JHS Athletes Honored At Annual FCA Banquet

At presstime, funeral services were pending with Ellis Funeral Home in Muleshoe for Joseph C. Mallouf, 76, of Sudan. He died on Tuesday, May 24, at High Plains Baptist Hospital in Amarillo.

He was the owner/operator of Joe's Boot Shop in Sudan.

His survivors include two sisters, Josephine Debs, Thachati, CA and Ruby Nayfa, Sweetwater; and several nephews, including Junior Mallouf of Lazbuddie.

Bailey County EMS will sponsor a youth dance on Saturday, June 4, at the American Legion Hall in Muleshoe.

Scotty Snipes of Clovis will be presenting the music for the 8 p.m.-midnight dance.

Area youth are invited to attend the dance.

Because of some volunteers, the roof of West Plains Medical Center has been replaced.

A new roof was built over the existing roof after discovery of severe leaks which were causing extensive damage to the interior of the hospital.

Although the materials for the new roof were sold to the hospital at cost, donations are still needed to pay for the materials.

If you would like to make a donation to the West Plains Medical Center Improvement Fund, go by 215 South First, or make your donation to the fund at Muleshoe State Bank.

Swimming lessons will be given at the Muleshoe Country Club pool beginning June 6, with new classes starting every two weeks.

Group lessons are limited to five persons, and the cost is \$50 for 10 lessons or \$7 for each lesson.

For further information, contact Amy Bean at 272-3338 or 272-4250.

Rick Copp said the annual Lazbuddie Rabies Clinic is scheduled for Tuesday, June 7, 2-5 p.m. at the ag shop at the Lazbuddie School.

Dr. Jerry Gleason and his staff will be administering the shots.

Rabies is \$6; DHL \$14; Parvo \$9; DM \$9; LVRCP \$9.50 and pets can also be wormed at the time.

SHE'S A SUPER SALESGIRL--A whopping \$1,475 was collected by Leann Wisian, far left, for the annual Jennyslipper Walk-A-Thon last month. Since she does not drive, her mother, Sherry Wisian, far right, holding granddaughter, Mikah, drove her all over the country collecting her pledges for her 10-mile walk. She had pledges from Muleshoe, the rural areas, Lazbuddie and Sudan. For her efforts, she received a tote bag, Garfield telephone, bicycle, three pair of 'Roper' boots, and a Walkman radio with headphones. Her philosophy was that since people from the 'outlying areas' came to Muleshoe to enjoy the fireworks on the Fourth of July, they should be happy to help with the Walk-A-Thon. They were! Rotary Installs New Members; Two Give Classification Talks

No formal program was scheduled by the Muleshoe Rotary Club Tuesday at noon, as it was time to install new members and have classification talks by some of the Rotary members.

Buck Campbell installed the new members, including David Tipps, Bill James, Abel Arguello and Bret McCasland. New member Travis Bessire, was not present.

Campbell told the background of the Rotary Club. He said that

just after the turn of the century, Paul Harris and a few friends and fellow businessmen met each day for lunch and to discuss problems in the community.

Since forming Rotary International, Campbell said it now encompasses over one million members in over 160 countries.

He briefly outlined some of the Rotary programs and what has been accomplished worldwide--such as the Polio Plus program.

Rotary International has set a

goal of \$120 million dollars which will inoculate one billion kids against polio.

Currently, the Muleshoe Rotary Club has raised over \$4,000 toward this goal, enough money to inoculate between 30-40,000 kids.

Campbell also outlined some of the responsibilities as a Rotary member for the new members.

He concluded that 25 percent of the membership does more than is expected; 50 percent of the Rotary membership does what is expected of him and 25 percent of the membership does nothing.

Randy Fields won the Polio Plus drawing and a gift certificate from Poyner's Otasco.

Two members, Jim Crawford and Bret McCasland, gave classification talks.

Crawford's talk included the information that he graduated from Tahoka High School in 1965, then graduated from Texas Tech University in 1970 with a degree in ag-business. He also has a masters in entomology, along with a gemologist degree. He formerly taught in the lab at

Stunned coaches and officials watched a 'more than standing room only' group turn up for the annual Fellowship of Christian Athletes (FCA) banquet at the Muleshoe High School cafeteria last Friday evening.

