

Shugart Well Is Area's Best Looking Test

Testing Wildcat Delayed Account of Deer Season—Operators May Pool Interest For Deep Test In East Eddy.

Further development of a prospective oil pool in wildcat territory in eastern Eddy county awaits the closing of the deer season in New Mexico, or at least until drillers return from the hills. Operations have been suspended on the R. A. Shugart et al., Coulthard 1, SW sec. 15-18-31. Casing has been run to the total depth of the well, 3,447 feet and the hole has been cleaned awaiting a production test. Late reports say 2,500 feet of oil is standing in the hole. Possibilities of this well, ten miles from production has commanded chief interest among the oil fraternity for the past ten days.

Of interest also is the report that three or four Eddy county operators may pool their interests to make a deep test in a well in the Grayburg area that missed the major pay, this being the Gissler 2 of the Carper Drilling Company, SE NW sec. 23-17-30, bottomed at 3,495 feet. If the prospective plan is carried out the Gissler 2 will be drilled at least 1,000 feet deeper or until commercial production is developed. Geologists believe there is a possibility of getting production slightly below sea level.

A test in the Vacuum area, three miles south of production in western Lea county has reached a crucial depth and has found gas but no oil. The Texas Company, State 1-L, SW NE sec. 1-18-34, found an estimated 3,000,000 feet gas flow at 4,234-37 feet, but the flow is reported to have decreased to 250,000 feet at 4,247 feet.

Later reports from the Texas well said drilling was underway below 4,300 feet and was flowing an estimated 4,500,000 feet of wet gas coming from 4,282-84 feet.

A wildcat which is being closely watched in northern Lea county, is the Crandall, Osmond and Maxwell, Maxwell No. 1, SE SE sec. 2-11-36, which showed oil from 4,240 to 4,255 feet. Rainbow showings were found as shallow as 3,750-60 feet.

In the Lea county wildcat, northeast of the Cooper pool, oil is reported to have risen 600 feet in the Repollo Oil Co., R. W. Cowden 1, NE corner sec. 1-18-34, at 3,750 feet. First show of oil was logged at 3,542-44 feet.

A failure is reported in an interesting wildcat in south Eddy county, the same being the Weiner and McDowell, Kerr 1, NW sec. 3-24-29, which is preparing to plug at 3,125 feet after developing a hole of water. Fredrick et al., Reed 1, sec. 28-24-28, is cementing salt string at 620 feet. W. A. (continued on last page, column 6)

A. & A. PLUMBING MOVES

The A. & A. Plumbing Company has moved to a new location near 6th and Main and are occupying the former quarters of the West End Grocery, G. D. Woodside, proprietor announced yesterday. See their announcement appearing in this issue.

Pupils Learn the Relation of Good Teeth to Health

Three local schools will observe dental week. Last week was "Dental Week" at the Central school, which was observed with an appropriate program Friday morning. The program included a parade in which every child with good teeth participated. At this time 384 children were examined by the local dentists and 281 were found to have sound teeth or had had the defects remedied. Eighty-four corrections are being made. Each room hopes to be 100 percent perfect soon.

The high school dental program is on this week with a special program there today.

Junior high school will observe dental week next week with an assembly program there November 12th.

Mrs. George L. Reese, Sr., of Roswell was elected president of the New Mexico congress of parents and teachers at the fifteenth annual congress in session at Roswell Friday.

Hatch Dedicates Alamogordo Dam Last Thursday

The Alamogordo dam, above Fort Sumner was dedicated Thursday by Senator Carl Hatch, speaking to about 2,000 people. The dam, which will supply the Carlsbad irrigation project, was dedicated to the people of New Mexico. C. W. Beeman, president of the Carlsbad irrigation district, presided at the dedicatory ceremony and introduced the speakers who were: Governor and Mrs. Clyde Tingley, Elliott Barker, state game warden and F. F. Smith, reclamation engineer who designed the dam.

The dam is located about thirteen miles above Fort Sumner at the junction of the Alamogordo creek and Pecos river. The new reservoir will have a capacity of 157,000 acre feet when filled. The lake will impound water to extend about twelve miles up the Pecos river and three and one half miles up the Alamogordo creek. Only partly filled, the lake now holds 16,000 acre feet of water and is sixty feet deep at the deepest point. The lake will probably be filled before the next irrigation season starts.

Hunters Return From the Hills

Several successful deer hunters have returned from the hills, but apparently not as many as usual have been successful up to this time. Another odd fact is that the proportion of out of state hunters, who have bagged their buck seem to be greater than local hunters.

Hunters in some of the areas in the northern part of the state and especially around El Rito appear to be faring better. Roy Barker, deputy game warden said Tuesday thirty-four out of seventy hunters had secured bucks Tuesday. More elk are said to have been taken from the Pecos section than in past years over the same period. More local hunters have gone to the foothills and the section where the pinons grow on the report the deer are ranging lower.

It is almost an impossible task to name all the successful hunters, among whom are: L. E. Folkner, Carl Lewis, Ray Bartlett, Owen Haynes, Harris Davis, Dr. H. A. Stroup and Phil Porter, also Mrs. Maude Shank of Wichita, Kansas, daughter of P. Moody, local cattle buyer, who returned yesterday with her father after spending a few days in the hills.

Oscar Samelson, who returned yesterday from the Guadalupe section with his buck, reported seventy hunters had checked out of the Rocky Arroyo checking station with with bucks. V. D. Bolton also bagged a buck in the High Rolls country. Two bucks were bagged in a party of eleven.

No turkeys have been brought in so far as could be learned.

E. L. Harp, school band director, has been appointed a member of the committee on music education broadcasts by Dr. Joseph E. Madry, president of the Music Educators' National Conference, it was learned here.

MONTHLY INCOME OF CIO IS \$190,000

ATLANTIC CITY—The income of John L. Lewis's CIO—income derived solely from union members in the form of dues and assessments—now averages about \$190,000 per month.

This figure, along with one showing the expenditures of the Committee for Industrial Organization, was revealed here during the meeting of the CIO executive committees.

Expenditures for the sixteen months ending October 1 were listed as being \$1,745,968.96. Details of the expenses were not made public, but were contained in a full financial report read in closed session of the officers. However, it was reported that approximately \$960,000 had been expended for strike activities of the Steel Workers Organizing committee. The salaries paid to organizers and officers were not reported publicly.

Mr. and Mrs. A. T. Woods left Wednesday for Washington, D. C. They will make the trip by motor, going by way of Dallas where Mr. Woods will attend to business matters and Mrs. Woods will visit with Mrs. N. M. Baird at the Saint Paul's hospital there.

Mr. and Mrs. Andy Anderson, formerly of Pecos, Texas visited friends here last week. After a short vacation they expect to locate here or near here again.

Southwestern Ties Into New 33,000 Volt Power Line

New Line To Carlsbad Connects Valley Points In Unified System

COMPANY HAS 200 MILES LINE SERVING RURAL AREA

The new 33,000 volt electric transmission line between Artesia and Carlsbad, on which construction was begun about the 1st of August, has been completed and put into service, according to announcement made today by H. S. Williams, manager of Southwestern Public Service Company.

The new high voltage line connects the Roswell and Carlsbad plants into a unified system which furnishes two sources of power to Artesia and vicinity. The new line is of high standard construction, sturdily built, and should eliminate service interruptions to be held to a minimum, Mr. Williams stated.

The line is approximately thirty-six miles in length. It was energized and placed into active service on Monday afternoon of this week. The tying in of this line from Roswell completes a transmission line system of about eighty miles in length.

In addition to its high voltage transmission lines, the company also has approximately two hundred miles of rural lines extending from its various substations in the valley into rural areas, supplying electric service to a large number of farm homes, and for pumping water and other farm uses.

BEGIN CHECKING ON COMPLIANCE

Fred Barham, county agent announced here yesterday that supervisors would begin checking the final compliance on the agricultural conservation program next week. Supervisors will check the compliance with producers, using the map made this year.

Congressman Dempsey To Be Here And At Hope This Afternoon

Congressman J. J. Dempsey who is making a swing through the state is expected to arrive in Artesia this afternoon, it was learned here yesterday. Congressman Dempsey, who was at Las Cruces yesterday, told Hal Hamill at Hope that he was coming here primarily in the interest of the proposed retard dam at Hope. He plans to stop here and will possibly discuss an agricultural program with local farmers.

SALES TAX AND GAS TAX RECEIPTS DROP

SANTA FE—Revenue from New Mexico's sales tax and gasoline tax last month showed a slight drop from September collections but registered heavy gains over collections in October, 1936.

The Bureau of Revenue reported Tuesday sales tax collections for October were \$324,403.57 compared with \$325,459.06 for September and \$213,464.87 in October, 1936. Collections from the gasoline tax for October were \$403,107 while September revenue totaled \$434,769. Collections in October, 1936 were \$320,829.

LITTLE CHANGE IN COTTON GRADE

The report on cotton classed from the southwest irrigated section, which includes the states of Arizona, California, New Mexico and Texas, District 1 (that section of Texas west of the Pecos river) indicates a decrease in percentages of higher grades in New Mexico and Texas, district 1, and an increase in percentage of white good middling in Arizona and California this week compared with last week.

A very small percentage of the cotton classed was spotted. Small change is seen in the percentages of staple lengths in Arizona and Texas, district 1, this week as compared with the report last week. Increased percentages of longer length are shown in the report for California and New Mexico this week as compared with the percentages shown in last week's report.

All cotton classed this week has been tenderable.

B. F. Jonas of Lubbock, Texas, former resident of Artesia was injured last week when struck by a car, according to word received here by relatives. His injuries, however were not serious, it was said.

Annual Red Cross Roll Call To Be Held Nov. 11-25

C. J. Dexter, roll call chairman of the American Red Cross announced yesterday the annual Red Cross roll call would be held here from November 11th to 25th. Attention is called to the fact that all contributions over fifty cents remain in the community and if the response is liberal enough, the annual roll call here may supply sufficient funds so that a community chest campaign in future months may not be necessary.

