## Tax Valuations To Show Large Gain in County

### Two Million Dollar Boost in Prospect for Another Year—Oil Taxes is Biggest Factor in Increase of Properties.

A two million dollar increase in the property valuation of Eddy county is in prospect for another year, Richard Westaway, deputy assessor said here Monday. Mr. Westaway, who is finishing up some of the assessment on scattering for the total county property valuations to reach an all time record of approximately \$16,000,000 this year. Residential and business property in Carlsbad and Artesia accounts for some of the gain, but oil and potash renditions accounts for the principal gain, with the oil industry showing the major increase. Expanding building programs in both Artesia and Carlsbad will reflect favorably in the total renditions another year, as well as a lot of new farm land under cultivation in the shallow water belt. Carlsbad building permits already total more than last year, it is said and the same condition exists here, except the type of buildings erected have not been so costly. Improvements in local refineries are expected to add a sizeable sum to the total renditions another year.

## McMurry Summer School to Open Six Weeks Session in Sacramento June 21

One of the fourteen cottages available to students and faculty members of the McMurry college summer school, located on the Sacramento Mountains at Sacramento, four miles east of Weed. The cottages are in addition to eight administration buildings.

ABILENE, Texas. — Education plus vacation in the heart of the Sacramento Mountains of New Mexico is the aim of the new McMurry College summer school, opening its first six week's session on June 21. McMurry in the Sacramentos will offer a full curriculum of academic and fine arts courses under the direction of a strong, well rounded faculty. The school, first out-of-state campus established by a Texas college, is making educational history. Even before the opening, its work has received the unqualified approval of the Texas Association of Colleges and the New Mexico board of education. All courses will be accredited as resident work in McMurry College. An outstanding academic program will be combined with a definite and complete program of recreation. The play plans include athletics, horseback riding, summer parties and excursions to scenic and historic sites of the state of New Mexico. On the 240 acre campus, with its elevation of 7,450 feet, stand eight large college buildings in addition to fourteen cottages of three to five rooms each. These buildings are all that could be desired for a summer outing—constructed of mountain pine, thoroughly rustic, yet with running water, hot and cold; electric lights and modern sewage. The assembly hall seats 300 persons and has six large class rooms. Each of the women's dormitories house 100 students. A dining hall and kitchen offer facilities for 300 boarding students. For the inaugural session, however, the student enrollment will be (Continued on last page, column 3)

## Senior Plans For Next Year

Information on what the members of the Artesia high school senior class will do another year may be of interest. There is no information at present on what Clyde Tidwell or Merideth Jones will do. Dean Martin, will remain on the farm. H. C. Monroe, will go to the N. M. I. next year. Florine Muncy, will attend the New Mexico Normal University at Las Vegas. Margaret McCrory, will go to the New Mexico Normal University. Justin Newman, will attend business college. Joe Richards, will attend college but is undecided where. Josephine Payne, will attend Abilene Christian college. Rell Johnson, will attend medical school. Burton Bishop, will attend college but is undecided where. Clarence Kaiser will attend college but is undecided where. George Conner is undecided. Stewart Box will attend the New Mexico Normal University at Las Vegas. Willadene Janecka is undecided as to her future. Olin Woodside will attend college but is undecided where. Chester Lapsley will attend college but is undecided where. Elnora Gage is undecided. Zelpha Taylor will attend the New Mexico Normal University at Las Vegas. Mary Lou McConnell, will attend college but is undecided where. Hannah Belle McCaw will remain at home. Marjorie Rowland will continue her training as a beautician. Paul Womack will attend the University of New Mexico. Marjorie Funk will likely attend the State College at Las Cruces. Mary Margaret Nugent will remain at home. Elsie Hadley will remain at home. Dalton Loving, is undecided. Dorothy Walsh will attend business college. Douglas O'Bannon will attend State College at Las Cruces. Sammy Buchanan will attend the New Mexico Normal University at Las Vegas. Cooper Malone will attend the University at Albuquerque. Wilma Paton is undecided. Lee Shearman is undecided. Carl Foster will remain at home. Virgil Standard will remain at home. Joe Hannah will attend college but is undecided where.

## Naylor Rites To Be Held Friday Home of Parents

### Body En Route Here From Long Beach, California For Burial

### DIES LAST FRIDAY AFTER INHALING GAS

The body of James H. Naylor, aged 27, is en route here from Long Beach, California and is expected to arrive this evening. Naylor is alleged to have taken his own life by inhaling gas, Friday afternoon at 5:00 o'clock. Apparently suffering from despondency, he left a note saying he had lived eleven years in twenty eight years of life. Naylor went to Long Beach about a month ago and was said to have been employed by the Texas company. He was staying at a boarding house where three other Artesia boys boarded. He was born and reared here attended the Artesia schools and graduated from the Artesia high school about seven or eight years ago. Funeral services will be held at the home of his parents, Mr. and Mrs. J. H. Naylor tomorrow afternoon with the Rev. Thomas Massey, Christian minister in charge of the services. Surviving the deceased are his parents, Mr. and Mrs. J. H. Naylor, four brothers, Elmo, Harold, Lowell and Glenn Naylor, all of Artesia and a sister, Mrs. Baxter Pollard, also of Artesia. An aunt, Mrs. E. B. Martin is here from Fort Worth, Texas to attend the funeral. The body will lie in state at the Naylor home from 9:00 a. m. to 3:00 p. m., Friday.

## Farm Unit of Farm Federal Organization in South Eddy Co., 12th

Farmers from every community in south Eddy county met at the court house in Carlsbad on the night of the 12th and organized a unit of the American farm and livestock bureau. J. R. Ogden was elected president of the unit, Dean Smith, vice president; Jerd Wooten, director for the livestock industry; W. J. Bindel, farm director and Dan Harroun, secretary-treasurer.

### ELECTED TREASURER

AUSTIN, Texas.—S. P. Yates of Artesia, N. M., a student at The University of Texas, has been elected treasurer of the University chapter of Tau Beta Pi, national honorary engineering fraternity.

## Eddy Co. Oil Lease 2 Wells Sell \$550,000

### Stevens and Jackson Permits Sold to Ft. Worth, Texas Operators With 2,400 Acres of Federal Leases.

Evidence of increasing interest in the possibilities of the eastern Eddy county oil area was substantiated with the announcement of a transaction involving a sale amounting to \$550,000 covering two producing wells and 2,400 acres of federal oil leases. Flynn, Welch and Yates, oil producers are reported to have sold to James P. Nash and R. F. Windfohr, Fort Worth, Texas operators the Jackson and Stevens permits in eastern Eddy county with two producing wells. Contract of sale was filed at Carlsbad Tuesday. A description of the permits includes 480 acres in sec. 1-17-30; 320 acres in sec. 12-17-30; 640 acres in sec. 13-17-30; 600 acres in sec. 24-17-30; 360 acres in sec. 25-17-30, totaling in all 2,400 acres. On the last gauge made by the proration umpire, the Stevens well was given an average daily flow of 1045 barrels and the Jackson well 616 barrels. Under the present allowable the owner of these wells was permitted to produce 868 barrels daily from the two wells. Terms of the contract called for \$300,000 in cash and \$250,000 in oil produced from the properties.

## New Wells Will Add Interest To Lea County Area

### Parts of Lea County to Get Renewed Play—Neal Wills Gets Good Well in Shallow Area of Eddy County.

Completion of three major producers in the Monument district of Lea county, another good well for the shallow district in the southeast corner of Eddy county and the striking of two wildcats in Lea county summarizes the high points of oil activity in the southeastern oil district the past week. Neal Wills has finished his Stall 1, NW sec. 20-20-30, at 1435 feet and the well is said to be swabbing 125 barrels daily. This is the second good producer Mr. Wills has obtained in this general area.

Wells completed in Lea county included two for the Amerada Oil Co., the largest of which was the State 1-Y SE sec. 17-20-37, which made an initial production of 110 barrels an hour from 3835 feet, also the State 4-F of the same company, SW sec. 36-19-36, which flowed at the rate of eighty five barrels an hour from 3905 feet. The Ohio Oil Co., drilled in its Hansen 1, NE sec. 16-20-37, which made a flow of ninety barrels an hour. Wildcats staked the past week is expected to add new interest to Lea county. One is near the Lea district and known as the Lea 2 of the Texas Company in sec. 15-20-34. Another well which will be watched is the Humble Oil and Refining Co., Sanders 2, NW sec. 9-22-34. By districts other wells staked include: Monument-Gulf Petroleum Corp., Butler 1, SE sec. 19-20-37; Stanolind Oil and Gas Corp., Gillyly 3-A, NE sec. 24-20-36; Atlantic Oil Co., State 2-O NW sec. 32-20-37. Eunice area: Culberson and Irvin, Boesche 1, NE sec. 2-21-32; Midcontinent Oil and Gas Corp., Grier 2, NW sec. 21-22-36. Jal district: Gulf, Westfall 2, SE sec. 12-25-37; Jal Natural Gas Co., Justis 2, sec. 20-25-37; Ajax, Lanehart 1, SW sec. 21-25-37, Sand belt; Rowan Drilling Co., Elliott 1, sec. 27-22-37. Near Lovington, the Magnolia Petroleum Co., State 1-G, NE sec. 24-17-34, is swabbing ninety eight barrels daily after cleaning out. In Roosevelt county, the Clovis Development Co., Smith No. 1, SE sec. 17-2n-30e is shut down at 3677 feet with 3,000 feet of salt water in the hole and is preparing to plug and abandon.

## Survey of Court House to be Made

### Commissioners Court Decided to Have Survey Made of Present Building

### SURVEY WOULD INDICATE AS TO SAFETY OF BUILDING

It was understood here the Eddy county commissioners court adopted a report to have a survey made of the condition of the county court house at Carlsbad, following a hearing conducted at Carlsbad Tuesday afternoon. The hearing was conducted by the commissioners for the purpose of determining whether or not a special election would be called to vote bonds to build a central and western wing to the present building. Fred Brainard of Artesia made the suggestion that the court employ competent engineers to make a survey of the building to determine if parts of the building were actually dangerous to life and limb, to determine further if the dangerous parts of the building might be repaired and braced or whether it would be advisable to erect new additions to the building and if so at what costs. The suggestion was adopted by the court, but no definite information is obtainable as to when the survey may be made.

## Farm Bureau Is Organized Here

### Farmers Meet Last Night and Elect Officers For Next Year

### PLANS ORGANIZATION OF COUNTY BUREAU SOON

A North Eddy county Farm Bureau Federation was organized here last night with a meeting of about twenty farmers at the American Legion hut. G. A. Feather of State College explained further details of the aims and objectives of the proposed organization and told how the bureau had aided the framing of national agricultural laws in the past. In the election of officers, W. Leslie Martin was chosen president, Willard Bradshaw was elected secretary treasurer. Both officers were chosen without opposition. Farmers present decided on a membership fee of \$3.00 per year, the same as other organizations over the state. A dollar and a half of the annual membership fee will be sent to the national organization. A membership committee consisting of Chas. Martin, Tom Terry, Noah Buck, Willard Bradshaw and Oliver Scoggin of Hope was appointed by the president to make a canvass among the farmers for members. A call meeting of the newly organized bureau will be held soon, probably about June 1st and the two Eddy county bureaus, composed of farmers from the two sections of the county are expected to meet before June 9th, the date of the state bureau meeting to organize a county bureau.

## ISSUES WARNING ON SELLING OF MILK

Carl Henderson, county sanitarian yesterday issued a warning to all handlers of milk in Artesia that all milk sold to the retail trade must be from a graded dairy in Artesia, or if any milk is imported, it must come from some dairy that has the approval of the United States health department.

## Cottonwood to Talk Erection of Auditorium

### A special committee meeting will be held at the Cottonwood school building tomorrow night (Friday night) beginning at 7:45 p. m. to discuss the erection of an auditorium on the school grounds, members of the Cottonwood school board announced here yesterday.

