## Seven Wells To Be Drilled In Eddy And Lea Counties

**Phillips Completes Only New Well in the Field; Baish No. 4, Maljamar Oil and Gas Corp. Hits Two Gas Pockets.**

Although only one completion was made in the southeastern New Mexico oil area the past week, seven new locations are expected to add much to the development of this area in the next few weeks.

Operators are watching the progress of the Baish No. 4 of the Maljamar Oil and Gas Corp., NE sec. 21-17-32, now the most interesting well in western Lea county. The Baish well appears to be running high. At 2283 feet a pocket of gas was encountered, estimated at 100,000 feet, and at 2330 feet tools were blown up in the hole and the line broken. The rig is shut down waiting on a new line.

Locations staked for the week include: The Woolworth No. 9 of the Phillips Petroleum Co., NE sec. 27-24-36; General Crude, Myers No. 3, SE sec. 22-19-30; Shell Petroleum Corp., State No. 1, SE NE sec. 12-21-35; Peerless Oil Co., State No. 1, NW SW sec. 29-21-36; Continental Oil Co., Myers B-9 No. 1, NE sec. 9-12-36; Flynn, Welch and Yates, Story No. 2, NE SW sec. 30-19-30; Flynn, Welch and Yates, State No. 70, SW NW sec. 27-18-28.

Two tests have been abandoned in Eddy county, both in the Rocky Arroyo section. These are: The Spearow et al, McClelland No. 1, sec. 22-22-23, abandoned at 4980 feet, the Spearow et al, McIntyre No. 1, sec. 35-23-25, abandoned at 3371 feet.

The one completion made in Lea county in this period is the Woolworth No. 8 of the Phillips Petroleum Co., sec. 22-24-36, which was drilled to 3503 feet. On a test flowing open the well made 935 barrels in ten and a half hours.

The McDonald No. 2 of the Ohio Oil Co., sec. 14-22-36, has been completed as a gasser at 3850 feet. The well, which burned for about six days when ignited about two weeks ago, is estimated good for 27,000,000 feet.

The Ogg No. 1 of the Texas Company, sec. 35-24-36, located about midway between the Jal and Cooper pools, completed last week, has been shut in for unitization approval.

Some attention has been given the Means No. 2 well of the Humble Oil and Refining Co., in Andrews county, Texas, across the state line. The well in sec. 6, block A-19, is bottomed at 4623 feet and preparations are being made to test the lime.

### SPECIAL ELK SEASON

SANTA FE—The state game department Tuesday announced a special season on elk on the TO ranch, southeast of Raton, the season to open November 20 and close November 24. There will be 100 permits and either bulls or cows may be taken.

## Artesian Flow Stopped In Wild Well Of The Lakewood Section

The well plugging crews in the conservancy district of the Pecos valley have plugged wells and wells, but until the crew of Myron Bruning hit the Lakewood district, it was never necessary to use all the mud, salt grass turf and cotton hulls, etc., in the country. Saturday the Bruning crew finished plugging the old Thompson well north of Lakewood after several weeks of hard labor. In attempting to stop the flow of this abandoned well, 700 tons of mud and about twenty-five tons of salt grass turf and cotton hulls were used, with eventual effective results. Thompson, an early-day promoter of Lakewood, is said to have shot the well to increase the artesian flow, but when the well was shot like an ordinary oil well, the artesian flow was stop-

## DEMO. CANDIDATES TO ADDRESS VOTERS HERE AT 3 O'CLOCK

Four democratic candidates will address the voters here this afternoon at the majestic theater, beginning at 3:00 o'clock, it was announced Tuesday. The speakers include Senator Carl A. Hatch, candidate for the United States senate, short term; the Hon. J. J. Dempsey, candidate for congressman; Robert Valdez, candidate for corporation commissioner, and Frank Patton, candidate for attorney general.

Coming down the valley, where last night they addressed Roswell voters, the candidates will speak at Carlsbad tonight. Tuesday these candidates visited Lea county.

Today's engagement will probably be the last one to be filled here by the democratic candidates. The public is invited.

## HOPE YO ROAD TO START IN NOVEMBER

Word was received here last night by M. W. Evans, county FERA project manager, that the FERA project on the Hope-YO road had been approved and formally set up in the state office at Santa Fe. Work on the road project is expected to start between November 1st and 7th. A new route between these two points, recently surveyed, will be graded and graveled most of the way. Construction plans are not definitely known at this time except the work will start on the west end at YO Crossing and proceed in this direction.

### PRINTING BALLOTS

The Advocate is printing the Eddy county ballots for the general election and is also doing the press work for the Chaves county ballots.

## FNHA SURVEY TO BE BEGUN HERE IN FEW DAYS SAYS REPORT

J. W. Knox of Santa Fe, liaison officer of the Federal National Housing Act, spent some time here Tuesday conferring with officials of the First National Bank and the Chamber of Commerce with reference to starting a survey of here. It was announced that Mr. Knox would return within about two weeks, at which time further plans will be made with reference to inaugurating a survey here. In this connection we are requested to announce that data and literature has been left at the Chamber of Commerce office. Prospective applicants should get in touch with W. B. McCrory, manager, for any information desired.

### BULLDOGS TO MEET ROSWELL

The Artesia high school football squad will journey to Roswell tomorrow afternoon to meet the Roswell Coyotes in the only game scheduled between these two teams during the season. Incidentally Roswell is rated as the strongest team Artesia will have to go up against this year.

### FOOTBALL TONIGHT AT CARLSBAD

The Carlsbad high school football squad will meet the Clovis wildcats tonight at 7:30 on the new lighted gridiron at Carlsbad, it was learned here today.

## J. P. WHITE DIES AT SAN ANTONIO, TEXAS FUNERAL YESTERDAY

**Simple Services for New Mexico Pioneer Held by A. D. Crile, Assisted by Rev. LeRoy Thompson; Hundreds Pay Tribute.**

J. P. White, aged 78, of Roswell, a pioneer citizen of eastern New Mexico, died at a San Antonio, Texas, hospital near noon Monday morning. Mr. White had been in a critical condition for some time and about ten days ago he was rushed to the hospital in San Antonio for further treatment, but his condition was beyond medical aid. His illness extended over a period of about eight months.

Mr. White was born at Gonzales in Gonzales county, Texas. At the age of twenty-one he came to the panhandle of Texas and established a ranch near the Canadian river. In 1881 he came to New Mexico and bought the Bosque Grand ranch, thirty miles north of Roswell, from John Chisum. He operated this property until 1885 and then transferred his interests to the Four Lakes region in Lea county. Later he purchased the noted Yellow House ranch in the Clovis region. In addition to the Yellow House ranch which consisted of 320,000 acres, he acquired the LE ranch from the Hagerman estate in 1929, which comprised 120,000 acres of land. He also owned and operated several farms in the Pecos valley. He was reputed to be one of the richest men in New Mexico.

Funeral services were held yesterday afternoon in Roswell with Dr. A. D. Crile officiating, and with Masonic services at the graveside.

Hundreds gathered at the White home yesterday afternoon to pay their last respects to a resident who had spent fifty-three years in this section. The services held at the White home were simple. Dr. Crile was assisted by the Rev. LeRoy Thompson, Presbyterian pastor at Roswell.

