'The Community Of Opportunity - Where Water Makes the Difference'

Vol. 64, No. 34

8 Pages Today

Published Every Thursday At Muleshoe, Bailey County, Texas 79347

Thursday, August 20, 1987

AFTER THE RENOVATION IS OVER--The sign mid-way across the front of the building says USDA, and it houses several federal government offices. Moving out of cramped spaces into the newly expanded facilities made a lot more workroom for the agencies. The Blackwater Valley Soil and Water Conservation District has moved their offices to the west end of the building, while the ASCS office and the FmHa occupy the east offices.

City Council Approves Several New Stop Signs

Attending School 'Compulsory'

Says County Judge

With the beginning of the 1987-88 school year 'just around the corner,' Bailey County Judge Gordon H. Green has issued an annual reminder.

"The school year is about to begin and I want to remind the public of the Compulsory School Attendance Law in Texas," said the judge.

"The Texas Education Code provides that every child in the state who is as much as seven years of age, and who has not completed the academic year in which his 16th birthday occurred, shall be required by the law to attend school unless excused as provided by law."

Judge Green continued, "Any parent or other guardian who fails to require their children to attend school as required by law is subject to criminal charges. Each day the child remains out of school may constitute a separate offense.

"The Juvenile Code also provides that the unexcused voluntary absence of a child on ten or more days or parts of days within a six-month period for three or more days or parts of days within a four-week period from school is conduct for which the Juvenile Court may assume supervision of the child," he added.

"Unexcused absences will be reported by the school officials to the juvenile authorities and investigations will be made. All parents, guardians and school age children should understand and comply with the attendance laws."

Airport Project Bids Will Be Opened Thursday Afternoon

Following a spirited discussion Tuesday morning, with all members of the Muleshoe City Council participating, several changes were made in stop signs in two areas of the city.

The pros and cons, advantages and disadvantages of stop signs were discussed in the meeting before a decision was made to Amend Chapter 19, Article 14, Section 19-40, Schedules IV and VI, of the Muleshoe City Code of 1974.

City Manager Dave Marr told the council he had received an 'informal' request to make the intersections of West 18th and West 19th and Avenue G, four-way stops.

Although a survey conducted had not recommended the four-way stops, following a discussion, with all city council members taking part, it was decided that the city would cooperate with the school request for additional stop signs.

In the Morrison Addition, it was determined that because Ithaca is a narrow, and very busy street, additional stops would be needed between Highway 84 and Juniper Street.

Following discussion on this, council members approved a 4-way stop at the corner intersection of Hickory and Ithaca, just east of Immaculate Conception Catholic Church; and an additional stop sign, 2-way, for east and west bound traffic at the intersection of Juniper and Ithaca, just south of the Country Club.

Also made a part of the motion approved by the Muleshoe City Council, was a recommendation for the school to consider fencing the playground area at Dillman Elementary, and closing West Avenue G in the two-block area between West Third and West Fifth Streets, and turning the street into additional parking lot area for the two schools.

City Council members unanimously approved the new stop signs. City Manager Marr told council members that bids for the airport project would be opened at 1:30 p.m. today, Thursday, in the city council chambers at the city hall. He explained that as the bids will be rather complex, no decision will be made as to the acceptance of any of the bids.

Several days will be spent tabulating the bids, and a decision would be made sometime during the next week as to whether or not any of the bids are acceptable, both on the cost, and the time frame

Rotary Exchange Student Talks About Year Spent In Germany

Mystified Rotarians listened closely as Kristine Miller, gave a greeting in the German language during the Tuesday noon meeting of the Muleshoe Rotary Club.

Kristine, daughter of Mike and Pam Miller, and granddaughter of Irvin and Dorothy St. Clair, returned home less than two weeks ago from a year spent in Germany.

Following her greeting in German, Kristine translated into English. After a lengthy stay in Germany, where she learned the German language, and spoke almost all German, Kristine is relearning English at this time.

Kristine thanked the Rotarians for making her year as an exchange student possible, and said she was grateful for the different languages, the 14 different countries she visited, and the different cultures she was exposed to during the past year.

While in Germany Kristine stayed with four families.

Her first German home was

with a 'Count' and his family.

She said she had envisioned a castle, with a moat, and was vastly different to the 67-year old count, who lived in an old 'barn of a house,' said Kristine.

The count was also the father of two young children, and as her first host family did not work out too well, Kristine soon moved to the home of her second host family.

During her stay in Germany, Kristine said she stayed in four different towns, but attended the same school, regardless where she lived.

