. Cont. Page 6, Col. 6

Dinner Theatre March 28

Fine Arts Boosters Committee chairpersons met Monday night to discuss plans for the annual Fine Arts Spring Revue.

It was decided to hold the annual Revue on Monday, March 28, 6:30-9 p.m.

Included in the gala celebration will be the dinner, to be served 6:30-8 p.m. in the MHS cafeteria.

During the dinner, the MHS jazz band will perform under the direction of Mark Heidel and Martha Anthis.

The art department will have student work on display in the cafeteria. The instructors are Hellen Adrian from MHS and Mrs. Gray and Mrs. Mitchell from WJHS.

Local merchants will add to the evening with a fashion show.

As a grand finale, the high school speech department will present their contest play, in the high school auditorium under direction of Kerry Moore, assisted by John Gulley.

Proceeds will be used to benefit art, speech and band students, in Muleshoe schools.

Tickets will be available at \$5 for adults and \$2.50 for students from the fine arts students, or at the door.

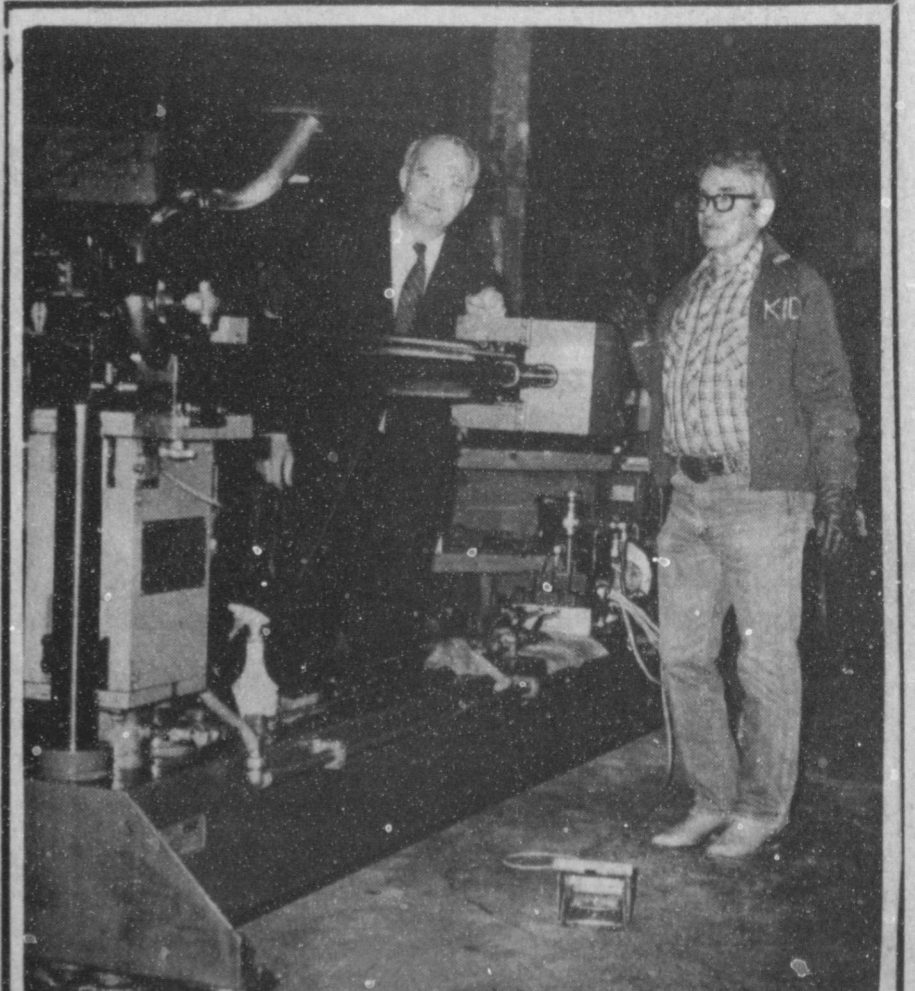

It was reminded that parents of fine arts students will be called on to help with the meal. Without the support of the parents, the Revue would be impossible to conduct.

If the chairpersons fail to call you, a parent, please contact one of the following people:

Rhonda Carpenter, Revue chairperson; Glenda Copley, food chairperson; Charles Hamilton, president; Vickie Garner, publicity chairperson; Becky Conklin, style show chairperson or Deanna Rasco, decorations chairperson.

GUEST SPEAKER FOR ROTARY--Tuesday at noon, three students from the MHS Speech Department were guest speakers for the Muleshoe Rotary Club. Speaking on the Lincoln-Douglas debates were from left, Brandon Wilson, Ab Godinez, and Jason Clarkson. At far right is Tommy Gunstream, Rotary president. (Journal Photo)

SENATOR WATCHES MANUFACTURING IN PROGRESS--Last Saturday night, when Sen. Phil Gramm visited Muleshoe, and toured K-C Muffler and Manufacturing Co., he watched a computerized tail pipe bending operation. Sen. Gramm, left, watched carefully as Kid Castleberry, right, explained how the machinery operates. (Journal Photo)

Save \$2500

The current issue of *Consumer Reports* magazine suggests that those who do the grocery shopping for the average four-member family might be able to save as much as \$2500 a year by learning how to resist selling techniques of producers and supermarkets.

The consumer magazine advises individuals to compile a grocery list before going shopping and to stick to it carefully once inside the store. Clip coupons and use them—the editors say. Buy in quantity when you can.

Check grocery ads in the newspaper each week and buy the specials, which are often sold at cost to attract shoppers. Buy foods in a supermarket's own packaging, ignoring exotic packaging and famous brand names. Testers have found that their own brands are often equal or better than some name brands. Watch for specials in the store not advertised—there are often many.

