The
**TALKING
MOTION PICTURE
COOKING SCHOOL**

PRESENTED BY

THE ARTESIA ADVOCATE

AT THE

OCOTILLO THEATER

THE DAYS	THE DATES	THE TIME
MONDAY TUESDAY WEDNESDAY	May 23—24—25	DOORS OPEN AT 9:30 A. M. SHOW STARTS 10 A. M.

Every woman in this community should plan now to attend the showings of "Star in My Kitchen." You will see real, life-like situations—similar to the ones you encounter every day—actually re-enacted on the screen. And best of all, there will be many demonstrations of recipes especially prepared for this picture by some of the foremost home economists in the country—unusual and different dishes that will appeal to every member of the family. You can't afford to miss this new and different cooking school where every single one of the important steps in the preparation of a recipe—mixing, blending, stirring, baking—all of the many and varied points essential to successful cookery are shown in close-up on the screen. And the finished dishes are faithfully reproduced in full color.

DIES AT BROTHER'S HOME

Mrs. Nora Kelton Reeder of McAlester, Oklahoma, died Friday at the home of her brother, B. H. Kelton, at Cottonwood. She was born June 19, 1911. Funeral services and burial were Friday afternoon at Cottonwood.

ORDINANCE NO. 44

AN ORDINANCE CONFIRMING PRIOR PROCEEDINGS RELATIVE TO THE ISSUANCE OF MUNICIPAL HOSPITAL BONDS OF THE CITY OF ARTESIA IN THE AMOUNT OF THIRTY THOUSAND DOLLARS, PROVIDING FOR THE DATE, MATURITY DATES, FORM AND THE AMOUNT OF SAID BONDS AND THE INTEREST PAYABLE THEREON, PROVIDING FOR THE SALE AND DELIVERY OF SAID BONDS TO THE STATE OF NEW MEXICO, FIXING ANNUAL TAX LEVIES FOR THE PURPOSE OF PAYING THE PRINCIPAL AND INTEREST OF SAID BONDS AS THEY MATURE, MAKING APPROPRIATIONS THEREFOR AND FURTHER PROVIDING FOR ALL PROCEEDINGS IN CONNECTION THEREWITH.

WHEREAS, at the regular election for the election of municipal officers for the City of Artesia, Eddy County, New Mexico, held in said City on the 5th day of April, A. D., 1938, there was submitted to the qualified electors, who paid a property tax therein during the preceding year, the following question, upon a separate ballot, to-wit:

QUESTION
"SHALL THE CITY COUNCIL OF THE CITY OF ARTESIA, NEW MEXICO, CONTRACT AN INDEBTEDNESS ON BEHALF OF THE CITY AND UPON THE CREDIT THEREOF BY ISSUING THE NEGOTIABLE COUPON BONDS OF THE CITY IN A SUM NOT EXCEEDING THIRTY THOUSAND DOLLARS FOR THE PURPOSE OF BUILDING AND CONSTRUCTING A MUNICIPAL HOSPITAL BUILDING IN SAID CITY."

WHEREAS, at said election, and majority of the qualified electors of said City present and voting at said election voted in favor of the issuance of bonds of said City in a sum not exceeding thirty thousand dollars for the purpose of building and constructing a municipal hospital building in said City, and

WHEREAS, said election was called, conducted, held and the results thereof duly canvassed and certified in all respects as provided by law, and there has been no suit or action instituted against said City Council or the City of Artesia, or any of the members of said council attacking, or any judgment of any Court of record invalidating the right of the said City Council of the City of Artesia to issue said bonds at the time and in the manner provided by law, and

WHEREAS, the City Council of the City of Artesia, New Mexico, in special session held at ten o'clock, A. M., on the 12th day of May, 1938, pursuant to legal and sufficient call and waiver of notice of said meeting, did award said bonds in the amount of thirty thousand dollars to the State of New Mexico, pursuant to a bid made in behalf of the State of New Mexico, by James J. Connelly, State Treasurer, all of which appears in the minutes of said meeting, duly approved by the Mayor and Clerk of said City.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ARTESIA, NEW MEXICO:

Section 1. That all things required by law to happen and to be done and performed precedent to and in order to authorize the City Council of the City of Artesia, to issue and execute and deliver the bonds of said City in the amount of thirty thousand dollars for the purpose of building and constructing a municipal hospital building in said City have happened, been done and performed, in due form and manner as required by law, and that both public and private sale of said bonds has been made to State of New Mexico, pursuant to Law, and said City Council of the City of Artesia, New Mexico, has determined and does hereby determine and declare that the bid of the State of New Mexico is a fair and adequate bid for said bonds.

Section 2. That for the purpose of building and constructing a municipal hospital building with-

in and for the City of Artesia, there shall be executed, issued and delivered the municipal hospital bonds of the City of Artesia, New Mexico, on the faith, credit and behalf of said City, said bonds to be in the aggregate principal sum of thirty thousand dollars, comprised of thirty bonds, numbered from 1 to 30 inclusive, in the denomination of \$1,000 each; said bonds shall be dated the 1st day of June, 1938, and shall be absolutely due and payable serially in numerical order as follows:

Two Thousand Dollars on the 1st day of June of the years 1939 to 1953 inclusive, to bear interest at the rate of three and one-half per cent per annum, payable semi-annually on the 1st day of December, and the 1st day of June of each year, said interest to be evidenced by appropriate coupons attached to each bond.

The principal of said bonds and the interest accruing thereon shall be payable at the office of the State Treasurer of the State of New Mexico, in Santa Fe, New Mexico, in any coin, or currency, which, on the respective dates of payment of the principal on said bonds is legal tender for the payment of public and private debts.

Section 3. That said bonds and the coupons attached thereto shall be in substantially the following form:

UNITED STATES OF AMERICA
STATE OF NEW MEXICO
COUNTY OF EDDY
CITY OF ARTESIA
MUNICIPAL HOSPITAL BOND
No. _____ \$1,000.00

The City Council of the City of Artesia, Eddy County, New Mexico, on the faith, credit and behalf of the City of Artesia, Eddy County, New Mexico, hereby acknowledges said City indebted and promises to pay to the bearer hereof, the sum of ONE THOUSAND (\$1,000.00) DOLLARS, on the first day of June, A. D., 1939, with interest thereon at the rate of three and one-half per centum per annum, payable semi-annually on the first day of December and the first day of June in each year, upon presentation and surrender of this bond and the attached coupons, as they severally become due, both principal and interest being payable at the office of the State Treasurer of the State of New Mexico, in Santa Fe, New Mexico, in any coin or currency, which on the respective dates of payment of the principal and the interest of this bond is legal tender for the payment of public and private debts.

This bond is one of an issue duly authorized by the legally qualified voters of the City of Artesia, Eddy County, New Mexico, at an election held on the 5th day of April, 1938, and is issued under the provisions of Sections 90-402, Subdivisions Sixth and Sixty-Seventh of the New Mexico Statutes Annotated, 1929 Compilation and Acts Amending thereof, and all acts, matters and things required to occur, be done and performed, to legally issue said bonds have duly occurred, happened, been done and performed. It is hereby further certified, recited and warranted that the total bonded indebtedness of said municipality, including that of this bond, does not exceed the limit prescribed by the Constitution or the Laws of the State of New Mexico.

IN TESTIMONY WHEREOF, the said City Council of the City of Artesia, New Mexico, has caused this bond to be signed by the Mayor of said City, attested by the City Clerk under the seal of said City and has caused the interest coupons hereto attached to be signed with the facsimile signature of its said Mayor, all as of the first day of June, A. D., 1938.

REGISTRATION CERTIFICATE

It is hereby certified by the undersigned, the duly appointed, qualified and acting City Clerk of the City of Artesia, Eddy County, New Mexico, that this bond has been duly registered in my office in a book provided for that purpose, in accordance with law.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of Artesia, Eddy County, New Mexico, this _____ day of _____, 1938.

City Clerk

Section 4. That the Mayor and City Clerk of the City of Artesia are hereby authorized, ordered and directed to cause said bonds and interest coupons to be prepared in the forms herein set forth and after their execution the said Mayor and City Clerk are hereby authorized and directed to sign the same and to attach the official seal of the City of Artesia, for and on behalf of said City and to cause the interest coupons attached to said bonds to be signed and executed with the engraved facsimile signature of the Mayor of the City of Artesia, and after their execution as aforesaid, said bonds shall be registered by the City Clerk of the City of Artesia, in a book to be kept for that purpose, said registry showing the number, date, amount, interest on, and time and place of payment of each of said bonds, and the City Clerk shall thereupon sign for and on behalf of the City of Artesia, the certificate of registration endorsed on each of said bonds.

Section 5. That after their due date, execution and registration as herein provided, said bonds with the interest coupons attached shall be delivered to the State of New Mexico, the lawful purchaser thereof from the City Council of the City of Artesia upon receipt of the agreed purchase price therefor; said purchase price being the sum of thirty thousand dollars, with all accrued interest thereon and the said purchaser shall be given a certificate acknowledging said purchase price when same is received and when so executed, issued and delivered, said bonds and each of the interest coupons thereto attached, shall constitute a binding and irrevocable contract between the City Council of the City of Artesia, County of Eddy, State of New Mexico, to the purchaser and holder from time to time of each of said bonds or interest coupons, and the legality of said bonds or interest coupons shall not be open to question or contest by any person or corporation for any reason whatsoever.

Section 6. That the semi-annual interest falling due on said bonds on the first day of December, 1938, shall be paid from any funds of said City available for that purpose, and for the purpose of reimbursing said funds and in order to provide sufficient funds to pay interest accruing on said bonds subsequent to December 1, 1938, and to pay the principal of said bonds as it matures serially, there shall be certified, levied and collected a direct annual ad valorem tax on all the taxable property in said City of Artesia, as follows:

Year	Principal Due	Levy for Principal	Levy for Interest	Total
1938	-----	\$2000.00	\$1050.00	\$3050.00
1939	-----	2000.00	980.00	2980.00
1940	-----	2000.00	910.00	2910.00
1941	-----	2000.00	840.00	2840.00
1942	-----	2000.00	770.00	2770.00
1943	-----	2000.00	700.00	2700.00
1944	-----	2000.00	630.00	2630.00
1945	-----	2000.00	560.00	2560.00
1946	-----	2000.00	490.00	2490.00
1947	-----	2000.00	420.00	2420.00
1948	-----	2000.00	350.00	2350.00
1949	-----	2000.00	280.00	2280.00
1950	-----	2000.00	210.00	2210.00
1951	-----	2000.00	140.00	2140.00
1952	-----	2000.00	70.00	2070.00
1953	-----	2000.00	-----	-----

And this Ordinance is hereby declared to be the certificate to the Board of County Commissioners of Eddy County, New Mexico, as the amount of special taxes necessary to be levied in each of the foregoing years for the purposes herein stated and said taxes shall be certified, levied, extended upon the tax rolls and collected in the same manner, at the same time, and subject to the same penalties as general, state, and county taxes are certified, levied and collected; and said taxes when collected shall, by the County Treasurer of said County be kept in a separate fund to be known as City of Artesia Municipal Hospital Bonds, dated June 1, 1938, Interest and Sinking Fund, to be used solely for the purpose of paying principal of and interest on said bonds as the same respectively mature, provided that nothing herein contained shall be construed as to prevent said County Treasurer from applying any other funds belonging to said City and available for that purpose to the payment of said bonds or the interest thereon, and if the taxes herein provided for shall not be levied or collected in time sufficient to pay the interest on or principal of any of said bonds as the same mature, such interest or principal shall be paid from any funds belonging to said City, which funds shall be reimbursed from the tax herein provided for when the same are collected.

Section 7. That all orders or resolutions of the City Council of the City of Artesia, in conflict with the provisions hereof are hereby repealed and this Ordinance shall be irrevocable until the indebtedness hereby created, both as to principal and interest shall be fully paid, satisfied and discharged.

Section 8. This Ordinance, after its adoption and approval shall be published once in full in the Artesia Advocate, in its issue of May 19th, 1938, and be recorded in a book kept for that purpose, shall be authenticated by the signature of the Mayor and the City Clerk and shall be in full force and effect, five days after said publication.

Passed, signed and approved this 13th day of May, A. D., 1938.

H. G. WATSON, Mayor

Attest: T. H. RAGSDALE, City Clerk.

Miss Dora Russell, teacher in the Clovis public schools, arrived Saturday evening to spend her summer vacation with her father, Dr. Chester Russell and Mrs. Russell.

Mrs. J. M. Story left last Thursday for a short visit with her aunt in Los Angeles, California.

Plan Employment District Building

Clinton P. Anderson, chairman of the unemployment compensation commission, announced at Albuquerque an office building for the New Mexico state employment service's district office to serve Eddy, Lea and Chaves Counties would be constructed in Carlsbad.

The building program will be going within a month, and buildings will be ready for occupancy by October, Anderson was quoted as saying.

The Carlsbad office building will cost \$8,000, and will be one of five to be constructed in this state at Carlsbad, Roswell, Las Cruces, Las Vegas and Clovis.

B. W. Smith, district manager, said he did not know where the location for the new office building at Carlsbad will be.

He said he did not know what

kind of structure would be built, but that it probably would be of a standard design.

Miss Lorene Angell, daughter of Mr. and Mrs. J. H. Angell of Lake-wood, has recently returned from El Paso where she completed a business course at Mrs. Gardner's Business College. Miss Angell and her parents were in Artesia Saturday shopping and attending to business.

CONSULT

EDWARD STONE

New Machine Uses Friction for Fuel

Friction, bug-bear of many an inventor, has been harnessed by Arthur Lazarus of St. Paul, Minn., and may be put to work with results that Lazarus believes will be "amazing."

Lazarus, working in his home workshop, has developed a machine in which friction takes the place of coal, oil or gas to produce low cost heat for homes.

The St. Paul inventor displayed U. S. patent No. 2,090,873 and forecast the day when his friction machine will:

Heat an average home for less than \$5 a month.

Provide limitless hot water for less than \$1 monthly.

Possibly provide low cost energy for generating steam power.

Supporting his contention that he "has something," Lazarus exhibited a working model of his machine for turning mechanical energy into heat, and a copy of a trade magazine which selected his device for comment as one of the noteworthy patents of the year.

The new heating unit consists of a hollow cast iron cone, with external heat radiating fins. This unit is bolted into a boiler. Within the hollow cone is fitted a motor driven drum, shod with special heat and wear resisting lignum vitae.

The entire device can be operated with a small electric motor, Lazarus said, at extremely low cost. The friction generated by the revolving cone is the only "fuel" required.

A 1/3 horsepower motor, operating on a part time basis, keeps a 50 gallon tank of water constantly at any desired temperature in the working model.

Lazarus believes his device is superior to any present heating element. He ascribes to it freedom from fire hazard, freedom from gas, smoke, dirt and noise.

Mr. and Mrs. Alton Partee of Denver arrived here Tuesday for a short visit with friends. Mr. Partee is district supervisor with the Universal Credit Corporation in Denver. He was a teacher in the Artesia schools several years ago.

Come to FREE Motion Picture Cooking School have a good time—learn about Spry!

SEE WHAT LIGHT, TENDER CAKES Spry GIVES IN HALF THE MIXING TIME. TRY THIS RECIPE

So EASY to bake and fry with Spry —foods are doubly delicious, so digestible

THERE'S a delightful new motion picture coming and it's FREE. Be sure to see "Star in my Kitchen." Watch this paper for time and place. You'll find real entertainment in it and real help, too. For it shows you a new, easier way to bake and fry—with Spry, the new ALL-vegetable shortening. Cooking experts for 281 home-making schools say Spry's the creamiest shortening they ever used. Cakes are mixed in half the time with Spry, yet they're lighter, finer, with a wonderfully delicate flavor. Just try this recipe. See if the most expensive shortening ever gave you so delicious a cake. Spry pastry is flakier and more tender—Spry-fried foods crispier and tastier and so digestible a child can eat them. Try Spry today.

Spry The new, purer ALL-vegetable shortening **TRIPLE-CREAMED!**

OLD FASHIONED CHOCOLATE LAYER CAKE

1/2 cup Spry 2 cups sifted flour
1/2 teaspoon salt (cake flour preferred)
1 cup sugar 2 1/2 teaspoons baking powder
2 eggs, unbeaten 1/2 cup milk

Combine Spry, salt and vanilla. Add sugar gradually and cream until light and fluffy. (So quickly done with smooth, creamier Spry) Add eggs, one at a time, beating thoroughly after each addition.

Sift flour and baking powder together 3 times. Add small amounts of flour to creamed mixture, alternately with milk, beating after each addition until smooth. Four batter into two 8-inch layer pans greased with Spry. Bake in moderately hot oven (375° F.) 25 minutes. Spread Chocolate Frosting between layers and on top and sides of cake.

CHOCOLATE FROSTING

3 tablespoons Spry 1/4 cups sifted confectioners' sugar
3 ounces chocolate 1/2 teaspoon vanilla
3 tablespoons hot milk 1/2 teaspoon salt

Melt Spry, butter and chocolate together over hot water. Pour hot milk over sugar and stir until sugar is dissolved. Add vanilla and salt. Add chocolate mixture and beat until smooth and thick enough to spread. Makes enough to cover tops and sides of two 8-inch layers.

(All measurements in these recipes are level)
In 3-lb., 1-lb. cans. Also in the big 6-lb. family size.
(Clip and save this Spry recipe)

Dues Payments Coming Slowly

Although the Woodbine Cemetery Association of Artesia is making every effort to keep the cemetery in good shape and is employing two full-time men, about 300 lot owners are delinquent with their 1938 dues and only seventy-five have paid up, it was reported Monday by Mrs. Tom Heflin, president, on the eve of her departure for California for a visit. Statements were sent out about May 1, she said.

At present the association is anxious to have the cemetery looking its best for Memorial Day, May 30.

Mrs. Heflin said the water will be turned off each evening when the sexton leaves and it will remain off on Sundays, so anyone wishing water for flowers in the evening or on Sunday will have to take it to the cemetery.

The complete list of lot owners who had paid 1938 dues up to Monday evening follows:

Mrs. Hattie Merchant, B. K. O'Neal, Mrs. W. S. Neff, Paul Otts, Mrs. J. J. Clarke, Mr. Kepple, Mrs. L. L. Manley, Dr. Chester Russell, Charles Rogers, C. M. Cole, Charles Mann.

J. S. Sharp, M. E. Baish, Mrs. Clementine Feather, Mrs. L. Crouch, B. F. Kaiser, A. A. Kaiser, G. U. McCrary, Mrs. Glascock, Mrs. Cox, Mrs. Linna McCaw, James Stagner.

Mrs. Roy Boddy, Jack Staggs, Mrs. Mary Savoie, Mrs. Mary Zelny, Mrs. Joe Jesse, Joe Jesse, Mrs. Sam White, Owen Campbell, W. A. Wilde, Hollis Watson.

Mrs. Alice Hersey, George Long, Mrs. John Vogel, E. B. Bullock, D. S. Martin, Odd Fellows Lodge, Mrs. J. Kissinger, Mrs. L. P. Evans, Dave Runyan, Frank Herbold, Mrs. Eva Brown.

Mrs. Virginia Briscoe, Fred Henderson, Mrs. H. H. Steiwig, Mary K. Turner, Dr. H. A. Stroup, Mrs. J. H. Holoman, Mrs. C. Bert Smith, Jim Vogel, Van Welsh.

C. E. Everts, D. E. Buckles, Mrs. Dan Beckett, Mrs. Charles Coll, Mrs. Jesse Truett, D. S. Gates, Mrs. B. Rowen, R. B. Dixon, Mrs. Ella Stanley, Mrs. Tom Terry, W. E. Eads.

I. P. Johnson, Mrs. Frank Thomas, Rose Wetig, Ben Pior, Mrs. F. E. Murphy, G. B. Dungan, C. R. Blocker, Earl Hall, J. M. Story, Celia Rehberg, J. D. H. Reed, Mrs. Hester Terpening, Preston Dunn.

Lower Penasco (Mary Sunbeam)

Mrs. Wayne Deering visited her mother in Roswell a part of last week.

The A. C. Trotter family attended the play in Hope last Friday night.

Mr. and Mrs. Adna Scott visited Mr. and Mrs. R. E. Bates Sunday afternoon.

Little Earlene Paxton has been suffering from tonsillitis for a few days and was absent from school.

Bert Morrison and son of Portales were in this community last week.

Mr. and Mrs. George Shelly of Felix were shopping at Vada's Grocery last week. Mrs. Shelly stuck a nail in her foot not many days ago.

Mr. and Mrs. Marvin Jackson and two children of Artesia were up over the week end visiting Mr. and Mrs. Bill Latham, parents of Mrs. Jackson.

We are sorry to report that Mrs. Kenneth Potter's father, Mr. Porter passed away the first of last week. We extend sympathy to the bereaved ones.

Mr. and Mrs. Arthur Wootsen of Alamogordo were called to be at the bedside of Mr. Wootsen's mother.

Mrs. R. E. Bates visited Mrs. A. C. Trotter one afternoon last week. Jesse Buckner of Hope was in this community last week and was a pleasant caller at Vada's Grocery.

Mr. and Mrs. Frank Latham and family of Carlsbad spent a night last week with Mr. and Mrs. Bill Latham. Frank Latham, who is connected with the CCC camp at Carlsbad, is to be transferred to a camp near Santa Fe.

Mrs. Tempie Wootsen became quite sick the last of the week and members of the family from a distance were called. We hope she can soon recover.

Willard Griffin, who was taken to Hot Springs the first of last week by his brother, Mack, returned Sunday much improved.

A. C. Trotter and family have as their guests this week Mr. Trotter's father and his sister, Mrs. Chester Cook.

The little son of Mr. and Mrs. Carl Paxton of Alamogordo was operated on for mastoid trouble in an El Paso hospital recently. These folks used to live in this neighborhood.

Several from here attended a box supper at Sacramento Friday, the thirteenth, and report a nice time.

A Mr. Durham of Roswell visited in the Wayne Deering home part of last week.

Some of the stock people were having to vaccinate last week on account of blackleg.

Traffic Fines of \$36 Collected by Scouts Saturday

Artesia Boys Hand Out "Arrest" Tickets to 175—Sixty-Eight Pay

Boy Scouts of the two Artesia troops, serving Saturday as officers, gave traffic tickets to 175 persons and collected \$36.05 in fines, which is to be divided between the troops.

That the experiment was worth while from an educational standpoint was demonstrated by the number of offenders spotted by the boys. The majority of charges were for minor offenses, parking over the painted lines in the streets heading the list. Some motorists who ran stop signs, made U-turns or were speeding were picked up. Pedestrians who "jay walked" were merely warned.

Not quite half of those who received traffic tickets appeared before the Scout police judge, Wayne Truett, at the city jail, ninety-five failing to heed their summonses. Of the eighty who appeared for arraignment, twelve were found not guilty as charged and were released.