The purpose of the meeting is to get the sentiment of the community regarding the erection of an auditorium large enough to care for school needs. Messrs. I. P. Johnson and Noah Buck, board members and F. R. Zumwalt, principal said building plans would be available at the meeting and likely some general construction plan would be submitted, if the project met with favor. The building is to be something on the order of an auditorium needed for a community of the size of Cottonwood and if erected will be built of substantial material such as concrete or tile. Residents of the Cottonwood community and others interested are cordially invited to attend the meeting.

## Oil and Gas Rentals Boost Income of the State Land Office

### SANTA FE.—Oil and gas rentals and royalties from the state's fields provided \$217,392.71 out of the \$241,299.62 total income of the state land office during the month of April, a report released last week showed. Royalties alone were responsible for \$152,475.20, which was a gain of \$64,834.95 over April, 1936. Rentals brought in \$84,171.51 compared to \$56,594 for the same month last year. From the total income of Land Commissioner Frank Worden's office from royalties in April the common schools received \$91,898.37, the State School for the Blind, \$23,327.95, the Deaf and Dumb School, \$23,327.95, the University of New Mexico, \$1,093.65, and State College, \$5,563.28. The state penitentiary received \$6,579.51.

The motion picture cooking school "The Bride Wakes Up," was accorded a hearty reception by north Eddy county housewives at the two showings of the picture at the Ocotillo theater yesterday. Estimates say that there were fully 700 women in attendance at the morning and afternoon sessions. Many came to see the show twice, leaving few available seats in the auditorium of the theater. Many were warm in their praise as to the merits of the school. One woman stated the school is the most instructive school she has ever been privileged to attend and that it was the only school where she could see and hear every detail connected with demonstrating the various recipes. "It was so natural," she said I could almost smell the food cooking." The last session of the motion picture school will be held this afternoon, starting at 2:30 p. m. Attendance at today's show is expected to boost the total registrations of the show to well above the 1,000 mark. The Advocate wishes to extend appreciation for the cooperation of the thirteen business firms and establishments who helped to make the show possible. The cooperating merchants include: Pecos Valley Gas Co., Southwestern Public Service Co., Otts Jewelry Co., Richards Electric Shop, Purdy Furniture Store, McCray Furniture Store, Joyce Fruit Co., Peoples Mercantile Co., Star Grocery, Ross Baking Co., Dr. Pepper Bottling Co., Safeway Grocery, Artesia Laundry and Cleaners. We especially thank the Pecos Valley Gas Co., for the assistance in the school arrangements.

## Motion Picture Cooking School Is Accorded Hearty Reception Here

## Injunction Suits Filed Against 4 Water Users

Suits Filed at Roswell on Friday by Lake Frazier, Ass't. Dist. Attorney

Injunction suits against four Artesia basin water users were filed in the Chaves district court Friday at Roswell by Lake J. Frazier, assistant district attorney. Petitioners ask the court to enjoin the users, who allegedly are using water without having received permits, from further operation of their Artesian wells. Water users named in the suits are Langford Keith, Roswell, G. E. Spencer, Artesia, and R. O. Whitney and Glen Wheeler, farmers living near Roswell. Frazier said the four men had filed application for permits, but that no permits had been issued to them. They drilled wells, and are using water, despite the fact that (Continued on last page, column 4)

## Patton Asserts Gov. Tingley May Call Session Legislature

### SANTA FE.—The possibility of a special session of the legislature was injected yesterday into the current referendum campaign against the special election following Attorney General Frank Patton's charges that such procedure is contemplated by Gov. Clyde Tingley. "I understand the governor is now making the position assertion that he will call a special session of the legislature to re-enact the special election law with the emergency clause if the referendum is successful," Patton said in a statement. "The governor, asked for comment, only laughed and said: "I have no statement to make."

## Scotch Tourney Ended Sunday At Golf Course

The Scotch tourney underway at the Artesia golf course for the past two weeks ended Sunday. In many respects the tournament just ended was one of the most successful ever held with about forty players participating. C. D. Marshall, local golfer joined the hole in one club when he made a hole in one on the ninth green. B. E. Spencer and Jack Clady won first place with a score of eighty seven. V. L. Gates and D. I. Clowe won second place with a score of eighty eight. Tom Ragsdale and D. L. Meyers and Joe Hamann and Boone Barnett tied for third place with a score of eighty nine. C. D. Marshall and P. A. Otts and Sheldon and Jack Spratt tied for fourth place. Winners of first place were awarded four balls each, second place three balls each, third place two balls each and winners of fourth, fifth and sixth place, one ball each. Arrangements are underway to stage another tournament, but the kind of tourney has not been decided on.

## Littlefield, Texas Man Buys Plant of the Nobby Cleaners

W. E. Jeffries Jr., formerly of Littlefield, Texas has purchased the Nobby Cleaner's from Dick Vandagriff and took charge of the establishment Monday. Mr. Jeffries will be assisted by R. E. Evans, also a former Littlefield resident and an expert cleaner. Mr. Jeffries plans to move his family here as soon as living quarters can be obtained. He says he is well pleased with the location and with Artesia in particular and is anxious to meet both the old and new friends and customers of the Nobby Cleaners.

## Large Damage Suit Filed At Roswell on 19

### Dexter Farmer Files Suit Because Six Chaves Co. Farmers Protest Well Application Causing the Loss of Crop.

Six Artesian water basin farmers were named in a \$10,000 damage suit filed in the Chaves county district court at Roswell Tuesday by O. B. Berry, Dexter farmer whose recent application for a shallow well permit was denied. Defendants are E. O. Moore, Phillip E. Etoses, E. F. Knoll, Ernest Langenegger, H. W. Ware and W. C. Urton. Berry alleges in his petition that the six defendants protested his application for selfish reasons, and that all crops on two tracts of valley land will be lost because of their action. The petition asserts the protestors claimed their priority rights would be damaged by further permits. Berry alleges his well would not have had any effect on the flow of other wells. One tract of Berry's land is between Greenfield and Dexter, and the other is about six miles west of Hagerman. Assistant District Attorney Lake J. Frazier recently filed suit in district court, asking injunction against five Artesian basin farmers who allegedly have been using water after permits were denied by the state engineer.

### THE REFERENDUM

It may be difficult to understand, but it is true nevertheless that the average voter rarely votes for a candidate or an issue, but he will go a long way toward voting against some individual or some issue. Perhaps this is one reason why political remedies often fail to accomplish things expected of them. At least the tendency on the part of the voter to be influenced by prejudice, without giving proper thought to the issues involved, is contrary to good government.

All of the issues to be voted on in the special election in September (unless killed by the referendum) can not be condemned, neither can they be condoned. We are told for instance that voting for or against the limitation applied to the term of the state or county officer, may be voted on separately. If in the judgment of the voter, he feels that the two term limitation should not be removed so far as the state officials are concerned, he is still privileged to vote for the removal of the limitation as it applies to the county officer.

Of course it is generally known that the opposition to the special election is based on the opposition to the state administration and if the necessary percent of voters names are obtained to the petitions being circulated in various communities, the good features of the issues involved will go down with the bad features, if there are any because if any part of the issues submitted in the special election are killed, the chances are good that they will all be consigned to the dump heap by the voters.

We still are of the opinion that the time a county officer serves the public should be left up to the voters without any constitutional regulations and there are many citizens who have signed the referendum petitions who feel the same way, which makes the situation unfortunate, but people will sign petitions, lots of times without knowing what they are signing.

### TRAFFIC REGULATIONS

In Zagreb, Yugoslavia—if reports from that city are to be credited—punishment for traffic violations is short, swift and irritating, as it is the practice of policemen to stop the offender's car and let all the air out of the tires.

Then, according to advices to Rocky Mountain Motorists, the AAA Auto club, the motorist either has to get out and pump up the tires or drive on flats to the nearest filling station, taking a chance of ruining the tires. Whether it is because of the swiftness of the punishment or because Yugoslavians dislike to pump up tires, it is said that minor traffic violations have taken a sharp drop in Zagreb.

"Another interesting motor development abroad," said the club statement, "is the 'radio horn' used by vehicles on German highways. This is a safety device operated by high-frequency electric waves.

"The driver of the vehicle wishing to pass a truck presses the button of the horn, which emits high-frequency waves, setting in motion an electrical buzzer in the truck cab. A red tail-light on the truck indicates to the following car that the signal has reached the driver, who, by pressing a button, changes the rear red light to green, thus indicating the car may pass, while a light on the front of the truck is switched on to warn oncoming traffic.

"Meanwhile, mystery continues to surround the 'miracle carburetor' invented by a Canadian and word of which leaked out early in the year. According to advices from Canada, it is claimed that this carburetor, using a new principal of vaporizing motor fuel, will give two hundred miles or more per gallon of gasoline."

### LACK OF CO-OPERATION

In studying the facts connected with the building of highways in New Mexico and more particularly in southeastern New Mexico, the open minded citizen is impressed with one outstanding fact that the lack of co-operation between the communities of southeastern New Mexico is the principal reason why there is no connecting hard surface highway to the center of one of the state's greatest industries, the oil fields in Eddy and Lea counties.

In the light of circumstances it is difficult to understand why Roswell has apparently doubled crossed Artesia in its efforts to get a hard surface road to serve at least the Eddy county oil operators and why Carlsbad has never been particularly interested in co-operating with the north part of the county in getting its share of roads. More difficult to understand why Chaves county permitted Artesia and Hope to spend the PWA money of the two communities in building a road across the corner of the county to get to the mountains and when the road is finished to permit the construction of a road using highway equipment, designed to cut the throats of the two communities. And stranger still in view of these circumstances why Artesia people will continue to patronize Roswell. Is this from the lack of public spirit, community interest or what?

Perhaps our own motives for the advancement of our community have been misunderstood by our neighbors and if so we know proper co-operation can never prevail between the communities involved so long as no efforts are made to come to an understanding.

### THE DRUNKEN DRIVER

One of the greatest menaces to highway safety is the drunken driver. Realizing the danger of the drunken driver, which must be classed with the armed maniac, officers and courts in most communities are trying to cope with the situation by imposing stiff penalties, but even this is not getting the job done. After a recent collision involving a drunken driver one citizen remarked that more teeth should be put in the law governing the operation of a motor vehicle while intoxicated and that the law should be made so strong that a man would be afraid to get in a car who had even taken a drink. The public would certainly have to have more respect for the law than some have, if extra teeth would help.

Another man complains that it is too difficult to prove that a man was under the influence of liquor when the trial comes up and that juries often fail to convict a defendant even after a competent person, such as a doctor testifies that the defendant was under the influence of liquor or that he was actually drunk.

Be these facts as they may, there is a growing sentiment against

the drunken driver and if officers of the court and officers of the law want the public to retain a wholesome respect for the law, they will see to it that the drunken driver is banished from the highways. Right thinking people do not want to resort to lynching to keep this type of killer off the highways, but it may come to this if a more general effort is not made to see that the offender is properly punished.

### Chislings

The Hatch Reporter remarks that recovery seems to be a strange process. After years of job hunting, you get a job then strike.

The little boy who went to the grocer and forgot what he went for grew up to be a legislator.

Man ordinarily comes into contact with four different kinds of meters, gas, water, light and poetry meters and never learns much of anything about any of them.

"Miss Epsom," said the colored parson impressively, as he led her into the brook for baptism, "I see you lead you out inter dish heah stream, an' wash out every spot o' sin you's got!"

"Lawsy, Pahson," giggled the erstwhile frolicsome damsel, "in dat l'il ole shallow creek?"

Visitor at Palm Beach: "Why does the distinguished looking gentleman over there, keep saying 'yes, yes, yes to everything and nothing else'?"

Palm Beach Resident: "He's a banker on a vacation."

Just to be genial the lawyer asked: "And how are things down there?"

"Just like here," said the newcomer. "The lawyers have all the fire."

A mother was very much put out because the teacher insisted on a written excuse explaining her son's absence from school following a severe snowstorm. Whereupon the mother sat down and dashed off the following note.