### GOVERNOR RESTORES CITIZENSHIP TO 68

Gov. A. W. Hockenhull, on his return from a trip to the east side of the state, signed 68 pardons and citizenship restorations.

They went to men who have served their entire sentences without violation of prison rules, according to recommendations of Warden John B. McManus, and thus, according to law, are entitled to the certificates.

## RAINS ARE GENERAL OVER THIS SECTION ON LAST THURSDAY

General rains fell over this section last Thursday night, varying from a quarter to three-quarters of an inch and was even heavier in spots. The precipitation here for the period measured .70 inches. At Hope the rain was accompanied by a heavy wind. At the Sam Hunter ranch near Hope, the wind was so hard it blew a chicken house a distance of some ten or twelve feet, but strange to relate the chickens were left on the roost undisturbed.

### DOUG FAIRBANKS TO SPEAK FOR TINGLEY

ALBUQUERQUE—New Mexico's political campaign will be enlivened election eve by the appearance here of Douglas Fairbanks, motion picture star and frequent visitor to New Mexico, who will speak in behalf of Clyde Tingley. Albuquerque city commission chairman and democratic candidate for governor.

### FIND DIPHTHERIA CARRIERS

Dr. O. E. Puckett, county health officer, announced yesterday three diphtheria carriers had been found among the local school children.

Howell Gage of Carlsbad, Eddy county deputy sheriff, was a visitor here Monday.

## DEPOSITS AT FIRST NATIONAL FOR WEEK AMOUNT TO \$673,000

Returns from cotton and alfalfa have swelled the bank deposits in the First National to the highest point of the year, although the full benefits from the cotton crop will not be felt immediately. During this week the deposits ran over \$673,000 at the First National to set a new high record for the past three or four years. In addition the pay roll from the cotton gathering operations together with the normal weekly pay roll here has run the weekly pay roll to a new high figure of about \$25,000.00. It is estimated that about \$10,000 per week has been turned over to cotton pickers of this district for the past four weeks.

The week end shopping has held up well with local business men as Artesia has held its reputation for probably the best Saturday town in the valley.

### LOCAL GINNINGS

Six gins of this district ginned 1,054 bales since the last report. The crop will soon be gathered. Reports by gins follow:

Lake Arthur gin.....	423
Cottonwood gin.....	1,905
Association gin, Espulla.....	1,401
Farmers gin, Artesia.....	1,333
Association gin, Artesia.....	1,249
Association gin, Otoka.....	1,100
Total.....	7,411

## GRAZING DIST. MEET AT ALAMOGORDO ON OCT. 31 POSTPONED

J. W. Russell, special agent of the division of investigation, announced here last night that it was necessary to continue the grazing meeting scheduled for the South Central New Mexico Grazing district meet originally to have been held at Alamogordo October 31st. The meeting has been continued until February 16, 1935. Information of the continuation of the Alamogordo meeting was received in a telegram dated October 20th from F. R. Carpenter, director of the grazing district. Stockmen and others planning to attend should take note of the change in date.

### GROWING PURPLE LEAF COTTON HERE

Joe H. Patterson of Oklahoma City, Oklahoma, accompanied by his son, Elton Patterson of Ponca City, Oklahoma, an employee of the Continental Oil Co., was here last week looking after property interests. Mr. Patterson owns the old Slaughter farm, just south-east of town, on which was planted three acres of Webb's purple cotton. The cotton stalks and leaves of a purple color is said to be a good yielding cotton in some sections and has yielded here about like the Acala under average conditions. The purple cotton was propagated by J. A. Webb of Union City, Oklahoma.

### SETS SPEED RECORD

DESENZANO, Italy—Lieutenant Francesco Agello Tuesday apparently broke the world's air speed record, which he also held, racing his seaplane at a rate reported unofficially at 700 kilometers (435 miles) an hour over Lake Garda.

The new speed is ten miles an hour more than the record Agello set here April 10, 1933, when he established a mark of 682.078 kilometers (423.822 miles) an hour.

### POLICE COURT

Jimmie Rowland was fined \$100.00 and sentenced to sixty days in the county jail on a charge of operating a motor vehicle while intoxicated, when arraigned before W. H. Ballard, justice of the peace, yesterday morning.

It is alleged that while Rowland was driving the Folkner truck Tuesday night, he ran into the rear end of a cotton truck belonging to J. B. Smith of Dayton. The collision occurred near the Eagle Draw dip. Mr. Smith was injured, sustaining bruises and two or three broken ribs, but his injuries were not regarded as very serious.

## 1933 COTTON PAPERS SHOULD BE TURNED TO COUNTY AGENT

**Trust Certificates Worth Two Cents a Pound to Growers; Corn and Hog Growers Get 21 Checks Totalling Sum of \$1,800.**

Eddy county cotton producers who hold participating trust certificates in the 1933 cotton pool should take advantage of turning these trust certificates in to W. A. Wunsch's office and signing the proper papers to obtain the 2c a pound advance, or offer the certificates to the pool for sale. For those producers who have lost their trust certificates, a form has been prepared which they can sign and secure a duplicate certificate. In addition to receiving the \$7.60 a bale cash the producer will receive another certificate which he can turn in for a direct sale of the cotton at any time he desires when the market for cotton is above 12c a pound.

Those cotton producers who planted cotton in the year 1933 and have as yet not received their tax exemption certificates will be able to secure these Thursday (today). The State Board has only issued those applied to 1933 crop. Those allotments that will be made for hail or other adjustments will not be received until some time next week. As soon as they are received producers entitled to same will be notified.

A total of 21 checks, first payment on corn-hog reduction contracts, were received Tuesday, making a total of approximately \$1,800. There were 14 contracts that have been sent to the individual farmers for some adjustments to be made before payments can be made.

The time limit for the producers to file their tax exemption certificates to be placed in the government pool is November 10.

### COUNTY FEED LOAN PLAN IS DISCUSSED

At a meeting of the county feed loan committee at Carlsbad Monday, it was revealed that 110 federal feed loans have been made in the county, aggregating from \$50.00 to \$12,000, it was reported. Plans were made for the inspection of the needs of the farmers applying for the loan. Members attending Monday's meeting included A. T. Woods of Artesia, state director; W. D. Bales, M. W. Evans, W. A. Wunsch, W. E. Flint and C. F. Montgomery, all of Carlsbad. W. E. Flint will make the inspections where loans are for more than \$300.00.

## CAR CONSIGNMENT WOOL BRINGS 16.40c ON BOSTON MARKET

E. B. Bullock received a wire Monday stating that 27,000 pounds of wool held on consignment at the Boston market had been sold. The consignment consisting of ten small clips netted the growers 16.40 cents per pound and although not the best grade of wool shipped from the local warehouse the past season, it brought the best price of any valley wool sold in recent weeks. The wool market appears to have at last taken on a little life and sheepmen are optimistic as to future prices.

### WUNSCH ESCAPES INJURIES

W. A. Wunsch, county agent, narrowly escaped serious injuries last week en route to El Paso to attend a livestock meeting, it was learned here. A car collided head-on with the Wunsch car after passing a truck. The Wunsch car was badly damaged. Two occupants of the other car were injured, but not seriously.

