MAC Group Splits: 'Goes On It's Own'

Expansion Of Projects

Lack Of Moisture Hurts Crops

Boosting Muleshoe Set

With the 'dog days' of summer really settled in early in August, Bailey County Extension Agent Spencer Tanksley has talked about the current crop situation in Bailey County.

He commented Tuesday morning, "Overall, I believe the county has a real good potential to produce a good agricultural crop and the outlook in August is very favorable."

"Generally speaking," he continued, "the entire area is in need of a nice one and one-half inch to two inch type general rain. For approximately 30 days, we have had to supplement crops with irrigation."

He said some cotton is beginning to show heat effects.

"Another thing we see happening," continued the county agent, "is that yards are showing burn effects from the heat and lack of moisture. This is showing up in grass, and especially in trees, bushes and other ornamental growth."

He reminded that yards and home gardens that were so pretty several weeks ago due to abundant rain and showing heat stress at this time.

But, this area has not had a 100 degree day so far this summer, and with low nighttime temperatures, the lack of heat is reflected in the amount of heat units necessary for the growing season. Tanksley said we are 100 heat units behind for cotton at this time in the growing season.

"For the county to realize bumper-type crops, then we will have to have a good, warm fall."

He believes we will see a good corn crop, as corn will not be affected as much by the heat and grows well in cool weather.

The heat and lack of moisture will affect cotton; and will also affect soybeans, which will have to be kept wet to expect good yields.

County Agent Tanksley added that many farmers have been

Cont. Page 8, Col. 1

Two scrimmages have been scheduled for the Lazbuddie Longhorns, according to the school superintendent's office.

The Longhorns will scrimmage Miami at Silverton at 4 p.m. on Thursday, August 18.

On Thursday, August, 25, the Longhorns will take on Cotton Center at Cotton Center at 5 p.m.

Last Saturday, a running team from Muleshoe competed in the 13.2 mile run during the Sandhill Days Celebration at Olton.

Of the six teams entered, winning first place was the Muleshoe team of Robert Lepard, Lonnie Adrian, Rudy Flores, Michael Garza, Jennifer Hays and Glenda Willoughby.

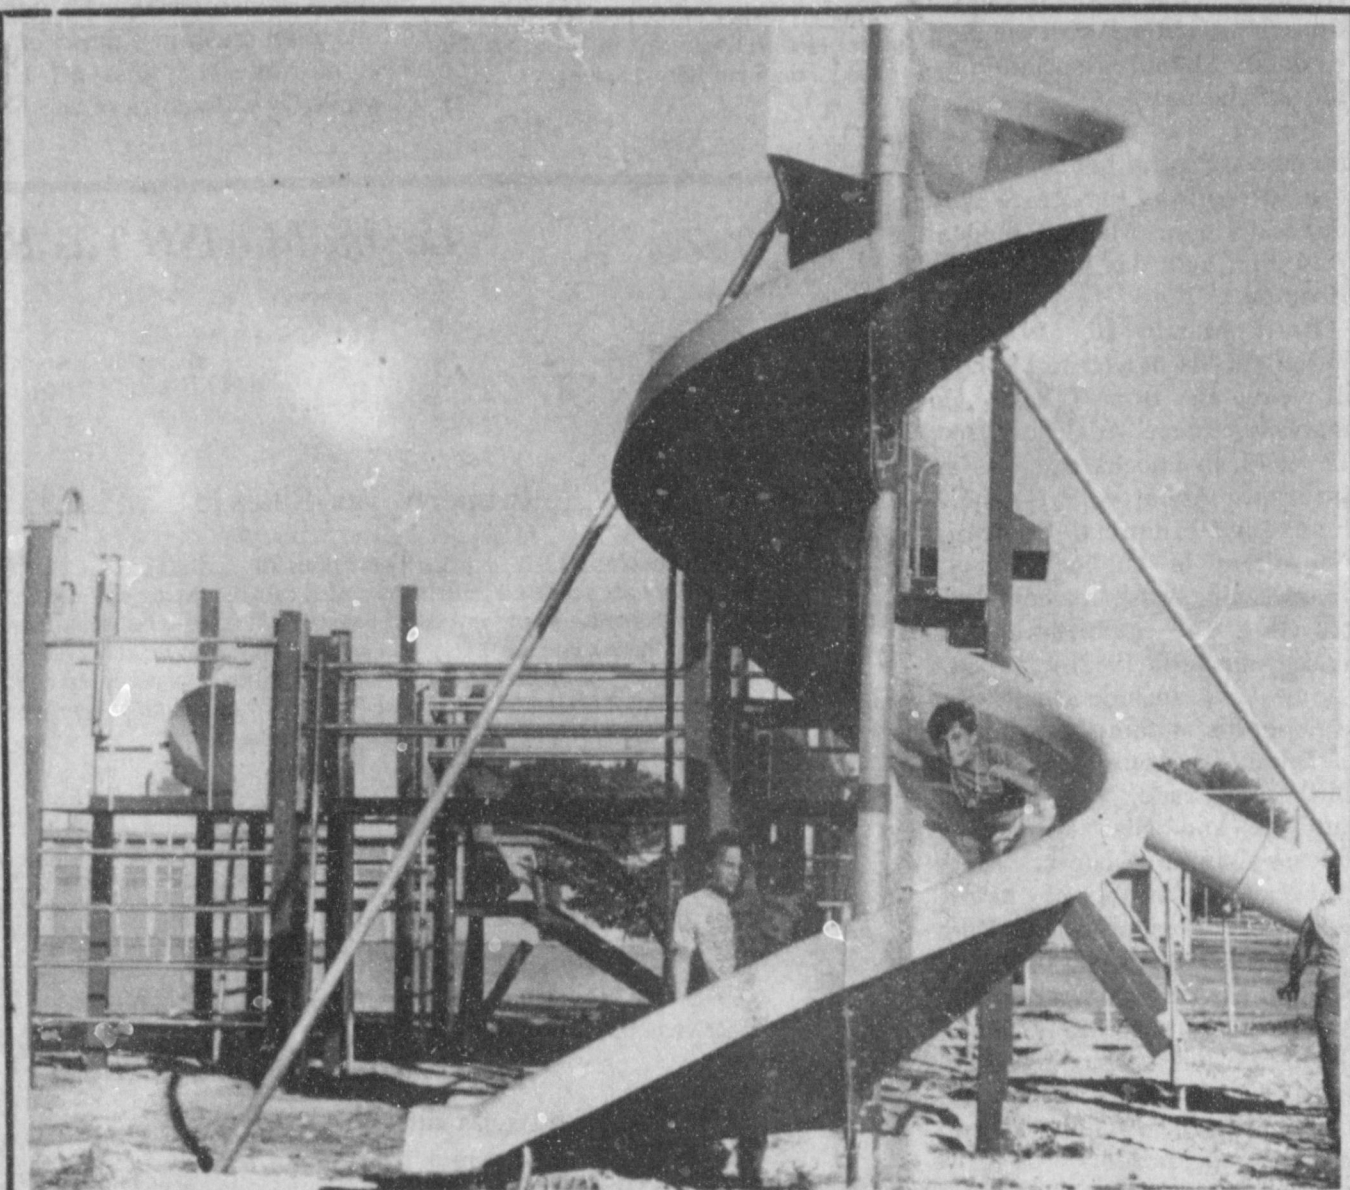

Meals on Wheels is seeking drivers for Thursday noon and Friday noon.