Attention is also called to the fact that no roll call was held here last year, Artesia being one of the few communities in the state where no roll call was held. However, the community did respond liberally to the flood relief fund for the Ohio valley flood sufferers.

Cattle and Sheep Shipments Heavy From Local Pens

Cattle and sheep shipments have been heavy from this point since Monday. Several thousand head of lambs have been delivered to feed lots and to market during the period and cattle shipments are expected to number approximately 2,000 head before the close of the week. A total of 847 head were received at the Joe Nunn stock pens Monday by Joe Nunn and Caldwell Hicks. These cattle, classed as mixed cattle were driven through from the range near Weed and were the property of E. E. Jernigan, Arville Jernigan, Alvie Jernigan, C. R. Parker, Ross Middleton and Jessie P. Bell. Also 182 head of steer and heifer calves were delivered to Nunn and Hicks by J. P. Parks, Hope rancher. The cattle will go to grass and wheat fields on the panhandle and to market, it was understood. Mr. Nunn said yesterday he would receive this week approximately 1,000 head of cattle from growers in the Lower Pecos and Dunken sections, including cattle from Messrs. Ed Watts, Leslie Bates, Cox, Paxton, McGuire, Chandler and Tidwell.

According to estimates, approximately 25,000 head of lambs have been shipped out of the range around Hope to feed lots and to market. Five growers weighed out 2,949 head of lambs the first of the week. Deliveries were made to the W. Leslie Martin farm, southeast of Artesia and to Bond and Baker at Roswell. Lambs weighed out here included 514 head from Frank Runyan, 542 head from Coffin Brothers at Hope and 683 head from Elzie Swift and 1,200 head from Tulk and Hill.

Sam Williams, Cap Rock rancher topped the market for heavy lambs last week. Reports say Mr. Williams sold approximately 600 lambs to Crawford and Smith that weighed an average of 84 pounds each. The lambs netted an average of about \$7.00 for each animal.

M.E. Appointments Read Sunday At Annual Meeting

Conference Votes To Unite With Two Branches Of The Church

Annual appointments announced by Bishop H. A. Boaz at the conference of the Methodist church at Albuquerque, include a number of changes of interest to local people. The appointments for the Roswell district of the New Mexico conference were as follows: C. C. Hightower, presiding elder, Artesia, J. S. Rice; Carlsbad, C. F. York; Crane, H. L. McAlister; Dexter, C. Y. Butler; Eunice, Wallace Rosenberg; Ft. Stockton, C. A. Ridge; Hagerman, Rollo Davidson; Hobbs, C. A. Clark; Hope, C. S. Walker; Iraan, Melvin Rankin; Jal, W. M. Bowden; Kermit, J. T. Emanuel; Lake Arthur (Cottonwood), M. O. Burnett; Loving, G. G. Mitchell; Lovington, Z. B. Moon; Monahans, R. B. McGrew; Odessa, H. D. Marlin; Pecos, A. C. Douglas; Pyote, H. E. Carroll; Roswell, P. M. Caraway; Tatum, E. E. Peterson; Toyah, H. H. Nance; Wink, T. W. Guthrie; and Grand Falls, J. M. Glazier.

Other appointments of the Albuquerque Conference were: Clovis, H. W. Jordan; Gallup, Fred B. Faust; Clayton, R. L. Willingham; Deming, L. L. Thurston; Portales, (Continued on last page, column 5)

Dempsey Prepares For Swing Around Over New Mexico

Wants To Look Over The State Before Going On To Washington

SAYS DAM AT HOPE NEEDS ATTENTION

Representative John J. Dempsey Monday at Santa Fe prepared for an early "swing around the state" before leaving for the special session of Congress called for November 15.

The democratic congressman said on his return from a month in Hawaii that "there are several projects over the state needing attention." He especially mentioned a dam near Hope.

The representative was without comment on state political affairs. He was a leader in the campaign against five proposed state constitutional amendments which were defeated at the special election September 21. One of the amendments would have permitted Governor Clyde Tingley and other state officers to seek a third term.

Dempsey, who visited Hawaii with a congressional committee to study the island's bid for statehood, said the unsettled situation in the Far East was against changing the status of the island.

Although he said he had not studied the special session's proposals, he said he was in favor of new farm legislation.

LIGHT HAIL STORM

A light hail storm fell northeast of Artesia Monday afternoon, accompanied by some rain while a light shower and a sprinkle of hail was falling here. In some places, particularly near the Fulton farm northeast of town, the hail was said to have been two to three inches thick on the ground. The stones were small, which minimized the damage to cotton crops in that area.

Vets of Foreign Wars To Be Guests At A Special Sermon Sunday

Veterans of foreign wars will be special guests at the First Presbyterian church Sunday morning and will hear the Rev. Henry Stout deliver a sermon on the subject of "Nineteen Years Afterwards."

Because of the conflict with the hunting season, members of the American Legion said there would be no Armistice program here Thursday. The recognition given the ex-service men Sunday morning at the Presbyterian church is the only event touching on the Armistice program.

The regular monthly meeting of the Clarence Kepple post, postponed last Monday, will be held November 8th.

CRAWFORD RITES

Funeral services for L. S. Crawford, pioneer resident of Carlsbad who died Monday from a heart attack, were held yesterday at a Carlsbad funeral home. Mr. Crawford, brother of A. J. Crawford, had lived in Eddy county since 1898, coming to the county when Eddy, later changed to Carlsbad was the county seat.

WILMER RAGSDALE MAKING GOOD

Wilmer Ragsdale, son of Mr. and Mrs. W. E. Ragsdale of Artesia is making good in his new position as manager of the Dallas, Texas, office of Cutler and Hammer. Mr. Ragsdale, a graduate of the Artesia high school, who received his degree in the electrical engineering department of the University of Oklahoma, first accepted a position with the National Broadcasting Co. He gave up a lucrative position with the National Broadcasting Co. to accept the position of branch manager of the Cutler-Hammer office, recently opened at Dallas. Cutler-Hammer manufactures electrical control equipment, safety switches and electrical apparatus.

The picture of Mr. Ragsdale appeared in the September 27th issue of the Oil Weekly. Other articles concerning his new connection have recently appeared in other trade magazines.

Mr. and Mrs. Caldwell Hicks and family of Garden City, Kansas spent a few days here this week visiting the E. B. Bullock family and attending to business matters. Mr. Hicks is associated with Joe Nunn in the purchase of several hundred head of cattle, moved out of Artesia this week.

Census For The Unemployed To Start Nov. 16th

The unemployed census campaign will start November 16th, J. L. Truett, postmaster announced here yesterday. The campaign to take the census of every unemployed self-supporting person in the United States will begin November 16th and last through November 20th. Forms to be filled out by persons unemployed or partly unemployed will be handed out by the postmasters and their assistants on November 16th and will be placed in every mail box in the post office and on the rural mail routes.

People employed full time should disregard the forms sent. It is the desire of the department that each unemployed person study the blanks and answer each question carefully. When the blank has been filled, bring it to the post office at once. All blanks should be in not later than the afternoon of November 20th. In as much as the time for filling out the blanks is short, the cooperation of every person is requested. The blanks are to be filled out by any self-supporting person who is unemployed or partly employed, regardless of age.

Stockmen's Coop. Elect Officers

Carl Montgomery, Carlsbad, Was Named Vice President of the Stockmen's Cooperative Association at a Meeting Friday in Roswell.

Henry Gresham of Roswell was re-elected president, and James M. H. Cullender of Roswell was re-elected secretary and treasurer. The present board of directors was seated for another term. Montgomery and Cullender were named as a committee who presented resolutions of the association at a meeting Monday at Albuquerque when the assistant secretary of the interior met with state department of grazing officials.

The organization requested the department of grazing to place a maximum limit of 500 on the number of livestock any individual or corporation can graze at one time on public lands.

"Such a limit" Montgomery said, "would make it possible for small ranchers to establish themselves as respectable citizens who can live decently. It would be one of the best things that could happen to the state."

The old feud between "big" and "little" livestock men was kindled again at Albuquerque Tuesday after a grazing conference between New Mexico ranchers and officials of the Taylor Grazing act.

Called to consider proposed new grazing regulations, the conference heard charges that district boards in some cases "departed from the intent of the act," and favored the applications of major owners.

The complaints of discrimination were voiced by James M. H. Cullender, of Roswell, secretary of the Stockmen's Cooperative association and representative of a group of small southeastern New Mexico ranchers.

He urged that preference in the granting of permits be given to owners of less than 200 head of cattle or 1,000 head of sheep.

Senator Chavez followed with a request that the grazing act be definitely interpreted in its application to the "little fellows." He said he and other western congressmen had insisted that the rights of small owners be protected.

A sharp discussion came up over the development of water supplies by permit-holders, ending in general agreement with a new rule providing that an applicant must show ownership or control of "available and adequate" water for the range and period covered in his application.

F. R. Carpenter, director of grazing, announced the following dates for the annual elections of New Mexico grazing districts: No. 3, Nov. 22, Deming; No. 5, Nov. 23, Alamogordo; No. 4, Nov. 30, Carrizozo; No. 6, Nov. 26, Roswell; No. 2B, Nov. 29, Magdalena; No. 2A, Nov. 30, Albuquerque.

Cullender, urging that greater attention be paid the demands of the small stockmen, expressed fear that "if we fight among ourselves, congress will demand that we be barred from forest lands and possibly from public domain."

T. R. Walters, assistant secretary of the Interior, replied: "I have never heard a thought of that kind expressed in Washington by anyone. We are attempting to put you on the wagon, not push you off."

Loose Leaf Binders, special ruling and stock forms—The Advocate.

Chinese Army Expands Lines Under Jap Fire

Strengthen Defense Despite Rumors That Lines May Be Abandoned—Conference Asked To Act Against Japan.

SHANGHAI—Chinese expanded and strengthened their positions today under pounding Japanese artillery fire despite intimations the defense might abandon the Shanghai front.