"Dear Miss Kitty: Little Eddie's legs are 14 inches long; the snow was 18 inches deep. Very truly yours, Mrs. Smith."

A local young lady, who contemplates a trip to England and to Europe is having a heck of a time in trying to get a birth certificate, which is necessary as a passport in traveling from one country to another. The birth certificate idea is comparatively new and there are occasions when even though you knew you were alive, you might have a hard time proving it.

The following dissertation on "The Cow", may be appreciated if

you have not read it. The dissertation was taken from a Texas paper:

The cow is a female quadrupled with an alto voice and a countenance in which there is no guile. She collaborates with the pump in the production of a liquid called milk, provides the filler for hash, and at last is skinned by those she has benefitted, as mortals commonly are. The young cow is called a calf and is used in the manufacture of chicken salad. The cow's tail has a universal joint. It is used to disturb marauding flies, and the tassel on the end has a unique educational value. Persons who milk cows come often in contact with the tassel and have vocabularies of peculiar and impressive force.

The cow has two stomachs. The one on the ground floor is used as a warehouse and has no other function. When this one is filled the cow retires to a quiet place where her ill manners will occasion no comment and devotes herself to belching. The raw material thus conveyed for the second time to the interior of her face, is pulverized and delivered to the auxiliary stomach, where it is converted into cow. The cow has no upper plate. All her teeth are parked in the lower part of her face. This arrangement was perfected by an efficiency expert to keep her from gumming things up. As a result she bites and gums things down. The male cow is called a bull and is lassoed along the Colorado, fought south of the Rio Grande, and slung in the vicinity of the Potomac. A slice of cow is worth eight cents in the cow, 15 cents in the hands of the packers, and \$2.40 in a restaurant that specializes in atmosphere. A slice of bull is worth four cents on the hoof, 15 to 20 cents in rear-slip sausages and about a million dollars on the floors of congress.

The Carnegie Foundation for the Advancement of Teaching had resources of \$26,794,272 on June 30, 1936.

### LEMON CHIFFON PIE FEATURE IN FAMOUS MOVING PICTURE

★ In the new cooking-school moving picture, "The Bride Wakes Up", Lemon Chiffon Pie makes a big hit. This delicious pie will make a hit at your house, too. Dad will say it's the best pie he ever tasted. It is made with genuine Knox Sparkling Gelatine—the plain gelatine that blends with all of nature's fruits and vegetables.

**LEMON CHIFFON PIE**  
(One 9-in. Pie—uses only 1/4 package)  
1 envelope Knox Sparkling Gelatine  
1 cup cold water  
1/2 teaspoonful salt  
4 eggs  
1 cup sugar  
1/2 cup lemon juice  
1 teaspoonful grated lemon rind  
Add one-half cup sugar, lemon juice and salt to beaten egg yolks and cook over boiling water until of custard consistency. Pour cold water in bowl and sprinkle gelatine on top of water. Add to hot custard and stir until dissolved. Add grated lemon rind. Cool. When mixture begins to thicken, fold in stiffly beaten egg whites to which the other one-half cup sugar has been added. Fill baked pie shell or graham cracker crust and chill. Just before serving spread over pie a thin layer of whipped cream.

"Believe me," he writes, "I KNOW Hudson and Terraplane are the No. 1 CARS. I saw what they did on the Salt Flats"

"I saw a LOW PRICED car beat the best any closed car had ever done before! That 1937 Terraplane . . . a stock car, mind you, picked at random by the American Automobile Association Contest Board officials . . . went 1,000 miles out there on those great Salt Flats, averaging 86.54 miles an hour! What a 'torture test' of endurance.

"Then a Hudson . . . 2104 miles in 24 hours! Out here, we've seen a lot of stock cars come to the Salt Flats and try for that 24-hour record . . . the prize of them all. But none ever touched what we saw that 1937 Hudson do! 87.67 miles an hour . . . for a full day and night! 32 official records for Hudson . . . on top of 8 for Terraplane!

"Then those California records! Terraplane beat every other leading low priced car . . . and Hudson beat every other Eight . . . in the Los Angeles-Yosemite Economy Run. And then . . . the Wrightwood Canyon climb! Up 9 wicked, twisting miles in 8 minutes, 20 seconds for Terraplane; 8 minutes, 0.4 seconds for an official Hudson record.

"You can bet it's Hudson for me! Those people know how to build automobiles, Art. More power. More size and room. More economy and safety and endurance than any other cars anywhere near them in price, proved in official tests. I've got mine . . . and once you drive one, you'll say it's your No. 1 CAR, too! See if you don't!"

- No. 1 Cars of the Low and Moderate Price Fields**
- No. 1 Wheelbases** . . . 117 inches in Terraplane; 122 and 129 inches in Hudson.
- No. 1 Horsepower** . . . 96 and 101 in Terraplane; 101, 107 and 122 in Hudson. Double carburetion in Super Terraplane and all Hudson Sixes and Eights.
- No. 1 Roominess** . . . 55 full inches of front seat comfort for three.
- No. 1 Driving Ease** . . . with exclusive Selective Automatic Shift (an optional extra).
- No. 1 Safety** . . . with exclusive Duo-Automatic Hydraulic Brakes and bodies all of steel, including roofs. New Double-Drop "2-X" frame.
- No. 1 Economy** . . . 22 miles per gallon for Terraplane; 22.71 for Hudson in Los Angeles-Yosemite Economy Run.

Hydraulic Hill-Hold, optional extra on all models—46 models—choice of 12 beautiful colors . . . also a complete line of Terraplane Commercial Cars.

(Bonnie Rowland, Reporter)

T. J. Terry attended a county board of education meeting at Carlsbad last Monday.

Mr. and Mrs. F. R. Zumwalt and sons were dinner guests of the I. P. Johnson family Sunday evening.

Rube Knowles of Lamesa, Texas visited here last week with his daughter, Mrs. Glenn O'Bannon and family.

Mr. and Mrs. F. R. Zumwalt and sons were dinner guests of her aunt Mrs. Joe Puckett of Hope last Friday evening.

Mr. and Mrs. J. W. Rowland of the Atoka community visited last Tuesday with his brother, Lewis Rowland and family.

Little Floy Hunt, small son of Mr. and Mrs. F. R. Zumwalt, spent the day last Thursday with the Lewis Rowland family.

Mr. and Mrs. Owen Phillips of Roswell spent last Tuesday night here in the home of her parents, Mr. and Mrs. D. A. Bradley.

Cooper Malone, son of Mr. and Mrs. E. P. Malone won first place in the Fidae essay contest sponsored by the American Legion Auxiliary.

Truman Howard was brought home Saturday from the St. Francis hospital at Carlsbad where he was taken when he became seriously ill.

Wayne Larison, son of Mr. and Mrs. R. M. Larison, who live on the Espuella ranch, had a severe attack of appendicitis Wednesday last week.

Mr. and Mrs. Basil Bobo were accompanied on a business trip to Roswell last Thursday by his sister, Mrs. S. E. Edgerton and husband of Artesia.

John Buck who has been very ill at the St. Francis hospital in Carlsbad was brought to the Jimmy Buck home here Sunday where he is convalescing.

A dinner marking the birthday of Bill Petty was given Sunday at the Petty home here. The guests were Mr. and Mrs. W. Moore, Mr. and Mrs. V. E. Sinclair of Hagerman and Mrs. Billy Petty.

Mr. and Mrs. D. A. Bradley and sons attended Mother's Day services at the First Methodist church of Roswell last Sunday. They were dinner guests of their daughter, Mrs. Owen Phillips and family.

The Mesdames Mervon Worley, R. L. Roberts and Orville Worley motored to Carlsbad last Thursday to get Mrs. V. W. Worley who had spent several days there with her parents, Mr. and Mrs. Bryan Whitely.

Hollis Bivens, small son of Mr. and Mrs. K. A. Bivens left Friday by bus for Lorraine, Texas to be with his sister, Miss Lois, who teachers in the high school there. He and Miss Lois will return to their home here in two weeks.

Mr. and Mrs. Herbert Howell from Jal, New Mexico, spent last Wednesday night here in the home of her parents, Mr. and Mrs. Harry Carder. They came to attend the graduation exercise of the Artesia eighth grade of which Miss Edna Carder was a member.

Several ladies met Friday at the home of Mrs. Jess Funk to do the quilting on the friendship quilt which was recently presented to Mrs. J. A. Reed, a former president of the Woman's club at the noon hour the charming hostess Mrs. Funk served an appetizing buffet style dinner. Those present were the Mesdames F. R. Zumwalt, G. G. Golden, A. J. Ramsey, J. A. Reed, T. J. Terry, L. C. Brundrett, Jess Funk, and her daughter Miss Marjorie.

The Monroe Howard home was a scene of merry festivity Friday evening as the local 4-H club and members of the eighth grade were entertained with a party there. Novel games were enjoyed throughout the evening on the lawn, which was strung with electric lights. At the refreshment hour, ice cream sherbet and delicious cake were served to the club members, graduating class, Mrs. H. V. Parker, Mrs. C. R. Cline, Mrs. Glenn O'Bannon, Fred Barham, Mr. Kirk of Carlsbad and the hosts Mr. and Mrs. Howard.

**Color Scheme to Improve Kitchen**

When planning the spring wardrobe, why not include a new dress for the kitchen, says Veda Strong of the New Mexico State College. A colorful, attractive kitchen, light and airy, takes the drudgery out of housework and will inspire anyone who has to work there. Choose a color scheme and then carry it out.

For the floor, a good grade of linoleum should be chosen and one that will harmonize with the color scheme. Good paint is excellent for wall and ceiling finishes. The highly finished surface endures washing and does not fade if the paint selected has been of good quality. Light-colored woodwork may appear difficult to keep clean but if good quality paint is used it is easily cleaned with a damp cloth.

Walls and woodwork are best in neutral color with bright notes of color in floor, cabinets, and furnishings. Both the movable and built-in types of cabinets are available in almost any color desired. Walls and cabinets may be the same color, although a contrast is some times interesting. Brightly painted cabinet linings add a decorative touch.

New tincture will add much to the appearance of the kitchen. Except in a very dark kitchen glass curtains should be hung to soften the light. A spic-and-span effect is the charm of kitchen curtains; make them of materials that launder easily. Organdy, net, scrim, and cotton voiles are all splendid for glass curtains, while gingham and other wash materials are excellent for draperies. Colorful tie-backs can come out of the remnant box on the ribbon catalog. Matching tiebacks and valances in oilcloth give a charming, home-like note to the kitchen.

The color scheme should be kept in mind when buying linens—towels, pot-holders, etc. The smallest incidentals are of importance in the general color scheme of the kitchen and should be given careful consideration, for they act as effective accents in the room.

**STATE MEDICAL MEN ELECT**

Dr. Eugene W. Fiske, of Santa Fe, was elected president of the New Mexico State Medical society at the final business session of its three-day convention at Clovis Saturday. Santa Fe was chosen as the Society's 1938 convention city.

Other officers elected were: Dr. Geo. T. Colvard, Deming, vice-president; Dr. L. B. Cohenour, Albuquerque, secretary-treasurer. Dr. Carl Mulky, Albuquerque and Dr. C. A. Miller, Las Cruces, were chosen censors for the coming two year period.

Dr. H. A. Miller, of Clovis, was elected delegates to the annual convention of the American Medical Association to be held in Atlantic City, N. J., in June. Dr. W. R. Lovelace, Albuquerque was chosen as alternate.

**EDWARD TO MARRY JUNE 3RD**

MONTS, France.—Wallis Warfield and the Duke of Windsor will be married quietly at the Chateau De Candé on June 3 with no member of the British family in attendance.

The man who chose to be husband rather than King selected the birthday of his late father, George V., for his wedding to the woman he could not have as Monarch.

The announcement which made no mention of the coincidence in dates, said the wedding party would be confined to "those who have been with them"—during the past months.