If you have one to one and a half hours you can volunteer on these days, please contact Robin Taylor at 272-3196.

Your pay will be the satisfaction of knowing a senior citizen or disabled person, or persons, receives a hot meal at noon.

Bailey County Civic Center manager Joyce Holmes said the first fall youth skating is Friday, September 16. It will be sponsored by the Jennyslippers.

Cont. Page, 8 Col. 4

GETTING A SNEAK PREVIEW--Bright gold and blue playground equipment is in the process of being installed on the southwest corner of Mary DeShazo Elementary School. This PTA project is apparently widely welcomed, as on Saturday afternoon, some 15-20 youngsters were trying out all of the equipment. It will all be in place and ready when school starts on September 1. Each day, youngsters are noted in, around and on the new equipment being added to the school playground. (Journal Photo)

Economy Continues To Slowly Creep Upward In Recovery

State Comptroller Bob Bullock said Friday that payments to cities and counties that collect local sales tax increased again this month.

"The Texas economy is steadily improving," Bullock said. "Cities and counties across the state are still seeing the benefits."

Bullock sent checks totaling \$113.5 million to 1043 Texas cities that collect local sales tax at either one or one and one half percent.

Checks totaling \$10.4 million were sent to 81 Texas counties that collect the one-half percent optional county sales tax, Bullock said.

Muleshoe's latest sales tax rebate check was in the amount of \$22,167.46, up 12.91 percent from the \$19,632.68 for the same time a year ago. At the same

Band Practice

At Lazbuddie

Starting Soon

With the beginning of school for the 1988-89 school year 'looming on the horizon' the Lazbuddie school's band has several activities planned to get the season off to a good start.

Scheduled tomorrow, Friday, an ice cream supper will be held at 7:30 p.m. at the band hall for all band members.

Becky Jones, band director, said music will be given out and new band officers will be elected. Band practice will be conducted on August 22-23-26-29 and 30 from 5:30-7 p.m.

The band director also reminded that the Lazbuddie Longhorns first football game for the 1988 season will be at home on Friday, September 2, when they will play Northeast Christian Academy of Amarillo.

time, payments to date for the year have increased 14.55 percent. The 1988 payments to date are \$142,937.44, compared to \$124,785.51 for the same time a year ago.

In Cochran County, Morton is showing a whopping 42.24 percent increase for the pay period over last year, at \$6,020.49, as compared to last year's 4,232.73. They also reflect an increase for the year of 31.50 percent. Last year at this time, Morton had received \$31,186.84, and that had increased to \$41,010.92 for the same time this year.

From Littlefield, the increase is shown, but is down slightly for the year, and has increased for the current pay period.

Littlefield received \$29,493.49 for the current period, up by 11.62 over the \$26,423.34 received at this time last year. For their total for the year, the increase is 5.11 percent. They were at \$163,629.34 a year ago at this time and the current total is \$171,987.25.

Friena in Parmer County is the only area small city to show a decrease, both for the current pay period and for the year.

Payments in Friena for the current period are down 11.03 percent, at \$12,679.18, compared to \$14,251.31 for the same time last year. For the year, payments are shown to be \$67,372.62, down by 4.72 percent from the \$70,710.37 of a year ago.

The largest city allocation, \$19.8 million, went to Houston this month with El Paso County receiving the largest county allocation, \$1.5 million.

Bullock also sent checks totaling \$51.2 million to the state's six metropolitan transit authorities. El Paso's city transit department, the only CTD in Texas, received a payment of \$1.3 million.

August's checks represent

Former Resident Writes, Publishes Book At Dallas

A 1964 graduate of Muleshoe High School has published a book, to add to the latest list of his accomplishments.

Benny Carl Watson, son of Lutishia Watson, and the late C. A. Watson, and nephew of Harvey Bass, has just published 'Truth Has No Alternative.'

Presently living in Dallas, he is owner and operator of 'Entertainment Galore,' a full service booking agency for entertainment, specializing in disc jockeys and bands.

His adages and poems have appeared in Dallas local, area and statewide newspapers over the past 25 years, and now, he has taken time out from his already very busy schedule to release his first book, 'Truth Has No Alternative,' which he says is a collection covering eighteen closely related subjects such as life, love, peace, war, truth, good, evil, purpose, etc.

In keeping with the theme of his book, his cover is simply a classic 'black and white' design designating his 'no alternative' theme.

After graduating from MHS, he served in the United States Army in 1966 and 1967, and spent 15 months serving in South Viet Nam for the 504th Military Police Battalion and the 18th M. P. Brigade. In both 1967 and 1968, he acquired the good conduct medal, the National Defense Medal, Viet Nam Service Medal, and Viet Nam Campaign Medal.

After receiving his discharge, he attended West Texas State University in 1972 with a

They may be the "new kids on the block," being just a couple of years old, but the Muleshoe Activities Committee (MAC) has been making their presence known.

During this week, they have made an additional impact on the area. Starting out as a committee of the Muleshoe Chamber of Commerce and Agriculture, they have now split from the CofC and are obtaining a tax number, and are planning bigger and better projects in the future.

During a meeting Monday night, newly elected chairman, Harvey Bass, told the executive committee of future plans.

A general membership meeting is planned for today, Thursday, at 10 a.m. in the meeting room of the Muleshoe State Bank.

Bass has emphasized that any business or individual in the Muleshoe trade area is eligible to become a member of MAC, and you do not have to be a member of any other organization in order to join and participate in the group that has the sole purpose of promoting Muleshoe -- and promoting Muleshoe business.

There are no written applications to file, and the dues are minimal.

Very little expense is involved with the MAC group, and all proceeds will be returned to the Muleshoe trade area residents in one form or another, showing 'appreciation' for doing business in Muleshoe.

At this time, MAC financial officer Kay Mardis reported Monday night, MAC has a total of nearly \$1,500 in banks. It will cost some \$300 to get the tax number, which has already been filed for and all MAC Bucks have been placed in a safe deposit box. Merchants who have validated

MAC Bucks will be allowed to redeem them from any bank teller at Muleshoe State Bank from the merchant.