Rumors of impending large scale changes in the positions of the contending forces in Shanghai persisted. Of increasing prominence was a theory that the Chinese were on the verge of evacuating Pootung, the industrial area across the Whangpoo river from the International settlement, and the thronged native area, Nantao, south of the French concession.

The belief was expressed the Chinese might abandon the Shanghai peninsula entirely to Japanese control. There was no evidence, however, that such a step yet was under way as the Chinese entrenched themselves more firmly both to the south and west of the foreign areas.

The Chinese, by shifting their lines inland from Shanghai, still would obstruct the way of the Japanese westward toward Nanking.

When Chinese forces withdrew from Chapei last week Generalissimo Chiang Kai-Shek declared "our real defenses are to the west."

Japanese air raiders in the interior, central and south China were continuing attacks on railroads and towns virtually from the Yangtze river to Canton, great south China port, Chinese declared. They reported additional scores of noncombatants killed in the bombardments.

A group of influential Chinese civic, educational, agricultural, labor and commercial organizations jointly besought the Brussels conference to take collective measures against Japan. They accused Japan of violating the nine-power pact for respect of Chinese territorial integrity. Japan, they charged, should be recognized as the aggressor in the conflict and held responsible for the consequences of the war.

FARMERS ATTEND MEETING

About fifty farmers attended the meeting at the Artesia chamber of commerce building last Friday and heard representatives who attended the senate agricultural sub-committee hearing at Dallas on the previous week explain the proceedings of the hearing. Representatives attending the Dallas, Texas meeting were W. Leslie Martin, W. R. Hornbaker, Col. A. T. Woods and Oscar Pearson.

ARMISTICE DANCE

An Armistice dance will be given at the American Legion hut on Armistice night, November 11th. The public is cordially invited to attend and help the Legionnaires celebrate the 19th anniversary of the signing of the Armistice which ended the World war.

This is one of the events which will celebrate the signing of the Armistice.

Deer Season To Attract 18,000 Hunters To Hills

The deer season in New Mexico, which opened Monday will attract approximately 18,000 hunters to the hills before the season closes November 15th, according to an estimate made by Game Warden Elliott Barker. Forage over the state has been better than the average due to timely moisture and deer should therefore be in better flesh than usual. Among the 18,000 hunters will be 1,000 non-resident hunters from Texas, Kansas and Oklahoma, estimates reveal. Last year 16,000 resident hunters and 860 out of state hunters bought licenses.

Warden Barker urged hunters to wear red caps or red jackets or a bright color to make the identification of the hunter easy. He urged care in shooting.

Deer are reported lower than usual in the foothills. All hunting areas were described as good. Only the Black range and the section around Reserve are likely to disappoint the hunters, Mr. Barker said.

THE ARTESIA ADVOCATE

ESTABLISHED AUGUST 25, 1908
THE PECOS VALLEY NEWS and THE ARTESIA AMERICAN

MARTIN & BLOCKER, Publishers
W. C. MARTIN, Editor

PUBLISHED EVERY THURSDAY AT 314 WEST MAIN STREET, ARTESIA, N. M.
Entered as second-class matter at the post office in Artesia, New Mexico, under the act of congress of March 3, 1879.

SUBSCRIPTION RATES, PAYABLE IN ADVANCE

One year (In New Mexico)	\$2.00
Six Months (In New Mexico)	\$1.50
Three Months (In New Mexico)	\$1.00
One Year (Out of New Mexico)	\$2.50
Six Months (Out of New Mexico)	\$1.80
Three Months (Out of New Mexico)	\$1.20

NO SUBSCRIPTION ACCEPTED FOR LESS THAN THREE MONTHS

Resolutions of Respect, Obituaries, Cards of Thanks, Reading Notices, and Classified Advertising, 10 cents per line for first insertion, 5 cents per line for subsequent insertions. Display advertising rates on application.

TELEPHONE 7

CHEAP COMMODITIES VERSUS HIGH WAGES

You can't have cheap commodities, whether they are farm, factory or what not and high wages. Some of the officials of the national administration are finding this out; a fact known to the student of economics for several years. Eight and a half cent cotton does not go very far in buying new automobiles for instance at an increase in price.

Car manufacturers made two price increases in the past two months because of the unstable labor conditions. Nobody particularly unless it is John Lewis has profited by the increase in automobiles and least of all the farmer, who has found himself with less money to buy even the necessities of life.

The present business recession, believed to be temporary was due largely to the low price of one major commodity: cotton. This condition proves that one class of people cannot enjoy high wages while another class does not get cost of production for the labor expended. The result will be of course that unless the situation is remedied there will be fewer cars sold and fewer cars means less steel production, less mohair production and less of everything that goes into the manufacture of a car.

Perhaps the present recession is beneficial in another way. It has provoked a good thought on why business did not keep going forward and in thinking over the situation more people are coming to the conclusion that the less government we have in business the better off we are. Politics without individual effort has never cured a bad business situation and never will. Three European countries ruled by dictators have found this out.

Fifteen or sixteen years ago, Mussolini offered to bring industrial conditions in Italy back to normal. Today practically all industrial concerns in Italy have been taxed out of existence. They have been taken over by the government, which under the domination of Mussolini promised to bring order out of chaos. And today Italy with a big military machine and less sources of taxation is facing national bankruptcy. The same thing has happened in Germany. People are told to tighten their belts for the good old fatherland and forget their hunger. In Russia where all of the property belongs to the state and where everybody is supposed to have equal rights and an equal amount of property, blood purges have become so common that they are no longer news. Property is no good to the dead men of Russia.

TRAFFIC REGULATIONS

Aside from the singing cowboy getting on the nerves of many local business men, the lessons in safety taught by the national safety patrol will not soon be forgotten, we hope. And if they are, the rules and regulations laid down by the patrol here last week ought to make it easier for local officers to enforce a driving rule which makes for saner, safer motoring.

The hair brain driver will never be eliminated. He thinks he is too smart to appear to be taking orders. His number may be thinned out by accidents and collisions, but the innocent also suffer along with him. In the meantime it is up to those who want to live a while longer to assist as best they can in promoting regulations designed to cut the accident and death toll. Responsible people will help. The irresponsible should be made to help.

In so far as safety measures are concerned for Artesia, we believe the development of the community has reached a point where no U turn should be permitted on West Main street as far west as the Pior Rubber Co., at Fifth and Main. By all means the U turn in the highway on First street should be eliminated. Stop signs should be erected along Main street at every intersection as far west as Fifth street. Speeding should also be controlled along some of the newly paved streets and a speed of fifty miles an hour should never be permitted on West Main street any closer in than 12th street. There is a blind intersection at North Roselawn and Texas. A rank growth of Tamarack makes it impossible for the driver going west on Texas street to see whether Roselawn avenue is clear.

Safety regulations should also be devised for the school children in crossing streets bearing the heaviest traffic. Either traffic lanes should be established in the danger zones with a stop sign or the schools should establish school boy patrols. In communities where the school boy patrols have been established, the public response has been reported gratifying.

Last but not least, stricter regulations should be laid down for the bicycle riders. No bicycle rider ought to be permitted to ride at night without a light, easily seen and no bicycle rider ought to be permitted on the main thoroughfares either day or night.

National Income Is Less For 1938

WASHINGTON — Government trade analysis predicted Monday the let down in business would continue into 1938 and the national income for that year would be lower than in 1937.

The forecast came from the Bureau of Agricultural Economics which makes a survey of government and private data at this time each year for the guidance of farmers who are making arrangements for next year's production and marketing.

The economists offered these predictions for next year: National income will be less than the estimated \$69,000,000,000 for 1937.

Prices and buying power of farm products will decline.

Exports of farm products, except possibly cotton, will increase in

volume, but will move at lower prices.

Government "pump priming" moves—such as large relief expenditures—will taper off.

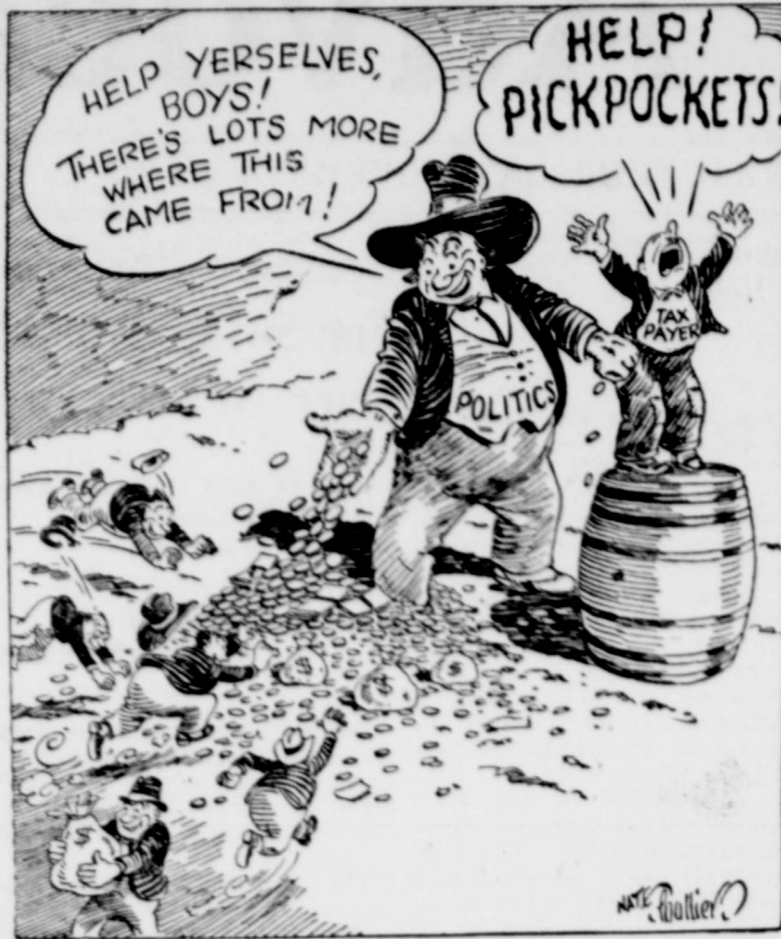

They declared all general recovery periods have been characterized by short periods of recession. At such times "business sentiment becomes less optimistic, security prices decline, and business men postpone expensive commitments for expansion or rehabilitation."

