

Best Rain of Season Falls Here 23 - 24

Moisture Measures 1.80 Inches of Rain. Fall is From One to Two and a Half Inches Over This Section.

The proverbial million dollar rain fell over eastern New Mexico this week bringing aid to the parched ranges and renewed hopes to farms where irrigation waters have been short. The only damage experienced was to new mown hay, where hay growers were unable to bale and move newly cut hay to storage.

Beginning Sunday morning almost two inches of rain fell here in a two day period. The rain, starting about 4:00 a. m. Sunday morning measured .80 of an inch. Inter-mittent showers throughout the day and into Sunday night brought an additional .36 of an inch. Monday afternoon a hard dashing rain brought .64 inches more moisture, making a total for the period of 1.80 inches.

Reports over southeastern New Mexico Monday afternoon said the rainfall averaged from three quarters of an inch to two inches. A rain Sunday afternoon brought the total moisture of the range country above Dunken to two inches. Lakewood reported approximately three quarters of an inch Monday. A strip of territory at Dayton was missed by the heaviest showers. Hobbs reported 1.39 inches, Roswell 1.68. In the Sacramento mountains to the west the moisture varied from one to two inches. A near cloudburst fell in the Cedar Lake section in the oil field east of here making travel practically impossible for a few minutes.

Heavy rains in and around Santa Rosa caused some fear for the Alamogordo dam now under construction. The Pecos river ran bank Tuesday and Tuesday afternoon late the waters sloshed over the banks, but did not hinder highway traffic. Monday high waters in the Felix held traffic up on the north highway for some time. The Penasco ran through to the Pecos Monday afternoon, giving Hope farmers above plenty of irrigation water.

Scattering showers fell over this section yesterday, but no rain fell here.

O'BRIEN BOUND OVER ON DRUNKEN DRIVING CHARGE

Herman O'Brien of Artesia was arraigned before Judge J. B. McGhee in the Chaves county district court at Roswell last Thursday on charge of drunken driving. He pleaded not guilty to the charge and was bound over to the action of district court under a \$500 appearance bond.

O'Brien was alleged to have been the driver of a car which figured in a headon collision involving seven Artesia young people between Hagerman and Lake Arthur on the evening of May 14th.

BAD DUST STORM

The worst dust storm of the year hit the Pecos valley after midnight Saturday. Visibility was reduced to a few feet as clouds of dust were brought in by a stiff east wind. Many slept through the dust to wake and find the house covered with a fine silt.

Oil Development Is Now Spreading To New Territory

More Wildcats Add Interest to the Eddy-Lea County Area

TWO LEA COUNTY TESTS REACH CRUCIAL STAGE

The oil activity of southeastern New Mexico is expected to command a wider interest now that several wildcat wells are drilling and as predicted in this column several weeks ago more wells are going down in Eddy county with prospects for many more before the close of the year.

Of immediate interest is the following report on test wells in Eddy county. Alcott Oil Co., Goodale No. 1, SE sec. 30-18-29, rigging to spud. P. W. and Y. Oil Co., Jackson 4-A, NE sec. 13-17-30, location; F. W. and Y. Oil Co., Stevens 2-A, SW sec. 13-17-30, location; F. W. and Y. Oil Co., Jackson 3-X, sec. 13-17-30, found salt water on top of salt and skidded rig twenty feet west. Dooley et al., Featherstone 1, NW sec. 24-20-26; location.

Two wells in Lea county have reached crucial depths and are being closely watched. Hershback, Alston 1, NE sec. 31-17-37 drilling below 4463 feet. Continental Oil Co., Burger 1, SW sec. 19-20-38, east of the Monument pool, near the state line is standing with casing cemented at 3695 feet.

The fate of the Magnolia Petroleum Co., State 1-G, NE sec. 24-17-34, as a producer is still in the balance. Workmen have torn down rig. On the last pumping test the State 1-G made 265 barrels of oil in twenty four hours, but part of the oil output was accumulated production.

A number of small to average producers were completed in Lea county the past week, but only two rated as major producers and both were completed by the Gulf Petroleum Co. (Continued from first page)

First Session Of Assembly To Open on June 7

Dates for the summer assembly to be held on the site of the Sacramento Methodist Summer assembly grounds at Sacramento, four miles above Weed have been announced. The Rev. W. H. Jordan, pastor of the Carlsbad Methodist church and president of the controlling board last week gave the schedule for the various assembly sessions. The first session beginning June 7 will be for intermediates, ages twelve to fifteen years. On June 14th the junior session will start for the ages of fifteen to twenty three years and on June 21st, the summer session of the McMurry college will begin, lasting for six weeks and on August 3rd, a ten day general assembly will be held.

Since the purchase of the assembly site consisting of 240 acres four years ago, more than \$40,000 worth of improvements have been made. Water has been piped to all the buildings, roads have been improved, a golf course opened and tennis and croquet courts constructed. In addition twenty five saddle horses are maintained for the pleasure of the assembly attendants.

Miss Phoebe Welch and Mrs. G. R. Brainard Jr., spent Monday in Roswell.

THREE GRADUATE AT THE N. M. M. I.

J. DONALD NICHOLSON

Mark Anderson Corbin, Jr., son of Mr. and Mrs. Mark A. Corbin; J. Donald and Robert Welch Nicholson, nephews of Van S. Welch, of Artesia, will be graduated from New Mexico Military Institute on Tuesday, June 1, 1937.

Corbin has been enrolled in the junior college of New Mexico Military Institute for two years and has done well. He was admitted upon certificate from the Belmont, New York high school. His participation has been in basketball, wrestling and golf.

Robert Welch Nicholson was enrolled in the junior college of New Mexico Military Institute for two years and has done well. He too was admitted upon certificate from the Belmont, New York high school. Nicholson is a sergeant and is completing the basic course in the senior cavalry unit of the R. O. T. C. His athletic participation has been in basketball and wrestling.

These three young men are

ROBERT WELCH NICHOLSON

MARK ANDERSON CORBIN, JR.

among the one hundred two graduates who will receive diplomas at the graduation ceremonies which close the commencement activities. Twenty-two states are represented in the class of 1937. Forty members of the class are from New Mexico.

Carl W. Bartlett, son of Mr. and Mrs. Ray Bartlett of Artesia, and Ernest P. Malone, Jr., son of Mr. and Mrs. E. P. Malone of Lake Arthur, are expected home for the summer vacation immediately following commencement at New Mexico Military Institute.

There are one hundred fifty-five young men from New Mexico enrolled at New Mexico Military Institute, Roswell, this year.

Local Playground Program Begins on Next Monday

Activities for Boys Will Be Held at Junior High School Grounds

PROGRAM TO BE IN CHARGE OF J. CLARK BRUCE

The summer playground activities for boys will begin Monday, May 31, at the Junior high school. Plans are being made for an interesting program of games suitable to different age groups. Daily play periods will be held by ages as follows: ages seven, eight, nine from 8:30 to 10:00 a. m. ages ten, eleven, twelve from 2:00 to 3:30 p. m. and boys over twelve from 10:00 to 11:45 a. m. Showers and lockers are available and each boy should bring a towel and lock if possible.

A contest in track and field events will start the program, and other games such as softball, volleyball, basketball, tennis, horse-shoes, handball, soccerball and dodgeball will be played. Points will be scored for the various contests, and if possible, awards will be made to the boys in each group who have the highest total points at the end of the summer. A twilight softball league may also be organized later.

The playground program is sponsored by the Artesia board of education and will be in charge of J. Clark Bruce of the high school faculty. Two months or more of wholesome recreation is provided, lasting until August 1 or 15.

Donley Resigns Head Carlsbad Schools to Accept Hobbs Post

W. G. Donley, superintendent of the Carlsbad public schools and a former teacher in the Artesia schools Thursday night tendered his resignation to the Carlsbad board of education to accept the position of superintendent of the Hobbs schools. Donley has been with the Carlsbad schools since 1920, going to Carlsbad from Artesia.

He served as principal of the Carlsbad high school for about a year and a half before being advanced to the superintendency. Donley succeeds George White, former Hobbs superintendent, who resigned to accept a place in the athletic department of the New Mexico University.

ALLOWABLE MAY BE DECREASED

Oil operators here yesterday said the daily oil allowable for the first period in June would likely be decreased. Unofficial information says that the daily allowable for the state will be 102,000 barrels daily against the present allowable of 114,000 barrels daily.

WELCOME To Artesia

Many new people have established residence here within the past six months. Up to the present time, it has not been possible for the Advocate to secure anything like a complete list, hence a word of welcome has been delayed. Although it is still impossible for us to obtain a complete check on the new comers, we are printing the names below as we have secured them, as an official welcome to the community of Artesia and with the hope that we shall become better acquainted. Merchants, firms and individuals of Artesia join us in extending a welcome and we trust that we may be able to be of some service to you to make your stay in our community more pleasant:

- Mr. and Mrs. Terry A. Hornaday.
 - Mr. and Mrs. Ted Hardendorf.
 - Ray Walker.
 - Messrs. Hornaday, Hardendorf and Walker are with the Trans-Pecos Pipe Line Co.
 - Mr. and Mrs. F. C. Hardeman.
 - Mr. and Mrs. Floyd Springer.
 - Mr. and Mrs. Leo Moore.
 - Mr. and Mrs. E. C. Smith.
 - Mr. and Mrs. Riley Dixon.
 - Mr. and Mrs. Cliff Eason.
- (Continued on last page, col. 2)

Gov. Promises To Build Road Into Oil Field

Says Highway Department in Ready to Start Work on First 11 Miles and Will Blacktop 24 miles Starting by July 1

Governor Clyde Tingley told a group of about twenty Artesia business men here Saturday night he would build thirty six miles of highway on highway 83 leading into the Eastern Eddy county oil field, or rather than he would construct eleven and a half miles of new road from Artesia east into the Artesia oil field and that the twenty four miles of road ending at the Lea county line, completed sometime ago would be blacktopped.

He said the highway department was ready to start work on the first eleven and a half miles of road as soon as the telephone poles were removed from the right of way and that the blacktopping of the twenty four miles of road connecting with the new road would be started by July 1st or before. The first eleven and a half miles has already been laid out as a WPA project and the right of way

Murphy Rites Are Held Saturday

Dies at Home Here Thursday Evening Following An Ex- tended Illness

CAME HERE IN 1932 AS A HEALTH SEEKER

F. E. Murphy, aged forty six years, passed away here last Thursday evening at 8:00 o'clock after an extended illness. Mr. Murphy a health seeker came to the Artesia section in 1932 and purchased the old Artesia dairy farm, just west of the city limits. A native of Dresden, Tennessee, Mr. Murphy spent most of his life in Lake county, Tennessee, near Reelfoot Lake. Later he operated a farm and was engaged in the mercantile business near Ridgely, Tennessee.

Since moving here in 1932, Mr. Murphy spent most of his time here, although he made frequent visits back to his former home. Funeral services were held at the First Baptist church Saturday afternoon with the Rev. P. G. Woodruff, pastor officiating. Interment was made in the Woodbine cemetery.

Surviving the deceased are, Mrs. Rose Lee Murphy, his widow, four daughters, Mrs. Homer Campbell of Artesia, Mrs. Trice Miller of Ridgely, Tennessee, Margie Murphy and Rose Mary Murphy both of Artesia, a son Elbert Murphy, a father, E. B. Murphy of Ridgely, Tennessee. Mrs. Jake Hight, mother of Mrs. Murphy, E. B. Murphy and Mrs. Trice Miller, all of Ridgely, Tennessee arrived here Saturday morning to attend the funeral services.

Honest John Matthews Is Awarded a Free Trip to Detroit, Michigan

"Honest John" Matthews is the star salesman of the Sears Motor Co., organization. In a recent sales contest between the Artesia and Carlsbad organizations, Mr. Matthews led all salesmen in the number of cars sold and in recognition of his ability as a salesman, Mr. Matthews has been awarded a trip to the Detroit factory with all expenses paid and a stop over privilege to see the Indianapolis races. In addition to the free trip he has also been promoted to the position of sales manager in the Artesia organization. Mr. Matthews plans to leave for Detroit about the 29th.

Paul Bomar, local manager for the Sears Motor Co., announced yesterday another sales contest was underway between the Artesia and Carlsbad organizations, ending July 3rd and that the winning organization would be guests of the losers at a barbecue to be given July 4th. So far the Artesia sales force has led the Carlsbad aggregation and the locals are hopeful that Carlsbad will have to supply the barbecue and the trimmings to the local force and their families.