"Judge" Truett, who was assisted at the bench by Howard Santo, Scout court clerk, and advised by W. H. Ballard, Artesia police judge, carefully considered each case before passing judgment, but in the majority of cases it was "Fine, 50 cents."

Visitors to Artesia were let off at half price, and there were a few fines to local people which likewise were only 25 cents.

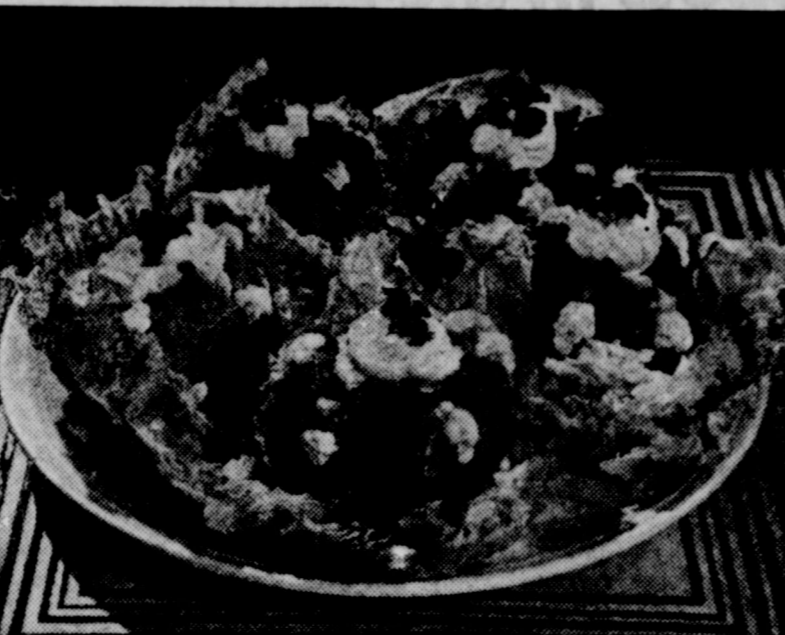

Some of the Scouts even brought in a drunk Saturday evening. He was escorted to the jail without difficulty and there was locked up. He did not appear before "Judge" Truett, but was turned over to the regular police judge for disposal of his case.

A number of business men, friends of the Scouts who do not purposely break the law, gave the boys a chance to "arrest" them so they could pay a fine to help the fund. One humorous happening involved a real city official with "that idea in mind." He decided to "jay walk" so as to be caught. He was, and after the customary warning by the boys returned to his automobile, only to find a ticket. He had unknowingly parked over a yellow line!

It is tentatively planned that the Boy Scouts will be put on traffic duty again in the near future. All unanswered tickets given out Saturday are being saved for that day and, it is understood, if any of the same persons violate any laws, they will be turned over to the city officers.

Among the local trout fishermen who went to Ruidoso for the opening of the trout fishing season, Sunday, were C. R. Baldwin, Paul Shelton, Riley Dixon, Mr. and Mrs. Albert Richards, Harold Bruton, Mrs. Fannie Bruton, Lawell Van Antwerp, John Gates, and Mr. and Mrs. William Linell and children.

Tomato Poinsettia Blooms on Tables!

Few salads have greater year round popularity than tomato salads. That jolly blushing beauty, the tomato, sliced, diced, or whole, has the power of perking up even indifferent appetites—and there are so many variations on the tomato-salad theme that we never tire of it.

As in the preparation of all other salads, the dressing is the important thing to remember in serving the ever-present tomato. "Miracle Whip" Salad Dressing—neither too tart nor too mild, neither too sweet, nor too sour—is a perfect accompaniment to his rosy majesty, the tomato. "Miracle Whip" comes ready to serve in the jar—perfect for so many salad and sandwich uses that most housewives find the quart jar is the most economical buy for them.

With the bother and uncertainty of preparing home-made salad dressings out of the way, salad-makers can concentrate on the more imaginative features of salad-making. The particular tomato salad featured here contains in its poinsettia-cut heart small flowers of uncooked cauliflower, celery and cooked peas and beans. It's a simple combination, new, colorful, and delicious. When the combination is treated to a generous spoonful of "Miracle Whip" it becomes a chef's masterpiece of a salad.

TOMATO POINSETTIA SALAD

- Tomatoes
- Lettuce
- Diced celery
- Cooked peas
- Cooked green beans
- Cooked sliced carrots
- Raw cauliflower flowerets
- Salt, pepper
- Miracle Whip Salad Dressing

Peel firm tomatoes, and cut each into five sections, leaving the tomatoes whole at the stem end. Spread the tomatoes slightly apart, place each in a crisp lettuce cup, and arrange them on a platter.

Trim the remaining vegetables lightly together, adding salt and pepper to taste. Fill centers of the tomatoes with the mixed vegetables, and garnish each portion with Miracle Whip Salad Dressing, and a small sprig of parsley.

"POT" BERT ACCEPTS A NEW JOB

A. L. (Pot) Bert of Edina, a member of The Sentinel editorial staff from June, 1928, until July, 1937, departed from Baring Saturday evening on the Santa Fe's "Navajo" for Artesia, N. M., where he recently accepted a position as editor of the Artesia Advocate.

Mr. Bert left The Sentinel last summer to accept a position with radio station WATD, Quincy, which position he recently resigned with the idea of getting back into the newspaper profession. Mr. Bert's family will join him later, remaining in Edina for the present.

Artesia is located in the Pecos Valley, the center of the New Mex-

ico oil refining business, and is a fast-growing little city. Mr. Bert is a capable newspaper man, and will give Artesia a well-edited paper.—Edina (Missouri) Sentinel.

I. L. Spratt was called home Tuesday because of the death of his father, I. H. Spratt in Amarillo, Texas. The elder Mr. Spratt had been rapidly failing in health the last year and was taken to Amarillo for a major operation three weeks ago. Since that time he hemorrhaged to such an extent that four transfusions were necessary. He died Tuesday morning and was buried at Hereford, Texas, his home.

ENGRAVING—THE ADVOCATE

Simmie White, who was called to Artesia because of the illness and death of her sister, Miss Blanche White, returned to his home in Wilmington, California, Wednesday.

"New Star for your Kitchen"

BANANA TEA BREAD

A GRAND new fruit bread... packed with the fruity goodness of bananas. And this is news... the bananas actually keep the bread moist and fresh for several days. Banana Tea Bread makes excellent toast for breakfast... it's a treat at tea time, in school lunches, at church suppers. Try it for new and "different" sandwiches. Be the first in your crowd to serve this new flavor treat. And remember, Banana Tea Bread is only one of the many new uses for bananas. Get your copy of the banana tea bread recipe and other new banana recipes when you see "Star in My Kitchen." UNITED FRUIT BANANAS distributed by FRUIT DISPATCH COMPANY

Potato Salad Star In Its Own Right!

Few food families have as many cousins, and brothers, and in-laws as the potato salad family. Some are more at home at a picnic than anywhere else. Others put on party airs, and are worthy to appear at the most fashionable wedding suppers. Still others are friendly stand-bys for warm evenings, when more elaborate hot foods pall on the appetite. Yes, there are dozens of members of this familiar old family.

But for a year-round, all-star, never-failing potato salad to arouse enthusiasm in any audience, here's a trick to bring down the house every time. Try using "Miracle Whip" Salad Dressing in your favorite potato salad, and watch Timothy Spud and Lady Pomme de Terre respond to the treatment gratefully. Any potato salad is the better for the just-start-enough, just mild enough flavors of "Miracle Whip," the salad dressing which was created especially to please the American taste. It is a combination of old-fashioned boiled

dressing and mayonnaise—always perfect in flavor and texture, easy and economical to use.

One of the most attractive potato salads made with "Miracle Whip" is topped with thin ribbons of boiled or baked ham. When this final touch of goodness is added, the potato salad becomes a whole meal in itself—the perfect party, buffet supper, or luncheon meal.

POTATO SALAD

- 4 cups sliced cooked potatoes
- 2 cups diced celery
- 1/2 cup capers
- Salt, pepper
- Miracle Whip Salad Dressing
- Lettuce
- Boiled or baked ham
- Stuffed olives

Trim together the potatoes, celery, capers, seasonings to taste, and salad dressing to moisten well. On a round chop plate place a border of crisp lettuce. Add a rose of sliced ham, then fill the center of the plate with potato salad so that the ham slices outline the mound of salad. Cut additional sliced ham into julienne strips and sprinkle them over the top of the salad. Garnish the plate with stuffed olives.

LOCALS

The Rev. A. C. Douglas of Pecos, Texas, former pastor of the Artesia Methodist Church, was here Tuesday on business and visiting friends.

Mr. and Mrs. Jim Ferguson visited Sunday in Carlsbad. Mr. Ferguson had his boat in the Pecos River there and spent the afternoon taking friends on rides.

Miss Mary Catherine Woods left Tuesday morning with N. M. Baird for Lovington, where she will be the guest of Mr. and Mrs. W. E. Flint this week.

Mr. and Mrs. A. J. Basel of San Angelo, Texas, who were here with their trailer about three weeks looking after their farm on the Cottonwood, left Tuesday for their home.

John Vandagriff and a party of fishermen were on Benita Creek for the opening of trout fishing season, Sunday. They reported their limit of trout early the first morning.

Mr. and Mrs. Glenn Sharp left Sunday morning for California, accompanied by their son, Harold, who has been at home on furlough from the U. S. Navy. They will visit two of Mrs. Sharp's sisters and their families before Harold reports at San Diego for duty again.

Mr. and Mrs. O. E. Feldmeyer of Hobbs, former residents of Artesia, were guests of Mrs. Feldmeyer's brother and sister-in-law, Mr. and Mrs. H. G. Southworth, the latter part of last week. Mr. and Mrs. Feldmeyer expect to leave Monday for New York City, from where they will sail June 2 for Germany to visit Mr. Feldmeyer's family. They will spend the summer in Europe.

Mr. and Mrs. G. B. Dungan and

sons and Mrs. Dungan's father, J. F. Dungan, spent Sunday in Carlsbad as guests of the Lee Dungan family.

Mrs. Margaret Ellis and Mrs. Harold Dunn were guests of Mrs. Joe Gant of Carlsbad Monday.

Mr. and Mrs. A. C. Kimbrough were visitors here Monday from their ranch home near Hobbs. They reported the ranches badly in need of rain in their section.

Floyd Blakeney of Hobbs and Mrs. Bernice Smith of Artesia visited their mother, Mrs. S. A. Blakeney, in Hope Sunday.

Mr. and Mrs. Albert Blake, who have spent the winter and spring months at their home here, left the first of the week for Scipio, Ind., where they will look after farming interests this summer. Mr. and Mrs. Blake expect to return here again in the fall.

Hope High School Grads Enjoy Trip To Grand Canyon

Visit Many Places of Interest Through New Mexico and Into Arizona

The graduating class of 1938 of the Hope High School returned last Thursday night from the fourth annual educational tour conducted by the school. The tour this year was more extensive than any previous, taking the preppers as far west as Grand Canyon, Arizona.

The party, traveling by bus and comprised of sixteen persons, left Hope Friday morning, May 6, going directly to Albuquerque, where they stopped two nights as guests of the University of New Mexico. Two of the Hope senior boys participated in the state high school track meet. Edgar Havins won first place in the 440-yard dash and threatened the state record with time clocked at 52.9 seconds. The team won thirteenth place in the meet.

The party was off Sunday morning to Flagstaff, stopping to visit Gallup, Indian trading posts, the painted desert, Meteor Mountain and Arizona State Teachers College. Early Monday morning, the party journeyed to Cameron and visited the Gorge of the Little Colorado River and stopped for breakfast at Desert View, where they first glimpsed the wonders of Grand Canyon. Most of the day was spent feasting on the marvelous scenery of the Grand Canyon region. Wild deer were glimpsed in Kaibab Forest. The party visited Williams, Arizona, and returned to Flagstaff that night.

On the return trip home from Grand Canyon, started Tuesday morning, the party visited friends at Winslow, then stopped to see the petrified forest near Holbrook. The New Mexico state line was crossed just west of Springerville, Arizona, and the night was spent at Quemado, New Mexico. Early next morning, the party enjoyed breakfast on the summit of the continental divide west of Datil, after which they journeyed through Magdalena and Socorro, where they visited the State School of Mines. Next a three hour stop was made at Elephant Butte Dam, where the members of the class spent two hours boating and bathing. After a delicious outdoor supper, the party went through the enormous dam and visited the new Carrie Tingley Hospital at Hot Springs, journeying on to Las Cruces where they stopped over Wednesday night. After breakfast next morning, the party drove to El Paso and visited Juarez, returned to Hope by way of Alamogordo and Cloudcroft, arriving home about 8:30 o'clock that evening.

Seniors making the trip were: Edgar Havins, Louise Lee, Rufus Lee, Bill Ward, Ardelle Teague, Odessa Traylor, Margaret Buckner, Bobbie Payne Trimble, Nash Bumgardner, Jean Kimbrough, Bobbie Wood and Roberta Chambers. Accompanying the seniors were: Miss Elizabeth Muncy, Superintendent Edwin C. Hawkins and Mr. and Mrs. John Teel. The tour was considered successful.

Former Editor of Hope Paper Dies Of Heart Attack

Death of Abe Burnett, Who Moved Shop to Artesia in 1929, On Tuesday

Abe Burnett, former editor of the Penasco Valley Press at Hope and more recently owner of the Burnett Printing Company shop in Artesia, died at 7:35 o'clock Tuesday morning at his home here of heart disease, at the age of 51 years.

He had been in failing health a year, which compelled him to retire from business last November selling his print shop to Vernon Bryan. His condition became critical Monday afternoon, when he suffered a heart attack.

Connected with the newspaper and printing business about twenty-seven years, Mr. Burnett was first associated with his father R. H. H. Burnett, who was editor of a newspaper at Dayton, New Mexico. The elder Mr. Burnett and his son moved to Hope, where the elder Mr. Burnett edited the Press until his death about eleven years ago. His son succeeded him as editor. Abe Burnett moved from Hope to Artesia in 1929, when he established the business here.

Born at Waxahachie, Texas, Feb. 13, 1887, Mr. Burnett was reared at Dallas and on ranches around Ft. Stockton.

He married Ethel Newcomb of Artesia in June, 1911, and to them were born a daughter and son, Miss Cherry and Dick Burnett, of Artesia, who, with their mother, survive. Also surviving Mr. Burnett are two sisters, Mrs. J. Will Smith of Aurora, Missouri, and Mrs. W. E. Baskin of Lubbock, Texas.

Funeral services were at the McClay Chapel at 5 o'clock Wednesday afternoon by the Rev. Z. B. Moon of Lovington. The body will be shipped tomorrow to Waxahachie, Texas, for burial.

Valuable Ore Find Is Near Santa Fe

Possibility of Santa Fe's importance and revenue taking an upward sweep within the very near future was seen there when it became known a Mr. Vance, New York geologist and mineralogist, announced a deposit of titanium nuggets had been discovered by a local Santa Fean.

Vance assayed the Santa Fean's nuggets and reported they contained 40 per cent titanium. He has sent samples to the East for a more complete assay and detail report of his findings, according to the local prospector.

Titanium, a member of the radium group, is worth approximately \$78 a pound in the pure state, at the present market price.

Only one known deposit of titanium exists in the United States, it is believed. Should this recent discovery become a rich producing titanium field, Santa Fe's importance would treble.

Vance, it is reported, became quite excited when he was shown the nuggets, as this was the very substance he had come to New Mexico and the Southwest to seek. Vance is reported to have said

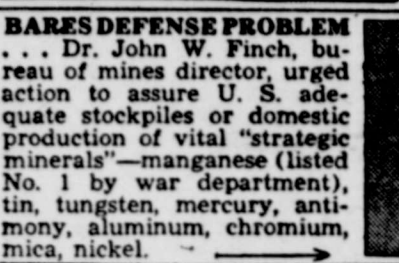

People and Spots in the Late News

SPRINGIN' IN THE RAIN . . . Already soaked by steady downpour, athletes in classic Penn Relays didn't relish splash after each hurdle of 3,000-meter steeplechase, won by Deckard of Indiana.

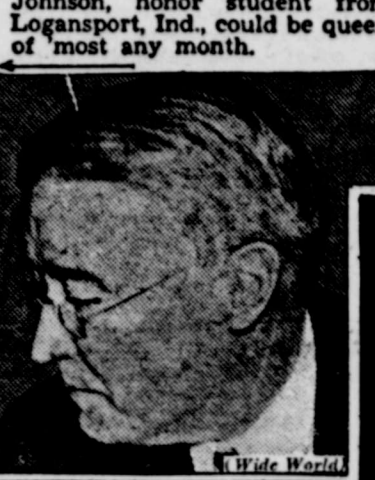

QUEEN OF MAY . . . Accorded that honor for May 21 festival of Mount Carroll, Ill., blonde Betty Johnson, honor student from Logansport, Ind., could be queen of most any month.

BARES DEFENSE PROBLEM . . . Dr. John W. Finch, bureau of mines director, urged action to assure U. S. adequate stockpiles of domestic production of vital "strategic minerals"—manganese (listed No. 1 by war department), tin, tungsten, mercury, antimony, aluminum, chromium, mica, nickel.

BETWEEN JAP BOMBS . . . Civilian Chinese wait in improvised air-raid dugout for next attack by invaders from Japan. Note mother holding her baby.

THIRD PARTY BORN . . . "A productive job for every willing worker" was aim ascribed to National Progressive Party by Gov. Philip F. LaFollette of Wisconsin, who announced formation at convention in Madison.

JUNE BRIDES PLEASE NOTE . . . Fashion critics purred over medieval wedding gown of ivory white duchess satin worn by Mrs. Walter P. Chrysler, Jr., former Miss Marguerite Sykes of New York.

IRON FROM MINES YIELDS GOLD BULLION

The black, hard nuggets that have circulated around Santa Fe are the titanium ore, containing approximately the same amount of tatum, valued at a little less than titanium. A spectroscope also showed traces of platinum in the nuggets, he reports.

Titanium is the only substance known which will burn in carbon dioxide. Among its uses is in incandescent lights, and a constituent in certain steels.

The deposit is said to be within 100 miles of Santa Fe and a car may be driven to the mine without trouble, thus eliminating a heavy transportation cost should the deposit prove valuable.

New, second-hand and factory rebuilts in portables and standards. See us before you buy—Artesia Advocate.

ENGRAVING—THE ADVOCATE

IRON FROM MINES YIELDS GOLD BULLION

Olin M. Hayes of San Jose, Calif., is still a junk dealer, but he's now working in an entirely different way.

Familiar with the practice of miners, who pile up scrap metal from the mines, he bought up the junk piles of several old mines. Then he loaded them into a concrete mixer, ground off all the rust and panned the latter for gold.

He says that in four months of

hard work he has recovered bullion worth \$5,500.

WILL GRADUATE FROM MOTHER'S ALMA MATER

Mrs. W. C. Thompson, an alumna of Mississippi State College for Women at Columbus, Miss., who has not been back there for twenty-five years, will attend the graduation exercises of her daughter, Miss Gladys Thompson, from her alma mater, Monday, May 30. Mrs. Thompson, accompanied by Mr. Thompson and their son, Carey, left Tuesday for Columbus.

While at the college, Mrs. Thompson will attend an alumnae convention.

The Thompson family also will visit Mr. Thompson's father, J. T.

Thompson, at Carpenter, Miss., and Mrs. Thompson's mother, Mrs. M. A. Dorsey, in Jackson, Miss., and her aunt, Mrs. W. R. Baker, in St. Joseph, La. They will be gone about two weeks and will be accompanied home by Miss Thompson.

CARD OF THANKS

We wish to thank the friends and neighbors for their kindness and sympathy during the illness and at the death of our wife and mother, Mrs. Emma Weddige.—H. Weddige and family. 20-1tp

Indians See Lambs Die, Hands Tied

Indians of Acoma and Laguna Pueblos are looking out over their drying range lands with slight hope of federal permission to move their dying lambs to other government-owned grasslands.

Dr. Sophia Aberle, superintendent of United Pueblos agency at Albuquerque, said the Indians sought the aid of the U. S. Forest Service to save lambs which rapidly are being decimated by lack of moisture.

She said there was little the forest service could do, however, because all available grazing lands are under permit to private livestock interests.

Hope Items

Graduating exercises for twelve seniors are to be this evening in the Hope gymnasium with Robert Howard, superintendent at Carlsbad, delivering the commencement address. These will be the first high school graduating exercises in the new gymnasium-auditorium.

Seniors graduating are: Bobbie Wood, president; Bobby Fay Trimble, Margaret Buckner, Roberta Chambers, Louise Lee, Bill Ward, Jean Kimbrough, Odessa Trayler, Rufus Lee, Nash Bumgardner, Edgar Havins and Ardell Teague.

The program will consist of: Processional, "Inauguration March".....Mary Katherine Teel Invocation.....Rev. Charles Walker Quartet, "Sundown"

.....high school glee club Reading, "The Senior Trip—The Open Road".....Bobbie Wood Salutatory address.....Bill Ward Valedictory address.....Louise Lee Commencement address.....

.....Robert Howard Presentation of awards.....E. C. Hawkins, superintendent Presentation of diplomas.....

.....Calvin Buckner Recessional.....Mary Katherine Teel

The eighth grade graduating exercises were Wednesday evening in the gymnasium-auditorium. The program, taken from class-room work, was presented in the form of a pageant, "The Story of New Mexico." Preceding the program the school orchestra, directed by Superintendent Hawkins, gave a thirty-minute concert. Awards were presented by Mr. Hawkins and diplomas by Irving Cox, president of the board.

Mr. and Mrs. Horace Dunne, who have been visiting here, left Saturday for Eunice, where they will make their home.

Simmie White, who has been here several days with his parents, Mr. and Mrs. Hilary White, Sr., left

Wednesday for his home in Wilmington, California.

Walter Bishop returned Saturday from Big Spring, Texas where he attended to business last week. He was accompanied home by his daughter.

John Prude was a Carlsbad visitor Saturday.

Mr. and Mrs. Raymond Jones of Estancia returned here Sunday to spend several days visiting Mrs. Jones' parents, Mr. and Mrs. Irvin Wathen. Mr. Jones was a teacher in the Estancia schools.

Edgar Williams, who has been below Carlsbad for several months preparing a load of cattle for delivery, has returned to his home here.

Thomas and Paul Coffin attended to business in Carlsbad Saturday.

Mrs. Sam Lewis spent Sunday and Monday in Hope visiting friends. Tuesday she went to Artesia to be with Mr. and Mrs. Allen Johnson. Mr. Johnson is ill, suffering from a head infection.

Miss Elizabeth Muncy, English teacher of the high school, left her school work early this week to go to Berkeley, California, where she entered the University of California to do work on her master's degree this summer. The Rev. Charles Walker is doing substitute work for her this week.

