ARTESIA, NEW MEXICO, THURSDAY, OCTOBER 25, 1945

NUMBER 43

## Woman Found May Be Artesian

Similar name engaged in or formerly engaged in the operation of a store in the Artesia territory. However, it has been pointed out that the woman may have been married and her parents have another name.

Deputy Floore said he and the sheriff's department will appreciate it if anyone having a lead as to the possible identity of the woman would call him.

The El Paso man told Sheriff Falby the woman told him she was on the way to Phoenix, Ariz., where she planned to work in a bar in which she had been employed previously.

The man quoted by the El Paso sheriff was one of two who provided clues as to the identity of the woman. The other, a Las Cruces resident, said he picked up a woman, whom he identified upon viewing the dead body, in Las Cruces at 10:30 o'clock Saturday morning and that he gave her a ride over the Highway 80 viaduct, dropping her off at the Cactus Grill in West Las Cruces. He said she was intoxicated and quite talkative.

The Las Cruces man's story as to the residence of the woman

was somewhat different from that told by the El Paso man. It was his understanding she was on the way to Albuquerque, hoping to get a ride from there to Oklahoma City.

Sheriff Santos Ramirez of Las Cruces said officers there believe the woman, after leaving the grill in West Las Cruces, went back to the main part of town. Later Saturday night, she was seen drinking alone in a tavern at Radium Springs.

The sheriff said it is believed that after she left the tavern at Radium Springs, the woman was picked up by a man, who drove her three miles north, parked his car, and then engaged in a "necking party" with her. It is thought he then left her, intoxicated and nude, and drove away, and that she later might have wandered on to the highway, where she was struck by a hit-and-run car. Her clothing, but no purse, was found about 50 feet from where her mangled body was discovered. Evidence at the scene indicated that such a driver might have stopped, dragged the body off the road, and then turned around and headed towards Las Cruces.

## Plan Public Hallowe'en Party

A Hallowe'en party for the boys and girls of Artesia all those between the ages of 1 and 60, will be held at Morris Field on Hallowe'en, Wednesday, Oct. 31, sponsored by the Artesia Lions Club.

The Lions at their regular weekly luncheon here on Wednesday noon, voted to sponsor the event and members of the club were chosen to head various features of the evening's program.

Hugh Kiddy was chosen as the general chairman for the evening and the other committees will work with him in arranging the various features of the program.

The event suggested here recently by The Artesia Advocate was given the endorsement of city officials. Then school officials joined in with pleas that the party be held.

The general committee not only proposed to have a party for the boys and girls, but they plan

to hold a parade of the youngsters dressed in Hallowe'en costumes and award prizes for the best costumes.

Every youngster, boy or girl, who can possibly obtain a costume

Members of the various committees to complete plans for the Hallowe'en party to be given for the boys and girls of Artesia will meet at 7:30 o'clock Friday night at the city hall to complete plans for the party. Those scheduled to be present include Chairman Hugh Kiddy, Alan Thompson, F. L. Green, H. O. Miller, Tommie Williams, Frank Williams, Jack Frost, D. D. Archer, Judge J. D. Josey, and Orville E. Priestley.

that is expected to hold full sway under the lights on Morris Field.

Coaches Alan Thompson and F. L. Green have been named to handle the directing of the games and contests during the evening and they will be assisted by a number of adults. The youngsters will be divided into groups for the play and contest periods.

Funds for paying for the refreshments to be served the boys and girls are expected to be secured by donations from local business firms here. Judge J. D. Josey will head the finance committee and will be assisted by others in obtaining the necessary money for the refreshments.

Other members of the general committee, besides General Chairman Kiddy and Judge Josey, include Alan Thompson, F. L. Green, Tommie Williams, H. O. Miller, Frank Williams, Jack Frost, and D. D. Archer.

Although the Lions Club is sponsoring the event, they have named several others outside the club on the committee and they are sounding a plea for full attendance of all interested adults for the event here. Many adults will be needed. Others will be required to aid and assist in serving the youngsters.

Adults desiring to view and enjoy the fun are being invited to the field during the evening. If possible, they too will be served refreshments.

The big object in giving holiday party of course, it was explained, is twofold. First it affords the youngsters a good time on Hallowe'en night and gives them an outlet for their energy. It also affords an opportunity for the boys and girls to enjoy a lot of fun with the adults. It will afford an evening of fellowship.

The second object is to give the boys and girls a fine evening of fun without the destruction of private or public property on Hallowe'en night.

The adults realize it is an evening of fun and they want the boys and girls to have that fun. But they also desire that they leave the party and go direct to their homes without damaging or destroying any private or public property.

It is a straight-out trade of fun and a good time for the boys and girls keeping faith and not destroying any property on Hallowe'en.

Leaders of the Lions Club and sponsors of the event have stated they will welcome cooperation and help in holding the party. They explained they hope that perhaps next year they can build the event into a real carnival night here.

## Women Defeat Bulldogs 19 to 0

Stell made the second touchdown in the third quarter, as he plowed through off tackle from the 5-yard line. The attempt to convert by the placeback method went wide. The Cavemen were penalized four times on holding and clipping.

In the final quarter, Rillos made a spectacular 37-yard run to the Artesia 2-yard line but there he fumbled and Artesia took the ball.

Carlsbad's final touchdown was set up in the last quarter, when Bynum carried the pigskin from the center of the field to the Artesia 10. From there Stahl went off tackle for the score. A pass for the extra point was incomplete.

Although there was no time out during the entire game because of injuries, Stell was removed from the game in the last quarter because of a gash over his eye.

The Bulldogs are to play upstate Friday against the Tucumcari Rattlers.

(TURN TO LAST PAGE, PLEASE)

## Bataanmen Are Arriving

The "Men of Bataan" are coming home. At least five arrived home the last week and more of them are now on the West Coast and will be here soon.

North Eddy County boys known to have arrived home in the last week are John Conner, Richard A. (Buster) Hnulik, Tony King, and Bill Ballou of Artesia, and Hoyt Keller of Hope.

Jess Whitted and Glen Farmer came in several weeks ago and Don Adams, the first to be greeted by American forces, who was freed from Cabanatuan last January, arrived home in May.

W. R. (Dub) Phillips arrived in San Francisco Saturday and Carl Foster is to dock at Seattle today, according to a War Department telegram to his parents, Mr. and Mrs. J. N. Foster. And Arnold (Lightnin') Clanton is on the West Coast.

Mr. and Mrs. Abe Conner and Mr. and Mrs. Jack Conner drove to Long Beach and then to San Francisco to meet their son and brother, S. Sgt. John Conner, and arrived back here Saturday. He is reported at William Beaumont Hospital, Fort Bliss, Saturday. He is in fair shape, but is to undergo eye and ear operations.

All of the boys have ranks, of course, but have been stepped up, so, for the first time, they have not been used in this story. But readers will agree it is the boy, not the rank, which is important.

And Artesia citizens are showing the same interest, for there is talk of a fitting ceremony when all of them are home. What form it will take remains to be worked out. But North Eddy County's "Men of Bataan" will be welcomed home properly in the near future.

## War Fund Is \$3500 Behind

With \$9,200 deposited in the bank, the War Fund campaign was just short \$3500 reaching its goal of \$12,700, it was announced here this week by Hollis Watson, chairman.

Chairman Watson declared that he knew of additional funds, which would bring the grand total to \$10,000 but that this would leave some \$2700 still needed if the goal set is reached.

He expressed confidence that the goal would be reached but reminded the public that the remaining \$2700 would be the most difficult to secure.

Principal Donald Marshall of the Artesia High School stated that the school plans to conduct its campaign during the coming week and their donations, of course, will help swell the total.

But Chairman Watson urged everyone, who has not donated or contributed to the cause, either to give him their contribution or to mail it to him.

Chairman Watson and Co-chairman A. P. Mahone spent approximately two weeks soliciting and making personal contacts in raising the \$9200. They have given about all the time they can to the cause, they stated.

The remainder of the money will have to be raised and sent to them. It is hoped and expected that gifts and contributions from Loce Hills and Hope will help swell the total.

Last year some \$14,000 was raised and the fund was oversubscribed. This year the goal is a \$1000 less, but it has not as yet been raised. The public was reminded that some \$7500 of this \$12,700 is to be used in the War Fund to aid and help the boys in service and those in occupied countries and those returning home. There is also included in the total \$2000 for the Boy Scouts, \$1000 for the Girl Scouts, and \$1000 for the Teen Center, which it is hoped can be created here.

Those who have not made their contributions, can mail their checks to Chairman Hollis Watson.

## Victory Drive Opens Monday

Plans were being completed here by Landis Feather, War Bond chairman, and his committee members for Artesia and North Eddy County to swing into action on Monday, Oct. 29, the opening day of the Victory Loan War Bond campaign. Monday has been designated as "Liberty Day."

The national planning committee also has suggested that other special days be observed during the campaign. They have suggested "Roosevelt Day," to be determined locally; Armistice Day, Nov. 11; Thanksgiving Day, November 22, and Pearl Harbor Day, Dec. 7.