She would get up at 6 a.m. to go to school, she said. It was only eight miles to the school, but she would ride her bicycle to town and go with other people to the school, which was in another town.

The father in her second host family was a school teacher in the school she was attending, and they also took her on her first trip to another country. They went to Austria.

She was staying with this

family when she was visited by her mother and father, Mike and Pam Miller.

Kristine said she agreed with the changing of host families during the year, to get the different cultures. One of her families was originally from Poland and she learned much about the Polish culture.

The exchange student told about a world-wide Rotary meet which was held in Germany for all exchange students, involving some 700 students.

She said the most interesting Rotarians were from Africa and were most impressive in their method of dress.

City Sales Rebates Still Show Decline

State Comptroller Bob Bullock late last week sent checks totaling \$99.7 million in local sales tax payments to the 1034 cities that levy the one percent city tax.

Bullock said the monthly allocations were down 7.4 percent in August, compared to the 1986 August allocations.

Muleshoe's share of the allocation was \$59,643.54, compared to \$66,581.57 at the same time last year. Muleshoe is down by 8.54 percent for the year in sales tax rebates with a total to date this year of \$124,785.51, compared to \$136,431.58 for the same time a year ago.

In Cochran County, Morton received \$4,232.73 for their latest payment, and on the same date last year, had received \$5,870.59. To date for this year, Morton has received \$31,186.84, and had received \$36,213.39 at the same time a year ago. They are down by 13.88 percent for the year.

Littlefield is down by 4.61 percent for the year in total receipts, with a total of \$171,530.30 to date last year, compared to this year's total of \$163,629.34. Their current payment is \$26,425.34, compared to the \$26,801.19 for the same period last year.

In Parmer County, Friona has received a tax rebate in the amount of \$14,251.31, compared to the \$12,166.87 received at the

same time last year. Their payments are only down 2.21 percent for the year, with current total payments of \$70,710.37, compared to the \$72,308.10 of a year ago.

Houston received the largest check, \$16 million, bringing Houston's total 1987 payments to \$91.2 million, down 8.4

percent over last year. The Dallas check for \$11.5 million pushed its 1987 total to \$67.9 million, a 7.5 percent decrease from 1986.

San Antonio's payment of \$6.4 million increased its 1987 total to \$36.4 million, down 7.2

1987 MHS Graduate Dead After New Mexico Accident

Funeral services for Freddy Paez, 17, of Muleshoe, were conducted at 2 p.m. Wednesday afternoon at the Immaculate Conception Catholic Church, with Father Tim Schwertner, pastor of St. Michael's Catholic Church, Levelland, officiating. Interment was in Muleshoe Cemetery under direction of Ellis Funeral Home of Muleshoe.

Paez, who moved to Muleshoe in 1980, was killed in a one-vehicle accident 16 miles south of San Jon, in Quay County, N.M. around 2:30 p.m. on Sunday afternoon.

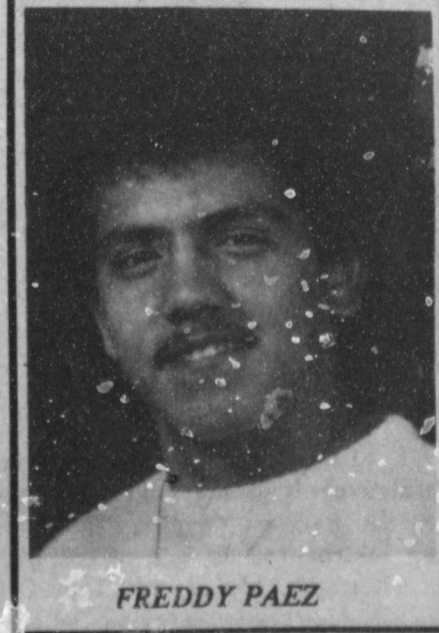

According to New Mexico State Police reports, Paez was northbound on Highway 18, and ran off the highway to the right side. He overcorrected, losing control of his sports car, which then overturned several times, ejecting Paez through the T-top of the vehicle, which then came to rest on his body.

