Candidates Start to Pile Up for 'Sun Bowl Princess'

Women of Community Vie for Honor of Representing Artesia at Annual Pass City Holiday Carnival

Young women are competing for the honor of becoming 'Sun Bowl Princess' in the tenth annual Southwestern Sun Bowl contest...

The contest opened Saturday with little fanfare, but as the end of the week grows near, definite camps of supporters for the candidates are forming.

For the coveted title of "Sun Bowl Princess" from Artesia are Ruth Cole, Peggy Hamill, Virginia Lower, Helen Hebert, Teresita Goehring, Ruby Henry, and Carolyn Evans...

Operating stores are the Toggery Shop, Jensen & Son, Artesia Furniture Company, Marie's Dress Shop, Supply Company, L. P. Evans Store, E. B. Bullock, Batie's Store, Mann Drug Company, Palace Drug Store, Artesia Pharmacy, Western Auto Supply Company, and Hopkins Home & Auto.

Contest will continue through next week, Dec. 9. Final tabulation of votes for the various candidates in participating stores will determine the young woman who will represent Artesia at the carnival.

Turkey Day Game Goes To Roswell Here

Visitors Win 38 To 7, But Bulldogs Make the Thrills

Although the Roswell Coyotes defeated the Artesia Bulldogs 38 to 7 on Morris Field Thanksgiving afternoon in the final grid game of the season, the two biggest thrills of the clash were given the spectators by Artesia boys, one of whom ran back a kick-off for the only Bulldog touchdown and the other of whom raced after a fleeing Coyote and forced him over the sideline after a spectacular 65-yard run.

Artesia's touchdown came in the fourth quarter, just after the Coyotes had scored, when Fred Pool received the Roswell kickoff on his own 28-yard line, evaded the Coyotes, and skirted the left sideline the entire length of the field.

Almost as long was a run made by Eugene O'Neal of Roswell, on a delayed pass from Harold Hanes, after the whistle at the end of the half had been blown, when he darted from his own 27-yard line to Artesia's eight, where Joe Watson overtook him, forced him out, and robbed the Coyotes of another touchdown.

Roswell hit first pay after the game was only five minutes old when Lewis Davis went over from the one, after a penalty on Artesia had placed the ball only a yard from the goal line. A pass for extra points was incomplete.

A march for the Coyotes' second touchdown was started in the same period, as Roswell made four consecutive first and had the ball on Artesia's eight as the period ended. The drive continued in the second quarter, with another first on Artesia's five and a touchdown two plays later, when Buddy Summers carried through the line. A power play failed to give the extra point.

Lawrence Taylor completed a pass and went over a few minutes later and a play through the line netted Roswell an extra point for a score of 19 to 0, as it stood at the end of the half.

Summers scored again in the third quarter, when he went over from the six-inch line on the fourth of four power plays.

And it was Summers also early in the final period, when he went over on a power play from the one-foot line.

It was on the kick-off after that touchdown when Pool made his spectacular run the length of the field for Artesia's only touchdown.

A pass, Summers to Verlon Hall, from Artesia's 25-yard line, was good for the final Roswell touchdown and a line play gave the visitors an extra point for the game score of 38 to 0.

Drivers' Licenses For 1945 Go on Sale Here Friday

New Mexico operators' and chauffeurs' licenses for 1945 will go on sale at the Artesia city hall Friday, as of Dec. 1, it was announced by Tom Ragsdale, city clerk, for persons having 1944 licenses to be renewed, or for those who have valid licenses from other states.

Persons who have no current licenses as operators or chauffeurs cannot obtain the new 1945 licenses until the first of the year, or at least until they have qualified and obtained 1944 licenses.

The city clerk suggested that persons apply for 1945 licenses early in December and avoid the last-minute rush the last few days of the year.

Vets' Advisory Set-Up, Office To Be Ready by End of Week

Baird, Chairman, Makes Appointments, While Kerr Explains 'G. I. Bill of Rights,' From Which Benefits Come

Organization of the Veterans' Advisory Committee in Artesia will be complete by the end of the week and members will be ready to start assisting returned veterans in obtaining jobs and in applying for and receiving benefits under the "G. I. Bill of Rights," Niven Baird, chairman, announced this week.

Baird made his announcement at the weekly luncheon of the Artesia Rotary Club, after W. E. Kerr, superintendent of schools, had given an informative summary of the various divisions of the "G. I. Bill of Rights" and had explained its benefits.

In his remarks, Baird also announced the appointment of Bill Dunnam as a paid secretary, to serve the returning men and women of World War II for the committee. The American Legion, of which Dunnam is a member, at its November meeting pledged to underwrite the expenses of a paid secretary for the community.

Baird said the veterans' advisory office will be in the city hall. In order to facilitate the advisory work, Baird has appointed a number of sub-committee chairmen for various phases. For some of the committees he named co-chairman, and in all cases the chairmen are to name sub-committee members, should it be thought they are needed. The chairmen:

Education, W. E. Kerr; re-employment and employment, A. P. Mahone; loans, Hollis G. Watson, L. B. Feather, Howard Whitson, and M. E. Baish; hospitalization and claims, Dr. H. A. Stroup and Mrs. M. A. Corbin; publicity, the Rev. C. A. Clark and A. L. Bert; government insurance and claims, John Gates; organized labor, Wallace Hastings; legal, Neil B. Watson.

Baird said that in many cases the secretary will be able to handle the work. However, sometimes a returned man or woman will want some particular counsel, in which case the secretary will call up the chairman or a co-chairman of the proper sub-committee and he will determine the qualifications or other factors involved, and will return the veteran to the secretary for the filling out of forms.

The secretary likewise will keep a complete file on every veteran. "When we get the office and committee working, we can assure the men that when they come back they can retain the self respect and peace they will have won in the war," Baird said.

In his address on the "G. I. Bill of Rights," Kerr stressed the educational features. However, he enumerated the four principal divisions as hospitalization and claims, education, loans, and employment and re-employment.

In the educational provisions of the bill, four types of training programs are outlined, Kerr said. The first is a refresher or retraining course, usually in some trade or profession, the cost of which will be provided by the Veterans' Administration.

A second provision is for the continuation of college work in any approved college of the veteran's choosing. He may go, if he meets (Turn to last page, please)

Junior Class Will Present Mystery Dec. 8

The annual class play given by the junior class of the Artesia High School will be presented at the high school auditorium Friday evening, Dec. 8.

This year the class has chosen a successful mystery play by Robert St. Clair, "The Tower Room Mystery." For several years this play has continued to be a leader in popularity among high schools from all parts of the United States. It combines comedy and mystery, so that the audience laughs one minute and shivers the next.