In connection with the campaign, a special \$200 War Bond honoring the late President Franklin D. Roosevelt has been created for the Victory Loan drive. This can be considered a prized addition to the collection, a special Roosevelt memorial bond that will help furnish the country and its returning veterans the very things they promised. The big job now, it was explained, is to bring the men home, care for the wounded, rehabilitate the veterans and clear the decks for the ways of peace.

The bond booth of course, will be set up in the First National Bank here and will continue to be there to serve those during the entire period of the War Bond drive.

The fact was being emphasized here that although the war is over and victory is won, many things remain to be done and the federal government is asking Americans to invest some 11 billion dollars in War Bonds during this campaign. They urge that some four billion dollars of these come from individuals and the remainder from large corporations and firms.

But the money is needed, it has been declared, to care for the men, who made the victory possible and to pay them the obligations the government and the nation owes them following their victory.

The goal is considerably less than some of the other campaigns and confidence has been voiced that once again there will be no difficulty in oversubscribing the quota.

Local leaders are predicting that North Eddy County will again reach its quota just as it has responded for every war cause and plea during the war.

## With Eddy Boys and Girls to Exhibit at Annual Stock Show

North Eddy County will be represented by four fat calves and two ewes at the fourth annual county livestock show and sale in Carlsbad Saturday, sponsored by the 4-H Clubs and Farmers of America, with the cooperation of the Extension Service and the cooperation of the houses and individuals interested in the county.

Rierson, Eddy County agent, said 14 fat calves and two ewes will probably be shown and sold.

North Eddy County are exhibiting a calf each by Henry, and Roy Savoie, and Wade and a barrow each by Ole and Oneta Johnson.

The show will open at 8:30 Saturday morning and the sale will be judged during the afternoon.

The auction will be at 2:30 in the afternoon on the house lawn, with Col. Emery

## Confers With Texas Men on Superhighway

A. H. Hover, who was recently elected chairman of the superhighway project for Texas and New Mexico, spent two days last week conferring with Texas leaders regarding the project and furthering the efforts to be launched to obtain this highway.

One of the most important conferences held by Chairman Hover was with Ed Woodward, district engineer for the state of Texas, and with Mr. Elliott, chief regional engineer for Central and West Texas. These meetings were held in Fort Worth following a conference with Mayor W. B. Hamilton of Wichita Falls, Tex.

Hover declared that he gave and received many suggestions from Elliott regarding the proposed highway and particularly with reference to Highway No. 180, which extends west to the West Texas line. Elliott, Chairman Woodward, stated, urged that conferences be held with all of the members of the Texas Highway Commission in Austin and that following these contacts a trip be made direct to Washington.

There Hover was advised to confer with large automobile clubs to secure their aid and assistance and that eventually he should confer with the planning commission and arrived home Sunday.

## FBI Agents Stress at High School Assembly That 'Crime Doesn't Pay'

A strong appeal for the moulting of good citizenship was sounded Tuesday afternoon, when two special agents of the Federal Bureau of Investigation, El Paso office, appeared at a special assembly of Artesia High School.

Illustrating his remarks with a number of true stories from the files of the FBI, R. C. Suran, special agent in charge of the El Paso office, painted an impressive word picture of the truism that "crime does not pay."

Suran related instances in which criminals, doggedly hunted by the FBI, ultimately were taken, even after they had cowardly let it be known that they would not be taken alive.

The FBI special agent drove home the point that boys and girls should go to school regularly and complete their educations, or rather than lay out of school, or "play hooky," a practice, which, he stressed, often leads to petty crime, and that in turn to more serious crime.

Suran explained that the initials of the organization, FBI, stand for, in the code of the "G-Men" themselves, for "fidelity, bravery, integrity," three qualities an FBI agent must possess. Each man before he is accepted for training has been thoroughly investigated from birth on, and he must have an unimpeachable character, Suran said.

Arthur Potter, another special agent from the El Paso office, spoke briefly about the same lines, and Judge J. D. Josey, local juvenile judge, told the boys and girls that they should continue with their schooling and strive to live good lives. He said that by directing their lives in the right direction, by attending classes, rather than cutting classes and running around, the matter of delinquency among the

## American Legion 'Fun Frolic' to Be Held Nov. 24

The American Legion "Fun Frolic," the tentative date for which was previously announced for Saturday, Nov. 3, has been definitely set for Saturday, Nov. 24, members of the special committee announced this week.

The date was changed so as to give more people a chance to see and inspect the new 1946 Ford coach, which is to be a feature of the "Fun Frolic." The car, which was made available to the American Legion through the courtesy of the Artesia Auto Company will go on exhibit at the company's showroom Friday, the day the Ford Motor Company authorized the first showings of the postwar cars throughout the nation.

Other features of the "Fun Frolic" will be a street dance at Second and Main Streets and a number of carnival activities.

Members of the special committee said tickets for the dance have been on sale for some time and that the sale is going nicely, but all persons in the community were urged to buy one or more tickets, whether they intend to attend the dance or not, as the proceeds from the "Fun Frolic" have been earmarked for the American Legion building fund.

Ray Bartlett, post finance officer and a member of the committee, said the building fund is still

(TURN TO LAST PAGE, PLEASE)

## George King Suffers Heart Attack, but Is Now Improving

George King returned Artesia rural mail carrier and home service secretary of the North Eddy County chapter of the American Red Cross, is showing improvement at his home from a heart attack suffered Friday evening.

He had complained both at the home of his daughter, Mrs. Wren Earker, and at Red Cross headquarters of not feeling well and had gone home when he was stricken.

His son, Sgt. Tony King, who was recently liberated from the Japs after being a prisoner since the fall of the Philippine Islands, landed in the United States last week and was on a train headed for Bruns General Hospital, San Antonio, where he was located by a La Fe, when he was granted a special furlough and arrived home Sunday.

## Tech Society Speaker On Nov. 7 to Discuss 'Radioactive Logging'

A. E. Shilcutt of the Layne Wells Company and from Odessa, Tex., will be the next speaker for the Artesia Technical Society, which will hold its next meeting at 7 o'clock Wednesday night, Nov. 7.

Shilcutt is said to be an interesting speaker and he will discuss before the club here "Radioactive Well Logging" for the club members and their guests.

The public is invited to hear the message

## TOMMY BRYAN IS ON ROAD TO RECOVERY

Tommy Bryan, both of whose legs were broken Friday, Oct. 12, when struck by a car while riding his bicycle, is slowly on the road to recovery at Artesia Memorial Hospital, where both legs are in traction, and in which he must remain several weeks.

A specialist from El Paso was here Sunday to see the 9-year-old son of Mr. and Mrs. Vernon Bryson and he expressed the belief the legs will heal properly and in place without operations, which it was feared would have to be performed.

## WANTS REUNION AT PEARL HARBOR STATION

Dickie Attebery, yeoman second class, son of Mr. and Mrs. J. R. Attebery, has written his parents he wants any Artesia boys stationed at or passing through Pearl Harbor to look him up.

He is in the service command at the Naval Station.

## WOMEN TO HAVE TWO MEETINGS

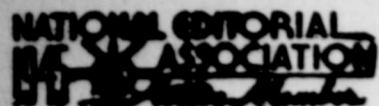

A first degree is to be conferred at a special meeting of the Artesia Masonic Lodge and another special meeting has been called for next Thursday, Nov. 1, when two first degrees will be conferred.

## Taxpayers' Demands

WHEN CANDIDATES, mostly politicians, are seeking office, all that matters is the voters and their desires and wishes.

When candidates become successful and hold the office the wishes and desires of the voters are soon forgotten.

And the result is that the office holders do those things, which please and suit their friends or those things for those people, who make the most demands.

Southeastern New Mexico probably pays more taxes into the state treasury than any other section of the state. It has for a good many years. It will continue to during the years to come.

But there is considerable question as to whether Southeastern New Mexico has received benefits from the state in proportion to what she has put into the state funds.

There are perhaps two answers for that. First the politicians have played politics. Secondly, the taxpayers and citizens in this area have not made their demands loud enough, often enough and strong enough.

What has been secured in the way of highway construction has been secured because of outright demands. It is our understanding that the highway between Hobbs and Carlsbad was secured because of demands—demands made and then backed up with organization, which was ready to battle those in power unless they considered the demand.

Similar demands, so we understand, are responsible for the highway between Lovington and Artesia.

As we see it the only thing lacking up to the present time is demands. We have not demanded long enough, loud enough or often enough.

We have been easily satisfied and pacified. It reminds us of the methods employed years ago by newspaper publishers. When a reporter demanded a raise in pay the boss gave the reporter a title. The reporter was happy the boys saved money.

We are just a little afraid we have been accepting pats on the back, empty and idle promises and things of no value when we really wanted some state projects, bridges, roads and highways.

After all it is our money the office holder is spending. We are within our rights to demand we receive a little more consideration and attention.

We will get that attention when we organize; make our demands and then stand pat.

After all the office holder wants and needs votes to stay in power. And we in Southeastern New Mexico have sufficient votes to effect the state wide election.

When we unite and demand something and arms if we are not given consideration by the politicians and the office holders—we will get action. The highway west should have been built years ago. It would have been had the demands been made.