Area people who currently have MAC Bucks are asked to contact Bass at Bass Appliance or Kay Mardis at Muleshoe State and confirm your MAC Bucks as an audit is being attempted and all MAC Bucks have not been accounted for yet. You are not being asked to spend them -- just report how many you have to help the audit.

MAC members are asked to submit suggestions for a 'motto' for MAC and a logo will be constructed around the accepted motto. There will be a prize for the motto chosen, although the prize has not been determined at this time.

Bass said he would encourage current members to be sure to remember to issue MAC tickets for purchases, as the MAC drawings will be continuing, but

Cont. Page 8, Col. 2

Gordon Green Resigns County Judge Post

Bailey County Judge Gordon H. (Corky) Green confirmed Tuesday afternoon that he had submitted a letter of resignation to the Bailey County Commissioners Court on Monday.

Judge Green said, "It was after a lot of thought and study I submitted my resignation as judge."

"I plan to stay until September 30, which will be the last day of the fiscal year."

"This will allow me to help prepare the new budget for the coming year."

"After that time, I will be only in private practice."

Judge Green said that due to the demands of his private practice, he could not give enough time to the county judge's position. This will also allow him more time with his family.

FORMER RESIDENT PUBLISHES BOOK--Lutishia Watson, mother of 1964 Muleshoe High School graduate, Benny Carl Watson, holds a picture of her son, along with a copy of his just-published book, 'Truth Has No Alternative.' Watson, who resides in Dallas, also owns an entertainment agency. He is a nephew of Harvey Bass. (Journal Photo)

Lester Baker Funeral Services Held Monday

Funeral services for Lester M. Baker, 76, were held at 2 p.m. Monday, August 8 in the First Baptist Church with the Rev. Troy Walker, a retired minister from Amarillo, officiating, assisted by the Rev. Dale Berry, pastor of the Muleshoe Trinity Baptist Church.

Interment was in Bailey County Memorial Park under the direction of Ellis Funeral Home of Muleshoe. Baker died at 3:36 a.m. Saturday in the Methodist Hospital at Lubbock.

Born Nov. 26, 1911 in Argyle, TX, Baker had been a resident of Muleshoe since 1956, moving here from Plainview. He married Thora E. Barker on July 30, 1938, in Turkey. He was a farmer and retired from the State Department of Highways in 1975. He was a member of the Trinity Baptist Church and a veteran of the U.S. Army.

Survivors include his wife, Thora; two sons, Roy B. Baker of Portales, N.M., and Larry Baker of Greenville, TX; a daughter, Alice June Moffitt of Borger; seven sisters, Izell Proctor and Clova Dell Cogdill, both of Turkey, Dorothy Conner of Lubbock, Opal Harvey of Amarillo, Alma Garms of Farwell, Irene Morris of Phoenix, Ariz-

ona, and Lenora McPeak of Pampa; three brothers, Lee Roy Baker of Amarillo, J.B. Baker of Lebanon, Missouri, and Eugene Baker of Colorado Springs, Colo.; six grandchildren, and one great grandchild.

Local Man's Mother Dies, Buried Wednesday

Funeral services for Ethel Whisenhunt, 92, of Sudan were held at 2 p.m. Wednesday in the First Baptist Church in Sudan with the Rev. Dennis Hayes, pastor of the Muleshoe Nazarene Church, officiating.

Interment was in Sudan Cemetery under the direction of Hammons Funeral Home of Amherst. Mrs. Whisenhunt died at 1 p.m. Sunday in West Texas Hospital at Lubbock following a lengthy illness.

Born in Pike County, Ark., she moved to the Sudan area in 1931. She married James Henry Whisenhunt on Jan. 2, 1916, in Rockwall. He died in 1965.

Survivors include three sons, Grover of Levelland, Arthur of Amarillo, and John of Muleshoe; two daughters, Mavis Green of Wildorado and Beatrice Atkins of Amarillo; two sisters, Josie Hogett of Memphis and Sally Wood of Gainesville; eight grandchildren; and 12 great-grandchildren.

She was preceded in death by two sons, James M. and Jake.

1. Who was the author of this wise saying?
2. Who was his father and mother?
3. For what architectural masterpiece is he best known?
4. Where may be the above saying be found?

H.S. Mansell, Jr. Services Held At Lubbock

Funeral services for H.L. Mansell, Jr., 59, of Lubbock were held at 2:30 p.m. Tuesday, August 9 in the Highland Baptist Church in Lubbock with the Rev. Kenneth Staton, associate pastor, officiating.

Burial was in Resthaven Memorial Park at Lubbock under the direction of Resthaven Funeral Home. Mansell died at 7:24 p.m. Saturday in Methodist Hospital.

Born March 10, 1929, in Littlefield, he moved to Lubbock 21 years ago from Tahoka. He married Hulene Adair on Dec. 12, 1948, in Enochs. He was an Insurance Agent with Financial Insurance Financial Planning Consultant in Lubbock for 15 years. He was a container recycling Co. employee for 10 years retiring in 1982.

Survivors include his wife, Hulene; his mother, Ida Mansell of Tulia; three daughters, Nancy Guthrie of Crane, Nicki Moke of Lubbock and Nisa Kersey of Odessa; three sisters, Mary Harvey of Lubbock, Minnie Gerdes of Potsboro, and Ruth Height of Tulia; five brothers, Charles Mansell of Ft. Mitchell, Alabama, Clarence Mansell and David Mansell, both of Potsboro, and Glen Mansell of Kress, and Terry Mansell of Lubbock; and seven grandchildren.

Texas A&M scientists are studying effects of acid rain on pine forests

COLLEGE STATION — Forest scientists from the Texas Agricultural Experiment Station at Texas A&M University have embarked on a study to determine whether levels of acid rain and ozone in the lower atmosphere injure pine trees in East Texas.

The study, one of five to be conducted across the South, is part of a national Forest Response Program, funded by the U.S. Forest Service and the Environmental Protection Agency.

The study, which will be conducted over the next four years, will help determine if current levels of acid rain and ozone are affecting the growth of pine seedlings," says Dr. Richard Flagler, leader of the project and assistant research scientist in Texas A&M's Department of Forest Science.

WRECKED PICKUP STRADDLES DITCH--The driver of this late model crew cab pickup received a forehead laceration in a grinding intersection crash just north of the railroad tracks some three miles west of Muleshoe, just off Highway 84. The accident occurred one-quarter mile north of the highway.

