Hospital Open House Set for September 25

Is Tentative Date, Mrs. Johns Announces, to Depend on Arrival of Equipment, Which Has Been Ordered.

Tentative opening day for Artesia Memorial Hospital has been set for Monday, Sept. 25, by Mrs. Merle W. Johns, lessee and superintendent, but the date cannot be definitely set until arrival of some of the more necessary equipment.

Mrs. Johns, who arrived Friday from Kansas City with her husband, J. W. Johns, said she plans to hold open house on opening day and that she and members of the staff will be glad at that time to show visitors over the hospital and answer any questions.

The contract between the city and Mrs. Johns for the hospital was signed this week for a period of ten years.

The terms of the contract, decided on at a conference between Mrs. Johns and the city council in July, were published in The Advocate according to law, with the provision that a petition of 10 per cent of the qualified electors asking that it not be accepted would call for an election to decide whether the lease would be completed. No such petition was presented within the required twenty days, which expired Friday, Sept. 8, so the contract was completed.

The equipment, arrival of which is holding up definite opening of the hospital, has been ordered and is expected here within the next few days. Mrs. Johns said it will take 5 or 6 days to set it all up and have the hospital ready for patients. By next week, she said, she should be able to set a positive date for the opening, but that Sept. 25 probably will maintain.

Not included in the equipment is the X-ray machine, an order for which has not been placed as yet, as ample funds have not been available. The drive for money with which to purchase it and other equipment not as yet arranged for will continue until sufficient has been raised.

Mr. and Mrs. Johns were accompanied here by Miss Ruth Bjorkholm, registered nurse, who will be a regular member of the staff, and their nephew, Stanley Caughron, who will be in the office.

Mrs. Johns said other members of the staff will be employed locally.

She and Mr. Johns have an apartment in the building where they will make their home.

Cattle Grading Demonstration Set for Friday

The annual cattle grading demonstration of the Extension Service will be held on Friday at the Lewis Angell ranch, southeast of Artesia, Fred Barham, county agent, announced.

Beginning at 10:30 o'clock tomorrow morning, the program will be:

"Native Grasses and Poisonous Weeds of New Mexico," K. W. Parker of the Southwest Forest and Range Experiment Station, Tucson, Ariz.; "Current Market Problems," V. R. Ritchie, Kansas City Stock Yards Company, Kansas City; "Efficient Range Production," George Ellis, livestock specialist from State College, Las Cruces.

At noon barbecue and coffee will be served by the host rancher, but those attending should bring a covered dish to supplement the meat. In the afternoon Ritchie will demonstrate cattle grading.

Barham said roads will be marked from Artesia, Lakewood and Carlsbad to the Angell ranch to make it easier to locate.

LOCAL GIRLS ESCAPE INJURY IN CAR WRECK

Mrs. Thelma Yates, Mrs. Freda Crutchfield, Miss Clementine Coble and Miss Kathleen Richardson, who were en route to Albuquerque for a week end party Saturday night, escaped serious injury when the car in which they were riding overturned between Vaughn and Albuquerque.

Hitting a soft shoulder was reported as the cause of the accident. The car was reported as badly wrecked, but the occupants escaped with minor injuries.

BOOSTER DRIVE BEGINS FRIDAY

The drive for members of the Bulldog Boosters, newly formed organization of Artesia men and women in support of athletic teams, which was previously announced for last Friday, will begin Friday of this week.

Postponement was made by the membership committee and Louis Blackburn, president, when it was thought the Conoco and Malco softball teams would have a play-off series to determine the season championship, the Bulldog Booster memberships to be sold at the games.

But the softball series is off, so the drive is back on. Membership costs only \$1 a year, is open to both men and women and the funds raised by the organization will go to outside expenditures to aid the Bulldogs of Artesia High School.

Lions-All Stars To Play Benefit Softball Game

The Artesia Lions will play the Artesia All-Stars in a softball game at Morris Field Friday evening for the benefit of underprivileged children, it was announced at the Lions' weekly luncheon Wednesday noon.

The admission will be a pair of shoes or a garment which can be worn by some child, or 10 cents. There is no rule against paying both to see the game, Fred Cole, president of the Lions, said.

The game, which has been planned for several weeks, is expected to attract considerable attention, both because of the benefit for which it is to be played and because it probably will be the last softball game of the current season.

Those who are connected with the automotive business, especially automobile supplies, have to out-guess the drivers, that is they must plan ahead of time what they will break when they have accidents, or what will wear out first on their cars, R. N. Russell told the Lions in a classification talk. Advance buying is what those in his business find one of the most difficult tasks, he said.

Charles Watson of Lubbock, Tex., a guest, speaking briefly, said that his home has about 700 traveling men headquarters there and that they are planning to organize a club.

Other guests included Ray Knoovich of Plainville, Tex., and S. O. Pottorff, formerly of Tucson, Ariz., new vice president of the First National Bank here.

Distribute \$50,000 In Parity Checks To North County

Is This Section's Part of Sum of \$120,000 for Whole of Eddy

H. M. Miller, ACA secretary, was in Artesia Wednesday with about \$50,000 in checks for North Eddy County farmers of \$120,000 in 1939 cotton parity checks payable in the county at large.

The secretary, who is at the Artesia city hall each Wednesday, said that those who did not receive their checks this week may come in next Wednesday, or they may apply at the ACA office in Carlsbad.

He said there still is sufficient wheat surplus, so that wheat acreage is not being thrown open to uncontrolled planting, but that farmers who comply with the 1940 cotton program may plant ten acres, or their usual acreage, to wheat.

The 1940 allotment for Eddy County already has been distributed among farmers who have grown wheat in the past, he said. Miller urged that all farmers get their marketing quota cards at once, so they can show them when they market their cotton. He was distributing a number to North Eddy County farmers Wednesday.

Mrs. Frank Irby and Mrs. William Luck of Carlsbad visited relatives and friends here Wednesday.

Boys' and Girls' Poultry Show To Be Sept. 23

The poultry show to complete the project for boys and girls here, sponsored by the Chamber of Commerce, will be at the fire station Saturday, Sept. 23, Arba Green, chamber secretary, has announced. Chickens, which have been raised by thirty-five boys and girls this summer, will be shown and will compete for prize money. The chickens were bought from funds raised among individual sponsors cooperating with the Chamber of Commerce.

The project members are to take their chickens to the fire station in the morning and judging will be early in the afternoon. The chickens will remain on display throughout the day.

After the show, the chickens are to be sold, the proceeds to go into a fund to provide baby chicks for more boys and girls next year.

Prizes for each breed of pullets and cockerels will be \$1.50 for first, \$1 for second and 50 cents for third.

In each breed \$2.50 will be given for the best pen of three, consisting of a cockerel and two pullets, \$1.50 for second place and \$1 for third.

Mrs. O. A. Pearson, Cottonwood, Dies Sunday Evening

Services in Artesia Tuesday for Member of Prominent Family

Mrs. Oscar A. Pearson, member of a prominent Cottonwood family, died late Sunday evening in St. Mary Hospital, Roswell, after an illness of several weeks. She was thought to have been improved somewhat during the day Sunday, but had a change for the worse in the evening.