But when we are willing to go along, accept empty promises and accept something for ourselves or a job for a relative or a position for a friend—then we can't expect much for our section of the state.

It is high time we make our demands known and go after that to which we are entitled.—O. E.

## Community Jobs

ANY COMMUNITY, which has folks who do jobs for that community is lucky. Artesia has a lot of folks who do a lot of jobs all of Artesia. We are not so sure we always appreciate these folks.

Just now we want to mention a couple, who are doing and are doing an outstanding job. These two are Hollis Watson and A. P. (Doc) Bone, who have about done the War Fund campaign in Artesia by themselves. They have little money.

They did the same job last year with a little more. They have done a lot of other jobs here. And about the best way we can show our appreciation to them for doing this job for us is to that they reach their goal or quota of \$12,700 for the campaign.

They have made all of the easy contacts; secured most of the largest gifts. The remaining is will require more work and effort. You can help make this job easier by mailing in

or giving them your contribution if you haven't contributed.

And you are helping to not only provide funds for community and local causes but you are providing funds for continuing the work among the boys in service.

The war is over but the boys are not all home. It will be many months before they will all be home. In the meanwhile the USO will continue to serve these boys and the other agencies in the war fund which must continue their work.

Your gift and contribution is needed. And you can help two men, who have done an outstanding job for us and our community by making your gift now.—O. E. P.

## Let's Finish the Job

YES, THE WAR'S OVER, but the job is not done and it will cost many billion dollars more, before we can sit back and forget the expenses, and get down to the serious business of getting out of debt nationally.

Until the Japs have been given a number of lessons in democracy and have been shown that perhaps an individual should be capable of thinking a little for himself, until the turmoil is over in Europe and the peoples there can be trusted to conduct themselves in a civilized manner, until every American boy has been brought back to his home shores, until all of the thousands of battle casualties, physical and mental, have been hospitalized and have been given the finest that medical science can provide—until then, we say, must we continue to invest in War Bonds—Victory Bonds, now, if you will.

To many people the war never existed personally; it was a case of letting the other fellow foot the bills. To others the war ceased many months ago, about the time of the Normandy invasion, or shortly thereafter, at least when the German army began to crumble. To many thousands the war ceased with the surrender of Germany, or of Japan.

They stopped buying bonds, if ever they had! And countless others immediately started cashing in their bonds. Indeed, there were many who bought bonds, only to cash them as frequently as they bought; the buying was done publicly and with fanfare; the cashing in was done on the quiet.

All of them took, or are taking, the old attitude of "let George do it."

But we cannot and must not let down at this time. The government of the United States is not calling for billions during the Victory Loan just to keep us in a dither; it is because the government economists, statisticians, Army and Navy experts, and others in the know have figured out that it will require 11 billion dollars to finish the job—not 10 or 12 billion, but 11.

You and we are not capable of figuring out what is yet to be done and what it will cost. We must have trust and faith in those in high offices who have their fingers on all the answers. And we must buy and continue to buy bonds so long as it is requested.

Suppose the war were not over! It might require much more than 11 billion dollars. As it is, that is the amount needed.

Don't let our nation and our boys down. Don't let those who have given their all down.

To do so would be to let yourself down, for after all, who and what is the United States government?

It is you!—A.L.B.

## Shows Progress

WHEN WE GLANCE back, check over our expansion and our growth, we see how far we have traveled.

And this same check-up will reveal how far we need to go to reach the city we want to be and should be.

Certainly Artesia has moved ahead during the past five years.

She has moved far in the past 20 years. Those, who were here then and in the middle of things, can point out some of the situations, which prevailed then and the improvement, which has been made.

During this period there was improvement in the sewer system; the construction of the disposal plant; the laying of paved streets; improvement in the water system; and additional care given the city in many ways.

All that is desired, of course, has not been done. But the master plan made back in those days, so we are told, has practically been completed. A new master plan is now being considered and it should be adopted.

Certainly we need to do many things in the weeks, months and the years ahead.

We feel confident we will do these things. We need to pave more streets; we need to pave some alleys, we need more sewer and water extensions not only in new planned additions to the city but into all sections of the city. And these plans should call for and should provide for future growth of the city.

As a city there is every indication the hospital will be expanded; it is possible the city hall may have to be enlarged; future plans call for further improvement in the city park and the athletic field. These are things the city is giving thought and attention now.

And further and beyond this many business people, business firms, organizations, individuals and clubs are planning things, which Artesia needs.

Improvements in our business section; more business dwellings; improvements in the dwellings we have—all of these will go to help build a greater Artesia.

And these additional business dwellings will make possible the stores and firms and concerns we need to give us a well rounded shopping center to serve those from Artesia's trade area.—O. E. P.

"Human beings couldn't survive a visit to the moon because there is no air or water there," says an astronomer. Why not? They survive visits to night clubs.—St. Louis Star Times.

Overheard on the street corner: "You all don't know nobody that don't want to hire nobody to do nothin', does yuh?"—Carlsbad Current-Argus.

## Up and Down Main Street

LESSON FOR ALL UP AND DOWN MAIN PRACTICE IT

Marcus Griffin, publisher of The Eddy County News, in his column "The Hitching Post" recently said: Every so often we examine the expenditure sheets of the Eddy County courthouse and find a surprising amount of printing and surplus purchased out of town and out of the state. Valliant Printing Co. in Albuquerque and Dorsey Brothers of Dallas seem to be the principal beneficiaries of county largess. There are three printing plants in Eddy County which can do printing as efficiently and cheaply as Dorsey and Valliant, but the County slogan seems to be: "Never buy it at home if Dorsey or Valliant have it for sale." Wonder how those eager beavers, anxious to play ball with Valliant and Dorsey, would like it if around election time candidates running again and again for office were told to get their support from Jimmy Caldwell, super salesman for Valliant and Dorsey. We have not checked the expenditure sheets of the Eddy County courthouse. We would not know whether all of his statements are correct or not. However, we would presume he is in a position to prove those statements or he wouldn't have made them. And we do know from past experience that far too much business goes out of every court house, in every governmental office and in every city for that matter. We know we get some nice business out of one of the offices. And we also know that when the time rolls around the same boys who send this business out of town or give it to outsiders are the same ones, who want a helping hand. They are the same boys, who may argue about prices and quotations yet they live off the taxes paid by the taxpayers and the taxpayers don't usually have too much to say about what their taxes are going to be. Likewise the only way the boys can pay those taxes, pay their payrolls, make their donations to the politicians, local causes, civic and community projects is by making a profit on the products they offer for sale. They have a right to do that. It is their money and the other taxpayers' money which the office holders are spending. And the only way to keep that money at home is to spend it at home.

George Healy returning to the Malco offices after making a purchase—J. D. Smith discussing the purchase of some black pepper—Mrs. Clarence Fischbeck busy keeping office while Clarence was dashing here and there—E. A. Hannah out greeting friends and reporting he is getting along fine—W. E. Ragsdale going back into the real estate business and announcing the location of his office—Miss Dorothy Killough still looking for an apartment where she can live and continue her school teaching work here—J. H. Jones busy waiting on customers at the Star Grocery—Andy Corbin pushing the sale of heaters with cool weather prevailing now—Plans being made for a regular chamber of commerce luncheon during November—Hop' Hopkins declaring he has plenty of anti-freeze down at the Firststone store—Jesse Truett busy at the postoffice—Mrs. H. R. Paton bragging a little about Texas University beating The Sooners in their annual clash—Ross Sears busy in conference at the bank with that hat on top of his head—Clyde Parish checking a job and greeting friends—Arba Green with an inquiry from a prospective resident in Ohio—We probably will receive many of those out here and we should encourage all newcomers possible—Folks again reminded to get in their orders for Christmas cards if they want them—Jimmy Mayes extremely busy over at Batie's Food Store—Otice Brown headed up the street from the Palace Drug Store—Charles Mann waiting on customers at the drug store—Mr. Nelson of Nelson-Pounds busy working on his advertisement for the Advocate—Judge J. D. Josey inquiring whether anyone was going to sponsor the Hallowe'en party—The answer had to be not as yet—That was Up and Down Main this week.

Public officials are not the only ones, who spend the local citizens money outside that city, county or community. Many of us are just as guilty of this practice. It is easy to preach at home and to buy at home but not so easy to practice it. We have lived in communities where the local merchant argued loud and long about folks in that community trading at home yet that merchant's wife could never find anything at home to suit her. She did all her shopping outside. And the

merchant's message of trade at home was rather idle and empty because of the conduct of his wife. It would be well if we could all learn to trade at home. It may be we can't always find what we want but there is usually in normal times a merchant, who can secure that for us. And it is well for all communities to build and grow until that community's shopping center can meet and take care of the need. We can't escape the fact it is the dollars we spend at home that stay at home. Those we send away don't return. It is the home business concerns, which with the other taxpayers pay the taxes; make the contributions and donations and give and help build the community. The outsider is only interested in us to the extent of getting out of us all he can. He never puts anything back. And if we expect to grow and develop as communities, towns, cities, counties—then we better learn not only to preach trade at home but to practice it, too. And that not only goes for those, who are charged with the responsibility of spending our tax money but of all business concerns and institutions in any community in our county. Only we, who reside here, are interested in building Eddy county. We don't do it by sending our money away or spending our money elsewhere. And we don't help keep our local business institutions going, growing, expanding and in the position to pay their taxes, their payrolls, their overhead and make their contributions gifts and donations to local causes by sending our business out of town. If we are calling on them for taxes, gifts and donations, and we do, then let's also give them our business.