A cast of five boys and seven girls is rehearsing nightly under the direction of J. Clark Bruce to a finished production. The leading parts will be ably handled by Gayle Webb and Betty Blue. A deaf-mute servant, a mad woman, and a vampire are excellent character parts that keep interest at a high pitch. With storm sound effects, secret entrances, people disappearing, and a mad woman running around loose, a good evening's entertainment seems assured.

Mr. and Mrs. W. C. Thompson have been advised that their daughter, Gladys Thompson Edwards, dietitian and member of the staff at Brooke General Hospital, San Antonio, Tex., has been promoted to first lieutenant. Photographs of Lieutenant Edwards on duty appeared several times in a recent publication of a splendid magazine published by the hospital.

Mrs. Youtsey Dies Thursday At Home Here

Mrs. C. W. Youtsey, 69, died at her home in Artesia at 11:50 o'clock last Thursday afternoon after an illness of seven days.

Funeral services were from Bayless Chapel at 2:30 o'clock Monday afternoon by the Rev. E. D. Morgan of Fort Sumner, father of the Rev. S. M. Morgan, pastor of the First Baptist Church, who was here during the son's absence from the city. Burial was in Woodbine Cemetery.

Surviving Mrs. Youtsey are her husband and three children, Clarence Walter and Cecil Earl Youtsey of Artesia and Mrs. Ida Mae Ladie of St. Louis. She is also survived by a brother and a sister, Charles M. Holbrook and Mrs. John Shaw, both of Pattonsburg, Mo., and eight grandchildren, and two great-grandchildren.

As Cora Elma Holbrook, Mrs. Youtsey was born July 1, 1875, at Tarheel, N. C. She married Clarence Willard Youtsey at Civil Band, Mo., Nov. 21, 1897, and to them were born the children mentioned.

Mrs. Youtsey lived for thirty-two years at Hominy, Okla., from where she came to Artesia in October, 1936. She became a member of the First Baptist Church at Hominy in 1913.

Little Girl Injured When Struck by Truck Wednesday Evening

Mamie Geraldine Murphy, 11-year-old Morningside girl, sustained a broken leg and bruises and lacerations about 5:30 o'clock Wednesday evening, when she was struck by a gravel truck on the north highway, while crossing to the North Side Grocery.

Artesia police said the truck belongs to Loy Crouch and was driven by Virgil Harper of 507 East Chisholm.

The little girl was taken to Artesia Memorial Hospital for treatment.

MARTIN TO REPRESENT STATE AT HOUSE HEARING

W. Leslie Martin of Artesia, a member of the New Mexico AAA Committee, is to leave this evening for Washington, D. C., to represent the state at a hearing next week of the House Agricultural Committee in regard to post-war legislation for agriculture.

The hearing will open Monday and continue during the week.

DEADLINE FOR SEALED BIDS IS DEC. 12

In a news item in last week's issue relating that the Artesia Board of Education is advertising for sale lots 2 to 12 inclusive, block 7, Chisholm Addition, the deadline date for receiving of sealed bids was inadvertently given as Nov. 11, instead of Dec. 12.

Farmers to Name Committeemen Saturday, Dec. 9

Two polling places have been designated in North Eddy County for farmers on Saturday, Dec. 9, when they choose their AAA community committeemen and delegates to a county convention, at which the Eddy County AAA Committee for 1945 will be selected.

For the Cottonwood and Hope communities, the polling place will be at Cottonwood School, where the election has been called for 2:30 o'clock the afternoon of Dec. 9.

At 7:30 o'clock that evening, farmers of the Artesia community will vote at the city hall here.

Every eligible farmer, in Eddy County will have an opportunity to vote, according to Roy Forehand, county chairman. He said each farmer will be notified directly of the date, time, and place of his community election.

"The democratic setup of the Agricultural Adjustment Agency provides our farmers with an opportunity to elect their own local leaders," he said. "And the strength and effectiveness of our farm program is the product of those farmers who actively participate in the responsibilities as well as the benefits of that program."

Judge and Mrs. J. D. Josey plan to leave Saturday for Wink, Tex., to visit their daughter, Mrs. Calvel Langford, and family. Judge Josey will return to Artesia Monday, but Mrs. Josey plans to remain in Wink a week.

Needle Grass Damages North Eddy County Cotton \$60,000

Phenomenal Blowing, Worst in Memory, Drives Stems Into Bolls, Makes High Drifts, Keeps Firemen on the Jump

The continued blowing of needle grass in the worst series of "grass storms" within the memory of the oldest settlers probably has cost North Eddy County farmers \$60,000, it was estimated this week by Dallas Rierson, Eddy County farm agent. At the same time drifting heads, piling high, have created a tremendous fire hazard.

That there has not been even more extensive loss was attributed by Rierson to the fact some cotton fields have had the protection of other crops, in which the needle grass lodged, or around which the wind drifted it.

Rierson said about a million pounds of cotton, or 2,000 bales, has been damaged to the extent of a 6-cent loss a pound for lint, accounting for the estimate of \$60,000 in cotton damage in North Eddy County.

The damaged cotton, into which the heads of needle grass have been driven by the wind, can be used for upholstering, packing, and padding, Rierson said. But it is useless for many of the customary purposes for which cotton is used.

Attempts are being made to find other markets for the damaged cotton, Rierson said, in hopes a better price can be had than that set on the cotton on which government loans are being placed, that on which the 6-cent loss is based.

Anti-TB Seals Being Mailed Out This Week

Chairman Makes Appeal for Support Of Worthy Cause

The first of the 1944 Christmas seals are being mailed out this week in North Eddy County, it was announced by Mrs. C. D. Marshall, chairman of the local committee of the National Tuberculosis Association.

Some young women have been selling the seals this week, in a number of cases contacting purchasers who usually respond to the mail appeal. Mrs. Marshall said that such persons, if they have already purchased all of the seals they care to buy should ignore the letters.

However, anyone is invited to purchase from both sources, for the pennies from the stamps are used in the great fight to control tuberculosis, and more funds are needed now than ever before, for tuberculosis has a habit of becoming more prevalent in wartime than in peacetime.

Mrs. Marshall asked that responses to the mail appeal be prompt, so that she and the committee members can get an idea how the campaign is going. It will continue through Christmas.

Remittances may be sent to Mrs. Marshall or to Mrs. G. C. Kinder, secretary-treasurer.

Mrs. Marshall stressed that tuberculosis does not take a vacation in favor of essential activities in time of war, but that it always increases because of the stress of the times and the speeding up of work, with its consequent fatigue. Already an increase of tuberculosis has been noted in various sections of the country.

"This year, in spite of all the calls for our dollars, we must not fail to support the National Tuberculosis Association," Mrs. Marshall said. "We must not fail to (Turn to last page, please)

The Cottonwood community has been the worst hit in this locality, the county agent said, although the damage extends from the Cottonwood to Seven Rivers.