Funeral services were from the Artesia Methodist Church at 3 o'clock Tuesday afternoon by the Rev. W. W. Bowden of Fort Worth, Tex., former pastor of the Methodist Church on the Cottonwood. Burial was in Woodbine Cemetery with rites by the Order of the Eastern Star, of which she was a member at Lake Arthur.

Survivors were V. D. Bolton, Oscar Samelson, R. E. Coleman, H. G. Watson, H. D. Dunn and Albert Hobson.

There survive Mrs. Pearson her husband; a daughter, Mrs. Floyd Senter, Houston, Tex.; a son, Ralph Pearson, Artesia; her parents, Mr. and Mrs. J. P. Nelson, Artesia; two sisters, Mrs. Selma Thompson and Mrs. Clarence Pearson, Artesia; two brothers, August and Carl W. Nelson, Artesia, and four grandchildren.

As Hilda Josephine Nelson, Mrs. Pearson was born at Oakland, Nebr., Feb. 21, 1889.

She came to the Artesia and Cottonwood community in 1906 from Louise, Tex., and married Oscar Pearson July 2, 1906, since when she lived on Cottonwood, where she took an active part in the social and community life.

To Mr. and Mrs. Pearson were born the son and daughter mentioned, who are twins.

Mrs. Pearson was a member of the Methodist Church, which she joined a number of years ago.

State Secretary To Spend Week at Baptist Church

E. A. Herron of Albuquerque, state secretary, will begin a week's work with the First Baptist Church of Artesia Sunday, Sept. 17, the Rev. S. M. Morgan, pastor, has announced.

The entire week will be given to the study of Sunday school methods and organization. Classes will be held from 7 until 9 o'clock each evening. The work of Mr. Herron will take the nature of the annual check-up and will result in perfecting the organization, supplying needed elements, arrangement of classes and general information and inspiration.

Mr. Herron is eminently fitted for his service in this field, having spent seven years in Sunday school field work and majored in religious education and Sunday school administration both in college and the seminary, the Rev. Mr. Morgan said.

Watson Elected President of the First National

S. O. Pottorff, Tucson, Ariz., Fred Cole Become Directors—T. H. Flint Remains Chairman of Board.

S. O. Pottorff, formerly of Tucson, Ariz., and Fred Cole were elected to the board of directors of the First National Bank at a special meeting of the board Monday, to succeed R. A. Shugart and J. W. Berry, whose interests in the bank the new directors have purchased.

H. G. Watson, vice president of the bank and mayor of Artesia, was elected president to succeed T. H. Flint, who will continue in active service with the bank as chairman of the board of directors.

Pottorff was elected vice president to fill the place of Watson.

The new vice president of the bank, who has been at Tucson the last two years, has had about twenty years of experience in the banking business, including several years' work in the comptrollers' office in Washington, D. C.

In effecting the new changes, officers of the bank said, the bank's only purpose is to increase its capacity to serve in proportion to its consistent growth.

The retiring directors, as well as all active members of its force, invite continued good will, support and patronage of all old and new friends and customers, Watson said. For its part, the bank will continue its policy of helpful service for the progress and general welfare of the entire section of the Southwest served by it, making available its strength and credit for every worthy purpose consistent with sound banking practice and principles, he added.

Aims, Objects of Rotary Explained At Weekly Meet

The four aims and objects of Rotary were described at the weekly luncheon of the Artesia club Tuesday noon, one by each of four members, who showed step by step how a Rotarian, as he becomes more familiar with the work of the organization, broadens his scope.

The first, club service, was explained by Neil Watson, who said it deals with fellowship and that it is reached when the club so interests every member that he is receiving the maximum good, as is the club.

C. T. Gaskin, who took up vocational service as the second object of Rotary, explained that through it unethical trade practices are helped to be eliminated, that high ethical standards in occupations and business are promoted.

Community service, the third object, was discussed by W. E. Kerr. He said this object is embodied in the philosophy of Rotary, "Service above self," and in the club motto, "He Profits Most Who Serves Best." Community service does not necessarily mean that the club as a body should promote projects and movements in a community, but that the members as individuals should be inspired to aid in such movements as Rotarians.

The Rev. Henry S. Stout, who explained the fourth object, international service, likened the four aims and objects to four concentric circles, in the middle of which is the first, club service, each in turn surrounding the one before. So, he said, international service builds around the others. Through it there is an exchange of culture and scientific knowledge among peoples, and every Rotary Club has a place in friendship and good will of the world, he said. Rotary today can best serve internationally by advancement of good will, understanding and peace, he said.

C. D. Marshall, president, announced there will be no noon luncheon of the club next Tuesday, but that there will be an intercity meeting and supper with the Lovington, Hobbs and Jal clubs at Morris Field here. Rotarians and Rotary Anns are to assemble there at 6:30 o'clock.

S. O. Pottorff, newly elected vice president of the First National Bank, who recently came to Artesia from Tucson, Ariz., was introduced and made a few remarks.

Father of Mrs. Fred Daugherty Dies at Home in Oklahoma

Bert Manahan, father of Mrs. Fred Daugherty, died in a Vinita, Okla., hospital, last Saturday morning, at the age of 69 years, after an illness of about nine weeks. Mr. Manahan, who was known to a number of local people, was in the oil business most of his life. He was living at Afton, Okla., but was formerly of Robinson, Ill. Burial was made Sunday at Miami, Okla.

Mr. and Mrs. Daugherty and their two daughters, Patricia Anne and Mary Elizabeth, left here Thursday morning in response to a call telling of the critical illness of Mr. Manahan. They returned home Tuesday.

Mrs. Mary Cavin returned Tuesday evening from Lexington, Okla., where she has been visiting her daughter, Mrs. Alice Gennings, and other relatives the last month.

Bulldog Schedule Completed With Eunice on Slate

The Artesia High School Bulldogs' football schedule was completed last Thursday afternoon, when C. D. Marshall, principal and athletic director, received confirmation of a game here with Eunice Saturday, Sept. 30.

The remainder of the schedule, as published at the time, was filled last spring.

The first game, for which the Bulldogs now are practicing hard under the direction of Joe Greeno, coach, and Allan Thompson, assistant coach, will be at Alamogordo Friday of next week, Sept. 22.

The Bulldogs will play first on the home field against Eunice Sept. 30.

Other home games: Tularosa, Friday, Oct. 13; Jal, Friday, Oct. 20; Capitan, Friday, Nov. 3; Carlsbad, Friday, Nov. 17; Lovington, Thursday, Nov. 30, Thanksgiving, original date of holiday, to maintain in New Mexico.

Games to be played away from home: Alamogordo, Friday, Sept. 22; New Mexico Military Institute, Roswell, Saturday, Oct. 7; Hagerman, Friday, Oct. 27; Portales, Friday, Nov. 10; Roswell, Friday, Nov. 24.

Legion Post Is on Record for Repeal of Neutrality Act

Believes United States Can Better Stay Out of European Conflict

Clarence Kepple post of the American Legion went on record Monday evening at the monthly meeting as being in favor of repeal of the neutrality act and passed a resolution to be sent to the New Mexico senators and congressmen.

Members of the post in an open discussion prior to action on the resolution expressed themselves as believing the United States will have a better chance of remaining neutral and keeping out of the present European conflict if the act is repealed by Congress than if it is enforced as now enacted.

A policy of "cash and carry" was recommended for trade with all belligerent nations.

