Mullettes Second, Mules Third In Meet

Clovis Boys, Girls Take Top Honors

For the first time in many years, Muleshoe played host to an invitational track meet on their home track, officially 'breaking in' their all-new track at Benny Douglass Stadium at Muleshoe High School.

Last Saturday, the weather cooperated beautifully, and at least eight area schools participated in the all day event.

Clovis Boys and Girls waltzed away with top honors, with the Muleshoe varsity girls placing second and the Muleshoe boys varsity placing third in their respective events.

Clovis girls far out-distanced the field with 181 points; Muleshoe had 114; Abernathy, 112; Denver City, 71; Olton, 42; Lazbuddie, eight and Muleshoe II, one point.

In field events for the girls, it was as follows:

DISCUS

Keri Martin, Clovis, 101'6"; Joy Muller, Olton, 98'5"; Monica Swint, Muleshoe, 88'9"; Vickie Horton, Denver City, 82'5 1/2"; Liz Hall, Clovis, 81'3 1/2"; and Kim Strawn, Denver City, 81'2".

SHOT

Vickie Horton, Denver City, 33'8"; Keri Martin, Clovis, 33'1"; Joy Muller, Olton, 33' 1/2"; Kim Strawn, Denver City, 30"; Loraine Wilson, Clovis, 29'8"; and Liz Hall, Clovis, 29'.

LONG JUMP

Tracy Pope, Abernathy, 16'-8 1/2"; Gina Morris, Clovis, 15'10"; Dione Hardin, Clovis, 15'8"; Mary Lou Bastardo, Muleshoe, 15'4"; Debra Wesley, Abernathy, 15'1"; and Amber Green, Muleshoe, 14'-7 3/4".

GRASS FIRES CREATE PROBLEMS FOR FIREMEN--Sunday and Monday, members of the Muleshoe Fire Department have been kept busy running back and forth to grass fires. The very dry conditions have created multi-problems for the fire department. This grass fire in northeast Muleshoe forced the closure of streets in the area of the fire Monday afternoon. The fire broke out again on Tuesday afternoon, forcing the fire department to return to the area once again. [Journal Photo]

Lula Burnett Receives Honor As Citizen Through The Years

It was an evening to celebrate and a number of Sudan citizens and special guests gathered at the Sudan High School cafeteria for the annual Sudan Chamber of Commerce Banquet.

Tom Rigsby, master of ceremonies, got everything started off reading three telegrams from invited guests explaining why they would be unable to attend the gala occasion.

He read telegrams from 'Ronald Reagan,' 'Oliver North' and 'Tammy Faye Baker,' who of course, couldn't attend, "because I don't have a thing to wear."

In speaking of today's youth, and young adults between the ages of 25-40, "We didn't and don't teach them the way we were taught," he said, "then we sit back and ask how have we failed. They are being taught the security of the weak instead of encouraging the strong."

Praising West Texas, he said, "West Texas is still willing to try new ideas. West Texas still believes in responsibility."

The college president termed comic strips today as "Sick, Sick, Sick."

A delightfully entertaining speaker for the evening was Dr. Marvin Baker, president of South Plains College, Levelland.

He not only thoroughly entertained the audience with his message on "Being Square," but then joined three faculty members from South Plains College in bluegrass and western swing renditions for the attendees.

Dr. Baker then explained how the music department at South Plains College had expanded since adding bluegrass and western swing.

He introduced faculty members John Hartin, Alan Munde and Joe Carr, before he joined them to delight the audience with several renditions, including some Chet Atkins and some Bob Wills music.

Prior to presenting the several awards for the evening, Pudd Wiseman said, "It was difficult to make a final choice. We would like to give an award to each of the nominees."

"And we would like to specially thank the Chamber of Commerce for helping and contributing to our community."

Dr. Baker, a native of Avery, which is between Paris (TX) and Texarkana, has been president of South Plains College for the past three years, following a colorful educational career.

Winners of the youth awards were Jimmy Kyle Glasscock and Shannon Peck, both seniors at Sudan High School.

He said he wanted to talk about something that had been on his mind for several years.

"We've all heard of four letter words, right?" he questioned the audience. "Well, I don't want to talk about four letter words, I want to talk about a six letter word -- Square -- at one time it meant you could get a square deal -- you were honest -- you could get a square meal -- you were square with the world -- and were square in the eyes of the world -- in other words, you could trust a person."

The Gene Bartley family was named Farm Family of the Year; Frances Gardiner, who is always willing to help anyone, and contributes much to the community, was named Woman of the Year; Rick Hill, who is a volunteer fireman at Sudan and an EMT, and closes his business without hesitation, when necessary to help with emergencies, was named Man of the Year.

Marr also told the council that he and Bailey County Judge Gordon H. Green will be in Austin Friday, tomorrow, to appeal the rejection of Muleshoe's participation in Texas Capitol Funds.

"We believe we have reasonable grounds for an appeal," said Marr.

City Council Approves New Ordinance And Resolution

It was Muleshoe Mayor Protem Paul Wilbanks in charge for the monthly meeting of the Muleshoe City Council Tuesday morning, in the absence of Mayor Darrell Turner.

Two items on the agenda were taken care of swiftly, and with little discussion.

First to be approved was an ordinance approving a decrease

in the rate charged by Southwestern Public Service Company.

With unanimous approved of the city council, the rate decrease will be effective on March 28.

City manager Dave Marr explained that the rate decrease came about as a result of changes in federal income tax laws.

A surcharge on intra-state long distance calls goes into effect this summer, and will affect the local long distance telephone users. The charge will be .2 of one percent, and will go to a claims fund to help institute the 9-1-1 system.