Not - too - bright lawbreakers make life easy for the police in Portland. Shortly after a wholesale fruit company reported being looted of cash and produce, officers nabbed him. He was sitting on a curbstone a few block away eating grapes, apples, oranges, and bananas.

So hard up is Key West for high school teachers that Principal Horace O'Bryant has offered qualified young women instructors the guarantee of a "Navy lieutenant with or without wings" if they'll take a job. O'Bryant made his offer after he had to close six classes because of a lack of teachers. The salary is limited at \$1,782.50, but O'Bryant believes there are compensating factors. He points out that Key West is a naval base with thousands of eligible young men around, and the climate during the winter is just about ideal.

The injured pelican Police Chief Maynard Pratt of Austin, Tex., all bedecked out in her hood and all. Then her mother switched on the vacuum cleaner for sound effects and jiggled the buggy. And it worked—every day for many days!

That season of the year will soon be here when a certain boy by the name of Sox Youngster's mother believes her offspring should put on longies again, as she had to do last winter.

And if the fond Mamma feels that way, we'll bet the bobby soxer will feel the way she did before, and will behave in the same manner, by way of avoiding embarrassment from the other kids.

She had a dandy system last winter: About a block from home she had a dandy stopping place, where, unseen by human eyes, she neatly made the longies disappear, to remain in that state until she again came home, when she stepped in her little private place and made 'em reappear.

Which reminds us of the middle-aged matron who had just left home on her way to the missionary society meeting when she passed, playing in his yard, a little boy whose entire vocabulary at that time consisted of one word, as follows, to-wit: "Hi." Which he emitted.

Our matron friend beamed on the tot and replied, "Shi." Because of which she has an undying gratitude for the innocent child, inasmuch as it was not until that moment she realized her false choppers were still on the dresser.

Come to think of it, Will in his "Sidelights" and The Old Ferret in his "Tales" probably could cause a few such things, if we told all we know. But Heaven knows Will has been at it long enough to know better than tell everything he knows, and The Old Ferret is learning.

Prior to the surrender of the Japs, when tires were the main problem here and gas was supposed to be a problem also, a little girl in Artesia had been taken along in the family jellope several consecutive days on necessary errands, just about her nap time.

Then, when the daily ride, to which she had become accustomed, did not materialize the next day she started to cry, the little girl's mother had a happy inspiration.

The baby was put in her bug.

## WORLD NEWS

### BRIEF FORM

From Near and Far, Some Timely, Some of Human Interest

Not - too - bright lawbreakers make life easy for the police in Portland. Shortly after a wholesale fruit company reported being looted of cash and produce, officers nabbed him. He was sitting on a curbstone a few block away eating grapes, apples, oranges, and bananas.

So hard up is Key West for high school teachers that Principal Horace O'Bryant has offered qualified young women instructors the guarantee of a "Navy lieutenant with or without wings" if they'll take a job. O'Bryant made his offer after he had to close six classes because of a lack of teachers. The salary is limited at \$1,782.50, but O'Bryant believes there are compensating factors. He points out that Key West is a naval base with thousands of eligible young men around, and the climate during the winter is just about ideal.

The injured pelican Police Chief Maynard Pratt of Austin, Tex., all bedecked out in her hood and all. Then her mother switched on the vacuum cleaner for sound effects and jiggled the buggy. And it worked—every day for many days!

That season of the year will soon be here when a certain boy by the name of Sox Youngster's mother believes her offspring should put on longies again, as she had to do last winter.

And if the fond Mamma feels that way, we'll bet the bobby soxer will feel the way she did before, and will behave in the same manner, by way of avoiding embarrassment from the other kids.

She had a dandy system last winter: About a block from home she had a dandy stopping place, where, unseen by human eyes, she neatly made the longies disappear, to remain in that state until she again came home, when she stepped in her little private place and made 'em reappear.

Which reminds us of the middle-aged matron who had just left home on her way to the missionary society meeting when she passed, playing in his yard, a little boy whose entire vocabulary at that time consisted of one word, as follows, to-wit: "Hi." Which he emitted.

Our matron friend beamed on the tot and replied, "Shi." Because of which she has an undying gratitude for the innocent child, inasmuch as it was not until that moment she realized her false choppers were still on the dresser.

Come to think of it, Will in his "Sidelights" and The Old Ferret in his "Tales" probably could cause a few such things, if we told all we know. But Heaven knows Will has been at it long enough to know better than tell everything he knows, and The Old Ferret is learning.

Prior to the surrender of the Japs, when tires were the main problem here and gas was supposed to be a problem also, a little girl in Artesia had been taken along in the family jellope several consecutive days on necessary errands, just about her nap time.

Then, when the daily ride, to which she had become accustomed, did not materialize the next day she started to cry, the little girl's mother had a happy inspiration.

The baby was put in her bug.

Minn., took home to care for still was walking around in circles and the chief said he was a little dizzy, too. Pratt said his dizziness resulted from answering telephone calls from at least 100 persons who offered advice—none of it helpful—on how to treat the injured bird. An unidentified boy conked the pelican on the head with a rock.

IN THE PROBATE COURT OF EDDY COUNTY STATE OF NEW MEXICO IN THE MATTER OF THE ESTATE OF G. D. ASHTON, DECEASED.

Case No. 1237  
NOTICE

Notice is hereby given that the undersigned was on the 20th day of August, 1945, appointed, administrator of the estate of G. D. Ashton, deceased, by the Honorable Xury White, Probate Judge of Eddy County, New Mexico.

Therefore, all persons having claims against said estate are hereby notified to file same with the County Clerk of Eddy County, within six months from the 20th day of September, 1945, as provided by law or the same will be barred.

FRANKLIN O. ASHTON, Administrator.  
414c-44

NOTICE STATE ENGINEER'S OFFICE Number of Application R. A. 297. Santa Fe, N. M., October 2, 1945.

Notice is hereby given that on the 27th day of August, 1945, in accordance with Chapter 131 of the Session Laws of 1931, Charles R. Martin, of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change location of Artesian Well R. A. 297 from NW 1/4 NW 1/4 NE 1/4 of Section 16, Township 18 South, Range 26 East, N. M. P. M., to a location in the NE 1/4 NE 1/4 SE 1/4 of said Section 16 where applicant proposes to drill an artesian well 10 inches in diameter and approximately 1000 feet in depth for the purpose of perpetuating rights in said Section 15 and claimed under Declaration R. A. 297.

Old well is to be plugged. Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the grant-

Be a Friend to the Lend Your Money!

**Cottonwood**  
 D. A. Bradley)  
 Mahon was hostess  
 Tuesday afternoon  
 when members of  
 Community Extension  
 held their regular Oc-  
 tober meeting. Mrs. D. A. Brad-  
 ley, president over the  
 meeting. Plans were  
 discussed for the  
 annual Halloween par-  
 ty to be held at Cotton-  
 wood. Members were ask-  
 ing their families and to

invite friends and to come dressed appropriately for the occasion. A Thanksgiving dinner is to be held at the lovely new home of Mrs. H. V. Parker, it was decided. Those who will assist Mrs. Parker are Mrs. Arch Horton and Mrs. Harold Green. After the business meeting Miss Doris Mardis had charge of an interesting program, which included a demonstration featuring the "One Dish Meal." During the social hour the hostess and cohostess, Mrs. D. A. Bradley, served delicious refreshments to members and guests present. Guests present were Mrs.

Hanson, Mrs. Ed Taylor, Jr., Mrs. Ed Taylor, Sr., Mrs. Pate Prentice, and Mrs. W. E. Taylor of Anson, Tex. Members who attended were Mrs. McGuire, Mrs. Glenn O'Bannon, Mrs. Paul Robinson, B. E. Green, Mrs. Arbogast, Mrs. Fred Chambers, Mrs. King, Mrs. Melvin Mayberry, Mrs. Douglas O'Bannon, Mrs. John Knowles, Mrs. Marvin Worley, Mrs. H. V. Parker, Mrs. Arch Horton, Miss Doris Mardis, Miss Mary Frances O'Bannon, Mrs. Mahon, and Mrs. Bradley.

Mrs. Clarence Pearson entertained the Cottonwood Ladies' Society at her home last Thursday. Her house was beautifully decorated with mixed flowers. The meeting opened when the group singing "Take Time to Be Holy," after which Mrs. E. P. Malone gave the devotions. The program was provided by Mrs. B. E. Green, who was assisted by Mrs. Douglas O'Bannon, Mrs. Orval Gray, Mrs. Fred Chambers, Mrs. Roy Ingram, Mrs. D. A. Bradley, and Miss Mary Frances O'Bannon. Mrs. Chester Rogers closed the meeting with a prayer. During the social hour Mrs. Pearson served delicious refreshments. Others who were present were Mrs. Tom Terry, Mrs. Carl Manda, Mrs. C. A. Pearson, Mrs. Glenn O'Bannon, Mrs. Ralph Pearson, and Mrs. Charles Buck.