Charles Morgan, who was elected department vice commander at the annual state convention in Lordsburg last month, gave a report of that meeting and said it was the best he ever had attended. He was especially impressed, he said, by the attendance of delegates at all sessions, the lack of which in the past has been one of the difficulties encountered at state conventions.

S. A. Lanning, post commander, appointed a committee to work during the coming year with Morgan, who previously had been announced as chairman of the dance committee. Those named: Calvin Dunn, D. C. Blue, Albert Richards, Frank Smith and Bryan Savoie and Loren Neeley as "major domo of the shindigs." The first dance of the season will be this evening.

Announcement was made that the joint meeting of the Legion and Auxiliary, scheduled for the third Monday of the month, has been postponed this month until the fourth Monday evening, Sept. 25, because the Auxiliary women will be occupied next Tuesday preparing a supper for an intercity meeting of the Rotary Club.

Seeks to Permit Issuance of \$1,450,000 in Institutional Debentures

The issuance of \$1,450,000 in state institution building bonds will depend on the will of the electors of New Mexico at a constitutional election throughout the state Saturday.

Polling places in Eddy County are the same as at the last general election. Of the twenty-four in the county, four are in Artesia, at the American Legion hut, city hall, Central School and Dunn's Garage.

The polls will open at 9 o'clock Saturday morning and will remain open until 6 o'clock in the afternoon, according to proclamation of the county commissioners.

Any elector whose name was included in the 1938 general election registration lists is eligible to vote, according to Rude Wilcox, deputy county clerk, who pointed out that the recent registration of voters under the new state system would not be used in this special vote.

The amendment, entitled Section 17 of Article 9 of the constitution of the state of New Mexico, does not enforce issuance of such bonds, but gives the state right to (continued on last page, column 5)

Rattlesnake Is Served Here

Rattlesnake as the piece de resistance has been heard of for a number of years, but so far as is known the first time it ever was served in Artesia was Monday noon, when Mrs. W. A. Jones, wife of the high school janitor, cooked and served three rattlesnakes to a few members of the faculty and students.

And they liked it, they said! The meat was white, sweet and tender, but was somewhat bony, the only objection.

The snakes were caught Sunday by Allan Thompson, new assistant athletic coach, who said he has eaten rattlesnake before.

The meat Monday was fried, but rattlesnake is prepared in several different ways, as well as being canned in Florida for serving as a delicacy.

Hagerman Looks Forward to Its Greatest Fair

The fifth annual Hagerman Fair Friday and Saturday, Sept. 29 and 30, should be the biggest in the town's history, according to plans nearing completion by the general committee and numerous sub-committees.

The Artesia High School band, under the direction of E. L. Harp, is scheduled to play the second day of the fair, which will be climaxed in the evening with a big dance. Athletic events will mark that day's program.

Exhibition and judging of all entries are to take up a greater part of the program the first day, when the Roswell High School Band is slated to play a concert.

The varied displays are to include the best the land affords in livestock, farm produce, garden products, including flowers and shrubs, and the handiwork of women in sewing, cooking and fruit preserving.

Committees also have been appointed to handle divisions in school home economics, school farm products and 4-H and home economics.

R. W. Cumpston is president of the fair, and Jim Michelet, F. J. McCarthy, W. A. Losey and C. G. Mason make up the executive committee.

REPEAL THE NEUTRALITY ACT

Neutrality must be maintained at all cost, even if it means bending over backwards.

Paradoxical as it may seem to many persons, the best way to remain neutral in the European strife is to repeal the present Neutrality Act!

By its terms the manufacturers in the United States of America are prohibited from shipping any munitions or other supplies to belligerent nations, which have been definitely defined by proclamation of President Roosevelt, who exercised the law as soon as each nation or dominion entered the conflict.

That means that democracy, as well as Hitlerism, is prohibited from receiving supplies from this nation with which to wage this war, which smacks of the same big idea as the World War: In 1917-18, when we were tangled up in that former unpleasantness, it was "to make the world safe for democracy;" today it is "to make the world safe from Hitlerism."

Yes, we are neutral, and we must remain so, but if we throw open our doors and say, "Come and get it, all who can," the war will be shorter than otherwise, for it will come to a conclusive end sooner, saving thousands of lives, at the same time helping to preserve democracy as against Hitlerism.

That may be neutrality with fingers crossed, but we, personally are neutral regarding the nations in the conflict. It is only the leader of the German people and his handful of honest followers and the doctrine they preach to which we are opposed.

The general belief throughout this nation, if we analyze it correctly, is set forth here, that Congress should repeal the Neutrality Act at once and sell munitions to all.

BOND AMENDMENT ELECTION SATURDAY

The Eddy County Taxpayers' Association at a meeting in Carlsbad Tuesday went on record as opposed to the proposed amendment on which voters of New Mexico will act Saturday at a special election, which, if passed, will pave the way for issuance of \$1,450,000 in bonds for the improvement of educational and other state institutions.

Similar action was taken recently by the Chaves County Taxpayers' Association.

In declaring themselves against the issue, the two taxpayers' organizations pointed out New Mexico and its subdivisions now have a bonded indebtedness of \$53,000,000, which, it is charged, is way out of proportion for the population.

That is just the point, New Mexico is "over-institutioned." Undoubtedly some of the schools and other institutions which would benefit by passage of the amendment need money. But what is more needed is a consolidation of schools of higher learning, so as to provide more quality and less quantity, so far as schools, not students, is concerned.

Many taxpayers believe the issuance of nearly a million and a half in bonds would provide political plums, rather than aid the state and state institutions. And taxpayers' groups all over the state are fighting the measure.

But it will not be defeated unless people go to the polls Saturday and cast ballots. It is common practice for the voters in such cases to sit back and let such an election go by the board for lack of interest. Besides, many people do not know what is going on. For those who do not, let them look to the taxpayers' associations for information, for members of those groups, representing the average citizen, have looked into the matter.

SNAPPY DOES IT

Artesia residents were impressed Saturday with the Lovington school band when it played on the streets here.

They especially noted the snappy uniforms, which set off the musicians and made a pleasing picture as the group swung down the street, which incidentally was done at a cadence faster than any approved cadence of which we have ever heard—180 steps to the minute—except double time.

But the thing which impressed us was the instrumentation, in comparison with the Artesia school band. The Lovington band had an ample number of alto and French horns, as well as instruments in the tenor class, whereas we here lack balance.

The average boy or girl wants to pick up a cornet or clarinet and step into the first chair. That is all wrong, for none but the best can handle first chair instruments. Few are willing to play alto, French horn or baritone. But there is no quicker or surer way to become a good cornetist than to begin on alto and master the instrument.

As far as that is concerned, many of the best drummers begin that way, graduate to third, then second and first cornet, practicing and learning the intricate technique of the sticks, before being given that important post in a band.

E. L. Harp, Artesia band director, has difficulty in getting the young players to realize that the "putt horn," as the alto frequently is referred to, is as important as is the solo cornet. All directors of school bands face that problem. If the boys and girls would only realize that he is right and knows what he is talking about, they would be helping themselves to become better musicians, and certainly would be helping the band.

They should remember that every football player cannot be the quarterback, nor every baseball player the pitcher.