(Journal Photo)

Lazbuddie ISD Tax Rates

19 88 Property Tax Rates in Lazbuddie ISD

This notice concerns 19 88 property tax rates for Lazbuddie ISD. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the taxing unit proposes for this year. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:	
Last year's operating taxes	\$ 375,175.21
+ Last year's debt taxes	\$ 49,130.09
= Last year's total taxes	\$ 424,305.30
÷ Last year's tax base	\$ 44,663,716
= Last year's total tax rate	\$.9500 /\$100

This year's effective tax rate:	
Last year's adjusted taxes (after subtracting taxes on lost property and taxes to correct appraisal roll errors)	\$ 424,305.30
÷ This year's adjusted tax base (after subtracting taxes on new property)	\$ 45,313,212
= This year's effective tax rate	\$.9363 /\$100
× 1.03	
= Maximum rate unless unit publishes notices and holds hearings	\$.9644 /\$100

This year's rollback tax rate:	
Last year's adjusted operating taxes (after subtracting taxes on lost property and taxes to correct appraisal roll errors and adding taxes lost in court suits)	\$ 375,175.21
÷ This year's adjusted tax base (after subtracting taxes on new property)	\$ 45,313,212
= This year's effective operating rate	\$.8279 /\$100
× 1.08	
= This year's maximum operating rate	\$.8941 /\$100
+ This year's debt rate	\$.2021 /\$100
= This year's rollback rate	\$ 1.0962 /\$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
MAINTENANCE & OPERATION	\$26,752

SCHEDULE B: 19 89 Debts Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
	\$85,000	\$2,040	-0-	\$87,040

Total required for 19 89 debt service	\$87,040
Amount (if any) paid from funds listed in Schedule A	-0-
Excess collections last year	-0-
= Total to be paid from taxes in 19 89	\$87,040
+ Amount added in anticipation that the unit will collect only 94% of its taxes in 19 89	Approximately \$26,185.72
= Total Debt Service Levy	\$113,226.00

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at Division 111.

Families Spend Big Dollars On School Clothes

The mythical average American family spent an estimated \$353 for clothing and shoes for each child ages 6-11 in 1987, according to U.S. Department of Agriculture figures.

Yet depending on where they shop and what they buy, families can easily exceed that figure just buying school clothes, according to Alma Fonseca, a clothing specialist with Texas Agricultural Extension Service.

Fonseca priced a complete school wardrobe for a 10-year-old boy and another for a girl of the same age. Each wardrobe included enough underwear and socks, shoe, jeans, shirts and tops for a week at school; one casual and one dressy outfit; and a lightweight jacket.

When purchased at the discount store, the girls' wardrobe cost \$249 compared to \$576 for similar items at the department store. The boys' wardrobe cost \$182 at a discount store and \$559 at the department store, she said.

"Most children don't need a complete wardrobe at once, so costs are spread over several months," she said. "Beginning the school year in summer shorts and making use of hand-me-downs from older siblings also reduces clothing needs."

"Whatever the size of your clothing budget, it's good strategy to spend the most money to buy quality in those clothes that will be worn most often, receive the hardest wear and be laundered frequently," said Fonseca.

"Then shop for these items during the children's clothing sales generally held in August and October."

The specialist said that for staple items such as underwear, socks and t-shirts, discount stores may have real bargains, especially if you buy in quantity.

"Discount and outlet stores carry a variety of less-expensive clothing, but it may also be less durable. That may not matter if

you expect the child to grow out of the item quickly or it's a garment with a limited use, such as a dressy dress," she said.

Check the catalog sales at the department stores that have

New Onion Varieties Are Studied

New onion varieties which have been especially bred to meet the growing conditions of the Texas High Plains and to fill special needs in the marketplace will be shown to growers and seed company representatives during a tour Thursday (today) in Lubbock and Morton.

The tour will feature new red and white varieties which mature for July harvest, direct seeded plantings, and new drying and storage facilities, said Dr. Roland Roberts, vegetable specialist with the Texas Agricultural Extension Service. Roberts is tour coordinator.

The tour will begin at 10 a.m. at the Texas A&M University Agricultural Research and Extension Center on FM 1294, just east of Interstate 272 at the Shallowater exit. Roberts will show and discuss 62 varieties, including new red varieties which will be ready to meet a historically strong market demand in July.

He will also display onion bulbs produced from the research by Dr. David Bender, horticulturist with the Texas Agricultural Experiment Station at Lubbock. Bender has shown that transplants can be locally grown by the use of plastic row covers which protect the seedling nursery from winter stress, Roberts said.

After lunch, the tour will move to the Granville Lasseter farm in Morton. There, 20 leading Spanish hybrid and intermediate-day varieties which have been direct seeded will be shown. Commercial direct seedings and new drying and storage facilities also will be seen.

mail-order services. Sometimes the catalog sale price will be less expensive than the in-store price for the same or a very similar item, said Fonseca.

"If your child is growing rapidly, buy sizes as large as possible without being ill-fitting. Clothes with adjustable straps and waistbands, raglan sleeves, stretchy fabrics, deep hems, dropped waistlines and two piece outfits provide more room for growth."

"You may be better off waiting to buy clothes as your growing child needs them. This can also give your youngster time to see what the other kids are wearing and feel happier about his or her choices in school clothes."

Help Needed

Independence Important To Older Adults

Older adults are in better control of their destiny if they properly prepare themselves, according to a gerontology specialist with the Texas Agricultural Extension Service.

"Learning to cope with emotional, social and financial situations is very important to the happiness of older adults," said Dr. Judith Warren. "Enhancing independence in older adults is one of the goals of the Extension gerontology educational programs."

Speaking during the state faculty conference of the Texas Agricultural Extension Service, Dr. Alice Franke of St. Mary's University, San Antonio, told the group that being old is bad only because our culture says it is bad.

"We have a feeling in our culture that youth is the desired age," she said. "This is not necessarily true since research has shown that older adults can continue to learn and take on new responsibilities."

Franke said that people must learn to be assertive to avoid becoming victims of shams, false claims and unethical solicitations. This assertive ability also can help individuals have better relationships with family members to solve problems and

create congenial living conditions.

The training program was designed to assist county Extension agents conduct local programs for older adults.

Joyce Foulds, Hood County Extension agent, described a pilot program that trained Extension master volunteers in money management. These local volunteers received intensive training in money management, recordkeeping, goal setting, budgeting and related topics.

Each volunteer also had agreed to donate at least 50 hours of "payback" work with citizens on budget planning and financial

management. Most of the volunteers have exceeded that 50 hours and are still conducting programs.

Gail Treece, information specialist-nutritionist with the Brazos Valley Area Agency on Aging, described the "Gatekeeper Program," which emphasizes periodic checks on the physical, financial and social well being of senior citizens.

Numerous governmental agencies and private companies are cooperating in the program.