Can that approach save over \$2,000 a year? The recent test, in an A & P supermarket, included a comparison of the cost of the same 48

items bought by different shoppers. One was told to buy whatever brand looked most attractive, with gourmet claims. The other was told to shop carefully and buy store brands and the best buys. The difference in cost was shocking.

The buyer not seeking to save but just buying what appealed to the eye spent \$110.05 and the careful shopper bought the same products for \$59.35. If that's any indication, and it should be, careful shoppers can save money, get more variety and more food, for less.

Right!

Some plants, we are told, derive benefit from the use of artificial light. The electric plant is one of them.

-Humorist, London.

Baseball Time

Major League baseball in the United States is played from the first week in March until late October. Spring games are played in March and the first few days of April. The regular season includes 162 games.

With few exceptions, there's baseball every day from April to the end of the regular season. Counting playoffs and the World Series, some players participate in more than 200 games in a year.

That still leaves players with more than three months free each year—which few other jobs can match. Nor can other jobs, even in other team sports, match baseball's salaries. It's not uncommon these days for players to make a million dollars, or close to it, and some earn as much as \$2 million a year. Basketball stars are the only other members of teams which earn comparable salaries. Football players, generally speaking,

do not. Their season is shorter—but so is their average number of playing years.

Baseball is unique in that, unlike football and basketball, physical size doesn't bar an individual from becoming a star. It is also unique because every player on the team can star offensively—not true in football or basketball.

Considered slow by those who don't understand the many intricacies taking place on the field, baseball is not slow as the action goes, but in time wasted by pitchers can be guilty as charged.

Whether baseball is the true national pastime still, it is an American tradition that entertains millions of fans eight months of the year—the warmer months. It is a game of skill more than a game of brutality and physical strength.

Finally, it is a game in which even the poorest teams can, on a given day, handily defeat the best. That's not usually possible in football or basket-

ball. In baseball a good pitcher can, on a good day, make even the best opposing team look bad.

Depth, psychology, staying power and consistency mean much in baseball, a sport in which last year's winners (Minnesota, St. Louis, San Francisco and Detroit) usually do not repeat.

Creative Living

by Sheryl Borden

Information on the LEAP Program for teenagers and recipes for a Mississippi Mud Cake and other easy but delicious chocolate treats will be featured on "Creative Living" On Tuesday, March 22 at 12 noon and repeated on Saturday, March 26 at 2:00 pm on KENW-TV. (All times are Mountain).

Diana Dalsass, home economist in public relations with Robert Marston & Associates in New York, is going to demonstrate how to prepare an easy dessert with some time-saving measures. The recipe is for a Mississippi Mud Cake, and Diana will point out several important variations to the recipe as she prepares it.

Linda Brown works with an interesting program called the LEAP program for teenagers. Ms. Brown will tell what the program is about, who comes to the weekend long sessions and explain what is presented in the sessions. We'll also find out how this particular program differs from other programs designed for motivating teens. Linda works for the Pecos River Learning Center in Santa Fe.

Finally, Zella Junkin, General Foods and Wilton Enterprises spokesperson, will prepare several chocolate microwave treats that are quick and simple to make -- and taste heavenly. Ms. Junkin is from Woodridge, IL.

On Tuesday, March 22 at 9:30 pm and on Thursday, March 24 at 12 noon, "Creative Living" will present Aldo Cella, the white-suited bon vivant who stars on TV commercials that bear his name. Aldo, who represents Cella Wines, will discuss wine and wine etiquette.

New York artist, Eileen "Butch" Krutchik, will demonstrate chic paper bag art. These ideas can be used for home entertaining events. Butch represents The American Paper Institute, and she lives in New York.

"Creative Living" is produced and hosted by Sheryl Borden. The show airs on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines between 8 am and 5 pm. In New Mexico, the number is 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales and Roosevelt County: 562-2112.

SWEET TOUCHES

With an array of new products especially adapted or formulated for microwave cooking, it's easy to add a sweet touch to your meals via microwaves.

There are several brands of confectionery coating chocolates

on the market. Wilton's brand is called "Candy Melt" and is the perfect beginning for home-made candy plus beautiful and delicious topping for microwaved cakes, ice creams and puddings. They can be melted as a base for truffles, fudge and candy clusters, piped into intricate, lacy toppings for desserts or molded to make individual candies or shaped lollipops.

The new microwave cake mixes also benefit from some sweet touches and flourishes that are so easy to apply with cake decorating bags and tips.

There are lots of candies and decorative accents you can make with the wafer chocolates. They come in vanilla and light and dark chocolate flavors and can also be colored with paste food coloring.

The first step for making many of the recipes is to melt the wafers. With a microwave, melting is easier than ever.

HOW TO MELT CANDY MELTS

Fill an uncut disposable decorating bag half-full of candy melts. Microwave 1 minute at Half power; squeeze bag. Repeat at 30-second intervals until candy is completely melted. Then cut the tip off bag and squeeze melted coating out into candy molds or pipe easy decorations to trim the tops of iced cakes or ice cream.

Confectionery coating will lose its pouring and dipping consistency if overheated or if water or other liquid is added. If coating is overheated, add 2 teaspoons hydrogenated vegetable shorting to 14 ounces of candy melts.

MICROWAVE FUDGE

4 C. (20 oz.) Candy melts, 1 (14-oz.) can sweetened condensed milk (not evaporated), 1 Cup chopped nuts, optional, 1 1/2 teaspoons vanilla extract, optional.

In 2-quart glass measure, combine candy melts and milk. Cook on Full or High power 2 1/2 to 3 1/2 minutes; stir until melted and smooth. Stir in nuts and vanilla, if desired. Spread evenly into wax paper-lined 8- or 9-inch square pan. Chill 2 hours or until firm. Turn fudge onto cutting board; peel off paper and cut into squares. Store tightly covered at room temperature.

