ARTESIA, NEW MEXICO, THURSDAY, NOVEMBER 23, 1933

NUMBER 47

Four New Wells For Eddy And Lea Staked

Texas Company Stakes Two Tests for Lea Co. —Gas and Oil Test to Be Made in Eddy—V. Welch Well Shot.

Four new locations, two in Eddy and two in Lea county, will serve to keep interest in the south-eastern oil sector. The Texas Company has staked two locations in the Lea and Eunie areas. One is known as the State No. 4-A, SW sec. 2-21-33, and the other is known as the State No. 2-B, in the SW sec. 27-20-34. In Eddy county, T. D. Gibson has made a location for his Quillin No. 1, in the NE sec. 15-19-31. The Pecos Valley Gas Co. will drill its Vandagriff No. 8, in the NE sec. 5-17-28, which will be drilled as a gas well.

Leonard et al, State No. 9, sec. 22-17-29, has developed 200,000 feet of gas at 2853 feet. Drilling is under way below 2910 feet. Lockhart et al, Root No. 2, sec. 7-17-30, is drilling below 3716 feet after having encountered a five barrel oil show at 3596 feet. Another eastern Eddy county well, the Green No. 2 of the Western Drilling Co., sec. 29-17-29, developed a show of gas at 2616 feet. Drilling is under way below 2668 feet.

In the Rocky Arroyo section, Spearow et al, McClelland No. 1, sec. 22-22-23, is drilling below 4380 feet. Spearow et al, McIntyre No. 1, sec. 35-23-25, is drilling below 1245 feet. Stovall and Marshall, Mock No. 1, sec. 29-24-27, fishing. Total depth 2180 feet.

The F. W. & Y. Oil Co., State 67, sec. 10-19-28, is drilling below 240 feet. W. H. Todd, Levers No. 1, sec. 25-26-29, has cemented casing at 815 feet.

The status of the Lea county wells are unchanged.

Production in the State No. 1 of the Red Lake Oil Co., sec. 22-17-28, formerly known as the Van Welch, Jr., State No. 1, was increased Saturday with a 90 quart shot of nitro. This well has been on production for several weeks, estimated good for 25 barrels natural. It was drilled to 2027 feet. While no gauge has been made of the test, operators estimate the shot increased the production to approximately 100 barrels daily.

VISIT CCC CAMP NEAR MAYHILL

Eight Artesia business men visited the CCC camp near Mayhill Friday and were shown thru the project by the camp officials. The camp is the scene of much activity. A half a dozen buildings have been completed, including two barracks and others are nearing completion. On the 15th, 200 men and boys moved into the camp for the winter. The camp is also housing several workmen at the present time and a staff of ten or twelve officers.

Among the local business men who made the trip were: J. W. Collins, Carl Bildstone, G. V. Price, Theibert French, C. P. Cior, Howard Whitson, Walter Douglas and John Shearman.

CAFE ENLARGED

Mrs. Folkner's cafe, located next door to the Sanitary Barber shop, will be enlarged, it was announced Tuesday. The partition in the building will be removed, giving practically double the present floor space. Tables and booths will be added for the convenience of the patrons.

LAST FOOTBALL GAME

The football season for the Artesia Bulldogs will end Thursday, the 30th, when the local high school eleven will meet the Carlsbad eleven. Both teams have been practicing hard for the final contest and Carlsbad is showing an improvement over the early season playing.

L. E. Bayers, superintendent of the Mule Shoe ranch west of Hope, was attending to business matters here Saturday.

STOCKMEN OF STATE MUST HAVE FEDERAL RELIEF AT ONCE

Unless relief is immediately made available the state's basic industry, cattle growing, will be bankrupt, according to the executive committee of the New Mexico Cattleman's association at Santa Fe Monday. Wires to that effect were dispatched to the New Mexico congressional delegation in Washington and to the secretary of agriculture.

The cattlemen endorsed a plan of the Panhandle growers which has three objects—first to prohibit importation of canned meat for two years, second to reallocate federal funds to aid beef industry equally with the dairy industry, and third to spray heifers to keep the calf crop down.

A graduated scale would be paid for spraying heifers, which is considered by the cattlemen to be the best way of reducing the calf crop and giving the industry new life.

MEXICAN YOUTHS MEET DEATH IN AN AUTO COLLISION

Jose and Guillermo Armijo, age 16 and 18 respectively, were instantly killed Tuesday morning when a 2½ ton International truck hauling a trailer heavily loaded with pipe, struck the Model T Ford touring car in which the victims were riding, at the intersection of the Roswell-Dexter highway and Alameda Avenue in Roswell at about 8:30 o'clock.

There were seven other occupants of the Ford and two occupants of the truck but none of them were injured save for minor cuts and bruises.

Russell Byall of Pampa, Texas, was the driver of the truck and he was hauling a load of pipe from Artesia to Pampa. The truck belongs to C. M. Jefferies of Pampa. W. C. Keyes of Oklahoma City was the only other occupant of the truck.

Emelio Robles, 46, was the driver of the Ford. The nine occupants of the Ford were cotton pickers and all except the driver were youths.

The Ford was headed east on Alameda Avenue and the truck was headed north on the Roswell-Dexter highway. According to Byall and to C. E. Long who was driving about 30 feet behind the truck when the accident occurred, the Ford drove onto the highway in front of the truck without stopping at the highway. Mr. Long said that the truck was going about 20 miles an hour. He said that both drivers swerved to try to prevent a collision.

FIRST CASE OF MILK SICKNESS REPORTED HERE LAST FRIDAY

The first case of alkali poison or milk sickness of the season was reported here Friday. The victim, H. D. Smart of the Upper Cottonwood, was brought here for medical attention after being stricken on the 13th. Milk sickness or alkali poison usually makes its appearance after frost each year and there is rarely a year passes but that the poison hits in some locality near by. It is caused by drinking milk or eating butter from an infected cow. Cattle also die from eating the poison weed, usually goldenrod.

Mr. Smart has been very ill, but is given a good chance to recover, according to an early report.

BREAKS ARM

The little daughter of Mr. and Mrs. Willard Beaty of the Oil Field had the misfortune to break a bone in her right arm yesterday while playing on a teter on the school grounds.

FEW CASES MEASLES

There are a few cases of measles yet in the community, Dr. O. E. Puckett, county health officer, reported on his visit here Tuesday. The worst of the epidemic however, has been broken Dr. Puckett believes.

Information was received here recently of the serious illness of Mr. Braine at Marfa, Texas, father of Mrs. W. E. Flint. Mrs. Flint was visiting her parents at the time her father was stricken.

Red Cross Drive Nets \$168.75

COTTON OPTION IS AVAILABLE TUESDAY

WASHINGTON—Immediate distribution of \$48,000,000 constituting a four-cent a pound advance to cotton producers who are to receive options on 2,400,000 bales of government-held cotton, was announced Tuesday by Oscar Johnson, director of finance for the farm administration.

The advance will be made to approximately 600,000 producers as quickly as necessary forms can be signed.

The Reconstruction Finance Corporation notified Johnson Tuesday a commitment on the cotton covered by option had been made to the Commodity Credit Corporation which will make the funds available to a cotton pool to be established by Secretary Wallace.

The producers who asked options on government cotton at six cents a pound as part of their consideration for acreage reduction will be required to participate in the 1934 program.

After signing the agreement and transferring his option to the pool, the producer will receive \$20 for each bale upon which he is entitled to an option.

The pool will issue participation certificates to option holders who will retain their beneficial interest and upon sale of the cotton will receive their ratable share of any price above 10 cents a pound after deduction of expenses.

PUEBLO OFFICIALS HERE

Martin O'Brien of Houston, Texas, vice-president of the Republic Production Co., and Jerry Chestnut of San Angelo, Texas, a vice-president of the Pueblo Oil Co., arrived here yesterday to spend a short time looking after company interest.

CIVIL WORKS PLAN TO EMPLOY 8,250 NEW MEXICO MEN

SANTA FE—Eight thousand two hundred and fifty men were provided for in county employment allotment under the civil works plan in New Mexico at a meeting at Santa Fe yesterday of more than 200 men and women, representing every county in the state.

Half this number will be at work December 1 and the remainder by December 15, under the present arrangement. Yesterday afternoon projects were discussed ranging through secondary roads, parks, cemeteries, and swimming pools. The main topic was secondary road work.

Today the projects will be submitted to the state civil works board, an engineer for which is yet to be appointed. The engineer's name has been submitted to Washington but pending approval of that department it will not be made public.

The allotment of workers by counties follows: Bernalillo 834, Catron 84, Chaves 408, Colfax 456, Curry 352, De Baca 43, Dona Ana 529, Eddy 284, Grand 382, Guadalupe 120, Harding 76, Hidalgo 139, Lea 105, Lincoln 148, Luna 146, McKinley 359, Mora 226, Otero 213, Quay 253, Rio Arriba 248, Roosevelt 190, Sandoval 237, San Juan 273, San Miguel 449, Santa Fe 371, Sierra 112, Socorro 166, Taos 241, Torrance 153, Union 264, and Valencia 309.

SENATOR B. CUTTING SPENDS SHORT TIME IN ARTESIA MONDAY

United States Senator B. M. Cutting, republican, stopped off here for a brief informal visit with members of his party Monday afternoon while en route from Carlsbad to Roswell. He was met at the Artesia hotel by about twenty men and spent about an hour and a half chatting with the Artesians and discussing national affairs. Senator Cutting, it was said, confined his political utterances to national affairs and never talked state politics. In his opinion the coming session of the national congress in January will be notable in many respects and may be a long drawn out affair.

Quota of \$150 Exceeded in Roll Call Which Ends on Thanksgiving Day—Those Missed Invited to Contribute.

The Artesia Red Cross chapter, with which every community in north Eddy county is affiliated, has its quota over-subscribed, Mrs. W. B. McCrory, chairman of the roll call, announced yesterday. Further solicitations will not be made by the committee, but if any one missed desires to contribute something to this cause see Miss Veta Frisch, Fred Cole or Mrs. W. B. McCrory. The committee appreciates the good work of Mrs. Charles Morgan as captain of team No. 2, whose name was inadvertently omitted from the list of teams last week, Miss Opal Martin, Miss Alice Moore and Mrs. Elza Swift. A total of \$168.75 was realized from the membership and the contributors. One hundred forty-two members contributed \$156.13 and forty-one people gave \$12.62. The quota for this chapter was \$150.00.

The membership roll for 1933-34 is as follows:

Andy Anderson, Dick Attebery, J. B. Atkeson.

Earl Bigler, Mrs. John R. Brown, C. O. Brown, Mrs. J. L. Briscoe, C. W. Bartlett, Jim Berry, Hugh Burch, C. R. Blocker, Mrs. Boone Barnett, Mrs. B. A. Bishop, V. A. Buell, J. H. Bridgman of Hope, V. D. Bolton, Big Jo Lumber Co., Judge Ballard, Ray Bartlett, Fred Brainard, E. B. Bullock, Miss Burrows, M. A. Baish, J. B. Buckner of Hope.

Pete Casabonne of Hagerman, Chamber of Commerce, Dave Compton, Mrs. E. D. Compton, H. C. Cooper, E. R. Conner, Bill Cheney, Mrs. M. A. Corbin, Fred Cole, J. W. Cave, H. W. Clady, D. I. Clowe, Coats Brothers of Hope, Guy Chevrolet Co., J. A. Clayton, C. M. Cole.