He was pronounced dead at the scene of the accident by

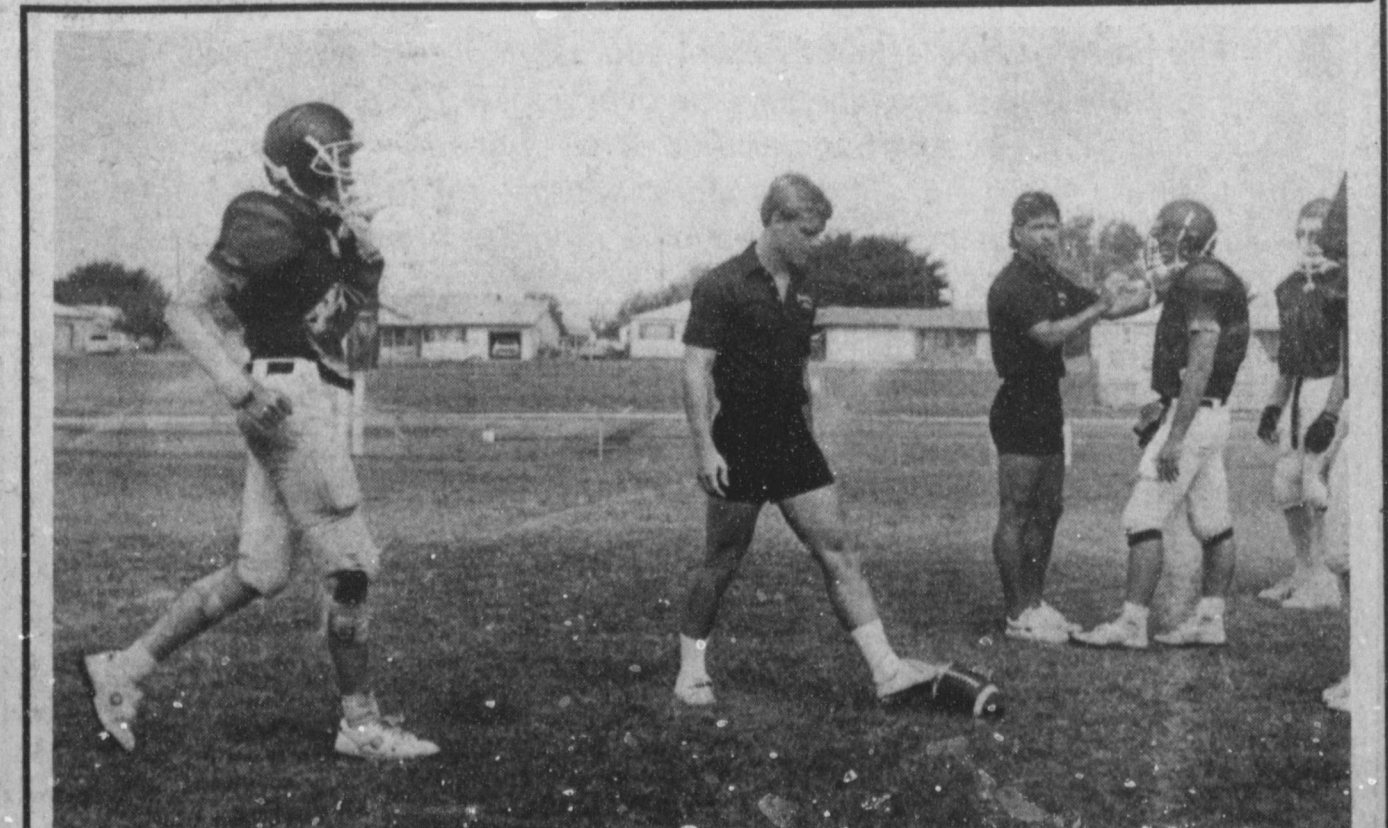

Charles Dunn, Quay County Medical Coroner.

Born August 21, 1969 in El Paso, Paez graduated from Muleshoe High School in May, 1987. He was active in band and sports while a student in Muleshoe High School. Since

FREDDY PAEZ

AND NOW, THIS IS THE RIGHT WAY--Two-A-Days are going on and the Muleshoe Mules are out in full practice under the watchful eye of all the coaches. Second from left, Coach Kyle Carver shows the proper position for the ball, as he steadies it, while third from left, Head Football Coach Dale Keeling is giving instructions to one of the players. Football season gets underway on Friday, September 4, when the Mules travel to Olton to take on the Olton Mustangs.

**Letter To
The Editor**

(Editor's Note: Opal Talley brought a timely letter by The Journal, which touches on issues important to all of us today. The letter was written by her son, Randy, a 1973 graduate of Muleshoe High School. He attended North Texas State for two years, and has lived in New York for the past seven years. He worked in Dallas for two years, then moved to Denver, where he was employed by the Petroleum Club. He has also worked for Harley Hotel in Bermuda. He and a young man from Georgia are the only two Americans working at the Hotel in Bermuda, although the waiter-trainees from across the world are required to speak English).