CANDY MELT GLAZE FOR MICROWAVED CAKE
1 Chocolate Microwave Cake, cooled, 1 14-oz. pkg. light or dark chocolate Candy melts, 1 stick butter (4 oz.), 6 fresh strawberries, unhulled washed, dried.

Place cake on cake circle or cardboard cut the same size as cake. Put on rack over a pan to catch glaze. Place candy melts and butter in microwave-safe container. Microwave on Medium or Defrost 3 minutes, stirring at 1-minute intervals, until smooth and glossy. Stir glaze and coat cake, working quickly and spreading with spatula. Dip strawberries in remaining glaze; place around edge of cake. When glaze is set, transfer cake to serving place. Serves 8.

Young Homemakers Hear Ambulance Service Program

Muleshoe Young Homemakers met for their regular monthly meeting at the 16th and Ave D Church of Christ Tuesday evening.

Eleven members were present for a short business meeting and program from the Ambulance Service.

Richelle Watkins and Starla Ellis, both certified EMT's presented a program on the services available to the Muleshoe vicinity through the Ambulance Service and answered many questions on emergency help.

They described the training each level of emergency personnel at the Service has to have and assured MYH of the quality of the staff here.

Ms. Watkins told of the local activities the Ambulance Service is involved in, the Toy Project at Christmas time, basic First Aid Instruction (an eight hour course) to local groups, continuing education in EMT (a four week class will be going on as of April 1), demonstrations to the local schools and scout

troups. All these and the regular emergencies they are needed for all keep this group of caring people busy in our area.

She and Ms. Ellis then went on to give tips on how to call for help (calmly), when to call for help (when in doubt), ways to help the Emergency people who do come; send someone out to meet them at a cross road if in the country or leave your porch lights on).

Ms. Watkins and Ms. Ellis left the MYH with a very positive view of our Ambulance Service and the knowledge of good caring people looking out for our welfare in Muleshoe.

This month MYH will be sponsoring story hour on the 16th with JoEllen Cowart and Terry Byers. Craft night will be held the 22nd with Terry Marricle demonstrating lined and stuffed Easter baskets.

You can recognize your friends by the fact that they sometimes have no favors to ask.

Baby Shower Honors

Mrs Rayniel Bamert

The Old Depot was the scene of a baby shower Saturday, March 12 honoring Mrs. Nick "Rayniel" Bamert.

Mrs. Carl Bamert, mother-in-law of the honoree, greeted the guests between the hours of 10 and 11:30 a.m. and Brenda Black registered the guests. The registration table featured a centerpiece, following the nursery theme, of a white ceramic bunny filled with fresh green ivy and the guest signed the baby book.

The serving table was covered with an ecru linen cloth and accented with a floral arrangement of rose and mauve mixed flowers. Pink tapered candles in a candelabra completed the decoration. The honoree's corsage was made from lacy pink socks.

Vanity Fare Eggs, fruit kabobs, baked bacon, sunny cinnamon bread, coconut cake and fuzzy navels were served from all brass appointments

including an ornek punch bowl and coffee service.

Special guests included: Mrs. Lee Broussard, mother of the honoree, of Nome; Ruby Broussard, sister of the honoree, from Nome; and the honoree's grandmothers, Doris Brassiere and Edith Broussard, both of Nome; her aunts, Mrs. J.H. Broussard, Jr. and Mrs. Elvie Going of China, Tx; and Greta and Misty Hilien of Austin, sister-in-law and niece of the honoree.

The hostesses gift was a Centry Bunny highchair.

Hostesses for the occasion included: Tonya Pool, Brenda Black, Marilyn Crittenden, Cindy Barrett and Khristi Phelps.

CITY OFFICIALS TO PLACE LIGHT ON WATER TOWER

The city of Muleshoe believes in letting the people know where Muleshoe is located. In a few days there will be placed a large light on top of the city water tower, which can be seen for many miles by the people who travel at night. When we get our new road signs, which will be ready within a few days, and when everybody boasts for the old home town, the world will know that we are on the map and very much alive.

MULESHOE RETAINS GOOD FIRE RECORD: 15 PERCENT GRANTED

Muleshoe keeps its good fire record rating for another year, according to J.L. Alsup, local insurance agent, who says the 15 percent credit will be continued this year. This is the fourth year such favor has been granted this municipality because of the good fire record.

Mr. Alsup stated that the exposure change of buildings had been taken off and the penalty for bracket flues had also been eliminated, causing further reduction in fire insurance premiums.

The key rate for municipal property is 54 cents and for those outside the city limits is \$1.00, one-half of such rate being used as the basis in writing fire insurance policies.

Muleshoe had no major fire of any kind last year.

REFUGE MARKER DEDICATION SET

A ceremony to dedicate an official Historical marker at the Muleshoe Wildlife Refuge will be held at 2:30 p.m. Thursday, March 29 at the entrance of the Refuge.

Located 20 miles south on Highway 214, the refuge was founded in 1935, and has been cited as a wintering area for migratory waterfowl and is on a central flyway in a chain of refuges from Mexico to Canada.

This is the fourth official Texas Historical marker to be placed in Bailey County.

'77 MULETRAIN YEARBOOK FIRST AT PHPA CONVENTION

Muleshoe High School won first place on their 1977 Muletrain Yearbook at the Panhandle High School Press Association convention at West Texas State University Tuesday, March 7.

The critique particularly praised the organization of the yearbook, the unique cover and index idea, the words and definitions, and the sports section. The critique further stated, "The photography was exceptional throughout the annual. The Muletrain had good copy, good layout, and good design."

Canyon school won second place and Levelland won third.

Friendship Club

The Muleshoe Friendship Club met on Thursday, March 10 in the home of Lois Witherspoon. Sammie Ethridge called the meeting to order, due to the absence of the president, Olene Watts, who is in the hospital.