1,773 Students See Caverns 22nd

Forty Schools in State and Ten in Texas Represented at the Caverns Saturday

TWO ROSWELL YOUTHS ARE HURT IN ACCIDENT

A total of 1,773 students and visitors went through the Carlsbad caverns Saturday on the ninth annual Governor's Day. Fifty school groups were in the party, forty of them from New Mexico. Arriving at 10:00 o'clock, Governor Clyde Tingley personally greeted the visiting students as they passed into the cavern entrance. New Mexico schools represented were: Carlsbad, Artesia, Roswell, Fort Sumner, Carrizozo, Gladiola, Las Vegas, Cliff, Capitan, Loving, Lovington, Hagerman, Portales, Elida, Alamogordo, Deming, Albuquerque, Quay, Hondo, Lake Arthur, House, Luna county, Hot Springs, Farley, San Jose, Cuba, Tularosa, Anthony, Monticello, Hobbs, New Hobbs, Las Cruces and Lordsburg.

At noon the governor's table was placed in the center of the lunch room and he held almost a continuous reception during the period. After the customary singing of "Rock of Ages" and the roll call, Miss Elizabeth Garrett led in the singing of "O Fair New Mexico."

Accident Mars Trip

One accident marred the cavern trip for two Roswell youths, Dick Seman and Ervin Levers both of Roswell who were injured as they attempted to pass another car while en route home. The accident occurred about twenty miles out of Carlsbad. Eye witnesses said the car driven by the youths attempted to pass another car and overturned on the west side of the highway and immediately caught fire. Both boys were thrown out of the car and were dragged to safety as flames ignited the overturned car. While the condition of the youths were described as serious, hope was expressed late Saturday for their recovery.

Riddle to Coach At Hope School Another Year

Don Riddle, basketball coach of the Lake Arthur schools for the past three years has accepted the position of coach in the Hope schools, Supt. E. C. Hawkins of the Hope schools announced here Monday. Mr. Riddle's reputation in the Pecos Valley as a basketball coach is unexcelled. He has taken basketball teams to the state tournament for the past two years from one of the smallest schools in the district.

It was also learned that there will be no change in the remainder of the faculty at Hope for another year, according to an announcement made by Irving Cox, president of the Hope board of education. The position of home economics instructor remains to be filled. Supt. Hawkins will again head the schools. Present members of the faculty in addition to Supt. Hawkins are: Frank Curry, Anne Klasing, Hilda Klethe, E. L. Madson, Alma Lane, Merle Ogle, Marjorie Johnson, E. T. Crockett and Mildred Puckett.

The three sons of Mr. and Mrs. Jess Truett, Wayne, Jess Jr., and Johnnie were taken to a hospital in Carlsbad Sunday. All three boys underwent tonsillectomies.

Poppy Day, Be Observed Here Saturday 29th

Proceeds From Poppy Sale To Aid Disabled Vets— Canvass in Charge of Legion Auxiliary As- sisted by Jr. Auxiliary.

The American Legion Auxiliary has a glorious heritage—the care of the disabled veterans of the World War. On May the 29th we invite the American public to participate in this activity. Everyone is beginning to understand the great significance of the American Legion Auxiliary program.

We further want to impress upon each man, woman and child in America that the "Veteran-Made Poppy" is the one of red crepe paper, and is labeled "Veteran-Made". These lovely little red poppies are made of crepe paper because crepe paper is the material most easily handled.

These disabled veterans work hard fashioning these little flowers, and any imperfections which may be found are marks of sacrifice. We should love these flowers with a great devotion.

When we buy the "Veteran-Made Poppy" from the disabled, we help him in many ways. He is paid one penny for every poppy he makes. So when we buy a poppy we reward his feeble efforts at self-support.

Have you ever visited a veterans hospital? If so did they tell you of their dreams? Some that have come true by means of the dollars earned in fashioning these little memorial flowers? Is there a human being in this great world of ours who can truthfully come away from these scenes and not pledge their utmost devotion to the American Legion Auxiliary Poppy Program.

Many of our veterans are too ill to make an adequate living for their families, yet cannot get service-connection for their disabilities, and are too proud to ask for charity. Are we going to help these on May 29th by buying one of their "Veteran-Made Poppies"?

The quotation by General John J. Pershing, "Time shall not dim the glory of their deeds," is inscribed on the white crosses in Flanders Field. So is it not a great satisfaction to know that every lit-

(Continued on last page, column 3)

BUYS MALCO AGENCY

F. G. Irvin and Finn Watson has purchased the Malco wholesale agency from Williams Brothers of Eunice, it was announced here Monday and will operate the Malco wholesale agency for the entire part of Lea county with the bulk station located at Eunice. Mr. Irvin is a former merchant of Elk and Mr. Watson was formerly associated with his father in the grocery business at Pecos, Texas.

TO OPEN NEW PLANT

Paul Rushing, manager of the Artesia Dairy announced yesterday the new building on South Rose-lane to serve as a distributing plant would be opened for business probably Monday. The plant located south of the Clarke building will serve as a distributing point for milk, milk products and ice cream.

A formal opening will be held later. Watch the Advocate for details.

119 Crippled Children Registered At Clinic in Roswell Last Thursday

A total of 119 crippled children from three southeastern New Mexico counties, Eddy, Lea and Chaves were registered at the crippled children's clinic held at Roswell last Thursday. Last Thursday's registration was practically doubled the number registered last year at Carlsbad, which totaled sixty three. Of the 119 children registered nineteen were from Eddy county, ten being from the south part of the county while nine were from the north end.

Dr. Frank C. Goodwin of El Paso, Texas, orthopedic specialist found that of 110 crippled children examined, 100 can be cured or their condition vastly improved. Aiding Dr. Goodwin were Dr. O. E. Puckett, district health officer, Dr. W. Phillips, Chaves county health officer, Dr. E. L. Lander and Dr. W. T. Guy, both of Roswell. Examinations were finished by 5:00 p. m. Mrs. Jerry Wagner, state orthopedic nurse, with the Carrie Tingley hospital, Rose McDowell

and Mrs. Roberts with the state department of public welfare were in Roswell to help with the clinic. The most worthy cases, children of indigent parents will be sent to the Carrie Tingley hospital.

WARNS ON KITE FLYING

H. S. Williams, manager of the Southwestern Public Service company recently warned youths of the danger in flying kites or throwing wire over transmission lines.

News dispatches last week told of the death of Carl White, 15-year-old son of Mr. and Mrs. William White of Pampa, who was killed instantly when he threw a wire over a line carrying 56,000 volts of electricity.

Mr. and Mrs. R. M. McDonald have as their house guest Mr. McDonald's sister, Mrs. Chester A. Blietz and Mr. Blietz and daughter Miss Thelma Holden of Los Angeles, California.

Memorial Services Sunday at the Central School Auditorium

A memorial service in which all local churches will participate will be held Sunday morning, May 30th, beginning at 11:00 o'clock at the Central school auditorium, according to the present arrangement Sunday school will be held in the various churches as usual, but there will be no preaching services. Ministers of five local churches are cooperating in the program which will observe Memorial day and honor the nation's war dead, including soldiers of all wars. The program is in charge of the American Legion and follows:

- Song—"America".....Audience
- Invocation.....Rev. Thomas Massie
- Vocal Selection.....
- Baptist Male Quartet
- Scripture Reading.....
- Rev. John S. Rice
- Musical number—to be arranged by Mrs. V. L. Gates
- Address.....Rev. P. G. Woodruff
- Hymn—"Onward Christian Soldiers".....Audience
- Benediction.....Rev. E. L. Aakins

At the conclusion of the services at the Central school, those in attendance are asked to repair to the Woodbine cemetery, where a short service will be conducted which will include prayer by the Rev. W. B. McCrory and the decoration of the graves of all soldiers.

Veterans of all wars are asked to meet at the American Legion hut promptly at 10:00 a. m. Sunday morning. All veterans will probably march in a body to the Central school, except those disabled and will be seated together in the Central auditorium.

Stores to Close Monday

Arba Green, manager of the Artesia Chamber of Commerce announced here yesterday that all local stores had agreed to close Monday in observance of Memorial day. The announcement came after Mr. Green made a canvass of the business district. It has also been suggested that business houses display the flag on Monday.

CLEAN UP FOR HEALTH

The talk of staging a spring clean up campaign has been made spasmodically here for the past month, but no direct efforts have been made to set a date for an affair in which the whole community would be asked to join. Aside from the personal appearance of the community there is more to a clean up campaign than just looks. Artesia today is a healthier city because intelligent health laws have been enforced. There is less chance to contract disease and there is less chance for an epidemic to start simply because progress has been made in sanitation methods and in disease prevention.

Most communities have made a substantial start toward controlling the house fly by removing the breeding place of the flies, or the manure piles. We ought to have just half the flies of last year because we have just half the number of cow pens and horse lots over town. If enough progress can be made we might live long enough to see the time when screen wire on houses would be of little use except to keep out the mosquitoes.

And speaking of mosquitoes, Doc. Puckett, the district health officer promised the people here that a health engineer would be here soon to make a survey of the mosquito situation and make recommendations as to the best methods of control. So far the engineer has not made his appearance, but with the recent rains the mosquitoes will. We hope Doc's promise does not turn out like some of the political promises made us in the past.

And any of you folks keep open rain barrels around your premises for soft water, you might be interested to know that the family who keeps such a menace to health around is regarded as a public enemy and should be dealt with accordingly.

WHERE DO WE START?

The president isn't worried much by the revolt against the spending program for his economic and social objectives, completion of which he is now devoting his efforts.

There was a fight in the house to cut a half billion from the billion and a half dollars for relief—but it is back in the budget.

The senate lopped \$60,000,000 off the soil conservation payments to farmers, but it will go back, administration leaders are certain.

Harry Hopkins yelled bloody murder when his relief funds were threatened, and now Wallace is yelping. Confirmed spenders never recover their sense of reality.

Economy is a fine thing, but there is no place to start.

And while we're on the subject, we express hope that none of our local projects will be affected by the economy outburst in congress. We have gotten some needed improvements from work relief projects, and there are a number of others, either under way or awaiting approval, that mean much to the community—this besides providing work for the needy.

It's just against human nature to economize, once embarked on a program of extravagance. And it will go on in spite of the dour warnings of the economizers in congress.—(Silver City Daily Press).

JOHN D. ROCKEFELLER, SR.

The death of John D. Rockefeller Sr., Sunday reputedly America's richest individual ended a brilliant and famous career two years before he would have passed the century mark. His life was unusual in that surrounded by riches as he was, he lived simply, which accounts for the ripe old age reached. In other words he turned down the temptation luxury brings, which is quite an accomplishment in itself.

The public did not always agree as to the merits of the Rockefeller business ethics, but the money he made performed a useful service in distribution to charities and to aid the medical science. And the name Rockefeller will be perpetuated not because of the fortunes amassed nor the dimes given away, but because the Rockefeller funds were used intelligently to relieve suffering and to promote peace.

Many believe that there no longer exists opportunities to pioneer industries as Rockefeller did in the oil business, but as long as the nation is undergoing changes in its business methods there will be new fields to conquer, the same as the pioneers conquered the wilderness and brought new lands into cultivation, the same as Rockefeller pioneered the present oil industry as we know it and the same as Edison pioneered many of the early day inventions designed to bring more leisure and more comfort to mankind.

CAN YOU?

The other day a speaker at the Rotary Club asked who could name the king of Italy or the president of the German republic. A simple question any high school boy ought to answer, but how many of the more mature adults would falter on the question?

The world has heard so much of Hitler and Mussolini that most of us could not even tell what form of government these two nations have much less tell who the heads of the government are.

BIG JO HAS PAINT CONDITIONER

There are lots of gadgets on the market now to make life easier and the Big Jo Lumber company has a paint conditioner to save the painter's time. This gadget, known as the Roan paint conditioner leaves nothing for the painter to do except pour out the paint and start putting it on. It thoroughly mixes a quart, half gallon or a gallon of paint by a "shaking process". To see the conditioner in operation reminds one of a snake killing dog, "doing his stuff". The pain runs through the conditioner is worth at least a quarter more per gallon because it saves the painter's time, but no extra charge is made for it.

AUTOS CLAIM 34 IN NEW MEXICO

SANTA FE.—Automobile accidents claimed thirty four lives in New Mexico during the first three months this year, five less than the number killed during the same period of 1936, state health department statistician Kay Parker reported Tuesday.

Thirteen of the thirty four died in non-collision accidents, seven in collisions between autos, one in a collision of an automobile and a horse drawn vehicle, one in a collision with a tree. Five of those killed were pedestrians.