Extra chairs were moved into the cafeteria, and as people finished eating, they moved to the chairs to allow persons waiting to eat to be able to sit down at a table.

However, the jubilant coaches were pleased at the interest shown in the FCA from Watson Junior High School.

In a setting of Black and white balloons, white cloths on the tables and black and white streamers, it was an evening for youth, and what an evening it was.

Kelly Conklin presented dinner music, and Carmen Espinoza presented a capella gospel solos which were very well received by the large group at the banquet.

Matthew 5:14-15 was presented by Jason Harmon to begin the traditional candle light service. Torch bearers were Adrian Pineda and Jill Foster, with Jill Noble presenting a prayer.

It was estimated that 375-380 people attended the banquet, and heard guest speaker, Coach Jim Jones, a native of Spearman, now coaching at White Deer.

The speaker said he had four points he wanted to bring out for the youth at the banquet -- you can do anything your heart desires; you must have a goal; don't give up; and, God will help you.

"You must have a dream and work hard to achieve it," said Coach Jones. "All records can be broken; records are made to be broken."

He admonished the youth, "Where there is no vision, no goal, people will fail. Once you set a goal, it won't let you go."

According to the White Deer Coach, "How do you learn to win? Practice, run, even when you are tired. If you fall, get up and go again. Don't give up! In sports you learn through the process of failure. Never give up and you won't ever lose."

He concluded, "God will give you strength. With God's help -- you can do anything you want."

The speaker was followed by an introduction of the 1987-88 cheerleaders, then the 1988-89 cheerleaders.

Mrs. Lisa McMath was noted as sponsor for the cheerleaders.

Receiving awards were the following students:

FOOTBALL
Kyle Kenmore, 7th grade 'B'

team; Tracy Puckett, lineman and Marcos Bryan, backfield.

Steven Noble, eighth grade B team; Billy Williams and Sam Roberts, linemen A team and Wally Guerra, A team back.

BASKETBALL-BOYS

School Board Approves Spring Baseball Program

At the regular meeting of the Board of Trustees of the Muleshoe Independent School District held on Monday, May 23, trustees approved a varsity baseball program for the 1988-89 school year.

Both the administration staff and the coaching staff are committed to developing a successful baseball program. The district will be employing an individual who has expertise in baseball and who is committed to developing the program.

The approval of this program and the commitments to the program serve as examples of MISD's continued commitment to serving the needs of the students and responding to community feedback, explained the superintendent, H. John Fuller.

MISD's new baseball program will begin in the Spring of 1989.

If anyone in the community has questions regarding the baseball program, they can contact Dale Keeling, athletic director, or H. John Fuller, superintendent.

Open Letter To The Public

Dear Friends:

Caprock Girl Scout Council wants to thank you, the citizens of Mulshoe, for the support you gave the 39 Girl Scouts in your community.

Through your interest in young people, and your purchasing of Girl Scout cookies, your Girl Scouts have earned 12 camp scholarships, and the troops have earned for their own programs, a combined total of approximately \$787.20, this is 328 cases of cookies.

Your generosity and caring attitude toward your youth has also contributed significantly toward the improvement of the Council's Camp, which is available for use by Girl Scouts and support groups.

The Council thanks you mightily for buying Girl Scout Cookies!!!

Texas Hay Supplies Getting Short

Hay supplies range from adequate to short across most of Texas, reflecting the less than perfect growing season last year and the extremely dry conditions this spring.

Hay prices have averaged \$3 higher per ton this season than last over most of the state, said Dr. Robert Schwartz, economist in dairy marketing with the Texas A&M University Agricultural Extension Service.

In South Texas, the first cutting of hay has begun in irrigated areas or locations that received rains this spring, Schwartz said. Producers along the Upper Coast are planting their hay crops. Moisture is reported adequate in most of the Upper Coast, East, Northeast, and Panhandle areas, but the remainder of the state is short on moisture. Those areas with adequate moisture expect good hay crops, he said.