Dear Mr. Editor,
Hope this finds both of you well and staying cool amid the heat wave that is happening there. Today was cloudy the entire day 80° but the sun never broke thru. First day this has happened since I arrived. I didn't mind even though I was off usually spend my days off on the beach but after yesterday I worked 17½ hours without a break all I wanted to do was

Former Muleshoe Resident Dies In California

Funeral services for Christine Wilkins, 67, of Corcoran, Calif. were held at 10 a.m. Wednesday Aug. 19 at the First United Methodist Church of Corcoran. Burial was in Corcoran Memorial Park. Mrs. Wilkins died Sunday morning, Aug. 16 at Hanford Community Hospital, at Hanford, Calif.

She lived in Muleshoe from 1925, to 1933. Her husband, Earl Wilkins, died in March of 1982.

Survivors include two sons, Earl Lee of San Jose, Calif. and Joe of Corcoran, Calif.; and five sisters, Margaret Collins of Muleshoe, Lillian Hargrove of Hanford, Calif., Jean Ray of Lawton, Okla., Treva Hooper of Corcoran, Calif. and Kay Yukom of Hanford; and three grandchildren.

rest. Went to town for some errands but other than that I laid around and read. I am reading a lot here mostly biographies of people I admire. Just finished a bio of Franklin Roosevelt. I think he is the last great President America has had. A real leader who inspired people with hope. Getting thru the Depression and then World War II with the people still proud to be American was a difficult job. With him it seems to me that there was never any doubt that America would not win at home or abroad. Being in your 20's during this time I would like to know your opinion of him. I hope in my lifetime to have a President who is a great leader and can instill the hope and confidence in people that has been lost. I think the Press is more to blame than the men and women who try to lead. Even the Pope would have a hard time running for office in America today! It is common knowledge that FDR had affairs but that did not affect his ability to be President. I think Gary Hart would have made a good, compassionate President but we will never know because the Press chose to focus on his sex life rather than the real issues. I am really disappointed in the way the Press is virtually destroying our country. I am glad that circus called the "Iran Contra Hearings" is almost over. What was the point? Spending more than a million dollars a day when thousands of people are hungry, without a home, dying of AIDS and people like the two of you spending the majority of your income for health insurance when medical and mental health is a national responsibility to find out if Reagan knew or not. Whether he did or not it happened so why waste so much time and energy and money for a useless point? What did we learn of any real importance out of this whole thing? *Nothing!* It makes me very angry for something like this to take place. It will be forgotten in months or a year at the most but people will still be hungry, homeless, sick with no health care, America's priorities are upside down and it's because of the Press that things are so negative.

Why do people always look at the worst in others and enjoy it more than seeing what is beautiful and what could be

good? The richest country in the world is producing the most unhappy population. Working with people from all over the world is a great education and everyone of them see the States as a wonderful place to live and work. It is a great country but also in desperate need of a leader.

I look forward to hearing from you and your opinion on my feelings. Take care of yourselves.

Love,
Randy

ATTENTION MR. FARMER!

Plant the new variety of wheat that made the big yields plus high grazing!!

If you're going to graze cattle, plant the new varieties of wheat:

Certified Mustang • Certified Hawk • Certified Ram

These wheat are wide bladed, have high grazing potential plus yield potential of over 100 bushels per acre on irrigated land. The increase in grazing will off-set the cost of seed over planting your own seed.

The state of Nebraska says that you can increase your yield from 3 to 7 bushels per acre over non-certified seed by planting certified WHEAT seed.

Our bushel increase in yield will more than pay for the certified seed over using your own seed. The extra increase is profit to you.

We have the following varieties of Wheat Seed:

- Certified Hawk Wheat
- Certified TAM 105
- Certified Sage Wheat
- Certified Ram
- Certified Mustang

We Also Have Rye, Rye Grass & Triticale For Pasture.

McCormick Seeds Inc.

OATS MAKE 103
BUSHEL PER ACRE
 The Muleshoe irrigated district is not only wonderful for the production of truck and alfalfa, but that week has set the record on the production of oats. One of our progressive farmers in the irrigated district, has demonstrated that it pays to have the best of seed and to shoot the water to crops if you want to make heavy production. Last spring he sent to a northern seed house and purchased his White Alberta oat seed. The land was watered to bring them up and was given two other waterings during the growing season.

When the thrashing and weighing was over and the figures run the production showed the yield to be 103 bushels.

You can talk about your Pecos Valley, the famous Rio Grande and the noted California, but some of these days the Muleshoe Country will be just as famous and the land just as high. Irrigation alone can make a city out of Muleshoe, and a land of dreams out of Bailey County.