Miss Parker also reported that 20 persons were victims of violent deaths in accidents in the home.

Personal note to Ed Williams of the Model in Roswell:

Thank you Mr. Williams for your offer of a tie as advertised in a Tuesday's issue of a Roswell newspaper. However, we are not in Hollis Watson's class and can't wear that sort of a tie, but we will take the tie.

In case the above paragraph sounds like Greek to our readers, may we explain that the offer came about as a result of a discussion of road matters in an editorial in the last issue of the Advocate, wherein it was stated that Roswell has apparently doubled crossed Artesia in its efforts to get roads.

The Roswell Record attempted to answer the accusation by saying we did not reflect the sentiment of the Artesia community in this con-

Kemp Lumber Co.
Phone 14

Lowe Brothers

trovery. It was unfortunate the Record's print was so blurred, local people who tried to read the Record's answer never knew what it was all about. If the Record or you Ed, doubt that we misrepresented the feeling of local people come down and investigate. If after a conscientious investigation, you find that we misrepresented the matter, we'll pay the expenses of such trip.

Artesia has lots of friends among the business people of Roswell and should have even from a selfish reason. We do not think even for a minute that Ed Williams, Claude Simpson and a number of others would ever intentionally mistreat this community or any other, but Roswell does have a bunch of irresponsible men, who have tried to take charge of road matters, particularly as they may affect Roswell. The perspective of these men are so narrow that they can't see six miles beyond the city limits of Roswell in any direction and they have seemingly adopted the motto behind closed doors, "To hell with the rest of the country, we want ours and we want it now."

Since the opening of the Artesia oil field here in 1925 we have been trying to get a decent road for the operators to travel over. None of you Roswell fellows will deny that oil in Eddy county has not meant much to Roswell and will mean a lot more because right now there are twenty five rigs going east of the river. And you have a number of Roswell men, Harry Leonard, Grant Keyes, Etz Brothers and others who have fought with us in trying to get a road connection into the valley. See where a new corn doctor has recently located in Roswell. Maybe the Roswell men who operate in Eddy county brought him there. Goodness knows they'd have reason enough to after riding over the road east for the past twelve years.

These men with narrow vision started a campaign several months ago with the slogan "No roads no votes" in an effort to get a highway connection into Lea county by way of Tatum. There is only about two miles difference from Roswell to Lovington by way of Tatum than it is from Roswell to Lovington by way of Artesia and by way of Artesia we have forty five miles of pavement to start with and sixty seven miles of highway through a potential oil field that would benefit Roswell almost as much as Artesia.

A parallel condition exists on the Roswell YO cut off road, which Claude Simpson says was built to permit the residents of the hills to drive in to Roswell to pay their taxes. Anyway these people were without roads until we started raking and scraping money to get these people a highway connection and even used our WPA money to build Chaves county a road through the corner of the county and Roswell and Chaves county did not contribute a red cent to help finance the project. There's plenty of foundation to this charge and plenty of dynamite to the Roswell merchant who has been getting Artesia business and who will pass this charge off as a joke.

All we want is a little cooperation for our share of the good roads and no more back stage plotting to see how much Roswell can get and how little they can give, otherwise instead of the "No road, no note slogan," we are going to adopt the slogan and preach it of "No road cooperation, no trade in Roswell."

P. S.—Ed, one of your good friends here CJD said I'd be a cheap skate to let you buy me off with a tie. He says, "Until Roswell broadens her vision, keep after her and I'll present you with a dozen assorted colored ties."
W. C. M.

Social Security forms and systems—The Advocate.

J. A. Atwood, Roswell attorney has been named as a delegate from the Roswell Rotary club to attend the Rotary international convention which convenes in Nice, France next month. Col. Atwood will also represent other valley clubs at the international convention including the Artesia club.

Broken-hearted Bride: If he says he needs a pick-axe to cut your pie-crust, don't cry. Just change to Spry. This new triple-creamed all-vegetable shortening gives the flakiest, tenderest pastry ever. Gives you lighter cakes, too, in half the mixing time. Fry with Spry, too, for crisp, tasty, digestible foods.

FIRST SHOWING of the New INTERNATIONALS

International Harvester presents a great new line of trucks—a major news story for the transportation world—a personal news item for every user of trucks!

● Here is the first announcement of the new International Trucks in the gleaming metal dress and lines of today and tomorrow. Here are eye-talors that tell their own story, ultramodern styling that will please every owner and driver, your customers and the general public. But eye-values are not the whole story by any means. Even more important, in these new trucks, are the new values underneath the surface. Consistent International policy, adhered to through more than 30 years of ALL-TRUCK manufacture, is your guarantee that the entirely new beauty of exterior is also advanced engineering throughout the entire mechanical product.

New standards of utility and performance are offered you in every model of this new line, in sizes ranging from the Half-Ton unit (shown above) up to powerful Six-Wheelers. The new International Trucks are at your service. Come in and see them in our showroom. Or we'll be glad to send you catalog describing sizes and styles that you need in your own hauling work.

THE ALL STEEL CAB one of the many advanced features in the new International line. Much more than a mere shell, the interior of the roomy cab is equipped to give you driver comfort, clear vision and safety. Assured in every International model. Half Ton up.

Forest Notes

Picnics and Forest Fires

The "Picnic Season" on the Lincoln National forest is now open and Supervisor C. R. Dwire has extended a cordial invitation to all interested persons to visit the Forest and enjoy the mountains during the warm weather.

National forests are being developed and are open to all visitors and very few restrictions are placed on the vacationists. The two principal requests are "Prevent Forest Fires" and "Leave a Clean Camp." The National forests belong to the people and as your property you should be interested in their preservation. Do not cut or mutilate the trees or shrubs along the roads and trails or the improvements in the camp grounds.

Nothing takes the pleasure out of a picnic or a camping trip so much as a number of "Don't" signs sticking on every tree or post. The absence of these signs in national forests is purposely maintained with the idea that the Forest belongs to you and you will give it the same care and consideration that you do your own front yard or garden.

The prevention and suppression of forest fires is the primary activity of the forest service and the cause of forest fires falls under two general heads: "Lightning" and "Man-Caused." Naturally, no control can be exercised over the lightning caused fires but all man-caused fires could be eliminated.

It is Supervisor Dwire's earnest wish to impress all persons visiting the Lincoln National forest with this idea and to request their whole-hearted co-operation in preventing forest fires. A few very simple rules should be followed by campers and picnickers while in the woods.

Be sure that all leaves, pine needles and duff are cleared away before a camp fire is started and do not build a fire where sparks or flame might blow out and start a fire. Preferably the fire should be in a canyon bed or protected place and should never be built next to a stump or log. These some times show no signs of fire when left, but later break out and cause serious fires.

When leaving a fire make sure that it is cold out by pouring water over it and covering it completely with mineral earth. Never leave live embers or coals which the wind can whip into sparks or flame and spread to dry surroundings.

Smokers cause many forest fires all of which could be avoided. Be sure all matches, cigarettes and cigars are completely out before they are thrown away. Signs are posted throughout the forest and in surrounding towns to impress forest visitors with the dangers of fire and the havoc and desolation it spreads when turned loose in the woods.

The forest service has developed camp grounds and recreational areas all over the forest for the convenience and comfort of the visitors and these improvements should not be mutilated or destroyed. Leave your camp clean and orderly so the next visitor may enjoy his stay on the forest.

All visitors to the Lincoln National forest are requested to report immediately any fires they may detect. These fires should be reported to the district forest ranger or to someone living in the forest who can relay the message to the ranger or to an organized fire suppression crew. Messages can be telephoned or sent to Supervisor Dwire at Alamogordo who can contact a suppression crew by telephone. If a small fire is detected along the road or trail, put it out and then report it to a forest ranger.

The Lincoln National Forest is the playground and summer resort for Southeastern New Mexico and West Texas, and it is hoped that all visitors will give forest fires considerable thought and when in the forest be "Fire Conscious" at all times.

POPPY POSTER CONTEST

Thirty eight posters were submitted in the Junior High School Poppy Poster contest, which ended the first of the week. The two prize winning posters on "Poppy Day" are on exhibit in the display window of the Ocotillo theater. The display was arranged under the direction of Mrs. Ray Bartlett, sponsor of the contest. Judges were Meses. V. L. Gates, Jeff Hightower and I. L. Spratt. Delores Mayrhofer was awarded first place and a cash prize of \$5.00. Jess Whitted was awarded second place in the contest and a cash prize of \$2.50.

Many of the posters made are displayed in the various store windows over the business district, calling attention to the fact that Saturday is Poppy Day in Artesia.

WANTED—Clean Cotton Bags at The Advocate.

Locals

A son was born to Mr. and Mrs. Bert McCabe of Hope Saturday.

Mrs. T. H. Flint and Betty and Ted Flint spent Monday in Roswell.

Col. A. T. Woods is in town from San Antonio, Texas, for a short stay.

Mrs. D. A. Miller is visiting her mother, Mrs. J. D. Hudgins in Santa Fe.

Mr. and Mrs. Ed Watts of Dunken were attending to business matters and visiting here Friday.

T. H. Flint drove over to El Paso, Texas Friday to attend a meeting of the Southwestern Cotton Growers association.

Citizens of Alamogordo are meeting today to discuss erection of a new Otero county court house as a WPA project.

Mr. and Mrs. A. T. Woelk returned Sunday from a short vacation spent at Cloudercroft, Ruidoso and El Paso, Texas.

Dr. Geo. Ferree of Chino, Illinois brother of the late Judge S. E. Ferree has returned to his home after an extended visit here.

Miss Jane Egbert of Alamogordo visited her sister, Mrs. Howard Whitson and Mr. Whitson for a short time last Saturday morning while en route to the Carlsbad Caverns.

Mr. and Mrs. Albert Blake left the first of the week for Scipio, Indiana, where they will spend the summer looking after their farming interests in that area.

Mr. and Mrs. French Gray, Mrs. Dutch Weldon and Miss Catherine Nichols were among the Carlsbad people to attend the funeral of James Naylor here Friday.

Mrs. J. A. Fallin and two daughters arrived Saturday from their home at San Antonio, Texas for a month's visit with her parents, Mr. and Mrs. A. L. Neatherlin.

Mr. and Mrs. Leon Barker have moved into the place known as the Virgil Wells home on Grand avenue. Mr. and Mrs. Barker purchased this place some few months ago.

Mr. and Mrs. C. D. Marshall left for Denver, Colorado for a short stay after which they will go to Norman, Oklahoma, and Mr. Marshall will enter the Oklahoma University for the summer term.

School patrons of three Chaves county school districts, Elkins, Hayes Center and Boaz will vote on the question of consolidation of these districts June 15th, it was announced at Roswell last week.

Mr. and Mrs. M. A. Corbin will go to Roswell Sunday and remain for the entire graduating exercises of the N. M. M. I. from which institution their son Mark Anderson, Jr., will graduate with a gratifying record.

Fred Barham, county agent, L. G. Kurtz, Charles Martin and Tom Terry were among the Eddy county farm representatives to attend a meeting of the district representatives of the 1937 soil conservation act in Roswell Thursday.

R. A. Earl of Long Beach, California, W. J. Paulson of San Francisco and R. J. Saunderauf of San Francisco, California spent last Thursday here looking over the oil district. Friday they made a trip through the Carlsbad caverns.

Van Welch accompanied his sister Mrs. Frank Schen and daughter Mrs. Elba Hall, both of Belmont, New York and his daughter-in-law Mrs. Wendell Welch left Saturday afternoon for a visit to points of interest in the southwest including El Paso, Texas and the Grand Canyon.

W. P. Porch, employe of the Pecos Valley Gas Co., was painfully injured Saturday when he fell from a truck, while riding a gas main in the oil field. The wheel of the truck passed over his right arm, which was badly bruised. He was fortunate to escape without any broken bones.

Mr. and Mrs. Rex Wheatley and daughter Barbara left for Los Angeles, California Friday of last week. They will attend closing exercises at Occidental College, Los Angeles where Miss Joan has been attending school this winter and visit their eldest daughter Mrs. Frank Krumpholz and Mr. Krump-holz. Miss Nine McLean accompanied Mr. and Mrs. Wheatley as far as El Paso and will visit with her sister Miss Glenna who is attending business college there.

Screw Worms Now Active in State 1,075 Register in Cooking School

Bud Williams, secretary of the Eastern New Mexico Livestock Association, reports that the division of screw worm control has identified the true screw worm fly as being present in New Mexico now. Mr. Williams warns stockmen that all practices that make wounds on the animals should be treated with pine tar oil to prevent the spread of the screw worm infestation.