George Fanning of Eunice, former resident of Hope, spent the week-end here visiting friends.

Word was received here this week that W. I. Whitaker, of Moore Park, California, is seriously ill at his home. Mr. Whitaker is a former resident of Hope.

Mr. and Mrs. Will Watson of Pecos, Texas, visited in Hope Sunday.

Mrs. Bonnie Altman entertained at her home Tuesday evening, when members of the Order of the Eastern Star went to her home following a business meeting at the hall. A refreshment plate was served. Those attending were: Mrs. Bob Means, Mrs. Edwin Hawkins, Mrs. Robert Cole, Mrs. Kenneth Goddard, Mrs. Ada Belle Trimble, Mrs. Don Riddle, John Prude and the hostess, Mrs. Altman.

Mrs. Mark Brewer drove to Albuquerque Monday to make arrangements to live there this summer. She will move Mr. Brewer, who is in the veterans' hospital, into a home.

Mrs. Pearl Charles of Santa Fe is visiting her mother, Mrs. C. G. Prude.

The Girl on North Main says she wishes the president would reorganize her boy friends. Some of them don't have enough money to take her to a movie on Saturday night.

Loose Leaf Binders, special ruling and stock forms—The Advocate.

The Real Love of Sir Thomas Lipton's Life

When Sir Thomas Lipton died at his home in Osidge, London, on October 2, 1931, newspapers throughout the world carried the famous picture of Sir Thomas in his yachting cap and gave their readers the story of his life.

But these articles, in the main, stressed the story of his later years: Sir Thomas as great philanthropist, Sir Thomas as ambassador of good will, Sir Thomas as celebrated yachtsman; and forgot to emphasize the title of which he was proudest. This title was Thomas Lipton, Tea Planter, Ceylon.

For tea was the consuming interest of Thomas Lipton's life—from the day in 1889 when his first purchase of twenty thousand chests of tea arrived in Glasgow and the loads were drawn through the streets of that great Scottish city accompanied by brass bands and bag pipes, until the day 42 years later when the beloved old man passed away.

Up to the time of Lipton's entry into the tea business, most of the tea in the world came from China. The island of Ceylon was known as a great coffee-growing country. There was not a tea plant on the island. But in 1870, Ceylon was visited by a blight that snuffed out the life of every single coffee plant, and promised to spell economic disaster for Ceylon.

In the gloomy days that followed, young Thomas Lipton and some other adventurous souls thought: "Why not try to grow tea in this rich Ceylon soil and exceptionally gentle climate?" Tea plants were imported and cultivated with scientific care.

Never was experiment more successful. Ceylon proved to be one of the great tea-growing spots in the world. Here sprang from Mother Earth tea unsurpassed for delightful flavor. And, oddly enough, the finest of all the tea gardens in Ceylon were Thomas Lipton's.

With his own superb tea as a basis, Thomas Lipton mixed a blend so fine that it has carried off top honors in five world's fairs. And, at the Great Tea Exposition of Ceylon and India,

Lipton's own tea was awarded the Gold Medal.

Lipton's tea came to the attention of royalty, and he became "Tea Merchant by Appointment" to three different royal families. A day arrived when his knighthood was bestowed upon him and he became Sir Thomas Lipton.

Today, T. O. M. Sopwith, Esq., instead of Sir Thomas, comes to America to try to win back the "America's Cup," symbol of yachting supremacy, but the memory of Sir Thomas is dear and his picture still familiar to Americans and other people of the world. This picture, appropriately enough, is seen most often accompanied by the thing he would like to be remembered for. It is printed on the familiar yellow labeled packages of his own tea. The signature below the picture reads, quite simply, "Thomas J. Lipton, Tea Planter, Ceylon."

Farmers Cut Debts During Last Month

Farmers in the Ninth Farm Credit District, covering New Mexico, Colorado, Kansas and Oklahoma, cut more than \$1,200,000 off their loans from the Federal and Bank of Wichita and the land bank commissioner during the month of April, Roy S. Johnson, and bank president, reported to their district farm credit directors at their monthly meeting in Wichita last week.

Receipts of the Wichita Land Bank last month included \$970,000 to be applied on principal and interest installments due, besides approximately \$235,000, or principal on 141 loans that were paid off in advance of maturity, President Johnson told the directors.

New loans numbering 303 for a total amount of \$655,000 were made through the Federal Land Bank of Wichita during April. Loans of both the land bank and the land bank commissioner for the district at the close of the month, Johnson reported, numbered 99,893, with unpaid principal amounting to slightly more than \$246,000,000.

Mr. and Mrs. Herman Green and children were guests Sunday of Mr. Green's brother, Roy Green, and family of Roswell.

Mr. and Mrs. Lee Josslyn and two children of Denver, Colorado, were over night guests of Mrs. Margaret Bildstone and her mother, Mrs. T. E. McIntyre, Tuesday. Mr. and Mrs. Josslyn are visiting the caverns and touring New Mexico and parts of old Mexico for their summer vacation and stopped by to visit their friends in Artesia while in this part of the country.

The First Officer called a deck hand to him and said, "Go below and break up that crap game."

The sailor disappeared below and remained for the better part of an hour. Upon his return his superior officer demanded, "Did you succeed in breaking up that game?"

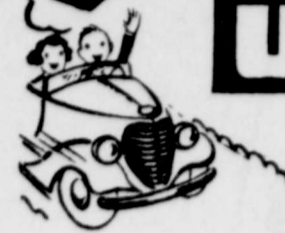

"Yes, sir," replied the gob. "Well, what in thunder took you so long?"

"Well, sir," the sailor replied, "I only had two bits to start with."

SCENES FROM "STAR IN MY KITCHEN" THE COOKING SCHOOL MOTION PICTURE

Meet Richard Denning who plays the part of Michael Anders, the young movie star, in "Star in My Kitchen." The Motion Picture Cooking School to be conducted by this newspaper. Richard is one of the coming young stars of Hollywood, and when you see the cooking school picture you will soon realize why one of the major studios recently placed him under a long term contract.

The whole family is assembled at the surprise birthday dinner which Dedee Abot prepares for Mike Anders in "Star in My Kitchen." These people will provide many interesting moments for the visitors at our cooking school.

Mary Lou Lender, who plays the part of Dedee Abot in "Star in My Kitchen," is headed for the heights of stardom in Hollywood. She is as lovely and sweet as her photograph indicates, and has just finished an important part with one of Hollywood's famous male stars in a picture not yet released.

Dedee Abot learns many interesting cookery tricks from Auntie Bella, the humorous colored maid who presides over Mike Anders' kitchen in "Star in My Kitchen."

Phoebe Abernethy is showing Dedee Abot in "Star in My Kitchen," how a lemon meringue pie should look. Every woman who sees this entertaining and instructive picture will be interested in this, as well as the many other cookery demonstrations.

Dedee Abot is learning from Phoebe Abernethy in "Star in My Kitchen" what a work of art a lattice-top pie can be. This is one of the many interesting cookery demonstrations shown in close-up in the picture.

"Caught in the act!" Dedee Abot baked this beautiful birthday cake as a surprise for Mike Anders in "Star in My Kitchen," but Mike walked in unexpectedly and spoiled the surprise. There are many delightful surprises in store for the women of this community when they see the cooking school picture.

Of course, a real dramatic story like "Star in My Kitchen" would not be complete without romance, and every woman will thrill to love scenes like this one between Mike Anders and Dedee Abot.

"Sweet thoughts running 'roun' mah mind," as Auntie Bella would say, "look who's here!" It's Auntie Bella herself, who presides over Mike Anders' kitchen in "Star in My Kitchen," and who provides many a laugh for women attending the cooking school.

A breakfast scene in the Abot household, which includes two delightful youngsters, Tina and Jimmy, and their lovely mother, Lili. Tina and Jimmy are real kids, and supply many of the lively moments in "Star in My Kitchen."

Jimmy seems to have interrupted afternoon tea being enjoyed by mother, Mrs. Abernethy and Mrs. Abot, Dedee's mother. But even a football game has to be postponed when a real kid like Jimmy knows there are delicious cookies in the house. All mothers who see "Star in My Kitchen" will take home with them the recipe for these cookies.

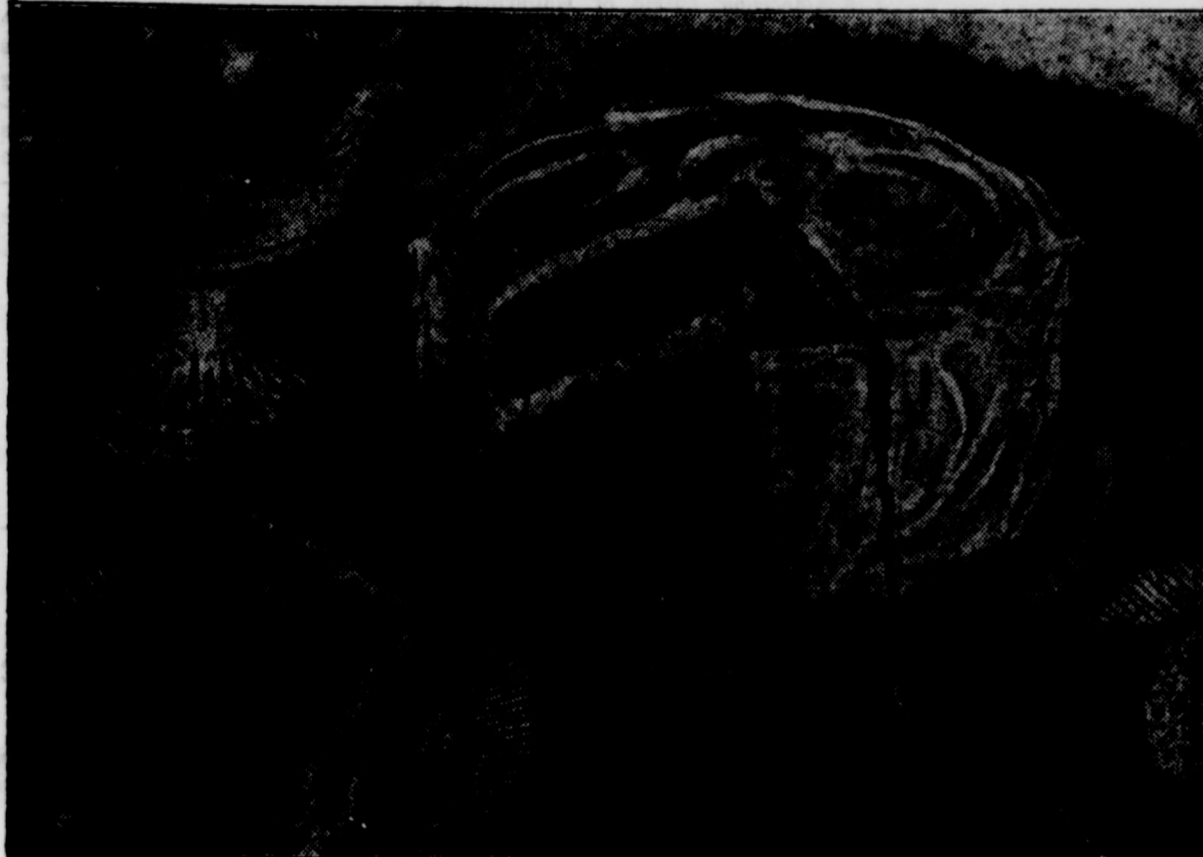

Dedee Abot and Mike Anders have lunch on the beach in one of the many entertaining scenes in "Star in My Kitchen," the interesting and instructive picture that every woman in this community should see.

At Last—An Inexpensive Recipe For Perfect Devil's Food Cake

It's easy to make these rich chocolate layers, with their fluffy white frosting

Ask almost any man what his favorite cake is and he'll reply, "Devil's Food." And this luscious chocolate cake is an even greater favorite with the youngsters.
 But as every woman knows, many of the recipes for this delicious dessert are frequently disappointing. That's why you'll welcome this recipe for Devil's Food. Its rich chocolate layers are light, tender and fine-grained, with a simply marvelous flavor. They cut well, too. This recipe has been thoroughly tested and you can make it with confidence every time.
 Plan to serve this delicious Devil's Food Cake often. It's surprisingly inexpensive and easy to make if you use a smooth, creamy vegetable shortening like Spry. The blend of chocolate and vanilla flavors comes through richly in the finished cake. Try this tempting dessert soon—it's a treat that is always welcomed by the entire family.

Devil's Food Cake

$\frac{1}{2}$ cup Spry (new triple-creamed shortening)
 $\frac{1}{4}$ teaspoon salt
 1 teaspoon vanilla
 1 teaspoon soda
 $\frac{1}{4}$ cup sugar
 2 eggs and 2 egg yolks (or 2 whole eggs), well beaten
 3 ounces chocolate, melted
 $\frac{1}{4}$ cups sifted flour (cake flour preferred)
 1 cup milk

(375° F.) 25 to 30 minutes. Notice what a tender, fine-grained Devil's Food Spry makes! Spread Seven Minute Frosting between layers and on top and sides of cake.

Seven Minute Frosting

2 egg whites, unbeaten
 $\frac{1}{4}$ cups sugar
 1 tablespoon cold water
 1 teaspoon light corn syrup
 1 teaspoon vanilla

Put egg whites, sugar, water, and corn syrup in upper part of double boiler. Beat with rotary egg beater until thoroughly blended and white in color. Place over rapidly boiling water; beat constantly with rotary egg beater. Cook 7 minutes, or until frosting will stand in peaks. Remove from fire, add vanilla, and beat until cool and thick enough to spread. Makes enough frosting to cover top and sides of two 9-inch layers.

Award Agronomy Beef-Calf Project

This year, for the first time, an award is being offered to 4-H club members in the state who are enrolled in a combined Agronomy and Beef Calf Project. This award, according to Mary Lee Hawk, state club specialist, is one of \$50 donated in equal parts by the New Mexico Crop Improvement Association and the Eastern New Mexico Livestock Association.
 To be eligible for this award, a boy or girl must be enrolled in a regular 4-H club and must carry a joint Agronomy and Beef Calf Project. By this is meant that the member must produce a crop of feed, using pure seed, and feed it to the beef calf with the most economical results. The careful keeping of records is a very important part of this project.
 The total prize of \$50 will be awarded in three different parts, \$25 going to the club member winning first place, \$15 to the one winning second place, and \$10 to the third place winner.
 The awards will be made at the end of the club year and the judges will be a committee of three persons from the State Extension office.
 Club members have enrolled in this project in Chaves, Curry, Eddy, Luna, San Miguel, Taos and Valencia Counties.

BOTH OF SY'S CAFES NOW ARE AIR CONDITIONED

Recent improvements at Sy's Cafes, 106 and 210 West Main Street, include air conditioning of both restaurants and inside redecorating at the latter place. The work has just been completed. A seventy-gallon ice cream hardening cabinet has been installed for the ice cream factory at the 106 Main Street address. This brings the factory capacity up to 220 gallons a day.

SCENES FROM "STAR IN MY KITCHEN" THE COOKING SCHOOL MOTION PICTURE

Meet Richard Denning who plays the part of Michael Anders, the young movie star, in "Star in My Kitchen," the Motion Picture Cooking School to be conducted by this newspaper. Richard is one of the coming young stars of Hollywood, and when you see the cooking school picture you will soon realize why one of the major studios recently placed him under a long term contract.

The whole family is assembled at the surprise birthday dinner which Dedee Abot prepares for Mike Anders in "Star in My Kitchen." These people will provide many interesting moments for the visitors at our cooking school.

Mary Lou Lender, who plays the part of Dedee Abot in "Star in My Kitchen," is headed for the heights of stardom in Hollywood. She is as lovely and sweet as her photograph indicates, and has just finished an important part with one of Hollywood's famous male stars in a picture not yet released.

Dedee Abot learns many interesting cookery tricks from Auntie Bella, the humorous colored maid who presides over Mike Anders' kitchen in "Star in My Kitchen."

Phoebe Abernethy is showing Dedee Abot in "Star in My Kitchen," how a lemon meringue pie should look. Every woman who sees this entertaining and instructive picture will be interested in this, as well as the many other cookery demonstrations.

Dedee Abot is learning from Phoebe Abernethy in "Star in My Kitchen" what a work of art a lattice-top pie can be. This is one of the many interesting cookery demonstrations shown in close-up in the picture.

"Caught in the act!" Dedee Abot baked this beautiful birthday cake as a surprise for Mike Anders in "Star in My Kitchen," but Mike walked in unexpectedly and spoiled the surprise. There are many delightful surprises in store for the women of this community when they see the cooking school picture.

Of course, a real dramatic story like "Star in My Kitchen" would not be complete without romance, and every woman will thrill to love scenes like this one between Mike Anders and Dedee Abot.

"Sweet thoughts running 'roun' mah mind," as Auntie Bella would say, "look who's here!" It's Auntie Bella herself, who presides over Mike Anders' kitchen in "Star in My Kitchen," and who provides many a laugh for women attending the cooking school.

A breakfast scene in the Abot household, which includes two delightful youngsters, Tina and Jimmy, and their lovely mother, Lill. Tina and Jimmy are real kids, and supply many of the lively moments in "Star in My Kitchen."

Jimmy seems to have interrupted afternoon tea being enjoyed by mother, Mrs. Abernethy and Mrs. Abot, Dedee's mother. But even a football game has to be postponed when a real kid like Jimmy knows there are delicious cookies in the house. All mothers who see "Star in My Kitchen" will take home with them the recipe for these cookies.

Dedee Abot and Mike Anders have lunch on the beach in one of the many entertaining scenes in "Star in My Kitchen," the interesting and instructive picture that every woman in this community should see.

At Last—An Inexpensive Recipe For Perfect Devil's Food Cake

It's easy to make these rich chocolate layers, with their fluffy white frosting

Ask almost any man what his favorite cake is and he'll reply, "Devil's Food." And this luscious chocolate cake is an even greater favorite with the youngsters.

But as every woman knows, many of the recipes for this delicious dessert are frequently disappointing. That's why you'll welcome this recipe for Devil's Food. Its rich chocolate layers are light, tender and fine-grained, with a simply marvelous flavor. They cut well, too. This recipe has been thoroughly tested and you can make it with confidence every time.

Plan to serve this delicious Devil's Food Cake often. It's surprisingly inexpensive and easy to make if you use a smooth, creamy vegetable shortening like Spry. The blend of chocolate and vanilla flavors comes through richly in the finished cake. Try this tempting dessert soon—it's a treat that is always welcomed by the entire family.

Devil's Food Cake

$\frac{1}{2}$ cup Spry (new triple-creamed shortening)
 $\frac{1}{2}$ teaspoon salt
 $\frac{1}{2}$ teaspoon vanilla
 $\frac{1}{2}$ teaspoon soda
 $\frac{1}{4}$ cup sugar
 1 egg and 2 egg yolks (or 2 whole eggs), well beaten
 3 ounces chocolate, melted
 2 $\frac{1}{2}$ cups sifted flour (cake flour preferred)
 1 cup milk

Combine Spry, salt, vanilla, and soda. Add sugar gradually and cream until light and fluffy. Takes no time with triple-creamed Spry! Combine egg and egg yolks and beat until thick and light in color. Add gradually to creamed mixture and beat well. Add melted chocolate and blend well.

Add small amounts of flour, alternately with milk, beating after each addition until smooth. Pour batter into two deep 9-inch layer pans greased with Spry. Bake in moderately hot oven

(375° F.) 25 to 30 minutes. Notice what a tender, fine-grained Devil's Food Spry makes! Spread Seven Minute Frosting between layers and on top and sides of cake.

Seven Minute Frosting

2 egg whites, unbeaten
 $\frac{1}{2}$ cup sugar
 3 tablespoons cold water
 1 teaspoon light corn syrup
 1 teaspoon vanilla

Put egg whites, sugar, water, and corn syrup in upper part of double boiler. Beat with rotary egg beater until thoroughly blended and white in color. Place over rapidly boiling water; beat constantly with rotary egg beater. Cook 7 minutes, or until frosting will stand in peaks. Remove from fire, add vanilla, and beat until cool and thick enough to spread. Makes enough frosting to cover top and sides of two 9-inch layers.

Bulldog Flashes

(By Reno)

(Reno, who faithfully tells each week about the happenings at Artesia High School in his individualistic manner, was asked to compile a list of senior "futures." It was impossible for him to contact all of the fifty-six graduating seniors, so the others as they will be listed on the commencement programs, are set forth here in order that readers may have the complete roll: Chandas Alcorn, Colene Bogard, Betty Brainard, Bob Coronet, Vivian Haldeman, Reagan Kirkley, Charles M. Knoedler, Myrtle Mathis, James Nelson, Eugene Northcut, Carey Thompson, Pat Walker and Arlee Reno, who did not tell what he, himself, intends to do.)

The twenty-seventh of this month the seniors will write "finis" to their high school careers and face the future—at college and in business or marriage. Whatever course they pursue, they are prepared. After rather lengthy research and endless compilation of data, we have for you the scoop of the year—the real future of the class of '38—the students' own individual predictions of their future careers:

Dorothy Gilmore: "Sleep, go to college, somehow, somewhere."

James Nelson: "Become a farmer."

Omgene Burrows: "Going to college, but undecided where."

Laurent (Beartracks) Gordon: "To Oklahoma U. if possible."

Clyde (Bones) Dungan: "A gypsy told me that I'd be a Deisel engineer, but maybe I'll go to Cruces."

Charlie Mae Ferrell: "Study nursing at Cleveland, Ohio."

Warren Clendenon: "College somewhere and somehow."

Benton Reed: "College career, but undecided where."

Ben Standard: "Go to college, someplace."

Martha Alyce Broocke: "I don't know; go to college, maybe."

La Verne Izard: "Go to college or business school."

Ercel Adams: "Draughan's Business College at Lubbock."

Lawrence Coll: "May work at refinery."

R. D. Lambert: "E. N. M. J. C. or N. M. U."

Lorene Johnson: "Undecided."

Ruth Bomar: "Beauty work, I guess."

William Paris: "I don't know. May go to Occidental."

Lela Bess Mann: "I'm going to school, but undecided where."

Eunice Cadel: "I'm going to school somewhere to study dramatics."

Betty Jo Brainard: "I think I'll go to college."

Helen Gates: "I'm going to college—Occidental in Los Angeles."

Margaret Mahone: "Gosh, I don't know, no telling."

Rachelle Swift: "She won't talk."

Dorothy Berry: "I'm going to Stephens in Missouri."

Jack Cheney: "Maybe work or maybe a post graduate course."

Blaine Haines: "Going to college."

Eva Belle Cheney: "Guess I'll go to college but don't know where."

Mitchell Vogel: "Work on a farm."