Although their profits are gone, most farmers are picking their damaged cotton, Rierson said. However, there may be some tenant farmers who are not, those who are not looking ahead to another contract next year.

The needle grass is produced on the ranges, especially in areas which have been overpastured, according to Rierson. He said he believes there is little danger of further seeding from the blown heads.

The first of the "grass storms" was observed Nov. 7, when the wind drifted the heads on a number of farms. At that time some came into the west edge of the city, but it was a week or more later when it was distributed throughout Artesia.

Although the needle grass has drifted and piled up a number of times, it was at its worst Friday afternoon, when it swirled into piles as high as six feet in the business section and in the residential areas, creating a great fire hazard. And that was in spite of rain last Thursday night.

Firemen were called at 2:30 o'clock Friday afternoon, when the grass, which burns like tinder, was touched off in front of Jensen & Son and Baldwin's stores and the fire ran back into a small gap between the building, which was piled high with the heads.

Piles of the grass were ablaze at 11 o'clock that evening in front of the Ocotillo Theater and on the east side of the Artesia Auto (Turn to last page, please)

Harve Muncy, 72, Dies Monday on Coast; Burial Here

Harve Lee Muncy, 72, a prominent pioneer farmer of the Artesia locality until about a year ago, when he moved to Los Angeles, died at his home there at 7:15 o'clock Monday morning after a long illness. He was poorly several years and in quite bad health the last two years. Mr. Muncy had been in a hospital in recent weeks, but had returned to the home he bought when he moved to Los Angeles a year ago, when death came.

The body is to arrive by rail today and tentative plans have been made for funeral services from the First Baptist Church at 2:30 o'clock Sunday afternoon by the Rev. S. M. Morgan, pastor. Burial will be in Woodbine Cemetery.

Definite plans will be made upon arrival here of Mr. Muncy's widow and children and friends may obtain information by Friday from Bayless Funeral Home, which will be in charge of arrangements.

Mr. Muncy is survived by his widow and six children, Nevil Muncy, Artesia; Floy, Mrs. Bill Lundquist, Wilmington, Calif.; Vera, Mrs. John Beckett, Los Angeles; Herbert Muncy, Arizona; Lois, Mrs. George Williams, Artesia, and Roy Muncy, Wilmington, Calif.

Three brothers and two sisters also survive Mr. Muncy, Bert N. and J. B. Muncy, Artesia; Ed Muncy, Denton, Tex.; Mrs. Cora Stevens, Plainview, Tex., and Mrs. Rosa Myers, Hollywood, Calif. Mr. (Turn to last page, please)

Stout Warns for Third Time to Observe Rules

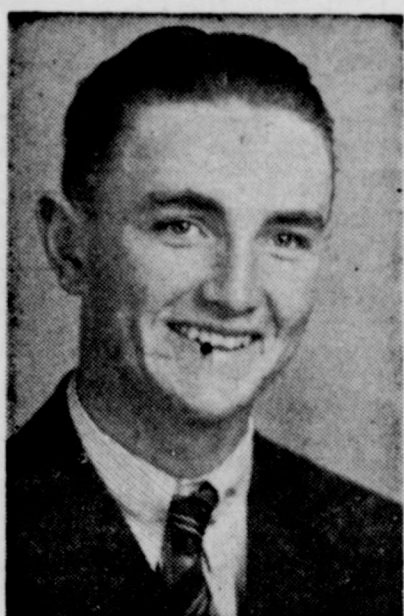

Police Chief G. Kelley Stout this morning for the third consecutive week called attention to the order by the Artesia City Council to put a stop to double parking and to establish and enforce 15-minute and no-parking zones adjacent to the postoffice.

A number of violators have been apprehended for failing to observe the traffic regulations, the chief said, and he has instructed the police officers to continue to hand out traffic tickets to all violators. Chief Stout pointed out again that double parking is not permissible even though a driver is in the car.

Bobby Barley Receives Award From Santa Fe

A certificate of merit, signed by Fred G. Gurley, president of the Santa Fe Railway, was presented Bobby Barley of Hope, one of the three New Mexico winners of the annual trip to National 4-H Club Congress in Chicago Dec. 3-6 given by the railway, at the weekly meeting of the Artesia Rotary Club Tuesday noon.

The railway this year made sixty-five awards to boys and girls in its territory, including the three from New Mexico, Sam M. Tidwell of Amarillo, chief clerk of the

BOBBY BARLEY

public relations department, said at the luncheon, when making the award in behalf of the Santa Fe.

The actual selection of the winners of the annual educational awards is made by county and state 4-H leaders for the Santa Fe, which for the last twenty years has taken a great interest in the work of 4-H boys and girls, Tidwell said. Although benefits of 4-H work is always important, he said, at this time it is especially so, and the railway is doing all in its power to further farm development. The 4-H Clubs and railways of the nation are going hand in hand in speeding the victory, Tidwell said. (Turn to last page, please)

THERE GOES YOUR OLD BALL GAME

WELL, THERE goes our Gateway Bowl, off to Albuquerque under some other name. But by any name, it would smell just as sweet to Artesia sports fans...

The Carlsbad Cavemen and Gallup Tigers are meeting today in the University of New Mexico stadium to settle the mythical state championship.

We have no objection to such a play-off, but we do object to it being in Albuquerque, whether on the University of New Mexico field or elsewhere. For the unofficial play-off idea was unique to Artesia...

The last Gateway Bowl game was on Friday, Dec. 5, 1941, two days before Pearl Harbor.

And when we quietly shelved the Gateway Bowl for the duration, as it should have been. And in the summer of 1942 we were informed that we were ruled out anyway.

War or no war, we have been slipped up on by somebody or something, so perhaps we should condemn ourselves for sleeping at the switch.

Had the idea originated elsewhere in the state, we would be for that elsewhere having the unofficial play-off game. But it originated here.

Yep, as we said several weeks ago, when this thing started to simmer, we are plenty burned up about the whole affair.

In the meantime, we have no bones to pick with the Carlsbad Cavemen for having accepted the invitation.

So go in there Cavemen, win the game, and show those guys up-state that there is a Southeast New Mexico, of which Artesia justly claims a part, along with its Gateway Bowl.

IT MAKES FOR FASTER SETTING AND READING AS THIS newspaper has kept pace with modern changes of style...

It has to do with the use of figures in news stories, the general rule for which has been that numbers are spelled out unless they have three or more digits...

But the more modern way is to spell out only those of one digit, using numerals for two or more digits, except when quoting a round figure.

The Advocate has stepped down a notch in numeral style for many months in certain instances, such as the oil stories...

With which we take another step forward, for the two-digit rule helps to streamline this otherwise up-to-the-minute newspaper.