### DR. WOMACK TALKS ON ANAESTHETICS

Dr. C. L. Womack was the chief speaker at the weekly luncheon program of the Artesia Rotary club Tuesday and made an interesting talk on the subject of administering anaesthetics. Roswell visitors attending the luncheon included: Flay Austin, H. B. Smyrl, Carl McNally, H. E. Samson and T. H. Boswell.

## 879 PEOPLE ON THE EDDY CO. RELIEF ROLLS IN SEPTEMBER

A report of the county emergency relief administration for the month of September contains some interesting information.

The total number of people on relief as of September 1st, was 879. Of this number 145 were on direct relief and 716 on work relief. Eighty-four applications for relief were received in September and forty-three transients situations were handled in this period. Cases closed during the month were 172 and the total cases under care were 791.

Of the expenditures for direct relief which amount to \$1,679.81, the largest item of \$827.92 was for food. Surplus commodities distributed amounted to \$1,153.88. The total expenses for the relief work in the period amounted to \$12,154.13.

## CARL WRIGHT'S BOND DECLARED FORFEITED

Forfeiture of the bond of Carl N. Wright Friday was said to have been the first forfeiture of a bond in Eddy county in a number of years.

Wright was convicted last fall of manslaughter in connection with the killing of A. J. Foster, a rancher living near Lakewood, in 1929. Earlier he had been convicted of murder but the case was remanded to Carlsbad for trial on order of the supreme court.

Foster was beaten to death with a fence post following an argument between the two men.

Wright was sentenced to serve from five to seven years in the state prison by Judge McGhee but disappeared after a motion for a new trial.

G. B. Armstrong and G. G. Armstrong went on Wright's bond which was for \$3,000.

## A NEW PRECINCT IS CREATED BY COUNTY COMMISSIONERS

A new voting district at White's City was ordered established by the county commissioners court at Carlsbad Monday. Judges and clerks for this district were to be appointed later Monday completing the list of election officials for the November election.

The county will have 17 voting districts in its 11 precincts. Eight of the precincts will have one voting district. These are Loving, Otis, Oil Field, Hope, Lakewood, Queen, Dayton and Cottonwood precincts. The Artesia precinct will have four, and Malaga will have two, the White's City district being a part of the Malaga precinct.

### GATES IS PRESIDENT OF FRESHMAN CLASS

FULTON, Missouri—John Gates of Artesia, New Mexico, has been elected vice-president of the freshman class at Westminster College here. Mr. Gates won over his opponent by a large count. Wallace Gates, also of Artesia, and Jess Paris, are enrolled again at Westminster here this fall. Both of these men are juniors.

### JACKSON RECUPERATING NICELY AFTER OPERATION

Senator J. H. Jackson, who underwent a serious major operation at the Scott-White hospital in Temple, Texas, last Thursday, is reported to be recuperating nicely, according to word received here Monday by friends.

## 300,000 Sheep-Goats Shipped And Killed Under Relief Program

Approximately 300,000 New Mexico sheep and goats have been killed or shipped under the federal government's relief program, Tom Snell, Sheep Sanitary Board secretary, said at Albuquerque Tuesday. Of this number 20,000 sheep have been shipped and the remainder condemned as unfit for use.

Of the 101,070 sheep and goats killed as unfit for human consumption, 87,026 sheep belonged to non-Indian ranchers, and 4,025 to Indians. A total of 10,019 goats were killed.

Snell left Tuesday for Fort Worth, Texas, to attend a meeting of the Texas Sheep Sanitary Board to discuss a plan for shipment of lambs over the New

## 15,000 Hunters Will Go To The Hills In Quest Of Their Buck

**Approximately 450 Big Game Licenses Are Sold Here; Warden Warns Against Haste and Also Tells of Fire Hazard.**

The big bombardment started in the hills this morning as the deer season opened. Most of the hunters from this locality went to the Sacramento mountains. As near as can be estimated the number of hunters who went up yesterday are about the same as usual. Approximately 450 big game licenses have been sold here with the number of out-of-state residents a little higher than usual.

A partial list of those who have gone to the hunting grounds or who contemplate going includes: Mr. and Mrs. Ray Bartlett, E. C. Higgins, Ike Ogg, John Vandagriff, Sid Cox, L. R. Buck, Glenn O'Bannon, Monroe Howard, Dr. and Mrs. H. A. Stroup, Nevil Muncy, Mr. and Mrs. Harve Muncy, Mr. and Mrs. Howard Stroup, Mr. and Mrs. Albert Richards, Fred Tucker, W. H. Rambo, G. E. ### HAUPTMANN TRIAL IS SET FOR JANUARY 2ND

FLEMINGTON, N. J.—Bruno Hauptmann will go on trial January 2, for the abduction-murder of the Lindbergh baby.

In the century-old courtroom where he will be tried, the Bronx carpenter was arraigned yesterday before Supreme Court Justice Thomas W. Trenchard. In a clear and firm voice, he answered the indictment charging him with the sensational crime: "I plead not guilty."

## LET'S KEEP THE RECORD STRAIGHT MR. NEAL!

After all the "ballahoo" the erstwhile democratic office-seeker, Caswell Neal, made about his great expose on the "twining octopus," the Southern Union Gas Co., at Carlsbad, on the night of October 16th, we regret that Mr. Neal passed us up and did not let Artesia in on his horrible exposure of the way the great corporations are trying to dominate the democratic party.

For the sake of keeping the record straight, we believe Mr. Neal ought to come clean in his statements, and tell us how and why he obtained his information.

He states the Southern Union Gas Co., made a \$2,000 campaign contribution to the democratic party in 1932 and after the campaign was over, a company official made the statement, "We are safe for another two years" or words to that effect. He charged further the company owes \$80,000 in back taxes and that by reason of its political activity, the company dominates the democratic party of New Mexico.

He might tell us, for instance, if it is a fact that he does not represent the deposed president of the Southern Union Gas Co., in a counter suit against the company and whether or not this deposed president did not attempt to throw an affiliated company into the hands of a receiver. If it is not a fact that the Southern Union secured a \$5,000 judgment against the deposed president for misappropriation of funds. If the alleged \$2,000 political donation came from the deposed president's company expense account or whether the donation came direct from the company with its knowledge and consent. He might also tell us if the statement: "We are safe for another two years," are not the words of the deposed president, who was the head of the Pecos Valley Gas Co., in 1932, and whether or not the generosity of the deposed president, who contributed liberally to political and other public causes was not the cause of the deposed president parting company with the Southern Union Gas Co.

Also, if the charge that the Southern Union owes \$80,000 in taxes to the state of New Mexico is the truth, the whole truth and nothing but the truth.

## WHAT IS A GENTLEMAN?

A story that is fully attested as to its truthfulness is told of Chief Justice John Marshall that illustrates gentility. As he was taking a morning walk in Washington, he encountered a young man at the market-place. A well-filled basket was at the feet of the young man and he was saying to the market man: "I wonder where all the niggers are this morning. I can't find anyone to carry my basket home." The chief justice said: "Where do you live?" The answer was 204 Avenue A. "Well, I am going your way, I will carry it for you."

They started, the judge carrying the basket. The young man noticed that the people they met all bowed very politely to the volunteer porter and wondered who he could be. The basket was deposited at the door, pay was offered but declined. The next day while walking with a friend, this young man saw the volunteer porter in a group of lawyers. He said: "Who is that plain old fellow that they are listening to?" His friend replied: "That is John Marshall, Chief Justice of the Supreme Court of the United States."