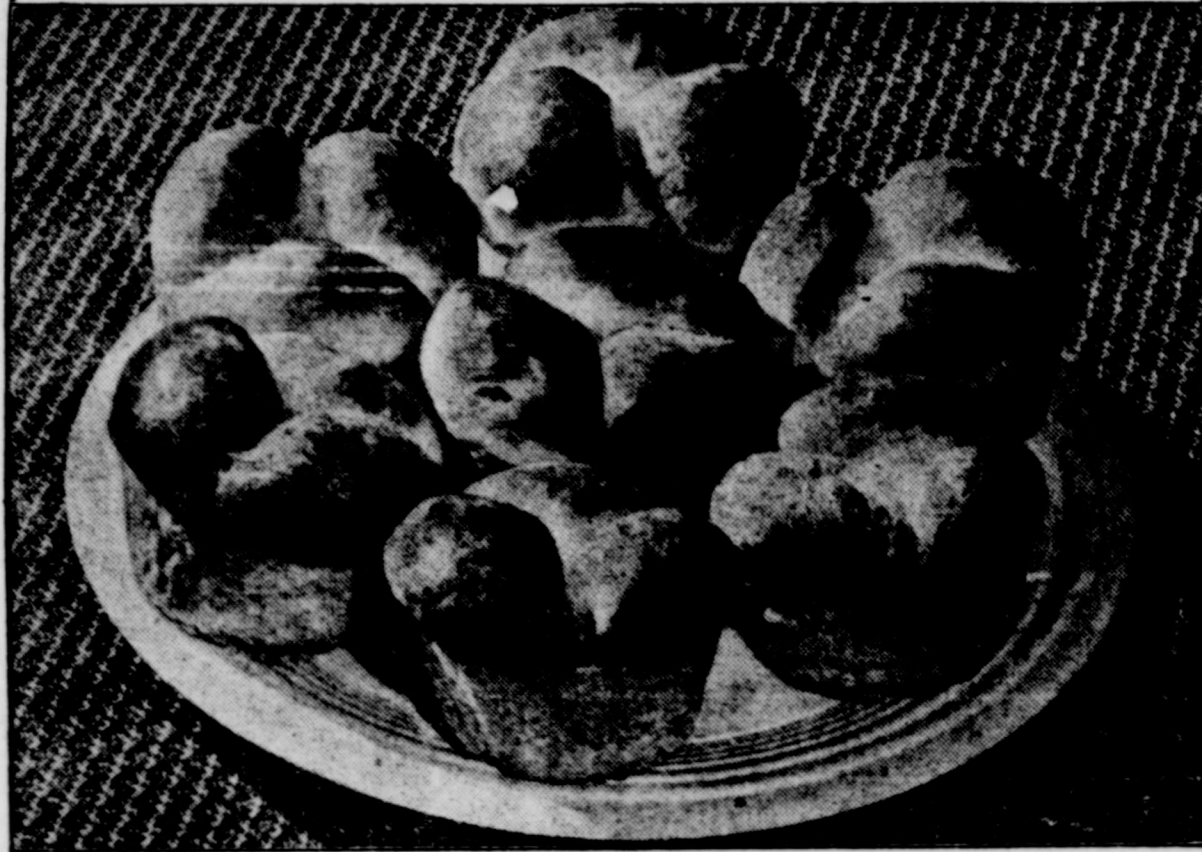

Etheridge Smith: "Go to college somewhere."

Eunice Willis: "I don't know, maybe business college."

Jean Solt: "Nursing school at Cleveland, Ohio."

Ray Harrison: "I'll go to col-

Now—An Easy New Way To Make Clover Leaf Rolls

So light and tender—they're simply grand with coffee, salads or Sunday supper

Everyone enjoys tender, tempting rolls, light as a feather. But no woman likes to be tied down too long in making them.

That's why every home-maker will welcome this easy new recipe at the right. For you can mix, let rise, shape and bake your rolls in two and one-half hours! And they're just as light, just as tender, just as delicate in flavor as when made by the old-fashioned method.

Mix up a batch tomorrow morning and let it rise while you're working around the house. The recipe is so simple that your rolls will be a success the first time you try them! At lunch time they'll be in tempting, golden rows, fit for a king. Once your family tastes these Clover Leaf Rolls, they won't let you rest till more appear. But with this easy new way of making, you won't mind in the least.

CLOVER LEAF ROLLS

- 2 compressed yeast cakes
- 1/4 cup lukewarm water
- 1 teaspoon sugar
- 3 tablespoons Spry
- 2 teaspoons salt
- 1 tablespoon sugar
- 1/4 cup boiling water
- 1 cup milk
- 3/4 cups sifted all-purpose flour (about)

Crumble yeast into small bowl or cup. Add lukewarm water and sugar and set in warm place until it becomes light and spongy (about 15 minutes). Combine Spry, salt, and sugar in large bowl and add boiling water. Stir until Spry is melted, then add milk. Add yeast mixture and mix. Add flour gradually, mixing very thoroughly,

until a stiff dough is formed.

Place in large bowl greased with Spry, brush top of dough with Spry, cover, and let rise in warm place until double in bulk (about 45 minutes). Grease hands thoroughly with Spry, take a small portion of dough, and squeeze between thumb and forefinger into small balls. Place three balls in each cup of muffin pans greased with Spry. Let rise in warm place until double in bulk (about 40 minutes). Bake in very hot oven (450° F.) 15 minutes. See what light, tender, fine-grained rolls Spry makes. Whole process, including baking, requires about 2 1/2 hours. Makes 2 1/2 dozen.

(All measurements in this recipe are level)

JUNIOR AUXILIARY GIRLS WILL DECORATE WINDOW

Members of the Junior Auxiliary, under the sponsorship of Mrs. D. C. Blue and Mrs. Raymond Bartlett, will decorate a window downtown Saturday for Poppy Day, May 28. Many plans are being made and the window is expected to be an unusually attractive one. Efforts are being made to secure a prominent one and the purpose is to tell the story of Poppy Day to further the sale of poppies in Artesia.

EVANGELIST WILL HOLD MEETINGS IN ARTESIA

Cleo Wallace of Austin, Texas, one of the outstanding evangelists of the South, will conduct a series of meetings at the Church of Christ in Artesia beginning Sunday and running for ten days. He will open his meeting at the morning service, which will be at 10:50 o'clock. Mr. Wallace will hold short noonday meetings at 12:05 o'clock during the week, with evening services beginning at 8 o'clock. A feature of the meetings will be union singing at 2:30 o'clock Sunday afternoon by groups from Churches of Christ in the Pecos Valley.

M. E. CIRCLE ENTERTAINS FOR HAGERMAN VISITORS

Members of the Young Matrons' Circle of the Methodist Missionary Society were hostesses Wednesday at a covered dish luncheon held at the church, with the Young Matrons' Circle of Hagerman as guests. About twenty-five matrons and circle sponsors were seated at a long table, attractively laid and centered with a bouquet of mixed summer flowers.

A round table discussion of "What the circle has meant to me,"

by members of the two circles, followed the luncheon hour. At the close of the afternoon session the visiting guests were taken through the newly completed supper-announced home, which is occupied by the Rev. and Mrs. J. H. Walker.

Mrs. Jeff Hightower and Mrs. Stanley Blocker of Malaga, drove up to Roswell Wednesday morning for Mrs. Cash Austin of Farmington, who will spend a few weeks visiting home folks. Mrs. Austin attended the three day encamp-

ment of the Veterans of Foreign Wars, which closed in Roswell Tuesday evening.

Jack Hawkins, operator of radio station KLAH in Carlsbad, was a business visitor here Tuesday.

Mr. and Mrs. Frank Smith, accompanied by Carl Folkner, J. L. Briscoe and O'Lee Evans, left Saturday afternoon for Tulsa, where they will spend this week at the oil show.

Poppy Day Will Be Observed In Artesia May 28

Legion Auxiliary Will Sell Memory Flowers Here For Benefit of Disabled Veterans, Widows and Orphans.

Members of Clarence Kepple unit, American Legion Auxiliary, will be on the streets and in business houses Saturday selling poppies, made by disabled veterans, in observance of annual Poppy Day.

Mrs. Irvin Martin, president of the unit, said that to America, facing disturbed world conditions and struggles against economic troubles, will come on Poppy Day a message of assurance and courage. It will come from the men who gave their lives for America when the country was facing a warring enemy twenty years ago.

The message will be in such simple form that everyone, even the children, can understand, she pointed out; it will come in the form of little red poppies worn on the coat lapels. It will speak of days when Americans were dying for their country and will urge the same spirit of courageous patriotism in facing the dangers of today.

The poppy is the flower that grew in the shell-crusted soil of the battle front in France and Belgium, the only touch of beauty surviving war's destruction and the only floral tribute for the war dead. It became and remained the symbol of the highest patriotic sacrifice. On Poppy Day each year, the American Legion and Auxiliary bring it to the public with its eloquent message from the dead.

"Can anyone wear a poppy without feeling a glow of pride in his country?" Mrs. Martin asked. "Can anyone see the poppies blooming brightly on hundreds of coats without knowing a surge of confidence in America? Reminded by the poppies, can anyone doubt that the nation capable of such effort and sacrifice twenty years ago, will be victorious over today's difficulties?"

"Every American should wear a poppy on Poppy Day and all America should catch the poppy's meaning. The brave little blossom says: 'Remember the dead, aid the disabled and carry on for America'."

Oil Men Watching Only Rotary Drill In Artesia Area

Makes 2,400 Feet During Last Week—Only One Well Completed

Eight new locations and one completion the last week marked activities in the oil industry in Southeastern New Mexico.

Oil men are watching with interest operations at the Maljamar Oil & Gas Corp. well, William Mitchell 4, NE sec. 20-17-32, the only drilling operation in the Artesia field using rotary tools. The well, drilling of which began May 6, is making good time and made 2,400 feet during the last week.

Production in the Artesia area has been cut by 13 3/4 per cent by the Oil Conservation Commission, effective May 15. The ruling also effects fields in Lea County. The buying of oil leases over the state is very quiet.

The only completion of the last week was Culbertson & Irwin, Liberty Royalty 1, NW sec. 3-25-37, in the Jal area. The well flowed 370 barrels of oil a day at a total depth of 3,465 feet.

New locations are: Ohio, McAllister 1, SW sec. 25-17-34; Culbertson & Irwin, Liberty Royalty 3, SW sec. 3-25-37; Culbertson & Irwin, Henry 1, SW sec. 26-25-37; Shell, State 2-C, NE sec. 24-21-35; Phillips, Santa Fe 7, SW sec. 27-17-35; Penrose & Rowan, Christmas 1, SE sec. 28-22-37; Repollo, Whitten 5-B, NE 4-24-36; Standard of Texas, State 1, NW sec. 32-17-35.

In telling last week of the Cities Service well, Closson 3-A, sec. 18-22-35, Eunice pool, which is now producing oil at 3,823 feet, it was said that when the well blew out at 3,540 feet it produced what is now estimated at four million cubic feet of gas a day. The figure should have been the astonishing figure, four hundred million. (continued on last page, column 2)

In Memory of Flanders Fields

What is Poppy Day?—Poppy Day is observed throughout the United States by wearing memorial poppies in honor of the World War dead. It will be observed this year on May 28, the Saturday before Memorial Day.

What is the Memorial Poppy? The memorial poppy is a replica of the poppies which grew on the battlefields of France and Belgium during the World War.

Why was the poppy chosen as the memorial flower?—The poppy was chosen as the memorial flower for the World War dead because they fell, the one touch of beauty in the desolate battle areas.

Who makes the Memorial Poppy?—Memorial poppies are made by disabled World War veterans working in government hospitals and in convalescent workrooms maintained by the American Legion Auxiliary.

Who distributes the Memorial Poppy?—Women of the American Legion Auxiliary, working as unpaid volunteers, distribute the poppies throughout the United States.

What is done with the money contributed for the poppies?—Every penny is used to support the work of the American Legion and Auxiliary for the welfare of the disabled veterans, their families and the families of the dead.

Who wears the Memorial Poppy?—Every American who wishes to honor the war dead and the war's living victims.

BUY A POPPY

Held in Killing Of Wife At San Jose Thursday

Casme Flaco, WPA Worker, Shoots Mate After Quarrel—Surrenders Voluntarily to Eddy County Sheriff.

Casme Flaco, 32-year-old WPA worker of San Jose, is being held in the Eddy County jail at Carlsbad for the killing last Thursday afternoon of his wife, Casmira Flaco, 30, mother of two children.

A coroner's jury, after an inquest Friday by Roy Anderson, assistant district attorney, decided Mrs. Flaco died of bullet wounds "from a gun in the hands of Casme Flaco."

Mrs. Flaco died shortly after the shooting from bullet wounds in the jaw and hand and through the body, one of which went through the heart.

Sheriff Dwight Lee, who investigated the shooting shortly after it happened, testified at the inquest that Flaco told him she shot his wife after she had tried to shoot him, but evidence at the inquest showed there were no signs of any struggle in the house.

Lee said Flaco surrendered voluntarily at an hour after the shooting.

"I had a quarrel with my wife and shot her," Lee quoted Flaco as saying. "She had been waving at someone who was passing and I became angry and bawled her out about it. She got mad and got a gun and tried to shoot me. I got the gun away from her and shot her."

Lee said Flaco had no gun when he surrendered and that he appeared to be sober. He said he found the gun later in Flaco's truck at the home of Meletone Fierro, Flaco's sister. The gun was jammed when he found it, Lee said.

The small San Jose home was in good order when officers arrived, Lee testified. Blood was found on the bed, on the floor and two puddles of blood were found on the ground about 12 feet from the door. A hammer was lying on the floor with drops of blood (continued on last page, column 2)

Memorial Day To Be Observed Here

Services at Legion Hut at 10 O'clock to Be Followed By Ritual at Cemetery

Plans for the annual Memorial Day observation in Artesia have been announced by officers of Clarence Kepple post, American Legion. Following services at the Legion hut at 10 o'clock in the morning, presided over by H. W. Clady, post commander, the Legion ritual ceremony will be observed at Woodbine Cemetery.

Spanish-American and Civil War veterans are to be especially honored. Both troops of Boy Scouts will participate in the activities.

The services at the hut will be as follows:

Invocation... Rev. S. M. Morgan
Song... "America"
Scripture reading... Rev. John Rice
Address... Rev. Henry S. Stout
Benediction... Rev. Allen Johnson

The ritual ceremony at the cemetery will be in charge of W. M. Linell, past post commander. Those taking part will form at the cemetery gate following the program at the hut. Besides the ritual, a firing squad will salute the dead, after which all veterans' graves will be decorated. All such graves are to be marked.

It is expected, as is the custom, that others will decorate the graves of family members at this time.

Auto Accident Is Fatal to Former Eddy Boy in East

Elmo Cantrell Dies in Philadelphia May 17—Buried Here Monday

The body of Elmo Cantrell, former Eddy County boy who died in Philadelphia, Penn., Tuesday, May 17, of injuries sustained in an automobile accident, arrived in Artesia by train Sunday night. Funeral services were at the McClay Chapel at 2:30 o'clock Monday afternoon, conducted by the pastors of the Roswell Baptist Church and the Dexter Methodist Church. Burial was in Woodbine Cemetery here.

Mr. Cantrell, who was in the Medical Corps in Washington, D. C., was fatally injured Sunday morning, May 8, in Philadelphia, when the automobile in which he and three other young men were riding struck a pole. They were on their way to visit the mother of one of the young men on Mother's Day.

It is said the driver went to sleep. He was not injured, but the other three were, young Cantrell the most seriously. When the body of Mr. Cantrell left Philadelphia, an inquest into the accident was still pending.

Elmo Cantrell was born July 10, 1916, near Portales and formerly lived on the Cottonwood. He was a member of the Methodist Church in Lake Arthur.

Surviving are his mother, Mrs. Ed Price, and his step-father, Mr. Price, of Artesia; a brother, Guy Cantrell, of San Diego, Calif.; a half-sister, Mary Ann Price, at home here, and a grandmother, Mrs. Mattie Webb. H. L. Webb of Odessa, Texas, was here for the funeral Monday.

Many Sign Up For "Good Will Trip"

A large percentage of business representatives who will make the annual "Good Will Trip" from here to a number of places in the territory west of Artesia on June 15 and 16. More are signing up with the committee every day, and it is hoped to have a record crowd.

A school bus with factory body has been engaged to haul members of the high school band, who will go along to provide music and instill pep at the various stops. Mr. and Mrs. Monroe Howard will be with the band as chaperones respectively for the boys and girls. Lodging and meals for the band members will be furnished.

Calvin Dunn, chairman of the trip committee, is anxious that all businesses be represented get their favors and other forms of advertising as hand.

Is Frustrated In Burglary Attempt

An attempt at burglary of the Santa Fe freight depot in Artesia about midnight Monday was short lived when the burglar nearly crawled on top of W. H. Lovan, station helper, who was sleeping on a cot.

The burglar opened an east window and crawled across a table alongside of which Mr. Lovan was sleeping, awakening the station helper. Mr. Lovan threw a flashlight beam on the intruder, who quickly backed out, although the helper tried to hold him.

C. O. Brown, agent, said any attempt at burglarizing the depot would be fruitless, as everything is cleared up each day before banking hours close, and that the safe is only used as a protection of records against fire.

The station at Lake Arthur was broken into the same night. And Tuesday night burglars knopped at the safe knob in the depot at Portales and broke into the depot at Elida, it is understood.

Dickey Teague Is Seriously Injured In Car Accident

Driving in Kansas for Mrs. Joe Nunn and Baby Who Suffer But Little

Dicky Teague of Artesia is in a critical condition in a hospital at Garden City, Kan., and Mrs. Joe Nunn, also of Artesia, is recovering from superficial injuries and shock sustained in an automobile collision sixteen miles this side of Garden City last Thursday evening. Mrs. Nunn's infant daughter, Jo Ann, was slightly injured.

Mr. and Mrs. Nunn and baby were on their way to Garden City to visit Mrs. Nunn's parents, Mr. and Mrs. F. A. Smith, the car being driven for them by Mr. Teague, when the Nunn automobile and a four-wheel trailer sideswiped.

Mr. Teague sustained a back injury, a broken collar bone, concussion at the base of the brain and lacerations and bruises. His chance of recovery is slight.

Both the driver and little Jo Ann, who was between Mr. Teague and her mother, were thrown clear of the wreck, the baby apparently being saved by her pillow. When picked up, the bottom of the pillow was in shreds and Jo Ann was just off of it. However, she was unconscious and remained so about two hours.

Leslie Martin of Artesia, who was in Garden City the day following the accident and went to see the injured persons, said on his return here that the Nunn automobile was the worst wrecked car he had ever seen. He marvelled that anyone had come through the mishap alive.

The truck trailer with which the passenger automobile collided was heavily loaded with wheat machinery. The driver was an elderly farmer, a Mr. Long.

Interest in Softball Grows in Artesia As League Is Formed; Field Lights Provided

according to the Rev. Henry S. Stout, pastor of the Presbyterian Church, who was elected president of the league at the meeting Monday evening.

The home plate will be adjacent to Roselawn, with the third base line running parallel to the street. Lights fifty-two feet above the ground will be arranged on six poles. Two poles, each with a cluster of two 1,500-watt bulbs, will be erected twenty feet back from the third base line, the first fifteen feet out from the home plate and the second seventy-five feet beyond. The same arrangement will be used along the first-base line. In deep right and left field, each 200 feet from the plate, poles at the other end of the courts will carry the other lights.

Placing of the poles, which will be seasoned and creosote treated, has been carefully worked out, so as to provide diffused light over the entire field. Fourteen bulbs of 1,500 watts each on the six poles will total 21,000 watts.

South of the first-base line, and in line with the two poles there, will be two tennis courts. Lights for the courts will be placed on the base line poles thirty-five feet above the ground and two shorter poles will carry the other lights.

Besides the Rev. Mr. Stout as president, officers of the league were elected at the meeting as follows: First vice president, Boone Barnett; second vice president, Le-

While Junior Chamber of Commerce Raises Funds For Field, Teams Organize—Rev. Stout Is Named President.

Artesia is getting definitely softball conscious, with provision about complete for a lighted playing field and the formation of a softball league Monday evening in the Chamber of Commerce offices.

The organization embraces for the present six local men's teams and provides for both boys' and girls' divisions under the supervision and rules of the older group.

The Junior Chamber of Commerce, sponsor of the field, has ordered equipment and it is expected playing will begin within the next two weeks. The cost of poles and lights, between \$1,650 and \$1,700, will be underwritten within the next few days, the greater part already having been subscribed.

A temporary playing field on South Roselawn opposite the new hospital site will be used this summer. The equipment will be moved to the new high school field in the fall, after it is well sodded. However, the temporary field will be one of the most carefully planned and best softball fields in this part of the country.

STORES CLOSE MONDAY

In observance of Memorial Day and in order that Artesia merchants and business men and their help may attend services at the American Legion hut at 10 o'clock, business houses will be closed Monday. A petition that they close for the day was signed yesterday by the majority of Artesia merchants.

BIG STEP IN LIFE FOR FIFTY-SIX

Fifty-six young men and women of Artesia take a big step in their lives tomorrow evening, when they receive their high school diplomas and are no longer "prep" students.

Whatever the speaker in Artesia, or in any of the other thousands of communities where similar exercises are being observed, whatever the superintendent, or the principal, or the teachers say to them when they wish them Godspeed on life's journey, whatever their pastors say to them, whatever we say here—none of these things will have much to do with the future of the graduates.

First, what has the graduate learned? Frequently a student, being exposed to his studies, absorbs only enough knowledge to slip by his final examinations and receive his diploma. He is unprepared and that is in the past, but if he applies himself now, he will realize where he has been lax in his studies and will soon make up for lost time.

But many other men, who in school were considered brilliant, are failures today. That is where the second factor comes in. Application of rudiments and fundamentals are necessary for success. Sometimes "book larin'" alone will not take one far. The graduate must remember this. He must not get the misconception idea that he has the world by the tail and can throw it. He may have the world by the tail, all right, but he may find he has hold of something he can't conquer as easily as he thought, or let go of it; has hold of something for which he didn't bargain.

We are for the graduates 100 per cent and wish them all that only success is in store for them. But we do wish to caution them that they will have to keep on learning, preferably in schools of higher education. And even after that they will have lots to learn.

But graduates, whether you go away to school or not—and we hope it is possible for you to do so—remember that you must continue to learn and apply that which you learn, and to develop character and personality. Then and then only, will you be on the road to success. We're for you.

And here is the way the Springer Tribune puts somewhat the same thought, with another thought, a principle of life, added:

This month many thousands of young ladies and gentlemen will be graduated from the schools of secondary and higher learning. The long voyage of rules, instructions and formulae have been completed, some of them under great difficulty. The commencement is here. Or is it a commencement or a continuance? Is it a new life or is it just a new step with more rules, more instructions and more formulae, to be carried out by the business and professional person, the leader and the follower alike? Some will raise through ability to the making of these rules and regulations and some will be promoting betterments of the laws already to be had in the field of his choosing, but cast and position remain the same. One great common principle must not be overlooked, to succeed it must be recognized that the Great Sovereign who gave us life gave us also equally each for himself and not one for the other, the Golden Rule of Life.