CAVERN VISITORS CLIMB

A new attendance record will no doubt be established at the Carlsbad caverns at the close of the present year. The October, 1937 visitors numbered 11,805 against a total of 8,993 for the corresponding period of last year. The visitors were from all states in the union and twenty foreign countries. Texas, as usual led with 3,306 and New Mexico had 958 for the period.

THE MODERN "LIBERAL"

Chislings

The hard-boiled sergeant was not having an easy time in training his squad of rookies.

"Companee—Attenshun!" "Companee—Lift left leg and hold it straight out in front of you! Posishun!"

One confused rookie raised his right leg, bringing it up next to his neighbor's left leg.

The drill sergeant bawled out: "Aw right! Aw right! Who's the wise guy that's holding up both legs?"

"Fred! There's someone creeping up the stairs." "Whazza time?" "Half past three."

"Well, thank goodness it's not me this time."

If a two-wheeled vehicle is a bicycle and a three-wheeler is a tricycle, then a one-wheeler ought to be an icicle. But it isn't—it's a wheel barrow.

Doctor: "And there's really nothing to worry about that habit of talking to yourself."

Patient: "Perhaps not, but I'm such a bore."

Joe Shuff is mad at Jack Hastie. Shuff alleged Hastie got out with a hoe and cut weeds one day last week and now not a woman in the neighborhood will use the hoe.

The Spit and Whittler's club with the view of Main street obstructed by the new building at the old bank corner are threatening to install a sort of rear view mirror affair, so they can see what is going on around the main stem.

In the past two weeks we have had enough cowboy and Spanish songs broadcasted to last us all winter.

For several years the Ed Conner family has supplied football material for the high school teams. Ed says the boys are sorter reverting back to type and using some of the inherited qualities of the Conner family who have for generations wrestled bulls, heifers and cows on the range.

Speaking of modesty, an article in Colliers reminds us that it was in 1876 that women's underwear was first sold over the American counter. Up to that time women's intimate garments were even concealed from the gaze of the public on wash day by carefully hanging a sheet over them while they were drying on the clothes lines. Now of course it's different, but the principal difference is that the passerby would have to look twice, so small is some of the lingerie.

The following contributed item is said to be a true story: One of the young bloods of the city, while assisting in upsetting a small house in the rear end of one of our lots on Hallowe'en night, lost his balance and fell in the place where the house had been.

VIOLIN STUDENTS RENDER ROTARY CLUB PROGRAM

Mrs. Doris Deter Welborne and her violin pupils assisted by Mrs. I. L. Spratt rendered a musical program at the Artesia Rotary club Tuesday during the program hour. The program included several numbers by the group and violin solos by Dorothy Gilmore, Shirley Bartlett and Lewis Story.

Students appearing on the program were: Misses Dorothy Gilmore, Anabelle Williams, Bette Jo Brainard, Jane Shugart, Margaret Mahone, Shirley Bartlett and Lewis Story.

Out of town luncheon guests included: T. H. Boswell, Dr. C. C. Hightower, both of Roswell, Carl Henderson of Roswell and the Rev. Pitts of Hagerman.

Kernels From An Old Nut

Next week this nation, in common with all others of the allied nations who were engaged in the World War, will celebrate the nineteenth anniversary of the signing of the armistice which terminated the actual hostilities of that war. It is fitting that it be observed with appropriate ceremonies of daily activity; but as a day of giving and consecration. The day should have a fourfold meaning for every good and thoughtful man.

First: As a day of thanksgiving for the termination of conflict. Second: As a memorial for those who gave their lives in that struggle, and a tribute of respect for those who were wounded, maimed or sickened for the sake of their fellow men. Fourth: As a day of prayer that our land may be spared from the necessity of again having to resort to the arbitrament of arms in the solution of its problems.

No man will take issue with the first purpose stated. As to the second—there are those who, even now, as far as they dare to do so, are willing to question the manhood and honor of those who took part on behalf of the United States. It is only by constant vigil that that tendency can be thwarted. It is to that end that the day should, in part, be hallowed.

As to the third purpose, there is a well organized propaganda for the purpose of destroying those ideals. Looking back on those days of my own experiences, and so far as I am enlightened by history, I am prepared to say that fraud and venality were never more nearly completely at bay than in the months the conflict was on. There never was a time in our nation's history when its people were so closely united.

There never was a time when our people had greater love, one for another, and when hatred of each other was so completely banished from our lives. These qualities should inspire all men everywhere. May we dedicate ourselves to them.

As to the fourth: No man who knows anything of the horrors of war but joins in the prayer that our nation be spared the necessity of another. "God of the Nations, be with us yet, lest we forget—lest we forget."

ATTENDING EDUCATIONAL ASSOCIATION MEETING

Supt. W. E. Kerr and J. Clark Bruce are attending the annual meeting of the New Mexico Educational association in session at Albuquerque this week. Mr. Kerr left Monday to be present at the curriculum conference held there Tuesday and Mr. Bruce left for Albuquerque yesterday.

QUIET HALLOWE'EN

Aside from turning over a few garbage cans and soaping windows, no unusual disturbance was reported on Hallowe'en night, which fell on Sunday night this year.

Rural Young Folk Deserting 'Swing' For Serious Music, Expert Declares

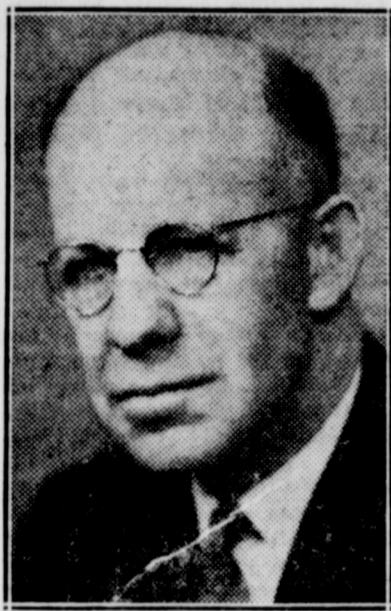

"SWING" may be king in the cities, but America's rural youth are showing an increasing interest in opera, symphonies and other forms of "serious music."

That is the report of Ray A. Turner, of the Extension Service, U. S. Department of Agriculture, and Mr. Turner is probably in as good a position to know as anyone in the country. As conductor of the music appreciation program of the National 4-H Club radio broadcast, he is the unofficial music counsellor to 1,500,000 young people, most of them in the rural sections.

"We receive thousands of letters from young people who listen in," said Mr. Turner. "Naturally this volume of mail gives us a pretty good idea of what young rural America is thinking and feeling."

"We find that more and more of these young folks are calling for serious music. The broadcast of an aria from an opera, together with a description of the work and comment on the composer, will bring a flood of requests for other numbers from the opera. Or 4-H Club members become interested in a composer whom they have heard on the broadcast, and ask for more of his compositions. With this increased demand for serious music comes a falling off in requests for 'swing,' hill-billy and other popular kinds."

The National 4-H Music Hour is broadcast from Washington over 35 National Broadcasting Co. stations from 12:30 to 1:30 P. M., Eastern Standard Time, on the first Saturday of each month by the Extension Service of the Department of Agriculture. Mr. Turner arranges the programs and describes the music, which is played by the United States Marine Band under Capt. Taylor Branson, leader of this world-famous musical organization.

Ray A. Turner

With 4-H Club membership increasing and additional States swinging into line with 4-H music programs built around Mr. Turner's broadcasts—there are now about 30—radio is a major factor in moulding the music tastes of rural youth. Since the perfection of the air-cell battery, thousands of families, formerly dependent on the old-style type of battery radio, have joined the rural radio audiences. Radio entertainment and education, with as good reception as that enjoyed in the cities, have become standard features of even the most remote rural sections.

Mr. Turner has been interested in music, both as a performer and instructor, all his life. At Michigan State College he played in the mandolin club, sang in the glee club and choral union, and studied piano. He is now a choir singer in a Washington church.

Hope Items

Mr. and Mrs. Edgar Watts of Dunken spent Monday in Hope and Artesia attending to business.

Ford Hanna left Thursday for Hot Springs where he is a patient at the Carrie Tingley hospital.

Mr. and Mrs. George Fanning of Eunice spent Sunday in Hope visiting friends and attending to business.

Mrs. W. Spencer of Los Angeles, California arrived here Monday for a short visit with her aunt, Mrs. N. L. Johnson.

Mrs. J. B. Leck and children and Adlene Shelton of Carlsbad spent Sunday in Hope visiting their mother, Mrs. Ida Shelton.

Marjorie Johnson left Wednesday for Albuquerque where she is spending the week attending the annual New Mexico teachers' meeting.

The Prude brothers contracted five hundred head of cattle the latter part of the week to be delivered to Mr. Shipp in Lovington in two weeks.

The Rev. and Mrs. R. L. Willingham will leave this week for Clayton, where he has been appointed pastor of the Methodist Church South.

Mrs. Ben Miller, who was ill, was taken to the St. Francis hospital in Carlsbad Wednesday. She was able to return to her home here Thursday.

Mr. and Mrs. Dave Bunting and Daughters, Maxine and Jasoyle, of Roswell spent the week end here the house guests of Mr. and Mrs. Bonnie Altman.

Superintendent Edwin C. Hawkins is expected to return Saturday from Albuquerque where he has been attending the New Mexico teachers' meeting this week.

Twenty-five guests attended the masquerade Halloween party, sponsored by the Woman's club, that was given at the school gymnasium Saturday evening.

Martha Coffin left Sunday for Albuquerque where she has employment after having spent the past three months here visiting her mother, Mrs. Anna Coffin.