JOE'S EDUCATION IS NOW COMPLETE G. I. JOE has seen everything now, so he declared Friday.

Joe, it seems, has been all over the world at Uncle Sam's expense, and now he is stationed here.

During his travels he was introduced to sand storms in Africa, the dust counterpart of which he has seen in the Pecos Valley.

He encountered a hurricane in the Atlantic and a typhoon in the Pacific. Joe saw some real blizzards while he was in Alaska and he learned what rain can be when he was in the monsoon area.

But in Artesia Friday, while looking outside from a local store, he mused, "Now I have seen everything; I have seen a grass storm!"

SUGGESTS PARKMETERS TO SOLVE PROBLEM ARTESIA HAS its parking problems too, as witness that fact that it has outlawed double-parking entirely...

LIVESTOCK POPULATION DECLINES IN NATION Fewer cattle, calves, and sheep will be on farms and ranches Jan. 1 than there were a year earlier. A new cattle slaughter record of nearly 34,000,000 head in 1944 will account for the slight drop in the cattle population. The declining trend in the number of breeding ewes has continued from last year.

Lend to Defend—and Invade! LADIES! are you driving with a HARD PEDAL? There's no need to exert yourself by having to bear down on a hard brake pedal. This condition can be easily remedied by a simple brake adjustment. If your brakes no longer operate with a soft, easy pedal we suggest that you drive in and let us test them on our Bear Hydraulic Brake Tester. This machine tells in a hurry just what is wrong. To you it can bring many miles of comfortable, easy brake operation and safer driving. Courteous attendants will handle the testing. Sands of Time

FIFTEEN YEARS AGO (From The Advocate Files for Nov. 28, 1929) The board of the Church of the Nazarene has voted to construct a new church building. It will be one story, of tile and stucco construction, and will have a seating capacity of 400. There also will be a basement and banquet room and eleven Sunday school rooms. The new church will cost \$10,000 to \$12,000. Garland Stuart, son of Mr. and Mrs. Austin Stuart, fell and broke his arm while playing on the schoolgrounds yesterday. Emmett Gage of Old Mexico, formerly of Pinon, last week brought in a live grizzly and a cub, which were donated to Dunn's Garage. A house and cage have been constructed to keep them for exhibition to the public. Mrs. Albert Richards is expected home Sunday from Indianapolis, where she attended a conference of department presidents of the American Legion Auxiliary. Mr. and Mrs. Emery Carper and family of Roswell are Thanksgiving guests of Mr. and Mrs. Will Ballard today.

MANY CHILDREN SHARE IN PROGRAM When school bells ring to end the dinner hour, 19,795 New Mexico school children go back to work with fuller tummies because of WFA's school lunch program. A hundred ninety-five schools and child-care centers are now participating in the program according to Mrs. Alberta C. Poindexter, school lunch representative of the State Office of Distribution. Bernalillo County leads with 30 cooperating schools and child-care centers. Taos County is second with 21 schools; Santa Fe County, third with 14; Rio Arriba, fourth with 12, and Lincoln County, fifth with 10.

SOME RATIONING CONTROLS REMOVED All distribution and rationing controls have been removed from sheet metal water well casing, irrigation pumps, and irrigation pumping units. C. V. Hemphill, chairman of the State AAA committee announced.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Lt. Harry H. Wyatt, Jr., of Mrs. Isla Wyatt of Artesia, completed 64 missions, an unnumbered, as a combat pilot in the 12th Air Force over Italy recently as the troops moved through France from

Wyatt's base describe the mission as highly important, for not only does it help break down the German soldiers' morale and confidence, but it also is a great aid in filling our pioneer of war camp. The German soldier is permitted to use the leaflet as a passport to safety, a ticket which assures him he can enter the American lines without injury.

Lieutenant Wyatt has been awarded the Air Medal for meritorious achievement, as well as a number of Oak Leaf Clusters.

William Wade Shipman, son of Mr. and Mrs. W. R. Ferguson, a naval trainee at the University of Oklahoma at Norman, was listed with the five trainees who have the highest grade average in the semester ending Oct. 27. Each of the five students made straight "A."

Jack Harper, pharmacist's mate third class, who has been stationed at the U. S. Naval Base Hospital No. 8 in Hawaii since last February, has been chosen "Pin-Up Boy" at the hospital. Jack is the son of Mr. and Mrs. E. M. Harper of Artesia.

Harry H. Wyatt, Jr. returned from France to Germany. One of his interesting missions was flying over Northern Italy on a "nickeling mission," in which instead of bombs, the planes dropped leaflets. Such a task is no picnic, for enemy fighters and anti-aircraft fire are no favorites.

Pvt. Bill McClure and Sgt. Jack McClure, sons of Mr. and Mrs. J. W. McClure, have informed their parents that they are both in France. The brothers have been in many places at the same time, as New York City, England, and now France, but have not met except when on furlough visits at home.

Mrs. Fred Spencer and her daughter, Mrs. Elmingham, and Mr. Cunningham and their daughter, Louise, returned from Hancock, Tex.

SANTA FE CARLOADINGS
The Santa Fe System carloadings for week ending Nov. 25 were 23,243, compared with 22,243 for the same week in 1943. Cars received from connections totaled 15,332, compared with 12,610 for the same week in 1943. Total cars moved were 38,575, compared with 34,853 for the same week in 1943. Santa Fe handled total of 41,769 cars in the preceding week of this year.

Garland Stuart and her daughter, Garleen, have returned from Killeen, Tex., where they have been with their husband, Private Stuart, who is on home on furlough in a hospital.

C. Stuart and his bride were here for a visit with his parents, Mrs. Austin Stuart. Serpentine is now stationed at Tex.

Great Expansion Of REA Program Is Contemplated

REA borrowers in New Mexico are making plans for a \$4,150,000 post-war expansion program that will bring electricity to 8,200 unserved rural consumers within three years after materials and manpower become available for

large-scale construction of power lines, according to figures released by the Rural Electrification Administration.

Three million dollars would be used to build distribution lines and \$1,150,000 to finance generation and transmission facilities, installation of plumbing and electrical equipment on farms and in rural homes, and the improvement of existing rural electric systems.

When the Rural Electrification

Administration was established in 1935, only 1,350 New Mexico farms, or 3 per cent, had received central station electric service. Today, about 7,000 farms—20 per cent of all farms in the state—have been electrified. REA-financed lines now extend into twelve of the state's thirty-one counties.

Up to Oct. 1, REA had advanced a total of \$1,462,385 on allotted loans to its New Mexico borrowers. The borrowers had made pay-

ments of \$251,273 in principal and interest, including \$24,256 in advance payments on principal.