**SKIN CANCER CAN BE CURED**

CLOVIS.—Far from being incurable, as many people believe, skin cancer can be cured in every case if the afflicted person goes to a competent physician-surgeon early enough. Dr. Everett C. Fox, cancer specialist from Dallas, assisted at Clovis Friday at a scientific session of the fifty fifth annual convention of the New Mexico State Medical society.

But Dr. Fox warned against "quack cancer doctors and their salves." There are, he said, only three successful methods for treating cancer—surgery, radium irradiation and roentgen irradiation (X-ray).

# SOCIETY

## WORTHY GRAND MATRON MAKES OFFICIAL VISIT

A social event of unusual interest was the official visit of Mrs. Evelyn Van Coeverden of Belen, worthy grand matron of the O. E. S. to the local Eastern Star chapter. Russell Bird of Roswell, worthy grand patron and Mrs. Russell Bird, Grand Electra were also present at the meeting in lodge hall last evening.

The past matrons of Artesia formed a receiving line to greet the officials and visitors. The star points were dressed in pastel shades. Mrs. Van Coeverden, worthy grand matron and Mr. Bird, worthy grand patron were presented with appropriate gifts. Mrs. Bird, Grand Electra was presented with a beautiful bouquet of roses. The lodge hall was lovely with spring flowers.

Following the business session which began at 7:30 o'clock a social hour was enjoyed and a refreshment plate was served, carrying a color scheme of pink and blue. The attendance of local lodge members was very gratifying. Mr. and Mrs. John Prude of Hope were among the visitors present in addition to the officials mentioned above.

Mrs. Van Coeverden will make her official visit to the Carlsbad lodge tonight and the Hope lodge tomorrow night.

## PRE-NUPITAL TEA HONORING MISS LIDA ROSE TALMADGE

Mrs. Van P. Welch and Mrs. Wendell Welch honored Miss Lida Rose Talmadge, whose approaching marriage to Mr. James M. Welch occurs this morning, with a beautifully appointed tea at the Van P. Welch home, between the hours of 4 and 6 o'clock Monday.

Mrs. Van Welch, Miss Talmadge, Mrs. Sig Iverson, of Fort Worth, and Mrs. Lionel Johnson, sister of the bride-to-be of Roswell were in the receiving line to welcome the fifty guests who called. The other hostesses, Mrs. Wendell Welch, assisted by Miss Phoebe Welch were at the other door to bid the guests goodby.

The tea table was artistically arranged with pale pink roses flanked by white tapers and at this table were seated Mrs. J. K. Wallingford and Miss Velma Phillips where they presided. Assisting them in serving were Miss Jack Ward and Mrs. Donald Burch.

## MRS. J. B. ATKINSON HOSTESS TO FORTNIGHTLY CLUB

The regular meeting of the Fortnightly club was held at the home of Mrs. J. B. Atkinson Tuesday afternoon. The rooms were beautifully decorated with lovely snap dragons and red roses. Tables were set for the delightful luncheon served at one after which the guests were employed with their regular session of bridge. Five substitute guests were invited to fill in the three tables this afternoon and included Mmes. Donald Marshall Fred Cole, Jeff Hightower, Roy Lowe and Mrs. Alf Coll. The members of the club who participated in this social event were Mmes. Charles Martin, William Linell, W. L. Martin, C. R. Baldwin, Albert Richards, Glenn Booker and Landis Feather. Mrs. Lowe was the winner of high score for the afternoon.

## CONTRACT BRIDGE CLUB ENTERTAINED BY MRS. J. O. WOOD

The Friday Evening Bridge club were delightfully entertained by Mrs. J. O. Wood at the home of Mrs. S. A. Lanning Friday evening. The members gathered for their regular contract game. When they had finished the high score prize was presented to Miss Cecelia Rehberg, and the consolation prize was given to Miss Elaine Feemster. Members present were Misses Elaine Feemster, Cecelia Rehberg, Mmes. S. A. Lanning, Lowell, and Glenn Naylor, Harvey Yates and the hostess. Light refreshments were served by the hostess at the close of the game.

## MISS HELEN DOOLEY ENGAGED TO SING IN OPERA

Miss Helen Dooley of Kansas City, Missouri, daughter of Mr. and Mrs. William Dooley has been signally honored in her efforts to obtain recognition as a grand opera singer according to word received here by her father, William Dooley. Miss Dooley has been chosen to sing in the St. Louis Municipal opera for the summer. She was one of the thirty young ladies selected from among 1,000 applicants.

## MRS. JESSIE MORGAIN ENTERTAINS H. 2. O.

Mrs. Jessie Morgan was hostess to the H. 2. O. Bridge club at her home Friday afternoon. The members played their usual round of contract with their usual zest and pleasure of the game. At the close of the game Mrs. J. B. Atkinson was the winner of high score.

### THURSDAY (NEXT WEEK)

The Thursday Afternoon Bridge club will meet with Mrs. Howard Gissler, hostess, at her home at 2:00 p. m.

## WOMAN'S CLUB FINAL MEETING OF THE YEAR

Members of the Artesia Woman's Club met for their final meeting of the year at the club house with a covered dish luncheon Wednesday afternoon. Though the attendance was small the members enjoyed a very delightful repast after which the regular business for the year was dispensed with.

Mrs. J. J. Clarke who has been recently elected as the president of the club submitted her resignation which was regretfully accepted. The proposed amendments of the constitution were adopted unanimously and the following committee were appointed and elected by members present, Mrs. Jess Truett, Mrs. Crowell Allen, Mrs. N. M. Baird, Mrs. Fred Cole and Mrs. H. A. Stroup.

There was no program for the afternoon and after the business had been dispensed with the club adjourned for the year. A vote of thanks was made with a presentation of a bouquet to the retiring president whose untiring attention to club matters has made this year a successful one. She in turn thanked each club member for their loyal co-operation in all details of the work. Another officer whose work has been unusually accurate and carefully attended to was the work of the treasurer, Mrs. Donald Marshall, who has served the club so faithfully these past two years. The club finds its financial affairs in very good state as it closes this year's work and anxiously looks forward to a big, prosperous and successful year during 1937 and 1938.

## MRS. NELL FEEMSTER HOSTESS TO SUSANNAH WESLEY CLASS

The social meeting of the Susannah Wesley class of the Methodist church was held at the home of Mrs. Nell Feemster with Mrs. I. C. Keller co-hostess with Mrs. Feemster for this delightful time. Members of the class who enjoyed the pleasure of the afternoon were Mmes. E. B. Bullock, president of the class, George Frisch, John McCann, I. C. Keller, Ella Stanley, S. O. Matteson, H. A. Stroup, W. S. Williams, W. S. French, William Gissler and G. C. Kinder.

## SHOWER FOR MRS. LEON CLAYTON

Mrs. Donald Fanning entertained a number of friends at her mother's home southeast of town honoring Mrs. Leon Clayton with a shower. Six tables were placed for the guests and contract bridge was the game for the afternoon. The home was lovely with many spring flowers and the party was attractive with the very cleverly hand made colonial ladies. This motif was further carried out in the score pads both of which were made by the hostess. Guests for this occasion were Mmes. Roy Ingram, Herman Dick Jones, Carl Folkner, Leland Price, John Williams, Howard Stroup, Arthur Paton, Harvey Yates, Marshall Rowley, Stanley Carper, Luther Caraway, Roy Langston, Pete Shoemaker, Harold Dunn, Vernon Dwyer, John Fullilove, Reed Dowell, Jimmie Keith, Cruz Corkran, C. C. Conner, Ralph Barr, Orval Gray and Miss Katherine Cogsdell. Mrs. Harold Dunn won high score for the afternoon and Mrs. Roy Ingram was awarded the consolation prize. After the game had ended the hostess presented the honored guest with the many lovely gifts that made up the unusually lovely shower. A delicious refreshment course was served by the hostess closing the delightful party.

## A. F. F. BRIDGE CLUB WITH MRS. LELAND PRICE

Three tables of bridge including the A. F. F. Bridge club were graciously entertained by Mrs. Leland Price at her home Wednesday afternoon. The house was attractive with the seasonal roses and contract bridge offered the diversion of the afternoon. Guests were Mmes. Leon Clayton, Arthur Paton, John Williams, Carl Folkner, Herman Dick Jones, Stanley Carper, Marshall Rowley, Hugh Donald Burch, Howard Stroup, Donald Fanning, Harvey Yates, and Clyde Cobble, Mrs. Marshall Rowley won high score for the afternoon and Mrs. John Williams low score. The hostess served a tasty buffet lunch after the game had been ended.

## LUNCHEON FOR BRIDGE OF THE MONTH AT HOTEL

Mrs. Faye Hardeman was the gracious hostess to the Bridge of the Month at the Artesia hotel with a bridge luncheon Friday. After the tasty luncheon served in the coffee grill of the hotel the members enjoyed their usual game on the mezzanine floor. Mrs. Charles Morgan was winner of the high score and Mrs. Hardeman won second high. Guests for the party were Mmes. E. N. Bigler, Howard Whitson, Herman Terry, Mary Evans, Charles Morgan, T. T. Flint and D. A. Miller.

## MISS ELNORA GAGE TO MARRY CARL JORREN

Mr. and Mrs. George Gage announce the marriage of their daughter Miss Elnora Gage to Carl Jorren. The marriage ceremony will take place at the home June first. Only the immediate families will witness the simple ceremony.

Miss Gage is a very popular member of the younger set of Artesia. She graduated from High school here this year. She is a member of an old and prominent family who have made their homes here in the Pecos valley for a great number of years. A talented young musician, she has made her place in the community one of value.

Mr. Jorren is the son of Mr. and Mrs. Harry Jorren who have been residents of Artesia at various times during the past several years. He is a graduate of the Hot Springs, New Mexico, high school and has been connected for some time now with the Flynn Welch and Yates drilling company. The young couple plan to make their home here in Artesia after their marriage.

## PICNIC LUNCH PARTY WITH MRS. C. R. BALDWIN

Mrs. C. R. Baldwin was hostess to the members of her bridge club at her home Friday afternoon using a picnic lunch as the seasonal refreshments after the usual round of contract had been played. The home was attractive with red roses arranged in a most pleasing manner. Mrs. John Lanning and Mrs. M. A. Lapsley were the substitute guests invited to play with the club for this meeting. Members of the Miercoles Club who had the pleasure of this party were Mmes. Lewis Story, P. V. Morris, Richard Attebery, Lloyd Simon, Howard Williams, and the hostess, Mrs. Lewis Story won high score for the afternoon.

## VIERNES CLUB ENTERTAINED BY MRS. E. E. GILLISPIE

California poppies were used to decorate the home of Mrs. E. E. Gillispie as she entertained the Viernes bridge club Friday afternoon. Mrs. H. W. Clady was the invited substitute guest for the party. At the close of the contract game and after the scores had been totaled Mrs. E. E. Gillispie was the winner of high score while Mrs. E. J. Foster held the average score. The hostess served very delicious refreshments during the social hour following the game. Mmes. Andy Compary, Wren Barker, Lawrence Carroll, A. G. Glasser, Boone Barnett, and E. J. Foster were the club members honored by this occasion.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock.—The Advocate.

### Dead Water Lake Near Roswell Has Yielded Nothing

Federal operatives apparently had found another dead-end trail in their search for the Lorus bodies as they slipped out of Roswell as quietly as they came Saturday to conduct a secret investigation according to word from Roswell.

The stinking waters of Dead Water lake, seventeen miles northeast of Roswell, failed to give up any evidence in the three year old enigma after two federal investigators, aided by Roswell city prisoners, combed its depths with grappling hooks dragged by rowboats.

R. H. Colvin, of the federal bureau of investigation El Paso remained mute, and said: "We found the lake is good for spawning salt mackerel. It was another bad tip, but we have to follow all of them."

But observers continued to believe that the investigation was not at an end, since the operatives remained in Roswell for a day and a half after the lake dragging was ended.