C. J. Dexter, Dewell's Store, Rev. A. C. Douglas.

M. W. Evans, L. P. Evans.

T. H. Flint, W. E. Flint, T. J. Fox, Landis Feather, W. T. French, S. E. Ferree, George (Continued on page 5, column 3)

1934 GRID SQUADS OF CARLSBAD - ARTESIA TO MEET ON FRIDAY

The 1934 first string of the Artesia high school football squad will journey to Carlsbad Friday to play the 1934 team of the Cavern. Friday's game may give an insight into how the two teams will perform in 1934. Artesia will lose some eight or ten players this year through graduation and Carlsbad will lose about eight. It should be an interesting contest.

BULLOCK TO PRESIDE

E. B. Bullock of Artesia, first vice-president of the area council, Boy Scouts of America, will preside at the tenth annual Boy Scout meeting starting at 1:00 o'clock in Roswell today. Governor A. W. Hockenbush, area president, is unable to attend, it was announced yesterday. Officers of the year are to be elected.

Union Services At 1st Baptist Church Next Thursday

Four churches of Artesia will unite in a Thanksgiving program at the First Baptist church next Thursday morning beginning at 9:30 a. m. The public is cordially invited.

The program: Doxology—Congregation. Invocation—The Rev. Erwin Benson.

Hymn by congregation—"Come All Ye Faithful." Reading of Scripture—Ps. 146—The Rev. F. C. Rowland.

Hymn by congregation—"Faith of Our Fathers." Solo—"The Heavens Are Telling"—Beethoven—By Mrs. John Spratt.

Sermon—The Rev. A. C. Douglas.

Special music: "Reveries"—Pabst—Artesia Violin Choir. Benediction—The Rev. W. B. McCrory.

ROSWELL YOUTH IS ACCIDENTLY SHOT

Accidentally stepping into the line of fire of a rifle in the hands of his girl companion, Frances Brochhauser, 17, Doyle Manning, 21, of Roswell received a gunshot wound in his head late Sunday afternoon about 20 miles northeast of Roswell that resulted in his death at 11:30 p. m. Sunday night at St. Mary's hospital.

A coroner's jury verdict following an inquest held Monday afternoon before Justice of the Peace L. L. Johnson named the cause of Manning's death as from an accidental shot fired from a gun in the hands of Frances Brochhauser.

In her description of the accident at the inquest, Miss Brochhauser stated that she and Manning were shooting at the end of a piece of pipe as a target when the accident occurred. Manning had just fired several shots at the target and she raised her gun to fire when Manning standing on a lower level of ground several feet in front of her turned just as she took aim and stepped into the line of her fire.

Miss Brochhauser was unable to get the unconscious Manning into the automobile and had to come to the city to call an ambulance. The Ballard ambulance was called and rushed the wounded man to the hospital. The bullet had entered the top of the head on the left side and pierced the brain, and Manning never regained consciousness, the testimony of Dr. L. W. Johnson at the inquest showed.

Manning and Miss Brochhauser, who is a student at the Roswell high school, were alone when the accident happened having driven to about two miles east of Mefna on a rabbit hunt.

N.M. OIL ALLOWABLE RAISED UNDER THE NEW NATIONAL ORDER

WASHINGTON—Oil production allowances for December were set at 2,210,000 barrels Tuesday by Secretary Ickes, oil administrator.

This was a reduction of 128,000 barrels from the last order.

Allocations among the petroleum producing states were as follows: Arkansas 33,000; California 450,000; Kansas 112,000; Louisiana 69,340; Texas 888,000; Oklahoma 457,000; New Mexico 41,200; Rocky Mountain states 36,300; Appalachian and Eastern states 94,200, and Michigan 29,000.

These states' production was increased: California by 5,000; New Mexico 200; Rocky Mountain states 600.

These are cut: Louisiana by 700; Texas 77,000; Oklahoma 38,000; Michigan 1,000; Kansas 4,000. Arkansas and the Appalachian states were unchanged.

220 MEN EMPLOYED

Two hundred and twenty men have been given employment in the past sixty days, Otice Brown, manager of the Eddy county re-employment service, said here Saturday. Several men were employed previous to the time Mr. Brown took office as manager. Approximately seventy-five more men will be added to highway project pay rolls before the close of the week, if present plans mature. Fifty men will be given work on highway 83 and about twenty-five on the Cavern highway.

THE TURKEY CROP IS SMALLER THAN USUAL THIS YEAR

A number of turkeys from this section have gone on the Thanksgiving market. Others will be sold or engaged before the 30th rolls around. The turkey crop this year, not as large as usual, will supply everybody with a Thanksgiving bird with all the trimmings. Approximately 2,000 birds are usually placed on the market from this trade area from the Thanksgiving to the Christmas season. Turkeys this year are bringing ten cents and better on the market. Most of them have been well fed and are in good condition.

FIVE NEW MEXICO EDUCATORS CHOSEN PARIS PEACE PACT

Five New Mexico educators have been appointed on the national committee for the study of the Paris pact in the secondary schools of the United States, it was announced here recently. T. C. Bird, Artesia high school principal, was among the five to receive the appointment. Other members are: Vernon O. Tolle of Santa Fe, state chairman and executive secretary of the New Mexico Educational Association; Mrs. Georgla Lusk of Santa Fe, state superintendent; Dr. J. W. Diefendorf, north central inspector for the New Mexico schools, and Supt. G. V. Landers of Hot Springs.

Artesia has been fostering the study of the Paris pact in the international relations course for the past three years and many pupils have become familiar with its contents. This year more is to be done with the work than ever before.

STATE CHARTER OF NEW MEXICO LEGION ORDERED SUSPENDED

INDIANAPOLIS—Suspension of the charter of the New Mexico department was voted Tuesday by the national executive committee of the American Legion following an investigation of charges that Legionnaires of that state have permitted their organization to become involved in partisan politics.

National Commander Edward A. Hayes was authorized to appoint a supervisory committee to control the department until it "may be safely returned to its members." The action is unprecedented in Legion annals.

The New Mexico department was charged with factionalism, political activity and padding the membership rolls to control the state organization. A four-day hearing was held by a sub-committee which reported its findings to the supreme governing body of the legion. The executive committee adopted the report by a vote of 39 to 13.

Commander Hayes declared there is no question in his mind "but that there is a solution to be brought about in New Mexico."

He said, "it will be the purpose of your national commander to bring together the diverse elements within the legion of that state and clear up the confusion which seems to prevail there."

CHAVES CHOSEN AS COMMITTEEMAN AT SANTA FE MEETING

Congressman Dennis Chaves Monday was elected democratic national committeeman from New Mexico to succeed the late Gov. Arthur Seligman.

The congressman's selection by a vote of 103 to 21 was made by the democratic state central committee in a meeting at Santa Fe Monday. His only opponent was George Cook of Socorro. Election of Chaves was marked by considerable applause and shouting by the committee members when the vote was announced.

Chaves was placed in nomination by Mrs. Jennie Kirby of San Juan county, and was warmly received by the committee members. Cook was nominated by Melton Torres of Socorro.

TO ELIMINATE 83 GRADE CROSSINGS

Formal application for \$4,300,000 to eliminate 83 grade crossings in the state through construction of grade separations was made to the public works board by the state highway department Saturday, G. D. Macy, highway engineer, announced.

If this money is granted, Mr. Macy said, it will eliminate every bad grade crossing in the state and at the same time give employment to 2,500 men for a period of 10 months.

Approximately 40 per cent of the men will be skilled laborers. The work can be started almost immediately, the application stated.

Mrs. W. A. Hogan was taken to St. Mary's hospital in Roswell Monday where she underwent an appendix operation. Mrs. Hogan with her husband has lived on the T. H. Flint ranch the past few months.

Two Relief Projects To Be Launched In County

Public Civic Works Projects Outlined at C. of Commerce Meeting—To Include Road Work Under Three Plans.

The Eddy county commissioners met in a special session at Carlsbad Friday to approve the county tax rolls recently completed by Assessor R. H. Westaway. This matter attended to, the commissioners also discussed what the county would ask for under the six project plan for each county. Carlsbad will ask for the following projects: Improvement of the road from Carlsbad to Lake Avalon; improvement of the road from Carlsbad to Carlsbad cemetery, and the improvement of the road to the refinery of the United States Potash Co. southeast of Carlsbad, from highway 62 to the refinery. Loving also requested improvement of the road from Loving east to the potash refinery. North Eddy county will be permitted to launch two projects also, but these will be decided on later. The number of projects allotted to each section of the county is based on the number of unemployed in that section.

A delegation of Artesia citizens left for Santa Fe the first of the week to get additional information on the proposed plan and as this is written little is known as to the final outcome of the meeting. It will also be remembered that the Eddy county commissioners recommended about six road projects some two months ago for the unemployed, including two road improvement plans for this section. The work to be paid out of a special fund. In some respects the plan announced last week parallels the previous one and it may be possible that the two plans will be consolidated, giving the county supervision over the entire program.

At a meeting of the board of directors of the Artesia Chamber of Commerce Monday evening, recommendations were made for the launching of three projects under the civil works program and the recommendations were addressed to Miss Margaret Reeves, director of child welfare at Santa Fe. A second recommendation was made to the county commissioners under the public works program and included three projects.

The civil works project outlined included No. 1 starting at the McCann Service Station, west three-quarters of a mile to the high school building, and north a quarter of a mile to Grand avenue. The work to include grading and graveling. The second project included improvement of Roselawn to Washington street to intersection of project one, about a quarter of a mile. Project 3 included setting out trees under the supervision of the Artesia Woman's club and other civic organizations, the trees to be furnished by the City of Albuquerque.

Under the public works program the first project is grading and graveling from the Espulla gln, west one and a half miles, north one mile, thence west eight miles. Project two, beginning two miles east on highway 83, grade and gravel the road six miles south, turning west for three-quarters of a mile to intersect highway 2. The third project is graveling west end Main street of Hope, coming east three-quarters of a mile, south a quarter of a mile, east a half mile and south a half mile. Four representatives from this community, Fred Brainard, Otice Brown, G. R. Brainard and Arba Green, left for Santa Fe Tuesday to present the local plans to the proper authorities.

TO APPLY FOR LOAN

E. C. Jackson of Lake Arthur informed us yesterday that preparations were underway to make application for a federal loan on the Lake Arthur drainage district. The district will ask for \$130,000 which will clear its bonded indebtedness. Three other districts in Chaves county have previously been granted loans.

BALLOTS VS. REVOLUTION

It has been said that it would be practically impossible to foster a revolution in America, regardless of how depressing the times, because the people gave vent to their feeling at the ballot box. Politics gives some queer turns to situations at times.

Let us pause here to remind you that 1934 is another election year; not as important perhaps as the years we choose a national executive, but important enough that it could and does affect our national and state welfare.

One of the peculiar turns of the recent prohibition election in November attracted little interest, and the state voted only about half its normal strength. But in the presidential election of 1928, the prohibition issue was of major importance and brought forth a heavy vote. The only explanation offered for the right about face, is that the electorate had changed its viewpoint. Staunch prohibitionists lost enthusiasm and failed to show interest. Who knows but in four years hence, the pendulum may swing back in the opposite direction.