"He carried my market basket home yesterday. Why do you think he did it?" the young man asked.  
"To teach you the difference between a real gentleman and a snob," was the caustic reply.—Kerville Mountain Sun.

The chances are more remote now we may have a few cases of epilepsy among the newspaper profession after some of the boys got through throwing a fit because the progressive republican bunch wasn't given all of the political plums by the present state administration. For a while it looked like everybody was going to mount the progressive band wagon as it came by; now it looks as though the two party system might survive, even after the state administration had the audacity to fire some of the progressives from the state capital. Most of us still cling to the idea that politics is rotten to the core, unless played our way.

The statement that Cutting controlled ninety percent of the newspapers of the state has caused some east side papers to come forward with a vigorous denial. A newspaper's editorial policy ought to establish whether or not control is maintained by the Cutting crowd. When a newspaper does espouse the republican-progressive cause, the espousal creates a stigma, which the paper is not able to escape, whether the so-called stigma arises from honest convictions, or whether it is motivated by money supplied by Cutting.

Human nature is probably pretty much the same wherever you find it. People are apt to think that only the rich and powerful are grasping and greedy and that those who are poor are in the main unselfish and considerate of the rights of others. But selfishness crops out in the office of the big banker, in the factory of the rich and powerful, in the homes of the poor and lowly, in the great institutions of merchant princes and in the small shops of the little merchant.—Lovington Leader.

Some members of the United States Senate have responded to the frantic SOS of Senator Cutting to tell the people of New Mexico what a valuable man he is to the senate in national and international affairs, but these speakers know nothing of the local conditions of the state. What difference does it make if Cutting tries to settle all the troubles in Russia, Germany, France and other foreign countries? What we need is someone to look after the interest of New Mexico.

A local democrat with republican leanings went to hear the republican speakers here last week. After listening to the entire speaking he said "It's the first time in my life I ever heard a bunch of republican politicians trying to ride into office on the coat tail of a democratic president."

### MANN DRUG CO.

## Chislings

Lots of married people with only one child refer to the only child as baby. A mother remarked the other day they had more trouble than ever before getting their eighteen year old baby to sleep.

Back about 25 years ago a cow-puncher from the Turkey Track went to Kansas City with a load of cattle. He stayed at a hotel out close to the stockyards and when he got back to the ranch he was telling the boys what all he saw.

"I couldn't sleep much because they burned a light in my room all night. I'm just not used to it," he said.

"Why didn't you blow it out?" asked another waddy.

"How could I? They had the dern thing in a bottle."

A local married man vigorously denies that his wife came from a fine family. He says she has them with her.

Some fellows insist the meaning of NRA is "Not Right Away."

We once knew a fellow who spoke thirteen languages. He said he had mastered many tongues, but could do nothing with his wife.

Every time we see a sharp-nosed fellow, we wonder if he's got that way by having his nose to the grindstone.

A famous man once said, "Let me see the community cemetery and I'll show you what kind of a community you have." Right now he would undoubtedly think well of Artesia because our cemetery shows the results of good care. In fact, it's in the best condition of its history, due to the efforts of Mmes. Tom Heflin, Wingfield, and members of the cemetery board.

Right now in the heat of the campaign, you may come to detest the word "politician," but look up the definition of the word "politician" in the dictionary. We have a little more patience with the office-seeker than does the average individual because we know what he has to go through with in order to get what he is after. Did it ever occur to you that the politician must sell himself to every voter, whereas a man in private industry has only to sell himself to his customers or to the man who does the employing in a big concern.

With part of the taxation burden lifted from the home, the home owner or property owner should be interested in ways and means of modernizing his property. There has been a surprising amount of repair work completed here, but much more should be undertaken. In fact, Artesia could use quite a few modern apartments and houses.

A. P. Mahone (Ole Doc Pepper himself) who was accused by the Advocate last week of getting in the way of the fire department is held blameless, since it develops that he was only a passenger of another fellow, who was not guilty. Doc makes a suggestion for more efficient work of the department and this is for the boys to come down and energy up a bit before attempting to fight the fire.

The number of relatives of Dennis Chavez on the public pay roll, which is one of the chief issues of the pro-repubs are being reduced gradually as the campaign get under way. The high number of twenty-seven set by Caswell Neal has been reduced by the Albuquerque watchdog, the Journal, to twenty-two. We hope they don't get the number too low because with the voters getting next to Caswell's line about the heartless corporations, he won't have anything left to talk about.

## WATTS SELLS LAMBS

Ed Watts of the Dunken section finished delivering 1623 head of lambs to the local pens Monday. These lambs were sold to Fields Waller and will be shipped to pasture near Fort Scott, Kansas. The lambs weighed an average of fifty-nine pounds and brought four cents per pound. Other lambs sold on contract will be delivered here shortly after the first of November.

## NEWS BRIEFS OF THE CHAMBER COMMERCE

"As Your Chamber of Commerce Is So Is Your City"

Our local bank is now receiving applications for FNHA loans for the purpose of improving either the grounds or homes of any home owner. The manner in which this money can be used covers a wide field and includes all kinds of house repair such as re-roofing, new foundations, patching, replacing windows, new glass, painting, etc. It also applies to grounds in providing for rock gardens, lily ponds, new fencing, terracing, cellars, plumbing or water supply, etc.

At present one cannot secure a loan from this department for an entirely new home but he can apply for money with which to either remodel his house or to build to it new additions. Before long the government promises that money will be available with which to build new homes.

The FNHA advantages offered should be utilized by home owners for it will be the means in many cases of cutting down interest on money now owed and at the same time the increasing of present values in real estate. With this loan one cannot pay off mortgages or debts already incurred but he can make the necessary current improvements or repairs and then saving the money that would otherwise have been allocated to these repairs reduce his indebtedness. In this way one can legitimately use the FNHA provisions in a roundabout manner to reduce indebtedness.

Anyone interested in this matter should confer with his local banker.

C. B. Dawson of Burbank, California, has moved his family to Artesia for the winter and they are located in the S. D. Gates house on Quay street. Mr. Dawson, commenting on conditions in California, states that at present there are said to be over 1,000,000 unemployed men and that the most of these require aid. In addition to these and due to the political propaganda that is now going on out on the coast, additional thousands are flocking to the west coast feeling that in some magic way they too may reap some advantage from the EPIC program. On the other hand, public confidence is rapidly deteriorating and business is becoming more insecure.

Artesia is fortunate that many of the "floaters" who came in here to pick cotton have already returned home and others are planning to do likewise.

The chamber desires to locate a number of pictures of game or fish that have been taken by local residents in the territory adjacent to Artesia. We want to make a permanent display in the hotel lobby to attract the eye of the tourist to the fish and game possibilities of this part of the west. Anyone having a good picture of this kind willing to have it used for this purpose should call the office. If it is desired to have the picture returned we shall be glad to comply with your wishes.

The state, under the direction of L. M. Carroll, is making a survey of highway 83 west of Hope to Reeves Hill. This calls for a new route for the road over much of the way. While there is no intimation as to when this road will be constructed, we hope that it will become a reality before many more years have passed.