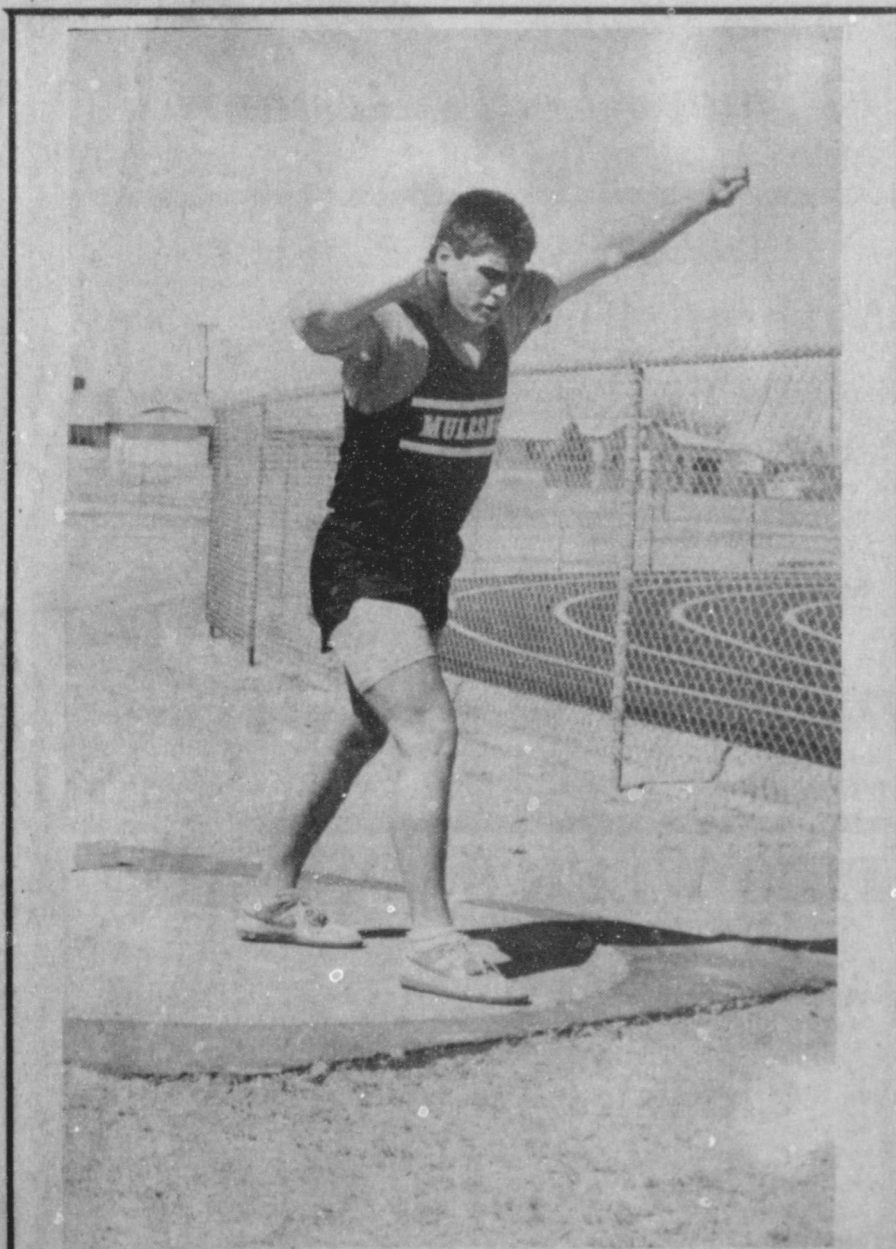

Marr also told the council that he and Bailey County Judge Gordon H. Green will be in Austin Friday, tomorrow, to appeal the rejection of Muleshoe's participation in Texas Capitol Funds.

Second item being approved was a resolution by the City Council providing support to the establishment of an Enhanced 9-1-1 emergency telephone system for the city.

Again, it was explained by the City Manager that such participation was mandated by the Texas State Legislature and must be implemented by 1991.

He also told the council that the airport project is going along well at this time, with the dirt contractor continuing the

Weather Causes Drop In Rally Attendance

Weather was a big, big factor in attendance for the sixth annual Muleshoe Roadriders Bike Rally last weekend in Muleshoe.

Sid Turner said attendance was down because of deep snow and ice to the north and northeast of Muleshoe.

However, those who attended enjoyed all the activities that packed the day at the Bailey County Civic Center.

Some bikers spent Friday night in Muleshoe, and others braved 17 degree weather on Saturday morning to make it to Muleshoe for the rally.

Winners of the inside Poker Run were Robert Kilpatrick and Debra White; and winners of the Outside Poker Run were John Griffith and Jim Millsap.

The oldest rider into Muleshoe was 74-year old Buddy

Marshal of Lubbock.