In the course of the ordinary election, it is difficult to arouse sufficient interest to get out the vote. The average voter gives little thought to the issues and is influenced by wild rumors or by what his neighbor says. This creates a situation where the politician and selfish interest thrive. It is but natural the politician will fight for what he wants, regardless of whether or not his wants are for or against the public welfare. It is also natural that selfish interest will battle for their cause. They organize and often maintain a powerful lobby. Special interests can bring sufficient pressure to swing senators and representatives, even though such measures are often contrary to the policies of public welfare, but the average voter and citizen is not organized. In the days of powerful lobbies, the voice of the common herd is seldom heard, because the common herd is like a giraffe, its voice is gone.

WILD RUMORS

Intelligent people often have to laugh at wild rumors circulated by credible citizens. Recently we have heard several amusing stories about how certain families among the Mexican population had amassed a house full of groceries from the welfare board. It is not entirely impossible for such a condition to exist even at the present time, but knowing the method under which supplies were distributed last year, you'll have to show us. Probably our readers will remember that rumors of this nature were investigated last year and if you are familiar with the workings of the welfare board you must know that a record is kept of all supplies distributed.

We rather think such rumors have been used in some instances as the basis of refusing other organizations seeking funds to carry on. Rumors of this kind, however, don't help you, don't help the welfare board and don't help the community. If you don't want to give to any cause, most any committee would much prefer that you use the intestinal fortitude providence gave you and say NO with emphasis on both letters.

SMART

We think we are smart. We tax ourselves to pay the teacher, then tax ourselves and the teacher to support a government that borrows its own money from millionaires and pays them interest on tax exempt bonds for loaning us our own money. That's smart isn't it? This is a part of our present-day troubles, and in itself, is sufficient cause for a revolution on the part of the tax-paying public.

Interest on the public debt and tax-exempt securities are slowly but certainly eating the vitals out of government, which will, ere long be but an empty shell.—Ft. Sumner Review.

CLOVIS

The little town of Clovis has become mighty in New Mexico. It is now running the state, having the governor; it has one United States senator and wouldn't mind having two; it is about to loan a man to run the highway department and it sent Judge Bratton to the federal bench. And then Clovis has the state's champion high school football team and in the eyes of many the latter is the greatest achievement.—Roswell Record.

Investigation of election frauds in Louisiana reveals the fact that Louisianans take their politics as seriously as in some sections of New Mexico. And Senator "Hooley" Long gets a mention occasionally too. To an outside observer it appears as though "Hooley" has built a political machine in Louisiana that will make the rest of the politicians ashamed of their efforts.

The kidnaping racket still proceeds, but it is noteworthy to observe that the guilty parties have been caught with the exception of the Lindbergh kidnapers. The government is making a strenuous effort to stamp out a racket which has thrived since 1930. Looks to us as though intelligent criminals would soon conclude it does not pay.

The salesman with a speech impediment finds it hard to sell goods, which is true of the business that suffers the speech impediment known as failure to advertise.

The latest NRA story concerns the sad fate of a man who was given Tuesday off as a result of the five-day week and his wife changed wash day to Tuesday.

The folks who dump their rubbish in conspicuous places, are doing everything possible to prove that their home has no taste.

You have never heard real bragging unless you have listened to the fat lady who took off two pounds by heroic dieting.

No one is rich enough to do without a neighbor.

PICKED UP ON MAIN

A Kentucky poultry man ran the following paid ad in a newspaper: "Anyone found around my hen house at night will be found there the next day."

The world will make the man rich who invents a wrist watch that will run, and a woman's stocking that won't.

Sally had a little fan, She wore it to the fair. Her dancing made the people gasp. Charley, was you dere?

Wife (to seaisick husband)—Look, John, over there. Such a big ship!
Husband—I don't want to see any ships. Call me when you see a bus.

Man—The bank has returned that check.
His Wife—Isn't that splendid! What can we buy with it this time?

We heard an Artesia merchant remark he didn't know amnesia was such a common disease until he got out and tried to collect some bills.
Here's one from the Texas Outlook, copied by the Midland Reporter-Telegram and reprinted by us. Perhaps it also applies to advertisers. You can stop if you've read it:
A naturalist once divided an aquarium with a bass in one section and minnows in the other. At first the bass would strike every time a minnow came to the glass partition. After several days of fruitless lunging which netted him only bruises, he ceased his efforts and subsisted on the food that was dropped in.
Then the naturalist removed the glass partition. The minnows swam all around the bass, but

HIGHLY HONORED

Jeffersonian Democrats are jubilant over the appointment of a "Kentucky Breckinridge" as first woman delegate to the Pan-American congress. She is Miss Sophonisba Preston Breckinridge, Samuel Deutsch professor of public welfare administration at the University of Chicago. Her great-grandfather, John Breckinridge, served as Jefferson's attorney general, and her great-granduncle, James Breckinridge, helped found the University of Virginia. Her father served five terms in congress from Kentucky, and his cousin, John Cabell Breckinridge, was at thirty-five Vice President with President Buchanan. Her friends say that she is one of the most brilliant ever to bear the name

EIPPER FARM SOLD

Mrs. D. Eipper has sold her farm on the Lower Cottonwood to K. A. Bivens of Lake Arthur, it was learned Saturday. The consideration was not announced. For the past few years the farm has been operated by H. V. Parker.

he did not strike at a single one. He was thoroughly sold on the idea that business was bad.

Moral—Take another shot at the glass partition. Maybe it isn't there any more.

Did you read about the new butler who was announcing the guests at a big party? When Mr. and Mrs. Dollar and daughter arrived, he called out, "Three Bucks."

A comedian touring in Austria sprung a lot of new jokes on his audience, and didn't get a laugh. Coming off the stage he said to the manager: "What's the matter? Aren't my gags all right?"
"Aye, the gags are a bit of all right," soothed the manager, "but ye see, we've never heard 'em before."

Modern Youngster—What are prayers, mother?
Mother—Prayers, darling, are little messages to God.

Youngster—Oh, and we send them at night to get a cheaper rate?

"Hello, Smith, how are you?" exclaimed Jones. "Don't see you working in the garden these days, and you never come to see us any more."

"Well, old top," replied Smith, "it's not through bad feeling or anything like that. The fact is that you and Mrs. Jones have borrowed so many things from the wife and me lately, that when I see the inside of your place it makes me homesick."

And this one was submitted: The local newspaper which offered \$1.00 for each Embarrassing Moments' letter accepted by the editor, received the following:

"Dear Editor: I entered my house last night and caught another man with my wife. I was indeed embarrassed. Please send \$2.00 as my wife was also embarrassed."

The editor read the letter and sent the man \$3.00 with this note: "We don't wish to cheat you. We feel that the other man must have been somewhat embarrassed also."

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men
Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, do it for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all. Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calome! (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. Buy at drug stores. Refuse something just as good as it may erode, loosen teeth or irritate stomach. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, U.M.Co.

THE CHURCHES

CHRISTIAN SCIENCE SOCIETY
613 W. Main Street

10:00 a. m. Sunday school.
11:00 a. m. Sunday service "Ancient and modern necromancy, alias mesmerism and hypnotism, denounced," is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 26th. The golden text is: "I will deliver thee out of the hand of the wicked, and I will redeem thee out of the hand of the terrible."
Among the bible citations which comprise the lesson-sermon is the following from Nahum: "The Lord is good, a strong hold in the day of trouble; and he knoweth them that trust in him."
The lesson-sermon also includes the following passage from the Christian Science textbook: "Every mortal at some period, here or hereafter, must grapple with and overcome the mortal belief in a power opposed to God."

FIRST METHODIST CHURCH
REV. A. C. DOUGLAS, Pastor
9:45 a. m. church school for every age. Martin Yates, Jr., superintendent.
11:00 a. m. morning worship. Sermon by the pastor. Subject: "Repentance and Retribution."
6:15 p. m. Intermediate and Senior Epworth Leagues meet promptly at the hour indicated and all young people not affiliated with the other churches' young people organizations are invited.
7:00 p. m. Evening worship. Sermon subject: "The Christian's Reason for Happiness."
Do you believe that the church is important? Then we invite you to demonstrate that belief by attending. The church needs you and you need the church. Why not attend next Sabbath?
A new Sunday school class will be organized at the Methodist church next Sunday morning at the Sunday school for those between the ages of 24 and 35 years. If you are of this age group whether man or woman, come.

OIL PRICE FIXING POSTPONED

WASHINGTON—Secretary Ickes Monday postponed the price fixing for oil which had been scheduled to take effect December 1.
As it now stands, the order is for the price fixing schedules to go into force January 1, but it is subject to further extension then if the situation is considered to warrant such a decision.
At the same time, the administrator of the oil code postponed for 15 days hearings on the price schedule which were to open today. The postponement was announced at what was scheduled to be the first hearing.
The new delay was officially said to come as a result of the secretary's desire to allow conflicting factions to get closer together, and to analyze further the reductions of production that have been ordered by the secretary.

CARBON PAPER—The Advocate
2:30 p. m.
Subjects: "Rendering Uto All Their Dues" and "Earthen Vessels."
The Apostle Paul said that we have "this treasure in earthen vessels." The gospel has been delivered unto the hands of man to preach and not unto heavenly vessels; as angles, the Spirit and Christ. If we wish to learn the plan of salvation or want to know what to do to be saved we must learn from some one rather than a "heavenly vessel."
AVIS C. WIGGINS, Minister.

ARE YOU HANDICAPPED?
The telephone rings—a friend perhaps, inviting you over . . . a neighbor with news you haven't heard . . . a call with an offer of work.
Without a telephone you miss out—you're handicapped. Just as important are the calls you make. In emergencies—a telephone in your home may be priceless. It costs just a few cents a day.

Miss Frances Johnson, Reporter

Mrs. N. L. Johnson spent the week end in Artesia visiting her daughter Mrs. Richard Attebery.

Elmer Schrier and his mother Mrs. Mamie Schrier of Weed spent the week end here visiting relatives.

Mrs. Ed Bryant of Carlsbad and Elza Swift of Artesia were guests Sunday of their father, D. Swift, at his home.

Alley Lewis of Weed spent Friday here visiting her sister and brother-in-law Mr. and Mrs. Mark Brewer.

Supt. and Mrs. Irvin P. Murphy left Tuesday for Hartingen, Texas, where they are spending several days attending to business.

Mable Richardson of Roswell spent the week end visiting her sister Betty Richardson and Corrine Puckett at their apartment here.

Mr. and Mrs. Curly Allen of Ft. Sumner, formerly of this place, are here visiting Mrs. Allen's parents Mr. and Mrs. Joe Bowers.

Mrs. C. L. Hail and small son Cecil Wayne of Klondyke, Arizona, are here visiting her parents Mr. and Mrs. Calvin Buckner for a few weeks.

The basketball season opened for this term Monday. Coach D. G. Wilkins is working the junior and senior teams and will pick his material from both these teams.

Alice Ruth Williams entertained at her home here Saturday evening with a bridge party. Refreshment of pecan pudding, cake and hot chocolate were served to the guests.

Mr. and Mrs. Hollis Watson and children Helen and Joe of Artesia were guests Sunday of Mr. and Mrs. J. H. Bridgman. The party went quail hunting in the afternoon.

Mr. and Mrs. Blakeney left last week for their home in Geronimo, Arizona, after spending two weeks here visiting Mr. Blakeney's father Tom Blakeney, who has been seriously ill.

Mr. and Mrs. Irvin Nichols and sons Walter and Charley of La Luz returned Monday to their home after spending the week end here the house guests of Mr. and Mrs. C. B. McCormick.