Barney Cockburn and a Mr. Fairweather of Lovington flew an Interstate L-6 to Artesia Saturday on business. Mervin Worley reported in at the airport Friday, after an absence of about two months. He flies a PT-19 Fairchild. Garland (Scratchy) Rideout flew Mrs. Kyle Taylor and small daughter of Maljamar to Lubbock Tuesday to see a doctor. "Scratchy" returned the same day. Herman Fuchs of the airport and Ray Anderson of Maljamar killed a coyote and wounded another Saturday in a coyote hunt from the air at the Holman and Anderson ranch near Maljamar. James Swinford and Earl Younger passed the written examination for their private licenses this week. Both students hope to pass their flight checks in the near future.

fall over the state in September was little more than 50 per cent normal, or .08 of an inch, and the western two-thirds of the state received only one-fourth normal precipitation. The condition of cattle dropped during the month from 84 to 80 per cent of normal, against a 20-year average of 83 per cent. Sheep and lambs declined one point to 83 per cent of normal. The 20-year average is 89 per cent. Heavy supplemental

winter feeding was forecast for the drought-stricken southeastern counties. The report said herds were being culled closely. Winter feed will be short in all dry-land farming areas. The report, com-

plied by the Range and Livestock Division of the Bureau of Agricultural Economics, said there is some shortage of water where livestock men depend on tanks and small streams.

 Better Improvements for Better Homes

The people who buy lots in a city have some questions to ask about the property and the answers should give permanent satisfaction. For example, we pose the following issues:

Is the title good and up to date? Can the seller furnish an up to date abstract without extra charges to the purchaser? Obviously this should be done in every such transaction, but is it? Is the property so located that it will receive the most favored consideration from all lending agencies including the F. H. A.? If the owner wishes to make a loan to build a residence the down payment can be made smaller when the location is better.

The lot you buy has very little value and should cost practically nothing if it has no improvements. To make a city lot valuable it must have paved streets, curb and gutter and sidewalks.

When you buy an improved lot, look at the quality as well as the quantity of the improvements. Good engineering will show smartness in design with due consideration for usefulness. Arrangements can be made for good surface drainage without giving you a rough ride in your car at street intersections. A wide entrance into your driveway saves bumping the curb.

When the city paves the street in front of your property the expense is charged to the owner. People who own lots save money by doing their own paving. Cities maintain streets but they do not pave them at city expense.

All black-topped streets are not of the same quality. Rock asphalt properly laid is more expensive and it is much better than the black topped streets which we have been accustomed to. Be sure that your lots are in a good town like Artesia, and be sure to inquire about the 111 lots now being sold by Carper Drilling Company.

GRADY BOOKER.

## Happy Hunting!

Carry your gun down and on safety. Never point a gun—either on purpose or accidentally—at anything you do not wish to shoot. Be sure of your target before you pull the trigger. Handle every gun as if it were loaded.

When crossing fences, let one member of the party climb over first without a gun. Hand all guns over to him, being sure to "break" the breach before handing over. Be sure barrel and action are clear of obstruction before shooting.

Wear something bright—preferably red—which will stand out in wooded areas. Never wear white for hunting. Never stand up in a boat to shoot. Allow only one hunter to shoot from boat at a time. Never shoot at hard, flat surfaces such as rocks, or at the surface of the water.

Never carry loaded guns in your car. Never load the muzzle of your gun. Avoid horseplay while handling guns and never mix alcohol and gun powder. Teach children proper respect for firearms. Such simple precautions as these will make for happy hunting.

NATIONAL SAFETY COUNCIL

## I'm feedin' MERIT EGG MASH

...are you?

"No more experimentin' for me... or for thousands of other successful poultrymen who have fed MERIT Egg Mash year after year! It steps-up egg production and lowers egg costs every time! Take my word for it—it pays to feed the MERIT WAY—all the way!"

Ask us for free folder which fully explains the MERIT 3-Point Egg Building Plan... you'll be glad you did!

### Two Artesians Honored by Star Grand Lodge

Mrs. Stanley Blocker, of Artesia was appointed grand Adah of the New Mexico Grand Chapter of the Order of the Eastern Star and Rufus Stinnett of Artesia, a member of the Hope chapter, was elected grand sentinel at the Grand Chapter meeting in Santa Fe Wednesday through Saturday of last week.

Appointment of Mrs. Blocker was made by Mrs. Goldia Andrews of Santa Fe, who was elected worthy grand matron for the coming year.

Other elective Grand Chapter officers named, besides Mrs. An-

draws and Mr. Stinnett, were: Worthy grand patron, Francis Scott, Albuquerque; associate grand matron, Mrs. Vallie Sharp, Tucumcari; associate grand patron, J. C. Compton, Clovis.

Attending Grand Chapter from Artesia were Mrs. Blocker, who served as chairman of the credentials committee; Mrs. Arba Green, grand instructor; Arba Green, past grand patron; Judge J. D. Josey, worthy patron of the Artesia chapter, and Mrs. Josey; Mrs. Dale Thomas, associate worthy matron, Artesia chapter; Rufus Stinnett, assistant grand sentinel, and Mrs. Stinnett, and Mrs. Homer Session.

Mrs. Leon Barker left Sunday for the Fort Worth and Dallas markets to buy merchandise for Baldwin's.

### Rev., Mrs. Clark Entertain Church Board Members

The Rev. and Mrs. C. A. Clark entertained the members of the official board of the First Methodist Church at a chicken pie supper in the educational room of the church here at 6:30 o'clock on Friday evening.

The Rev. and Mrs. Clark have observed the custom of honoring the official board with a dinner after his return to a pastorate for a good many years.

The dinner was held earlier than usual this year because of the fact that the Rev. Mr. and Mrs. Clark left Monday for Temple, Tex., where Mrs. Clark is to undergo a major operation.

More than 20 members of the board and their wives were in attendance for the dinner, which was informal and consisted of good fellowship and a few brief reports.

The Rev. Mr. Clark presented to the board at this time a detailed report on the activities of the church, including the active membership of the church, new members, transferred members, membership of church organizations, and the total funds raised for all purposes during the past year.

The Rev. Mr. Clark also presented the four new members recently elected to the board. These were Joe Lackey, Dr. C. Pardue E. Priestley.

Election of new officers of the board was deferred until the next regular meeting of the organization.

Mrs. Clark had been assisted in preparing of the dinner by several of the church ladies.

### SYBIL PIOR OUTSTANDING IN UNIVERSITY PLAY

Miss Sybil Pior of Artesia, now a student at the University of Denver, is playing one of the principal roles in "Imaginary Invalid," current production of the School of Theatre at the University of Denver. Critics, there rated her as outstanding, calling attention to her professional attitude and technical excellence. Miss Pior will play one of the leading roles in Noel Coward's "Shadow Play," scheduled for late November.

### JACKIE HUBBARD IS TAPPED BY CHI OMEGA

Miss Jackie Hubbard, a student at Texas College of Mines, El Paso, has been accepted as a pledge by Rho Delta chapter of Chi Omega, a national sorority.

Miss Hubbard is living at Benedict Hall at the college.

### ATTEBURY'S FLORAL-GIFT SHOP MOVES TO 408 MAIN

Attebury's Floral & Gift Shop, which has been located at 106 West Main Street, moved this week to 408 West Main, it was announced by Mr. and Mrs. J. R. Attebury.

They feel they will be better able to serve the public at the new location.

### Social Calendar

Friday, Oct. 26  
Past Noble Grand Club will have its Hallowe'en party with Mrs. E. M. Wingfield at 7:30 p. m.

Thursday, Nov. 1  
Presbyterian Women's Association will meet with Mrs. William Linell at 2:30 p. m.

All circles of the Women's Society of Christian Service will meet at 2:30 p. m. at the First Methodist Church.

### Sgt. Tony King Is 'Jam Session' Center Monday

Sgt. Tony King, recently liberated from the Japanese after being a prisoner since the fall of the Philippine Islands, was honored Monday evening by his sister, Mrs. Wren Barker, and Mr. Barker, when they entertained about two dozen friends at their home.

Sgt. King, remembered here for his accomplishments with a clarinet prior to his enlistment in 1941 and for his playing with his regimental band prior to sailing for the Philippines in September of that year, was the center of attraction, as he refamiliarized himself with a "jam session" in the midst of a "jam session" with several members of the old dance band in which he played before the war.

To the strains of the impromptu dance band, Mr. and Mrs. Barker enjoyed dancing during the evening.

A Dutch spread was served buffet style with cold drinks.

### Auxiliary Plans Benefit Dance Friday Night

A public dance will be given Friday evening at the Artesia Service Club by the American Legion Auxiliary for the benefit of a fund being raised to furnish the kitchen in the new American Legion home.

