Artesia Boy Flies With Doolittle To Bomb Jap Cities

Buy Poppy on Saturday, the Auxiliary Asks

Annual Sale Has Double Duty This Year as Boys and Families of Second World War Come Under Legion Program.

Members of Clarence Kepple unit, American Legion Auxiliary, are making final plans for annual "Poppy Day," which will be observed Saturday under the direction of Mrs. S. A. Lanning, chairman.

The poppies will be distributed on the streets by women and girls of the Auxiliary, who at the same time will receive contributions for the Legion and Auxiliary work among the war disabled and families left in need by the results of World Wars I and II.

In that respect, Mrs. Lanning pointed out, the Auxiliary and its parent organization have undertaken work of rehabilitation for men in the present conflict and their families, making a greater need for the annual poppy sale and its gracious acceptance by the public.

The custom of wearing poppies in tribute to the dead sprang up spontaneously in the United States, England and the British Dominions at the close of the last war, inspired by the poem, "In Flanders Fields."

Poppies were first worn in New York City on Nov. 10, 1918, the day before the Armistice. They were adopted as the official memorial flower of the American Legion in 1920, and one of the first acts of the American Legion Auxiliary when it was organized in 1921 was to name the poppy as its memorial flower.

"Poppy Day" is observed in the United States on the Saturday before Memorial Day, when more than 13,000,000 of the little red flowers are worn by patriotic citizens. The poppies are made of crepe paper by disabled war veterans working in government hospitals and in poppy workrooms maintained by the Auxiliary. More than \$1,000,000 is contributed annually to the welfare of the war's living victims by the wearers of the poppy.

Members of the Auxiliary will be on the streets of Artesia early Saturday morning and delegations will be on duty during the day in the lobby of the postoffice and the First National Bank.

James Bates, Jr., 21, Born Here, Dies in Crash in England

Naval Reserve Ensign Killed April 30—Is Buried in London

Ensign James Parker Bates, Jr., 21, a former Artesia boy, was killed in line of duty while on a gunnery practice towing flight in England April 30, according to word from his parents, Major and Mrs. James P. Bates, now of Portland, Ore., to Fred Cole.

The message to the boy's parents was from the Bureau of Navigation and revealed that the body was sent to London for burial.

Ensign Bates was in a serious airplane crash somewhere in the Atlantic last October and returned to the air much sooner than expected, after a short leave at home.

He was born at Artesia June 9, 1920, and left here with his parents about seven years ago.

His father, who was a second lieutenant in World War I, formerly was master of the Masonic Lodge here and he held several offices in the American Legion post in Artesia. He was a reserve officer and recently was placed in active service, commissioned a major.

Young Bates graduated from the Naval Reserve Flying School at Pensacola, Fla., last August.

Besides his parents, he is survived by a brother, Edgar P. Bates, a cadet in the Army Air Corps, and a brother and two sisters, Charles, Evelyn and Margaret Bates, all of Portland.

Memorial Day Observation Is To Be Citywide

Plans for the biggest observation of Memorial Day in Artesia Saturday of next week were made Tuesday evening at a meeting of officers and directors of the American Legion and Auxiliary.

The exercises, to include a parade and services in the auditorium of Artesia High School, are to be citywide and will be taken part in by a number of organizations. The parade is to start adjacent to the American Legion hut at 11 o'clock and services will be held as soon as it has reached the high school building and the participants have been seated. All places of business have been asked to close from 11 to 1 o'clock.

Principal speaker will be W. A. Humphries of Albuquerque, New Mexico department adjutant of the American Legion, who addressed the local post April 29. Adjutant Humphries is a splendid speaker and members of the Legion and Auxiliary anticipate a timely message from him.

N. M. Baird, coordinator of the civilian defense program here, will be chairman of the exercises at the school, at the conclusion of which graves of veterans will be decorated in Woodbine Cemetery.

The complete program, line of march and participating organizations will be given next week.

USO Drive Is Over the Top In Six Hours

Local Committee Collects \$641.24 Monday and Steps Aside, as More Campaigns Are Foreseen as War Goes On.

The Artesia community responded Monday to the drive for funds for the United Service Organizations, which went over the top in only six hours, probably the fastest any quota ever was reached here.

Striving for a quota of \$600, seven active workers, who started to work at 9:15 o'clock in the morning, checked up shortly after 3 o'clock in the afternoon and found they had a total of \$641.24.

On the advice of Grady Booker, general chairman for Artesia, and C. J. Dexter, campaign director, the workers stopped soliciting, for, as the men pointed out, there will be many other drives made necessary by the war and there is no use in "picking the community clean."

The successful accomplishment likewise temporarily stopped plans of the 20-30 Club, which was working out a special stunt, devised to swell the USO funds during the campaign.

Don Jensen, president of the club, said the members stand ready to step in the next time a drive is staged and to put their money-raising stunt across at that time.

The USO campaign here was the (continued on last page, column 3)

Will Play Golf Here May 30-31 For Red Cross

A two-day golf tournament on the Artesia Golf Club course Saturday and Sunday, May 30 and 31, is planned for the benefit of the Red Cross, with the entire entrance fees of \$1 each to go to that organization.

C. J. Dexter, chairman of the North Eddy County chapter of the Red Cross, said, "If you can't play, sign up anyway."

The tournament will be open to both men and women, whether members of the golf club or not, and anyone may sign up with Henry Bailey, pro at the course, or Harold Crozier, Floyd Springer or Hugh Kiddy.

Play on the first day will start at 2 o'clock, giving ample time for everyone to attend the Memorial Day exercises in Artesia. The tournament will continue all the second day.

The tournament here is one of many being sponsored for the Red Cross benefit by the United States Golf Association.

IMPORTANT MEET FOR TRUCK MEN

A meeting of great importance to all truck operators has been called for 8 o'clock Friday evening at the city hall by E. M. Perry and H. E. Ansley, who were appointed chairmen respectively for the private and contract carriers in the Artesia area Wednesday at a statewide meeting of truck men in Albuquerque, called by the Office of Defense Transportation.

At the meeting in Albuquerque the new truck regulations, which are of interest and importance to every truck operator, were explained.

Perry and Ansley will pass on their information to the local truck men Friday evening and said they will help all they can.

With them at the meeting in Albuquerque was M. C. Ross.

Wiggins Is to Address Grads Here 8 Tonight

Eighty Seniors to Hear Prexy of Texas College of Mines and Metallurgy—Largest Class in Artesia History.

Eighty seniors of Artesia High school, the largest class in history, are to hear Dr. D. M. Wiggins, president of the Texas College of Mines and Metallurgy, El Paso, deliver the commencement address at exercises this evening.