According to the screw worm control authorities there were estimated to have been 36,000 cases in New Mexico last year; 21,269 cases being actually reported. They estimate that approximately eighty per cent of the cases can be attributed to ranch practices and that ranchmen should plan their practices that all dehorning, castration, branding, docking, and ear-marking should be finished this month. If ranchmen avoided performing any surgical operations during June, July, August, September and October they will do much to prevent screw worms since the screw worm fly must have an open wound on which to lay eggs before an infestation can take place.

The division of screw worm control recommend 1.065 (specific gravity) pine tar oil as a protective dressing and ninety percent commercial benzol as killer.

PRODUCTION OF 1936 COTTON

WASHINGTON — The Agricultural department announced revised estimates of the 1936 cotton crop Friday showing production as 12,399,000 bales of 500 pounds gross weight, compared with 10,638,000 bales produced in 1935.

SUBSCRIBE FOR THE ADVOCATE

A total of 1,075 people were registered at the motion picture cooking school which closed the final session last Thursday afternoon at the Ocotillo theater. The total attendance however was much greater as persons under sixteen years of age were not permitted to register.

When the same picture was shown at Carlsbad, the Eddy county News, sponsoring the picture registered a total of 1,952 people. According to the population of the two communities the attendance here was much greater, in fact both the attendance and interest exceeded those of any previous cooking school held here.

While the National Editorial association pioneered the idea of a motion picture cooking school and the venture is more or less in the experimental stage, it is probable that another school will be held here next year.

EDDY COUNTY BAND GIVES CONCERT

The Eddy county band, composed of members of the Artesia and Carlsbad school bands gave a concert at Loving Friday night. The county band is under the direction of E. L. Harp.

Guess we all have to watch our pennies! Here's one way to save money yet have the tastiest meals ever, says Aunt Jenny. Do all your baking and frying with Spry, the new all-vegetable shortening. You'll get the grandest-tasting cakes, pies and fried foods and so digestible. To save still more money, buy the 3-lb. can of Spry! It never spoils.

Depleted Ranges May Have a Rest

Depleted ranges in New Mexico are going to have a summer "vacation" this year on ranches where stockmen adopt the deferred grazing practice of the 1937 AAA range program.

Deferred grazing is a new range-building practice in the AAA range conservation program this year, the purpose of which is to let a part of the range reseed itself naturally by keeping stock off it for a certain period of the grazing season. This practice is considered especially helpful in restoring depleted range as it lets the grass plants get a good start in the spring, avoids packing of the ground when wet, and in the fall lets the grass mature seed which will make for a better stand of grass in the future.

The AAA payment for this deferred grazing practice is 35 cents a month for each animal unit of grazing capacity on which grazing is deferred. This means that after the grazing capacity of the range is established for the area on which grazing is to be deferred, the payment will be 35 cents per unit for each month that stock is kept off the land.

In order to receive payment, stock must be kept off the range for the full period designated.

The dates for deferred grazing in New Mexico, July 1 to October 15, show the period during which stock must be kept off the part of the range on which application for payment is to be made. These dates have been established by the AAA, in co-operation with the state officials.

PIONEER PINON RESIDENT DEAD

William McCoy, aged 74, a pioneer resident of the Pinon section and a single man, died at his home in that section Thursday night. His death followed a stroke of paralysis, suffered several days ago. Mr. McCoy had lived in the Pinon section for the past thirty five years. Funeral services were held at Pinon Sunday.

TALMADGE-WELCH NUPTIALS

Culminating a romance that began when the bridegroom was a Cadet at New Mexico Military Institute, the marriage of Miss Lida Rose Talmadge, daughter of Mr. and Mrs. Frank Talmadge and James M. Welch, son of Mr. and Mrs. Van S. Welch of Artesia, took place Thursday morning at 11 o'clock in the Talmadge Chapel in Roswell with some fifty relatives and close friends in attendance.

Rev. D. B. Titus, pastor of the First Christian Church of Roswell, read the impressive ring service before an altar banked with palms, flanked by slender white floor baskets filled with exquisitely tinted gladioli, and columbines, and lighted by cathedral tapers held in graduated holders. White satin ribbon marked the pathway of the bridal party to the altar.

The beautiful pre-nuptial song, "At Dawning" was sung by Will Mayer, with Mrs. Carl Gibbany at the organ, Mrs. Gibbany also played the Bridal Chorus from Lohengrin as the processional.

Mrs. Lionel W. Johnson, sister of the bride as matron of honor wore a beautiful two piece tailored dress of pink Windsor cloth with navy blue trim, completed by a large pink felt hat and navy accessories.

Preceding the bride down the aisle was her tiny niece, Nancy Jean Talmadge as flower girl who was charming in sheer frock, and who dropped rose petals from a basket on her arm.

The bride, entering with her father who gave her in marriage, was lovely in an exclusive Milgrim jacket model of gray crepe, with a small gray hat with white bonnet trim and other gray accessories. Both the bride and her sister carried colonial bouquets of spring flowers. The groom was attended by Donald Burch of Artesia as best man.

An informal reception in the large upper living room of the Talmadge apartment followed the ceremony, with a profusion of pink roses used in decorations. The three tiered wedding cake wreathed in white rose buds, was cut by the bride and served withiced fruit punch.

The bride and groom left in their new car, a wedding gift from the groom's father, for a trip to Cloudcroft and El Paso, after which they will be at home to their friends in Odessa, Texas, where Mr. Welch is associated with his brother-in-law, Sig Iverson in the Iverson Tool company.

The bride is a charming and popular daughter of one of the most prominent families in the business and social life of Roswell. She was born and raised in Roswell, graduating from Roswell high school. Mr. Welch is a member of one of the Pecos Valley's most prominent families, being identified in the development of oil in south eastern New Mexico. He attended New Mexico Military Institute for six years graduating in 1934 with the rank of Cadet Colonel, and later attended the University of California for two years.

Out of two guests for the wedding were: Van S. Welch, Mrs. Velma Phillips, Mr. and Mrs. Van P. Welch, Mr. and Mrs. Wendell Welch, Mr. and Mrs. Donald Burch, Mrs. Preston Haire, Miss Phoebe Welch, Miss Jack Ward, Mr. and Mrs. J. S. Ward, Mr. and Mrs. Rufus Wallingford all of Artesia, Mrs. Sig Iverson of Fort Worth, Texas, Mrs. Frank Schen and daughter, Mrs. Elba Hall of Belmont, New York.—Roswell Dispatch.

DINNER DANCE CLUB

The final meeting of the Dinner Dance Club was held at the Artesia hotel roof garden Saturday evening last week. Mmes. J. K. Wallingford, C. J. Dexter, and Charles Morgan acted as hostesses for the occasion. The dinner was in the form of a dutch luncheon, served buffet style, guests seating themselves at quartette tables for eating. The large table, from which the dinner was served, was covered with a lovely lace cloth. Larkspur was the floral decoration and tall green candles shed their light over an artistically arranged table. Roses lent their beauty to each quartette table. An evening of dancing followed the dinner. Out of town guests to share this enjoyable evening were, Dr. and Mrs. C. L. Womack and Mr. and Mrs. George Reese of Carlsbad, Gene Smith of Ponca City, Oklahoma, J. D. Hudgins of Santa Fe, Mr. and Mrs. Ralph McKinney Artesia hotel, A. L. Dunn and Mrs. and Mrs. John Birdwell of Alamogordo.

NOTICE MUSIC PUPILS

Will accept a limited number of pupils in violin, voice, piano, saxophone, all brass and woodwind instruments, also in all strings acceptable in symphony orchestras. Studio at 323 South Second. Would consider band and orchestra work in neighboring towns. References.

Miercoles Bridge club postponed.

Past Noble Grand club meeting with Mrs. Leland Price at 7:30 p. m.

TUESDAY

Mrs. J. E. Attebery will entertain the Fortnightly Bridge club with a one o'clock luncheon at her home.

WEDNESDAY

The A. F. F. Bridge club will meet at the home of Mrs. Arthur Paton, 2:30 o'clock.

THURSDAY (NEXT WEEK)

The Thursday Afternoon Bridge club will meet with Mrs. Howard Gissler at her home. This meeting will be held at an early hour Thursday morning.

The B. W. M. S. will have a missionary program and business meeting at the Baptist church 2:30 o'clock.

P. E. O. CHAPTER WITH MRS. T. H. FLINT

The year's final meeting of Chapter J of the P. E. O. was a most delightful occasion in the form of a two course luncheon given to the chapter by Mrs. T. H. Flint, at her ranch home, Friday noon of last week. The lovely home was decorated very artistically by a profusion of varied flowers. Roses, columbines, and larkspur, were arranged gracefully in vases and baskets throughout the several rooms used. The large dining room was striking with its floral decorations and its table covered with a snow white linen cloth from which the luncheon was served, cafeteria style.

The business meeting followed the delicious luncheon at which time the reports of delegates to the annual convention at Las Cruces were given. Mrs. W. E. Kerr, president of local chapter and delegate, gave an interesting report on business and Mrs. V. L. Gates, delegate, reported on social activities as were carried on at convention. Mrs. G. R. Brainard and Mrs. T. H. Flint made interesting additions to the reports. Members present to participate in this very enjoyable afternoon were Mmes. Jessie Morgan, W. E. Kerr, G. R. Brainard, Fred Cole, M. A. Corbin, V. L. Gates, S. W. Gilbert, Gail Hamilton, J. B. Atkeson, R. G. Knoedler, Wm. Linell, W. C. Martin, C. E. Mann, R. L. Paris, Ralph Shugart, H. A. Strout, E. P. Malone, M. C. Ross, guest of the chapter, Misses Emma Clark and LaRue Mann, and the hostess, Mrs. T. H. Flint.

STEAK FRY HONOR VISITORS

Several couples from the young married set gathered at the home of Mr. and Mrs. Roy Langston Tuesday evening for a steak fry, honoring two visiting couples, Mr. and Mrs. Vernon Clayton of Long Beach, California and Mr. and Mrs. Jack Terry of Spartanburg, S. C. The evening was spent in the delightful and roomy west garden of the Langston place. The steaks were cooked over an open fire, each guest adding to the pleasure of the party by lending a hand while merry laughter reigned supreme. The steaks and accompanying good things were carried to small tables and the guests seated themselves to a very delicious picnic lunch. After the sumptuous repast had been enjoyed, the young people were engaged in various ways, conversation and games, et cetera, as best suited their fancy. Names of those who participated in this most enjoyable evening were: Julius Terry, Messrs. and Mmes. Harold Dunn, Orval Gray, Stanley Carper, Leon Clayton, Pete Shoemaker, Marshall Rowley, Hugh Donald Burch, Donald Fanning, J. A. Clayton Jr. and Mrs. and Mrs. Roy Langston.

VIERNES BRIDGE CLUB WITH MRS. A. G. GLASSER

Mrs. A. G. Glasser in her own charming manner entertained members of the Viernes Bridge Club and three substituting guests Friday afternoon. Guests of the club were Mmes. H. W. Clady, Wallace Hastings, Cliff Eason. At the close of the contract game Mrs. Boone Barnett had won high score while Mrs. Wren Barker held average score. A social hour was enjoyed while the hostess served very delicious light refreshments. Members of the club present to enjoy the afternoon were Mmes. E. E. Gillespie, Owen Haynes, Boone Barnett, and Wren Barker, and the hostess.

FIRST AFTERNOON BRIDGE WITH MRS. BOWERS

The First Afternoon Bridge club met with Mrs. Mable Bowers Tuesday afternoon. Mrs. Bowers' lovely home was very beautifully decorated with spring flowers. Games of contract were played, when this was past and scores were added Mrs. J. J. Clarke held high. Delicious refreshments were served to members of the club and two substituting guests, Mmes. Velma Phillips and J. B. Atkeson.