Mrs. Lee Smith of San Mateo, California, is here visiting Mr. and Mrs. A. J. Santo at their home. Mrs. Smith is formerly of Pinon and will be remembered by a number of the old timers.

Mrs. R. H. McDonald motored to Artesia Thursday to visit Mrs. Ed Gage who left for her former home in Jackson, Mississippi, where she will spend a few weeks visiting former friends and relatives.

Mr. and Mrs. Buck Wilburn, Mr. and Mrs. John Rowland and Lavern Wilburn returned the last of the week from the point of the Guadalupe mountains where they were deer hunting. The party brought home four bucks, two having ten points each, one nine and the other six.

Supt. and Mrs. Irvin P. Murphy and small daughter Josephine returned Sunday evening from Roswell where they were the house guests over the week end of Vella Mae Savage at her home there. The party attended the football game between the Oklahoma Aggies and the N. M. I. Saturday afternoon.

SELL HORSES

Walter Coates, Hope rancher, last week is reported to have sold twenty-seven head of horses and mares to a Texas buyer. The livestock market table appears to have been reversed this year. Horses are selling more readily and bringing a better price than cattle. Sheep are likewise selling better than cattle.

THE GREAT AMERICAN GAME!

Sold!

Herblock in Louisville Herald-Post

PLANT BULBS IN FALL

Fall planted bulbs normally produce the best spring flowers, says H. C. Stewart of the New Mexico State College. This is because fall planted bulbs have more time in which to develop a root system. Bulbs intended for spring flowers should be planted from September 1 to December 1. The larger bulbs should be planted to produce the best cut flowers.

Planting may be done in rows or in masses, according to the taste of the gardener. They may be planted in full sun but partial shade will be good in the warmer parts of the state. A well drained, sandy loam is best, but good results may be had with the heavier types, if worked deeply and well supplied with decayed vegetable matter. The depth of planting varies with the bulb. Most of the hardy ones should be set in the ground four to six inches, or at least one and one-half times the thickness of the bulb. In localities where the ground frosts in winter, the top growth is wisely retarded by nature, giving the bulbs an opportunity to produce a good root system. In southern New Mexico, deep planting will substitute for ground freezing, keeping the bulbs cool and encouraging root development. If the ground freezes deeply, mulch with leaves or straw. Three or four inches of this material should prevent alternate freezing and thawing, which is not good for bulbs. The mulch had best be applied after the ground freezes.

A worthwhile selection of bulbs should have tulips, hyacinths, freesias, narcissi and a few lilies. There are many kinds of these beautiful flowers, such as Darwin, Cottage and Breeder tulips; Exhibition, Garden and Dutch-Roman hyacinths. Bulbs are not usually expensive, and produce some of the cheapest and prettiest flowers that can be grown around the home.

WANTS CAVERN STAMP

Petitions from valley points have been addressed to James Farley, postmaster general, asking that he authorize a commemorative issue of a stamp honoring the Carlsbad Caverns.

TYPEWRITERS

Postage Stamp History

A revolutionary reform came in 1843, when postage stamps were officially adopted by the cantonal government at Zurich, Switzerland, the first philatelic issues of the Continent. On March 3, 1847, the United States Post Office department secured congressional permission to issue stamps. Two denominations were placed on sale—five and ten cent values representing Franklin and Washington, respectively. A new series appeared in 1851, and stamped envelopes in 1852. A registration system for letters was introduced March 3, 1855.

Pan-American Exposition

The Pan-American exposition was held at Buffalo, N. Y., from May 1 to November 2, 1901, in celebration of the progress of the entire western hemisphere during the Nineteenth century which had just come to a close. All the countries of North, Central, and South America were represented in the exhibits. The festivities of the closing month of the fair were cut short by the assassination of President McKinley on September 6, 1901.

Trade-Marking P. O. Stamps

The word "cave" overprinted on the postage stamps of Ceylon is the name of a large mercantile firm in that colony and is placed on the stamps to prevent theft by employees. Such practice is not allowed in the United States, but similar control is effected by allowing concerns to perforate their initials or monogram in the stamps.

Papa Pigeons Helpful

When young pigeons are hatched it is the male that does the greater part of the feeding. The Pouter pigeon is rather given to philandering during the breeding season. For that reason breeders of this variety of pigeons usually provide auxiliary parents to help care for the young.

Women Then, Too

Ivory combs and stone cosmetic jars of 3700 B. C. have been unearthed in northern Iraq by an archaeological expedition working there under the joint auspices of the University of Pennsylvania museum and American School of Oriental Research.

Our First Nudist

Benjamin Franklin was a pioneer nudist. But he went raw indoors. His letters reveal: "I rise early almost every morning and sit in my chamber without any clothing whatever, half an hour, according to the season, either reading or writing."

Electricity Still Mystery

Discoveries of science in the past hundred years tend to show the inter-relation of all things, the kinship being some sort of electrical arrangement, as yet not understood, as, indeed, no form of electricity is understood.

How Pigeons Drink

Unlike other birds, pigeons keep their bills immersed while drinking instead of raising their heads to swallow.

More Woman Voters

Barcelona, Spain, with a population of 1,009,758, has 50,000 more woman voters than man.

Teaching Still Popular

KIDNAPERS TELL HOW HART PLEADED TO SPARE HIS LIFE

Another day of search for the body of Brooke L. Hart ended fruitlessly Saturday night after airplanes and divers in the attempt to recover the remains of the alleged kidnaping victim from San Francisco bay.

In an effort to aid the searchers, officers took Thomas H. Thurmond to the scene and had him point out the spot on the San Mateo bridge from which he and John M. Holmes are accused of throwing the young San Jose store executive.

Thurmond, who was taken from the city prison at San Francisco, was quoted by department of justice agents as giving further details of the slaying, to which he and Holmes allegedly have confessed.

The agents said Thurmond disclosed that young Hart, while he stood on the bridge with a pillow slip over his head, pleaded for his life and asked: "Why are you doing this to me?"

Thurmond also disclosed, the agents said, that Hart was led to believe he was only being taken to some isolated spot to be robbed, and said to his abductors: "What is this all about—this is peculiar, for I have never been held up before."

At the bridge, after he had been hooded with the slip and knocked down, young Hart was described by Thurmond in his new statement as struggling to his feet and pleading, "Oh, please don't—why are you doing this?"

The agents quoted Thurmond as adding that a few minutes later an automobile came along and that Hart heard it and despite the smothering folds of the white hood, shouted, "Help, help." He was knocked down again, the officers said Thurmond told them, but struggled to a sitting position and moaned: "Don't hit me—I have done nothing."

At a spot on the bridge rail where blood stains were found, the divers slipped into the water and searched the bottom of the bay. It was near this spot that searchers pulled up a concrete block Friday night, believed to have been cast away by the kidnapers after they had weighted Hart's legs with similar ones.

At San Jose, Sheriff William J. Emig and Deputy Sheriff Howard Buffington announced they had questioned Mrs. Gertrude Estensen, a former high school sweetheart of Holmes, concerning any knowledge she had of his actions prior to the kidnaping.

The officers said Mrs. Estensen told them Holmes had attempted to revive their boy and girl romance and that she had rejected the proposal and so informed her husband and Mrs. Holmes.

Sheriff Emig and his deputies expressed the belief the theatre engagement which Holmes had attempted to make with Mrs. Estensen the night of the slaying, was an attempt to establish an alibi.

They declared he apparently participated in the kidnaping and slaying between the afternoon and night visit with the Estenssens.

ROSSELL MEXICAN FREED

Juan Montoya, Roswell Mexican, was freed of the charges of voluntary manslaughter Friday in connection with the death of M. Lara, of Del Rio, Texas, who was fatally shot after a South Main street brawl on Thursday evening. Montoya's defense was that he was acting in self defense. Lara died Friday morning and his body was shipped back to Del Rio, Texas.

NEW TRACK STAR

James Abbott, now a sophomore at the University of Southern California, is expected to be one of that institution's best track men. In his freshman year he ran 100 yards in 9.7 seconds and 220 yards in 21 seconds.

LAMBS SHIPPED FROM SOUTH SPRINGS

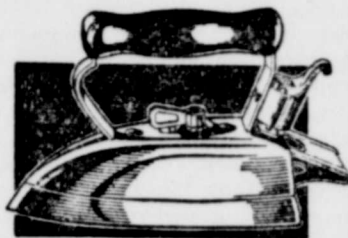

Seventeen carloads of lambs were shipped from the South Springs spur Thursday afternoon. They were sent to the Kansas City and St. Joseph markets and to feed lots in Kansas and Missouri.

The Bloom Land and Cattle Co. shipped thirteen carloads, the White Mountain Sheep company three and R. R. Worswick 280 to 300 head to the carload.

A LOVING MEXICAN IS SHOT SUNDAY

Jose Rodriguez, Mexican, of Loving, was shot in the right jaw Sunday afternoon at Loving by Vincente Bustillos, another Mexican, when the two men met in the middle of the main business street and each fired a volley at the other, witnesses said. Bustillos was not hit, according to advices from Carlsbad.

Rodriguez was taken to the St. Francis hospital for treatment and Bustillos was placed in jail after he had surrendered to officers. No charge had been filed at early in the week.

Rodriguez's condition was painful but not serious. All his teeth on the lower right hand side were knocked out by the bullet. The bullet passed out through his neck.

Cause of the shooting was not known.

ANOTHER PUBLIC SALE

J. B. Campbell, living on the Sullivan farm, one and a half miles east of Artesia, is holding a public sale Monday, November 27th. Mr. Campbell is offering twenty-one head of Jersey cattle, including several fresh cows, three horses, household goods and a number of farming implements. See his announcement elsewhere in this issue.

Social Activities

CHORAL CLUB

The newly organized Choral club met at the home of Mrs. Mark A. Corbin last Thursday afternoon for their weekly hour of practice. Hereafter the club will meet each Monday afternoon at 4:15 o'clock with Mrs. Corbin for one hour.

Ten names were added to the membership list last Thursday. Mmes. W. B. McCrory, Fred Cole, Rufus Wallingford, Rex Wheatley, V. L. Gates, Martin Yates and the Misses Alma Thompson, Lucille Rowley, Marjorie Kerr and Winifred Detrick.

All members are especially urged to be present at the regular meeting next Monday, as well as those who expect to become members. It is very important that all those who take part in the Christmas cantata be present at that time.

The membership of this club is working hard that they may give of their talent to their community, and the music lovers of this locality.

PRESBYTERIAN MISSIONARY SOCIETY

Mrs. R. L. Paris was hostess to members of the Presbyterian Missionary society at her home on Roselawn last Thursday afternoon with Mrs. Frank Seale as co-hostess.

Devotionals were led by Mrs. V. L. Gates and a most interesting program on the mission field of Siam was given by Mrs. J. H. Jackson. Miss Mary Louise Paris rendered a very beautiful piano solo which was dedicated to the Rev. and Mrs. Paul Fuller who are missionaries in Siam at this time. Mrs. Fuller will be remembered as Miss Margaret Mathes a former resident of this city. Miss Neubiser, violinist, favored the ladies with several numbers, she was accompanied at the piano by Mrs. Mark Corbin.

At the close of the program light refreshments were served by the hostesses. A good representation of the membership was present.