The U.S. Department of Agriculture's hay harvesting intentions suggest that Texas growers will harvest 3.4 million acres of hay in 1988. This is up 5 percent from last year, Schwartz said.

"Despite the expected increase in local hay supplies, prices likely may remain strong for hay during 1988. The current nearly depleted supplies and the apparent reduction in hay harvest indications in states that normally ship hay into Texas may create a brisk demand and consequent strong prices," Schwartz said.

Oklahoma growers expect to harvest 5 percent less and New Mexico producers 2 percent less than last year. Producers in Kansas report no change in harvest intentions from year earlier levels.

Retirement Tea Honors

Mrs. Letha Patterson

Mrs. Letha Patterson, who is retiring from the teaching profession after 39 years, was honored with a retirement reception Wednesday afternoon, May 18, in the library of Mary DeShazo Elementary School.

After finishing two years of college in Chickasha and receiving an emergency certificate, due to war time, Mrs. Patterson began teaching in Oklahoma. She taught four years there and completed her degree. In 1948 Letha Talley moved to Muleshoe where she met and married Alfred Patterson. They moved to Arizona and she taught two years. After farming a short time they returned to Muleshoe.

Teaching positions included a

variety of subjects and grades. Mrs. Patterson has been a typing teacher, a girls coach, and a head teacher, as well as an elementary teacher. She commented that she loved teaching.

Mrs. Patterson was presented an antique brass bell by the staff of Mary DeShazo.

Guests included the Mary DeShazo staff, several retired teachers, administrators, school board members, friends, her children and grandchildren.

The Mary DeShazo staff provided refreshments. Hostesses for the occasion were Tawna Ward, Joyeline Costen, Patricia New, Patricia Angeley and Jane Foster.

Creative Living

by Sheryl Borden

Information on cooking with brown rice, spa dishes you can make at home and suggestions for extended uses of salad dressing mixes will be presented on "Creative Living" on Tuesday, May 31 at 12 noon and repeated on Saturday, June 4 at 2:00 pm on KENW-TV. (All times are Mountain.)

Amy Lloyd is with the Rice Council in Houston, TX, and she's going to discuss and demonstrate cooking with brown rice. Brown rice is the whole grain rice from which only the inedible hulls have been removed. It is not published and therefore retains a natural coating of bran. Brown rice provides slightly more fiber, Vitamin E, protein, phosphorus, riboflavin and calcium than white rice.

When either time or money keeps you from going to a spa,

you can still enjoy the same dishes by making them at home -- using nutritional Idaho potatoes. The recipes, which are low-calorie and quick to prepare, will be demonstrated by Marie Rama, spokesperson for the Idaho Potato Commission in Boise, ID.

Susan Howe is with Hidden Valley Ranch from Pleasanton, CA, and she is going to share some extended uses of salad dressing mixes. Most cooks today want convenience without sacrificing quality and by using products on the grocery's shelf, we can have both convenience and quality.

On Tuesday, May 31 at 9:30 pm and on Thursday, June 2 at 12 noon, Mary Ellen Payne, Family / Community / Leadership Coordinator with the New Mexico Cooperative Extension Service will talk about how to buy ready-to-wear. Ms. Payne is from Las Cruces.

Aldo Cella, the white-suited bon vivant who appears in television commercials that bear his own name, will demonstrate how to prepare a wine punch and talk about sparkling wines and how to use them.

Finally, Dulcie Simonds, spokesperson for the Rubbermaid Co. will share some quick tricks with the microwave oven. Ms. Simonds is from Wooster, OH.

"Creative Living" is produced and hosted by Sheryl Borden. The show airs on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO.

COOKING BROWN RICE
When cooking brown rice, always follow package directions. When directions are not available, use this easy method:

1 cup brown rice, 2 to 2 1/2 cups liquid (water, broth, juice), 1 Tbsp. butter or margarine, optional, 1 tsp. salt, optional

Combine ingredients in 2 to 3-quart saucepan. Bring to a boil; stir once or twice. Reduce heat, cover, and simmer 45 to 50 minutes, or until rice is tender and liquid is absorbed. Fluff with fork. Yield: 3 cups.