Music will be furnished by the Walter Knowles and His Orchestra.

In announcing the dance, members of the American Legion Auxiliary said there will be no advance ticket sale. The general public is invited.

At the old American Legion hut, the kitchen was furnished and maintained by the American Legion Auxiliary, which organization is looking ahead to the kitchen in the new building. It is hoped to be able to furnish it in keeping with the splendid structure planned by the parent organization and to that end the dance was planned.

### RAINBOW GIRLS MEET ON MONDAY EVENING

The Rainbow Girls met Monday evening at the Masonic Hall with 15 girls in attendance. Miss Carol Hensley, president, presided over the regular business meeting.

### Will Open 'Girl Scout Week' in Artesia Sunday

The first peacetime observation of "Girl Scout Week" since Pearl Harbor will be held here and throughout the nation Sunday through Saturday of next week, Oct. 28—Nov. 3, with Artesia Girl Scouts joining with more than a million other girls to dedicate themselves to a postwar program of active citizenship.

Activities in Artesia for the week will start off with the Girl Scouts attending services in a body at the First Methodist Church Sunday morning and will be concluded Saturday of next week with a cookie sale. For the cookie sale, a booth will be placed on Main Street.

Another feature of "Girl Scout Week" will be a number of window displays in the downtown district of the city, each depicting some phase of Girl Scout work, with exhibitions of the accomplishments of the girls.

The week's activities will be in honor of the founder of the Girl Scout movement, Juliette Low.

### Locals

S/Sgt. Marvin L. Williams, son of Mr. and Mrs. Charles Williams, came home last week on furlough, after returning recently from Germany. He is on a 45-day furlough and is awaiting his discharge, which he hopes to get in November.

Mr. and Mrs. Frank L. Wilson, Mrs. Nancy Eipper, Miss Esther Ekstrom, and Miss Florence (Rags) Jenkins drove to El Paso Saturday to visit Mr. and Mrs. Wilson's son, Lt. Leland Wittkopp, a casualty of the European campaign, who is a patient at William Beaumont Hospital. He was doing nicely, but his legs, both of which were broken and wounded, are still in traction. The party returned home Sunday.

Mr. and Mrs. Adrian Fletcher left Sunday for the Fort Worth market, to purchase women's ready-to-wear for Marie's.

Mayor Emery Carper and Police Chief G. Kelley Stout, who were to have gone to South Dakota early last week on a pheasant hunt and were so reported, left this week for their delayed hunt.

Mr. and Mrs. W. R. Ferguson left Wednesday morning for Norman, Okla., to attend the graduation Saturday of their son, Wade Shipley, a Navy V-12 student at the University of Oklahoma. He will be commissioned an ensign. Mr. and Mrs. Ferguson plan to go on from Norman to Boonville, Mo., to visit her mother, but will return to Artesia before the opening of the deer season.

Lt. Ed Boans arrived home Tuesday night on delayed orders en route from Camp Adair, Ore., to Camp Pickett, Va.

Mr. and Mrs. Carroll Graham of Van Nuys, Calif., visited Mrs. Graham's parents, Mr. and Mrs. J. M. Jackson, and family last week.

Mr. and Mrs. George Loppin of Hollywood, Calif., have been visiting in the home of Mrs. Loppin's sister, Mrs. Morrison Livingston, and her brother, Reed Dowell.

Richard Beck of Seattle, Wash., was the guest of J. M. Jackson and family this week.

Mr. and Mrs. C. E. Henderson have learned that their son, Sgt. J. D. Henderson, has been promoted to staff sergeant and is still in France, but expects to return home soon.

Capt. Frank Schreiber and Mrs. Schreiber, the former Miss Betty Smith, arrived in Carlsbad by plane from San Antonio, Tex., Friday morning and were met by Mrs. Schreiber's mother, Mrs. Ruth Smith, who brought them to Artesia. Captain Schreiber has received a 70-day terminal leave and he and his wife plan to spend several weeks visiting relatives and friends here. They will be at home in Bloomington, Ill., when he receives his discharge in January.

Mrs. Dora Polk left Artesia Saturday to market in Fort Worth and Dallas, Tex., for the Toggery Shop.

Mrs. A. C. Brown returned from El Paso Friday accompanied by her daughter, Mrs. George Flinchbaugh, who was ill in a hospital there two months. Mrs. Flinchbaugh is recovering nicely.

Cpl. Robert McCaw and his brother, Marvin McCaw, apprentice seaman, who has been attending Worcester Polytech Institute at Worcester, Mass., spent several days here together visiting relatives and friends. Corporal McCaw left Saturday evening to report at Alexandria, (La.) Air Field and Seaman McCaw returned to Worcester Tuesday. Seaman McCaw, has recently been initiated into Tau Beta Pi, national engineering honorary association, at the institute.

Mr. and Mrs. Jess P. Bell of Pinon reported that their son, Robert Bell, and Robert Francis, son of Mr. and Mrs. Jim Francis of Artesia, are still together on the U. S. S. Goodhue, on which they have been stationed a year and a half.

**To Display New Ford at Artesia Auto on Friday**

The new 1946 Ford will go on display Friday in the showroom of the Artesia Auto Company, simultaneously with first public showings of the postwar automobile throughout the nation, it was announced by Jack Armstrong.

He said the 1946 Ford is designed and built without compromise of traditional Ford quality in workmanship and material, and it contains more mechanical improvements than were included in any previous year to year model. Outstanding features of the car are a more powerful engine, better performance, longer life, improved economy, and a better ride.

The new V-8 engine develops 100 horsepower, making it the most powerful Ford in the history of the company. Pre-war Fords were equipped with V-8 engines developing 90 horsepower, the rating of a six-cylinder Ford also being offered in the 1946 line.

The chief exterior change is a newly designed radiator grille. The louvers are fewer in number and larger. They extend horizontally from fender to fender, enhancing a lower, broader appearance.

Other exterior changes include a new hood ornament and a more elaborate rear deck ornamentation. In addition a complete line of colors will be available in the long-wearing, durable Ford synthetic enamel paints.

Luxury and eye-appeal are accentuated in the interiors. Instrumentation is generally the same, but the styling and color schemes of the instrument panel are new.

An improved ride and better roadability, especially at high speeds in crosswinds or on curves is assured by the use of improved-type springs and shock absorbers and the addition of a rear-end sway bar. The thickness of the spring leaves has been reduced and their number increased.

Shock absorbers have improved oil seals to prevent loss of fluid. The brakes also have received considerable attention. They are new and require less pedal pressure. They are easier to adjust and feature a floating type shoe that seats itself.

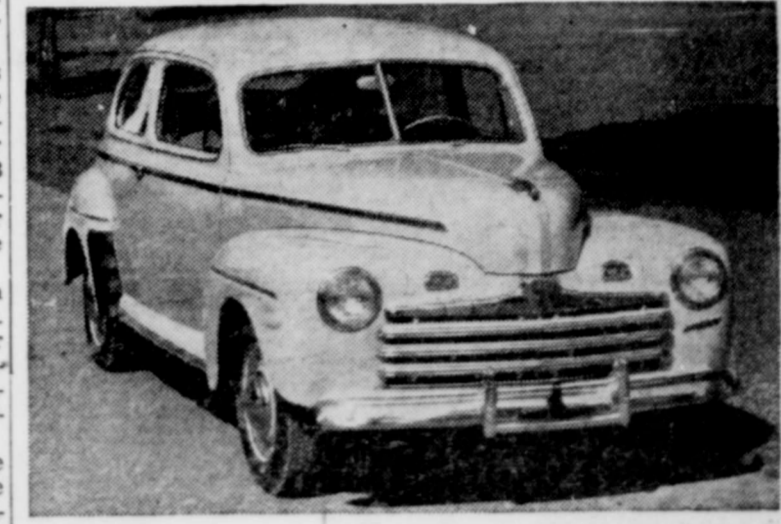

Aluminum pistons equipped with four rings will be standard on all models. This, coupled with an improved rear main bearing seal, will effect further economies in oil consumption and prevent loss.

A new standard in fuel economy has been achieved despite an increase in horsepower. Higher engine compression, a change in the engine-axle ratio and the adoption of a new carburetor has made this possible.

These and many other new features of the new 1945 Ford automobiles will be embodied in the Ford car on display Friday.

Miss Jean Cobble left Sunday morning to spend several weeks at Lubbock, Tex., where she will be employed at King's Jewelry Store.

**"SLEEPY TIME PALS"** 1.98

Floppy ears and big ribbon bows. Soft stuffed for little arms to cuddle. From 13 to 17-inch size.

## They Also Wear This Emblem

Capt. Gurvis L. Cummins, 26-year-old husband of the former Miss Georgia Pate, who now maintains a residence at Dallas, Tex., but formerly of Lake Arthur, just received his honorable discharge from the Army Air Forces Separation Center at Roswell.

The former serviceman, who for five years was on active duty status with the armed forces, was a member of the Ninth Air Force and the 15th Air Force, in North Africa, England, and later France. During his combat career with these two major units, he participated in a number of missions, and five initial invasions with the First Troop Allied Airborne Army. He was awarded the Air Medal with three Oak Leaf Clusters, the European theatre of operations ribbon with seven bronze battle stars, Pre-Pearl Harbor, American Defense, Distinguished Unit Citation with Oak Leaf cluster, American theatre ribbon, and the Good Conduct Ribbon.

