\$325,000 Gin Tickets Are Distributed In Eddy County

Gin Tickets May Be Sold Direct From Farmer to Farmer or Placed in the Government Pool; The Ticket Price is 4c lb.

The distribution of gin tickets on the first cotton allotment totalling approximately \$325,000 has been almost completed. W. A. Wunsch and W. E. Flint will be in Artesia today to finish this work. No allotments have been made on the acreage planted in 1933 only or 1934 for the first time. Allotments on this acreage will be made after all the first allotments in each county have been completed, which will be approximately October 1st. Arrangements for the sale of the certificates have been completed and the tickets can either be sold thru County Agent Wunsch's office direct from one farmer to another or placed in the government pool. The price of tickets is 4c per pound.

No late information on papers for last year's option certificates have been received. Forms are in the county agent's office in regard to the new 12c loan. This loan can be made direct thru the Community Credit Corporation, a branch of which is established at El Paso or thru other organizations such as the Artesia Alfalfa Growers Association and the Southwestern Irrigated Cotton Growers Association. Only those men who signed a 1934 cotton reduction contract or who will sign a 1935-36 contract are eligible to borrow money on this cotton. The paper will bear interest at the rate of 3 1/4% at the date of purchase, and all notes will mature on July 31, 1935. A charge of only 25c per bale for storage and insurance is allowed.

CHAVES PRIMARY RESULTS PRACTICALLY UNCHANGED

The recount of the votes cast in the Chaves county democratic primary September 12th, did not materially change the standing of any candidate. In the closest race, that of sheriff, Perry Bean won the nomination by ten votes with a total of 1,389 votes against 1,379 for E. J. House. The recount also left the results of the county clerk's contest unchanged with Ralph A. Sheehan a majority of fifty-nine votes or a total of 2,138 to 2,083 for D. P. Greiner. The ballots were not counted in any other race.

Dr. W. E. Womack and son Walter Womack of Texarkana, Texas, spent from Friday until Sunday here visiting at the home of their son and brother, Dr. C. L. Womack.

BALDWIN'S ARTESIA'S NEWEST STORE TO BE OPENED SATURDAY

Baldwin's, Artesia's newest dry goods and clothing store, will be formally opened Saturday morning. It was announced here yesterday. The store building, formerly occupied by the Southern Club Cafe, has been completely remodeled and renovated and a modern display front added.

In addition to dry goods and piece goods, men's, women's and children's furnishings will be stocked in the well known and standard brands, including Stetson hats, Curlee clothing, Phoenix hosiery, Beaver hats, etc.

The store will be in charge of C. R. and Connally Baldwin, formerly of Lamesa, Texas. A sales force of four to five people will be maintained by the store.

A special introductory sale features the opening of Baldwin's. See the page announcement in this issue for further details.

ADDRESSES HIGH SCHOOL ASSEMBLY

William Linell, representing the American Legion, addressed the high school assembly Monday on the history and origin of the United States constitution, in observance of Constitution Week.

CO. SOCIAL WORKER GIVES THE WELFARE REPORT FOR AUGUST

Miss Helen Collins of Carlsbad, Eddy county social worker, gave an interesting statistical report on the county relief work for the month of August to the north Eddy County Welfare Board assembled here Tuesday afternoon. According to Miss Collins there are at the present time 889 families on the county relief rolls; 150 of these are on direct relief, and 739 on work relief. During August more than \$2,000 was spent in direct relief work, while figures supplied by M. W. Evans county project manager, show the total project pay roll in August amounted to over \$400,000.

SHEEP BUYING WILL START HERE SOON

The forms for the sheep buying program have been received in County Agent Wunsch's office. A meeting to plan details has been called at Roswell on September 20, and it is expected that the program will start in Eddy county on Friday, September 21. The ranchmen will not be required to skin the condemned sheep and goats as was first requested, but they will be required to burn or destroy all carcasses of these animals. Ranchmen will also be required to group their flocks some place where there are pens and equipment so they can be handled with the least amount of time. Only females one year old and over will be purchased. No freshly shorn sheep or goats will be purchased. Animals will be purchased in order of listing which was done last month. Each ranchman will be notified when his sheep will be inspected and he is expected to have them ready.

CONTINENTAL HOLDS SALES MEETING HERE

The Continental Oil Co. has held a four-day sales meeting here this week. Among the visiting officials were: V. J. Judy and J. P. Anthony of Albuquerque; J. B. Nave of Clovis, and J. L. Smith of Santa Fe.

FIRE DESTROYS JNO. FANNING HOME LAST SATURDAY NIGHT

The farm home of Mr. and Mrs. John Fanning, southeast of Artesia, was completely destroyed by fire Saturday night about 10:00 o'clock. Mr. and Mrs. Fanning were here attending the celebration at the time the fire occurred. When discovered by a neighbor, Mr. Bowman, the flames had gained too much headway to be checked and the five room dwelling, property of Mrs. Classen of Oklahoma City, was a complete loss as well as the household furniture of Mr. and Mrs. Fanning. The loss on the building was partly covered by insurance but the furniture carried no insurance according to reports.

BEAUTY SERVICE IS OPENED AT HOTEL

The Artesia Beauty Service has opened on the main floor of the Artesia hotel under the management of Miss Margaret Birnie, formerly of Fort Worth, Texas. New and modern equipment has been added and the latest beauty hints and beauty practices can be had at very reasonable prices, according to Miss Birnie.

OPEN SEASON FOR PRAIRIE CHICKENS

The open season on prairie chickens in New Mexico will be from September 21 to 25 inclusive, this fall, it has recently been announced by the state department of game and fish. Recent surveys in the state have shown the prairie chicken to be very hard hit by the drouth, further states the department, and hunting is likely to be poor due to reduced numbers of birds. Although the season has not been closed, it is the hope of the game department that sportsmen will voluntarily limit their hunting this year. Heavy hunting, in addition to the drouth can do heavy damage.

FREE TEXT BOOKS COST \$95,000 FOR THE PAST TWO YEARS

Every Child in the First Eight Grades to Profit Thru Free Text Books; Funds Supplied by the Federal Leasing Act.

Every school child in the first eight grades has profited thru the free school book fund, according to information made available by educators.

Oscar Moore, director of free text book distribution, stated that approximately \$95,000 has been spent for text books during the last two years.

Last year, he said, readers were supplied school children in the primary, first, second and third grades.

This year geographies are being supplied school children in the third to eighth grades inclusive, he stated.

"In all," Mr. Moore said, "a total of 58,658 geographies have been distributed at a cost of \$62,851. The geography was selected by the state board of education because it was the most expensive book on the list and also because it offered good reading material for school children."

Mr. Moore stated that all funds for the purchase of free text books come from the federal mineral leasing, etc. This source produces about \$40,000 annually on an average but this year it yielded \$52,000. Last year the fund returned about \$43,000.

"The state supplied readers to children in the primary and first three grades last year," Mr. Moore said. "These books are available again this year. Each year it is the hope of the board to supply at least one book to children in the first eight grades. In a few years all children will then have free text books."

Mr. Moore said that charges in Bernalillo county that the free text book fund had done more harm than good, in that it had absorbed the indigent fund from which free text books were previously supplied indigent children, were wholly unfounded.

The county may still levy for an indigent fund to purchase free text books, he said, if county officials will do so. The state free text book fund is in addition to county indigent funds and in no way affects them, he said.

LIBERTY BARBER SHOP HERE LEASED

Bill Ingle, formerly of Loving, has leased the Liberty Barber Shop, next door to the Jernigan Jewelry Store, and will now operate this establishment. Homer Ingle, father of Mr. Ingle, was here for about a month, but left Saturday to operate his barber shop at Loving.

Mr. Ingle has been associated with his father in the barber business for several years. He also worked for several months at his trade in Lordsburg before moving here. See Mr. Ingle's announcement in this issue.