### Seven Artesia People Figure in Head on Collision Friday Eve

Seven Artesia people miraculously escaped serious injury in a head on auto collision, which occurred about a mile north of Brown's place between Lake Arthur and Hagerman Friday evening. A Chrysler coupe driven by Herman O'Brien struck a car driven by Carroll Graham, practically demolishing the Chrysler car. With O'Brien were Millie Jones and Bill Graham, of Artesia, Carroll Graham, who received several deep cuts about the arms, was accompanied by Misses Helen Robinson and Inez Knowles and Leonard Walker. Miss Knowles it is understood lost several teeth. Occupants of the O'Brien car escaped with minor injuries.

O'Brien is alleged to have been intoxicated at the time of the accident and it was said the O'Brien car was weaving across the highway at the time of the collision and that it was impossible for Graham to avoid the accident. O'Brien was lodged in the Chaves county jail following the accident. The victims were brought here for medical attention.

Wedding Announcements, printed or engraved—The Advocate.

### LOCALS

Mr. and Mrs. John Lanning spent the week end at Capitan fishing.

Henry Weddige, Hope sheepman was trading in Artesia Monday.

C. L. Reynolds sold a lot in Forest hill addition the past week to D. L. Myers.

Dorothy Linell underwent an operation for removal of adenoids Tuesday morning.

Mae Toper, daughter of Mrs. Veda Toper underwent a tonsilectomy Tuesday morning.

A daughter was born to Mr. and Mrs. Ben Dunn at a Carlsbad hospital on May 12th.

E. M. Clouit, San Antonio, Texas operator is spending a few days here looking after his oil interests.

Cruzy Cockran has under construction a modern frame residence in the Keller Ragsdale addition.

Mr. and Mrs. J. R. Spence of Sacramento were transacting business and visiting friends here yesterday.

Saturday Howell Gage was up from his ranch near Carlsbad visiting friends and attending to business matters.

Mr. and Mrs. Leslie Martin, Mrs. I. L. Spratt and Dr. J. P. Turner left this morning for the Gulf Coast and other points in Texas.

Mrs. Ed Conner returned Friday from Clovis, where she spent the past week visiting her daughter, Mrs. Chas. Alsop and Mr. Alsop.

Mr. and Mrs. J. K. Wallingford and daughter, Martha returned Friday from the Grand Canyon, where they spent four days in sight seeing.

Senator S. A. Jones of Clovis was a business visitor here Tuesday. Senator Jones reports prospects good for a wheat crop in the Clovis section.

Miss Helen Webster recently returned from a three week's visit in Hollywood, California and will resume activities in the Hardin Webster dancing school.

K. A. Bivens, Cottonwood farmer who broke his arm working with a tractor about three weeks ago underwent an operation to have the bones in the arm reset at an El Paso, Texas hospital Saturday.

Mr. and Mrs. C. J. Dexter returned Monday evening from Tulsa, Oklahoma where they spent a short time visiting Mr. Dexter's brother, G. R. Dexter and wife and family and attending to business matters.

Mr. and Mrs. C. R. Baldwin, Walker Lewis and Bernie Marie drove to Ruidoso and the Honda for an outing and fishing Sunday. Reports have it that Mr. Baldwin is quite a fisherman catching trout eighteen inches long.

Mrs. Sig Iverson of Odessa, Texas, arrived this week for a visit with friends and relatives here and to attend the wedding of her brother, James Welch, who will be married to Miss Lida Rose Talmadge of Roswell in that city this morning.

Mrs. C. O. Brown left Sunday morning for an extended visit with relatives in the east. She will visit in Chicago and Monon, Indiana. She met her son C. O. Jr. in Clovis and will travel with him as he goes to New York City for a visit with friends.

Mr. and Mrs. G. A. Feather and daughter Gertrude drove over yesterday from Las Cruces. Mr. Feather attended the farm bureau organization meeting here last night and with his family is visiting at the home of his brother, Landis Feather and Mrs. Feather and family.

Mr. and Mrs. William Mitchell and son Malcolm of New York, New York are spending a few days here visiting friends and transacting business matters. Mr. Mitchell is interested in the Malco Refineries and is president of the Maljamar Oil and Gas Corp.

Messrs. and Mmes. Albert Richards, Howard Stroup, John McCann, Jack Johns and B. E. Spencer were among the local people trout fishing on the Bonita over the week end. The fishermen report fair to middling luck, but mountain streams were running more water than usual.

Mr. and Mrs. Tom Hefflin drove over to El Paso, Texas last Thursday to meet Miss Elizabeth Sievers, Mrs. Harry Gills Jr., of San Francisco, California, Mrs. Alma Sievers Unzueta of Mexico City, sisters of Mrs. Hefflin and also a nephew of Mrs. Hefflin, Louis F. Unzueta of Mexico City. The visitors accompanied Mr. and Mrs. Hefflin home for a short visit, returning to El Paso, Sunday.

### Plans For AAA To Map New Mex.

Plans for the mapping program for New Mexico in connection with the agricultural adjustment administration, have been outlined in detail and the state organization has been established, according to W. A. Wunsch of the New Mexico state college.

The mapping work will be accomplished either by the aerial photography method or by the ground method. It is necessary to have a standard and reliable plan of procedure and the township and sectional plan has been adopted particularly for the ground survey work. By the use of this plan, it will not be necessary to map the farms more than once and then these maps can be used from year to year, even though there should be a change of ownership or change of management of the farms.

Present plans call for the appointment of a state engineer and four district engineers. These men will work under the direct supervision of the state A. C. P. secretary, and in cooperation with the extension agents in county associations in various counties. Each district engineer will have the supervision of definite counties and will develop and supervise the county organizations. The plane table system of mapping will be used and three men crews will work in each county, the number of crews depending on the number of participating farms in the county. The county supervisor will be in charge of each crew and it is expected that the checking of compliance on the farms will be done at the same time as that of the mapping, in order to eliminate extra time and expense for the compliance work in the county. While it may be impossible to check all the compliance, the majority of the farms can be inspected and a final report completed by the supervisor.

### DEMPEY FIGHTS OIL PERMIT RESTRICTION

WASHINGTON. — Rep. J. J. Dempsey of New Mexico attacked Tuesday what he said appeared to be an attempt by federal agencies to discourage applications for oil permits on public lands.

"I question the wisdom of any federal agency having power to say arbitrarily to a permit applicant that there is no oil in any given locality."

He said he had information that this had been done in several instances.

### 8,398 NOW ON THE STATE WPA ROLLS

SANTA FE.—Work Progress payrolls for New Mexico now carry 8,398 persons including 422 non-relief employees. Lea Rowland, state administrator said yesterday. This number does not include the administrative force.

### SHEEP SHEARING STARTED

Shearing crews are busy over the ranges of this section shearing the spring and summer wool clip. The clip expected to be one of the largest in the past ten years will be well underway by June 1st. A few sheepmen are waiting for moisture before starting the shearing operations, but in general sheep will be sheared as rapidly as crews are available.

The John F. Cauhope clip of near Hope has started moving to market and other large clips will follow in short order.

### Locals

A daughter was born to Mr. and Mrs. Louis Burchfield Friday.

Mr. and Mrs. Hugh Kiddy and family and Mr. and Mrs. M. G. Schulze and family visited Cloudcroft Sunday.

W. A. Periful of Amarillo, Texas route agent for the American Express Co., was a business visitor here yesterday.

Mrs. G. B. Selman of Hope underwent an appendectomy at the St. Mary's hospital in Roswell yesterday morning.

William McCarty of Robinson, Illinois has been attending to business matters and visiting with William Flynn this past week.

Miss Phoebe Welch who has been employed in Fort Worth, Texas for the past several months returned this past week to her home here.

Mr. and Mrs. E. N. Bigler left the first of the week for Abilene, Kansas where they will visit Mr. Bigler's father, J. S. Bigler and other relatives.

C. R. Vandagriff accompanied by Master Loren Gelwick left early Tuesday morning for El Vado dam for a trout fishing expedition in that vicinity.

Mr. and Mrs. Rufus Stinett of Magdalena, who have been visiting her parents, Mr. and Mrs. Arba Green for several days expect to leave Friday for a visit with relatives in Missouri and Kansas.

### YOUNG PEOPLE ENJOY BRIDGE PARTY

The young people who have been meeting regularly each month for some sort of social activity enjoyed a delightful bridge party preceded with a covered dish dinner at the woman's club house Saturday evening given by Mr. and Mrs. Stanley Carper.

Guests included Messrs. and Mmes. Harold Dunn, Marshall Rowley, C. C. Conner, Orval Gray, Vernon Bryan, Harvey Yates, Pete Shoemaker, Roy Ingram, Cruzy Corkran, Donald Fanning and Leon Clayton. Mr. and Mrs. Harold Dunn won high score for the evening and Mr. and Mrs. Pete Shoemaker won low score.

Mrs. Frank Schenn and daughter, Mrs. Hall, of Belmont, New York, are here visiting with Mr. Van S. Welch and family. They will attend their son and brothers Robert and Donald Nickleson, graduation from the N. M. I. and also the marriage of James M. Welch to Miss Lida Rose Talmadge.

### TRANS-PECOS LINE RUNNING OIL

Terry Hornaday, resident manager of the Trans-Pecos Pipe Line Co., reports the line is now delivering its quota of oil to the coast for transportation to a foreign market. Although the daily run is only 3,000 barrels per day, as high as 5,000 barrels per day was delivered to the pump station at Lea until the daily allowable was equalized.

We have a complete line of GIFTS for both the BRIDE and GROOM including Elgin Watches and Imported China

### SOCIETY.

#### THURSDAY BRIDGE CLUB HONORED BY MRS. ARCHER

Mrs. A. M. Archer entertained the members of the Thursday Bridge club with an afternoon party at her home Thursday afternoon. Mrs. C. R. McDorman was a substitute guest for the game and members of the club who were so honored were Mmes. M. A. Lapsley, W. R. Schoonmaker, Luther Caraway, Charles Morgan, Merrill Sharp, and Howard Gissler. At the close of the contract game Mrs. M. A. Lapsley held high score and Mrs. W. R. Schoonmaker second high. The hostess served refreshing light refreshments during the hour following the game.

#### PECOS VALLEY ALUMNA CLUB

Miss Winifred Deterick was hostess to the Pecos Valley Alumna club for its final meeting until after the summer month and the annual election of officers. Miss Maurine Lewis was elected as president for the ensuing year and other officers were Mrs. Houk, vice president, Miss Jennie Beth Bishop, secretary, Miss Winifred Deterick, secretary and treasurer, and Mrs. John Rowland, historian. After the regular business had been attended to the members of the club enjoyed a social hour at the close of which a dessert course was served by the hostess.

Hope Items

Miss Frances Johnson, Reporter

Mrs. C. B. McCormack was taken to the St. Francis hospital in Carlsbad Sunday where she underwent an operation.

Mr. and Mrs. Tom Young and baby left Saturday for Moore Park, California where they will spend the next six months.

Mr. and Mrs. Dalton Bragg of Portales arrived here Sunday to spend a few days visiting friends and attending business.

John Ward has moved the old Ward residence from the Ward farm to his place east of town where his home recently burned.

Mr. and Mrs. Edgar Williams entertained at their home Monday evening with a dinner honoring the lady teachers of the Hope public schools.

Mrs. J. P. Parks motored to Estelina, Texas, Saturday where she went to take her niece, Annie Lee Beard, to visit with her mother, Mrs. Lizzie Beard.

A covered dish luncheon was given by Mr. and Mrs. Charlie Cole at their home west of town Sunday noon. About forty guests attended the luncheon.

Mrs. Martha Scoggin and children and Frank Joplin of Rotan, Texas arrived here Sunday to spend several days visiting relatives and friends and attend to business.

The fifth, sixth, seventh and eighth grades motored to the lumber camp at Mayhill Tuesday for culmination of a unit study on forestry they have been studying.

Mary Plowman, student of the Draughon's Business College, of Lubbock, Texas spent several days here the latter part of the week visiting her parents, Mr. and Mrs. John Plowman and family.

Ann Klassen returned Sunday evening from Norwich, Kansas where she went last Wednesday to attend the funeral of her brother, Tom Klassen, who passed away at his home there after a lingering illness.