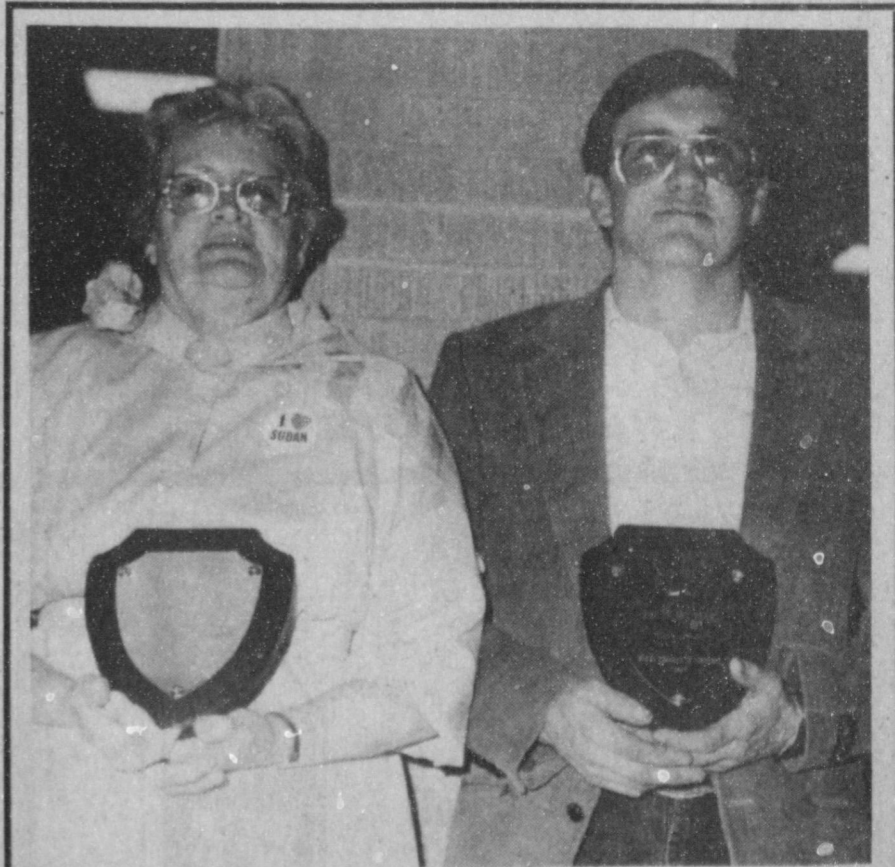

Long distance rider was Don Scott of Loveland, Colo. for the males. The female long distance rider was Carolyn Tamplon of Grand Prairie, TX.

John White was overall winner for the day of events in Muleshoe.

Other prize winners included Bill Moore, Amarillo; Carlos Sharpe, Lubbock; Gary Northcutt, Levelland; Dennis Vandeman, Hereford; Bill Pendergrass, Levelland; David Cain, Lubbock and J. R. Robertson, Eunice, N.M.

Also, Deanne Busby, Jack Beckham, Lubbock; Charles Rose, Lubbock; Nina Rose, San Angelo; Ted Smith, Levelland; Mark Gilliam, Wolfforth; Tom Fletcher, Dallas; M. L. De

**Rent-To-Own Very Costly
To Purchasers**

Rent-to-own agreements make buying a television or furniture seem affordable, but can cost more in the long-run, according to Bonnie L. Piernot, a consumer economics expert.

Rent-to-own programs vary, but an 18-month rental period is typical, she says.

Customers don't have to rent for that length of time, but those who do become owners of the product, explains the Texas A&M University Agricultural Extension Service specialist.

"Advertisements for rent-to-own programs often stress the possibility of ownership and low weekly or monthly payments," Piernot remarks. "But over the months these low payments add up to much more than the cost of the item."

For example, if you rent-to-own a 19-inch portable color television set for \$15 per week, the total cost over 18 months adds up to \$1,170. A rent-to-own agreement for payments of \$54 per month adds up to \$972 after 18 months.

Since a typical 19-inch color television sells for about \$300-\$400 in a retail store, and sometimes less on sale, a rent-to-own customer can easily pay over twice the price, adds the specialist.

Piernot observes that some consumers use rental-purchase agreements as a substitute for conventional forms of credit, such as installment plans or credit card purchases. But she points out that credit card interest rates of 18% - 21% can be less expensive than the added costs of rent-to-own.

Other people who sign up for these programs either don't qualify or think they won't qualify for conventional credit. If credit buying isn't possible, Piernot advises consumers to set aside the money that would go for weekly rental payments until enough has been saved to simply buy the item.

"Consumers should also be aware that rent-to-own programs are not credit and are not governed by the consumer protection laws regulating credit practices," Piernot says.

Renting household items for a short period may be useful in a temporary living situation, she concedes. But before renting for permanent ownership, the specialist suggests consumers figure the total cost and decide whether it will be worth it.

**HOMESTEAD
EXEMPTIONS**

**CAN LOWER
THE PROPERTY TAXES
ON YOUR HOME**

A homestead exemption

lowers the property taxes on your home by lowering its taxable value. For example, if your home is valued at \$50,000 and you receive a \$5,000 homestead exemption, your home will be taxed as if it were worth only \$45,000.

You qualify

for a homestead exemption if you owned your home on January 1 and used it as your primary residence on January 1. It doesn't matter whether your home is a house, a condominium or a mobile home.

Exemptions are available

to all homeowners on their school taxes. Additional exemptions are available to homeowners who are disabled or age 65 and over. Other exemptions may be offered to homeowners by school districts, counties, cities, and special districts. All taxing units offer exemptions to disabled veterans.

Apply to

your local appraisal district office at the address shown below for all exemptions you may qualify for. Application

forms are available at this office.

If you received a homestead exemption on your present home in 1987, you won't need to apply again for 1988 unless the chief appraiser requires you to reapply.

However, if you passed your 65th birthday or became disabled before January 1, file a new application to receive the additional exemptions.

If you haven't received an exemption on your present home, or if you've moved to a new home, make a new application for 1988.

The deadline

for applications is April 30, 1988. Contact your appraisal district before then if you need more time.

For more information, get a free copy of the pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, at your appraisal district office or from the State Property Tax Board in Austin.

TWO CAPTURED IN BAILEY COUNTY BOOTLEG OPERATIONS MONDAY NIGHT

Bootlegging in Bailey County is not a very profitable business, as Walter Wacasey and W.H. Burk can testify to. They were caught in the act of transporting a quantity of high power "joy juice" Monday night by Sheriff Douglass and Deputy Sheriff Hoffman. When captured, they were in a truck, which was partly loaded with household goods, and upon the approach of the officers, began to break all of the jugs and bottles which contained the evidence. However they did not have time to destroy the entire lot. Some three or four dozen bottles of bear and enough whiskey were taken for evidence, as well as two dozen empty bottles and corks which were to be used in retailing the goods.

Letty Montez Featured In Senior Spotlight

Featured in this week's senior spotlight at Sudan High School is Letty Montez, daughter of Tony and Maria Montez. She has a brother, Johnny, and states that her family and friends mean a great deal to her and she believes they have had the most impact on her life.

"The best time in Letty's life was given to her by her parents, when she turned 15, her parents gave her a "Quinceanera", said Cheri Ford. "Her mother has given her good advice all of her life, but she believes that the **Kay Hailey**

The next meeting will be on Friday, April 15, with a book review given by Louise Rogers of Littlefield.