FIRST METHODIST CHURCH

The Methodist Sunday school has set Sept. 17 as "Rally Day" for the school. Believing in doing things well, they have set as their goal for attendance 350 present next Sunday morning. They want every able bodied Methodist in the community to "rally to the colors" for this occasion.
Anyone seeing a Methodist wandering around on the streets of Artesia next Sunday morning around 9:45 o'clock will be doing the Methodist Church a favor if they will "shoo" the said Methodist in the direction of the intersection of Fifth and Grand Streets. All Methodists attached or unattached to the local church are cordially invited to be present at the opening hymn; in fact, they are impassionately exhorted to be in their places in the pew when the pianist strikes the opening chord of the prelude "It's time all good Methodists came to the aid of their church."

Artesia Mexican Methodist Church

The nearly completed Mexican Methodist Church at Artesia Heights, with the Rev. Constantino Gonzalez (in white shirt and with hat in hand), pastor, and four members of the church standing in front.

First services in the church, built through donations of Anglo friends and with the aid of contributed labor, were held Monday, Aug. 28.

At that time the interior was not finished and the members of

the congregation had to sit on the floor, on boxes, or on chairs they brought along, because of the lack of funds with which to complete the job.
Contributions are still being asked and are needed badly in order that the Spanish-American Methodists will have a complete church. The pastor will be pleased to receive either cash, with which to meet the necessary bills, or chairs, a pulpit and an old piano.

Rally Planned On Sunday for Valley Baptists

The Pecos Valley Baptists will meet at Artesia at 2:30 o'clock Sunday afternoon for their annual Sunday school rally.
The rally will be in charge of B. F. Fields, of Roswell, superintendent, and E. A. Herron, of Albuquerque, state secretary, for the purpose of preparation for the annual simultaneous enlargement campaign for the Pecos Valley.
Eleven churches are expected to have representatives present. An interesting program has been arranged, including as speakers all the pastors and Sunday school superintendents of the churches represented. Herron will bring the closing message and adjournment is expected by 4 o'clock Sunday afternoon.

Among the citations which comprise the lesson-sermon is the following from the Bible: "The sacrifices of God are a broken heart, O God, thou wilt not despise."—(Psalms 51:17.)

The lesson-sermon also includes the following passage from the Christian Science textbook: "Love is priestess at the altar of Truth. Wait patiently for divine Love to move upon the waters of mortal mind, and form the perfect concept."
The program: Opening prayer, A. J. Cowan, Hope, and Mrs. George Chandler, El Paso Gap; singing, "Rescue the Perishing" and "Bring Them In," F. W. Sadler, Hagerman; "Out in the Desert Dark and Dreary," a survey of unenlisted Sunday school prospects, B. F. Fields, Roswell.
"Calling the Sheep Who've Gone Astray," organizing for enlistment, Walter Johnson, Artesia; a prayer for compassion, W. C. Garrett, Roswell; "Bring the Wandering Ones to Jesus," evangelism in Sunday school classes, A. L. Goodwin.
"Bring Them In," reaching the lost through the Sunday school, H. D. Bush, Roswell; a prayer for burdened hearts, R. E. Harrison, Hagerman; "Go Find My Sheep Where'er They Be," reaching the "can'ts, don'ts and won'ts," Mrs. J. B. Savage, Roswell; "Bring Them in from the Fields of Sin," teaching the Bible for perennial evangelism, McKinley Norman, Roswell; a prayer of intercession, William A. Kuykendall, Dexter.
"Strength for Thy Labor," Earl H. Brock, Loving; "Tis the Master Speaks to Thee," using the simultaneous campaign, E. A. Herron, Albuquerque; closing season of prayer, Haley, Dexter; Horn, Carlsbad, and George Toby, Roswell.

CCC Grazing Camp Moving Day to Be On Oct. 1 in State

Lake Arthur to Carlsbad Is One of Five Division Transfers

The transfer of CCC camp DG-41-N, now west of Lake Arthur, to camp DG-148-N, near Carlsbad, buildings and all, will be part of a wholesale moving day Oct. 1 of five Division of Grazing CCC camps in New Mexico.

Already at some of the camps the personnel are living in tents while the portable type buildings are being dismantled, section by section, virtually over their heads.

The sections will be trucked to new locations, all within the state, and there erected for reoccupancy by the lads.

The transfers of camps will bring one more camp into grazing district 6. Camp DG-149-N, located at Roswell, will be occupied by DG-42-N, which will evacuate its present location at Magdalena. Buildings at the Magdalena camp will be left standing for occupancy by a Soil Conservation Service work company.

Other camp movements in the state are DG-39-N, Tularosa, to DG-161-N, Cabezón; DG-40-N, Carrizozo, to DG-147-N, San Antonio, and DG-43-N, Animas, to DG-150-N, Columbus.

Little Known Facts and Sidelights on Oil Industry

Sea's Secrets Revealed—

Ingenuity of oil explorers in locating hidden oil pools with seismographs, instruments which record the behavior of artificial earthquake waves as they travel through varying rock layers, is aiding biologists in revealing the secrets of the sea.

To set off earthquakes on the bottom of the Atlantic Ocean off Bermuda, they're using toy balloons filled with TNT. The scientific bomb is set off by an electric signal. Batteries and relays are contained in a water-tight metallic cylinder. Inside the cylinder is a watch with an electric switch which can be set to time the explosion. When the explosion takes place, another switch automatically releases the anchor cable and brings the apparatus to the surface.

Seismograph instruments are encased in cylinders, connected to microphones which rest directly on the floor of the ocean. The mikes pick up the vibrations caused by the explosion, and transform them into electric waves which are amplified by radio tubes and then fed into an electric meter. Attached to the vibrating element of the meter is a tiny mirror. A beam of light from a little electric lamp is reflected from this mirror onto a moving strip of photographic film. Thus the waves of the man-made earthquake on the ocean bottom are converted into a wavering streak of light and recorded upon a photographic film.

Looking for a Preacher—

Surest sign of prosperity in a country town is a year-round preacher. Sometimes an oil strike is the only way to keep him on the job. That's what happened to a little town in the Salem field in southern Illinois.

The church's well, No. 1 Young's Chapel Church, struck oil in the McCloskey lime and began production 4,800 barrels a day—a record for the field.

As in many other rural church communities, church expenses have been hard to meet. Now, with more than \$18,000 in the church treasury, they're looking for a full-time preacher.

What It Takes—

It takes diplomacy to be an oil field claim adjuster. It also takes versatility as the claim adjuster for a leading oil company discovered recently, when he was drafted for the job of pulling an old grey mare out of a slush pit.

A tractor got the mare out finally, but the intrepid adjuster was left behind. After some debate, it was decided to hitch the tractor on to the adjuster and haul him out, too. He made the grade successfully, but his trousers were plastered with a thorough coat of slush pit mud.

"Picayunish"—

Scales balanced to weigh the ink in a comma are finding wide use in modern laboratories. A grain of sugar is considered massive on the microchemical balance. It weighs 68-millionths of an ounce. Mosquito's stingers, handled easily, register six ten-millionths of an ounce. An eyelash is three times as heavy.

Punctuation marks can be used for balances on home-made models since technicians have discovered that the ink in the period, comma and exclamation point weighs respectively one, two and three ten-millionths of an ounce.

To the Barricades!—

Embattled housewives built a barricade of bricks, railroad ties and household equipment across a dusty mid-western small-town street, recently. They even threatened to toss flatirons at the street workers unless their demands for an oiled road were granted.