Upper Cottonwood

(Mrs. D. A. Bradley)

Members of the Cottonwood Community Extension Club enjoyed a lovely Thanksgiving covered-luncheon Tuesday at the home of Mrs. D. A. Bradley, with Mrs. Fred Chambers and Mrs. Mervin Worley cohostesses. The luncheon was served from a long, lace-covered table, centered with a blue mirror, on which stood an old-fashioned cake stand. It was loaded with fruit and nuts, and on either side were double crystal holders. There were baked chickens at each end of the table, surrounded with holly wreaths. The luncheon was eaten at quartet tables, which were attractive with colored dishes and favors appropriate for Thanksgiving. The business meeting was opened by Mrs. Monroe Howard, president. The subject was "Parliamentary Laws." Taking part on the program were Mrs. B. E. Green, Mrs. Melvin Mayberry, Mrs. Henry Lamb, Mrs. Glenn O'Bannon, Mrs. Fred Chambers, Mrs. Harold Green, and Mrs. Bradley, and a reading was given by Miss Mary Frances O'Bannon. Officers for the coming year were elected. They were: President, Mrs. Fred Chambers; vice president, Mrs. D. A. Bradley; secretary-treasurer, Mrs. Mervin Worley. Mrs. Peter Shoemaker and Mrs. Ethel Woody were added to the membership list. The December meeting will be the annual Christmas party, which will be at the home of Mrs. Monroe Howard Dec. 19. Present were Mrs. I. S. Reser, Mrs. Peter Shoemaker, Mrs. O. A. Pearson, Mrs. Glenn O'Bannon, Mrs. Paul Robinson, Mrs. Henry Lamb, Mrs. King, Mrs. Horton, Mrs. Douglas O'Bannon, Mrs. B. E. Green, Mrs. James Buck, Mrs. Harold Green, Mrs. Ethel Woody, Mrs. Monroe Howard, Mrs. Melvin Mayberry, Miss Mary Frances O'Bannon, and the hostesses.

Mrs. Peter Shoemaker was hostess at her home last Thursday afternoon, honoring her son, Dickie, on his tenth birthday. Games were played throughout the afternoon in the house, and Dickie received a number of lovely gifts. His mother served a beautiful birthday cake with ice cream and punch to John Felton, Buddy Parker, Dwain Felton, Ralph Parnell, L. B. Bradley, and Gene Parnell.

Mr. and Mrs. Wayne Norrjs entertained with a Thanksgiving family dinner Tuesday at their new home west of Lake Arthur. Those who enjoyed a delicious turkey dinner with them were Mrs. Norris' parents, Mr. and Mrs. John Norris, and their son, George Rex, and their daughters, Misses Alice, Dortha, and Lucille; Mr. and Mrs.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. Plan Your Store Lighting Now

All around you, on either side of your store and right across the street, your fellow merchants are planning now, to meet the challenge of post-war merchandising.

No, you can't buy the fixtures now, but be ready to install modern lighting in your store when fixtures are available.

Progressive merchants believe in good lighting because:

- Light attracts customers
- Light creates atmosphere
- Light increases sales
- Light increases profit

Yes, the money spent for adequate lighting is returned several times yearly in additional profits!

Planes Get Priority, and Toys Be Much Better This Year

will be somewhat better than last year, for Santa got a lot more toys than he did last year. The Commerce Department said so.

There may be more numerous, especially in some categories, such as wooden toys. Toys are expected to be nearly 1000 at retail. Last season they were believed to be slightly less than that. Exact estimates are not available.

Some of the toy news in the report to Mommy and me by the Commerce Department will be "perhaps" enough to satisfy everybody. The 15 per cent of the doll and toy wagons will have wheels and undercarriages. They also allocated for a number of construction sets. Toys will be about 25 per cent more numerous than last year. They will be superior in design, and workmanship. A twenty-five new manufacturing methods have entered the field within the last several years.

Planes are mushrooming. They will be built of balsa wood, and being allocated in quantities for the purchase of aluminum planes will be made. Superfortresses have gone into production. They will be in the stores, and different models. Don't expect a miracle. No more on dolls.

Make Certain Vehicle Meets ODT Regulations

Prospective purchasers of trucks have been urged again by the Office of Defense Transportation to make certain before acquiring the vehicles that proposed operations meet all ODT requirements.

It was pointed out that to obtain a Certificate of War Necessity, it must be shown that the operation of a truck is necessary to the war effort or to the maintenance of essential civilian economy.

Application for the certificate must be approved by the ODT district office before gasoline allotments will be made.

Critical shortages of trucks, tires, and gasoline, the ODT pointed out, make it necessary that only those operations deemed necessary for the war effort operate. This makes it essential that prospective truck purchasers first obtain information from ODT about proposed use, before actually buying the vehicle, warned the ODT dis-

King Vidor, who has always said that his greatest interest was in portraying on the screen the American way of life, reaches a climax of his ambitions in this direction with "An American Romance."

During his many years in Hollywood, Vidor has directed such memorable dramatic cross-sections of Americana as "The Big Parade," "The Crowd," "Street Scene," "Hallelujah," "Our Daily Bread," "The Texas Rangers," and "Northwest Passage." In "An American Romance," developed from an idea that had been revolving in his mind for more than a decade, he has focused his attention on the story of the "little people" who have been responsible for the greatness of the United States. Through the medium of an immigrant boy and a girl, Vidor shows the immense possibilities this country has always presented for the children of humble parents,

and poses a great challenge for the future.

"An American Romance," which stars Brian Donlevy, opens Sunday at the Ocotillo Theater.

When questioned recently about his special absorption in matters relating to the heart and soul of America, the director said that he was impelled by a desire to show this country as it really exists to the world at large. This, he feels, will have a weighty influence in the spreading of true international good will.

"The last time I was in England," said Vidor, "I was quite embarrassed. I went with friends to see a couple of American films, and I suddenly realized here was

America being photographed and made to appear to the outside world revolving solely around glamour girls, suave villains, high-pressure comics and grumpy old business men. Now that isn't American as Americans know it and live it, but it's the America that has been too often photographed for display purposes."

THE young man in this picture obviously is an extreme example. Our Government certainly does not expect any of us to go that far in restricting our buying—even to put the 6th War Loan over the top. But our fighting forces certainly will feel that their sacrifices are appreciated if we deny ourselves some things and put the money into extra War Bonds instead. Remember, War Bonds pay off at maturity at the rate of \$4 for every \$3 invested. Try to buy at least one extra \$100 Bond while this 6th War Loan Drive is on.

La Donna Ferguson, Roy Frank White Are Wedded on Thanksgiving Day in Ceremony at First Methodist Church

Miss La Donna Ferguson, elder daughter of Mr. and Mrs. James L. Ferguson, became the bride of Roy Frank White, son and only child of Mr. and Mrs. Roger S. White, on Thanksgiving Day. Vows were exchanged before the altar of the First Methodist Church with the Rev. C. A. Clark officiating at the ring ceremony.