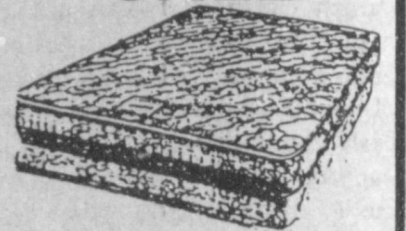

best advice was to "always worry about your school work before your social life."

"Learning to water ski is something that Letty wishes she could do someday. She has a number of goals she would like to accomplish in her life. She especially wants to go to a travel school after graduation." Letty said "I want a good paying job and I think I will enjoy this."

"She has many interest outside of school, she loves to talk on the phone with her best friends, Martha Alvarado and Silvia Ortega. When she is not talking on the phone she is riding around with Silvia and Martha or dancing.

"She is an active student at SHS. She has been a member of FHA for two years and Industrial Arts. She enjoys Speech and Woodworking. She believes that SHS is a great school with the friendliest teachers and students."

Creative Living

by Sheryl Borden

Information on ways to avoid barbecue pitfalls, how to profit from overlooked treasures around the home and new health information on the relationship between beta carotene and cancer presentation will be presented on "Creative Living" on Tuesday, March 29 at 12 noon and repeated on Saturday, April 2 at 2:00 p.m. on KENW TV. (All times are Mountain).

Mary Ann Fowlkes is a spokesperson for Hickory Specialties, Inc. in Brentwood, TN and is an expert in the area of grilling as a means of food preparation. Although grilling looks simple and is a straight forward way of cooking, there are important things everyone should know. Mary Ann is going to discuss these barbecue pitfalls that can ruin an otherwise fun time for everyone and suggest remedies.

Dr. H.A. "Tony" Hyman is the author of *Cash for Your Undiscovered Treasures*. He says this book is everything you need in order to turn your "trash" into cash through the mail. The book contains names, addresses and phone numbers of buyers who are willing to pay cash for millions of items so eagerly sought by collectors. He'll discuss how to avoid making costly mistakes by selling certain items for small change at a garage sale. Tony is from Claremont, CA.

The latest research into the link between diet and disease prevention indicates that changing the way we eat may actually prevent some forms of cancer. One factor in the diet currently under intense scrutiny for its prevention value is beta carotene.

On Tuesday, March 29 at 9:30 p.m. and on Thursday, March 31 at 12 noon, "Creative Living" will have Helen Pruett, home economist with The Millnot Co., St. Louis, MO, on the show. Helen will demonstrate how to make food "inviting" for children—even food that is good for them.

Also, Jane Schenck, director of Consumer Affairs for Pellon

Corp. will show a new product on the market called "Quilters Secret". Janes lives in New York.

Finally, Dominique Isbecque, a color consultant and representative to 800-Flowers will discuss new trends in flowers. Dominique also lives in New York.

"Creative Living" is produced and hosted by Sheryl Borden. The show airs on more than 100 PBS stations in the United States, Canada, Guam, and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines between 8 a.m. and 5 p.m. In New Mexico, the number is 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales and Roosevelt County: 562-2112.

TIPS FOR CHARCOAL GRILLING/BACKYARD ENTERTAINING

* Grease your grill first before placing food on it.

* Always grill in a well ventilated area. Air is as important as fuel. Add fuel on downwind side of fire.

* Build a bed of coals big enough to last out the cooking operation.

* Coals should look ashy gray in the daytime, red at night. Never start cooking while briquets are still black.

* To keep wood chips from floating to the top while soaking, place a small plate on top to hold them down.

* Fresh and dried aromatic herbs can be tossed on the coals to lightly flavor foods (bay leaves, rosemary, sage, thyme).

* Make up a pitcher of lemonade in advance and let everyone serve themselves.

* Barbecuing is a fun, family and social activity. Food tastes good and provides relief for the family member who usually does the cooking.

* Men barbecue 54% of the time...almost a 50-50 activity and responsibility.

COOKING CORNER

Americans Getting More Fowled Up

Poultry is enjoying a tremendous growth in popularity as consumers become more sophisticated about health and nutrition. And the increase will continue with experts forecasting that chicken will become the number one meat by 1990.

"Chicken is most frequently served in parts and more than a third of these servings are of baked chicken," says Faye Egan of the Nabisco Consumer Food Center. "But coming up with new ways to add interest to chicken is always a challenge."

Egan suggests the following quick tips using A.1. Poultry Sauce, a unique blend of herbs and spices, created by Nabisco Brands especially for chicken and other poultry.

• Zesty Dipping Sauce—Combine 1/4 cup poultry sauce with 1/4 cup Dijon mustard and 1/2 cup dairy sour cream. Use for chicken nuggets or crudités.

• Spicy Lime Marinade—Combine 1/4 cup poultry sauce with 1/4 cup lime juice. Add boneless chicken breasts or cut-up chicken pieces; marinate at least one hour. Broil or grill chicken as usual.

• Zipped-up Spread—Stir 1/4 cup poultry sauce into one (5-ounce) can deviled chicken spread. Use to spread on sandwiches or crackers.

• Spicy Chicken Gravy—Stir 1/4 cup poultry sauce into one (12-ounce) jar or 1 1/3 cups prepared chicken gravy.

Or for an instant poultry pick-up—shake a little poultry sauce in your favorite chicken noodle soup or add to mayonnaise for chicken or turkey sandwiches.

work at the new airport site. The new airport is being constructed with a federal grant of \$1,275,000, and city participation of \$170,806.67, for a total invested in the airport of a total of \$1,445,806.67.

Some type of small office building will be placed at the airport, added Marr. He also said persons who lease facilities at the present airport will be notified that leases will be available at the new airport east of Muleshoe.

On signing of a lease, hangars will be constructed for the lease.

The new airport is not expected to be completed until late June-early July.

Also discussed very briefly was the placement of crossing lights at major intersections in the city. Marr said that although the city put their portion of the money 'up' with the state two years ago, the railroad has not started construction on the crossing lights as yet.

Senate must know what treaty means before ratification.

many years contributing to her community, was named Citizen Through the Years.

This was followed by two special presentations, the Good Samaritan Award, which was presented Ruby Lee Waltser and Winona Dudgeon.