A HAZARD AT THE AIRPORT

A near mishap last Thursday morning called attention to imperative work needed at the Artesia airport to correct a hazard. When Dr. W. N. Worthington of Roswell brought his ship down at 7:30 o'clock on his southbound trip with the first airmail, he nearly cracked up. Coming in from the east, he set his wheels down in the east leg of the runway and slightly ground-looped to the right. When the plane's wheels struck the graded ridge at the north edge of the runway, it was in danger of nosing over. Slightly out of control, the airplane then looped to the left, ran across the ridge again and came to rest with the wheels against the south ridge.

Although Dr. Worthington and his ship came through the experience unhurt, it demonstrated the hazard which exists at the airport and the potential danger to pilots and their ships.

It would be a simple matter to eliminate the ridges. A grader could do the work in a day or two.

Undoubtedly the ridges were put there for a purpose, partly to mark the runways. Or possibly they were left there without thought at the conclusion of the grading process. In any event, they should be eliminated.

It is not every small city the size of Artesia which has an airport. Lucky and proud to have one, the community should see that it is as safe for visiting airmen as possible. Should Artesia be included on a regular air mail route, the improvement will be necessary.

HOPE FOR SWING UP THE VALLEY

"If we have enough air mail going out of the valley to warrant consideration for an air mail route up the Pecos Valley, we will get it." So said Jess L. Truett, postmaster of Artesia, commenting on the special steps here last Thursday.

The Continental Line is now routed between El Paso and Albuquerque on the other side of the mountains from us. A "swing up the valley" would serve Carlsbad, Artesia and Roswell, whereas the present route has but little population from which to draw mail.

The demonstration of interest by Artesia business men last Thursday and all of last week may help bring results. Let us hope so.

In the many books published with a view to helping the bashful, stammering and inexperienced speaker, there is no aid for the confirmed bachelor who is called upon to congratulate fond young parents upon their newly acquired offspring.—Durango Herald-Democrat.

FIRST CHRISTIAN CHURCH "Services That Are Serviceable"

Memorial Day—There are many things of real significance for us to remember as a nation and as individual citizens. Our veterans died for liberty. Liberty that was gained must be maintained. The true and lasting liberty comes not merely from human origin. Roger W. Babson says: "The need of the hour is not more money, more real estate or more stocks and bonds, but more self-control, more unselfishness, more faith and more courage. Self-control, unselfishness, faith and courage are spiritual qualities which cannot be secured from the banks or store, but from the vital religion. An economic recovery is only awaiting a spiritual recovery." The church has a message for the world today to remember. On Memorial Day, what should we remember? We should consider the true meaning of the day. These services of the church invite your attention: Sunday school, 9:45 a. m., for every member of the family; worship, 11 a. m., sermon subject in keeping with Memorial Day; "What Mean Ye by This Service?" evening worship, 7:30 p. m. "When you hear the church bells in Artesia, it is the Christian Church."

FIRST BAPTIST CHURCH Corner Grand and Roselawn

"Can anything good come out of Nazareth?" "Come and see." That was the invitation of long ago; it is still good today. Come and see for yourself. Put God to the test and try His word. Find your place in the Bible school at 9:45 a. m. Morning worship, 10:50. Baptist training service, 7 p. m. Evangelistic service, 8 p. m. Bible study and teachers' meeting, 7:30 p. m., Wednesday. Prayer service, 8:15 p. m., Wednesday. W. M. S., 2:30 p. m., Wednesday. Visit Dexter Monday and Tuesday evenings, May 30 and 31, for evangelistic services. S. M. Morgan, Pastor.

WANTED—Clean Cotton Rags at The Advocate.

CHURCH OF CHRIST Seventh and Grand

Our meeting is now in progress. Brother Cled Wallace is doing excellent preaching. We earnestly invite the people of this city and surrounding country to be present and enjoy this spiritual feast. The meeting will continue until June 1. Services each week day from 12:05 to 12:35 p. m. We start this service promptly and end it promptly. Night services each evening at 8 p. m. On Lord's day there will be the usual Bible classes for all and the preaching hours will be 11 a. m. and 8 p. m. Come and be with us. Allen E. Johnson, Minister.

CHRISTIAN SCIENCE SERVICES 613 West Main Street

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" is the subject of the lesson-sermon which will be read in all churches and societies of Christ, Scientist, on Sunday, May 29. The Golden Text is: "Take heed that no man deceive you."—(Matt. 24:4.)

Among the citations which comprise the lesson-sermon is the following from the Bible: "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."—(II Tim. 2:15.)

The lesson-sermon also includes the following passage from the Christian Science textbook: "Human will is an animal propensity, not a faculty of soul. Hence it cannot govern man aright. Christian Science reveals truth and love as the motive-powers of man."

15 Years Ago

(From the files of the Advocate May 25, 1923.)

Publisher's Announcement—Owing to the increased cost of print paper and printers' supplies, the subscription price of the Advocate will be raised to \$2.00 a year on June 1.

From "Flanders Field"—When a poppy girl stops you on the street, don't turn your back and say "No," for they are the official poppies from Flanders Field. The American Legion.

Bartlett's Buy Elrose Theater—The Elrose motion picture theater has changed hands, the purchasers being Messrs. Ray and C. W. Bartlett of Hagerman and Artesia, who took possession Wednesday morning. The new owners have renamed the house "The Majestic," and have already begun the extensive improvements planned for an up-to-date and first class place of amusement.

Dr. Loucks says—He has a Maxwell touring car in good condition with new battery, starter, etc., cheap. * * * He also announces that he is in a position to make country trips to repair machinery, etc. Anyone having a hay baler or other piece of machinery that will not operate, call 65 for him.

C. W. Bartlett, the new owner of the picture theater, says he has never known a town that went in for street and civic improvements but what it started on the road to prosperity. The fact that a town is progressive and trying to forge ahead soon becomes noised abroad and draws a good class of residents.

Clyde Guy went to El Paso Sunday and underwent a minor operation in Southwestern General Hospital there Monday.

New, second-hand and factory rebuilt in portables and standards. See us before you buy—Artesia Advocate.

Kernels From An Old Nut

During the next few weeks quite an army of graduates will be turned out of the colleges, universities and professional schools of the land. A considerable number will come to the valley. We are naturally proud of every one of them, and we wish them the best that the world has to offer; but I am reminded of an old saw that I used to hear when I was a boy. "If wishes were fishes, we'd have some fried; If wishes were horses, the beggars would ride."

I look back forty years to a time when I was about to leave the university to take my place in the activities of a world about which I knew but little. At the final lecture, one of the professors, who was really a great man, said:

"We come now to the time of parting. I wish I might say something that will help you; but I hardly know what that would be. I will say, however, that I think that all of you will succeed who wish to; but after all, that is not saying much, for there are so few of you who wish to succeed."

I have talked to several men of that class in recent years and I have found none who remember that challenging farewell. What he said is in line with something I quoted, in a recent article, from the address of a college man a quarter of a century after graduation.

In other words, a college education, of itself, will not make a man successful or useful.

We must not overlook the fact that the larger a man's opportunity, the more the world expects of him. The farmer with fertile fields and up-to-date machinery must produce more wheat than the man with one mule and a hand sickle. Education gives a man a bigger opportunity and the world expects more of the man who has it. But do not get the idea that this is directed alone to the graduates. Few of us but have some sort of special endowment that affords us opportunity for special service. The mechanic with special skill must build a better house than the saw and hammer man. The person with the capacity for elevating entertainment cannot well refuse to use it to bring cheer to those in need of just that. It is our failure to properly evaluate our opportunities and responsibilities that is bringing understanding men to say—as I quoted last week—"What this troubled world needs is a sense of spiritual values."

Interest Shown in Old New Mexico

The fascination of New Mexico and her Indians through the last eighty-four years to peoples of other countries and parts of this country, is seen in the collection of magazines dated from 1854 to 1895 that has just been acquired by the New Mexico Historical Society to be housed in the Museum library. There are three magazines represented in the collection: Illustrated London News, Frank Leslie's Weekly and Harper's Weekly. Every page in the large stock of excerpts has a story, drawing or photographs of New Mexico in the early days. The earliest picture is of Fort Fillmore in the Illustrated London News, December, 1854. This early government fort was near Mesilla in the Organ Mountains, about forty-five miles from Fort Bliss. Harper's of 1866 shows Kit Carson's house at Taos, and "the village of the Pueblo Indians" near Taos, quite similar to the present pueblo. A Santa Fe street scene shows San Francisco Street running up to St. Francis Cathedral, the old building on the corner bearing the lettering "La Fonda."

Another photograph of particular interest is of "Indian clowns at the Tertio-Millennial celebration at Santa Fe, 1883." The koshares, retaining their ceremonial costumes through the years, look unchanged from those taking part in present Indian dances. "Perilous wagoning in New Mexico" of about the same date shows horses pulling wagons over the "jump-offs" before the days of hard-surfaced highways, in fact when trails had not yet given way to roads of any kind. Taos is the pueblo most frequently sketched or photographed. Street scenes in Santa Fe are equally popular. The "sun dance" at Taos is shown in 1895 in a feature article that includes a picture of "Domingo Concha, chief of the Pueblos." Domingo is said to be 128 years old.

Complex Minerals May Be Harmful

When an animal is well, it does not need medicine; when it is sick, it needs specific treatment for its ailment. For this reason dairy-men who buy complex mineral mixtures to feed their animals are not only wasting their money, but may be harming their cattle as well, says F. E. Anderson of the New Mexico Extension Service. Aside from common salt, the only minerals that are needed as a supplement to the ordinary farm rations are calcium and phosphorus. Many proprietary mineral mixtures on the market contain other substances such as Glauber's salts, Epsom salts, coppers, potassium chloride, sulphur and iron oxide, and have no justification from the standpoint of nutrition. The continued feeding of them may be positively harmful.

Compounds of calcium and phosphorus which are suitable for feeding may usually be purchased at from 2 to 3 cents a pound in the form of special steamed bone meal or spent bone black. Complex mixtures usually sell at several times this price. In addition, the complex mixtures are actually worth less than a simple mixture containing calcium and phosphorus alone, because the percentage of the needed minerals is lowered by including the other substances which serve only as a filler.

One of the best ways of supplying minerals is to mix them with salt and place where stock can have access to it at all times. A mixture of equal parts by weight of salt and special steamed bone meal or spent bone black will correct most mineral deficiencies in the feed of dairy animals. In addition, all animals should have free access to ordinary salt.

Cottonwood Items
(Ora Rogers—Ora Buck)

Mrs. D. A. Bradley has been confined to her home for several weeks due to illness. She was removed to St. Mary's Hospital, May 19.

Mr. and Mrs. Truman Howard were moved to Carlsbad Wednesday of last week, where he has employment.

Mrs. Charlie Buck entertained at her home Sunday with a surprise birthday dinner for her husband. Many friends and relatives were present. "Kid" games and bicycle races were enjoyed.

Mr. and Mrs. Ernest Wolfe of Hot Springs are visiting Mr. and Mrs. Clint Powell.

A program was presented at the Cottonwood school Tuesday night by the Spanish-American pupils.

Mr. and Mrs. Lee Payne of Hope and I. V. Payne of Lincoln, New Mexico, visited the Charlie Buck home Sunday night and Monday. I. V. Payne is employed as teacher in the Lincoln school.

Mr. and Mrs. Toby Cline moved from the Ralph Hersey farm to one of Tom Terry's places on the Cottonwood, last week.

Dr. and Mrs. O. E. Puckett visited with their daughter and son-in-law, Mr. and Mrs. Ray Zumwalt, the last week. The Zumwalt children returned to Carlsbad with Dr. and Mrs. Puckett.

The primary department of the school presented a program last Thursday night consisting of plays, songs and musical numbers.

Mr. and Mrs. Monroe Howard are remodeling their home in Artesia.

Mrs. Bob O'Bannon made a trip to Hagerman for dental work, Wednesday of last week.

Work has started on the new gymnasium for the Cottonwood school. Clayton & Clayton are the contractors of the \$12,000 structure.

Many Cottonwood friends attended the funeral of Elmo Cantrell in Artesia Monday.

Mr. and Mrs. Wesley Hobbs of Arkansas are visiting Mr. Hobbs'

sister and family, Mr. and Mrs. Monroe Howard.
Mr. and Mrs. John Buck and Mr. and Mrs. James Buck made a business trip to Roswell Friday.

General News Briefs

Les J. Mahoney of Gallup was re-elected state commander of the veterans of Foreign Wars at the annual encampment at Roswell last week. Gallup also was named the encampment city for 1939. Clovis was a strong contender for the next convention.

Thirty-one years ago Jorrell Norwich of St. Joseph, Mo., asked Ellen Hatfield to marry him. Several years later she accepted him, but one thing and another intervened to prevent culmination of the courtship. The two kept company steadily and lately, climaxing one of the longest courtships on record, Norwich, 58, now a retired farmer, and Miss Hatfield, now 49, were married.

Pigs that went on a jag from drinking liquor mash dumped by raiding officers gave the raiders plenty of trouble. Five men were arrested and 540 gallons of whisky made in a farm yard still were seized at Wichita, Kan., before the pigs chased the officers.

Fourteen-year-old Willis Dysart of Georgia, who had but two years formal schooling, did sums in his head for the professors and left them practically goggle-eyed. He added up a group of seven three-digit figures accurately in seven seconds, found the square root of 138,799,961 and performed several other difficult tasks—all without recourse to pencil and paper. One of his stunts is to ask a person's birthdate and then tell him his age worked out in seconds.

Oscar the Owl, which took 44,000 volts and lived to hoot about it, died 24 hours later. Oscar flapped his wings across two high voltage wires, causing a short circuit and snapping off all electrical service in the Salt Lake City area. He dropped to the ground, almost nude, but alive. After 24 hours Oscar was still alive, but in such serious condition that his attendants administered the coupe de grace. They wrung his neck.

Little striped garter snakes, harmless enough in meadows where they belong, and quite unlike the authoritative snakes of the Southwest with the rear end signals, are terrorizing the housewives in a Fort Dodge, Iowa, neighborhood by appearing in attic staircases, under basement wash benches and underfoot outdoors, almost anywhere over an entire block. Where they are coming from no one knows, but one resident has killed 45 snakes, five of them in his attic, in the last five weeks. One woman found a reptile coiled on the upper ledge of a window as she dusted her bedroom.

It's hardly safe to go anywhere in England these days, the darts are flying so furiously. Dart throwing, originally a working man's game confined to the corner pub, has spread to all classes of society. The game, which has become a national craze, is said to be descended from the ancient sport of javelin throwing. As a body builder it develops only one part of the anatomy. A player usually gets what is vulgarly known as a "beer belly" before he has been at it long. In the pubs at any rate, the principal part of the game, aside from the fun of it, is to see who buys the beer. The losers pay.

Mr. and Mrs. Herman Dick Jones went up to Sacramento Camp Saturday to spend a few days getting their cabin ready for the summer season.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock. —The Advocate.

June Brides Are Celebrated, But How About the Groom?

June is the month of brides, and June brides are famous the country over. But nobody ever thinks of the June groom, who stays dutifully in the background until he's called to the altar. What do our June grooms think about as the fatal hour approaches? Do they actually chew their fingernails and consider the advisability of running away? Most of them probably do. Jack Haley of the movies gives his opinion in the following pictures.

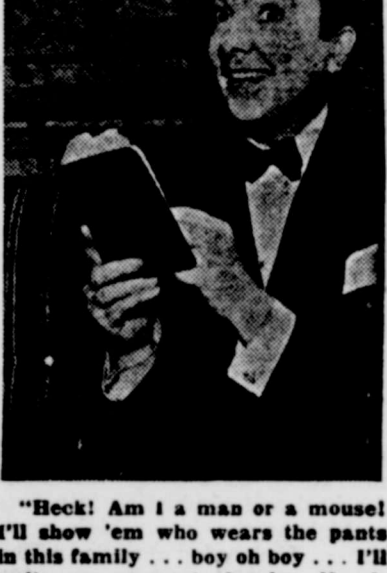

"Gosh, tomorrow I take the big step. Gee, everybody's been giving me advice. Can you imagine! Some guys have the nerve to tell me that putting this ring on Mabel's finger means putting a ring around my neck! You know, a ball and chain! They're jealous, that's all!"

"Saay, maybe there's something to that! No more staying out all night... no more poker sessions with the gang... no more... no more... no... no... NO!!"

"I CAN'T DO IT! I CAN'T DO IT, I TELL YOU!! I'LL RUN AWAY TO CHINA OR SUM'FIN!! WHERE'S THAT TIMETABLE?!"

"Heck! Am I a man or a mouse! I'll show 'em who wears the pants in this family... boy oh boy... I'll write my own set of rules. No. 1. Who's the head of this family? Answer: Me!... No. 2. And who pays the bills? Answer: Me!... and so far into the night."

CONSERVATION PROGRAM MEETING HERE FRIDAY

An agricultural conservation program meeting at the Chamber of Commerce rooms in Artesia at 7 o'clock tomorrow, Friday, evening has been announced by Fred A. Barham, county extension agent. The meeting, Mr. Barham said, will be of vital importance to every producer and tenant.

Representatives from the State College will discuss the following topics: "Division of Payment Between Landlord and Tenant," "Change of the Status of Tenant," and "Other Problems in Relationship of Landlord to Tenant for Both 1937 and 1938."

Fred A. Watson, young son of Mr. and Mrs. Neil Watson, spent the week end in Roswell with his grandparents, Mr. and Mrs. O. O. Askren.

Miss Juanita Denton of Artesia, sophomore at New Mexico State College, has been elected president of the Women's Athletic Association for the long term of 1938-39.

Carl W. Bartlett, son of Mr. and Mrs. Ray A. Bartlett, and Henry C. Monroe, Jr., son of H. C. Monroe, of Artesia, are expected home for the summer vacation immediately following commencement at New Mexico Military Institute, Roswell, May 28 to 31. These young men are among the 133 boys from New Mexico enrolled at N. M. M. I. Bartlett is one of twenty-two boys from New Mexico included in the 104 who will receive high school certificates at the graduation ceremonies. Twenty-nine cadets from New Mexico are included in the eighty-five young men who will be graduated from the Junior College of New Mexico Military Institute this year.

Crosses . . . Row on Row

Sad memories of war days return once more as the community marks Memorial day, May 30, amidst a world that again re-echoes with the tread of marching soldiers. Meanwhile 2,288 Americans, most of whom lost their lives in the World war, lie in the Aisne-Marne American cemetery near Bellona, France.

Control Plant Lice With Spray or Dust

Ants often lead the way to the little green or dark colored aphid or plant lice that are common on so many of our vegetables, especially such crops as cabbage, cauliflower, mustard and melons, says F. F. Whitley of the New Mexico extension service.

Control measures are often necessary, and if spraying is preferred, a solution containing three tablespoons of nicotine sulphate and one ounce of soap in three gallons of water may be used. A thorough coverage is absolutely necessary.

If dusting seems more desirable, common nico-dust has been effective for aphids as well as other insects. Stomach poisons, such as arsenate of lead or calcium arsenate, may be mixed with it to control chewing insects. The following procedure is a good method of making nico-dust.

Secure an air tight can of about gallon size and place it in four or five rocks about the size of a walnut, then one pound of hydrated lime. Make a small hollow in

the center of the lime and place in it three tablespoons concentrated lye, then pour over the lye one ounce of Black Leaf 40. Close the can immediately and roll until it begins to heat. The lid must be tight to prevent blowing off after heating has started. The purpose of the rocks is to facilitate mixing. After the dust has been thoroughly mixed, the can should be placed upside down in a warm place and allowed to stand for several hours before use. It is sometimes a good idea to screen the mixture before using in the duster. Effective dusting has been done with a burlap sack fastened on the end of a pole. The dust is placed in the sack, which is shaken thoroughly among the

Several Artesians Receive Degrees Next Week; Others Expected Home

Several of the younger set of Artesia will receive degrees in various colleges over the country next week. A number of other students from Artesia have returned or are expected home in the near future. And some will continue their studies during the summer.

Among those who will receive degrees are: Miss Gladys Thompson, who will receive her degree from Mississippi College for Women; Miss Mary Louise Paris, who will receive her B. A. from the University of Oklahoma, in Norman, Oklahoma; Mrs. Frank Krumpholz, the former Miss Jeanne Wheatley, who receives a B. A. from Occidental College in Los Angeles, and Osborne Keller and Billy Bullock, who receive business administration degrees, the former at the University of New Mexico in Albuquerque and the latter at Texas Tech in Lubbock, Texas.

Among others who will graduate is Miss Berthold Alcorn, daughter of Mr. and Mrs. H. J. Alcorn, who will receive a business administration degree from the Eastern New Mexico Junior College at Portales next week. Edmond and Edsel Runyan, twin sons of Mr. and Mrs. Tom Runyan, will be home next week following the commencement exercises at the New Mexico Military Institute, Roswell. Edmond is a member of the graduating class and will receive his degree Tuesday morning. He expects to enroll at the University of Southern California, Los Angeles, next fall. Edsel will return to the institute next fall. Mr. and Mrs. Runyan will go to Roswell Saturday for the exercises through Tuesday. Mr. and Mrs. Irvin Martin will drive up Tuesday morning for the commencement exercises.

Mr. and Mrs. Thompson have gone to Mississippi for the graduation exercises of their daughter. Mr. and Mrs. R. L. Paris will leave next week for Norman for their daughter's graduation. Miss Paris will accompany them home. Mr. and Mrs. Rex Wheatley and daughter Barbara, will leave the first part of the week for Los Angeles. They will return, bringing with them Miss Joan Wheatley, a junior in Occidental, and Miss Virginia Gates, daughter of Mr. and Mrs. V. L. Gates, also a junior there. Mr. and Mrs. I. C. Keller will leave about the same time for Albuquerque for the commencement exercises at the university during the first week of June, when their son will receive significant honors along with the conferring of his degree. They will visit Mrs. Keller's sister while in the Duke City.

Miss Peggy Brainard who has been enrolled in the University of California in Berkeley, returned home the latter part of the week to spend the summer vacation with her parents, Mr. and Mrs. Reed Brainard.

Miss Ruthie Martin, daughter of Mr. and Mrs. Carl Martin is enrolled at Woodbury's college in Los Angeles. She will not come home until August. Her course is one of interior decorating.

Laurel Sharp, who is majoring in science at Texas Tech, expects to spend the summer in special work in his field.

Mr. and Mrs. W. R. Hornbaker will leave June 2 for Albuquerque to visit their sons, Wayne and Fletcher, in that city. Wayne was doing graduate work in the university last winter while Fletcher taught in the public schools there. Wayne expects to leave for Los Angeles, after his parents visit, to do graduate work in art in the University of Southern California in Los Angeles. Fletcher will remain in Albuquerque to do graduate work in education at the University of New Mexico.