APRON AND OVERALL DANCE

The Fun Lovers club sponsored a very unique party at the Woman's club building Monday evening, 8:00 o'clock. The club room was decorated strikingly in rustic style. Brown paper was stretched across the rafters and this was strewn with golden hay, a large stack of hay stood in each corner of the room and bales of hay were placed on all sides, used for seating of guests. The young ladies made a charming picture appropriately dressed in aprons while the boys were correspondingly dressed in overalls. Laughter and gaiety ran high, the jolly decorations reflecting in the happy spirit of the evening. There was dancing until the hour of mid-night, punch being served the while. Miss La Rue Mann, John Gates, and Arvel Branscum, graciously served as chaperones. Members of the club are: Misses Bettye Brainard, Helen Gates, Margaret Mahone, Lela Bess Mann, Rachelle Swift, and Annade Williams. Guests were: Misses Jessyle Cunningham, Betty Cornett, Florine Muncy, Josephine Payne, Margaret McCrory, Eunice Cadell, Mary Evans, Cora Lea Anstey, Mamie Bell Terry, Dorothy Birdwell and Jackie Bragg, and Messrs. Paul Womack, Lynn Shelton, William Dunn, Charles Floore, James Felton, Gene Chambers, Kendrick Stuart, Hoyt Traylor, George Teel, Joe Richards, George Conner, Olin Woodside, Roll Johnson, Chester Lapsley, Bob Cornett, Warren Clendenen, Carey Thompson, Arlee Reno, Benton Reed, Chandos Alcorn, Clyde Dungan, Lloyd Evans, Douglas Phillips, Charles Baldwin, Robert Garner, Preston Dunn, Alfred Manley and Laurent Gordon.

METHODIST MISSIONARY SOCIETY WITH MRS. DURAND

The Methodist Missionary met at the home of Mrs. Roger Durand last Friday afternoon, with Mmes. Reed Brainard and O. S. Matteson as joint hostesses. The scripture lesson, Acts 11, 1-25, was read by Mrs. J. S. Rice. This was followed by a very able discussion on the lesson topic, "Building the Church Around the World," by Mrs. Reed Brainard. A talk on Japan and Corea was given by Mrs. W. S. French, and Mrs. G. W. Gage gave an interesting talk on Brazil and Mexico. A social hour followed at which time a delicious salad course was served by the hostesses. Members of the society present: Mmes. J. S. Rice, G. W. Gage, Geo. Frisch, Ira Dixon, J. E. Robertson, Nell Feemster, R. O. Cowan, Frank Wilson, E. C. Keller, W. C. Thompson, W. S. French and the hostesses, Mmes. Roger Durand, Reed Brainard and O. S. Matteson.

BIRTHDAY PARTY FOR ANDY COMPARY

Mrs. Andy Compary entertained several young friends of her son Andy, Saturday afternoon honoring his eighth birthday. The children gathered at the Compary home bringing gifts and wishes for a "happy birthday" at the hour of 2:00 o'clock. They were then treated to a "cowboy" picture, which delights the heart of every child, at the Ocotillo theater. Again at home Mrs. Compary served ice cream with generous slices of the young honoree's birthday cake. The gifts were opened and admired and the children left for their respective homes after having a very happy afternoon. The guests were, June Ann Gissler, Ralph Shugart Jr., Billy Sue Wilson, Niven Baird, Bruce Ployhar, Tommy and Breezy Welch, Merrill Dee Sharp, Pud and Pistol Langston and Andy Compary.

COTTONWOOD LADIES AID HAVE LOVELY MEETING

Members of the Ladies Aid of the Cottonwood Methodist church met at the home of Mrs. D. A. Bradley for an impressive monthly meeting last Thursday afternoon. Mrs. Bradley had as her co-hostesses the Mesdames J. C. Gressett, Roy Middleton and Wayne Norris. The inspiring devotional period was followed by a most interesting Mother's day program in which Rev. and Mrs. W. M. Bowden, Mrs. E. P. Malone, and Mrs. Mervon Worley presented different phases of mother's love. At the refreshment hour the popular pink and green motif was carried out to perfection with bavarian cream covered with green tinted whipped cream, dainty wafers and iced strawberry punch. Twenty one members and three visitors were present for this meeting.

VIERNES BRIDGE CLUB WITH MRS. A. G. GLASSER

Mrs. A. G. Glasser in her own charming manner entertained members of the Viernes Bridge Club and three substituting guests Friday afternoon. Guests of the club were Mmes. H. W. Clady, Wallace Hastings, Cliff Eason. At the close of the contract game Mrs. Boone Barnett had won high score while Mrs. Wren Barker held average score. A social hour was enjoyed while the hostess served very delicious light refreshments. Members of the club present to enjoy the afternoon were Mmes. E. E. Gillespie, Owen Haynes, Boone Barnett, and Wren Barker, and the hostess.

NEW SUMMER COIFFURES

Hair loveliness in the new summer mode. Pick out the mode you want or give us your own personal specifications. Anyway you will receive a skilful, flattering treatment. MRS. BEATRICE WOELK MRS. HAZEL THOMPSON Cosmetics

MARRIAGE LICENSES ISSUED; TWO TO ARTESIA COUPLES

Seven marriage licenses issued during the week end at office of Rude Wilcox, county clerk in Carlsbad, made a total of twenty three licenses issued so far this month.

Receiving the licenses during the week end were:

Harry Thurman Flynn and Eva Mae Koh, both of Artesia; Paul Morton and Era Burns, both of Carlsbad; Woodrow Johnston, Los Angeles, California and Esta May McCarsen, Portales; John O. Farmer Jr., of Hobbs and Rosemary Kathryn Giltz, of Oklahoma City; E. V. Greenwood, of Eunice, and Inez Mays of Hobbs; F. W. Marshall and Bytha Norton, both of Artesia; and Dan Taylor and Thelma Hall, both of Wink, Texas.

DANIEL STONE WEDDING ANNOUNCED

Belated announcements were made here this week of the marriage of Cyril R. Stone, son of Dr. and Mrs. Ed Stone to Miss Mary Corine Daniel, daughter of Mr. and Mrs. R. W. Daniel of Abilene, Texas. The wedding occurred on April 17th. Mr. and Mrs. Stone are students in McMurtry College at Abilene, Texas.

Mr. and Mrs. Stone are expected here shortly for a visit with his parents. He plans to enter a session of the summer school at Texas Tech at Lubbock and later enter a school of optometry at Los Angeles, California.

ABNORMIS SAPIENS WITH MRS. JESSIE MORGAN

The Abnormis Sapiens bridge club met with Mrs. Jessie Morgan Wednesday afternoon. Games of contract bridge were enjoyed, at the close of which Mrs. Beecher Rowan held high score. The hostess served a dessert refreshment to her guests. There was one substituting guest, Mrs. P. V. Morris. Members present were: Mmes. Hise Myers, S. E. Ferree, J. M. Story, Jeff Hightower, J. J. Clarke, Beecher Rowan and the hostess Mrs. Morgan.

PRESBYTERIAN MISSIONARY SOCIETY

The Presbyterian Missionary society met at the home of Mrs. Jess Truett Friday afternoon. Mrs. R. G. Knoedler, president was in charge of the business meeting, and Miss Emma Clark gave a very interesting talk on the "Spanish Speaking American." At the close of the meeting the hostess, Mrs. Truett, served light refreshments.

PAST MATRONS CLUB

The Past Matrons club met at the home of Mrs. Paul Otts Monday afternoon. After a business meeting, the ladies enjoyed a social hour at which time very tasty refreshments were served. Members of the club present were: Mmes. J. M. Story, A. B. Coll, S. E. Ferree, J. C. Floore, P. V. Morris, Arba Green and the hostess Mrs. Otts.

NIMBLE THIMBLE CLUB

Mrs. Charles Rangbarger was hostess to the Nimble Thimble club at her home yesterday afternoon. After a business meeting the afternoon was spent in sewing and chatting. A tasty refreshment plate of salad and dessert was served to the members and one visitor, Mrs. James Allen.

INFORMAL PIANO RECITAL

Mrs. Lu Eyck Corbin presented four of her piano pupils in an informal recital at her home studio Wednesday morning at nine o'clock. Those taking part were Margaret Attebery, Mary Baird, Betty Flint and Robert Feather.

CARD OF THANKS

We wish to thank our friends and neighbors for their acts of kindness and many courtesies shown us in the death of our son and brother, James Naylor. We appreciate very much the beautiful floral offerings.

Harley Sadler's Tent Theater To Be Here on June 2 and 3

"Rose of the Rio Grande" to Play in Artesia Two Nights Only

When the Harley Sadler's Own company erects its mammoth tent theatre beautiful for a two night's engagement in Artesia Wednesday and Thursday, June 2, 3, the amusement loving public of this section have a real treat in store for them in the way of a good stage show. There is an old saying that "Variety is the spice of life," and Harley Sadler's promises just that. It carries a band and orchestra; the band will give a free concert in front of the big tent at seven p. m. Kennedy Swain and his musical Mavericks make their appearance for a fifteen-minute program preceding the rise of the curtain on one of the southwest's most romantic plays, a comedy drama in three acts, "Rose of the Rio Grande," according to the management, which possesses all the qualities of an evening's entertainment, laughter, romance, villainy, pathos and comedy. Special scenery and electrical effects are provided and a first class production is promised. Between the acts of this romantic comedy drama, high class vaudeville will be given, which will include the Big State Quartette, the Range Riders string band; the Nulls, Donald and Myrtle, high class entertainers; Sputters, himself in person; Denver Crumpler, radio tenor; Tommy Lange, accordionist; Billy Mack Eccentric, dancer; and others. According to the management the big tent theatre is positively waterproof and heated so as to be comfortable regardless of weather conditions.

For some twenty years this organization has been playing Texas and Eastern New Mexico territory and is always cordially received by large crowds because its entertainment is represented as being clean, and high class.

Popular prices are the order of the day when they appear for two nights only in Artesia. General admission prices only ten cents for the kiddies and 50c for adults. Several hundred seats are available at these prices. Special high back comfortable folding chairs may be obtained by those who care for them at a small additional price. All ladies will be admitted absolutely free to the general admission seats when accompanied by a paid adult ticket. A gentleman and a lady or two ladies may attend for the one general price for this date only. The doors will be open at eight o'clock.

Harley Sadler, the one and only West Texas' own showman, will be here with his ten show for two nights only, June 2, 3. The Sadler show always gets a good crowd.

HARLEY SADLER

LIVESTOCK ASSOCIATION ELECTS OFFICERS

A. D. Jones was unanimously elected president of the Southeastern New Mexico Livestock Association at a meeting held in Roswell Saturday afternoon at the association's office. G. H. Hockenson was unanimously elected vice-president, and Bud Williams, secretary-treasurer.

Members of the board of directors present at the meeting were: A. D. Jones, Bert Bonnell, G. H. Hockenson, Sol Van Cleve, W. J. Wooten, E. E. James, G. B. Armstrong, J. P. Parks, Seth Alston, J. C. Ainsworth and Bob Dunlap.

NOTICE STATE ENGINEER'S OFFICE
Number of Application RA-1667. Santa Fe, N. M., May 21, 1937.

Notice is hereby given that on the 17th day of May, 1937, in accordance with Chapter 131 of the Session Laws of 1931, D. Alton Lowery, of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to appropriate the shallow ground water of the Roswell Artesian Basin to the extent of 1,000 gallons per minute by the drilling of a 10 inch well approximately 200 feet in depth, located in the NW¹/₄ NE¹/₄ NE¹/₄ Sec. 33, Township 17 South, Range 26 East, N. M. P. M., for the purpose of irrigating 40 acres of land described as being the NE¹/₄ NE¹/₄ NE¹/₄ Section 33, and the NE¹/₄ NW^{1/₄ NW^{1/₄ Section 34, all being in Township 17 South, Range 26 East.}}

Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the applicant with the State Engineer within ten days after the date of the last publication of this notice. The date set for the State Engineer to take this application up for final consideration unless protested is the 30th day of June, 1937.
THOMAS M. McCLURE,
21-3t-23. State Engineer.

Preserve Eggs Use In Winter

Preserving eggs now while they are cheap and using them next winter when prices are high may prove a profitable practice with many egg producers, says W. M. Ginn of the New Mexico State College. At a cost of thirty cents to forty cents enough water glass, or sodium silicate, can be purchased from most drug stores to preserve from twelve to fifteen dozen eggs. They will keep from eight to twelve months. A few rules to follow are:

Select fifteen dozen fresh, clean, infertile eggs with good sound shells.

Secure a five-gallon crock. Scald thoroughly and allow it to dry.

Heat a quantity of water to the boiling point and allow it to cool.

Measure out nine quarts of the boiled water and place in the crock. Add one quart of sodium silicate and stir well.

Place the eggs in the solution, either with the little end down or on the side. Do not wash the eggs.

Allow the solution to cover the top eggs to a depth of one and one-half to two inches.

Place the crock containing the eggs in a cool place, such as a cellar.

Cover the top of the crock with wax paper or other material to prevent evaporation.

Allow the eggs to remain stored until they are needed next winter when egg prices will be higher.