These pioneer rebels knew what they wanted. Oiled streets bring better living, small town folks have discovered. Those whose taxable wealth is so low as not to afford luxury type pavements have discovered, also, that oiled, low-cost bituminous roads give equal

service without a heavy tax assessment.

Paving by approved and practical street methods costs as little as \$7.50 for each home owner with a 60-foot front lot on a 50-foot wide street, compared with \$500 for expensive type pavings for the same amount of surfacing.

Art for the Masses—

Although Mr. and Mrs. Average Income are inclined to believe that sculptures belong in a museum, metropolitan art dealers firmly disagree. To prove their point, they're putting miniature "first editions" of choice pieces into mass production at prices ranging upward from \$10.

Clue to low prices is the important role which industry plays in the production of sculpture. If the figure is in metal, mechanics may cast any number of identical "originals" in the mold constructed from the artist's plaster model.

Sometimes the sculptor whose finished work is in stone or marble never touches the medium. Stonecutters use a machine to scale the final version up or down from the plaster working model. Only if the figure is in wood or plaster is it likely that the artist himself did all the work from start to finish.

Whatever the practice, "editions" can be cast or cut to any figure desired. If they are signed by the artist, reproduction standards must be high—craftsmen responsible for the "replicas" are instructed to consider each piece an original work of art.

House on Grand Is Destroyed by Blaze in the Night

An unoccupied frame house at Fourth and Grand, which was being offered by the state for taxes, was destroyed by fire which was discovered about 11 o'clock last Thursday night.

The complete structure was enveloped in flames when the fire department arrived and firemen, hampered through loss of a reducer used in making couplings, could do nothing but see that the blaze did not spread after a hose line was strung.

The house, one of the older in Artesia, burned rapidly and was a pile of smouldering embers within a few minutes after the alarm was sounded.

Up to last Thursday the house had been occupied for several months by the family of Joseph Howerton.

Mr. and Mrs. Buford Gray, Miss Ina Cole and Charles Blount made a trip to El Paso Friday, returning the same day.

Mr. and Mrs. Sam Lewis of Pinon were visitors in Artesia the first of the week, after which Mr. Lewis returned to their ranch home leaving Mrs. Lewis, who prolonged her visit with her son, Carl Lewis, and family.

Mrs. Ben Dunn and two children, Janet Ruth and John Paul, and her mother, Mrs. B. B. Thigpen, of Pecos, Tex., were guests over the week end at the L. M. Vaughn and Preston Dunn homes.

their return trip to Indiana Monday.

Ladies of the Missionary Society of the Methodist Church will sponsor an old fashioned cake walk at the gym Friday evening.

The young folks may not be familiar with this kind of entertainment, but we are assured by those who are in charge of the evening that there will be plenty of fun for everybody. The cake walk is done by walking in rhythm to music. Each step a player takes places him on a number. When the music is stopped, the person standing on the proper number is awarded a cake.

V. J. Meeks of Carlsbad was sent out to the ranches in the Hope vicinity about ten days ago to act as chief of a crew which is working to destroy prairie dogs. The work is being conducted under order of the Taylor Grazing Act, as a 50 per cent refund to ranchmen who have paid fees the last three years. \$15,000 has been allotted to Eddy County for work of this type, which will be of benefit to ranchmen. Mr. Meeks has done work on ranches owned by Edgar Williams, Sy and Ernest Bunting, Lee Glasscock, Tom Coffin and others. Hershall Bragg of Hope is assisting in the work.

Mrs. Irvin Cox entertained fifteen guest guests at her home Wednesday with a party honoring the fourth birthday of her little daughter, Marylin. Favors of little "guess what?" packages were given the children. Birthday cake and punch were served. The cake, which was baked and decorated by Mrs. Cox, was made in the shape of a ship. The sails of the ship were attached to red and white stick candy. Tiny flags were placed atop each pole. Twine string served as the rope for the ship. Colored candy bits were sprinkled on the cake, making it very clever and attractive.

White, Alan Thompson and Robert Marshall.

A salad course, depicting a little man, made of tasty foods and attractively arranged was served with an iced drink.

Wednesday afternoon a party of five attended the P.-T. A. school of instruction held in Roswell. They were Mr. and Mrs. W. E. Kerr, Mrs. Foster, Mrs. Reed Brainard and Mrs. Irvin Martin.

There were 32 officers of the Roswell City Council of P.-T. A. in attendance at the school which was under the direction of Mrs. P. V. Thorson, first vice president of the Roswell Parent-Teacher Association.

This morning Mrs. Foster, accompanied by her small son, Eddie Joe, left by train for Amarillo where she will attend a P.-T. A. school of instruction to be held in that city at the three school units. Mrs. Foster will attend as a guest at Sam Houston School this evening, at San Jacinta Friday afternoon and at Central School Friday evening, expecting to return home Saturday. Eddie Joe will visit with friends in Amarillo.

Mrs. Foster reports that the Parent-Teacher Association which was organized at the close of the school term last spring is functioning in every department, with all committees named and every member of the committees working. Under the leadership of Mrs. Foster, who is capable, efficient and with a background of experience, and with the schools cooperating in every detail of the work, much is expected to be accomplished during this school year.

LEGION AUXILIARY HOLDS ALL-DAY MEET MONDAY

The American Legion Auxiliary met at the hut for an all-day meeting, Monday, with about 25 members present. The ladies spent the morning making sheets and towels for Artesia Memorial Hospital, after which they enjoyed a covered dish luncheon at noon.

At 2 o'clock the meeting was called to order by Mrs. D. C. Blue, president, in the chair. Mrs. P. V. Morris, the membership chairman, reported about fifty paid-up members and read the call to the national convention in Chicago Sept. 24-27. Mrs. Ben Prior, department president, a New Mexico delegate, expects to attend.

Appointments of committees for the year were read on this occasion. The date of the district meeting, to be held in Carlsbad Oct. 19, was announced. The sum of \$40 was allowed for the school health fund and the rehabilitation chairman reported \$25.16 spent on a veteran's family. An order for 2,250 poppies for the poppy sale next spring and twenty-one subscriptions to the National News, Auxiliary publication, was reported.

"Constitution Day" was observed by honoring the signers of the constitution, and Mrs. William Linell discussed the observation of the constitution.

Mrs. Charles R. Martin, Mrs. S. A. Lanning and Mrs. John Runyan were elected members of the executive board.

Mrs. John Runyan, chairman of the program for September, which is music month, told of the 125th anniversary of the "Star Spangled Banner," giving the history of the national anthem. She also distributed for the first time new song cards to be used in the open meetings this year.

After the meeting, the hostesses, Mrs. John Runyan, Mrs. C. R. Vandagriff and Mrs. Jack Clady, served a refreshing drink.

PRESBYTERIAN WOMAN'S ASSOCIATION THURSDAY

The Presbyterian Woman's Association met at the church last Thursday afternoon at 2:30 o'clock with the president, Mrs. Hugh Kildy, in charge. The devotionals were led by Mrs. R. L. Paris and the program was in charge of Mrs. Henry S. Stout, who used for the subject of discussion, "The Holy Spirit."

A light refreshment course was served to about ten ladies by Mrs. Jim Montgomery, hostess.