Wedding guests who witnessed the ceremony were Mr. and Mrs. Ferguson and Miss Joy Fern Ferguson, parents and sister of the bride, Mr. and Mrs. White, parents of the bridegroom, and Miss Rosemary Martin, Miss Norma Howard, Tommy Stromeier, and Wallace Walker.

The bride, who came to Artesia with her family about ten years ago from Wichita Falls, Tex., finished her first year of public school here and was a popular member of the junior class in Artesia High School at the time of her marriage. For her wedding she chose a two-piece black and white ensemble trimmed in brilliant, with which she wore black accessories and a gardenia corsage. Her only ornament was the traditional something borrowed, a string of pearls belonging to her sister, Joy Fern.

Mrs. Ferguson wore for her daughter's wedding a smart work suit of gold color, brown accessories, and a corsage of white carnations. Miss Ferguson wore a powder blue frock, black accessories, and a corsage of pink carnations.

Mrs. White chose for her son's wedding a modish suit of powder blue color, with which she wore black accessories.

The bridegroom, who has served three years in the Navy, came to Artesia with his parents last June from Altus, Okla. He is now employed by Robert H. Ray, a geophysical engineer.

Mr. and Mrs. Ferguson were hosts at a wedding dinner at their home immediately after the wedding ceremony, with all members of the wedding party guests.

White carnations were used in profusion in decorating for the occasion. A large, white, tiered wedding cake, which was cut by the bride and bridegroom, was served with iced punch after the turkey dinner.

Mr. White and his bride are to be at home with his parents at 203 West Grand Avenue until about the middle of December, when they expect to be transferred to Weatherford, Tex.

Mrs. Hightower Is Honored by Stars Tuesday Evening

Mrs. Jeff Hightower was named honor guest at a dinner meeting of the Order of Eastern Star at the Masonic Hall Tuesday evening. Mrs. Hightower and her husband had quietly observed their golden wedding anniversary on Nov. 20.

Elevia Hand and Jeff Hightower were married fifty years ago on Nov. 20 in Mineral Wells, Tex. They are pioneers in New Mexico and have lived most of their married life in the Pecos Valley. Mrs. Hightower, an active member of the organization over a long period of years, was presented a lovely crystal bowl with gold trim. The presentation was made by Mrs. J. M. Story, and Mrs. Nellie Hartell led the sixty guests in singing "Put on Your Old Gray Bonnet."

After the turkey dinner, two candidates were initiated into the order. They were Mrs. Conrad Keyes and Mrs. Louie Burch.

Mr. and Mrs. T. R. Perry of Amarillo, Tex., were here Friday and Saturday visiting Mrs. Perry's brother, E. J. Foster, and his family.

Miss Helen Mary Dooley Is Bride Of Horace F. Perkins, in Ceremony At St. Anthony Mission Here Friday

Miss Helen Mary Dooley, younger daughter of Mr. and Mrs. William Dooley, who are pioneers of the Pecos Valley, and Horace F. Perkins, son of Mr. and Mrs. Frank Perkins, also of Artesia, were married at 8 o'clock Mass at St. Anthony's Catholic Church Friday morning. Father Francis Geary officiated.

Miss Dooley was an attractive bride in a powder blue two-piece frock, with metallic gold trim, with which she wore a small hat with flowing veil and a corsage of pink carnations.

Wedding music was played by Miss Florence Dooley, sister of the bride.

Those who witnessed the ceremony were Mr. and Mrs. Dooley, parents of the bride; Miss Florence Dooley, sister, and Miss Nell Hogan and Joseph Gilbert.

The bride, an accomplished musician, was educated in Kansas City, Mo. She sang for four summer seasons with the St. Louis Municipal Opera and also was one of the Studebaker cast at the World's Fair in New York City in 1940. She also attended Draughn's Business College at Lubbock, Tex., more recently.

The bridegroom, who came here from Hereford, Tex., several years ago, is now employed in the oil field.

A honeymoon trip of a few days was spent in Carlsbad. They are to be at home in the Hopp tenement house, which is now under construction.

Robert Floyd, seaman second class, was here from Thursday to Monday on leave for a visit with his parents, Mr. and Mrs. R. W. Floyd. He is stationed at Great Lakes, Ill.

Miss Juanita Russell was hostess at an informal dancing party Saturday evening at which she named her brother, Marvin Russell, flight officer in the Air Corps, who received his pilot wings Monday at Pecos Army Air Field and who is here on a visit, honor guest.

The young folks danced to recordings at the recreation room of the Russell home. Light refreshments were served at the close of the evening.

Guests were Miss Emaree Hightower, Miss Hattie Ruth Cole, Miss Helen Hebert, Miss Virginia Lower, Miss Joy Fern Ferguson, Miss Rose Mary Martin, Miss Betty Barnett, Miss Martha Wallingford of Abilene, Tex., Miss Phoebe Welch, a student at Radford School, El Paso, Tex., and Roy Montgomery, John Briscoe, Pat Briscoe, Perry Schulze, Billy Feather, Marvin McGuire, Joe Watson, Henry Donnelly, Raymond Jones, Bill Phillips, Fred Pool, and Tommy Marsh.

Lt. Kennedy Is Wedded to Texas Girl in Lubbock

Mr. and Mrs. B. E. Kennedy have announced the marriage of their younger son, Second Lieutenant Albert D. Kennedy, and Miss Ruby Ischar, daughter of Mrs. E. A. Ischar of Ballinger, Tex.

The wedding was in Lubbock, Tex., Saturday evening, Nov. 4, with only a few friends witnessing the ceremony.

Lieutenant Kennedy began service in the Army Air Corps shortly after graduating from Tulsa High School in 1942. He graduated at Lubbock Army Air Field, Lubbock, Tex., Nov. 20 and received his silver wings and commission.

The bride is a graduate of Ballinger (Tex.) High School and also of Draughn's Business College, Abilene, Tex. The romance of the couple began when Lieutenant Kennedy was stationed at Ballinger for his primary training.

The next day after his graduation at Lubbock, Lieutenant Kennedy and his bride returned to Artesia with his parents, who were there for the graduation exercises. They expect to leave in a few days for Houston, Tex., where he is to be stationed.

Rowland Rich Wooley, who has holdings in the oil fields here, was accompanied to the city this week by Mrs. Wooley and their daughter, Miss Mary Wooley. They expected to leave today to return to their home in Los Angeles.

Woman's Club to Publish a Recipe Book in Near Future

The Artesia Woman's Club has announced as its next project the publication of a club cookbook, which is being sponsored by the finance committee, of which Mrs. H. R. Paton is chairman.