Special mention was also made of the Industrial Arts Club of Sudan High School.

One third of the students in the school are involved. In 1987, they took 70 projects to district and regional and had 50 entries in the state competition. Of course, Sudan was the Class A state winner.

They had a number of displays for the banquet attendees to view during the evening, before and after the banquet.

The Sudan cafeteria workers prepared the meal and servers were Sudan High School students, Mitzi Glascock, Kim Brotherton, Dawn Gaston, Kenya Sue Richards, Lenna Newman and Donice Halley.

Special guests introduced at the banquet included Theron Hill, Sudan City Council; Kermit Whitten, Sudan Chief of Police; Leonard Pierce, Lamb County Commissioner; Sudan Garms, Littlefield Chamber of Commerce manager; Linda Carleton, Lamb County tax assessor; Dave Gruber, president of the Littlefield Chamber of Com-

TAXPAYERS' Rights, Remedies, Responsibilities

Want to learn more about the property tax system? That's possible by reading a pamphlet the State Property Tax Board has written and made available at the local appraisal district office.

It's called "Taxpayers' Rights, Remedies, Responsibilities" and it may help you save money. Learn about tax relief available through

- homestead exemptions
- disabled veteran exemptions
- special productivity value for farm, ranch, and timber land
- tax deferral for over-65 homeowners

You'll learn how your property is appraised. That way, you can decide if the appraisal district's value is reasonable.

If you think it isn't, the pamphlet tells you how to prepare an appeal to the appraisal review board. You'll learn the types of protests the appraisal review board can hear and useful evidence to bring to your hearing.

Important dates in the tax year are listed. You'll know what your responsibilities are and when you are obligated to satisfy them.

"Remedies" is free to taxpayers. Ask for yours today at

Bailey County Reflecting Spring Moisture Deficit

Soil moisture deficits in the portion of Bailey County which lies within the High Plains Underground Water Conservation District's boundaries range from two inches to eight inches.

Pre-plant irrigation will be needed in most areas of the county to bring soil moisture levels up to field capacity for average or above average crop yields.

The plant root zone is drier than it has been in the past several years, according to data taken during the annual pre-plant soil moisture survey done

by the Water District and the USDA-Soil Conservation Service (USDA-SCS).

Pre-plant irrigations of two to four inches will be needed in the southern portion of the county within the Water District boundaries. Four to six inches will be needed across most of the county. A line requiring six to eight inches starts southwest of Muleshoe at Highway 1731 and continues northeast to the Bailey-Lamb County lines.

Moisture levels in the top foot are generally fair to good and should provide excellent conditions for land preparation. While there may be sufficient moisture for plowing, USDA-SCS Soil Scientist Mike Risinger is concerned that producers will be misled by these moist plow

layer conditions. "Most fields are much drier below the 12 to 18 inch levels," he says.

Soil moisture conditions are measured at approximately 220 neutron tube sites throughout the Water District's 15-county service area. Soil moisture monitoring sites are selected to be representative of the soil type and farm management practices typical in the area.

Soil moisture availability and deficit maps are drawn by the Water District as a tool to give producers an idea of soil moisture conditions in their area. With this information, farmers can make better water management decisions and avoid over-irrigating or under-irrigating in the spring.

For additional soil moisture information, contact the USDA-Soil Conservation field office or the High Plains Underground Water Conservation District office, 2930 Avenue Q, Lubbock, TX 79405 or call (806) 762-0181.

Adrian Gives Slide Show For Rotarians

It was a very busy day for the Muleshoe Rotary Club Tuesday, with several reports given on various activities.

Robert Lepard reported on the Muleshoe High School Mulekicker Invitational Track meet, and said it all went very well with several real positive comments.

According to Lepard, it was told by a coach that it was the only track meet he had ever attended that was run on schedule.

Reporting on a training seminar he had attended at Houston, George Nieman talked mostly about the Polio Plus Program that is beginning to wind down now.

He said Rotary International had a goal of \$120,000,000 for the international program, but as of March 18, had actually collected \$205,234,000.

He reminded that the Muleshoe goal was for \$7,000, and to date \$3,600 had been collected. Of this amount, \$1,000 was contributed by the Muleshoe Rotary Club, and five individuals have contributed the other \$2,600.

The \$3,600 will inoculate 28,800 kids against polio and other diseases, such as measles, diphtheria, tetanus and tuberculosis.

To date, 350,000,000 kids have been inoculated, and there are still 150,000,000 in the world to be inoculated.

Charles Moraw won the weekly Polio Plus drawing, then drew the correct number to take home a Sharp calculator from Fry & Cox, Inc.

Curtis Shelburne was in charge of the program, and gave a slide presentation. The slides were made while he was in the U.S. Navy, serving aboard the U.S.S. Hancock during the Vietnam War.

His musical slide presentation elicited a lot of questions about planes landing on the carriers, and how they land and take off.

His humorous comments were very well received by his fellow Rotarians, and the guests present.

Guests at the meeting included Jim Cope, David Tipps, Noe Anzaldua, Randy Clayton, Eddie Johnson, James Hancock, Monti Vandiver and Juana Shelburne.

Mixed Up

One day a little girl was heard talking to a neighbor child with whom she was playing cowboys.

"You be Wild Bill Hickup," she said, "and I'll be Wyatt Burp."

Teachers Attend

Math Workshop

From DeShazo

"The Way To The Math Solution" workshop is a program developed by Marilyn Burns Education Associates and dedicated to the teaching of mathematics as a tool for solving problems. It also instructs how to use manipulative materials, explained Lilia Snitker, who attended the workshop recently, along with Pat King and Beth Skipworth.

The trio are all fifth grade teachers at the Mary DeShazo Elementary School campus.

Mrs. Snitker said this workshop helps teachers become more knowledgeable about the Texas Mathematics curriculum.

Participants also learn the instructional techniques for implementing the expanded curriculum outlined in the Essential Elements.

She said the Marilyn Burns Education Associates believe that children who are taught to think mathematically can apply their mathematics understanding and skills to solve problems.