MARSHALL MARTIN WAS ONE YEAR OLD MONDAY

Mrs. W. Leslie Martin entertained with a delightful birthday party Monday afternoon in honor of the first birthday anniversary of her young son, Marshall George.

Eight small children, accompanied by their mothers, were guests. Too small for games, each child used his own initiative in putting on stunts for the amusement of the others. Mrs. Martin, who has become somewhat skilled in the use of the candid camera, took pictures of Marshall George and his little friends, who were

Donnie Marshall, Donald Kiddy, Harold Dunn, Dianne Day, Nancy Booker, Merideth Smith, Henry Allen and Mary Margaret Whitson.

There were balloons and red pin-wheels for favors and birthday gifts for the honoree. The young man was aided by his grandmother, Mrs. Hiley Johnson, in blowing out the single white candle on his beautifully decorated pink and white birthday cake. Ice cream and cake were served to the small guests, their mothers and to Mr. and Mrs. G. R. Brainard, who were also refreshment guests.

Nazarene Revival To Begin on Sunday

The Church of the Nazarene announces it will begin a revival Sunday, Sept. 17. The preacher will be the Rev. C. F. Sanders, evangelist of Post, Tex. All the special and congregational singing and music will be under the direction of Mrs. Berthold Davis.

The pastor, the Rev. Lee P. Phillips, invites all to attend who like straight gospel preaching and lots of good singing. There will be special singing at each service and something different is assured for each night of the revival, he said.

"Our aim in this revival effort is to get people saved and the Christians inspired to press on, and not to destroy the faith of other churches," the pastor said.

"With this end in view, we ask all to attend who can of Artesia's other churches and pray for us that much good may be accomplished during these services."

Services will begin at 7:45 o'clock each evening.

Owen Haynes, salesman at the Guy Chevrolet Company, went to El Paso the first of the week where he is attending a five-day school of instruction, conducted by the Chevrolet Motor Company. Mr. Haynes was accompanied to the city by Mrs. Haynes.

Mrs. Andy Anderson returned Friday from St. Francis Hospital at Carlsbad, where she underwent an appendectomy.

Mr. and Mrs. Carter Miller of El Paso, Tex., returned home Monday after a short visit with their son and daughter-in-law, Dr. and Mrs. Wainright Miller.

Mrs. Boone Barnett returned Sunday from Wilson, Okla., where she had been called because of the illness of her mother, Mrs. H. L. DeBerry. Upon her return Mrs. Barnett reported that her mother was much better.

Mr. and Mrs. Nevil Muncy and daughter, Billie Jean, returned Tuesday from Tucson, Ariz., where they spend the week end visiting Mrs. Muncy's brother, Kirk Brookshire, and family.

Mrs. E. B. Bullock is spending this week at Ruidoso as a guest of Mrs. Nancy Eipper at her cabin there. Mrs. Bullock was accompanied to Ruidoso Sunday by Charles Bullock, Mrs. Landis Feather and Mrs. William Bullock.

Mrs. I. L. Spratt returned home Sunday from Carrizozo, where she spent last week with her brother, Dr. Paul Turner, and Mrs. Turner, with part of the time in the Turner Hospital. Mrs. Spratt came home much improved.

Mr. and Mrs. Lowell Price of Chandler, Ariz., arrived Monday and expect to spend most of their two-week vacation here, visiting Mr. Price's father, G. V. Price, and his brother, Leland Price and family.

Trading Post Shed Destroyed by Fire Here This Morning

A small storage shed and equipment of George & Preacher's Trading Post on the north highway, north of the main building, were destroyed by fire which started about this morning. Beyond the water main, the fire department could only stand by to protect other property there with a stream from the auxiliary tank carried on the truck.

H. W. (Preacher) Langford said the loss, estimated at about \$500, is partially covered by insurance. In the building, besides equipment, he said, was a tire repair shop. The shed was a few feet south of the site of a former shed which burned a little more than a year ago.

Estimated New Mexico Cotton Crop Will Produce 97,000 Bales This Year

New Mexico will produce an estimated 97,000 bales of cotton this year of 12,380,000 bales of 500 pounds each in the United States, according to figures as of Sept. 1 by the Department of Agriculture.

The state's crop will be 82 per cent of normal, with an estimated average of 480 pounds to the acre, according to the estimate.

That forecast of production, based on the condition of the crop Sept. 1, compared with a forecast of 11,412,000 bales Aug. 1, 11,943,000 bales produced last year, and 13,800,000 bales, the average production for the ten years, 1928-37.

The condition of the crop on Sept. 1 was 70 per cent of normal, compared with 74 a month ago, 65 a year ago, 75 two years ago, and 59, the 1927-36 ten-year average condition on Sept. 1.

The indicated yield was reported as 244.7 pounds to the acre, compared with a forecast of 223.7 pounds a month prior, 235.8 pounds, a record, produced last year, and 190.8 pounds, the 1928-37 average yield.

The condition of the crop Sept. 1, indicated acre yield and indicated total production, by states, other than New Mexico, follows:

Oklahoma 65, 150 and 566,000; Texas 65, 170 and 3,072,000; and Arizona 94, 487 and 182,000.

The crop reporting board said conditions affecting the crop generally were quite favorable during August, with reports indicating improved prospects in all states except Virginia, North Carolina, Florida and New Mexico.

The most important increase in the estimate of production was in Texas, where 495,000 more bales were in prospect than were indicated on Aug. 1.

For the country as a whole, the board said, prospective damage by boll weevils was expected to be about the same as the ten-year

average and only slightly smaller than was indicated a month earlier.

The board estimated that 2.9 per cent of the acreage in cotton on July 1 had been, or would be, abandoned, leaving 24,222,000 acres for harvest. Last year the abandonment was 3.1 per cent, and for the ten-year (1929-38) average it was 2.2 per cent.

Lovington Band And Motorcade Come to Artesia

A Lovington booster motorcade, including the school band from there, paraded on Main Street in Artesia Saturday publicizing the annual livestock show and rodeo at Lovington, which opens Friday and continues through Sunday.

The band was especially striking, thirty-six musicians and two twirlers, all decked out in attractive blue and white uniforms and the drum major in white and gold. After parading, the band formed at Roselawn and Main and gave a short concert.

Rodeo events will be held each of the three days. There will be a parade each day before the rodeo and a cowboy dance each night.

Mrs. Sallye Runyan Lanning and her daughter, Marilou, left Wednesday for their home in Pasadena, Calif. Accompanying them was Richard Teague, nephew of Joe Nunn, who expects to visit the Golden Gate Exposition before returning to his home here. Mrs. Lanning and Marilou have been visiting Mrs. Lanning's father, D. W. Runyan, and other relatives in Artesia for the last month.

FSA Completes 50 Loans in County So Far This Year

Total of \$80,102 Shown by Paul Ball, Supervisor for County

The Farm Security Administration has completed fifty loans in Eddy County so far this year, for a total of \$80,102.77, according to a report by Paul Ball, FSA county supervisor.

These loans, which include those for farm-tenant purchase projects, farm and cattle operations, average \$1,602.05, the report showed, ranging from a maximum of \$10,215 to a minimum of \$87.

Loans to farmers to make crops totaled \$31,000.57, or an average of \$756.11 for each one made; cattle loans totaled \$12,290, or an average of \$2,458.

No tenant purchase loans have been completed yet this year, but four prior ones in the county averaged \$8,000, which included land purchase, construction costs for necessary home, barn or other buildings and equipment.