Mr. and Mrs. Hilary White Jr., came in from their ranch the latter part of the week to attend business. They took their children, Dorothy and Buddie, who have been attending school here, back to the ranch with them.

Word was received here the first of the week of the marriage of Emmett Young to Emma Sparks of Moore Park, California, on Saturday. Mr. Young is a former resident of Hope and the son of Mr. and Mrs. T. E. Young here.

Mr. J. W. Reed and daughter, Mrs. C. J. Farrell, left Saturday for Siam, California where Mr. and Mrs. Reed have moved to make their home. Mrs. Farrell will spend a few weeks there visiting before returning to her home in Artesia.

Mrs. N. L. Johnson, Mrs. J. R. Attebery and daughter, Margaret, of Artesia, left Monday for El Paso where they will spend several days visiting. Mrs. Johnson will visit her son and daughter in law, Mr. and Mrs. Wallace Johnson, in Las Cruces while there.

Baccalaureate services for the Senior class of 1937 of the Hope high school, were held at the M. E. church Sunday evening with the Rev. Allen Johnson, a former teacher of the Hope high school, of Artesia, preaching the sermon. Seniors graduating this year are Delma Ruth Cole, Emeline Crockett, Edna Briscoe, Earnest Traylor, Oran Wood, Lewis Scoggin, Clarence Clements, Nash Bumgardner, Garland Alcorn and Welburn Welch. Commencement exercises will be held for the class at the high school gymnasium Thursday evening at eight o'clock.

CCC FENCING STOCK DRIVEWAY IN STATE

FORT SAM HOUSTON, Texas.—Of great benefit to stockmen of the southwest is one of the important work projects of the Civilian Conservation Corps in New Mexico—that of fencing of one of the nation's principal stock driveways, located in the vicinity of Magdalena, New Mexico.

Magdalena stock driveway and others in the area are similar to the old cattle trails used in the southwest before the advent of railroads over which cattle were driven to shipping points or to fresher grazing lands when seasonal changes limited the area on which cattle could feed. Fencing is a relatively new development which restricts the trails to general grazing and preserves the grass for use of stock being moved from place to place.

A man in Hamburg, Germany, has 25,000 tram and bus tickets classified and mounted like stamps in ten albums.

TWO POPULAR DISHES FEATURED IN PICTURE

You are missing a rare treat if you don't go to see "The Bride Wakes Up"—as delightful a picture as has ever been produced, and amazingly well done. While the central theme is a gay love story built around the problems that beset any young bride, the picture is brimful of household hints, artfully slipped in here and there. Household hints that will be warmly welcomed by any woman, be she single, a bride or a matron. You laugh one minute and your mouth waters the next. Especially mouth-watering is the delicious Lemon Chiffon Pie that climaxes one of the interesting scenes. Your first temptation will be to dash right home and make one just like it. But don't miss the rest of the picture, for here is the recipe... and it can be made in no time:

LEMON CHIFFON PIE

One envelope Knox Sparkling Gelatine, 1/4 cup cold water, 4 eggs, 1 cup sugar, 1/2 cup lemon juice, 1/2 teaspoonful salt, 1 teaspoonful grated lemon rind.

Add one-half cup sugar, lemon juice and salt to beaten egg yolks and cook over boiling water until of custard consistency. Pour cold water in bowl and sprinkle gelatine on top of water. Add to hot custard and stir until dissolved. Add grated lemon rind. Cool. When mixture begins to thicken, fold in stiffly beaten egg whites to which the other one-half cup sugar has been added. Fill baked pie shell or graham cracker crust and chill. Just before serving

spread over pie a thin layer of whipped cream.

ANOTHER handsome dish that caught our eye was Perfection Salad. And after reading the recipe we've decided to pass it on to you as it's an "Open Sesame" to any man's heart:

PERFECTION SALAD

One envelope Knox Sparkling Gelatine, 1/4 cup cold water, 1 cup hot water, 1/4 cup mild vinegar, 1 tablespoonful lemon juice, 1/4 cup sugar, 1/2 teaspoonful salt, 1/2 cup cabbage, finely shredded, 1 cup celery, cut in small pieces, 1 pimiento, cut in small pieces, or 2 tablespoonfuls sweet red or green peppers.

Pour cold water in bowl and sprinkle gelatine on top of water. Add sugar, salt and hot water, and stir until dissolved. Add vinegar and lemon juice. Cool, and when mixture begins to stiffen, add remaining ingredients. Turn into mold that has been rinsed in cold water and chill. To serve, remove from mold to bed of lettuce leaves or endive, and garnish with mayonnaise dressing. Or cut salad in cubes, and serve in cases made of red or green peppers, or turn into individual molds lined with canned pimientos.

THESE dishes are all made with a well-known, unflavored gelatine which is one of the products being featured in this cooking-school picture. Noted for its purity and quality this plain, unflavored gelatine has played the stellar role in many famous menus.

Pecos Farmers Irrigating From Red Bluff Dam

The farmers of the lower Pecos valley have ended the first irrigation period from water stored in the Red Bluff dam. From the first period beginning March 20th, records show that 47,000 acre feet of water was used from storage in the reservoir, leaving an estimated 8,000 acre feet in storage. Waters from Red Bluff were sufficient to meet the needs of 23,000 acres in cultivation under seven irrigation projects. Red Bluff officials estimate that additional moisture will be needed by the latter part of June and whether the reservoir will be able to supply the water will depend on the water level above the dam.

The district has been handicapped by lack of moisture on the Red Bluff water shed. Rains will have to fall soon to insure the success of the irrigation projects under the dam this year.

Scout News

P. V. Thorson, executive of the Eastern New Mexico Area Boy Scout Council, Tuesday announced at Roswell the appointment of Mark G. King of Fort Worth, Texas, as field executive for the area. Mr. King, who is now completing work at the national training school for Boy Scout executives at New Jersey, is expected to arrive in Roswell May 26th to begin work. He will probably act as director of the Eastern New Mexico Area Council's summer camp at Camp We-hin-ah-pay in the Sacramento mountains near Weed, which will be held July 15th to 24th, Mr. Thorson said.

PRICE HENRY DEAD

Price Henry, aged 75, former resident of Artesia and well known to many of the early day residents, died in a Phoenix, Arizona hospital on May 13th, according to word received here by his sister-in-law, Mrs. Nellie Cogdell. Mr. Henry lived in this vicinity twenty of twenty-five years ago and at one time owned a number of dwellings in Artesia. Later he operated a farm on the Cottonwood. He was operating a farm near Tempe, Arizona at the time of his last illness.

FIXING THE HOME UP for the BRIDE

Whether a bride of a day or forty years, you'll find a real satisfaction in repairing or modernizing the home. And the job doesn't have to be expensive either for you can start with an addition of a closet, hardwood floors for one or two rooms, repainting or redecorating the interior of the home you own or contemplate buying.

There is much enjoyment to making your home more livable and we'll be glad to aid you with our planning service.

**CHRISTIAN SCIENCE SOCIETY**  
613 West Main St.

"Soul and Body" is the subject of the lesson-sermon which will be ready in all societies and Churches of Christ, Scientist, on Sunday, May 23rd.

The Golden text is: "Rejoice the soul of thy servant; for unto thee, O Lord, do I lift up my soul." (Ps. 86:4).

Among the citations which comprise the lesson-sermon is the following from the Bible: "What? know ye not that your body is the temple of the Holy Ghost, which is in you, which ye have of God, and we are not your own?" (I Cor. 6:19).

The lesson-sermon also includes the following passage from the Christian Science textbook: "The universe of Spirit is peopled with spiritual beings, and its government is divine Science. Man is the offspring, not of the lowest, but of the highest qualities of Mind."

**CHURCH OF CHRIST**  
7th and Grand Ave.

Wednesday Night Bible study at 8:00 p. m.

Thursday Ladies Bible class at 3:00 p. m.

Sunday We will meet in the new building this coming Lord's Day.

Bible school meets promptly at 10:00 a. m.

Preaching at 11:00 a. m. and 8:00 p. m.

Lord's Supper at 11:50 a. m.

Young Peoples classes meet at 7:30 p. m.

We are glad to welcome you back to our regular meeting place after an absence of several months. We are always glad to have you come and study the Bible with us. Tell your friends.

ALLEN E. JOHNSON, Minister.

**FIRST METHODIST CHURCH**  
Corner Grand and 5th Sts.

Sunday morning has been designated as "Men's Day" at the First Methodist church. Joe Foster has promised to have a men's choir. Its illegal to fish Sunday and it will be too hot to play golf at 11:00 o'clock so why not come to church?

Sunday evening the ladies of the Missionary society will be special guests and will be expected to bring some one else along.

We need 300 Methodists at the services Sunday. If you see any Methodist wandering around about church time Sunday direct them to corner of Fifth and Grand.

You are always welcome at the Methodist church.  
JOHN S. RICE, Pastor.

**DAILY VACATION BIBLE SCHOOL**

Beginning Monday morning at 8:30 o'clock the Methodist Sunday school will have a daily vacation Bible school under the leadership of Mrs. Joe Foster. The school will last for two weeks. The daily sessions will be from 8:30 to 10:30 each day. A staff of volunteer workers has been arranged for. Children between the ages of six and twelve will be taught.

**FIRST CHRISTIAN CHURCH**  
Announcements for the week.

FRIDAY—6:30: Class for boys and girls in the meaning of church membership. Assignments will be made for children's day service.

SUNDAY—9:45: Church school, 11:00 morning worship, including preaching and communion; 7:00, young people's meeting. Chester

## After All He Just PAYS The Gasoline Tax!

## Church of Christ Building To Be Occupied Sunday

Members to Worship in Building First Time Since Repairs Started Several Weeks Ago

INTERIOR OF BUILDING TO BE COMPLETED IN TWO WEEKS

Members of the Church of Christ here will worship in their church building Sunday for the first time since repairs were started several weeks ago. Remodeling of the building is far enough advanced to use the building although the interior of the structure will not be completed within two weeks.

The building has been roofed and its walls razed to one story. The old part of the church structure has been remodeled with a new baptistry installed, new light fixtures have been added and the old Sunday school class rooms refurnished. The new addition contains a minister's study, three additional class rooms and two comfort stations.

Plastering the interior will be completed shortly, but the exterior may not be refinished and stuccoed until fall.

**MARRIAGE LICENSES ISSUED AT CARLSBAD**

Marriage licenses were issued to four couples during the week end at the office of Rude Wilcox, county clerk in Carlsbad.

Receiving the licenses were: J. B. Cox and Vernace McCasland, both of Artesia; C. Russell Crawford and Winna Mae McNeil, both of Carlsbad; Jack Morrison and Lucile Blackstock, both of McCamey, Texas; and C. C. Phillips and Omnia Lee May, both of El Paso.

New York, Ohio, Minnesota, Indiana and California have initiated or are contemplating illuminated highways.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock.—The Advocate.

Lapsley, leader.

WEDNESDAY—7:30: Choir rehearsal.

THOMAS MASSIE, Minister.

## Lake Arthur Items

Mrs. Clarence Evans, Reporter

The Extension club met May 19 at home of Mrs. Ned Hedges.

F. H. Kenmore and family of Dimmit, Texas spent last week end visiting his sister Mrs. E. L. Cummins.

Tuesday night the Eastern Star and Masonic lodge held an interesting program followed by refreshments. Official visitors were Mrs. Evelyn Van Coeverden of Belin and Russell Bird of Roswell.

Last night the graduating class held their program and diplomas were awarded to: Elizabeth Merritt, Ruth Walden, Mabel Mills, Annie Jo Pate, Andy Griffith, Everett King, Robert Payne, Billy King and Harry Nelson.

Immediately following the close of school the Riddles will leave for Indiana, the DuLanays will go to Pennsylvania, the Ellingtons to Texas. Misses Hedrick and Gardner to Los Vegas, and the Dohner's will leave in a few days for Colorado.