For many years clubwomen have hoped that someday a club cookbook might be published, because of the many wonderful recipes which can only be available in this manner.

Clubwomen are now urged to copy their favorite recipe, carefully, whether for bread, cakes, pastry, meats, salads or others, hand or mail to Mrs. Paton, or leave at the Advocate office. Do this at once as it takes some time to classify copy for publication.

Scouts to Stage Demonstration Here on Friday

"Scout Day" will be observed by Boy Scouts of this district in a public demonstration at Morris Field, to start at 4:30 o'clock Friday afternoon and continue into the evening, when there will be a huge campfire.

Among the events to be staged will be knot tying, first aid, signaling, and fire building by flint and steel.

The "Scout Day" exercises will be under the direction of Don Jensen, district commissioner.

Ribbons will be awarded all participating troops, according to points scored, Jensen said.

It has been decided each troop may enter as many teams in the contests as desired, but no troop may enter any Boy Scout twice in any one contest, unless all boys in his troop have been in one event.

Awards will be made on a time and accuracy basis, affording each troop an opportunity to score the maximum points in the contests.

The general public is invited to witness the demonstrations and parents of Boy Scouts are especially invited.

A meeting of the CAP was postponed on Thanksgiving evening to Tuesday. Anyone interested in membership should contact Bert Muncy, Jr.

An inspector is expected at the airport Tuesday, Dec. 5.

Businesses Make It Possible to Publish Beacon

The Artesia Hi Beacon, student newspaper of Artesia High School, is to resume publication after a year and a half, for the underwriting of which members of the staff have been soliciting funds from local merchants and businessmen.

In appreciation of the splendid response, making the publication possible, an open letter has been written to the contributing merchants and businessmen by Billy Feather, editor. It reads:

"During our recent campaign to raise money for the school paper, The Beacon, quite a sum of money was donated by you. Because of this money we far exceeded our quota and we were put completely out of financial difficulty.

"At this time we wish to express our appreciation, and thank you for the donations. All of you know that school enthusiasm sometimes breaks out of bounds.

"If any of you agreed to take advertising in return for your donations and are not contacted by our two advertising managers, Juanita Russell and Hattie Ruth Cole, please notify Mrs. Margaret Bildstone by telephone at the high school, so that your ad will be taken care of. We thank you again."

Sixth War Loan in North Eddy County Is Lagging Badly

L. B. Feather, chairman of the North Eddy County War Savings Staff, was out of the city this morning and a check-up on War Bond purchases in the Sixth War Loan could not be obtained.

However, Fred Cole, cashier of the First National Bank, of which Feather is vice president, said the campaign is falling far behind and that the people should wake up to the fact the war is not won—and is a long ways from it.

Cole said only about \$24,000 has been invested in Series E bonds the last week. The quota for North Eddy County is \$487,500 for all types and \$190,000 for Series E.

Local Ginnings

Total ginnings in North Eddy County this morning were 5,301 bales. Comparative figures with a year ago were not available, but on Nov. 25, 1943, the total was 7,275 bales. Figures by gins this morning:

Two Army Pilots Are Killed in Crash to Southwest of Hope

Both occupants of a BT-13 airplane, which had been missing since Nov. 16 on a training flight from Liberal, Kan., to Carlsbad Army Air Field, were instantly killed, when they crashed fifteen miles southwest of Hope, it was announced by Col. Milton M. Murphy, commanding officer of CAAF.

The wreckage was found Wednesday of last week by Ben Babers, a rancher, and ambulances and other Army vehicles were dispatched from the scene from Carlsbad, causing considerable comment when they speeded through Artesia that afternoon to the west.

The victims, both pilots, were 2nd Lt. Edward C. Bailiff of Cabazon, Calif., and 2nd Lt. Raymond V. Johnson of St. Paul, Minn.

Dee Donnell spent from Tuesday of last week through Thanksgiving with his son, Pfc. John Donnell, a member of the Marine Corps, who was wounded by shrapnel on Tinian and now is a patient at the U. S. Naval Hospital at Norman, Okla. Private Donnell is doing nicely, although he has no use of his left arm, which is paralyzed from the wound.

Service Club Notes

The response of Artesia folks to entertain a soldier or serviceman at dinner on Thanksgiving Day, was fine, said Mrs. H. R. Paton, chairman.

Ray Bartlett gave all servicemen and women in the city free passes into the shows on Thanksgiving Day.

Among those who entertained the boys were many of the Service Club hostesses, Sam Sanders, who had a number as his guests at the Carper Grill, and Mr. and Mrs. John Lanning at their home. There were those whose names were not turned in, who also entertained the boys, said Mrs. Paton.

All girls wishing to attend the Service Club entertainments must have hostess cards and present them at the door for admittance. Elaborate plans are being made for a Christmas party at the club.

OCOTILLO THEATRE

SUN. - MON. - TUES., DEC. 3-4-5

The Stirring Drama of the Men who Built America

Here is a story wrought from the muscle and sinews of our nation! The thrill-filled romance of a man who fought his way to power and riches... and the girl who believed in his dreams!

AN American Romance

Produced and Directed by KING VIDOR. Starring BRIAN DONLEVY with ANN RICHARDS, WALTER ABEL, JOHN O'QUALEN, HORACE McNALLY. Screen Play by Herbert Dalmas and William Ludwig.

VALLEY THEATER

SUN. - MON. - TUES., DEC. 3-4-5

When this trouble-shooting Woman-hater finds a gun-toting Spitfire terrorizing a town...

TALL IN THE SADDLE

Starring JOHN WAYNE and ELLA RAINES. Also featuring WARD BOND, GEORGE HAYES, AUDREY LONG, ELISABETH RISDON, DON DOUGLAS.

Monday after the second Wednesday in December as the date on which presidential electors shall meet to cast their votes in the electoral college. That makes the 1944 date Dec. 18. According to New Mexico law, this state's electors shall meet at the capitol at noon on the day before the electoral college balloting — which would be Sunday, Dec. 17 — and organize by choosing a presiding officer and secretary. Having at-

tended to this business, the electors then apparently would have nothing to do until noon of the next day.

Santa Fe, Nov. 20. — Gov. John J. Dempsey answered press conference questions about plans for his second inaugural by saying he favored a simple ceremony probably confined to a public reception. At Dempsey's request, the traditional inaugural ball was eli-

minated two years ago. The observance was marked by a reception in the event of the noon swearing-in at the capitol. The governor hoped his second inaugural would be a simple one in wartime.

News Briefs of the "Sunshine State" Gleaned From Many Sources

One of the largest bucks reported killed during New Mexico's big game season fell before Howard Stearns' rifle. Stearns returned with a party of Gallup hunters from the Luna and Springerville district with a deer which weighed 251 pounds dressed. Stearns said he believed it was a blacktail.