Microwave Oven Instructions: combine all ingredients in 2 to 3-quart microproof baking dish. Cover and cook on HIGH (maximum power) 5 minutes or until boiling. Reduce setting to 30% power and cook 45 to 55 minutes. Fluff with fork.

PORK FRIED RICE
3 Tbsp. vegetable oil, divided, 2 eggs, beaten, 1 C. diced fully cooked ham or boneless pork, 1 C. finely chopped fresh mushrooms, 1/2 cup thinly sliced green onions, including tops, 3 C. cooked brown rice, cooled, 1 Tbsp. soy sauce

In large skillet or wok, heat 1 tablespoon oil over medium heat. Add eggs and cook without stirring until set. Invert skillet over baking sheet to remove cooked eggs; cut into 1 1/2 x 1/2-inch strips. In same skillet, heat remaining oil over medium-high heat. Stir-fry ham, mushrooms, and green onions in oil for three minutes, or until mushrooms and onions are tender. Stir in cooked rice and egg strips; sprinkle with soy sauce. Toss slightly. Heat thoroughly. Makes 4 servings.

Special Service Recognizes Children's Mission Groups

The children's mission groups of the First Baptist Church were recognized in a special service Sunday night, May 15. Each group and their leaders were introduced by Betty Wuerflein, Women's Missionary Union Director.

Women's Missionary Union, auxiliary to the Southern Baptist Convention is celebrating its 100th anniversary. WMU of the First Baptist Church, Muleshoe, began June 13, 1923, with seven active members. The local WMU has grown through these 65 years and today has two baptist women groups, one, Acteens; three, G.A. groups; and one, Mission Friends.

All of these groups make up approximately 95 members with another five in the nursery, making 100. In order to have such an active WMU a nursery is vital for the leaders' small children. Realizing this necessity the WMU honored Mrs. Ila Page for her faithful loving care of these children.

This being the centennial for WMU, SBC, Virginia Bowers, Night Baptist Women president, gave the history. She presented what was described as a very interesting synopsis of the beginnings of WMU and its work.

Royal Ambassadors began as a group within WMU in 1908. In 1957, they were transferred to the Brotherhood division. R. A. Lads (grades 1-2) were presented their cards and badges by leaders J.P. Manley, Mary Stegemoeiler and JoEllen Cowart. R.A. Crusaders (grades 3-5) were presented their cards and badges by leader Barry Cowart.

Mission Friends (ages 4-5) began originally as Sunbeam Band in 1986. The name was changed in 1970. The local Mission Friends wore T-shirts with the Sunbeam emblem. They sang the familiar Sunbeam song for the song from history. Many adults in the congregation were recognized as former Sunbeam Band members. Leaders of

Mission Friends are Ann Mount, Beverly Parker, Cindy Barrett, and Guy Wiley.

Presentation of badges on sashes were made to all G.A. girls, grades 1-5. G.A.'s began in

"Because he made so many mistakes in his arithmetic this morning."

"But what business was that of yours?"

"Why, he let us copy our answers from his."

Bennett Named Scholastic All-American

Melissa Ann Bennett has been named a Scholastic All-American by the National Secondary Education Council.

The NSEC has established the Scholastic All-American Scholar Award program in order to offer deserved recognition to superior students who excel in the Academic disciplines. The Scholastic All-American Scholars must earn a 3.3 or better grade point average. Only Scholars selected by a secondary school instructor, counselor or other qualified sponsor are accepted.

These are awards few students can ever hope to attain.

A student in Three Way ISD, Miss Bennett was nominated for this National Award by Lewis Mowery. Her name will appear in the Scholastic All-American Scholar Directory, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in American history. Certainly, winners of the Scholastic All-American Awards should be congratulated and appreciated for their dedication to excellence and achievement" said Dr. George Stevens, Executive Director of the National Secondary Education Council.