Many communities are finding that senior citizens comprise 40 percent or more of their population. Therefore, the influence of this segment of the population is growing continually, Treece said.

60 Years Ago

1928 17000 ACRE WARREN TRACT NORTHEAST MULESHOE TO BE DEVELOPED

What is considered by far one of the most important land decisions in the past few years, effecting the general welfare of Muleshoe and all Bailey County, has been made by the F.P. Warren and Co. Mr. Shields, secretary of the Crackerjack Company of Chicago, was in town Friday in the interest of the owners of the land and stated among other things that it would be only a few weeks when the 17,000 acre tract lying Northeast of Muleshoe and a distance of about 8 or 10 miles, will be cut up into small farms and sold at a moderate price. This action on the part of the holders is the result of the rapid growth of this most productive Agricultural section, and the inevitable expression of West Texas.

This tract is considered to be most valuable addition to our already productive territory and it will only be a few years until every acre of it will be green fields of grain and beautiful stock farms.

The Warren tract lies North of the Plainview highway and on the country road leading west from Hereford which makes it still more attractive to the prospective buyer who is looking for a country home, and who also

enjoys an occasional trip to the city.

50 Years Ago

1938 NEED FOR MORE HOMES IN MULESHOE CAN BE MET BY FHA LOANS AT VERY LOW INTEREST AND LONG TERM PAY

With the shortage of houses for residents purpose existing in Muleshoe for some time past, present indications are the situation will shortly be alleviated somewhat as local citizens are now taking an interest in the Federal Housing Administration provisions. Two applications for building loans have already been granted, three other applications are now pending and several other citizens, not owning homes, but desiring to do so are becoming interested in the provisions of this facility.

Under the FHA, the prospective home owner may borrow nearly all the money he needs to build-up to 90 percent under exceptionally favorable circumstances. He may have 20-24 years to pay it out. This spreads the payment over an extremely long period, makes them easy to meet. Ten years used to be the limit.

Terms of payment figure out about \$5.97 per month per \$1,000 plus insurance and interest.

For extra comfort during these hot summer days and nights, the Masonic Hall has installed a badly needed air-conditioner.

30 Years Ago

1958
LAZBUDDIE NEEDMORE
EXCHANGES ON TOLL FREE
SERVICE BY END OF YEAR
Extended area (toll-free) telephone service between Muleshoe and those on Lazbuddie and Needmore Exchanges, is expected to be a reality shortly after Christmas of this year. D.B. Lancaster, manager of Five Area Telephone, Inc. of Muleshoe told Mayor W.T. Bovell this week in a letter.

"This depends on delivery of equipment which is now promised the first part of December. If we can better the delivery date, then we probably improve the time that we will be able to have free telephone service from Muleshoe to Lazbuddie and Needmore".

But Lancaster pointed out that the area west of Muleshoe does not look quiet so good, although Five Area officials believe they have made some progress and have many of the problems worked out.

A survey in May showed 61 people signing up for service in that area. There are 28 subscribers now being served by General Telephone Co. lines who

will be serviced by Five Area, making a startling total of 89 telephones when the service is ready to begin.

1968
AROUND MULESHOE
Mr. and Mrs. Eric Smith and daughter are expected to arrive home soon for a tour in Europe. Mr. and Mrs. Smith are teachers in Muleshoe High School. The family left Dallas July 9 for New York City. From there, they flew to London where they spent five days sight seeing. From London they went to Belgium, Luxembourg, Switzerland, Austria, Italy, France and Spain. From Rome, Italy, they write "It is truly unbelievable that all the ancient structures are still

standing."
10 Years Ago

1978
Grocery specials advertised in the Journal this week included: 14 1/2 ounce can pork and beans 5 for \$1; coffee \$2.59 pound; 5 ounce can vienna sausage 39 cents; 32 ounce bottle catsup 79 cents; 46 ounce can tomato juice 59 cents; 18 ounce bottle barbecue sauce 59 cents; bread, 3 loaves \$1; 1/2 gallon carton ice cream \$1.29; 1/2 gallon buttermilk 79 cents; ground beef \$1.19 pound; beef liver, 59 cents pound; sliced bacon \$1.19 pound; chuck roast 89 cents pound; chuck steak \$1.59 pound; 7-bone roast \$1.29; and pork sausage 2 pound package \$2.39.

Five Generations Attend Birthday Celebration

Five generations of the Faubus family gathered at the Muleshoe Nursing Home on Sunday, July 24 to honor Ella Faubus, a resident of the home, on her 90th birthday.

Local Chapter

Heart Association

Met Friday

The Bailey County Division of the American Heart Association board members met for a regular monthly meeting on Friday, Aug. 5 at the Old Corral restaurant. Fifteen members were present.

Reports were given on the goals for the year by Georgia Pena, program chairperson, Winston Allison, development chairperson, and Janie Balderas, public information chairperson. The goals which were presented were unanimously approved by the board.

Kandy McWhorter, chairman of the American Heart's Food Festival, explained her plans for this event coming up on the week of September 11 through 17.

Carolyn Kennedy, regional director, gave a brief orientation on the Organizational Structure and purpose of the American Heart Association.

Dorothy Turner, secretary/treasurer, reported that during the month of July the amount of \$376.43 was collected in Memorial donations.

The board agreed to keep meeting at the same time and place, which is at noon on the first Friday of the month at the Old Corral Restaurant.

MICROWAVE TIPS

By Linda Attaway

Recipes which make more than eight servings lose the advantage of microwave speed. Conventional recipes that convert to microwave cooking usually feature cooking techniques similar to those used in microwaving.

Seasonings, such as salt, may be reduced while microwaving as this method of cooking enhances the natural flavor of the food. Liquids may also be reduced by one-third to one-half. Exceptions are recipes containing uncooked rice, pasta, or dried beans and peas.

Oils and fats can be virtually eliminated during microwave cooking. Fats are not needed to prevent sticking but a small amount of butter may be added for flavoring.

Meat and vegetable should be cut into smaller pieces for more uniform cooking in microwave recipes.

Creative Living

by Sheryl Borden

Recipes for barbecue a la carte and information on decorating for the aging will be featured on "Creative Living" on Tuesday, August 16 at 12 noon and repeated on Saturday, August 20 at 2 p.m. on KENW-TV. (All times are Mountain.)

Vickie Jones is the Marketing Home Economist with Southwestern Public Service Co. in Roswell, and she will demonstrate recipes for barbecue a la carte. The emphasis will be on using the microwave oven and the food processor, and she will prepare several recipes that are perfect for accompaniments to a barbecue meal or for any other meal.

June Schlossberg is an interior decorator, and her business is called Designers' Collaborative in Carmel, IN. She is going to discuss decorating ideas for older persons. She'll cover areas such as carpet selection, furniture choices, the use of contrasting colors and the importance of different types of appliance controls as they pertain to the older population.