Maude Young gave the opening prayer and minutes of the previous meeting were read by Gladys Darsey, secretary. The treasurer's report was given by Lois Witherspoon, treasurer.

It was reported that Sammie Ethridge gave a very interesting review on "The Profiles of a Senior". The many wonderful and drastic changes that have been made even from the early nineteen hundreds to now.

The club voted to give a donation to the hospital.

Refreshments were served to the following members, Sammie Ethridge, Rob Damron, Ruth Shafer, Pauline Guinn, Gladys Darsey, Maude Young, and Lois Witherspoon, hostess.

TIPS ON TRIPS

Here's an idea that can make a trip abroad a richer experience—and a stay at home a bit of an adventure—brush up on your language skills. You'll find it easier to get around a foreign country if you have a working knowledge of the language of the place you visit or know one of the universal languages such as French or Spanish. You may also discover more out-of-the-way sites and have a deeper cultural experience if you're able to converse with the local people.

One way to improve your language skills is with Living Language™ Plus audiocassettes from Crown Publishers. Two new 90-minute courses in Spanish and French are aimed to help people learn, refresh and improve their conversational skills.

The course helps would-be travelers improve their fluency with realistic conversations rather than through grammar drills. It has a series of ten dialogues that include over 750 of the most common words and expressions used in everyday conversation. The tapes can be used alone because they include the English translations or with the 32-page audioscript.

Thank You

The family of B. H. Black acknowledges with grateful appreciation your kind expression of Sympathy with your many acts of kindness, your prayers and concern at the loss of our Loved One.

Innovative Program For Those With Arthritis

More control over their lives. That's what an innovative self-help program from the Arthritis Foundation offers people with arthritis.

An estimated 37 million Americans—one out of every seven—are affected by arthritis, a condition that brings pain, loss of movement, and emotional distress. The Foundation and the makers of Advil® pain reliever are working together to provide these people with the facts and proper skills they need to manage

their disease.

The nationwide program consists of six two-hour sessions, usually in groups of about 20. It's taught by a team of Foundation-trained and -certified leaders. It offers people more knowledge about the disease and ways to deal with it—ranging from behavior modification to the appropriate use of medications. Participants leave with skills that can make their personal and professional lives more productive.

Thank You

I Would Like To Thank All Of The Voters Who Supported And Voted For Me In The Primary Election, March 8th. I Thank You In Advance For Your Continued Support In The Run-Off Election On April 12th.

Local Church Plans Meeting

For Area Women

Community Church of Muleshoe will sponsor a Women's Fellowship meeting at the Santa Fe Depot at 7 p.m. on Thursday, March 17.

Jan Bolton of Lubbock, who is director of Women's Ministries and Director of Outreach, will be the guest speaker.

She has been on the staff at Trinity Church in Lubbock for almost three years.

She attended Abilene Christian College and more recently worked on her degree in "Family Crisis Intervention" from Texas Tech.

Community Church said the meeting is open to area women of all denominations.

Senatorial Candidate Makes Another Visit

Teel Bivins, Republican candidate for State Senator, from Amarillo, had already hit the campaign trail again last week. Accompanied by his Bailey County Chairman, Dr. Charles Lewis, Bivins was in *The Journal* last Friday.

In November, he will be facing either Mel Phillips or H. Bryan Poff, whichever is the winner in the Democratic runoff election on April 12.

He cited several areas where he believes changes need to be made, or not made, by the upcoming legislation.

He believes Texas needs to stay free of personal or corporate income tax. At this time, Texas is one of only four states without those taxes.

Bivins also said he believes the legislature needs to create a climate more conducive to creating industry interest in moving to this state.

Bivins also talked about the constitution, saying not only does the state need to bar the income taxes, but needs to take a long look at the Workmen's Comp Insurance crisis; look at Tort Reform and especially consider reforms in

Switzerland Spotlighthd By Tour Group

The group of students and adults who are going on a "European Overview" in June met Sunday, March 13, in the home of Amy Turner and her parents, Mr. and Mrs. Doyce Turner. The country of Switzerland was in the spotlight for this month.

To begin the meeting, Johanna Wrinkle gave the travelers their Visas they had applied for last month. Then she gave suggestions that will make the transatlantic flight more enjoyable.

Also discussed were appropriate clothing and shoes.

A quiz was then taken and the grades were much improved!! Five winners were Pat King, Wendy Green, Kevin King, Terry Young and Chris Young.

Mrs. Turner served refreshments after she explained each of the foods. The food consisted of Knee Block, Nidelplatte, Swiss treats, Toblerone chocolate imported from Switzerland, and cheese fondue. Hot Swiss chocolate and Cokes accompanied the delicious food.

Afterwards, the group looked at maps, brochures, pictures, and cards of Switzerland as the travelers gave reports. Pat King described the painstaking work that goes into an Anri wood carving.

Heath Scott described Mt. Pilatus and the superstition attached to it. The group will go to the top of this mountain on a special tour.

Shannon Sinnacher explained

the meticulous craftsmanship that goes into the making of a Rolex watch. Noel Vourazeris told the history of the Lion Monument and Kapelbrucke Chapel Bridge in Lucerne that the group will see.

Wendy Green was unable to give her report last month on Cologne Cathedral in Germany, so she gave the details of the construction of the cathedral as well as describing the treasures in it.

Ann Sowder, mother of Matt Sowder, who is a 4-H exchange student in Desseldorf, Germany, will join the group in Amsterdam and tour with them. She has just returned from a trip to

MHS Debate Trio Talk To Muleshoe Rotary Club

It was a day for debate Tuesday for the Muleshoe Rotary Club when they met at the Bailey County Civic Center.

Guest speakers included three MHS debate students, Jason Clarkson, Brandon Wilson and Ad Godinez.

They talked about the Lincoln-Douglas debate and gave a history of the popular high school debate practice.