MORE HOME LOANS CLOSED

Local loans placed with the federal home loan owners corporation are being closed here since a number of offices over the southwest have been either closed or the office force reduced. S. W. Gilbert of the Artesia Abstract Co., advises. Loan applications are still being received and about twenty-five or thirty loans have been closed, he says.

Delegates returning from the republican county convention at Carlsbad yesterday afternoon report an enthusiastic meeting and evidence of the old time GOP spirit returning. In the first order of business, William Dooley of Artesia was elected temporary chairman of the convention and Mrs. J. U. Falke of Carlsbad, temporary secretary. A motion to make the temporary chairman permanent was opposed by Mr. Dooley and A. Heinz of Carlsbad was chosen permanent chairman along with C. J. Dexter of Artesia as vice-chairman; Mrs. J. U. Falke, of Carlsbad, secretary-treasurer.

GOOD CATCH OF TROUT

Three local anglers returning home Monday night report the best trout catch of the season at the Eagle Nest lake in the northern part of the state. The fishermen, Messrs. A. P. Mahone, Fred Knowles and Ray Bartlett brought back the limit and among the number were several big ones measuring eighteen to twenty inches. Ray Bartlett, the only amateur trout fisherman of the bunch, showed the older heads a thing or two about hooking the elusive finny tribe and after adopting Bartlett's method, Mahone and Knowles were successful.

Editor's note: The above report is printed from hearsay. To really write an intelligent description of the catch and at the same time not stretch the truth, the writer should have at least one or two of the big ones as a sample. Then he'd really know what he was writing about.

FOOTBALL SQUAD IS CUT TO THIRTY-FIVE IN PRACTICE GAMES

The high school grid squad under Coach Barton is working hard and saying nothing. Judging from the general interest at the beginning of the practice season, one might have assumed that Artesia would have a winning football team this season, but the number of new recruits and inexperienced players makes a guess in this direction hazardous. The squad, which is composed principally of "green" men has been given football fundamentals for the past two weeks, but Coach Barton says he is not satisfied with the blocking and tackling and the practice periods for the next few days will be concentrated on these phases of the game.

The team has been cut to thirty-five men due to the fact that there are not enough suits to be given all of the boys. Those who do not have suits are requested to stay on the side lines and learn as much of the game as possible watching the various plays. Scrimmage will start next week.

LOCAL GINNINGS

With practically all gins in this area running full time, the cotton picking season will soon be over. It is roughly estimated that more than twenty percent of the present crop has been gathered. Six gins of this area have turned out 956 bales since last report.

The report by gins:

Lake Arthur gin.....	75
*Cottonwood gin.....	475
Association gin, Espulla.....	363
Association gin, Artesia.....	370
Farmers gin, Artesia.....	350

POLITICS WARMING AS TIME NEARS FOR STATE CONVENTIONS

It Seems Certain Chavez and Cutting Will Fight It Out for Long Term U. S. Senate While the State Ticket in Doubt.

Interest in state politics is beginning to warm up as the time approaches for the selection of the state tickets for both parties. After Monday the voters will know who's who on each ticket.

On the democratic ticket, Clyde Tingley and John Simms, both of Albuquerque, are conceded to have the inside track for governor. Both are considered good vote getters, but the fact that the two candidates are from the same city might cause a dark horse to be nominated. Dennis Chavez, present congressman at large, has the nomination for U. S. senator long term if he wants it, while Senator Carl Hatch of Clovis, is expected to have no opposition for the short term. There are several likely candidates for congressman at large. E. K. Neumann, present attorney general, will be a candidate and will make a strong bid for the place, but some party leaders think the nomination will go to a candidate in a doubtful county as a matter of political strategy. James McCall of Carlsbad has been mentioned as a candidate for attorney general since Carlsbad has endeavored to establish a precedent in furnishing the attorney general. H. R. Rodgers, present county superintendent, has been prominently mentioned as a candidate for state superintendent. Rodgers is regarded as a strong man and a vote getter, but whether Eddy county will be able to furnish two candidates for state offices, in the event McCall pushes his candidacy for attorney general, is something for party leaders to settle.

On the republican-progressive side, former Judge Carl Dunifon of Silver City, is being discussed along with P. L. Rapkoch of Las Cruces for governor. Rapkoch, however, has said he would not accept an office, but the development of conditions may cause Mr. Rapkoch to change his mind. Senator Bronson Cutting is the undisputed choice for the long term of United States senator. R. C. Dillon, former governor, appears to have the spotlight for the short term. Two other names have come in for discussion in the governor's race. These are Jaffa and Prager Miller. The candidacy of Hugh Williams of Deming is also being talked of for governor. Manuel B. Otero, collector of customs at the port of El Paso, is being mentioned as a candidate for congressman at large.

BUYERS TRIANGLE OIL CO. WHOLESALE STATION HERE

Fletcher Owen has purchased the wholesale station of the Triangle Oil Co. from W. B. Lary, which was announced this week. The sale, pending for several weeks, was consummated last week. There will be no change in the policy of the company. Mr. Owen said. A full line of all petroleum products will be carried in stock to serve the trade.

Mr. Lary, who has operated the station for several years, has made no future plans. Mr. Owen who is well acquainted here, formerly operated the Star mail from here to Lower Penasco.

REPUBLICANS ELECT TWENTY DELEGATES

In the republican precinct convention held here Saturday, officers were chosen for another year and twenty delegates elected to the county convention in Carlsbad which met yesterday. S. E. Ferree was re-elected precinct chairman and William Dooley was elected secretary. A list of delegates to the county convention includes: F. M. Privett, George Frisch, S. E. Ferree, Joe Shuff, Jack Hastie, Mr. and Mrs. T. E. Hinshaw, Mr. and Mrs. F. A. Manda, P. V. Morris, William Kissinger, Wm. Dooley, E. A. Hannah, C. J. Dexter, Mmes. F. A. Linell and H. A. Stroup, J. K. Wallingford, Chas. Rogers, Willis Morgan and V. S. Welch.

CITY COUNCIL MEETS

Last night at a meeting of the City Council, the council accepted the audit of R. A. Shugart. The Bullock slaughter house was granted a permit to operate until March 15, 1935, provided the house meets the requirements of the county health department. The proposed city hospital also came in for a share of discussion when a committee composed of Dr. Womack, C. J. Dexter and Martin Yates called on the council and Mayor Watson has agreed to appoint a committee from the council and confer on hospital plans.

Among the local party members attending yesterday's meeting were: S. E. Ferree, Mr. and Mrs. T. E. Hinshaw, F. A. Manda, P. V. Morris, William Dooley, E. A. Hannah, Mr. and Mrs. C. J. Dexter, Mrs. F. A. Linell, J. K. Wallingford, Chas Morgan and Mrs. E. N. Bigler.

BUTT ON INSPECTION TOUR OF HIGHWAY 83 MAKES STOP HERE

Frank Butt of Albuquerque, chairman of the state highway commission, accompanied by J. J. Dempsey of Santa Fe, state director of the NRA, made a brief stop here yesterday afternoon. Mr. Butt is inspecting highway 83 and traveled this route from Las Cruces where he spent Tuesday night. The visitors drove on to Lovington where they spent last night. They will also inspect the improvements under way between Lovington and Hobbs and make a stop at Hobbs and expect to return to the valley by way of Carlsbad. Mr. Butt was noncommittal when asked by an Advocate representative if his inspection might bring additional improvements to the 83 route.

WORK TO START SOON ON HOPE YO ROAD

Improvements on the Hope YO Crossing road, a FERA project, held up for several weeks until an estimate and a survey could be completed, will be started at an early date, it was learned Monday. Nine miles of the new road has been surveyed and the new road will be surfaced with crushed rock. It was also learned that the stretch of highway 83 from the Reeves hill to the Otero county line has been surveyed and the project is expected to be up to be contracted at an early meeting of the State Highway Department.