Pupils have returned to classes

in Las Cruces city schools after a five-week recess. They were dismissed Oct. 13 for a cotton-picking holiday. County schools, closed at the same time, did not open for another week.

Officers of Company 6, New Mexico State Guard, Carlsbad, announce that plans are being completed for the popular annual Turkey Shoot to be held at the Gun Shed on Dec. 10. A hundred turkeys and 50 geese will be offered as prizes for marksmanship on the regulation indoor rifle range and on the skeet course. The largest turkey of the lot will be awarded as a door prize. Admission to the grounds is free.

In a "plea for tolerance and understanding toward unfortunate human beings," State Parole Board Member David Hughes wrote The

Santa Fe New Mexican to criticize publication of prison records "to the detriment of the released prisoner." Hughes' letter was the latest exchange involving difference of opinion between parole authorities and the press on the question. In his annual report recently, Prison Superintendent John B. McManus criticized newspapers and press associations for giving what he called "undue publicity" to the release of prisoners. Governor Dempsey told reporters he believed rehabilitation of the released prisoners was handicapped by publication of the releases.

Well Oil Corporation of Pampa, Tex., has staked location and started preparing to drill a 6,000-foot test on the 100,000-acre Circle Dot Ranch of Frank E. Sauble, east of Maxwell. The well, located in the southwest quarter 35-22-27, is on

28 sections leased by the drillers from Sauble and adjacent to the old Tex-Mex dioxide gasser.

Be sure THAT ALL VENTS TO ALL VENTED APPLIANCES ARE OPENED..

During summer months or at other times when certain gas appliances are not in use, vents to appliances sometimes are closed. Oftentimes, too, these vents become stopped up without the knowledge of the housewife.

Vents are on appliances for a purpose—they help carry off fumes after the gas is burned, keeping the air fresh and pure.

LET'S FINISH IT!

**BACK THE 6TH WAR LOAN
... AND HELP DEFEAT JAPAN!**

REMEMBER the gaping holds of ships sunk without warning at Pearl Harbor? Remember, too, the men killed during the infamous sneak attack? This is the fight that *Japan* started... the fight that *we're* out to finish!

Don't fool yourself, the Japs are tough. It will take long, bitter, costly fighting to blast them out. It will take new and specialized equipment. B-29 Superfortresses... amphibious tanks... airplane carriers... P-47 Thunderbolts and new secret weapons. And a veritable *Niagara* of oil and gasoline!

Your War Bonds helped train and feed and equip the American armies that smashed through at St. Lo... Nancy... Sedan. Yes... your War Bonds are helping to win the *Battle of Europe*. But now how about the *Battle of Japan*?

The job is big—you've got to dig!

It costs billions of dollars a month to fight the *Battle of Japan*. The money *must* come from every patriotic American. It's an investment in America—your future. That's why you are asked once again—in this great battle for final Victory—to buy *your* extra \$100 Bond *today*.

And here are 6 more reasons for buying at least an extra \$100 WAR BOND in the 6th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 at maturity.
3. War Bonds are as convenient as cash—and increase in value to boot!
4. War Bonds mean education for your children, security for you.
5. War Bonds help keep down the cost-of-living.
6. War Bonds will help win the Peace by increasing postwar purchasing power.

Harve Muncy—

(continued from page 1)

Muncy also leaves a number of grandchildren. Harve Lee Muncy, a son of Levi N. and Angeline Muncy, was born March 27, 1872, in Collin County, Texas. Many years ago he and Belle Gill were married and to them were born the children mentioned as surviving.

The family lived in Oklahoma, from where Mr. and Mrs. Muncy and children moved to the Artesia locality in 1905. Mr. Muncy was a farmer, all his life and farmed rather extensively in this area. A number of years ago he also was a partner in the real estate business with William Dooley, who now is an oil operator. The family lived a number of years south-east of Artesia.

Bobby Barley—

(continued from page 1)

The award to young Barley makes eight consecutive years such an honor has come to Eddy County, Tidwell said this year's winner, in preparation for the distinction, in the last seven years has built up a large herd of dairy cattle from one dairy calf. Last year he was winner in the state and regional dairy products contest, which won him a similar trip to the annual National 4-H Congress a year ago.

With young Barley and Tidwell as guests of the Rotary Club Tuesday noon were the winner's father, Charley Barley, C. O. Brown, local Santa Fe agent, and Dallas Rierson, Eddy County extension agent.

Bulldogs to Have 14-Game Regular Cage Schedule

A 14-game basketball schedule for the Artesia Bulldogs was announced this week by C. D. Marshall, high school principal and athletic director, all to be played in January and February. Of the games, six will be at home and eight away.

After the regular schedule, the Bulldogs will participate in the district tournament Thursday through Saturday, Feb. 22-24, the place to be decided. However, the annual tournament usually is at Roswell.

The Bulldogs' schedule: Friday, Jan. 5, at Dexter; Tuesday, Jan. 9, Hope here; Friday, Jan. 12, Roswell here; Tuesday, Jan. 16, at Hagerman; Friday, Jan. 19, at Eunice.

Saturday, Jan. 20, Hobbs here; Tuesday, Jan. 23, Carlsbad here; Friday, Jan. 26, at Lovington; Tuesday, Jan. 30, Dexter here; Friday, Feb. 2, at Hope; Tuesday, Feb. 6, Hagerman, here.

Friday, Feb. 9, at Roswell; Tuesday, Feb. 13, at Carlsbad; Saturday, Feb. 17, at Portales; Thursday-Saturday, Feb. 22-24, district tournament.

Cadet Corps Honors War Dead At Grid Game

Three volleys were fired and "Taps" was played by the Artesia High School Cadet Corps between halves in the Thanksgiving Day football game here in tribute to the Eddy County Boys who have given their lives in World War II.

The ceremony was put on after the cadets had gone through their paces, demonstrating their splendid ability with the manual of arms and drill.

Both the Roswell and Artesia bands performed between halves also, doing clever maneuvers. The climax of the "twen-halves" entertainment was when the two bands played in unison, with the twirlers out in front.

observe the old tradition of Christmas seals—a tradition that literally saves lives. The chairman pointed out that there are many new citizens of the community who probably wish Christmas seals, but who are not on the chapter's mailing list. If such persons are not otherwise contacted, they may call Mrs. Marshall or Mrs. Kinder.

Company garage at 1:20 o'clock Saturday afternoon. Somehow the fire at that time traveled from the ground to an air conditioner high on the side of the building. The loss was confined to the excelsior in the conditioner.

Firemen have again asked that people do not burn the needle grass on their places, for the danger of spreading is greater than the possibility of it catching unless lighted.