With each of the three students taking a part in the discussion, they told how the Lincoln-Douglas debates started in the late 1850's during a presidential campaign.

They were conducted with no notes and no mediator, and set out the difference in views of the debate duo.

In the late 1970's, the Lincoln-Douglas Debate was adopted by the National Forensic Association for high schools, and in 1981, was incorporated into Texas Schools.

Where L-D debates formerly took two to three hours, they have now been refined to 45 minutes, they explained, and always holds with a value throughout the entire debate.

It concerns cross examination and affirmative and negative views given by the debaters.

This year's contest debate is "Resolve That Television Has Had An Adverse Impact on The American Political Process."

L-D debate proves to be very popular because, "the student learns how to speak, how to think on your feet, how to research and how to utilize that research, they added.

They also told about the upcoming UIL competition, which is scheduled for March 25, and various portions of the competition.

The speakers were introduced

Germany, and gave highlights of her trip to see Matt.

Door prizes were won by Ruth Riley and Heath Scott. Next month, the group will meet with Noel Vourazeris and decide on the optional tours, as well as learn some interesting facts of France.

Attending were Jeff Hicks, Debbie Brown, Amber Green, Wendy Green, Kevin King, Pat King, Scott Miller, Angel Pearson, Ruth Riley, Heath Scott, Cary Skaggs, Shannon Sinnacher, Tona Sinnacher, Noel Vourazeris, Shawn Wheeler, Chris Young, Terry Young, Norene

Pearson, Viola Lockridge, Sylvia Vourazeris, Shirley Hicks, Diane Brown, Ann Sowder, Johanna Wrinkle, and hostesses, Amy Turner and Janelle Turner.

Cont. from Page 1

To date for the year, their receipts are down 19.25 percent having received \$25,794.75 to date last year, compared to the total of \$20,829.56 received to date this year.

The largest city allocation this month, \$8.3 million, went to Houston.

El Paso County received \$573,132, the largest county allocation.

Bullock also sent checks totaling \$22.5 million to the state's six metropolitan transit authorities.

March's checks represent taxes collected by monthly filers in January and reported to the Comptroller's office by February 22, Bullock said.

Water Group Annexation Vote Starts

Bailey County voters may cast absentee ballots from March 14 through March 29 to ratify the annexation of a portion of eastern Crosby County into the High Plains Underground Water Conservation District No. 1.

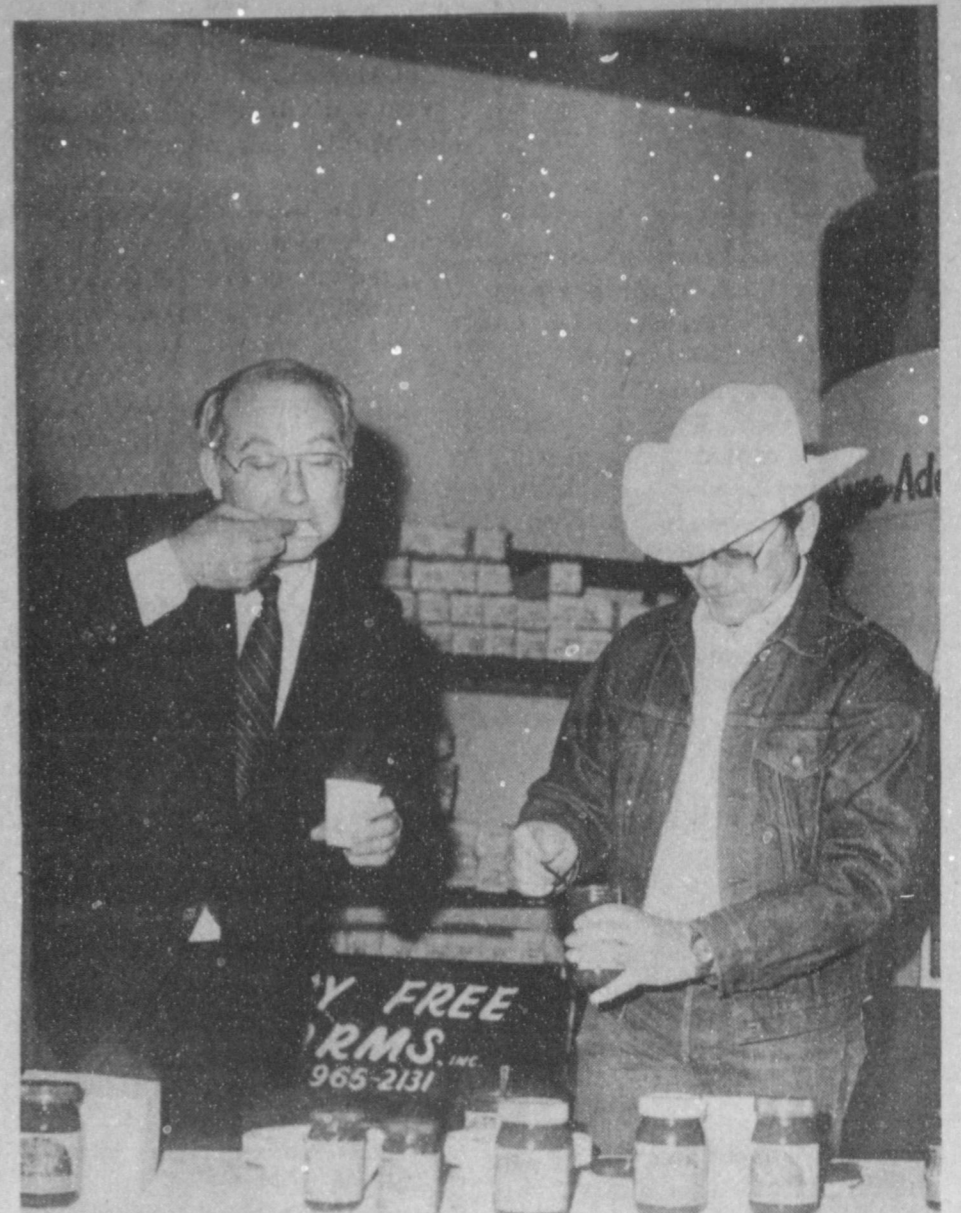

The proposed Crosby County addition includes the portions of County Commissioners Precincts One, Two and Four located above the Caprock. The western precinct of Crosby County above the Caprock joined the Water District in April 1969.