CANNERY PLANT TO START OPERATIONS

At a meeting of the north Eddy County Welfare board Tuesday, it was announced that preliminaries were underway for starting the operation of a cannery plant here. The Muncy building on the lower end of Main street has been secured and part of the equipment will be furnished by W. A. Wunsch, county agent, who will supervise the project. The plant will be used to can meats and vegetables.

FERA COUNTY ROLLS CUT FIFTY PERCENT EFFECTIVE SEPT. 17

A drastic reduction has been made in the ranks of the Eddy county FERA. M. W. Evans, county project manager, said Monday. The FERA roll was reduced fifty percent, the only active projects left north Eddy were the garden projects and the Lake McMillan dike project. The order received here Saturday night affects 350 men. With the exception of the Hope-YO road, no other projects are expected to be undertaken here until after the Christmas holidays.

NEW LOCATIONS

Another well in eastern Eddy county which is being watched by operators is the Lee No. 1 of the Skelly Oil Co., sec. 23-17-31, which is drilling below 3742 feet.

COUNTY DELEGATES ATTEND DEMO. MEET ON SEPTEMBER 22ND

A dozen or more delegates from Eddy county will likely attend the state democratic convention at Albuquerque starting next Monday. A list of delegates elected to the convention at a county convention last May includes: Leslie Martin, Rude Wilcox, Hugh Burch, Jess Truett, Sid Cox, Dr. J. J. Clarke, J. H. Jackson, Hollis Watson, G. U. McCrary, J. H. Bridgman, J. J. Funk, Charlie Martin, all of north Eddy county. E. K. Neumann, H. R. Rodgers, J. W. Culpepper, R. H. Westaway, Dwight Lee, L. R. Conarty, P. J. McCall, W. L. High, J. S. McCall, Mrs. H. I. Braden, Mrs. Betty Boyce, John Lewis, Guy Reed, L. B. James, C. W. Beeman, W. I. Johnson, M. R. Smith, Chas. Nealey, Joe Johns and M. F. Sadler, all of south Eddy.

Delegates who have signified their intention of attending from this vicinity are: Hugh Burch, J. H. Jackson, G. U. McCrary, J. L. Truett and Chas. Martin. Mr. Truett plans to go in time for the convention for young democrats which convenes Saturday.

Projects For A North Ward Extension To Artesia Field

Attention Focused on Etz, Hammond, Keyes Well and Tigner, Etz, Keyes; Five New Locations are Announced.

Two wells in the north Artesia field give promise of developing a profitable extension of the district and may uncover a new shallow area. These are the Etz, Hammond and Keyes, State No. 1 in sec. 16-17-28, which was shot Tuesday and the hole filled with 500 feet of oil in thirty minutes after the shot was placed from 1945-57 feet. There was also an appreciable increase in gas following the shot. The State No. 1 is located a mile and a half north of production.

The most promising of the two tests is the Tigner, Etz and Keyes, Keyes No. 1 in sec. 10-17-28, which was drilling below 1845 feet with 1200 feet of oil in the hole, according to an early report. The Keyes No. 1, located a mile north of the proven area developed ten feet of sand at 1806-16 feet.

Another well in eastern Eddy county which is being watched by operators is the Lee No. 1 of the Skelly Oil Co., sec. 23-17-31, which is drilling below 3742 feet.

New locations are keeping pace with developments. Five new wells were staked the past week, four being in the Cooper district. New tests to be drilled include the Bell-Ramsey No. 2 of the Gypsy Oil Co., SW NW sec. 9-21-36; the Gypsy Oil Co., Cooper No. 2, NW SE sec. 23-24-36; The Continental Oil Co., R. L. Gates No. 1, NW sec. 23-24-36, and the Humble Oil and Refining Co., State 1-B, NW sec. 29-21-36, and one for the Hobbs field being the East Grimes No. 4, NE NE sec. 33-18-38.

Among the completions made are the Gypsy Oil Co., West Grimes No. 9, in the Hobbs area, sec. 32-18-38, which was drilled to 4183 feet and flowing open made 6,366 barrels of oil with 7,000,000 feet of gas. The Texas Company last week also drilled in its Rector No. 1, sec. 30-21-36, at a total depth of 3944 feet. The Rector made 132 barrels in one hour flowing open and 1,750,000 feet of gas.

An interesting well midway between the Cooper and Jal districts has reached a crucial stage, this being the Ike Ogg No. 1 of the Texas Company, sec. 35-24-36, which is shut down at 3203 feet preparing to cement between the nine and twelve inch casing.

Workmen are building a derrick on the Baish No. 4 of the Maljamar Oil and Gas Corp., sec. 21-17-32, western Lea county.

THE TOWN BULLY

Who pays your wages or salary? Business and industry.
 Who pays the politicians and office holders? Business and industry.
 Who pays the doles now handed out by government? Business and industry.
 Who improves property that pays taxes? Business and industry.
 Where does permanent employment for the masses come from? Business and industry.
 Who is injured by government going into business? Business and industry.
 Who suffers most from such a program? Millions of wage earners and investors.
 What will replace the taxes destroyed by tax-exempt government business competition with private citizens? Higher taxes on remaining private property.
 What is the difference between the town bully and the politician who uses the force of government to take what he wants from helpless private citizens? None.
 The people make the government.
 The people make the politicians.
 Industry and business create incomes and property which politicians tax.
 If the politicians destroy private business, where will they get taxes? Where will people get jobs?
 Can we all get jobs with the government? No.
 If politicians can't get taxes, then what happens? Government is bankrupt.
 Will business and employment increase under a town bully policy?
 It is our businesses, our jobs and our taxes that are at stake.
 Private business cannot compete with tax-exempt government business. Try it if you think it can.
 What is the answer? Keep government out of business and confine it to the function of governing a free people, for which it was established.
 What has government in business done for other nations of the world? Bankrupted them in most cases and made tax slaves out of the people.

POSSIBILITIES

Drilling of the deep artesian water supply would not be undertaken now in some sections of the Pecos valley, were the development of the agricultural regions to be undertaken over again. Land owners have found that it is cheaper to develop the shallow water as a pumping proposition. While it costs something to pump water for a growing crop, the difference between the cost of drilling a deep well and a shallow one will more than offset the ordinary pumping cost even over a series of years. There are three possible sources of power: electricity, natural gas and gas-oil or fuel oil. All three have been reduced in cost and it depends on the individual farm as to the kind of power to be used most economically.
 Several new types of engines as well as pumps offer still more economy in the operation of a pumping plant economically and as the new types are developed, no doubt the economy will also be increased.
 Clifford Smith, artesian well supervisor, says the Artesia community is the best pumping district in the valley. He says further the well plugging program undertaken by the district will not affect the flow of the shallow wells because these wells are fed from irrigation and not from leaks developed in the deep wells. The section between Lake Arthur and Hagerman and the Felix river west of Hagerman, also offer wonderful possibilities as a shallow pumping district.
 The rapidity with which the shallow water is developed will depend in a large measure on how much small farming and trucking is done. Heretofore truck patches have not been profitable, but when you can raise 10,000 pounds of tomatoes from an acre of ground even at the present market, the idea of operating a truck farm and a small home cannery in connection is something to look forward to.

CLYDE TINGLEY FOR GOVERNOR

New Mexico democrats this fall won't lack for material from which to select a candidate for governor, if the pre-election gossip amounts to anything. Two outstanding men, Clyde Tingley, mayor of Albuquerque, and John Simms, also of Albuquerque, have said they would accept the nomination if tendered to them. As a choice between the two candidates, we would favor Tingley because of his experience in public life and because of his reputation in getting things done. Tingley has made an outstanding record as mayor of Albuquerque. He has said that if honored with the office of governor, he would be governor of the whole state and not of any particular section.
 This has been the principal criticism of past administrations. It has been too often taken for granted that because southeastern New Mexico was normally democratic, it would continue to be so regardless of where the political favors went.
 And now some intelligent political observers are predicting that the old party lines, the democrats and republicans, are soon to fade out of the picture and that there will emerge in place of the old order a new party alignment, the conservatives and liberals.
 If such a political change occurs, it will be built on sectional lines, the west against the east. Already the liberal ideas of some of the western congressional representatives have attracted attention. Whether such an alignment will spring into being the next two years depends on developments.
 Many a man who is satisfied with himself is awfully disappointing to other people.