PROGRESS APPROVES
SCHOOL CONSOLIDATION
 The third time proved to be the charm in the campaign to join Muleshoe and Progress school districts.

Progress voters finally okayed the consolidation proposal in an election held Wednesday of this week. Progress voters favored the proposal 67 to 57, total votes cast being almost identical with those of former elections. It was the third time the two districts had voted on the proposition. Muleshoe voters having favored it on each election.

The acceptance of consolidation by Progress have now joined with Muleshoe district to form a very strong, very large district, whose combined wealth will enable school authorities to build up a school system second to none in this section of Texas.

RECORD BREAKING COTTON
CRIP COULD BE PRODUCED
THIS SEASON ON PLAINS

The first 1957, cotton crop production estimate for the Texas High Plains, as of August 1, shows an estimated 1,654,000 bales expected off this year's crop, agricultural officials report.

This production is based on allotted acreage, stands and crop conditions as of August 1, from the 23 high plains counties. The 1957, crop estimate is more than 200,000 bales higher than the first crop estimate of the 1956, crop which actually produced the second biggest crop in history in this area, 1,640,000 bales.

Bailey County is expected to produce 73,000 bales, from 34,000 acres of dryland and 62,000 irrigated acres.

JAWS OF LIFE DRIVE
BEGINS THIS WEEK
 Following an accident Saturday night, which left a young area man trapped in a vehicle for nearly an hour as workmen attempted to remove him, the Muleshoe Volunteer Fire Department is asking for public assistance.

They are seeking the acquisition of the "Jaws of Life" which is a life saving device which can remove victims from trapped vehicles and buildings in as short a time as 40 seconds.

The Jays of Life provides 12,000 pounds of usable force and is ready to use under full force in only 40 seconds.

health hints

Allergies

Pollen is in the air. Sneezing, wheezing, allergies, asthma and headaches are carried on the summer breeze. Shut the window? According to many allergists, that alone won't solve the problem. In fact, the Environmental Protection Agency says that indoor levels of harmful air contaminants are much higher than those outdoors.

If you've been sneezing or coughing on the job or at home, it may be caused by harmful air contaminants. Professional air duct cleaning is the best way to alleviate the problem.

Microscopic dust particles, along with mold, mildew and fungi from your central air conditioning and heating system may be the source of your irritation.

An easy method for detecting air dust contamination is to check your system for darkened areas around air vents where irritants may be collecting. Musty odors are another danger signal.

According to the experts at Steamatic, a Grand Prairie, Texas-based franchisor that specializes in cleaning services for homes and offices, the best way to alleviate these harmful contaminants is professional air duct cleaning.

Once the ducts are thoroughly cleaned and refinished, air filters and absorbent gel can then be installed for continuing protection against this "irritating" situation.

Like your dad and your grandfather, one thing you'll need is a dependable source of long-term credit. A source that sticks with you through good times and bad. . . doesn't panic and pull back when things get a little tough. For generations that source has always been the Federal Land Bank.

When long-term credit is the answer, stop by and see how the Land Bank can help you.

NOVEMBER DATE SET--Ted and Sammie Simpson of Maple announce the engagement and approaching marriage of their son, James Lee to Patti Lee Middlebrook, daughter of Doyce and Paula Middlebrook of Shallowater. Miss Middlebrook is a graduate of Shallowater High School and attends Texas Tech University. She is a graduate of Three Way High School and Texas Tech University. He is presently self-employed as an entomologist and in spraying. Vows will be exchanged on November 7 at the Shallowater United Methodist Church.

Mr. and Mrs. Dee Brown Celebrate Anniversary

Mr. and Mrs. Dee Brown were honored with a reception in observance of their 50th wedding anniversary, Sunday, August 16 in the Bailey County Coliseum meeting room. Guests were greeted by the honored couple and their children, Mr. and Mrs. James Brown and Mac Brown.

A three-tiered cake and punch were served from a table set with brass and crystal appointments. Serving the refreshments were granddaughters, Stephanie Brown, Courtney Brown and Jana Brown.

Also helping with the reception were Russell Brown, Brandon Brown and B.J. Brown, grandsons of Mr. and Mrs. Dee Brown. Musical selections were played on the piano by Harold Carpenter as guests enjoyed family pictures displayed on bulletin boards set up on easels. Brown and the former Dorothy Harris were married on Aug. 15, 1937, in Texico, N.M. and have farmed in Parmer County since. The couple have two children, James and Mac, both of Muleshoe; and seven grandchildren. They are members of the United Methodist Church of Oklahoma Lane.