Mr. and Mrs. Hornbaker will leave for Jefferson, Oklahoma, after their visit in Albuquerque to attend a family reunion. They will be met by their daughter, Miss Dawn Hornbaker, who has been in school in Manhattan, Kansas, this year, and will go on to Lawrence, Kansas, to attend a yearly conference of the Church of the Brethren before returning to Artesia.

Miss Florine Muncy, daughter of Mr. and Mrs. J. B. Muncy arrives this week from Las Vegas, after completing her freshman term at the New Mexico Normal University.

Robert French has just completed his second year at Oklahoma University. Miss Clementine Cobble, who has attended the Normal University of New Mexico in Las Vegas, will spend her summer vacation here with her parents.

Ernest and Cooper Malone, sons of Mr. and Mrs. E. P. Malone, will finish their sophomore and freshman year college work next week. Ernest is in attendance at Iowa State College at Ames, Iowa, and is undecided whether he will remain for summer work. Cooper is expected home about June 5 from the University of New Mexi-

WEDNESDAY
Members of the Artwood Pirates Bridge Club will be entertained by Mrs. S. A. Lanning at her home at 7:30 p. m.

THURSDAY (NEXT WEEK)
All Missionary Societies will meet at their respective churches at 2:30 p. m., with the exception of the Christian Women's Association, the meeting of which will be an all-day affair with a covered dish luncheon at the home of Mrs. I. S. Reser.

The Thursday Evening Supper Club will be entertained by Mr. and Mrs. Owen Haynes at 7:30 p. m.

BETTY JANE EVARTS CELEBRATES BIRTHDAY

Betty Jane Everts and her mother were hosts to a number of Betty Jane's friends, last Thursday afternoon, celebrating her twelfth birthday. Games such as "Red Rover," making words of the letters in "Happy Birthday" and popping balloons furnished the entertainment for the youngsters. A prize of a five-year diary was awarded to Darlene Frazier for finding the largest number of words in the prescribed letters. Opal Mae Esslinger won the prize for bursting a balloon first.

A lovely birthday cake with candles and ice cream was served to the guests in the later afternoon. The guests were: Darlene Frazier, Julia Helen Kuykendall, Perry Schulze, Jimmy Haskins, Juanita Russell, Marvin Russell, Thelma Hancock, Norma Ruth Hancock, Virginia Watson, Bobby Morris, Lois Owen, Reece Otts, Opal Mae Esslinger, Beulah Mae Hollis, Marjorie Hampton, Bob Oliver, Everett Wayne Lapsley, June Brown, Joan Hardeman, Pat Runyan, Margery Clowe, Dorothy Linell, Josephine Steiwig, A. R. Munterly and Mary Elizabeth Daugherty.

MR. AND MRS. GATES HONORED FRIDAY EVENING

Mr. and Mrs. Wallace Gates, recent arrivals in Artesia, were the guests of honor at a formal evening party given by Mr. and Mrs. William Linell in their home Friday evening. Mr. Gates, who is the son of Mr. and Mrs. V. L. Gates, and Mrs. Gates made their home in Laramie, Wyoming, until the last few weeks, when they moved to Artesia. At present they are at the V. L. Gates home but will soon be at home in the McCaw property on Eighth Street.

The rooms in the Linell home were charming with large bouquets of colorful larkspur. Various games were the pleasure of the guests during the evening. In the late evening the hostess was assisted by her two daughters, Misses Peggy and Dorothy Linell, and by Charlene Martin and Ora Everett in serving lovely refreshment plates.

Guests besides Mr. and Mrs. Gates, were Messrs. and Mesdames Charles Martin, John Lanning, Grady Booker, Lewis Story, Frank Smith, Lloyd Simon, W. C. Martin, R. M. Henson, H. W. Clady, R. M. McDonald, Fred Cole, W. Leslie Martin, Landis Feather, C. R. Baldwin, I. L. Spratt, M. Schulze and B. F. Pior.

Glenn Stone, son of Mr. and Mrs. Ed Stone, will receive his degree from the Los Angeles School of Optometry the first week in June.

FOSTER FAMILY HOLDS REUNION

Mr. and Mrs. E. J. Foster and small son attended a Foster family reunion at Lockney, Texas, last week. Twenty or more members of the family were present and three states, New Mexico, Arizona and Texas, were represented. The Fosters of Artesia returned home the first of the week.

MRS. LIVINGSTON ELECTED TREASURER

The Artesia Woman's Club executive board met at the home of Mrs. John Lanning, president, last Thursday afternoon to fill the vacancy left by the resignation of Mrs. Nell Hartell, treasurer. Mrs. Morrison Livingston was elected. Mrs. Grady Booker has been chosen as the program chairman for the coming year and will work with Mrs. P. V. Morris and Mrs. I. L. Spratt.

ATTENDS TELEPHONE ASSOCIATIONAL MEETING

Mrs. Mary A. Davis, representative of the Artesia office to the joint district meeting of the Mountain States Telegraph and Telephone Benefit Association which convened in Albuquerque last week, returned Saturday. She was accompanied by a Miss Karr of Roswell, representative of that office. During their associational meeting, the members attending were given a trip to Santa Fe, where they inspected new offices just completed. A banquet at La Fonda Hotel was one of the many courtesies extended the guests of the association.

LEGION AUXILIARY RADIO PROGRAM

Members of the American Legion Auxiliary unit appeared over the radio from the station in Carlsbad on Tuesday and will be heard again Friday concerning Poppy Day, which is Saturday.

Mrs. Frank Smith, radio chairman, has been in charge of the programs. The program used Tuesday was a short talk on "The Meaning of Poppy Day," by Mrs. Smith, and piano solos by Mrs. Wallace Gates, "Reflections in the Water," by De Bussey, and "Malaguena," a Spanish dance by Luceana.

Friday's program will be presented with the help of the Junior Auxiliary girls. Dorothy Linell and Bernice Marie Baldwin will play piano numbers and Shirley Bartlett will be heard in a violin solo. Mrs. Irvin Martin, president of the Auxiliary, will be introduced by Mrs. Smith, as well as Mrs. H. A. Hamill, who is chairman of the poppy committee.

EIGHTH GRADE PARTY

The eighth grade class of the Junior High School held its annual party celebrating the close of school and graduation into senior high at the junior high gymnasium Wednesday evening. The place was decorated to resemble a garden with definite authenticity. A pool constructed of stones and banked with greenery was lovely with roses and verbenas in the water. Festooning streamers made a false ceiling with pastel shades and each light cast a soft glow over the party in the midst of a huge bunch of roses, yellow, green and blue balloons. About

LA DONNA FERGUSON CELEBRATES BIRTHDAY

La Donna Ferguson and her mother, Mrs. Jim Ferguson, were hostesses at a party at their home Monday afternoon in honor of La Donna's birthday. Games and contests were the pleasure of the many guests for the gala time. In the late afternoon ice cream and a beautifully decorated cake with the required number of candles were served to the youngsters by Mrs. Ferguson.

Guests were: Margaret Lowe, Dorothy Lawrence, Virginia Johnson, Dolores and Billie Carroll, Wanda Lee Townsend, Ruth Rice, Helen Louise Wells, Hattie Ruth Cole, Betty Blue, Wanda Jean Duke, and Joy Ferne Ferguson. Also James Enfield, Bobby Gates, George Hart, John Henry and Lyle Terpening, Raymond Schoonmaker, Frederick Hannah and Lloyd Traylor.

ARTESIA PAINTERS ATTEND CLINIC AT LUBBOCK

The following men from Artesia attended a paint clinic in Lubbock, Texas, Monday evening: J. S. Mills, Sanders Lee Mills, Herman Huffmaster, Bob Nelson, Elbert Ditto, Herbert Mathews and Thomas Ditto.

Paint demonstrations, new methods of use and materials in synthetic paints were given during the evening. The affair was the largest paint clinic ever held in the Southwest, with approximately 200 painters in attendance. A banquet was a feature of the evening. Officials and head representatives of various companies addressed the meeting. Among them were a Mr. Baldwin from the Minnesota Mining Company, and a Mr. Williams, head representative of the Ace Paint Company. The Artesia men returned here Tuesday morning.

SURPRISE BIRTHDAY PARTY FOR MRS. CHAS. MORGAN

Mrs. Charles Morgan was the honor guest at a surprise party celebrating her birthday Monday evening, given by Mr. and Mrs. D. C. Blue in the back yard of the Blue home. With apologies for crashing into a party, Mrs. Morgan attempted to leave, only to discover the party was for her. Guests were Mr. and Mrs. John Mann, Mr. and Mrs. Faye Hardeman and daughter, Joan, Mr. and Mrs. Charles Morgan and sons, Val and Don, and Mr. and Mrs. D. C. Blue and children, Betty and Jimmy. Various games were enjoyed during the evening and later refreshments with a lovely birthday cake were served. Gifts complimenting Mrs. Morgan were presented by the hostess.

LOCAL BOY TO WED DENVER GIRL

Mr. and Mrs. T. J. Cavey of Denver, Colorado, have announced the coming marriage of their daughter, Martha to John E. Petron of Artesia. The wedding will be at 9 o'clock, Wednesday morning, June 15, at the Saint Francis de Sales Church in Denver. A reception will be held at the home of the bride's parents at 436 South Sherman Street from 7 to 10 o'clock in the evening.

Mr. Petron holds the position of bookkeeper at the Artesia Auto Company. The young couple will make their home in Artesia.

HONORS RECEIVED BY ARTESIA HIGH GRADS

Miss Carolyn Seale, daughter of Mr. and Mrs. Frank Seale of Lubbock, Texas, and formerly of Artesia, and Miss Louise Thornton, daughter of Mr. and Mrs. H. C. Thornton of Artesia, both young women of the Freshman class of Texas Tech at Lubbock and graduates of Artesia High School, received a distinct tribute at their college this spring. They have been chosen as pages to the two members of the sophomore class who will be in charge of the service of the seventh annual recognition of women who have shown special achievement in arts and sciences from the school. This is an honor which has been awarded Miss Seale and Miss Thornton after careful consideration of their scholarship and citizenship record in the college this year.

MISS SEALE AND HER MOTHER WILL VISIT IN ARTESIA AFTER THE CLOSE OF SCHOOL, JUNE 6.

Miss Seale plans to attend the Presbyterian conference held for the young people of that church in the Sandias Mountains and her mother will visit with friends in this city.

Mrs. I. L. Spratt will spend the week end in Carrizozo, visiting her brother, Dr. J. P. Turner.

Mrs. I. L. Spratt will spend the week end in Carrizozo, visiting her brother, Dr. J. P. Turner.

Mrs. I. L. Spratt will spend the week end in Carrizozo, visiting her brother, Dr. J. P. Turner.

Mrs. I. L. Spratt will spend the week end in Carrizozo, visiting her brother, Dr. J. P. Turner.

SOCIETY

FORMAL TEA AND RECITAL FOR EXPRESSION PUPILS

Mrs. C. E. Robinson presented her pupils in recital followed by a formal tea at the Roy Langston home at 4 o'clock Wednesday afternoon. Floor baskets of larkspur, bows and large vases of roses were arranged about the comfortable rooms of the home. In the dining room the tea table was arranged with lace spread, centered by a crystal bowl of roses and baby's breath. Tall green tapers in crystal candelabra on the table and buffet cast a soft glow over the tea service which was presided over by Misses Eunice Cadell and Sybil Fior, members of the class.

The program was as follows:
 Prelude music—Miss Ruth Collie
 "Bashful Town"—C. B. Strebeck
 "Bubbles for Sale"—Aime Irene Langston
 "Boogie Man Boogie"—musical.
 "Ada Vernele Shipley, Miss Laverne Schnoor at the piano
 "Little Girl's Secret"—June Roberts
 Composition, "Twins"—Wanda and Wilhelmina Stiewig
 Violin solo—Shirley Bartlett,
 Mrs. I. L. Spratt at the piano
 "Betty's Blunders," one act—little sister, Betty Blue;
 sister's beau, Laurent Gordon
 Piano solo, "Somersaults"—Dolores Strebeck
 "Son Have You Washed?"—Jimmy Blue
 "Grace's Cake"—Evelyn Jackson
 "Leeta Rose," Italian dialect—C. B. Strebeck
 "Telephone Exchange at Needle-ton"—Sybil Fior
 "Soul of the Violin"—Eunice Cadell, accompanied by Josephine Tinner
 Presentation of awards—Mrs. Robinson
 "Four Little Maids at Tea"—Ada V. Shipley, Velma Springer, Hatty Ruth Cole and Joan Livingston
 Guests were greeted at the door by Misses Eunice Cadell, Sybil Fior and Betty Blue and C. B. Strebeck and Jimmy Blue. The class served tea to the guests who enjoyed an afternoon of rare pleasure in watching youngsters entertain with the poise of adults and the grace of real youth.

MISS DOROTHY GILMORE PRESENTED IN RECITAL

Miss Dorothy Gilmore was presented in recital by Mrs. Doris Welborne at the Baptist Church at 8 o'clock Tuesday evening. A violinist of recognition in the valley with a decided musical future, Miss Gilmore handled her program with adequate ease. Her poise and depth of feeling were ably expressed in the variety of her program. The brilliance of the concerto and the smooth liquid quality of the "Ave Maria" gave a definite evidence to the range of the young musician's ability.

For the last several years she has studied with Mrs. Howard Whitson, Mrs. Minna Glover and Mrs. Doris Deter Welborne. Mrs. Welborne is a pupil of Ludwig Seyer of Berlin Conservatory; Christine Thurlow, pupil of Leopold Auer, and Rogers Whitmore, pupil of Cheveth, and has been a teacher in the Pecos Valley for the last several years.

Miss Gilmore was assisted in her recital by Miss Dorothy Deason of Roswell, who also acted as her accompanist. Miss Deason, a musician in her own right, gave a group of contrasting numbers, playing the "Revolutionary Etude," Chopin, with fire and

brilliance remarkable for so small a pianist, and waltzes from "The Ballet Naila" with the delicacy of touch required by Delibes' sensitive music.

The church was beautifully decorated with spring flowers in floor baskets and vases. Mrs. Sam Williams, Miss Annadele Williams and Mrs. W. H. Gilmore were in charge. The rostrum background was complete in pastel shaded larkspur with the foreground a garden of pink and red roses. Baskets of gladioli and carnations were presented following the concert by Mrs. Welborne, the Fun Lovers Club and Mrs. Gilmore. By special request Mrs. Welborne sang a short number.

The program was as follows:
 Miss Gilmore
 "Hejre Kati"-----Hubay
 "Ave Maria"-----Gounod
 "Concerto in D minor," for two violins-----Bach
 "Concerto IX in A minor" in three movements-----De Beriot
 Miss Deason
 "Revolutionary Etude"-----Chopin
 Waltzes from "The Ballet Naila"-----Delibes
 Miss Gilmore
 "Coronado"-----Levy
 "Melody"-----Dawes
 "Danse Boheme"-----Fischel
 "Waltz in A Major"-----Brahms-Hochstein
 "Polish Dance"-----Severn
 The ushers were Eunice Cadell, La Verne Izard and Annadele Williams.

SUNDAY SCHOOL CLASS ORGANIZES AND ELECTS

The Friendly Chaps, a class of girls about 11 and 12 years old of the Methodist Sunday School, met Sunday to organize and elect officers. Betty Sue Hannah was chosen as president of the class with Betty Irene Tope as treasurer and Edna Cave as secretary and reporter. Miss Hilda Kietke has been the teacher of the class during the winter months. However, it is her plan to leave soon after the school year closes and Miss Peggy Brainard will take the class for the summer.

The class will meet at the church at 3 o'clock this afternoon with Miss Brainard. Plans for the summer activities will be discussed and announced later. All members are urged to keep this meeting in mind.

CLUBS AND SOCIETIES

Supper Club with Mr. and Mrs. Bowden, Jr.
 Members of the Thursday Evening Supper Club were entertained at the home of Mr. and Mrs. W. J. Bowden, Jr., last Thursday evening with a supper and contract games. Roses and snapdragons were used by the hostess in arranging her home and the tables. Guests were seated at small tables for four for the dinner and the games which followed.

High score for the evening was won by Mrs. Owen Haynes, besides whom guests were: Mr. and Mrs. Don Myers, Mr. and Mrs. Wallace Hastings, Mr. and Mrs. E. J. Foster and Mr. and Mrs. Howard Stroup.

Viernes Bridge Club
 The Viernes Bridge Club met Friday at the home of Mrs. W. J. Bowden, Jr., for the regular weekly session of contract. Mmes. A. L. Colvin, Joe Holyfield and Owen Haynes were substitute guests of the club. Members who were present were: Mmes. Boone Barnett, A. G. Glasser, E. J. Foster, Wallace Hastings, Frank Palmer, Dick Vandagriff, H. W. Clady and Andy Company.

High score was made by Mrs. Hastings with Mrs. Holyfield second high. At the close of the rounds of contract the hostess served a light refreshment course. Roses and snapdragons were arranged in the home.

Miercoles Bridge Club
 Miercoles Bridge Club members were guests of Mrs. A. P. Mahone Friday afternoon for their usual fortnightly contract party. The attractive rooms of the home were charming with early summer flowers. The usual round of contract was the pleasure of the guests and high score was made by Mrs. E. A. Metzger.

Mmes. C. R. Baldwin, E. A. Metzger and Cy Bunting were guests invited to fill the places of absent members and Mmes. Hollis Watson, P. V. Morris, C. M. Houk, H. A. Hamill, Elzie Swift, Raymond Bartlett and Lewis Story were the members present. In the later hours of the party, the hostess served a lovely refreshment plate.

Christian Women's Association
 The home of Mrs. Will Ballard was the place for the meeting of the Christian Women's Association last Thursday afternoon. The afternoon hours were taken up by the Bible study, which has been chosen by this group of church women, led by Mrs. Ballard. Fourteen members were present.

Announcement that the next regular meeting will be an all-day one with a covered dish luncheon at the home of Mrs. I. S. Reser was made. Refreshments were served by Mrs. Ballard and Mrs. Nathan Kelly, co-hostesses.

Nazarene Missionary Society
 Members of the Nazarene Missionary Society and their husbands met at the parsonage Tuesday evening for a social meeting and the election of officers for the coming year. Mrs. L. E. Askins, Mrs. D. A. Loucks, Mrs. L. J. Chester and a Mrs. Hilliard were hostesses.

Mrs. E. L. Paton, who has served as president through the year just past was re-elected. She will be supported by the following group of officers: First vice president, Mrs. Askins; second vice president, Mrs. Allen; secretary and treasurer, Mrs. L. J. Chester; superintendent of study and publicity, Miss Eleanor Clark; secretary of prayer and fasting league, Mrs. Fletcher Owen; secretary of "The Other Sheep," the Nazarene Missionary Society paper, Mrs. A. W. Wilde.

The Rev. E. L. Askins addressed the assemblage following the election of officers on their duties and responsibilities of office. An enjoyable social evening followed, during which time the hostesses served refreshments to more than thirty present.

Sewing Club
 Mrs. Don Myers was hostess to her Sewing Club in her home Tuesday afternoon. Large vases of larkspur, painted daisies and calendulas were used in making the home ready for the party. Those present were: Mmes. A. L. Colvin, E. J. Foster, Joe Holyfield, Wallace Hastings and Neil Watson, members of the club, and Mrs.

Cyril Stone, a guest. During the late afternoon the hostess served a delicious refreshment plate.

Thursday Bridge Club
 Members of the Thursday Afternoon Bridge Club enjoyed a pleasant covered dish luncheon and their usual contract game last Thursday at the home of Mrs. Charles Morgan. High score for the afternoon's games was won by Mrs. John Mann, who with Mrs. C. R. McDorman was a substitute guest.

Club members attending were: Mmes. A. M. Archer, M. A. Lapsley, Merrill Sharp, W. R. Schoonmaker and Howard Gissler.

Artwood Pirates Bridge Club
 The home of Mrs. J. O. Wood in the Ragsdale apartments was beautifully decorated with garden flowers for a party complimenting members and invited guests of the Artwood Pirates Bridge Club Wednesday evening. The club and guests enjoyed a pleasant evening at the contract tables and high score was won by Mrs. Lawrence Carroll, with Mrs. M. Murphy second high. Mrs. Carroll also received the lucky prize.

Refreshments, dainty and attractive, were served by the hostess in the late evening. Mrs. W. Doolan was an invited substitute guest. An extra table of guests included Mmes. Hary Fletcher, Roy Ingram, Kay Lydia and Miss Cecilia Rehberg.

CHURCH SOCIETIES

Methodist Missionary Society
 The Methodist Missionary Society met at the home of Mrs. E. B. Bullock last Thursday afternoon for the regular monthly literary program and short business session, with Mrs. Edd Enfield as co-hostess. At the business meeting, conducted by the president, Mrs. Reed Brainard, was a discussion of plans for a ranch dinner to be sponsored by the group in the near future. Committees were appointed and plans were completed.

A program on "Sixty Years in China" was led by Mrs. Nell Feemster. As a preface for the literary thought, Mrs. Feemster read a Scripture lesson from Matthew. A poem, which is an answer, "The House by the Side of the Road," was read by Mrs. Brainard. Mrs. Pat Gormley, Mrs. John Rice and Mrs. J. H. Walker appeared on the program with talks of interest and information concerning the afternoon's topic. During the social hour following the program the hostesses served a tasteful refreshment course.

Guild-Auxiliary
 The Guild-Auxiliary of Saint Paul's Episcopal Mission last Thursday afternoon held its final meeting until after the hot weather months have passed, at the home of Mrs. Terry Hornaday. The meeting was purely social, following reports of the year's work.

The organization has just completed a year of progressive activity, which has been marked by gains in every field. The membership shows considerable in-

crease, financial status is better than ever before, a more consistent aid to church and rector has been possible during the year with added members of the group and the meetings for the year have given evidence of this growth in attendance and interest in the programs and work. Mrs. E. N. Bigler will serve as chairman during the three summer months. A new altar book, recently purchased by the organization, has been placed in the church and a consecration service for it will be held soon.

The social meeting of the group was a real pleasure to the fine attendance of members present. After refreshments were served, the entire group called on Mrs. N. M. Baird, a member of the Guild-Auxiliary, whose ill health has forced her to relinquish active work in the organization. A bowl of flowers was the gift of the group to Mrs. Baird, and the hostess also took a refreshment plate to her.

Presbyterian Missionary Society
 The home of Mrs. Russell Rogers was the scene of the meeting of the members of the Presbyterian Missionary Society last Thursday afternoon. More than fifteen ladies motored to the country home for the meeting. The business meeting was presided over by the president, Mrs. R. G. Knodler. It was announced that the redecoration of the church interior, a project sponsored by the society, will commence at once. Committees appointed for duties concerning this undertaking were announced.