**Mr. and Mrs. L. E. Dohner Honored**

At lamp lighting time Monday more than two hundred school patrons gathered for a picnic supper honoring Supt. L. E. Dohner and wife, who will not be with this school next year. After supper the girls played a game of soft ball and Knowles orchestra furnished music.

**SCOUTS GRANTED TIME EXTENSION**

Scout Executive P. V. Thorson of Roswell announced Monday that national Boy Scout offices had allowed a week's extension on registration for the National Jamboree to be held in Washington this summer.

At the same time, he announced that 70 scouts had signed to make the trip, a registration of 10 from Carlsbad boosting the total. Thorson said registrations now may be received until noon Saturday, but warned that no further extension is likely.

**WORKING ON WEST HIGHWAY**

A highway crew is working a portion of highway 83 west from Walnut Grove, fifty miles west of here. Fourteen miles of the highway has been graded and workers are blasting narrow passages of the road, to eliminate danger of collision. The road in front of the Tom Runyan ranch house has been blasted to provide a wider highway.

## Brakes Important Safety Feature

Brakes have more to do with the safety of a motor car than any other feature of car design, according to Pontiac engineers. Top speed is regulated pretty much by the efficiency of the brakes.

Brakes and the driver should act as one. In reality, brakes are but an extension to a driver's right leg. They express the motorist's mental and muscular reactions just as accurately and sensitively as a pencil and pen or a pair of skates strapped on his feet. If they do their job properly they must respond instantly and in perfect coordination with the driver's mental impulses.

Although the hydraulic brakes of a Pontiac car are not as impressive to look at as its 100 horsepower engine under the hood, however they are prepared to nullify and undo the work the engine does in building up speed in a fraction of the time that the engine required.

Considering the brakes from the standpoint of their stopping power, Pontiac engineers point to what would happen if the brakes were no more powerful than the engine, and it should take as long to stop 4000 pounds of car and passengers as it does to accelerate them. In the interest of safety alone, then, car speeds could not be more than one eighth of their present maximum.

As a result of the necessity of stopping quickly, therefore, the engineers have made Pontiac brakes eight times as powerful as the engine. In other words, Pontiac brakes deliver 650 horsepower.

Utilizing the full energy of the 100 horsepower engine, it requires thirty five seconds to accelerate from a standing start to 80 miles an hour. But as the engineers say, "No one would be willing to wait thirty five seconds to come to a stop from 80 miles an hour and therefore speeds of eighty or sixty or even forty miles an hour would not be safe at any time."

"At that rate more than 2000 feet or 4 of a mile would be required for the stop. Actually, on a concrete pavement, a 1937 Pontiac can be brought to a full stop from eighty miles an hour in about 260 feet, which requires 4 1/2 seconds, or 1/8 of the time it takes to accelerate to eighty miles an hour.

**MCCANN BUILDING MORE TOURIST CABINS**

J. D. McCann has under construction four additional tourist cabins at the McCann tourist camp on South Second street. It is understood Mr. McCann plans to further modernize the cabins already built.

**CROSSING COLLISION FATAL TO TRUCKERS**

Charles Ellis, 40, and Tom Brown 24, were killed Monday when a freight train crashed into their truck at a crossing near Jal.

The men, employees of the Dowell Chemical company of Midland, Texas were on their way to Jal to acidize an oil well. Waller Gatewood, oil company superintendent, witnessed the accident.

Typewriter Ribbons—The Advocate

## 4,253 Employed on WPA Projects Rocky Mt. Area

WASHINGTON—Harry L. Hopkins, work progress administrator, reported Saturday 4,253 persons were employed on WPA conservation projects in Rocky Mountain states during the last two weeks of March, this year.

The projects, aggregating 290 in Colorado, Montana, New Mexico and Wyoming, involved an estimated cost, on completion, of \$10,609,618.

In the entire United States, Hopkins said more than 118,500 were employed on 6,031 projects with an estimated total cost on completion of \$195,786,743, of which federal funds amounted to \$174,083,917 and funds provided by sponsors, \$21,702,826.

The projects included water conservation, irrigation and flood control; erosion control and land utilization; plant, crop and livestock conservation and reforestation.

The report included the following data on the number of persons employed, number of projects and total cost on completion.

Colorado, 2,202 employed; 59 projects; to cost \$5,329,563.

Montana, 866 employed; 104 projects to cost \$3,056,468.

New Mexico, 992; 72 projects to cost \$1,262,916.

Wyoming, 194 employed; 59 projects to cost \$960,671.

**150 MILLIONS FOR HIGHWAYS**

SANTA FE.—Word was received from Washington Friday that the House roads committee has earmarked \$150,000,000 from the relief bill for highway construction, Grover Conroy, state highway engineer, informed Gov. Clyde Tingley Friday.

The governor said that the highway department estimates that New Mexico's allotment will be about \$5,000,000 if allotments are made on the same basis as the last appropriation.

**DROUGHT BOOMS PRICE OF ARMY MULES**

WASHINGTON.—The average price of horses and mules has jumped from \$161 to \$175, a house subcommittee on army appropriations learned. "Due to the drought," said the witness. The army plans to buy 2,622 horses and mules in the coming fiscal year. They are expected to cost \$513,000.

## Bring BEAUTY and CONVENIENCE TO YOUR KITCHEN WITH A modern Perfection Oil Range

Five High-Power burners—fast, clean, easy to regulate for every cooking task

● You never saw an oil stove as beautiful as the one we are showing—nor a gas or electric range, for that matter. Its cream-white porcelain finish and smart design will brighten your kitchen without hurting your pocket-book.

Five fast, clean, High-Power burners are concealed behind a panel which opens against the lower front of the range; the burners, however, operate equally well with the panel open or closed.

Other features are: a "Live-Heat" oven at convenient height; a concealed burner tray; a concealed, removable two-gallon oil reservoir. Come in and let us show you.

**SIZES AND PRICES TO PLEASE ALL**

Whatever your space problem, or your budget requirements, there's a High-Power Perfection to please you. Every High-Power burner on every model is exactly the same.

5 Burner DELUXE RANGE \$127<sup>50</sup>  
Less \$10.00 for any old stove.

5 Burner IVANHOE RANGE \$54<sup>95</sup>  
Less \$10.00 for any old oil stove

### NEW MIX GIVES YOU JIFFY UPSIDE-DOWN CAKE

YOU can mix up this Upside-Down Cake ahead of time and have it ready to bake at the last minute. Cream  $\frac{1}{2}$  cup butter and add 2 cups sugar slowly. Sift 4 cups cake flour, 4 teaspoons baking powder and  $\frac{1}{2}$  teaspoon salt. Add to first mixture. Then if you store this mix in the modern ice refrigerator, it will keep fresh, because the new ice refrigerator has an air-conditioning chamber which provides proper moisture and prevents foods from drying out. When ready to bake the cake, break up mix with a fork and measure out  $\frac{1}{2}$  of it, returning the other portion to the ice refrigerator for future use. Then combine 1 egg (well beaten), 1 cup milk and 1 teaspoon vanilla extract and add to mix, blending thoroughly. Meanwhile, melt  $\frac{1}{4}$  cup butter in heavy 9" frying pan. Add  $\frac{1}{2}$  cup brown sugar and when sugar has melted, place sliced canned pineapple rings (well drained) in the syrup. Pour cake batter over syrup and bake approximately 35 minutes in moderate oven (350°). Remove from pan—turning upside down—immediately upon removal from oven. Serve warm. Mmm!

### Dist. Health News Three May Retire From U. S. Court

Cleanliness and "clean-up" days for any city, town or community are of interest and importance in two ways. The word cleanliness may have two meanings.

First: Biological cleanliness which is the absence of contaminating or injurious substances which may convey toxic or infectious material.

Second: Esthetic cleanliness which is freedom from visible dirt in respect to one's person and environment.

The two meanings overlap in certain cases—as cleanliness of person and environment tends to exclude poisons and germs. Frequent clean up days and not ANNUAL CLEAN UP DAYS are more important from a health standpoint.

Cleaning Stock pens daily prevents the breeding of flies. Flies transmit infections from sick to well. Clean hands of food handlers prevent transmission of diseases. Thoroughly cleansed soda fountain and cafe dishes prevent the transmission of many diseases from mouth to mouth. A great majority of all communicable diseases are caused by introducing the causative agents into the mouth or nose. These agents come from the excretions or body discharges of sick human beings and from carriers. The eradication of mosquito breeding may prevent the transmission of disease. It is quite likely that malaria bearing mosquitoes are already breeding in the Pecos Valley, if not, they will likely do so. Malaria has cost Dona Anna County many dollars. The Pecos Valley has about the same mosquito breeding problem as Dona Anna county. Prevention is always cheaper than cure.

DR. O. E. PUCKETT, District Health Officer.

### APPROVES ELECTION TRANSCRIPT

Supt. W. E. Kerr of the Artesia schools Saturday received notification from Frank H. Patton, attorney general stating that the transcript in connection with the \$85,000 school bond election had been approved.

### SACRAMENTO ITEMS

Roy Calkins made a business trip to Roswell Saturday.

Mr. Cregg is doing some road repairing on the Assembly ground.

Rev. Joe Schrimshier and family are visiting in El Paso at present.

E. C. Jewett of Roswell was transacting business in Sacramento Friday.

Mr. and Mrs. Will Edington spent Saturday night and Sunday in the Jeff Loring home.

Miss Alma Lane one of Hope teachers was visiting on the Assembly grounds Sunday.

Mr. and Mrs. E. O. Wasson and daughter Madie and Mrs. J. F. Wasson spent the week end in El Paso, Texas.

The Senior Class of Lake Arthur school and superintendent Dohner and wife were visitors in Sacramento Saturday.

Shelby Calkins happened to a painful accident last Thursday by accidentally shooting himself through the left foot with a .22 rifle.

Arvel Edington from the navy training camp at San Diego, California is spending a few days with his parents, Mr. and Mrs. J. A. Spence.

### COTTON GROWING

Ideal weather has prevailed here the past week for cotton, which has shown the most rapid growth of any period since the planting season. Cotton chopping will be general within the next few days. Prospects are very flattering and with the increased plantings over the district, the general yield should be the greatest in the history of this section of the valley.

### Locals

Dorothy Berry, Monday underwent an appendectomy at Sister's hospital in Carlsbad.

Mrs. Wallace Hastings and Mrs. E. J. Foster are spending the week visiting in Clarendon, Texas.

Mrs. E. L. Harp left this past week for points in Arkansas where she will visit. She plans to be gone for several weeks.

Mr. and Mrs. T. S. Cox have gone to their cabin at Red River. They will spend the summer there as they have previously.

Mr. and Mrs. Jimmie Wallace, formerly of Carlsbad spent the week end in Carlsbad with his parents, Mr. and Mrs. J. E. Wallace.

Miss Mildred Puckett Hope school teacher underwent an operation Monday morning at a Carlsbad hospital and was reported as doing nicely.

Pete Casabonne, Hope rancher was transacting business in Artesia Monday. Mr. Casabonne reports a number of ranchers in his vicinity are busy shearing sheep.

Mr. and Mrs. Hal Hamill and family have recently purchased the S. E. Ferree home and will move into this place during this week. They have been formerly located at Hope.

F. L. Smith, of Albuquerque, member of the state police force has been assigned to Eddy county and has taken up his residence in Carlsbad it was announced at Carlsbad Sunday.

Erasmus Williams of Elk will receive the bachelor of arts degree this spring at New Mexico State college, Las Cruces. After graduation he will assume duties as assistant county agent in Roosevelt county.

Mr. and Mrs. R. W. Sanders (the former Mrs. Betty Richards) and Mr. Sander's foster mother, Mrs. Keller all of Los Angeles, California stopped here for a brief visit with Mrs. C. Bert Smith and other friends Sunday.

Mrs. J. R. Attebery drove to El Paso Monday. She was accompanied by her mother, Mrs. Johnson of Hope, Margaret Attebery, Miss Pattie Askins and Donald Maudsley. Margaret will undergo a tonsilectomy at an early date.