MR. AND MRS. DEE BROWN

History Book Writing Workshops Scheduled

Do you need assistance in writing your family history for the Bailey County History Book? If so, writing workshops have been set up just for you! Workshops have been scheduled for Tuesday, Sept. 15 and Thursday, Sept. 17 at the Muleshoe Public Library. If you need help writing your history, you may go by the library anytime between the hours of 10:30 a.m. and 3 p.m., some of the Jennyslippers will be on hand to assist you.

"We need the history of all the people of Bailey County" said Vivian White, co-chairman of the History Book committee. "The history book won't be complete without your story." The final deadline for getting your family history in has been set for December 1. A history book will be given to the eldest person submitting a story.

A history book will be given away during the November 7 Mack Buck drawing. One name will be drawn from all names of those who have submitted a story for the book, with the winner receiving a free book. If you have not submitted your entry in the "Name The Book Contest" you need to do so. The deadline for getting your entry in has been set for Oct. 1, with the winner being announced on Dec. 5 at the Jennyslipper Barbecue. A history book will be given the winner.

During the Monday night meeting of the History Book committee, it was announced that the group will meet with the local AARP chapter at noon on Friday, August 28 and with the Retired Teachers on Friday, Sept. 18 at 3 p.m. Billie Downing has volunteered to contact all Churches in Bailey County for their Church History.

ren, Mr. and Mrs. James Brown and Mac Brown. Approximately 170 guests attended the reception between the hours of 2 and 4 p.m.

Debbie Brown, granddaughter of the couple registered the guests.

A three-tiered cake and punch were served from a table set with brass and crystal appointments. Serving the refreshments were granddaughters, Stephanie Brown, Courtney Brown and Jana Brown.

Also helping with the reception were Russell Brown, Brandon Brown and B.J. Brown, grandsons of Mr. and Mrs. Dee Brown.

Musical selections were played on the piano by Harold Carpenter as guests enjoyed family pictures displayed on bulletin boards set up on easels.

Brown and the former Dorothy Harris were married on Aug. 15, 1937, in Texico, N.M. and have farmed in Parmer County since. The couple have two children, James and Mac, both of Muleshoe; and seven grandchildren. They are members of the United Methodist Church of Oklahoma Lane.

Friendship Club

The Friendship Club met Thursday, Aug. 13 in the home of Olene Watts. Mrs. Watts, president, called the meeting to order. Maud Young gave the opening prayer.

Seven members answered the roll call. Minutes of the previous meeting were read by Gladys Darsey, secretary. A treasurer's report was given by Lois Witherspoon, treasurer.

Mrs. Darsey gave a program on "Food Labels and Good Health", information from the Consumer Alert by Jim Mattox, Attorney General.

Refreshments were served to the following members: Ruth Shafer, Erma Ray, Mrs. Young, Kathryn Cole, Mrs. Witherspoon, Mrs. Darsey and the hostess, Mrs. Watts.

The meeting was closed with a prayer by Mrs. Cole.

Most people know little about real work. Sincerity is a pleasing and vanishing virtue.

The best way to avoid bills is to pay cash.

The trouble with the world is the people in it.

Mrs. Thompson Honored With Shower

The home of Mrs. Joe Ellison was the scene of a baby shower Tuesday in honor of Mrs. Lisa (Powell) Thompson.

Special guests included Linda Thompson of Amherst, Linda in law of the honoree; mother of the honoree; and other relatives including, Louise Parrish, Donna Masten and Shawnda, Mary Powell of Sudan, mother of the honoree; and other relatives including, Louise Parrish, Donna Masten and Shawnda, Mary Powell and Kim Moss of Sudan.

The serving table was covered with a white lace-edged table cloth and accented with a "teddy bear" surrounded with flowers.

Hor D'ouvres, and punch

were served with crystal and silver appointments.

The hostesses gift was a high chair. Hostesses for the occasion included: Susan Baker, Charlotte Brown, Nancy Davis, Cecile Edwards, Mechele Edwards, Jo Ann Ellison, Nell Ingle, Mary Hanna, Pee Wee Lance, Jane Netherland, Tracey Provence and Jana Synatschk.

A man who asks who runs the average American home. Evidently, the gentleman has no teenage children.

Lofton Wesley Herinton
 Jay and JoAnn Herington of Muleshoe are the proud parents of a son born at 6:23 a.m.

Muleshoe Singing Group

Muleshoe Singers met Saturday, Aug. 15 at 7 p.m. in the fellowship hall of the Trinity Baptist Church, with 26 present including three visitors, Mr. and Mrs. Van Rogers of Muleshoe and Kathryn Capps of Farwell.