The story is going the rounds about the banquet held in Roswell several weeks ago by the ex-service men for Senator Cutting, but when an actual count was made there were more newspaper men present than ex-service men and they were all trying to get next to the senator, but two of the neighboring boys got too full for "sound or foam" and had to drop out. One old boy who had had plenty and who thought he'd be right friendly with the senator, slipped up and put his arm around him and said "Shay are you a demmerat or repubian?" The boy never got an answer.

NEWS BRIEFS OF THE CHAMBER COMMERCE

"As Your Chamber of Commerce Is So Is Your City"

The Mexican Independence day celebration brought large crowds into town Friday afternoon and Saturday. We congratulate the Spanish speaking people on their program and the very successful management of the entire celebration. The committee in charge of the program wants the merchants who helped them make this a success to know that they appreciate very much the cooperation and the sympathetic interest evidenced in their welfare.

The creamery has tested out all of its machinery and now finds all in splendid working condition. They are ready for production on a larger scale but it will be necessary for all who desire to sell milk for resale to secure an inspection from County Health Officer Dr. O. E. Puckett. Dr. Puckett is in town each Tuesday and will be glad to inspect all farm milking plants on that day. Requirements for such plants were included in this column September 6th.

Six miles of the Hope road were surfaced with the single penetration asphalt treatment Tuesday morning. It is expected that the entire road will be finished by the last of next week. The new road is certainly a wonderful improvement.

Now is a good time to look over the community garden which has been grown under the direction of the local relief office. They have had to do a lot of experimenting this first year for the work was all new to all concerned and mistakes have been made. Still the production has been beyond expectation and it is a fine investment by the government for the purpose for which it was intended. Plans are now under way to continue this project next year under the same management. Tom Spivey is supervising gardener.

County Agent Wunsch informs us that there are now, and will be other, canning demonstrations in this vicinity. Anyone interested would do well to contact Mr. Wunsch thru the local relief office.

The ERA will have a canning project located here in Artesia, perhaps by the last of the week, for the canning of vegetables, fruits and meat. In other places where the government has located such a plant they have allowed local residents who have a surplus of materials to can, to trade both labor and raw garden products for the government canned products. That is if one has more tomatoes than he desires for his own use, he may take them into the cannery and exchange them for canned tomatoes or other products allowing for his tomatoes to pay for the cans and labor. People who are on relief and unable to buy canned goods may be allowed to work in the cannery for canned goods. These features are not yet definitely settled so far as Artesia is concerned but interested parties may confer with the local ERA workers to learn what decision has been made.

All residents of Artesia should see that all weeds in yards and along alleys and streets are cut and destroyed at once. Seed will soon ripen and make next year's crop harder to control. There is a city ordinance making this compulsory. Don't wait to have it invoked.

Two new institutions have come to our city the past week—namely a beauty shop located in the hotel and a dry goods and clothing store in the old Southern Club building.

MOUNTAIN APPLE CROP NOW MOVING

The mountain apple crop has started moving. The crop this year is of an exceptionally fine quality and a big yield is promised. Several tons of apples are expected to be trucked out of the Lower Penasco, Elk, Mayhill and Weed sections within the next few weeks. The cabbage crop, will also be moved within the next two or three weeks.
 F. G. Irvin, Elk merchant, said he understood local people had been sending truckers to the Hondo community under the impression that there was little or no crop in the Sacramento mountain district.

Lord knows when, I guess N. R. A. means Never Rain Again.

FOREST NOTES

New Type of Dam Construction

There has not been enough rainfall in the La Luz canyon to form any idea whatsoever of the efficiency of the more than 2,000 dams placed on that watershed in the erosion control work last winter by the La Luz CCC boys. There has been considerable run-off of water in the Sacramento river area and the dams have held fine. Many of the upper dams have been filled with silt to the top when water hardly ran over the top of the dams lower down.

Many of the dams in the Capitán area did not hold satisfactorily. While few if any went out water ran around the sides. This was on account of the nature of the soil, which seems to melt down instead of pack. Also instead of a number of small floods as normally, there were no floods from the time the dams were built until heavy ones which found the dams not packed.

Hereafter where the character of the soil demands a burlap apron saturated with asphaltum will be used.
 In general it may be said that the CCC erosion dams have worked satisfactorily thus far, justifying the great work and expense.

High Rolls-Clouderoft Road

Ten days ago we thought we were assured of immediate repair on the first mile of road this way from Clouderoft. Just as we were ready to start, Washington officials notified FERA officials in Santa Fe that there had to be retraction on road work so our project went into the discard. However, we still have a ray of hope; this week C. E. Mauldin, member of the highway commission, from Clovis, came over and inspected that road and W. R. Eccles, district engineer, gave it another time over.—Alamogordo News.

WATER LEVEL HOLDING UP

The water level of the artesian basin is holding its seasonal level according to Clifford Smith, well inspector, who was here on an inspection trip Saturday.

NEW MEX. COTTON MAKES HIGH GRADE

The first report on cotton classed from the southwest irrigated section, which includes the states of Arizona, New Mexico, California and Texas, district 1 (that section of Texas west of the Pecos river) was released Monday at the El Paso office, division of cotton marketing.

More than 98 percent of the cotton classed to date has been strict and good middling in grade. New Mexico leads this week in the proportion of cotton classed as good middling, with 71 percent, followed closely by Texas with 66 percent, California 61 percent, and Arizona 28 percent. No cotton classed below middling has been received to date.

The most important feature of this report is the large percentage of the longer staple cotton which is showing up this year. The combination of good planting seed and a good growing season has brought this about. Almost 90 percent of the cotton classed this week has been 1 1/16 inches and longer, and about 30 percent has been 1 1/8 inches and longer. No cotton shorter than 1 inch has been received. Texas and New Mexico lead in cotton 1 1/8 inches and longer with 35 percent, followed by California with 30 percent and Arizona with 17 percent.

Frances Johnson, Reporter

Mrs. Bonnie Altman attended to business in Artesia Tuesday.

Mrs. N. L. Johnson and Wallace Johnson were Artesia business visitors Tuesday.

Mrs. Johnnie Prude and little son Norman are in from the ranch visiting this week.

Mrs. C. J. Ferrell visited over Monday night with her parents, Mr. and Mrs. J. V. Reed.

Mr. and Mrs. Wilkins of Roswell were week end guests in the home of Mr. and Mrs. Morris Teel.

Edna Bullock, who is employed in the Hope schools, spent the week end in Artesia with home folks.

Bryant Williams, John Jones, Margaret Williams and Marjorie Johnson were Roswell business visitors Saturday.

Mr. and Mrs. Raymond Lovett of Dexter spent the week end with her parents Mr. and Mrs. Irvin Wathen at their home here.

Frances Johnson left Monday to make her home in Artesia where she is employed in the Alfalfa Growers Association office.

Albert Black of Albuquerque visited Mary Jane Williams at the home of her parents Mr. and Mrs. Bryant Williams here Sunday.

Dr. and Mrs. O. E. Puckett attended the teachers' reception here Monday night. Dr. Puckett gave a talk on the health program of the year.

Triplet daughters were born to Mr. and Mrs. Jimmie Thompson at their home here Sunday morning. Two of them lived about six hours and one lived thirty hours.

Funeral services for them were held at the lower cemetery Monday afternoon at two-thirty with the Rev. John Klassen in charge. The mother of the babies is doing very well at her home here.

Ada Duncan, Jimmie Duncan of Hope and Raymond Tice of Lake Arthur were injured in a car wreck here Saturday night when the car they were driving, a model T Ford pickup, overturned at the east end of the Hope Main street. They were taken to Artesia for medical treatment immediately. Slight injuries happened to all of them.