Emeline Crockett, who is attending the Eastern New Mexico Junior College in Portales, is spending the week here visiting her parents, Mr. and Mrs. Henry Crockett.

Mr. and Mrs. Cy Bunting spent the week end in town visiting friends and attending to business. They were the guest of Mrs. Billie Ballard at her home while in town from their ranch.

Wilhelmina Wilburn, student of the Eastern New Mexico Junior College of Portales, arrived here Tuesday evening to spend the rest of the week visiting her parents, Mr. and Mrs. Buck Wilburn.

Max Salazar motored down from Albuquerque Friday to bring Mrs. Salazar and baby to spend a few weeks visiting her mother, Mrs. Anna Coffin. Mrs. Salazar returned to Albuquerque Sunday.

Mr. and Mrs. Bill Watts, Mr. and Mrs. Edwin McGuire and Mr. and Mrs. Lyle Shofe of Dunken came in from the Watts ranch Saturday evening to attend the Halloween dance given at the W. O. W. hall.

Mr. and Mrs. Charlie Prude of Ft. Davis, Texas were attending to business and visiting relatives

Bulldogs Smother Ft. Sumner Under A 45 To 0 Score

The Artesia high school Bulldogs smothered the Fort Sumner eleven here Friday afternoon for a forty-five to nothing victory. Scoring almost at will, the Bulldogs excelled in every department of the game. Every man on the squad saw action in the game. Coach Greeno used his shock troops during the first quarter and every player showed up well. Asa Irby made the first touchdown for Artesia on a pass. He completed a pass for twenty yards and ran thirty yards for a touchdown. Rusty Conner was the outstanding player of the game Friday. He made consistent gains through the Fort Sumner line and made a forty yard return of a punt. In the fourth quarter he ran sixty-five yards for a touchdown. In the third quarter, Nelson ran seventy yards for a touchdown on return of a punt.

H. S. Stout, umpire, gives some interesting statistics on the game which follow: First downs: Artesia, 14; Fort Sumner 2. Yards from scrimmage: Artesia, 165; Fort Sumner, 30. Passes completed: Artesia, 9 for 95 yards; Fort Sumner, 0. Artesia fumbled four times and recovered two fumbles.

The starting lineup:

Producing Cows Bring Returns

Cows rating high in production are much more profitable than those whose production is low, says E. E. Anderson of the New Mexico state college. This was brought out rather strikingly in a year's study recently completed in the butterfat area in Eastern New Mexico.

Complete records were kept on ninety herds with a total of 906 cows. The ten herds with the highest production averaged 298.7 pounds of butterfat per cow compared to an average of 127.4 pounds for the lowest ten herds in production. The net returns per cow for the ten high herds was \$63.90 while the average for the ten low herds was \$25.89. One cow in this higher production group made almost exactly as much net returns as two and one-half cows in the lower production group. Putting it another way, those dairymen who milked ten cows in the higher production group made as much as those who milked twenty-five cows in the lower production group.

There were, doubtless, other factors besides quality of the cows which caused this wide difference in production. Probably feed conditions and feed practices, managerial ability, and other factors had their influence on the production. Nevertheless, there is no question but that the quality of the cows, or their inherent ability to produce, was the most important factor.

There is a great deal of interest being shown this fall in herd improvement thru better sires. Help has been given a number of dairymen in getting better bred sires than they have been using. Others

Hull, Author Of Kearney Code To Be Honored Soon

To one man more than to any other, the citizens of New Mexico owe a tribute of respect for his service to the state in establishing an orderly and legal form of government when this section was taken into possession by General Philip Kearney in 1846. Quite naturally there had to be some form of law and the then existing law was not, in its entirety, adapted to our theories of government. Until the Organic Act, which created the Territory of New Mexico was passed in 1850, the country was under military government. During this time a code of laws, known as the Kearney code, was in effect. It was so complete and equitable that it was carried down, in great part, into our laws in effect today.

The author of this code was a private soldier in General Kearney's division, Willard Preble Hull by name. He was a graduate of Yale college in the class of '39 and was elected to Congress from his district in Missouri while with General Kearney at Santa Fe. He served three terms in Congress and was later elected Governor of Missouri.

Through the efforts of one of our own citizens his photograph has been obtained with a view to having a creditable portrait made and placed in the supreme court building at Santa Fe. We hope that the plan will be accomplished.

TO GIVE DIPHTHERIA IMMUNIZATION FRIDAY

Dr. O. E. Puckett, district health officer will be at the Central school here Friday morning to give diphtheria immunization to children who have not been vaccinated. Dr. Puckett reported that one child died of diphtheria in Carlsbad and health authorities are feeling some concern over the possibility of the disease spreading, hence the vaccinations.

HALLOWEEN PARTIES LIVEN SOCIAL FESTIVITIES

There comes a time each year when it's proper and correct to dress and mask and enjoy the pleasures of becoming some one else other than your usual self. That time is Halloween. Goblins, ghosts, bats, black cats and witches all frolic once more in gleeful anticipation of the time when all is quiet and still and once more they reign supreme.

Saturday evening found a committee of ghosts entertaining the teachers of the Junior and Senior high, the members of the school board, and janitors in the auditorium of the Central school.

Corn shocks, pumpkins, Jack O'lanterns, black cats and such other traditional Halloween characteristics decorated the auditorium in a wonderfully realistic manner. Guests arrived in the early evening at a door poorly lit by a smoking lantern which dimly revealed a sign saying "Ring for the Ghost." Below this a bell was placed. Each guest was admitted after ringing it by a ghost who conducted them over a most hazardous path and cast them alone in a room in semi-darkness. Cats, owls and goblins blinked owlishly at the trembling guests. When all had arrived games of appropriate nature were played until the guests who were in costume were conducted over a rough path to sign their names in the witches book. Here each one was given a shock by the wider and punch.

Cider and doughnuts were served later by an old, old witch. The party was marked with the success of a carefully planned affair. The hosts were the teachers of the Central school and the ghosts who met the guests were a committee from the hostess group who were unusually cleverly dressed.

Other hosts with parties of this sort were: Miss Joan Hardeman, who entertained about thirty guests at her home the latter part of the week. Costumes, prizes for contests, with pop corn balls, doughnuts, and punch helped to make this party a real pleasure to the guests who attended.

Misses Pat and Elsie Runyan invited Shirley Watson, Helen Watson, Margaret Attebery, Peggy Hamill, Delphia Dixon, Guinivere Ellis, Betty Reed and Meredith Martin to their home for a wieners roast followed by a line party to the picture show. An out door fire and ghost stories told as the guests roasted their wieners and marshmallows made this party a real Halloween affair.

Bobby Gates invited a number of his friends in Saturday to help him celebrate this eerie occasion. After the guests had been admitted in the customary scary manner, they were taken to the Gates farm by Mr. and Mrs. V. L. Gates. Bobby's parents where a huge bonfire had been built and the boys roasted wieners and enjoyed the noise makers which were the favors of the party.

The members of the Junior Auxiliary entertained thirty guests at the hut, Wednesday evening, with another spook party. A gypsy fortune teller, Charlene Martin, told their fortunes after which ghost stories were told. A prize was given for the best costume and was won by Fid Hamill who came as a black cat. Mrs. D. C. Blue and Mrs. Raymond Bartlett, sponsors of this group, assisted the hosts in serving refreshments.

SHOWER FOR MRS. WORLEY
(Delayed)
Mrs. Virgil Worley of the Cottonwood was the honor guest at a miscellaneous shower given at the home of Mrs. Jesse Funk, October 26th by Mrs. Orville Worley, Mervyn Worley and H. B. Worley. Mrs. Worley was the recipient of many lovely gifts and after the gifts were admired a social hour was enjoyed. At the close of the afternoon refreshments were served to the following guests: Mmes. Frank Cogdell, James Thigpin, D. A. Bradley, Tom Terry, Ora Buck, Buster Knowles, V. W. Worley, L. E. Knoedler, J. A. Clayton, Jr., J. A. Reed, Marie Vandagriff, D. D. Essex, R. L. Roberts, Clint Powell, Mae B. Hall, Paul Zeleny, Wayne Norris, O. B. Montgomery, Clarence Pearson, Orval Gray, Bryant Whitney, Miss Betsy Carson.

FAMILY REUNION
Mr. and Mrs. E. D. Kissingher held a family reunion at their farm home southeast of Artesia last week. Visiting members of the Kissingher family present for the reunion included Mr. and Mrs. H. W. Vance of Rosemead, California, who are old time residents of Artesia. Mr. and Mrs. Lee Kissingher of Ontario, California, also old time residents of this community. Mrs. Mary A. Kissingher, mother of the Kissingher boys and Mrs. J. F. Mundhenke, both of Milford, Nebraska. The entire party visited the Carlsbad caverns last Thursday.

Social Calendar

Mrs. I. L. Spratt, Social Reporter
Telephone 248

THURSDAY (TODAY)

The Methodist, Baptist and Presbyterian Missionary societies will meet at their respective churches at 2:30 p. m. The Episcopal Guild will meet at the home of Mrs. M. A. Corbin, hostess.

Mrs. M. D. Sharp will entertain the Thursday Bridge club at her home at 2:00 p. m.

FRIDAY

Chapter J, P. E. O. will hold an evening meeting this evening at 7:30 with Miss Edith Geyer, official delegate to the Supreme chapter, as guest speaker. The meeting will be at the home of Mrs. C. E. Mann with Miss Merrill Bradley and Miss La Rue Mann as co-hostesses. Mrs. M. A. Corbin will present musical selections.

Mrs. W. J. Bowden will be hostess to the Viernes Bridge club at her home at 2:00 p. m.

Mrs. C. R. Baldwin is hostess to the Miercoles Bridge club with a luncheon followed by contract at the Artesia hotel at 1:00 p. m. Cemetery Board meets with Mrs. Tom Heflin at 2:30 p. m.

MONDAY

Mrs. Dan Watson, chairman of membership will be in charge of the membership program to be presented at the Auxiliary meeting this afternoon at 2:00 p. m. at the hut.