Mrs. E. J. Strang was in charge of the program for the day. The topic of "Latin America" proved an interesting and informative one. Mrs. Edward Paul led the inspirational devotional service. Refreshments were served by the hostess during the social hour which was the pleasure of the group during the late afternoon.

Locals

Noel Baker of McCamey, Texas drove over Sunday for Mrs. Baker, who had spent last week with her mother, Mrs. G. C. Kinder, Mr. Kinder and her grandmother, Mrs. Nancy Eipper. Another daughter and her family, Mr. and Mrs. Oral Lusk and daughter, Lucy Ann, of Hobbs were guests

also in the Kinder home Sunday.

Mrs. William Pistole and grandson, Bob, will leave Saturday for their summer cabin on the Ruidoso where they expect to spend the summer months. They will be accompanied by Royce Herndon for a week end visit at the Pistole cabin.

Miss Juanita Vandagriff, a niece of C. R. Vandagriff, came Monday from Reardon, Okla., and spent the night with Mr. and Mrs. Vandagriff. Miss Vandagriff was on her way with a group of twenty-five high school students to the Carlsbad Caverns and other points of interest.

Hollis Watson, mayor of Artesia, and Mrs. Watson and their children, Helen and Joe, expect to leave Sunday on vacation, on which they expect to visit Salt Lake City, Yellowstone National Park, Seattle, Wash., down the West Coast to San Francisco, and return by way of Boulder Dam. They will be home by June 15.

Plane Brings 428 Air Mail Letters Last Thursday

Three Stops Made Here, One Not Scheduled—Other Ties Are Received

Special air mail service in and out of Artesia last Thursday, as a feature of Air Mail Week, was a success, according to Jess L. Truett, postmaster, although there were so many changes in schedule it was difficult for the local postal force to keep up with them. Nationally, the experiment was successful likewise, with hardly a hitch.

The cooperation in putting over Air Mail Week in Artesia was gratifying to Mr. Truett, who expressed thanks to local business men for the interest shown. The splendid showing should add weight to activities towards getting a regular route from El Paso to Albuquerque by way of the Pecos Valley, the postmaster said. Other postmasters in close connection with Artesia are in sympathy with such a move, and John A. Werner of Albuquerque, state chairman of National Air Mail Week, wrote:

"I wish to offer my most hearty congratulations and the wish that the experiment will result in the expansion of the present air mail service to include you (Artesia) on a 'feeder' line or other arrangement which will give you the benefit of direct service."

Air mail was brought to Artesia three times last Thursday, but was routed out on only one plane. Two stops were scheduled, but Mr. Truett was authorized to deliver ties on only one of them, the northbound trip of Dr. W. N. Worthington of Roswell, who stopped at 11:03 o'clock and took off two minutes later, after exchanging pouches with the postmaster. Dr. Worthington previously stopped here at 7:28 o'clock on his trip south to Carlsbad and left a small tie. No mail was routed out.

Another plane, of which Mr. Truett had not been notified, landed at the local airport at 5:45 o'clock in the afternoon delivering a pouch on the return trip of the pilot, Charles Spencer, from Albuquerque to Hobbs.

Fourteen pounds of air mail were carried from Artesia by the northbound morning plane, eleven pounds tied for Albuquerque and three pounds for Roswell. There were 428 letters in the two ties.

On the early morning southbound plane, fourteen letters were received from Roswell and on the top of the tie was one addressed to D. I. Clowe, who has the distinction of being the first to receive an air mail letter in Artesia by direct airplane.

Dr. Worthington, prior to taking off from Roswell, mailed an air mail letter to Dr. W. S. Dando of Carlsbad, and then delivered it himself as pilot of the ship.

TAX DEEDS—

State Tax Commission to American Electric Co. lots 29 and 30, blk. 13, town of Malaga, \$11.59.

DISTRICT COURT—
No. 6708. Annie S. Ruark vs. Pete S. Ruark. Divorce.

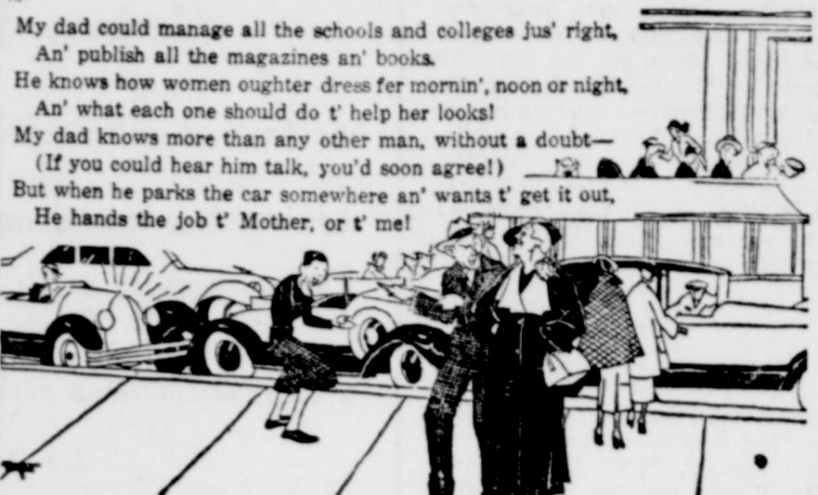

John Gates is in Dallas this week for clinical examination in the Samuell Clinic.

HE KNOWS EVERYTHING-- ALMOST!

by LAWRENCE HAWTHORNE

My dad knows more than any other man I ever saw About the way this Country should be run! He knows just when an' why they oughter make another law. He knows how tax reduction should be done. He always tries a murder case buffere the Jury does. An' knows just what the verdict oughter be— But when he tries t' start the car, an' doesn't get a buzz, He always yells fer Mother, or fer me!

My dad could be a bigger business-man than Henry Ford. An' make more money, if he wanted to! If he was in a bank, he'd be the Chairman of the Board. 'Cause he knows jus' what bankers oughter do. He'd be a better doctor than the smartes' in the land; The preachers would be pikers, too! But, gee, There ain't a thing about our car that he can understand. So he depends on Mother, or on me!

New Mexico Cuts Its Oil Allowable

Flow of New Mexico's oil began on a reduced schedule after the State Oil Conservation Commission slashed the daily allowable production from 103,900 to 91,000 barrels. Intended as a move to prevent crude oil price cuts, the reduction followed similar action by Texas, California, Oklahoma, Kansas and Arkansas. New Mexico's reduction, the second taken during the month, amounted to about fifteen per cent of the 106,000 barrels April allowable, against a 16 2/3 per cent reduction by other oil producing states. The reduction in New Mexico was made effective as of May 16. The reduction cut New Mexico's oil production below the state's lowest recent figure—92,800 barrels daily during January, 1937. The present figure compares with 111,000 allowed for domestic use and 3,000 barrels for export during May of last year. Based on the April allowable of 106,000 barrels, which included 3,000 for export, the state will lose more than \$20,000 in royalties because of the reduction, if the low production figure is in effect for a month.

Juan Wheatley, daughter of Mr. and Mrs. Rex Wheatley of 301 Roselawn Street, was among the six juniors recently honored for outstanding service to Occidental College in Los Angeles. She was "tapped" on Senior Class Day for "Dranzen," honorary senior society for women, by outgoing senior members. Miss Wheatley, a member of Alpha sorority and a featured soloist with the Women's Glee Club, is past Associated Women treasurer and president of the sophomore women.

Office Equipment—The Advocate.

Bridge Is Unsafe For Heavy Loads

The bridge across the Pecos River east of Artesia is not safe for concentrated loads of more than five tons or well distributed loads of more than ten tons, due to a weakened condition from heavy hauling, according to W. R. Eccles, highway engineer for district No. 2, State Highway Department. Mr. Eccles, in a communication to the Artesia Chamber of Commerce and several local firms which do heavy hauling, warned that the bridge has been materially weakened by some heavy loads, and that the steel stringers and floor beams have been sagged. As soon as a design can be worked up in the Santa Fe office of the department, Mr. Eccles said, temporary repairs will be made, which should leave the bridge quite safe for loads up to ten tons. The highway engineer said funds are not now available to build a new bridge this year, but as soon as they are, next year possibly, a bridge will be built which will take care of heavy loads to and from the oil fields. For the present, Mr. Eccles asks that truckers hold their loads to a minimum in order to avoid a serious accident.

Mrs. C. O. Brown returned Sunday from Albuquerque, where she attended graduation exercises of her niece. She also visited Mrs. Aletha Phillips, formerly of Artesia.

NOTICE

STATE ENGINEER'S OFFICE
Santa Fe, New Mexico, May 9, 1938.

Number of Application, RA-414 and RA-1146 Consolidated

Notice is hereby given that on the 6th day of May, 1938, in ac-

cordance with Chapter 131 of the Session Laws of 1931, Ida B. Hill of Lake Arthur, County of Chaves, State of New Mexico made application to the State Engineer of New Mexico for a Permit to Change Place of Use of 60 acres of Artesian water per annum appropriated from the artesian well located in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 36, T. 15 S., R. 24 E., N. M. P. M.; said change to be accomplished by abandoning the irrigation of 20 acres of land situated in the E $\frac{1}{4}$, Lot 7, Sec. 4, T. 16 S., R. 25 E., and by commencing the irrigation of 20 acres of land situated in the N $\frac{1}{4}$ S $\frac{1}{4}$ Sec. 36, T. 15 S., R. 24 E., said 20 acres of new land to be irrigated by artesian water only. Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the applicant with the State Engineer within ten days after the date of the last publication of this notice. The date set for the State Engineer to take this application up for final consideration unless protested is the 18th day of June, 1938.

THOMAS M. McCLURE,
State Engineer.
20-31-22

NOTICE OF PENDENCY OF CAUSE

THE STATE OF NEW MEXICO
TO:—The unknown heirs of James L. Moss, Deceased; and all unknown persons claiming any lien, interest or title adverse to plaintiff in the S $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 4; N $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 9; all in Township 17 South, Range 26 East, N. M. P. M., containing 160 acres more or less. **GREETING:** You, and each of you, are hereby notified that an action has been commenced, and is now pending, in the District Court of Eddy County, New Mexico, wherein W. J. Jackson is plaintiff, and you, and each of you, are defendants, said cause being number 6700 on the Civil Docket of said Court. That the general object of the action is to quiet title in the plaintiff, W. J. Jackson, against all claims of defendants, and each of them, to the following described tract of land in Eddy County, New Mexico, to-wit:

The South Half of the Southeast Quarter (S $\frac{1}{2}$ SE $\frac{1}{4}$) Section 4; The North Half of the Northeast Quarter (N $\frac{1}{2}$ NE $\frac{1}{4}$) Section 9; all in Township 17 south, Range 26 east, N. M. P. M., containing 160 acres more or less; and to bar and forever estop you, and each of you, the said defendants, from having or claiming any lien upon, or right or title to, the said premises adverse to the plaintiff, and to forever quiet and set at rest the plaintiff's title to said estate. If you, or any of you said defendants, fail to enter your appearance in said cause on or before the 30th day of June, A. D., 1938, judgment by default will be rendered in said cause against each of you so failing to enter your appearance; and the plaintiff will apply to the Court for the relief demanded in the Complaint. Plaintiffs' attorneys are Askren & Watson, and their office and postoffice address is Artesia, New Mexico.

Witness my hand and the seal of said Court on this 9th day of May, A. D., 1938.

R. A. WILCOX,
County Clerk and ex-officio Clerk of the District Court of Eddy County, New Mexico. (SEAL) 19-41-22

NOTICE OF PENDENCY OF CAUSE

THE STATE OF NEW MEXICO
TO:—Claude W. May, defendant, impleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to-wit: Claude W. May, if living, if deceased, the unknown heirs of Claude W. May, Deceased; Grace T. May, if living, if deceased, the unknown heirs of Grace T. May, Deceased; G. A. Beeman, if living, if deceased, the unknown heirs of G. A. Beeman, Deceased; Dr. A. A. Luther, if living, if deceased, the unknown heirs of Dr. A. A. Luther, Deceased; Clara I. Luther, if living, if deceased, the unknown heirs of Clara I. Luther, Deceased; L. A. Keller, if living, if deceased, the unknown heirs of L. A. Keller, Deceased; M. E. Ellis, if living, if deceased, the unknown heirs of M. E. Ellis, Deceased; M. E. Singleton, trustee for the Missouri State Life Insurance Company; and all unknown claimants of interest adverse to the plaintiff's in the premises hereinafter described. **GREETING:**

You, and each of you, are hereby notified that an action has been commenced, and is now pending, in the District Court of Eddy County, New Mexico, wherein the First National Bank of Artesia, New Mexico, a banking corporation, is plaintiff, and you, and each of you, are defendants, said cause being number 6695 on the Civil Docket of said Court.

That the general object of the action is to quiet title in the plaintiff, the First National Bank of Artesia, New Mexico, a banking corporation, against all claims of defendants, and each of them, to the following described tract of land in Eddy County, New Mexico, to-wit:

Lots Twelve (12) and Thirteen (13) of Section Four (4), Township Sixteen (16) South and Range twenty-five (25) East NMPM, containing eighty (80) acres, more or less, according to the U. S. Government Survey of same; together with, and water, arising to or heretofore used on said land out of Cottonwood Creek, also ditch right-of-way from said Cottonwood Creek, now being used to convey the water from said creek to and upon the above described land; and to bar and forever estop you, and each of you, the said defendants, from having or claiming any lien upon, or right or title to, the said premises adverse to the plaintiff, and to forever quiet and set at rest the plaintiff's title to said estate. If you, or any of you said defendants, fail to enter your appearance in said cause on or before the 24 day of June, A. D., 1938, judgment by default will be rendered in said cause against each of you so failing to enter your appearance; and the plaintiff will apply to the court for the relief demanded in the Complaint.

Plaintiff's attorneys are Askren & Watson, and their office and postoffice address is Artesia, New Mexico. Witness my hand and the seal of said Court on this 3rd day of May, A. D., 1938.

Hope Items

Mrs. Oliver Scoggin entertained at her home Sunday noon with a covered dish dinner honoring the birthday of Mr. Scoggin. About fifty guests were present to enjoy the day.

Ladies from Hope who attended the cooking school in Artesia Monday and Tuesday were Mrs. E. C. Hawkins, Mrs. Bonnie Altman, Mrs. Irvin Wathen, Mrs. Virgil Craig and Mrs. Irvin Cox.

Dick Wagersmith, of Amarillo, attended to business in the Resettlement office here Tuesday and Wednesday.

Mrs. N. L. Johnson and daughter, Marjorie, drove to Dexter Friday evening to attend the commencement exercises of the Dexter High School.

Mrs. Jim Clements is in Roswell where she is under medical treatment. She will be there several days.

Alma Lane, who taught in the schools here the last year, left Saturday for her home in Lake Arthur where she plans to be for a few days before going to Silver City where she will attend summer school.

Lawrence Menifee, son of Mr. and Mrs. J. P. Menifee, returned to his home here Thursday to spend the summer with his parents, after completing a year of teaching at Garfield.

Walter Bishop has assumed the responsibilities as clerk in the office of the Resettlement here.

Mrs. Mark Brewer, who has been in Albuquerque several days visiting Mr. Brewer, returned to her home Sunday. She plans to leave soon for Albuquerque where she will make her home.

Roberta Chambers, who was among the graduates of the high school this year has gone to Cottonwood where she will be with her parents, Mr. and Mrs. Fred Chambers.

Mr. and Mrs. C. G. Prude have been ill here this week.

Mrs. Pearl Charles, of Santa Fe returned to her home Monday after having spent several days here with her parents, Mr. and Mrs. C. G. Prude.

Among the graduates of N. M. M. I. this year will be David Edmond Runyan, son of Mr. and Mrs. Tom Runyan, of Lower Penasco.

Mr. and Mrs. Don Riddle left the early part of the week for Silver City where Mrs. Riddle will spend the summer. Mr. Riddle will attend the University at Albuquerque before returning to Hope, where he will continue his coaching duties next fall.

Mr. and Mrs. Lon Hunter, of the Cauchope ranch, were in Hope attending to business Tuesday.

Members of the Hope faculty plan to spend their summers in various places, some of them remaining in Hope, some attending summer school, and some have indefinite plans. Mr. and Mrs. E. C. Hawkins have not made plans for the summer, Mr. and Mrs. Frank Curry will stay here to continue work on agriculture projects in Mr. Curry's line of work, Miss Lane will go to Silver City for school, Miss Muncy is attending summer school at the University of California, Berkeley, Miss Crockett, Miss Rood, Miss Johnson, Mr. Riddle and Mr. Young have made plans to attend the summer session at the University of New Mexico at Albuquerque.

Mr. and Mrs. Williams of the potash mines near Carlsbad visited here Sunday with Mr. and Mrs. Pete Jackson.

Richard Westaway and Xury White, of Carlsbad, were in Hope Monday attending to business.

Wilhelmina Wilburn, who has been attending the Junior College at Portales, became ill there last week, and was brought to the hospital in Carlsbad where she spent several days. Her mother, Mrs. Buck Wilburn, brought her to her home here Monday.

Mrs. Charles Walker and infant son, Charles Robert, left Monday for Missouri where they will spend a month visiting Mrs. Walker's parents.

Ivy Payne, former Hope resident, who has been teaching at Lincoln, was here Saturday visiting relatives and friends.

Mrs. Hal Hammil and little

daughter, Phid, spent Tuesday here visiting Mrs. Hammil's parents, Mr. and Mrs. Hilary White.

Mr. and Mrs. Irvin P. Murphy and daughter, Josephine, drove over from Hot Springs Thursday to attend the commencement exercises. They returned to their home the same night. Mr. Murphy is a former superintendent of Hope.

Roy Baker of Ft. Worth, Tex., visited here Wednesday and Thursday with Mrs. N. L. Johnson and family. Mr. Baker lived here many years ago.

LOCALS

Mrs. Perry Hill and son, Billy, left last week for El Paso for an indefinite visit at the home of Mrs. Hill's mother, Mrs. M. Blain.

Joe Johns of Carlsbad, a member of the state tax commission at Santa Fe, was in Artesia Monday on business.

Mrs. Pauline Carper left the latter part of last week for a visit in Blackwell, Oklahoma, with her sister and family.

Mrs. Laura Watson and Oscar Samuelson were accompanied by Mr. and Mrs. Joe Hamann trout fishing over the week-end.

Mr. and Mrs. Henry Caudle of Hobbs, former residents of Artesia, Miss Catherine Ragsdale and T. A. Caudle fished on Bonita Creek over the week-end.

Mr. and Mrs. H. W. Clady and Mr. and Mrs. Boone Barnett attended the funeral of Willard Pra-

ger in Roswell last week. Mr. Clady and Mr. Barnett, members of the Artesia Masonic lodge, were representatives of the lodge here at the Masonic rites for Mr. Pra-

ger.

Local fishermen have been having unusual luck on the Penasco River since the opening of the trout season. Catches up to sixteen inches have been reported. The stream has been stocked in recent years, with a large number placed in the water there last year.

Boone Barnett, manager of the Big Jo Lumber Company yard here, and Ed Bowens, and "Chick" Phillips attended an all-day factory zone paint school in Roswell Sunday, conducted by Harold Johnston of Lincoln, Nebr., and Harry Constant of Wichita, Kan.

Mr. and Mrs. Ben Daugherty of Tulsa, Okla., made a short visit here with Mr. and Mrs. O. S. Matteson Friday on their way to the Carlsbad Caverns and other points. Mr. Daugherty is a cousin of Mrs. Matteson.

Mrs. Fred Brainard returned Friday from New Orleans, La., where she spent seven weeks under the care of specialists. She is greatly improved in health. Mrs.

Brainard visited her mother, Mrs. J. H. Holman, of Minden, La., on her return trip.

Mrs. Cash Austin left Monday morning for her home in Farmington, New Mexico, after a visit of five days with her mother and sister, Mrs. Jeff Hightower and Mrs. Stanley Blocker, who took her as far as Roswell by automobile. She was to continue from there by bus.

Milton D. Haines, son of Mrs. Ruby B. Sharp, who went to Denver a short time ago to study refrigeration and air conditioning, has completed his course and is now employed by the Multi-Arts Company in Denver.

Mr. and Mrs. W. F. Collins and baby son have gone to San Antonio, Texas, to visit Mrs. Collins' parents, the Rev. and Mrs. Edgar Johnson, for two weeks.

Miss E. Hamilton and sister, Miss Louise Hamilton, were guests of their brother, Gail Hamilton, and his family over the week end. Miss E. Hamilton left Tuesday for her home in Seattle, Wash. She has been visiting in Illinois and stopped over in New Mexico to visit relatives here. Miss Louise Hamilton returned to her work in

A Beauty Bath that Insures Daintiness

Naturally, the place to turn to for a tip on the perfect beauty bath is Hollywood. Contrary to what some people think, screen stars work very hard, and they must look their best all the time. For their beauty baths, they use a soap with ACTIVE lather that's most refreshing—and has the added advantage of insuring daintiness.

Fill your tub full of warm water (body temperature is the ideal). Get into it and relax for a minute or two. Then reach over for a nice fresh cake of the screen stars' soap. Cover yourself all over with its rich, ACTIVE lather. This ACTIVE lather rids the pores of stale perspiration, every trace of dust and dirt. Wring out your washcloth in cool water and pat it on yourself—especially your chest and back. A good brisk rub with a Turkish towel, and you'll feel alive and refreshed—even after a hard day's work.

This beauty bath is a wonderful substitute for a beauty nap—what's more, it makes you sure you're dainty—leaves a delicate, clinging fragrance you'll love.

Dorothy Lamour, whom you see below as she looks in her own bathroom, tells you: "Daintiness is a

DOROTHY LAMOUR—Paramount Star

charm that always wins. Don't risk offending against it. Lux Toilet Soap's ACTIVE lather leaves skin really sweet—delicately fragrant. It's the best way I know to insure daintiness."

The Screen Stars' Complexion Care

Like 9 out of 10 other lovely screen stars, Dorothy Lamour guards against Cosmetic Skin with this inexpensive soap. Its ACTIVE lather prevents pore choking from dust, dirt and stale cosmetics. Pores choked in this way cause the dullness, tiny blemishes, enlarged pores that mean Cosmetic Skin. Screen stars use Lux Toilet Soap because they know they can't afford to risk this modern complexion trouble. And neither can any other woman who wants to be admired.

the Carnegie Library at Roswell Monday.

Miss Abbie Durand returned Tuesday from a week's vacation spent visiting in Lubbock, Texas. The second week will be spent with her parents here.

Typewriters for Rent—The Advocate.

Find New Way To Forecast Tremors

New methods of predicting earthquakes in California have been under study for the last eight months by a group of engineers, it became known recently.

The method, according to an announcement made in the Engineering News-Record, is based on the "taking of the pulse" of known earthquake faults. By means of delicate microphones the engineers have been listening to the vibrations originating deep in the earth, and have been comparing these noises with seismic movements.