The exercises will be in the school auditorium and to start at 8 o'clock.

Dr. Wiggins, who has been heard in Artesia several times in the past, is a forceful speaker and it is presumed he will have an important message this evening both for the graduates and the public.

The program: Processional, school orchestra; invocation, the Rev. Alfred Waller; music, "America My Own," by Noble Cain, mixed chorus; commencement address, Dr. Wiggins.

Music, "Marche Fantastique," prelude from "Suite L'Arlesienne," by G. Bizet, orchestra; presentation of diplomas, Charles Morgan, president of the board of education; presentation of awards, C. D. Marshall, principal of the high school; benediction, the Rev. Mr. Waller.

The list of candidates for graduation was published in last week's issue.

Levi Gill Dies on Way to Doctor in Artesia Saturday

Inhaled Gasoline Fumes From Syphon Cause of Death—Burial Wednesday

Levi Gill, 54, formerly of Artesia, died about 2:30 o'clock Saturday morning in an automobile on the Lovington highway, while being rushed to a physician in Artesia from the "Hawk" Medlin ranch near Maljamar, where he had syphoned gasoline earlier in the night and took fumes into his lungs. His death was attributed to the effects of the fumes.

Funeral services were at McClay Chapel in Artesia at 2:30 o'clock Wednesday afternoon by the Rev. Oren Oraahod, pastor of the First Christian Church. Burial was in Woodbine Cemetery by the grave of his second wife, who died April 4, 1940.

President Approves \$31,592 Project for Plugging Leaky Wells

The office of Senator Dennis Chavez disclosed Tuesday that presidential approval has been given for a WPA project to plug leaky, abandoned Artesian wells throughout the Pecos Valley conservation district.

The project, for which \$31,592 was appropriated, was allowed for underground water conservation purposes.

War Department Lists Artesia Men 'Missing in Action'

Parents and other relatives of a number of local boys, who were in the conflict on Bataan and Corregidor, this week received notices from the War Department that they have been listed as "missing in action."

One such letter, addressed to Mrs. Nola M. Phillips, mother of Pfc. W. R. Phillips, in form the same as the others, reads in part: "... was serving in the Philippines at the time of the final surrender."

"I deeply regret that it is impossible for me to give you more information than is contained in this letter. In the last days before the surrender of Bataan there were casualties, which were not reported to the War Department. Conceivably the same is true of Corregidor and possibly other islands of the Philippines. The Japanese government has indicated its intention of conforming with the terms of the Geneva Convention with respect to the interchange of information regarding prisoners of war. At some future date this government will receive through Geneva a list of persons who have been taken prisoners of war. Until that time the War Department cannot give you positive information."

"The War Department will consider the persons serving in the Philippine Islands as 'missing in action' from the date of the surrender of Corregidor, May 7, 1942, until definite information to the contrary is received. It is to be hoped the Japanese government will communicate a list of prisoners of war at an early date. At that time you will be notified if his name is contained in the list of prisoners of war. In the case of persons known to have been in the Philippines and who are not reported to be prisoners of war by the Japanese government, the War Department will continue to carry them as 'missing in action,' in the absence of information to the contrary, until twelve months have expired. . . ."

Bliss Group Is Coming June 5 For Army Relief

A thirteen-piece dance orchestra and a number of entertainers from Fort Bliss, Tex., will present an entertainment and dance in Artesia Friday evening, June 5, for the benefit of dependent families of men on Bataan and Corregidor and other Army men, under the auspices of the Army Emergency Relief.

The orchestra is built up from the smaller group, which delighted Artesia crowds last year before hostilities, and is to come with the full sanction of the War Department. The group again will be in charge of Major Forrest J. Agee, recreation officer.

Local sponsor for the entertainment and dance is the Artesia Lions Club, which decided at the weekly luncheon Wednesday to exert every effort to make the affair a great success. The Lions are asking the cooperation of other civic clubs and local groups.

A communication from Major Agee disclosed that Corp. Montgomery, who has a marvelous baritone voice; Billie Jarrell, blackface, and others, who were here before, will come to Artesia on June 5.

Although the entertainment and dance will cost only \$1.50 a couple, or for stags, a similar show and dance ordinarily would cost up to \$5, members of the Lions Club pointed out.

The local sponsor will receive no part of the funds, but all of the net will go into the relief fund. There will be no tax, because of the nature of the entertainment.

The time and place will be announced by the Lions within the next few days.

Airport Group Heartened by Developments

One Involves Municipal Field Under CAA, Costing Half Million Dollars—Army Asks to Land Bombers Here.

Two developments during the last week have heartened members of the airport committee of Artesia, who are striving to improve it and secure an airport which will pass the requirements of the Civil Aeronautics Administration, leading to the establishment of an Army preliminary pilot school.

Considerable encouragement was given from another angle last Thursday, when a CAA representative met with Mayor Emery Carper and members of the council, the airport committee and the Chamber of Commerce, bringing them the news that the government probably soon will appropriate a considerable sum of money for building CAA municipal airports and that Artesia is well up on the list.

The representative said he could promise nothing, but he felt sure Artesia would benefit when the appropriation is made. The improvement here would involve possibly half a million dollars.

Mrs. Kruse, Formerly Of Artesia, Dies at Burbank, California

Mrs. W. F. Kruse of Burbank, Calif., formerly of Artesia, died at Burbank Hospital there Friday, May 8, a communication from Mr. and Mrs. W. F. Holloman disclosed. Her death came after a long illness.

Burial was in Forest Lawn Cemetery.

Mr. and Mrs. Holloman said Mr. Kruse is very well, considering his grief.

Mr. and Mrs. Kruse lived in Artesia about fifteen years prior to 1922.

Crew Member Is Brother of Mrs. "Cap" Fulton—Nephew of Local People, Lt. Reddy, Also Makes "Call" on Japan.

Staff Sgt. P. J. Leonard of Artesia flew with Brig. Gen. Jimmie Doolittle in the historic bombing of Tokyo and other Japanese cities April 18.

He is the brother and only close blood relative of Mrs. C. O. (Cap) Fulton of Artesia and considered his home here with Mr. and Mrs. Fulton, until he married while stationed at Lowry Field, Denver.

Sgt. Leonard is and has for some time been crew chief of Gen. Doolittle's plane and it is presumed he was in the same ship with the general when seventy-nine officers and enlisted men of the Army Air Force carried war to Japan for the first time, in a surprise raid from which all men and bombers safely escaped. One ship, however, landed in Siberia, where the crew now is interned under international law.