Muleshoe Singing Group

The Muleshoe Singers met Saturday, May 21 in the fellowship hall of the Trinity Baptist Church. Cecil Rundell, president was in charge. There were 35 present including eight from Clovis, N.M.; eight from Earth; and one from Big Square.

It was reported that everyone enjoyed congregational singing, duets, solos and quartets. The Clovis Quarter presented several numbers. Local members also had a quartet. Mrs. Ann Miranda from Earth, Mrs. Odessa Shanks, Muleshoe and Mrs. Shirley Wyman from Clovis provided music on the piano.

The group meets each Saturday at the Trinity Baptist Church fellowship hall at 7 p.m. and visitors are welcome, according to Clara Coffman.

Don Runyan gave the benediction.

The Council selects Scholastic All-American Scholars upon the exclusive recommendations of teachers, coaches, counselors, and other qualified sponsors. Once awarded, the students may be recognized by the NSEC for other honors.

Melissa is the daughter of Janna Bennett, and the granddaughter of Jack and Anna B. Lane of Stegall and John Bennett of Muleshoe.

Senior Citizens

The Bailey County Senior Citizens met Monday, May 23 for the regular monthly meeting and covered dish luncheon. Klyde Krebs gave the invocation.

Twenty eight were present including one visitor, Mrs. Velma Gunn. Mr. and Mrs. Elmer Cornelison from Lubbock, members, and a new member, Mrs. Lou Knowles were also present.

Following the meal, the meeting was called to order by the president, J.C. Shanks. Mae Wilterding had charge of the program, an old time sing song was held.

Minutes of the previous meeting was read and approved. The birthday song was sung for Mrs. Zora Mae Bellar.

The group was dismissed with a prayer by Durwood Head.

Earned Funds

A weight-lifting "Lift-A-Thon" was held Friday, May 20th in the weight room at the high school. The young men who participated asked individuals to sponsor them so much money per pound they lifted.

The money earned will go toward adding new equipment to the weight room.

'Mules Tale' Co-Editors Give Thoughts, Ideas On Publication

The Mule's Tail underwent a major change in the 1987-88 school year. In past years, the Mule's Tail had been combined with the yearbook staff. This year it was compiled every two weeks by two co-editors who worked separately from the yearbook, Deborah Lackey and Justine Hanes.

This is our farewell to you, our readers.

From Justin: This year has been very enjoyable for both of us. We have struggled, laughed, fought, and cried doing this paper. But, the most important thing of all is that we have learned. We both have learned how to give and take, how to work as a team instead of individually, and how to tackle a sensitive or controversial story with tact. We have learned to be friends and disagree at the same time. We have become a team-both as editors and in our personal life.

Instead of hello, I will begin with good-bye from Justine Hanes. Since I am a Junior in school, I still had a lot to learn but this year has taught me about leadership, cooperation, and

pure thinking. At the beginning of the year I thought that putting a paper together for the high school would be a piece of cake. Boy, did I have a big surprise!! There were times when it seemed that nothing was going on and there were weeks when Deborah and I just did not have the ambition! I will be the Senior of the paper next year and I will have the chance to teach someone else the previous lessons just as I have learned them.

As for my dear friend, Deborah Lackey, she was not only my friend this year, she was my partner. She taught me how to have patience, understanding, leadership, and most of all love. I could not have asked for a better partner for this paper. I wish you, Deborah, the best of luck in the future and forever. Thank-you as readers, for your concern and interest, see you next year.

From Deborah: This last edition of The Mule's Tail for me is both joyful and sorrowful. Joyful because I am a Senior and I will be starting a new adventure in life-Sorrowful because I am a Senior and am leaving the closest

friends I have ever had.

This year has been the most difficult I have ever had. I have experienced things in my personal life that I never dreamed would happen. Through these trials I have come out victoriously because instead of defeating me, I learned from each circumstance and have grown stronger, through it all. Today I am a better person for the decisions I made, and I am proud of myself for reaching a goal I have had for many years-graduation.

The Mule's Tail has been an emotional release for me this year. I have always been able to write out my feelings better than I can say them. I learned to do that in every article I wrote, even if it wasn't related to me in any form or fashion.