TUESDAY

Mrs. J. M. Story will entertain the First Afternoon Bridge club at her home at 2:00 p. m.

Mrs. Charles Gaskins will be at home to the members of the So So club at 2:00 p. m.

WEDNESDAY

The Abnornes Sapiens Bridge club will meet at the home of Mrs. Arba Green, hostess, at 2:00 p. m.

The Methodist church will have a covered dish supper at the church followed by a program and social meeting at 6:30 this evening. All members, and especially new members, are invited to attend.

THURSDAY (NEXT WEEK)

Mrs. Owen Haynes will entertain the Young Matron's Missionary society of the Methodist church at her home at 2:30 p. m.

The Baptist Missionary society will meet at the church for the mission study at 2:30 p. m.

The O. E. S. will hold their annual supper in the chapter rooms at 6:30 p. m. All members and families are cordially invited to attend.

HALLOWEEN DANCE FOR HIGH SCHOOL GROUP

The Fun Lovers' club entertained with a masquerade dance, Friday evening at the Junior High school gymnasium. The customary colors of Halloween, orange and black, were used in a crepe paper false ceiling, while black cats, lighted Jack O'lanterns filled the windows and large red apples were strung from the ceiling across the room. One end of the room was converted into a cornfield with lighted Jack O'lanterns beneath the shocks and the ghosts of the high school teachers (a hundred and fifty years from now) hovered about. At the opposite end of the room a black witch appeared to be riding through the air with "the greatest of ease". Mrs. W. E. Kerr served as a real gypsy fortune teller and filled a high spot of the evening's fun. In the costuming of the guests the nursery rhyme characters predominated. Among the cleverest were: Eunice Cadell as "Little Red Riding Hood"; Nina McLean and Douglas Phillips as "Raggedy Ann"; and "Raggedy Andy"; "Lela Bess Mann" as "Little Bo Peep." Prize winning costumes were worn by Ruth Reeves who was dressed as a gypsy and Ernest Morgan who made a most realistic Spanish gaucho. Another feature of the evening was the novelty broom dance, which was a huge success.

Pumpkin carts pulled by black cats whose arched backs expressed their indignation were filled with candy for the guests and pop corn too, was available. The club had as their guests this evening only the members of the high school and their teachers. Hostesses were Nina McLean, Margaret Mahone, Lela Bess Mann, Dorothy Gilmore, Dorothy Berry, Rachelle Swift, Betty Brainard, and Eunice Cadell. Mr. and Mrs. A. P. Mahone and Mr. and Mrs. Elza Swift were chaperones for the evening.

Loose Leaf Binders, special ruling and stock forms—The Advocate.

PUBLIC WELFARE THEME FOR WOMEN'S CLUB

The challenge of local needs both town and state for a definite service in Public Welfare was the theme for Wednesday afternoon. Miss Pauline Diehl, welfare worker for this district spoke to the club at this time. She was presented by Mrs. G. C. Kinder, school nurse, who has been active engaged in a similar type of work in Artesia for some time. Miss Diehl listed the field of maternal and child health, birth control clinic, and venereal disease clinics as some of the work that is definitely seen to be done. Advocating a concerted effort toward the last of these named, she spoke of the survey of our state that shows definitely that steps must be taken in this work soon. In a study of the social and economic problems confronting the serious minded citizen of our state and town, Miss Diehl pointed out the remedial measure to be taken here was one of vocational education for children of parents that are catalogued under the head of social problems. While vocational education is emphasized in particular, attention was called to the great need for spiritual education and development too. Miss Diehl closed her remarks giving a brief explanation of the present system of state social service.

Mrs. Fred Cole closed the program with Del Reigo's "Homing" which she sang in a very pleasing manner, giving the musical and lyric interpretation to this composition which is so called for. Mrs. R. M. Henson accompanied her at the piano. The Club Institute was conducted by Mrs. I. L. Spratt, who devoted this time of the program to the consideration of some of the laws of parliamentary usage.

The business session of the meeting was presided over by the president, Mrs. J. M. Story with Mrs. J. J. Clarke acting as secretary pro tem in the absence of the newly elected secretary, Mrs. E. J. Foster. The finance committee reported a net gain of twenty-five dollars from a recently held rummage sale and four dollars from the cooked food sale.

Mrs. J. J. Clarke, Mrs. Charles Morgan, and Mrs. Roger Durand were appointed on a committee to collect the property of the club and place them in the designated places. Over thirty ladies were present for this interesting meeting and Mrs. Charles Morgan and Mrs. Faye Hardeman served as hostesses for the afternoon. Large vases of fall flowers were used in making the building attractive.

COFFEE GIVEN TWO MORNINGS

The Past Presidents' Parley of the American Legion Auxiliary have been giving coffees to raise a nominal sum for the building fund of this organization and this week two more were given. Last Thursday morning Mrs. Dick Vandagriff was hostess to the following ladies: Mmes. Jess Truett, Albert Richards, Fannie Bruton, J. W. Berry, George Frisch, Roger Durand, C. R. Blocker, Opal Wilcox, John McCann, H. A. Hamill, Irvin Martin, Ben Prior, Calvin Dunn, James Haskins, C. R. Baldwin and Frank Smith. As is the usual custom this little party was real good fun and the hostess served coffee and cinnamon rolls.

Monday morning Mrs. J. M. Story was hostess at her home with coffee and rolls as the main dish. Along with the food is always served an ample measure of merriment and this was no exception to the general rule.

The guests at this time included Mmes. Lewis Story, H. A. Hamill, Landis Feather, Ben Prior, Fred Cole, P. V. Morris, Carl Jorren, H. W. Clady, Frank Linell, Ralph Shugart, William Linell, V. D. Bolton, E. N. Bigler, Jesse Truett and Boone E. Bigger.

ASSEMBLY PROGRAM EMPHASIZES TEETH CARE

The assembly program of the Central school children, Friday morning, was the culmination of an entire week's concentration on teeth, their care and correction. Examination and corrective work was begun earlier in the week and the work culminated in the program Friday morning. A play "Mother Nature Builds A Tooth" was presented by the entire school roll of more than four hundred children. Following the play a parade of those children whose teeth were perfect and those who had attended to corrective work which had been recommended on examination, was held. In a survey of the rooms of the school, it was found that Miss Mann's second grade had the best teeth and had attended to the corrective work bringing her average up the highest for the entire school. Miss Morriss' room, sixth grade, was second in the survey.

The parents had been invited to the program Friday morning and more than a hundred and fifty attended. Following the parade, Dr. O. E. Puckett, health director, spoke to the parents on the "Necessity of Having Good Teeth."

STATE CHRISTIAN ENDEAVOR CONVENTION

With more than three hundred delegates expected to be present from all over the state, the New Mexico Christian Endeavor convention opens at Albuquerque in the United Brethren and Monte Vista Christian churches on Friday, November 12, extending through November 14.

Heading the speakers for the occasion are Dr. E. L. Reiner of Chicago, trustee of the International Christian Endeavor and nationally known figure, and Dr. W. C. Smolenske, well known and beloved layman of Denver.

Dr. Reiner will deliver the keynote address on Friday evening and the closing address Sunday evening. Dr. Smolenske will lead the singing and address the convention on Sunday afternoon.

With John T. Jones, state vice president as toastmaster, the convention will open on Friday evening, November 12, with a fellowship supper. The banquet Saturday night at the United Brethren church will have as toastmaster Lonnie Hammon, chairman of the local convention committee of Albuquerque.

DINNER BRIDGE AT HOME OF MR. AND MRS. BOWDEN

Mr. and Mrs. W. J. Bowden entertained a number of their friends at their home, Thursday evening, with a dinner bridge. Cut flowers were arranged very artistically by the hostess in decorating the apartment for the party and places were laid for Mr. and Mrs. Owen Haynes, Mr. and Mrs. E. J. Foster, Mr. and Mrs. Don Meyers, Mr. and Mrs. Howard Stroup and Mr. and Mrs. Wallace Hastings. At the bridge tables, Mr. and Mrs. E. J. Foster won high score and the consolation prize was awarded to Mr. and Mrs. Don Myers.

DISTRICT PRESIDENT VISITS CARLSBAD

Mrs. John McCann in the capacity of her office as Fifth District president of the American Legion Auxiliary was a guest of the Carlsbad unit, Monday evening. This unit is one of the most active units in the district and reported at this time two members over their quota which gives them a membership of seventy-two.

Other guests from Artesia at this meeting included Mrs. Ben Prior, department secretary, Mrs. Irvin Martin, unit secretary, Mrs. H. A. Hamill, unit president and Mrs. Roger Durand.

PRESBYTERIAN MISSIONARY SOCIETY WITH MRS. LINELL

The Missionary society of the Presbyterian church met last Thursday afternoon at the home of Mrs. William Linell for the regular meeting which had been postponed because of the Synodical session at Roswell.

Mrs. Rex. Wheatley was in charge of the program on "Alaska" and Mrs. Fletcher Collins assisted her in presenting her subject. Fifteen ladies were present for the meeting. Following the program the hostess served light refreshments.

Foster won high score and the consolation prize was awarded to Mr. and Mrs. Don Myers.

DELTA KAPPA GAMMA SOCIETY MEETS HERE

Miss Linna McCaw was hostess to the Alpha chapter of the Delta Kappa Gamma sorority at their regular meeting, Saturday, at her home. Miss Oriel Curtis, president of this organization, presided over the business session which preceded the interesting program of the day.

The theme for the year chosen by this group is "Improvement in Education." Miss Clyde Totten gave a most interesting paper on "Natural Resources and Economic Security."

The following members were present for the meeting, from Roswell: Misses Eula Bybee, Nina Culen, Oriel Curtis, Elizabeth Haylen, Jennie Kenny, Harriet Poordergriff, Minerva Pope, Helen Snipes, Clyde Totten, Mmes. Gail Shelby Brickley and Estelle Pope Hayes. The program was followed by a social hour and the following guests came in for this time: Mmes. Leone French, Anna Davidson, Misses Merrill Bradley and Mary McCaw. The hostess served refreshments during this hour.