Mrs. Fulton, when asked about her brother, was quite excited, for she had read and heard news dispatches that Gen. Doolittle had been honored in Washington Wednesday by President Roosevelt, receiving the Congressional Medal of Honor and that all officers and men with him on the bombing assignment were awarded the Distinguished Cross, but she had no direct word from him since April 6, when he wrote from San Francisco.

The Associated Press wires, carrying the detailed story of the venture to The Carlsbad Current-Argus, inserted a bulletin that Staff Sgt. P. J. Leonard of Artesia was in the flight. That newspaper phoned The Advocate, which contacted Mrs. Fulton.

Extremely moved by the news of her brother, Mrs. Fulton commented, "I wish Dad were alive; he'd be mighty proud of him."

"Dad" was the late Sgt. B. F. Leonard of Roswell, who lost a hand in the Philippines in the Spanish-American War and later lost his life in line of duty as a deputy sheriff in Chaves County in 1933.

P. J. Leonard enlisted eight years ago and trained at Kelly Field, Tex. More recently he was at Chanute Field, Ill., where he took a bomb sight course. From there (continued on last page, column 3)

Grier No. 2 Makes Natural Flow of 410 Barrels a Day

Three Other Completions and Two Locations in Eddy County Fields

Four more oil wells were completed in the Eddy County oil fields the last week, including the Grier No. 2 of Nay Hightower in the new Hightower area, which flowed 410 barrels a day from a total depth of 3,116 feet through a 3/4-inch choke on tubing. The well, in SW NW 31-16-31, was completed natural.

The other completions: Barney Cockburn, Etz 1, SW NW 32-16-31; total depth 3,300 feet; flowed 90 barrels of oil per day after shot.

V. S. Welch, State 1, NE NE 36-16-30; total depth 3,119 feet; flowed 65 barrels per day.

Texas Trading Co., State 1, NW NW 31-16-31; total depth 3,300 feet; flowed 35 barrels per day.

New locations: Earl Ployhar, State 5, NE SE 24-17-27; V. S. Welch, State 2, NW NE 36-16-30.

Lions Prove That Pennies Make Dollars And Help Spell Grief for Axis Leaders

THE FIRST NATIONAL BANK
ARTESIA, NEW MEXICO, May 12 1942 No. 502
Pay to the order of LIONS INTERNATIONAL Chicago \$ 85.93
Eighty-five & 93/100 DOLLARS
THIS CHECK IS IN FULL SETTLEMENT OF ACCOUNT LISTED HERE IN
(LIONS BOMBER FUND)
Money collected from ARTESIA LIONS CLUB
Penny-A-Plane jars in
Artesia, New Mexico. E. A. Shockey Sec'y-Treas.

When the Artesia Lions Club inaugurated the local "Penny-a-Plane Club," the members realized there would be many pennies dropped into the milk bottles distributed about town, but they hardly realized then that 8,593 pennies would find their way into the fund.

But the proof of the pudding's in the eating, and the proof of the \$85.93 collected by the Lions up to Tuesday of last week is in the check pictured above, the Artesia club's remittance to Lions International, Chicago.

Dr. Glenn E. Stone, president, pointed out that as proud as the

Lions are of the accomplishment of the "Penny-a-Plane Club," they likewise realize proudly that another point has been proven by the venture.

"If the pennies will add up to such a total, without any great amount of effort on the part of any one individual, just think how dimes, quarters and dollars add up in the purchase of War Savings Stamps and Bonds," Dr. Stone said.

The club president pointed out that a dollar invested in the stamps and bonds for every penny in the plane fund would amount to \$8,593. "And," he added, "just multiply

the number of people involved by the number in the United States and that amounts to—well, it spells grief for Hitler, Hirohito and Mussolini."

The Artesia Lions Club has not quit the "Penny-a-Plane Club," but the milk bottles will remain in prominent places in the business district, where everyone is invited to drop in odd pennies at all times. Of course, the theory of the project is that a penny is dropped in for every Axis plane shot down, so as to buy more planes for the United States, but whether that is adhered to, drop in those loose pennies.

IN FLANDERS FIELDS

"In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.

"Take up our quarrel with the foe:
To you from falling hands we throw
The torch; be yours to hold it high.
If ye break faith with those who die
We shall not sleep, though poppies grow
In Flanders fields."

The National Legionnaire, one of the publications of the American Legion, in its May issue, republished "In Flanders Fields" below a sketch, the caption of which was: "Your Younger Brothers Have Caught the Torch."

Funds to be raised Saturday through the sale of poppies by members of the American Legion Auxiliary will have a bigger job to do than in past years, as the Legion and Auxiliary have added the rehabilitation of the boys of the present war to their vast job of caring for the vets of World War I.

It should make everyone happy to spend just a little more than usual for his poppy on Saturday, happy in the knowledge that it will be used in this great work, happy that it might make some disabled soldier, sailor or marine, or the members of his family, just a little happier.

By the same token, observation of Memorial Day Saturday of next week has a greater meaning this year than it did a year ago. We have added to our honored military dead many new names since Pearl Harbor.

We are certain that Lieutenant Colonel John McCrae, who wrote that immortal poem, would have you buy a poppy Saturday of this week and reverently observe Memorial Day Saturday of next week, for those boys "In Flanders Fields" and for those in Philippine jungles.

TO THE CLASS OF '42

We would tell the graduates of the class of '42 that theirs is a sacred trust, that in them and their fellows the country over and in the other young people lies ahead a task so great we hesitate to attempt to visualize it.

To some of them will fall the job of joining their older friends in the armed forces, as the world's greatest struggle is being fought.

To some, when the conflict is over, will fall the task of helping to form a lasting peace and to readjust this and other nations that that hope might be realized forever.

To some will fall the job of rearing another generation, of bringing forth into this world more young Americans to enjoy and carry on the democracy and liberty and peace which they will help to bring about.

THE OTHER SIDE OF THE STORY

In an editorial last week we jumped on the practice of riding bicycles on the sidewalks. And it still stands.

But there is another side of the story, which we are glad to pass on and support.

A woman approached us the other day, shortly after having read the previous editorial. She had no objections. "But," she said, "if bicycles must be considered vehicles, then they should be accorded the rights and privileges of other vehicles."

Then she went on to relate that she and another woman were nearly run into the curb by a truck—apparently deliberately.

The truck turned into Main Street from the south at Third Street, made a left turn and progressed west, in the direction the two women were going. As the truck made its turn, the driver swung wide and nearly piled up the two bicycles and riders, instead of waiting until they passed, as would have been done had the bicycles been another motor vehicle.