Directions for preserving eggs in this manner are usually on the sodium silicate container.

The Rev. C. C. Hightower, of Roswell, presiding elder Roswell district of Methodist church, delivered a sermon at the morning service here Sunday and conducted quarterly conference in the afternoon. Mrs. Hightower accompanied him here and they were dinner guests of the Rev. and Mrs. John Rice.

Money Flow

Following is the text of a talk by William J. Cameron of the Ford Motor company delivered on the Ford Sunday Evening Hour over Columbia broadcasting system from Detroit last Sunday.

The address is of particular significance at this time, because of its discussion of the "Money Flow" from the country through the company and back again to the country, largely, in last analysis, in the form of wages.

Friends of the Sunday Evening Hour: Money rouses less emotional interest and less of it is actually seen in a big industry than almost anywhere else on earth. It sometimes appears so low in the scale of usefulness, that even were it physically present in heaps of silver and bills it would hardly rank in importance with a pile of coal or a dock full of ore. Industry can be conceived as going along without money but not without ore and coal. The only intelligent thrill one can extract from money is in considering its ceaseless flow and the good it effects in its course. It is like the stream that turns the mill wheel and passes on, and, as in nature the water returns again in rain, so in the economy of work the money returns to all who previously earned and spent it. The only possible answer to the question, "Where does the money go?" is that "It just keeps on going."

We had a glimpse of this at Dearborn last week. The man whose job is to pay the bills remarked to the man whose job is to buy the materials, "Well, we have to pay out \$43,000,000 on the 20th for you." Of course, checks go out daily, but the 20th happened to be a "heavy" day. These checks for materials go to 6,943 other employers who supply us with what we need and who in their turn employ several million men. Every day is pay-day for Ford employees too; it is impossible to pay all our 122,000 shopmen at one time. The pay office requires two weeks to make the rounds, at the rate of \$840,000 a day; \$9,200,000 for each pay period; \$18,500,000 a month, for wages alone. And none of it is seen or handled except by the pay office and the men who receive it.

Last month Ford checks for materials went to forty five of the forty eight states. Each of seven states received sums ranging from one million to 26 million dollars. Each of four states received from half a million to one million dollars. Three states each received between a quarter and a half million. The rest received a quarter of a million dollars or less. And, naturally, each state paid part of that for supplies from other states. The total for the month's material, more than 72 million dollars, was used by our nearly 7,000 suppliers to pay their workmen and their material bills. For it must be remembered that those who supply us have their suppliers too. One of our suppliers deals with 3,711 manufacturers who supply him; another with 1,050; another with 729—and

so on. All one can see of the money is its endless flow from buyer to seller, which instantly makes the seller a buyer again and the buyer a seller with wages all along the line.

The mention of large sums of money often causes people to wonder what they would do if they had it. The answer is that if it came to them by honest industry there would be little choice what to do with it. They would first have had to pay it out before they could receive it at all, and then, if everything worked well; it would return to them; but, in order to keep everything working well, they would immediately have to pay it out again—that is the way the world is made. Money is just part of a mechanical round. Our basic wealth is the life that money helps to support. The sales department announces that it will need next month, say, 100,000 cars. The purchasing department proceeds to buy material to make those cars. The disbursing department pays for that material. The money goes back to every community that contributed in any way to the manufacture of the cars—and that means farms, forests, mines, shops, mills, oil wells, railroads, ship lines and laboratories over all the land. It would be difficult to name anything our industry does not use. We buy everything from straw to radium. The money for this comes from everywhere and goes back everywhere.

"Yes," some wisacre says, "and plenty of it sticks that never comes back." Well, we often wish that everyone could have a grandstand seat overlooking the whole industrial process, to see how far such a remark is true. In the ordinary run of business the Ford factories, considered as an investment, ought to yield private dividends of many millions of dollars a year. As a matter of fact, in thirty three prosperous years less has been taken out of the Ford business than has been taken out of some other concerns in two depression years. It makes hard-fisted money-makers wonder why Henry Ford is in business at all. Those who know him are sure that the principal satisfaction he gets out of his business, and he gets plenty of it too, is the satisfaction of seeing his production ideas work out in the interest of the public and his men. Plain people very readily understand that; the exceedingly clever often find it a bit difficult to grasp.

Money figures are useful in showing which way we are going as a nation, and for the first four months of 1937 they are reassuring. In the first quarter of this year the Ford Motor Company spent for materials 271 millions, as against 199 millions for the first quarter of last year, and 70 1/2 millions for wages as against 54 million for the first quarter of last year. Always remembering that materials, in the last analysis, are wages, this is a substantial increase in general benefit. The country would seem to be making some progress in spite of the numerous and costly hindrances that have been put in its way.

Box Stationery — ARTESIAN Bond—The Advocate.

Smith & Minton Machinery Co. To Distribute Peerless Pumps

Main office and display rooms Peerless Pump Division, Los Angeles

The growing importance of the Pecos Valley as a center for shallow well irrigation, has caused the establishment of complete sales and service facilities for Peerless pumps. According to Vernon Edler, vice president and general manager, the Peerless Pump division has been considering this move for some time but in line with its unvarying policy, has delayed until the company had secured exactly the type of representation it considered necessary.

"With the appointment of Smith & Minton Machinery Co., of Roswell," stated Mr. Edler, "we are satisfied that this district will have as fine a sales and service setup as any in our territory. We have a very high regard for both Mr. Smith and Mr. Minton, and we will back them to the limit in every way possible."

Peerless Pump, which is a division of the great Food Machinery Corporation, is widely known as one of the country's leading pump manufacturers.

LOCALS

Miss Dora Russell is at home for the summer, her school having closed in Clovis.

Mrs. J. H. Jones of Belen is visiting her daughter and sister, Mrs. Nola Phillips and Mrs. Geo. Johnson.

Mr. and Mrs. G. R. Brainard were on the Ruidoso Wednesday putting their summer cabin in condition for occupancy.

Friends of Max Coll, who has been very seriously ill in a hospital at Roswell, will be glad to learn that he is improved enough to be removed to his home.

S. C. Smith accompanied by E. B. Murphy, Mrs. Jake Hight and Mrs. Elbert Murphy left yesterday morning for points in Tennessee. Mr. Murphy and Mmes. Hight and Murphy were returning to their homes at Ridgely after attending the funeral of F. E. Murphy here.

Mr. and Mrs. V. D. Bolton and family left Thursday for Harrogate, Tennessee, called there by the serious illness of Mr. Bolton's mother. They expect to visit with the parents of Mrs. Bolton in Kentucky and a brother of Mr. Bolton at Louisville, Kentucky before returning home.

Locals

Joe L. Combs of Carlsbad spent the week end with Mr. and Mrs. Dick Vandagriff.

Helen Jean Evans underwent a tonsillectomy at the St. Francis hospital in Carlsbad Monday.

Mrs. W. B. Gelwick left Tuesday for Las Cruces to spend a week with her mother, Mrs. Pennington.

Mrs. Tom Spivey received word Tuesday evening that her mother had passed away at Graham, Texas.

Malcolm Mitchell, who has been here for some time on business, returned to his home in New York Sunday.

Mr. and Mrs. Harold Hancock and daughters Norma and Thelma spent last week visiting in Tulsa, Oklahoma.

L. M. Friend dislocated an ankle Monday while ascending the stairway to his apartment over the post office.

Mrs. D. L. Smallwood of Las Cruces is visiting her cousin, Dick Vandagriff and Mrs. Vandagriff here this week.

F. E. Cook, fuel oil inspector for the Santa Fe railroad was in Artesia.

tesia Tuesday and Wednesday loading oil at local refineries.

Mrs. Carl Lewis and children are spending the week with her parents, Mr. and Mrs. John Prude at their Bullice Springs ranch.

Mr. and Mrs. D. C. Blue had as week end guests Mrs. Blue's sister, Mrs. John Birdwell and Mr. Birdwell and their daughter Miss Dorothy and Miss Loma Tinsley, all of Alamogordo.

Wilbur Kemp of Muskogee, Oklahoma old time resident of Artesia spent a few days here this week visiting friends and renewing acquaintances. Mrs. Kemp stopped for a visit in Roswell.

Mmes. Ray Bartlett and Tom Hefflin drove over to El Paso, Texas yesterday where they visited briefly with Mrs. Hefflin's sister, Miss Elizabeth Sievers, who was returning from Mexico City, Mexico to her home in San Francisco, California.

Hate to fry? Not any more, says Aunt Jenny Lands. I know all about how it used to be. Kitchen full of smoke, smoke in your eyes, frying smell all through the house. But now you can get Spry and it fries without smoking. Foods are crisp, tasty, not a mite greasy and so digestible a child can eat 'em. You get Spry—use it for all baking, too.

MEMORIAL DAY

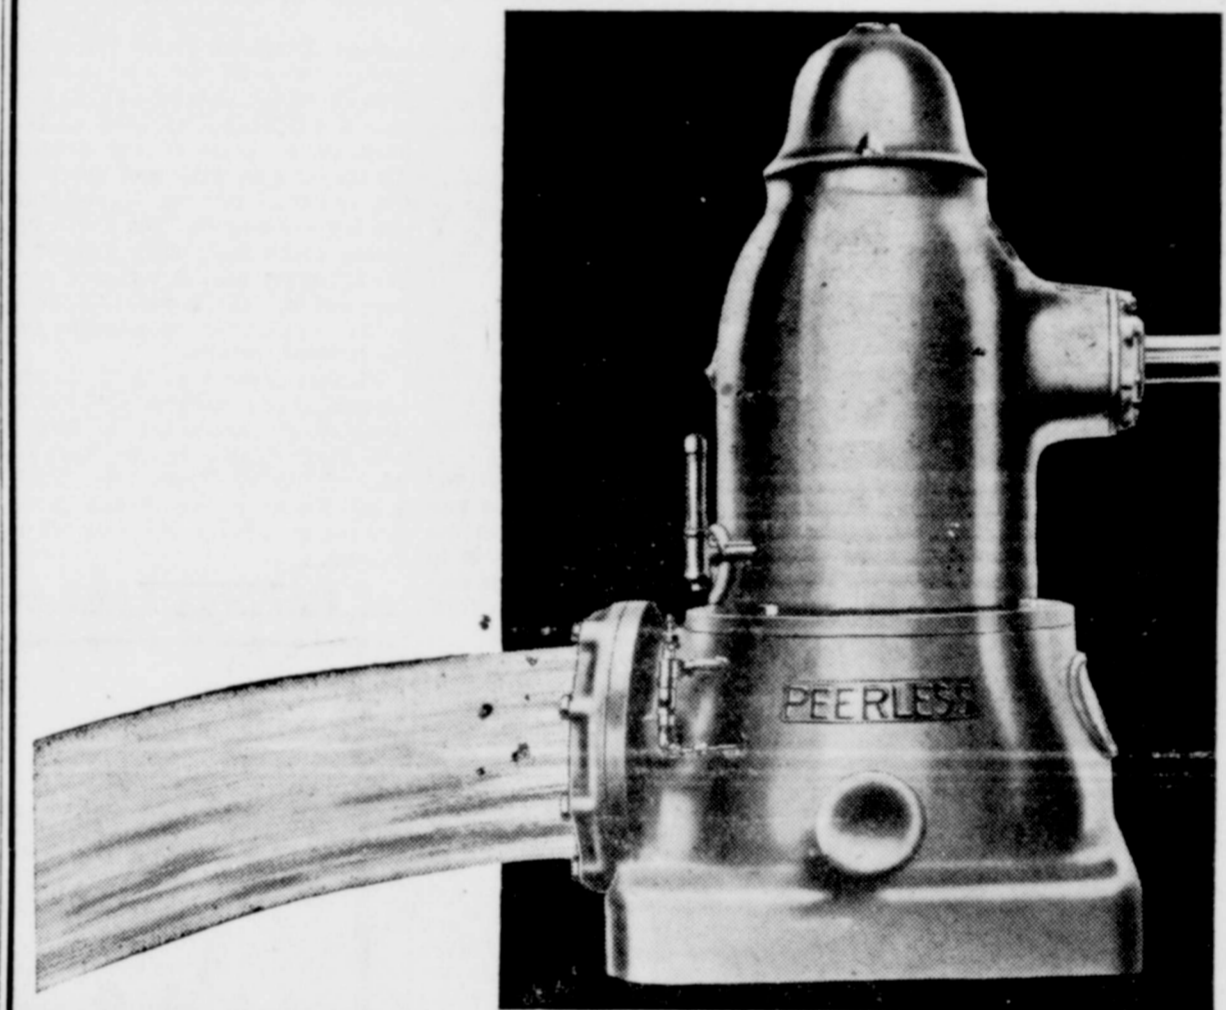

Lest we forget. They paid the price that bought for us the freedom that is ours.
EDWARD STONE

VERNON EDLER

Mr. and Mrs. Joe Hamann are now occupying the Leon Barker home.