Of seventeen applicants for tenant purchase projects this year, four have been selected. These include Herman L. Green, Artesia, and W. C. Jordan, Charles B. Jones and Derwood Glaze, all of the south end of the county.

Completion of these four tenant purchase projects will give the county a total of eight, with a possibility of one more later this year. In event there are funds for this additional project, Ball said the top applicant on the list recently checked would be designated.

Infant Death Rate in Eddy County Is High During August

A high infant mortality rate for Eddy County during August was shown in the monthly report released by Mrs. Mirva Stewart, vital statistician, who said fifteen infants under a year of age died during the period.

This total, together with seven deaths of persons more than 65 years of age, and others in various age groups, brought the August death total to 34, as compared with 51 births.

Only one still-birth was reported. The infant mortality figure was attributed principally to "summer complaint," a disease which affects that age group at this time of the year.

Mrs. Stewart said that while 15 infant deaths is higher than averages for the year, it is not unusual for summer months, July having shown about the same total.

NOTICE

STATE ENGINEER'S OFFICE
Santa Fe, New Mexico, Aug. 30, 1939.

Number of Application RA-1433

Notice is hereby given that on the 29th day of August, 1939, in accordance with Chapter 131 of the Session Laws of 1931, Frank E. Miller of Artesia, County of Eddy, State of New Mexico made application to the State Engineer of New Mexico for a Permit to Change Location of a 10 inch diameter shallow ground water well, authorized under Permit No. RA-1433 from a location in the NE 1/4 SW 1/4 of Sec. 28, T. 18 S., R. 26 E., N. M. P. M., to a location in the NE 1/4 SW 1/4 of Sec. 28, T. 17 S., R. 26 E., N. M. P. M., and said applicant also filed application on the 29th day of August, 1939 to Change Place of Use of 480 acre feet of shallow ground water, authorized under Permit No. RA-1433 from 180 acres of land described as follows:

Subdivision: SW 1/4 Section 28, Township 18 S., Range 26 E.; 160 acres, to 160 acres of land described as follows:

Subdivision: SW 1/4 NE 1/4 Section 28, Township 17 S., Range 26 E., 40 acres; subdivision W 1/2 SE 1/4 Section 28, Township 17 S., Range 26 E., 80 acres; subdivision NE 1/4 SW 1/4 Section 28, Township 17 S., Range 26 E., 40 acres; total 160 acres.

This is not an application for any new appropriation of underground water, but is merely an

application to change location of shallow ground water well that has already been authorized under Permit No. RA-1433, and to change the place of use of 480 acre feet of shallow ground water that has also been authorized under Permit No. RA-1433.

Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their

objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the applicant with the State Engineer within ten days after the date of the last publication of this notice. The date set for the State Engineer to take this application up for final consideration unless protested is the 9th day of October, 1939.

Little Buddy Parker was ill Sunday.

James Norris is having a well drilled on his farm on Cottonwood. J. R. Cline of here was transacting business matters in Carlsbad one day last week.

The Cottonwood and Espuella gins have ginned several bales of cotton the last few days.

Dorel McClellan, son of Mr. and Mrs. Carl McClellan, was suffering from an infection on his leg last week.

Farmers in the Cottonwood community reported that their cotton was shedding badly, probably due to the dry weather.

Mr. and Mrs. S. G. Strebeck of Artesia were guests at a dinner of Mr. and Mrs. I. P. Johnson of Cottonwood last Thursday.

William Long of El Paso, Tex., was a guest in the home of Mr. and Mrs. Noah Buck Wednesday and Thursday of last week.

Mr. and Mrs. Buck Gibson and family of Artesia were guests at a dinner Sunday of Mr. and Mrs. John Buck of Cottonwood.

Mr. and Mrs. Noah Buck and son, Eugene, enjoyed a vacation in the Capitan Mountains several days last week.

The polling place in precinct 10, Cottonwood, for the special election Saturday will be at the gymnasium.

Mr. and Mrs. Idos Golden of El Centro, Calif., visited his parents, Mr. and Mrs. G. G. Golden, and family a few days last week.

Mr. and Mrs. Clyde Caldwell of Glenwood, Ark., arrived here Tuesday of last week. Mr. Caldwell will drive one of the school buses.

Mr. and Mrs. Cloves Taylor, who are here visiting relatives, were dinner guests of Mr. and Mrs. Carol Jackson Wednesday of last week.

Mrs. Clarence Renshaw, who has been quite ill the last two and a half months, was taken to St. Francis Hospital in Carlsbad. Her condition is very critical.

Mr. and Mrs. Bob Dewett of near Gordon, Tex., were guests last week in the home of Mr. and Mrs. Earl Hall of the Cottonwood community.

Mr. and Mrs. Clint Powell of Cottonwood left early Sunday morning for a ten-day visit in the Sacramento Mountains with Mr. Powell's mother and other relatives.

Mr. and Mrs. Frank Howard of Buckeye were visitors over night Friday in the home of Mr. and Mrs. J. R. Cline. Mr. and Mrs. Howard are former residents of the Cottonwood community.

Mrs. Glenn O'Bannon returned Friday from Carlsbad, where she was visiting for several days with her sister, Mrs. Archie McDonald, who was operated on at St. Francis Hospital Wednesday of last week.

Mrs. A. O. Vowell and sister, Mrs. Kennedy, of Buckeye, who were called two weeks ago to Sweetwater, Tex., because of the serious illness of their father, A. C. Payne, returned home Friday. Mrs. Vowell reported her father is very much improved.

Mrs. Mary Jarris of Munday, Tex., who has been visiting her parents, Mr. and Mrs. Walter Hill, of the Cottonwood community for the last two weeks, left Monday morning for her home. Her mother and sister, Elouise, accompanied her for a visit of a few days.

Mrs. A. D. Hill, Jr., recently purchased a new gas range and is well pleased with it. Mr. and Mrs. A. D. Hill, Sr., also have recently purchased a new radio and are pleased with the reception they get from it.

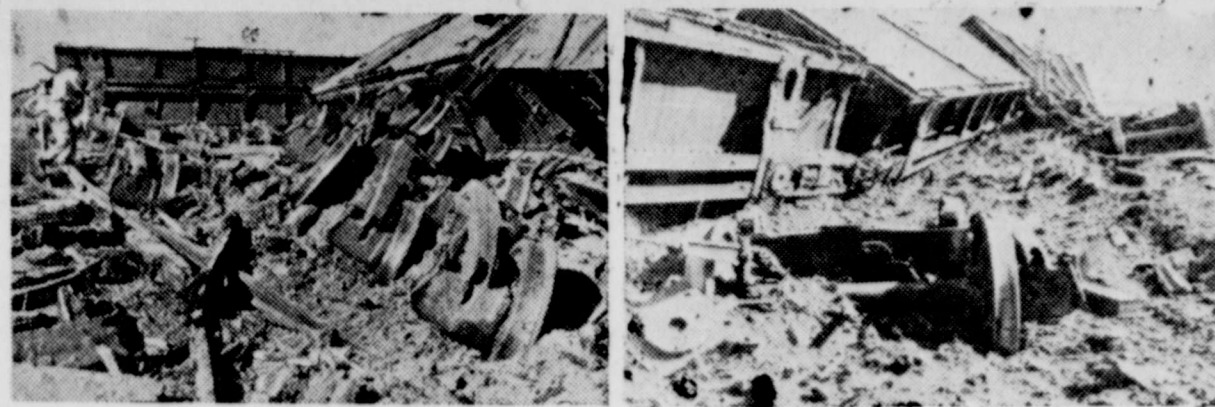

Sleeping sickness has been reported in the vicinity. I. P. Johnson of the Cottonwood community said the disease has killed a colt of his. Mr. Johnson had his horses vaccinated for the disease last Thursday.