In the short block from Third to Roselawn, the truck continued to overtake them and then, without warning, the driver swung north again—in front of the women, again nearly causing an accident, or maybe two.

We agree that there is another side to the picture and that if bicycles must stay off the sidewalks they should be accorded all the courtesies due any vehicle.

We do not mean those cyclists who weave about and break all of the rules of the road. They are in the wrong and are taking great chances, both for themselves and for the drivers of motor vehicles.

Perhaps the whole thing could be settled by a little application of the Golden Rule.

TO GET THE PROPER SLACK IN SLACKS?

Old Tack of The Amarillo News-Globe quotes a famous department store man as saying, "In buying slacks, it would be well for women to use a little hindsight."

WELL, HARDLY

Finally the Japs will be spread out so thin that the tide will turn and we will start to lick them, we observed the other day. "Yes," replied a friend, "but I doubt if we can do it between strikes!"

News Briefs of the "Sunshine State" Gleaned From Many Sources

Motor Vehicle Division figures show that the number of state cars and municipal vehicles has increased from 1,143 last year to a present total of 1,201. The upswing came as the number of private passenger cars dropped 3,197 to a total of 67,464. The Highway Department reported 39 passenger cars in operation, six more than the figure for June 30, 1941; 190 pick-up trucks, a decrease of 13, and 275 heavy trucks, an increase of 29. Other state operated cars and those of counties and municipalities, climbed to 697 as of April 1, an increase of 36.

Bernalillo County's fruit crop is far above normal and all indications are "that the growers will have a bumper harvest," Frank Wayne, county agent, said. "It's a perfect crop," Wayne said. "The cold weather didn't hurt any of the fruit, and unless a bad spell sets in we'll have one of the best years in history."

The Daughters of the British Empire in New Mexico, a non-profit association, has been incorporated. Organizers, all of Albuquerque, were Helen M. McClelland, Florence A. Draper, Clyde C. N. Denton, Mary G. Lawrason, Evelyn E. Ross, Ethel M. Warner, Florence V. Dye and Edith Bridgeman.

Maria Chavez was buried May 5 at Sprawling, sun-baked Isleta Indian Pueblo—her home for more than a century. The 112-year-old tribeswoman was born at one of Laguna's eight villages, fifty miles west. Records at the Isleta Mission showed she was baptized in 1830. She was active until three weeks preceding her death.

A four-lane by-pass highway, linking U. S. 85 south and east of Santa Fe and passing the city business district, has been approved by the War Production Board. The three-mile highway, to cost \$200,000 will swing in a wide arc just north of the state penitentiary and join the Albuquerque leg of the highway to the Las Vegas leg near the Santa Fe armory.

State gasoline tax receipts for April totaled \$389,498.66, a drop of \$27,305.36 from the April, 1941, figure, Director Paul Culver announced. The receipts, however, showed a sharp rise over the \$354,899.18 March figure, which was more than \$58,000 under the comparable 1941 revenue.

Federal employment and farm agencies plan to send 500 New Mexico workers to Colorado as soon as possible to aid in planting sugar beets, with another 1,500 to follow if they are available. The step was announced after a conference of federal officials and representatives of three sugar companies. About 1,500 New Mexicans were reported already in Colorado.

New Mexico high schools were asked to adopt uniform courses of pre-flight training for budding young aviators. Dr. William L. Winkle, representative of the Civil Aeronautics Authority and of the U. S. Office of Education, is to make a tour of the state this month to outline the requirements, which primarily include mathematics, meteorology and elementary aerodynamics.

It was bound to happen. The Indian weavers of Santa Fe are turning out the MacArthur plaid

on their hand looms. It's a blending of black and dark green with a bright yellow stripe, and weavers are cutting the tartans into neckties. Local Scotchmen say the pattern is the authentic plaid of the MacArthur branch of the great clan Campbell.

The nation's food needs recently disclosed that twenty-five State Guardsmen, led by Capt. Harlow Hyland, of Las Cruces, had been called to active duty to guard Elphinstone Butte Dam. The detail, including eight enlisted men each from Socorro, Hot Springs and Las Cruces, supplements a group of guards previously assigned by the Reclamation Bureau. Officers declined to comment on the reason for the additional guard.

State Game Warden Elliott Barker reported the state's predatory animal catch for April as "good considering the extremely bad, rainy weather." Department hunters bagged 10 mountain lions, 189 coyotes, 61 bobcats, 10 golden eagles, 47 skunks and 45 miscellaneous animals. "The work," said Barker, "was done in game areas, principally for the protection of game animals and birds, but livestock interests also benefit greatly from this work." Predators are devouring more domestic livestock this spring than they have for many years, Barker reported.

State sales and use tax collections for April showed substantial gains over April, 1941, Director G. S. Carter said. The sales levied brought in \$360,145.69, up \$33,379.36 from comparable receipts last year, although down \$13,195.70 from March collections. Use tax revenues totaled \$39,525.35, a gain of \$19,402.76 over April a year ago and \$3,215.70 over March.

The attorney general's office held that the capitol custodian board could sell property of the defunct state school textbook division at public auction, but urged that as much equipment as possible be transferred to other departments. The opinion was written by Assistant Howard Houk, who also held there was no law prohibiting banks from making a charge for cashing county warrants.

School Superintendent W. G. Donley of Hobbs announced that he had received notification that the Hobbs schools had been granted \$9,000 by the WPA to salvage materials from the destroyed high school building recently burned, and clear the site for rebuilding.

The State Education Department asserted that low teacher salaries in New Mexico were "doubtless responsible to some extent" for the state's relatively high illiteracy rate and its low average of years spent in school. Figures prepared by the Bureau of the Census and the Selective Service system presents a "one-sided" picture of the New Mexico educational problem, said a statement issued under the name of Superintendent Grace Corrigan. It expressed belief "good progress" had been made in recent years, and asserted the state's school transportation system now held first place in comparison with other states of the nation. She said, "perhaps one of our weakest points is poor teacher compensation. Salaries are much too low to secure the employment of individuals who are competent as teachers."

Double dip ice cream cones are out for the duration in Hobbs. And maybe ice cream will be as hard to get as cokes are right now—all because manufacturers won't

be able to get the sugar to make it with. Hobbs ice cream dispensers say that since they no longer will be able to operate on a volume basis which has made possible double dip specials, that the double dip cones are out for the duration of the rationing.

The Military Department disclosed that twenty-five State Guardsmen, led by Capt. Harlow Hyland, of Las Cruces, had been called to active duty to guard Elphinstone Butte Dam. The detail, including eight enlisted men each from Socorro, Hot Springs and Las Cruces, supplements a group of guards previously assigned by the Reclamation Bureau. Officers declined to comment on the reason for the additional guard.