On Tuesday, August 16 at 9:30 p.m. and on Thursday, August 18 at 12 noon, the show will feature three additional topics. Cathy McCreery Voit, home economist with Reynolds Metals Co. in Dallas, TX will demonstrate using cooking bags in the microwave oven. She will share some recipes that have been adapted for this form of cooking.

Connie Moyers, Marketing Home Economist with Southwestern Public Service Co., Clovis, will show how to make homemade squeeze margarine and discuss the advantages.

Finally, Jane Kuoni, food stylist from Chicago, Ill. will show how easy it is to make garnishes the professional way.

"Creative Living" is produced and hosted by Sheryl Borden. The show airs on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines between 8 a.m. and 5 p.m.,

Monday through Friday. In New Mexico, the number is 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales and Roosevelt County: 562-2112.

BARBEQUE A LA CARTE RECIPES CAMP OUT BEANS

1 lb. pork sausage, cut in chunks, 1 can (16 ozs.) pork and beans, 1 can (16 ozs.) navy beans, drained, 1/2 cup catsup or barbecue sauce, 1 tsp. instant minced onion, 1/2 tsp. salt, 1/8 tsp. pepper

Place sausage in a saucepan with 1/4 cup water; cook on medium heat until sausage is heated through, approximately five minutes. Drain off grease. Add beans, catsup, onion, salt and pepper and cook on low until ingredients are heated through, approximately ten minutes.

NOTE: To microwave the recipe, place the sausage in a 1 1/2 quart glass casserole dish. Cook on HIGH power 6 minutes or until pork is no longer pink. Stir halfway through the cooking time; drain off grease. Add beans, catsup, onion, salt and pepper to pork; cook on HIGH power 4 to 5 minutes, stirring halfway through the cooking time.

CONFETTI SLAW

1 medium head cabbage, shredded, 1 cup tomato, chopped or cherry tomatoes, cut in half, 2 cups green pepper, chopped, 1 cup cucumber, coarsely chopped, 1/2 tsp. garlic salt, 1/2 cup green onion, sliced, 1 cup mayonnaise, 1 cup sour cream, 1 Tbsp. fresh parsley, snipped, 1 tsp. sugar and 1 tsp. salt.

In large bowl combine cabbage, tomato, green pepper, cucumber, and onion. In small bowl mix remaining ingredients. Pour over vegetables, tossing to coat. Refrigerate 8 hours or overnight.

NOTE: You can substitute the dressing ingredients and use one bottle of Ranch dressing.

Memory is the product of intelligence and work.

Isn't it funny that we never miss the moon until we can't see it?

AUGUST MAC BUCK WINNERS--Last Saturday, MAC (Muleshoe Activities Committee) held their regular monthly drawing in downtown Muleshoe. MAC Buck winners, front row, from left included Ruth Terrill, \$100; Mary Frances Holt, \$75; Lee Ann Gallman, \$50; Irene Dilts, \$25 and Annie Floyd, coffee and a Spudnut from the Spudnut Shop, each day for a week. Back row, from left, Eddy Morris, Bob Donaldson and Harvey Bass.

Boys Ranch Annual Rodeo Slated Soon

More than 10,000 people are expected to attend the 44th Annual Boys Ranch Rodeo during Labor Day weekend performances at 2:30 p.m. September 4 and 5.

Nearly half of the 400 boys at Cal Farley's Boys Ranch will ride calves, steers, bulls and bare-back broncs. Girls from Girlstown, U.S.A., along with area riding clubs, will also participate in the Grand Entry.

Those boys who do not compete will sell barbecue beef plates, soft drinks and snow cones; provide musical entertainment; or work as one of the many jobs required for a successful

rodeo.

The boys will compete for belt buckles and for the titles of Junior and Senior All-Around Cowboys. Specialty acts will include a wild steer race, FFA project parade, calf scramble and barrel races with 5- and 6-year-old boys and girls riding stick horses.

Many of the 4,000 plus boys who have called the Ranch home since 1939 will be among the spectators and will participate in the Annual Alumni Association Reunion activities.

Tickets for the performances are \$4.50 for reserved box seats; \$3.50 for covered, reserved

bleacher seats; \$2.50 for general admission; and \$1 for children ages 6 to 12. Barbecue beef plates will be served at noon each day for \$3.50.

Much Of Texas Well Suited For Year Around Gardens

Although a lot of sizzling summer weather is still ahead, Texas gardeners know it's time to plant fall vegetables.

"Much of Texas is well suited for year-around gardening, and fall vegetables generally have better quality and flavor than those grown in the spring," said Dr. Sam Cotner, horticulturist with the Texas Agricultural Extension Service.

Many popular warm-season vegetables such as tomatoes, peppers, eggplants, pole beans, potatoes, okra, cucumbers and squash can be planted in late summer.

Also, so-called "winter" vegetables such as broccoli, cabbage, cauliflower, greens, parsley and carrots can be planted now for early harvesting. Later plantings of these cold-hardy crops will supply fresh vegetables well into winter, Cotner said.

What are some of the important aspects of fall gardening?

"First of all, get the soil in good shape," said the horticulturist. "If you had a garden this spring and applied fertilizer, little, if any, additional fertilizer will be needed before fall planting."

For new gardens, work into the soil 2 to 3 pounds of complete fertilizer such as 10-20-10 per 100 square feet of area. If plants grow slowly, apply a light amount of fertilizer between rows and water it into the soil.

"Adequate water is important for a successful fall garden, particularly for seed germination and early plant growth," Cotner said. "It's best to 'pre-irrigate' before planting. Then follow with subsequent, light waterings."

Rotary Gets Visit From Jenny-slippers

"Even yesterday is history," said Nelda Merriott, speaking to members of the Muleshoe Rotary Club on Tuesday at noon about the upcoming Bailey County

Moisture...

Cont. from Page 1
working very hard to clear fields of weeds, by cultivation and hoe hands. They are also preparing wheat lands for the planting season which is just around the corner.

"Overall," he continued, "insects are causing little pressure to crops at this time. However, I would caution producers to continue to check fields for bollworms, spider mites and sorghum midge.

"Grain sorghum crops look very good, but are late, prompting my continued caution on midge and greenbugs.

"Our county has been one of the more fortunate ones for good, timely rain through the summer growing season. The county has already received 15 inches of moisture, with more recorded in parts of the county. At the same time, we have had little damage from hail, although the Circle-back area received additional damage two weeks ago from hail."

Tanksley continued, "It is our hope that crop prices will stay above average and we make a good crop to help stimulate the economy of Bailey County.