WOMEN'S CLUB BENEFIT PROGRAM

F. Myrick Russell gave his audience a treat, such as has not been enjoyed here for a number of years, when he gave a program of humorous and dramatic readings and impersonations, last Friday evening at the Central school auditorium.

The above program was sponsored by the Women's club and the proceeds have been added to the club house building fund. A nice sum has been added to this fund from the two recent benefit programs.

Mr. Russell, a nationally known director, actor and teacher of dramatics, with several years experience on the platform in this country and abroad, gave a program which lasted for one and one-half hours. The Women's club was pleased to present to the public a man of his class.

M. E. MISSIONARY SOCIETY

Mrs. Nancy Eipper was hostess to members of the Methodist Missionary Society at her home last Thursday afternoon with her daughter Mrs. Grover Kinder as co-hostess.

The missionary lesson for the afternoon was presented by Mrs. Wittkopp on the subject of world peace, she was assisted in giving this in dialogic form by the following ladies: Mmes. Thomas S. Cox, Roger Durand, A. P. Mahone, Mary Forsyth and George Frisch. Mrs. Mahone also gave the bulletin.

There was an unusually good attendance of the membership present on this occasion. Following the lesson a social hour was observed with light refreshments served at the close by the hostesses.

FRIDAY EVENING BRIDGE CLUB

Mr. and Mrs. Dick Vandagriff entertained members of the Friday Evening Bridge club at their home last Friday.

Those seated for an evening of bridge were: Walter Douglas, Messrs. and Mmes. Charles Morgan, Jack Clady, Boone Barnett, Dick Vandagriff and three substituting guests who were Mr. and Mrs. Bill Brooks of Borger, Texas, and Miss Mary McCaw.

At the conclusion of the games Miss Mary McCaw and Walter Douglas received high score prize and Mr. and Mrs. Boone Barnett consolation. Delicious light refreshments were served by the hostesses.

Social Calendar

Tuesday Evening Bridge club meets with Mr. and Mrs. Albert Richards at 7:00 o'clock.

THURSDAY (NEXT WEEK)

The Thursday Bridge club meets with Mrs. Boone Barnett at 2:00 p. m.

MRS. HOWARD WILLIAMS ENTERTAINED MIERCOLES

Mrs. Howard Williams was hostess to members of the Miercoles Bridge club and an extra table of guests Wednesday afternoon. Fall flowers in tall baskets were effectively used as house decorations.

At one o'clock a delicious three course luncheon was served at quartet tables. Quail killed by the hostess were included in the menu. Six rounds of contract bridge followed with lovely prizes going to Mrs. Lewis Story who held high score for the guests and to Mrs. Elza Swift who held high score for the members.

Those present were: Mmes. Aubrey Watson, Elza Swift, Hollis Watson, A. P. Mahone and Lloyd Simon, the guest list included Mmes. Albert Richards, Lewis Story, Frank Seale, C. R. Blocker, John Lanning, J. Harvey Wilson and Frank Smith.

TURKEY DINNER FOR TUESDAY EVENING CLUB

Members of the Tuesday Evening Bridge club met with Mr. and Mrs. Hollis Watson Tuesday evening.

Mrs. Watson was assisted in serving a bountiful turkey dinner, buffet style, by Mmes. Landis Feather and Howard Williams.

This was the first meeting of the club for several weeks. Five rounds of auction bridge were played in which Mrs. Lloyd Simon made high score for the ladies and Landis Feather high for the men.

Members who enjoyed this affair were: W. E. Flint and Messrs. and Mmes. Albert Richards, Howard Williams, C. R. Blocker, Hollis Watson and the following substituting guests: Messrs. and Mmes. J. Harvey Wilson, Howard Whitson and Lloyd Simon.

SECOND EVENING BRIDGE WITH FERREES

Mr. and Mrs. S. E. Ferree were host and hostess to members of the Second Evening Bridge club at their home on Roselawn, last Friday evening.

The annual Thanksgiving turkey dinner was enjoyed at seven o'clock with all members present. A pleasant evening of auction bridge followed the dinner.

Those who enjoyed this occasion were Messrs. and Mmes. G. R. Brainard, F. G. Hartell, Jeff Hightower, Beecher Rowan, R. D. Compton and the host and hostess.

THARP-PATTON

A wedding of interest to many local people is contained in the belated announcement of the marriage of Mrs. Irma Tharp of Clovis to J. A. Patton of Artesia. The ceremony was performed at Roswell on November 11th by the Rev. Atwood, Baptist minister at the Baptist parsonage. Mrs. Tharp has lived at Clovis for several years and is well known in that section. Mr. Patton has operated the Artesia Dairy here for several years.

Mr. and Mrs. Patton are at home to their friends at 206 West Chisum and are receiving best wishes and congratulations.

Linell's Celebrate Golden Wedding Anniversary Thurs.

One of the most beautiful things in life is a marriage that is a source of happiness and contentment and in which the partners find delight in the companionship of each other after fifty years of wedlock. A notable example of such a union is the case of Mr. and Mrs. Frank Linell, whose golden wedding anniversary was celebrated last Thursday evening. The old friends of the couple who principally made up the guest list, have had the feeling that here was a truly congenial marriage and this fact was forcibly brought home to them on last Thursday evening when the bridegroom happily expressed it, "We are not married folks, but pals."

The children of Mr. and Mrs. Linell, Mr. and Mrs. W. M. Linell and Mr. and Mrs. Jack Clady, were hosts at the anniversary which was given at the parental home.

There was a mock ceremony, but a service in which the Rev. W. B. McCrory of the Presbyterian church officiated giving expression to some beautiful and appropriate thoughts. A pleasing prelude to this service was the beautiful song, "I Love You Truly," sung by Mrs. V. L. Gates, to the violin accompaniment of Mrs. Willis Morgan. Then followed the Lohengrin wedding march played by Mrs. Morgan as the bridal party took its place before the minister. The parents were attended by their son and daughter, their grandchildren Albert and Dorothy Linell, garbed as a miniature bride and groom, and the youngest grandchild little Jack Clady, who bore the ring which the bridegroom placed upon the finger of his bride at this the beginning of their second fifty years. They were happy to have with them on this memorable occasion all of their immediate family excepting their oldest grandchild Peggy Linell who was detained at home by illness.

A collection of old photographs of friends of the assembled company, also a recent picture of a former pastor of the Presbyterian church and his wife, the Rev. and Mrs. E. E. Mathes, now of California, added interest to the occasion. Following the service refreshments were served in the dining room, from a beautifully decorated table, covered with a lace spread. An old fashioned wedding cake in yellow and white centered the table, tall yellow cathedral candles, baskets of yellow button chrysanthemums, and the silver service combined to produce a charming effect. Mmes. Albert Richards and Lewis Story poured, and Mmes. Joe Hamann and Aubrey Watson handed the refreshments of cake and coffee to the guests. The home was attractively decorated throughout with autumn leaves, snow berries, yellow chrysanthemums and potted plants. A Mexican orchestra furnished music as refreshments were served and later for dancing for those who cared to indulge.

The illness of Mr. Linell prevented the celebration of the anniversary on the proper date, October 2nd, but all are glad that his health had so far improved as to make this very enjoyable and successful party possible.

Those present to offer congratulations and best wishes were: Messrs. and Mmes. V. L. Gates, Rex Wheatley, C. Bert Smith, Harvey Muncy, S. E. Ferree, R. L. Paris, Albert Richards, G. E. Bullock, J. M. Story, Tom Ragsdale, Lewis Story, W. B. McCrory, Willis Morgan, D. Buckles, S. W. Gilbert, George Frisch, F. G. Hartell, J. H. Jackson, Joe Jesse, Tex Polk, Martin Yates, Fred Knowles, Dr. and Mrs. H. A. Stroup, Dr. and Mrs. Chester Russell, Mmes. Effie Wingfield, C. E. Mann, S. M. Attebery, Nancy Eipper, Alta Linell, Joe Hamann, Aubrey Watson, Miss Jennie Attebery, Dr. J. J. Clarke.

EASTERN STAR TURKEY DINNER

The annual celebration of the Eastern Stars and their families was held at the lodge hall Monday evening.

The Thanksgiving turkey with all the trimmings was served to about one hundred guests. An interesting program followed in which Miss Peggy Brainard and Russell Floore each rendered a beautiful piano solo. Mrs. G. U. McCrory entertained her audience with two humorous Thanksgiving readings and Master Lewis Story closed the program with a tap dance.

It has been the custom for many years for the Eastern Stars to entertain their families and is one of the social affairs which is anticipated with much pleasure. The order, under the leadership of Mrs. Myrtle Story, worthy matron, is having a successful year regardless of present conditions.

Eddy County Farm News

Ten Minute Cranberry Sauce

1 qt. (4 cups) cranberries
2 cups water
1 1/2 to 2 cups sugar
Boil sugar and water together 5 minutes, add cranberries and boil without stirring (5 minutes is usually sufficient) until all the skins pop open. Remove from the fire when the popping stops.

Cranberry Velvet

4 cups cranberries
3 cups water
1 cup sugar
1 T. cornstarch dissolved in 1 T. water
1/2 cup nuts
1/2 tsp. vanilla

Cook cranberries in water until they stop popping, press thru a fine sieve. Remove from the fire, add sugar, return to fire and when boiling, stir in cornstarch paste. Remove from fire; add nuts and vanilla. Serve ice cold, with cream. Cranberry velvet makes an especially light tempting and wholesome dessert for the children.

Scalloped Cranberries

2 cups ten-minute cranberry sauce
2 cups soft bread crumbs
1/2 cup melted butter
1/4 cup raisins
Rind 1/2 lemon

Butter a pudding dish, sprinkle with a layer of bread crumbs, a layer of ten-minute cranberry sauce, a few raisins and lemon until all is used up. Put butter on top, cover and bake in a moderate oven. Serve hot with hard sauce.

Cranberry Relish (No Cooking)

1 pound cranberries
2 cups sugar
1 apple
1 1/2 orange

Mr. Wunsch, in cooperation with M. N. Cunningham of the Blue Ribbon Hatchery has started the pullorium test in poultry flocks. The C. C. Lewis flock of white Wyandottes of 125 birds were tested and no reactors were found. Last year about 16% of the birds were reactors. This year Mr. Lewis hatched only from blood tested chicks and out of 127 hatched Mr. Lewis raised to maturity 125. It was also noted that Mr. Lewis was securing a good production from the flock and during the past few months has sold about \$18 worth of eggs per month. Other flocks will be tested as time will permit. Anyone interested in having their flocks tested should communicate with the county extension agent, who will be glad to explain the method and the work to be done in detail.

One cotton check was received Tuesday, there still remaining 8 more checks to be received. No information in regard to the option cotton is available. There was also a special meeting called at

LOCALS

Mr. and Mrs. A. J. Basel of San Angelo, Texas, arrived yesterday to spend a few days taking after their farming interests on the Upper Cottonwood.

Mr. and Mrs. V. M. Bass of Wilmington, California, arrived Tuesday and are the guests of their niece Mrs. John Dunn and family and their friends Mr. and Mrs. Elza Swift.

Mrs. Walter Douglas who is attending the San Jose training school in Albuquerque, spent the week end here with Mr. Douglas. She will soon have finished her three months course in the above training school. Mrs. Douglas is one of the two who received the appointment in Eddy county for the three months training with all expenses paid.