Trust Santa Fe to keep up with the times. The city council has undertaken consideration of a proposal to build a watering trough on the Plaza.

The Santa Fe County school board made public a tentative 1942-43 budget calling for increases in the minimum teacher salary from \$765 to \$900 a year. Members said the raises would be effected by cutting other expenses, leaving the total budget near its present \$155,000 figure.

The possibility of establishing synthetic rubber manufacturing plants in New Mexico was the subject of conferences in St. Louis and Kansas City, between Land Commissioner H. R. Rodgers and oil company officials. The conferences were arranged when Rodgers was advised that several companies were considering plans to come to New Mexico.

Five hundred tons of iron ore daily are being shipped from Carrizozo to Pueblo, Colo., smelters, State Geologist John Kelly disclosed. He said the ore was coming from a new war-born operation in Lincoln County. Kelly expressed hope of obtaining a Bureau of Mines survey of tin deposits reported in the Silver City region. An earlier-scheduled study was prevented because of deep snows, he said.

SANTA FE CARLOADINGS
The Santa Fe System carloadings for the week ending May 16 were 21,213, compared with 22,671 for the same week in 1941. Received from connections were 9,673, compared with 7,312 for the same week in 1942. The total cars moved were 30,886, compared with 29,983 for the same week in 1941. The Santa Fe handled a total of 30,954 cars during the preceding week of this year.

Asks Eddy County Farmers, Dealers To Conserve Bags

Important Part in the War Effort, County Chairman C. F. Beeman Says

Eddy County farmers, farm organizations and grain, feed and seed dealers have been asked by C. F. Beeman, chairman of Eddy County War board, to aid in the nationwide bag conservation program launched recently by Claude R. Wickard, secretary of agriculture. "Every farmer and dealer in this county," Beeman said, "has an important part to take in the conservation of fabric bags (burlap and cotton) needed for agricultural commodities this year. There is a shortage of bags now, but if we take care of those we have and keep them in use, we will be doing much to offset the shortage and a great deal to prevent it from becoming a serious one."

"Wartime expansion in American agriculture means that approximately two billion bags will be needed for packaging farm commodities in 1942. That is roughly 500 million more bags than would be used under normal conditions."

"Our part in the conservation program is to see that every bag now on hand and in use does its full job and a great deal more. War has cut deeply into the imports of burlap from India and the stocks of this material now on hand must be shared with our military forces. We have plenty of cotton in the raw state, but mills having the facilities to make bagging material are operating to capacity to turn out war orders." Beeman pointed out that farmers can take the first step in bag conservation by taking stock of the bags they have on hand, by sorting them for size, type and condition and storing them where they will be dry and safe. Farmers are urged to sell the bags they will not need.

Charlton Looks For Big Shift in Labor in State

New Mexico, as one of the population sections in the nation which rarely has been in the industrial labor pool, is destined for some drastic changes as demands for war manpower continue, Brig. Gen. R. C. Charlton, state director

or Selective Service, said. Demand of war on industry is expected to open eight million more new war work jobs before the end of 1942, and that labor demand must be met by non-war industry, agriculture, a diminishing pool of unemployed and from sections of the population which never before has been in the labor market, Charlton disclosed.

In anticipation of this labor movement, which already brooks possibilities of drastic depletion of manpower in the state, Charlton said Selective Service is now in the process of revising regulations governing men deferred for dependency.

Charlton said that the military immunity promised by a III-B classification would go a long way toward stimulating the movement of manpower from non-essential to vital war industries.

This voluntary shift is one of the things desired by Selective Service, he said, and will do much to alleviate any compulsory allocation of manpower from areas of little need to those where manpower is at a premium.

Mother-Daughter Club Luncheon International Relations Affair

The closing meeting of the Artesia Junior Woman's Club was a lively social affair which highlighted the calendar for this week. An international relations mother-daughter luncheon was held at the Carper Terrace with covers laid for fifty-two club members and guests.

"India" was the chosen theme for which a beautiful setting was made. Oriental hangings were on screens at the back of the small platform on which were scattered grass and Oriental rugs, baskets and pottery and where five most life size character paintings created an Oriental atmosphere. Two-toned ribbon bamboo tips placed in pottery and miniature elephants decorated the U-shaped luncheon table where incense from the Orient burned. Miniature elephants carved from wood and decorated in many colors held the nutcrackers and marked the place of each guest. A small scroll resembling a log when removed from the trunk of the elephant revealed a fortune for each individual.

Luncheon hostesses, who were Mrs. M. A. Mapes, Mrs. B. N. Muncy, Jr., Mrs. S. P. Yates and Mrs. Stanley Carper, greeted guests in costume of Miss Ruth Brown, a teacher in the Artesia schools, were brought to the states by Miss Brown, who was reared in India. The parents of Miss Brown, Presbyterian missionaries, are at the present stationed in Nagli, India, which is located south of Bombay. They were seated on Oriental rugs placed on the floor between the tables during the luncheon hour. Jack Perry also was seated with the hostesses, and wore a colorful turban from India.

Turbans at each place were in sand-blocked covers in keeping with the theme and were of many colors. The menu included Calcutta cocktail, Indian curry with rice, Bombay buns, Ceylon tea and surprise pudding.

Numbers on the program after luncheon were two vocal solos, "On the Road to Mandalay" and "Trade Winds" by Howard O. Miller with Mrs. Stanley Carper, accompanist. Jack Perry read "Gunga Din" by Rudyard Kipling and Mrs. Stanley Carper played a piano solo, "Hymn to the Sun."

In the absence of Mrs. Hugh Barry, president of the club for 1941-42, who was taken ill shortly before the luncheon hour, Mrs. C. J. Dannenbaum, a past president, presided and installed the following officers for 1942-43: President, Mrs. Ralph G. Roberson, Jr.; first vice president, Mrs. Stanley Carper; second vice president, Mrs. Mark A. Corbin, Jr.; treasurer, Mrs. J. Don Hudgens; recording secretary, Mrs. Fletcher Collins; corresponding secretary, Mrs. Robert O. Anderson; reporter, Mrs. J. A. Brown, and parliamentarian, Mrs. Hugh Parry.

The Artesia Junior Club has not only made a high record in Artesia out in the state federation for outstanding achievements during the past club year. Mrs. Fay Hardeman expressed appreciation for herself and Mrs. Hollis Watson, junior sponsors, for their splendid work and accomplishments.