They can see relationships and patterns and use numbers confidently to make decisions.

Because they are mathematically secure, these children enjoy their mathematical explorations and are challenged and stimulated by them.

Dinner Theatre March 28

Fine Arts Boosters Committee chairpersons met Monday night to discuss plans for the annual Fine Arts Spring Revue.

It was decided to hold the annual Revue on Monday, March 28, 6:30-9 p.m.

Included in the gala celebration will be the dinner, to be served 6:30-8 p.m. in the MHS cafeteria.

During the dinner, the MHS jazz band will perform under the direction of Mark Heidel and Martha Anthis.

The art department will have student work on display in the cafeteria. The instructors are Hellen Adrian from MHS and Mrs. Gray and Mrs. Mitchell from WJHS.

Local merchants will add to the evening with a fashion show.

As a grand finale, the high school speech department will present their contest play, in the high school auditorium under direction of Kerry Moore, assisted by John Gullely.

Proceeds will be used to benefit art, speech and band students, in Muleshoe schools.

Tickets will be available at \$5 for adults and \$2.50 for students from the fine arts students, or

at the door.

It was reminded that parents of fine arts students will be called on to help with the meal. Without the support of the parents, the Revue would be impossible to conduct.

If the chairpersons fail to call you, a parent, please contact one of the following people:

Rhonda Carpenter, Revue chairperson; Glenda Copley, food chairperson; Charles Hamilton, president; Vickie Garner, publicity chairperson; Becky Conklin, style show chairperson or Deanna Rasco, decorations chairperson.

GESC Plans For Election At Meeting

Guadalupe Economic Services Corporation will hold its annual meeting on April 9, beginning at 11:30 a.m. at Casa San Jose (across the street from Saint Joseph's Catholic Church in Lubbock).

Elections of new board members will be held between the hours of 11:30 a.m.-1 p.m. Voter registration cards must be presented in order to receive a ballot and each voter (member) must sign in when presenting their card for a ballot.

Beginning March 18, eligible individuals could file for a seat on the Board of Directors of Guadalupe Economic Services Corporation.

Candidates must be associated with GESC and have a valid voter registration number to receive an application. Other rules regarding the election may be obtained by contacting Yolanda Jimenez at 744-4416 or 1-800-666-GESC between the hours of 8 a.m.-5 p.m.

For members voting by mail, ballots should be postmarked no later than April 8, 1988. Ballots will be tabulated at the regularly scheduled April 13, 1988 board meeting.

PROPERTY TAX RENDITIONS

HELP YOU PROTECT YOUR RIGHTS AS A TAXPAYER

A rendition is a report to the appraisal district that lists all the taxable property you own or control on January 1, 1988. You may also give your opinion of the property's value, if you wish.

You must file a rendition if you own tangible personal property used to produce income—such as the machinery and equipment used by a business.

The appraisal district may require any taxpayer to file a rendition by sending the taxpayer a written notice and a rendition form.

You may want to file a rendition, even if you aren't required to file, to preserve some of your rights as a taxpayer:

- You put your correct mailing address on record so your tax bills will go to the right address. Even if your bill goes to the wrong address, the law still holds you responsible for paying your taxes on time or else paying extra charges for late payments.
- You can put your own opinion

of your property's value on record. If the appraisal district then places a higher value on your property, it must notify you in writing of the higher value and explain how you can protest that value to the appraisal review board.

• By filing a special type of rendition called a *report of decreased value*, you can notify the appraisal district of significant damage to your property that occurred in 1987. The district will send someone to verify the damage and take it into account when assigning a 1988 value to your property.

File renditions with your local appraisal district at the address shown below. Forms are available at this office.

The new deadline for 1988 renditions is March 31. You can get an extra 30 days if you ask for it in writing before the March 31 deadline.

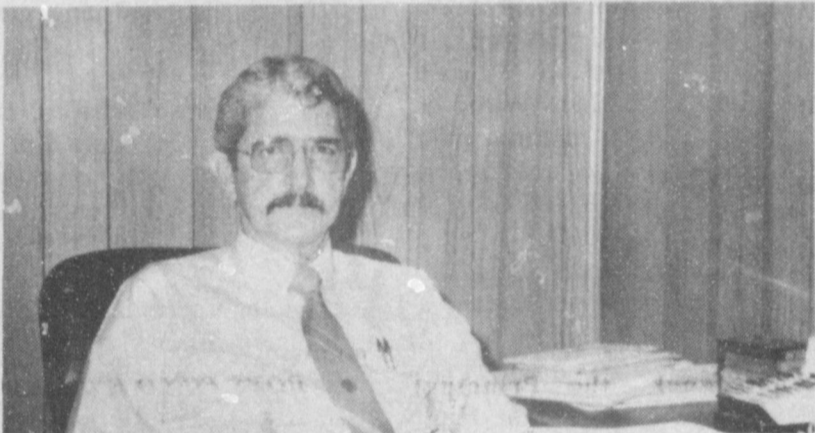

For more information, get a free copy of the pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, at your appraisal district office or from the State Property Tax Board in Austin.

**Llano Estacado Concert
At Plainview**

By popular request, the Symphony of the Llano Estacado will present a "Sousa" style band concert featuring the wind and percussion sections of the orchestra for its annual "Pops" concert Friday, March 25 at 8 p.m. in Harral Auditorium.

"As a special treat for Plainview audiences, the guest performers for this concert will be the "Old Masters of Swing" and a barbershop quartet," announced J.W. King, Jr., musical director.

"The Old Masters of Swing" is a group of well known Plainview musicians who will be playing a set of their favorite tunes," King said. Members are Dr. Clovis Clough, Arch Keys, Dr. Curtis Baldwin, Jack Fuller and Gayle Sigler.

"The Old Masters of Swing" will join the Plainview Symphony brass in a performance of "Dixieland Spectacular" with members of the "Old Masters" in several Dixieland favorites. Included in this selection are "Dinah," "Tin Roof Blues," and "High Society." The guest performers will also perform a set of their own favorites.