Since last October, a party has been at work on the San Andreas fault. Several deep unused wells have been developed into listening posts. The relationship between the sounds heard along the wells on the fault and the movements of the earth are being established, it was reported.

Miss Hazel Luck has as her guests this week her sister, Miss Mary Lou Luck, of Alto.

Mrs. Margaret Ellis and Miss Ethel Olsen were Roswell guests Tuesday.

Explorer Harkness is Only Panda-Capturer

Not content with capturing ONE giant panda, Explorer Ruth Harkness has brought to America TWO giant pandas. With energy and drive this Great American, Mrs. Harkness, has succeeded in doing what numerous other explorers had failed to do. She captured a live panda, kept it alive, and brought it safely to America.

When Explorer Harkness discovered the first baby panda, Su-Lin, it weighed but 24 pounds. Today it is one of the most interesting animals in captivity, is valued at about \$10,000, and will soon weigh 200 pounds. The second panda, Mei-Mei, which Mrs. Harkness brought to America early in 1938, is expected to contribute much to the scientific knowledge of panda life, and will eventually weigh as much as Su-Lin.

Because of her contributions to science, Mrs. Harkness is hailed as America's Ace Woman Explorer, and is regarded as one of America's greatest women. So many active people find that Quaker Oats, with sugar and cream, is a wonderful source of food energy and that its rich supply of Vitamin B helps one in combating nervousness, indigestion and poor appetite. A Great American—Explorer Harkness—says, "I consider Quaker Oats a splendid breakfast for active people."

Robot Drills Oil Wells Two Miles

The oil industry has a new robot which digs wells two miles deep, automatically, with three push buttons.

About the size of an automobile, the new machine was shown at the International Petroleum Exposition at Tulsa, Okla., last week. Its job is to hold and operate the mile or more of drill pipe, weighing up to 75 tons, that bores a well.

It does not displace any of the human crew, but does what no man has done in drilling a well. It gets rid of the effects of oil well jitters.

These jitters are a bouncing movement of the huge length of drilling pipe. They are known in oil parlance as the "bouncing bit."

There are two explanations. One is that pipe, a mile long and rotating, bends at times in rhythmic waves. The other is that the bit slips over rocks in the side of the well.

The human oil well digger sees this bouncing on a dial. But the dial needle swings to and fro over a range of 12 tons and vibrates so fast the operator cannot see clearly the exact weight on bottom.

The new robot has no such trouble. He has not eyes but "feels" the true weight of bit on bottom through a little hydraulic piston.

The three push buttons press down, lift up and stay steady. The "press" button makes the robot increase the weight on the bit at the bottom of the well. The "lift" button makes him draw the drilling pipe up. The "steady" button causes him to hold the pressure of the bit automatically unchanging, through jitters and through the varying degrees of hardness in rocks.

W. A. Loomis, designing engineer, of the Oil Company Specialties Company, Coffeyville, Kan., who has worked on oil rigs with the sweat rolling down his face for many a year, sat in an easy chair at the exposition, with the three push buttons on a board the size of a small envelope in one hand.

With one finger on the buttons, he showed how easy it is to operate the robot.

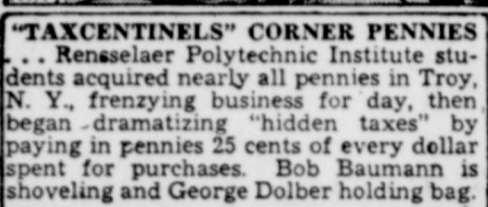

People and Spots in the Late News

THIS WAS BARCELONA... Once one of world's loveliest cities, Barcelona was largely reduced to rubbish heaps after Spanish rebel bombings. Many apartment buildings were badly demolished as shown below; exact death toll may never be known.

PRESIDENT'S SON STEPS OUT... John Roosevelt, the president's youngest son, and his fiancée, Miss Anne L. Clark of Boston, like most young folks, enjoy cabaretting; they are pictured here in New York night club.

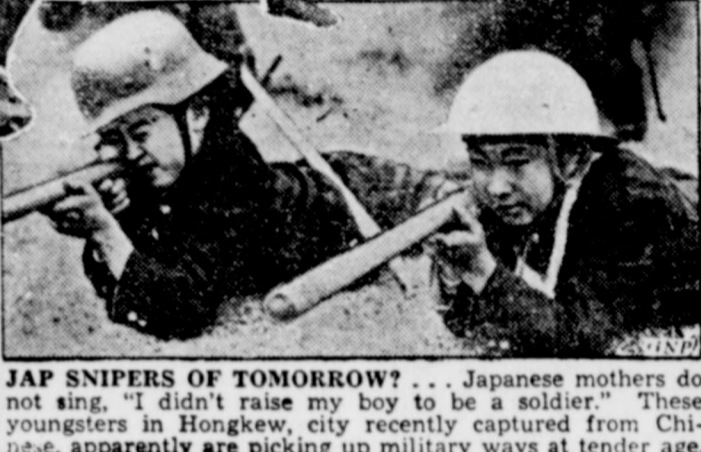

"TAXCENTINELS" CORNER PENNIES... Rensselaer Polytechnic Institute students acquired nearly all pennies in Troy, N. Y., frenziedly for day, then began dramatizing "hidden taxes" by paying in pennies 25 cents of every dollar spent for purchases. Bob Baumann is shoveling and George Dolber holding bag.

CALORIES IN COIFFURE... Sophie Duncan of New York City wears new "Upward Trend" hairdress, trimmed with onions, string beans, radishes and carrots. (Note: That's not dandruff; it's fertilizer.)

IMPORTANT FELLER... Eyes of baseball world, with new season opening, will again be on sensational Bob Feller, youthful speed-ball king, who may pitch Cleveland Indians to pennant if Yanks continue pre-season slump.

JAP SNIPERS OF TOMORROW?... Japanese mothers do not sing, "I didn't raise my boy to be a soldier." These youngsters in Hongkew, city recently captured from Chinese, apparently are picking up military ways at tender age.

A man can put one hand on this robot and with the strength of his arm lift the tons of drill pipe in the well. Oil men scarcely believe their eyes, Loomis said, when they see this stunt.

The lifting part of the robot is a screw jack. In working, it is motor driven.

This robot in tests has drilled wells down to 8,000 feet, and been subjected to the handling of 36 different crews.

Lakewood Items

The largest crowd since the organization attended the Lakewood P. T. A. Thursday night, May 19, at the school house. The program consisted of several musical numbers and readings by the primary and intermediate grades, a violin-guitar duet by Lyda House and Jim Scarborough, a reading by Lorene Angell, a vocal quartet by Rose Catherine Hughes, Lenora Burrows, Irma Dean Heard and Claude McGonagill, and a men's trio by E. B. Hughes, Gr. Hunt, and Dale Floyd. The committee arranging the program were Mrs. Jim Moutray, Mrs. Olen Hawkins and Mrs. Ernest McGonagill.

The association voted to continue the monthly meetings during the summer vacation. The next meeting will be on the last Thursday in June.

PROMPT RELIEF

About the most popular method of farm relief is selling the place to a country club. — Louisville Times.

Col. William Pistole, who has been a bedfast patient for several months at William Beaumont hospital at Fort Bliss, El Paso, Texas, was able to get into a wheel chair during the last week and he is reported to be able to walk around a bit this week.

IT TAKES A STAR TO PLAY THE LEAD in the Motion Picture Cooking School!

The story of "Star in My Kitchen" wouldn't ring true if flour of uncertain quality were used in the baking scenes. It takes a flour like Pillsbury's Best to assure the fine baking results that give point to the story.

And in your own kitchen, it's just as important to use fine flour if you want your baking to turn out perfectly — every time.

Pillsbury's Best gives superior results because the wheats that go into it are tested and blended with scientific precision — and because its quality never varies.

Why take chances when Pillsbury's Best Flour costs so little more per recipe? Ask your grocer for Pillsbury's Best!

Speed Is Cause of Deaths on Hiway

Temperate drivers are giving the state police more trouble than drunks at the wheel. That is a fair conclusion to be drawn from the April report, given out by Chief E. J. House, Jr., showing that in only four of the sixty-three accidents investigated during the month was the driver "high."

In two words—high speed—is the chief cause of death and bodily injuries on the highways, in the police opinion. And, commenting on the report, the chief said, drivers offending in this respect are far more often than not "cold sober"—at least insofar as alcoholic stimulation is concerned.

Since January 1, there has been only one fatal accident in New Mexico for which whisky could be blamed, according to the police records.

Including ten fatal accidents last month, in which twelve persons were killed, there have been thirty-six during the first four months of 1938, causing forty-two deaths.

All told, there have been 252 accidents since the first of the year, including April's sixty-three. In all but seventeen cases the drivers were sober.

The showing not only of the April but past monthly reports is that the percentage of intoxicated drivers in New Mexico is lower than in most states—of those with whom the police come in contact.

"It seems to be a characteristic of New Mexicans when they get plastered to take it easy in driving," said Sergeant H. K. Dalbey. "They drive slowly but wobbling all over the road and before they can get into trouble somebody reports them and we pick 'em up."

In twenty-three of the sixty-three April smash-ups only one car was involved. That is one of New Mexico's weaknesses—lone-car accidents. In this classification New Mexicans take a commanding position in comparison with other states' drivers, perhaps because of the highway contours and, the police add, fatigue. In trying to account for this they again have to look elsewhere than into the little brown jug; only one of the twenty-three drivers just mentioned came to grief because of a "high lonesome."

The police made 297 arrests in April. Of these, sixteen were for drunken driving and fourteen for riding with a drunken driver. Thirty-nine were for reckless driving.

Convinced that uncontrolled driving is responsible for far too many of the highway casualties, the police are now in a position to do something about and are going to do something about it. From now on the monthly reports are expected to show considerably more than fourteen arrests for this cause.

The state highway department has put limits on practically all the main highways, and the police are enforcing the new regulation where signs have been posted. The posting is not yet completed, but when it is the police, they believe, they will have another means further to reduce the monthly toll in dead and maimed.

More arrests were made for lack of driver's licenses than any other one cause—sixty-three.

Police collections for the four months total \$111,528, including fines and court costs. At this rate they will have taken in an amount equal or greater than their year's budget (\$138,000) before the fiscal year is half gone, by the end of June.

During April thirty-three men patrolled 37,591 miles by motor cycle at an average cost of less than one and a half cents a mile.

The police recovered eleven autos valued at \$3,719 and other property valued at \$355 during the month, making the record for the four months—thirty-eight autos valued at \$16,974 and other property valued at \$1,925.

Livestock driven off the highways numbered 1,348 head, making 2,600 for the year so far; motorists assisted in April numbered 205, making 435 for the year—anything from changing a tire to traveling twenty miles to get a gallon of gasoline.

Scientists Find Many New Stars

The universe was expanded infinitely, at least in thought, at a symposium on its physical nature, from primordial particles like cosmic rays to super galaxies, which was opened by noted world physicists recently at the University of Notre Dame, at South Bend, Indiana.

Dr. Harlow Shapley, director of Harvard Observatory, reported for the first time on a new census of the heavens which reveals 300,000 unpublished galaxies of stars. When this survey is completed, it is definitely known now, this number will be doubled. Until now the catalogs have had less than 50,000 galaxies.

The Earth's galaxy is the Milky Way system. There is a group of super galaxies around this, but this group makes a very small system. With the naked eye only two or three of the outside galaxies can be seen in the Northern Hemisphere and from the whole Earth only about half a dozen are visible. The majority of the 300,000 new ones are so faint they cannot be seen with the telescope, but they can be photographed.

The Virgo super galaxy, Dr. Shapley said, is the most important one to the Earth. It is less than 10,000,000 light years away. It is an oval-shaped cluster which contains about 300 smaller galaxies.

It is not necessary on the basis of existing observations, Dr. Shapley said, to abandon the expanding universe theory. The author of this theory, Canon Georges Lemaitre of the University of Louvain, visiting professor at Notre Dame, was one of those at the symposium.

It has been noted in the spectra of the galaxies (photographs broken into wave lengths denoting color) that the galaxies are becoming more and more red. This red shift is supposed to indicate recession. If a galaxy is a million light years away it is receding at the rate of 100 miles per second. Other astronomers have proposed that a new principle of physics was at work here, something unknown to man, but Shapley and his co-workers are still leaning to the theory of an expanding universe by this interpretation.

ROBERTSON WILL SPEAK AT BANKERS' CONVENTION

J. E. Robertson, vice president of the American Bank at Carlsbad, will give the response to the address of welcome at the convention of the New Mexico Bankers' Association at Gallup, June 3-5.

The address of welcome will be given by Gallup's Chamber of Commerce president, C. H. Baird. Robertson is chairman of the agricultural committee of the state association.

HOTEL MEZZANINE NOW PROVIDES OFFICE SPACE

The mezzanine floor of the Artesia Hotel, where card games have been enjoyed heretofore by women, has been rearranged for offices. A two-room suite will be occupied as the office of the Carper Drilling Company, moving there from the office to the right of the hotel's front door. Bill Chaney will occupy the space vacated by the Carper Drilling Company.

TAKE IT... or LEAVE IT!

'whoppers' from field and stream by IROQUOIS DAHL

Okay... doubt our word if you wish! But here's the most fascinating series of yarns ever concocted, true-life tales brought back from hunting and fishing expeditions by sportsmen who wouldn't dare stretch the facts—much! You'll find "Take It or Leave It" regularly in these columns... we bet you'll watch for it, too.

YOU'LL ENJOY THIS FEATURE!

Lower Penasco (Mary Sunbeam)

Will Paxton visited at the R. E. Bates home one day last week.

Mr. and Mrs. Jack Vickers of Sacramento visited in this community Sunday.

Fred Griffin, Sr., and son, Willard, and family went to Alamogordo Monday where Willard consulted a doctor.

Mrs. Lee Goss and son, Truman, from Cox Canyon visited in the Peterson home Sunday.

Earl Paxton took Mr. and Mrs. A. C. Trotter and daughter to El Paso the first of the week, where Mary Joe was to get treatment and possibly enter the Carrie Tingley Hospital.

Several from here attended a special frolic at Cox Canyon School Saturday night.

Claude Stone of Alamogordo is with his brother, Buddie, and family on McDonald Flat this week.

Mrs. Chester Cook and her father, Mr. Trotter, who were here for a few days visiting A. C. Trotter and family, left for their home in Albuquerque last week. O. J. Trotter drove them through, returning Thursday.

The hill country continues to need rain. Stock people on McDonald flat are already having to haul water for quite a distance.

George Webb and Johnie Nihart of Lake Arthur were in this community the middle of last week. Mr. Webb used to live in the Dun-

to many people on the Penasco. Buddie Stone of McDonald Flat was in Alamogordo for several days last week on business and visiting relatives.

Mr. and Mrs. George Gage were hosts to a number of friends, entertaining them with a barbecue Sunday evening.

Farmers on the river are having a bad time with their cabbage beds. About the time the young plants come through the ground, there is a small black bug that resembles a flea that calls in all its relatives and acquaintances and they soon have them eaten up, causing a number here to have to replant. Now here is an idea: If anyone knows of a book entitled "Etiquette," written in bug language, we believe the Penasco would be a good place to try it out and see if these little bugs would be a little more polite.

Mrs. Lawrence Evans, who has been in poor health for some time, is reported as not being as well as usual. She has been instructed to remain in bed for several months.

Van Foster of Artesia was up last week visiting his brother-in-law, a Mr. Wake, who lives on Blue Water.

Mrs. Tempie Wootsen is gradually improving from a recent serious illness.

Delbert Stanhope of Artesia was in this community one day last week. He had made a trip to Alamogordo.

Many and Varied Are Summer Plans Of Local Faculty

Superintendent Kerr Will Remain Here, But Many Will Leave Soon

Many and varied are the plans for the summer of faculty members of the Artesia school system. Interviewed by Miss Ruth Bigler, secretary to W. E. Kerr, superintendent, their summer intentions were disclosed, running from quiet vacations here or in some other cities to classes in numerous schools, even as far away as New York City. Many will leave within the next few days.

Mr. Kerr himself will remain in Artesia, kept busy during the summer with the completion of the new high school. C. D. Marshall, principal of the high school, will visit Mrs. Marshall's parents at Ft. Towson, Okla., and then return to Artesia.

The other faculty members and what they intend to do, or where they intend to go, are as follows: Miss Fannie Woodruff—Teach at University of New Mexico.

Miss Beulah Strang—Hobbs. Miss Lucile Morris—Las Vegas to school; California in August; New Mexico Normal University.

Miss Corrinne Puckett—Undecided. Miss Hazel Luck—Home in Alto, New Mexico.

Mrs. Nellie Hamann—To Las Vegas.

Miss Mary Woods—California vacation.

Miss La Rue Mann—University of New Mexico.

Miss Isabelle MacDonald—Undecided.

Miss Merrill Bradley—Home in Kirksville, Missouri; might go to Mexico on educational tour.

Miss Kathleen Newman—Las Vegas to school; New Mexico Normal University.

Miss Jennie McCormack—Undecided.

Mrs. Annie L. Davidson—Santa Fe, New Mexico, with her son and daughter.

Miss Flora Dunlap—Columbia University, New York City.

Miss Lois Laverne Schnoor—Northwestern University, Evanston, Illinois.

Mrs. Anne Kinder—Ruidoso.

Miss Pearl Naanes—University of New Mexico.

Miss Hildegarde Kletke—Columbia University, New York City. Miss Augusta Merrill—School in Colorado. Miss Ruth Collie—Texas Tech, Lubbock. J. Clark Bruce—Illinois for a visit, then to school, undecided where.

L. C. Reynolds—Undecided. Miss Edna Drury—Kansas University.

Robert Luke—University of Denver. Miss Alma Felix—University of California, Los Angeles.

Arvel Branscum—Texas Tech. Joe Greeno—Yanktown, South Dakota, to play ball.

E. L. Harp—New York City. Miss Linna McCaw—University of New Mexico or Texas Tech. Mrs. Leone French—Albuquerque, New Mexico. James L. Allen—Remain in Artesia.

Mrs. Margaret Bildstone—Denver, Colorado; may go to Denver University.

Mrs. J. J. Breaker, who makes her home in Artesia with her son, Fred Breaker, left Sunday with another son, James Breaker, for an extended visit in his home in El Paso, Texas.

Fire Ruins Lunch Stand on Highway

The lunch stand of E. L. Knight on the north highway was gutted by fire Friday afternoon, probably started from an oil stove. Practically all of the personal belongings of Mr. Knight, who lived in the rear, were lost.

The proprietor had stepped out for a moment, going to the place of a neighbor, when the fire was discovered.

A fire alarm at 4:30 was followed fifteen minutes later by a call for the second truck and each used the small hose streams from reservoir tanks, which were supplied with water from a well and which took turns returning to town for refills, when both could not be supplied readily enough at the scene.

Another blaze was discovered at the ruined lunch stand at 12:15 o'clock Friday night, smoldering embers having burst into flame. Firemen quickly had it extinguished.

Dr. H. A. Stroup, son Paul, daughter-in-law, Mrs. Howard Stroup, and young daughter, Miriam, left this morning for a two-week vacation. They expect to visit relatives of Mrs. Stroup in Kansas, the Doctor's son, Harold Stroup, and his wife in Kirkwood, Mo., and another son, Dr. Clayton Stroup and his wife and children in Flint, Michigan.

Mrs. Nancy Eipper and her daughter, Mrs. G. C. Kinder, will go to Ruidoso Saturday to spend the summer at the Eipper cabin. Mr. Kinder will accompany them up for the week end in the mountains.

Mr. and Mrs. John Lanning and Mr. and Mrs. Charles Martin and families will leave Friday for the White Mountains on a short fishing trip.

TALKS ENTHUSIASTICALLY ABOUT NEW SALT ROADS

A. W. Goodrich, of Kansas City, while in Eddy County Monday, was enthusiastic in describing the salt stabilized roads which have been installed recently in several states. He said the roads cost about one-half the price of regular concrete roads and assure easy driving in wet weather.

Held in Killing—
(continued from page 1)

on it, he said.

Babe Campbell, deputy sheriff, said he found everything in the house in good order. He testified that he found two large splotches of blood on the bed, about one foot from the pillow, and two .32 calibre shells, one on a counterpane near the bed, and one in a chair near the foot of the bed.

Dr. J. W. Hillsman, who examined the body, said Mrs. Flaco was dead when he arrived. He said the body lay on its back on the floor.

Either of two wounds could have been fatal, Dr. Hillsman testified. He said powder burns were on the jaw and on the hand, indicating she held her hand between herself and the gun when one of the shots was fired. One entered the jaw, came out through the neck, entered the body again near the base of the neck, coursed through the body and imbedded itself in the back. Another shot entered the chest, pierced the heart, and imbedded itself in the back.

All testimony of neighbors was that Mrs. Flaco was a woman who stayed at home and minded her own business, that she was a neat housekeeper, and never entertained visitors.

After the shooting, witnesses testified Flaco took his baby and drove away in his truck.

A nine-year-old daughter, Josephine, was in class at South School. Mrs. Flaco's body was taken to Roswell, home of her mother, for funeral services and burial Sunday.

The Flacos had lived in Carlsbad fourteen years. He was employed on the Carlsbad Beach Park project.

SOME FRIENDLY ADVICE TO FISHERMEN ANTICIPATING FISHING AT ALVADO DAM

Don't be misled and step over the line 1200 feet below the dam. The line crosses a rock seven feet wide in the center. It is legal to fish on the south half of this rock. Beware in casting to keep your elbow on the right side of the line.

There are at least four wardens watching for you to make this slip at a minimum cost of thirty dollars and a maximum cost of over a hundred dollars to you. When about to pitch your tent on any of the desirable places, stop, look and listen. You will soon be informed that you are on private property. The charges are twenty-five cents a person, including babes in arms, for the privilege of the camping grounds.

Beware of having more than an ounce of fish over the legal limit. The fish will be weighed every few minutes and a request made to show your license. It is quite evident the head of the game and fish department does not approve of the recently organized Sportsman's Game Protective Association. He says The line crosses a rock seven feet wide in the center. It is legal

WM. T. HALDEMAN, Pecos Valley Farmer

NO PRESSURE?

• Just like your water service, electricity is delivered to your home at suitable pressure—(the electrical term is voltage).

• You expect water to flow at full pressure from every water faucet in your home. When you don't get it, there's a hurry call for the plumber.

• But what about your electric service? Your lamps and appliances need this full voltage for their satisfactory operation. Are they getting it? Or does inadequate home wiring choke off their supply of energy, as it flows from the meter to the outlets?

• Adequate wiring has a large enough core of copper to deliver electricity at full voltage to each outlet, and give you the full use of the electricity you pay for.

• An adequate home wiring system also provides enough lighting and convenience outlets, and switches, for your complete comfort and convenience.

• Inquire about adequate wiring