Club members voted to purchase a lovely table for the clubhouse with the cash award won at the state federation meeting this spring.

A motion carried unanimously to strike from the bylaws of the club Rule No. 9, in which a member absent for three consecutive times from meetings, without plausible excuse, was stricken from the club roll.

Mrs. Roberson, newly installed president, announced two chairmen for next club year, Mrs. S. P. Yates, finance, and Mrs. Hugh Barry, project.

Miss Mann Has Part In College May Fete

Miss Lela Bess Mann, daughter of Mr. and Mrs. C. E. Mann of Artesia, was a member of the queen's honor guard when Occidental College, Los Angeles, Calif., held its annual visiting day for high school and junior college women in the theme of a May fete.

Outstanding senior women were chosen to participate in the ceremonies which were held in Orr gardens on the college campus.

Miss Mann has been prominent in musical circles on the Occidental campus. She is a featured vocalist with the Women's Glee Club and is a past officer of that organization. She is also a member of the capella chorus and the Student Christian Association.

Use Every Bit of What You Buy

Can you tell a patriot by her garbage can? That may be putting it strongly but it's a fact that the emptier this receptacle the surer the sign you are a saving citizen—good for you! Probably all you need to be a "thrifty nifty" is to be reminded of some of the little things. Consider your elbow nudged right now — with these hints, tips, ideas, suggestions:

"Tops" Live Up to Name
Don't discard your celery tops. They'll go into soup or can be dried, and used in stuffing, etc. Beet tops (if not too "tough") are excellent greens, especially if you cook them slowly in little water, along with a chunk of savory salt pork. The outside leaves of lettuce can be used in soup too, or may sometimes be shredded and used as base for salads, etc. Carrot tops, incidentally, are very rich in vitamin A, may be used as garnish (instead of parsley) or chopped fine for a tang in soup, or even salad.

Save Vitamins
Don't throw away the vitamin-rich parts of your foods. Potato peels, for instance—boil 'til tender, use broth in soups, chopped cooked peel in meat loaves, steams. Pea or lima bean shells can be boiled for soups or stews. If you're going to peel an orange or grapefruit, take a tip from Florida housewives, who are citrus-wise of course. Grate the rind first; store in a tightly covered jar in refrigerator to use in flavorings, cakes, frostings, bread batters, etc. There's always marmalade, like this good one.

Florida Marmalade
1 Florida grapefruit, 2 Florida oranges, 1 lemon, juice, 3 lbs. sugar, 3 pints cold water, 1 cup chopped pecans.

Remove seeds from grapefruit and oranges. Put through food chopper. Add lemon juice, sugar and water. Let stand over night. Boil until thickened (about 2 hours). Add pecans. Pour into 8 sterilized 4-ounce jelly glasses. Seal with paraffin.

About That Roast
Never discard bones and fats from a roast—use bones for making soup stocks; chop the fat and use it with vegetables, in steams, meat loaves. Don't throw away gravy left over from roasts; use as an extender for casserole dishes, or with rice or potatoes. Here's how this works:

Baked Lamb Stew
1 lb. ground lamb, 1 teasp. salt, 1/2 teasp. pepper, 1 tsp. chopped green pepper, 3/4 cup left-over gravy, 1/4 cup water, 1 cup boiled rice, 1 tsp. butter.
Mix ground lamb, salt, pepper and green pepper. Combine gravy and water and add to meat mixture. Pour into baking dish and top with boiled rice. Dot with butter and bake in a moderate oven (375° F.) for 35 minutes. Makes 6 servings.

Want Curly Hair?
Remember about "eating crusts to get curly hair?" Don't trim the crusts for sandwiches, or, if you do remember they go into good bread pudding. Try this one:

Banana Prune Betty
1 1/2 cups cooked prunes, pitted, 2 cups sliced firm bananas (2 to 3 bananas), 4 cups stale bread cubes (use the crusts), 3/4 cup firmly packed brown sugar, 1/2 teasp. cin-

namon, 1/2 teasp. salt, 1 cup prune juice, 2 tbsps. butter, 2 tbsps. lemon juice.

Use all-yellow bananas. Cut prunes into large pieces. Combine prunes and bananas. Place alternate layers of bread cubes and fruit mixture into a well-buttered baking dish, using bread cubes for bottom and top layers. Combine sugar, cinnamon and salt. Add juices and blend. Pour over top layer of bread cubes. Dot with butter. Bake in a moderate oven (350° F.) about 30 minutes, or until bananas are tender (easily pierced with a fork) and bread is browned. Serve with cream or hard sauce. 8 servings.

E-X-T-E-N-D-E-R
To make a little go a long way, you can use biscuits for the foundation of your creamed meat, chicken, shrimp or fish dishes. Make main course shortcakes, and you'll like this recipe for your biscuit foundation:

Basic Baking Powder Biscuits
2 cups sifted flour, 3 tbsps. all-phosphate baking powder, 1 teasp. salt, 6 tbsps. shortening, 3/4 cup milk (about).

Sift flour, baking powder and salt together. Cut in shortening until mixture resembles coarse meal. Add milk to make a soft dough. Turn out on floured surface and knead gently for 30 seconds. Roll out to 1/2 to 3/4 inch thickness. Cut into rounds of desired size and place on greased baking pan. Bake in hot oven (450° F.) 12-15 minutes. Makes 18 biscuits (2 inch diameter).

A pair of robins building their nest in shrubbery in Mrs. F. W. Duenkel's yard in St. Louis apparently didn't forget a thing. Approaching the nest when it was finished, Mrs. Duenkel saw dangling over the edge a piece of paper on which was written: "Please leave an extra quart of milk."

Guests were Mr. and Mrs. Gordon Smalley, Mr. and Mrs. J. C. Lambley, Mr. and Mrs. Harvey Jones, Mr. and Mrs. Jack Kelly and Mr. and Mrs. Leroy Cranford. High score prizes for the evening were held by Mrs. Jack Kelly, for the ladies, and J. C. Lambley, for the men. Leroy Cranford was awarded the traveling prize. The next meeting of the club will be with Mr. and Mrs. J. C. Lambley.

Mrs. Norman Pennell and Mrs. Leroy Cranford were hostesses to a "Come as You Are" party Saturday in the home of Mrs. Pennell. A covered dish luncheon was served at noon and a beautiful gift was presented to Mrs. Marshall Rowley in honor of her birthday. After several rounds of bridge, refreshments of ice cream and cake were served to Mrs. Rowley, the honoree, Mrs. Henry Oliver, Mrs. J. S. Williams and Mrs. Louie Burch of Artesia and Mrs. J. C. Lambley, Mrs. Harvey Jones, Mrs. J. E. Goodrich, Mrs. E. C. Abston, Mrs. C. A. Aston, Mrs. Clifton Lloyd and the hostesses, Mrs. Pennell and Mrs. Cranford. Mrs. Lambley held high score and Mrs. Williams, second high.