A barbershop quartet from the Plainview Chapter of the Barbershop Quartet Society will sing, "Selections from the Music Man" and a special selection. The quartet includes Luther Mann, Norman Wright, Charles Hornsby, and Marvin Scott.

Again this year local and area

high school band directors have been invited by the Symphony to select outstanding individuals from their bands to join the Symphony orchestra in "Armed Forces Salute" and "The Stars and Stripes Forever" finale to the concert. The area bandmen will be in their school uniforms for this concert performance, according to King.

Orchestra trumpet players Paul Lindley, Ron Caffey and Bernie Tackitt will play "Bugler's Holiday" by Leroy Anderson, accompanied by the Symphony Brass.

Other selection the orchestra will be playing at the "Pops" concert are "Washington Post March" by John Philip Sousa; "Morning, Noon, and Night in Vienna Overture" by Franz Von Suppe; "Glory of the Yankee Navy" by Sousa; "Rolling Thunder" by Henry Fillmore; and "April in Paris" arranged by Richard Maltby.

The Symphony Debs, sponsored by the Plainview Symphony Guild, will be introduced at this performance, the night before their presentation at the annual Symphony Ball at the Plainview Country Club on Saturday, March 26.

The Symphony "Pops" concert is an "Arts in March" program, sponsored by the Plainview Cultural Council. Jerry Minster is the orchestra's conductor.

Admission to the concert will be by Symphony season ticket or by purchasing them at the

door. Tickets are priced at \$8 for adults and \$3 for students and will also be available at

Galloways, the Fine Arts Center, or from any Symphony Board member.

**Introducing
The GUARDIAN PLAN program**

I'd like to tell you
why so many caring people
have said "Yes" to this funeral
prearrangement program.

Once asked John, our GUARDIAN PLAN representative, why he chose his calling. He answered, "Because I believe in it. Because I know first hand, how it helps families."
I found out that John is not alone. He is one of hundreds of compassionate and dedicated men and women who represent the GUARDIAN PLAN program throughout the United States and Canada.
I'd like to tell you more about a funeral prearrangement program that attracts people of the caliber of John and his associates to serve you.

The full title of the program is the GUARDIAN PLAN prearranged funeral program. It's funded by life insurance policies and annuity contracts. Unlike trust funded funeral prearrangement plans, the GUARDIAN PLAN program is backed by insurance. That's a big difference. It means once you pay the first premium, you're covered for the full cost of the funeral services you select. And the insurance proceeds from the GUARDIAN PLAN program are tax-free.
Another feature of the GUARDIAN PLAN program that you won't find in any other prearranged funeral plan is something the GUARDIAN PLAN people call Transferability. Let's say you make your GUARDIAN PLAN funeral prearrangement where you live now and later move to another part of the country. No problem. You are guaranteed that services equal in every way to those you selected in the first place will be provided through the GUARDIAN PLAN program wherever you move, and at no increase in the original cost. Now, I think that's a very important benefit.
There's a lot more to learn. And if what I said makes sense to you: Talk to your heart, why not do this: Call for the free, informative booklet, CARING. Call toll free, 1-800-922-7464. The GUARDIAN PLAN people have worked out an easier way to remember that number: 1-800-9-CARING.

The GUARDIAN PLAN is a registered service mark of Servisop Corporation International. The GUARDIAN PLAN Program is marketed by Guardian Plans, Inc. and is funded by life insurance policies and annuity contracts issued by Family Service Life Insurance Company (Texas). There are a number of life insurance companies which have the word "Guardian" in their name. This prearranged funeral program is not affiliated with or sponsored by any of these companies.

FARM FAMILY AT SUDAN--Mr. and Mrs. Gene Bartley are shown with the plaque they were presented during the Sudan Chamber of Commerce Banquet last Saturday night. The Bartley family was named 'Farm Family of the Year.' (Journal Photo)

CLEANING UP BEFORE THE SHOW--Charles and Nancy Rose of Lubbock were captured by the camera as they cleaned up their Suzuki prior to the Bike Show at the Muleshoe Roadriders Sixth Annual Rally last Saturday at the Bailey County Coliseum. Although weather cut attendance down some, a good crowd was still on hand. (Journal Photo)

GOING LIKKRTY-SPLIT--Daniel Olivas, foreground, and Jeffrey Noble, background, are shown taking off in one of the dashes made during the Mulekicker Invitational Track Meet in Muleshoe last Saturday. They faced stiff competition, with some eight schools participating in the meet. (Journal Photo)