## CARLSBAD WOMEN ORGANIZE

Mrs. Will Ed Carter of Carlsbad, daughter of Mr. and Mrs. T. J. Stagner, was elected president of the Eddy county women's democratic organization at Carlsbad Friday morning. Mrs. Wales Culppepper was chosen vice-president, and Miss Mildred Puckett was elected secretary. The organization will take an active part in the political campaign from now until the election.

## GASTON FUNERAL RITES

The body of Luther Gaston of Artesia, who died in a Carlsbad hospital October 16th, was shipped back to his former home at Tennyson, Texas, Friday. Gaston, employed on the Terpening farm, died after undergoing an emergency operation at Carlsbad last week.

## BULLDOGS PLAY THE HOBBS EAGLES TO A SIX TO SIX TIE FRI.

A costly fumble in the second quarter cost the Bulldogs victory against the Hobbs Eagles Friday afternoon. The game ended in a six to six tie and was fought on about even terms, with the Bulldogs the aggressor in the first half and the Eagles taking the margin in the second part of the game.

The Bulldogs scored their only touchdown in the first quarter on a pass to Hatnes. In the second quarter after drawing a penalty the Bulldogs attempted an end run on the Hobbs ten yard line. The ball was fumbled and went over to Hobbs, who made the goal in four tries.

From then on the game was played on practically even terms. Hobbs made a serious threat in the last quarter, but the threat ended when the visitors drew a penalty and the game ended with Artesia advancing the ball toward the local goal.

Jeral Jafford, Hobbs left end, was clearly the outstanding player on the field and made some substantial gains on end runs. Ross Conner starred for the locals.

**Your Credit Standing**

To grasp commercial opportunities, temporary financing is frequently needed. Consequently, the business man who has already established his credit standing at the bank has a great advantage. The principles of doing this are simple and straightforward.

Like other business men, the banker favors his own customers first. To be a borrower, one should first be a depositor, carrying adequate balances, never overdraw nor drawing against deposited checks before they are collected. One should also establish a reputation as a good business manager.

Remember, the banker is responsible to his depositors. On their behalf it is proper for him to know the purpose of the credit, and when and how the loan will be repaid. Also, he should be supplied at regular intervals, with copies of the borrower's financial statement.

Above all else, obligations should be paid when they become due, according to the agreement under which the loan was made.

PENASCO ITEMS

(Editor's note: We have secured the services of a new correspondent for the Elk and Lower Penasco communities and we know our readers will enjoy these items each week.)

Mr. and Mrs. Austin Reeves and Mrs. Oris Cleve attended conference at Cox canyon last week.

Mr. and Mrs. Frank Latham and daughters were down from Clouderoft visiting friends at Elk Saturday.

The Lower Penasco school is planning a Hallowe'en party on October 31 under the supervision of the teacher, Miss Ernestine Chesser.

Miss Edwina McGuire is a transfer from the Pinon to the Elk school. This brings the total enrollment of the Elk school up to twenty.

Friday and Saturday the ranchers around Elk rounded up cattle for shipment. About 500 head went to Artesia from the Elk community last week.

Among the children from Elk who went to the Roswell circus Saturday were Edwin, Edsel and Marian McGuire, Janice Parker, Madie Frank and Thelma Reeves.

Mr. and Mrs. John L. Parker, Mr. and Mrs. John Posey and son Lloyd, and Mr. and Mrs. Austin Reeves and son Loren were business visitors in Roswell over the week end.

The Rev. Gordon Sterling of Weed and Miss Beck, Baptist missionary from South America, who is visiting Miss Katherine Cleve of Elk, attended the Baptist convention at Roswell last week.

On Wednesday, October 17th, Mr. and Mrs. John L. Parker accompanied Miss Mary Mobley and Cecil Brazilton to Alamogordo where the latter couple were united in marriage. For the present the young couple will reside with the bride's parents, Mr. and Mrs. S. N. Mobley, who are on the Cleve farm near Elk.

A dance was held at the home of S. N. Mobley Saturday in honor of the marriage of Miss Mary Mobley to Cecil Brazilton. Miss Edna Page, the Elk teacher, carried home the ring out of the wedding cake. Many friends of the young couple wish them much joy and happiness. The dancers were favored by special violin

selections played by Henry York.

The Rev. Raymond McGrew held regular third Sunday services at the Penasco church last Sunday. Much enthusiasm is being shown in the "Young Adult Sunday School Class" which was organized under the leadership of Mr. and Mrs. Raymond McGrew in September. It is hoped that all the young married couples as well as the single adults will join wholeheartedly in making this an outstanding Sunday school class. Erasmus Williams has been elected teacher of the class and Mrs. Oris Cleve is president.

GENERAL NEWS BRIEFS

General Von Kluck, the German who nearly captured Paris, died at his home Friday in Berlin, at the age of 88 years.

Harry L. Hopkins, relief administrator, said in a press conference Friday at Washington that twelve rural industrial communities housing from 150 to 700 families each would be built immediately with relief funds in different sections of the country.

In a speech at Roanoke, Virginia, President Roosevelt told the nation's veterans Friday they were better off than any other group of individuals and called their attention to the needs of the underprivileged in every locality. The address was made in the dedication ceremonies of the new \$1,700,000 veterans hospital near Roanoke.

Hal Everts, aged 47, noted writer, died Thursday of a heart attack on the steamship, Malolo, near Buenos Aires, South America.

Enrollment at the close of the first six weeks in the Carlsbad public schools jumped to 1,395, Superintendent W. G. Donley, announced last week.

Asa Keyes, aged 57, Los Angeles county prosecutor, ended a colorful career when he died last Thursday at his Beverly Hills, California, home. His career was interrupted by a prison term for bribery in connection with the Julian oil scandal.

At the end of the travel season on September 30th, the grand total of visitors checking in at one national park and the various national monuments in New Mexico totalled 304,784.

Howell Gare, Eddy county deputy sheriff, probably owes his life to the fact that he went to the wrong airport last week in El Paso to take a plane for Mexico City. As he arrived at the right field later he saw the plane he intended to take chash at the end of a power dive.

The federal government empaneled a special grand jury Saturday at Louisville, Kentucky, to consider indicting Thomas H. Robinson, Jr., his wife and father in connection with the kidnaping of Mrs. Alice Speed Stoll. The jury later voted to indict all three and the charge makes possible the death penalty for all three in the event they are convicted.

A discovery that will make radium from common table salt was announced last week from Boston, Massachusetts. The salt radium remains common table salt except that it gives off powerful rays which will last for several days. The discovery offers medi-

SOLDIER OF FORTUNE TO CAMPAIGN FOR DEMOCRATS

Captain Irving Patrick O'Hay, soldier of fortune, lecturer and author, and a life long democrat, has taken the stump in behalf of the democratic candidates and will speak in Roswell on October 30, in Carlsbad on October 31, and in Las Cruces on November 1.

The veteran of eight campaigns, Captain O'Hay has led a life that reads like a story book. He has looked death in the face so often they speak on the street.

A member of that famous fighting regiment, Princess Pat's Own, during the World War, O'Hay was one of the very few members who survived the war. When the United States entered the war 127 men in his battalion, all Americans, offered to ask for a transfer if Theodore Roosevelt would enlist a regiment for service in France. In a battle shortly afterwards the regiment was so badly decimated by casualties that only two of the Americans in the battalion survived. One of these men was Captain O'Hay.

cine a new tool to combat cancer.