Mrs. Andrew Weir, who has been visiting her brothers Joe, John and Albert Richards, this past week, and her nephew Owen Haynes, left by auto Tuesday with Y. Y. Eaker who had been visiting relatives on the Cottonwood, for their home at Eden, Texas. Mr. Haynes expects to return with his wife the latter part of the week to make this their home.

Washington for the 18th at which time this problem was to be discussed. The county extension agent has no information at the present time on what decision was made. No information in regard to the reduction for the year 1934 is available.

County Agent Wunsch held a successful demonstration in treating lambs to remove worms at the J. F. Joyce feed lots near Loving at which time 2300 head of lambs belonging to Howell Gage were treated with the blue-stone and black leaf forty. Mr. Gage expects to feed these lambs for later market.

Willard Bates has made arrangements to feed 2500 head of lambs at the Crawford-Smith feed lots at Otis. C. Grandi is planning on feeding about 1,000 head of lambs at his feed lots at Otis. The Otis Gin and Warehouse company have over 2000 head of cattle on feed at the Rich Carter and J. E. Joyce feed lots. Anyone interested in securing information on feeding cattle or lambs can secure the same by writing or calling County Extension Agent W. A. Wunsch.

Information on the tanning of hides of various animals at home is available at the county extension agent's office. The agent will be glad to furnish same upon request.

P. V. WATER BOARD HEARS REPORT OF PLUG OPERATIONS

Election of two members of the board of directors of the Pecos Valley Artesian Conservancy district will occur on January 13th, it was announced at a meeting of the board of directors Saturday at Roswell. Terms of members expiring are Dr. A. D. Crile of Roswell, district No. 1, and Jess Funk of the Cottonwood, district No. 4. Hold-over members are John H. Mullis, Roswell; M. Y. Monicle of Dexter, and George Frisch of Artesia.

The board heard the report of Clifford Smith, Artesian well supervisor, on the well plugging program. E. B. Guess et al. has finished plugging nine of the forty scheduled wells to be plugged and according to estimates of Mr. Smith the operations thus far have effected a saving of 4,000 gallons per minute.

The state engineer's department submitted recommendations for the conservation of water not put to beneficial use and these recommendations were approved by the board.

Mrs. Albert Woods returned from San Antonio, Texas, Monday where she had been on business for the past two weeks. She made the trip by auto.

Chas. Foster of Lake Arthur was trading in town yesterday.

Mrs. Boone Barnett and Mrs. Charles Morgan were Roswell visitors Tuesday. They also attended a show at one of the theatres while there.

NOTICE

Starting as of December 1st, deer storage in our ice house will be \$1.00 per month or fraction thereof. Compliance with above regulation will save any misunderstanding.

NOTICE

State Engineer's Office, Santa Fe, N. M., November 15, 1933. Number of Application RA-1143.

Notice is hereby given that on the 18th day of September, 1933, in accordance with Chapter 131 of the Session Laws of 1931, J. G. Moutray & Sons, of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to appropriate the underground waters of the State of New Mexico by the drilling of a twelve and one-half inch well to a depth of approximately 600 feet on the west side of SE¼ Section 6 Twp. 20 S. Rge. 26 E., N. M. P. M., the water so obtained to be used for irrigation on 401.17 acres of land situated as follows: SE¼ Sec. 6 T. 20 S. R. 26 E. 118.6

N¼NE¼ Sec. 7 T. 20 S. R. 26 E. 73.8
W¼SW¼ Sec. 5 T. 20 S. R. 26 E. 74.33
SE¼SE¼ Sec. 5 T. 20 S. R. 26 E. 3.0
NW¼NW¼ Sec. 8 T. 20 S. R. 26 E. 37.2
NE¼NW¼ Sec. 8 T. 20 S. R. 26 E. 34.9
SE¼NW¼ Sec. 8 T. 20 S. R. 26 E. 5.2
N¼NE¼ Sec. 8 T. 20 S. R. 26 E. 35.1
S¼NE¼ Sec. 8 T. 20 S. R. 26 E. 19.04

It is understood that if this application is granted, Mr. Moutray and Sons agree to plug such wells and repair such other wells as may be required by the State Engineer.

Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the applicant with the State Engineer on or before the 26th day of December, 1933, the date set for the State Engineer to take this application up for final consideration unless protested.

THOMAS M. McCLURE,
47-3t State Engineer.

STATE TUBERCULAR COMMITTEE MEETS

The local New Mexico Tuberculosis association committee met yesterday afternoon and perfected plans for an active organization here this year. Mrs. Grover Kinder was chosen as chairman of the committee. New committee members are: Mmes. Willis Morgan, C. Bildstone and T. C. Bird. Holdovers of the last year members include Supt. W. E. Kerr, Mmes. S. W. Blocker, John McCann, Reed Brainard and C. Russell.

The committee has arranged to furnish thirty-five undernourished school children with milk this year. Association seals will be placed on sale here after Thanksgiving. It is hoped the public will respond generously.

Mrs. Paul Clewell of Vaughn, former resident of Artesia, is spending the week here visiting friends.

IN SOCIETY

CHEVIE SIX ANNUAL THANKSGIVING PARTY

Mr. and Mrs. Willis Morgan acted as host and hostess to members of the Chevie Six Bridge club Tuesday evening for their annual Thanksgiving party. The long dining table was beautiful with the crepe cloth in orange with white napkins and a lovely center piece of chrysanthemums with autumn leaves of many colors to add to the color scheme. The turkey dinner was served in four courses. Seated at dinner were Messrs. and Mmes. Leslie Martin, Fred Cole, T. C. Bird, Stanley Blocker, Carl Bildstone and the host and hostess. Games of contract bridge rounded out the enjoyable evening.

VENISON DINNER FOR FORTNIGHTLY CLUB

Mrs. C. Bert Smith was hostess to members of the Fortnightly club Tuesday at her home. The one o'clock luncheon included venison in the menu, which was brought in the first of the hunting season by her daughter Mrs. John Lanning. Five rounds of auction bridge followed the luncheon with high score going to Mrs. Albert T. Woods. Members present were: Mmes. Atkeson, Corbin, C. R. Blocker, John Lanning, William Linell, Charlie Martin, Seale, Albert Richards, Albert T. Woods and two substituting guests Mrs. R. M. McDonald and Mrs. Lewis Story.

ABNORMIS SAPIENS BRIDGE CLUB

Mrs. S. E. Ferree entertained members of the Abnormis Sapiens Bridge club at her home Wednesday afternoon. Mmes. F. G. Hartell, Landis Feather and J. H. Jackson were guests of the club who enjoyed an afternoon of contract bridge with the members present. Mrs. Hartell held high score at the conclusion of the games. Delicious light refreshments were served by the hostess at the close of the afternoon.

THE P. E. O. MEETING

A subject of particular interest, "The Immigration Problem," was presented in an interesting way by Mrs. Willis Morgan at the meeting of Chapter J at the home of Mrs. J. H. Jackson last Friday afternoon. Subjects of usual interest also were brought out in the roll call in which each member has a different topic. There was an unusually large attendance of members.

TEACHERS OUT OF WORK MAY BE AIDED BY FEDERAL PLAN

The federal government has a plan to aid unemployed teachers. Preliminary details of the plan can be found in a telegram posted at the First National Bank from Senator Bronson Cutting to the Advocate. State Superintendent Mrs. Georgia Lusk has requested the names of ex-teachers needing employment. Applications should be submitted to W. E. Kerr, superintendent of the Artesia schools. Mr. Kerr said this morning local ex-teachers might be placed either in a teaching position or as counselors for the CCC camps.

DIMINISHING PARTY AND QUILTING

Mrs. W. S. Williams and Mrs. E. T. Jernigan were co-hostesses when they entertained last Friday at the home of Mrs. Williams with another of the diminishing parties of the M. E. Missionary Society.

An all-day meeting was held and the time spent in quilting a rose garden quilt which was in frames ready for work upon their arrival.

At noon the hostesses served their guests with a delicious luncheon. The day was thoroughly enjoyed by the ladies as they worked and visited. The guests were: Mmes. T. H. Flint, Thomas S. Cox, I. C. Keller, W. H. Cobble, Grover Kinder, Matteson, Eipper, A. C. Douglas, Forsyth, Durand and Stanley.

The proceeds paid by the guests on this occasion were added to the treasury of the society.

CHRISTIAN WOMAN'S ASSOCIATION MEETS

Members of the Christian Woman's Association met with Mrs. Ed Connor last Thursday afternoon with a good attendance. A business session was held with Mrs. John Lanning, vice-president, presiding. At this time plans were completed for the cowboy dinner which was served in the down town section on Friday and Saturday of last week. Early days were recalled when dinner was served from the old chuck wagon by the ladies who were dressed in the pioneer days costumes. The association is very grateful for the patronage which they received, which has added a nice sum to their treasury.

The interior of the new parsonage will be thoroughly cleaned by the ladies of the church this week, they have worked untiringly since this new project was begun.

Wedding announcements, printed or engraved.—The Advocate.

HONORS BIRTHDAY

Mrs. Roy Langston entertained at the home of her mother Mrs. Hugh Burch Tuesday afternoon, honoring the birthday anniversary of her daughter little Miss Atha Irene. A number of games were enjoyed by the little folks. Miss June Ann Gissler won first prize in the donkey contest. A color scheme of pink and white was carried out in the decorations as well as the refreshments of ice cream and cake.

Alma Irene was the recipient of many lovely gifts. The guest list included: Betty Cook, Betty Bruce, June Ann Gissler, June Roberts, Walter Burch, Carroll Womack, Wade Green.

THURSDAY BRIDGE CLUB

Mrs. Kay Lydia entertained members of the Thursday Bridge club at her home last Thursday afternoon.

The regular weekly session of contract bridge was enjoyed in which Mrs. Alf Coll received the high score prize and Mrs. Charles Morgan the second high.

Members present were: Mmes. Barnett, Glasser, Howard Gissler, Alf Coll, Gillispie, Charles Morgan, Lapsley and one substituting guest Mrs. W. W. Roster.

Dainty light refreshments were served by the hostess at the close of the games.

MRS. BYNUM HOSTESS TO JUDSON CIRCLE

Members of the Judson Circle of the Baptist Missionary Society met with Mrs. Dan Bynum Monday afternoon.

Twelve ladies were present to hear the interesting study course presented by Mrs. F. C. Rowland from the book "Why and How of W. M. U." Mrs. Merle Rody, president, presided at the business session.

A delicious salad course was served by Mrs. Bynum at the close of the program and social hour.

HOME MAKERS CIRCLE WITH MRS. COLE

Mrs. C. M. Cole was hostess to members of the Home Makers Circle of the Baptist Missionary Society, at her home last Thursday.

An all-day quilting was held by the ladies, with the proceeds of the day's work to be added to their treasury.

At noon a covered dish luncheon was enjoyed with Mrs. Fred Cole and Mrs. Welburn as extra guests at this time.

A short business session was held in the afternoon with Mrs. J. M. Story, president, presiding. Twenty-six members were present.

MRS. HIGHTOWER ENTERTAINS MONDAY CLUB

Mrs. Jeff Hightower entertained members of the Monday Contract Bridge club at her home Monday afternoon.

A delicious covered dish luncheon was enjoyed at one o'clock by the following members: Mmes. Bigler, Dexter, Raymond Bartlett, L. P. Evans, Alethea Phillips, M. W. Evans, the hostess and Mrs. Stanley Blocker a substituting guest.