OKLAHOMA VISITOR IS COMPLIMENTED

Mrs. Henry De Berry of Vison, Oklahoma who has been visiting her daughter, Mrs. Boone Barnett was the honored guest at a luncheon at the home of Mrs. E. E. Gillispie, October 27th.

Places were laid for the honoree, Mrs. Barnett, Mrs. Ray Pate, Mrs. A. G. Glasser, Mrs. Frank Palmer and the hostess at the damask spread table centered with roses. Following the luncheon the guests played contract.

NOTICE STATE ENGINEER'S OFFICE

Number of Application RA-1496. (Change of Location of Well) Santa Fe, New Mexico, October 26, 1937.

Notice is hereby given that on the 25th day of October, 1937 in accordance with Chapter 131 of the Session Laws of 1931, Mrs. Mary E. Yates of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a Permit to Change of location of the shallow well drilled under authority of Permit No. RA-1496 granted by the State Engineer on the 5th day of March, 1937, said change to be accomplished by abandoning the use of the 15 inch well approximately 300 feet in depth, located in the SW 1/4 NE 1/4 Sec. 17, T. 18 S., R. 25 E., N. M. P. M., and by drilling a new 15 inch well approximately 300 feet in depth, located in the NE 1/4 NW 1/4 of said Sec. 17, said new well to be used only for the irrigation of 230 acres of land as described in Permit No. RA-1496.

Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the applicant with the State Engineer within ten days after the date of the last publication of this notice. The date set for the State Engineer to take this application up for final consideration unless protested is the 4th day of December, 1937.

THOMAS M. McCLURE, State Engineer. 43-3t-45

Mr. and Mrs. J. H. Kingston of Lake Arthur were shopping and visiting friends here Tuesday.

Mrs. Dan Awalt left for Gadsden, Arizona last week to visit with her mother, Mrs. S. E. Cumpston. She was joined in Yuma, Arizona by her sister, Mrs. R. L. Burns of Orange, California.

JUST KIDS—The Right Spirit

By Ad Carter

The Advocate's Tested Recipe

By Frances Lee Barton

ROYAL Crown Pudding, a royal name for a regal dessert, for that's just what it is! Beneath a feather light cake there lurks a surprise—a refreshing treasure trove of refreshing peaches. The cake is delectable—for it's made with a cake flour of unbelievable fineness.

Royal Crown Pudding 4 cups sliced fresh peaches; 3/4 cup water; 3 tablespoons quick-cooking tapioca; 1/4 cup sugar; 1/4 teaspoon salt; 2 tablespoons lemon juice.

1/2 cup sifted cake flour; 6 tablespoons sugar; 2 egg yolks, beaten until thick and lemon-colored; 2 egg whites; 1/4 teaspoon salt; 1/4 teaspoon cream of tartar.

Bring peaches and water to a boil over direct heat. Combine quick-cooking tapioca, sugar, and salt; add gradually to fruit mixture and boil briskly 1 minute. Add lemon juice. Pour into greased baking dish and keep hot.

Sift flour once and measure. Add sugar gradually to egg yolks, beating until light. Beat egg whites and salt until foamy; add cream of tartar and beat until stiff enough to hold up in peaks, but not dry. Fold egg yolk mixture into egg whites; then fold in flour, a small amount at a time. Turn out over hot tapioca-fruit mixture. Bake in moderate oven (325° F.) 50 minutes, or until cake is baked. Serve warm. Serves 8.

Max Stevens was carried to the Carlsbad hospital Tuesday, where he is receiving hospital treatment.

Mrs. Will H. Spencer of Los Angeles is the guest of her cousin and family, Mr. and Mrs. J. R. Attebery.

Edith Noling and Mary LaBadie motored to Roswell Sunday to see Donald Johnson, who has been seriously ill at the home of a sister for several months.

CLUBS ENJOY HALLOWEEN PARTY

With so many ideas for the clever hostess available, Mrs. Boone Barnett used a very ingenious decoration as she entertained the Vernal club at her home, Friday afternoon. All members were present for the afternoon's game of contract and following the game the hostess served light refreshments. High score was won by Mrs. Andy Compry and Mrs. A. G. Glasser was second high.

MR. AND MRS. DON MEYERS ENTERTAIN

Mr. and Mrs. Don Myers entertained, Friday evening, at their home with a chili supper. Autumn flowers added their charm to the occasion and places were set for Mr. and Mrs. W. J. Bowden, Mr. and Mrs. Owen Haynes, Mr. and Mrs. E. J. Foster and the hosts. Following the supper the guests played contract. High score was won by Mr. and Mrs. Foster while Mr. and Mrs. Haynes were awarded the consolation prize.

DR. AND MRS. A. D. DETER VISIT DAUGHTER

Dr. and Mrs. A. D. Deter of Curitiba, Parana, Brazil arrived at the home of their daughter and husband, Mr. and Mrs. Raymond Welborne, at Hagerman for a visit with them. Dr. and Mrs. Deter arrived in the States for a year's furlough from their missionary post in Curitiba two weeks ago. They have been visiting another daughter who is in school at Austin, Texas and after their visit here will continue to California where they will visit other members of their family.

HOMEMAKERS' CIRCLE HOLDS WORK DAY

The Homemakers' circle of the Baptist church met Thursday at the church for their usual covered dish luncheon and work day. Ten ladies were present for the lovely luncheon which was served at noon and eight more came in the afternoon for the work period. Mrs. F. P. Turner led the Bible study during the fore part of the afternoon session and after a short business session the ladies spent the rest of the time quilting.

Health Column

Conducted by Charles M. Cree, Director of Public Health Education

IN FAIRNESS TO THE UNBORN CHILD

Every prospective mother should have a Wasserman test. A woman may be harboring syphilis without any direct knowledge of the fact and in this even will almost surely infect her unborn infant...

Every day and every year the massacre of the innocents goes on and why? In some cases it may be due to ignorance, in others it may be due to carelessness...

Today, modern science can insure under certain conditions, a healthy babe born of a syphilitic mother. Statistics show that there is a ninety per cent chance of a healthy baby if the syphilitic mother is treated by proper methods before the fifth month of her pregnancy...

No body has the right to doom an infant coming into the world to a lifetime of suffering and sorrow when the remedy is at hand. Today the sins of the fathers (or mothers) as far as syphilis is concerned need not be visited up to the third or fourth generation...

Lewis Rowland, a farmer of near Lakeview realized several hundred dollars from two acres of tomatoes this year.

Mr. and Mrs. James Jackson announce their marriage, which took place some time ago.

The Poole family are moving to their former home in Texas.

A quilting party was given for Mrs. Nevil Muncy Tuesday at the home of Mrs. John Martin. Mrs. Muncy is leaving soon for Arizona.

The democratic ladies of Artesia met Monday afternoon at the Elrose theater to make plans for the general election campaign.

LIVELY GARAGE DESTROYED BY FIRE A garage building near the John Lively residence on east Main street was destroyed by fire Friday afternoon. The garage caught from burning weeds.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

ROAD FINISHED SOON

The twelve miles of road under construction between Artesia and the oil field will be finished shortly after December 1st, according to present estimates. The major part of the construction work has been done east of the river bridge where about six miles of grading and surfacing has been done. When completed, Artesia motorists will be able to ride from here to the Lea county line over improved roads.

HOPE HARVESTING BIG APPLE CROP

The apple crop at Hope, one of the largest in that district for several years is moving to the market. The bulk of the out of state shipments are going into Texas. A shortage of apple pickers is reported with apple pickers there as scarce as cotton pickers are here.

HOME AGENT TO ATTEND MEETING OF ECONOMISTS

Miss Katherine Whitechurch, county home agent, will leave today for Albuquerque where Friday she will attend a meeting of state home economists in connection with the state educational association convention.

Security Safety PROFESSIONAL ETHICS People who have availed themselves of the medical or surgical skill of a trained doctor, or the legal ability of a lawyer do not attempt to keep the facts of their case away from him. In truth, they know that his "professional ethics" will not permit him to reveal this information to another soul. AND BANKING People making application for a loan from their banker should realize that the banker is governed by just as rigid a code of ethics. He asks many seemingly personal questions, not to be inquisitive, but to satisfy himself of the need for the loan and your ability to repay it when due. He is in fact trying to help you secure a loan. His information will ever remain secret, you may rest assured of that.

CHRISTIAN SCIENCE SOCIETY
613 West Main Street

"Adam and Fallen Man" is the subject of the lesson-sermon which will be read in all societies and churches of Christ, Scientist, on Sunday, November 7th.

The Golden Text is: "It is the spirit that quickeneth; the flesh that profiteth nothing."—(John 6:63).

Among the citations which comprise the lesson-sermon is the following from the Bible: "For as many as are led by the Spirit of God, they are the sons of God."—(Rom. 8:14).

The lesson-sermon also includes the following passage from the Christian Science textbook: "Man undergoing birth, maturity, and decay is like the beasts and vegetables—subject to laws of decay. If man were dust in his earliest stage of existence, we might admit the hypothesis that he returns eventually to his primitive condition; but man was never more nor less than man."

METHODIST CHURCH

Next Sunday will be communion Sunday at the Methodist church. All of our members are urged to be present and take part in this service. It is also the beginning of the new conference year. Let's all start together to make this the best year in the history of the church. The pastor will preach both morning and evening.

Sunday school 9:45. Morning worship, 11 o'clock, evening worship at 7:30. Young people's Epworth league service at 7:00.
You are always welcome at the Methodist church.
John S. Rice, Pastor.

RECEPTION FOR NEW MEMBERS

The Methodist church plans a reception for all new members of the past church year, Wednesday evening, November 10. All members of the church are requested to attend.