The teachers' reception given Monday evening at the home of Mr. and Mrs. Bill Riley by the P. T. A. was attended by seventy-five persons. The program consisted of a talk by the new superintendent, E. C. Hawkins, on school plans for the year, and a health program talk given by the county health officer, Dr. O. E. Puckett of Carlsbad. After games had been played on the lawn, refreshments of punch and cake were served.

CAMELS ONCE USED IN DESERT COUNTRY

Few people know that camels were introduced into the United States as beasts of burden, as an experiment, to transport government supplies between frontier posts.

Of the various modes of transportation that have been in Arizona, the most ludicrous and unsuccessful was the camel.

In the year 1854 congress appropriated \$40,000 for the purchase of camels to be used by the army in Arizona. Even Jefferson Davis backed the bill. Forty camels were purchased.

The camels were landed on the Texas coast May 16, 1856, with Hadji Ali and Greek George as caretakers. Then began the trip to Arizona. Army men did not know how to pack and handle the camels. Dislike was mutual. The situation was aggravated when it was found that the hoofless camel feet could not stand the sharp stones which cut into their feet until they could no longer walk. Finally the camels were abandoned to wander over the desert.

The remnant of the camel band, which had been augmented by two additional purchases, was sold to one company and then another, finally being turned loose. Many were shot by ranchers, some died and others wandered into Old Mexico.

TRACK SIDING STARTED AT RED BLUFF, TEXAS

Work has been started on a 1,000 foot siding of the Santa Fe railroad to serve the construction of the Red Bluff (Texas) dam, it was announced last week. Two section crews and ten extra men are working on the siding.

Work on the electric power line from Pecos, Texas, is expected to start about September 22nd.

FIRE DESTROYS NOME THE FAMOUS ALASKAN MINE CENTER MON.

NOME, Alaska—Roaring flames destroyed this famous Alaskan mining city late Monday leaving an exhausted populace facing a food shortage and bitter weather.

Starting from an undetermined source about noon (6 p. m. EST) the flames raged before a strong northeast wind, the same wind that Tuesday night ripped bitterly at citizens who watched the smoking ruins of their city.

Sweeping from the business district the angry flames tore on into nearby residences while the city's 1,500 citizens and firemen fought hopelessly. Dynamite which leveled buildings not yet reached by the flames failed to halt them.

All the residents could do after that was save what personal belongings they could and watch their homes and businesses fall.

Tuesday night there were but two buildings standing in the few smoking business district. A few scattered warehouses and some homes untouched by the flames merely added to the scene of destruction.

The warehouses and unharmed houses were thrown open Tuesday night to those whose homes were destroyed. More than 250 persons were reported homeless. The citizens made plans Tuesday to appeal for aid to the federal government which already has dispatched coast guard cutters to the stricken city.

No accurate total of the loss could be made immediately. The figures of businessmen and firemen varied from \$750,000 to more than \$1,000,000. A belief the latter figure might be greatly exceeded was seen in the fact huge stocks of supplies were destroyed and that material for nearly everything built here must be brought in by steamer.

PAGEANT OF BEAUTY TO OPEN EASTERN N. M. STATE FAIR OCT. 3

ROS WELL, New Mexico—Starting promptly on Wednesday morning, October 3, at ten o'clock a pageant of beauty will pass in review before the thousands at the opening day of the Eastern New Mexico State Fair to be held in Roswell October 3, 4, 5 and 6. On gorgeous floats prepared by commercial firms, organizations and communities, each unit will compete for the honor of naming the queen of the fair. The judges will select the most beautiful float—and the lady on the winning float will become queen of the fair. The large cash prizes offered in this competition are attractive but it is the honor of naming the queen which is stimulating the interest among the contestants.

"Never before have we had such widespread interest in the fair," said Harvey Poorbaugh, president of the organization. "Despite the fact we have for years been trying to get over the idea that this is for all eastern New Mexico, not until this year has the interest approached anything like our ambitions. From

Likewise the interest in the Roswell area is greater than ever before. With our greatly improved grounds and facilities, the directors are confident of the greatest fair in our history."

Old timers are making big plans for their annual reunion, parade and barbecue on Friday of the fair. Every man and woman who has been in the state since 1904 or longer is eligible to participate and is urged to enjoy the fun and meet old friends from all parts of New Mexico.

An amateur rodeo each afternoon, special carnival features and other entertainment has been provided for each afternoon and evening.

DUKE CITY GAS COMPANY SUED

Suit for \$125,000 against the Southern Union Gas company was filed Saturday in the United States district court for Albert T. Woods of Artesia by two Carlsbad attorneys.

Woods alleges in the petition that the gas company agreed to pay him \$100,000 for the sale of \$500,000 in stock of the Albuquerque Natural Gas company and \$25,000 for a Las Vegas gas franchise which he held.

He alleges that he sold the stock and assigned the franchise to the company but received no payment.

He alleges that the Albuquerque company was formed as a subsidiary of the Southern Union company, a Delaware corporation, and that the Delaware corporation controlled and managed the New Mexico company.

DON'T SHOOT ACROSS HIGHWAYS

A warning to all hunters has been issued by Ed Roberts, game warden of Roswell. It is unlawful to fire a gun from or across a state highway or from an automobile. Two arrests have been made on complaints issued in the Roswell vicinity. Roberts has announced he expects to patrol the roads and highways in the valley to stop this practice.

LEGION'S OBSTACLES OUTLINED BY PLUMMER

ALBUQUERQUE—H. L. Plummer of Indianapolis, Indiana, assistant national adjutant of the American Legion, told a state conference of legionnaires Sunday that enactment by congress of the universal service bill sponsored by the Legion will be a major objective of the organization after its national convention at Miami, Florida, October 22 to 23.

Plummer explained the act would require equal service for all and special profits for none during the war. A congressional committee is studying the proposal and is to report next January at the opening of congress.

The assistant adjutant also urged Legion posts in the state to survey their communities for opportunities to initiate or support civic projects such as parks and playgrounds and to cooperate with school officials.

Outside the care of disabled veterans and their dependents, he said, the most important things on the Legion program are education of the children and giving service to community, state and nation.

W. C. T. U. OFFICERS HONORED ON FRIDAY

Mrs. W. C. Holland of Roswell, newly elected state president of the W. C. T. U., and Mrs. W. B. McCrory of Artesia, recently elected vice-president, were honored at a reception given by members of the Roswell organization Friday afternoon between the hours of 4 and 6 o'clock at the home of Mrs. W. B. McCoy, 411 South Lea Avenue.

Lovely baskets of roses and other fall flowers were used in decoration of the rooms for the occasion. Mrs. Benjamin Eitelgeorge presided at the punch bowl which was effectively banked by purple and white petunias and baby breath on the lace laid table in the dining room. Assisting Mrs. Eitelgeorge in serving punch and attractively decorated cakes were Mrs. Frank Young, Mrs. J. B. Caron, Mrs. J. M. Corn, Mrs. L. S. Croissant, and Mrs. McLeod.

Both Mrs. Holland and Mrs. McCrory gave short talks during the afternoon on the work of the organization for the coming year.

As a part of the program, Mrs. John C. Martens sang a group of numbers accompanied at the piano by Mrs. L. S. Croissant.

Approximately fifty members and guests called which included Mrs. W. B. McCrory, Frank Smith, Elizabeth Smith, Mary Shearman and S. W. Gilbert of Artesia.

Proceeding the reception a business meeting was held at the McCoy home with Mrs. M. C. McGranahan, the president, giving a splendid report on the recent convention held in Las Cruces. Also reports of various committees were given.

LEWIS W. STORY CELEBRATES BIRTHDAY

Mrs. J. M. Story honored her young grandson, Lewis W. Story, last Saturday with an entertainment for the honor guest and a number of his friends at Walnut Grove, the occasion being the ninth birthday of Lewis W.