A decline in the national unemployment, bringing it to the level of October, 1931, was announced at Washington Friday. The most pronounced employment gains occurred in the wholesale and retail trade.

A gas war along the Atlantic seaboard Saturday sent the price of gasoline to the lowest price of the season. The price of gasoline in Philadelphia was quoted at thirteen cents per gallon, while across the line at Camden, New Jersey, the price was eight cents.

The charge of professional misconduct against A. L. Zinn, justice of the state supreme court, will probably be heard in the early part of December.

Federal authorities said Monday they believed Thomas J. Robinson, Jr., indicted for the kidnaping of Alice Speed Stoll, has been using his talent as a female impersonator to elude federal agents.

A pledge that bankers will put their shoulder to the wheel was made at Washington Monday at the opening of the American Bankers association. President Francis M. Law said there had been a marked improvement in the banking situation.

The northwest coast was protracted over the week end by a severe storm with losses especially heavy in western Oregon and Washington. The storm loss was at least sixteen killed and property losses amounting into huge figures.

### AMERICANS WIN THIRD IN MELBOURNE AIR RACE

The United States' lone remaining entry in the England-to-Australia speed race, the big (Boeing) transport plane carrying Col. Roscoe Turner and Clyde Pangborn, a mechanic and radio operator, taxied across the finish line yesterday to win their place in the great air derby at Melbourne, Australia.

Although motor trouble kept them from snatching last minute, hard-fought victory for second place from the Dutch team, Parmentier and Moll, the Americans qualified for the \$2,500 third prize before their nearest rivals had reached the other end of the Australian continent. They just about cut in half the best England-to-Australia speed record established before the race.

### SMALL GRAIN FOR PASTURAGE

The acreage in small grain, usually small, will be increased this year because of the demand for winter pasturage for livestock. Some grain has been sowed and more will be sowed as soon as the cotton crop is out of the way.

Mrs. J. H. Jackson and Mr. and Mrs. Cavitt Jackson returned yesterday from Temple, Texas, where they have been at the bedside of Senator J. H. Jackson, who underwent an operation last Thursday.

## My Favorite Recipes

Frances Lee Barton says:

MOTHERS, who are responsible for the health of their families, have long realized the necessity of including some bulk in the diet. One of the best and most delicious forms in which bulk can be had is bran. Use it in hot breads—in muffins, tea biscuits, or in rolls. When you make these coffee rolls, save some for the children's school lunch box. You can split, and butter them and they are delicious toasted.

**Bran Cinnamon Rolls**  
2 cups milk, scalded; 2 cakes compressed yeast, 2 teaspoons salt, 4 tablespoons sugar, 2 egg yolks, 2 1/2 cups sifted flour, 1/3 cup melted shortening, 2 1/2 cups whole bran, 1 cup brown sugar, firmly packed, 1/2 teaspoon cinnamon; 4 tablespoons melted butter; 1 cup Grape-Nuts.

Cool milk to lukewarm. Pour into bowl and add crumbled yeast cakes, salt, sugar, and egg yolks. Mix thoroughly. Add flour and beat vigorously with wooden spoon. Add shortening and beat again. Then add whole bran and continue beating 3 minutes. Allow dough to stand 5 minutes to thicken. Turn out on well-floured board. With spatula or spoon, fold edges of dough toward center. Continue until dough is well covered with flour and easy to handle. Knead until smooth. Place in well-greased bowl. Brush surface with melted shortening. Set in bowl of warm water, having water level with dough. Cover and let rise until double in bulk. Fold dough under and let rise again until double in bulk. Then fold dough under and let rise a third time.

Roll into rectangular sheet 1/4 inch thick on slightly floured board. Spread with mixture of sugar, cinnamon, and butter, and sprinkle with Grape-Nuts. Roll as for jelly roll. With sharp knife, cut in 1/2-inch slices, and place in greased muffin pans. Brush tops with melted butter. Let rise until double in bulk. Bake in hot oven (400°F.) 20 minutes, or until done. Makes 2 1/2 dozen rolls.

# To The Voters and Taxpayers of Southeastern New Mexico

Do you want southeastern New Mexico to pay for the support of all the schools of New Mexico?

Practically all the money for the support of New Mexico's public schools comes from the Sales Tax. The Republican-Progressive candidates have pledged themselves to repeal this tax as soon as they may take office.

Have you thought about where the money for the support of all these schools is to come? They say from an income tax, from a tax on intangible assets, from a franchise tax and from a tax on oil and potash. But they evidently mean that practically all the revenue that is to take the place of the Sales Tax is to be derived from taxing oil and potash.

If the sales tax is repealed in January every school in the state will be closed unless some other source of revenue is immediately found. Oil and potash are the only things that can produce IMMEDIATE revenue, and most of this must come from oil.

An income tax, regardless of how much revenue it might produce (and no one believes that much money can be derived from this source) cannot begin to bring returns for at least one year and therefore could not possibly be used for the support of schools for the present term.

A franchise tax would have to be collected just the same as any other tax upon property—that is it would have to be placed upon the tax rolls and no returns could be had from it before November 1, 1935—too late for the use of schools for this term. The same is true of a tax upon intangible assets.

This leaves only a tax upon the production of oil and potash to raise the money to take the place of more than \$2,000,000 from the sales tax. This would require a levy of from 15 to 20 per cent upon every barrel of oil produced in southeastern New Mexico, even if the production should be kept up to its present level.

But such a confiscatory tax would evidently result in the shutting in of every oil well in New Mexico. No industry can stand a tax as great as this. We would simply have New Mexico's oil industry ruined and would receive nothing in return.

Oil activities are just beginning to revive after being stopped by the high severance tax which was suspended by a referendum. Land owners are again able to lease their lands and to receive yearly rentals of 50 cents per acre after having had their leases cancelled on account of unfriendly laws and unjust taxes.

Will you cast your votes for a party that is pledged in advance to stop all this activity and throw the county back to where it was two years ago?

Regardless of past political affiliations, every voter in southeastern New Mexico owes it to himself to his family, to his friends and neighbors and to the county at large to go to the polls and cast a vote against the party that would ruin the only industry in this county upon which we can depend for future prosperity.

Do you want the 20 mill levy repealed and the burdensome property tax placed back on your property? You property owners who have recently received your tax notices may answer this question.

MRS. JUNE FICKLE ADDRESSES LADIES SAT'DAY AFTERNOON

Mrs. June Fickle of Washington, assistant director of the woman's division of the national democratic organization, spoke to a small audience of ladies here Saturday afternoon.

In her appearance here Mrs. Fickle explained the nature of her work and this was to create more political interest among the women.

Referring to the present national administration, Mrs. Fickle stated that when President Roosevelt took office, he faced the nation's greatest crisis.

The speaker said the women of the nation accepted Hoover's challenge made in his acceptance speech at Palo Alto, California, that "the republican party offered more freedom, more interest and a greater opportunity of advancement to the ladies."

Women, Let's Get Our Money's Worth for Our Vote

(By Margaret Page Hood)

Women of New Mexico, let's get our money's worth out of our vote! Let's go shopping politically with as much care as we use in shopping economically and look for the best government for our family and for ourselves.