Co-editing the paper wasn't as easy as I thought it would be, but it was worth every hour I spent at the computer and typewriter. Countless number of times I wondered if all the news in the world was bad-it isn't! Writing stories about the victories and the defeats of my friends and fellow students brought me a

better understanding of myself and the world around me. Every funny story I wrote and every sad defeat that came along was worth writing. It was worth writing because life isn't all fun and games, especially for a teenager.

I would like to thank every one who has read the paper and who have supported Justine and me in this endeavor. I would especially like to thank Mrs. Pat Watson and Mrs. Hellen Adrian for giving me the opportunity to learn a new way to express myself.

Thanks, Justine, for putting up with me! Good luck, and good bye!

Students Of The Week

The end is near. The last of the "Students of the Day" and the "Students of the Week" have been chosen. The "Students of the Day" for the week of May 9-13 are: Darron Lopez, Kasey Whatly, Ramon Martinez, and Juan Perez. The "Student of the Week" was Luis Alanis.

The "Student of the Day" for the last full week of school were: Brett Pylant, Rodney Reynolds, Frank Garcia, Kent Oliver, and Amy Bean. "Student of the Week" is Kent Oliver.

Says 'Good Luck'

Working on the Annual Staff this year was hectic but lots of fun. Everyone did a great job and with lots of help from devoted sponsors, we managed to produce what we hope will be a memorable annual. To all those staff members who will be back next year-Good Luck!

May Memories

Remembering is a heartstring of May. Practically all states remember their fallen soldiers this month—most on the last Monday, Memorial Day, this year the 30th. Virginia remembers that day as Confederate Memorial Day (the Carolinas observe May 10). And a few states observe the 30th, or another day. Armed Forces Day this year is the 21st.

North Carolinians observe the 20th as Mecklenburg Day—the anniversary of a declaration of independence in Charlotte in 1775. In Massachusetts and across the nation, intellectuals observe Ralph Waldo Emerson's birth anniversary—the 25th (Boston, 1803).

Perhaps the most nostalgic non-military day for Americans is the 21st.

On that day in 1927, Charles Lindbergh flew from New York to Paris in a single engine plane, spanning the Atlantic alone. He took off on the 20th and landed in Paris on the 21st.

Not only did he win a prize of \$25,000, but he won immortality. His aircraft, "The Spirit of St. Louis," can be seen in Washington's Smithsonian Museum.

Americans remember the 29th as the birthday of John F. Kennedy, handsome young president assassinated in Dallas in 1963.

NHS Hosts

End-Of-Year Game Party

The NHS old and new members held an end of the year party, Tuesday May 17th. The party was at Justine Hanes' house by the cemetery. Volleyball, croquet, and pool were all played that night, along with the spread of the "Good Old" watergun.

Everyone brought something for the big hamburger cook-out. The dessert was in honor of the seniors, two large sheet cakes were decorated in black and white wishing them congratulations.

sors gifts of gratitude.

The prom started off on the right foot at 10:00. The D.J. was Dale Severson from Clovis. Everyone seemed to enjoy themselves. Pictures for the prom dates and individuals were taken by Lonnie Adrian.

KNOW THE WEATHER

One thing most people have in common is an interest in the weather. Thus a weather report, on radio or television or in the newspaper, is a must.

Since weather isn't an exact science, it's good if the reader or viewer knows a bit about charts and lines and can make intelligent guesses, because forecasts often turn out to have been wrong.

They tend to be wrong more in fall and spring than in winter. Summer brings unpredictable, local thundershowers, which can never be accurately forecast as to exact locations.

Wind can usually be predicted accurately. Temperature is usually close to the forecast. But rain and snow are less predictable. So is the timing of the arrival of a frontal system.

That's because forecasters can't tell just where moisture content will reach 100 percent and produce precipitation and because they can't know exactly how fast a front will continue to move—usually west to east.

What's entirely predictable are sunrise, sunset, moon phases, and movement of the solar system. Predictions about the best time to fish are helpful but not always on the mark. Usually fishermen find that the best time was just before they got there or just after they left.