He was last stationed with the Sixth Group of the Ferrying Division of ATC, at Long Beach, Calif., where he was actively engaged in ferrying war materials from Southern California production lines to world battle fronts.

He said he plans on taking advantage of the GI Bill of Rights, and may open a jewelry store at Artesia.

First Lt. Ray Lewis received his honorable discharge Monday at Fort Bliss, completing three years four months of service, including 10 months in the European theater. As pilot of a B-26, he sustained a serious back injury in a take-off crack-up last Jan. 22, as he was starting on his 36th mission. He was returned to the United States in May.

Pfc. James Rutledge arrived home Oct. 19 from Yokohama, Japan, with an honorable discharge, after spending 27 months overseas in the South Pacific. He served three and a half years with the 82nd Chemical Mortar Battalion as a lineman and radio technician. Rutledge said that "Army life is okay," but he likes civilian life best.

M/Sgt. Max E. Johnson of Hope, son of Mrs. Nora L. Johnson of Hope and brother of Mrs. J. R. Attebury of Artesia, was honorably discharged Sunday at Tucson, Ariz., where he had been hospitalized since last spring because of wounds sustained and disease contracted during his service in the African campaign, Tunisia.

Sicily, Italy, and Corsica. He entered the service on Christmas, 1941.

James P. Martin, son of Mr. and Mrs. Bill Martin, is home after recently receiving a discharge from the Army at the separation center at Roswell. Former Sergeant Martin served 44 months the Army Air Forces and spent 37 months overseas. He fought in the battles of Milne Bay, Biak, and Luzon and is the wearer of the Asiatic-Pacific ribbon with four stars, Philippine liberation ribbon with one star and the Presidential Unit Citation. Before he enlisted in the Army Air Forces in 1942, Martin worked in the oil fields as a tool dresser. He is now an employee of the Carper Drilling Company.

Cpl. Julius Barton, whose wife, Rosamae, and children live in Artesia, has received his honorable discharge from the Army Air Forces. Having served over three years in the army as a cook, Corporal Barton intends to open a business of his own.

Before he entered the service, Corporal Barton was a hospital orderly and was later employed as a machinist.

On being released from the Army, Corporal Barton said, "I do not regret the three years and three months I gave to my country and I would do it again if necessary."

Order Those Christmas Cards at Advocate now to Save being disappointed.

### Limited Number Cookbooks Still May Be Had

There is still a limited number of the cookbooks prepared and published by the Artesia Woman's club. The supply is about exhausted but those who have not obtained copies of the book and desire it should obtain it now, it has been pointed out by Mrs. H. R. Paton, chairman of the cook-

book committee. Mrs. Paton has some of the books at her home and several are still available at The Advocate office.

The number of cookbooks left, however, is considerable less than 100. Many have declared they wanted cookbooks or copies of the book and have not as yet secured it. No additional books, of course, will be available when the 500, which were printed, are exhausted. Those desiring the books are urged to purchase them now.

Mrs. Carl Taff returned to Artesia Saturday after being called to Gainesville, Tex., last Thursday, because of the serious illness of her mother, Mrs. Genna Clifton. Mrs. Taff reported that her mother was somewhat improved when she left Gainesville.

### Hunters Are Cautioned as to Shooting Hours

The State Game Department has called attention of hunters to the legal hours to begin and stop shooting.

The legal hours are from a half-hour before sunrise to sunset. However, with the change from war time back to standard time, there may be some confusion in interpreting the time table of sunrise and sunset which appears on the game law digest. The time table on the game law digest is based on war time, and when watches were turned back an hour it threw the time table off an hour. That is, it is just an hour later than standard time.

That simply means that based on standard time hunters may start shooting an hour earlier and must stop shooting one hour earlier than the time given on the digest table at 6 o'clock, lies than the time given on the time table. The shooting hours are a half-hour before sunrise to sunset. If sunset is given on the digest table at 6 o'clock, then remember the sun sets at 5 o'clock standard time, and it is time to quit shooting.

### Conservation Of Soil in North Eddy

D. C. Roark recently purchased the Williams and King farms located northeast of Lake Arthur. A soils survey has been made by William LeVee, SCS technician, and a topographic survey is now in progress on this farm. In addition to the Roark farm, soil surveys have also been completed on the farms of J. S. Worley, Howard Stroup, Paul Terry, Fred Brainard, Buck Brothers, G. R. Brainard, and John W. Buck, and Leslie Martin's river farm.

Soil is a very important factor to consider where crop production is concerned and from a soil conservation angle. A soil survey shows most of the factors that influence soil values. Such surveys show texture of soil in the plow area, sub-soil and sub-stratum. The texture is one factor determining how rapidly water will penetrate. Borings are made to determine texture at definite depths and the total depth to five feet. Soils four feet or more deep have sufficient depth for most crops. Areas affected by gypsum or other undesirable salts are mapped. Highwater table, areas affected by overflow and erosion are also mapped. The percentage of slope is another important factor to consider on cultivated land, and it too, is mapped. The lesser-grade land has the greater percentage of water penetration, provided other factors are equal. After these soils have been mapped, they are classed as to their "land use capabilities." A soil capable of producing high yields over a period of years with no conservation practices applied is classed as No. 1 land. A soil that will produce moderate to high yields regularly with simple practices applied, such as crop rotation and in some cases, land leveling, is classed as No. 2 land. Class 3 is that land which requires intensive treatment of more than one complex practice such as bench leveling, drainage or addition of fertilizer. Land that is suitable for limited or occasional cultivation is classed as No. 4. Some of these soils have steep grades, shallow soils, or need drainage. As a rule land in Class 4 should be used largely for irrigated pasture. All other classes of land, 5, 6, 7 and 8, are not suitable for cultivation.

A. E. Terrell and S. P. Johnson made application for assistance for soil and water conservation work this week. Terrell purchased

**To All Who Suffer Gas Pains-Distress After A Good Meal!**

Try Hot Water and A Little Neutraacid

If you or any relative or friend suffer the symptoms of acid indigestion, gastritis, heartburn, sourness, gas or other stomach distress due to gastric hyperacidity, then by all means get a box of Neutraacid—put a teaspoonful in half a glass of hot water and drink slowly after meals.

Neutraacid is new—made especially for the symptomatic relief of gastric hyperacidity so often the cause of stomach distress, acid indigestion, gas pains, heartburn, burning sensation, and other upset conditions.

Never have you had more blessed relief. Get a box today—ask for N-E-U-T-R-A-C-I-D at Artesia Pharmacy and all good druggists.

Approximately 150 practicing oil geologists made a field trip conducted by the New Mexico School of Mines Oct. 20 and 21, into the area around Socorro, Mountainair and Chupadera Mesa. Most of them come from New Mexico and West Texas, but the major oil companies sent representatives from Dallas, Fort Worth, and Tulsa. The region covered has been the subject of recent investigation by the U. S. Geological Survey and the State Bureau of Mines. Those who conducted the trip have participated in these investigations. Open house for the visiting geologists was held at the School of Mines the night of Oct. 19. The party left Socorro the

next morning, spending that night at Mountainair. Directing the trip were Professors Georges Vorbe and R. H. Wilpolt of the Department of Geological Sciences and Dr. R. L. Bates of the state Bureau of Mines.

she'd like to know something about philosophy. She enrolled at the University of Rochester, becoming the university's oldest co-ed.

Mrs. Ada King, 81, decided A Spokane, Wash., physician told the school board his young patient had asthma and was highly allergic to plants. Supt. John A. Shaw issued an order: No more plant life classes for the student. No more flowers for teacher.

Bert Huddleston's automobile was stolen in Tulsa and wrecked. When he drove it out of the repair shop he attached this sign to the windshield: "Notice to thiev-

es—The two boys who stole this car the last time are now serving five years in the penitentiary."

Mrs. Herbert de Bates and her son from Buffalo, N. Y., went to the air base at Mountain Home, Idaho, for a surprise visit with her soldier husband. He had just left for Chicago to be discharged.

For turning in Chicago, was ordered Braude to say on fire Braude read dish a passing youth: "It do about false

# CHEVROLET 1946 CHEVROLET ON DISPLAY Saturday, Nov.

The 1946 Chevrolet passenger cars, the first new models introduced by the Chevrolet Motor Division of General Motors Corporation since 1941, will have their first public showing on Saturday, Nov. 3, throughout the United States.

Guy Chevrolet Co. will stage the local announcement day display at its showroom. Special arrangements have been made to accommodate the large crowds that are expected to turn out to inspect the new offerings of Chevrolet, which in pre-war years held the sales leadership of the automobile industry.

Although details of the new Chevrolet cannot be revealed before announcement day, they will embody the traditional Chevrolet mechanical features that distinguished them from other cars of their price class, such as the six-cylinder valve-in-head engine, vacuum-power gearshift, and phragm-spring clutch.