Mrs. J. M. Story, Mrs. Lewis Story and Mrs. Howard Williams drove up to the grove with the party, the two latter assisted the hostess in entertaining. Little Misses Wanda Story and Catherine Louise Williams accompanied them on the trip.

The guest list included Lewis Story, Robert Feather, Albert Limell, Bobbie Morris, Billie Williams, Joe Watson, Reece Otts, Larry Williams, Don and Val Morgan. Lunch was cooked over open fires and served at noon. Following a long hike over the mountains the young folks turned into Tarzans as they swung from limb to limb of the walnut trees, aided by the intertwined grape vines. The honoree received a nice collection of birthday presents.

SCOUT DANCE IS ENJOYABLE AFFAIR

One of the outstanding social events of the season was the dance at the Artesia Hotel roof garden Tuesday night sponsored by the New Mexico Oil Scout Association. The affair attracted guests from Carlsbad, Roswell, Hobbs, Lovington, Midland, Texas, and Artesia. Approximately 70 couples attended and enjoyed the dancing and music furnished by Tommy Adams and his orchestra of Roswell. Among the Artesia guests were Messrs. and Mrs. Wendell Welch, J. K. Wallingford, N. M. Baird, S. W. Blocker, Malcomb Mitchell, Lemuel Duffield, Mrs. A. T. Woods, Miss Phoebe Welch, Miss Cogdell, Theibert French of Artesia and Miss Inez Morley of Roswell, Van Welch, Sr., M. E. Baish and C. E. Van Dern. Among the Carlsbad guests were Mr. and Mrs. Harry Cooper, Merwin Campbell and Mr. and Mrs. W. E. Flint, Mr. and Mrs. J. D. Hunter, Mr. and Mrs. Roy Stovall and Ralph Koenig.

From Hobbs: Mr. and Mrs. Glenn Bish; of Roswell: Mr. and Mrs. Henry Bedford, Mr. and Mrs. Tom Taylor, Mr. and Mrs. Neil Wills, Mr. and Mrs. Delmar Guinn, Mrs. Max Coll, Rusty and George Etz, Dave Finley of Midland and Messrs. Anthony and Colb of Albuquerque.

MRS. JOHN FULLILOVE COMPLIMENTED BY A HOST OF HER FRIENDS

Mrs. Alvin Payne entertained at her home Wednesday afternoon complimenting Mrs. John Fullilove (Mattie George).

More than twenty-five friends of Mrs. Fullilove, a recent bride, were present and showered her with an assortment of beautiful and useful gifts. The gifts were placed on a table before the honor guest, were opened, admired and passed around that each guest might view them.

A delicious salad course was served by the hostess.

Mrs. Fullilove, who is here visiting her parents, Mr. and Mrs. Perley George, expects to leave Saturday for El Paso where she will join her husband at Fort Bliss.

SENIOR CLASS ENTERTAINED

The senior class was entertained by Miss Lois Fanning at her farm home southeast of town on Friday evening. The class left the Central school building at 5:30 p. m. Those who wished, went swimming before weiners, buns and marshmallows were served. Games were played around a camp fire and a box of apples was brought out. Due to a dust storm the games were abandoned and most of the class spent the rest of the evening dancing at the home of Miss Joan Wheatley. The members of the faculty were invited and apparently enjoyed themselves as much as the students.

BRIDGE OF THE MONTH MRS. MARTIN HOSTESS

Mrs. Leslie Martin was hostess to members of the Bridge of the Month at the Artesia Hotel last Friday.

A two-course fruit plate luncheon was served in the Coffee Shop at one o'clock. Five games of contract followed on the mezzanine floor. Mrs. Willis Morgan was winner of the high score prize and Mrs. J. Harvey Wilson winner of second high.

Those enjoying this afternoon with Mrs. Martin were Mrs. J. Harvey Wilson, Malcomb Mitchell, Stanley Blocker, Howard Whitson, Carl Bildstone, Hugh Kiddy and Willis Morgan.

PAST NOBLE GRAND CLUB MET FRIDAY

Miss Mary McCaw and Mrs. Walter Douglas were co-hostesses in entertaining members of the Past Noble Grand club at the home of Miss McCaw last Friday evening.

Mrs. Mary Thompson, vice-chairman, presided at the business session. An attractive and delicious refreshment plate was served by the hostesses at the close of a social hour which followed the business session.

Those present were Mrs. Nellie Cogdell, Beulah Jones, Effie Wingfield, Mary Thompson, W. H. Cobble and the Misses Ella Bauslin, Linna McCaw and Merill Bradley.

WOMEN'S CLUB HAS INTERESTING PROGRAM

About forty were in attendance at the Women's Club Wednesday afternoon. Mrs. Martin Yates presided during the business session. Delegates were elected to represent the local club at the state convention at Clovis the 18th, 19th and 20th of October. Mrs. Yates is a delegate by the right of her office and named as her alternate, Mrs. Jack Spratt. Mrs. Jeff Hightower was elected as first delegate with Mrs. V. L. Gates as alternate. Mrs. C. R. Blocker was elected as second delegate with Mrs. Stanley Blocker as alternate.

Mrs. Carl Bildstone and Mrs. J. Hise Myers as program chairmen brought to the club an intensely interesting program, "The Motion for Reform in Motion Pictures." Mrs. Bildstone gave a resume of the subject, where and how it was originated. Mrs. Raymond Bartlett, a representative of the local operator's viewpoint, enlightening many as to why certain pictures are shown, by explaining the booking of pictures.

W. E. Kerr, superintendent of the Artesia schools, spoke on "Educational Reform in Moving Pictures." He gave a list of thirteen books which have been written as a result of this investigation of pictures which started four years ago. If interested in the findings of this research, secure this list and ask for these books at the local library, if not there make an appeal to the library board. Mr. Kerr quoted from statistics that 77 million people in the United States attend the moving pictures weekly of that number 39 percent are children, yet pictures are not made for children, 80 percent of what they see is crime, sex and love. The dangers in movies as he sees it is the setting up of the unreal and impossible situations which he explained at length. Mr. Kerr does not believe that legislation will take care of the problem, but that it is a matter of education, beginning with the boys and girls, teaching them to be able to judge pictures, good and bad and act as their own critics.

The Rev. P. G. Woodruff, pastor of the First Baptist church, presented the viewpoint of the church. He places the responsibility for the present situation in the movies believing that the American public gets what it wants if it wants it bad enough, and that if the majority wants better pictures for both adults and children, we will get them. He also believes that it is to be a matter of educating the mass to appreciate and demand better moving pictures.

The Tragedy of the Unmarked Grave

Pride and loyalty to his family had urged a pilgrimage to his ancestral home. He had hoped to find the graves of his fore-parents and to place flowers thereon. But he had come in vain. Desolate . . . forsaken . . . unattended . . . the graves he sought lay lost forever.

This, then, is the tragedy of the unmarked grave. Lives not recorded and soon unremembered, traditions not guarded and soon unknown. Inspirations, examples, knowledge . . . tragically lost for always.

LEGAL ADVERTISEMENTS

IN THE DISTRICT COURT OF EDDY COUNTY, NEW MEXICO.

FIRST NATIONAL BANK OF ARTESIA, NEW MEXICO, assignee of the Citizens State Bank of Artesia, Plaintiff vs. Mabel F. Welton, also known as Mable F. Welton, Defendant. No. 5738

NOTICE OF FORECLOSURE SALE

Notice is hereby given that pursuant to a decree of foreclosure and order of sale made and entered in the above entitled and numbered cause on the Civil Docket of the District Court within and for Eddy County, New Mexico, wherein the First National Bank of Artesia, Assignee of the Citizens State Bank of Artesia, is Plaintiff, and Mrs. Mabel F. Welton, also known as Mable F. Welton, is Defendant, to which decree and order of sale reference is hereby made for the particulars thereof.