FIRST CHRISTIAN CHURCH

Announcements for the week:
Sunday
9:45—Church school, with classes for all ages.
11:00—Morning worship, including communion and preaching. Sermon by the Rev. W. B. McCrory, former pastor of the local Presbyterian church.
7:00—Men's discussion group. Meeting at the church.
Wednesday
7:00—Choir rehearsal; we have some new Thanksgiving and Christmas music. Come and let us practice it.
Thursday (Next Week)
6:45—Church nite, beginning with a fellowship summer promptly at the hour announced, and followed by an interesting program. All members and friends of the church are cordially invited.
Thomas L. Massie, Minister.

FIRST PRESBYTERIAN CHURCH

This service is dedicated to the members of the American Legion and Veterans of Foreign Wars. We extend to all a cordial welcome.

Sunday
9:45 a. m.—Sunday School.
10:50 a. m.—Morning worship. Sermon topic: "Nineteen Years Afterwards."
7:45 p. m.—Evening worship.
6:30 p. m.—Christian Endeavor.
Wednesday
4:00 p. m.—K. Y. B. club.
7:00 p. m.—Adult choir practice.
8:00 p. m.—Mid-week service.
Henry S. Stout, Pastor.

Kryl's Symphony Orchestra Presents Mary McCormic At Roswell Nov. 9th

"Kryl and His Symphony Orchestra have been a watchword of the musically-minded for more than a generation. It was thirty-three years ago that this organization under its dynamic conductor, set out upon its first tour, yet today, as it completes preparations for another coast to coast trip, its popularity is greater than ever. Kryl and his symphony orchestra have presented over twelve thousand concerts in these thirty-three years and have travelled more than a million miles. They have a special appeal for educational institutions, for in recent years they have appeared in more than a hundred colleges and universities annually. Bohumir Kryl, who has been called "the most remarkable cornetist in the world," has also received highest praise as a conductor. For this year's tour his soloist will be Mary McCormic, brilliant American soprano, whose recent appearance at the Grant Park outdoor concerts in Chicago was one of the most successful of the entire summer. Said Eugene Stinson of the Chicago Daily News, ". . . there are six or seven phenomenal voices in a generation, and Miss McCormic is one of the phenomena of ours." Kryl's 1937-38 schedule is now entirely filled and he is making arrangements for the 1938-39 season.

The New Mexico Military Institute will present this famous organization at Roswell on Tuesday, November 9th at the Junior high school auditorium. See the announcement to be found elsewhere in this issue for details.

Tentative Farm Bill Is Drawn

WASHINGTON — Marketing quotas proposed for cotton, wheat and rice failed Monday to win a place in the house agriculture committee's rough draft of new general farm legislation.

The committee sent the tentative bill to the printer without "provision for marketing quotas except in the case of tobacco. It left the way open, however, for the proposals to be placed in the measure later.

Secretary Wallace reported recently farmers believed marketing quotas might well be placed on the entire cotton crop, and in the case of corn and wheat, quotas might be necessary when surpluses became excessive.

The tentative bill centered around provisions for compulsory regulation of tobacco and for control of wheat, cotton and rice merely by benefit payments to co-operating producers. Members said provisions for corn had not been worked out.

They reported the tobacco control system under consideration would require buyers of tobacco

marketed in excess of federal quotas to pay penalty taxes representing fifty per cent of its value.

Representative Coffee (D-Neb.) said there was so much controversy among members over marketing quotas for other commodities it was felt work on the measure would be facilitated if they were left out of the first print.

BIDS ON PROJECT ASKED

A definite step to provide rural electrification in the Pecos River valley was taken this week when the Red Bluff Water Power Control District advertised for bids on the construction of the extension lines and generating plants.

Bids were asked on approximately fifty-six miles of 33,000-volt extension line, one 100-kilowatt, 33,000-volt substation, four small 33,000-volt sub-stations, one 1,000-kilowatt Diesel generating plant, extensions of 11,000-volt and 4,000-volt distribution systems, and purchase of store room supplies.

The generating plant will be at Grandfalls, with sub-stations in Petrole, Barstow, five miles north of Grandfalls, in Grandfalls and in Imperial—Pecos Enterprise.

When Springtime Returns

By Lawrence Hawthorne

When the Spring, with its joy and its beauty,
Comes again to the valleys and hills,
And the songs of the birds and the flowers
Add their charm to the woodlands and rills,
Then my heart knows a wistful emotion
That I find rather hard to define—
For the Spring always brings recollections
Of that first little sweetheart of mine.

Many years have gone by since that Springtime
When we promised we'd always be true—
When we caught that first moment of rapture
We were sure no one else ever knew;
But in fancy I still see the moonlight
As it danced in the gold of her hair,
And I still hear the low, gentle music
Of her voice on the sweet-scented air...

Life has brought many joys, my friendships;
I have known other loves in other days;
As a sutor and husband and father,
I have trod the conventional way;
But when Springtime returns, there is something
Very tender and precious and fine
That awakens—and sets me to dreaming
Of that first little sweetheart of mine.

Press Opinion

Mark Twain's War Receipt

With cannons booming to the right of us and left of us it becomes timely to print once again the formula usually used to drag nations into war, as described by Mark Twain in his posthumously published "Mysterious Stranger." Here it is:

"The hood little handful—as usual—will shout for the war. The pulpit will—warily and cautiously—object—at first; and the big, dull bulk of the nation will rub its sleepy eyes and try to make out why there should be a war, and will say, earnestly and indignantly, 'It is unjust and dishonorable, and there is no necessity for it.' Then a handful will shout louder. A few fair men on the other side will argue and reason against the war with speech and pen, and at first will have a hearing and will be applauded; but it will not last long; those others will outsmart them; and presently the anti-war audiences will thin out and lose popularity. Before long you will see this curious thing; the speakers stoned from the platform, and free speech strangled by hordes of furious men who in their secret hearts are still at one with those who stone speakers—as earlier—but do not dare say so. And now the whole nation—pulpit and all—will take up the war-cry, and shout itself hoarse, and mob any honest man who ventures to open his mouth; and presently such mouths will cease to open. Next the statesmen will invent cheap lies, putting the blame upon the nation that it attacked, and every man will be glad of those conscience-soothing falsities, and will diligently study them, and refuse

M.E. Appointments

(Continued from page one)

R. E. Dickenson; Alamogordo, B. M. Stradley; Tucumcari, G. A. Scheleter.

The Rev. J. H. Walker, former pastor of Artesia superannuated (retired) and expects to come to Artesia to make his home. The Walkers will be remembered by most of our local people as one among the most popular local Methodist ministers' families. They expect to spend some time visiting their children before coming here. The Rev. C. S. Walker, at one time pastor at Carlsbad, superannuated and expects to make his home at Albuquerque. His son, Charles S. Walker, Jr., was appointed pastor at Hope.

The Rev. C. C. Hightower, presiding elder of the Roswell district and Rev. C. K. Campbell were elected delegates to the general conference which meets in Birmingham next May. The conference voted unanimous-

ly to unite with the Methodist Episcopal Church (Northern) and the Methodist Protestant Church.

The other two branches of the Methodist church have already voted to unite and the Southern Methodists are voting at the ratio of nine to one for unification.

Oil Activity

(Continued from page one)

Snyder, Pecos Irrigation 1, SW sec. 15-25-28 is drilling below 1,720 feet. Northeast of Lake Arthur, McDonald et al., Elliott 1, NE NW sec. 19-15-27, is shut down at 825 feet installing a new engine.

Two wells of the Emperor Oil Company near the Maljamar district are to be completed shortly. The Johns 1, SW NW sec. 24-17-32 was reported drilling below 4,130 feet and spraying oil. The last show of oil was developed at 4,009-12 feet and the 3,000,000 feet of gas from 3,335-40 feet. The Puckett 3,660 feet from the north line and 1,980 feet from the west line

sec. 24-17-31 was reported testing below 3,900 feet.

Miss Edith Harlan of Ardmore, Oklahoma is visiting Mr. and Mrs. A. M. Archer. A short week end trip to El Paso was the pleasure of Miss Harlan, Mrs. M. D. Sharp and the host and hostess last week.

MEASURE FARM LAND WITH SCALES, CELLULOSE

Two million acres in the Rio Grande Basin—an area larger than that of Delaware and Rhode Island combined—have been mapped and the acreages of various crops and other vegetables ascertained in record time and in a unique way by the United States Bureau of Agricultural Engineering and the national resources committee. The work was done in a single season, with a small force and limited funds.

Practically the entire river basin was mapped on aerial photostatic prints on a scale of two inches to the mile in the more open country and four inches to the mile in the more congested areas of New Mexico. On these prints the fields were numbered or colored as to eighteen crop or other vegetation classifications.

Outlines of the fields and other areas were scratched with a stylus on sheets of celluloid one hundredth of an inch thick placed over the photostatic maps. Classification numbers were scratched in. The grooves in the thin celluloid made it easy to break the sheets

Locals

Mrs. J. H. Clements of Hope was reported rather seriously ill yesterday.

A daughter was born to Mr. and Mrs. J. A. Hooten of Hope here Sunday.

Mr. and Mrs. C. F. McGregor of Maljamar were shopping in Artesia Tuesday.

Charles F. Hayward of El Paso, Texas was transacting business here Saturday.

Phoebe Welch, small daughter of Mr. and Mrs. Wendell Welch is a patient at the Carlsbad hospital this week.

Fred B. Taylor of Yates City, Illinois spent a few days here the first of the week, looking after property interests.

W. D. Smith of Dexter, accidentally broke his arm while visiting friends south of town. The cause of the accident was not learned.

Mr. and Mrs. R. V. Young and family of Roswell, former residents of Artesia visited Mr. and Mrs. J. C. Floore and other friends here Sunday.

Mrs. Staggs and Mrs. Dell Walters and children and Mrs. C. C. Grimland and daughter left the first of the week to visit relatives in Brownfield and Lubbock, Texas.

into pieces which were then sorted as to numbers. The acreage in different crops was then obtained by weighing the piles of celluloid pieces on an accurate balance.

By this simple short cut the long and tedious process of measuring fields of many shapes and sizes was turned into a relatively simple job.