When we go down town to do the family trading for the coming week we don't buy butter and beans of a merchant because of his trade name over the door. We patronize the merchant who gives us reliable goods—clean, wholesome and nourishing.

What do the women of New Mexico desire from government? Respective of party allegiance, the women of this state, as of any state, want that government which affords protection, economically, socially, and educationally, to themselves and their families.

By going shopping intelligently, using the platforms of the two political parties as our shopping guide and service, and by examining the character and record of the men and women on the two tickets.

AND THEY BELIEVE THE REPUBLICAN PARTY OFFERS THE GREATEST POLITICAL VALUE TO MEN AND WOMEN SEEKING THE BEST IN STATE GOVERNMENT.

They are asking all the women of the state to join with them in voting the Republican ticket because THE REPUBLICAN PLATFORM STANDS FOR protection of the individual and the family.

ECONOMICALLY through a national old age pension; compensation to veterans of all wars, their widows and dependents; continuation of federal relief for unemployed; continuation of the present disabled soldiers relief commission; reasonable exemption from taxes on homes; more lenient redemption conditions for farmers and home owners in financial distress; and most important through repeal of the sales tax which places the burden of government upon those least able to bear it.

EDUCATIONALLY through an intensive program of state social service work, including security of employment and an increased appropriation for improving health conditions in rural communities, a program including maternity and parent education, rural hospitalization facilities, and a broadening of community center work; also through a sanitation program financed by the state and the federal government and local authorities to prevent pollution from all sources of water for domestic consumption; and finally through a program for closer regulation of the hours of employment in industry and commerce of women and children, and conditions surrounding their employment.

WOMEN, CAST YOUR VOTE WHERE IT WILL PROCURE FOR YOU THE GREATEST RETURN IN SERVICE FROM STATE OFFICIALS AND THE HIGHEST VALUE IN GOOD GOVERNMENT. VOTE THE STRAIGHT REPUBLICAN TICKET!

## THE GRASSHOPPER CONTROL IS SUCCESS

Grasshoppers have periodically caused serious damage to New Mexico farms, says H. C. Stewart of the New Mexico State College, who directed the control campaign during the past summer.

Early in 1934 the United States Bureau of Entomology recognized the grasshopper emergency and prevailed upon the national congress for help. An appropriation of \$2,354,893 was made in an effort to protect farm crops in the western states. New Mexico was fortunate in being allowed 15 cars of bran and 2 cars of sodium arsenite. Eleven counties in this state reported infestation of over 110,500 acres. Of this amount, 85,000 acres were so badly infested that actual poisoning was necessary. Poison bran bait was spread on more than 3,000 farms, protecting 185,000 acres of crops valued at \$5,223,612. The total cost of this work was approximately \$32,000. The per acre cost of controlling this pest varied from 14 cents to as high as \$1.11. The average cost on the 85,000 acres treated was slightly over 33 cents per acre.

This is the first time in the history of New Mexico that an attempt was made to control grasshoppers on a state-wide basis. At the beginning of the work, many farmers expressed pessimism as to a control. By the time work was well under way, this attitude had changed and all farmers using bran bait reported exceptional kills. Petitions have been received at State College asking that preparations be made to continue this work should grasshoppers appear in future years.

In order to predict the possibilities of an outbreak in 1935, a population and egg survey has just been completed by Dr. Eyer and H. C. Stewart, both of State College, the Bureau of Entomology cooperating. The results of this work indicate that large quantities of eggs have been deposited in a few of the areas where poisoning did not begin until grasshoppers were mature. Should the natural enemies fail to control this pest, it may be necessary to poison during the spring of 1935.

### OIL ALLOWABLE INCREASED

WASHINGTON—The oil administration Saturday fixed the national allowable production of crude for November at 2,340,300 barrels daily, an increase of 14,500 over the October figure of 2,325,800.

The slight increase in the crude allowable was made to meet a corresponding increase in gasoline production authorized for next month.

November state allowables and changes from October include: Colorado 3,000 barrels daily. No change.

New Mexico, 47,000, up 1,200; Texas, 957,300, up 1,200.

The monthly allocation meeting, at which time the state allowable is allocated between the various pools will not be held until November, C. J. Dexter, New Mexico chairman, announced.

### HEALTH COLUMN

#### Dinitrophenol

A dangerous drug has recently come into prominence through the discovery by various manufacturers that it will reduce weight. The use of slimming remedies containing this drug has already caused a number of deaths. As a result the American Public Health Association at its annual meeting last month passed a resolution recommending that the drug be used only on medical prescription. This recommendation has been given the force of law in the state of California.

The federal food and drug administration find that the present federal law gives them no control over preparations used for "reducing." They have, however, taken notice of a number of preparations containing this drug. In most cases, they report, the manufacturers have stated clearly on the label that the preparation contains dinitrophenol. They issue a warning at the same time that the following products do contain this dangerous drug although no statement of their composition is to be found on the label:

Formula 281—Isabella Laboratories, Chicago, Illinois.  
Nox-Ben-Ol—R. R. Rogers Chemical Co., San Francisco, California.

Adinol—Rochester Pharmacal, Rochester, Minnesota.  
Prescription No. 17—Health Inc., Chicago, Illinois.  
Slim—Forest Hill Pharmacal Co., E. Cleveland, Ohio.

New Mexicans who are overweight will be well advised to avoid the use of any drug for slimming unless it is prescribed by a physician who is controlling the dosage according to its effect. Even the simple cure of eating less and exercising more can be harmful to health if it is indulged too violently and spasmodically. Still it is a good deal safer than taking "medicine" of unknown composition.

## PRETTY BOY FLOYD KILLED ON MONDAY

The long arm of the department of justice caught up with Charles "Pretty Boy" Floyd, violent criminal of the Ozarks, near East Liverpool, Ohio, Monday, and snuffed out his life in a hail of rifle, pistol and machine gun bullets.

Federal agents and police came upon the No. 1 public enemy at a lonely farm, seven miles north of East Liverpool, in a section much like the country where he was born and raised.

Fifty or more shots rang out as the officers halted the criminal's flight, and he fell mortally wounded, unable to use either of the two automatics he was carrying.

Quickly the officers, including four department of justice men and four East Liverpool policemen, came up to his prostate form.

"Who the hell tipped you?" demanded the dying man, as they approached him. Then he inquired, "Where is Eddie?" (Apparently, he referred to Adam Richetti, captured Saturday near Wellsville, Ohio, when he and Floyd engaged other officers in a gun battle).

Just before he died, Floyd said to Melvin Purvis, head of the justice department's bureau of investigation, in Chicago. "I am Floyd." It was apparent that Floyd knew he was dying.

Police Chief Hugh J. McDermott, of East Liverpool, who participated in the final run-down of the criminal, said Floyd was wounded at least eight times and possibly twenty by the officers' guns.

Floyd died about fifteen minutes after he was shot while officers were carrying him to a nearby road where they had an automobile waiting to take him to a hospital.

The officers who finally caught up with Floyd Monday were led by Purvis, the same federal operative who tracked down the notorious John Dillinger.

When the officers came upon Pretty Boy he was talking to S. L. Dyke, a farm hand, employed by Mrs. Ellen Conkle, endeavoring to persuade him to take him to Youngstown where he thought he might find refuge in the more populous city.