As to appearance everybody can judge for himself. Announcement day will be an open house occasion at the dealership, and every visitor will be welcome.

613 Main Street  
Sunday school 10 a. m.  
Sunday service 11 a. m.  
Wednesday service 7:30 p. m.  
"Probation after Death" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 28, 1945.  
The Golden Text is: "He that

shall endure unto the end, the same shall be saved." (Matt. 24:13.)  
Among the citations which comprise the Lesson-Sermon is following from the Bible: "Blessed are the pure in heart for they shall see God." (Matt. 5:8).  
The Lesson-Sermon also includes the following passage from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christian Science demonstrates that none but the pure in heart can see God, as the gospel teaches.  
In proportion to his purity is man perfect; and perfection is the order of celestial being which demonstrates Life in Christ, Life's spiritual ideal."

**DON'T leave your tires on the pavement!**

When wheels are out-of-line — your tires suffer. Wheels that wobble and shimmy grind away rubber. These and other misaligned conditions eat the tread away. Thus every mile you drive, small particles of rubber are left behind on the pavement. You can save your tires — get more mileage and save money by having your wheel alignment inspected at our shop on genuine Best Wheel Alignment Equipment. This service not only saves you money but offers greater comfort, easy steering and safety, too. Drive in today.

Modify our shop by this Happy Bear sign.

THERE ARE **Smoke Signals** IN YOUR HOME, TOO!

Indian smoke signals had a significance all their own and smoke signals in home appliances have their own meaning too. Smoking appliances ... or the presence of fumes ... or soot forming on walls and drapes ... all are a sign that the air-gas mixture is not right or that burner tips are clogged.

Even the flame is a signal, for if it is burning too high or is excessively yellow that's a sure sign that your equipment needs adjustment.

One of the services of your Gas Company is to safely and correctly adjust your gas appliances ... stoves, heaters, water heaters, etc. Call our service department ... it is maintained to help you.

**Do You YELL When YOUR Team is Penalized?**

Do you yell a protest when officials penalize your team? Would you yell if you found out you were being penalized by paying more for your fire insurance than you need pay?

Most companies write a wide range of risks—the good and the bad are accepted. The owners of property with the least fire losses help pay for fire insurance property owners with the largest fire losses.

Under GENERAL'S "preferred risk" plan insurance is written only on good risks. Losses are fewer and the resulting savings are returned to the preferred risk policyholders. This saving has been 20% of the premium cost year after year.

Does your property qualify as a "preferred risk?" Ask us.

## Guy Enthusiastic After Preview New Chevrolet

Clyde Guy of Guy Chevrolet Company, Chevrolet dealer at Artesia, recently returned from El Paso, where he attended a preview of the new 1946 Chevrolet at the company's zone headquarters. He was reluctant to discuss the mechanical and style features of the new car but by his eager attitude it was apparent that he expected the formal announcement and public showing of the car on Saturday, Nov. 3, to be received with enthusiasm.

Guy said he and other dealers in the area were confident that the 1946 Chevrolet will maintain the record of top volume sales, which Chevrolet reached in 10 of the last 11 prewar years of automobile production to meet the unprecedented pent-up demand for new cars.

Following the same policy as in former years, the new Chevrolet will be displayed simultaneously in dealers' showrooms throughout the country, Guy said. Throughout the war period, car owners have been forced to get along with their old automobiles, Guy said, and at the same time dealers have expended every effort to service these cars, and to keep them rolling for the duration.

Guy stressed car care, with the warning that motorists should not expect the 1946 Chevrolet to be available in great quantities immediately. The supply to dealers will increase as production in the Chevrolet plants permits.

Mrs. A. J. Smith, who underwent a major operation Thursday, Oct. 11, in a Roswell hospital, is convalescing nicely.

It has been reported that S/Sgt. Raymond Neatherlin, son of Mrs. A. L. Neatherlin, has arrived at Fort Bliss, where he will receive his discharge from the Army. He is expected home soon.

Pvt. C. J. Fields, son of Mr. and Mrs. J. C. Fields, has returned to Little Rock, Ark., after a furlough at home. He is attached to the Veterans' Administration at Little Rock. He expects to be discharged by Christmas.

T/Sgt. Joel Stieffer, son of Mr. and Mrs. Steve Stieffer, has returned to Camp Claiborne, La., after a 45-day furlough, but expects to be home to stay soon, possibly before Christmas, for he soon will be up for discharge.

Lt. Albert Linell arrived home last Thursday to spend a 45-day leave visiting his parents, Mr. and Mrs. W. M. Linell, and his sister, Dorothy. He was with the 15th Air Force in Italy 11 months. At the end of his leave he will report at Santa Ana, Calif., to await his discharge.

Mrs. Maurice Autry, the former Miss Dorothy Bynum and daughter of Mr. and Mrs. D. W. Bynum of Artesia, is now with her husband, residing in Roswell. Mr. Autry received his discharge from the Navy about three weeks ago.

S/Sgt. and Mrs. Paul Chipman arrived in Artesia Sunday to visit relatives and friends a week. Sergeant Chipman is the son of Mrs. Mark A. Corbin and Mrs. Chipman is the daughter of Mrs. C. E. Welch.

Mrs. Curtis R. Sharp, who recently attended the funeral of her mother, Mrs. G. W. Floyd, in Tennessee, returned to her home Monday morning by train.

Mrs. Hope S. Swann visited her son and family, Mr. and Mrs. E. M. Swann and Margaret Anne and Jimmy, last week en route from Alpine, Tex., to her home at Rotan, Tex.

## Three Commercial Wells Are Completed in County Fields

**Football—**  
(CONTINUED FROM PAGE ONE)

Coaches F. L. Green and Alen Thompson announced today the names of 21 of the 22 Bulldogs who probably will shove off at 8 o'clock Friday morning for Tucumcari. The 22nd was to be named later today from among eligible players.

Linemen expected to go include: Ends, Everett Lapsley, Joe Watson, Billy Ryan, Bill Bolton; tackles, Jerry Clay, John Yates, Don DeMars, Don Carson; guards, Bill Fleming, Frank Mullenax, M. Johnson; centers, Jerry Dublin, Ralph Knowles.

Backs: Jimmie Watkins, who has been named game captain; Jimmy Blue, Warren Scruggs, Everett Jones, Eugene Batie, John Sudderth, Charlie Powell, Jerry Cole. The first named in each group are the probable starters, the coaches said.

Besides the 22 players and coaches, the trip to Tucumcari will be made by C. D. Marshall, high school principal and athletic director, and Bob Stuart, team manager.

Marshall said the Carlsbad-Artesia game here Friday was attended by the largest crowd ever at Morris Field for a regularly scheduled grid game. It was expected, however, by Gateway Bowl game crowds.

division and chief engineers of Western highways. Elliott expressed the belief that the majority of the higher-up officials were not really informed on the importance of the proposed highway.

Following the conferences in Fort Worth, Chairman Hover met with a delegation in Mineral Wells conferring with A. H. Guinn, a vice president of the newly-formed association.

The next day Chairman Hover conferred at a luncheon with a delegation in Breckenridge, Tex., where Judge Floyd Jones arranged for the conference of the leaders on the highway.

Brief stops also were made in Snyder and Lamesa and conferences were held concerning the road.

Chairman Hover declared he found the Texans enthusiastic about the highway project and willing to do everything possible to insure that it is constructed.

## Pharmacy Electric Shop Opening Is Announced by Petty

Ralph Petty, owner of the Artesia Pharmacy, this week announced the opening of the Pharmacy Electric Shop at 408 1/2 West Main Street.

The agency for Crosley electric appliances has been obtained and the Pharmacy Electric Shop will be the local authorized sales outlet and service headquarters for the Crosley products.

Petty, who will be in charge of sales, announced that Preston Clevenger will be the service manager.

Besides sales and service for Crosley appliances, the Pharmacy Electric Shop will service all types of home refrigerators and commercial boxes, under Clevenger's direction, Petty said.

The meeting again was held in the basement of the First Christian Church, women members which have kindly consented to feed the club at its meetings for the present.

## Locals

Mr. and Mrs. Lawrence Strain were guests over night of Mrs. Jack Blackman last Monday.

Lt. Vardell Mathis, bombardier, arrived in Artesia Tuesday morning from Mountain Home, Idaho, and spent the day with his father, John A. Mathis, Lieutenant Mathis was en route to Walla Walla, Wash., and stopped at Fort Worth, Tex., Wednesday, where he visited his brother, John A. Mathis, Jr. He was accompanied to Fort Worth by his father.

Mr. and Mrs. W. B. Sims and daughter, Mrs. Cecil Mosely, and Mrs. Betty Simmons of Wills Point, Tex., visited relatives here last week. Mrs. Simmons is a sister of Mrs. Harry Carder. Mr. and Mrs. Ted Carder and Mrs. Harry Carder accompanied the Wills Point visitors through the Carlsbad Caverns Tuesday of last week.

Tony Lampa, former proprietor of the Busy Bee Cafe here, who has been on the west coast, arrived in Artesia the first of the week has been looking over Artesia, possibly with the idea of returning here.