Mrs. Harry Walsh and daughter Dorothy and Mrs. Walsh's father, J. S. Sharp, left for Salina, Kansas this week. In Salina they will join Mr. Walsh and the Walsh twin sons. Mr. and Mrs. Walsh and family expect to make their home in Salina. Mr. Sharp will visit with them for a time after which he expects to do some further traveling.

PEERLESS PUMPS

Now Established in the Pecos Valley

Throughout the length and breadth of this country, the name Peerless stands for leadership in the deep well irrigation field. In the San Joaquin Valley of California, Peerless Pumps are an overwhelming favorite. In Arizona the U. S. Government bought 93 75 and 100 H. P. Peerless Pumps on the strength of the highest test efficiencies ever recorded. In West Texas Peerless has sold and installed more pumps in the past two seasons than all other makes combined.

In industry, such outstanding names as Santa Fe Railway, General Motors, Timken Bearings, Standard Oil, U. S. Steel and many others specify Peerless Pumps. In municipal service Peerless supplies water for cities and towns in every state and many foreign countries. Now Peerless comes to the Pecos Valley, offering farmers and ranchers not only the very finest pump that human ingenuity can produce, but a sales and service organization second to none in this district.

SMITH & MINTON MACHINERY CO., ROSWELL, N. M. NEW PEERLESS DEALER

Peerless is happy to announce the appointment of Smith & Minton Machinery Co. in Roswell as its distributors. By their training and experience, by their intimate knowledge of local conditions, they are eminently qualified to represent Peerless in this rich and growing district.

Smith & Minton Machinery Co. will carry a sufficient stock of pumps, column pipe and bowls to meet all requirements. If you want a pump that will give you long life, low fuel cost and a reputation for performance that is world-wide, see Smith & Minton and get the full story of Peerless Deep Well Turbine Pumps.

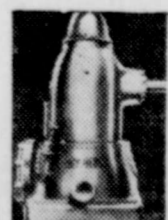

A TYPE FOR EVERY DRIVE

MOTURBO
Unit drive vertical electric motor design. Incorporates many exclusive features such as water-cooled oiling system, water-cooled thrust bearings, complete weatherproofing, etc.

BELTURBO
Similar in design to Moturbo except that pulley takes place of motor. Same exclusive method of bearing design and lubrication. Suitable for tractor, stationary engine or electric motor drive.

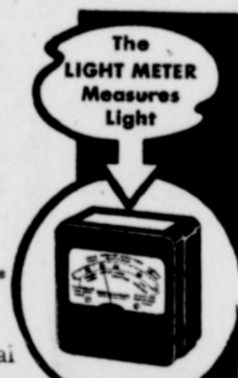

GEAR TURBO
The most practical method of connecting vertical pump to horizontal drive. Eliminates 1/2 turn belt, saves power.

The date set for the State Engineer to take this application up for final consideration unless protested is the 20th day of June, 1937.

THOMAS M. McCLURE, State Engineer.

NOTICE STATE ENGINEER'S OFFICE
Number of Application RA-1658. Santa Fe, N. M., May 6, 1937.

Notice is hereby given that on the 1st day of May, 1937, in accordance with Chapter 131 of the Session Laws of 1931, Frank E. Miller, of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a Permit to appropriate the shallow ground water of the Roswell Artesian Basin to the extent of 1250 gallons per minute by the drilling of a 12 1/2 inch well approximately 250 feet in depth, located in the NE 1/4 SW 1/4 Section 28, Township 17 South, Range 26 East, N. M. P. M., for the purpose of irrigating 200 acres of land described as being 80 acres in the E 1/4 SW 1/4 and 80 acres in the W 1/4 SE 1/4 and 40 acres in the SW 1/4 NE 1/4 of Section 28, Township 17 South, Range 26 East, N. M. P. M.

Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the applicant with the State Engineer within ten days after the date of the last publication of this notice. The date set for the State Engineer to take this application up for final consideration unless protested is the 15th day of June, 1937.

THOMAS M. McCLURE, State Engineer.

LET'S
By Jack Harper
While we are growing older
And learning as we go
Let's be a little kinder
To everyone we know.
Let's help the other fellow
And teach him how to learn
The way to be real happy
At work and play in turn.
Let's nevermore be angry
And say degrading things
Let's laugh and be real cheerful
At life and what it brings.
We know the birds are singing
The sun is shining too.
The world is full of good things
Just made for me and you.
But the world owes you nothing
You owe the world a lot.
Be a real man and step out—
Show the world what you've got.

Bleeding Gums Healed
The sight of sore gums is sickening. Reliable dentists often report the successful use of LETO'S PYORRHEA REMEDY on their very worst cases. If you will get a bottle and use as directed dentists will return money if it fails.

U. S. Court Okehs Social Security

WASHINGTON. — The administration's prized social security legislation, intended to protect workers against another depression, and to provide for them in old age, emerged unscratched Monday from its constitutional test by the supreme court.

In epochal decisions, the tribunal sustained provisions of the federal measure providing unemployment insurance and old age pensions. It then upheld state unemployment compensation laws to supplement the federal act.

This major administration victory gave it a clean sweep in its litigation before the high tribunal this term. Promptly some opponents predicted that it meant defeat for President Roosevelt's program to put "new blood" on the court.

Administration supporters, however, refused to concede the fight. Justice Stone delivered the five to four opinion upholding the Alabama unemployment compensation act, similar to those enacted by forty five other states and by the District of Columbia. It was a test case of the legislation.

Approximately 27,800,000 workers and 2,700,000 employers are taxed to provide the old age benefits which start in 1942 when the recipient becomes 65.

Forty five states and the District of Columbia have passed measures, supplementing the federal act to protect 18,688,000 persons against future unemployment.

On the unemployment insurance section opinion justices, Van Devanter, Sutherland, Butler and McReynolds dissented.

Gene Smith, of Ponca City, Oklahoma, chemist for the refining division of the Continental Oil Co., was the principal speaker at the luncheon program of the Artesia Rotary club Tuesday and spoke on the chemical process involved in making gas and oils. Mr. Smith reviewed in an interesting manner a brief history of the refining process and told of the progress made in the manufacture of gasoline for the modern motors.

Visitors present at the luncheon included Gene Roberts and E. M. Brickley of Carlsbad, Play Austin and Flay Austin Jr., of Roswell, Gene Smith of Ponca City, Oklahoma, Frank Walker, Frank Clowe and the Rev. W. B. McCrory all of Artesia.

Mr. and Mrs. W. D. Stafford and children of Bellview were transacting business here this week. Mr. Stafford has been elected superintendent of the school of Lake Arthur.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock.—The Advocate.

J. D. Rockefeller Is Dead at 98

John D. Rockefeller, Sr., lay stilled in death Sunday at Ormond Beach, Florida, just twenty six months short of his cherished desire to live to be 100.

He would have been ninety eight July 8th.

The aged capitalist died Sunday morning, drifting peacefully off to his final sleep after he complained that he felt "very tired."

The man who rose from a \$4.50 a week clerkship to mastership of a fortune estimated at \$2,400,000, died a comparatively "poor man."

He had given \$530,000,000 to philanthropies and most of the remainder to his son.

Burial will be today at Cleveland where he once trudged streets back in 1855 before he landed his first job as a bookkeeper's assistant.

His death was unexpected, and none of his family were with him.

W. E. Kerr was out of town several days this week. He was in Albuquerque, Santa Fe, and Las Vegas on business in connection with his school work.

That's me—Your Mileage Merchant
I'LL OIL-PLATE YOUR ENGINE
Nobody but a Conoco Mileage Merchant like me can Oil-Plate your engine, because nobody else can change you to Conoco Germ Processed oil. There's a patent on it. The Germ Process is not like all the processes that "take away" from an oil—sort of like making skim milk. Instead of that, after the oil is refined in every right way, something altogether extra is put in Germ Processed oil. This is a great discovery, because then a genuine plating of oil is able to form in your engine. If you would imagine a slippery skin of oil really grown to every working surface—and not just floating around—that's a picture of Oil-Plating. A plating can't flow down while your car is parked, so you won't punish your Oil-Plated engine doing all the stopping and starting you please. Or if you're hitting a pace all day—maybe even pulling a trailer up the mountains—it does not make Oil-Plating rub away. That's letting you out of all the worst wear, at the same time that your Conoco Germ Processed oil is saving you quart after quart.

CHRISTIAN SCIENCE SOCIETY
613 West Main St.

"Ancient and modern necromancy alias mesmerism and hypnotism, denounced" is the subject of the lesson-sermon which will be read in all churches and society of Christ Scientist on Sunday, May 30th.

The golden text is: "I am with thee to save thee and to deliver thee, said the Lord. And I will deliver thee out of the hand of the wicked, and I will redeem thee out of the hand of the terrible."

The lesson-sermon also includes the following passage from the Christian Science textbook: "Animal magnetism has no scientific foundation, for God governs all that is real, harmonious and eternal, and His power is neither animal nor human. It's basis being a belief and this belief animal, in science animal magnetism, mesmerism or hypnotism is a mere negation, possessing neither intelligence, power, nor reality, and in sense it is an unreal concept of the so-called mortal mind."

FOOLISH LAWS

Our law making bodies pass many laws that seem foolish. One in Pennsylvania forbids singing in the bathtub. In Kentucky anyone operating a still must blow a whistle. Impersonating Santa Claus on the street is illegal in Minneapolis.

In West Virginia it is against the law to sneeze on Sunday. In Newark, New Jersey, it is illegal to sell ice after 6:00 p. m. without a doctor's prescription. Zion, Illinois, makes it a crime punishable by a prison sentence to make ugly faces at anyone.

CARBON PAPER—The Advocate.

Locals

Mr. and Mrs. Virgil Wells have removed to the Clarke apartments.

Mrs. S. E. Ferree is now located in the home of Mr. and Mrs. Wallace Anderson.

G. N. Goodman of the Cottonwood entered the St. Francis hospital at Carlsbad Monday for treatment.

Mr. and Mrs. Wm. T. Mitchell, who have been spending some time here, have returned to their home in New York.

Mr. and Mrs. Vernon Clayton of Long Beach, California are visiting Mr. Clayton's parents, Mr. and Mrs. Joe A. Clayton.

Mr. and Mrs. Jack Terry and small daughter of Spartanburg, S. C., are visiting Mr. Terry's parents, Mr. and Mrs. Tom Terry and family.

W. E. Kerr went to Loving Friday evening and delivered the commencement address to the graduates of the Loving high school. Mrs. Kerr accompanied him.

Mr. and Mrs. Lewis Story and family, Wanda and Lewis, were in El Paso Tuesday and Wednesday of this week, consulting Miss Wanda's eye specialist, Dr. Stephen Schuster.

Frank Turner and Miss Katherine Kile of Tucumcari drove to Artesia and were married by their former pastor, the Rev. John S. Rice, in the Methodist parsonage Monday afternoon at 5:00 o'clock.

Mrs. E. B. Bullock and Miss Ethel Bullock spent the week end in Portales visiting with Miss Laura Elizabeth Bullock, who has a position in that city with the Pecos Gas Company of New Mexico.

Mr. and Mrs. Rufus Stinnett, who have been visiting at the home of Mr. and Mrs. Arba Green, left last week for Portales, where they will visit the family of Mr. Stinnett, from there they will visit in points in Kansas and Missouri.

Mr. and Mrs. Sig Iverson left in their plane for their home at Fort Worth, Texas last Thursday afternoon after attending the wedding of Mrs. Iverson's brother, James Welch to Miss Lida Talmage at Roswell Thursday morning. They also spent a short time visiting friends and relatives here.

Mr. and Mrs. R. G. Knodler here as their house guest Mrs. Knodler's cousin, Miss Elizabeth Hoch of Arlington, Kansas. Miss Hoch is en route to the west coast where she will make several stops including a visit to a brother in Seattle. On her return trip she will stop at various points in Iowa and Illinois.

Mr. and Mrs. Bert Muncy were in Roswell Monday. They brought back with them Mrs. Muncy's brother, R. E. Chatten and Mrs. Chatten, and Mrs. Muncy's sister Miss Elizabeth Chatten, of their ranch north of Roswell. Mr. and Mrs. Chatten returned home on Tuesday, Miss Elizabeth is spending the week here.