Residents of the Crosby County annexation area will be asked to approve a maximum tax rate of \$0.05 per \$100 assessed valuation, even though the current Water District tax rate is \$0.007 per \$100 valuation. This will provide the same maximum tax rate previously approved by residents of the Water District in 1951. The annual tax rate is set by the Water District's Board of Directors and levied uniformly throughout the District.

The Water District Board called the elections after receiving petitions and hearing testimony from Crosby County landowners in January and February.

Separate elections for the proposed annexation area and for the 15-county area presently served by the Water District are required by the Texas Water Code. A majority vote favoring the annexation in both elections is required before the proposed area can be added to the Water District.

Absentee ballots may be cast during normal business hours at the High Plains Water District Office, 224 W. 2nd Street, Muleshoe, TX 79347. Doris Wedel is the election clerk.

Wind, hail, sleet and rain hit Sudan Wednesday afternoon when temperatures fell drastically within a few minutes from a high of 54 to 34. The high winds blew buds off some fruit trees which had bloomed early again this year. If tradition holds true, Sudan and other South Plains areas are due many weeks of bad weather since "March came in like a lamb."

Carrol Copley Wins At State; To Compete On National Level

Carrol Copley, daughter of Jimmy and Myra Copley, competed at the 1988 DECA State Career Development Conference held at the Hyatt-Regency Hotel at the Dallas/Fort Worth Airport on March 3-6. She won first place and advances to National Competition which is to be held in Salt Lake City, Utah, April 28 - May 1.

Carrol competed in the entrepreneurship written event which consisted of developing a pro-

posal to start a new business, including a self-analysis of the business situation, a description of the new way the business will operate, and detailed plans for financing the business through the first five years of operation. After the written manual is submitted the student is interviewed by a panel of bankers from whom she seeks financing for the business.

Carrol is a junior DECA student and is employed by

Adrian Photography in Muleshoe. The type of business she chose to create was a sole proprietorship of a retail one-hour photo finishing mini lab including the additional services of photo enlargements, as well as film and frame sales.

Congratulations to Carrol Copley and Good Luck in Salt Lake City. DECA - developing future leaders in marketing and distribution.

Plainview Sets Date For Pioneers

The Plainview Business and Professional Women's Club has announced Saturday, May 21 as the date for the 1988 Pioneer Round-Up. This will be the 60th year the Club has sponsored this annual event, according to Pat Ray, President of the sponsoring club.

The Pioneer Round-Up was started as a method of honoring pioneers of this area. This continues to be one of the purposes of the event, but in addition, it has become an entertainment feature for people of all ages in Plainview, Hale County and surrounding areas.

Mrs. Ray has appointed committees for the Round-Up and chairman of each committee is as follows: Program, Charlotte Malone; Dance, Helen Burleson; Reception, Pat Kelly; Tickets, Frankie Reynolds; Food/Serving, Helen Harper; Door, Jackie Masso; Concessions, Celia Drager; Registration, Nancy Fowler; Parade, Jerry Johnston; Kountry Kitchen, Jean Woods; Float, Doris Washington; Housing, Pat Ray and Publicity, Jo Ann Clements. "60th Round-Up/Hale County Centennial" has been chosen for this year's Round-Up theme

The traditional Pioneer Round-Up parade will roll at 2:30 p.m.

The Saturday evening's program will begin at 6:00 when the chuck wagon supper will be served until 8:00 p.m. in the large assembly room at the Ollie Liner Center with the program to follow.

A square dance will conclude the day's activities.

All local and area people are invited to this Pioneer Round-Up for a day of entertainment and to honor those pioneers who came to this country many years ago. The Plainview Downtown Association has scheduled their third annual Balloon Festival to coincide with the Pioneer Round-Up to make even more activities available to people of this area.

VICA Wins Representation For State

The VICA students traveled to Lubbock to compete in the Area II Auto Mechanics competition. All that competed had a great time and did well. Six out of sixteen students that went placed high enough to qualify for the state competition in April. The six students are: Betsy Seales, Miguel Sanchez, Shawn Rejino, Bobby Mora, Alex Bachicha, and Joe Salinas. Betsy Seales and Bobby Mora's projects was the carburetor, Miguel Sanchez with the starter, Shawn Rejino with the power steering gearbox, and Alex Bachicha and Joe Salinas with the cylinderhead. Hector Martinez, Cortez received fifth in speed skills and the job interview. Hector did extremely well, he placed fifth out of thirty-three. The state competition is held April 14-17. We, as the newspaper editors of the Mules Tale, would like to extend our luck for the state competition and our congratulations for the Area II competition!!!

"Happyville" Cast

'Happyville' Presented For Children

The 5th hour theatre class at Muleshoe High School presented "Happyville" as the children's play for 1988. The production was put at two different times for grades kindergarten - 8th and to the general public.

The characters in the play were Deborah Lackey, Shannon Simnacher, Tadd Young, Stacy Stroud, Becky Black, Larry Gonzalez, Ronny Perez, Terry Snell, Denise Cope, and Mary Lou Bastardo.