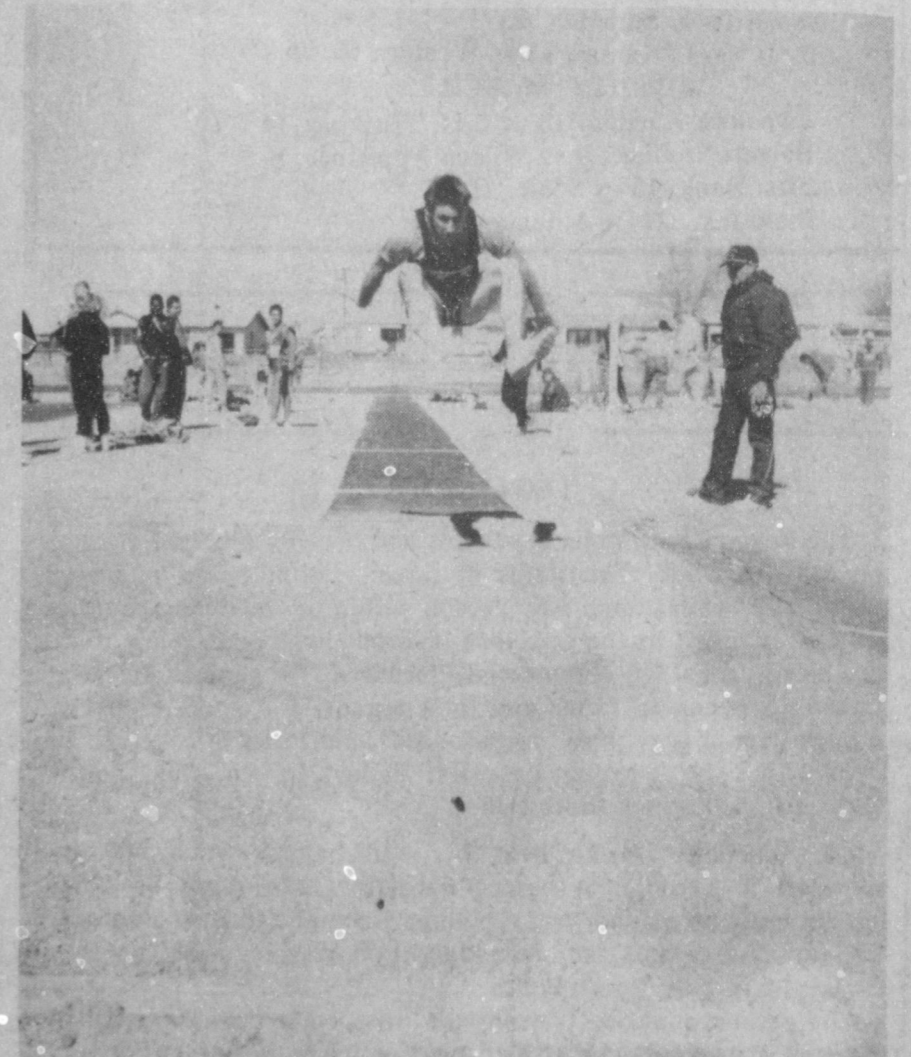

TOM HOOVER AND HIS NAVIGATOR--Tom Hoover, who says he's retired military, and 73 years of age, traveled to Muleshoe from Lubbock for the Motorcycle Road Rally last Saturday. He was accompanied to Muleshoe by his navigator 'Bosco' shown on the back of the motorcycle. (Journal Photo)

SUDAN'S STUDENT LEADERS--Last Saturday night, during the annual Sudan Chamber of Commerce Banquet, Shannon Peck, left, and Jimmy Kyle Glascock were named 'Student Leaders of the Year' and presented plaques. (Journal Photo)

CITIZEN THROUGH THE YEARS--A proud Lula Burnett shows off her award as Citizen of the Year at Sudan. She was presented her award during the annual Sudan Chamber of Commerce Banquet last Saturday night. (Journal Photo)

LOOK OUT! SIMNACHER GOES AIRBORNE--Last Saturday morning, during the long jump competition at the Muleshoe track, Shannon Simmacher is shown airborne as he takes a mighty leap toward the end of the sand pile. (Journal Photo)

Wheat Leaf Rust 'Little' Threat To Area Crops

The threat of wheat leaf rust is not as great this season as it has been for the past several years, according to Dr. Wendell Horne, plant pathologist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Disease incidence in South and Central Texas is considerably less than it was one year ago. This does not mean, however, that no threat exists. Growers should be aware that the organism is present and that future conditions may be ideal for rapid development," Horne cautions.

Factors that may explain why wheat leaf rust is less threatening this season, Horne says, include less wheat acreage planted in South and Central Texas, more varieties being planted as opposed to one predominant variety, more slow-rusting varieties being used, and rather dry weather conditions.

"Producers should watch their fields for increases in wheat leaf occurrence. There's still plenty of time for an epidemic to develop if weather conditions favor such an event," Horne says.

He notes that there may be more reason for some producers to use fungicides this year than in the past.

"Wheat prices have increased and another highly effective fungicide is on the market.

Chemical control will not likely pay for everyone, but it may pay handsomely in many situations," Horne says.

Growers considering use of a fungicide should make sure that they have a 40-bushel yield potential and that leaf rust represents a serious limiting production factor, he says. They also should be sure that they have a wheat variety that will respond to fungicide use. Slow rusting varieties, such as Sturdy, are not as likely to give favorable returns as non-slow rusting varieties, such as MK-812, Horne adds.

When one determines that fungicides will pay, make sure that timely applications are made properly according to the product label.

"The object is to protect the flag-leaf (the last leaf produced and located just below the head) and insure its full function until grain filling is completed. It also is recommended that the labeled rate of fungicide be used in five gallons of water per acre by air. Growers who use ground application equipment should apply 20 to 25 gallons of water per acre," Horne says.

Producers should watch their wheat fields closely from now until heading time to determine the potential for leaf rust damage, Horne recommends. Fungicides are available if yield levels warrant and potential disease development represents the major limiting production factor, he says.

In Fashion

Hosiery is getting in fashion news with its "high-highs." These over the knee socks may be a sheer or opaque stocking. Those who follow fashion trends may try these with very short skirts, leaving a bit of flesh showing between the stockings and skirt.

Mostly, these new garterless stockings will be worn with longer skirts and pants in hot weather rather than panty hose.

Young women, who wear the short skirt gracefully, will find many various designs and lengths in spring fashions. There are dressier net and lace thigh highs for evening wear.

LEGAL NOTICE

The Texas Corn Producers Board will hold its biennial election on May 10, 1988. The terms of three present board members will expire at that time. Any person within the following counties who is engaged in the business of producing, or causing to be produced, corn for commercial purposes, is eligible to vote, including owners of farms and their tenants and share croppers, if such person is required to pay assessment that is collected on corn within the following counties: Bailey, Castro, Deaf Smith, Hale, Lamb, Parmer and Swisher.

The Election will be held by mail ballot, which will be provided to all eligible voters not later than April 8, 1988. Ballots must be mailed to the polling place at 218 East Bedford, Dimmitt, Texas 79027 before midnight on May 10, 1988.

Any person qualified to vote who does not receive a ballot in the mail may obtain one at his local County Extension Office.

Any producer in the 7 county check off named above subject to paying the assessment on corn may have his name placed on the ballot for anyone of the 3 positions accompanied by 10 signatures of legal corn producers within the counties described above.

Producers have 30 days after this notice to have names placed on the ballot and mailed to Texas Corn Producers, 218 East Bedford, Dimmitt, Texas 79027.