Mr. and Mrs. Bert Muncy expect to leave for Waco, Texas Friday. They will attend the graduation exercises of Baylor University in that city. Their daughter, Miss Elizabeth, will receive her degree next Monday. Miss Elizabeth and Bert, Jr., who are also attending school at Baylor university, will return home with their parents and spend the summer here.

Worried Wife: Husband grouchy? Maybe it's only indigestion. Change to Spry. Foods will be doubly delicious, so digestible. Cakes are lighter, finer—pastry flakier. Fried foods are crisper, tastier and so easy to digest a child can eat them. Get Spry, the new triple-creamed all-vegetable shortening, today, now!

Heat Left Overs Before Eating

Now is the time of year when picnics are one of the most popular modes of recreation, says Miss Veda Strong of the New Mexico State College.

However, in some instances, picnic dinners and suppers are followed by aches and pains caused by eating sandwiches or salads, or cream-filled cakes or pies left too long in a warm atmosphere.

Moist cooked foods, such as milk, eggs, meat, or fish, are excellent breeding places for harmful microorganisms, including those that cause serious poisoning without making the food smell or taste spoiled. It should be remembered that the bacteria which infect food are found everywhere. Give them a favorable temperature and the necessary moisture and they multiply rapidly. They seem to be especially partial to meat, fish, and cream fillings for cakes and pies.

The bacteria that infect food do not confine themselves to picnic fare. They are also found of left-overs. Left-overs of meat pies, dishes made with cream sauce, gravies, custards, boiled or cream

salad dressing, must be carefully handled and should be used promptly. In general left-over foods should be transferred promptly from the dishes in which they were served to separate, clean, dry, covered dishes, chilled as quickly as possible, and kept in the cold store-room or the refrigerator.

In hot weather, especially, left-overs of perishable foods should be boiled or thoroughly heated before they are served again. "Warming up" such foods is not enough; it may even increase the danger by raising the temperature to a point favorable to the growth of microorganisms but not high enough to destroy them.

To our Friends and Customers:

Walking past a farm house, a smart Aleck saw an old colored man about to set fire to a field of dry grass. "Don't do that, uncle," he cried, "you will spoil the looks of that land and make it as black as you are."

The old dorky gathered himself together, took his pipe out of his mouth and replied: "Neb-er mind dat, suh, ah's gwine to sow oats on dat lan' and make it look as green as yo' is."

In reconditioning motors and in doing all kinds of electrical work, we are not green.

Ever since 1910 we have been specializing in this sort of work. You'll grant we're bound to have learned what you folks! In our equipment isn't surpassed by anybody's in town. Won't you drive in and let us test your car—without cost or obligation?

Automotively yours,

Dr. Loucks Garage
Fone 65

ATTENTION Trout Fishermen!

If you by chance have an unhappy meeting with the snakes, a little SNAKE MEDICINE might come in handy. And the snakes are abroad at this season of the year.

Another Suggestion:
Don't take chances on contracting typhoid from drinking water when its so easy to take along a CASE OF BEER.

GUILTY!
Of Abusing
Your Motor Car!

The sentence is heavy—a big repair bill, unreasonable depreciation, a car worn out before its time. Save yourself from the penalty of neglected or faulty lubrication of your car. It's so easy to avoid—just drive in here and let us check your car regularly. We're experts at greasing—and at saving you unnecessary expense.

Artesia Auto Co.

Gov. Promises—

(Continued from first page)

secured. He also promised to obtain a more modern type of road maintainer to be used on the road west between Hope and the mountains, which would replace the obsolete type of equipment now in use. The request for the new maintainer was referred to Lea Rowland, highway chairman, who promised immediate action.

Governor Tingley also said he planned to remove the dangerous dips on the north and south highway between Roswell and Carlsbad and that this work would start immediately.

He told a Carlsbad delegation at Carlsbad Friday night that he would complete the Carlsbad-Hobbs road starting within about sixty days and that the New Mexico highway department was ready to complete its part of the Cavern-El Paso road any time Texas would meet New Mexico at the state line.

He told of other highway plans for this section of the state and said several highway crews were now at work on the highway leading from Roswell toward the state capitol and that the highway would be blacktopped from Roswell to Encino within a few weeks and that by fall Pecos Valley residents would be riding to the state capitol over a hard surfaced road.

Poppy Day—

(Continued from first page)

The red poppy sold brings sunshine and contentment into the broken lives of our World War veterans? "Row upon row of glistening white—

Standing out there—night after night. Blocks of marble in the form of a cross.

A Nation's memorial to its fearful loss."

Poppy Canvass

In order that everyone may have an opportunity to purchase a poppy and thus have a part in "Poppy Day," a canvass of both the business and residential sections of Artesia will be made Saturday. The sale of poppies here will be under the direction of the American Legion Auxiliary assisted by the Junior Auxiliary.

The Junior Auxiliary will canvass the residential section. The following sections of Artesia will be canvassed by the committees named below:

Texas and Chisum streets, Dorothy Linell and Betty Tope. Main street, Shirley Bartlett and Peggy Hamill.

Quay street, Peggy Linell and Charlene Martin. Richardson street, Sibyl Pior and Boots Hancock.

Grand avenue, Wanda Story and Hattie Ruth Cole. Missouri street, Phyllis Bartlett and Meridith Martin.

Dallas street, Mary Ann Hamilton and Berna Marie Baldwin. Washington street, Roderick Watson.

Canvass of the business district will be made by the following committees with the time of duty specified for each committee:

Saturday morning 8:00 a. m. to 12:00 m., Mmes. Ray Bartlett, Tom Jones, Will Linell, Dan Watson, Fred Cole, John McCann, H. W. Clady, Ollie Ackerman, Roger Durand, John Lively, Calvin Dunn, G. C. Kinder.

Saturday afternoon 12:00 to 4:00 p. m., Mmes. Ben Pior, Jess Truett, Frank Wilson, J. A. Reed, Jimmie Haskins, Frank Smith, Irvin Martin, Herman Terry, Craig Cornett, Andy Company.

Saturday afternoon 4:00 to 8:00, Mmes. Ben Muncy, Walter Douglas, Alex McGonagill, J. M. Story, Howard Whitson, Earl Bigler, Albert Richards, C. R. Baldwin, Dick Vandagriff, John Brisco, Charles Gaskins.

UNIVERSITY STUDENTS IN PIANO RECITAL

Two daughters of Mr. and Mrs. Frank Miller of Artesia, Mrs. Martin Yates III and Miss Mary Anne Miller were among the nine students of the University of Texas music department to appear in a piano recital in the studios of the Texas School of Fine arts at 2010 Wichita street. Mrs. Yates and Miss Miller are students of Miriam Gordon Landrum, head of the piano department.

BOY BORN TO LINDBERGH'S

CLEVELAND. — Mrs. Anne S. Cutter, aunt of Mrs. Charles A. Lindbergh, said Monday a boy was born to the Lindbergh's coronation night, May 12.

Mrs. Charles L. Cutter, Mrs. Lindbergh's grandmother, said news of the arrival came in a letter received Saturday.

TO ARRANGE ASSEMBLY

The Pecos valley young people's organization of the Methodist church will hold its final meeting at Lake Arthur Sunday, May 30 to assemble plans for holding the assembly at the Sacramento Methodist summer assembly, starting June 14th. An attendance of fifty young people from the valley is expected.

Goodwill Tour Dates Are Set

Dates of the good will tour into the Sacramento mountain district has been definitely set as June 16 and 17. Arba Green, manager of the Artesia chamber of commerce said Monday and final plans for the two day tour will probably be made Monday. Farmers and ranchers of this vicinity are given a cordial invitation to join the good willers. On previous tours, few farmers have taken opportunity to make the trip and get acquainted with their western neighbors. This year, it is hoped more will take the opportunity.

Communities to be visited include Hope, Dunken, Pinon, Weed, Sacramento, Cloudercroft, Mayhill, Elk, Lower Penasco.

Ranchers Asked to Pen Bulls. Mr. Green said about 120 red ties and red hats would be ready to distribute to the good will trippers soon to be worn on the trip. Inasmuch as bulls are rather sensitive to the color of red, it has been suggested that it might save the trippers some embarrassment if ranchers would pen their bulls along the route of the trip on the dates the Artesians are due. Few among the trippers are good at climbing trees on such occasions, besides such exercise is hard on Sunday clothes.

Range Examiner Sledge is working in Eddy county examining ranges for participation in the 1937 range program. Twenty five new applications have been filed in the county for a total of ninety applications, Fred Barham, county agent said here yesterday.

It was announced at the county agent's office here yesterday morning that about 285 work sheets have been submitted by Eddy county farmers to participate in the conservation program. May 31st is the deadline for filing work sheets. Last year approximately 500 farmers cooperated in the program.

R. N. Thomas, Enea Grandi and Fred Barham, county agent expect to leave Friday for Brownwood, Texas to purchase twelve or fifteen head of jersey heifers and possibly two jersey bulls for the 4-H club members of Otis.

Seminole Well Getting a Test

Natural flow test through tubing was in progress Monday on Shell No. 1 S. F. Mann, second producer on the Seminole structure in Gaines county Texas. Bottomed at 5,060 feet in lime, the well was swabbed in Sunday through 2 1/2 inch tubing set at 5,050. It began flowing when fluid was swabbed to within 2,200 feet of bottom and was allowed to flow for 17 hours into pits, unloading hole. During that period, it flowed an estimated five barrels of fluid hourly, with an estimated 3,000,000 cubic feet of gas, and the basic sediment and drilling water cut dropped from 80 to 40 per cent. Flow was then turned into tanks, and the well gauged 20 barrels of fluid in seven hours, with 4,424,000 cubic feet of gas daily. Cut dropped from 40 to 34 per cent b. s. and water. Location of the No. 1 Mann is 660 feet from north and west lines of section 220, block G, W. T. R. R. survey.

South of the town of Seminole, Amerada No. 1 A. H. Fasken, wildcat four and a half miles southeast of the No. 1 Mann and in section 160, block G, is drilling red rock at 1,770 feet.

A. G. Carter-Conoco No. 1 A. L. Wesson, current "hot" wildcat of the West Texas region, had drilled to 4,543 feet in lime, unchanged. It is in section 48, block AX, public school land, in northwestern Gaines sixteen miles west of Seagraves. Three miles to the northeast, in section 44, Carter-Conoco No. 1 Longdon is drilling below 1,525 feet in red rock.

LOCALS

Mr. and Mrs. J. A. Clayton Jr., who has been in El Paso for some time has returned home.

Mr. Dan Awalt has returned from a hospital in Carlsbad after having undergone a very serious operation.

Miss Linna McCaw is in Jacksboro, Texas at the bedside of an aunt who is seriously ill. Miss Merrill Bradley accompanied Miss McCaw as far as Jacksboro, from there she continued to her home in Kirksville, Missouri where she will spend the summer.

Mr. and Mrs. Calvin Dunn and Charles Rody have as their guests Mr. and Mrs. Merle Rody and family of Belen. Mr. and Mrs. Rody are former residents of Artesia and while in town they will have their house, located here, remodeled.

Mrs. Margaret Bildstone expects to leave the first of next week for Las Vegas to enter the New Mexico State Normal University for the summer term. Mrs. Bildstone's mother, Mrs. T. E. McIntyre will accompany Mrs. Bildstone to Las Vegas and continue to her home in Denver where she will spend the summer. Mrs. Bildstone will join her mother and brother Tom McIntyre and Mrs. McIntyre in Denver after the summer term of school is past. Mrs. Bildstone and mother will return to Artesia in the early fall.

BYNUM BABY DIES

Laura Lois Bynum, year old daughter of Mr. and Mrs. Dan Bynum was buried here yesterday morning. Funeral services were held at the First Baptist church with the Rev. P. G. Woodruff, pastor officiating. Four members of the Clarence Kepple post American legion served as pall bearers: Chas. Morgan, Calvin Dunn, Frank Smith and William Linell.

Laura Lois died in a Roswell hospital Monday after a short illness suffering from colangitis and bronchial pneumonia.

NEW MEXICO CATTLE HOLDING LEAD

Cattle shipped from New Mexico to the Kansas City market frequently top the market, the shipments have consistently led cattle from other states for the past six weeks or two months. Last week, Denton Brothers of Elida topped the market on two cars of steers which sold for 12.00c. During the same period E. B. Bullock received 9.85c for a car of mixed cattle, which topped the market for that class of stuff.