The county agent said alfalfa has had a hard time. It was rained on after it was cut, but right now is in good condition. Hay prices are very strong he said, and there is a very good demand over the U.S. for hay, especially in drought areas.

As far as vegetables are concerned, the vegetable harvest is coming along, with onions complete and potatoes about 50 percent harvested.

At this time, cabbage, cucumbers and sweet corn are also being harvested.

Markets continue to be mostly poor for onions and potatoes, with not much demand, he said. Tanksley reminded homeowners who have gardens to continue to water and fertilize. "Without rain, they will stop producing," he added.

Range conditions countywide are generally very, very good and the overall agricultural picture is that there are not too many problems, except the overall need for rain, concluded County Agent Tanksley.

History Book.

Mrs. Merriott and Billie Downing whirled into the Rotary meeting, waving Texas flags and wearing their Jennyslipper regalia, with a not so subtle difference.

They spoke on two subjects and wore "appropriate" headgear according to their subject.

While speaking about the history book, they wore bonnets with lace ruffles and ribbons.

They were encouraging clubs, businesses and individuals to have memorial pages, or pages about their businesses, or clubs, in the all but completed history book.

They told of the future value of the saddle brown, gold trimmed book, which is expected to be printed before Christmas.

MAC Group

Cont. from Page 1

there will be added emphasis through additional drawings on the first Saturday of each month.

With MAC responsible for cleaning up a two mile stretch of Highway 84 east of Muleshoe, MAC will be approaching groups to have youth clean up the ditches. A donation will be made from MAC to sponsoring organizations.

Also, Ron Montgomery, manager of Southwestern Public Service Company, has asked for MAC's assistance in removing old abandoned poles and wires from Main Street to help clean up Muleshoe's main artery. MAC has agreed to participate in the removal.

Kay Mardis noted, "It would make the city cleaner and look much better."

Visiting with the MAC executive committee were Nelda Merriott and Billie Downing. They visited to ask MAC's assistance on the continued pre-sale of the Bailey County history book, "Tales and Trails of Bailey County."

They also asked for participation in the Mule Day Parade on Saturday. Mrs. Merriott explained that four local women, Kathryn Taylor, Bobbie Harrison, Billie Downing, and Nelda Merriott had agreed to put the parade together after the CofC voted not to help with the Mule Day Festival.

They have not had much time to work on the parade, and said an entry blank for this parade will not be necessary.

Any group or individual, or business, wishing to be in the parade "just show up, we'll put

Book...

licenses, and graduated with a high grade average in the Fine Arts Department.

For additional information about his new book, you may call him in Dallas at (214) 526-8843, or write him at Truth, 5143 Vandelia Ste. 105, Dallas, TX 75235. The \$20 cost for the book includes postage.

Then, to talk about the Saturday parade for the Mule Day Festival, Mrs. Merriott and Mrs. Downing donned caps with the following sign in perfectly legible writing -- "Parraid Offishul" as they again encouraged the group to participate in this year's parade.

The parade will be at 10 a.m. Saturday in downtown Muleshoe and is expected to have a most unusual "Parraid Offishul."

Their humorous approach was well received by the Rotarians.

Rotary President George Nieman said Charles Moraw had been released from the Lubbock hospital on Sunday and was recuperating from angioplasty at home.

Clifton Finley, Rotary treasurer, submitted his resignation as he is due for surgery. Abel Arguello was elected secretary to succeed Finley. Finley was given an ovation for his work as treasurer.

Ted Barnhill won the Polio

you in the parade somewhere," said Mrs. Merriott.

Harvey Bass Appliance, Pay and Save Food Store, Ben Franklin and Higginbotham-Bartlett will each have a 'Golden Mule Shoe' hidden in their store this weekend. A prize will be given to the person who locates the Golden Mule Shoe in one of the four stores.

Mrs. Downing spoke on the need for more business ads in the history book. "We're not trying to make a profit, but we're a little short on funds to have the book printed and put together," said Mrs. Downing.

Board members attending the MAC meeting Monday night included Harvey Bass, Marie Bass, Kay Mardis, Jerry Haley, Eddy Morris, Bob Donaldson and Clea Williams.

Don't forget the general membership meeting for MAC on Thursday morning (today) at the Muleshoe State Bank community room at 10 a.m. Important plans need to be discussed with the membership. Prospective members will be welcome at the meeting of MAC-The Going and Growing Group - Setting Out To Promote Muleshoe Like Muleshoe Needs To be Promoted.

Plus drawing and received a box of shotgun shells donated by Poyner's.

Guests on Tuesday included Harry Barnhill, Dianne Nieman, Lance King, Mack Williams, Coy Noles, Aunette Bonds, Bill Grisham, Wendy Green, Amber Green and A. J. Liles.

More fall sponsors are needed. If your organization is interested in sponsoring a Friday night youth skating, call Mrs. Holmes at 272-4051.

Mike Richards of Ben Richardson Post 403, American Legion, said the Post clean-up date has been postponed for one week to August 13 at 8 a.m.

Your presence to help with the clean-up will be appreciated, he said.

Then, a special meeting will be held Monday, August 15, at 7:30 p.m. for all members, spouses and any women interested in forming an American Legion Auxiliary.

Especially invited are those who are relatives of veterans born between the following dates, April 6, 1917-November 11, 1918; December 7, 1941-December 31, 1946; June 25, 1950-January 31, 1955; and December 22, 1961-May 7, 1975.

Refreshments will be served.

**CONFUSED ABOUT
MEDICARE SUPPLEMENTS?**

If you own a Medicare supplement which implies that you will owe nothing
READ THE FINE PRINT!

Most policies today pay 100% of approved charges or USUAL AND CUSTOMARY charges. These terms protect policies from paying entire bills. This means you could be out of pocket hundreds or even thousands of dollars!

Finally-What you have been asking for-A Medicare supplement which pays "100% of the difference between the ACTUAL CHARGES of the provider of services (physician or hospital) plus Prescription Drugs (optional) and the Medicare payment." And best of all, it is priced lower than the "fine print" policies.

Take the surprise out of your Medicare supplement.

The Jack Lane family visited in Littlefield Saturday with his parents the V.A. Lanes, and her sister, the Emil Macha family, and attended the Blue Grass Festival Saturday night.

Texas A&M engineers provide free energy audits to small Texas industries

COLLEGE STATION — A team of Texas A&M University mechanical engineers that last year saved 15 small Texas industries an average of \$20,000 through free energy audits is offering the service again this year to companies across much of the state. The program also gives Texas A&M students first-hand experience while still in school.

"We can help small- and medium-sized manufacturers save energy and dollars," explains Dr. Warren Hefington, head of the Energy Analysis and Diagnostic Center at Texas A&M. The program is sponsored by the Department of Energy and managed by the University City Science Center in Philadelphia. The energy analyses are performed at no cost to the manufacturers.