At the close of the games of contract high score was held by Mrs. Earl Bigler.

Wedding announcements, printed or engraved.—The Advocate.

Mr. and Mrs. L. E. Folkner returned Saturday from a visit to their former home at Pangburn, Arkansas. Mr. Folkner's mother Mrs. S. A. Folkner and daughter Mrs. Elgen Grimm accompanied them home for a visit here.

LEGAL ADVERTISEMENTS

IN THE PROBATE COURT OF EDDY COUNTY, STATE OF NEW MEXICO.

IN THE MATTER OF THE LAST WILL AND TESTAMENT OF S. G. WHITE, DECEASED.

NOTICE

TO WHOM IT MAY CONCERN: Notice is hereby given that an instrument purporting to be the last Will and Testament of S. G. White, deceased, has been filed for probate in the Probate Court of Eddy County, New Mexico, and that by order of said court the 20th day of December, 1933, at the hour of 2 o'clock P. M. at the court room of said court in the city of Carlsbad, New Mexico, is the day, time and place set for hearing proof of said Last Will and Testament.

THEREFORE any person or persons wishing to enter objections to the probating of said Last Will and Testament are hereby notified to file their objections in the office of the County Clerk of Eddy County, New Mexico, on or before the time set for said hearing.

Dated at Carlsbad, New Mexico, this 20th day of November, 1933. RUTH MANNING, County Clerk.

By MARGUERITE WALLER, Deputy. (SEAL) 47-31

CORN-HUSKING CHAMP

Sherman Henriksen, thirty-eight, of Lancaster county, Nebraska, won the national corn-husking championship at the tenth annual contest held on the Ben Stalp farm near West Point, Neb. Henriksen defeated champions from nine other corn belt states by husking 27.62 bushels in the allotted 80 minutes.

MUTT AND JEFF . . . Jeff must be training for the world series . . . by Bud Fisher

Juarez Moving Across The Border Since The U.S. Prohibition Repeal

Juarez, Mexico—the town that thirst built—has begun to seek ways of offsetting the business and population loss that is expected to follow United States prohibition repeal. The border town across the Rio Grande from El Paso enjoyed a heavy patronage from thirsty El Pasoans and tourists during the years of prohibition. One by one, however, the 100-odd saloons in Juarez have been folding up since the legalization of 3.2 beer in Texas.

Another \$1,000,000 was invested in three whiskey distilleries. In addition there is a Spanish-owned brewery worth \$500,000. Now Americans who bought property in Juarez are unable to sell it at any price. The three distilleries have made no liquor in more than a year, and their equipment may be dismantled and shipped to the United States.

El Paso gains where Juarez loses. Cabarets are opening in El Paso for the first time in 15 years. Musicians and bartenders are getting jobs. Money that once went across the river is staying at home.

But Juarez sees a ray of hope. The Mexican federal government is considering establishment of a free trade zone at Juarez. Such a zone would permit duty-free importation of goods from any country. Juarez stores could under-sell El Paso stores. Once such a free zone was in force in Juarez, and the Mexican town was the commercial metropolis of the southwest.

WANTS STATE PARK ON THE EAST SIDE

SANTA FE—Gov. A. W. Hockenhull Friday announced he was bending every effort to get a state park on the east side of New Mexico, primarily to promote immediate employment in the drought stricken area for poverty-stricken farmers. Two hundred to three hundred men could be put to work immediately under the civil works program just announced by the federal government, he said. Land probably could be obtained from the state, he said, and he is looking into that question now. About two sections, 1,280 acres, would be required, he said. The governor explained the northern counties had obtained their road work money, or were getting it forthwith, because of programs mapped out which was not true on the east side. The park would be in Roosevelt or Curry county, on highway 60.

Woodstock Typewriters for sale at The Advocate.

FORMER ROSWELL ATTORNEY DIES

George S. Downer, 45, former Roswell attorney and resident of Albuquerque for 17 years, died at Albuquerque Friday following several weeks illness. Downer, former Santa Fe railroad tax attorney, came to New Mexico from Wyoming settling at Roswell in 1912. He remained there until 1916 when he moved to Albuquerque to become assistant attorney for the Santa Fe.

N. M. ROADS TO MAKE BIG CUT

Railroads in New Mexico December 1 will institute a new rate structure of about half the previous fares. The rates have been approved by the state corporation commission as of Saturday, effective November 30.

For all class, including first, travel the new rate will be 83 1-3 percent of the former rate or about three cents a mile on one-way tickets. For round trips, 10-day stay, the rate will be one and a third time the one-way, and for a six-months layover, the rate will be one and two-thirds.

For coach and tourist sleeper trips, the fare will be cut to 55.55 per cent of the present rate, with the 10-day and 6-month round trips one and a third and one and two-thirds respectively.

All surcharges are suspended during the pendency of the rates which will be until May 31, under the order approved Saturday by the state corporation commission.

CATTLE SHIPMENTS

Twelve cars or 696 head of cows and calves were shipped out of the local yards last Thursday going to the Kansas City market. Ed Jernigan shipped nine cars and three cars were shipped by Earl Paxton. In addition E. B. Bullock bought sixty-eight head to place in his feed lot here.

Henry Crockett of Hope also shipped out 600 head of wethers. These sheep will be placed on a feed lot near Roswell.

INDIAN BURIAL PLACE FOUND

Hidden from sight for years and yet ridden over by scores of persons, a prehistoric Indian burial place was discovered last week in the roadbed of the old Alamogordo-Clouderoft highway in the Sacramento mountains.

The discovery was made by a party of deer hunters who while following the old roadway came upon a place where the summer rains had washed away a part of the road. Less than a foot below the surface of the roadbed sat an Indian skeleton, most of which had been exposed to full view by the flood, with a red terra cotta bowl over the skull.

The bowl bore an intricate geometrical design made by five rectangular figures. The figures were so drawn that they formed one continuous line about the bowl without a break from start to finish.

FORTY SAGE HENS TO STATE

SANTA FE—Forty sage hens have been trapped in Wyoming and are being brought to the Parish ranch west of Taos, J. Stokely Ligon, game expert employed by the state game department, notified State Game Warden Elliott Barker Saturday.

This is the first time that this number of sage hens have been trapped, and represents a major accomplishment in game strategy for the department, Mr. Barker said. The fowls will be liberated in Taos and Rio Arriba counties, where sage hens once lived.

HEALTH COLUMN

Conducted by Dr. J. R. Earp, Director, New Mexico Bureau of Public Health.

Amebic Dysentery Amebic dysentery used to be considered a disease peculiar to the tropics but we now know that it may occur wherever people infected with the ameba travel. In New Mexico it has been found in Taos county.

Recently an outbreak of this disease has been discovered in several hotels and eating places in Chicago. Doctor Bundesen, the health officer of that city, informs us that he has records of cases that have carried the infection to many parts of the United States. Since the disease is a rare one it has not always been recognized and some patients have been operated upon for appendicitis or treated for ulcerative colitis.

Amebic dysentery is a notifiable disease in this state and any cases found in New Mexico will be reported through the regular channels. However, the state bureau of public health is especially anxious to trace any cases that may be due to infection incurred recently in Chicago. Such cases, or cases which are suspected to be dysentery, in individuals who may have come recently from Chicago should be reported immediately to the state bureau of public health at Santa Fe.

STATE INCOME TAX LAW ENFORCABLE, BEALL SAYS

SANTA FE—"Published reports that the income tax law passed by the last legislature is unconstitutional are misleading," Myron O. Beall, chief tax commissioner, stated Friday. "So far as I have heard," Beall said, "there has been no court action against this bill and no indication that court action is to be brought to test its constitutionality. We certainly can't say the bill is unconstitutional until the supreme court has reviewed it."

Beall takes the position that despite the fact that one line was omitted from the enrolled and engrossed bill, a line which provided for taxing foreign corporations, that the law may still include such corporations since this line is in the original bill and the journal, so far as known, shows no record of the senate passing an amendment striking out the provision to tax foreign corporations.

In the meantime Beall is enforcing the law.

NO MORE HIGHWAY BIDS UNTIL DEC. 15

SANTA FE—There will be no more highway bids called until probably the middle of December, G. D. Macy, state highway engineer, said Saturday.

Macy returned to Santa Fe late Friday night from Clovis and brought with him C. E. Mauldin, city manager there and member of the state highway commission, who Saturday became the business manager of the department. Mauldin obtained a 30-day leave from Clovis to take the post which was created and approved earlier this week by the state finance board.

TO IMPROVE HIGHWAY 84

According to work from Roswell, the Texas highway commission will improve highway 84 from Bronco, near the state line, to Brownfield, Texas.

She Is Best of All Egg Layers

"Dauntless Deereen," White Leghorn owned by M. H. Rutledge of Sardinia, B. C., laid 356 eggs in 364 days, a record that makes her the year's champion.

VELOCITY ESSENTIAL MAKING CROP LOANS

The following article under the caption, "Velocity an Essential in Making Crop Loans," has been prepared by J. E. T. Peters, assistant credit manager of the southwestern regional office at Dallas, Texas, with request the same be published because it is of interest to the local farmers.

While the term velocity is ordinarily associated with projectiles, it is an essential factor in making crop production loans. Much of the success of the Dallas Regional Crop Production Loan office has been due to its ability to handle a tremendous volume of loan applications in an incredibly short period of time.

The following tabulation not only gives a statistical summary but tells a human interest story whereby tens of thousands of farmers in Texas, New Mexico, and Arizona were enabled to continue farm programs on the eve of abandonment because of lack of local credit facilities.

Act of congress approved February 4, 1933.

Application forms received and mailed out March 4, 1933.

First application approved March 8, 1933.

\$359,067.00 approved loans March 8th to March 16th, 1933.

1,838,445.00 approved loans March 16 to April 1, 1933.

\$1,532,655.00 approved loans April 1 to April 16, 1933.

\$667,430.00 approved loans April 16 to May 1, 1933.

\$556,988.00 approved loans May 1 to May 16, 1933.

In this connection it is necessary to remember that the average loan amounted to only \$77.45 and that a total of 65,697 crop loans were approved for \$5,050,040.50 during the brief loan period.

Every application received, whether approved or disapproved, involved detailed examination for the purpose of determining the legal sufficiency of the application, note, and mortgage; passing on the applicant's credit record and character, cash crops to be planted, farm equipment, and other detailed data necessary to fix amount of loan to be approved; and setting up an adequate and comprehensive accounting record. All these involved close contact with more than fifteen hundred loan committees in the various counties of the three states, the securing of necessary waivers by landlords and/or other lien holders, the recording of mortgages, and similar details.

Every essential detail was handled, even at the height of the loan season, by an office force which at no time numbered 190 people. This was possible only because of a trained personnel who had administered similar loans the previous year and who did their work not on the basis that an application was only another document to be examined but that it meant a real human need on somebody's farm.

Working with a definite objective, eliminating unessential details and all red tape, supported by a well planned organization from community committeemen to field supervisors, the Dallas Regional office has maintained a record since originally set up of having cleared all loans within twenty-four hours in the form of a check, a disapproval, or a correction placed in the mail.

Speed, accuracy, and service have been maintained from the beginning. On February 28, 1933, Mr. Sherill returned to Texas from Washington as regional manager. Three days later fifty-three field supervisors were appointed and had gone to work. The underlying motives of the Dallas office have been:

- Immediate emergency service.
- Loans in amounts justified.
- The building of morale.
- Borrowers to specifically understand:

- Using taxpayer's money which must be repaid.