J. L. Jetton of Lake Arthur and P. H. Reed of Dexter narrowly escaped injury Tuesday of last week as their cars collided on the highway about two miles south of Dexter. Reed, driving south, was attempting to make a left turn on the highway, it was reported by sheriff's officers who investigated, when Jetton started to pass him. The cars collided and the Jetton car ran off the road and into a ditch and overturned. Both cars were badly damaged, the Jetton car being considered a total loss.

Karson Wade, son of Mrs. Harmon Huffmaster, was examined for enlistment and assignment to the 20th Infantry, Fort Francis E. Warren, Wyo., and report to Denver, Colo., for completion of enlistment. Karson, who was 18 years of age on Sept. 1, and a junior in high school made a score of 96 on his intelligence examination for enlistment, the highest score made at Roswell including high school graduates and college men.

Freight Cars Pile Up North of Artesia

—Photos by Crile Studio

This is how special northbound freight No. 1661 looked after it piled up five miles north of Artesia the afternoon of Aug. 31, when the sun warped a rail on the Santa Fe track.

The cuts, delayed in delivery,

were intended to have been used last week's issue in connection with the story of the wreck, but they arrived too late.

In the accident the majority of the cars of a heavily loaded potash

train, bound for eastern markets, passed over the warped rail before being derailed. Then eight of them were wrecked, four being badly damaged and piled up as shown in the pictures.

delicious covered dish luncheon was served in the dining room, with a large platter of iced cantaloupe balls topped with iced watermelon balls that centered the table. The afternoon meeting was in charge of Miss Vernita Conley, home demonstration agent, who presented the various program plans for the extension clubs for the coming year. A county council meeting will be held in Carlsbad Saturday, Sept. 16, and all club members are invited to attend. Miss Dee Maier of State College will have an exhibit of "zipper" fasteners for all types of clothing. Members and visitors present: Mmes. R. D. Bruce, J. L. Williams, L. C. Brundrett of Malaga, Ray Zumwalt, Larry Knoedler, John Taft, John Henry, J. W. Van Horn, Virginia Briscoe, James Thigpen, Bill Ross, Emma Briscoe, J. A. Mrs. Carl Dannenbaum, who underwent a major operation at Clovis Memorial Hospital in Clovis more than a week ago, was removed to the home of her parents, Mr. and Mrs. A. E. Hunton, in Clovis Monday.

Should Keep Farm, Ranch Records Up to Date Always

Sometimes Are Neglected During the Summer and Fall Months

The old, familiar proverb, "Never put off until tomorrow what you can do today," applies very well to the keeping of farm and ranch records, says A. E. Triviz of the New Mexico Extension Service. There is a tendency during the summer and fall months to discontinue keeping records. If the recording of a transaction is "put off until tomorrow," the record may be that it will not be recorded at all, or the record book discontinued.

If the record book has been neglected for some time, where at all possible, it should be brought up to date as some kind of record is better than none. For accuracy and convenience, however, the record should be kept up to date all the time, especially during the summer and fall months. This is

the time of year when the farmer is cultivating, harvesting and selling his crops, and the rancher is preparing his livestock for market. More labor is hired, more repairs are made, more expenses and receipts are incurred during this time of year than perhaps at any other time. All these transactions should be entered in the record book.

In order to make recommendations and adjustments in the farming or ranching unit, one must have facts, Triviz declares. One way of knowing facts is by keeping records. To obtain the best records, they should be kept up to date.

A farmer or rancher should not only keep a record in order to show his financial standing at the end of the year, but should also keep records or notes of any specific problems in connection with his business. Information, such as difficulties encountered in harvesting a crop or marketing crops or livestock, will prove valuable towards the solution of those problems.

Blaine B. Haines, son of Mrs. Ruby Sharpe, returned last week to State Teachers College, where he will begin his second year. Blaine is a member of the Mustang football team.

Here's How Cuarto Centennial Plates Went to New York

It's service all around when it comes to the Artesia Chamber of Commerce and The Advocate, as attested by a letter to Arba Green, secretary of the Chamber of Commerce, from Frank W. Mauro of New York City, public accountant and auditor:

"I appreciate more than I can tell you the beautiful Coronado Cuarto Centennial plates which I received this morning.

"Knowledge of the distribution of the plates by the Chamber of Commerce came to me from an article written in The Artesia Advocate of Aug. 24, of which I am a subscriber.

"Please accept my sincere thanks for your promptness in sending the plates."

Green, who said the plates are principally for local distribution, still has a number which will be given away free as long as they last.

issue and sell institutional bonds not to exceed \$1,450,000 without submitting the issue to the electors.

Purpose of the issue is to "provide funds for acquiring, improving, constructing and equipping state-owned and institutional buildings." The amendment also authorizes "levying of an ad valorem tax to pay said bonds and the interest thereon. This assessment would be made annually, it was shown.

WILL BE CONNECTED WITH JENSEN & SON

Mr. and Mrs. John Elmer Hoekman and small son, Robert, of Stockton, Calif., moved to Artesia Saturday to make their home. Mr. Hoekman is to be connected with the Jensen & Son Diamond Jewelry Store of his father-in-law and brother-in-law, O. S. and Don Jensen.

Hoekman came at this time in order to acquaint himself with the stock in anticipation of enlargement of the store, which will be done when Crile Studio, which is located in the same building, has moved to the new building on

South Roselawn being built by Herman Crile.

A son was born to Mr. and Mrs. Gilbert Myers Wednesday morning at St. Francis Hospital, Carlsbad. The son was named Leslie Kieth, weighed ten pounds at birth, and is the second son born to Mr. and Mrs. Myers, who recently moved here from Kansas.

A STATEMENT OF SAFEWAY POLICY

The forces of market disturbance, fear and speculation are at work. Prices for some basic commodities have already gone up. Increases in Safeway's retail prices on these items reflect the rise in wholesale cost, over which Safeway has no control.

It is a fundamental Safeway policy to earn only a small profit on each sale. Safeway pledges that during the period of war emergency it will not change this policy; and that in the future as heretofore, it will make every effort through improved methods to reduce distribution cost — the difference between what the farmer gets and the consumer pays. You will always be able to buy from Safeway at the lowest prices available anywhere.

Consumers may assist materially in preventing unwarranted price increases by continuing their purchases on a normal scale. There are adequate supplies of food stuffs for every American. Hysterical buying, which strips retail and wholesale stocks, creates artificial security, which pushes prices to abnormal levels.

Machinery exists within the government to control production, storage and release of commodities, imports, export quotas and prices—if it should become necessary to employ these methods to protect the economic welfare of the country.

Safeway further pledges complete cooperation with the governmental agencies and with farmer producers in all efforts to stabilize prices, discourage profiteering and maintain orderly facilities for food distribution.