The story is set in a small western town where Shootin' Sam has scared every one out of running for Sheriff. Finally relief comes in the form of the lady, if she can be called that, by the name of Hawkeye Hannah. The two have a shooting match to determine who is going to become Sheriff. But wait there is more! Hawkeye Hannah falls in love with Shootin' Sam and throws the match. In the end Hawkeye Hannah and Shootin' Sam get married in a double wedding

MHS English Students Visit

ENMU Library

Mrs. Johanna Wrinkle's English classes went to the Eastern New Mexico University's Golden Library March the 3rd and 4th.

The students are in the midst of their library research papers. The paper must be written about English Literature and History. This trip is an opportunity to research extra material and to help them get acquainted with researching in a large library.

There were two trips to the library because of the large amount of students going. Each day the bus left the parking lot at 8:30 A.M. Upon arriving at the library, the head librarian familiarized the students with their system, card catalog, periodicals, and methods of finding the information needed.

After the "work" was done, the students ate at the cafeteria on campus was escorted by a couple of E.N.M.U. students around the campus and to the K.E.N.W Television Station.

Ronnie Perez Receives Honor; Student Of Week

"Spring is in the air" is how the old saying goes and no one is more ready for spring than the students and faculty of Muleshoe High School. The faculty has continued to nominate deserving students for "Student of the Day" and "Student of the Week."

For the week of March 1-4 the "Students of the Day" were: Letty Barron, Kelly Conklin, Anno Soliz, and Ronnie Perez. The "Student of the Week" was Ronnie Perez.

For the week of March 7-11 the "Students of the Day" were: Sheila Garner, Libby Aguirre, Armando Del Toro, Carla Sandoval, and Becky Black. The "Student of the Week" was Becky Black. Congratulations!!

Llano Estacado Concert Next Friday At Plainview

By popular request, the Symphony of the Llano Estacado will present a "Sousa" style band concert featuring the wind and percussion sections of the orchestra for its annual "Pops" concert Friday, March 25 at 8 p.m. in Harrah Auditorium.

"As a special treat for Plainview audiences, the guest performers for this concert will be the "Old Masters of Swing" and a barbershop quartet," announced J.W. King, Jr., musical director.

"The Old Masters of Swing" is a group of well known Plainview musicians who will be playing a set of their favorite tunes," King said. Members are Dr. Clovis Clough, Arch Keys, Dr. Curtis Baldwin, Jack Fuller and Gayle Sigler.

"The Old Masters of Swing" will join the Plainview Symphony brass in a performance of "Dixieland Spectacular" with members of the "Old Masters" in several Dixieland favorites. Included in this selection are "Dinah," "Tin Roof Blues," and "High Society." The guest

performers will also perform a set of their own favorites.

A barbershop quartet from the Plainview Chapter of the Barbershop Quartet Society will sing, "Selections from the Music Man" and a special selection. The quartet includes Luther Mann, Norman Wright, Charles Hornsby, and Marvin Scott.

Again this year local and area high school band directors have been invited by the Symphony to select outstanding individuals from their bands to join the Symphony orchestra in "Armed Forces Salute" and "The Stars and Stripes Forever" finale to the concert. The area bandmen will be in their school uniforms for this concert performance, according to King.

Orchestra trumpet players Paul Lindley, Ron Caffey and Bernie Tackitt will play "Bugler's Holiday" by Leroy Anderson, accompanied by the Symphony Brass.

Other selection the orchestra will be playing at the "Pops" concert are "Washington Post March" by John Philip Sousa; "Morning, Noon, and Night in Vienna Overture" by Franz Von Suppe; "Glory of the Yankee Navy" by Sousa; "Rolling Thunder" by Henry Fillmore; and "April in Paris" arranged by Richard Maltby.

The Symphony Debs, sponsored by the Plainview Symphony Guild, will be introduced at this performance, the

night before their presentation at the annual Symphony Ball at the Plainview Country Club on Saturday, March 26.

The Symphony "Pops" concert is an "Arts in March" program, sponsored by the Plainview Cultural Council. Jerry Minster is the orchestra's conductor.

Admission to the concert will be by Symphony season ticket or by purchasing them at the door. Tickets are priced at \$8 for adults and \$3 for students and will also be available at Gallaways, the Fine Arts Center, or from any Symphony Board member.

Garden Time

With food prices high, gardens are timely in 1988.

One of the easiest money savers is the potato. A few rows of potatoes can "carry" a family for months. They require little work.

Beans are another excellent investment. A few rows of beans provide enough for an entire year. Many can be frozen.

Tomatoes are easily grown and since they've become expensive, the gardener would profit by having eight or ten plants, their planting staggered.

Greens can easily be cultivated in the coming months. Carrots, radishes, and onions are all easy to produce.

The advantage of one's own garden is not just in saving money but in having better-tasting, more healthful, absolutely fresh produce on the table.

SENATOR PHIL GRAMM VISITS INDUSTRY IN MULESHOE--When Sen. Phil Gramm asked to visit a small manufacturer in Muleshoe, K-C Mufflers and Manufacturing, Inc. was chosen for his visit. Saturday night, the senator did tour the manufacturing warehouse, and saw the many products made in Muleshoe and shipped to six states. Pictured from left are Dwayne Castleberry, Sen. Gramm, and Kid Castleberry. (Journal Photo)

Olin Whitmire Funeral Services Held Monday

Funeral services for Olin Whitmire, 84, of Sudan were held at 11 a.m. Monday, March 14 in the First United Methodist Church of Sudan with the Rev. Kerry Hurst, Methodist minister of Lubbock, officiating, assisted by the Rev. Wendell Horn, pastor of the Sudan Methodist Church.

Burial was in Sudan Cemetery under the direction of Ellis Funeral Home of Muleshoe. Mrs. Whitmire died at 9:55 p.m. Friday in Muleshoe Nursing Home.

Born April 6, 1903, in Indian Territory, Okla., she had been a resident of Sudan 52 years, moving there from Baileyboro. She was a homemaker and a member of the Sudan Methodist Church. She married Bud Whitmire on Dec. 25, 1928, in Fairview. He died July 11, 1981.