Dorothy Bowers gave the invocation. It was reported that everyone enjoyed a quartet, Mr. and Mrs. Marvin Sanders and Mr. and Mrs. Charles Runyon, all of Earth, with Mrs. Runyon at the piano.

Local singers also formed a quartet, and Irene Steinbock and Olive Cox formed a duet. Reta Ship gave the benediction.

Monday, August 10 in South Plains Hospital in Amherst.

The young man weighed seven pounds and seven and half ounces and was 21 inches long. He has been named Lofton Wesley Herinton. He has two sisters, Terrell, 3 and Triston, one year.

Grandparents are Mr. and Mrs. Lofton Stelter of Troup and Mr. and Mrs. J.W. Herington of Muleshoe.

Olliver Mendoza Loya

Delfino and Maria Loya of Frona are the proud parents of a son, Olliver Mendoza, who was born at 9:38 p.m. Saturday, August 8 in South Plains Hospital in Amherst.

Olliver Mendoza weighed eight pounds and was 21 inches long. He has a brother, Roy Ulises, 3 years of age.

Maternal grandparents are Maria Rey of Old Mexico and Jose Mendoza of Mexico. Paternal grandparents are Silveria Aragon and Delfino Loya, both of Mexico.

Stop Signs

Cont. From Page 1

involved. Marr also told the council that the board of directors for West Plains Medical Center are still seeking a way to re-open the hospital. No current information was available on their efforts.

The city manager also told the council members that a budget work session had been scheduled for Wednesday night, and the council decided to meet at 7 p.m.

Another reminder that as of October 1, city billings will be revised as the last Legislature authorized a new tax, which will be placed on 'services,' so garbage services will now be taxes.

Winding up the Tuesday morning meeting, the city manager called attention to an article in The Muleshoe Journal that informed the public that according to Muleshoe City Police Chief Wayne Holmes, there will be increased traffic law enforcement in the school zones.

The following information was sent to the MISD Board of Trustees following the meeting: August 18, 1987

Board of Trustees
Muleshoe Independent School District
514 West Avenue G
Muleshoe, Texas 79347

Dear Ladies and Gentlemen:

In response to your request, the City Council of the City of Muleshoe has passed an ordinance instructing me to install 4-Way stop signs at the intersections of West 18th and West 19th Streets with Avenue G. These stop signs will be in place shortly.

While discussing traffic safety in and around the school campuses, the Council mentioned the following items.

1. That the Board might wish to consider fencing playground areas bordering public streets in order to limit unauthorized access to the campuses and prevent children from pursuing objects into the streets. In addition, fences could be designed so that pedestrian traffic would be directed to controlled intersections.

2. That the Board consider the recommendations contained in the 1987 Traffic Engineering survey as pertains to the, vacation of West Avenue G Street between the Junior and Senior High School. A copy of this recommendation is attached. There is an inaccuracy in the study concerning the "closed campus" concept which may have been under consideration by MISD at the time of the study.

In addition, you can be assured that every effort will be made to enforce the traffic laws in and around the school campuses during the upcoming school year. Yours Truly, Dave Marr, Jr. City Manager MULESHOE JUNIOR HIGH SCHOOL

Grades Six through Eight are located at the Junior High campus with an average enrollment of 425 students. Approximately 60% of the students arrive at this campus on the bus. Parking and loading facilities are shared with the High School campus. Sign and circulation improvements are included on the High School improvement diagram. MULESHOE HIGH SCHOOL

Muleshoe High School has an average enrollment of 470 students in grades Nine through Twelve. Approximately 35% of the students are eligible to ride

Accident...

Cont. From Page 1

his graduation, he has been employed as a meat processor at Excel Corporation in Friona, and had planned to become a member of the U.S. Army in the near future, after his 18th birthday.

He was a member of Immaculate Conception Catholic Church in Muleshoe.