Dear Friends:

After World War I had been in progress for a number of months, with the British army in France still on the defensive, the people at home began an insistent clamor for the launching of a large scale attack. Members of Parliament, afraid of their voting constituents, joined in the demand.

The Prime Minister and his generals knew they had only a partially trained volunteer army, inferior in numbers, guns, transportation, etc., to the huge veteran German military machine. They knew that several more months of preparation were the necessary minimum. Yet they yielded to civilian demands and launched an offensive which ended in a bloody, demoralizing defeat. Tens of thousands of brave young Britons paid with their lives or with serious wounds for this inexcusable blunder.

We all want action—and want it now. We are traditionally an aggressive people. Yet, for the sake of our boys in uniform, we should leave to our military and naval commanders the decision as to when, where and how our forces shall strike the enemy. They alone have the technical training and the necessary knowledge of the relative strength of our own forces and of the enemy's forces to make strategic decisions.

Let's concentrate our thoughts and energies on the big job here at home,—the immediate and total mobilization of our own manpower and resources for war production.

Sincerely
Albert S. Johnson

Wartime Projects Send Employment Upward in State

Of 2,885 Placements in April, 927 Were Made Through the Roswell Office

Construction of wartime projects sent employment in New Mexico upward again during April, figures released by the United States Employment Service revealed.

Of the total 2,885 persons placed by the Employment Service during April, 927 received jobs through the Roswell office.

The April total of placements was 134 more than in March of this year, and nearly double the number of placements in April of last year, when 1,531 persons received jobs through the Employment Service.

Construction was predominantly the largest employer during the month, J. C. Mitchell, acting director of the United States Employment Service in New Mexico, said, expressing the opinion that building of various government projects throughout the state will keep the employment of construction workers at a high pitch throughout the summer.

Besides Roswell, other cities which showed comparatively high job placement activities were Albuquerque, 360; Silver City, 373; Las Vegas, 329, and Gallup, 284.

Silver City's placements were mostly on construction jobs, Mitchell said.

The director again warned job seekers to register with the United States Employment Service, rather than to look for employment for themselves, pointing out that contractors on defense jobs have turned the hiring of workers over to the Employment Service almost exclusively.

Poppy to Honor Heroes of This War and '17-'18

New names of America's roll of honored dead give new meaning to the memorial poppy this year, Mrs. S. A. Lanning, "Poppy Day" chairman of the local American Legion Auxiliary unit, pointed out as she worked on arrangements for the distribution of the little red flowers Saturday, May 23.

Wearing a poppy is the individual way of honoring the men who have sacrificed their lives in the nation's service," said Mrs. Lanning. "Ever since the first World War, the poppy has been worn in tribute to the men who gave their lives in that conflict. Now new names are being inscribed among America's heroic dead. The poppy is for them, too. It is a symbol of our sorrow and pride. It is a pledge that we will always remember them and serve on in the cause for which they died."

"The poppy springs from the blood and tears that are the price of victory—the price of freedom in this world of conquest and oppression. Again and again Americans have had to pay this price to win and maintain their existence as a free nation. When we wear the poppy this year we will be showing that we are not shrinking from paying that great price once more in order that we may pass on to Americans to come the heritage of a free America."

"As we honor those who give their lives, we should think, too, of those who sacrifice health and strength, and of the families left in need because a father or son has served his country. They are still within the reach of our help. Let us be generous in our contribution for the poppies. Every penny of the money given goes to the support the American Legion and Auxiliary are doing for the disabled and dependent families of the first World War and the present conflict."

In Philadelphia, national authorities have the world's biggest jigsaw puzzle on their hands—400,000 gasoline rationing cards that burst out of their cardboard boxes enroute from Washington and became hopelessly mixed up. The cards, all numbered, were to be issued serially to motorists beginning May 12 and, an official complained, "it'll take weeks to straighten them out."

Happy days are here for 1,500 school children of Fairview, N. J. The local rationing board turned down Truant Officer Oscar Stoffel's request for new tires.

As soon as Lloyd Johnson, Providence, R. I., is born, the Idaho Department of Vital Statistics will send him the birth certificate he requested by mail. "To the best of my knowledge," wrote Johnson, "I was born in Boise, Idaho, Aug. 11, 1942."

Bran Cherry Upside-Down Cake

CHERRY BRAN UPSIDE-DOWN CAKE

The bran cherry upside-down cake, demonstrated at The Advocate's "Vitamins for Victory" Happy Kitchen School, is pictured above. Here is how it's done: 2 1/2 cups canned sour cherries, 2 1/2 tablespoons cornstarch, 1/2 cup sugar.

1/2 cup shortening, 1/2 cup sugar, 1 egg, 1/2 cup all-bran, 1 teaspoon grated orange rind, 1/2 cup orange juice, 1/4 cup milk, 1 1/2 cups flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1/4 teaspoon soda.

Drain cherries. Combine cornstarch and sugar. Add juice; stir until smooth. Cook, stirring until thick and clear. Add cherries and pour into buttered baking pan.

Cream shortening and sugar together, thoroughly; add egg and beat well. Stir in all-bran, orange rind, orange juice and milk. Sift flour with baking powder, salt and soda; add to first mixture and stir only until flour disappears. Spread batter over cherries and bake in moderate oven (375° F.) about 35 minutes. Turn upside down on plate while hot. Serve with whipped cream if desired.

Yield: 9 servings (1 pan 8 1/2 inches in diameter.)

Household Hints

If coconut has become firm, stand in sweet milk or fruit juices for 1 hour before using.

To reheat rolls or biscuits, put them in wet paper bag, tie up tightly and heat in oven.

A delicious salad can be made by stuffing peeled, chilled tomatoes with crab meat or shrimp salad.

Remove spots promptly from zinc table tops. Wipe off the spots with vinegar applied on a soft cloth, wash in hot soapy water and wipe with another soft cloth.

Add a little baking powder to the flour in which you roll your chicken or other meats before frying. This insures a fine crisp outer covering.

To prevent pie crust, cookies and other dough from sticking, cover rolling pin with child's white stocking, from which the foot has been removed. Rub flour well into stocking.

ing at the graduating exercises are Zane Ray Willburn, Isham Harrison, Bennie Forister, Lewis Weddige, R. N. Teel, Bill Weddige, Horton Bumgardner, Wilbert Potter, Jiggs Parrish, Bernard Schneider and Miss Lois Culbertson.

