THE TOUGHEST TEST A MOTOR OIL COULD TAKE!

NEW AND IMPROVED CONOCO GERM PROCESSED MOTOR OIL WINS THE TERRIFIC "DESTRUCTION" TEST!

SANCTION

NO. 300

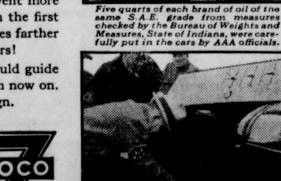

DARING, competitive test-and A what a result! New and Improved Conoco Germ Processed Motor Oil outdistanced five worthy rivals, thanks to the extraordinary film strength and penetrativeness our recently patented process gives it. Five quarts of this remarkable new oil lubricated a motor for the almost unbelievable distance of 4,729 miles before the motor was wrecked!

Five other oils, all nationally known, competed with New and Improved Conoco Germ Processed Motor Oil in this

test. All cars were driven under AAA supervision, under exactly the same conditions until the motors could no longer operate. The notable thing is that five quarts of New and Improved Conoco Germ Processed Motor Oil went more than 3,000 miles farther than the first oil to fail, and over 1,400 miles farther than the best of its competitors!

The results of this test should guide your motor oil purchases from now on. Look for the Red Triangle Sign.

The official sealing of crankcases after fill of five quarts was put in. No addi-tion of oil was permitted in this "de-struction" test.

TURKEY MARKETING **GROUP IS PLANNED**

Decision to organize a Pecos valley turkey marketing group to affiliate with the Northwest Poultry Marketing association at Salt Lake City, was reached by 20 turkey growers in a meeting at Roswell Saturday. W. A.

Wunsch, Eddy county agent, attended the meeting. W. N. Ginn, extension poultry-

man, and L. Byers, general manager of the Salt Lake City group, attended the meeting. There are between 3,000 and 4,000 turkeys raised in Eddy county each year.

Junk Shop Removed

From Man's Stomach St. Gallen, Switzerland.-A miniature junk shop has been extracted from the stomach of a man arrested here recently for theft. When taken into custody he was so ill he was taken to a hospital. "My stomach," the man moaned. "pains me." A doctor operated. He found: Two broken silver spoons. A safety pin. A wood screw 11/2 inches long. Two sash window fastenings. Five pieces of iron 2 inches long.

Two nails.

An X-ray, taken after the operation showed several other metal objects remaining.

When Animals Pose

"Perhaps one of the most charming characteristics of all animals," says a writer in the Detroit News, "is the absence of the very human attribute of posing. In the courtship season, of course, this rule is feathers. But at all other times they are quite natural and unspoiled. The feminine specimens, incidentally, never 'show off.'"

Tires last months longer

Racing daredevils tested the Golden Ply at breakneck speeds. Gave it everything they had. Not one blowout. Similar tires without this feature failed at one-third the distance the Golden Ply Silvertowns were run. And what's more the Golden Ply Silvertowns kept right on eating up the miles.

You can put this blow-out protection on your car at no extra cost, for Goodrich Safety Silvertowns cost not a penny more than other standard tires. Come in today!