His survivors are his parents, Rafael and Andrea Paez, Muleshoe; his grandparents, Elodia Ortega and Emilio Paez, both of Torreon, Mexico; two sisters, Anna Morales, Muleshoe and Olga Telles, Dallas; and four brothers, Ralph Paez, Farwell; and Emilio Paez, Alex Paez and Ernie Paez, all of Muleshoe.

the bus, and about 60% of the eligible students take advantage of this service. Both the Junior High and High Schools employ the "closed campus" concept and students do not regularly leave the campus at lunch time. The following conditions exist:

1. The Junior High and High School campuses are divided by Avenue G.

2. The main High School parking lot is adjacent to Avenue G, and is not separated by curbing or sidewalks.

3. Three "Speed bumps" are installed on Avenue G intended to discourage through traffic and to reduce speeds.

4. Multi-way stops are installed on Avenue G and traffic conditions indicate they are not warranted.

5. One block east of the campus Avenue G has been vacated and closed for the construction of the hospital.

6. Existing school sign installations need to be improved.

RECOMMENDATIONS

1. Remove the "speed bumps" on Avenue G.

2. Vacate the portion of Avenue G between the Junior High and High School campuses.

3. Modify the school parking lot to discourage through traffic. A possible design is shown on the improvement diagram.

4. Upgrade the traffic control and warning signs for the Junior High/High School area as shown on the improvement diagram.

Rebates...

Cont. From Page 1
percent. Austin received \$4.2 million for a year to date total of \$26.1 million, a 10.3 percent decrease over 1986.

Fort Worth's check for \$3.7 million brought total payments to \$21.8 million, a decrease of 9.5 percent. El Paso received \$2.5 million, bringing its total to \$15.1 million, down one percent over last year.

Bullock also sent checks to the state's six Metropolitan Transit Authorities.

Houston's MTA payment was \$18.7 million for a 1987 total of \$106.8 million. Dallas' DART check was \$17.2 million, bringing total payments to \$101.3 million. Austin's Capital Metro received a \$4.4 million check for a yearly total of \$26.3 million. VIA in San Antonio received \$3.4 million, increasing their yearly payment to \$19.8 million. Fort Worth's MTA check for \$859,588.77 brought its total to \$5.3 million this year. Corpus Christi's MTA received a check for \$885,465.39, bringing total payments for the year to \$4.9 million.

August checks represent taxes collected on sales in June and during the second quarter and reported to the Comptroller by July 20.

He Should

A practical politician should make a good housekeeper, because his bunk is always made up.

Exchange Student

Cont. From Page 1

Her two trips to East Germany were also discussed. She told how apprehensive she was when their passports were checked by the communists.

During her talk she told about a typical Rotary meeting. She said they met in big, formal restaurants, and all the members were dressed in suits and ties. No one started eating until everyone had food, she added.

Also, her Rotary Club had 58 members, with very few of them being younger than 70 years of age.

She said she heard a lot about Polio Plus, saying it was a real big deal with the Germans, and they were really promoting it.

Politics were the main topic of conversation among the German people, and she said she was asked a lot of questions about Ronald Reagan, the Iran-Contra Affair, and other political questions she declined to discuss.

In her discussions on East Germany, Kristine said when they went across the border from West Germany to East Germany, it was like stepping 50 years into the past. In the stores, there would be no choice in products, such as groceries, as they would just have one item available. All the cars looked alike and were old, she said. They had one hour to stay in East Germany, had 25 German marks and tried to spend it. Everything was so cheap, they could not spend that much money, so ended up giving the money to people on the streets, she added.

She ended her talk by encouraging parents to allow their children to visit other countries as exchange students, citing the various things that can be learned.

President Tommy Gunstream said the Polio Plus pledge for the Muleshoe Rotary Club was being raised from \$6,200 to \$7,000 total for the next five years. He also said the Tuesday meeting was the last one for Rotary Sweetheart, Lisa Hamilton, and the Rotary thanked her

NEWSVIEWS

Robert H. Bork, Supreme Court nominee:

"I think I am moderately thick-skinned. I've been criticized in the past by people and have gotten used to it."

for being the Rotary sweetheart.

Guests at the meeting included Irvin and Dorothy St. Clair, Pam Miller, Randy Burrows, Fara and Clint Black, Harry Sheets, Gene Sheets, Kevin King, Christopher Shelburn, Eric McElroy and Clea Williams.

18. Legal

ORDINANCE NO. 276A

AN ORDINANCE AMENDING CHAPTER 19, ARTICLE 14, SECTION 19-70, SCHEDULES IV AND VI, OF THE MULESHOE CITY CODE OF 1974, PERTAINING TO INTERSECTIONS CONTROLLED BY STOP SIGNS AND 4-WAY STOPS.

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MULESHOE, TEXAS:

Section 1. THAT Schedule IV is amended by adding East Juniper stops for East Ithaca.

Section 2. THAT Schedule VI is amended by adding 4-way stop signs at the intersections of:

EAST HICKORY AND EAST ITHACA
WEST 18TH STREET AND WEST AVENUE G
WEST 19TH STREET AND WEST AVENUE G

Passed and approved this the 18th day of August.