Are You Serving Civilian Defense?

This is one of a series of releases from the Office of Civilian Defense explaining the various insignia adopted and the general duties of the wearers.

STAFF CORPS

The Staff Corps will be identified by the basic insignia for Civilian Defense which consists of the initials C D in red set in white triangle within blue circle, flanked by the initials U S.

The Staff Corps will be assigned to all types of administrative and office work. Men and women with executive ability and a knowledge of administrative procedure will be useful in this work.

The wearing of this insignia is limited to workers enrolled in the Staff Corps in the Artesia Civilian Defense Organization.

Liberties Once Given Up Never To Be Regained

"Liberties once surrendered may never be regained," Col. J. A. Atwood of Roswell declared Tuesday noon, when he addressed the Artesia Rotary Club...

Certain guarantees under the Bill of Rights might have to be curtailed slightly, he said, in order to attack the war problem.

Col. Atwood's address was one he prepared for and delivered at the recent district conference of Rotary Clubs in Roswell.

Every citizen, he said, should be willing to give everything, even his life, to the government, which guaranteed there never shall be slavery.

The speaker said that if the United States could furnish to China and Russia all they need at this time, they would defeat Japan and Germany.

Cadets Will Receive Diplomas on Saturday At Special Exercises

Members of the Artesia High School Cadet Corps will receive diplomas for their accomplishments at special exercises on Morris Field at 3 o'clock Sunday afternoon.

The boys demonstrated their efficiency at drilling and the manual of arms at the "Victory Review" Friday evening on Morris Field.

Th public, especially parents of the cadets, is invited to attend the exercises Sunday.

First Aid Course Is Not Prerequisite to Joining AWVS Group

Contrary to a belief, which seems more or less general in Artesia, a woman does not have to have passed the standard Red Cross first aid course in order to become a member of the American Women's Voluntary Services.

Any patriotic American woman, at least 18 years old, is welcome to join.

However, after she has joined, she is expected to take the first aid course at the earliest opportunity.

Artesia Boy—

he was transferred to Lowry Field at Denver and he left there just a year ago, on May 20, 1941.

He was at Pendleton, Ore., for a time and then Mrs. Fulton heard from him early in April.

The 27-year-old sergeant's 21-year-old wife, when interviewed in Denver and informed of his part in the flight, said, "I've never been so proud in my life."

Also with Gen. Doolittle on the flight to Japan was Lt. Kenneth E. Reddy of Bowie, Tex., a nephew of Mr. and Mrs. D. I. Clowe and Frank Reddy of Artesia.

USO Drive—

second one put over the top in the Artesia community in record time, for the first drive, staged last year when few people were familiar with the new organization, was carried out here quite successfully in a week.

Workers Monday, representing various women's organizations in the city, were Mrs. Jess Shildneck, Mrs. Henry Paton, Mrs. Pat Gormley, Mrs. Arthur Gormley, Mrs. John Lanning, Mrs. C. C. Dannenbaum and Mrs. A. L. Bert.

Missing in Action—

The letter relates that dependent members of families needing financial assistance may establish such needs by contacting the local Red Cross chapter.

Approximately fifty men from North Eddy County were known to have been in the Philippines and it is presumed the same letter was addressed to the next of kin of each.

Trophies for Boat Races on McMillan May 31 on Display

Trophies for the various races in the Pecos Valley Boat Club regatta on Lake McMillan Sunday afternoon, May 31, have been received and are on display in the window of Russell Auto Supply Company.

There are three each for the five classes, the 10, 16-18, 22 and 33-horsepower and free-for-all.

Burford Gray, club commodore, said this morning entries are continuing to come in, some from considerable distance, and the biggest field of racing runabouts and hydroplanes ever seen on Lake McMillan is expected.

Location.

Airport—

(continued from page 1) learned that government officials have their eyes on the Artesia port, asking permission for its use temporarily by bombers from the Roswell Air Base, by way of landing and taking off in practice flights.

Mayor Carper, Fred Brainard, Howard Stroup and Glenn Booker went to Roswell Friday to confer with Army officers there and the mayor granted permission for the Army to use the Artesia port as long as needed.

The local men saw in the move a possibility that the Artesia field might be designated as an auxiliary of the Army field in Roswell, leading to further improvement.

Considerable interest has been growing in the high school group for the promotion of a CPT school. Boys of qualifying age have signified their hopes this might be brought about. Such a school would be separated from the other proposed school.

Levi Gill—

(continued from page 1) There survive Mr. Gill seven children, four by his first marriage and three by his second.

Those by his first wife: Mrs. Mortie Cobble, Artesia; Mrs. Cecil Bynum, Taft, Calif., who was here for the services; Mrs. Raye Walker, Los Angeles, who has been ill and could not come, and Claudie Gill, Phoenix, Ariz.

His children by the second marriage are Lewis Gill, Mrs. Roy Vandant and Miss Dorothy Gill, Artesia.

There also survive three sisters and two brothers and four grandchildren. The sisters and brothers: Mrs. Curilla Hancey, Leady, Okla.; Mrs. H. L. Muncy, Artesia; Walter Gill, Wilmington, Calif.; Edgar Gill, Clinton, Okla., and Mrs. Rella Mohling, Butler, Okla.

His parents and a brother and sister preceded him in death. Levi Gill, a son of Mr. and Mrs. G. W. Gill, was born in Collin County, Texas, Oct. 14, 1887.

He and his family came to Artesia from Clayton, N. Mex., about fifteen years ago. He lived the greater part of his life here since, except for short periods in Texas and Arizona and until moving to the Medlin ranch shortly after last Christmas.

MASONIC LODGE IS TO MEET TONIGHT

The regular meeting of the local Masonic Lodge will be at the lodge hall at 7:40 o'clock this evening.

Work in the Master Mason degree will be held.

Police and Firemen Complete Standard Red Cross First Aid

Wallace Hastings, lay instructor of Red Cross first aid, has announced that thirteen men, mostly police officers and members of the auxiliary police and some firemen, successfully completed their standard course Monday evening.

They were: J. C. Floore, Artesia police chief; Fred Hill, deputy sheriff; H. D. (Dude) Dunn, W. T. Haldeman, F. C. Hart, Tom W. Heflin, Virgil J. Millsaps, Aubrey Northam, Charles Ransbarger, Roy Langston, James B. Thigpen, C. R. Vandagriff and A. L. Bert.

At the conclusion of the class, the members presented Hastings a hat in appreciation of his efforts.

Teachers—