GOING TO THE SHOW

All ready for the Great Western Live Stock show at Los Angeles. This magnificent prime steer is on his way with his pretty mistress, May Phillips. Raised to capture blue ribbons since he was a waddly-legged calf, the huge beast was expected to walk off with all the prizes in the prime steer class.

CHAVES COUNTY ROAD PROGRAM

The Roswell Chamber of Commerce on the Chaves county commissioners last week wired the New Mexico State Highway department, asking for road work on the following highways after a six project to the county plan had been approved by the commission. Chaves wants the following improvements:

The south end of the Roswell-Y O Crossing road, East McGaffey avenue from Main street to the Roswell-Dexter highway, the Pine Lodge road west to the county line, from Hagerman east, from Hi Lonesome to Olive, from Lake Arthur west, and from South Springs east.

Joyce-Pruit Hardware Dept.

(2) The mortgage obligation to be respected, and

(3) Self-betterment by means of a good garden, surplus feed, and diligent cultivation of money crops.

That this goal is being reached is shown by collections. In 1932 although the Gulf coast suffered a disastrous storm, drought ruined crops in the Panhandle and eastern New Mexico, thousands of bales of cotton were taken as collateral, and farm products reached the lowest price in many years, 37% of all notes were paid in full in cash before maturity date. This year over 50% will have been paid in full by maturity date, over one million dollars being paid during the week ending October 28.

Our Lady of Lourdes is in Southwestern France

Lourdes is a town of southwest France in the department of Hautes-Pyrenees, at the foot of the Pyrenees. It is divided into an old and new town. The old quarter is united with the new town by a bridge that is continued in an esplanade leading to the basilica, the church of the Rosary and the Grotto, with its spring of healing water.

The origin of the Lourdes is uncertain. Its fame is associated with this grotto where the Virgin Mary is believed, in the Roman Catholic world, to have revealed herself repeatedly to a peasant girl named Bernadette Soubirous in 1858. A statue of the Virgin stands on a rock projecting above the grotto, the walls of which are covered with crutches and other motive offerings. The spot, which is resorted to by multitudes of pilgrims from all quarters of the world, is marked by a basilica built above the grotto, and consecrated in 1876. Since the visions of Bernadette Soubirous, their authentication by a commission of inquiry appointed by the bishop of Tarbes, and the authorization by the pope of the cult of Our Lady of Lourdes, the quarter on the left bank of the Gave has sprung up and it is estimated that 600,000 pilgrims annually visit the town. Several religious communities have been named after Our Lady of Lourdes.

Zoo Fish That Fishes

The rarest fish in the world, to be seen in the London zoo, is an Angler fish—with its head on! says the Montreal Herald. Thousands are for sale in London alone as "rock salmon," but the whole fish is seldom seen. The "Angler fish," as it is called, has a gigantic head with a semi-circular mouth. On the fish's back are long flexible rods with lures at their tips, and these "waggle" till a small fish tries to swallow one. Instantly the rod bends over towards the huge mouth, and the small fish is "basketed." There is no spotting the Angler before it is too late, for the monster is the same color as the rocks, and decorated with imitation seaweeds. The Zoo Angler is about two feet long.

With the Interpreters

One who has had no experience with interpreters can have little idea of the difficulties of carrying on a conversation through one. You ask a question. The interpreter repeats it. Then follows an animated conversation between the interpreter and the other person. At last the interpreter turns to you with, "He says so-and-so," summarizing the conversation in a couple of sentences. But does he say so-and-so? You have your doubts. Or if the interpreter feels his importance he may expand a brief answer into a ten-minute speech until you wonder which of the statements are the interpreter's and which the principal's.—Kansas City Star.

No Canals on Mars?

A British scientist says that the "canals" on Mars are only imaginary, and are caused by astronomers gazing too steadfastly at the planet. These "canals," nevertheless, are plainly visible on telescopic photographs.

LOCALS

J. T. Berry, Hope farmer, was trading here Saturday.

Mr. and Mrs. Howard Williams were Roswell visitors Monday.

Martin Yates, Jr., was a visitor in the Capitan section Saturday.

A daughter was born to Mr. and Mrs. Virgil C. Drennam of the Upper Cottonwood Friday.

Harry Leonard, oil operator of Roswell, spent a short time in Artesia Tuesday attending to business matters.

F. A. Andrews, Los Angeles oil man, spent a few days here looking after business matters and visiting friends.

Fred Brainard returned Sunday from Galveston, Texas, where he attended a meeting of the professional baseball leagues.

Roy Vermillion, night watchman was called to Amarillo, Texas, Friday by the serious illness of his father, who is not expected to live.

Mr. and Mrs. B. D. Clark and family of McCamey, Texas, spent a short time here this week visiting at the home of Mr. and Mrs. Hollis Watson.

R. P. McCaw and daughter Miss Fern McCaw drove Mrs. Reed McCaw to Springer Friday where she joined her husband. They returned Saturday.

Mr. and Mrs. D. D. Sullivan of Wellsville, Missouri, former residents of Artesia, spent a few days here last week looking after their farming interests. They were accompanied to Artesia by two young men of Wellsville, Herbert Blough and Frank Castler.

COTTON GRADE IS GETTING BETTER

Grade and staple reports for week ending November 16 showed a sharp increase in the proportion of extra white good middling and better, for the states of Arizona, New Mexico, California and Texas, district 1. It is of particular interest to note that of all the cotton classed from these states to date, about 93 per cent has been classed as extra white strict middling and better. It is also very significant that the proportion of cotton classed as extra white good middling has been steadily increasing since the report of October 26. This high grade accounted for 77 per cent of the receipts from the entire area this week.

The percentage of cotton having staple lengths of 1 inch and longer increased in all states with the exception of Texas, district 1, however, this area is reported as having an increase in the proportion of cotton having lengths of 1-1/8 inches and longer.

The proportion of cotton classed as strict middling extra white and better from New Mexico showed a slight increase, 98 per cent this week against 96 per cent last week. Less than 1 per cent was classed as spotted cotton. Staple lengths of 1 inch and longer remained practically unchanged, 99 per cent being reported this week. To date, 94 per cent of the cotton classed from this state has been strict middling extra white and better, and 95 per cent 1 inch and longer.

BIRD WINS THE CITY GOLF TOURNAMENT

T. C. Bird won the city golf championship, strengthening his chances for the championship cup which becomes his property should he win again next year. In a thirty-six hole match ending Sunday, Bird defeated J. Clark Bruce 4 up and 3 to go. E. N. Bigler has won the city championship once since the annual affair started. Bird has won two years in succession. He beat Herman Terry in the semi-finals, while Bruce defeated William Linell.

Sixteen players engaged in the annual tourney. The preliminary results are: Bird eliminated J. A. Clayton; James Allen eliminated John Lanning; B. E. Spencer eliminated W. E. Kerr; William Linell eliminated Hugh Burch; Paul Terry eliminated W. E. Morgan; J. E. Ward eliminated Joe Hamann; J. K. Wallingford vs. V. L. Gates was forfeited; J. Clark Bruce defeated E. N. Bigler to go into the semi-finals.

LOCAL GINNINGS

Cotton picking operations for the middle Pecos valley will soon be history for 1933. The bulk of the crop to be gathered is in the Cottonwood section, but if fair weather continues the crop in this sector will be gathered in a few days. Six gins have turned out 639 bales since the last report. Eight gins under the Carlsbad project had ginned 13,492 bales including tabulations of the 18th.

Ginnings for this district are divided as follows.

Lake Arthur gin.....	495
Cottonwood gin.....	2,745
Association gin, Espulla.....	1,849
Farmers gin, Artesia.....	2,077
Association gin, Artesia.....	1,863
Association gin, Atoka.....	1,958
Total	10,987

Carlsbad project ginnings are: Carlsbad, 751; Gilbert, 1,222; Tipton and Son, 2,368; Farmers at Otis, 2,044; Otis Gin and Warehouse, Loving, 1,792; Harroun, I., 225; Black River, 1,495; Lovting, 2,595.

State and National Briefs of the News

\$5,000 Returned to Work

WASHINGTON—Heartened by a labor department estimate that 85,000 additional persons had returned to work last month, the administration set to work Saturday on its plan to increase the number to 4,000,000.

Sentenced to Die

SOCORRO—Unless the state supreme court or the governor intervene, Albert Butler, 38, convicted of first degree murder in connection with the slaying of K. V. and Ray Opal Stotts in Catron county, will have to die in the electric chair February 2, 1934.

Butler's sentence, pronounced Saturday by District Judge Harry P. Owen, if carried out will bring his death just two years after the death of the two men whom he was found guilty of killing. The Stotts were slain in February, 1932.

Named Assistant

WASHINGTON — Francis B. Sayre, son-in-law of the late President Woodrow Wilson, Saturday was named assistant secretary of state.

Fewer Sheep

WASHINGTON—The number of sheep in the world is now on a downward trend, the department of agriculture reported, after having reached the peak of the current cycle of production in 1931.

The department predicted that the world production of wool during the next few years will be on a somewhat lower level than for the five years from 1928 to 1932.

Special Vet Board

WASHINGTON—Personnel of the special board which will consider cases of veterans removed by federal appointed state board from compensation rolls is to be announced by President Roosevelt by December 1.

Twelve members will be appointed. John C. Fisher of Seattle, Washington, acting as coordinator between the veterans bureau and the White House, has been approved as one. President Roosevelt is to announce the others probably at Warm Springs, Georgia.

Reorganize League

GENEVA—A new world disarmament conference to reorganize the League of Nations and revise existing peace treaties was discussed as a possibility Tuesday by arms delegates after they decided to adjourn the current discussion until January.

Big Plane Crashes

MOSCOW—The death of 14 Soviet aviation workers in a crash of the newly-commissioned airliner K-7, the largest plane for overland flying in the world, was announced today.

The accident occurred at 3:00 p. m. Tuesday while the giant craft a six-motored monoplane designed to carry 128 persons, apparently was making a trial run from Kharkov, site of an important Soviet aviation plant.

WILL EVANS, EDDY RANCHER, IS DEAD

Will Evans, Eddy rancher, died Monday at his home 50 miles east of Carlsbad. Pneumonia caused his death. Funeral services were held Wednesday at Roswell, it was announced.

Mr. and Mrs. Bill Brooks were here several days last week from their home at Borger, Texas, they were guests of Mr. and Mrs. Jack Clady.

November 22	10.09	9.97
November 23	9.95	

A comparatively quiet market all week with the administration feeling its way along the unknown gold-road to hoped-for higher prices. While it has successfully raised domestic prices during the last several months, we have apparently begun losing cotton to other nations as figures indicate that world's consumption of American cotton is now on a steady decline. Of course, with a high protective tariff and being a creditor nation we find it impossible to take goods in exchange for our cotton so must demand cash and of course too, debtor nations cannot pay us the cash. Just where such an impossible situation will come out is difficult to foresee. Inflation has always caused markets to respond irregularly in about four stages, we seemingly have taken the first hurdle last July, we may be in the second stage now, the other two yet to follow with all sorts of variety and excitement. Cotton should be selling higher, why it is not, with a 60c dollar, we cannot say but it looks as if cheapening of our money is driving foreign markets down and holding ours fairly steady. We expect to see ours follow suit temporarily at least, until demand quickens.