Three south Eddy county school districts may consolidate and form a union school district, it was learned here the first of the week. Representatives of Otis, Malaga and Loving are meeting with school officials this week to discuss the possibilities of consolidating the three districts.

Mrs. Lon Meadows, the former Roberta Cowan and child from Deming are visiting with Mrs. R. O. Cowan, Mrs. Meadow's mother, for a short time. They drove to Lovington where they spent the week end visiting their aunt and sister Mrs. Alice Coulter and family this past week.

### Seek to Boost Cotton Output By 8 New Uses

New uses of cotton will be encouraged under a program which seeks to divert surplus cotton from normal channels of trade to uses which will increase consumption according to an announcement from the agricultural adjustment administration. There are at least eight new uses under consideration.

A program to encourage the use of cotton in highway construction throughout the country has been in operation during the past year.

The eight new uses include the utilization of cotton fabric as (1) a covering or membrane, either by itself or as a reinforcing material, for sides of irrigation drainage, run-off, or other types of ditches; (2) A covering or membrane to reinforce fills or cuts for roads, highways, or other purposes; (3) A protection for hives of bees; (4) A protective covering for fruits or vegetables during growing, ripening or curing processes; (5) A covering for shading or protecting tree seedlings or shrubs during critical periods of growth; (6) A portable covering, hood, or tent in connection with fumigating, spraying, or dusting fruits, vegetables, vines, trees, or plants; (7) A roof, outside metal covering materials, or insulation in the construction of permanent or semi-permanent structures; (8) A membrane or reinforcing material in connection with the surfacing of airport runways, roads, bridges, paths or walks.

### OKEHS NEW DEAL LAW

WASHINGTON — The Supreme court stamped its approval Monday upon a new deal law which treasury officials said would permit the government to retain all but a fraction of the \$963,000,000 it collected in taxes under the old, invalidated AAA.

The court, with only Justice McReynolds dissenting, upheld provisions of the 1936 revenue act restricting refunds from collections under the invalidated processing and floor taxes.

### Questions:

Oh, where are the playmates of yesterday?  
The fellows we know in school?  
Oh, what has become of the studious one,  
And where, oh where, is the fool?  
Oh, what has become of the orator,  
Whose passion was to recite?  
And the bashful kid who could speak no piece  
Unless he succumbed to fright?  
Oh, what has become of the model boy,  
Who was always the teacher's pet?  
And where, oh where, is the tough young nut,  
The one we can never forget?

### Answers:

The studious one, so we have been told,  
Is driving a hack these days;  
While the fool owns stock in a bank or two,  
And a railroad that always pays.  
The orator that we know so well  
Is a clerk in a dry goods store;  
While the bashful kid we knew has been  
In congress ten years or more.  
The model boy is behind the bars  
For stealing a neighbor's cow.  
And you ask what of the tough young nut?  
Oh, he's a preacher now.

—J. W. Johnson in Chicago Journal of Commerce.

Fill in the correct letters where the sixs appear. To the first correct answer presented we give fifty cents in merchandise.

### Fate of Hollis—

(Continued from first page)

diately was launched for Martin, who had been visiting the Shaffers. He was apprehended in Oklahoma City, where he told officers he had slain his little cousin with an axe when Tommy threatened to "tell" on him for taking a small amount of money from a table.

Then, he told the officers at that time, he took a rifle and, from the doorway, shot his uncle and Mrs. Shaffer as they returned to the house from a shed where they had been milking.

**CARRIE TINGLEY HOSPITAL TO BE DEDICATED**

The Carrie Tingley crippled children's hospital at Hot Springs, will be dedicated on May 29th and the Advocate along with a number of Artesia people has been invited to attend the dedication ceremonies.

### Summer School—

(Continued from page one)

be limited to 300. Dr. Thomas W. Brabham, president of McMurry College, has announced. All registrations are to be in the hands of the McMurry registrar at Abilene by June 1, he has announced.

Dr. Brabham will divide his time between the Abilene and the New Mexico campuses; but Dean R. G. Boger will be at Sacramento throughout the session. Outstanding visiting lecturers and instructors have augmented a list of regular McMurry professors and administrators to be at Sacramento. Among the guest professors will be Dr. C. W. Hall, director of the Wesley Bible Chair at the University of Texas. He will have charge of the department of religion and will teach his famous course on "Marriage and Homemaking."

### Injunction Suit—

(Continued from first page)

they have not received permission, the petitions alleged.

Suits were filed at the request of Thomas M. McClure, state engineer.

Frazier said a number of persons had made arrangements to drill wells, but that they had stopped operations when they received notification from the state engineer.

All of the wells involved in the suits are within the water basin.

A battle to test the constitutionality of the artesian well law was made practically a certainty at Roswell Monday, as a fifth suit was filed in the Chaves county district court to enjoin another farmer from using water without a permit from the state engineer. C. E. Smith, farmer living near Roswell was the defendant named in the suit. J. D. Atwood, Roswell attorney, named to defend some of the water users said Monday he expected to file an answer within thirty days.

All defendants named thus far have filed applications for the use of shallow water, but none have been granted permits. It is said the defense plans are to attack the constitutionality of the law which gives the state engineer the right to grant permits to well owners.

Curry County—

Bond and Harrison, Hart—State 1, SE sec. 13-2n-31e, waiting on standard tools at 1246 feet.

### Seminole, Texas Well Shows Gas

Twenty five minute drillstem test from 4,912 to 5,004 in Shell Petroleum Corporation No. 1 S. F. Mann, Seminole structure well in Gaines county, Texas showed 450 feet of gas-cut water and 4,380,000 cubic feet of gas, according to the Midland Telegram. The water was drilling fluid which had penetrated the porous lime. After the drillstem test, core-barrel was installed, and at last reports, a core from 5,004 to 5,017 was being pulled.

No. 1 Mann is a direct east offset to Walsh & Adams (formerly Amerada) No. 1-A Averitt first oil producer drilled on the structure. The Averitt well was completed last December for initial production averaging 200 barrels a day through 1-inch choke on tubing after being acidized three times at 5,029, the total depth. Seven-inch casing was cemented at 4,912 feet in No. 1 Mann after it had stuck at that point and could not be freed. Location is 660 feet out of the northwest corner of section 220, block G, W. T. R. R. survey.

Farther north in Gaines county, Amon G. Carter and Continental No. 1 A. L. Wasson, section 48, block AX, public school land, is drilling anhydrite at 4,030. First lime stringer was encountered from 3,860-70. The same operators' No. 1 Langdon, three miles to the northeast, was setting surface pipe.

Wentz Oil Company No. 1 P. W. Dalmont, southern Gaines wildcat two and a half miles southwest of the discovery in the Kirk area, was running 7-inch casing, bottomed at 4,500 feet in lime and anhydrite. It is 1,980 feet from the south and 660 feet from the east line of section 5, block A-22, public school land.

### CARLOADING SHOW 2,000 INCREASE

Santa Fe system carloading for the week ending May 15, were 22,706 cars for the same week last year. The company received from connections 6,515 cars compared to 4,961 for the same week last year. Total number of cars moved was 29,442 compared to 24,721 for the same week 1936. The Santa Fe handled a total of 28,990 cars the preceding week this year.

We Buy and Sell Typewriters, Adding Machines, and All Kinds of Office Equipment—The Advocate.

### WHITTED ADDITION BUILDING

There is much building activity in evidence on the tract of land known as the Whitted addition, about a half mile west of the city limits and north of the Artesia-Hope highway. Several dwellings have been erected in the addition and others erected some time ago are being stuccoed.

A new twelve by twenty four frame dwelling has just been completed on the J. W. Collins farm. R. Van Winkle has also completed the erection of a six room dwelling. F. W. Clapp has finished a five room residence and Luther Jones is stuccoing his residence built several months ago. Paul Whitted is also stuccoing his dwelling.

### POLICE TO 'CRACK DOWN' ON MOTORISTS

No further leniency will be shown motorists failing to obtain their brake and light inspection certificates, state police said Monday at Santa Fe.

The officers have opened a campaign to enforce the law, under which new certificates are required May 1.

### Seniors Are Given Diplomas Thurs.

The high school commencement exercises at the Central auditorium Thursday evening marked the closing of the Artesia schools. Thirty six seniors were presented diplomas at this time by R. L. Paris, president of the Artesia board of education. Mr. Paris in presenting the diplomas took occasion to remark that he had seen twenty five classes get diplomas from the Artesia high school since he had been connected with the school system. Both Mr. Paris and Supt. Kerr praised the 1937 graduating class as an outstanding one and said the class not only rated high in scholastic ability but had shown close cooperation with the teachers and with the schools throughout the school tenure of the class.

Burton Bishop, salutatorian, gave a brief history of the public school system of the United States and expressed his appreciation for what the public school system of Artesia had done for the class. Joe Hannah, valedictorian, discussed the desirable traits of character a well rounded education should bring out and commented on the modern trend of thought in governmental affairs. The fact that two boys were selected as the valedictorian and the salutatorian provoked comment, since this is unusual.

Dr. H. H. James, president of the State Teacher's College at Silver City, addressed the graduates and spoke on "The Land Marks of Life," using as an analogy the land marks along the modern highways. Just as there are land marks along the modern highways, there are land marks along life's pathway and each land mark represents a definite period in the life of the individual, he said.

In announcing the awards to the seniors for doing commendable class work, Supt. Kerr said a scholarship to the State Teacher's College had been awarded Misses Josephine Payne and Margaret McCrory. Justin Newman was awarded a \$50.00 scholarship from Draughon's business college at Lubbock, Texas. And a scholarship offered by the Alpha Phi Sigma of the State Teachers college was awarded Burton Bishop and Joe Hannah.

Supt. Kerr also announced that plans had been made to conduct recreational activities for boys during the summer, beginning about June the 1st under the supervision of J. C. Bruce. If the demand justifies a teacher will be on duty for at least a half day during the week days of the summer months to teach work in grades four to eight for those who want it.

### Senate Reports Adversley on the U. S. Court Bill

WASHINGTON — The Senate Judiciary Committee voted 10 to 8 Tuesday to report the Roosevelt Court Bill adversely to the senate.

First members to emerge from the committee session said all amendments, except a few clarifying changes, were rejected by the dominant opposition majority.

The vote, taken in executive session shortly after announcement of the retirement of justice Van Devanter, came out just as it had been forecast for more than a week.

For almost two hours, the committee voted down compromise after compromise.

Senator Borah (R-Ida) one of the leading foes of the President's bill, stepped out of the committee room to tell newspapermen: "Ten to eight adversely."

### Eddy County Farm News

Fred Barham, county agent yesterday warned farmers of Eddy county that May 31st was the deadline for signing up work sheets to participate in the 1937 conservation program. Up to the present about 225 farmers have signed work sheets. A number of farmers have apparently overlooked the fact that it is necessary to have measurements and maps of cultivated areas before signing the work sheets.

It's COOL UP THERE. No snakes up there. Artesia-Sacramento Summer Resort. 19-2tc-20

high bench. The seventy eight year old justice, who has served 26 years in the court, made known his intention in a letter to the president.

Mr. Roosevelt immediately wrote a brief acknowledgment in long hand extending the jurist "every good wish" and inviting him to call at the White House before he leaves Washington.

### Van Devanter Retires

Associate justice Willis Van Devanter announced Tuesday his retirement from the supreme court, effective June 2, thus clearing the way for President Roosevelt to make his first appointment to the

# ELECTRIC WIRES

## KITE

Strings

## Keep them Away From Each Other

Electric power lines, equipped with every possible safety device, and strung far above your head, bring an essential service to your home. Yet a small child, through the string on his kite, may sometimes reach those lines in the excitement of his play.

Will you please cooperate with us by warning the older children and by supervision of the younger ones, in order that these children may have their fun without danger? For their safety, see to it that kites are not flown where there is any possibility of touching overhead wires.

Boys and girls should NEVER try to get down a kite which has become tangled in trees or wires near electric power lines. Call this company FIRST.