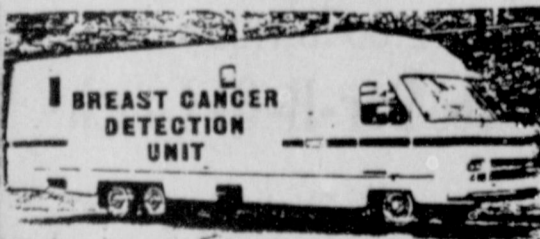

Plants interested in a no-cost audit must have gross annual sales of \$50 million or less, annual energy bills between \$30,000 and \$1.5 million, employ not more than 500 persons and have no in-house energy expertise. The Texas A&M team will travel up to 150 miles from campus.

LOCAL MAN INJURED--The driver and sole occupant of this vehicle was taken by Bailey County Ambulance Service to West Plains Medical Center for emergency treatment Saturday after a dirt-road intersection east west and north of Muleshoe, one-fourth mile north of Highway 84. He was treated and released.

Cutting Fat In Your Diet

The first Surgeon General's Report on Nutrition and Health declared war on fat in the national diet, but didn't give much specific advice to people who are waging the daily battle of the bulge.

Surgeon General C. Everett Koop's report, released July 27, calls on Americans to drastically reduce the amount of fat in their diets, citing its link to heart disease, stroke, cancer and diabetes.

The report supported recommendations already contained in the U.S. Department of Agriculture's Dietary Guidelines and those given by the American Heart Association and the American Cancer Society.

The major health organizations now advise Americans to reduce their fat consumption from about 37 percent of their total calories to 30 percent of their total calories.

"The problem for most people is knowing that they should cut back on fat, but actually doing it," said Dr. Alice Hunt, a

Registered Dietitian and nutrition specialist with the Texas Agricultural Extension Service at Texas A&M University.

She said cutting down or eliminating fried foods from your diet will significantly reduce intake of vegetable fats, but not remove them completely.

"Vegetable fats are also found in commercial baked goods, boxed and frozen prepared foods, salad dressings, chips and snacks," she said. "Some of these vegetable fats, like coconut and palm kernel oil are also highly saturated fats."

"The easiest way to reduce intake of animal fats is to always select lean meat, trim the visible fat from poultry and eat only low-fat dairy products," Hunt said.

"It's also important that the fat be trimmed before the meat is cooked since research has shown that some of the fat will migrate into the lean during the cooking process."

According to the specialist,

USDA research indicates that while Americans have reduced their intake of animal fats in the last several years, consumption of vegetable fats has increased.

Hunt said that a 1987, USDA study of middle-to upper-income women found they had cut back on eating red meat, for example, but were eating more croissants, ice cream and other high fat-foods. While their fat intake stayed about the same, the women were getting less iron, zinc and other minerals because they ate less meat.

"Cutting back on red meat or

any other food may not significantly reduce fat intake, unless you're careful about what foods are substituted," said Hunt. "With both more low-fat products and premium, high-fat foods available it's easy to fall into contradictory eating habits."

No Help Wanted

"That's a good little boy," said the visitor, as Johnny picked up his scattered toys. "I suppose your mother has promised you something if you clean up the room."

"If I don't," he corrected her.

Nursing Home News

By: Joy Stancell

The Muleshoe Church of Christ brought communion for those who would like to partake Sunday morning. Earl Peterson came for Bible study.

Recent visitors of Mildred Nieman were her nieces, Anna Lou Jones of Hawley, Tex., Milley Baker of Gordon, Tex., her sister and brother-in-law, Mr. and Mrs. Phillip Pierce of Bulah.

Connor Burford was visited this week by his great granddaughter, Amy from Houston, his daughter and son-in-law, Mr. and Mrs. Joe Smallwood, his wife, Willie Burford.

Lois Ethridge visited in the home of her son and daughter-in-law, Mr. and Mrs. Wayland Ethridge Saturday.

The J.O.Y. Choir from the First Baptist Church came Friday afternoon to visit and sing songs with the residents. Refreshments of finger sandwiches and lemonade were served to the residents and employees.

Sunday afternoon the Gospel Notes Quartet from the Muleshoe Church of Christ came to sing to the residents.

Monday afternoon the good group from the Muleshoe Church of Christ came to visit and play games with the residents.

Tuesday afternoon Laverne James and Lula Maye Shanks came to shampoo and set the ladies hair. Lula Maye brought sweet bread to serve to the residents.

Ella Faubus was visited this week by Blanche and Howard Aubrey.

Ora Roberts had Sunday dinner in the home of her son, James Duncan. She was visited last week by her granddaughter, Sharon Roberts of Sudan, and her great granddaughter, Mona Clark.

Johnny Miller visited the nursing home Tuesday. He played Skip-Bo with Lois Ethridge, Mamie Askew, and Effie Smith. Ora Roberts watched from the sidelines.

Residents having a birthday in August are Edith Bruns, Aug. 1, 1889; Lois Ethridge, Aug. 22, 1917; Conner Buford, Aug. 24, 1895; and Ruth Williams, Aug. 23. Employees with August birthdays are Margaret Gingery, Aug. 7; Ruth Tigue, Aug. 11; Nancy Patterson, Aug. 18; and Awilda Hayes, Aug. 23. We wish each of you a very happy birthday.

Mrs. Juanita Snow was visited Sunday, July 31 by Diane Sulak, a niece from Temple, Tex.; Mrs. Etta Layton, a sister from Enochs, Tex.; Mrs. Edward Crume, a sister from Bula, Tex.; and Olive Cox, a friend from Muleshoe.

Among those visiting the

nursing home this week were C.W. Wilhite, J.E. Embry and Eva Atwood.

Jonessa Jennings played dinner music for the residents Thursday at their noon meal. The soft beautiful sounds were soothing and refreshing. Thank You Jonessa!

Mamie Askew was visited by her great niece, Brandi Estep, and her friend Tuesday.

Ruth Williams went to Lubbock with her husband Reihl, for

a visit with relatives.

Beryl Hollis and Ruth Riley had a good walk Tuesday afternoon.

Edith Bruns received a beautiful bouquet from her family on her 99th birthday Monday. She also got many birthday cards among them was a greeting from The White House and from the governor. Congratulations Mrs. Bruns!

A recent visitor of Sammie Moore was Helen Schmitz.

We have a new resident, she is May Chaney from Junction, Colo. She was born 5,3,1906. She is a Baptist. Please help us make her welcome.

It was good to see Lynn and Nettie Bratcher sitting out on the patio enjoying the fresh air Tuesday afternoon. Charles Bratcher visited his dad last week.

The water that is past cannot make the mill go.
