# Naturally Preferred!

USERS OF NATURAL GAS KNOW WHY it is the prefetred domestic fuel. They know by experience that gas is best for the four big jobs-cooking, water heating, house heating, and refrigeration-because it is . . .

All you have to do to get an unlimited supply of gas, ready to use, is to turn the control devices of your appliances. You do not have to store any fuel.

#### EFFICIENT

You get all the heat value from gas. You have at an instant's notice the amount of heat you want, not only when you want it but exactly where you want it.

#### ECONOMICAL

You get your money's worth when you buy Natural Gas Service. There is no waste involved, for you use gas only when you need it.

#### DEPENDABLE

You never have to wonder whether gas is going to be available when you want it. Gas service is maintained twenty-four hours a day, every day.

#### CLEAN

AEE-1-B-2

Use of gas helps to insure the cleanliness of your home and its furnishings. Natural gas, when properly burned, produces no soot or smudge.