As the officers approached, Floyd hid under a corner, but changed his mind at the last minute and started running for an automobile. Then he turned and ran across a pasture toward a wooded ridge.

### FEDERAL COURT RULES N. M. OIL TAX DOES NOT APPLY TO EQUIPMENT

SANTA FE—By a decision of U. S. Judge Neblett the tax imposed by the state of New Mexico on the gross production of oil and gas wells does not include equipment of the oil company; another tax may be levied on equipment.

This decision was given in the case of the Humble Oil company, which operates in Lea county, against the state tax commission and the county treasurer and assessor of Lea county and the district attorney.

The Humble company brought an injunction suit to restrain the state officials of New Mexico from collecting a tax on equipment used in production, claiming that there would be double taxation; that the gross production tax levied under chapter 83 of the 1925 session laws included equipment. The defendants filed a motion to dismiss which was sustained by the court here.

It was announced at Santa Fe Saturday that Senator Joe Robinson of Arkansas, the senate floor leader, will address voters in New Mexico October 31 and November 1, at places and dates to be announced later.

### REPUBLICAN RALLY TO BE HELD AT ROSWELL

William Dooley announced Monday he had received information from the Chaves county republican organization that there would be a republican rally held in the Roswell junior high school auditorium, this evening (October 25th), beginning at 8:00 o'clock. The rally will be addressed by Senator Bronson Cutting and Newton Jenkins of Chicago. In addition, a radio talk by Senator Hiram Johnson of California will be delivered in California that evening and will be received at the Roswell meeting.

As announced late last week, the Cutting-Johnson speaking scheduled for last Monday has been postponed.

### 15,000 Hunters— (Continued from first page)

Approximately 15,000 big game hunters will take the field October 25 when the big game season opens, estimates State Game Warden Elliott S. Barker. Barker cautions hunters to be especially careful with fire this season as many ranges are dry. Increased numbers of hunters also means increased danger from careless shooting.

"Look carefully before you shoot," warned Barker. "It is better to let the buck get away than to shoot another hunter, a doe or some rancher's cow."

The big game season allows 22 days of hunting, closing November 15, except in the case of bear which may be hunted until December 10. The dates of the special permit season on elk are the same as those of the big game. Special permits are still available.

### SCHOOL DAYS — By DWIG

## In The WEEK'S NEWS

**BOY KING**—Eleven-year-old Peter, new boy king of Yugoslavia, and his grandmother, Queen Marie of Roumania. He will rule his turbulent kingdom under a regency during his boyhood.

**FORUM SPEAKER**—P. W. Litchfield, president of the Goodyear Tire and Rubber Co., who will be the principal speaker on the Forum of Liberty program over the Columbia network on Nov. 1. He is one of a number of the country's leading industrialists who will be heard in the series.

**ROAD TO PROGRESS**—"To achieve progress," declares Alfred P. Sloan, Jr., President of General Motors, "we must encourage constructive effort, stimulate the exercise of initiative, and establish confidence in the belief that constructive performance justifies the opportunity of reasonable reward." His views are published in The American Magazine.

**GOLD AND GLITTERING**—Gold lamé is used in the creation of this stunning evening ensemble worn by Miriam Hopkins, picture star. The tailored motif so new in formal evening wear is reflected in the bodice and in the treatment of the jacket.

**BEAUTY AND INDUSTRY**—They go in for beauty contests in Central America, too. Senorita Gulsela Kepfer, society belle of Guatemala, who as Miss Atwater Kent was chosen the most beautiful representative of Commerce in the Guatemalan Republic where American made radios as well as American programs are popular.

**STORK DERBY WINNER?**—Mrs. Mathew Kenny, 31, of Toronto, who hopes to win the \$500,000 bequest open to the woman giving birth to the largest number of children between 1926 and 1936. Mrs. Kenny is the mother of 13 children, ten of them born since 1926 and is assured by medical authorities that she will give birth to twins next month.

**SAVED FROM KIDNAPERS**—Mrs. Alice Stoll, Louisville social leader, who was returned safely to her home by Federal agents after she had spent days in the hands of her kidnapers. Fifty thousand dollars had been demanded for her return.

### LOCALS

A daughter was born to Mr. and Mrs. John W. Long last Thursday evening.

J. E. DeArcy of Wink, Texas, a former resident, is spending a few days here visiting with friends.

Mr. and Mrs. Jess Shildneck expect to leave for Wink, Texas, the latter part of this week where they will make their home.

Mr. and Mrs. Stephen Garst of Magdalena arrived last week for a visit with his mother, Mrs. Sheridan, and his sister, Mrs. W. H. Cobble and family.

Mrs. Leslie Martin, who has been at the home of her grandmother at Clyde, Texas, since being injured in an automobile accident about ten days ago, is expected home today.

A. A. McPeeters, vice-president and secretary of the Wichita federal bank for cooperatives, spent Saturday in the valley in conference with Hagerman Alfalfa Growers association and the Artesia Alfalfa Growers association.

Mr. and Mrs. Harry Manda and family visited here with his parents, Mr. and Mrs. F. A. Manda, from Friday until Sunday. They returned to their home in Gallup by way of Clovis where they visited with other relatives.

### IMPROVEMENTS AT LOCAL CEMETERY

The improvements under way at the Woodbine cemetery is a matter of public interest. A large iron gate has been erected at the entrance to the grounds and with other ornaments to be erected with the gate, the addition will add much to the front appearance of the cemetery. The cemetery lots have been cleaned and the grounds improved with the planting of new grass and shrubs.

Best of all the splendid appearance of the cemetery has not cost the general public a penny. The ladies of the cemetery have not made a drive for funds in three years. The upkeep and the beautification of the cemetery has been financed through the sale of lots and the proceeds from the sale of monuments. The public no doubt will appreciate the attitude of the board and will

reciprocate by patronizing the board for monuments when the occasion arises. All commissions from the sale of monuments will go toward the upkeep of the cemetery.

### NRA HEAD DIES IN ROSWELL

Miss Rona Hanna, 38, of Santa Fe, New Mexico's NRA director and the only woman in the nation to hold such a position, died yesterday at 5:30 p. m., from an attack of asthma suffered shortly after her arrival in Roswell Monday on a business visit.

Well known in official circles of the state, Miss Hanna served two governors of the state as secretary, Gov. James F. Hinkle and Gov. A. T. Hannett. She was also assistant secretary of state at the time of her death.

**Blowout Protection? Sure! But—**  
**NON-SKID GRIP**  
 is 5½ times more necessary to safety

Your big worry should be skidding—the cause of 5½ times more accidents than blowouts. Smooth tires skid 77% farther, other new tires skid 14 to 19% farther than new "G-3" Goodyear All-Weathers (proved by 8400 tests). Since this "Goodyear Margin of Safety" costs nothing extra, get it now—ride safely during the slippery driving months.

**43% More Miles of Real Non-Skid** because "G-3" All-Weather Tread is flatter, wider, heavier, tougher. Blowout-Protected in EVERY Ply because Patented Superwrist Cord is up to 61% more elastic—absorbs shocks!

**A Great Tube for the "G-3"**  
 Thicker tougher rubber on rim-side resists pinching, punctures. Ask for Goodyear Double Service Tube.

**YES! A DOUBLE GUARANTEE**  
 1. Against road hazards.  
 2. Against defects for life.