I, J. C. JACKSON, heretofore appointed Special Master in the above entitled cause by said District Court, having been ordered to sell the hereinafter described real estate, shall expose for sale and sell at public auction to the highest bidder for cash at the front door of the First National Bank of Artesia, New Mexico, on Thursday, September 27, 1934, at 3:00 o'clock P. M. of that day, all the right, title, interest, claim and estate of the Defendant, Mabel F. Welton, some times called Mable F. Welton, in and to the following described real estate situated in Eddy County, New Mexico, and more particularly described as follows, to-wit:

All of Block Twenty (20) of the Original Town of Artesia, New Mexico, together with all and singular the hereditaments thereunto belonging or in anywise appertaining, EXCEPT two certain tracts of land; one out of the Northeast quarter (NE 1/4) of said Block 100 feet by 140 feet; that was deeded to W. R. Atkinson; and the other tract of land out of the South Part of said Block described as follows:

Beginning on the South Line of said Block 75 feet East of the SW Corner of said block; thence East along the South line of said Block, 61 feet; thence North and parallel with the West Line of said Block, 150 feet; thence West and Parallel with the South Line of said Block, 61 feet; thence South and parallel with the West line of said block, 150 feet to the point of beginning.

The purpose of said sale is to satisfy the judgment and decree of foreclosure rendered by the District Court of Eddy County, New Mexico, on the 28th day of July, 1934, against the defendant, Mabel F. Welton, some times called Mable F. Welton, for the sum of \$1236.33, as principal and interest with interest thereon at the rate of 10% per annum from the 24th day of July, 1934, for the further sum of \$122.25, as attorney fees, with interest thereon at the rate of 6% per annum from the 24th day of July, 1934, until paid, and cost of suit and further proceedings therein.

Total amount of principal and interest due on date of sale is \$1,257.96. The Total Amount of Attorney Fees due on date of sale is 122.92. Clerk's Cost 8.00. Service Fees 5.50. Special Masters Fee 10.00.

Total amount due on date of sale, not including cost of publication of this notice \$1,404.38. Dated this the 27th day of August, 1934. J. C. JACKSON, Special Master.

NOTICE OF APPOINTMENT

Notice is hereby given that I was duly appointed administrator of the Estate of Clara May Foley, deceased, on the 6th day of July, 1934, by the Judge of the Probate Court of Eddy County, N. Odd—But TRUE

5,000 SHEEP DAILY IS STATES QUOTA UNDER FED. PURCHASE PLAN

DENVER—Uncle Sam is becoming the greatest shepherd since Abraham in bringing more than \$76,000 a day to sheepmen of the west whose ranges are parched and water holes dried up by the drought.

Never since Biblical times, and probably not then, has there been so great a sheep roundup, Harry Petrie, chief of the cattle and sheep division of the AAA, said Friday in announcing a temporary buying quota of 38,000 daily for 11 western states in the drought relief sheep buying program.

This quota, he said, includes only those sheep purchased for shipment to processors and does not include those condemned and killed on ranges or those slaughtered by state relief agencies. He said he would have complete figures on these additional phases of the programs for a week when additional reports are received.

The daily quota for the western states, subject to change, is as follows: New Mexico, 5,000; Montana, 6,000; Oregon, 1,000; Texas, 12,000; Utah, 2,000; Wyoming, 6,000; Colorado, 1,000; North Dakota, 1,000; South Dakota, 1,000; Nevada, 2,000; and Nebraska, 1,000.

Petrie said that the four states of Texas, Montana, Wyoming and New Mexico, were expected to supply about one half the sheep to be purchased under the complete program which will operate in 21 states designated as emergency drought areas.

"Matter" is the subject of the lesson-sermon which will be read in all Churches and Societies of Christ, Scientist, on Sunday, September 23rd. The golden text is: "Tremble, thou earth, at the presence of the Lord, at the presence of the God of Jacob." (Psalms 114:7).

Among the citations which comprise the lesson-sermon is the following from the Bible: "What time I am afraid, I will trust in thee." (Pa. 56:3). The lesson-sermon also includes the following passage from the Christian Science textbook: "To ignore God as of little use in sickness is a mistake. Instead of thrusting Him aside in times of bodily trouble, and waiting for the hour of strength in which to acknowledge Him, we should learn that He can do all things for us in sickness as in health."

NEW PASTOR AT THE CHURCH OF NAZARENE

The Rev. John A. Breece of Lawrence, Kansas, his wife and two children, Nadine, age 14, and John A. Jr., age 9, arrived the first of the week. The Rev. Breece has been called to the pastorate at the Church of the Nazarene.

IF YOU GO TO CHURCH IT WILL HELP YOUR HOME

Everybody who shares the fellowship of a home ought to go to church.
The entire family ought to avail itself of the opportunities to establish the go-to-church habit. It is a foregone conclusion, and

axiomatic too that all parents seek earnestly the best things for their homes and families. Every natural father and mother strives for the best food, the most suitable clothing, the most seasonable shoes, and the best shelter that can possibly be procured for their offspring. Education is remembered also by these same parents, and social opportunities likewise.

So parental, is this desire for the best possible things for the children of the home that it often leads mothers into envious competition with other mothers' children for social preferment, and it not infrequently prompts fathers to a faster pace or a shifty turn in business to secure the coveted funds for their children. But all this simply shows how inherent in parenthood is the desire to secure the best things possible for the home.

But, suppose these same fathers and mothers would support in every way the go-to-church habit. Why isn't religion as good for the home as other things? Parents will find, if they go to church, that it helps them in their homes. It breaks up the humdrum monotony of housewife and of workman. Its associates will broaden life. Its preaching, teaching, praying and singing will fortify them against aggravations and dependencies. To go to church will offer new things for a family to talk upon about the family table. For parents to succeed in establishing their children in the

Typewriters for rent—Advocate.

habit of going to church would be one of the most valuable things those parents ever procured for that home. And what for the young people?

If young people will go to church it will help them in the home. One of the best traits any young person can manifest is to desire to share whatever good thing they have with their parents. The church also gives to young people big things to think about. To go to church will give boys and girls, young men and women, new ideas and ideals. Every young person owes it to the home to try to make it a happy place for the parents. Without young people knowing it the go-to-church habit will do this.

Suppose, parents, you add religious effort to those other things (the best things) you are trying to get for the home.

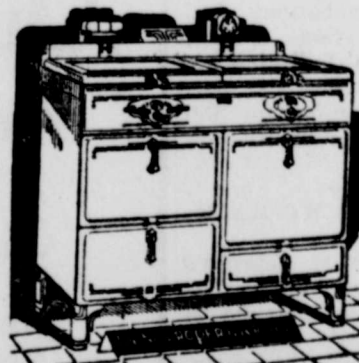

Suppose, young people, you add to the satisfaction of the home life as best you can.

The go-to-church habit will help the home!
Find your place in some church in Artesia next Sunday and every Sunday! If you choose to attend our church you will find a hearty welcome.

F. C. ROWLAND, Pastor, Calvary Baptist Church.

Let Chevrolet tell its own story of riding and driving comfort

Make the ownership test

CHEVROLET The best way to get the truth about the new Chevrolet is to make the Ownership Test. Drive this car over the same routes, in the same way you drive your present automobile, and let the results you can see and feel tell their own story. A ride will prove that Knee-Action makes bad roads good, and good roads better. A ride will prove that shock-proof steering, Syncro-Mesh

gear-shifting, a remarkably flexible 80-horsepower engine, and cable-controlled brakes make a big difference in safety and driving ease. A ride will show you why so many thousands have found it impossible to return to ordinary driving after an experience like this.

SUBSCRIBER TAKES EXCEPTIONS TO AN EDITORIAL LAST WEEK

Dear Editor:

Reference is made to an editorial in your last week's issue in which you took exception to the principle involved in encouraging, by the local merchants or other organizations, our Mexican population in the celebration of Mexican Independence Day.

I feel sure that this editorial was written on the spur of the moment and without giving the idea mature and deliberate consideration. What our Spanish-speaking people did last Friday and Saturday in their celebration is exactly the thing that all citizens of United States do every year in London, Paris, Canada, or in any other foreign country in which they have become citizens for the time being; they there celebrate their native country's natal day with appropriate ceremony.