Survivors include two daughters, Mrs. Lewis Wayne Shafer of Needmore and Myrna Robinson of Lubbock; six grandchildren; and four great grandchildren.

The family request memorials be made to the Muleshoe Nursing Home or the Sudan Volunteer Fire Department.

Helen Hayes for POLIOPLUS:

"Have you heard of the wonderful Rotary project of a polio-free world? I personally know the devastation of polio because I lost a daughter to that dreaded disease some years ago. Even though the Rotarians are providing most of the money to purchase the polio vaccine, they want everyone to have the opportunity to participate in this world-wide project. Will you help?"

Sandhill Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Acres claims he has discovered something about Washington that few people knew about.

-0-

Dear Editor

According to a report from Washington, there are 90 million potholes in the city streets of America.

Some people didn't know Washington had established a Department of Potholes and naturally are wondering how the figure of 90 million was arrived at.

It wasn't easy. The survey's start was delayed several months because of the newly-appointed chairman couldn't decide what color rug should be put down in his office.

Then it took considerable time to assemble a staff. The chairman said he wasn't about to send people out who're inexperienced in counting potholes. He required a six-months training period, plus a background character investigation by the FBI.

By then the survey was further delayed while the Department chairman sought additional money from Congress to cover unexpected start-up costs. "Neither Rome nor potholes were built in a day," he said. This made sense to many Congressmen.

Four tight-fisted Congressmen objected to appropriating more money. "It's up to cities to count their own potholes," they said. "It's none of the Federal government's business. Let the cities fill them up or teach its citizens how to dodge them."

The additional money was appropriated, attached as a rider to a bill to leave Social Security along. The four tight-fisted Congressmen voted for it.

When asked what plans he has for filling up the 90 million potholes, the chairman said his assigned task was to count potholes, not fill them up. He suggested his department be expanded to come up with a pothole-filler plan. The idea is under consideration.

Anybody who believes all this also believes the next President will balance the budget.

Yours faithfully,
J.A.

Introducing The GUARDIAN PLAN program

I'd like to tell you why so many caring people have said "Yes" to this funeral prearrangement program.

I once asked John, our GUARDIAN PLAN representative, why he chose his calling. He answered, "Because I believe in it. Because I know first hand, how it helps families."

I found out that John is not alone. He is one of hundreds of compassionate and dedicated men and women who represent the GUARDIAN PLAN program throughout the United States and Canada.

I'd like to tell you more about a funeral prearrangement program that attracts people of the caliber of John and his associates to serve you.

The full title of the program is the GUARDIAN PLAN prearranged funeral program. It's funded by life insurance policies and annuity contracts. Unlike trust funded funeral prearrangement plans, the GUARDIAN PLAN program is backed by insurance. That's a big difference. It means once you pay the first premium, you're covered for the full cost of the funeral services you select. And the insurance proceeds from the GUARDIAN PLAN program are tax-free.

Another feature of the GUARDIAN PLAN program that you won't find in any other prearranged funeral plan is something the GUARDIAN PLAN people call "Transferability." Let's say you make your GUARDIAN PLAN funeral prearrangement where you live now and later move to another part of the country. No problem. You are guar-

anteed that services equal in every way to those you selected in the first place will be provided through the GUARDIAN PLAN program wherever you move, and at no increase in the original cost. Now, I think that's a very important benefit.

There's a lot more to learn. And if what I said makes sense to you: Talk to your heart, why not do this: Call for the free, informative booklet, CARING. Call toll free, 1-800-922-7464. The GUARDIAN PLAN people have worked out an easier way to remember that number: 1-800-9-CARING.

The GUARDIAN PLAN is a registered service mark of Service Corporation International. The GUARDIAN PLAN Program is insured by Guardian Plans, Inc. and is funded by life insurance policies and annuity contracts issued by Family Service Life Insurance Company, Inc. There are a number of life insurance companies which have the word "Guardian" in their name. This prearranged funeral program is not affiliated with or sponsored by any of these companies.

LEGAL NOTICE

The Texas Corn Producers Board will hold its biennial election on May 10, 1988. The terms of three present board members will expire at that time. Any person within the following counties who is engaged in the business of producing, or causing to be produced, corn for commercial purposes, is eligible to vote, including owners of farms and their tenants and share croppers, if such person is required to pay assessment that is collected on corn within the following counties: Bailey, Castro, Deaf Smith, Hale, Lamb, Parmer and Swisher.

The Election will be held by mail ballot, which will be provided to all eligible voters not later than April 8, 1988. Ballots must be mailed to the polling place at 218 East Bedford, Dimmitt, Texas 79027 before midnight on May 10, 1988.

Any person qualified to vote who does not receive a ballot in the mail may obtain one at his local County Extension Office.

Any producer in the 7 county check off named above subject to paying the assessment on corn may have his name placed on the ballot for anyone of the 3 positions accompanied by 10 signatures of legal corn producers within the counties described above.

Producers have 30 days after this notice to have names placed on the ballot and mailed to Texas Corn Producers, 218 East Bedford, Dimmitt, Texas 79027. t18-10t-3tte

KNOW THE WEATHER

What are the ingredients which cause tornadoes? Do they sometimes occur in clear weather, in a cloudless sky? Does dry or moist air prove more conducive to tornado development?

If the day is clear, especially clear with dry air, you need worry little about tornadoes—as long as this condition holds.

The weather condition which should give cause for concern is one in which squalls or thunderstorms are frequent—especially when the approach of a cold front is expected. If the air is moist and conditions unsettled, in spring or early summer, these weather signs should be seriously heeded as possible breeders of a tornado, or tornadoes.

Tornadoes—contrary to the popular belief—sometimes occur out of season. Because stronger updrafts occur in daylight, tornadoes most often develop then, but they can and do form at night, too.