But aside from this fact why criticize the Mexican for doing the same thing we here do every year. We celebrate our delivery from the despots power on the fourth of July. The Mexican celebrates his deliverance from the tyranny of Spain on the 16th of September. There is not an idea antagonistic to our ideals or customs. We glory in our freedom from foreign oppression. Why not encourage other American nations to do likewise?

Further the celebration last week was carried off very creditably to the Mexican population. It was so orderly as to be an object lesson to our Anglo population. It was artistic and well-arranged to bring out the particular significance of the occasion. It was a memorial in the true sense of the word. This is seldom true when the Fourth is celebrated by the average white community. If there was ever a constructive piece of Americanism put on by the Spanish speaking people of this locality it was this celebration and for it they should rate commendation and encouragement rather than destructive criticism with no concrete suggestion for some better method of showing a loyal American spirit.

Eddy County Farm News

Seeds for the FERA gardens have been received and many vegetables planted in the Artesia gardens. People interested in gardens should make an inspection of the Artesia gardens and see what can be done even with late planting.

E. C. Hollings, assistant state director, will spend Tuesday, September 25, in the county in company with County Agent Wunsch in the interest of pictures demonstrating the effects of the drouth, also pictures demonstrating the work done in the relief and regular AAA projects and other extension work.

L. H. Hauter, senior agricultural economist in land policy section, in company with W. A. Wunsch, county extension agent, will meet with the people in the Hope community on Friday, September 21, and discuss the advisability of planning a program for using the land under the readjustment program.

A meat canning demonstration was held by the members of the Atoka Woman's club and the county extension agent at the home of Mrs. Nevil Muncy. Two hundred and fifteen quarts of meat were canned and twenty-five members were present. The next regular meeting of the Atoka club will be held the first week in October at the home of Mrs. Lowery.

The cattle work has been continued thru the month and 275 farms in Eddy county were visited; 61,039 cattle inspected; 19,027 cattle being purchased, 3,467 of which were condemned and 15,551 being shipped. A total of \$158,737.00 was received in the county. It is expected that this work will be reopened in October.

NORTH MAIL NOW CLOSES EARLIER

Letters to be mailed on the north bound passenger must be in the local post office at 11:20 a. m. on and after September 15th. J. L. Truett, postmaster, announced last week. The north mail formerly closed at 11:30 a. m. but a change in the north bound passenger schedule made it necessary to move up the deadline for placing mail in the Artesia office.

Mr. Truett stated the post office force appreciates very much the cooperation by the patrons in giving their box numbers with their address.

This office will also appreciate your cooperation in caring for rents when such notices of rents are received.

The bulletin board in the post office lobby will carry helpful suggestions in obtaining the best mail services. Any other information desired will be gladly given at the window. If the patrons want rush service, they are invited to consult the post office force about air mail service.

LINDBERGH'S AT ROSWELL

Col. and Mrs. Charles Lindbergh paid Roswell an unexpected visit Saturday afternoon, landing at the Roswell airport about 4:15 p. m. The purpose of the visit of the famous pair was to confer with Dr. H. A. Goddard of Clark University, Worcester, Massachusetts, who is conducting experiments with rockets.

Spending the night in Roswell the famous pair took off late the next morning for an unannounced destination, which later proved to be Blythe, California.

LARGE PORTION OF PUBLIC DOMAIN IN N. MEX. WITHDRAWN

ALBUQUERQUE — Oscar L. Chapman, assistant secretary of the interior, announced Friday that withdrawal orders are being drawn for a large portion of the public domain in New Mexico for inclusion in grazing districts under the Taylor law.

Chapman's announcement made at the conclusion of a conference of livestockmen, conservationists, game experts, state officials and interior department representatives on the provisions of the Taylor law, brought cheers from approximately 500 persons who gathered in the University of New Mexico gymnasium for the meeting.

The exact boundaries of the two proposed districts included in the new orders, Chapman said, cannot be announced until officially published in Washington. They were said, however, to include portions of Grant, Hidalgo, Luna Socorro, Sierra, Catron, Lincoln, Otero, Chaves, Eddy, Dona Ana, Valencia, McKinley, San Juan, Rio Arriba, Lea, De Baca, Torrance and Sandoval counties.

No announcement was made as to whether the interior department is considering another request from New Mexico that the public domain be leased to stockmen in isolated tracts in Colfax, Union, Harding, Curry, Quay, Roosevelt, San Miguel, Taos, Mora, Bernalillo, Santa Fe and Guadalupe counties.

Chapman's announcement regarding the withdrawal orders, however, answered a request made last month by New Mexico that certain areas be withdrawn pending complete organization of grazing district associations.

CROWDS GATHER FOR CELEBRATION

Approximately 2,000 Mexicans gathered here for the two-day celebration of Mexico's independence, September 14th and 15th, being the 124th anniversary of Mexico's independence from Spain.

Patriotic addresses, dances, a baseball game, and a street parade were among the features of the two-day entertainment ending Saturday.

Local officers said the crowds, considering the size, were the most orderly seen here. Only eight arrests were made. Special officers among the Mexican population, who deserve credit for efforts in keeping everybody orderly included: Jose Dianda, Roman Dianda, Pedro Almanse, Chon Duran, Cedro Marquez, Jose Alvarado, D. V. Hernandez, Florencio Herrera, Alex Torres and Guillermo Leonan.

SEMINOLE MAY HAVE OIL TEST IN THE CITY LIMITS

Reports coming from Seminole are to the effect that assembly of lease ownership on town lots in the vicinity of Seminole is accepted by some oil operators that preparations are shaping up to drill at least one wildcat test in that town. American Petroleum Corporation and Atlantic Oil Producing company are credited with efforts to obtain the town lots.

The western portion of Gaines county is only one of the West Texas Permian Basin territories scheduled for exploration and drilling within the next few months.—Lovington Leader.

CROP IMPROVEMENT ASSOCIATION TO MEET IN ROSWELL OCTOBER 3

The New Mexico Crop Improvement Association will hold its seventh annual meeting at Roswell on October 3rd. J. R. Ogden, president, announced Tuesday.

The planting seed situation in the state is rather serious just at the present time and it is planned at this meeting to go into the matter quite thoroughly. Mr. Ogden has just returned from an extensive trip over the state which covered all of the eastern, northern, and central counties. He met with some of the members and directors of the different local crop improvement organizations and they indicated to him that a large attendance would be present.

LOVINGTON FAVORS NATIONAL TREE BELT

The Lovington Chamber of Commerce last week passed a resolution favoring the removal of the proposed shelter belt of trees into Lea county. This is in line with the recommendation of Dr. Knapp of the Texas Tech, that the proposed shelter belt be moved into New Mexico. The forest service has proposed the planting of a tree belt extending across the United States from the Canadian line to the Texas panhandle, but the territory tentatively selected would not come within 150 miles of the Texas-New Mexico line.

CONSTITUTION DAY OBSERVED AT ROTARY

Constitution Day was observed by the Artesia Rotary club at the weekly luncheon Tuesday and the program was in charge of Fred Cole, representing the American Legion. Mr. Cole made an interesting talk on the history and origin of the United States constitution. J. R. Ogden of Lovings was the only visitor.

On the previous week, J. K. Wallingford had the Rotary program and made a very interesting talk on the subject of "Menus," displaying some old menus over 100 years old.

BOY RUN OVER BY A COTTON TRUCK

Jesus Soso, seven year old son of Usavo Soso, Mexican farmer living near town, was painfully injured Tuesday afternoon late when a rear wheel of a cotton truck passed over his body. The accident occurred when the little fellow attempted to jump from the cotton truck and fell beneath the cotton truck. It was first thought his injuries might prove fatal, but he was improving yesterday morning, according to the attending physician, Dr. H. A. Stroup.
